ARMAND GIRL WAS KILLED IN TORONTO

Wilma London Met Instant Death in
Eaton Store—Remains Brought
Here Yesterday

Mrs. Henry London of Armand on
Monday received the shocking news
of the instant death of her daughter
Wilma who was an employee in the big
Eaton Store in Toronto. The tragedy
occurred on Saturday when the young
girl was caught in an elevator shaft
and instantly crushed to death.

Wilma London, who was only 16
years of age, about ten months ago
went with her sister Alva, aged 20, to
visit their sister, Mrs. Harold Britton,
who lives in Toronto. The three of
them took work in the Eaton Store and
all were together when the terrible ac-
cident happened.

The remains of the unfortunate
young woman were brought here yes-
terday and were accompanied by Mr.
and Mrs. Harold Britton, Miss Alva
London and Dr. Lewis and Mr.
Alward of the T. Eaton staff. The fun-
eral services at Armand church this
afternoon conducted by Rev. H. V.
Bradford.

Needless to say the shocking occur-
rence has filled with sorrow the com-
munities where the young girl was
known, and much sympathy is felt for
the bereaved relatives.

It is said that the Eaton manage-
ment did everything possible for the
comfort of the bereft ones and bore
every expense. A service was held in
Toronto and a profusion of flowers,
tokens from the firm and employees,
accompanied the remains.

Besides her parents the deceased is
survived by four brothers, Murray,
Alison, Arnold and Ivan, and by three
sisters, Mrs. Willie Kimball, Mrs. Har-
old Britton and Miss Alva.

THE MARKETS

The outlook for potatoes is not at
all encouraging. Late statistics fur-
nished The Observer from a reliable
source show that throughout the coun-
try there is an immense supply of
potatoes as compared with last year.
In the northern states stocks in sight
are much greater than was shown by
the October estimate. For this reason
American prices are flat. Another
factor that will keep potatoes down
is so much unemployment in the United
States. The price at Hartland to-
day is \$2.25.

There is a large surplus of oats
throughout the country and the local
price today is 65 cents. Hay shows a
sympathetic weakening and is being
bought for \$28.

J. M. McLeod & Sons will load their
last carload of sheep and lambs on
Wednesday next week, and farmers
desiring to clean up should take note.
They shipped their third carload of
poultry this week. For five hens and
chickens 20 cents was paid; for ducks
22; geese, 25; and turkeys 30. For
dressed poultry they pay: Poultry, 25;
chickens, 30; ducks, 32; geese, 35;
turkeys, 45. Dressed pork 18; beef 8
and 9; butter 50; eggs 60.

Hartland Red Cross Still Active

The Canadian Red Cross Society is
endeavoring to raise funds to assist
the work of the British Empire War
Relief. It is hoped to raise \$30,000
in New Brunswick. At a meeting of
Hartland Red Cross held at the home
of Mrs. H. E. Adams on Tuesday af-
ternoon it was decided to contribute
\$125 of the funds in hand to help
along the work. The local Red Cross
Societies have been asked to contrib-
ute Christmas stockings for the in-
valid soldiers in the hospitals at River
Glade, St. John and Fredericton.
Hartland Red Cross has appointed
collectors to raise money for this pur-
pose and they will call around soon.

Many may think the local Red
Cross is not now in existence, but it
is, and will be kept going to assist
the many sufferers who are still in
hospitals and the many other calls
for assistance the society receives.

All members should pay up their
dues. Collectors will receive them.

VICTORIA COUNTY COURT

The November session of the Vic-
toria County Court opened at Andover
on Tuesday before Judge Carleton.
No civil cases were before the court.
Two criminal cases, the King vs. Gagne,
and the King vs. Watson, was submi-
tted to the grand jury. Both of these
cases were for charges of assault oc-
casioning actual bodily harm. In
each case no bill was found and the
cases were dismissed.

A young man from Cape Breton,
who pleaded guilty to a charge of
theft of money, was sentenced to

serve two years in Dorchester peni-
tentiary. Fines were imposed on a
number of grand and petit jurymen
who failed to attend. Alex Straton,
clerk of the court, acted for the Crown
and J. M. Keefe of Grand Falls ap-
peared for the defence in the case of
the King vs. Gagne.

HUCKLEBERRY FINN AT STAR TUESDAY

The management of the Star The-
atre ever since the big success of The
Miracle Man has realized that Hartland
and surrounding country, without distinction of class or
 creed or prejudice, will patronize the
truly high class in moving picture art.

LEWIS SARGENT
"HUCKLEBERRY FINN"
A NEW MARK TWAIN
PARAMOUNT AIRCRAFT PICTURE

The next big event in the re-creation
of the great American humorist,
Mark Twain's immortal story of
"Huckleberry Finn"—the book our
grandparents laughed and cried over
—the book of quaintest, most subtle
humor, of homely every day life, de-
picted truthfully beyond comparison.
The great picture-story will tickle the
youngsters and bring smiles and tears
to the older ones who years ago read
Mark Twain's masterpieces.

No picture shown during the year
has proven such a "repeater"—every-
one who sees it once, goes a second
time if they have the chance. It has
taken the cities by storm and the man-
agement of the Star have shown com-
mendable enterprise in securing a
booking of a film so new—a picture
whose vogue is still unabated in the
great cities. The story is two gener-
ations old—an immortal classic—but
the film is brand new and one of the
season's big sensations.

Next Tuesday, Nov. 23, at the Star,
Hartland. Orchestra in attendance.
Popular prices.

M. B. Cox, who made such a success
of Hartland Restaurant last winter,
has opened a new dining room over
the Farmers' store. This will be
known as the Royal Cafe and is ap-
parently fitted up. The dining room is
large enough to seat 50 or more and
the furnishings are pleasing and the
meals appetizing. On account of con-
tinued ill health Mr. Cox has been
compelled to give up his position in
the Farmers' store.

NOVEMBER MEETING METHODIST DISTRICT

Resolution to Ask Government for
Change in Vendorship System

The November District meeting of
the Woodstock District of the Metho-
dist Church met in Hartland Metho-
dist church on Tuesday. All the min-
isters in the active work within the
district were present as follows: Rev.
F. A. Wightman, East Florenceville,
(chairman); Rev. M. E. Conron, Wood-
stock; Rev. H. Harrison, Jackson
ville; Rev. W. J. Donville, Debec;
Rev. George Readman, Canterbury;
Rev. F. S. Crisp, Lindsay; Rev. Hugh
Miller, Contreville, and Rev. Chas.
Flemington, Andover. Owing to the
busy season few lay delegates were
in attendance.

In the afternoon a devotional hour
led by the chairman proved most help-
ful and inspiring. This was followed
by the despatch of routine matters.
In this connection a report of the pro-
gress of the Forward Movement
showed the Woodstock district to lead
all other districts of the conference in
per centage of money forwarded to
the treasurer.

This was followed by the most ex-
cellent papers read by Rev. Chas.
Flemington, W. J. Donville and Hugh
Miller. They dealt, respectively, with
"Intercession in Evangelistic Work,"
"Cooperation in Evangelistic Work,"
and "Christian Stewardship." Each
was in turn discussed, and altogether
the session was most helpful and in-
spiring.

In the evening a good congregation
was in attendance. The opening ex-
ercises were conducted by the Pastor,
Rev. J. K. King, a full choir furnishing
excellent music. The chairman then
took charge and the following resolu-
tion was presented and unanimously
carried: Moved by Rev. M. E. Conron
M. A. and seconded by Rev. Hugh
Miller—"We in District meeting as-
sembled, representing the Methodist
people of Carleton and Victoria coun-
ties, hereby request the Provincial
Government to change its system of
Vendorship of Intrinsiating liquor, re-
moving it from the druggists and plac-
ing its sale in the hands of some re-
sponsible person for each town or dis-
trict who shall not be engaged in any
business which might make more dif-
ficult the strict enforcement of the
present prohibition law throughout
the province."

An interesting program of addresses
and music followed. Rev. H. Harri-
son spoke on "The Value of the
Church to the Community." Rev. F.
A. Wightman on "Local Evangelism
and The Local Church," and Rev. M.
E. Conron on "Evangelism the Primal
Objective of the Church."

The thanks of the district was ex-
tended to the pastor and the people
for this kind entertainment of the de-
legates. It was also decided to hold
the March meeting at Debec on the
kind invitation of Rev. Mr. Donville.
An appropriate hymn and the bene-
diction by Rev. H. Harrison brought to
a close one of the most successful
meetings of the Woodstock district.

Crowded from this issue is an ac-
count of a remarkable stable of horses,
now in Hartland. Read it next week.

EDMUNDSTON MURDER CASE

William St. Pierre Sent Up for Trial On Charge of Murdering Miss Minnie Stevens on the Night of October 11

Edmundston, N.B., Nov. 12—Excitement ran high in this usually quiet community when the hearing of William St. Pierre, charged with the murder of Miss Minnie Stevens on the night of Oct. 11, was resumed. After sessions lasting all day and well into the evening the accused was held for a higher court by Magistrate J. B. Michaud, who educated the investigation. St. Pierre appeared cool and collected during the hearing and exhibited no signs of emotion, even when the garments of the murdered girl were produced in court. The most damaging evidence against the prisoner was given at the evening session by Charles Magoon, a messenger boy, who told of seeing St. Pierre near the scene of the crime on the night in question.

Several tilts took place between Attorney-General Byrne, who conducted the prosecution and A. T. LeBlanc, who appeared for St. Pierre. Max D. Cormier also appeared on behalf of the defendant. Provincial Constable Robert Crawford has been working hard on the case and has secured additional evidence that will be presented to the grand jury. The trial will probably take place next March.

The court room was filled to overflowing when the hearing was resumed in the evening. Alphonse J. Herbert testified he saw St. Pierre on the night of Oct. 11 in front of J. A. Auble's grocery store in Victoria. He was with

Edward Michaud. The latter had his car. Accused got out of the car and talked of baseball matters. St. Pierre had on a navy blue suit. Accused asked witness to take a drink. Witness refused. St. Pierre had a bottle with him. Charles Magoon came along at the time. St. Pierre asked him to have a soda; went with him and had a soda. Finmore and Denney were in the drug store. St. Pierre went in the back room with Mr. York the proprietor. They were in the back room about five minutes, when the witness went out. Saw St. Pierre gave Charles Magoon twenty-five cents. First saw St. Pierre between 8.30 and 9 o'clock.

Charles Magoon, fourteen years old, was the next witness. Counsel LeBlanc took exception to the fact that the witness sat on the opposite side of the table from the former witness. Witness is a Western Union messenger boy. He knew the accused and also Miss Stevens. He was present when the body was found. He had telegrams to deliver the night of the crime and left the office around 8.15 with the messages. He went towards Victoria Hotel and met St. Pierre near York's drug store. He offered the witness a drink but the witness refused. He said don't tell on me. He then gave the witness twenty-five cents. Witness then went to the Windsor Hotel, then past Victoria Hotel, then over the bridge past cook house, delivered telegram to Mr. Bel-yea, came up Emerson street and went off sidewalk there. He saw St. Pierre who said, "Hello Magoon." He again offered the boy a drink. St. Pierre then handed out a handful of bills and offered them to him. Then offered him twenty-five cents. Witness took it. Witness went on and St. Pierre jumped off the fence and went part way down the hill and sat down. Witness then went back to the top of the hill. He saw St. Pierre go down the hill below the post. He sat down and looked all over the water. He then went down the bank towards the school house. Witness watched him out of sight. Witness then delivered telegram to W. C. Albert. The boy told of his movements the balance of the evening and got home at 10 o'clock.

In the afternoon several witnesses were heard but nothing particularly new was brought out.

C. T. Johnson, manager of the Star Theatre and the dance hall, said St. Pierre and Max Martin rented the hall on the night of the murder. St. Pierre came in about 10.00 p.m. and took the witness by the arm and brought him under a light. He took his hat off and

asked witness how he appeared to go in public. Witness thought he looked all right but said he had been drinking. Prisoner told him he had been in a fight with four men. He asked witness if he had any scratches on his face. St. Pierre had been drinking that night and was also nervous. He was not as smiling as he generally was at dances. Was dressed in a gray suit. The suit was creased and dis-

not look like one St. Pierre would wear. On cross-examination he said St. Pierre left the dance hall between 12.30 and 1 a.m.

Dennis Martin told of seeing blood spots on the ground at the scene of the crime. He was not there when the body was found.

Leon Gagnon knew St. Pierre and saw him at the dance hall. Talked with him between 10 and 11 o'clock. St. Pierre was in the picture hall and asked witness if he looked well enough to go to the dance. He told him he had a fight with three fellows. He described the fight to the witness and said he got blood on his clothes by holding one of the men's head against his body and punching him. Max Martin came in and he and the accused talked. He did not remember conversation. The prisoner was very warm this night. He did not appear nervous or as if he had been drinking. He acted much the same as usual.

Dr. A. M. Sormany who made the post mortem examination in company with two others gave the result of the autopsy. Clothes of deceased were torn. The hands, head, neck and general parts of the body showed marks of violence. There were marks on

wrist of right hand and index and middle fingers had teeth marks. The neck had finger marks on it as if someone had tried to strangle her. The face was bloated and there was a bruise between the eyes. Blood was flowing from nose, white mouth and lips were facerated on inside, caused by blow on mouth. There was a cut over right ear and bruise over left ear. The frontal bone was fractured. There was water in the lungs. In his opinion death was caused by submergence in water. There was no evidence of disease that would cause death. There had been a violent struggle previous to the drowning. Wounds would have been sufficient to cause death but not immediately. The witness said that three pieces of blood marked terra cotta sewer pipe produced in court would have caused the wounds on the body.

Herbert Albert, a barber, said he met the accused on the night of the crime at the Star Theatre. He went in about 10.30 and met St. Pierre. The latter wanted to know what witness thought of his new suit. He said he had just come back from Green River where he had a fight with three fellows and had to change his clothes. He saw St. Pierre at the barber shop next morning when they talked about the fight again. He saw him on Wednesday and asked him if he had heard about the girl being killed. St. Pierre said it was a shame. The witness said they might think it was he (St. Pierre). The latter said he had not heard anything about it.

Mrs. Henry Lavoie was next sworn. She lives in Emerson street and was at home the night of the tragedy. She retired between 8.30 and 8.45. She heard two or three screams, which appeared to come from Emerson street. The screams appeared to be unnatural. She looked out the window but did not see anything.

Bert Surzon, who conducts a restaurant, heard screams when on his back verandah. He thought someone was in the water. The screams came from across the river. He heard several at short intervals. It was about 9.15.

John Auble testified he heard screams from across the river at about the same time.

Florent Fournier, who knew Miss Stevens by sight, saw her on the night

EDMUNDSTON MURDER CASE

Continued from page 2
of October 11. She was coming down the hill past the Grand Central Hotel and he walked behind her. They passed two men coming up the hill. He did not know them. She walked on to the concrete bridge and turned back. He went over across the bridge and on his way back heard screams. It was about 9 o'clock. He saw St. Pierre later at the dance. He had on a grey suit.

Harvey Delaney, a train dispatcher on the Canadian National Railway, said he was in York's drug store on the night of the crime. He boarded over the drug store. He went down to the drug store at 8.30 p.m., and was having a soda with Augustine Finnemore when St. Pierre entered and introduced himself. The witness said he was going to work, and asked Finnemore if he was going along and Finnemore said "Yes." St. Pierre also went towards the post office. Finnemore left them at the telephone office and the accused and the witness crossed the bridge going in direction of the Royal Hotel. Delaney said he left St. Pierre at the top of the hill. It was about 8.50 p.m. The witness took St. Francis street to go to the railway office. St. Pierre did not say where he was going. He talked about baseball, and later said he was going to a dance. St. Pierre did not have any blood on his clothes. He was dressed neatly.

Counsel for the defense objected to a question as to how St. Pierre appeared in regard to drinking and the objection was disallowed as the witness said the prisoner appeared as a man who had been drinking. He said he did not remember seeing Alphonse Herbert in the drug store.

On cross-examination he said it was 8.45 p.m. that he last saw St. Pierre at the junction of Canada and St. Francis streets. He did not see him again that evening.

On direct examination St. Pierre had on a blue suit. He did not notice a soldier's button on the coat and it would take about fifteen minutes to walk to his work. Finnemore left them about three minutes after leaving the drug store.

Dr. F. L. Herbert was next called. On re-direct examination he said there was no hole in the accused's sleeve. There was a spot on the sleeve that the accused said was blood. On a question as to whether the train of his story at the coroner's inquest was broken by being asked questions by members of the jury Counsel LeBlanc objected.

The Nurse told Her to Give
OLIVEINE EMULSION
THE GREAT HEALTH RESTORER

South Brookfield, Queens Co. N.S., Oct. 1919.
"Our little girl was very sick with Stomach Trouble and different foods were recommended, but everything failed until a nurse told me to give her OLIVEINE EMULSION. She is now a big, healthy baby and I would not be without it in the house. For coughs and colds and as a health builder, it is the best to be had. We recommended OLIVEINE EMULSION to quite a few who were suffering from the effects of influenza and they used it with good results."
(Name on request)

OLIVEINE EMULSION is more than an ideal cough remedy, to pave the way for a quick recovery from heavy colds and deep-seated coughs. It is a body builder—gives strength to the weak—tones up and invigorates the whole system. It is pleasant to take and is agreeable to the most sensitive stomach.

Sold everywhere.

Charles L. Cyr Killed

Charles L. Cyr, formerly member of the Legislature for Madawaska county, and a man widely known throughout the upper St. John River sections of New Brunswick and Maine, was killed on the National Transcontinental division of the Canadian Government Railways on Saturday afternoon near Summit station and a companion named Michaud sustained a fracture of one of his arms.

Cyr and Michaud had been on a hunting trip. They travelled on the rails of the Transcontinental line, using a gasoline speeder, and left their camp, near Summit, close to the Carleton county border, eleven miles to the southeast of Plaster Rock, shortly

after noon Saturday. At a curve a freight train suddenly appeared in view. Both men attempted to jump, but the locomotive struck them before they could clear their machine.

Cyr was practically cut in two, meeting instant death. The body was conveyed to St. Leonard and the funeral was held on Tuesday morning at the Roman Catholic church.

Hart Barker, a native of Bath, was a few nights ago instantly killed when his auto turned turtle on the road between Westfield and Mars Hill. He lived at the latter town.

DODGE BROTHERS APPOINT DEALERS

C. T. Black & Co. Will Sell Popular
Detroit Cars in this Territory

Announcement is made by Dodge Brothers, Detroit, of the appointment of C. T. Black & Co. as their dealers in Woodstock. They will occupy the Welch Building on Queen st. with a complete salesroom and service station. Their territory includes Carleton and Victoria Counties.

The remarkable popularity of Dodge Brothers Motor Vehicles has caused automobile men all over the country to clamor for sales privileges, but Dodge Brothers policy of quality in selling methods, as well as quality in the car, requires a painstaking investigation in every instance before a selection is made. In C. T. Black Dodge Brothers have a dealer on whom they believe they may rely for both progressive and fair business methods.

The prompt manner in which Dodge Brothers assumed one of the foremost positions in the automobile industry is regarded as a striking testimonial to the high regard in which their name was held by the public even before they marketed a motor car bearing their name. Prior to that time Dodge Brothers had built the vital parts for more than half a million other cars, establishing a reputation for thoroughness and mechanical skill.

This reputation has been more than upheld. It is said of Dodge Brothers in explanation of their unusual success, that they spare no money or effort in building a car to suit their particular ideas of thoroughness in manufacture. What their ideas on this subject mean to the purchaser of their product may be imagined from the fact that they have a staff of more than 700 inspectors who do nothing but check up on workmanship in the various processes of manufacture. In addition there are several large departments devoted entirely to similar work, such as the physical and chemical laboratories where raw and finished materials are subjected to tests so thorough as to leave no doubt of the quality.

It is significant that the first Dodge Brothers Motor Car ever built was made up exactly as a car is made in the regular line of production. Ordinarily the "experimental job," as the first car is known, is built of castings because of the great time and expense involved in preparing dies for forgings. Dodge Brothers, however, decided that their experimental car should be like the car they expected to build, in every detail, so that neither they nor the public might be "fooled." So they spent almost a year in making these dies and preparing otherwise for a completely manufactured car. As a result, when the car was built they knew what they had and what they and the public might expect of their production.

Public approval of their principles of thoroughness is seen in the rapid expansion of Dodge Brothers Works made necessary by public demand. In December, 1914, it was a plant less than 20 acres. Today Dodge Brothers Works covers over 100 acres of floor space, and there is enough construction work under way to bring the total well above 120 acres.

An Established Reputation

The quality of KING COLE ORANGE PEKOE TEA needs no explanation. Its four years of service to the public has earned for it a reputation of which we are justly proud. From the first we claimed it to be "the extra in choice tea."

Users repeatedly tell us it is all that and more. We shall see to it that it is never any less.

Anyone wishing to get Photograph Records, Books, Lamps or any other article sold by me, will find them there. Pictures to be framed or enlarged can be left there and they will be done and returned as quickly as possible. The Ideal Plant for Farm and Workshop

YOU want cheap power for light machinery, in farm buildings or workshop, and a minimum waste of power. The "F" Power and Light Plant delivers all of its 1 1/2 horse power direct to the machine you want to run. It saves "50% power loss" of driving machinery by electric motors, because it does the same amount of work, belted direct to the machinery, as a 3-horse-power engine generating current to drive the same machines by individual motors.

Utilizing the spare power of the "F" plant does not interfere with its efficiency as a lighting unit. Come in and see the "F" plant at work, or send a post card asking for catalogue which contains complete information.

SHAW BROS.

"I Am Having a Terrible Time, I Simply Cannot Sleep"

"PERHAPS it is something you have been eating?"

"No, it is not. I am always careful about what I eat, particularly in the evenings."

"Are you often that way?"

"Yes, two or three nights a week, and I am getting worse all the time."

"Is it your nerves?"

"Yes, I suppose it is, for after any little excitement I am sure to have a sleepless night, and I do not know anything much worse than tossing in bed, unable to sleep."

"Do you have headaches?"

"Yes, often, more especially after a restless night."

"Why don't you try Dr. Chase's Nerve Food? That is what nearly everybody uses for nervous troubles these days."

"I don't know just why, unless because I have a dread of taking any drug that is strong enough to produce sleep."

"But, my dear, Dr. Chase's Nerve Food will not produce sleep in that way. It is only after using it for a time and after the restorative influence is felt by the nerves that you

will find yourself sleeping well and naturally."

"So many of my girl friends have told me about using Dr. Chase's Nerve Food for sleeplessness, headaches, nervousness and such troubles that I have the greatest confidence in it."

"How does it act?"

"It is a restorative, makes the blood rich, feeds the nerves and builds up your system in every way so that the benefits are lasting."

"How long will I have to use it?"

"Oh, I suppose two or three months. It takes time, you know, to get exhausted nerves fully restored. It will not be long, though, before you find yourself sleeping well, enjoying your meals and entirely free from headaches."

"Say, I believe I will try it, for I do suffer most terribly when I cannot sleep, and then I am so tired out next day."

A most enjoyable dance was held by the young people in Sherwood's Opera House on Tuesday evening. About fifty couples were present at the festivities and remained to dance the complete program with the numerous encores. Knives' Orchestra of Fort Fairfield discoursed all the jazz music for the light footed and light hearted throng. During intermission the Ladies' Guild of St. James' Episcopal Church served refreshments most appetizing. This is only one of the best of many of these social affairs which will help to make the long winter a most thoroughly enjoyable one. Keep your eye out for the next date.

The fuel situation is partially ameliorated by each of the hardware merchants distributing a carload of coal last week, but there would be quick sale for more of the shiny product in view of the abnormally high cost of hardware. Urgent effort on the part of the dealers to procure more coal will be very commendable, for a man absolutely cannot hover a smudge pot in this country and keep warm.

I. C. Measles is spending a few weeks in town. We know not whence he came nor whither he is going, but we can readily assure everyone, by the general make up of some of the kiddies' faces that he is here. It seems too bad that the good old specific doctor, John DeKayser, M.D., should have come to a premature death when he was usually so successful in checking this malady.
