NEW ELECTION IN NORTH PERTH

Seat in the Legislature Vacated by Agreement—Abrupt Ending of Trial.

The Cross Petition Dropped—No Doubt of Mr. Monteith's Regaining the Seat.

Stratford, October, 28.—There will be a new election for the local legislature in the riding of North Perth, the seat having been vacated by the Conservative member elect, Mr. John C. Monteith, an agreement being reached by which the election of May 29 was declared no election. This arrangement was made as a result of a conference between the counsel for the two parties held immediately after the election trial opened this afternoon. The agreement was an amicable one between the parties, being regarded as the best means of ending a situation that would have entailed a great deal of expense and considerable ill-feeling throughout the riding.

As it is now, the issue will be a straight party fight at a bye-election, a measuring of the respective strengths of the parties at the ballot box. And in such a battle the Conservatives have little reason to fear the result, for Mr. Monteith, who will undoubtedly again be the party's candidate, has lost none of his old friends since the last election, and has every reason to anticipate being returned once more at the head of the poll.

OPENING OF THE COURT.
Court opened shortly after 1 o'clock this afternoon. The trial judges were Justices MacLennan and Moss. As in the South Oxford case, Mr. S. H. Blake, K. C., and Mr. Edmund Brice, K. C., of Toronto, looked after the interests of the Conservatives, being assisted by Mr. E. Sydney Smith, K. C., of this city. Mr. J. P. Mabey, K. C., of this city, was counsel for the petitioners, and was assisted by Messrs. G. G. McPherson, K. C., and R. T. Harding, also of Stratford.

The petitioners presented a list containing 53 charges of corrupt practice, most of which, however, being personal to Mr. Monteith. In addition, they objected to a total of 108 persons who had voted at the election, holding that they were not eligible voters.

Mr. Monteith's majority of two being so small the Conservatives presented a cross-petition against Mr. John Brown, the defeated candidate, so as to disqualify him, if possible, from taking the seat without another election in case Mr. Monteith's election was voided. In this cross-petition, a total of 58 charges of corrupt practice were preferred against Brown. The Conservatives also objected to 41 persons who had voted.

THE CONFERENCE AND ITS RESULTS.

When the court opened, the counsel asked for leave to withdraw for the purpose of conferring on the question of coming to some agreement. This was granted, and after being out for about three-quarters of an hour, they returned and the information became public that the two parties had agreed to summarily end the trial by allowing the seat to become vacant, thus rendering a new election necessary. When this decision was communicated to the judges, they ruled that they would be unable to order the election voided or to declare it no election, without formal evidence having been taken in the matter.

HOW THE VOTE WAS TIED.

A formal scrutiny then took place in regard to a tendered ballot marked for Mr. Brown, but which was not counted by the deputy-returning officer, and as a corollary an unwitting case of perjury. The circumstances were these:—James Fraser, a blacksmith, living in the township of North Easthope, voted in Stratford at polling sub-division No. 2, Avon ward. Another man named James Fraser, a baker, living in Avon ward, also went to vote at the same place and was refused a ballot at first, ultimately putting in a tendered ballot, marked for Brown, which was not counted.

Evidence was put in by the Liberals that this ballot was good and should have been counted. This evidence was accepted, and the judges ordered it to be counted, which, after deducting the perjuried ballots, wiped out Monteith's majority and made the result a tie, rendering it no election.

THE EVIDENCE TAKEN.

Mr. R. R. Lang, city clerk, produced the assessment roll, showing that there were two James Frasers on the roll for No. 2, Avon.

was the only tendered ballot in his sub-division.

Mr. Mabey produced the ballot. It was marked for Mr. Brown.

THE CONSERVATIVES' POSITION.
Mr. Blake made no cross-examination of these witnesses. He explained to the judges that both sides had thought it very expensive to proceed in the matter, as there were a great many hundred suffrage votes to be challenged, which would mean running up a big bill of costs. He did not, therefore, propose to give any evidence; the result of that already taken would be that it would be declared a tie. He asked, however, for an opportunity of presenting a statement from Mr. Monteith, as to the conduct of the election for the Conservatives.

Mr. Monteith told the court that he was not aware of any corrupt or improper practice on his side during the election. He had endeavored himself to make the election as clean as possible, and had impressed all his followers to do likewise.

Mr. Brown gave similar evidence in regard to the Liberal campaign, as far as his knowledge went.

THEIR LORDSHIPS' JUDGMENT.

Justice MacLennan stated that as it had been shown that both candidates had received the same number of votes, the result was that there was no election. The election was therefore voided. He added that there was no reason to believe that corrupt practices had prevailed to any extent.

Counsel stated that each party had agreed to pay their own costs. Court then arose.

PRAISE IT

Members of the Football Club Will Co-operate in Young Men's Association.

At a special meeting of the executive committee of the Chatham Football Club last evening with a full attendance of the members present, Captain F. D. Laurie outlined the aims of the Ministerial Association of the city in instigating the project of forming a Young Men's Association in Chatham. He heartily complimented the pastors upon the broad-mindedness and liberality with which they had laid down the rules for the conduct of the institution. Mr. Laurie added that he would like to see the young men "get together" and do all in their power to support and encourage the work inaugurated by the pastors.

After a very enthusiastic discussion, in which all the members took part, the following resolution was unanimously carried:—

Moved by C. B. Sissons, seconded by P. B. Fetterley:
"That this meeting desires to express its hearty sympathy and accord with the movement to establish the Chatham Young Men's Association and that this Football Club will do everything in its power to advance the interests of this splendid enterprise and that we further suggest a mass meeting of the members of the various athletic clubs with a view to exchanging their views on co-operation and endorsement."

HOG CHOLERA

Kent County is under quarantine as far as the shipping of live hogs is concerned. The cholera has been spreading of late and has gained enormous proportions until now it has gained a foothold throughout the County and the authorities have thought fit to quarantine the County for six months to come. In the meantime efforts will be made to stamp out the plague. The dealers are now dealing in dressed hogs and the disease can be told in the dressed meat.

BOLD BANK ROBBERY

Des Moines, Iowa, Oct. 28.—The boldest bank robbery of recent years in Iowa occurred at Prairie City early today. The robbers dynamited the safe of the Iowa State Bank, and stole an amount approximating \$1,000. They exchanged a fusillade of shots with local officers and escaped. Night Watchman Erskine discovered four men approaching the bank at one o'clock. One of the men cornered him, and kept him covered with a rifle for three hours, while another broke open the bank door and worked on the safe. The other two men patrolled the street, and by a system of signals were able to hold at bay several citizens who were attracted to the scene. Five dynamite charges were discharged by the man in the bank before he succeeded in getting to the cash box. The sum stolen was mostly in silver. At 4 o'clock the robbers left the bank and disappeared, after having fired several shots to terrify those who had seen them. Watchman Erskine opened fire on them, and narrowly escaped death from a return bullet. A general alarm was given, and a posse quickly formed, and is now on the trail. Blood hounds are being used.

The schooner Kollage arrived today from Johnson's Harbor, with a load of lumber for the Bloude Co. The schooner experienced heavy weather coming down Lake Huron. The schooner reached within 20 miles of Sarnia and then had to put back to Sand Beach for shelter.

THE L. E. & D. R. RAILWAY DEAL

Flint and Pere Marquette Acquires an Interest in the Canadian Road.

Will be Extended to Buffalo—Details of the Arrangements Published.

Detroit, Oct. 28.—The Journal today says:—For months past it has been understood that the Pere Marquette Railway was negotiating for a traffic arrangement with the Lake Erie and Detroit River Ry. for its purchase, the plan being, in either case, to extend the line from St. Thomas to Buffalo, and to take the traffic which the Pere Marquette now gives the Wabash and Michigan Central at Detroit over its own tracks to Niagara River. This morning F. H. Walker, one of the owners of the Lake Erie and Detroit River Ry., informed the Journal that the Pere Marquette had acquired part of the stock of the Lake Erie and Detroit River Railway, and that surveys are now being made for the extension from St. Thomas to Buffalo.

F. H. Walker declined to discuss the details of the purchase at present. In the course of a few days, he said, he would be in a position to give out more information in regard to the matter. President Heald, of the Pere Marquette, said today that he did not know of the purchase of the Lake Erie road, and did not believe that it had been made.

Another despatch from Detroit says:—The Lake Erie and Detroit River Railroad will at once be lengthened 120 miles to reach Buffalo from the present terminus, St. Thomas. Work will be pushed under co-operation between the engineers of the Lake Erie and the Pere Marquette, which latter road has obtained enough stock in the Lake Erie to have a large interest. F. H. Walker, president of the road, said today that the plan was to extend the road to Buffalo, and that stock had passed, but declined to say how much, or at what price.

The Walker road is now a very valuable property, and its joint ownership by the Pere Marquette means much to the railroad interests of Michigan. It was begun some years ago by the late Hiram Walker, who was interested in oil and lands in the neighborhood of Leamington. Little by little, it was extended, until it reached St. Thomas, on the main line, with a car ferry to Cleveland and a branch line from Sarnia to Blenheim, on the Lake Erie shore. The main line is now 128 miles; St. Thomas to London, 15 miles; Sarnia to Blenheim, 67 miles; also car ferries from Port Stanley to Cleveland, and from Rond Eddy to Conneaut.

For years past the Walker road has slowly been approaching Buffalo. The Pere Marquette interests will now push the road as fast as possible. It will first be necessary to secure right of way from St. Thomas, east, which has not yet been done, but there will be no special trouble involved because that part of the country witnesses the roadway.

F. H. Walker is president; E. C. Walker, vice-president; J. H. Walker, treasurer; W. Woollett, general manager; Ed. Bradford, secretary; T. Marshall, general freight and passenger agent.

The new road will give the Pere Marquette a long-looked-for opportunity to handle direct eastern freight. At present cars are turned over to the Wabash or Michigan Central.

Mr. Walker says engineers are now making surveys for the line, east of St. Thomas.

The importance of the road to Michigan cannot be lightly dismissed. The Pere Marquette will thus, in the course of a year or two, have direct connection with eastern roads.

W. H. Humphrey, of Dawn Mills, was in the city yesterday and purchased a portable engine, from Park Bros.

FROM KLONDYKE

Kinney McLeod, of Wallaceburg, who went to the Klondyke gold fields some time ago, has returned. Mr. McLeod went to the Cape Nome fields, where he has considerable mining stock. He has been gone five years and went to the gold fields by the Edmonton route. The cold up there, Mr. McLeod says, is intense.

It took Mr. McLeod a much shorter time to come home than to go. He was just 17 days on the way home, including spending three days in Vancouver. While in Chatham he stopped with W. R. Peck at the Rankin House.

HIGH COURT IS CONCLUDED

Cases Were Rapidly Disposed of—Jury Have Disagreement.

Grand Jury Makes its Presentment—Some Very Satisfactory Statements.

The fall sittings of the High Court closed today. Crown Attorney H. D. Smith conducted the Crown case in the absence of the Crown prosecutor, L. F. Heyd, who was engaged at the Brantford assizes.

Mrs. Harris was awarded \$200 wages and \$50 for costs in the suit of Harris vs. Humphrey. This was an action for \$500 wages. The plaintiff is a young married woman living in Orford. The defendant is a farmer. The plaintiff was brought to the defendant's place when nine years old and an orphan. She remained with Humphrey over twelve years. No definite arrangements were made as regards wages. The defendant claimed that he stood in the position of parent. The writ was for \$500 as wages. W. F. A. Campbell for plaintiff, L. J. Reycraft contra.

In the seduction case of Rex vs. Larabee the jury disagreed. The prisoner was allowed out on bail, himself in \$1,000 and his co-defendants in \$500 each, to appear at the next Court of Competent Jurisdiction. The jury on the first ballot stood seven for conviction and five for acquittal. On the last ballot the jury stood ten for acquittal and two for conviction. O. L. Lew's appeal for the defendant and Crown Attorney Smith prosecuted.

The Grand Jury brought in no bill in the case of King vs. James Haskill seduction.

The case of King vs. Wm. Coyle, was laid over till next sittings.

The Grand Jury made the following presentment: The Grand Jury inspected the jail and found it in a sanitary condition and in every respect satisfactory, so far as they were able to judge. They were especially pleased to find only three prisoners confined in jail, and all for petty offences, and none of them female. The Grand Jury also visited the House of Refuge and found there thirty-six inmates, all of whom in our opinion, properly cared for, we found that the condition of the institution was in every way satisfactory, the grounds being well kept, the building and furnishings all appearing to be very clean and neat.

None of the inmates made any complaint, on the other hand all spoken to expressed themselves as being well pleased with their treatment.

We are pleased to report that the management of the institution is in our opinion, all that can be desired, and that it is to some considerable extent self-supporting.

(Sgd.) JOHN GORDON, foreman.

The Style of a "Dorothy Dodd"

Luxury in Walking.

Never mind what old fashioned people tell you—Style and Comfort can live together in a pair of shoes. The "Dorothy Dodd" proves it. They are the utmost height of style. They are shoes of a genuine distinction. The highest praise you can give a shoe is to say

"It Has the Style of a 'Dorothy Dodd'."

Yet the "Dorothy Dodd" is the most comfortable shoe ever made. You long to walk for the pleasure of walking. It holds the foot firmly around the instep and supports the unsupported arch. You escape the "slouchy" gait which comes with some shoes. It gives a new bounce to our body in walking. Your carriage is more light and graceful. Just try one pair.

WEDNESDAY, OCTOBER 29.

MR. BORDEN'S TOUR.

Gratifying in every respect has been the tour of Mr. R. L. Borden and his lieutenants through Manitoba, the Territories and British Columbia, points out the *Guelph Herald*. Everywhere they were received with enthusiasm, large crowds attended their meetings and there were not lacking practical demonstrations of the unity of the Conservative party on an all Canadian policy.

Mr. Borden was challenged at the outset of his tour to advocate in the west the same fiscal policy that he has identified himself with in the east. The challenge was unnecessary. From the day that Sir John A. Macdonald proclaimed protection one of the planks of the Liberal-Conservative platform there has been no half-heartedness or double-dealing in the party's support of that policy in every section of the Dominion. In striking contrast to the consistency and fidelity of the Conservatives has been the attitude of the party now in power. In opposition they had a special policy for every section of the country. In power they quickly destroyed the Free Trade plank of the Ottawa platform and made protection the basic principle of their tariff legislation.

The west, through which Mr. Borden's journey was in the nature of a triumphal tour, has heartily accepted the re-affirmation of the National Policy from the Conservative leader. Thinking people realize that with the expansion of the agricultural resources of that great country industries will develop to supply the wants of the people and provide a valuable home market for the less staple products of the farm. Only by such a policy, a policy that considers Canada as a whole and keeps the interests of Canadians constantly in view can we hope to realize the great future which the variety and extent of our natural resources and the progressiveness and stability of our people entitle us to believe is in store for this Dominion.

"Not can make us rue
If Canada to herself prove but true."

SIGNIFICANCE OF MR. CHAMBERLAIN'S VISITS.

The announcement is officially made that the British Colonial Secretary, Hon. Joseph Chamberlain, with the approval of the King, has decided to visit South Africa about the end of the present month, to enquire into the problems incident to the closing of the war and the settlement of affairs in the new colonies, comments the *Toronto News*. It is hinted that this step will be the precursor of similar visits to Canada and Australia.

This announcement, we are told, has been received with the utmost surprise in political circles in England, but with the strong approval of public opinion. The decision of the Government that the Colonial Secretary, who is recognized as the strongest and most influential member of the Cabinet, should visit South Africa at the moment when the Government needs all its strength in safely piloting its Education Bill through Parliament, is a recognition of the extreme gravity of the situation in the Cape and the newly acquired colonies, but it also indicates that the awakening of interests in the Mother Country over the condition of affairs in her colonies, has made possible an innovation in administrative methods which would not have been justified in the eyes of the public a few years ago. This fact is borne out by the suggestion, made from official sources, that Mr. Chamberlain's visit to South Africa will be followed later on by similar visits to Canada and Australia.

It is impossible to underestimate the need or overestimate the import-

Every Exertion

There is failure of the strength to do and the power to endure; a feeling of weakness all over the body.

A medicine that strengthens the stomach, perfects digestion, invigorates and tones is needed.

What Hood's Sarsaparilla did for John Y. Paterson, Whitey, Ont. it will do for you. He took it as a tonic and general builder of the system, and writes: "I have found no other remedy to compare with it as a restorer of vitality. It drives away that tired feeling, quiets the nerves, and brings sweet refreshing sleep."

ance of this awakening interest in colonial affairs on the part of the Imperial Government. In South Africa there is pressing need of an intimate personal knowledge of the temper of the new colonists and the conditions which exist there, by the man whose dictum as to the terms of settlement of existing discords is bound to shape the policy of the Government. Mr. Chamberlain's personal investigations are important, because they are an evidence of the concern of the Imperial Government in the condition of affairs in the new colonies, and as such will be calculated to soften the hard feelings which now exist between the loyalists and the Dutch, the chief cause of all the trouble.

In Australia there is pressing need of an intimate knowledge of the causes of the internecine troubles which threaten to disrupt the new federation, by the man who, as Colonial Minister in the Imperial Government, is in duty bound to use his best endeavors to prevent a step being taken which would bring chaos to one of the greatest of the outlying parts of the Empire. His visit would be important in that it would evidence an Imperial concern in Australian affairs and awaken a strong cohesive Imperial sentiment.

Though there may not be the same pressing need of a personal visit of the Colonial Secretary to Canada, the importance of that visit in awakening a new interest in the Empire cannot well be overestimated.

Though it may be otherwise, it also looks as if the absence of the most trenchant fighter in the British Cabinet at the time when the fight over the education bill would naturally be hottest, is an indication that the Government intends to withdraw the most objected to reactionary features of the bill, in which case the difficulties of its passage would be almost entirely removed. Such a move, however, would be regarded as a first

Notice to Creditors.

In the matter of the estate of Elizabeth Morris, late of the City of Chatham, in the County of Kent, widow, deceased.

Notice is hereby given, pursuant to "The Revised Statutes of Ontario," 1897, chapter 129, that all creditors and others having claims against the estate of the said Elizabeth Morris, who died on or about the thirty-first day of August, 1902, are required on or before the twenty-fourth day of November, 1902, to send by post prepaid or deliver to Messrs. Lewis & Richards, of the city of Chatham, solicitors for William H. Harper, the executor of the said deceased, their Christian and air names, addresses, and descriptions, the full particulars of their claims, and the nature of the securities, if any, held by them.

And further take notice that after such last mentioned date, the said executor will proceed to distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims of which he shall then have notice, and that the said executor will not be liable for the said assets to any person or persons of whose claim notice shall have not been received by him at the time of the said distribution.

Dated at Chatham this 20th day of October, A. D. 1902.

BLOOD POISON

If you ever contracted any blood disease you are never safe unless the virus of poison has been eradicated from the system. At times you see alarming symptoms, but live in hopes no serious results will follow. Have you any of the following symptoms? Sore Throat, Ulcers on the Tongue or in the Mouth, Hair Falling Out, Aching Pains, Itchiness of the Skin, Sores or Blotches on the Body, Eyes Red and Smart, Dyspeptic Stomach, Sexual Weakness—indications of the second stage. Don't trust to luck. Don't ruin your system with the old foggy treatment—mercury and potash—which only suppresses the symptoms for a time, only to break out again, when happy in domestic life. Don't let quacks experiment on you. Our New Method Treatment is guaranteed to cure you. Our guarantees are backed by bank bonds, that the disease will never return. Thousands of patients have been already cured by our New Method Treatment for over twenty years. No experiment, no risk—not a "watchdog" but a positive cure. The worst cases solicited. We treat and cure Nervous Debility, Sexual Weakness, Gleet, Blood Poison, Stricture, Varicocele, Kidney and Bladder Diseases, and all diseases peculiar to men and women.

SACHEL

OF THE
SATELLITE

A flying machine wouldn't be so bad when the roads are in their present condition.

The City Council is determined for wood in order to make the farmers wealthy in the way some people put it.

They want our steam roller at Tilsonburg. If they hear the price we paid for it, they won't think much of Chatham's high roller.

I am glad to see that Young Men's Club is going to stick as close to water as possible. Too many young men stick close to something a trifle stronger.

Advertising in the Planet always pays. I advertised for a summer that had got lost, and a summer day and a summer thunder shower turned up Sunday.

Dear Satellite—Would you mind suggesting that the city council fill the artificial lakes on Victoria avenue with water.

Yours,
ALRIGHT YES.

My friend Ats sends me the following poetry:

I dream that I dwell in marble halls
With only columns adorning.
I dream that I had a peck of coal.
But alas I had none in the morning.

Considering that Tarte is practically dead from a Banner News standpoint, methinks that journal is wasting a lot of mental lyddite on a corpse. A dead man is the only thing that the Banner can kill anyhow.

A north Chatham friend of mine suggests that the steam roller be traded for a traction engine and the traction engine be used to haul wagons over the Victoria Avenue crossings. Now the farmers have to unhitch and help each other across.

A friend of mine got off a good thing the other day. A young lady requested him to guess who the finest looking young man she had ever met was. My friend was right at himself when he smiled knowingly and remarked "my modesty prevents me guessing."

The Satellite has recovered from the effects of his summer vacation and once more will gracefully bow to the public three times a week. During his time off, he visited all the warm spots and other places which his friends have at various times ordered him to go to when they were angry. The vacation was not a success and Chatham is good enough for the Satellite. During his holiday, the Planet's lesser luminaries gathered material for his department. He had his Satchel with him and brought it back full of ideas, nonsense and facts. It will take some time to sort out the facts from the nonsense owing to the close relationship existing between the two in this column, whose only object is to present in readable form the current events of the day.

SUNSHINE SOCIETY

A meeting of the senior members of the Chatham Branch of the International Sunshine Society was held in the Garner House parlors on Monday afternoon at four fifteen.

Business of a special nature was brought up. The circle of senior members was then fully organized. Mrs. R. V. Bray being appointed president and organizer for Kent, Mrs. Thos. Richardson.

The other officers of the circle are: Mrs. Geo. Hayward, 1st vice president; Miss Effie Quinn, 2nd vice president; Miss Lillian Richardson, treasurer; Miss Belle Baxter, recording secretary; and Miss Kate Mercer, corresponding secretary. The juniors are known as the "Cheerful Helpers" circle, while the two circles are enrolled under the Chatham Branch of the I. S. S. This comparatively new organization in Chatham has already done some good work, and from the reports read the members are preparing for a busy winter.

THE TARTE PROBLEM.

London Advertiser.

The Conservative Press is covertly inviting Mr. Tarte to rejoin his old party, but so far the Ottawa Citizen is the only journal brazen enough to do it openly. The Citizen says:—"Whether he resorts to the slower and less satisfactory method of instituting a third party or the more effective and decisive action of allying himself with the Conservatives, with whose views he is practically in accord, the result will be the same, no matter what party badge Mr. Tarte chooses to wear. It is a result the Liberal party has not the least need to fear. We do not know precisely the extent of Mr. Tarte's influence in the Province of Quebec. No doubt he was a great aid to the Liberal party in the last two general elections, but what he can do without the prestige and leadership of Sir Wilfrid Laurier remains to be seen—that is, if Mr. Tarte concludes to oppose the government. But every Liberal knows that Mr. Tarte was a source of weakness to the party in Ontario in the election of 1900."

There was a cry in the streets. People rushed from their doors and strained their eyes on the struggling balloonist fighting for life. Even the poor, panting sufferer in the sick room was forgotten while the family gazed breathless at this strange tragedy of the air. Then they went back to the sick room to tell of the terrible struggle for life they had just witnessed. It did not occur to them that under their very eyes a more terrible, more pathetic struggle was going on daily.

There can be nothing more pitiful than the struggle the consumptive makes against disease. The greatest help in this struggle is gained by the use of Dr. Pierce's Golden Medical Discovery. It cures obstinate coughs, weak and bleeding lungs, emaciation, and other ailments which if neglected or unsuitably treated find a fatal termination in consumption.

"In 1886 one of my daughters was suffering on account of a severe cough, hectic fever, wasting of flesh and other symptoms of diseased lungs," writes Rev. Joseph H. Fesperman, of Barham Springs, Ind. "I tried Dr. Pierce's Golden Medical Discovery with gratifying success, and she now enjoys excellent health. This being true, I hereby heartily endorse your medicine."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach, blood and lungs.

Dr. Pierce's Pleasant Pellets assist the action of the "Discovery."

ARNOLD-WEIR

A very pretty house wedding was solemnized yesterday afternoon at the residence of Mr. and Mrs. Oldershaw, Richmond street, when Mrs. Oldershaw's sister, Miss Jessie Katharine Arnold, was united in the holy bonds of matrimony to James Weir, secretary of the waterworks department of the city. The nuptials were performed by Rev. J. J. Ross, pastor of the William street Baptist church.

The wedding ceremony took place at three o'clock in the presence of a small gathering of near friends and relatives. The bride was given away by her brother-in-law, Mr. Oldershaw. The house was very beautifully decorated with roses, carnations and similar and presented a very happy appearance.

The bride's wedding dress was made of pearl grey silk with pink trimmings and carried American beauties. Her going away gown was a tailor made navy blue suit with a hat to match.

The presents were numerous and costly. Among them were a hand-some oak hall chair, a gift from Christ Church, and a set of engraved silver spoons from the groom's fellow officials in Harrison Hall.

Mr. and Mrs. Weir are well and popularly known in the Maple City and their many friends join in congratulations and many wishes for their future prosperity and happiness.

The newly married couple left on the five o'clock Grand Trunk for Toronto and Niagara Falls, where they will spend their honeymoon. They will afterwards take up their residence in the Maple City.

BRAIN FOOD

Is of Little Benefit Unless it is Digested.

Nearly everyone will admit that as a nation we eat too much meat and too little of vegetables and the grains. For business men, office men and clerks, and in fact, everyone engaged in sedentary or indoor occupations, grains, milk and vegetables are much more healthful.

Only men engaged in a severe outdoor manual labor can live on a heavy meat diet and continue in health.

As a general rule, meat once a day is sufficient for all classes of men, women and children, and grains, fruit and vegetables should constitute the bulk of food eaten.

But many of the most nutritious foods are difficult of digestion and it is of no use to advise brain workers to eat largely of grains and vegetables where the digestion is too weak to assimilate them properly.

It is always best to get the best results from our food that some simple and harmless digestive should be taken after meals to assist the relaxed digestive organs, and several years' experience have proven Stuart's Dyspepsia Tablets to be a remedy which may be taken daily with the best results.

Stuart's Dyspepsia Tablets can hardly be called a patent medicine, as they do not act on the bowels nor any particular organ, but only on the food eaten. They supply what weak stomachs lack, pepsin, diastase, and by stimulating the gastric glands increase the natural secretion of hydrochloric acid.

People who make a daily practice of taking one or two of Stuart's Dyspepsia Tablets after each meal are sure to have perfect digestion, which means perfect health.

There is no danger of forming an injurious habit as the tablets contain absolutely nothing but natural digestives; cocaine, morphine, and similar drugs have no place in a stomach medicine and Stuart's Dyspepsia Tablets are certainly the best known and most popular of all stomach remedies.

Ask your druggist for a fifty-cent package of Stuart's Dyspepsia Tablets and after a week's use note the improvement in health, appetite and nervous energy.

To accept the inevitable quietude and peacefully is the mark of wisdom.

Theatrical

COLE AND JOHNSTON.

Cole and Johnston, comedians will be seen at the Grand to-night in an operatic comedy entitled "A Trip to Coontown." This piece has been produced in the largest cities of the west during the past season and it is said won praise from the big cities. "A Trip to Coontown" Co., not only boasts of a membership of 30 unrivaled voices, but the music itself has been written especially for it, and is of that bright, catchy character which instinctively set the feet in motion and the voice to humming. It is rich in solo numbers, duets, trios, quartets, galore and a very Niagara of irresistible laughter. The girls are all pretty and the men talented. The company is headed by that continent-wide celebrated Miss Laura Walker, the Melba of her race. DeWolf Hopper at his best, was never more unctuously entertaining than the principal fun maker of the organization, the original Tom Brown.

"When we were Twenty-one," is to be presented at the Grand on Monday, November 3rd. This is an extraordinary event, and our citizens should be repaid for his venture in bringing so celebrated a play. The story of "When we were Twenty-one," briefly outlined, is that of a youth's infatuation for a concert hall singer and his rescue by self-sacrificing love. The orphan son of an old friend, he was committed as a child by his dying father to the affectionate care of Richard Carewe and a trio of old friends who have acted as guardians. The "Innap," as the boy is called, is the widow Ericsson in the capacity of housekeeper, and her lovely daughter, Phyllis. The daughter and the ward are engaged to be married as a result of well-meant machinations, but there is an absence of love on either side. Such are the situations when the play begins, and the story is carried forward by the boy's infatuation for the "Firefly," as she is called; a confusion of correspondence due to two Dicks, boy and guardian; a self-sacrificing assumption of a compromising compact by the elder, and the eventual explanation leading to the renunciation of their earlier attachment, and awakening of the youth of his folly and the discovery that the daughter has all along loved the middle-aged bachelor guardian. The result is happiness all round; the incidents of "When we were Twenty-one" are ingenious and the dialogue is brilliant, and sparkling with wit. No one should lose this opportunity to see this most successful play, interpreted as it will be by an excellent organization.

THOMPSON COMING BACK.

Lincoln, Neb., Oct. 27.—On authority of extradition papers issued at Washington, Robert Thompson, a convict in the Nebraska Penitentiary, whose term expires to-day, was turned over to the officials of the Dominion, who started with him to-night for Toronto. He was chained to one of the officers, Thompson, according to the Canadian press, is a desperado and one of Canada's worst criminals. Detective Rogers of the Provincial force went to Lincoln to bring Thompson to Canada. The prisoner is wanted for several burglaries. He escaped from the police at Sarnia after being sentenced for one robbery, and made his way to Nebraska.

Poor Girl, Pity Her

Growing! Yes, into weakness, but not strength. Studies—plenty of them. Tired of course she is, and weepers too. Does not eat enough, and digests far less than enough. This condition is so frequent, but how seldom noticed even by fond parents. Give her Ferrozine, then watch her appetite improve, her step cheery and her growth ruddy, her step elastic, her spirits buoyant. All this simply the result of eating and digesting enough, making blood, and thereby strengthening the perire and brain power. Ferrozine gives a woman's strength to weak girls. Your daughter's strength to weak girls. Ferrozine. Get it to-day from McCall & Co.

THE LOCAL BUDGET

G. T. R. Travelling Freight Agent Porter was in the city to-day.

Hebdomade Sanatorium, No. 7, Oasis of Chatham, Sahara of Ontario, meets to-morrow evening.

Miss Alice Lyburnus, Colbourne St., who has been quite ill with typhoid fever, is convalescing.

Reg. King, who underwent a critical operation for a diseased bone in his arm, is doing nicely.

C. Coture, of Dover, who has been confined in St. Joseph's Hospital for some time with typhoid fever, is improving.

Miss Martin, Harvey St., fell and fractured one of the bones in her arm yesterday. She was attended by Drs. Rutherford and Rutherford.

The Ontario came in to-day with lumber for the S. Hadley Co. from Collin's Inlet. The boat experienced some very rough weather on the way down and lost a portion of its cargo.

The wedding occurred yesterday afternoon of Miss Carrie Bertie Bernice McMillan, of Chatham Township, to Geo. H. Rivers, of Dover. Rev. J. J. Ross performed the ceremony.

The "Lily Smith" is expected up to-morrow and will be loaded with all kinds of manufactured goods, including wagons, fanning mills, etc., and apples, being shipped by O'Keefe & Drew to the Soo.

Miss S. Hayne, organist and director of William street Baptist choir, requests all the members and those taking part in the anniversary services to be out to practise Thursday and Friday evenings.

By a very unfortunate error The Planet yesterday reported that R. E. Howard, who fell from the best sugar factory at Dresden was dead. We are pleased, however, to say that Mr. Howard is now at his home in Dresden and is gradually recovering from his injuries.

The wedding takes place this afternoon at three o'clock of Miss Ella Lucy Williams, Chatham Township, to C. C. Johnson, of the same place. The ceremony will be performed at the residence of the bride's parents by Rev. J. J. Noble, of Louisville. The happy young couple will reside in Chatham Township.

Misses Louise and Flo Hillman, who have had their studio in the Conservatory building will, after November 1st, teach at their residence, King street, over Mr. Anderson's grocery. Miss Roblyn, teacher of voice, also of the Conservatory, will, for the present, share Miss Hillman's studio. For terms, etc., apply Wednesday of each week.

At the conclusion of the court this morning the judge gave judgment in the case of Harris vs. Humphrey, awarding the plaintiff two hundred dollars, and fifty dollars costs. W. A. F. Campbell and M. Wilson, K. C., for plaintiff; J. B. Rankin, K. C., and L. J. Reyerdt, Ridgeway, for defendants.

NOTICE

Mr. Hugh McDonald's Book Accounts are being collected by Mr. Armstrong, of London, who will have the books here for a few days only. He says expenses will be added if not settled within the time.

Petroleum speculators have been boring for oil on lot 7, Con. 13, Raleigh Tp. Yesterday they struck oil in large quantities. The oil was running over, filling the ditches, until the well was capped. A pump will be put in and the extent of the find prospected. The property where the well is belongs to Mr. Scaman, and is situated near the Jenner side-road.

M. Wilson, K. C., leaves for Woodstock to-morrow, where he will attend the adjourned meeting of the Ontario Investment Association. This association is winding up its affairs and selling its assets to the Colonial Investment Association, Toronto. On Friday Mr. Wilson will go to Toronto to argue an assessment case from Alexandria, Glengarry county.

ASSISTING SOCIETY

The Ladies Assisting Society of the Public General Hospital held their regular monthly meeting yesterday at the residence of Mrs. W. R. Landon, Victoria avenue. The interest taken in the hospital was evidenced by the large attendance present.

The visiting committee, Mesdames Geo. McKee and Wm. Taylor, reported for October 41 patients admitted, 35 discharged, two births, one death and 44 in the hospital at the present time.

Messdames Duncan and Jas. Taylor were appointed to visit in November. A special collection was contributed, netting \$13, which will be devoted to the payment of the cost of refunding the dining room.

The Society adjourned to meet at the home of Mrs. H. Taylor, Lorne avenue, next month.

SUDDEN DEATH

Three inches of snow fell in Bothwell last night. The C. P. R. freight train which passed through Chatham at nine o'clock this morning was literally covered with snow. Engineer Peter Morrison dropped dead at Bothwell yesterday at midnight. He was alighting from his cab to oil his engine and was suddenly taken with heart failure. Mr. Morrison had been complaining of illness during the night, but had no idea of giving up his train. His death caused a severe shock to his fellow employees. The remains were removed to deceased's home in London.

Dr. J. L. Bray, of this city, was telephoned for and went to Bothwell, but Mr. Morrison by this time was past all human aid.

PLEASURE TRIP

The Pittsburgh, Bessmer and Lake Erie railway officials took a trip over the L. E. & D. R. line yesterday from Rond Eau to Sarnia and back to Walkerville. They left Walkerville this morning for London. The trip was made for pleasure and inspection. Those who composed the party were O. J. Hammond, G. F. A.; J. S. Watson, Gen. Supt.; E. S. Templeton, Gen. Auditor; J. J. Saint, Land Agt.; E. D. Camstock, G. E. A.; G. W. Kepler, Treas.; D. Dunn, Gen. Auditor; C. L. Pasho, Trainmaster; E. B. Gilbert, Master Mechanic; J. C. Kalip, Audit Dept.; J. C. Graves, Gen. Agt.; and C. McGill, Gen. Agt., Connors, of the P. B. and L. E. line, and J. Marshall, G. F. and P. A.; A. Leslie, Gen. Agt. and Auditor; H. Morris, Gen. Roadmaster; S. Austin, Mechanical Supt.; L. E. Tillson, Gen. Agt., Chatham, and A. S. Skirving, Special Agent of the Lake Erie line. A most enjoyable time was spent by the party during their trip.

DOMINION OF CANADA DEPARTMENT OF Agriculture TAKE NOTICE

That, under the Act of the Parliament of Canada, chapter 69, Revised Statutes of Canada, called "The Animal Contagious Diseases Act" and amendments thereto, I declare that a contagious disease of animals, known as Hog Cholera, exists in the Township of Ridgely, in the County of Kent, in the Province of Ontario, in this Dominion, and that therefore all persons are strictly forbidden to move any live swine whatever, into or within or out of the said Township.

Any one who contravenes this order so under the penalty prescribed in the said Act and amendments thereto.

READY FOR WORK

Temperance Party Completely Organized for Coming Prohibition Campaign.

The convention of the Kent Temperance Association was concluded yesterday afternoon. The Temperance party are now almost ready for the campaign having completed their organization in all the districts in the county, with the exception of Bothwell, township of Zone and the village of Tilbury Centre. They are very hopeful of success and intend to do all that lies in their power to carry the coming campaign.

During the meeting the following resolutions were passed: Moved by Rev. Mr. Bond, seconded by Mr. Clark, that we the members of this convention hereby express our pleasure at the privilege afforded of seeing for the adoption of the law securing the largest measure of prohibition possible to the province by the Ontario Liquor Act. We pledge ourselves to vote for and support in every legitimate way and we call upon all lovers of their fellow men to aid in securing the adoption of the Act on the 4th of December next.

Moved by D. McMacdon, seconded by Rev. W. E. Kerr, that the temperance workers of this county are not satisfied with the administration of the license law in this county, and we call upon the county representatives and commissioners who will be in sympathy with the enforcement of the present law, and who will be able and willing to do their duty in the matter and fearlessly enforce the existing law.

An office in connection with the work of the temperance party will be opened up in the Atkinson block in a few days, and will be in charge of the assistant secretary.

FELL TO DEATH

PEARS

We have received a few bushel of the finest Bartlett Pears, that we have seen this fall. They are large and all sound, being hand-picked, and would keep nicely for a month, if kept in a cool place. To those that are fond of as fine a flavored pear as you will find in the country, we say, try these. Buy a few, put them in a cool place, and use them as they ripen up, and you will have something that is worth eating.

Out Upon the Overcoats

Impatience is the besetting sin of this clothing store. Here it is only the end of October—Winter has not begun yet. We're chafing and fretting at the sight of Winter Overcoats in our stock.

We've Found a Way to Cool Off

Our fevered state of mind, and at the same time keep some other men, a hundred of them, warm. It's simply to offer one hundred

\$10.00 Overcoats at \$7.50

They go on sale Thursday Morning at 8 o'clock.

There, we feel better already, for you won't suffer them to tarry long here.

They are of plain Oxford chevots, also some in yoke style with broad shoulders and the fashionable full length cut, also three-quarter styles. They're as stylish as the best skilled workmen know how to make them; you know how stylish that is. Better hurry.

SACHEL --OF THE-- SATELLITE

A flying machine wouldn't be so bad when its roads are in their present condition.

The City Council advertised for wood in order to get the farmers wealthy in the way some people put it.

They want our steam roller at Tilsonburg. If they hear the price we paid for it, they won't think much of Chatham's high roller.

I am glad to see that Young Men's Club is going to stick as close to water as possible. Too many young men stick close to something a trifle stronger.

Advertising in the Planet always pays. I advertised for a summer that had got lost, and a summer day and a summer under shower turned up Sunday.

Dear Satellite—Would you mind suggesting that the city council fill the artificial lakes on Victoria avenue with water.

Yours,
ALRIGHT YES.

My friend Ate sends me the following poetry:

I dream that I dwell in marble halls
With only the Victoria Avenue crossings.
I dream that I had a peck of coal.
But alas I had none in the morning.

Considering that Tarte is practically dead from a Banner News standpoint, nothink that journal is wasting a lot of mental lyddite on a corpse. A dead man is the only thing that the Banner can kill anyhow.

A north Chatham friend of mine suggests that the steam roller be traded for a traction engine and the traction engine be used to haul wagons over the Victoria Avenue crossings. Now, the farmers have to unhitch and help each other across.

A friend of mine got off a good thing the other day. A young lady requested him to "guess who the finest looking young man she had ever met was. My friend was right at himself when he smiled knowingly and remarked "my modesty prevents me guessing."

The Satellite has recovered from the effects of his summer vacation and once more will gracefully bow to the public three times a week. During his time off, he visited all the warm spots and other places which his friends have at various times ordered him to go to where they were angry. The vacation was not a success and Chatham is good enough for the Satellite. During his holiday, The Planet's lesser luminary gathered material for his department. He had his Satchel with him and brought it back full of ideas, nonsense and facts. It will take some time to sort out the facts from the nonsense, owing to the close relationship existing between the two in this column, whose only object is to present in readable form the current events of the day.

SUNSHINE SOCIETY

A meeting of the senior members of the Chatham Branch of the International Sunshine Society was held in the Garner House parlors on Monday afternoon at four fifteen.

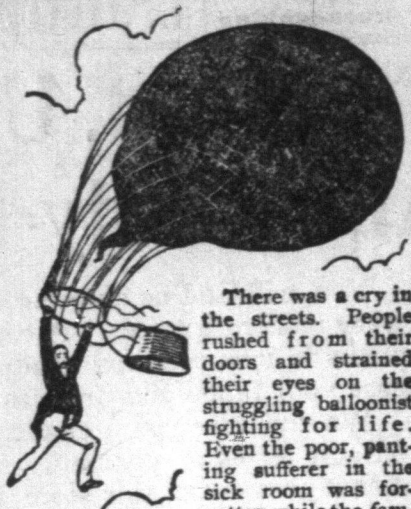

Business of a special nature was brought up. The circle of senior members was then fully organized. Mrs. R. V. Bray being appointed president of the circle, by the president and organizer for Kent, Mrs. Thos. Richardson.

The other officers of the circle are Mrs. Geo. Hayward, 1st vice president; Miss Effie Quinn, 2nd vice president; Miss Lillian Richardson, treasurer; Miss Belle Baxter, recording secretary, and Miss Kate Mercer corresponding secretary. The juniors are known as the "Cheerful Helpers" circle, while the two circles are enrolled under the Chatham Branch of the I. S. S. This comparatively new organization in Chatham has already done some good work, and from the reports read the members are preparing for a busy winter.

THE TARTE PROBLEM.

London Advertiser.

The Conservative Press is covertly inviting Mr. Tarte to rejoin his old party, but so far The Ottawa Citizen is the only journal brazen enough to do it openly. The Citizen says: "Whether he resorts to the slower and less satisfactory method of instituting a third party or the more effective and decisive action of allying himself with the Conservatives, with whose views he is practically in accord, the result will be the same." Certainly, the result will be the same, no matter what party badge Mr. Tarte chooses to wear. It is a result the Liberal party has not the least need to fear. We do not know precisely the extent of Mr. Tarte's influence in the Province of Quebec. No doubt he was a great aid to the Liberal party in the last two general elections, but what he can do without the prestige and leadership of Sir Wilfrid Laurier remains to be seen—that is, if Mr. Tarte concludes to oppose the government. But every Liberal knows that Mr. Tarte was a source of weakness to the party in Ontario in the election of 1900."

There was a cry in the streets. People rushed from their doors and strained their eyes on the struggling balloonist fighting for life. Even the poor, panting sufferer in the sick room was forgotten while the family gazed breathless at this strange tragedy of the air. Then they went back to the sick room to tell of the terrible struggle for life they had just witnessed. It did not occur to them that under their very eyes a more terrible, more pathetic struggle was going on daily.

There can be nothing more pitiful than the struggle the consumptive makes against disease. The greatest help in this struggle is gained by the use of Dr. Pierce's Golden Medical Discovery. It cures obstinate coughs, weak and bleeding lungs, emaciation, and other ailments which if neglected or unskillfully treated find a fatal termination in consumption.

"In the case of my daughter who was suffering from a severe cough, hectic fever, wasting of flesh and other symptoms of diseased lungs," writes Rev. Joseph H. Fesperman, of Barium Springs, Ind. Co., N. C. "I promptly gave her Dr. R. V. Pierce's Golden Medical Discovery with gratifying success, and she now enjoys excellent health. I hereby heartily endorse your medicine."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach, blood and lungs.

Dr. Pierce's Pleasant Pellets assist the action of the "Discovery."

ARNOLD-WEIR

A very pretty house wedding was solemnized yesterday afternoon at the residence of Mr. and Mrs. Oldershaw, Richmond street, when Mrs. Oldershaw's sister, Miss Jessie Katharine Arnold, was united in the holy bonds of matrimony to James Weir, secretary of the waterworks department of the city. The nuptials were performed by Rev. J. J. Ross, pastor of the William street Baptist church. The wedding ceremony took place at three o'clock in the presence of a small gathering of near friends and relatives. The bride was given away by her brother-in-law, Mr. Oldershaw. The house was very beautifully decorated with roses, carnations and smilax and presented a very happy appearance.

The bride's wedding dress was made of pearl grey silk with pink trimmings and carried American beauties. Her going away gown was a tailor made navy blue suit with a hat to match.

The presents were numerous and costly. Among them were a handsome oak hall chair, a gift from Christ Church, and a set of engraved silver spoons from the groom's fellow officials in Harrison Hall.

Mr. and Mrs. Weir are well and popularly known in the Maple City and their many friends join in congratulations and many wishes for their future prosperity and happiness.

The newly married couple left on the five o'clock Grand Trunk for Toronto and Niagara. They will spend their honeymoon. They will afterwards take up their residence in the Maple City.

BRAIN FOOD

Is of Little Benefit Unless it is Digested.

Nearly everyone will admit that as a nation we eat too much meat and too little of vegetables and the grains. As a general rule, meat once a day is sufficient for all classes of men, women and children, and grains, fruit and vegetables should constitute the bulk of food eaten.

But many of the most nutritious foods are difficult of digestion and it is of no use to advise brain workers to eat largely of grains and vegetables where the digestion is too weak to assimilate them properly.

It is always best to get the best results from our food that some simple and harmless digestive should be taken after meals to assist the relaxed digestive organs, and several years' experience have proven Stuart's Dyspepsia Tablets to be a remedy which may be taken daily with the best results.

Stuart's Dyspepsia Tablets can hardly be called a patent medicine, as they do not act on the bowels nor any particular organ, but only on the food eaten. They supply what weak stomachs lack, pepsin, diastase and by stimulating the gastric glands increase the natural secretion of hydrochloric acid.

People who make a daily practice of taking one or two of Stuart's Dyspepsia Tablets after each meal are sure to have perfect digestion, which means perfect health.

There is no danger of forming an injurious habit as the tablets contain absolutely nothing but natural digestives; cocaine, morphine, and similar drugs have no place in a stomach medicine and Stuart's Dyspepsia Tablets are certainly the best known and most popular of all stomach remedies.

Ask your druggist for a fifty cent package of Stuart's Dyspepsia Tablets and after a week's use note the improvement in health, appetite and nervous energy.

To accept the inevitable quickly and gracefully is the mark of wisdom.

Theatrical

COLE AND JOHNSTON.

Cole and Johnston, comedians will be seen at the Grand to-night in an operatic comedy entitled "A Trip to Coontown." This piece has been produced in the largest cities of the west during the past season and it is said won praise from the big cities. "A Trip to Coontown" Co., not only boasts of a membership of 30 unrivalled voices, but the music itself has been written especially for it, and is of that bright, catchy character which instinctively set the feet in motion and the voice to humming. It is rich in solo numbers, duets, trios, quartets, singing galore and a very Niagara of irresistible laughter. The girls are all pretty and the men talented. The company is headed by that continent-wide celebrated Miss Laura Walker, the Melba of her race. DeWolf Hopper at his best, was never more unctuously entertaining than the principal fun maker of the organization, the original Tom Brown.

"When we were Twenty-one," is to be presented at the Grand on Monday, November 3rd. This is an extraordinary event, and our citizens should see that Manager Briscoe shall be well repaid for his venture in bringing so celebrated a play. The story of "When we were Twenty-one," briefly outlined, is that of a youth's infatuation for a concert hall singer and his rescue by a self-sacrificing love. The orphan son of an old friend, he was committed as a child by his dying father to the affectionate care of Richard Carewe and a trio of old friends who have acted as guardians. Sharing the home of Richard Carewe and the "Inap," as the boy is called, is the widow Harrison in the capacity of housekeeper, and her lovely daughter, Phyllis. The daughter and the ward are engaged to be married as a result of well-meant machinations, but there is an absence of love on either side. Such are the situations when the play begins, and the story is carried forward by the boy's infatuation for the "Firefly," as she is called; a confusion of correspondence due to Two Dicks, boy and guardian; a self-sacrificing assumption of a compromising compact by the elder, and the eventual explanation leading to the renunciation of their earlier attachment, and awakening of the youth of his folly and the discovery that the daughter has all along loved the middle-aged bachelor guardian. The result is happiness all round; the incidents of "When we were Twenty-one" are ingenious and the dialogue is brilliant, and sparkling with wit. No one should lose this opportunity to see this most successful play, interpreted as it will be by an excellent organization.

THOMPSON COMING BACK.

Lincoln, Neb., Oct. 27.—On authority of extradition papers issued at Washington, Robert Thompson, a convict in the Nebraska Penitentiary, whose term expires to-day, was turned over to the officials of the Dominion, who started with him to-night for Toronto. He was chained to one of the officers. Thompson, according to the Canadian officials, is a desperate and one of Canada's worst criminals. Detective Rogers of the Provincial force went to Lincoln to bring Thompson to Canada. The prisoner is wanted for several burglaries. He escaped from the police at Sarnia after being sentenced for one robbery, and made his way to Nebraska.

Poor Girl, Pity Her

Growing! Yes, into weakness, but not strength. Studies—plenty of them. Tired, of course she is, and weak, too. Does not eat enough, and digests far less than enough. This condition is so frequent, but how seldom noticed even by fond parents. Give her Ferrozoon, then watch her appetite improve, her cheeks and lips grow ruddy, her step elastic, her spirits buoyant. All this simply the result of eating and digesting enough, making blood, and thereby strengthening the nerve and brain power. Ferrozoon gives a woman's strength to weak girls. Your daughter or wife needs Ferrozoon. Get it to-day from McCall & Co.

DOYLES

Wedding bells will soon be ringing in this vicinity.

John Finlin, of Cleveland, is renewing old acquaintances here.

Master Wibbert Towl, one of our enterprising young men, has started husking his corn, which, he says, takes out about one hundred and twenty bushels per acre.

James Toomey, formerly of this place, was visiting James Doyle Sunday last.

Our minds are once more carried back to Holland to see Edgar Larke making a dike to keep the water back so that he can ditch.

The people of this place are much surprised to hear of John Earley's success at Moravia fair, after winning the race he proceeded to Moravian town to clean up there at a rate of 3.30.

Frank Doyle was the guest of Maurice Doyle Sunday last.

Miss Carpenter, of Bay City, is visiting friends on the ninth.

Bernard Shapner has returned from Dutton after a short visit.

Geo. Larke and Con. Shea picked, culled and packed 96 barrels of apples in eight hours on Friday.

Maurice O'Neill was the guest of Mr. Barnes Tuesday.

THE LOCAL BUDGET

G. T. R. Travelling Freight Agent Porter was in the city today.

Heldomoe Sanatorium, No. 7, Oasis of Chatham, Sahara of Ontario, meets tomorrow evening.

Miss Alice Lybarts, Colbourne St., who has been quite ill with typhoid fever, is convalescing.

Reg. King, who underwent a critical operation for a diseased bone in his arm, is doing nicely.

C. Coture, of Dover, who has been confined in St. Joseph's Hospital for some time with typhoid fever, is improving.

Miss Martin, Harvey St., fell and fractured one of the bones in her arm yesterday. She was attended by Drs. Rutherford and Rutherford.

The Ontario came in today with lumber for the S. Hadley Co. from Collin's Inlet. The boat experienced some very rough weather on the way down and lost a portion of its cargo.

The wedding occurred yesterday afternoon of Miss Carrie Bertie Heron, of Chatham Township, to Geo. H. Rivers, of Dover. Rev. J. J. Ross performed the ceremony.

The "Lily Smith" is expected to-morrow and will be loaded with all kinds of manufactured goods, including wagons, fanning-mills, etc., and apples, being shipped by O'Keefe & Drew to the Soo.

Miss S. Hayne, organist and directress of William Street Baptist choir, requests all the members and those taking part in the anniversary services to be out to practise Thursday and Friday evenings.

By a very unfortunate error The Planet yesterday reported that B. F. Howard, who fell from the beet sugar factory at Dresden was dead. We are pleased, however, to say that Mr. Howard is now at his home in Dresden and is gradually recovering from his injuries.

The wedding takes place this afternoon at three o'clock of Miss Ella Lucy Williams, Chatham Township, to C. C. Johnson, of the same place. The ceremony will be performed at the residence of the bride's parents by Rev. J. J. Noble, of Louisville. The happy young couple will reside in Chatham Township.

Misses Louise and Flo Hillman, who have had their studio in the Conservatory building will, after November 1st, teach at their residence, King street, over Mr. Anderson's grocery. Miss Roblyn, teacher of voice, also of the Conservatory, will, for the present, share Miss Hillman's studio. For terms, etc., apply Wednesday of each week.

At the conclusion of the court this morning the judge gave judgment in the case of Harris vs. Humphrey, awarding the plaintiff two hundred dollars, and fifty dollars costs. W. A. F. Campbell and M. Wilson, K. C., for plaintiff; J. B. Rankin, K. C., and L. J. Rye, for defendant.

NOTICE

Mr. Hugh McDonald's Book Accounts are being collected by Mr. Armstrong, of London, who will have the books here for a few days only. He says expenses will be added if not settled within the time.

Petroleum speculators have been boring for oil on lot 7, Con. 13, Raleigh Tp. Yesterday they struck oil in large quantities. The oil was running over, filling the ditches, until the well was capped. A pump will be put in and the extent of the find prospected. The property where the well is located is owned by Mr. Scaman, and is situated near the Jenner side-road.

M. Wilson, K. C., leaves for Woodstock to-morrow, where he will attend the adjourned meeting of the Ontario Investment Association. This association is winding up its affairs and selling its assets to the Colonial Investment Association, Toronto. On Friday Mr. Wilson will go to Toronto to argue an assessment case from Alexandria, Glengarry county.

ASSISTING SOCIETY

The Ladies Assisting Society of the Public General Hospital held their regular monthly meeting yesterday at the residence of Mrs. W. R. Landon, Victoria avenue. The interest taken in the hospital was evidenced by the large attendance present.

The visiting committee, Mesdames Geo. McKeough and Wm. Taylor, reported for October 41 patients admitted, 35 discharged, two births, one death and 44 in the hospital at the present time.

Mesdames Duncan and Jas. Taylor were appointed to visit in November. A special collection was contributed, netting \$13, which will be devoted to the payment of the cost of refurbishing the dining room.

The Society adjourned to meet at the home of Mrs. H. Taylor, Lorne avenue, next month.

SUDDEN DEATH

Three inches of snow fell in Bothwell last night. The C. P. R. freight train which passed through Chatham at nine o'clock this morning was literally covered with snow. Engineer Peter Morrison dropped dead at Bothwell yesterday at midnight. He was alighting from his cab to oil his engine and was suddenly taken with heart failure. Mr. Morrison had been complaining of illness during the night, but had no idea of giving up his train. His death caused a severe shock to his fellow employees. The remains were removed to deceased's home in London.

Dr. J. L. Bay, of this city, was telephoned for and went to Bothwell, but Mr. Morrison by this time was past all human aid.

PLEASURE TRIP

The Pittsburgh, Beesmer and Lake Erie railway officials took a trip over the L. E. & D. R. R. line yesterday from Rond Eau to Sarnia and back to Walkerville. They left Walkerville this morning for London. The trip was made for pleasure and inspection. Those who composed the party were O. J. Hammon, G. F. A. J. S. Watson, Gen. Supt.; E. S. Templeton, Gen. Auditor; J. J. Saint, Gen. Agt.; E. D. Cusack, G. P. A.; G. W. Kepler, Treas.; D. Hann, Gen. Auditor; C. L. Pascho, Trainmaster; E. B. Gilbert, Master Mechanic; J. C. Kelly, Audit Dept.; J. C. Graves, Gen. Agt.; Erie; and C. J. McGill, Gen. Agt. Conneaut, of the P. B. and L. E. line, and T. Marshall, G. F. and P. A.; A. Leslie, Gen. Agt. and Auditor; E. Morris, Gen. Roadmaster; S. Austin, Mechanical Supt.; L. E. Tillson, Gen. Agt., Chatham, and A. S. Skirving, Special Agent of the Lake Erie line. A most enjoyable time was spent by the party during their trip.

READY FOR WORK

Temperance Party Completely Organized for Coming Prohibition Campaign.

The convention of the Kent Temperance Association was concluded yesterday afternoon. The Temperance party are now almost ready for the campaign having completed their organization in all the districts in the county, with the exception of Bothwell, township of Zana and the village of Tilbury Centre. They are very hopeful of success and intend to do all that lies in their power to carry the coming campaign.

During the meeting the following resolutions were passed:

Moved by Rev. Mr. Bond, seconded by Mr. Clark, that we the members of this convention hereby express our pleasure at the privilege afforded of voting for the adoption of the law securing the largest measure of prohibition possible to the province by the Ontario Liquor Act. We pledge ourselves to vote for and support in every legitimate way and we call upon all lovers of their fellow men to aid in securing the adoption of the Act on the 4th of December next.

Moved by D. McMacdon, seconded by Rev. W. E. Kerr, that the temperance workers of this county are not satisfied with the administration of the license law in this county, and we call upon the county representatives and the government to appoint inspectors and commissioners who will be in sympathy with the enforcement of the present law, and who will be able and willing to do their duty in the matter and fearlessly enforce the existing law.

An office in connection with the work of the temperance party will be opened up in the Atkinson block in a few days, and will be in charge of the assistant secretary.

FELL TO DEATH

David Hyatt, of Baldoon, while carrying a basket past the offices of the Chatham Loan & Savings Co., this afternoon, fell and struck his head severely on the curbstone. He was carried into the Company's offices and physicians summoned, but expired in some 15 minutes.

Lumbago Backs straitened

Don't lie around the house losing time and money because your back is stiff from lumbago. Do as thousands before you have done. Buy a large bottle of that unusually good liniment, Polson's Nervine, and rub it frequently over the sore part. It gets at the pain, drives it out, limbers you up in no time. Nervine is quick to relieve; never fails; never harms. Try it to-day. 25 cents.

EBERTS.

SHE WAS GIVEN UP.

Doctors Held Out no Hope to Mrs. Huffman of Napanee.

A Wonderful Cure And One Which Goes to Show The Wonderful Advancement Recently Made in the Science of Medicine.

Napanee, Ont., Oct. 26.—(Special).—This town has furnished a case which has caused considerable talk in the country.

Mrs. John C. Huffman had been troubled for over six years with female weakness and kidney trouble. The pain was so great that she could not bear it and her kidneys gave her so much bother that she could not entertain any company in her home or take any social pleasure whatever. Her urine was very much discolored and gave her great trouble in passing.

In addition to these symptoms she had all the pains, headaches, and weakness of Female Trouble.

Mrs. Huffman tried physician's treatment and many other medicines, but instead of getting better she was gradually growing worse and was very much discouraged.

Many of her friends thought she would never get better, but one day she picked up a newspaper and read an advertisement which said that Dodd's Kidney Pills would cure Female Trouble.

As she had tried so many other things without being able to get any help, she was very doubtful, but concluded to try this remedy.

She used six boxes and was completely cured. She is to-day as well and well, without a single symptom of her old trouble left.

She was cured nearly five years ago and is to-day as sound and well a woman as there is in Napanee. She says:

"I can confidently recommend Dodd's Kidney Pills to every woman in Canada for they cured me completely and mine was a very bad case."

"They are certainly a great medicine and I will always recommend them to women who may be suffering as I was with Female Weakness and Kidney Trouble."

LIVE IN STONE AGE

LOST TRIBE OF ESQUIMAUX DISCOVERED ON HUDSON BAY ISLAND.

Until Recently Its Members Never Saw a White Man—Their Huts Are Made of Whale Skulls—Nor Have They Any Knowledge of Metals—The Facts of the Discovery Are Well Established.

There have been discovered upon one of the islands of Hudson Bay the remains of a lost tribe of Esquimaux, a community which has been for centuries without intercourse with any other representatives of the human species, and whose members never, until quite recently, had an opportunity of seeing a white man. The facts of the discovery are well established, having been reported to the Federal authorities by the Rev. A. W. Buckland, Mr. Buckland says that these strange people still virtually live in the stone age, knowing no metals. Their habitations are built entirely of the skulls of whales.

The home of the tribe is upon Southampton Island, a piece of water-girt land nearly as large as the State of Maine, lying at the extreme north end of Hudson Bay. These people and their ancestors have undoubtedly inhabited the island ever since pre-Columbian days, and at the present time they exist exactly as they must have done then. Having been isolated for so long a period it is natural that they should possess many peculiarities. A very remarkable collection of their utensils, weapons of the chase, and other objects was secured by Mr. Buckland, but to the great regret of the Canadian authorities, it was allowed to pass into the hands of private persons.

The huts on the island are built by putting together the great jaws of whales and then covering them with skins. In the middle of the primitive dwellings is a slight elevation, on which stands the stone lamp, employed for lighting, heating, cooking, and melting snow and drying clothes. This lamp is nothing more than an open dish of whale oil, with a wick of dry moss soaked in fat.

The whale is the chief means of subsistence of these poor people. They use the bone for many purposes, making plates and cups and toboggan-like sleds. They also manufacture sledges of walrus tusks, with deer antlers for crosspiece. The members speak a dialect peculiar to themselves and they are the most daring of hunters. Not more than sixteen members of the tribe now survive.

Mr. Buckland agrees with the explorers who discovered the story that Andre was murdered by the Esquimaux. He has lived for years with these people in their tents, and cannot say too much for their kindness of disposition and readiness to assist strangers. He explains the finding by them of instruments and other property by the hypothesis that they belonged to the Tyrell brothers, who in 1894 nearly lost their lives near the mouth of Hudson Bay, and left many valuable articles behind, including their camera, plates, etc.

Mr. Buckland is confident that Andre will never again be heard from. Now news has been received in Chicago that Winters has won both a bride and the cigars, with ten days to spare. But it took an eloquent do to it. The bride was Miss Maude Hadley, who for some time has been her home with her sister, Mrs. F. W. Beaver, 3,622 Ellis avenue, Chicago. She is from Kincardine, Ontario. Winters travels for the R. G. Gunning Company and is said to be the son of a wealthy Louisville citizen.

The couple eloped on Sunday night, Sept. 7, and were married in Toledo, Ohio, on the following Monday. They had known each other for a year, but the marriage was a surprise to their friends.

Mr. Ross in Liverpool.

When Premier Balfour returned on Canada in Liverpool in his recent visit to Britain, he said among other things: With an area thirty times that of the United Kingdom, and a population of only 6,000,000, Canadians had too much room, and the wanted it filled up with precisely the same class as had already taken possession of it. The Canadian population was representative of the four dominant races of the world—English, German, French and Anglo-Saxon—and they, therefore, anticipated a great future. He was glad to say that they lived on neighborly, peaceful terms with the great Republic of the United States. Under the existing system of monarchical democracy, the Canadians were convinced that prosperity and liberty were as well secured as they could be under a Republican form of Government. He did not suppose there were a dozen Canadians inclined for a change, and he hoped that the dream of John Bright of the United States flag flying over the whole of the American continent would never come true.

Ginger Beer.

Here is a way to make ginger beer: Granulated sugar, five pounds; lemon juice, one teaspoonful; honey, one-fourth pound; bruised ginger root, five ounces; water, five gallons. Boil the ginger root half an hour in a gallon of water, add the other ingredients, and when cold add the well beaten white of an egg and a teaspoonful of wintergreen or lemon essence; stir thoroughly and let stand four days without being disturbed. Bottle and keep in a cool place. This will keep for months longer than if you were used.

John C. Stuart, E. A. of Windsor, ex-president of the Peninsular League and one of the best known footballers in Western Ontario, will referee the match, while F. H. Brisco and James Fleming are Chatham's nominees for goal umpire and touch line referee.

WORLD OF SPORT

FOOTBALL

SATURDAY'S BIG GAME.

Last evening the executive committee of the Football Club held a special meeting in the parlors of the Hotel Merrill. Vice-President Alf Stone occupied the chair, and there were also present President F. D. Laurie, C. B. Sisson, P. B. Fetterley, Percy Piggott, H. W. Anderson and W. McK. Messer. After several business matters had been transacted the team prospects for Saturday were fully discussed. The Match committee who will select the team this afternoon were loyally assured by all the players of co-operation in securing the best team possible. Saturday's match promises to be an exceedingly hard and exciting one, and it is satisfactory to know that the Match Committee will now be in a position to select the very best material Chatham can afford.

Chatham colors, blue and white.
Wallaceburg colors, red and white.
The citizens have every confidence in Captain Fetterly to lead his team to victory, although a hard contest is expected.
Wonder if Lee Heath will revive German Band?
"Mark the guy who doesn't wear a badge. He's a deadhead."
The lady enthusiasts of the team will be out in blue and white.
Taken altogether, it will present a loyal mingling of the Red, White and Blue.
The Planet hopes the good old Tory blue will down the Gritty red of Wallaceburg.
Ground Manager Austin is making every preparation for a fine game, weather permitting.
The college boys will be out in force with their Biff, Boom, Baa; Chatham; Chatham; Ra, Ra, Ra, etc.

Men's Heads And... Hats

To fit them together properly
is the business of a Hatter.

How often they are out of harmony! A big head, a little hat; a round head, a narrow brim; a small, thin head and a great big broad-brimmed hat—when they all ought to be just the opposite.

Five minutes is long enough to pick out the right hat here because we have a large variety at each price.

All the new shapes, materials and combinations in children's hats at all prices.

LOCAL LEAGUE.

There is much talk in the football circles of the schools of forming a city league. The Model school has formed a team and will play the college on Friday next. The league will likely consist of the C. C. I. C. B. G. and the C. Model school.
The C. C. I. and College play on Tuesday next at 4.30.
It has also been suggested that the city put a team in the league apart from the Peninsular League team.

Total result.....\$5,200

Opportunities for Making Fortunes

Ultra conservative investors grow gray waiting for a realization of their hopes.

The men who win fortunes are those who realize an opportunity and are ready to grasp it.

The Eastern Consolidated Oil Company is the safest and richest dividend oil investment now before the public. During the past 10 months it has paid 20 per cent. in dividends to its stockholders.

Eastern Consolidated Oil Co.

Increase of Production of 50,000 Barrels Monthly
Assured in Kern River by Jan. 1, 1903.

Investors Now Realize

THAT Eastern Consolidated Oil stock is safe as well as profitable.
THAT its shares will advance 100 p.c. by January 1, or before!

THAT 50,000 bbls. increase in production in California means big dividends.
THAT the 105 producing oil wells in Ohio should alone pay the advertised dividends.
THAT this Company has the most modern machinery and finest oil properties in America.
THAT only for a very short time will the present allotment at 50c a share last.

Orders Coming Fast

Orders for Eastern Consolidated Oil Co. stock have doubled during the past week. The public appreciate the fact that at any time, almost without warning, this stock will be advanced from its present price, 50 cents a share, to \$1.00 a share. The increased oil production in Kern River alone will easily make it worth that.

Remember

that \$100 invested in this stock in January, 1902, will be worth \$400 on next New Year's day. \$100 invested now will double in value by that date. This Company has paid dividends for the past 10 months at the rate of 2 per cent. monthly.

STOCK ADVANCES 100 P.C. BY JANUARY 1.
