\$3000 An Acre is Value Given By Hamilton Expert

On Col. Muir's Property—Interesting Arbitration Proceedings Are on at the Court House To-day.

The arbitration case for unstated damages between Col. Muir and the Brantford, Lake Erie & Northern Railway occupied the attention of a court of arbitrators all day yesterday in the County Council chamber at the Court House.

The court consisted of His Honor Judge Snider of Hamilton, chairman; Mr. A. E. Watts, K.C. for the railway, and Mr. Pearson of Toronto for Col. Muir.

Mr. W. S. Brewster, K.C., conducted the case for the railway, whilst Mr. Lynch-Stanton, K.C., defended the interests of Col. Muir. There were quite a number of interested spectators, principally real estate men. During the afternoon Mr. Brewster called the attention of the court to the fact that as other arbitration cases against the railway were about to come off, he would ask that any interested witnesses in the other cases should be excluded from the room, and this was done.

Mr. Jackson, provincial land surveyor, proved the plans of the property.

Mr. Gilbert Brereton of the Gilbert Realty Co. was on the stand for two or three hours. He claimed that the property had been depreciated between \$18,000 to \$20,000 by the building of the Lake Erie Railway.

On cross-examination he admitted that there were 4000 to 5000 unsold lots in the various subdivisions that had been placed on the market in the vicinity of the city during the past two years. Real estate was not as active as it was a year ago, owing to the tight money market. Good Brantford real estate had not depreciated in value, however. He admitted that the

(Canadian Press Despatch)

KINGSTON, Ont., Nov. 20.—Before A. J. Small, Toronto, owner of the Kingston Opera House, will allow Queen's Dramatic Club the use of his playhouse for its performance two weeks hence, the Alma Mater Society must put up a bond of \$500. In view of recent depredations of students, who always make the Grand a special object of attack, the proprietor will take no chances with Principal Gordon's young men. The band will be forthcoming.

PORT ARTHUR, Ont., Nov. 20.—The explanation of the disappearance of the Algoma Central steamer Leafield on Lake Superior, as offered by a local shipping man, is that when she climbed a huge wave and went over the forward decks became filled with water. Hydro Commission To Run Street Railway

Hope is Expressed Today That This May Eventuate—Brisk News Around the City Hall To-day.

"If Brantford secures the Brantford Street Railway, the Hydro Electric and railway departments will doubtless be operated by one commission in this city."

The above announcement was made to the Courier authoritatively this morning. The announcement came after a query as to whether Engineer Ireland, who has had charge of Hydro construction in Brantford, would remain. It is generally conceded that either in construction or in the business end of the electric municipal ownership, Ireland has proved himself an expert.

In the first place there will be numerous extensions from Brantford's station to Mt. Pleasant, Grand View, Echo Place, Cainsville and Parkdale. Although the Brantford system will be complete in January, the construction end of the proposition will by no means be finished. There will be numerous city extensions.

The appointment of a permanent Hydro Engineer will rest with the Commission to be elected in January. There is a strong probability that Mr. L. G. Ireland will receive the appointment, although it is stated in municipal circles that his services cannot be secured for the present salary paid him. He is receiving \$2,400 per annum at present, which is considered below the minimum for a first class engineer. In this connection it might be said that the engineer's services and results have been met with complete satisfaction from the fire and light committee.

Whether the city ultimately will secure possession of the street railway remains for the future. In the

event of the franchise becoming forfeited, the city will have to pay for the equipment. There are wheels within wheels in the situation which even a High Court action has failed to disintegrate.

At any rate in view of the possibility of municipal ownership of the street railway the importance of securing at Hydro Commission next January, consisting of the best trained business and practical men possible is manifest.

Not Called To-day.

The Grand Valley adjourned case at Toronto was not called to-day. A special despatch to the Courier says the action may be on to-morrow.

Purchase Em Both.

"I would purchase both the lung motor and pulmotor now, since they have made such a hollow show," said a local Alderman to-day. But Ald. McFarland says he will do no such thing. It will be either one or the other. It is likely that action will be taken to-day by the municipal authorities and a purchase made.

The pulmotor people, who promoted the purchase and tried to persuade the council are likely to lose out, especially after the opinion expressed by Dr. Fissette who made a very careful inquiry at the big congress of surgeons in Chicago.

Can Cure Ear Ache.

When a Courier reporter called at the Hydro Electric office this morning, he found Engineer Ireland and Ald. McFarland, the Hydro Alderman examining, with much interest several household appliances. Utensils were in evidence from an appli-

IMPORTANT INDUSTRIAL MOVE IS ANNOUNCED BY MASSEY-HARRIS

Crowded Quarters in Toronto Necessitate Sending Work to Brantford—Verity Plow Company Will Have to Increase Working Staff—Move Means a Great Deal to Brantford.

The Courier is able to announce a very important industrial change—one which will mean more work for Brantford men, and that, too, almost immediately. For some time the Massey-Harris plant here has been crowded with foreign orders, so much so that even with twelve hundred men employed, they have found it impossible to keep up with the rush. With the local factory thus overtaxed, and the inability to take care of the ever-increasing demand, and their building space in both Toronto and Brantford being fully occupied, they naturally turned to the Verity Plow Company, which has an ideal location for factory extension.

For the past twenty-two years these two companies have been most closely and successfully affiliated. In fact, members of the Massey-Harris Company are large shareholders of the Verity Plow Company, and the Verities, in turn, are large stockholders in the Massey-Harris Company. As the result of recent negotiations, a most satisfactory arrangement has been arrived at, whereby a further exchange of stock has been arranged, and a large number of the cultivating machines, which are now being manufactured at Toronto and Brantford, will be transferred to the Verity Plow Company, which will increase their output from 25 to 50 per cent. The personnel of the Verity Plow Company will remain the same, and the Company will be operated under the same charter as heretofore. The Massey-Harris Company will also continue to market the entire output of the factory. This new arrangement, as before related, will mean a larger amount of work for Brantford, as the hands to be employed by the Verity's will also be increased by from 25 to 50 per cent. It is also understood that there is quite likely to be a large extension to the Verity plant in the near future.

ANOTHER RADIAL HEADED THIS WAY

It is Proposed to Extend from London to Woodstock to Brantford.

ST THOMAS, Nov. 20.—George B. Woods, Toronto, and W. N. Warburton, London, Vice-President and General Manager respectively of the London and Lakes Erie Transportation Company, now operating between London and Port Stanley, stated here yesterday that the company is considering making one of the prospective extensions. One proposed line is for St. Thomas to Aylmer and Port Burwell, at a cost of over \$200,000, with a branch line to Sparta, while the other is from London to Ingersoll, Woodstock and Brantford. The company also plans an extension from Lambeth to Delaware in the near future.

Messrs. Woods & Warburton yesterday had an interview with property owners on the seventh concession of Yarmouth relative to the extension of the Aylmer line along that road, and were offered an absolute right-of-way. They are, however, inclined to favor the Talbot road, directly east of St. Thomas, because it is more thickly populated.

The officials say they will at once open negotiations with the municipalities along the line of the proposed extension with a view to having the bonds of the company endorsed.

SCHOLARSHIP PUT UP, FOR BRANT CO. PUPILS

Sarnia Man Leaves \$100,000—In All, Twenty-five Counties Will be Benefited—A Splendid Deed for the Advancement of Education.

Details of the will of the late J. L. Carter of Sarnia, who died on the second of this month, and who for many years had been deeply interested in the progress of education, having established scholarships in certain counties of Western Ontario, have been made public by the solicitor of the estate, in response to numerous enquiries as to the provision made for the perpetuation of the Carter scholarships.

The will provides that \$100,000 shall be invested in Ontario Government stock, and the interest applied yearly in perpetuity in payment of three scholarships in each of the counties mentioned in the will. These are: Brant, Bruce, Dundas, Stormont,

MISS JESSIE WILSON RECEIVES PRESENT

Diamond Pendant From Congress Which Cost \$2000 is Given.

(Canadian Press Despatch) WASHINGTON, Nov. 20.—Miss Jessie Wilson, the White House bride-elect, received her \$3,000 present from the House of Representatives to-day. The sparkling diamond pendant resting in a satin-lined jewel box with a tiny key dangling from its pearl shaped lock was taken to the White House by a member of the Washington jewelry firm, which has been preparing the gift. A sentiment inscribed upon parchment paper accompanied the present.

From Women Voters. SAN FRANCISCO, Nov. 20.—A silver service costing \$1,500, the gift of women voters of Northern California to Miss Jessie Wilson, daughter of the president, on the occasion of her wedding next Tuesday was sent to the bride-to-be to-day. The service was purchased by subscription and is of Old Colonial design.

CUT WILL BE SMALL. TORONTO, Nov. 20.—Simultaneously with the report of serious damage to standing timber by the recent storms comes the statement that there will not be a heavy cut in this province this year. The present supply in the hands of dealers seems adequate to meet requirements for some time to come and prices are expected to drop.

BOOTH RECEIVES GREAT WELCOME

Head of Salvation Army is Greeted by Thousands in New York.

(Canadian Press Despatch) NEW YORK, Nov. 20.—General Bramwell Booth, head of the Salvation Army, arrived here last night from Chicago, accompanied by his sister, Commander Eva Booth, his private secretary Col. Theodore H. Kitching, and Commissioner Thomas Estlin, in charge of the department of the West.

Several thousand persons, a majority of them Salvation Army members, met the party at the Grand Central station. From the esplanade of the main concourse Bramwell Booth made a brief speech. The hundreds who cheered his name included persons from all parts of the east and west. The General was fatigued by his trip, and went to the headquarters in West Fourteenth street, where he retired early.

Speaking for the General, Col. Kitching said the Salvation Army leader was hopeful of meeting his brother, General Ballington Booth, head of the volunteers of America. The two separated seventeen years ago, when Ballington Booth organized a separate body after quitting his father, General William Booth, founder of the Salvation Army. There is a report that the two organizations will consolidate. "This is largely dependent on the attitude of mind of General Ballington Booth," said Col. Kitching.

Theft Made Over 30 Years

(Canadian Press Despatch)

WASHINGTON, Nov. 20.—An official count of all the silver dollars in the San Francisco mint has revealed that \$22 were stolen, probably about 1880, according to a report made to-day to Director of the Mint Robert.

Several months ago one of the bags of silver in the mint was found to contain iron washers. Every bag was opened and all the money was counted. The awards of the scholarships are to be under the control of the Minister of Education. The first scholarship of \$100 is for the candidate ranking highest in entrance to the Faculty of Education, or honor or scholarship matriculation (arts); the second and third to the next highest candidates are of \$60 and \$40, respectively.

ATTACK MADE IS VERY SEVERELY REBUKED

Chief Justice Haultain of Saskatchewan Was Rightly Defended

(Canadian Press Despatch) REGINA, Sask., Nov. 20.—The Opposition members in the legislature were roused to fury yesterday by an attack on the Chief Justice of Saskatchewan. Not before during this session has party feeling run so high.

Cameron Lochhead, Liberal member for Gull Lake, charged Chief Justice Haultain with having violated the ethics of judicial practice by giving judgment in the Cumberland case. This case, said Lochhead, was one in which the Chief Justice might reasonably be presumed to have party interest, seeing that he had led the Conservative forces in the general election out of which the case arose. The speaker said he could not see how in the few short months the Chief Justice could change so as to be able to sit on the case with an unbiased mind. It was strange that he could so dare to outrage the ethics of his profession.

Replying, Mr. Bradshaw said Lochhead had placed himself in the position of doing dirty work for the Liberal party. In fifteen minutes he had uttered more abuse of Chief Justice Haultain than had been spoken against that gentleman during all the years of his distinguished political career.

In his speech Mr. Lochhead said he had acquainted the Attorney-General with his intention to criticize the Chief Justice. Hon. A. Targue acknowledged this and to some extent supported the views of the member for Gull Lake. In his opinion, the Minister said, the chief justice had rendered an absolutely fair and impartial decision in the Cumberland case. He was sure the judgment had been arrived at with as little bias as if the Chief Justice had not been connected with the Cumberland election at all. Yet Chief Justice Haultain had acted unwise in sitting on the Cumberland case.

VERA CRUZ, Nov. 20.—Only a small party of refugees from Mexico City arrived here this morning. They reported that the feeling of apprehension there was rapidly subsiding.

MEN GOT DRUNK ON BOARD SHIP

And Captain Thought He Had Better Call in Help.

SAN FRANCISCO, Nov. 20.—Officers of the British freighter Santa Rosalia, which cleared for England Tuesday and returned to port yesterday with eleven of her crew of 41 locked up and guarded by armed men from the United States revenue cutters, are planning to sail again as soon as members of the crew sober sufficiently.

When the captain summoned aid from the nited States revenue cutters, he believed that a mutiny was brewing among his seamen, but it was afterwards learned the men became unmanageable on account of having partaken of a large quantity of liquor which was secreted on board ship, while in port here. It was said to-day the affair would not be brought to the attention of the British consul here owing to the desire of the Santa Rosalia's master to get under way for the United Kingdom.

MUCH DAMAGE TO THE FORESTS

Recent Storm Knocked Down Great Amount of Big Timber.

THESSALON, Ont., Nov. 20.—Woodmen and hunters now coming out of the timber in and adjacent to the Mississauga forest reserve report that a vast amount of damage has been caused by the recent great storm to the standing timber. While there is a difference of opinion as to the extent of the damage done, all who have been in the back townships admit that it is tremendous. One man estimates the amount of fallen timber at no less than forty per cent.

Not only will the loss from fallen timber be great, but it greatly increases the danger from fire during the next season and for summers to come, unless steps are taken to prevent it. Lumbermen in the limits bordering on the reserve will have much extra work in clearing roads which have been badly obstructed. One lumberman reports that seventy per cent of his particular limit is now down. The Ontario Government will do well to take immediate steps to investigate the extent of the damage and decide what should be done to eliminate as far as possible the fire risk.

MILLION PROFITS BY CLAIRVOYANTS

Two Men, Leaders of Gang, Found Guilty in Chicago.

(Canadian Press Despatch)

CHICAGO, Nov. 20.—A verdict of guilty against James Ryan and C. E. Berische, leaders of the "clairvoyant ring" was returned in Judge Walker's court here to-day. They were charged with swindling Mrs. Hope L. McEldowney of New Salem, Wis., out of \$15,500.

Ryan, who was known here as "Professor Charles T. Crane" was one of numerous clairvoyants, who operated under the protection of Berische in a number of middle west cities. According to the evidence Berische shared in the profits of the clairvoyants in return for which he guaranteed them against molestation by the police.

In the aggregate the profits of the "ring" were more than a million dollars.

Home Rule Protestant Volunteers To Drill

(Canadian Press Despatch)

NEW YORK, Nov. 20.—A cable from Dublin to the Tribune says: The world will soon see the formation of an Irish National Volunteer movement, which will have for its object the organization of a citizen force ready to uphold the authority of the crown and government in Ireland. This is a natural development of the situation in Ulster, where Unionists have been drilling and organizing themselves to resist oppression and attacks upon their liberty, and the example thus afforded is to be followed by the Nationalists in other parts of the country. They also have determined to put themselves in a position to be able to resist oppression and attacks upon their liberties.

Like many other Irish movements of a national character, this one has taken its origin among Ulster Protestants. Its two leaders are Sir Roger Casement and Captain James Robert White, both of whom took part in the Ulster Protestant Home Rule meeting some days ago. Captain White is a son of the late Field Marshal Sir George White. It is his intention to make common cause with the men now on strike in Dublin.

BODY REMAINS UNIDENTIFIED

Strange Case at Hamilton—A Burial Lot Was Already Purchased.

(Canadian Press Despatch)

HAMILTON, Ont., Nov. 20.—The body of the unknown man, mourned by the Thompson family, John St. north, as the son, whom they thought had been drowned in the great gale on the lakes until John Thompson, turned up last night and walked into the house, where his relatives were weeping over the casket, still remains unidentified and will probably be taken charge of by the Canadian Marine association. To-day Thompson's mother and sisters, who all purchased black clothes, returned, most of the mourning to the merchants and got their money back. A lot had been purchased in Holy Sepulchre cemetery and a grave dug. The family, who are in rather poor circumstances, now want the money back from the Cemetery board.

Thompson's fourteen-year old sister is almost stone blind. A benefit concert, which had been arranged for her, the funds to be devoted to a last effort in trying to restore her sight, was cancelled when the news of Thompson's death was received. To-day it was decided to proceed with the original arrangement and hold the concert.

An insurance company paid over \$176 to Thompson's mother. The money will be spent.

SUNDAY CARS SPUR LONDON

TORONTO, Nov. 20.—Mayor Graham, City Clerk Baker and Ald. Saunders of London waited on the Ontario Government to-day and asked that an order be passed declaring the city of London to have a population of 55,026. This is sought to enable the people to vote on the question of Sunday cars at the coming elections in January next.

MT. VERNON

(From our own correspondent.)
The funeral of the late Dr. Thos. Perrin took place from his home in the States on Oct 5, the services being conducted at the mortuary chapel of the San Jose Undertaking Co. At the conclusion of the obsequies, the body was taken to Oakland for cremation.

Dr. Perrin was a native of Canada and aged 69 years. He came to San Jose in 1889 and remained in active medical practice until a few years ago, when failing health compelled him to slacken his professional routine. He was a member, both of the Masonic and Foresters orders and a man of genial and genuine qualities. His practice in medicine was extensive and ranked as a leading one in San Jose.

Dr. Perrin is survived by two sons and two daughters; also by his mother, Mr. Albert Perrin and Miss Bertha Perrin are cousins of the deceased.
A native of Brantford, Dr. Perrin received his medical education at the University of Michigan at Ann Arbor. He practiced medicine for years, and at the time when the lumber business was at its height he had charge of three hospitals.

The teachers and officers of this Sabbath school have decided to hold their Christmas entertainment on Monday evening, Dec. 22nd.
Miss Bertha Seales of Brantford, was a Sunday guest with her cousin, Miss B. Perrin.

Mr. Anderson Townsend left last week with a carload of pigs for Mr. Brothman of Brantford, and Mr. Fred MacDonald left with a carload of sheep with Mr. J. Lloyd-Jones to attend the Fat Stock Show at Toronto Exhibition Grounds.
Many around here received the sad news of the death of Mr. Edwin Nelson, which occurred at Toronto. The remains were brought to Paris for burial.

Mr. and Mrs. Will Barker and family of Paris, spent Sunday with Mr. and Mrs. James Barker.
Mr. Wm. Palmer and daughter of Paris, spent the week end with Mrs. MacDonald and family.
Mr. and Mrs. Robert Thompson and daughter of Salem spent Sunday with Mr. and Mrs. George Cleaver and family.
Mr. Herbert Edrich spent a few days last week with his parents, before returning to Ottawa, where he will resume his work for the winter. Miss Judson is visiting friends at Brantford.

Several from here attended the sale of Mr. George Rutherford's on Tuesday.

The school was closed here one day last week on account of the teacher attending the wedding of her cousin.

VANESSA

Mr. and Mrs. E. H. Howey and children spent Sunday with her parents, and Mrs. Howey also attended church at Kelvin.
Welly Robinson of Round Plains spent Sunday with John P. Henry. The Misses Fulmer, and their brother of Scotland, were the Sunday guests of Clayton Henry.
Gretta Smith of Scotland spent Sunday with Mildred Howey and attended Sabbath School at Zion.
Percy Potts and family of Kelvin, have moved on Mrs. A. McKerrill's farm which has rented.

Mrs. S. Leonard and children from the Northwest are visiting relatives here.
Mr. and Mrs. Sam Miller, Kelvin spent Sunday with Mr. and Mrs. Will Leonard.
Mr. and Mrs. John Shepard were the Sunday guests of Mr. and Mrs. Jack Roswell, Kelvin.
A sad accident happened near Scotland this morning, when Jos. Ross-well's little girl was severely burned by her clothes catching fire. Her mother, who was at the time and the child ran out to find her, this burning her all the worse. The doctor has very little hopes of her recovery.
Mr. and Mrs. H. F. Henry and Rita spent the week-end with Mr. and Mrs. M. Myrescough at Butch.

Entries—Must reside upon the homestead or pre-emption six months in each of six years from date of homestead entry (including the time required to earn homestead patent), and cultivate 50 acres hereafter.
A homesteader who has exhausted his homestead right, and cannot obtain a pre-emption right, may purchase homestead in certain districts, price \$20.00 per acre. Duties—Must reside six months in each of three years, cultivate 50 acres and erect a house worth \$2000.00.

A WONDERFUL COLD CURE

Just think of it, a cold cured in ten minutes—that's what happens when you use "Catarrhoxone." You inhale its soothing balsams and out goes the cold—sinuses are cured—headache is cured—symptoms of catarrh disappear at once. It's the healing pine balsams and powerful antiseptics in Catarrhoxone that enable it to act so quickly. In disease of the nose, for irritable throat, bronchitis, coughs and catarrh it's a marvel. Safe even for children. 25c and \$1.00 sizes at all dealers.

Unimpeachable—if you were to see the unquenchable volume of unimpeachable testimony in favor of Hall's Catarrh Cure, you would uphold yourself for so long a day to take this effective medicine for that blood disease from which you are suffering.

INDUSTRIAL ANNOUNCEMENT

That is good news which the Courier is able to give in this issue of a working arrangement whereby some lines of manufacture of the Massey-Harris Company will be transferred to the Verity Plow Company.

Both firms have proved of much—yes, very much—worth to Brantford, and very kindly recollections remain of the period when Sir Melvin Jones, Mr. J. Kerr Osborne, Mr. J. Shenshope, Mr. J. Housser and Mr. Robert Verity, now general superintendent at Toronto, used to reside here.

Members of the Harris family and the other members of the Verity firm we still have with us, and they rank high in Brantford citizenship.

BRANTFORD AS A RAILWAY CENTRE

It is more and more evident that Brantford is to become a great steam and electric railway centre.

We already have the main line of the Grand Trunk and what is practically a main line to Buffalo. This on the west extends to Goderich.

The T. H. & B. affords us direct connection with the Michigan Central at Waterford.

Then there is the Brantford & Tillsonburg line, and it is known that the Canadian Northern people intend to get in here as soon as possible.

Now building we have the Lake Erie & Northern, which will give direct communication through a rich district to Port Dover on the one end, and give direct connection with the C.P.R. main line in Galt at the other.

On top of these things there now comes the announcement that the London & Lake Erie people have in contemplation a line to run from there via Ingersoll and Woodstock, to this city.

We are some pumpkin now, but not nearly what the future has in store.

HYDRO-ELECTRIC

The Hydro-Electric System introduced by the Whitney Government continues to make good in a most emphatic way.

The whole scheme was devised for the benefit of the people, and they have reaped the advantage with a rapidity which is little short of astounding.

It will be noted that at the meeting of the Commission held yesterday in Toronto, every municipality reported a surplus, with the lowest at ten per cent, and the rest ranging all the way up to fifty-two per cent.

As the outcome down will come the already low rates for lighting and for power.

There has never been before, anywhere, such a splendid and mutually advantageous combination of municipalities on behalf of a public need, and all honor is due to Hon. Adam Beck, under whom the mighty undertaking has so splendidly developed.

Thank heaven, Brantford and its residents will soon be in the circle—a circle which, by-the-by, the Brantford Expositor fought tooth and nail to keep it out of in the interests of a private corporation and a private monopoly.

LAURIER'S BIRTHDAY

To-day Sir Wilfrid Laurier celebrates his seventy-second birthday, and the Conservative party as such has enough manliness about it to wish him many happy returns.

It will remain for future historians to assign Sir Wilfrid's true place in Canadian history. The late Goldwin Smith, in his reminiscences, did not even make mention of his name—but then the Professor did a great many extraordinary things, such as urging annexation with the States, and so on.

The ex-Premier has largely had a primrose path to tread. He has never had to face the storm and stress through which Sir John Macdonald and Sir Charles Tupper passed, or to face such momentous questions as those men solved like the giants they were. His one big step was to propose reciprocity, and we all know how that wrecked his own side when, without dragging in such an issue, he would have had comparatively smooth sailing on his next appeal to the people.

When he succeeded to office in 1896 he found the Dominion ship in splendid shape under the previous eighteen years of manning by the Conservatives, and all that he had to do was to hold the helm square. With his eyes on Washington, he jammed it hard

aport in 1911 and found the rocks. His future rating, though not among the first of Canada's public men, will certainly be high.

The Toronto Globe closes a panegyric to him as follows: "Liberals can best show their devotion to their principles and their confidence in their Chief by getting ready for the inevitable struggle of 1915."

"Let them agitate, educate, organize, so that Sir Wilfrid may once again sit in the place for which, as the ablest man in public life in Canada, he is supremely qualified."

No, Conservatives cannot permit that, but they do at least wish him a long period as the occupant of the Opposition leadership in the Dominion House.

THE CHILDREN'S AID

The twentieth annual report of the Brantford branch of the Children's Aid Society tells in facts and figures the great work accomplished.

Statistics, as a rule, are not very interesting to the average individual, but these are well worth giving:

667 letters received, 922 written, 97 applications for children, 120 complaints of neglect, 270 children involved in the complaints, 975 visits made, 192 visits to wards, 7 children offered for adoption, 6 children offered as boarders, 1 girl sent to Industrial School, 1 ward of the society died, 79 children placed or replaced in homes, 20 children made wards of the society, 12 from Brantford, 5 from Brant county, 3 other municipalities and charged to them, 9 were boys, 11 were girls, 115 children at the Shelter during the year for care, 2680 days was the total stay, 8 was the average number of children per day, 63 children from the city, 27 from the county, 25 from outside municipalities and charged to them.

These extracts from Mr. Axford's annual report are worthy of repetition:

About 125 children are in foster homes in this city and county, and in almost every instance they are well-treated and happy. Time and space will permit of only a few instances of the work being cited, many of the happenings of the year would be equally interesting.

A woman moved to this vicinity with two children, having separated from her husband in another city, and was soon transferred to the hospital where she was blessed with an addition of two more. In the meantime the other two children were cared for at the Shelter. I investigated the case and called on the husband and father and succeeded in re-uniting the family, and they were getting along splendidly when I last heard from them. This is much better than separating the children from the parents and also places the responsibility of support where it rightfully belongs.

We were called to another home to investigate a complaint and found a little tot about one year old in a very filthy condition, the house very filthy, and both parents in a drunken stupor. The child, more dead than alive, from the long continued neglect, was removed to the Shelter and afterwards made a ward of the Society. Under the kind and tender care she received she soon developed into a fine child, and now is in a good christian home and very much admired by all.

Another home was visited here on several occasions, and warned of their neglect, but the improvement was only temporary. Finally two children were given to our care, the younger being in a very sick condition but we were rewarded by the child's return to health and she, too, is in a good home where she receives every attention and is the lady of the house. Her sister also has been provided for. I am also pleased to report the marriage of four of our girls who have homes of their own and are happy and prosperous."

The work of this great society is certainly worthy of the most generous sympathy and assistance.

NOTES AND COMMENTS

Borden Club!

Only two more days now before that Saturday night whoop.

That man Larkin evidently doesn't believe in larking.

Advices to-day are that Mexican rebels are sweeping the country. There certainly seems to be enough truck there to warrant such a step.

There is no more chance of keeping Brantford back than there was for King Canute to stop the oncoming ocean with his pink toes.

Rev. L. Branford, a minister in Old Scotland, still makes it a rule to wear kilts while he is preaching. It must be a bonnie sight at times to see his dimpled knees twinkling in and out.

OFFICIAL EYES ALL ON HUERTA

Washington is Watching Situation in Mexico With Renewed Interest.

(Canadian Press Despatch)

WASHINGTON, D. C., Nov. 20.—The eyes of official Washington were turned on the Mexican Congress and Huerta's message on his recent assumption of dictatorial powers.

The possibility that the new congress might act on concession discredited in advance by the United States, was thought in many quarters to be a pivot on which the next move by the United States Government might turn.

Those who have been of the opinion that Huerta would retire after his acts had been ratified by the congress, still held confidence in their theory. So far as can be learned the American Government means to continue its plan of financial blockade with diplomatic pressure from without.

The closing feature of Huerta's message, in which after proposing the sanction of Congress, he added that if this was withheld and authority entrusted to another he and his ministers were agreed to accept such a result, is regarded with some significance as indicating that Huerta himself was at last recognizing the possibilities of his own elimination.

Some officials declared there was no new move in prospect for the immediate future. It was also said that no instructions of a final character had gone forth to Charge O'Shaughnessy.

The departure of William Bayard Hale from Nogales after parleying with the Constitutionalists, was also said to be a factor in the delay.

It was pointed out to him that he had this time awakened too late. He was told in future to watch as a watchman should. He must have thought he was on duty, this guardian of the night!

A Word in Season

Autumn sighs and Winter answers; in a haze the landscape swims; and the trees, like ballet dancers, shock us with their naked limbs; wilted are the leaves and curly, where they lie upon the lawn; let us out shopping early, ere the Christmas rush is on. Now and then the winds are equally and they fill the human droves with a pervasive melancholy as they whistle through the groves; for there's no robin shiver as it piped its song; I have sympathized with Dobbin, for his hair's all pointed wrong. Every sign and every token whispers in my shrinking car: "Autumn's spine is surely broken; winter days will soon be here!" Which is why I'm sore and surly, as I sigh at early dawn: "I must do my shopping early, ere the Christmas rush is on!"

Notes Around City Hall

A Kingston Alderman has written City Clerk Leonard asking for the moving picture house license fee in Brantford. He says the fee in Kingston is \$50 and there are four houses. Enquiry is made of the high license which is \$200 in Brantford, has reduced the number of playhouses.

Building permit was issued this morning to Herbert Field for the erection of a \$1600 house on Sheridan Street.

The Board of Works meets to-night. A sanitary sewer connection has been applied for by J. M. Lamb, grocer in Grand View. The extension may mean connect a with other places in the township in that district.

THE PARTY LEAVES

VICTORIA, B. C., Nov. 20.—Prosperity a greater team than ever next year, but refusing to make any statement as to probable changes. Mugsy McGraw sailed for the Orient last night on the Empress of Japan together with other members of the Gait and White Sox party. There are over thirty baseball players and over half a hundred are making the journey, including the wives of some of the players and a score or more real fans.

HE WANTED DEATH

CHICAGO, Nov. 20.—Albert Zinkie, 44 years old, shot and killed his mother and himself to-day. A note found by the police said that the deed was committed because Zinkie and his mother were "hard up and better off dead."

HEAD STUFFED? GOT A COLD? TRY PAPER'S

"Paper's Cold Compound" ends colds and grippe in a few hours. Take "Paper's Cold Compound" every two hours until you have taken three doses, then all gripe misery goes and your cold will be broken. It promptly opens your clogged-up nostrils, and the air passages of the head; stops nasty discharge or nose running; relieves the headache, dizziness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffing. Ease your throbbing head—nothing else in the world gives such prompt relief as "Paper's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitute.

MY MAKE GRANT

TORONTO, Nov. 20.—A deputation from London and Ottawa, waited on Mr. Duff, Minister of Agriculture at the Parliament Buildings this morning to ask for a grant for their annual exhibitions. They receive grants now based on prize lists, but they ask for a lump sum every year instead. Mr. Duff seems favorably disposed.

With the City Police

Wm. McArthur was fined the minimum of \$25 and reminded that he had an opportunity to appeal by Magistrate Livingston when he was charged to-day with supplying a billed man with liquor. The prohibited man was seen to leave the house of McArthur in a drunken condition.

Evidence proved that he had entered in a quite sober condition and when an officer entered he saw a bottle of liquor on the table. A boarder in the house saw McArthur take a drink but did not see the other fellow imbibing. Defendant said that the prohibited man did not take liquor with his knowledge. The magistrate considered the case proven and imposed the minimum fine.

Andrew Dohrugen paid five dollars and costs for the privilege of interfering with P. C. Tyrrel when he was arresting a man yesterday. Dohrugen had apparently misunderstood the situation, as he was drunk and thought the officer was acting without just cause. He was told that in order to be a good citizen he must give up such practices.

The oft adjourned case of L. B. Culver was again down for decision, but again it was left in an indefinite state.

Chief Slemin had a complaint to make this morning with regard to the G. T. R., who handed men over to the police to be dealt with for trespass. The railway, however, had sent no one to prosecute.

In consequence Magistrate Livingston discharged the men and commented upon the slackness of the company in this particular case. No sooner had he discharged the men than a watchman who watched in a way, woke up and came to the front to see what he came to give evidence to the G. T. R.

It was pointed out to him that he had this time awakened too late. He was told in future to watch as a watchman should. He must have thought he was on duty, this guardian of the night!

ONLY ONE CITY WILL HAVE VOTE

On Local Option in January --Districts Where Vote Will be Taken.

TORONTO, Nov. 20.—Temperance organizations and the various vested liquor interests in the Province of Ontario are now busily engaged in perfecting their organizations and fighting forces preparatory to entering upon one of the biggest temperance wars ever waged in the Province of Ontario, which takes place in January. Battles will be waged in seventy counties where Canada temperance act contests will be precipitated. Of the fifty-two twelve constitute repeal contests brought on by the anti-local optionists, but a three-fifths majority must be obtained before any repeal is allowed, as the by-laws were passed subsequent to the adoption of the three fifths clause by the Provincial Government.

Of all the local option contests only one is centered in a city, that of Sault Ste. Marie, where a big struggle is anticipated. There are fourteen licenses in the district, and a by-law voted on in 1910 had a majority of 45, but was defeated on account of its lacking the requisite three-fifths of the total votes cast.

Contest Districts

A dominant feature in the Dominion Alliance's plans for the future is the possibility of the establishment of up-to-date temperance hotels throughout the Province. A sub-committee has been working on the question since the termination in February, and much data have been collected as to the best system of financing a chain of hotels. At the next convention it will probably be decided whether these hotels, if constructed, will be controlled by individuals or a syndicate. In the meantime, Brantford has taken the initiative. The Brotherhood Association there has decided to organize a stock company which will purchase a hotel in the event of local option carrying at the proposed contest in January.

County Contests

Huron, Peel and Welland counties will vote on the adoption of the Canada temperance act, which covers a county and applies to all municipalities which that county includes on January 20. The dates of similar contests in the Provincial judicial districts of Algoma, Muskoka, Parry Sound and Sudbury will be set aside by the Governor in Council later. It is understood, though, that January 20 will also be the date on which these votes will be taken.

CARGO ON FIRE

YOKOHAMA, Nov. 19.—A wireless message received from the Japanese steamer Sado Maru, from Seattle November 4, says the cargo in No. 4 hold is on fire. The steamer is expected to reach this port on November 22.

Market Day At Panama

Some New and Unusual Species of the Vegetable and Animal Kingdoms Offered by Vendors.

by Willis J. Abbot, Author of "Panama and the Canal in Picture and Prose.

The sun, rising red out of the Pacific Ocean—a geographical phenomenon that never fails to interest and perplex tourists—is barred by slender lines, or gashed by the broad sails of innumerable caycos beating down to Panama with strange exotic products for the market. Every day is market day at Panama. Just the crowded little open-air mart is seen at its best on a Saturday or Sunday in early morning. All night long the native boats, mostly caycos hewn out of a single log, sometimes of mahogany, and often as much as thirty-five feet long and with a schooner rig, have been drifting in, propelled by the ever falling trade wind. They come from the Bayano river country from Chorrera, from Taboa and from the Isles of Pearls, from the Bay of San Miguel and from the land of the San Blas Indians. Great sailors these latter, vegetable Vikings of the tropics, driving their caycos through straggling gales when the ocean steamers find it prudent to stay in port.

The market opens at dawn, and buyers are there already as soon as the sellers, for early rising is the rule in the tropics. Along the sidewalks on the curbs, in the muddy roadway even, the diverse fruits and food products of the country are spread forth to tempt the robust appetites of those gathered about. Here is an Indian woman, the color of a cocoanut, crinkled as to skin like a piece of Chinese crepe. Her pitcher is greased out her stock, diverse and in some items curious. Green peppers, tomatoes a little larger than a small plum, a cheese made of goat's milk and packed to about the consistency of Brie, a few yams, peas, limes and a papaya or two are the more familiar edibles. Something shaped like banana and wrapped in corn husks grosses my curiosity.

"What is it?" "Five cents." "No, no! I mean what is it. What's it made of?" "Fi cantavo."

In despair over my lack of Indian Spanish patois, I buy it and find a little native sugar, very moist and very dark, made up like a sausage, or a tamale in corn husks. Other mysterious objects turn out to be ginseng, which appeals to the resident Chinese; the mamei, a curious pulpy fruit the size of a large peach, with a skin like chamois and a fleshy looking pit about twice the size of a peach stone; the sapodilla, a plum-colored fruit with mushy interior, which when cut transversely, shows a star-like marking and is sometimes called the star apple. It is eaten with a spoon and is palatable. The mamei, however, like the mango, requires a specially trained taste.

Like most people of a low order of intelligence, the mongrel native of Panama is without the slightest sense

GENERAL MOURNING THROUGHOUT TOWN. Twenty-four Funerals of Victims of Mine Disaster. (Canadian Press Dispatch) ACPON, Ala., Nov. 20—There was general mourning in this mining community to-day with the funerals of the twenty-four men who were killed in the explosion in No. 2 mine of the Alabama Fuel and Iron Co. here, to be held. Of the dead 16 were whites and eight negroes. A large number of the victims were married and the mining company is extending aid to their widows and orphans. The rescue work was accomplished speedily, all the 24 bodies having been located and removed from the workings within twelve hours after the blast occurred. The company officials and State Mine Inspector Nesbitt have not definitely determined the cause of the explosion, but state it was due either to gas or ignition of the dust. The interior of the workings was only slightly damaged. PR. GEORGE TOWNSHIP SALE. Municipalities Show Big Surplus in Operation of Hydro Electric Power

Magnificent Showing in the Reports to the Provincial Commission—None of Large Cities Below Twenty Per Cent.

TORONTO, Nov. 20—The meeting of the Hydro-Electric Commission yesterday was, in some respects, one of the most portentous on the minutes since that body began the distribution of power in the province. It not only brought forth the records of a wonderful advance in a nine-month period, closing on Sept. 30, but in addition it authorized the reduction of 10 and 15 per cent. of the rates now obtaining in Toronto, London and Ottawa in spite of the reductions made very recently to customers in some of these instances. Toronto and Ottawa are advised of a justified reduction of 10 and 15 per cent., respectively, on all light and power rates, whereas London can cut off 15 per cent. on light and 18 per cent. on power charges. The price of power in London will, with this reduction, be cheaper than in Toronto. It came with some sense of congratulation that every one of the 49 municipalities in Ontario now using hydro energy returned for the nine-month period of surplus in each case. The smallest surplus registered is 10 per cent., and they soar in some instances to 45 and 50. None of the larger cities fall below 20 per cent. in this showing. The financial statements displaying the power operation of the municipalities in the nine-month term mark a handsome surplus in each case, according to the statement of the chairman. This is estimated after making allowance for the interest on the sinking fund and the depreciation or rest account. Toronto returns a surplus of 25 per cent. above the total operations, Ottawa returns 25 per cent., London 20 per cent., St. Thomas 45 per cent., Port Arthur 52 per cent., Berlin 35 per cent., Guelph 35 per cent., Stratford 40 per cent., Galt, regardless of a 15 per cent. reduction recently on power and light rates, returns now a 30 per cent. surplus, Waterloo, in the same district, shows a 45 per cent. surplus; Penetang 45 per cent., Baden 35 per cent., and Weston 35 per cent. These examples quoted may be extended to include all the municipalities now allied with the commission. All of which use the hydro power are in a position showing a marked surplus calculated outside a marked surplus for depreciation. In the three cities, Toronto, London and Ottawa, the commission takes the opportunity of forwarding to the local commissions the recommendation that their surplus admits of a reduction at this time in accordance with the policy of the Government body that the surplus be used in this way. Notifications to this effect are being issued to these cities, calling for such consideration unless there be some serious objection in the municipality. The increased consumption of power will average daily from this time forth about 2,000 horsepower. At the beginning of the year it was reckoned at 3,000.

Local Trades and Labor Council Met Last Night

Interesting Topics Discussed by Brantford Labor Men—Abolition of Property Qualification to be Again Urged—Indorsement of Present Compensation Act—Other Notes.

There was a very good attendance at the meeting of the Trades and Labor Council held last night in Union Hall. A grant of \$10 was made to the Sailors' Fund and a grant of \$5 to the Haddaway building fund.

Secretary-Treas. Brown thought philanthropic work began at home. He made a special plea for the support of the Haddaway work.

Delegates. Brother T. Dowling from the Bartenders Union and Brothers Peter Brown, Neil Davis, Claude Bonner, John Brown and Alex. Jackson from the stone cutters Association were received as members of the council.

Sergt-at-Arms Appointed. Owing to Delegate D. Mitchell finding it not convenient to fill the office of Sergt-at-Arms, Delegate Halberstam from the Bartenders Union was appointed to fill the office.

Secretary Treasurer Brown, a member of the Ministerial Alliance Committee reported. There is considerable work to be done before the committee can report.

CADET BANQUET AT COLLEGIATE

Very Enjoyable Event Transpired Last Evening—A Jolly Supper.

Last evening in the assembly hall of the Collegiate Institute the B. C. I. Cadets held their annual banquet when almost every member of the corps was present and heartily enjoyed the good things set before them.

The guests were Col. Howard, Dr. Hart, Principal Burt, Major Genet, Ex-Cadet Capt. Hanna, Mr. Shultis, Capt. Marshall of Hamilton, and Capt. Ward.

After all present had enjoyed an excellent meal, Sergt. Major Oxtoby in the House on two occasions the question of abolishing financial qualifications for cadets and had, he believed, promised to bring the matter up a third time.

Abolishing of Qualifications

VITALITY REGAINED KIDNEYS CURED

Health Restored by "Fruit-a-lives"

HAGERSTOWN, ONT., Aug. 26th, 1913.
"About two years ago, I found my health in a very bad state. My kidneys and liver were not doing their work, and I became all run-down. I felt the need of some good remedy, and having seen 'Fruit-a-lives' advertised, I decided to try them.

Their effect, I found more than satisfactory. Their action was mild and the results all that could have been expected.

In hundreds of letters received by the Fruit-a-lives Company, the same expression is used "Fruit-a-lives is the best kidney remedy in the world." At my own rate, these tablets have proved the best ever. I unhesitatingly give you this testimonial for publication if you wish."

GOOD SUGGESTION TO BRANTFORD PEOPLE.
It is surprising the amount of foul matter the simple mixture of buckthorn bark, glycerine, etc., known as Alder-bark, drains from the system. This remedy became famous by curing appendicitis and acts on BOTH the upper and lower bowel so thoroughly that ONE DOSE relieves soft stomach, gas on the stomach and constipation almost IMMEDIATELY. We are mighty glad we are Brantford agents for Adler-bark. M. H. Robertson, druggist.

SIXTY-SEVEN ARE IN THE PARTY

World's Touring Baseball Teams Now on Their Way to Japan.

VICTORIA, B.C., Nov. 20.—The Giants and White Sox of the world's touring party, are on the water, or at least, they were for a couple of hours last night, when the boat sailed down the bay to meet the Empress of Japan, bound for the country for which it was named.

The Courier Cup was presented to Capt. McGratton, of the All-Scots by C. B. Todd, who also presented prizes to Capt. Fisher of the Y. M. C. A. team.

The cup donated by Dr. Russell for the player who scored the largest number of goals was presented to E. Holland, of the Y. M. C. A. team.

A very pleasant event transpired at this juncture of the proceedings, when Mr. S. Seago presented Mr. Speechly with an umbrella, Mr. Bowtle with a club bag, and Mr. Wright with a gold stick pin.

Mr. A. E. Watts was present on behalf of the Tuberculosis Hospital, and was handed a cheque for \$100, being the amount collected at the Charity Cup games.

FROM GOVERNOR TO BASEBALL PRESIDENT

Former Chicago Player Will be President of National League.

HARRISBURG, Pa., Nov. 20.—Governor John K. Tener will be unanimously elected president of the National League at the meeting in New York on Dec. 9. This was the announcement made by Charles H. Ebbets, president of the Brooklyn Club, following a conference at the executive mansion lasting four hours.

Governor Tener would only make a brief statement, as he had an engagement in Philadelphia, and left for that place.

The governor said: "Barring a few minor details, which must be submitted to the colleagues of the four gentlemen who were here to-day, I have considered favorably the offer from the National League Officials, but there will be another conference later."

"I supposed everything had been settled," spoke up President Ebbets, "and that there was nothing else for us to do but convey that information to the others."

The governor then continued: "If I shall accept the presidency of the National League, I shall not resign my office, nor shall I give my undivided attention to baseball matters until I quit my present duties."

Further details, the stories printed in the newspapers were correct, meaning that he will not accept the election for one year, and H. M. Hempstead, New York's representative, added: "It will be for five years and at an increased salary."

The magnates, W. E. Baker, president of Philadelphia Club; Harry Ackerman representing Charles W. Murphy of Chicago; Charles H. Ebbets, Brooklyn and Harry Hempstead of New York, reached Harrisburg shortly before 1 o'clock and after a luncheon at the executive mansion, the conference started.

The four magnates present tendered the presidency to Governor Tener, and then followed a prolonged conference regarding the term of office and salary.

Barney Dreyfuss wired his approval from Pittsburgh, and stated that he was ill and could not be present. J. E. Gaffney of Boston, wrote a letter agreeing to support Governor Tener, and stated that business kept him away. Harry Herrmann wrote a letter agreeing to support Governor Tener, and stated that business kept him away.

SIX-CLUB LEAGUE FAVORED BY OTTAWA

Move Will be Made to Drop Berlin and Guelph at Annual Meeting.

OTTAWA, Nov. 20.—If the Ottawa Baseball Club has its way, there will be a six club circuit in the Canadian League for next season. Manager Frank Shaughnessy stated yesterday that such a series embracing Ottawa, Hamilton, London, St. Thomas, Brantford, and Peterboro would be just his ideal.

He likes the idea of Erie and other towns in New York state, but doubts if they will be ready in time. Erie has to organize, and the Canadian League's composition will not be known until after that date.

"Shag" thinks that St. Thomas, Brantford and Peterboro can be developed into first class ball towns, and is also of the opinion that it would be a good move to drop both Guelph and Berlin. The question will be thrashed out at the annual meeting which will be held next month at Toronto.

With a six club circuit, as suggested by the Ottawas, the clubs would be probably far better off. It would mean additional visits to the capital of the strong teams like London and Hamilton, and the others could also strengthen. It would be a better financial proposition as well, as Guelph and Berlin have not only been poor drawing cards on the road, but they seldom draw crowds of any proportion when at home.

St. Thomas and Brantford with good teams would do exceptionally well and Peterboro has already shown its qualifications for a permanent berth in the league. Peterboro really had the best balanced club in the league last season, and with proper management they would have won the pennant.

They had a first class pitching staff and some of the hardest hitters in the Canadian league. Next year Peterboro will certainly be heard from.

Why Do Women Suffer

When They Could Be Well? It is so easy to be well and strong and able to enjoy life, that it is surprising how many women drag themselves through the day suffering tortures from lame back due to kidney trouble.

Mrs. Wilcox found the way to cure herself and gladly writes about it so that others may be induced to use the same remedy.

"During the last winter, I was bothered very much with a Weak Back. I was advised by a friend to try GIN PILLS and I did. The first box I found helped me very much and I found when I had taken the second, I was completely cured."

GIN PILLS do not do all that we say they will—let us know, and we will cheerfully refund your money. Send for a free sample and see for yourself that they will do you good. Then buy the regular boxes at your dealers—50¢ a box, \$2.00 a dozen.

GRAND OLD CHURCHMAN Saw the Derby in 1837 and is Still Preaching.

Time has dealt lightly with the Rev. Thomas Bell, Dean of Guernsey. No one to look at him would think he celebrated the ninety-third anniversary of his birth on Wednesday.

He is vigorous and upright, and he is active almost as he was fifty years ago. Truly he is called the Grand Old Man of the Church.

The only faculty that is failing him is his eyesight. Last year, when the King and Queen went to Winchester on the restoration of the cathedral, Dean Bell, as Canon of Winchester, was invited to luncheon with their Majesties. He has said that his regret was that he could not recognize the features of their Majesties from his seat.

He takes great interest in gardening, and his farm is a model one. He is enthusiastic over his Guernsey cows. Despite his age he performs active work on the farm. He has a wonderful memory and can tell his friends the hotels and the names of the proprietors in most towns he has visited.

He saw the Derby in 1837, and his only visit to a racetrack—and he collects clearly the names of the first three horses, their jockeys and owners. He does not smoke. The effects of a cigar at Oxford years ago turned his inclination.

SUPPOSED DEAD MAN CAME HOME TO HIS OWN FUNERAL

A Remarkable Case Occurred in Hamilton Last Evening—"Apparition Appears Among Mourners Assembled for Wake—Sequel to Lake Tragedy"

HAMILTON, Nov. 20.—Perhaps the most extraordinary incident in connection with the disaster recorded on the great lakes within the last week occurred here last evening. One of the supposed victims of the marine tragedy was John Thompson, son of Thomas Thompson, 442 John street north of this city. On Monday last a telegram was received by Mr. Thompson from his daughter, Mrs. Mary Ward of Sarnia, to the effect that his son John had gone down on the James Carruthers. Learning that the bodies of a number of the crew of the ill-fated steamship had been cast ashore at Kettle Point, near Goderich, Mr. Thompson hastened there on Monday evening to see if he could identify the remains of his son. He arrived at Goderich at midnight and after a nerve-wrecking drive he reached the place on the lake shore where the bodies had been carefully and tenderly laid away for the purposes of identification. Among the number was that of a young man which corresponded so closely to that of John Thompson that the bereaved father acknowledged it as that of his son. There were two toes on the right foot that were crossed in a peculiar manner that Mr. Thompson remembered as talking exactly with two injured toes on his son's foot. There was a "J. T." tattooed on the left arm of the body, and other tattoo marks which corresponded exactly with tattoo marks which he knew his son carried. To make the identification even more sure there were teeth missing in the mouth, just as in the case of his son John. The body was prepared for burial and sent here to be interred. The only difference Mr. Thompson saw was in the color of the hair, he being of the opinion that his son's hair was lighter than that on the head of the corpse. On mentioning this fact to the undertaker in this city, the latter, who was personally acquainted with the son, said the fact that the body had been in the water so long might account for the difference. The undertaker himself was satisfied there was no doubt as to the identity of the remains. Preparations for the funeral were proceeded with. Flowers were sent by sorrowing friends and relatives, and a wake was to have been held last night. The funeral was to take place to-day.

In Walked Thompson. About 6 o'clock last evening there was a knock at the door, and as no one went to answer, the door opened, and in walked young John Thompson, alive and well, and strode across the room to take a look at the man in the casket. The scene that ensued can be imagined. The father and sisters were simply terrified out of their wits by the apparition of their dead brother, as they believed, appeared before them. The mother was at the undertaker's at the time completing arrangements for the funeral. When quiet had been restored and the family was assured that some strange mistake had been made, messengers were sent to the mother to break the news to her. It was some time before the import of the intelligence dawned on her, and there was a pathetic meeting between son and mother. In the meantime the corpse of the unknown occupied a place in the casket in the parlor of the little home. The undertaker was summoned, and he took the remains back to his chapel, where they now repose. But there will be no funeral to-day.

Did Not Ship on Boat. Young Thompson's story is to this effect: He left here on Nov. 4th, but did not go on the James Carruthers as was expected. He left here on the Merchants Mutual steamship, the 6 Maple and went to Montreal. He was there at the time of the storm, and was totally unconscious of the fact that his family were suffering on his account. Tuesday he arrived in Toronto, and late that night he read in a newspaper of the finding of his body at Goderich and the preparations for his funeral. He reached Hamilton yesterday afternoon, and on his way to the house called to see his friend Edward Duffy of the Northern Hotel. Mr. Duffy almost collapsed when he saw him, as he had heard of the sad happening and had made arrangements to attend the funeral. Another remarkable coincidence in connection with this remarkable case is that there was a J. Thompson enrolled among the crew of the James A. Carruthers. This Case Somewhat Similar. KINCARDINE, Nov. 20.—The widow of Thomas Neilson came up to Kincardine on Tuesday night and recognized her husband, but the body she identified as her husband was No. 6 instead of No. 7. The coroner numbered the bodies in order of recovery, and the clothes of the first man recovered, and a wake was to have been held last night. The funeral was to take place to-day.

"KING" LARKIN, THE IRISH LEADER, RILES STUDENTS

First Attempt to Raise "Fiery Cross" in England a Failure.

LONDON, Nov. 20.—The first appearance as an orator in London of James Larkin, head of the Transport Workers Union of Dublin, at "King Larkin" as he is now dubbed by his adherents here, led to wild scenes of disorder at Albert Hall last night, where several thousand had gathered to hear him. When Larkin was liberated a week ago from Mountjoy prison, where he was serving a seven-month sentence for sedition, he announced that he was going to England "to raise the fiery cross," and he predicted a general strike throughout Great Britain. There was much interest therefore, in what he might say last night.

Students on Hand. A large body of students from the colleges connected with London University, made an organized attempt to stop the meeting and hence rioting broke out, and inside the hall occurred. A large force of police was requisitioned and fire fighting occurred. Many persons were injured before the meeting was able to proceed, when the students successfully stormed the hall and gained admission to the floor of the hall. There further fighting took place and sticks and umbrellas were freely used. Fireworks were let off amid scenes of pandemonium and for a time there was danger of panic. The organ music, however, was playing, however, and the audience began singing socialist songs, to which the students responded by singing "God Save the King" and "Rule Britannia."

When order was practically restored, Mr. Larkin went on with his speech, which was mainly devoted to a denunciation of the Government in connection with the Dublin strike. The leader of the transport workers showed himself to be master of a rough but effective style of eloquence.

PROTECTION ASKED FOR BRITISH CONCERNS

It is Feared That Interests of Pearson's in Mexico Are in Danger. LONDON, Nov. 20.—The United States embassy in London, acting on the personal request of Lord Cowdray, cabled to Washington to-day asking the American Government to extend its protection to the imperilled interests in Mexico, of the Pearson concern, which it represents. Lord Cowdray declares that the presence of United States battleships at Tampico had a salutary effect in preventing the destruction of the property of the concern and it would appreciate a continuation of the extension of such protection.

LATEST BOOK IN PICTURE AND PROSE

Interesting Story of Unusual Country and People Told in Bright Word Pictures

As previously announced, the Courier is presenting to its readers "Panama and the Canal in Picture and Prose." This latest book was written by Willis J. Abbot, the well-known writer on international subjects, and is the acknowledged reference work of the great waterway. It is a beautiful large book, fully double the dimensions of the usual size novel, printed from new type, bound in tropical red vellum cloth, with the title stamped in gold and inlaid with a beautiful color panel showing the famous Culebra cut. It contains more than 600 splendid illustrations, which include magnificent water color studies reproduced in full pages in all their natural beautiful colorings. It acquaints you with the people of Panama and the Canal Zone, telling you of their appearance, their dress, their home life, their social life, their industries, their sports and pastimes. This is not only entertaining, but it is highly important information from an educational viewpoint, and should be read by every man, woman and child who is interested in the world's development and progress.

Under usual conditions this beautiful book would readily sell for at least \$4, but realizing the world-wide interest in the Panama Canal, daily newspapers throughout the United States and Canada are making this great distribution for the benefit of their readers, recognizing the fact that exact knowledge on this timely subject is an essential part of the education of all who would advance. So for a short time this volume will be presented to readers for only six cents and the small expense amount named therein to cover the expense of distribution. Clip the certificate to-day. It is printed on Page Seven.

OFF FOR TROUBLE ZONE. NEW YORK, Nov. 20.—A Herald cable from Hamilton, Bermuda, says: The Battleship New Zealand left this port yesterday for Halifax. From Halifax she will go to Portsmouth, England, completing her ten months world tour. The sailors were Bermuda's guests while the vessel was here and they were taken to all the show places. The officers were well-entertained.

Additions to Fact Large Num

A Courier man visited the Ford Cordage Company's plant in West Brantford yesterday and was amazed to see the firm has made since the aster of a few months ago. There has been a large addition to main factory, 212 feet 58 feet wide, and a new building, 295 feet long, in see a new office, separate noise of the main structure, erected of red pressed brick. In all, including also the ment of new machines, e been an outlay of some \$40,000. Eleven years ago the cost of the first year was 60 to 70 cents per spindle, and now with 268 spindles in operation it is recorded each week additional help of large power machines and balling mach
