THE PROFIT OF GOD

Mr. Hyde, a well known business man of Wichita, Kansas, has given the following testimony in "The Missionary Review of the World." One of the greatest mistakes that ministers make to day is in their ministry to the rich. Nine times out of ten a man of wealth, when well along in life, has learned that material investments are not satisfying, are a curse to his children, and are shortening his life. Most men of should go to men who are able to

Concerning Your Fall Shoes

TF you would secure service and satisfaction from your shoes this Fall it is more than ever important that you should go to a reputable dealer in whom you have confidence, and see that the maker's trade-mark is on the shoes you buy. This for the reason that leather is now scarcer than at any time during the war, prices are higher, and some grades of leather are to-day almost unobtainable at any price.

Millions of pairs of shoes, millions of feet of leather, have been bought for the Nations of Europe whose stocks of footwear were entirely wiped out by the war. This has more than offset the reduction in demand for army shoes. And coming upon a supply of material which was already scarce, it has resulted in a situation which, for the time being, is serious.

¶ Therefore, unless you have first-hand technical knowledge of shoes and leather you must rely more closely than ever this Fall upon the reputation of the maker and of the retailer.

The retailer who has a reputation to sustain will not endanger it for the sake of a little extra profit. And no established manufacturer will stamp his trade mark upon goods which do not represent good value at a fair price.

¶ The chances are that you do not feel any great interest in the leather market. or in the conditions which govern the manufacture and distribution of shoes. But you ARE interested-vitally interested-in securing for yourself and your family reliable footwear at fair prices. And the value which you receive for your hardearned dollars is inexorably determined by those same conditions which govern what we call the shoe trade. You cannot control them, any more than we can. But you CAN control your method of buying, so as to get the greatest possible value for every dollar you spend.

¶ So we think it only just and proper to tell you, at the commencement of each season, what the conditions really are, so that you may base your buying judgment upon them.

To Buy Wisely This Fall:

FIRST: Go to a reliable dealer whose reputation you know and whose judgment you can trust: and

SECOND: Make sure that the trade-mark of a manufacturer whose standing is known is stamped upon the shoes you buy.

Our booklet, "How to Buy Shoes," is gladly sent without charge to any address the Canada. Please address inquiries to our head office at Montreal.

HALIFAX, August 31-The Acadia Stationary Engines, Limited, is a company that has been organized at Bridgewater to carry on the manufacture of stationary engines. The capitalists who are at the back of this enterprise are the same group who are interested in Acadia Gas Engines, Limited, Bridgewater. They have purchased the goodwill and organization from the latter company and are building a plant to proceed with the work. In payment the company gave to the parent concern common stock, retaining for itself the proceeds of the preferred shares. These preferred shares have all been taken up none being on the market. The price was fixed at 100 per cent and with them went 30 per cent of common. The capitalization is \$100.000 each of preferred and common, of which \$60,000 and \$80,000 respectively have issued. The directors are W. T. Ritcev, Bridgewater: William Duff. M. P., Lunenhure: G. A. Hublev, Bridgewater; R. W Elliott, Halifax.
