Says Calgary Loads Undesirables on Southern City

### SO LETHBRIDGE HANDS THEM BACK TO CALGARY

Macleod Also Seems to Have Un-

Thompson, police matron, and V. M. Gallivan, sergeant in the Royal North west Mounted Police is speeding of her way to Calgary. Calgary will be pleased to see her again, and it is said that at the jail there they treasured her locks, which she left behind her when she separated for keep-sakes. Miss Crosby will be united again with her friend, Miss Annie Morrison, who lately was a candidate for residence in Lethbridge at the kindly instance of Macleod. Lethbridge, not being selfish, would not keep Miss Morrison, but insisted on returning her to parental Calgary.

Calgary, Medicine Hat and Macleod according to Harry Percy, the Lethbridge police chief, have lately acquired the pleasant habit of ticketing their undesirables to Lethbridge. Chief cepted. Parry thinks it is getting a trifle monotonous and has decided to make

public protest. He says. Chief Parry's Protest.

"I would like to draw public attention to what is becoming nothing less than a scandal, the action of such towns as Calgary, Macleod and Medicine Hat in using the city of Lethbridge as a dumping ground. It is had enough to send all a town's prisoners here, as does Medicine Hat, but when it comes to ticketing undesirables here, matters have passed the bearable stage, and the time is over for exercising charity in passing judg-

ment on the facts. "Regarding these last two wome vagrants, Annie Morrison arrived here last Thursday, and registered at the Windsor. Her character was quickly shipped to Calgary jail. She informed me that when she turned up in Macleod, and was brought before the magistrate, she was given the option of coming to Lethbridge, at her own expense, or being committed to jail for thirty days. She had a little money, and came to Lethbridge.

Bought Her Ticket "In Lulu Crosby's case, if the young lady is to be believed the town authorities actually purchased her a ticket, for this destination. She never lived here, and could have no claim on Lethbridge. Both these girls were in jail in Calgary, where their hair was clipped, and when they got out, they were generously unledded on the south of the province. Magistrate Hum phries and Major Belcher, inspector of the Royal Northwest Mounted Police wired from here to Hon. C. W. Cross attorney-general, at Edmonton, or Monday, asking where Alberta's female prison was located, and yesterday the answer came that it was at Calgary. Accordingly Calgary is re-

enough to make an excuse for sending them to the barracks here, although Medicine Hat has a jail of its own. Naturally when their time is up, they are turned loose on the streets of Lethbridge. ### Eyes are Seldom Mates

After middle life, and frequent ly earlier, the eyes are apt to be of unequal strength. If this inequality is not cor rected, the weaker eye will be overworked and be thus made weaker still.

This shows the necessity of always having each eye separately examined. We fit spectacles that will cor rect every defect of vision and strengthen weak eves.

They have all the advantages in starting here, and this, will have a great tendency and this, will have a great tendency and this continuous actions and the starting have a great tendency and the start towards bringing settlers into Alberta. Mayor McPhee in conversation with the Albertan said: "This is a great country" and I am greatly pleased with the prospects in store for this

weth the prospects in store for this province and especially Calgary. The weather has been very cold, but we were unfortunate in striking here when a cold snap was on. I can judge what the weather conditions are by today which I think is ideal for this time of the year. I have been following this part of Alberta for some constitutions are the started work. It is ing this part of Alberta for some considerable time and know that it is not sight to se? ten ,arge loads of often you get such cold snaps as we good lump coal coming in behind often you get such cold shaps as we have experienced these last two days. Still the cold did not trouble us, and we have been round, and had a thorough good time. Last evening we were entertained by the Elks in the Norman block, all of us took in the theatre and aftenwards adjourned to their rooms where we spent a thorough good lump coal coming in behind the other every few days. Henry Reinhart has secured several orders for Red Deer coal.

Work on the brick work of the new schaol has been stopped, on account of the cold weather of lately their rooms where we spent a thor-
