### COUNCIL MEETS

A Portion of Town Debentures Disposed of at Par.

A meeting of the Town Council was held on Tuesday evening, the full board in attendance. J. M. McLaughlin, Chief of the Fire Department, asked why the hydrants had not been placed according to a motion passed some time ago. After some discussion of the matter Coun Andrew stated that the work would be done in a few days.

A letter was read from the Hotel Dieu asking that the new wing of the Hospital be wired for electric lighting. Referred to Electric Light Com.

A letter was read from A. E. Alexander giving notice that he required the town to pay him the money loaned in 1903. Matter was referred to Finance Com.

Coun Miller announced that offers had been received for two lots of five percent debentures of \$4000 at par. He stated that this was the best that could be done and recommended that the offers be accepted. A St. John firm guaranteed to dispose of \$6000 worth of the debentures at a commission of two per cent, and probably the remainder of the issue of \$25,000 could also be sold on same terms. He thought this offer was a good one, although he would favor trying to effect an agreement at one per cent commission at first.

On motion the offers already received for the \$4000 lots were accepted and the committee authorized to offer two per cent commission if necessary for the sale of \$6000 worth of debentures.

Coun McLennan from Police and License Com., submitted report recommending that Chief Gray and Officer Jones be retained for the winter months and that overcoats be procured for them. Report was adopted.

On motion Thos Day was employed as fireman at power house for the winter at \$40 per month.

John Cameron was heard before the Council in reference to the level of the concrete sidewalk in front of his residence. He stated that some years ago he had moved his fence back some few feet, giving the town the land for a sidewalk, on consideration that the grade to his residence over the sidewalk be kept as it then was. He claimed that the present sidewalk was above that level, in direct opposition to the agreement and he felt the town was not doing right by him.

The matter was referred to the Public Property and Street Com.

Coun Jardine said that complaints were heard about horses and cows running at large in the upper ward. He moved that the clerk notify Richard Murray, Chas Coes and Chas Dobson that they must comply with the by-law relating to the running at large of horses and cattle, otherwise they will be dealt with according to law.

On motion Officers Gray and Jones were appointed Dog Tax Collectors with power to enforce the by-law, they to receive fifty per cent of amount collected.

Coun Taylor submitted tenders received for the erection of town buildings as follows: D A Stewart \$1400, Mann & Baxter, \$1655.

As it was getting late in the season and there was a scarcity of funds to the credit of the Public Property & Street department it was not thought advisable to proceed with the erection of

### MR. LEMIEUX, OFF TO JAPAN, SENDS MESSAGE TO GASPE

Tells His Constituents Through "Events" that He Will Not Forget Them While Away From Home

### GOES TO SETTLE IMMIGRATION QUESTION

Hon. Rodolphe Lemieux, representative of Gaspé in the House of Commons and Postmaster General in the cabinet of Sir Wilfrid Laurier, left Montreal yesterday for Vancouver, where he will embark for Japan on the C. P. R. steamer Empress of China. Mr. Lemieux

goes to Japan for the purpose of making an effort to settle satisfactorily the much vexed Japanese immigration question, and there is a growing feeling that he will be successful. When he reaches Tokio he will make it perfectly clear to the Mikado's government that when the treaty was entered into with Japan it was on the distinct understanding that Japanese immigration was to be limited, that the assurance was given in the Canadian parliament and if not carried out then notice will be given for the abrogation of the treaty. Under such circumstances there should be no difficulty in securing a settlement of the existing difficulty. Mr. Lemieux was entertained at luncheon at the Mount Royal Club, Montreal, on Tuesday. He expects to be back in Ottawa in time to be sponsor to the parliament bill, providing for the establishment of co-operative societies, which was

### INFRINGING ON FISHING RIGHTS.

Premier Robinson Opens Inquiry into Charges against Boom Co.

### MR. MOTT OBJECTS.

Says Company Was not Apprised of charges, so Inquiry is Adjourned.

Premier Robinson who was appointed a commissioner to inquire into the claims of the riparian owners against the Restigouche Boom Company, arrived here on Monday and the inquiry began at 8.30 o'clock that evening in the office of W. A. Trueman and A. E. G. McKenzie.

The riparian owners of Tide Head claim that the Boom Company has destroyed their fishing stands and deprived them of their shore rights. The riparian owners at Flatlands contend that the Sheer boom which passes through their waters interferes with and destroys their fishing.

When the inquiry opened Tuesday evening, W. A. Trueman and A. E. G. McKenzie were on hand in the interests of the resident riparian owners. Arthur G. Holden of Montreal was present in the interests of R. B. Angus and others of Montreal who own property at Flatlands and W. Albert Mott was there in behalf of the Boom Company.

Mr. Mott objected to the hearing being proceeded with on the grounds that the commissioner had no legal authority to enter into the disputes between the parties and that the Boom Company had not sufficient notice of the claim and was therefore not in a position to put in a defence and cross examine witnesses.

Mr. Trueman in reply showed that the commissioner was held under the public domains act and that consequently the commissioner had power to act.

The commissioner reserved his decision until 10 o'clock the following morning.

On the resumption of proceedings, Tuesday morning, Mr. Robinson stated that under the power given him he had authority to inquire into the charges made, and added that he was prepared to proceed if the claimants so wished.

Mr. Mott threatened to withdraw from the case because his clients had not had sufficient time to prepare their case.

Then at the request of the claimants themselves the commissioner adjourned the proceedings until December 10 and ordered that the Boom Company be furnished within two weeks, with a full statement of the claims.

In the afternoon Premier Robinson drove to Tide Head and viewed the scene of the Boom Company's operations.

ly passed it by in favor of the Bi-Provincial and Graphic. Names were submitted from all parts of the continent, some coming from California and Washington.

The first issue of The Morning Graphic will appear as previously announced, Saturday morning, Nov. 2nd. We shall not tell you what it will contain. It will speak for itself. Buy it early.

### When Your Back Hurts.

Of course it's hard to work, stooping over hurts, lifting is tedious, and you wonder what to do. Ever try Nerviline? Nothing like it for lame or weak back. It penetrates to the core of the pain, eases from the first application, brings cure that defies a relapse. No liniment is so clean, so soothing, so certain to kill muscular, rheumatic or sciatic pains. Your dealer sells Pierson's Nerviline in large 25c bottles.

### SCHOOL BOARD MEETING HELD.

Music will be Taught the Pupils an Hour Each Day. Henceforth.

### APPOINT NEW TEACHER.

Board Also Decides to Close Schools day Following Thanksgiving.

A meeting of the School Board was held in the Secretary's office on Monday evening last. All members of the board were present.

The resignation of Miss Hazel B. McCain, teacher in grade five, was accepted and James Carr, B. A., was appointed to fill the vacancy. Miss McCain had only been teaching here since the beginning of the present term, but claimed to be physically unable to continue teaching any longer and hence her resignation. Mr. Carr, who succeeds her, has had several years' experience in teaching. He is a graduate in arts of Dalhousie University, an undergraduate in medicine of McGill and holds a grammar school license.

Two of the teachers, Miss Reid and Miss Duffy, whose excellent work in their respective departments has already been recognized by the board, received a further increase of salary.

Prof. T. T. Williamson was engaged to teach vocal music to the pupils of the different departments for one hour each day.

The request of the teachers for a holiday on the Friday following Thanksgiving Day was granted, they to teach on the Saturday of the following week instead.

The Secretary was ordered to advertise for the necessary supply of fuel for the ensuing year.

Several accounts were laid over for the regular meeting in November for verification.

the building this fall. The old school building in the west end will be fitted up to store town property for the winter.

### "THE MORNING GRAPHIC" WINS.

This is the name decided upon For Campbellton's New Daily

### 560 OTHERS SENT IN.

\$10, in Gold Goes to Miss Stella Hall—New Paper Nov 2nd.

"The Morning Graphic" is the catchy title of Campbellton's new daily paper. The name was submitted by Miss Stella Hall of New Carlisle and after careful consideration by the management was chosen from among 560 names submitted.

The management would like to have procured a name indicating that the new paper served sections of two provinces, as well as that it appeared every morning. It was easy enough to obtain a name of this kind but it was another thing to obtain one which was short and easy of pronunciation. Many names were submitted which expressed what we wanted but only one met with our consideration. That was "The Morning Bi-Provincial," submitted by Dr. W. I. Cates of Campbellton. In fact the contest narrowed down to this name and the one which captured the prize. Weighing one thing against another we decided at length that The Morning Graphic was the better name of the two. It does not express all that we desired but apart from that is an excellent name and we have much pleasure in awarding Miss Hall the ten dollars in gold.

The new paper will be profusely illustrated, particularly on Saturdays so that the word "Graphic" is especially appropriate. As far as we are aware there are no other Graphics on this side of the water.

It must not be imagined that "The Morning Graphic" was the only excellent name received. As a matter of fact the majority of names submitted were excellent, but The Morning Graphic appealed the strongest to us. "The Daily Canadian," submitted by E. E. Buckerfield of Harcourt was another name we gave a good deal of consideration to, but final-

### Is Your Hair Sick?

That's too bad! We had noticed it was looking pretty thin and rough of late, but naturally did not like to speak of it. By the way, Ayer's Hair Vigor is a regular hair grower, a perfect hair tonic. The hair stops coming out, grows faster, keeps soft and smooth. Ayer's Hair Vigor cures sick hair, makes it strong and healthy.

### Burdock Blood Bitters

It is the FOREMOST MEDICINE of the DAY. It is a purely vegetable compound possessing perfect regulating powers over all the organs of the system and controlling their secretions. It purifies the blood that it cures all blood humors and diseases, and this combined with its unrivaled regulating, cleansing and purifying influence, renders it unequalled for all diseases of the skin.

### Telegraphic Ticks

Henry Farma, Friday afternoon succeeded in driving an aeroplane a distance of 235 metres through the air, thus breaking the record of 220 metres held by Santos Dumont.

Surrounded by the members of his family, Rev. Dr. Potts, the Educational Secretary of the Methodist Church died at his home at 8 Prince Arthur avenue, at Toronto, 5:30 o'clock Friday morning.

Friday afternoon the system of wireless trans-Atlantic communication passed from its experimental stage in a formal announcement made by the inventor to a practical basis, and for the first time in the history of the world messages are being transmitted and received to and from England commercially.

The Postoffice Department reports that as a result of the new agreement to the second class postal rates between Canada and the United States, which went into effect last spring, the flood of cheap American newspapers and magazines, used merely as advertising medium, has practically ceased to pour into Canada.

The Danish steamer Alfred Erlandsen has been wrecked on the rocks off Castle Point, near Stab's Head, Scotland. She went ashore Friday night during a gale and twenty of her crew were drowned. A lifeboat, which spent the night looking for survivors, had a narrow escape, being frequently swept by heavy seas.

The preliminary hearing of Jas. MacDonald, brought to North Sydney from Summerside, P. E. I., charged with stealing \$3,500 from the postoffice of that town, came up Friday. MacDonald voluntarily gave evidence to the effect that he had taken the mail bag with its contents before he realized the gravity of his act and had spent but \$200. He was committed to the Supreme Court.

The statements in the Conservative press that Hon. A. B. Aylesworth will be compelled to retire from the government owing to deafness, are not warranted by the facts. Mr. Aylesworth's ear trouble is giving away before treatment. There is no thought of his leaving the Cabinet or retiring from public life.

Dr. Charles A. Hodgetts, chief medical officer of Ontario, who is in Ottawa, in the course of an interview drew attention to the fact that there are annually 2,500 deaths from tuberculosis in Ontario. It is obvious, he says, that the municipalities will have to brace up and face the problem of combating the disease. Dr. Hodgetts says that the general health of the people is good. There is no small-pox and not a great deal of contagious disease.

### Dr. Coderre's Infants' Syrup

—in use half a century. Prescribed by leading physicians with unflinching success, in stomach and bowel troubles, and for painful teething. Contains no harmful ingredient—you can use it with absolute confidence. WINGATE CHEMICAL CO., LIMITED MONTREAL, CAN. SOLE PROPRIETORS.

### WHEN APPETITE FAILS

It is because your food does not digest properly. Your stomach, liver and bowels need strengthening. Don't neglect the danger-signal.

### TAKE MOTHER SEIGEL'S SYRUP

The famous old Reserve mine, the standby of the Dominion Coal Company, which has been running for the past half century or more, with practically no delay in the working of the pit, has but a few more years when it will cease to exist. Dominion No. 1 is fast working towards Reserve on one side, and the mine itself will eventually be tunneled through to No. 4. It is claimed that six years or more, the outside will be the limit that the Reserve can run at its present rate of production.

Despatches from Newcastle, N. S. W., state that a serious creep, has occurred in the old mine workings under the residential quarter of the city. Buildings on an area of fifteen acres are affected and the damage so far is estimated at \$500,000. There has been no loss of lives. A mine creep is a slow movement surrounding the excavations to replace that taken out. The movement often causes a change of levels on the surface.

Thos. F. Collins, confined in jail at Hopewell Cape, Albert Co., sentenced to be hanged on the 15th of November for the murder of Mary Ann McAuley at New Ireland, according to his own story, is a pugilist and has appeared in the ring in the old country. Collins says he fought six rounds on one occasion before coming to this country with Billy Brit, brother of Jimmy Brit, the former light-weight champion of America. In the sixth round Collins says he was knocked out by Brit by a blow over the heart.

Joseph Dettinger aged 59 years of York, Pa., committed suicide in an unusual manner. Placing a stick of dynamite in his mouth and holding it in his right hand, Dettinger exploded the dynamite blowing off his head and shattering the hand that held the explosive. Last Tuesday, Dettinger, who was a well digger by occupation, lost a sum of money said to have been \$50, and brooding over this is believed to have caused the desire to end his life.

Dr. Loir, an eminent French physician, was recently engaged by the medical faculty of Laval University. As he is a nephew of the famous Pasteur, and gave great promise, Laval authorities thought they had secured a find. It now transpires that Archbishop Bruchési has refused to allow Laval to employ Dr. Loir, his objection being that Madame Loir is suing for divorce and until this is settled his services will be dispensed with by Laval. Friday he was given a year's leave of absence, this being the time he was engaged for in the first instance.

A Dawson despatch says—"J. E. McDonald, a Dawson jeweler, was arrested at White Horse yesterday on the arrival of the steamer Selkirk from Dawson, charged with complicity in the robbery of \$40,000 from the registered mail in Dawson July 20. This makes four arrests in the case, the first being Richard Hall, the second George Kincaid, chief government foreman who was arrested at Selkirk, and who committed suicide, the third, Tom Vaughan, held on suspicion with a blanket charge of vagrancy against him, and the fourth, McDonald. Other arrests are expected to follow.

A London cable says—"The replies so far received to the post card ballot sent out by the Savoy Hotel management for the purpose of deciding whether the compulsory evening dress rule should be continued at the restaurant point to the triumph of the long established custom there. Out of five hundred well known patrons appealed to replies have been received

WHEN APPETITE FAILS. It is because your food does not digest properly. Your stomach, liver and bowels need strengthening. Don't neglect the danger-signal. TAKE MOTHER SEIGEL'S SYRUP.

ed from ninety, all favoring a continuation of the rule. Only one negative reply was received. This voter writes as follows—"Certainly it would be a stupid rule which would prevent people in this democratic century from dressing as they please. People are more important than rules of fashion. It is just such conventional ideas which maintain England's reputation for being a country enslaved by form."

Walking on the I. C. R. track near Birch Ridge, Friday morning Stephen Steeves a deaf mute was struck by the Maritime express and instantly killed. Birch Ridge is a little settlement about fifteen miles from Moncton and the Maritime express with Conductor Angus McLellan in charge and Driver Peter McKenna at the throttle was coming along at the usual rate of speed. Driver McKenna saw the man on the track and blew the whistle, thinking he would step out of the danger line. When a short distance from the man, seeing that he did not move, Driver McKenna applied the brakes but it was too late. When picked up he was dead. Steeves was a well to do farmer and was on his way to work when struck by the train.

Do You Suffer? from HEADACHE LOSS OF SLEEP INDIGESTION FORPID LIVER BILIOUSNESS BEECHAM'S PILLS

Give Positive Relief. In all cases of Biliousness, Constipation, Indigestion and Disordered Liver. The excellent results obtained by the use of Beecham's Pills have proved them worthy of the confidence they enjoy. They have helped thousands and recommended themselves.

"Baby's Own" Soap. —keeps its delicate fragrance to the very last fragment, and it is so well made that it will wear to the thinnest wafer. Albert Soaps Ltd. Mfrs., Montreal.

Notice. On and after Oct. 21st, 1907, I will be obliged, owing to the high price of flour, to charge 10c for double loaves of bread. Geo. Vermette, Campbellton, N. B.

WAGNER, Next Waverly Hotel, BOX 486, CAMPBELLTON, N. B.

## Goldfield Topic. GOLDFIELD NEVADA

Is near some of the sensational producers of the Diamondfield district and will soon be classed as one of the prominent properties of the great Gold Camp. The TOPIC consists of 20 acres, from the surface and location shaft of which rich specimens of gold ore have been taken. The property will bear close inspection by mining men familiar with the outcroppings of the district and will be found to possess the "ear marks" of a producing mine. Such properties as the Great Bend, Daisy, Diamondfield, Black Butte Black Ants, Vernal, Etc.,

Whose stocks are selling at from 50c to \$3.50 per share, that started at a few cents per share, are in close proximity to the TOPIC, and we firmly believe that the TOPIC WILL EQUAL any of them. It is your opportunity to make money with us by helping develop this property. BUY A LIBERAL BLOCK of this stock while you can get it at the present price and so share in the advance which is bound to come. SEVEN AND ONE-HALF CENTS per share is the price today, cash or installment. Ten per cent. Additional stock given FREE when full amount of cash is sent with the order. Act quickly. Things are doing in Goldfield these days!

REMEMBER, We own 35 acres adjoining the \$10,000,000 Stevens Mine in Clear Creek County, Colorado, and the present price of the stock is only 7 1/2 cents per share; buy now, tomorrow may be too late. THE McCLELLAND COMPANY 630 CHARLES BUILDING DENVER, COLORADO For further particulars apply to P. O. Box 609, Campbellton, N. B.

# PAIN

Pain in the head—pain anywhere, has its cause in congestion, pain is blood pressure—nothing else usually. At least so says Dr. Shoop, and to prove it he has created a little pink tablet. These little tablets, Dr. Shoop's Headache Tablets, cause blood pressure away from pain centers. It is effective, pleasant, delightful, usually, though rarely, it rarely equalizes the blood stream.

If you have a headache, it's blood pressure. It's a painful period with women, some come from an electric, restless nervous. It's blood congestion—blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the congested blood pressure.

Brush your finger and doesn't get red, and swell and pain your. Of course it does, it's congestion, blood pressure. You'll find it where pain is always, it's a simple common sense.

We sell at 25 cents, and cheerfully recommend

# WOMAN'S WORLD

## DIABOLA, A NEW GAME THE WORLD IS GOING MAD OVER

Have you learned to play "diabola"? If you haven't you must, for it is the real thing now. First Paris went mad; then London fell victim to it; now Newport is "diabola" crazy.

It has come upon America, suddenly, but the toy dealers have already seized upon it and the stores of Boston are now beginning to sell "diabola" sets.

It originated long ago in China and Japan. The nobles of France used to play it. Two years ago the Parisians, always seeking for something new, revived "diabola". Now it has descended upon America.

It is a simple game, almost childish, apparently. But when one comes to play it properly it turns out to be more difficult than one thinks. Here is the way it is played.

First, the implements. There isn't much to them. Two sticks, connected at one end by a long cord and a celluloid or gutta-percha spool, shaped something like an hour glass.

The spool, lying upon the ground must be picked up with the string. The player takes one stick in each hand, gets the string under the spool and then, setting it whirling by manipulating the string, hurls it into the air.

Either this player or some other to whom it is directed must catch it upon the string and hurl it back. The hands must not touch it.

Any number can play it. It can be played solitaire. It can be played anywhere that the floor or ground is smooth.

Played accordingly to the rules, it is full of fascination and excitement, and, from a spectator's standpoint, is as pretty and diverting a game as any that athletic men and women can indulge in.

## BEWARE OF THE LADY KILLER

Women do not admire the "lady-killer" type of man. He is good-looking, as a rule, but that is all there is to him.

The very way he looks at a woman is a covert insult, and the well-bred, modest woman instinctively feels it and resents it accordingly.

He is conceited to a degree, and that is the fault of silly girls who know no better than to capitulate to his cheap blandishments.

He is dandified in dress and altogether considers himself irresistible.

But in spite of all his efforts, he is not the man that the normal, wholesome woman admires.

The man that appeals to her is first of all manly. She does not care if he does put his blundering, masculine foot in it occasionally and say a wrong thing in the wrong place. She does not want him to have the finesse of a woman.

**DESPISE MALE FLIRTS.**

Men despise a woman who makes eyes and flirt with strange men. This being the case, why should they expect a woman to admire the man who ogles every pretty woman he sees?

Perhaps the man who persecutes a woman in this way expects her to take his odious attentions as a compliment. If he only knew how she loathed him and his ways he would mend them.

**MASTERFUL MAN WINS.**

Your true woman has no desire to be masterful. Even the few strong-minded ones who are inclined that way would be diffident if they had much to do with real men. But as a rule you find that the ultra strong-minded woman is married to an insignificant mouse of a man. Some one has to be masterful, so she, the stronger of the two, takes the helm.

Not for a moment do I believe in woman losing her identity and effacing herself, but it is natural that man should be the strongest of the two, and that woman should respect his strength.

**OVER THE TEA CUPS**

Ness City, Kas., boasts of a woman banker, Mrs. Mary C. Bennett, who began fifteen years ago as a bookkeeper and was steadily advanced until she became president.

A woman has been making experiments with a pedometer and has discovered that she covers over seven miles a day in her household tasks.

The town of Orson, Sweden, is without taxes. The necessary revenues are derived from the forest reservation.

The ministers and missionaries of the western central part of Canada are taking up the subject of endeavor to supply wires to the bachelor residents of that section.

The largest orchards in the

**A Surprise in Biscuits**

When you want to surprise yourself, give your appetite a treat with

**Mooney's Perfection Cream Sodas**

world are at Werder, near Berlin. They extend without a break to 13,000 acres. They yield about 48,000,000 pounds of apples and pears every year.

The oldest white woman in America, it is claimed, is Mrs. Mary Wood, of Portland, Ore., aged 120 years, who on July 4th was crowned queen of Oregon. She left Missouri in 1852 but was born at Knoxville, Tenn.

Two women at least, are in public office in Texas, both having been put there by men's votes. Miss Zena Dalrymple was elected county and district clerk for Uvalde county and Mrs. Mary C. Cope for Eannin county.

A sixteen-year-old Hungarian girl, living in Denver, is said to be the only female maker of violins in the world. She has just completed her fourth and all of them are said to be of fine workmanship and excellent tone.

Miss Ney, a well known sculptress, is said to be the only woman sculptress in the United States.

Use Shiloh's Cure for the worst cold, the sharpest cough—try it on a guarantee of your money back if it doesn't actually CURE quicker than anything you ever tried. Sale to take, nothing in it to hurt even a baby. 24 years of success commend Shiloh's Cure—25c., 50c., \$1.00.

**Shiloh's Cure Cures Coughs and Colds QUICKLY**

tor of Texas, is a lineal descendant of Marahal Ney. True to her principles, she made the opening address at a meeting of the Legislatures to consider the amendment to grant full suffrage to women.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known in the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally acting directly upon the blood and mucous surface of the system, thereby destroying the foundation of the disease and gives the patient strength by building up the constitution and assisting nature to do its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address F. J. CHENEY & CO., Toledo, O.

Sold by all druggists, 75c. Take Hall's Family Pills for constipation.

# Lumbermen, Farmers and the General Public, Preserve and Restore Your Horses by the Use of

## DR. J. WOODBURY'S HORSE LINIMENT

NO STABLE SHOULD BE WITHOUT IT.

For the removal of Splints, Curbs, Bog Spavins, enlargements of any and every description, IT HAS NO EQUAL. Given internally it will promptly relieve and remove any and every character of Cough, Enlargement of the Glands, Affections of the Kidneys. For Distemper, Strangles and Colic it is infallibly the remedy.

All horses that are stabled should have an application of DR. J. WOODBURY'S HORSE LINIMENT to the hoofs of the fore feet to prevent their becoming feverish, dry, brittle, hard, contracted or otherwise injured. BEWARE OF MANY worthless nostrums offered to the public at the present time. Insist on having DR. J. WOODBURY'S HORSE LINIMENT. We warrant it to effect that for which it is recommended, when used according to directions.

Its beneficial effects are so prompt and decided that it has excited the admiration of the leading lumbermen of the Maritime Provinces and secured their highest confidence.

**A FEW TESTIMONIALS FROM HE MANY WE HAVE RECEIVED**

Frasier, Thornton & Co., Cookshire, Quebec. Hubbard's Cove, N. S.

Gentlemen,— We do not hesitate in recommending your Dr. J. Woodbury's Horse Liniment. We have used in the woods for Coughs, Strangles, Distemper and Cuts, and would say that no lumberman should be without it.

Yours truly, Clark Bros

If your dealer does not keep this Liniment in stock send your order direct to us.

MANUFACTURED BY FRASIER, THORNTON & CO., Cookshire, Quebec, Canada

Dear Sirs,— I have used Dr. J. Woodbury's Horse Liniment in my stable for years and consider it the best Liniment on the market for both internal and external use.

Yours truly, C. C. McLean

NOTE AND COMMENT.

That's right! Get after the dog taxes.

Let's hear what sort of get-rich-quick schemes Mr. Hazen has up his sleeve anyway.

Meanwhile the Conservative organs in the province always find someone silly enough to believe them

What a misfortune it would be if a howling nor' east snow storm came along before Kipling took his departure!

The government party in Restigouche was never more harmonious and more confident of success at the polls than it is at the present moment.

Parliament is summoned to meet Thursday, Nov. 28th. One paper predicts that the session will be a fighting one.

The New York race track tout who found a wallet the other day containing \$9,500 and took it to its rightful owner from whom he received a reward of \$1,000, which he in turn handed over to his wife, must be something of a novelty around race tracks.

Donald Morrison tells the St. John Telegraph, chief organ of the conservatives in this province, that the North Shore will go solid for Hazen. Then in the next breath he says that the opposition will capture at least one of the Restigouche seats.

Moncton ministers announce their intention of preaching on the Scott Act. They hope by so doing to bring about an enforcement of the Act.

At the request of a number of citizens of Gaspé, "Events" sent the following telegram to Mr. Lemieux on Monday: "The people of Gaspé, through "Events", wish you every success in your mission to Japan on behalf of the Canadian government."

At sixty the average man should be in a position to retire and spend the balance of his days in ease and comfort. There are men, however, who have followed an occupation all their lives from which they have derived nothing more than a living wage, and sometimes a scant one at that.

today is too strongly opposed to it. Hence the majority of our public servants are granted a retiring allowance or else provision is made for them in other ways.

CRIME FOR CRIME

Charles Trotter and Marie Chenier lived near the little village of Warren, Ont. about twenty miles east of Sudbury, and an affection sprang up between the two young people which ripened into love and a desire to be married.

SIDE LIGHTS.

YOU MAY know a youth by the photos he keeps.

SHORT SLEEVES have gone out. So have the mosquitoes.

BEAUTY is something a man likes better in his best girl than in himself.

THEY ARE now speculating over the future of the N. B. Southern railway. Wonder if it will ever be able to live down its past.

JUDGING by newspaper reports it's a safe bet that the passengers on some of the trains in these parts, see more big moose than the average hunter who tramps the woods for days.

MR LEMIEUX OFF TO JAPAN

(Continued from first page) favorably reported on by a special committee last session.

At the request of a number of citizens of Gaspé, "Events" sent the following telegram to Mr. Lemieux on Monday:

"The people of Gaspé, through "Events", wish you every success in your mission to Japan on behalf of the Canadian government."

Yesterday "Events" received the following telegram from Mr. Lemieux:

"I have received your kind telegram expressing the good wishes of the people of Gaspé in my mission to Japan. In answer, let me say that I ap-

preciate more than ever this kindness of my electors, and I will remember them during my absence. Thanking you again for your telegram, I remain, dear sir, Yours truly, RODOLPHE LEMIEUX.

Mr. Lemieux is accompanied by Madame Lemieux, Joseph Pope and Mrs. Pope and Hector Verrette, his secretary.

WATER ST. Notice of Sale.

To Thomas Duncan of the Parish of Addington, in the County of Restigouche and Province of New Brunswick, Farmer, the heirs of the late Henry Duncan and all others whom it doth or may concern.

Notice is hereby given that under and by virtue of a power of sale contained in a certain indenture of Mortgage, bearing date the second day of July, A. D. 1891, made between the said Henry Duncan in his life time, party of the first part and Mary Buckerfield of the Town of Campbellton aforesaid, Spinster, of the second part, and duly recorded in the office of the Registrar of Deeds in and for the County of Restigouche as No. 4374 on pages 118-119-120 and 121 of Book 117 of said records, there will, for the purpose of satisfying the monies, both principal and interest secured by said indenture of Mortgage (default having been made in the payment thereof) be sold at public auction in front of the postoffice in the Town of Campbellton aforesaid; on Monday the twenty-seventh day of January next, at eleven o'clock in the forenoon, all that certain lot, piece or parcel of land situate, lying and being in the Parish of Addington "known as the Henry Duncan Homestead," and bounded and described as follows:

"On the west by a lot of land owned and occupied by Robert Adams, (now the property of John Adams) on the east by Lot number nine called the Hear Lot and on the North by the River Restigouche containing two hundred acres more or less" Excepting and reserving therefrom the Lot of land occupied by Stewart McLaughlin.

Together with all buildings and improvements thereon standing and being, privileges and appurtenances thereto belonging or in any way appertaining.

Mary Buckerfield. Mortgagee. Oct. 21st, 1907.

Tenders Wanted

Scaled Tenders, addressed to the undersigned and marked "Tender for wood" will be received up till 8 p. m. November 4th for the supply of ninety cords of green hardwood and five cords dry soft wood, delivered at the Campbellton Public School.

Tenders must state price per cord of wood specified in tender. Must be all good, sound wood, maple, beech or birch, sawed four feet long and split. Said wood to be delivered as required and the whole must be delivered not later than the first day of April 1908.

The Board will not be bound to accept the lowest or any tender. S. Laughlin, Secretary. Campbellton, N. B. Oct. 22nd, 1907

Stones are going up in price all the time. We have some splendid values at present. Let us talk them over with you and show the diamonds themselves. We guaratye our goods.

C. F. CLARE, The Jeweller, CAMPBELLTON, N. B.

# TOWN TOPICS

Thos. Ellsworth has purchased from W. G. Fenwick of Bathurst the speedy roader, Abbott W.

Carajet oysters are very scarce this season. They are now selling down the coast at \$7. a barrel.

Several applicants for positions on the I. C. R. as brakemen have been given certificates within the past week and will report for duty at once.

The annual cattle show of the Durham Agricultural Society, No. 79, will be held on the grounds of Nat McNir in Nash's Creek on Tuesday, Oct. 30th.

James A. Carr, B. A., son of Rev. Dr Carr of this town, has been engaged to fill the vacancy in Grade V. at the school here, caused by the resignation of Miss McCain.

Here is something, for those of our readers who are superstitious, to ponder over. A day or two ago a Campbellton man passed underneath a ladder and a few yards farther on picked up a two-dollar bill.

Master Edward, son of Mr and Mrs Geo. St Onge won the watch in the A. O. H. lottery. The drawing took place Monday, and ticket No. 261 carried off the prize, which ticket was held by Edward St Onge.

Manager Dimock of the Opera House is making an effort to bring the W. S. Harkins company here at an early date. The Harkins company has a high reputation in the provinces. It is perhaps the best repertory organization which comes this way. The company is now playing at the Academy of Music, Halifax.

Among the delegates who attended the New Brunswick Sunday School convention at Fredericton this week were—Miss Annabella Cameron, Dalhousie; Jos. Henderson, Bathurst; Rev. T. H. Kirk, Dalhousie; Mrs E. W. Lewis, Campbellton; John McMillan, Bathurst and Miss Gerrard of Campbellton.

"Events" has received from W. J. McKendrick a copy of the Bulkley Pioneer published at Aldermere, B. C. Mr McKendrick is a Campbellton boy who went west about a year ago. He is engaged in mining and doing well. Aldermere is located in the Bulkley Valley a stretch of country which is destined to become a great stock raising country. At present mining is the chief industry.

W. L. McRae resigned this week as president of the Citizen's Band. Mr. McRae held the position a year and a half, during which time he was using his efforts to build up the band and make it a permanent institution. Supported by the members of the organization he has succeeded and he now feels that he is entitled to rest. At a meeting of the band, Tuesday evening, Mr McRae's resignation was regrettably accepted.

The death occurred at St. John, Monday evening, of Arthur D. Branscombe, father of Mrs P. J. Stackhouse of Campbellton. Capt. Branscombe retired as usual about 10 o'clock and was seized with a severe fit of coughing. Half an hour later he passed away. His death came as a shock to his family and friends. Mrs. Branscombe was visiting her daughter in Campbellton at the time. A telephone message was sent her and she left for St. John Tuesday morning.

A Grand Anse, Gloucester correspondent writes:—Considerable improvements were made on the Carajet and Golf Shore road bed this summer, a large number of men being employed on construction work. A considerable quantity of the old and decayed sleepers are being replaced by new ones. The roadbed in all low places is being raised. The raising of the roadbed should greatly lighten the work of the train hands and section men during the winter as ice forming on the track during the past winters caused much labor and frequent delays and was a great source of annoyance to passengers. It is expected the company will be able to give a much better service this winter.

The big game season this year has not been as pro active of results as was that of last year. This condition is no doubt due to the continuance of the wet weather. The marshes are now in an impassable condition and the intervals between the game commissioners' definite returns in regard to the total number of killings will be obtainable until the end of the season when the returns will have all been received from the game commissioners. So far the receipts for licenses have aggregated to about the same sum as was the case last year, in the vicinity of \$23,000, says the Fredericton Cleaner. More non-resident licenses have been taken out this year than ever before, indicating the fact that more hunters from the United States and other foreign countries had visited the Province in quest of big game.

A turkey supper will be served on Thanksgiving Day in the vestry of the Baptist church. The supper will be served from 5 p. m. to 8 p. m.

Prof. E. K. Crocker, with his stud of educated horses is appearing in Quebec City this week.

A supper and bazaar in aid of the convent will be held in the Mechanics Institute, Dalhousie, Oct 29th and 30th.

A Campbellton man in Moncton, Soudan, told a Transcript reporter that there was lots of snow in Campbellton. Not yet, brother, but soon.

Several violations of the liquor law were proven before Magistrate Matheson last week and the offenders find the usual amount. There are other cases pending.

The regular monthly meeting of the O. E. F. was held here on Tuesday evening. There was a large attendance but only routine business was transacted.

Frank Pierce, an employe of the Town, accidentally stepped on a rusty nail one day last week. The nail penetrated the foot to such an extent that surgical aid was required.

Rev. M. F. Richard, of Rogersville, Northumberland Co., was at Lourdes, France, on Oct. 2nd, and celebrated Mass at the principal altar of the Basilica on that day. A letter received by Rev. Father Bellevue says Mr Richard and his companion Rev. Father Dixon of Newcastle, were in perfect health. They are now probably in Rome.

"Events" was told a day or two ago of a case of a father entering a saloon in this town accompanied by his two sons. The youngest son, who was not more than seventeen, was reluctant to join the others in taking a drink of hard liquor, but his father insisted and the boy did so. Who is principally to blame for this boy turning out to be a drunkard?

The "at home" to be given by the members of the Nordheim Club tomorrow evening in the Opera House promises to be the social event of the season. The committee which is composed of R. K. Shives, F. W. Kennedy, F. E. Lockhart, G. E. Farrer and F. E. Shephard has been working energetically during the past week to make the affair a success and their efforts no doubt will be crowned with success. About three hundred invitations have been issued.

When the best can be had at the same price as the inferior article, why not have the best? If in addition to your local paper you feel you should have one of the biggest weeklies, then have the best. The Family Herald and Weekly Star of Montreal has stood the test. Its growing popularity is admitted by all publishers. It is a clean family paper, unspiced and unspiced paper without a rival. It costs as little as the inferior papers—one dollar per year—so why not have the best.

Hon. C. H. LaBillette, commissioner of public works, who was in the city yesterday, was asked about talk of changes in the highways act, says the St. John Telegraph of recent date. He said nothing definite had yet been decided on. The government may decide to appoint a commission to go into the whole question. One suggestion is to make it optional for the provinces to adopt statute labor, thus taking the matter out of the sphere of either municipal or provincial politics.

One evening, not long ago a Campbellton young man who tripped, inhaled a little too freely for his own good with the result that he was unable to navigate as far as his own house, and put up for the night, all unknown to himself, on a neighbor's verandah. Sometime between midnight and dawn he awoke, rubbed his eyes and gazed for a minute or two with a growing apprehension at the bars supporting the verandah rail in front of him. Then aghast, he exclaimed:—"Good God! I'm here at last." The young man has been riding the water wagon steadily ever since.

The Boston Herald, referring to the lumber market has the following:—As the season nears an end and the spruce mills shut down one after the other the supply shows a material decrease. The demand has fallen off, also, and prices, therefore, are not advanced. Any increase in the buying would force up prices, as the situation is considered very strong. Receivers' prices are: 10 to 12 in dimension, 24; 9-in. and under, \$22 @ 23; 2x3, 2x4, 2x5, 2x6, 2x7, 10-ft upward, \$18 @ 19; other sizes, 10 ft. and upward, \$20 @ 22; spruce boards planed on one side, \$20; furring, \$20 @ 21; matched boards, \$23 @ 24. Hemlock boards are quiet but steady at \$20 for random and \$21 for stock length, for both eastern and northern. Shingles are higher and firmer for the better grades; Extra clear, \$4.10 @ 4.25; clear 3.60 @ 3.75; second clear, \$2.50 @ 2.75; extra No 1 \$1.75 @ 2. Clapboards are firm; Extra, \$4 @ 4.5; clear, \$4 @ 4.5; second clear, \$3 @ 4; extra No. 1, \$2.5 @ 3. Laths are firm. The quotations are \$3.75 @ 4 for 1 1/2-in and \$3.50 @ 3.75 for 1 1/4 in.

Incoming vessels this week report quantities of ice off the coast.

Richard's lower mill and Champoux's have shut down for the winter.

Quite a lot of snow has fallen in the northern part of Bonaventure and Gaspé.

Jas. McIntyre charged with assaulting Robt Myles at Charlco was fined \$25 yesterday by Magistrate Bassett.

Watch for the new daily paper, "The Morning Graphic." It will make its first appearance Saturday morning, Nov. 2nd.

Fine opportunity for smart boy to learn the newspaper business in the office of a daily paper. Apply to Anslow Bros.

A Prince Albert despatch indicates that Attorney General Turgeon, the brilliant son of O. Turgeon, M. P. for Gloucester has been elected on the recount.

"Died in harness," is actually what an old horse, for years in the service of the late Dr Venner did on Saturday evening. The animal attached to a light wagon was being driven slowly up Queen St. by Mrs Corinne Venner when suddenly it dropped dead.

Policeman Jones arrested James McIntyre at Upper Charlco on Friday on a charge of assaulting Robt. Myles of that place on the day of the county elections. McIntyre when taken before Magistrate Bassett pleaded guilty and was held in \$50 bail.

The moving picture show will start again in the Opera House on Monday night next. Anyone who has not yet seen the pictures that are being shown in the Opera House are missing a treat. A complete change of film and musical programme will be put on Monday night. Admission, 10c to all.

Prof. T. B. Kluder, director of manual training for New Brunswick spent Wednesday in town examining the manual training department of the Public school and expressed himself as well pleased with the work done. In conversation with an "Events" reporter he stated that he had observed a marked improvement both in discipline and in methods of teaching in that department since his last visit.

In speaking of the Schubert Symphony and Lady Quartette which will appear on the 6th of Nov. in Campbellton's new Opera House the Sarina Ont Observer of recent date says:—The singing of the quartette was very pleasing in both serious and humorous selection. Their voices blend harmoniously and they possess unusual range. The playing of the Symphony Club was of the popular order and above the average. Miss Vera Edith Young, formerly a Canadian, sang the soprano solo in a charming manner. The contralto soloist, Lovie Zondt Purcell, possesses a voice of unusual depth and quality. Among the pleasing features of the evening were the readings of Marie Teresa de Grasse; Her work was warmly appreciated by the audience. The violin solos by Miss Purcell were of exceptional brilliancy and were played with great facility of execution.

## Social And Personal

Scott Moffat was in St John this week.

Premier Robinson was in town this week.

H. B. Anslow, Newcastle was here this week.

### Don't Condemn Yourself to Bright's Disease

TAKE GIN PILLS NOW

Bright's Disease claims its thousands yearly solely because people won't heed nature's warnings.

Pain in the back and constant headaches mean Kidney Trouble. Swollen hands and ankles, and pain in the joints, mean Kidney Trouble. Frequent desire to urinate—urine hot and scalding—mean Kidney Trouble. Neglecting sick Kidneys means Bright's Disease.

If you know your kidneys are affected—or if you suspect they are affected—give them the help they need—GIN PILLS. Taking GIN PILLS regularly soothes the irritated, inflamed membranes—gives to the kidneys new strength—corrects every kidney and bladder trouble.

MADE IN U.S.A. I received the sample box of GIN PILLS and was greatly benefited by them. My kidneys were in such bad condition I could not lift or stoop without great pain. In fact, they pained me nearly every minute. I have taken three boxes, working all the time at heavy work on the railroad, and feel like a new man.

And they are sold on a positive guarantee that they will cure you or money refunded. Put them to the test with the understanding that you must be cured or you get your money back. So sure are we that GIN PILLS will just what you need in your own case, that we will send you a free sample to try. Write, mentioning this paper, to the Bole Drug Co., Winnipeg, 50c. a box—6 boxes for \$2.50. 89

### CURE ALL KIDNEY TROUBLES

Mrs. Hiram Revey, Marmora, Ont. writes: "I was troubled for five years with my back. I tried a great many remedies, but all failed until I was advised by a friend to use Doan's Kidney Pills. I did so, and two boxes cured me. I can now do all my work and mend them by all means. I would recommend them to all who have back pain. You may purchase them at any dealer, or mailed direct on receipt of price by The Doan Kidney Pill Co., Toronto, Ont."

## LUMBER

### WHAT CANADA LOSES BY EXPORT OF PULPWOOD TO THE UNITED STATES

(Montreal Herald)

The strong movement to which The Herald directed attention some months ago, as growing in force and intensity, in favor of a change in the fiscal conditions that govern the exportation of pulpwood, has found expression in articles that have appeared in many journals as well as in the representations made, this week to the Prime Minister, the Minister of Finance and the Minister of Customs by an influential delegation representing the industry.

The facts that have been industriously brought to light by special writers who have investigated the question, as well as by practical authorities engaged in the industry, seem to point to the conclusion that Canada, with probably the greatest supply in the world of timber of the finest quality, for paper manufacture, has made comparatively little progress in the production of paper, and that the cause of the slow advancement in this particular sphere while the evidences of activity in other directions are unmistakable, is the law which enables the American producer to import the raw material from Canada, manufacture it into paper and sell the finished product into this country again to the detriment of home enterprise.

The remedies suggested for this condition of things at the present time are the imposition of an export duty on pulpwood by the Federal Government, or the passing of general legislation by the Dominion Parliament similar to that already enforced in the Province of Ontario, prohibiting entirely the exportation of pulpwood.

It is established by figures derived from official sources that the Dominion is the second best customer the United States has for paper, and it is contended that all the paper we buy from there can be produced at home from the raw material that our own forests supply. It is from the province of Quebec that the largest purchases of the raw material are made for the States. The question is, therefore, of vital interest to the people of this province. It is claimed that not only all the forests of this province stripped of pulpwood, a most valuable asset that could be made an important factor in industrial development, but that it promotes bogus settlement on Crown Lands by bringing men who move from place to place, leaving the land behind them bereft of the most valuable part of their timber wealth.

The two strongest arguments against the prohibition of the export of pulpwood are that it would discourage settlement by depriving the settler of a profitable market

for his timber and would at the same time provoke retaliatory legislation by the United States. The reply to these contentions is that while the settler might be deprived of a portion of his present market, a new and valuable one would be created at home as the result of the development that would arise from the new conditions.

#### THE VIEWS OF MR. J. R. BOOTH

Mr. J. R. Booth, millionaire lumberman, of Ottawa, said in a recent interview that the farmer and settler might be at some disadvantage for a year or so, but it would soon be found that they would get as much for the pulpwood they had to sell as formerly, and in the end they would be benefited rather than otherwise. This is how Mr. Booth argues the question:

"On an average it takes one and a half cords of wood to make a ton of paper. For that cord and a half the farmer receives not more than \$4.50. That is the limit of the extent to which the buyers of pulpwood for export help this country.

Add the cost of transportation out of the country, and their is a trifle more left within our boundaries. Look at it from another point of view: If that cord and a half of pulpwood were manufactured into paper in Canada, there would be expended in the making alone some \$24. Would it not be better to bring about a condition where such an amount could be expended here rather than continue a system which allows our raw material to go out of the country for such a trifling return as I have mentioned?"

So far as the possibility of the American retaliatory measures is concerned Mr. Booth, like most of papermakers who have been interviewed on the subject regard the fears as in the nature of a false alarm. The Americans would find that they were making matters worse for themselves by assuming such an attitude. He was convinced that the stopping of the export of pulpwood would compel a number of American pulp and paper mills to establish mills in this country, and would lead to the erection and operation of mills by capitalists not now in business. Coincidentally there would be the establishment of a number of factories for the production of machinery used in pulp and paper-making. Under present conditions, a large part of this machinery has to be purchased in the United States and a considerable duty has to be paid on it.

#### THE FREE TRADERS VIEW.

In looking over the objections urged against a change of policy as regards pulpwood the free trader's view point must not be ignored. This has been expressed by Mr. Booth's fellow townsman, Senator Edwards, who regards the agitation for an export duty as the original sin of those who want to circumscribe the market and make owners of pulpwood sell at the prices they dictate. He declared himself to be in favor of manufacturing the raw material in Canada, but said he, "I do not want any Chinese legislation to help me." The senator, who is the head of a great lumber company, was emphatic in his declaration. "If," said he, "the Canadian people with the most numerous and the best water powers in the world, the greatest quantity of available spruce for the making of pulp, and labor as good as that which can be found anywhere else cannot get along in that particular industry without such help as some claim they must have, they had better go and die; they are not fit to live. I want the other fellow who is not going to build a mill either because he cannot afford it, or for any other reason, to be at liberty to sell his material whenever he can get the most for it—whether in

Canada or the United States. Consider this also. Nothing could be more detrimental to the interests of this country than that all the men who can do so should build pulp and paper mills. They would destroy the business which is being developed as fast as is good for Canada."

#### Quincy, sprains and Swelling Cured.

"In November, 1907, I caught cold and had the quinsy. My throat was swollen so I could hardly breathe. I applied Chamberlain's Pain Balm and it gave me relief in a short time. In two days I was all right."

Edmonton, Alta., Oct. 9.—Inspector C. H. West, formerly of Regina, is in the city, from Lesser Slave Lake, where he has been stationed for the last seven years. Speaking of his work among the Indians, Dr. West said that he had charge of the Beaver Indians, Crees, Chippewyanas, Slaveas, and other tribes. The Indians were just holding their own in point of numbers, the deaths each year being about equal to the births.

Speaking of the country in the Slave Lake and Peace River district Inspector West grew enthusiastic. He thought the Peace River country would be opened and settled before the Saskatchewan country. The crops in parts of Alberta were excellent this year and were harvested before the frost.

Why do You Faint? Sometimes from shock or fright, but usually because the system is weakened and depressed,—it lacks power to react from sudden strain. This condition demands rebuilding, demands nourishment, which is best supplied by Ferrozone. In every form of debility Ferrozone is a specific. It fortifies the digestive and assimilative power of the body, promotes the elimination of waste materials, builds up tissues, gives energy and resistance. To have rich, red blood, enduring nerves, a strong constitution and lasting good health, use Ferrozone. Sold everywhere in 50 cent boxes.

#### Sheriff's Sale

Notice is hereby given unto all whom it may concern, that there will be sold at public auction at the Court House at Dalhousie, in the county of Restigouche, on Thursday, the twelfth day of December next at two o'clock in the afternoon, all the right, title and interest, both in law and in equity, of Alexander Boudreau in and to a certain dwelling house situate in the town of Dalhousie, in the said county of Restigouche, on the same lot as that on which the house owned and occupied by Turvey Prussault is situate, and also all any right, title and interest of the said Alexander Boudreau, and to the said lot of land or any part of the same, in law or in equity.

The same having been seized and to be sold under and by virtue of an execution issued out of the Restigouche County Court against the said Alexander Boudreau at the suit of Chalcurs Bay Mills.

Dated at Dalhousie in the county of aforesaid, this eighth day of October, A. D. 1907.

Timothy Robinson, Sheriff of the County of Restigouche

Resetting, 0 to 4, 75c per set

# TOWN TOPICS

## NO PAPER NEXT WEEK

The publication of the new daily paper from this office next week necessitates extensive alterations in the building and the installation of a large quantity of machinery. As a consequence we deem it inadvisable to attempt to turn out "Events" next week. Subscribers to the paper, however, will receive the first copy of the new daily instead. "The Morning Graphic," will first appear as announced in another column on Saturday, Nov. 2nd.

Campbellton had its first flurry of snow on Saturday.

In the list of births in last week's issue of Events, owing to a typographical error the name of Riddle appeared when it should have been Biddle.

Magistrate Matheson sent Frank Valroy up for trial on Friday. Valroy was charged with assaulting Karl Hendrickson. He was held in \$500 bail.

The Rifle Club will hold a shoot on the range on Thanksgiving Day. A number of suitable prizes have been donated by prominent merchants. The contest is open to the public and any make of rifle may be used.

La Barre Bros. minstrels appeared in the Opera House Monday evening before a crowded house. They gave a capital performance from 8.15 until 10.15. The audience expected that it would last longer and naturally so.

Dr. Lunan of Campbellton and Dr. Bell of Montreal who spent about two weeks in the Kedgewick country in search of big game returned to town on Tuesday. They succeeded in bringing down a splendid moose during the trip. They saw a number of others but they were all young ones and had very small antlers.

Stewart Adams, the 14 year old son of Chas. Adams disappeared from his home yesterday and diligent inquiry failed to reveal his whereabouts. Young Adams left his home at the usual hour in the morning saying that he was going to school. When he did not return at noon his parents made inquiries at the school and learned that the boy had not been there. They then notified I. C. R. Inspector Noble and asked him to make inquiries along the line which the officer did but without avail. Greatly to the relief of the parents the boy returned to his home in the evening. He said that he had spent the day in the woods.

## PROFFSSIONAL

Dr. A. Peirce Crockett, eye, ear, nose and throat specialist of St. John will be at the Royal Hotel (Sprout's) Campbellton, FRIDAY, Oct. 25th, where he may be consulted professionally. One day only.

## THE

# Royal Bank of Canada

**DALHOUSIE Branch**  
W. A. R. CRAGG, Man.  
**BATHURST Branch**  
J. M. AITKEN, Man.

S W Dimock has found it necessary to lay a complaint before Magistrate Matheson against a young man of the town for expediting on the floor of the Opera House.

The lumbermen are endeavoring to establish a winter mail service from Robinsonville to Kedgewick a distance of thirty four miles. It would prove a great convenience to the thousand or more woodsmen in that section of the country.

Mrs. Barney, the world's white ribbon missionary lectured Friday evening in the Baptist church. The audience was not nearly as large as it should have been. Mrs. Barney is an eloquent and convincing speaker and her lectures no doubt assist materially in promoting the cause of temperance.

Mr and Mrs C. F. Russell have the sympathy of the community in the death of their nine months old son, which occurred at Cross Point, Monday. The remains were forwarded yesterday to Toronto for interment. Mrs. Russell went through on the same train.

When No. 40, the east bound freight was about to leave here last evening I. C. R. Inspector Noble noticed a suspicious looking individual hanging about the cars. Noble kept an eye on him and when the train pulled out saw him climb on a car. The inspector climbed on also and pulled the man off. Mr Noble took him to the police station. At the station he said his name was Arthur Melanson and that he belonged to Moncton. He came up this morning before Magistrate Matheson and was sentenced to fifteen days in jail.

There was a rough and tumble fight among about a dozen Englishmen, Friday night, in Boudreau's boarding house. Chief Gray and Policeman Jones were notified. When the officers arrived at the house the disputants flourished knives and defied the blue coats to arrest them. The police sailed in, however, and after a short but stiff encounter, during which affair Jones had his hand badly cut, succeeded in landing two men. Later the man ran in five more. In court the following day six of the disturbers were fined \$3. while three against whom there was little evidence were allowed to go.

The case of Alex F Chamberlain and wife against the I. C. R. was completed at St. John last week and the argument of counsel will take place on Nov. 21st. The action was taken to recover the sum of \$10,500 damages for the loss by fire of nine buildings, one house and eight barns and out buildings, situated above Campbellton in the county of Restigouche on the 3rd of May 1905. The fire originated from sparks from an I. C. R. engine. The plaintiffs claim that the escape of sparks was the result of defective netting in the smokestack of the engine. There now only remains the argument of the different counsel on the case before a decision is arrived at.

On Wednesday evening, Miss Dora M. F. Lodge, daughter of Edmund Lodge of Runnymede, P. Q., was united in marriage to Perl E. Chaytor of this town. The bride was prettily attired in white silk. Her travelling suit was of green ladies' cloth with hat to match. The ceremony was performed by the Rev. Dr. Carr, at the Presbyterian manse, after which the happy couple drove to the residence of the bride's uncle, Robt. L. Duncan, where a dainty luncheon was served. Only the immediate relatives of the bride were present. The remainder of the evening was spent in musical and literary amusements until the arrival of the east bound express which conveyed the bridal party to St. John and other points. The bride who is a general favorite, received a large number of beautiful and costly presents.

"I must confess," growls the dissatisfied tourist, "that I can't see why so many people want to go to the No scenery, no amusements, no good things to eat—absolutely no attractions!"

"Ah, senor," said the innkeeper, "say come because we 'ave ze grand label to stick on ze luggage."—Success Magazine.

# TALES OF THE TOWN

The big locomotive of the Maritime express was puffing and snorting to make up an hour that its predecessor had lost between Halifax and Campbellton. But, the train was heavy and when Riviere du Loup hove in sight the leviathan of the rails hadn't gained the fraction of a second.

"Won't make up any time," said the sleeping car porter to a group of travellers in the smoking compartment. "Never do, when we're running late with a heavy train. We're more apt to lose."

"Then what time are we likely to reach Montreal?" asked someone.

"Oh, somewhere about seven o'clock." And with that the porter withdrew.

A few minutes later as the train pulled out of Riviere du Loup one of the group of smokers, a well known Boston literary man spoke up: "I have never experienced such miserable luck on a hunting trip in my life."

"How's that?" asked the man on his right.

"Well in the first place in trying to save time I lost time. I was ready to leave Boston for the Mirimich on Saturday but found that there was no train for St. John until Sunday. I found that by going the roundabout way over the New York Central and Hudson river road to Montreal, I could reach Newcastle seven hours ahead of the train which was due to leave Boston for St. John on Sunday morning. So I resolved to gain the seven hours even if it did cost a trifle more. We arrived in Montreal in good time and everything looked lovely until I went in search of my baggage when I discovered to my unspeakable sorrow that it had been forwarded to Ottawa by mistake. Well, I fumed some, I can tell you, but what was the use. I was condemned to spend a whole day in Montreal before I got my baggage back. Then I went on, I put in ten of the hardest days in the woods I ever did in my life and saw nothing more than a little moose. He was a little fellow with just what you might call, a two-inch spread. I thought it would be a shame to shoot him so I didn't. I sent out word to have the train come in by my outfit. I waited two days, at the expiration of which a pack horse came in. Of course the animal couldn't handle my stuff so I was compelled to leave it all behind until my guide could manage to get it out. Yes, I had the devil's own time, and the speaker relit his pipe.

A little later someone asked the porter what sort of headway the train was making.

"Pretty slow, sah. Fact is we're running nearly an hour and a half behind now."

"We'll get in in plenty of time for me to catch the New York Central train at 8 o'clock" asked the returning sportsman somewhat anxiously.

"Oh yes," the porter replied carelessly.

When the lights of Montreal came in sight the old cannon ball express was just one hour and three quarters late. A delay of nearly ten minutes was occasioned by the draw of the bridge being open. The Boston sportsman arose wearily and went into the main section of the car.

"He'll never catch his train tonight," observed one of the smokers, who was a Montrealer.

"How far is the New York Central station from the Bonaventure station?" asked another.

"About three quarters of a mile."

"And the eight o'clock train is the last one tonight?"

"It is."

It was exactly eight o'clock when the Maritime pulled into the Bonaventure station. She was just two hours late. The Boston sportsman looked at his watch, muttered beneath his breath the name of a place hotter than Greenland's icy mountains and added aloud: "this is the limit."

**Blood, Pure, Rich, Red.**  
Rosy glow in the face, sparkling eyes, vivacious spirits are all the outcome of good blood. No surer way exists of purifying and enriching the blood than to use Dr. Hamilton's Pills. By their gentle action on the bowels, kidneys and liver they filter every impurity from the system, leaving it wholesome and able to do the work necessary for the maintenance of health.

To be well, look well, and feel all ways at your best, use Dr. Hamilton's Pills of Mandrake and Butternut, a truly wonderful medicine for young and old. Price 25c at all dealers.

# BATHURST BUDGET

Mrs Hiram Carter and her two sons, who have been visiting relatives in Bathurst, several weeks returned last week to their home in Millinocket, Me.

Miss Salter is making a visit to friends in Chatham.

Wm Spear has gone to Moncton, where he has accepted a position.

Miss Margaret Hall went to Chatham, during the week.

Mrs Reid, of Charlco spent some days in Bathurst this week. She was accompanied by her mother, Mrs J. McCurdy, of Belledune.

N A Landry, secy. treas, who has been ill for some little time with rheumatism, is much improved.

P J Vaniot's friends were charmed to see him out this week.

Mr and Mrs H Sheasgreen, after a visit to Mrs Sheasgreen's home people, left this week for their home in Concord, Mass.

R A Lawlor of Chatham was in town during the week.

Mrs George Chalmers has been making a visit to her home here.

P H Melvin has returned from Montreal, where he was spending a vacation.

Misses Annie and Bourgeois Melvin, returned this week from a

# New Carlisle News

Archibald Kerr, of Stanford, Maine, is visiting friends in New Carlisle.

Mr Campbell was in town a few days, in the interests of Campbell & Co, St. John.

Mr and Mrs Menard are visiting relatives here.

The annual School Teachers Convention was held here on Monday, the 21st inst. Rev. I. N. Kerr, School Inspector, was present, also Rev. M. Roy, of Shigawake and Rev. E. A. Dunn, of New Carlisle.

Robt Sinclair, of Bonaventure River, was in town Saturday.

Work is now being commenced on the horse shed for the English church.

Mr and Mrs R N LeBlanc, of Bonaventure, were in town Monday, on business.

Mr Parsons, of Colebrook, N. H. was in town Friday last.

We are pleased to hear that James Gilker, who has been serious.

## NEW RICHMOND

On Wednesday last, Mrs Wm. Hardy held an entertainment for the young folks. Among the guests were: Gerie and Cora Fallow, Libbie McCole, Jessie McWhirter, Beatrice and Hilda McWhirter, Stanley Duthie, Gordon Wesley, McCole, Steven and Eddie Fallow, Stephen and Ernest McWhirter, and Orman Fallow. They spent a very enjoyable time.

We are sorry to say the Misses Winnie, Mary and Gerie Fallow, left here on Tuesday, for Bellville College, Ontario. They are much missed by their many friends.

Percy Montgomery is very ill. His many friends wish him a speedy recovery.

Miss Jessie McWhirter intends leaving here for Bonaventure today.

Minard's Liniment Relieves Neuralgia

visit to friends in Montreal and other places.

Miss McGinley is recovering from an attack of tonsillitis.

The case of Brown vs Leger has been decided by the court in favor of the plaintiff. While Mr Brown has a great many friends who all congratulate him on the result, Mr Leger has also a great many sympathisers, who feel that he will have better luck another time. Knowing that he is not a man to be easily discouraged, we feel it is safe to predict a continuance of the lights in Bathurst through Mr Leger's enterprise, notwithstanding obstacles.

Quite a number of school teachers were in town on Thursday and Friday, attending the County Institute, which was held in the grammar school. On Thursday evening, a number of citizens interested in education attended the meeting, and were given a most enjoyable evening. Mr Kidner of Fredericton, who spoke at some length on the importance of education was listened to with much interest. O. Turgeon, M. P. gave a brief address, which was much appreciated. Interesting papers on various subjects were read by different teachers, and songs and recitations given by others. Refreshments served by the town teachers to their guests helped to make the evening pass most pleasantly.

Miss Nellie Branch has returned from Boston, where she had been receiving medical treatment, and has completely regained her former good health.

These sets are well finished and are exceptionally good value for the money

# W. H. Marquis & Co.

**The Foundation of Every "Progress" Coat**

The good looks, and shape, and was, too—of a "Progress Brand" Coat, depend on the part you never see—the INSIDE.

This figure shows the anatomy of "Progress Brand" Coats. The patent sleeve and shoulder pads—the strong felt, genuine hair-cloth and thoroughly shrunken canvas. This foundation is modified by hand and held by hand stitches.

It is this perfect building of the foundation that gives perfection to the finished "Progress Brand" garment.

"Progress Brand" Suits and Overcoats prove that they are made right, by the way they give.

Sold by **FRASER, FRASER & CO.**

# A SNAP For a Quick Buyer

I have 1300 Shares of the BRITISH COLUMBIA AMALGAMATED COAL COMPANY I want to realize on at once. The certificates are made out in One of 1000 Shares and Three in 10 Shares. For a quick buy I will sell for FIFTEEN (15) CENTS a Share. This stock is being sold in your town at 25 cents a share and has been sold in St. John by Messrs. Duan & McLaughlin at 50 cents. I want the money at once so am offering at a snap.
