FERGUSON'S

COUNCIL MEETING ON TUESDAY EVENING

Short Session of Council at Which Routine Business Was Transacted

A meeting of the Town Council was held on Tuesday evening. His Worship Mayor Andrew presiding. The following Councilors were present at opening of session, Messrs. Evans, Quinn, Ellsworth, Patterson and Alexander.

The minutes of the previous meeting were read and confirmed.

Communication read from the Deputy Provincial Treasurer enclosing cheque for \$1106.50, being the town's proportion of the receipts under the Liquor License Act up to 30th April.

Councillor Miller suggested that the account should be checked over and on motion the letter and statement was referred to the Finance Committee for verification.

Communication read from Mr. J. I. Boudreau making allegations against the Chief of Police.

On motion this was referred to the Police and License Committee to investigate.

Communication read from Mr. A. D. Mackendrick with regard to taxes on the property of Mrs. Elizabeth Connacher. This was referred to Assessment and Appeals Committee.

Communication read from Mr. F. M. Anderson asking appointment as auctioneer. On motion he was so appointed.

Petition was received from the residents of Ritchie and Pleasant Street asking for a sidewalk on the North side of Pleasant Street and West side of Ritchie. Referred to Public Property and Streets Committee.

Petition was received from the residents of Ward I, asking a number of improvements in streets, lights, and sewerage in this district. On motion it was referred to the Public Property and Streets, and the Electric Light Committee.

The agreement for the supply of electric current to the G. N. W. Telegraph Co. was then taken up, but after a short discussion was laid on the table.

The chairman of the several committees then submitted reports recommending payment of accounts, which on motion was received and adopted.

Public Charities \$ 57.00
Public Property and Streets 488.95
Water and Sewerage 318.40
Electric Light 248.15

Councillor Evans from Police and License Committee submitted report recommending that Alex. J. Arsenault be granted one horse trucking license on payment of \$7.00. Report was received and adopted.

Councillor Ellsworth from the Assessment and Appeals Committee submitted report dealing with a number of applications for rebate in assessments, etc., and recommended that in the case of Jas. D. Sargent a reduction of \$150.00 be made in real estate for the years 1913 and 1914.

That in the case of John G. Watling a reduction of poll tax for 1914 be made, as he paid poll tax to County Collector where he resides.

That in the case of Massey Harris Co. a refund of \$14.25 be made as they were assessed on personal property they did not have.

That in the case of Miss Minnie Adams and Chas. A. Adams no reduction be made.

That in the case of John Letourneau a refund of poll tax paid in 1914 be made as he has reached the age of 60 years on April 6th, 1914.

That in the case of Thos. Carter a reduction of poll tax for years 1908 to 1914, and that a refund of \$10.50 be made for years 1908, 1909 and 1910. Report was received and adopted.

Councillor Alexander from the Special Committee appointed to deal with the matter of Harquail's barn, reported progress.

Councillor Patterson stated that the shed for manure at the town's stables was now erected and completed.

The agreement between the town and the G. N. W. Telegraph Co., was again taken up and after discussion was ordered to be accepted, and the Mayor and Town Clerk authorized to sign it.

COUNTY CONVENTION OF S. S. ASSOCIATION

Held at Dalhousie Last Thursday and Friday.—Good Attendance

The County Convention of the N. B. and P. E. I. Sunday School Association held at Dalhousie, July 15th and 16th, was well attended. Fifty-five delegates, representing the counties of Bonaventure and Restigouche were present.

The opening Devotional Exercises conducted by Rev. F. L. Jobb of New Mills seemed a fitting commencement. His theme, "Preparation for Service" was carefully expounded and full of inspiration. His subject was classified under three divisions. 1st, a vision of God. 2nd, Consciousness of sinfulness and a deeper sense of our own unworthiness. 3rd, Consecration of self to work to which God has called us.

With President M. A. Kelly in the chair, the business of the Session was taken up. The various committees were appointed and reports from schools by delegates were given, followed by a discussion on same, led by Rev. W. A. Ross, the Field Secretary of the Association, who dealt with many of the practical and important needs of the Sunday school, setting forth the idea that our motto should be "to make the Sunday school so interesting to the young people that they will not leave it."

Rev. Hugh Miller, pastor of St. Andrew's Presbyterian church, Campbellton, was the next speaker. He ably discussed the Sunday school as a missionary centre and many practical suggestions were given to the teachers as regards missionary teaching.

The evening session opened with an open air meeting, led by Rev. J. H. Jenner, M. A., pastor of the Baptist church, Campbellton, who, in his clear definition of "Sin, its Punishment and Means of Escape," added greatly to his reputation as a deep thinker and consistent Christian.

Next on the program was the President's address, which made teachers fully realize the importance of being efficient leaders of boys and young men.

The address of Welcome was given by Mr. George Haddow of Dalhousie, who was one of the pioneers of Sunday school work in Restigouche County and has been connected with some department of it for over seventy years. He advised our motto to be "work while it is day, for the night cometh when no man can work."

This address was replied to by Mr. John McLean of Campbellton.

The address, "How to Gain an Entrance into the Child's Mind," by Rev. Dr. C. W. Squires of Campbellton Methodist church, was full of information and if all teachers could follow the plan of action mapped out by the speaker, more children would be interested and in closer contact with the Sunday schools.

During the evening session special music was rendered by the choir of the Presbyterian church, Dalhousie.

Friday morning's session opened with Devotional Exercises, conducted by Mr. J. O. Sherar, who urged us to go forward with greater zeal than in the past, and "to use all our talents as good stewards of His manifold Grace."

The reports of the Departmental Superintendents were read and showed progress in different branches of Sunday school work.

The address "Finding a point of contact in applying the Lesson," by Mr. J. S. Harrington, was well received and drew forth much praise for the speaker. He fully established the fact that the value of the Sunday school lesson to the pupil depended, not on the presentation of the lesson to the child's mind, but on the application of the material.

The officers were elected for the coming year, and delegates were appointed to attend the Provincial Convention.

The afternoon session began with Devotional Exercises, conducted by Rev. Dr. Polley of the Presbyterian church, Dalhousie.

Rev. J. E. Purdie, Rector of Christ Church, Campbellton, delivered an address on "The Man, the Spirit, the Message."

County Secretary Treasurer J. T. Reid submitted his report, which was adopted.

The next address, "Service the Test of Love," by Rev. J. H. Jenner, M. A., illustrated the necessity of Christian life of Sunday school teachers, and a spirit of consecration for the task that lay before them.

In conclusion, Rev. W. A. Ross spoke in a very hopeful manner of Sunday school work in our county.

A vote of thanks was tendered to the people of Dalhousie for the hospitality extended to the delegates, to the choir of the Presbyterian church, Dalhousie, and to Miss M. E. Gerrard, the efficient Recording Secretary of the Sunday School Association.

The Convention closed with the singing of the National Anthem.

The committee were authorized to purchase a plough at the lowest possible price.

Council then adjourned.

CAMPBELLTON BOYS TRIM BATHURST

Good Ball-game Seen Here Last Friday Evening. Other Games Will be Scheduled

(From our special reporter)
Campbellton defeated Bathurst last Friday evening at the Bawly-yard before a small crowd of spectators, much to the disappointment of many of the so-called fans of Campbellton. The game was fast and interesting, despite the fact that the diamond was not in the best of condition. Horace Morell pitched gutt-edged ball for the locals and allowed the visitors only three hits. The Bathurst boys played good ball, but were unable to connect with Morell's "back-breakers," and marvellous twists, hence no scores for Bathurst. Ulrich for the visitors tried hard to prove his right to fame, but the team behind him were off form.

It is expected that this game will mark the opening of the season here, and probably several games will be staged between local teams.

DEAD AT MONTREAL

Well-known Business Man of Town Passes Away.—Funeral Saturday Afternoon

"Mr. Sansom died this morning at 8.30". Such was the message which struck a chord of sorrow in all hearts here today. In his 43rd year he has passed away in the midst of his usefulness, and the loss of Mr. Sansom will be keenly felt in this community, where he was always a power for good.

A little over two weeks ago Mr. David Sansom went up to Montreal to take treatment for some stomach trouble. At first cheering reports were received, but latterly after operations had been performed, the news was not so good and a telegram received yesterday prepared his friends for the worst.

His wife predeceased him two years ago and he leaves three young children, James, Jean and Quentin, who since Mr. Sansom's death have been carefully nurtured by Miss Bell, a sister of Mrs. Sansom.

Mr. Sansom was a great worker in St. Andrew's church, acting for some time as a valued member of the trustee board, and was president of the Men's Bible Class, in which he took a deep interest.

He was a member of the town council, as representative for Ward II, in the year 1913, and always took a keen interest in all the affairs of the town.

He had been connected with the lumber business for a number of years, and at the time of his death was content with the Richard's Manufacturing Company.

The funeral will be held Saturday afternoon at 2 p.m. at the Catholic Church, and will be under Masonic auspices, the procession leaving the house at 2.30.

The members of Campbellton Lodge No. 32 F. & A. M. and visiting brethren are requested to meet at the Masonic Temple on Saturday at 1.15 p.m. Dress, dark clothes; white tie, and white gloves.

IMPORTANT FISHERY CASE NOW BEING TRIED

Lawsuit Now Before the Courts Will Have Far Reaching Effect on Owners

Matapedia, July 19th.—A very important law suit now pending before the Courts and which is attracting much attention, came up before surveyors last week on the Restigouche River.

The question relates to the running of lines between Riparian owners on the Restigouche River. The Restigouche Salmon Club owns a certain lot in the Township of Matapedia and Mr. John L. Wyers, of Campbellton, is neighbour thereto. A few years ago, Mr. Wyers had a line run by a surveyor chosen by him, and later on the Restigouche Salmon Club had a line run by Mr. G. K. Addie, P.L.S., of Quebec. The line run by Mr. Addie differed from that run by the surveyor whom Mr. Wyers had selected.

As the Restigouche Salmon Club and Mr. Wyers could not come to an understanding about the lines, the Restigouche Salmon Club entered suit against Mr. Wyers asking the court to determine where the line should be.

Mr. Wyers, who is represented by the firm of Stuart, Pentland, Gravel & Thompson, lawyers of Quebec, chose as his surveyor Mr. Gastonguay of Quebec. The Restigouche Salmon Club who are represented by the Hon. C. F. orable John Hall Kelly, K. C., selected R. F. as their surveyor the Honorable Senat, S. S. or Casgrain of Montreal. Last week, the surveyors, along with Mr. Addie and the Honorable Mr. Kelly, went up the Restigouche River to verify the lines. Both surveyors were unanimous in deciding that the line on land as run by Mr. Addie was correct. As regards the course that the line should take when it strikes the River, Mr. Stuart, who is acting for Mr. Wyers, claims that the line should run in a straight line until it meets the middle of the river, whereas the Honorable Mr. Kelly claims that once the line comes to the river bank, that it should strike out at right angles to the middle of the stream. It is the first time that this point has been raised in the Province of Quebec, and the result thereof will be far reaching. It is rumored that either party will not be satisfied with any judgment that may be rendered unless it be by the Privy Council in England.

A Boston paper says:—"In a Grafton, Vt., tavern ice cream was frozen with hailstones which fell during a recent thunderstorm. The hailstones were of unusual size, some measuring 1 1/2 inches in circumference."

ANGELS SAVED ARMY IS BRITISH BELIEF

English Clergymen Accept and
Retell Reports From the
Battle Front

London, July 20.—Most English clergymen are convinced that England's cause is just and that God is on her side. A Church of England clergyman at Southampton writes in his parish magazine:

"The daughter of a well-known canon of the church known two officers who themselves saw the angels who saved our left wing in the retreat from Mons."

Then he goes on to describe how the German cavalry in overwhelming numbers were swooping down on the British, when—

"They saw between them and the enemy a whole troop of angels. The German horses turned round terrified and regularly stampeded. The men tugged at their bridles, but the poor beasts tore away in every direction from our men."

Rev. Dr. Horton, a distinguished Congregationalist, lends the weight of his authority to this same story of angelic intervention. In a sermon at Manchester he said:

"There is a story—repeated by so many eye-witnesses that if anything can be established by contemporary evidence it is established—of the retreat from Mons. A section of the line was in imminent peril and seemed as if it must inevitably be borne down and cut off."

"Our men saw a company of angels interspersed between them and the German cavalry, and the horses of the Germans stampeded. Evidently the animals beheld what our men beheld. The German soldiers endeavored to bring the horses back to the line, but they fled. It was the salvation of our men."

In the same sermon Dr. Horton told another story of how a transport ship in the Dardanelles was saved, as he believed, by prayer. He said:

"I had news from the Dardanelles last week. A sailor on one of our transport ships told men in the simplest language how airships of the enemy came over the vessel dropping bombs. The captain, who is a man of God, gave the order to the men to pray. They knelt on the deck and prayed and the Lord delivered them. The eighteen bombs which seemed to be falling from overhead fell harmlessly into the sea."

The United States possesses over 24,000,000 horses and 5,000,000 mules. With this large supply of animals she can well spare the 215,700 horses and 39,200 mules which she exported to the allied countries during the past ten months. Her exports of horses and mules netted over \$52,100,000.

THE JOY OF BEING ALIVE AND WELL

Restored To Health By "Fruit-a-tives"
The Famous Fruit Medicine

MR. ROBERT

ROCHESTER, P. Q., March 2nd, 1915.

"I have received the most wonderful benefit from taking 'Fruit-a-tives'. I suffered for years from Rheumatism and change of life, and I took every remedy obtainable, without any good results. I heard of 'Fruit-a-tives' and gave it a trial and it was the only medicine that really did me good. Now I am entirely well; the Rheumatism has disappeared and the terrible pains in my body are all gone. I am exceedingly grateful to 'Fruit-a-tives' for such relief, and I hope that others who suffer from such distressing diseases will try 'Fruit-a-tives' and get well."

MADAME ISABEL ROBERTSON.

The marvellous work that 'Fruit-a-tives' is doing, in overcoming disease and healing the sick, is winning the admiration of thousands and thousands. See a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

YOUNG MEN WARNED MUST SERVE COUNTRY

Those Unmarried of Military
Age Will not be Kept on by
Manufacturers

Montreal, Que., July 16.—A clear warning was given to young men of fighting age that they must serve their country by C. C. Ballantyne, a prominent manufacturer, in an address he made at a recruiting meeting last night. He said: "Don't you young men think that because you have jobs you can stay home and that you are all right. As a director of several large companies, I can tell you that the policy of the manufacturers is going to be that unmarried men of military age will not be kept on. You are mistaken if you think you can work here while other men go to the front. You might as well enlist now with honor, and not wait to be driven to it."

A. O. Dawson, another manufacturer, said that it was a disgrace to see so many married men in the ranks. Single men who go to the front will get their jobs back on their return. Mayor Martin, discussing recruiting in an interview, said that it was the duty of every single young man to serve the Empire. He further said married men or men supporting a family are given the preference at the City Hall and on all municipal work.

BUSINESS AS USUAL

AN IMPORTANT PULP AND PAPER MERGER

St. Lawrence Pulp and Lumber
Corporation of Chandler is
Interested

Widespread interest is being taken throughout Canada and the North-eastern States in the proposed merger of pulp and paper companies which has for its chief object the development of paper manufacturing plants dependent upon Canadian pulp, and located at points close to the large news print consuming centres of the northern and eastern States. The president of the North American Pulp & Paper Company, by which name the merger is known, is Mr. J. E. A. Dubuc who has been working upon the proposition for many months past. The chief object to be obtained is the improvement of the service furnished by mills to the consumers of news print. It is estimated that the efficiency of this service can be increased in some cases many hundred per cent., simply by establishing economically operated mills in the neighborhood of the large publishing companies. In the past it has been customary to believe that a news mill should be located far from the areas of consumption. In some forest so that the wood for the manufacture of sulphite and mechanical pulp will be convenient to the plant. The result has been many exasperating and expensive delays in furnishing the requisite supplies to the press-rooms.

The proposed merger calls for the construction of a number of paper mills close to the centre of consumption, all accessible by water, by means of which mechanical pulp and sulphite may be imported from Canada to supply the mills with their raw material. Water transportation will provide the lowest freightage from the pulp mill to the news plant and the news plant will thus be in the "back yard" of the publisher. The timberlands controlled by the merger are of great extent, comprising freehold and Crown licences for about 1,360,000 acres, the contents of which are estimated at about 22,000,000 cords.

The Chicoutimi Pulp Mills at Chicoutimi, P. Q., which are controlled by the company, have a capacity of 90,000 tons of ground wood pulp per year, and, if it is found necessary this output will be increased. The St. Lawrence Pulp & Lumber Corporation at Chandler, P. Q., which has recently started operating is also in the merger. This corporation's plant has an annual capacity of 36,000 tons of sulphite, and the company intend to double their production in a short time. Plans are already under way for further construction. These mills when enlarged and operating at full capacity will be capable of supplying sufficient pulp to keep a number of large news plants well supplied. Among the news print mills drawing their supply of pulp from the pulp mills will be that of the Northern Pulp & Paper Company known as the "Tide-water" mill in Brooklyn, N. Y. This mill looks after the needs of New York City and its vicinity. The raw stock is shipped from Canada by vessel. The company state also that in the future, if they find it necessary, a news print mill will be erected at Communipaw, N. J., possibly to be known as Tide-water mill No. 2. A site has also been secured at Chester, Pa., where it is planned to build a mill to handle the news business in Philadelphia and neighborhood. Pulp will be shipped to this mill over the same route as to the Tide-water mill. An option is also being held on a site in Cleveland, Ohio, where a mill may be constructed for handling business in that locality. Thus far these are the only prospective mills which have been directly considered. However, the scheme goes even further and contemplates a mill at Detroit and another at Buffalo. At each of the latter points, excellent shipping facilities are provided for the transportation of pulp from Canada by water, and these centres are recognized as the largest news paper consuming districts in the country.

Nothing definite has yet been made public as to how soon these plants will be put into effect, or to what extent they will be developed in Canada, Lumberman.

SACRED CONCERT

A large crowd were present at the Opera House on Sunday evening, when Miss F. DeCorrevont and Miss R. Ferguson of Dalhousie gave a sacred concert. Judge Matheson presided and spoke highly of the efforts of the ladies, which were much enjoyed by the audience. Miss DeCorrevont and Miss Ferguson left on Tuesday by boat for the Gaspe Coast, where they will give a series of entertainments. They start at New Richmond, then New Carlisle tonight, Port Daniel on Monday night, then continue the tour right on, taking in the towns between Perce and Gaspe.

POLICE NEWS

During the past week three drunks were arrested by the police. They paid the usual penalty of their misdemeanance.

British Board of Trade figures for June show an increase in imports of \$89,150,000. This will be discouraging information for Von Tirpitz and his "blockade" enthusiasts in Berlin. German submarines are a grave menace to non-combatant seamen, but they never will be able to seriously threaten Great Britain's trade.

On Monday evening the occupants of an auto at Morrissey Rock met a sprightly young deer on the road quietly feeding. The animal was very tame, but only allowed them to approach a certain distance when it leaped into the brush by the side of the road.

A NARROW ESCAPE

Pedestrians in the vicinity of Subway and Rosebury Street on Tuesday evening were treated to a spectacle which might have had a tragic ending, but which fortunately, developed into comedy. Two motor cars were the principals in the setting. One coming up Subway, swung south to get to the left hand side of the road and the other, a runabout, coming down the hill drew over to the right hand side of the road, clearly endeavoring to pass on the wrong side. To avoid a collision, the driver steered for a board pile at the edge of the street, mounted the side-walk and pulled up against the wood sill of a new building in course of construction. When he got back to terra-firma, it was to find his front wheels were badly out of kilter, but he continued his journey by a series of "staggering" movements which gave a ludicrous touch to what might otherwise have been a serious catastrophe. Citizens will be excused from "Excusing his dust" until the necessary repairs have been effected.

STRIKE IN WELSH MINES IS SETTLED

Overwhelming Majority of the Men Favored Settlement.—Granted Increase

London, July 21.—The South Wales miners have accepted the terms agreed upon yesterday and the strike is therefore definitely at an end. Throughout the coal fields there was an overwhelming majority in favor of the settlement.

Cardiff, Wales, July 21.—The hopeful turn of affairs has been received with a sigh of relief all over Great Britain, for the humiliation of the public that a strike should have taken place at such a time was keen. This humiliation was reflected in all sections of the press and there was growing talk of the government taking over the mines.

The agreement provides that neither side shall be penalized for the present dispute.

Mr. Lloyd George will remain in Cardiff today, but will not address the miners unless they request him to do so.

The terms arrived at grant a substantial increase in wages and involve concessions to the strikers which are considered by their executive committee as tantamount to an admission of the miner's claims on nearly all the outstanding points.

AN APPEAL

An appeal from the citizens has reached the Council, asking for a clean up, and grading of about seventy feet of the frontage of the town park, that is to be. We hear that several citizens are willing to erect a band stand and a fountain, as soon as the land is in condition.

A BRITISH HYMN.

A recent issue of Church Work said: Every congregation in the Empire ought to be singing every Sunday "A British Hymn," written by the Vicar of Selby, Yorkshire, and sang for the first time in August last by two thousand troops, so that it would seem to have been composed before the German "Hymn of Hate." Lieut. Col. Rowley, who has presented copies to our battalions now mobilized, gave it the name "A British Hymn." In the meantime, he says, "when it came to him from England, it had no title. None could suit it better; may it remain, because it must have been an inspiration. Not 'The British Hymn,' but 'A British Hymn.' Even an article or a preface may be inspired, as we well know who love our great singers and makers of prose. It must be a thrilling experience to hear a great body of troops singing this hymn accompanied by a military band."

(To "Melita.")

God of our fathers, at whose call
We now before Thy footstool fall;
Whose grace has made our Empire strong,
Through love of right, and hate of wrong;
In this dark hour we plead with Thee
For Britain's cause on land and sea.

MACHINE GUNS

A request has been sent out by the officers of the 55th Regiment at Valcartier for machine guns, in connection with which we today publish a letter from Lieut. Larzen, in which he states the necessity for these quick-firing arms. Although this might properly be called the duty of the government to provide, this equipment still it remains our duty to assist all we can, as we who remain at home have to make sacrifices and do our part while the other fight. If therefore we can strengthen the hands of the government and by private purchase assist in the equipment of our regiments, let us by all means do so. Not long ago the Town Council voted a sum for the purchase of a Field Kitchen for the 26th Battalion, but this was found to be superfluous, as the War Office supplied these to all units. The council might therefore well take this money and by a little increase make up sufficient to purchase a gun which costs \$750. There is no fear of these articles being superfluous as we require all the men and all the guns we can get.

REPORT ON TRADE

Toronto, July 20th.—It is evident from reports on trade conditions in British Columbia which have just been received by officers of the Canadian Northern Railway Company here, that the war in Europe was not the entire cause of the business depression, from the effects of which the people in the coast province are now recovering. Representative business men from Vancouver and Victoria almost unanimously advance the opinion, that speculations of the boom period in real estate, account for the greater portion of their troubles. They add that the European conflict has had the effect of complicating conditions of trade, but generally, and the revival which now appears to be taking place, will find a more intelligent directed courage waiting to take advantage of its opportunities. These reports to the C. N. R. are supplementary to those published recently in connection with the survey of trade conditions in Canada, which was conducted by that company.

In British Columbia, the worse effects, commercially, of the war overseas, have been experienced by the men engaged in the lumbering industry. The demand for building material from the people in the Prairie Provinces fell off sharply almost immediately after the outbreak of hostilities, and has not yet returned to its former volume. This undoubtedly adversely affected a number of smaller operators, or at least those enterprises lacking adequate backing, but the larger concerns which were well financed have been able to easily weather the readjustment period. At present, it would appear that the mills in British Columbia would be doing a much larger business if ships were available to move the product to its destination. A shortage of bottoms as a matter of fact, appears to be the chief handicap. While prices have eased off somewhat, the shrinkage has been taken up, possibly more than taken up by better, so-called manufacturers desirous of "more tractable" labour. A remedy for the price trouble is being sought in plans for the organizing of a central selling agency, similar to that operating in the State of Washington.

The mill men on the coast say that stocks of lumber all over the world are badly in need of new supplies. If from the confidence engendered by the harvesting of a good crop, building resumes its former activity in the Prairie Provinces, and vessels are able to clear to newly developed markets in Great Britain, the West Indies, and the American Atlantic Coast States, they expect a business which will tax all their available facilities. In the meantime, it is shown that one mill in Vancouver is working overtime on new orders, which will keep it busy for a considerable period, and other lumber men are in daily expectation of orders for large quantities of building material for reconstruction in Europe. There are evidences that the clear spruce of British Columbia is meeting with favour for the construction of aeroplanes, and several small supplies have been delivered.

The credit situation in the province is improving, and it seems to be the general opinion that obligations have been well met when conditions are considered. Lumbermen report that

The Department of Agriculture for British Columbia, reports by wire that the agricultural situation is distinctly encouraging, and that weather conditions are favourable for growth. Increases are reported in land clearing, and in the areas devoted to crops of all kinds. The profits of poultry raising have been reduced to some extent owing to the high price of grain, but there has been satisfactory increase in dairying. In small fruits, there is a fair crop. The selling organizations have been improved, and prices have been excellent so far. Truck farming is increasing, and the British Columbia produce is largely displacing imports from the United States. The prices for beef, pork and mutton are good and likely to so continue. There is a satisfactory increase in hog raising. The establishment of public markets is proving very satisfactory, and is reducing the cost of living. Unskilled labour at low prices is plentiful, although it is difficult to obtain, and fairly good prices are paid. The report adds, that comparatively little grain will be imported from the Prairie Provinces this year on account of the larger area sown. The tendency appears to be for city people to exchange town properties for farm lands, and many appear to be anxious to leave the town and engage in agricultural work. A large increase in production is looked for in the next few years.

MILL ALMOST TOTALLY DESTROYED

Chatham Plant of Miramichi Pulp and Paper Co. on Fire Monday Evening

The property known as the Miramichi Pulp and Paper Mill, now owned by the Dominion Pulp Co., was almost totally destroyed by fire Monday evening, only the offices, small warehouse and blacksmith shop being saved from the flames.

The fire started about five o'clock in the afternoon in the building known as the wood-room, at the northeast corner, and had gained considerable headway before the blaze was discovered issuing from the roof. An effort was made to ring in an alarm from box 23, corner of Frost and Water streets, but the box was not in working order. R. A. Snowball, who was one of the first on the scene, phoned the town hall from the Snowball mill office.

The department responded promptly, but the fire, fanned by a strong wind, spread from one building to another with wonderful rapidity, until practically the entire plant was in flames. The firemen, assisted by a willing volunteer corps, devoted their energies mainly towards saving the adjoining houses, and though at times it seemed an impossible task, were successful in confining the fire to the mill property.

From the wood room the fire spread to the digester room, thence to the paper room, screen room, towers, acid plant and sulphur shed, and in a very short time the whole was a seething mass of flame. The buildings on St. Andrew's street were on fire many times, but fortunately the fires were extinguished before any damage had been done. The fences and grass in the old St. Andrew's burying ground also took fire, and the fences were torn down and the blaze drowned out. In a very short time an immense crowd of people assembled, who watched the conflagration from every point of vantage. The heat was intense, and at intervals when the interior supports of the different portions of the plant had been burned away, the walls fell in with a crash and rumble like thunder.

The most spectacular feature of the fire was the falling of the big towers, which were about 175 feet high. Many of the spectators who had arrived early on the scene remained superfluous, awaiting the towers to topple over. The firemen kept the water playing on the north side of the towers so as to have them fall into the yard in the rear, and succeeding in their efforts, prevented damage to the office building.

The origin of the fire is unknown. Manager Stevens and Arthur Spry the day watchman, were in the nation's shop over the wood-room a short time before the fire broke out and saw nothing amiss.

The plant had not been in operation for several years and the greater part of the machinery had been removed to the Dominion Pulp Company's mill at Millbank when that plant was enlarged a short time ago. Much valuable machinery, however, remained in the different departments at the time of the fire, and the loss to the Company will doubtless be a heavy one.

Price Reductions Announced
That are Startling to Motoring Public

By announcing for 1916 a seven-passenger, 40 horse-power FOUR at \$1,195, and a seven-passenger, 50 Horse-power SIX at \$1,395, Studebaker has once more startled the motoring public.

And once more Studebaker has proved that quantity production, scientific manufacturing methods, and a wealth of manufacturing experience can reduce prices and yet maintain high standards of quality.

That these are high grade cars in every essential will be evident from the most superficial examination, and the specifications as given by the Engineering Department indicate that the quality is even higher than with last year's cars. They show that finer steels have been used; that the upholstery is of the highest grade of leather the market affords; that the finishing operations have been increased to twenty-five in number, while numerous other details of manufacture are still further indicative of quality.

Yet despite all these improvements, and changes, the prices have been radically reduced in comparison with those of last year. No FOUR of this size and power has ever been offered at anywhere near the price of \$1,195. No seven-passenger Fifty horse-power SIX ever came within hundreds of dollars of the new price of \$1,395.

The new cars illustrate more conclusively than ever the accepted Studebaker policy of dignity in design. The Studebaker has never gone in for unusual lines, believing that the public does not care for cars that follow the fads of style that each new season sees.

Accordingly, in this year's cars, Studebaker has adhered to its customary lines, simply improving them in some slight details that add to effect.

The line of the hood melts into the cowl, and the cowl itself has been made longer. The crown fenders are of a deeper design than ever and cling more closely to the curves of the wheels, and the lines of the entire car flow in unbroken curves from the radiator back to the tail-lamp. Grace is the dominant note of the whole design, and while the new cars are larger than ever and more massive in looks, they are among the handsomest cars that have ever been produced.

ALLISON—BRANCH

(From the Gloucester Northern Light)

At the Methodist church, which had been prettily decorated, on Wednesday afternoon at five o'clock, Miss Mildred Weddall Branch, daughter of Mr. Angus Branch, was united in marriage to Mr. George David Allison in the presence of relatives and a large number of friends. The bride, who was unattended, looked very well, in a becoming travelling costume of navy cloth with hat to match, and carried a bouquet of carnations and sweet peas. Rev. F. A. Wightman, pastor of the church was the officiating clergyman. Mr. and Mrs. Allison left on the Limited for a short wedding journey and will on their return reside in Bathurst.

A large number of handsome and useful gifts were received by the bride, who is one of the popular young ladies of our town. The Methodist Church choir of which she was a member, presented a very fine chair. A check for fifty dollars was the gift of the bride's father. The "Northern Light" joins with the many friends of Mr. and Mrs. Allison in extending to them, many wishes for a happy married life.

MELANSON—RADY

(From the Gloucester Northern Light)

On Monday morning, July 19th, at the Sacred Heart Church, Miss Grace B. Rady, daughter of Mr. and Mrs. John J. Doucet of West Newton, Mass., became the wife of Mr. Martin P. Melanson. The bride looked very charming in a pretty gown of white embroidered net over white satin and wore a veil with orange blossoms and carried a bouquet of bridal roses. Miss Beatrice Melanson, sister of the groom acted as bridesmaid, and wore a gown of white silk with black chiffon hat with yellow roses, and carried a bouquet of yellow roses. Mr. Adelard Doucet performed the duties of best man. The happy couple left on the Ocean Limited for a short honeymoon trip to Halifax, and on their return will reside in Bathurst.

Among the visitors in attendance at the wedding was Mrs. John J. Doucet of West Newton, Mass., mother of the bride.

BANISH BILE!

A bilious condition of the system is the result of inaction of the liver, often causing severe headache through the eyes and temples, culminating sometimes in nausea and vomiting, which is frequently followed by a bilious diarrhoea.

Abbey's Effervescent Salt, when taken as directed, stimulates the peptic glands of the stomach and increases the contraction of its muscles from above downward. This action is communicated to the intestines and increases the flow of the intestinal juice, thus stimulating the ducts of the liver to pour out the bile, when it can be carried downward by the laxative action of the Salt, instead of remaining to clog up the liver and flow back into the stomach.

Thus, if a person who is subject to Biliousness and Bilious Headache will use Abbey's Effervescent Salt, the natural action of the Stomach, liver and intestine will be kept up and no bile can accumulate in the system. Sold everywhere at 25c. and 60c.

PITY THE EDITOR.

"What's the matter?" inquired the foreman as he entered the sanctum for copy, and noted the editor's swollen forehead, puffed red eye and tattered, dusty coat. "Did you fall down stairs?"

"No—only that," replied the editor, pointing to a paragraph with his finger in the paper before him. "It's in our account of the Crapley-Smith wedding. It ought to read: 'Miss Smith's simpled, shining face formed a pleasing contrast to Mr. Crapley's strong, bold physiognomy.' But see how it was printed."

And the foreman read: "Miss Smith's pimpled, skinny face formed a pleasing contrast to Mr. Crapley's strange, bald physiognomy."

"Crapley was in here just now," concluded the editor, sadly.

DID SHE REALLY SAY IT?

The fair maid gnawed fiercely at the handle of her pen. Then she bent again over the sheet of note-paper and wrote rapidly.

"You are no gentleman," the letter ran, "if you think I said such a thing as she said you said I had said."

Next day came the reply. "Dear girl," wrote the man,—"You must not think I think you think you must be that kind of girl I think you must be if you said such a thing as you said she said I said you said you had said."

It seems he knew she knew he knew she said just what she said he heard he had heard her friend had heard him say he had heard her say, but, with infinite feminine tact, she accepted his apology.

PORT DANIEL

A very happy event occurred on July 16th, when Mr. and Mrs. Elliott celebrated their silver wedding anniversary. About forty friends assembled at their home, and the presents of silverware were numerous, thus expressing the esteem with which they are regarded. Games and merry making were indulged in until midnight, after which refreshments were served, and all departed to the tune of "He's a jolly good fellow."

The salmon fishing is about finished for this season. The fishermen report an average result. In some cases the catch was greater than other years, but the price was lower.

There is considerable building going on. Gavin Dow is building a house; Clare Dow is preparing to build; Charles Enright is putting an addition to his barn; William McPherson is building a kitchen; a new French school is being built in Port Daniel East; Edmund Dow is building a new barn; Clumy Robinson a new forge, and George Miller a new kitchen.

In the notes of last week's issue the names of Miss Maida Sullivan and Miss Evelyn Dow were unintentionally omitted from the list of school teachers who are home for the holidays.

Miss Ida Miller arrived home from the West last Friday, after an absence of two years.

Miss Mahel Dow is visiting with Miss B. Hocquard for a few days.

Harry Kempfer and Bert Blois spent Sunday in Shigawake.

We are sorry to announce the death of another bright little boy, son of Mr. Frank Young, who fell a victim to the dread disease Diphtheria. This is the second death within the past few days, and we understand there are several cases yet, but every precaution is being taken to prevent it spreading any further than the two families, namely Mr. James Roy and Mr. Frank Young. Much sympathy is felt for these families, and what makes it all the more sad, Mrs. Young is down herself and no one can even lend a hand to help them, as it is one of the worst forms of Diphtheria.

Dr. Polley of Dalhousie, N. B., will preach in the Presbyterian church, Sabbath the 25th as follows: Port Daniel, 10.30 a. m.; Hopetown, 3 p. m.; and New Carlisle, 7 p. m.

Rev. Mr. Bennett of the British and Foreign Bible Society was here on the 19th, and gave a very interesting address, referring to the great problems of the war, and the great opportunity of service through the Bible Society.

Delegates who attended the S. S. Convention at Dalhousie and returned Saturday the 17th and Monday the 19th were as follows: Mr. and Mrs. J. O. Sherar, Miss Bertha Hocquard, Miss Winnie Chisholm, Mrs. Grace Ross, Miss Alma Briard, all reporting a good profitable time.

Miss F. DeCorrevont of Campbellton and Miss R. Ferguson of Dalhousie will give a concert here on Thursday the 22nd, and Port Daniel the 23rd, in the church hall.

PASPEBIAC

Mr. and Mrs. M. O'C. Harris left on Monday for Campbellton and other points.

Quite a number of tourists arrived by S. S. Percepsion on Sunday the 18th, and were accommodated, part at Levesque's and part at Bay View Hotels.

CANADIENNE

The government steamer "Westport" arrived in port on July 13th, she is under the command of Capt. Alfred La Courvee.

The pulp steamer "Easton" steamed into harbor on Thursday, and commenced loading pulp at the St. Maurice Lumber Co's wharf. When the Easton had finished loading her cargo

which was on Saturday, she vacated her position at the wharf, which was immediately filled by another pulp steamer named "International". The loading of the latter vessel is progressing favorably.

The schooner "N. W. White", which was loading salt at Messrs. William Fruing & Co's wharf, completed her task on Friday. She is proceeding with the above cargo, to Fruing's branch station at Fox River.

The schooner "Iona", arrived in harbor last week, loaded with coal for the Railway Coy. The schooner "Moran", also sailed into port loaded with coal for the same company.

The government steamer "Canada", steamed into harbor last week, being short of water, she was supplied with her requirement, by Messrs. William Fruing & Co.

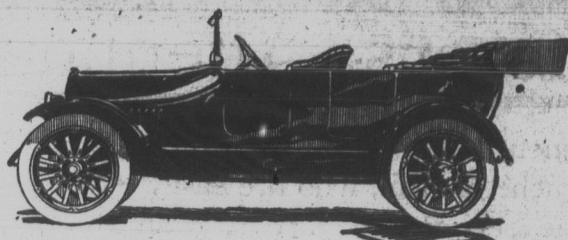

On Thursday afternoon, as Mr. Nat. Hyman was proceeding across the bay in his brother's motor launch, the engine for some unaccountable reason refused to work. Mr. Hyman was now at the mercy of the tide, but help was forthcoming in the form of another motor boat, owned and captained by Mr. Thomas Munro. Mr. Munro succeeded in towing Mr. Hyman's boat to the wharf, and he is to be congratulated on the prompt and efficient manner with which he handled the above case.

Mr. Dagostino left Saturday morning bound for New York, he was representing the Seaboard Trading Co. of New York.

Codfish is very plentiful along the Gaspé coast, numerous boats catching between forty and fifty quintals per week; it exceeds last year's catch.

This year the Studebaker announcement is more significant than ever before. It demonstrates more conclusively than ever Studebaker's leadership in the industry. For once again, Studebaker is announcing new cars at prices that completely recast all standards of value in the automobile industry. And never before has a dollar bought so much as it buys in these new Studebakers. They are the best car in every detail that Studebaker ever built.

But while the prices are remarkably low, Studebaker has made no effort to manufacture a small, low-price car, to complete purely on a price basis.

THE PRICES ARE LOW SOLELY:

- 1—Because of largely increased volume of production:
- 2—Unrivaled manufacturing resources:
- 3—The Studebaker policy of manufacturing our cars complete in our own factories and thus eliminating partsmakers' profits:
- 4—The greatly increased efficiency resulting from 4 years study and concentration on the manufacture of two chassis:
- 5—The high percentage of interchangeability of parts in the two chassis.

A whole Book of Specifications couldn't begin to convey the impression that your first glimpse of the cars will give—you must see the cars to appreciate them.

OBITUARY

On Thursday morning, July 15th, Mr. Melvin Adams of Broadlands passed away. Mr. Adams had been in failing health for some years, although even up to a few days before his death had been able to take short walks and drives. On the Monday previous to his death he was taken very ill and remained in a semi-conscious condition until he passed away. Mr. Adams was in his eightieth year and was a highly respected and much valued member of the community. He always took a deep interest in the welfare of both church and state. Of him it might well be said: "Large was his house, and his soul sincere." For upwards of thirty years he was an elder of St. Andrew's church, Campbellton, and in recent years was elder and treasurer of Session of Restigouche Congregation. His quiet, unobtrusive manner, his wise, unbiased judgment made him a worthy example of the words of St. James, "let

DR. COFFYN LEAVES

FOR ACTIVE SERVICE
Bathurst Citizens Make Presentation to Physician Who Goes to the Front

(From the Gloucester Northern Light)

General regret and admiration was expressed on all sides on Monday when it became known that Dr. W. V. Coffyn had been accepted for active service following his offer of his services as a physician a short time ago.

Although Dr. Coffyn has been a resident of Bathurst for only three years, his sudden departure from the community on a mission of service to his country, and one recognized by all to be attended with ever present danger, caused such a feeling of regard to express itself that a large number of representative citizens gathered at his home on the eve of his departure on Monday night to wish him Godspeed and to give him a tangible expression of their feelings.

The C. M. B. A. Band serenaded the departing doctor, and Mayor Michaud, on behalf of the citizens of the town tendered him an address and presented him with a wrist watch and set of pipes as a slight token of the esteem in which he is held. Rev. Messrs. Matthews and Cooper also expressed the regret of the people of the community at the departure of the doctor, and the great admiration felt for him in the sacrifice he was making for the good of his country. Dr. Coffyn responded feelingly, referring to the close place that Bathurst and its people would always hold in his regard, and thanking the citizens for their kind words and gifts.

Dr. Coffyn left on Monday night for Quebec, and expects to sail for the front at an early date. A hearty Godspeed and wishes for an early and safe return go with him in his noble work.

NEW RICHMOND, P. Q.

A very pretty wedding took place on July 13th at New Richmond, P. Q., in the R. C. Church, the ceremony being performed by Rev. Chas. Michaud. Mr. Leofred Belanger of Campbellton, N. B., and Miss Maria Anna Vitis, daughter of Mr. Albert Fallu of New Richmond, manager for the Massey-Harris Co. Ltd., for the Gaspe district, were united in matrimony. The bride looked charming dressed in a travelling suit of navy broadcloth and wore a military hat.

The church had been specially prepared for the occasion under the supervision of Rev. Mr. Michaud, and the music was exceptionally fine. The wedding match was cleverly performed by Miss Flore Arsenau, and solos were admirably rendered by Messrs. Dubé of Metis, Arsenau of Bonaventure and Miss Anna Loubert of New Richmond.

After breakfast at the bride's home, the wedding party motored to Campbellton for supper and a reception in their new home. Later Mr. and Mrs. Belanger left on their wedding tour to Quebec, Montreal and other places. The bride received many beautiful and valuable presents, testifying to the esteem of friends, many of whom have known her from childhood. All unite in wishing them a happy and prosperous life.

every man be swift to hear, slow to speak, slow to wrath." Mr. Adams leaves a widow, who is a sister of Mr. A. G. Adams of this place, three sons and three daughters. Of the sons, Charles lives in Campbellton, Gilchrist in Boston and Fred at the old home in Broadlands. The daughters are Mrs. McAllister of Campbellton, Mrs. McCormick of Boston and Mrs. Simclair of British Columbia. (Contributed.)

LITTLE GIRL STRUCK

BY AUTOMOBILE

(From the Gloucester Northern Light)
Little Miss Carmelita McCarthy had a narrow escape last Wednesday when an automobile struck her as she was crossing Water St., and knocking her to the ground, inflicted slight injuries to her head and body. Fortunately the car was going slowly at the time and was brought to a stop before the wheels reached the child, otherwise her injuries would have been much more serious. The little one's hosts of friends will be pleased to hear that she has now entirely recovered.

INTERESTING LETTER FROM LIEUT. LARZEN

A Request Received for the Donation of a Quick Firing Gun. From Campbellton

The Graphic is in receipt of the following letter from Lieut. O. J. Larzen at Valcartier, whence we commend to the careful perusal of our readers.

Valcartier, July 20, 1915
Dear Sir:

I promised to write you a long letter when I arrived at Valcartier, which I will now endeavour to do.

We had a great time going to our new destination, everything was first class on board the train, the men were very happy, and they appreciated the way that Campbellton turned out to greet them on their arrival at the station, and especially to the band, which rendered good music. Of course I am very busy. It's no play I can tell you, but then we are going for a good cause, to fight for the country we love and for the flag, that means everything on this earth. Now then, I want you to do me a favor, not only for myself, but for Campbellton and country. I have sent a letter to the mayor asking him for a machine gun, which costs \$750. We must have these, for as you know, it is the only weapon that can do the most damage. We want one machine gun for each Platoon. Now then Campbellton has sent lots of men to the front I admit, but what has the people who are at home done? We all admit that they have done some good work for this great war, but I am sure and believe that they will do more, and that they would be proud to see a machine gun at the front representing Campbellton with Campbellton boys behind it. Other towns will do it and I am sure Campbellton will give one as well.

I will be glad when we are in good old England, to get ready for the long waited chance.

Now MacColl do your best, for you can certainly help this cause out.

Yours truly,
OSWALD J. LARZEN, Lieut.

This matter might be taken up by the town council and a contribution made. Not long ago an amount was voted for Field Kitchens, which were not required, and it would be well at this time to transfer that amount and add some to it to make up the required amount for the purchase of the gun.

RED CROSS NOTES
The Red Cross Committee of the Women's Institute are arranging to hold a Garden Party on Friday, (tomorrow) beginning at 3.30 p. m. in the afternoon on the grounds at Mrs. Malcolm Patterson's. An admission fee of 10 cents will be charged, the proceeds to go in aid of the Red Cross Work and the Campbellton Band. In connection with this the tennis court at Mrs. S. H. Lingley's house will be opened to the public, where any may play for a small charge.

During the afternoon and up till seven o'clock the ladies will serve a cup of tea on the grounds.

The Campbellton Band will be in attendance in the evening and sports will also be held. Ice cream and cake, strawberries and cool refreshing drinks will be served and it is hoped that a large gathering will take in the party and help to swell the funds so urgently needed.

It is asked by the committee that members and friends sending any contributions of eatables or other, would kindly mark on package what it contains and who from.

The ladies of the Women's Institute are in receipt of the sum of \$137.37, the proceeds of the Tea organized by the little girls some time ago. Fifty dollars of this money has been forwarded for the upkeep of a bed in the hospital at La Tourette in France, and although coming through the Women's Institute will be named after the girls. Those who carried out the tea so successfully were:

CANADA'S POPULATION EXCEEDS EIGHT MILLION

But Immigration Outstrips Total Increase And it Has About Ceased

Ottawa, July 21.—The total population of Canada at the beginning of the present year, according to an official estimate made by the Census Department, was 8,076,000. This is the first time that the eight million mark has been passed, and in the total was included, of course, Canada's soldiers at the front. The growth of population since the census was taken in 1911 is officially estimated at approximately 200,000 per year. It is worth noting that the total immigration of the past four years since the taking of the census has been in round numbers 1,330,000. It is apparent therefore that since the immigration exceeds the estimated increase in population by nearly half a million there is still a considerable exodus of Canadians to the United States or other countries.

The total immigration for 1914 is given as 168,930, a decrease of 149,908, or more than 50 per cent, as compared with the preceding year. For the present year it is expected that there will be another large decrease, as with the exception of the new settlers still coming into western Canada from the United States immigration has practically ceased on account of the war and the existing financial depression. It would not be surprising if at the end of the present year the official estimate of the population of the Dominion shows the total to be again under the eight million mark.

FARRER-MILLER.

A very pretty home wedding took place at the home of Mr. and Mrs. John Miller on Wednesday evening, July fourteenth, at eight o'clock, when their second daughter Miss Mae J. was united in marriage to Mr. A. B. Farrer. The ceremony was performed by Rev. F. L. Jobb in the presence of a large gathering of friends and relatives.

Mrs. Jobb presided at the organ, and as the Chorus from "Lohergrin" was rendered the bridal company took their places under a bower which had been erected in front of their home. The bride, who was given away by her father, was daintily dressed in white silk crepe-de-chene over white silk, and wore a bridal veil caught up with orange-blossoms, and carried a bouquet of snow-balls. She was attended by her sister, Miss Emma K. Miller, and the groom was supported by his brother, Mr. James Farrer. Little Miss Eva Miller, cousin of the bride, was flower-girl.

The bride and groom were the recipients of a number of beautiful and useful gifts, including over one hundred dollars in gold.

Mr. and Mrs. Farrer left the following morning on the Maritime Express, for their home in Ford's Mills, Kent County. Their many friends join in wishing them a long and happy married life.

NEW CARLISLE
The Rt. Rev. Lennox Williams, Bishop of Quebec visited this parish last week and confirmed a large class of young people and adults. The class, which had long been in preparation, was presented by the Rector, the Rev. Alfred W. Buckland. The large congregation which filled the church will not forget the earnest and uplifting words of the Bishop to the newly confirmed and congregation. The Rev. F. Lancaster and the Rev. A. T. Vibert took part in the service.

On Monday evening a public reception was tendered to his Lordship at the Rectory. It was a great pleasure to the Bishop to meet so many people from New Carlisle and Paspébiac. The grounds were beautifully illuminated with Chinese lanterns in bunting and flags. His Lordship left on Tuesday to visit the far away parish on the Magdalen Islands.

The Rev. Frederick Lancaster of St. Ann de Bellevue will officiate in St. Andrew's church, New Carlisle, during the Rector's absence.

The Ladies' Guild held a very profitable sale of work in the parish hall last week.

Miss Lillie Smollett left last Saturday for a well earned holiday in Quebec.

An affecting service was held last Sunday morning around the grave of little Willie Ray, who died after a very short illness. Old and young brought beautiful flowers and laid them lovingly on all that was mortal of their dear young friend. Many a tear fell on his grave when they sang so sweetly "Safe in the Arms of Jesus". The Rector gave an address basing his remarks on the life and faith of this young life so suddenly called away.

This beautiful short service, which was held under the large trees and around his grave will long remain in the memories of young and old, who listened and took part in it.

GARDEN PARTY
Last Monday evening a garden party was held in the school grounds, under the auspices of the Tide Head Club. Notwithstanding the unsettled state of the weather, a goodly sum was realized, \$50.00 of which went to the support of a cot in one of our hospitals at the front. The Club wish to thank Mr. Bert O'Donnell and Mr. George Comeau, who so kindly helped the orchestra in furnishing music during the evening.
