The copy filmed here has been reproduced thanks to the generosity of:

New Brunswick Museum

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol $\rightarrow$ (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

Les images suivantes ont été reproduites avec la plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole $\rightarrow$ signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., pouvant être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

The Labradore Fishery,

For the Season 1814.

THE *Halifax Committee of Trade*, having made application to the several Commanders in Chief, on the American and Newfoundland Stations, to afford Convoy and Protection to the Vessels expected to resort to the coast of Labradore, for the purpose of fishing, in the Season of 1814, have received an answer from Rear Admiral Griffith, the Port-Admiral at Halifax, of which the following is an extract—

- “ *First*—That early in May, Convoy shall be appointed to sail from St. John's N. Brunswick for Halifax, on or about the 10th of that month, calling, on its way, off the Harbours of Yarmouth, Shelburne and Liverpool, for such Vessels as may be in those places, ready to join it : —and therefore all vessels belonging to the Coasts of the Bay of Fundy, intending to take advantage of it, should have notice to assemble there in time.”
- “ *Second*—That a Convoy will be appointed to sail from Halifax for Ship-Harbour in the Gut-of-Canso, on the 20th of May, with all such vessels as may be collected there, bound for the coast of Labradore ; and from Ship-Harbour for the said coast, on the 12th of June ; wind and weather permitting.”
- “ *Thirdly*—That all Vessels convoyed from the coast of Labradore to Ship-Harbour or otherwise assembled there, on their return voyage, should be further convoyed from thence to Halifax, and the Ports westward of Halifax, and those of the Bay of Fundy.”

It is therefore understood that as the coasts of Nova-Scotia and of Cape-Breton will be generally protected, the Fishing Vessels in the harbours along those shores, not enumerated before, will find their way to the several places of rendezvous mentioned above, as may best suit their several purposes.

The Commanding Officers on the *Newfoundland Station*, having already expressed their readiness to grant the necessary protection on the Labradore and back to Canso at the close of the last Season, and it being the intention of the Committee to write further on the subject in due time, they venture to recommend to all Persons wishing to engage in that valuable Fishery, in the summer of 1814, to make preparation for the same accordingly.

Halifax, November 10, 1813.
