

Watford Guide-Advocate

Volume XXXVII—No. 41

WATFORD, ONT., FRIDAY, OCTOBER 20, 1911.

IN UNITED STATES, \$1.50 IN ADVANCE
ELSEWHERE, \$1.00 IN ADVANCE
Single Copies 5 Cents.

LOCAL HAPPENINGS.

THE GUIDE-ADVOCATE welcomes all items of interest for this column. Call Phone 11, send by mail or drop item in GUIDE-ADVOCATE Letter Box.

A HAWK hat, it's right.—SWIFT'S. PARTRIDGE season opened Sunday last. PARLIAMENT will meet November 15th. Wait a minute, please—I just swatted a fly.

WEDDING cake boxes at the Guide-Advocate.

F. J. DODDS shipped a car of apples from Theford to London this week.

TAILORING at Swift's right in every way, cut, style and finish.

KEEP Tuesday, Nov. 14th in mind—the date of the High School concert.

J. MCGILLICUDDY, V.S., has had a striking sign painted on the front of his building.

MUSHROOMS and nuts are more plentiful this year than they have been for many years.

THE Lambton Publishers' Association held a business session at the Hotel Vendome, Sarnia, on Friday afternoon.

ROBERT AULD and family moved into town Wednesday and are now occupying their new residence on Warwick street.

LADIES' Suede gloves, navy, brown, black, natural, tan, cream. 25 cents.—SWIFT'S.

LAMBTON fall assizes will open at the court house, Sarnia, on Monday, Nov. 6th, before His Lordship Justice Britton.

THE Ontario Government's plan of wet weather insurance for farms will have a first class tryout in this initial season.

OUR wall paper stock is complete. All the new 1911 designs. It will pay you to see our stock and get the prices.—P. DODDS & SON.

Jack Frost draws nearer now each day. By graduations, subtle, and all too soon we'll have to burn the stuff that's in the scuffle.

COMPTON'S new model corsets, 20 different styles, 50 cents to \$2.50.—SWIFT'S.

THE members and friends of the Congregational choir are arranging for an entertainment to be held on Friday evening, October 27th, in Public Hall. Particulars will be given later.

MR. ROBERT KELLS was out for a drive on Saturday. This is the first time Mr. Kells has been out of the house since he met with his accident nine months ago. He is not yet able to walk.

HARPER BROS., who purchased the furniture and undertaking business of H. A. Cook, are now in possession. Mr. Cook will remain with the new firm for some time and take charge of the undertaking branch.

BOYS who are in the habit of annoying the Chinese laundry man and creating a disturbance in front of the Public Library are cautioned to mend their ways or information will be laid against them before a J.P.

MR. CHAS. BARNES, driver of the Warwick stage, had a close call the other day at the G.T.R. station. His horse became unmanageable and crowded him so close to No. 6 express that his coat was torn by the passing train.

THERE was a good attendance at the children's service in Trinity church last Sunday afternoon. Mrs. A. G. Brown gave a very interesting paper. Rev. S. P. Irwin and Col. Kenward addressed the congregation.

Two special dollar silks, 21 and 36 in. wide, black, navy, cream, grey.—SWIFT'S.

SUMMER excursionists to the Northwest are now returning one by one. The majority of them say this is an off-year for the great west, the wheat crop especially, in some parts, being short and far below the high standard of quality in former years.

THE regular meeting of the Women's Institute met at the home of Mrs. Tanner on Wednesday evening, October 11th. There were two papers given, one on "Thanksgiving" the other on "How to Make the Institute a Success," also good music, and good attendance. Next meeting to be held at the home of Mrs. Ferguson.

ON Nov. 6th, 7th and 8th there will be held in London a men's missionary convention. Including delegates from ten counties of which Lambton is one. Some of the ablest speakers and greatest missionary workers in the world will be present. Sir Andrew Fraser, late Lieutenant-Governor of Bengal, will be one of the speakers.

SPECIAL sale of dress goods at 39 cents, black, brown, navy, grey, green, regular size and 60c.—SWIFT'S.

NATURE'S brush of October sunshine is fast painting a brilliant many-colored mosaic in the tree-tops these golden autumn days, her favorite colors being yellow, green and purple, with an intricate and harmonious blending of many tints. This bright sunshine, along with other chemical agents, is also fast elaborating the sap of the sugar beet and converting it into sugar. Every bright, warm day now is adding greatly to the percentage of sugar in the beets and thus helping to increase the prospective profits to the growers of these little sugar laboratories of the soil.

READ the Want Column, COURT LORNE next Monday night.

NOVEMBER, 3rd has been selected as the date for the Dominion by-elections.

FULLER & COOKE shipped a car of export cattle to the Old Country on Saturday.

THE partnership between Fred A. Taylor and Frank T. Taylor has been dissolved, the latter carrying on the business here.

PARTRIDGE are plentiful this season. The Colonel brought home a fine bunch Monday which he distributed among his friends.

IT'S our way of selling children's coats, we bought them cheap, save a third, you get the saving.—SWIFT'S.

GEO. PIKE'S horse and buggy went through town at a lively clip without a driver on Wednesday evening. No damage done.

GET your shoes from us. We have everything from the heavy working shoe to the finest dress. No fancy prices.—P. DODDS & SON.

THE returns of the Dominion census for 1911 show the population of Canada to be about 7,100,000, an increase of less than two million in ten years.

MR. LEVI LAMBERT, brother-in-law to Mrs. John Lambert and Mrs. E. Lambert, of Watford, died in Detroit on Sunday. The remains were taken to Petrolia on Tuesday for interment.

A HEAVY beaver coat, farmers satin quilted lining, sable coon high collar, in navy and black, \$15.00, \$16.50, \$20.00.—SWIFT'S.

A SUBSCRIBER takes exception to the heading we used on the Fair report last week. He claims that instead of saying "The Fair Called Off," we should have said "The Fair Washed Out."

MUSHROOMS are very plentiful this season and grow to a great size. R. J. Lucas, Brooke, brought the editor in some this week that measured 18 inches in circumference. They always have things on a large scale at R. J.'s.

REV. S. W. MUXWORTHY, of Glencoe, conducted anniversary services in West Lorne October 1st. The Sun says:—

"The speaker is one of the most able divines in the Methodist church and his sermons on Sunday were thoroughly enjoyed."

THE deposited savings of U. S. citizens, if divided, would amount to \$34 for each inhabitant, while Canada's wealth, divided on the same basis, would give each citizen \$22.00. Thus, you see, a Canadian is worth just two and seventy-seven two-hundred-and-nineteenths more than a U. S. er.

MEN'S soft felt hats, tweed effects, navy, green, brown, tan, one dollar.—SWIFT'S.

AMONG the shipments from the G.T.R. station here this week were:—W. W. Edwards, one car hog; W. A. McDonald, one car apples to Imperial, Sask.; C. B. Matthews & Son, one car bran and shorts to London; W. A. Thompson, one car cattle to Toronto; H. Johnston, one car apples to Trenton; Mitchell & Auld, three cars staves and heading. Also five cars logs.

MESSRS. CARRERE AND HASTINGS and Eustace G. Bird, New York architects, have had their plans approved by the Sterling Bank for the Bank's new offices in The Transportation building in Montreal. The offices will front on James street and the fittings and appointments will be in keeping with the general high character of the building.

WE sent out our accounts in September, but we find we have forgotten that we need the money.—SWIFT BROS.

THE Lambton County Poultry Association will hold its first show in Sarnia on January 24th, 25th and 26th. In previous years the exhibition has been in Petrolia, Watford and Wyoming. The birds will be on display in the town hall. Entries are not limited to any particular section, and are expected to include many from over the border who will exhibit at the Port Huron show last Thursday week. W. Nickell is secretary.

THAT the pepper used throughout Canada has been 40 per cent adulterated for the past 33 years has been shown by a pamphlet issued by A. McGill, chief analyst of the Department of Inland Revenue. All kinds of adulterants have been used, including wheat husks, ground cocoon shells, maize and different kinds of foreign starches. Perhaps the commonest adulterant is ground olive stones, which is so common an adulterant that it is called poivrete, or "little pepper" by the authorities.

THE J. M. Williams mentioned in the following clipping from a Kettle Falls, Wash., paper, is a son of Mr. Jos. S. Williams, of Watford:—"F. G. Carlisle and A. D. Fredendahl, J. M. Williams and wife and Mrs. Steadman returned from a hunting trip last Thursday up Sherman Creek section. Their success was indicated by the beaming countenance of all and the good display of game. Mrs. J. M. Williams proudly exhibited a full grown rabbit while Mrs. Steadman held up a beautiful pheasant as a trophy of the hunt. But the big chief of the hunt was J. M. Williams, who sat in the rear, and directed our vision to a fine deer, which he brought down at the first shot. Carlisle and Fredendahl had nothing to say, but proudly pointed to a pile of grouse and pheasants. Upon investigation we discovered that they were the cover for several large watermelons."

THE local evaporator is running full time and apples are coming in in large quantities. The Wagon Works is also running full capacity and is rushed with orders.

A CONSIDERABLE increase in the revenue of the Province is expected this year. For eleven months the supplementary revenue amounts to \$770,000 and the end of the present month which also terminates the fiscal year, is expected to bring the total up to \$900,000. Colonel Matheson's estimate for the year was \$750,000. The new Provincial tax of licensed bars for the past five months will amount to more than \$100,000, and by next year it is expected that the Hydro-Electric will be in a position to pay the interest on the sinking fund.

THE Detroit fly campaign conducted under the auspices of the Board of Health resulted in gathering 170 pints of flies. One ten-year-old was the winner with 29 pints, her nearest competitor brought in 27 pints. The winner set four traps near a meat market. Some of the contestants employed very original methods of killing of their catches. Clarence Bailey set fire to a flour laden paper. The combustion singed the wings of the insects, which fell to the floor in heaps. Bailey brought in eight pints. It is likely that next year the campaign will be carried on, on a big scale.

ATTEND the towel sale at Swift's Saturday night, 2 for 25 cents.

THE stores this week indicate that their proprietors are in full readiness to supply all wants for the cold season which is fast approaching. Everywhere heavy coats are shown in the drygoods stores, the grocers and fruit dealers conspicuously place baskets of fruit, the season of which is fast passing, and the tarry housekeeper is thereby warned that unless her fruit cupboard is well stocked, opportunities for obtaining fresh fruit are daily growing less. Another noticeable feature of this season is the lovely neckwear with which nearly every drygoods store is well supplied. The fall and winter will be marked by dainty laces and frills of feminine wear, as never before since the time of Queen Elizabeth.

THOSE who attended the Bowlers concert on Tuesday evening were fortunate in hearing one of the best entertainments ever placed before a Watford audience. The playing of Aptommas, the celebrated harpist, was a revelation to those who had previously heard a harp played only in an ordinary manner, as his handling of the instrument is something marvellous. Aptommas is a genius. Miss Bradley, although suffering from a severe cold, sang with true artistic ability. She has a rich, flexible, well-trained voice. Miss Grace Merry, the entertainer, is a young lady with a strong, dramatic insight, and is mistress of a wide range of talent. The entire program was of high class and much appreciated by the audience. The Reeve presided.

MR. JOHN BRAYSON, of Watford, has in his possession one of the first Methodist iron nail taken out of the first Methodist Church in Upper Canada, Adolphustown, in 1791. It is now called the Historic Chapel of Hay Bay, was rebuilt in 1834 and in use till 1860. Since then has fallen into disuse, and sold for \$50 for a granary. The Methodist Conference in June voted to have this relic of Methodism preserved as a relic. Near this place are the ruins of the homestead of Sir John A. Macdonald who, with his father, attended this church. It is a great square frame structure with great street huggers characteristic of pioneer life. Three colored bricks are the only original furnishings in the church, pulpit and pews have been destroyed.

50 PAIRS boys' sample bloomer pants, size 27 to 33, one dollar you save. 35c. a pair.—SWIFT'S.

EVERYONE admits that Watford is one of the best and neatest towns of its size in Ontario. We are proud of our business places, neat residences and lawns, good sidewalks and many other attractions, but there are a few things that would add to our credit by their absence. One of these is the disgusting habit some tobacco chewers have of spitting on the sidewalks. On Sunday morning the Main street walks are sometimes in a disgraceful state from this dirty practice. If men must chew tobacco while on the street they should have enough pride in our town to expectorate on the roadway. Another thing that should be looked into is the congregating of boys on the streets, smoking cigarettes, acting noisily, and conducting themselves in an unbecoming manner, much to the annoyance of passers-by and business people. We wonder if the parents of these boys know what their children are doing when out at nights, or are they aware of the danger to the morals of the boys consequent on such conduct. The by-laws of the town prohibit both of the above mentioned offences and citizens should try to remedy the matter for the sake of the good name of our town.

BROOKE.

The ladies of Bethesda Methodist church, Brooke circuit, purpose holding a fowl supper on Friday evening, November 10th. A good program is also expected. Doors open at 6.30. Admission 25c, children 15c.

The Brookefield Oil Company, which has been drilling for oil in Brooke township for a couple of years past, with more

or less success, were rewarded on Saturday by striking a seventy barrel well on lot 9, concession 2, of Brooke. Messrs. Malcolm McKenzie and R. I. Towers, of Sarnia, and two Oil Springs gentlemen, comprise the company.

TO THE PUBLIC.

I desire to tender my sincere thanks to the purchasing public of Watford and vicinity for the very liberal patronage extended to me during the years I have been in business in Watford, and respectfully solicit a continuance of that trade to my successors, Messrs. Harper Bros.

That my endeavor to supply modern furniture at a reasonable price and conduct business in an up-to-date manner has been appreciated is evidenced by the large and increasing trade that I have enjoyed, for which I thank you.

H. A. COOK.

Watford, Oct. 16th, 1911.

A Convincing Advertisement.

Carefully read Taylor & Son's adv. on page 5.

These Nyal remedies referred to mark a new era in the drug business.

They have seen that the day of the patent "cure-alls" is nearly over, and have been looking for some honest line of packaged medicines with an open formula. In Nyal's Family Remedies they are convinced they have something they can safely recommend to you.

Carter Scholarships go to Watford High School.

Principal L. J. Williams on Tuesday received cheques for \$100 and \$60 payable to Miss Annie Tanner and Mr. Harry Rogers, who won first and second places respectively, in the competition for the J. I. Carter Scholarship for Lambton. Mr. Carter, President of the Empire Salt Works, of Sarnia, offers for competition yearly in each of several adjoining counties, three scholarships of \$100, \$60, and \$40 respectively, to the pupils who take the highest aggregate marks on the Form IV, July examinations. This includes the examinations for Honor Matriculation and Entrance to Faculties of Education. The winner of the third scholarship was Miss Marguerite Campbell, of Sarnia Collegiate Institute.

Miss Tanner is a daughter of Mrs. Jas. A. Tanner, of Watford, and Mr. Rogers is a son of Mr. Alfred Rogers, of Kerwood. For the past twelve or thirteen years Watford High School has never been without a representative from Mr. Rogers' family, and all have achieved marked success in the school.

The staff of the Watford High School last year consisted of Mr. L. J. Williams, B.A., Mr. R. H. Archibald, Miss Blanche Mitchell, and Miss Winifred Owens, B.A., who join the many friends of the winners in congratulating them upon their achievement.

PERSONAL.

Mrs. Tye returned home from Stratford last week.

Mrs. W. J. Henderson, Petrolia, visited Watford relatives this week.

Mr. D. G. Bryson, Calgary, is visiting at his home here this week. He is very enthusiastic about the West.

Mrs. W. K. Cook and daughter are visiting at her old home here this week. Mr. Cook spent Sunday here.

Dr. R. G. Kelly attended the annual meeting of the Western University Medical Alumni at London on Tuesday.

Mr. R. V. McCallum, who has filled the position of teller in the Sterling Bank, here, has been promoted to manager of the Kerwood branch and commenced his duties there on Monday.

J. E. Fowler, who has spent the summer in Regina, returned home this week. He reports all the members of the Watford colony well and doing well. Mr. Fowler also had a very prosperous season.

BORN.

In Amherstburg, on Thursday, Oct. 12th, 1911, the wife of Capt. A. C. Callum, of a son.

At Galesburg, Ill., on Saturday, Sept. 23rd, 1911, the wife of Mr. S. B. Kerr, (formerly of Maidstone), of a daughter.

MARRIED.

On Wednesday, Oct. 11th, 1911, at high noon, Riley Lewis White to Miss Ida Belle Bass, both of Inwood, by Rev. B. Grimshaw, at the Baptist parsonage.

On Monday, Oct. 9th, 1911, at the Baptist parsonage, by Rev. J. B. Grimshaw, John Robert Bell, of Battle Creek, Mich., to Rose A. Hunte, of Glencoe. They will reside in Battle Creek, Mich.

DIED.

In Warwick, on Saturday, October 14th, 1911, Richard John, youngest son of William Waun, aged 10 years, 4 months, 17 days.

In Bosanquet, on Friday, October 13th, 1911, William Caley, aged 77 years, 10 months and 22 days.

In Warwick, on Wednesday, October 18th, 1911, Mrs. Prudence Spurway, aged 87 years.

In Forest, on Friday, Oct. 6th, 1911, Jane Pymmer, relict of the late John Dew, aged 57 years.

In Petrolia, on Oct. 5th, 1911, Joseph Barrett, in his 78th year.

In Battle Creek, Mich., on Sunday, Oct. 8th, 1911, Wm. Northrop, (formerly of Warwick), aged 75 years.

WARWICK.

Mrs. Joseph Crone, who was critically ill a few weeks ago, is now able to be up.

Miss Margaret J. Westgate, second line, spent Sunday with her friend, Miss Alverna P. Routly.

Mr. Albert Routly and Mr. Richard Routly, Sr., spent a few days this week with friends in Glencoe.

Mr. Nicholas Luckham suffered a paralytic stroke last Tuesday morning and has been confined to his bed since that time.

Mr. and Mrs. Henry Baird, Sarnia, spent a few days last week at the home of Mrs. Baird's brother, Mr. John Miller, 4th line.

Dr. and Mrs. R. J. Mumford, Glencoe, motored to Birnam last Sunday morning and spent the day at the home of Mr. and Mrs. W. H. Luckham.

Mr. Charles Richardson, and cousins, Mr. and Mrs. Atkinson, Leamington, motored to Sarnia last week, where they spent the week end with friends.

The many friends of Miss Pearl McCormick, who arrived home from the Old Country last Thursday, are pleased to hear that she is much improved in health.

C. R. Williams' cider mill will commence operations on Wednesday, Oct. 25th and will run every Monday, Wednesday and Friday until November 25th.

A social evening was held in Bethel church last Tuesday evening in honor of a number of old neighbors who have sold their farms and are about to move elsewhere. A very enjoyable time was spent by all present.

There was a large attendance at the Women's Auxiliary at the home of Mrs. J. Bryce on Wednesday, October 4th. The next meeting will be held at the home of Mrs. S. Smith on Thursday, October 26th. Contributions of clothing or groceries will be gratefully received.

The death occurred on Friday, Oct. 13, of William Caley, aged 77 years, 10 months and 23 days. The deceased was visiting his daughter, Mrs. Amos Zimmerman, lot 2, con. 6, Bosanquet, at the time of his demise. The funeral was held on Monday afternoon to the Arkona cemetery.

The October meeting of the Women's Institute was held in the Foresters' hall on Oct. 14th. A very interesting and instructive paper on "How to make our meetings simple, instructive and interesting" was read by Mrs. W. A. Minelli. Following Mrs. Minelli's paper was a question drawer when many useful suggestions were given on the care of winter vegetables, and cake making. Next meeting will be held on Nov. 9th. All ladies welcome.

Mrs. Prudence Spurway, relict of the late Henry Spurway, died at the home of her daughter, Mrs. Richard Moore, 18 Sideroad, on Wednesday in her 88th year. The funeral will take place to-day (Friday) at the Watford cemetery. Rev. R. Stevenson, pastor of the Watford Cong'l church, conducting the service. Deceased was a native of England. Her husband predeceased her in 1909. She leaves one daughter, Mrs. Moore, of Warwick, and five sons, William, Henry, George, Samuel and Frank.

The death occurred on Saturday morning of last week at his home on 18 Sideroad of Richard Waun, the youngest son of Mr. and Mrs. William Waun, after an illness of some months. "Richie," as he was familiarly known, was an exceptionally bright little fellow, and being of a kind and affectionate disposition, was a great favorite with his schoolmates and all who knew him. He was never very strong, being subject to rheumatism, and last spring contracted measles, which was followed by pneumonia. Heart trouble resulted, which gradually weakened him till the end came after much suffering. Interment took place at Watford cemetery Monday afternoon, the funeral being largely attended. Mr. and Mrs. Waun and family have the sympathy of the entire community in their bereavement.

A very pleasant evening was spent at the home of Mr. and Mrs. Albert Routly 4th line east, when their friends and neighbors assembled to bid farewell and to present to them a slight token of remembrance, before taking their departure for their new home. The presentation was as follows:

TO MR. AND MRS. ALBERT ROUTLY:

We, your intimate friends and neighbors, having heard with feelings of sincere regret that it is your intention to take your departure from our midst, feel that we cannot allow this opportunity to pass without showing our esteem for you and your family during your stay in this locality. You have been all that could be desired as neighbors, using every endeavor to advance the interest of this section in a social way, being always kind, obliging and self-sacrificing, so that it will be ever with a sense of grateful remembrance when we make a review of the past. We would therefore ask you to kindly accept this silver and silver case as a material token of these sentiments and earnestly hope wherever fate may place you on Canada's broad acres that your lines be cast in pleasant places.

Signed on behalf of the community,

BERNARD ANDERSON,
WILLIAM ATCHERSON.

Warwick, Sept. 29th.

Although taken completely by surprise Mr. and Mrs. Routly expressed their great thankfulness for being so kindly remembered by their neighbors, in whose presence they have resided for the past twenty years.

AETER DOCTOR'S FAILED

Lydia E. Pinkham's Vegetable Compound Cured Her.

Midgie Station, N. B.—One can hardly believe this as it is not natural, but it was my case. For ten months I suffered from suppression. I had different doctors, tried different medicines, but none helped me. My friends told me I would go into a decline. One day a lady friend told me what your medicine had done for her, so I wrote you for advice and received your reply with pleasure. I started taking Lydia E. Pinkham's Vegetable Compound, and at the second bottle showed improvement. Now I am regular and never was so well in my life, thanks to Mrs. Pinkham's medicine. Please publish my letter for the benefit of others.—Mrs. JOSIAH W. HICKS, Midgie Station, N. B.

Indian Head, Sask.—Lydia E. Pinkham's Vegetable Compound is indeed a boon to women who suffer from female ills. My health is better now than it has been in my five years of married life and I thank you for the good your advice and medicine have done me. I had spent hundreds of dollars on doctors without receiving any benefit.—Mrs. FRANK COOPER, Box 448, Indian Head, Saskatchewan. The most successful remedy in this country for the cure of all forms of female complaints is Lydia E. Pinkham's Vegetable Compound.

HARRIS & CO. PROPRIETORS.

Guide-Advocate

HARRIS & CO. PROPRIETORS. WATFORD, OCTOBER 20, 1911.

NOTE AND COMMENT.

The real business of life is the making of a happy home. When you come to sift the whole chaff of existence, everything goes to wind but the happiness we have had at home.

Elections may come and elections may go, but the process of progress goes on forever. The heat of conflict, the fervor of debate, the massing of will and power, are all subservient and superficial when compared to the steady, daily, quiet operation of the forces that make a nation strong and civilized.

The young men whose pockets are filled with cigarette wrappers, moustache combs, finger nail cleaners, miniature curling irons, looking glasses, chewing gum, etc., and who have their mother crease their pants every day, are not the ones to make promising husbands. The pockets of those who are helping to make the country bloom, and causing two blades of grass to grow where only one grew before, will be found filled with barbed wire staples and differ-

Every Woman
 It is common knowledge that a woman should know about the wonderful **MARVEL Whirling Spray**. The new Vaginal Syringe. Most convenient. It cleanses instantly. Ask your druggist for it.

If he cannot supply the MARVEL Whirling Spray, he will send you a list of druggists and directions to the nearest dealer. **WINDSOR SUPPLY CO.,** Windsor, Ont. General Agents for Canada.

ent sizes of nails and screws. They are the boys the girls had better get after.

The skies will soon be found full of airships. The papers have almost as much airship news as baseball news. But what of it? Of course the new fact that man can voyage through the air is somewhat of an accomplishment, but what will be the ultimate benefit? So far we can only see the airship as adding new horrors to war or as a rich man's toy. Will it ever be a great factor in general transportation? So great a scientist as the late astronomer, Simon Newcombe, wrote, some time before his death, a demonstration that the possibilities of aerial transportation were very limited. The new invention is not to take the place, he thought, of the ship and the railway train. Still, as great men in their way as Newcombe saw little possibility of the use of steam and electricity. They thought those discoveries were only useful to play with. When we hear anyone ask what's the use of any new invention, however, we would do well to remember Ben Franklin's reply to someone who asked him what would be the use of his electrical discovery with his kite. He simply asked his querist: "What's the use of a new baby?" There are limitless possibilities in almost any new thing, just as any new baby may be a Shakespeare, a Washington, a Lincoln, or a Darwin.

STATE OF OHIO, CITY OF TOLEDO,) ss. LUCAS COUNTY.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

FRANK J. CHENEY. Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1886.

A. W. GLEASON, NOTARY PUBLIC. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces of the system. Send for testimonials free.

F. J. CHENEY & CO., Toledo, O. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

No Substitute for Newspaper Advertising.

Advertising pays if the man who has something to sell so regulates his advertisement as to convince the people that it is worth buying.

All the substitutes for newspaper advertising can be easily avoided or disregarded by the people the advertiser tries hardest to attract, the man or woman that can afford to buy.

They do not stand gaping at bill boards and they do not bother with circulars in the mail because they are too busy, but their old friend, the newspaper, is taken into inmost privacy of the family. It is discussed at the breakfast table and at supper, it is read at leisure in the evening, and its pages are scrutinized with the interest born of long habit and discriminating taste.

An advertisement in the Guide-Advocate goes into the family circle and cannot be excluded. It is welcomed because it is a part of something else and it goes there at the very time when the occasional domestic-economical council takes place. There is no substitute for the newspaper advertising.

The Golden Opportunity.

Among the persons who have recently made provision for old age when it comes are two sisters aged respectively 33 and 34 years. They have purchased from the Canadian Government a Last Survivor Annuity, that is an Annuity which will give them together an income of \$600 a year so long as they both live, and to be continued to the survivor so long as she lives. The cost of this Annuity, \$3,643.75, had been invested at 5% and had brought in less than \$185.00 annually, with the difficulty and annoyance of reinvestment. The Annuity becomes payable when the younger sister attains the age of 55, and should both die before that time the purchase money will be refunded to their heirs with 3% compound interest. Each is now earning her own living, and the sum paid is the fruit of their labors for a number of years. They were thus able to appreciate their splendid opportunity. A card

of enquiry addressed to the Superintendent of Canadian Government Annuities, Ottawa, will secure for you any information you desire on the subject.

A Valuable Apple Tree.

Thirty thousand dollars was the sum recently offered an eastern Washington nursery company for an apple tree located near Lake Chelan. The proffer was made by a syndicate which desired to propagate the tree. It was turned down by the nursery company, which will develop the fruit itself. The tree is twenty years old and is called the Chelan. The fruit is golden yellow and is said to be different from that of any other apple grown in Washington. It is also said to possess exceptional keeping qualities, a box having been kept in storage in Spokane for two years without any marked deterioration. Twenty years ago, the story runs, an Indian planted a handful of apple seeds, three of which grew. The fruit of only one of the trees was good for anything. The tree is now of great size and a profitable bearer. Last year at the national apple show at Spokane fruit from this tree took first prize for new varieties of apples.

GREAT MEDICINE.—Toni, one of the pioneers of French Canada, lost a hand and wore an iron hook as a substitute. He was in the habit of boxing the ears of refractory Indians with this iron hand, and they have remarked that it was "great medicine." Dr. Thomas' Electric Oil is great medicine; it takes hold of pain with an iron hand and knocks it out of the system.

Often a housekeeper has trouble in trying to take cakes out of tins in which they have been baked. A sure way out of the trouble is to turn the pan upside down and lay on the bottom of it a cloth wrung out in water. After about five minutes the cake can be removed without crumbling to pieces.

The famous rescuing St. Bernard dogs have now a rival in the telephone. The monks of St. Bernard have fitted the refuge huts in the most perilous spots in the Alps with telephones, which will enable travellers in distress to ring for assistance.

Help your children to grow strong and robust by counteracting anything that causes ill-health. One great cause of disease in children is worms. Remove them with Mother Graves Worm Expeller. It never fails.

On Thursday evening, in the presence of the immediate relatives, the marriage was solemnized between Alfred C. Weight, of Bosanquet, and Miss Gertrude C. Crawford, of London, England.

Hailstorms in France cause an estimated annual loss to farmers of \$30,000,000. A Bothwell man had on exhibition a cauliflower that weighed 12½ pounds.

Constipation is the root of many forms of sickness and of an endless amount of human misery.

Dr. Morse's Indian Root Pills,

thoroughly tested by over fifty years of use, have been proved a safe and certain cure for constipation and all kindred troubles. Try them. 25c. a box.

Deathly Cramps, Stomach was Bloating

A Bad Case That Proves Cramps and Stomach Disorders are Cured Fast by Nerviline.

"The distress I suffered from cramps last summer was so severe I thought I meant death," writes P. R. Emerson, of Guys Hill, P. O. "I was doubled up with pain and in such bad shape I couldn't walk a hundred feet. I remembered having Nerviline on hand and took half a teaspoonful in sweetened water. In five minutes I was well and my stomach derangements disappeared entirely."

NERVILINE AN INSTANT RELIEF

For cramps, flatulence, diarrhoea and disorders of the stomach and bowels, Nerviline knows no equal—one mixture bottles used every year—fifty years on the market, that's proof enough of its merit. Large bottles, 50c., trial size, 25c. All dealers or The Catarrhozo Company, Kingston, Ont.

BLACK KNIGHT STOVE POLISH

 It used to be that the dirtiest and hardest work a woman had to do about the house was polishing the stove. "Black Knight" Stove Polish has made it so work and so much at all. "Black Knight" is a smooth paste, that is spread easily with a cloth or brush and shines like a black diamond after a few gentle rubs. It cleans as it polishes—keeps the stoves fresh and bright, with almost as little trouble as polishing one's shoes. Buy a big can of "Black Knight."—at your dealer's, or sent postpaid on receipt of price.
 THE F. F. DALLEY CO. LIMITED, HAMILTON, Ont. Makers of the famous "2 in 1" Shoe Polish.

A Prize Contest
open to the
Farmers of Canada

\$3,600 in Cash Prizes for Farmers

READ the conditions of the Prize Contest we are conducting for the farmers of Canada. \$400.00 in prizes will be awarded to each Province. These prizes will be divided into four groups, consisting of:

PRIZE "A"—\$100.00 to be given to the farmer in each Province who will use during 1911 the greatest number of barrels of "CANADA" Cement. PRIZE "B"—\$100.00 to be given to the farmer in each Province who uses "CANADA" Cement for the greatest number of purposes. PRIZE "C"—\$100.00 to be given to the farmer in each Province who furnishes us with the photograph showing the best of any kind of work done on his farm during 1911 with "CANADA" Cement. PRIZE "D"—\$100.00 to be given to the farmer in each Province who submits the best and most complete description of how any particular piece of work (shown by photograph sent in) was done.

Every farmer in Canada is eligible. Therefore, do not be deterred from entering by any feeling that

you would have little chance against your neighbor. For remember, Prizes "C" and "D" have no bearing whatever upon the quantity of cement used.

As a matter of fact, your success in this contest will depend to a great extent on your careful reading of our 160-page book, "What the Farmer Can Do With Concrete." In this book—sent free on request to any farmer, full instructions are given as to the uses of concrete, and plans for every kind of farm buildings and farm utility. You'll see the need of this book, whether you are going to try for a prize or not. If you have not got your copy yet, write for it to-night. Simply cut off the attached coupon—or a postcard will do—sign your name and address thereto and mail it to-night.

Please send Circular and Book.

The Good Dairy Cow.

The dairy cow possesses a long face, thin slender neck, a sharp projecting shoulder. She is not very wide in the chest, but her capacity of chest is due to her depth, which is greater in proportion to her size than you will find in the beef animal. She possesses large barrel, which indicates a good capacity for digesting her food. Her depth here should exceed her depth in any other portion of the body. A dairy cow should have a good width at the hips. Her thighs should be lean and free from muscling. She should be open between her thighs.

When a man's wife tells another woman that there are no secrets between herself and her husband he goes out on the pack porch and winks at the cat.

The Bosaquet fair was a big success, the gate receipts were \$234 and \$75 from the evening concert.

PHILIPPINE VOLCANOES.

Mayon is the Most Famous, and the Taal Comes Next.

The most famous Philippine volcano and one of the finest volcano cones in the world is that of Mayon. Its height is 8,970 feet, and the volcano is visible at a great distance. Since 1766 records have been kept of its eruptions. In that year many plantations and villages were buried under a stream of lava which flowed down its eastern slope. About 1,200 lives were lost in the eruption of 1814, which buried the country around a part of the base of Mayon under the outpourings of lava and dust. A similar calamity in 1825

OPEN SORE Baffles Doctors.

Morriscy's No. 4 Eczema Ointment Healed Like Magic.

Nauwigawauk, N.B., Oct. 3, 1910

"I can gladly recommend dear Dr. Morriscy's Eczema Ointment because it cured me of a sore which I had on my ear for over 8 years. I did everything to have it cured, and had the most skillful doctors treating it, but it would not heal up. I went under treatment with Father Morriscy's Ointment, and in a short while it was cured. That was 3 years ago, and I am sure the cure is permanent. When I think how quickly No. 4 Eczema Ointment cured me it seems wonderful indeed, because you know I doctored with several skilled physicians who could not help me. You surely must have a big demand for this wonderful Salve. My only regret is that I did not use it at first, as it would have saved me over 8 years of pain, to say nothing of an unsightly ear and expensive doctor bills."

John Ryan.

The above prescription is not a "Cure-All" or so-called patent medicine. Dr. Morriscy prescribed it for 44 years, and it cured thousands after other doctors failed.

Price, 50c. per box at your dealers, or Father Morriscy Medicine Co., Limited, Montreal.

Recommended and for sale by the Taylor Drug Co., Special Agents, Watford.

destroyed the lives of about 1,500 persons. In the nineteenth century there were a number of severe eruptions, including one in 1887 which continued about nine months. An eruption in 1807 killed 350 persons and destroyed much property. Twenty-two violent eruptions of this volcano are on record.

Next to Mayon the Taal volcano is the most remarkable. It is on an island in the lake of Bombon, and the island, built up by its outpourings, has an area of 220 square miles. The volcano is incessantly ejecting dust and vapor from its crater. Taal as well as Mayon has been the center of numerous destructive earthquakes, but no very great eruption has occurred since 1864, when four villages around the mountain were completely destroyed.

LENGTHY VISITS.

The Unstinted Hospitality of Old Virginia.

Virginia hospitality is a byword. The old time country house, says Mrs. Roger A. Pryor in "My Day," was built of elastic material, capable of sheltering any number of guests, many of whom remained all summer. Indeed, this was expected of them.

"My dear sir," said the genial master of Westover to a departing guest who had sought shelter from a rain storm, "my dear sir, do stay and pay us a visit."

The guest pleaded business that forbade his compliance.

"Well, well," said Major Drewry, "if you can't pay us a visit come for two or three weeks at least."

"Week ends" were unknown in Virginia, and equally out of the question an invitation limited by the host to prescribed days and hours. Some times a happy guest would ignore time altogether and stay along from season to season. I cannot remember a parallel case to that of Isaac Watts, who, invited by Sir Thomas Abney to spend a night at Stoke Newington, accepted with great cheerfulness and stayed the rest of his life, nearly forty years, but I do remember that an invitation for one night brought to a member of our family a pleasant couple who remained for years.

Mozart's Musical Memory.

Mozart had a wonderful memory of musical sounds. When only fourteen years of age he went to Rome to assist in the solemnities of holy week. Immediately after his arrival he went to the Sistine chapel to hear the famous "Miserere" of Allegri. Being aware that it was forbidden to take or give a copy of this renowned piece of music, Mozart placed himself in a corner and gave the strictest attention to the music and on leaving the church noted down the entire piece. A few days afterward he heard it a second time and, following the music with his own copy in his hand, satisfied himself of the fidelity of his memory. The next day he sang the "Miserere" at a concert, accompanying himself on the harpsichord, and the performance produced such a sensation in Rome that Pope Clement XIV. requested that this musical prodigy should be presented to him at once.

Picturing the Face.

"Why do you photographers always photograph the left side of the face by preference?"

"Because it's the best looking," was the prompt reply. "The left side of the face is always the more regular, and it always shows least the marks of time."

"But," he continued, "if you want to bring out the real character of a face photograph the right side. There nature sets her print. There the lines are bold and unmistakable. There every defect, no less than every excellence, is stamped deep."

"The left side, where everything is softened down, for beauty. The right side, where everything is well rubbed in, for character. Those are the portrait artist's two chief rules."—New York Tribune.

Her Importance.

Herbert Spencer once told this story of a woman of his acquaintance: "Vain as well as vulgar minded, she professed to have a high admiration of Shakespeare and was partial to reading his plays aloud and considered that she declaimed the speeches extremely well. On one occasion, after enlarging upon her reverence for him, she ended by saying: 'Ah, I often wish that he were alive and that I had him here. How we would enjoy one another's conversation!'"

Sure to Know.

"I understand that you have bought some remarkably expensive gowns here in Paris."

"Yes, but what's the use? Few people know whether a gown is really expensive or not."

"Wait until you reach the customs inspectors."—Pittsburg Post.

Some men do not make fortunes for the sake of living, but, blinded by avarice, live for the sake of money getting.—Juvenal.

Temper.

"I know I have a temper," I heard a girl say the other day; "but, at any rate, I'm not sulky." And from the tone in which she said it, one would have thought that a temper was something to be proud of, so long as it wasn't a sulky one.

As temper ages people, and leaves more lines on the face than almost any other thing, it isn't very wise to indulge in it at all. And there is another side of the picture, too. The people we have to live with have to be considered to some extent, and if we could only realize all the pain we give near and dear to us when we indulge in fits of temper, we should surely try to get out of this bad habit. Life is too short to spend in wounding people unnecessarily, so the sooner we give up doing it, the better.

This Medicine Is Breathed!

Have You a Cold?—It Can Be Completely Cured By

Catarrhozone

It Quickly Cures Whooping Cough, Grippe, Bronchitis, Catarrh, Hay-Fever, Asthma, and Colds.

Catarrhozone is not like other remedies, but is so healing and soothing that when it is breathed through the inhaler it kills the germs that cause diseases of the throat and lungs.

Catarrhozone quickly soothes and heals the mucous surfaces so that in a short time the whole mucous lining is healed.

If you are subject to throat irritation or have a tendency to consumption you should use the "Medicine that is breathed."

Thousands who have used it tell of its merit.

Air which you breathe through the Catarrhozone inhaler carries healing to the very spot affected, and there is no chance of failure by going to the wrong place. That is why it cures.

Catarrhozone

Approved by Doctors, Druggists, and thousands of Canadian people who have used it. Little drops of healing for weak places in the throat and nasal passages—that's Catarrhozone.

Three sizes, 25c., 50c., and \$1.00, at druggists or by mail, postpaid, from The Catarrhozone Co., Buffalo, N.Y., and Kingston, Ont.

Guide-Advocate

HARRIS & CO. PROPRIETORS

WATFORD, OCTOBER 20, 1911.

JUST PARAGRAPHS.

There are many causes for divorce, but marriage is the most frequent one.

A Chicago girl got the remnant sale craze so strong that she eloped with a one-armed man.

Some actresses own a lot of clothes but try how little of them they can wear at one time when on the stage.

Some women are so catty that they cannot even wear a "rat" in their hair without raising a rumpus.

Why is it that a shoe will come untied several times a day and when you want to take it off the lace is in a knot?

Don't belong to the Anvil Chorus and be always knocking. Blow your horn and occasionally say a good word for others.

The most valuable advice that can be given to a wife for the management of a husband is to feed him well, treat him well and trust to luck.

If a girl is looking for a proposal she will find men are very much like corks. Some will pop while others have to be drawn out, and we might add, are hard to draw.

A cat owned by a family who live next to a church has developed sleeping sickness. It is supposed that it got into the habit of strolling into the church at sermon time.

The pinless hat, one that needs no skewers to keep it on, has been invented by a London woman. Hats will now be prohibited the same as other concealed weapons.

The Prince of Darkness does not always wait until the electric juice is turned on before getting down to business. He is liable to get in some of his fine work while the sun shines.

Liberty permits a man to eat what he likes. But when a man eats what he likes it is often hard for him to sleep afterwards, hence eternal vigilance is the price of sleep.

A Quincey man about to get married presented a deer hunting license to the minister. When notified of the mistake he said that he had been hunting for a deer for some time and now that he had found her he wanted the ceremony performed at once.

Lillian Russel says you can have both beauty and brains, altho' you may seldom be given credit for both. Many actresses have little brains to spare and their beauty fades with the morning sun, while others are careful to avoid giving instances of the combination.

Census Figures.

Ottawa, Oct. 18.—Hon. Martin Burrell, minister of Agriculture, last night gave out to the press the first official statement of the result of census taking, which is now practically complete. The figures show a population of 7,081,869 for Canada, as compared with 5,371,315 in 1901, or an increase of 1,710,554.

Saskatchewan shows the largest rate of increase of the provinces, having advanced in population over 362,000.

The Maritime Provinces all show a decline, but not to any large extent.

Montreal's population, with suburbs, has passed the half-million mark; the city proper now having 466,197 inhabitants.

Toronto has grown from 208,048 to 376,240, an increase of 168,200.

Almost every town and city in Ontario has increased its population by thousands.

Vancouver and Winnipeg each show an increase around 100,000.

The next Parliament will have eleven additional members. Ontario will lose 4, New Brunswick 2, Nova Scotia 3, Prince Edward Island 1. The increased representation will come from: Alberta 5, Saskatchewan 5, Manitoba 5, British Columbia 5.

Here are the figures since Confederation:

Year.	Population.
1871	3,635,024
1881	4,324,810
1891	4,833,239
1901	5,371,315
1911	7,100,000

CHOP STUFF.

Potatoes were down to 80 cents per bag in Strathroy last week.

Alvinston brass band is to be re-organized. The boys are on the look-out for a leader.

Engineer McLean, Sarnia, tested the new wells on the town property, Forest, last week and found an almost inexhaustible supply of water.

A. D. McCallum has exchanged his farm on the Longwoods Road, Ekfrid, for J. L. Hill's general business at Ekfrid post office, the transfer to take place this month.

C. Williams found a mushroom on Point Pelee which measured four feet five inches in circumference, and a puff ball 56 inches in circumference that weighed 25 pounds.

Mr. and Mrs. E. C. Rice who have been residents of Wyoming for forty years have removed to Windsor. Mr. Rice has been correspondent of the Petrolia Topic for 32 years.

Judging from the crops of corn being harvested, farmers who have built silos are fortunate. Feed promises to be scarce on many farms, but not so where the silo holds an important place in the housing of winter feed.

W. Monkman, Theford, is raising a new variety of potatoes, for, instead of the tubers growing in the ground at the root of the stalk, they grow above the ground on the stalk. He has a stalk with six potatoes on exhibition.

The home of Mr. Archibald Dewar, of Uttoxeter, was completely destroyed by fire Monday. How the blaze started is not known, but it had made such headway that only a very few things could be saved. The loss is partially covered by insurance.

At the 20th annual convention of the Lambton County W.C.T.U. held in Forest the following officers were elected for the coming year:—President—Mrs. Treadgold, Forest. Vice President—Mrs. Taylor, Sarnia. Rec. Sec.—Mrs. Lancaster, Petrolia. Cor. Sec.—Mrs. Huffman, Forest. Treas.—Mrs. J. Chalk, Alvinston.

Dr. and Mrs. C. O. Fairbank, of Petrolia, have gone on a short trip to Santa Barbara, Cal., going by way of Chicago and Vancouver where they will spend a few days enroute. They expect to be away about six weeks and will probably make the return journey by way of New Orleans.

The late Richard P. Smith, of Strathroy left an estate valued at \$153,675, and by his will the major portion of it is left to his brothers and sisters, all of whom are in England or Australia. To be exact the sum of \$95,100 will be divided among them. The residue will go to the Sarnia Hospital, Julia Bell, of Hanover, and to others who will receive smaller amounts. The Government, by reason of the succession duties act, will receive a portion. The Sarnia Hospital will be given \$20,000, and Julia Bell, of Hanover, will receive \$10,000, together with the bulk of the household furniture, etc.

Colchester North, in Essex County, is the latest contributor to a genuine story. Peter Gibb, who is a prominent and truthful resident of that fertile township, claims to be the possessor of a Jersey sow, which on Sept. 15th, 1910, gave birth to 13 pigs; on April 1st, (no fooling about this), 1911, she gave birth to 12 more, and on Sept. 15, 1911, she still clung to the hoodoo number, and raised 13 more, making 39 pigs in one year, and out of this number 34 still survive.

George Robson, of Leamington, is still operating his carp farm and doing well. Mr. Robson says that since the fish were trapped in the creek they have grown wonderfully. On an average the carp have fully doubled in weight since the first shipment was made early in the summer. This is ascribed to the extra good fare furnished by the rich rice bed of the creek. He is now shipping large quantities to Toronto, which market he claims is \$20 on a ton better than that of Detroit.

Impaled on Fork.

Wanstead, Oct. 18.—A peculiar and fatal accident occurred near here on Monday night.

Willie Morningstar, the 13-year-old son of W. Morningstar, storekeeper and postmaster of Wanstead, was riding east of the village on his bicycle about eight o'clock at night, when he collided with Archie Wark, a boy of about the same age, who was riding a bicycle in an opposite direction on his way home from a threshing bee, carrying a pitchfork with him. The handle of the fork projected some distance ahead of the wheel, the tines being braced against the rear post.

The fork handle thus immovably fixed, was driven with great force into Morningstar's ribs, crushing the chest well in the region of the heart. Morningstar lingered through the night, dying at seven o'clock the next morning.

The darkness of the night is solely blamed for the unfortunate accident.

Wanted to Die.

Leamington, Oct. 17.—As a result it is claimed, of his love being unrequited, Harry Abbot, aged 20, swallowed the contents of a two-ounce bottle of laudanum, and is at present in Leamington jail, where he will be charged with attempting to take his life.

Abbott, it is stated, came from the south some months ago, and worked in the fruit business near Ruthven. Abbot, school teacher, fell violently in love with a school teacher. When he went to her school yesterday and found that he was not received favorably he dramatically produced the bottle and swallowed the contents before the teacher and all the children. Dr. Hillier was called and attended, and later Abbot recovered.

D. A. McLAIDLAN - PRINCIPAL.

ARKONA

Mr. and Mrs. Hodgins, of Parkhill, spent Sunday with Mr. K. Crawford.

Mr. and Mrs. R. Wilson are making an extended trip through the Canadian West, going by Minneapolis where they will visit friends.

A bus load of young ladies, 15 in number, took in the Firth concert in Theford last Friday evening.

Mr. and Mrs. Arthur Jackson are spending part of their honeymoon trip at Mr. Jackson's home here.

Mr. Geo. M. Everest made a business trip to Forest on Monday.

Leave your order for a 20th Century Washer.—Brown Bros.

Mr. Horatio Smith has purchased John Cochrane's property on John street.

Mr. James Crone is spending a few days visiting friends in Toronto.

Mr. and Mrs. W. C. Tudor called on Arkona friends on Monday.

Mr. Jackson, of Forest, is spending a few days with Mrs. W. H. Jackson in the Ark.

Mr. Ed. Hilborn, who has spent the past year in Caribou Co., B.C., returned home on Monday.

Miss Lena Johnson left last week for Montana where she intends spending the winter.

Mr. and Mrs. Robertson, of Watford, spent Sunday at J. L. Fuller's.

Mr. and Mrs. Spearman, of Bosanquet, spent Sunday at Mr. Alex. Oaks'.

For up-to-date dress goods try Fuller Bros.

Mr. and Mrs. John Stoner, of Poplar Hill, spent a few days at Mrs. Geo. Fair's.

Mrs. Amos Jackson has returned after spending a month at Thorndale.

Mr. and Mrs. Fred Hodgins, of Parkhill, and Mr. and Mrs. Neil Currie, of North Bay, spent Sunday at Mr. Fred Jackson's.

The U.N.O.I.N.O. Club took in the Francis Firth Concert in Theford on Friday evening.

Rubbers for fall trade, we have them, all kinds, at Fuller Bros.

The first meeting of the Union Missionary Study Class, recently organized, was held in the Public Library on Monday evening. The meeting was well attended by the young people of all the churches. Class meets every two weeks for an eight weeks' course. With Miss Anna Murray as teacher this should be a very interesting and profitable course.

Just arrived at Fuller Bros' grocery department a quantity of raisins, the new fruit, 5 cases Quaker Oats.

Mr. Newman Fuller, Montana, who has been visiting friends in Arkona, returned home last week.

The West Middlesex Conservative executive recommended Richard Dunlop, of Napier, to the vacant position of registrar of deeds for the riding.

A TALK ON RHEUMATISM.

Telling How to Cure This Painful Malady.

This article is for the man or woman who suffers from rheumatism who wants to be cured, not merely relieved—but actually cured. The most a rheumatic sufferer can hope for in rubbing something on the tender, aching joint, is a little relief. No lotion or liniment ever did or ever can make a cure. The rheumatic poison is rooted in the blood. Therefore rheumatism can only be cured when this poisonous acid is driven out of the blood. That's why rubbing and liniments and outward applications are no good—they can't reach the cause in the blood. Any doctor will tell you this is true. If you want something that will go right to the root of the trouble in the blood every time take Dr. Williams' Pink Pills. They make new, rich blood which drives out the poisonous acid and cures rheumatism to stay cured. This is a solemn truth which has been proved in thousands of cases, and the following is a striking instance. Mrs. W. H. Elmor, Sarnia, Ont., says:— "I feel it my duty to recommend Dr. Williams' Pink Pills as they completely cured me of rheumatism after I had been almost an invalid for three years. I doctored with two skilled doctors and took electric treatment, but without benefit. On going to a third doctor he recommended mineral baths as the only thing that would help me. After taking this treatment for some time I felt that I was really growing worse instead of better, and I began to think there was no cure for me and that I was doomed to be a helpless sufferer. For some months I discontinued all treatment and then I was advised to try Dr. Williams' Pink Pills. After taking a few boxes I could notice a distinct improvement, and I continued taking the Pills for several months when the cure was complete. That is some two years ago, and I have ever since been perfectly free from the trouble. I would therefore advise anyone afflicted with rheumatism to take Dr. Williams' Pink Pills, as they certainly made a remarkable cure in my case."

These Pills are sold by all medicine dealers or may be had by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Winter Classes in Agriculture.

At a meeting of the Advisory Agricultural Committee on September 23rd, the Agricultural teacher was instructed to hold classes in Agricultural instruction, of two weeks' duration each, in the villages of Inwood, Bridgen, Watford and Forest. A four weeks' course will also be held at Petrolia.

The dates of the classes at Inwood run from December 4th to 16th, 1911, and

Bridgen January 8th to 20th, 1912. The hours will be regular school hours for five days each week. There will be no tuition fee and everyone is welcome. A special two days' meeting will be held at the end of each course at which special instruction and practice will be given. A special invitation is extended to young and old to attend the two days' meeting. While everyone is welcome at the two weeks' courses and at the longer course at Petrolia, it is especially for the young men of the farm that these courses have been planned. They come at a time of the year when work is not pushing, are without cost, and give the best of opportunity for the young man to become proficient in the art and science of farming. Special instructors will be supplied by the Institute Department and an evening meeting will be held to which the ladies are invited.

The courses at Inwood and Bridgen will deal especially with the problems of general farming, the constituents of soil, cultivation, drainage, rotation of crops, weeds and their eradication, farm crops and manures with some instruction in the care and management of fruit. Classes in stock judging will be held and practice will be given each student in these subjects, some special work in dairying will be given. At Watford and Forest special attention will be given to the development of the fruit industry. The effect of climatic conditions, the preparation of land for fruit, planting, pruning, and the marketing of fruit will be studied. Practice will be given in pruning and in the preparation of sprays. Weeds and weed eradication with some special work in dairying will also be given. Every effort will be made to make these classes a success. Watch for later announcements regarding these various opportunities that are for you.

S. E. TODD.

Death of Donald Cameron.

After an illness of only a few hours, Donald Cameron, one of Petrolia's oldest residents, died at his home Monday. He was taken ill about two o'clock in the morning, and although doctors were hurriedly summoned he never rallied. Death was due to heart trouble. Mr. Cameron was born in Ross-shire, Scotland, in 1831, and came to Canada with his parents in the following year. He settled first at Napawan, going from there to Ticonderoga. He began his career as a school teacher and taught in the County of Lennox for a year.

He came to Middlesex County, and after teaching for a short time was made superintendent of the schools in South Dorchester Township. He went to New Orleans for a short time, but returned and taught in Strathroy. After this he kept store in Hastings County, and then at Watford. He went out to Montana to the gold mine, but not caring for this, returned to Arkona. In 1874 he came to Petrolia and engaged in the oil business, in which he remained until 1903, when he sold out his interest and retired from active business life. He is survived by a widow and two daughters—Maude at home, and Mrs. Jas. Kerr, of Sarnia.

For Church Union.

The splendid tabulation of the vote in the Canadian Methodist Annual Conference, composed of equal numbers of ministers and laymen, on the basis of union with the Presbyterian and Congregational churches, shows that 1,579 ministers and laymen voted in favor of union and 270 against it. The figures are:

Conference	For	Agst.
Toronto	241	46
London	190	27
Hamilton	149	27
Bay of Quinte	167	15
Montreal	140	54
New Brunswick and Prince Edward Island	111	12
Nova Scotia	84	14
Newfoundland	40	24
Manitoba	129	16
Saskatchewan	120	9
Alberta	124	11
British Columbia	84	12
Totals	1579	270

Bible Society.

The annual meeting of the Watford branch of the Bible Society was held in the Methodist church last Thursday evening. The District Secretary, Rev. R. J. Bowen, gave an interesting address explaining the work of this great undenominational organization, which seeks to print and distribute copies of the Holy Book to the utmost parts of the earth. The following officers and collectors were appointed—

Pres.—Rev. Robt. Stevenson.
Vice Pres.—Col. Kenward.
Secy.—Dr. Hicks.
Treas.—J. W. McLaren.

Committee—All the resident ministers, W. Sharpnell, W. Marwick, S. W. Louks, A. Hone and S. B. Thompson.

COLLECTORS.

Watford, east—Misses McLeay and McLaren.
Watford West—Misses Hay and Glass, 2nd line east—Misses Sullivan and Moffatt.
4th line east—Miss Eastbrook.
4th line west—Misses McCormick and Williams.
6th line east—Misses Newell and Long.
6th line west—Misses Leech and M. Kelly.
12th line east—Misses King and Roane.
12th line west—Misses Holbrooke and Carroll.

While playing with matches Tuesday afternoon, Eva, Max. Lapierre's 3-year-old daughter, Amberburg, set fire to her clothing and was very painfully burned about the upper part of the body and face before the clothing could be removed. Though every effort was made to save the little one's life, she died at 2 o'clock Wednesday morning after suffering intense pain.

Good Reasons Why We Recommend

1. They are not secret medicines. We will show you the formula for every Nyal Preparation.
2. They are compounded by a firm of expert manufacturing chemists with a reputation of over 50 years' perfect reliability. Composing the staff of this firm are hundreds of doctors and druggists who are specialists in their own particular line.
3. Each preparation is for a single purpose and you may depend on that remedy being the very best that science and pharmaceutical skill can compound.
4. We have personally and critically inspected the extensive plant where Nyal's are manufactured and are absolutely convinced that every ingredient used in any Nyal Preparation is the very best obtainable.
5. Nyal's do not depend on advertising for their sale. Honest goods and full value is their motto. We would not risk your good will by recommending anything which we did not feel sure would give you entire satisfaction.
6. We will cheerfully refund your money for any Nyal Preparation that does not more than give you satisfaction.

One For Every Ordinary Ailment.

BOSANQUET COUNCIL.

Council met on the 18th ult. All the members present. Minutes of last meeting read and confirmed. The following orders were given: Ross—Loughheed, that orders be given in favor of Jas. Learn for \$75 for work on the Sercombe drain; James Gordon, do., \$16; Bert Sercombe, do., \$12; and H. A. Spearman, \$7 commission on drain; David Marriott, \$25, work on the McPherson drain; H. A. Spearman and D. F. McIntyre, \$10 commission on Donald drain; Wm. Blake \$2.25 repairing grader; John Hamilton, \$3 fees as member of Board of Health; Lindley Fraser, \$12 for sheep killed; and Duncan McIntyre, \$1 inspecting same; Lindley Fraser, \$4 repairing hill Lake Road. McIntyre—Ross, that orders be given in favor of—F. Melville, \$5 for plank and repairing Cut bridge; Barney Lockney, \$2 repairing McMillan bridge; Baird & Co., \$30 for tile for the Evans drain; David Marriott, \$13.30 work on the Donald drain. Melville—Loughheed, that a grant of \$10 be made to the Bosanquet Ag. Society and \$20 to the Forest Society.—Carried. The by-law for the repair of the upper portion of the Duffus drain was read a third time and passed and the Reeve and Mr. McIntyre were appointed commissioners to let and superintend the work. An order for \$5 65 was given in favor of Alex. Lithgow to pay the engineer's assistants on the Duffus drain; Wm. Bryant, \$10.34 printing and postage on Duffus drain bylaw; the Clerk, \$10 for bylaws; Wm. Lawrie, \$6.24 for reinforcing for Shawana bridge, Con. 10; By-laws to collect \$101.11 and \$111.08 for the repair of the Donald and Sercombe drains respectively, were passed. The Clerk was instructed to write to the engineer re the Rawlings drain. Council adjourned to meet on Oct. 16th at 10 a.m. GEO. SUTHERLAND, Clerk.

HAD BAD SORE FOUR YEARS. ZAM-BUK HAS HEALED IT!

Mrs. Wilson, 110 Wickson Ave., Toronto, says: "About four years ago a sore spot appeared on the right side of my face. This spot increased in size until it became about an inch in diameter and very painful. I went to a doctor, but the ointment he gave me did not have any good effect. The sore continued to discharge freely, and was most painful. I had it cauterized, tried poultices and all kinds of salves, but it was no good, and I continued to suffer from it for four years! "A sample of Zam-Buk was one day given to me, and I used it. Although the quantity was so small, it seemed to do me some good, so I purchased a further supply. "Each box did me more and more good, and, to my delight, before I had been using Zam-Buk three weeks, I saw that it was going to heal the sore. In less than a month it was healed! "I know a lady in the east of the city, whose husband suffered for years with an open sore on his leg. On my recommendation, Zam-Buk was tried in that case. The other day when I saw her, she told me that it had healed the sore completely. "My daughter, who lives in Lethbridge, Alta., has also used Zam-Buk with the same satisfactory result. I think it is, beyond all doubt, the finest healing balm known." Such is the opinion of all persons who have really tried Zam-Buk. It is a sure cure for eczema, piles, abscesses, ulcers, scalp sores, ringworm, cuts, burns, scalds, bruises, and all skin injuries and diseases. 50c. box, all drugists and stores, or post free from Zam-Buk Co., Toronto, for price. In case of skin disease use also Zam-Buk Soap, 25c. tablet.

Hair Beautifier Refined Women the World Over Use It.

Every woman knows that there is nothing so good for hair and scalp trouble as Parisian Sage. If Parisian Sage is used two or three times a week it will keep the scalp nice and clean and remove dandruff. It makes the hair lustrous and fluffy, and keeps it from falling out. We urge every woman who loves radiant and fascinating hair to go to T. B. Taylor & Sons to-day and get a large 50 cent bottle of Parisian Sage. They guarantee it to cure dandruff, falling hair and itching scalp, or money back. In parts of France shepherds keep their sheep under observation on stilts. To resuscitate persons who have nearly drowned, an European doctor has invented a simple machine to which the arms and body are fastened and manipulated to produce artificial respiration.

GREATEST MEDICINE ON EARTH

A prominent citizen of Evansville, Ind., writes:—"I was ill for five months with a pulmonary trouble, and had the best of doctors. I had hemorrhages and was in a very bad way. Through the advice of a friend I tried Vinol, and I feel that it saved my life. It is all you recommend it to be. I believe it is the greatest medicine on earth. I have advised others to try Vinol; and they have had the same results." (Name furnished on request.) We want every one in this vicinity who is troubled with chronic colds, coughs, or pulmonary troubles, to come and get a bottle of Vinol. If it does not go to the seat of trouble, heal the inflammation and stop the cough, we will cheerfully return every cent paid us for it. This shows our faith, and proves that you take no chances. T. B. Taylor & Sons, Druggists, Watford

G. & C. Merriam Co., Springfield, Mass.

She was Too Good for Him.

"Do you really mean it, Mr. Spooner, when you say I am the best girl in the world?" asked a young lady of an ardent admirer. "Indeed I do, Dora," responded the young man. "I say it again—you are the best girl in the world." "And the loveliest, I think you said?" "The loveliest without doubt." "I thought you said something about my accomplishments, too?" "I did. I said they excelled those of any other girl." "I believe you called me sweet?" "A sweeter woman never breathed," quoted the ardent lover. "You used the word 'perfect,' too, did you not?" "I did. I look upon you as the pink of perfection, propriety and modesty, the empress of my heart, the peerless one among the beauteous creatures of your sex, a maiden adorable, enchanting, and worthy of the hand of the best man on earth. Say the word that will make me the happiest man on earth, my own Dora." "Before I give you an answer, Mr. Spooner, I should like to ask you one question." "A dozen if you like." "One will be enough. Don't you think you have a great deal of assurance to expect a woman with all those excellent qualities as this to marry such an ordinary man as you?" Mr. Spooner is still a bachelor.

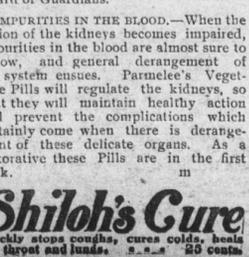

THE JUDGE ERRED.

His Mistake Clearly Explained by the Old Colored Woman. The judge of the juvenile court, leaning forward in his chair, looked searchingly from the discreet and very rugged pleecian before him to the ample and solicitous form of the culprit's mother. "Why do you send him to the railroad yards to pick up coal?" demanded his honor. "You know it is against the law to send your child where he will be in jeopardy of his life." "Deed, jedge, I doesn't send 'im. I nubber has sent 'im, 'deed"— "Doesn't he bring home the coal?" interrupted the judge impatiently. "But, jedge, I whips 'im, jedge, every time he brings it. I whips de little rapscaillon till he cayn't set, 'deed I does." The careful disciplinarian turned her broad, shiny countenance reprovingly upon her undisturbed offspring, but kept a conciliatory eye for the judge. "You burn the coal he brings, do you not?" persisted the judge. "Burns it—burns it—cose I burns it. W'y, jedge, I has to git it out ob de w'y!" "Why don't you send him back with it?" His honor smiled insouciantly as he rasped out the question. "Send 'im back, jedge?" exclaimed the woman, throwing up her hands in a gesture of astonishment. "Send 'im back! W'y, jedge, ain't yo' best done been told me I didn't oughter send my chile to no sech dang'rous and jeop'ardous place?"—Youth's Companion.

CASTORIA For Infants and Children. The Kind You Have Always Bought

Bears the Signature of *Dr. J. C. Stoughton*

The books that are dry are not usually the ones we pour over. The fruits of old age too often consist of a harvest of regrets. The man who uses his head is the one who gets there with both feet. The trouble with a dark secret is that it generally comes to light. A pauper woman who died at one of the Southwick Union's institutions has bequeathed her wedding ring to the Board of Guardians. IMPURITIES IN THE BLOOD.—When the action of the kidneys becomes impaired, impurities in the blood are almost sure to follow, and general derangement of the system ensues. Parmelee's Vegetable Pills will regulate the kidneys, so that they will maintain healthy action and prevent the complications which certainly come when there is derangement of these delicate organs. As a restorative these Pills are in the first rank.

Shiloh's Cure quickly stops coughs, cures colds, heals the throat and lungs. 25 cents

RAILWAY DETECTIVES.

They Trace Those Who Steal or Destroy Property of the Road. The secret service is a hard game to tackle, but, like all kinds of work, it has its easy jobs. One of them is that of special agent for a railroad. The agent is supposed to trace those who steal or destroy railroad property. When he is notified that a trunk or other article of baggage is missing he finds out by its number from where it was sent and follows it on the books to the last station where it has been checked. Then he notifies the police in the vicinity between the station where the baggage was last checked and the station where it should have been checked. The police get busy, and probably the property is soon recovered and the thieves put in jail. The baggage is then turned over to the special agent, who notifies the railroad official that he has recovered the stolen goods. If a freight car is robbed the special agent pursues the same tactics. He finds out where the car was last sealed and the place where the car was reported as having its seal broken. The police or constables in the country between the two points are notified, and if they fail to capture the robbers the railroad may never hear again of the stolen goods. Wherever destruction has occurred to railroad property it is usually police officers who trace and arrest those guilty. However, the special agent must be a keen judge of human nature and with sufficient tact to make himself popular with the police officers in his territory. Usually he is an old time detective and is well enough acquainted with detectives and police throughout the country to obtain results where an amateur would fail.

OVER-WORKED KIDNEYS

Cause, Rush of Blood, Fullness, Dizziness.

J. T. Chetland, the well-known railway engineer of Hamilton, found the strain always resting upon men of his occupation vastly intensified by a tendency of the blood to rush to his head, and often at times when clearness of vision and great steadiness were demanded. Finding some difficulty in bending—a stiffness with pain having settled in his back, it occurred to him that his kidneys might be at fault. "This was a happy idea, for by it I not only got rid of the pain but many other troubles as well. I took a full dose of Dr. Hamilton's Pills and was glad to note that some obstruction of the kidneys, which I had lately noticed, was at once relieved. The flushed appearance of my face gave way to a more rational color and there was a perceptible improvement in my appetite. Dr. Hamilton's Pills certainly act splendidly upon the blood, removing heat and fullness and that sort of dizziness that makes a man at the throttle wish when it seizes him that he were elsewhere."

No medicine gives such unquestionably good results for stomach, liver, and blood troubles as Dr. Hamilton's Pills; they are mild, certain, and always curative. Refuse any substitute. All dealers sell Dr. Hamilton's Pills, 25c per box, or The Cattaraugus Co., Kingston, Ont.

Plympton, Oct. 6th, 1911.

Shiloh's Cure

quickly stops coughs, cures colds, heals sore throat and lungs. . . . 25 cents.

East Lambton Teachers Association.

The East Lambton Teachers' Association met in the Lecture Room of the Methodist church, Petrolia, on Thursday, Sept. 28th, at 10.30 a.m. The devotional exercises were conducted by Rev. Mr. Moyer, pastor of the Methodist church. In the absence of the Vice-President Inspector McDougall took the chair. After the opening exercises the question of the teaching of manners and morals in school was discussed. Inspector McDougall read an editorial from one of the daily papers, also an address by Principal Scott on the subject. Consideration for others should be the key note in real good manners. If this can be taught the children the teachers will have done a great deal towards improving the manners of the children. Pupil should be led to feel the beauty and goodness of things around him. No set system of lectures from the teacher will prove of any use in getting an improvement in the morals of the pupils.

Rev. Mr. Moyer and W. H. Shrapnell took part in the discussion. The next thing dealt with was the new course of study. Explanations of the limit of the different subjects was discussed. A great difference of opinion seemed to be held as regards the new course. History and Hygiene Readers for III. class were advocated also the use of new Geography Readers. The outline of the work as given for primary teachers should be taken as the minimum amount in class and teachers were advised not to stop there.

Roll call closed the morning session. The devotional exercises of the afternoon meeting were conducted by Rev. Mr. Grimshaw, pastor of the Baptist church. Miss Deacon, Vice-President, gave an address dealing with general topics. What purpose or aim has the teacher in his or her work? Do you stop to think for a minute about the work you are doing? Is not the object we hold up for our supreme efforts to get pupils through the examination? We should endeavor to get our pupils to discover facts for themselves instead of having to be told everything.

Mr. Emery, of the Stratford Normal School dealt with Nature Study. The thought that both speaker and teacher could be helped by meeting together and discussing subjects. The teachers of the Normal School thought that they are taking up things utterly unsuited to the needs and requirements of rural schools. Very few schools or teachers have any idea of the right way of taking up this subject. The boys and girls should have their attention called to the great things of nature outside the school. Direct the attention of the pupils to this outside world early in life. Some of the objections to nature study were taken up and shown in the main to have no weight. Some time from the other subjects can often be well spared to this subject. Window boxes, aquariums, beds in the yard can be made use of by having material close at hand. Teachers should start with the object that they know the most about. The way is opened up for perpetual pleasures for life, a constant source of enjoyment outside the usual run of life's course is also to be considered.

Inspector McDougall would ask the Normal School teachers to reduce work done in the Normal Schools in this subject down to the simplest possible degree. Miss Carruthers had the subject of what teachers can do to keep the Rural school house and yard neat? The school room is the home of teacher and pupil for a number of hours each day and should be made neat and attractive. The teacher she had used stencils and other things of such a nature to make the room neat. She always invited the pupils to co-operate with her in keeping everything neat. Always have the pupils come neat and clean. Never ask for too much at one time. A flower bed in front of the school has added much to the attractiveness of the yard. Bulbs and geraniums were grown. The work has been done at recess and noon hour.

Mr. Smith also dealt with the same subject, our surroundings have great influence on our character. If pupils are not taught to be neat in school they will not be very apt to learn to be neat at home. The inside of the schoolhouse usually like the outside as regards neatness. Teachers can nearly get the same cure from the trustees a transformation of the scene. A place for everything and everything in its place. Neatness should be for all days, not a single day. The opening exercises on Friday morning were conducted by Rev. Dr. McNair, pastor of the Presbyterian church. The report of Nominating Committee was read by Mr. Shrapnell and adopted.

FOR FALLING HAIR

You Run No Risk When You Use This Remedy.

We promise you that, if your hair is falling out, and you have not let it go too far, you can repair the damage already done by using Rexall "93" Hair Tonic, with persistency and regularity, for a reasonable length of time. It is a scientific, cleansing, antiseptic, germicidal preparation, that destroys microbes, stimulates good circulation around the hair roots, promotes hair nourishment, removes dandruff and restores hair health. It is as pleasant to use as pure water, and it is delicately perfumed. It is a real toilet necessity.

We want you to try Rexall "93" Hair Tonic with our promise that it will cost you nothing unless you are perfectly satisfied with its use. It comes in two sizes, prices, 50c. and \$1.00. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store.

J. W. McLAREN WATFORD.

Eczema Can be Cured

There is no need for you to suffer another day with the awful itch from Eczema, Psoriasis, Salt Rheum, or any other skin disease. D.D.D. Prescription for Eczema stops the itch instantly! Yes, the instant the first few drops are applied to the burning skin the itch is stopped—not in half an hour, not in 10 minutes, but in 10 seconds!

You can have no idea of the wonderful effect of D.D.D. until your suffering is instantly relieved by this wonderful remedy, and when used with D.D.D. Soap it keeps the skin in perfect condition. We are confident that D.D.D. will cure any case of Eczema or skin trouble of any other kind. Get a trial bottle from the D.D.D. Laboratories, Dept. W. G., 49 Colborne St., Toronto, or call and see us about it. Taylor & Son, Druggists.

Mr. Emery then dealt with the subject of Geography. Before proceeding with this subject Mr. Emery mentioned two books, Nature Study & Life by Hodgson and Modern Nature Study, that would be of moderate help to teachers in nature study work.

Geography should be started very early in the pupil's school life. It should in the early stages consist principally of observation work. Small streams can be used as symbols of rivers and hills as mountains. Give pupils always an idea of what they are learning about in the real world. Commercial Geography can be introduced by referring them to the various transactions that they see at home, in stores, on the street. From these things the pupils can be led to the commercial relations between the different countries and commercial centres of the world. Have pupils examine the sun and moon, not take what is in the book about them. Train the children to see the beauties of the different planets, physical experiments can be used very often to illustrate the subject as in the, frost, and vapor. A book, The Science of Common Life, by MacMillan Co., would be found a useful book to have.

A discussion on composition for 3rd Class was led by Miss Colhoun. The outline of composition for the course of study was gone over. Oral composition must precede written work, teachers could change the things found in samples given in composition book. Pupils should be given a chance to describe what they had taken part in. Plans with teachers help could be placed on a blackboard and given to pupils to fill in as a story. They can find many subjects in nature around the school or their homes. Blank forms are useful in teaching the pupils business forms. Exercises for contraction and expansion will have to be made up by the teacher. Many exercises in narration can be found in the reader.

Miss Waugh outlined her method of work in second book. She uses the book entirely, has the pupils do the work on the board and then afterwards write out the essay or composition in their books. Two or three each month. Has a special period each day for this work. Mr. Emery dealt with the subject of Beauty in Nature. He divided it into two classes, intrinsic and extrinsic. The extrinsic beauty is to be seen in nature around us and the pupils must be taught to appreciate this. The teacher must point out the fine points in their surroundings. The pupils will soon see these things for themselves and be able to enjoy them. Everything in nature is useful and beautiful. We see in all these things the design of the Creator of all things. The intrinsic beauty is to be

found inside under rough covering. Their uses and ways when studied very often add this intrinsic beauty when the extrinsic beauty is lacking.

Lead the pupil to see how the colors of the grasshopper, locust, moths, etc., are suited to their surroundings. Miss Ada McPherson dealt with supplementary reading. Reading is recognized by all as an upbuilder in character. Books have a direct bearing on our daily life. They improve our conversational powers. Supplementary reading is useful in all branches of school work. It helps a pupil's ability to read well. It allows the pupil to sit down with the great and good not only of our own age but of the past ages. The stories read can be used for both oral and written compositions. The lists of suitable books sent out by the Inspector will be found of great use. The teacher must know the child as well as the book before he can rightly direct the reading.

W. J. Squires states that a school Library was a necessary part of the school. If the teacher can explain the book the pupil will take a better interest. The library will interest the parent in the scholar's reading. The pupil will early form the habit of reading by having the books before him each day. Reference books are necessary in the library. It is well to select from 12 books and require the pupils to read three or four of these during the year. He often read short selections from good books and in nearly every case the pupil reads the entire book.

Opening exercises Friday afternoon were omitted on account of the absence of Rev. Mr. Hill. Mr. McDougall was in the chair. Inspector's address was the chief feature of the afternoon. It dealt with the duties of teachers, benefits of association, etc. Some echoes of the O. E. A. Teachers should be earnest, energetic, in their work as well as cultured and dignified in their manner. If teachers possess such characteristics, they will be able to impart them to pupils. Earnest, energetic, teachers make earnest, energetic, pupils—lead rather than drive. The circular sent out was gone over and fully explained.

A general discussion of fifth class work was introduced by Miss Braithwaite, qualified pupils who should take up this work are ones who have taken entrance examinations or are considered so by the teacher and inspector. Teachers will find that if they once started fifth class work they will never give it up. It is a great help to many who would not be able to go on to high school. She stated that she found pleasure in taking up this work. The place of the country fifth class examination is now displaced by the junior graduation examination. Speed as well as accuracy in all the subjects. Work on the blackboard by the pupils will be found useful as teacher can watch the work done by them as well as carry on other work.

Mr. R. Blake continued the discussion on fifth class work, dealing with physics and chemistry. These subjects now are necessary to secure senior graduation diploma. A good time to have these on the timetable would be just before 4 o'clock. Note taking should consist of picking out and tabulating only the most important items or heads. Have these notes well written, underline the headings, which will be found of assistance. Written tests of short logical questions with a certain percentage demanded should be held.

Mr. Todd, B. S. A., read a paper on the geography, geology, and climate condition in this country. We are as favorably situated in every way as the great Niagara District, the well known fruit country. Only 3 or 4 years ago was an interest taken in the county by those who had charge of the agricultural division of the Ontario Government. His rule on rural education are outlined. See the surroundings that the future agriculturist has. The country must be prepared to pour out money on rural education. This has not been done in the past. The towns and villages do not know the money they are losing by having waste land surrounding them. There is a mighty need for the best brains to be used in the farm. Farmers be led to specialize in some particular line.

The farm home and its surroundings depend on the financial and mental power of the parents. Need new methods both in production and marketing and the teacher help to teach the child. The ideal of the farmer boy has been fashioned by his surroundings and in most cases he has drawn away from the farm to the workshop. The people of the country need more faith in the country's chance of growth both in population and wealth. R. J. CAMPBELL, Secretary-Treasurer.

How to Live Long

With healthy kidneys, one has a good chance to live long; but weak kidneys afflict old age with great discomforts. The back becomes bent and lame, rheumatism is chronic, eyesight fails and too frequent or involuntary passages of the urine cause embarrassment by day and loss of sleep by night. Booth's Kidney Pills bring new strength to old backs and quick relief to weakened kidneys. They banish backache and rheumatic pain, regulate the bladder and urine.

Booth's Kidney Pills are for sick kidneys in old or young and are guaranteed by the proprietors, The R. T. Booth Co. Ltd., Fort Erie, Ont. Sold everywhere 50c. box. Free trial sent on request.

Last year, leave to land on England's shores was refused to 1,666 alien immigrants from European ports, a decrease of 390 on the previous 12 months.

You cannot be happy while you have corns. Then do not delay in getting a bottle of Holloway's Corn Cure. It removes all kinds of corns without pain. Failure with it is unknown.

Toronto Markets.

Toronto, Oct. 17.—Trade was slow and dull to-day, with prices even slower than on Monday. There was a good supply of cattle and they kept coming late. The majority of the shipments, however, were of inferior stock and the butcher buyers, who make the city market, held off, waiting for better stuff to come along. The common cattle, therefore, were a very poor sale and a great many were carried over. A few choice butcher heifers sold at \$5.65 to \$5.75, but the bulk of the butcher cattle ranged from \$4.80 to \$5.40. Cows and bulls were weak at \$3 to \$4.75. Stockers and feeders were steady. Sheep and lambs continued steady at Monday's decline to \$3 to \$4 for ewes and \$2.50 for bucks. Lambs were steady, \$5 to \$5.25. Hogs were still unchanged at \$5.90, f.o.b. Cattle were steady at \$4 to \$7. The run included 91 loads, 1,500 cattle, 1,550 sheep and lambs, 500 hogs and 170 calves.

AS GOOD AS A DOCTOR IN THE HOUSE.

Baby's Own Tablets should be kept in every home where there are little ones. They are as good as a doctor; are absolutely safe and can always be relied upon to drive away any malady arising from derangements of the stomach or bowels. Concerning them Mrs. O. A. Wheeler, Northlands, Sask., says: "I have found Baby's Own Tablets an invaluable medicine. I live twenty miles from town and doctor, so am glad to have so reliable a medicine at hand. I consider the Tablets a real necessity in the home and shall never be without them. They have kept my baby well and have made him a bonnie baby." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

WYOMING.

The death of Simon Casey occurred at his residence here on Monday morning, October 9th, at an early hour, after an illness extending over only a few weeks. Deceased was one of our oldest residents and was born in the township of Plym-

ton, being one of a large family, who later moved to Wisconsin, where Mr. Casey remained only a few years, returning to this country and settling in Oil Springs, later, about the year 1867 coming to Wyoming. In 1877 he built the store occupied by P. Y. Anderson, where he moved his business and continued it until his retirement in 1885. Later Mr. Casey took up insurance and was also village treasurer. Mr. Casey is survived by his widow, who was formerly Miss Home, who for many years taught school on the townline. Mr. Casey was an ardent Conservative in politics and in religion was a Roman Catholic. He was always a Justice of the Peace for many years. The funeral, which was held Wednesday, was conducted by the Rev. Father Hussey, of Petrolia, interment being made in Sarnia.

STRATHROY.

Strathroy will put a fast hockey team on the ice again this winter. The annual field day sports of the Collegiate Institute, held on the 9th inst., were well contested and a pleasant afternoon spent. Bert Gill cut the first finger of his left hand severely while operating a band saw in the Colonial Company's factory last Tuesday.

Roy Weedmark, who has been working for the Strathroy Furniture Co., left for his home at Kingscourt last Tuesday to look after the fall work on the farm.

George Hancock has almost recovered from a severe attack of typhoid fever.

Miss S. M. Tait has severed her connection with the Strathroy postoffice and leaves this week for her home in Glencoe.

Mrs. W. B. Pannell leaves this week for Cloudslee, Algoma, to visit her daughter, Mrs. Frank A. Miller. Mr. and Mrs. James Healy, of Strathroy, announce the marriage of their daughter, May Elizabeth, to Dr. Robert George Ross MacDonald, of Sarnia. The wedding took place on Tuesday morning, October 10th, at all Saints' church. The pastor, Rev. Father Quinlan, performed the ceremony, which was followed by a nuptial mass.

There is a scarcity of store buildings in Petrolia since Brewsters have leased the Archer block.

We stand behind all goods bearing this trade mark. They are fully guaranteed and you can have your money back for anything which is not entirely satisfactory.

Toronto Markets.

Toronto, Oct. 17.—Trade was slow and dull to-day, with prices even slower than on Monday. There was a good supply of cattle and they kept coming late. The majority of the shipments, however, were of inferior stock and the butcher buyers, who make the city market, held off, waiting for better stuff to come along. The common cattle, therefore, were very poor sale and a great many were carried over. A few choice butcher heifers sold at \$5.65 to \$5.75, but the bulk of the butcher cattle ranged from \$4.80 to \$5.40. Cows and bulls were weak at \$3 to \$4.75. Stockers and feeders were steady. Sheep and lambs continued steady at Monday's decline to \$3 to \$4 for ewes and \$2.50 for bucks. Lambs were steady, \$5 to \$5.25. Hogs were still unchanged at \$5.90, f.o.b. Calves were steady at \$4 to \$7. The run included 91 loads, 1,500 cattle, 1,550 sheep and lambs, 500 hogs and 170 calves.
