Death Claims and Matured Endowments fallen in during 1890,	149,132.43
Increase for 1890,	48,991.57

The rapid progress made by the **SUN LIFE** may be seen from the following statement :

Year.	Income.	Assets.	Life Assurance in force.
1876	\$102,822.14	\$205,944.64	\$2,214,093.00
1880	141,402.81	473,632.93	3,881,479.14
1884	278,379.05	837,397.24	6,844,404.04
1888	525,273.58	1,436,816.21	11,931,316.21
1889	503,140.53	1,795,822.72	13,337,983.08
1890	889,078.87	2,473,514.19	16,759,355.92

The new business of the **SUN LIFE** was the largest ever secured in the Company's history, and was equalled by but one other Canadian Life Company. The surplus accumulated during the **FOUR** years of the current quinquennium is double the amount earned during any previous **FIVE** years, and the profits to policy-holders thus cannot fail to be highly satisfactory. The prosperity of the **SUN LIFE** is no doubt largely due to its issuing unconditional policies and paying its claims promptly. Canadians should also remember that by patronizing a home Institution, which invests all its funds in the Dominion, they are benefitting themselves by reducing the rate of interest here, and are helping to build up our own cities rather than those of foreign states.

# INTRODUCTION.

Business men generally are under the impression that it is a simple matter to publish a directory. There is no subject on which business men are more astray. The issuing of a good Directory not only requires adaptation to that kind of work, but also an enormous amount of practice, care and thought. The people of London have had a good directory for many years, yet they do not appreciate and encourage the Publishers as they should. It will probably be news even for some of the leading business men to be informed that so far it has not paid the expenses. You will learn from this that it takes money in addition to the other requirements to issue a good directory.

It is our intention to still issue the London City and Middlesex County Directory with hopes of better results than merely giving employment to some of our men during our slack time. We trust we will have the assistance of the business men generally in doing this. There is nothing gives more tone to a city, for the amount of money invested, than a good directory. While you are forwarding your City Directory you are helping your city. We venture the assertion that there is no other city directory published that is as complete and full of useful information as our Toronto Directory. Nor is there one published that is as well patronized, and there is no city on the continent of America that is growing on a more solid and satisfactory basis than the city of Toronto.

London, like many other cities, has similar street names in its suburbs, and these suburbs becoming part of the city make duplicate and even triplicate names. The only correct way to avoid this, which certainly is a great nuisance and sure to give trouble, is to number the streets and name the avenues, and if the officials would at the same time adopt the modern or rational plan of numbering the houses in a systematic way by commencing on each corner with a new hundred. In this way information is given as to distance and location and change of numbers can be made without disturbing the numbers in any but the one block.

We have issued an entirely new map of the City and Suburbs, which is certified by your City Engineer to be correct.

By referring to the name of the street required you can instantly locate it. The colored lines of squares are arranged on the scale of the Map so as to show the distance from one point to the other, the space between lines being exactly one-quarter of a mile. These maps will be on sale at the *Advertiser* Job Department, 418 Richmond St., and the leading Book Stores. Price: mounted on rollers, \$1.25; unmounted, 75c.; also copies of the Directory, \$3.50.

Our Classified Business Directory of the Dominion, which also includes the Colony of Newfoundland, will be found to be a very useful work. The book which contains over 2,800 pages will be sent express charges prepaid on receipt of price which is very low, viz., \$10.00.

The writer of the foregoing commenced his directory career by publishing the Toronto City Directory in 1876, and has had considerable experience since.

Respectfully yours,

MIGHT'S DIRECTORY CO.,

(Late R. L. POLK & Co.),

Publishers Toronto, Ottawa, London and St. John's, N. F., City Directories, Ontario Gazetteer and Dominion Classified Business Directory; also Maps of Toronto, Ottawa, Montreal, and London.

Directions for giving an alarm from above boxes. Unlock and pull open outside door. Then pull the hook on the inner door straight down as far as it will go, (about two inches)—once only—and let it go.

INSTRUCTIONS TO KEY-HOLDERS AND OTHERS.

Upon ascertaining that there is a fire in the vicinity of your box, unlock the outside door and pull it wide open. Then listen, and if you don't hear the little gong inside striking, proceed at once to give an alarm as directed elsewhere. If you do hear the gong strike count the strokes, and if it is the number of a box near the fire you need not send in another alarm. Cut if the number struck is from a box located in another direction, then wait until it has done striking or working (about 30 seconds), before you attempt to give an alarm.

If, after pulling your box as directed, you do not hear the little gong inside strike or the box working, lock the door and go to the next nearest box to the fire and repeat the operation.

MISCELLANEOUS INFORMATION.

Do not attempt to remove the key from lock, as you cannot do so without breaking the lock or key. Some member of the Fire Department will release and return it to you.

Never give an alarm except from a box nearest the fire, unless you have first ascertained that the box nearest to the fire will not work or has not been pulled.

Never open a box except to give an alarm. Do not pull a box for a chimney fire, or for a fire outside the city limits.

Always wait (if possible) till the Fireman arrive to direct them to the fire, if it is not visible.

Keep your key in a convenient and secure place, where you can get it quickly when needed, and where it will be out of the reach of children or strangers.

If you are going to remove from the house you occupy, please return your key to the Fire Station or to the Electrician of the Department.

Always close the door of the box before you leave it.

NOTICE TO THE PUBLIC.

Any responsible person living in the vicinity of the boxes will have keys or can obtain them by applying to the Chief of the Fire Department or Electrician.

Any person having a telephone can use it for the purpose of giving an alarm of fire.

Two blows on the City Hall Bell (after an alarm is given), will be a signal that the fire is out.

Parties erecting houses or scaffolding, or moving houses, must on no account interfere with our wires, poles or boxes. By leaving notice at the Fire Station any alterations necessary will be promptly attended to.

Citizens will confer a favor by immediately reporting at the Fire Station any break or damage to the line or boxes, or any malicious or accidental interference with the same.

DIRECTIONS FOR COUNTING THE SIGNAL ON THE BELL WHEN A BOX IS PULLED.

Suppose Box 34 is pulled, you do not get 34 blows on the gongs or bell, but first you get three distinct blows, which will represent the tens or 30; then a pause of five seconds, when four blows will

be given, representing the units, or four thus: 30 4

111 — 1111 — 34  
Single numbers up to nine are struck consecutively or continuously, without any break, until the whole number is given. The number of the box pulled will be repeated four or five times, with an interval between.
