BORDEN ISSUES MANIFESTO TO THE PEOPLE OF CANADA

Reciprocity Reverses Policy of Canadian Nationhood—U. S. Would Hold the Whip Hand—Other Issues of the Campaign Dealt With.

CONSERVATIVE POLICY CLEARLY ENUNCIATED

OTTAWA, Aug. 14.—R. L. Borden, leader of the opposition, to-night issued the following manifesto on the eve of opening his campaign in London, Ontario:

"To the People of Canada: "When parliament was suddenly dissolved, on July 29, I issued a short statement touching the circumstances under which that dissolution had taken place. It now becomes my duty to indicate the issues which present themselves for decision.

"In relating the government's proposal for reciprocal trade with the United States, we have been met with the cry that the majority must rule. Under our system of government the minority in parliament is in some sense the guardian of the people's rights. It is clear that the late parliament never received any mandate to surrender to the United States the complete fiscal autonomy which Great Britain endowed this Dominion, a consequence which follows from the reciprocity contract with the United States. We have taken the stand that the people and not a temporary parliamentary majority shall give the answer which must be given to the destiny of the Dominion and of this empire. That position needs no apology, and we offer none.

"Work of Nation Building. "Nearly 50 years ago Canada began her work of nation building in the face of difficulties which seemed insurmountable, but which she overcame by her spirit. On the west she flung her boundaries to the far Pacific, and on the north beyond the Arctic circle. She took the wilderness and developed a territory greater in area than the continent of Europe. She did not shrink from holding the border for nearly 400 miles along the northern frontier of one of the most powerful and aggressive nations of the modern world. Her faith and her courage were unsurpassed, and not greater than the success that has attended her endeavors. In the midst of that success, the government, without public consultation or discussion, have undertaken to commit the Dominion to a treaty which completely alters the conditions under which our country has grown so rapidly and so surely to its present splendid status.

"The objections to that compact are profound and abiding. They may be thus summarized: "Objections Summarized. "It tends to segregate and separate the provinces of Canada, which constitutionally aimed to unite, and it thus destroys the very meaning of our confederation.

"It shatters the ideal and the hope of reciprocity within the empire. The president of the United States has avowed that the main purpose with which he sought the treaty was to prevent the consolidation of the British Empire.

"It brings Canada to the parting of the ways, turns her from the path of Canadian unity and British connection and leads her along the way to Washington.

"It reverses the policy of Canadian nationhood, which sought to bring together the provinces of Canada and intercourse and commerce over east and west lines of transportation; and it substitutes the unexamined sacrifices of a half century which the Canadian people have cheerfully made for that high purpose.

"It is a direct and serious menace to our international lines of water communication and to our ocean shipping as well as to our Canadian Atlantic ports that have been equipped and equipped with such enormous cost and expense at the expense of the country.

First Shots of the Campaign.

To-day will see the first shots fired in the greatest political battle since confederation, a battle to save Canada from marauding hands within her borders. Sir Wilfrid Laurier will open his campaign in Simcoe this afternoon.

Simcoe is an ill-chosen place. The Liberal cause in the riding lacks both strength, enthusiasm and a vigorous candidate. Mr. Charlton will shine in the reflected glamor of the prime minister. On the other hand, Mr. Borden's opening meeting will have a show of strength never exceeded in the history of the Conservative party.

Outside of Toronto and a few other cities in the province, only a few conventions remain to be held. These will be disposed of rapidly, and everything will be ready for the assault. The Brantford convention has been postponed one week, till the 19th, and South Grey is on the same date. The dates of the Hamilton conventions are not yet settled.

Conservative committee rooms have been opened in West Toronto at follows: 960 Queen St. West, the headquarters for the riding, Telephone Park 2412; 1264 Queen St. West; corner of Dundas St. and Brock Ave.; 651 College St.; 1720 Queen St. West; 1012 Bloor St. West, Telephone Junction 1027; corner of Clinton and Bloor Sts. Another room is to be opened.

Arrangements are being made for Mr. Borden's meeting in Toronto, which is to take place on August 23rd. It will be under the charge of the Central Conservative Association and will be held in Massey Hall. Altogether plans are not yet complete, Mayor Geary is expected to preside, and the list of other speakers will be announced shortly. Plans are being made to accommodate one of the greatest political demonstrations ever seen in the Dominion.

MELON WAS ACCEPTED RAILWAY STOCK DIVIDED

Street Car Shareholders Ratified Increase of Share Capital to \$12,000,000.

Without opposition on the part of the shareholders, enough of whom were there to represent the necessary two-thirds of the capital, an increase in the stock of the Toronto Railway Company from \$8,000,000 to \$12,000,000 was formally ratified yesterday afternoon. Of the \$4,000,000 increase, one million went to the shareholders in the form of a bonus, or in other words, \$1,000,000 worth of stock. The company will issue \$3,000,000 of the stock to the street car shareholders at par and the remainder to remain in the treasury of the company, to be called upon when needed.

The president of the company, Sir William Mackenzie, is in Winnipeg, so the chair was occupied by Frederick Nicholls. Others at the meeting were Sir Henry M. Pellissier, E. R. Wood, Senator Cox and R. J. Fleming. Mr. Fleming was asked why so much more capital was required when the street car franchise expired in ten years and the company would probably be taken over by the city.

"We will do a large business even if the city does take the railway from us," he said. "There are the radial railway companies, the Electric Power Company, the Toronto Power Company and the Electric Light Company."

One share of the new stock will go to each holder of four shares, and the one share bonus will go to each owner of eight shares who was on record on Aug. 25. The dividend was quoted on the exchange at 158 yesterday.

SNIFFING DOWN YONGE ST. One can sniff his way down Yonge-st. blindfold. Just above Bloor-st., at 7 a.m. Above Grosvenor, fried fish struggles with mashed brown potatoes for mastery. From College to Queen, the pungent odors are varied, but distinguishable. They come so fast, however, you can't keep tally. Yet it is getting to be quite an eating place.

Spelling Sunnyside. "The Grand Trunk Railway is spelling the beach at Sunnyside altogether. First thing we know there will be no beach there at all. They are dumping the clay from their depressed track excavations all along the shore, paying practically no heed to the city's free bathing stations," declared Ald. Sam McBride yesterday. "They buried a city hydrant not long ago and it took the city's men several hours to uncover it. He will bring the matter before the board of works."

Porcupine St. in City. This does not mean that Patrol Sergeant Larry Young has taken a flier in mining stocks, but day before yesterday he was fixing over his porcupine cap he got a little porcupine. Larry was tearing away a few boards to let a little more light into the Young cell, when he found one of these little animals spoken of as fretful by the ghost of Hamlet's dad. Larry captured the little fellow, and will present it to the Riverdale Zoo, in which there is no specimen of the bequilled tribe.

A Loss of Fifty Dollars on Every Horse in Ontario.

The World took up the question of horses yesterday with Mr. C. A. Burns (Burns & Sheppard) of The Repository, the leading horse mart in Ontario. The conversation turned altogether on the effect of reciprocity, should it come into force, on the horse industry of the farmers of Ontario. Mr. Burns has always been a Liberal, and his father before him, the late Charles Burns, was one of the Liberal leaders in Toronto. Mr. Burns intends to vote against reciprocity in the coming elections, and, as a Liberal, to vote against his party, because reciprocity, should it pass, will injure his business incidentally, and also because it would be a great blow to the farmers of the province at large. What The World is now about to give from Mr. Burns can be verified in conversation with any horse dealer in Ontario, or with any of those who are shipping horses to Manitoba.

At the present time the Province of Ontario is shipping at least sixty thousand horses every year to our western provinces, and these are worth on the average \$165,000 apiece to the Ontario farmer who raises them, or, in round figures, over ten million of dollars, which Ontario takes for her horses every year from the Canadian west. Mr. Burns' firm shipped about a million dollars' worth last year to the west; and other dealers in Toronto shipped almost as many; and there were bought and shipped from other centres in the province at least eight million dollars' worth more, making, according to Mr. Burns, a shipment that aggregated at least ten million dollars, every dollar of which was distributed among the farmers of Ontario.

If the duty on horses is removed, and American horses are allowed into Canada free, Mr. Burns gives it not only as his word, but as his experience and as a fact, that these horses can be bought in the southwestern States at fifty dollars less than they can be bought for in Ontario, with a shorter journey and lower freight rates to boot.

"Say it from me," said Mr. Burns, "that the Ontario farmer will lose fifty dollars at the very least on every horse he has to sell, if reciprocity comes into effect; and that means three million dollars to the Ontario farmers every year of loss. They can breed horses in Arkansas and in the southwestern States for much less than we can in Canada; they can graze them for nine months in the year, where the most the Ontario farmer can graze his horses is five or six months in the year. Moreover, they can feed their horses corn, which is cheaper than oats."

In every way, the American horse raiser can turn out his horses for a great deal less than the Canadian; and when Mr. Burns was in the southwest a short time ago visiting the big stable stables at Memphis, St. Louis, Chicago, and the other southwestern cities, the one opinion that he heard from the dealers there was that they desired to get into the Canadian market with their animals!

At the present moment there are scores and scores of buyers who came from Manitoba to the Toronto and Ontario horse markets every year. They buy their horses here and they ship them over the Canadian railways, and every one that comes here, when he comes, also buys one or two carloads of other goods from Ontario or Toronto merchants. They spend their money in Toronto for clothes, for other goods, at Toronto hotels, for supplies, for wagons and the like, and this money, which they leave here, besides what they leave for horses, would hereafter go to the cities of Chicago, Memphis, St. Louis and the other horse centres of the United States.

"No one can imagine," said Mr. Burns, "how serious a foe reciprocity will be to Ontario, to the Ontario farmer, and to the City of Toronto, once our horses lose their values and we lose the present trade we now have. It is a black eye for the Ontario farmer, and it is a black eye for the City of Toronto; and it simply means the transfer of a profitable industry and its attendant benefits from Ontario to the United States."

Mr. W. F. Maclean, who had this conversation with Mr. Burns, and who has often talked it over with him, has spoken to any number of dealers and farmers, and has reached the same conclusion. The World, therefore, leaves the situation with the Ontario farmer and horse dealer to say whether there is any "wider market" for their horses when the duty is taken off. Our horses will not be able to go into the States; the horses of the United States will be able to come in here and undersell our own farmers. This aspect of the situation comes home to every farmer in Ontario. It is all very well to talk about wider markets, but those in favor of wider markets must come down to details and tell the farmers of Ontario what they are to gain on horses by the use of the market of the United States, and whether, rather, it will not mean a decided reduction in their present income for their farm products, and, most of all, in the case of horses.

What has The Globe to say about horses?

UNITED STATES CITIES ROOMIER THAN TORONTO

Controller Hocken Finds Area to Population Much Greater and Wider Jurisdiction Desirable.

Controller Hocken is back from Kansas City and he has brought with him many arguments in favor of the annexation of North Toronto. He found that in United States cities the land area averaged a great deal higher than does that of Toronto. In Kansas City, a place of 250,000 population, against Toronto's 400,000, there is a land area of 80 square miles, against Toronto's 46.

"I found on studying the statistics that nearly every United States city had much more land area in comparison with the population than has Toronto," said Mr. Hocken. The reason for the large areas of undeveloped land within the limits of United States cities is the fear of the land being improperly developed. Once it was under city control the civic legislators could enforce their laws over it when the owners decided to build.

There is lots of space in the suburbs of United States cities. Because of that the houses all have large lots and are not built in terraces. "The North Toronto annexation question will be brought up at the next meeting of the council, which will probably be on Tuesday next."

SOLDIER AND CIVILIAN DO HONOR TO CLIFFORD

Private W. J. Clifford, the Blaisy King of 1911.

King's Prize Man and Prince of Wales' Cup Man Returns Home—Brilliant Reception and Civic Presentation—Says He Owe it All to Oil.

Private William J. Clifford of the 10th Royal Grenadiers, winner of the King's Prize and the Prince of Wales' Prize at Blaisy, was accorded a typically Canadian welcome on his arrival home here last night. Fully an hour before his train was due at North Toronto station, groups of people were beginning to congregate in Yonge-st., and on the approaches to the station.

The train drew into the station at five minutes past eight, and Clifford alighted and shook hands with the principal officers present. By this time Colonel Sir Henry Pellatt had arrived. So soon as the greetings were over, Clifford was escorted to a decorated carriage which was drawn by men of his company; his wife, mother-in-law, and his son were accommodated in another decorated carriage, and then the procession was formed and marched to Queen's Park, via Yonge-st., Queen-st. and University-ave.

Crowds lined the entire route and they stood quietly until the carriage containing Clifford came by, when they broke into storms of cheers, which subsided so soon as Clifford had passed. It was Clifford's day, and the people were out to welcome him and him alone.

In Queen's Park. On reaching the band stand in Queen's Park Clifford was carried up the steps by members of his corps, and then Ald. McCausland opened the proceedings with a brief speech paying high tribute to the skill and training of the man who had won both the King's prize and Prince of Wales' prize. Mayor Geary then addressed the crowd. Speaking was made a little difficult by the enthusiastic cheering of the people and by the band playing "The British Grenadiers" and "For He's a Jolly Good Fellow" at frequent intervals.

Mayor Geary said that if we were to keep our unassailable position as an empire, we must maintain our forces by sea and land. It was a patriotic spirit which had led Clifford to train to the high efficiency which had earned him the two chief prizes at Blaisy. The mayor paid a tribute to Clifford's sportsmanship which made those who had been vanquished in the competitions be among the first to congratulate Clifford on his success.

A New Record. Before the presentation was made, Col. Borden, who commanded the Canadian team at Blaisy, gave a brief address. He said it was the first time on record that one man had carried off both the King's prize and the Prince of Wales' prize. Clifford had competed with 158 entrants for the King's prize, and had to shoot on three successive days under varying conditions.

Then followed the presentation. The city's gift consists of a handsome table of silver, standing about four feet high. A plate on the case bears the following inscription: Presented by the mayor and council of the Corporation of Toronto to William J. Clifford, winner of the King's prize and the Prince of Wales' prize at Blaisy, 1911. In returning thanks for the gift and the reception given to him, Clifford, in a very brief speech, said that he had won with a Rose rifle. His loss of words were lost in the cheers of the crowd.

After the presentation, Clifford accompanied by his family, drove off as soon as he could get away from his enthusiastic comrades, the crowds wishing him a final hearty cheer. The procession was very well organized and there was not one hitch throughout the proceedings.

At ten minutes to seven Col. C. D. R. Hemming, A.A.G., arrived with the staff and the principal officers: Major Phillips, G.S.O.; Major A. C. Colwell, Major A. C. Hamilton Gray, C.O.D.; Lieut. J. H. G. Strathe, orderly officer, and Major Thorne, Col. A. E. Goodenham was in command of the men who mustered a force of about 200.

The hands in the procession were supplied by the Governor-General's Body Guard, the 2nd Queen's Own, the 10th Royal Grenadiers, the 48th Highlanders and the Army Service Corps. Among the civic authorities who were at the station to meet Clifford were Mayor Geary, Controller Ward, Ald. Rowland, May, McCausland and McGuire, chairman of the reception committee.

At Leaside Junction. Before coming to the city, Private Clifford enjoyed a picnic lunch at Leaside Junction. Just as the whistle blew 6 o'clock a special train, consisting of a baggage car and one coach, pulled out of the Union Station with Col. Stimson, Col. A. E. Duncan, William Corbett of the C. P. R. traffic department, and a reporter, bound for Leaside Junction, where it had been planned a few hours previous to provide a meal for the man of the day before he entered the city to be hurried through the streets amidst the shouts of a hundred and fifty thousand Torontonians.

There was no swelling lining room decoration with palm leaves and Union Jacks; there were no deafening shouts from a thousand spectators, but merely a baggage truck with an exhibition sign laid on it and a few larke table napkins to cover its bareness. Two benches and a packing case served for seats. To one side green fields and standing timbers were to be seen, and on the other side railway trains shunted back and forth broke the stillness, and occasionally interrupted the conversation carried on over the makeshift table.

Luxury of Privacy. The party was small, there only being Col. Stimson, Col. Duncan, Private Clifford, Mrs. Clifford and her two 3-months old boys, Elsie Corbett, Clifford's mother-in-law and one other. It was the first meal Private Clifford had enjoyed apart from an uninvited company of onlookers. He was free from the gaze of those who looked for big reductions.

MURDER CHARGE NOW FACES E. WILKIE

After Quarrel and Drinking in the Afternoon, Beats and Chokes His Wife at 254 Claremont Street.

Because there was a can of beer and a bottle of whiskey on his table at 254 Claremont-st., but no fire in the stove and no supper ready for him when he arrived home at 5 o'clock yesterday afternoon, Edward Wilkie, 32 years of age, an American laborer, is in the cells at the Esther-street station, charged with murder of his wife, whose body lies in the city morgue.

When Wilkie arrived home, he says he found his wife drunk and when he asked for his supper, she abused him. A quarrel ensued and the police came in to make peace. Later the quarrel was resumed and about 11.30 last night, the woman was heard screaming for help. Policeman Smith (86) forced an entry and found Wilkie pinning his wife to the stairway by the throat. Blood was running from her nose and mouth.

The policeman separated them and the woman demanded that the husband be locked up and charged with assault. There was considerable discussion, and Smith was just about to leave with Wilkie when the woman collapsed. Dr. Webster of College-street was called, but when he arrived his wife was extinct. Wilkie admitted to the police that he had struck his wife with his fists, but said that he had used no weapon. There are two daughters, 14 and 16 years of age.

MOTOR CAR SMASH

Two Women Taken to Hospital as Result of Accident on Lake Shore Rd.

Four people narrowly escaped death when a motor car owned by Fred C. Clarke of the Hotel Trader, Yonge-st., was struck by a York Radial car opposite the car barn on the Lake Shore road at 11 last night.

Misses Grace Thompson, 54 Mutual-st., and Dorothy Hyslop, 35 West Kings-st., who were in the motor car at the time of the accident, were taken to St. Michael's Hospital in a passing motor. The two men in it escaped injury.

The trolley was westbound on its way to Long Branch and met the motor car coming east. The man driving the latter appears to have misjudged his distance and struck the front step of trolley. The motor car was a complete wreck, while the passengers in the trolley were transferred to another car, the step being smashed.

Fred Weaver, Palmerston-ave., was driving his car, No. 836, west immediately ahead of the radial car. He saw the advancing motor swerve in and drove his own car out to the south just in time to avoid a collision with the other motor car. A moment later there was a crash and the Clarke motor had struck the radial. Glass flew everywhere. The man who was driving the Clarke car was cut by flying glass on the right temple and thigh. Miss Hyslop's hip is severely bruised and her shoulder dislocated. Her ankles are also cut. Miss Thompson's right hand was severely lacerated and her ankles cut. At 10.15 the same car ran north on Bay-street, striking motor car 9995, which was standing in front of the National Club. It did not stop, but, running north, turned west into Adelaide-street.

Back from Vacation. All getting home now refreshed with a rest away from the grind and mostly delighted to get back at it again. You're on the edge of fall now and as your next hat purchase would likely be a fall one, we want you to keep the idea of the company in mind. Dineen has just received the advance shipments of Heath and Christy hats, also other imported blocks by celebrated makers. Panama hats and straw sailors are still being sold at big reductions.

Your Stomach - You Have It Always With You

You have to take it with you to the Summer camp, the bungalow in the woods, the cottage at the seaside - and if you are good to it the Summer vacation will be full of joy and gladness. Before leaving ask your grocer to send a case of SHREDDED WHEAT and a case of Triscuit (the Shredded Wheat wafer) to your camp or Summer home. It will mean freedom from worry and work. SHREDDED WHEAT is ready-cooked and ready-to-serve. Two Biscuits with berries or other fresh fruit, served with milk or cream, will supply all the strength needed for work or play. Nothing so wholesome and nutritious and nothing so easy to prepare. TRISCUIT is eaten with butter, soft cheese or marmalades. A crisp, tasty snack for the camp or the long tramp.

At the Royal Alexandra

Miss Haswell as "Miss Hobbs". Farewell week had a note of pathos and regret for Miss Percy Haswell and that was immediately reflected in the enthusiastic audience that ladies her not good-bye, but good night. To her belongs the credit of proving by the best of all demonstrations that a thoroughly competent stock company can not only excite but retain popular favor. Her exciting her too brief season Miss Haswell has produced many plays and four acts by the world-famous humorist, Mr. Jerome K. Jerome. It is strictly up-to-date, since it turns on the claims of the new woman to complete equality with men and is at the same time paradoxical enough to demonstrate that without man woman is hopelessly at sea. So after various vicissitudes dear to romance, nature triumphs and all the difficulties are resolved into the old, old story. But the plot is sufficient to sustain the interest, and Miss Haswell's company need without strain to all the points of the humorous situations. These were numerous enough to keep the packed audience in successive waves of laughter, resulting in the spontaneous and affecting demonstration tendered Miss Haswell at the close of the showing. Miss Haswell's company has always been conspicuous by reason of its powers of characterization. They were never more in evidence than in the case for "Miss Hobbs," where so much depends on artistic capability. Miss Haswell herself has seldom been seen to better advantage than in the role of Miss Hobbs. Her comedy was superb and the indications of her own attraction personality heightened the dramatic effect. Miss Haswell's company needs no farewell eulogiums. They played to better advantage than in the case for "Miss Hobbs," where so much depends on artistic capability. Miss Haswell herself has seldom been seen to better advantage than in the role of Miss Hobbs. Her comedy was superb and the indications of her own attraction personality heightened the dramatic effect. Miss Haswell's company needs no farewell eulogiums. This Lamp Brings You More Business

The Consumers' Gas Company

12 and 14 ADELAIDE STREET, WEST. PHONE MAIN 1033

SALESROOM OPEN EVERY EVENING.

CLUSTER LIGHTS SCARCE BECAUSE MONEY SHORT

In a few days, it is said, the city council will be asked by the hydro-electric commission for further instructions as to the continuation of the work of installing lights. Calls have gone up from all over the city for pillar lights, and there is not enough money to build them.

City Hydro Commission Unable to Erect More Pillars, Appropriation Having Run Out.

Since the city commission was formed there have been no cluster lights put up. The citizens think not enough were placed before them. There are only 500 pillars in Toronto.

BE SURE OR SORRY.

A Remarkable Clean-Up of Men's Suits.

Each day seems to bring its surprises in the remarkable August sale of Hobbs Bros. & Co., the big tailors on Yonge and Richmond-streets.

RARE RELICS FOR MUSEUM.

Two rare altar blocks of carved brown stone of the time of Merlowe have been acquired by G. T. Curry, curator of the provincial museum.

PRICES CONTRASTED.

Editor World: As an American who has recently located in Toronto I have been most interested in the arguments put up by the local papers both for and against the principles of reciprocity.

Liquor & Tobacco Habits

A. McTAGGART, M.D., C.M., 75 York Street, Toronto, Canada. References as to Dr. McTaggart's professional standing and personal integrity may be had from:

BORDEN ISSUES MANIFESTO TO THE PEOPLE OF CANADA

Continued From Page 1.

"It will give to American trusts a power, an influence, and a control in this country equal to that which has been exercised so remorselessly and unsparingly in the United States."

"It will encourage the export of our raw material and unfinished products for manufacture abroad instead of at home."

"It will establish conditions and regulations from which it will be extremely difficult and even impossible to retreat, except with the consent of the United States or under terms dictated by her."

THE PRIME MINISTER'S MANIFESTO.

"The address of the prime minister may fairly be taken as indicating the position of the government party in this contest. Let me examine briefly."

"He attempts to represent the opponents of the treaty as casting doubt upon the loyalty of the Canadian people. There is no foundation for such an insinuation."

"One quotation from his utterances will suffice: 'There was a time when we wanted reciprocity with the United States, but our efforts and our offers were put aside. We have said good-bye to that trade and we will put all our hopes upon the British trade.'"

AMERICANS WANT ANNEXATION.

"The Liberal Conservative party gives its pledge to carry out the following policy if returned to power: (1)-A thorough reorganization of the federal public expenditure is supervised."

EATON'S DAILY STORE NEWS

The Third Day's Exceptional Values in the Great August Sale of Rugs

The Toronto World

THIS CERTIFICATE, with 25 others of consecutive dates, (Sundays excepted) if presented at the business office of THE WORLD, 40 Richmond St. West, will entitle the bearer to one WORLD COOK BOOK absolutely free. If the Cook Book is to be sent by mail, send the necessary certificates in an envelope, also enclosing 14c in stamps, to the Cook Book Editor, care of Toronto World.

Not more than one Cook Book will be given to one person. This is an opportunity for every good housekeeper to become possessed of the very best Cook Book on the market. It is of convenient size, substantially bound, and is designed for utility.

Caution:—Not more than one coupon bearing the same date will be accepted.

MCCURDY HAD FALL

Dropped Forty Feet at Chicago, But Was Not Hurt.

AVIATION FIELD, Grant Park, Chicago, Ill., Aug. 14.—J. A. D. McCurdy, the Canadian air-man, fell 40 feet when his biplane caught fire from contact with electric wires at the north end of the park.

THE POPE NOT SO WELL.

ROME, Aug. 15, 12.30 a.m.—Pope Pius is not so well at this hour as he was early yesterday. His sleep has been less tranquil and he twice awoke complaining of pains in the affected knee. His temperature also has slightly increased over that of the early hours of the night.

PAIDMENT OF MEMBERS.

LONDON, Aug. 14.—By a vote of 241 to 128, the house of commons to-day passed a resolution appropriating \$1,250,000 for the payment of members' salaries for the coming year. This action was taken pursuant to the resolution passed Aug. 10, providing for an annual salary of \$2000 for each member of the house of commons. This is a radical departure from the principle of gratuitous public service, which hitherto prevailed in the commons.

Was Interested in Anatomy.

A. Norris, 18 Morley-ave., will not allow the direction of his brother, W. W. Norris, the lad who suicided at the Whaley-Royce factory Saturday, to be carried out. The dead man left word asking that his body be given to the students. The brother will bury it. The fact that the suicide had been interested in medical science is given as the reason for his strange direction.

RECIPROCITY NOT THE ISSUE.

There is no reciprocity issue before Canada. All that reciprocity may or may not do for Canada will be done by the Democratic party of the United States as soon as it comes into power. President Taft, for the benefit of the Republican party, not for the benefit of the American farmer, proposed an agreement which at first sight took the Laurier government's breath away.

Canada has every reason to fear any kind of entanglement with the American people. We can live on good terms with them, and in the best of fellowship, as long as we are not tied up with them, or as long as we do not identify ourselves with their political quarrels.

Why take down the fence? Compassion will be felt with The Globe over its complaint that the cause of reciprocity suffers from the use made against it of "the deceit of metaphor." This particular form of iniquity, it protests, is found in a comparison of reciprocity with the taking down of a fence between two pastures.

Protection and Prosperity. While discouraging in its wonted rhetorical fashion on Canada and food taxes, The Globe makes the startling assertion that "an empire bound together by a tax on the food of the people, with its millionaires on great estates, and its inevitable hungry paupers in city slums, is an empire doomed to speedy disruption and hopeless decay."

Disfiguring the Parks and Roads. That good old commonwealth of Massachusetts, where Englishmen of the modern type still flourish, with modifications of climate, nationality, conditions of servitude over which they have no control, has arrived at some ideas that we are bound to say we would be the better of adopting.

Strength of Bourassa. Special to The Toronto Star by a Staff Correspondent. MONTREAL, Aug. 14.—Fifteen thousand shouting people at times beside themselves with excitement, and on the verge of breaking out into a free fight yesterday, saw, at St. Hyacinthe, a Liberal meeting called for the purpose of advocating the Liberal cause, turned into a Nationalist anti-naval demonstration.

Bad for Consumer, Too. Editor World: When you get thru telling the farmers of Canada about sheep, hogs and beans, kindly let the electors of Toronto (working men) know how reciprocity is going to be their downfall.

NO PILGRIMAGE TO WASHINGTON

"A free Canada makes for a loyal empire," and on this The World agrees with The Globe. Canada is free and nothing threatens her freedom except reciprocity coming as and how it does. For Canadians have been told on the authority of Mr. E. W. Thomson, special correspondent of The Boston Transcript, that they dare not turn down the "generous" offer of the United States since, if they do, its powerful press will not stand to have Uncle Sam's face slapped.

These representations are patently intended for United States consumption, and no doubt afford pleasant reading for its numerous fire-eaters who imagine that all peoples of different nationality are burning with desire to transfer their allegiance to the Stars and Stripes.

Why take down the fence? Compassion will be felt with The Globe over its complaint that the cause of reciprocity suffers from the use made against it of "the deceit of metaphor." This particular form of iniquity, it protests, is found in a comparison of reciprocity with the taking down of a fence between two pastures.

Protection and Prosperity. While discouraging in its wonted rhetorical fashion on Canada and food taxes, The Globe makes the startling assertion that "an empire bound together by a tax on the food of the people, with its millionaires on great estates, and its inevitable hungry paupers in city slums, is an empire doomed to speedy disruption and hopeless decay."

Disfiguring the Parks and Roads. That good old commonwealth of Massachusetts, where Englishmen of the modern type still flourish, with modifications of climate, nationality, conditions of servitude over which they have no control, has arrived at some ideas that we are bound to say we would be the better of adopting.

Strength of Bourassa. Special to The Toronto Star by a Staff Correspondent. MONTREAL, Aug. 14.—Fifteen thousand shouting people at times beside themselves with excitement, and on the verge of breaking out into a free fight yesterday, saw, at St. Hyacinthe, a Liberal meeting called for the purpose of advocating the Liberal cause, turned into a Nationalist anti-naval demonstration.

Bad for Consumer, Too. Editor World: When you get thru telling the farmers of Canada about sheep, hogs and beans, kindly let the electors of Toronto (working men) know how reciprocity is going to be their downfall.

SIGNS THAT TELL

Saturday and Sunday furnished two most significant illustrations of the beginning of the end so far as Sir Wilfrid Laurier's government is concerned. On Saturday, at Brantford, it was impossible to get a candidate to run in the Liberal interests, after Mr. Lloyd Harris, the late member, had been asked to carry the standard and support reciprocity. On the contrary, he declined to support reciprocity, and he told us something else, namely, that had a vote been taken in the Liberal caucus at Ottawa, when the Fielding-Paterson pact was first announced, ninety per cent. of the Liberal members would have been against it.

The next significant thing was on Sunday, when a great demonstration took place at St. Hyacinthe, in the Province of Quebec. If it showed anything, it showed that the name of Sir Wilfrid Laurier was no longer sufficient to draw forth any kind of approval or cheer from twenty thousand French-Canadians there assembled.

There are other indications that have yet to be noted, but whose existence cannot be doubted, which go to show that the people of Quebec are turning against Sir Wilfrid Laurier as an idol. Indications from the west go to show that reciprocity is losing a lot of its hold on the farmers of the prairie provinces. Certainly reciprocity has taken no hold on the farmers of Ontario.

Reciprocity. In The Ottawa Journal Mr. W. H. Rowley, President of the E. B. Eddy Co., says that the Taft-Fielding pact will result in the following: Deplete our fisheries, and Destroy our fur-bearing animals. Drag down our loyalty, Demoralize our politics.

Dr. Vogt of the Mendelssohn Choir celebrated his jubilee birthday yesterday. This is a great year for the men of 61. No mixing in United States politics. Let Republican and Democrat fight it out: Canada wants no entangling alliances.

Over-issue of stock appears to be a new method of reaching one's neighbor's goods. It has had practical application among the mining companies, and great objection has been raised thereto, the proceeds having all gone into one man's pocket.

Excellent Service to Muskoka Lakes, Lake of Bays, Georgian Bay, Temagami, Cobalt, Etc. For Muskoka Lakes leave Toronto 12.30 p.m. daily, except Sunday, 2.15 a.m. daily.

Bad for Consumer, Too. Editor World: When you get thru telling the farmers of Canada about sheep, hogs and beans, kindly let the electors of Toronto (working men) know how reciprocity is going to be their downfall.

AT OSGOODE HALL August 14, 1911. Single Court. Before Falconbridge, C. J. Baugh v. Torpigne—Judgment. Motion to continue injunction restraining defendants from preventing plaintiff from acting as a director of defendant company. Held that injunction be continued until trial. Pleadings may be delivered in vacation and plaintiffs to speed the cause. Costs of motion in the cause to successful party, unless Judge at trial shall otherwise order.

Divisional Court. Before Falconbridge, C.J., K.B., Teetzel, J., Sutherland, J. Hessey v. Quinn—Judgment. An appeal from an order of Latchford, J., dismissing an appeal from the report of the local master at Barrie. Held appeal must be dismissed with costs. Frank Hodgins, K.C., for plaintiff. A. McLean Macdonell, K.C., for defendant.

Court of Appeal. Before Magee, J.A., in Chambers. Re Solicitor-General's Motion on behalf of clients for leave to appeal direct to the court of appeal from the judgment of the Divisional Court in an appeal from the certificate of a taxing officer. Held that the facts and circumstances are not such that leave should be granted. Leave refused with costs.

Reciprocity. In The Ottawa Journal Mr. W. H. Rowley, President of the E. B. Eddy Co., says that the Taft-Fielding pact will result in the following: Deplete our fisheries, and Destroy our fur-bearing animals. Drag down our loyalty, Demoralize our politics.

Dr. Vogt of the Mendelssohn Choir celebrated his jubilee birthday yesterday. This is a great year for the men of 61. No mixing in United States politics. Let Republican and Democrat fight it out: Canada wants no entangling alliances.

NATURE'S CHOICEST GIFT

Did you ever stop to think how dependent the human body is on Nature's best gift of all—Pure Water? A man may exist without food for forty days, but he can only live a short time without water.

And because water is so entirely essential, the purity of the water you drink should be beyond question.

PURITY NATURAL SPRING WATER

is natural Spring water at its very best. PURITY SPRING WATER is obtained from a never-failing spring that bubbles up from the bed rock on a hillside in the upper Humber Valley, icy-cold, sparkling and refreshing.

No impurities can ever find their way into PURITY SPRING WATER; it passes out of Nature's own filter—a bed of fine gravel—and is never exposed from the time it leaves the spring till it reaches the bottle.

Children thrive on PURITY SPRING WATER—it is an ideal drink for men and women. PURITY SPRING WATER is pleasant to the palate, and it contains just the right amount of health-giving salts for toning up, the system and aiding the digestion.

Exhaustive analyses have failed to find a trace of impurity in PURITY SPRING WATER. BOTTLED AND SEALED AT OUR OWN SPRINGS.

NOVEL EXCUSE FOR THEFT

Bourne Pleads Guilty and Shows a Dent in His Skull. The fact that fourteen years ago a flat iron fell on his head and dented his skull, which dent is still there, was put forward in police court yesterday morning by J. W. Curry, K.C., on behalf of his client, George H. Bourne, 84 Elm-st., charged with theft of 15,000 shares of Beaver Consolidated Mines, Ltd., stock, he being employed as a bookkeeper by that concern. The thefts are spread over several months and the proceeds estimated at about \$5000.

TO TEMPT RAPIDS

Capt. Larsen Will Again Essay Perilous Trip Thru Niagara Gorge. NIAGARA FALLS, Ont., Aug. 14.—(Special)—Captain Klaus Larsen, Cleveland, who last September successfully navigated the whirlpool rapids in the motor boat Ferro, arrived here to-day to arrange another trip thru the torrent in his new boat, the Niagara. He told The World to-day he felt confident of success. Larsen's new boat has five feet, six inches beam, and with the exception of two circular hatches, is decked over. She measures four feet from the crown of her deck to the bottom of her keel, and is propelled by a 12 horsepower engine, with a speed of a little better than nine miles an hour. The after hatch is also used as a cockpit. When the Niagara starts on her perilous journey thru the rapids her forward hatch will be hermetically sealed, while the after hatch will be fitted with a canvas hood with an opening for the navigator's head and arms.

TWO TRAGEDIES

GRIMSBY, Aug. 14.—(Special)—Two tragedies occurred in this district to-day. The first was the burning of the fine barns of Homer Carpenter of Fruitland. A spark from a threshing engine set fire to the straw. The loss will be in the neighborhood of \$5000, partially covered by insurance. The second accident of the day was when the little three-year-old daughter of Harry and Mrs. Taylor, living one mile south of Beasmeville, fell into a cistern at noon to-day and was drowned. The child stepped on to a rotted board covering the cistern.

Great Sweep of Ready-to-wear Summer Dresses

This week will positively be your last chance to secure a Summer Dress at practically your own price. As our Fall Goods are now arriving, we must have the room. We have, therefore, decided to clear out the balance of summer stock and have re-marked it at such reductions as to compel attention. The materials consist of Cotton Voiles, Marquisettes, Cotton, Foulards, Gingham, Chambrays, etc.

We have divided our stock into three lots, as follows: All Dresses up to \$3.00, for \$2.00. All Dresses up to \$3.00, for \$2.00. All Dresses up to \$4.00, for \$2.75.

LINEN DUSTER COATS Full length semi-fitting styles in best quality linen, colors natural and white; all reduced to \$5.00 each.

GIRLS' MIDDY SUITS Best quality English Rep. in colors white, cream and tan with blue trimmings, also in the chambray, in colors sky, tan and grey; sizes 12 to 15 years. Regular \$5.00, for \$3.50.

SPRING CLOTH SUITS Final clearance of all Cloth Suits, such as Serge, Cheviots, Venetians, Tweeds, etc. Many of these are suitable for fall wear. They are made from good night materials. You can save money by buying now. Regular \$25.00 to \$50.00. Sale prices, \$15.00 to \$30.00.

NEW FALL GOODS We are now showing a good assortment of our advance styles in Suits and Coats.

MAIL ORDERS CAREFULLY FILLED.

SOLDIER AND CIVILIAN DO HONOR TO CLIFFORD

Continued From Page 1.

a slight too glorious to behold, and that was something new from Private Clifford.

Looking for himself, Clifford is a very unassuming man, so much so that he hid in a baggage car on the way from Montreal to Leaside Junction, in order that he might be spared from being the one man of interest on the train. At Peterboro Private Clifford was still in his civilian clothes, and stepping from the train noticed 20 or 30 men running around looking for the crack rifleman, and so he started running with the crowd and hunting all thru the cars for the man who had won such distinction. When the train pulled away from the station, Private Clifford gave up looking for himself and went to his not altogether comfortable car.

It was not until five minutes before the train pulled into Leaside Junction that Clifford put on his uniform, and it was not until then that the passengers on the train knew that the Blaisy prize-winner was on board.

A good hearty handshake awaited him from Col. Stimson and others at Leaside, and after partaking of the good things provided by Col. A. E. Gooderman, the special train started off towards Toronto, where scores of thousands of people thronged the streets to honor the man who brought honor to the City of Toronto.

Owes it to Oil. Private Clifford attributes his success to a preparation for drilling rifles, which is his own invention. He said to The World last evening while on the train coming from Leaside to North Toronto, that he had sold the English rights to A. G. Parker of Birmingham, who has already put it on the market. Eighteen men at Blaisy used the preparation, and they all shot with greater success than ever before.

It was six years ago last spring when Clifford joined the Grenadiers. On the previous Christmas eve Sgt. Bickford noticed the young man shooting in a Queen-street shooting gallery and asked him if he would like to join the Grenadiers. Clifford said he would, and shortly afterwards Col. Stimson had the pleasure of making William Clifford a member of the Grenadiers.

Had Appendicitis. While in England Clifford had an attack of appendicitis and at the time he was shooting, he was in a very weak state, and feared having to go to the hospital. He, however, is now feeling a great deal better and hopes to return to the front.

Two Housebreakings. Stephen Prince, 22 years, 5 Kippendave-avenue, was arrested in Front-street last night by Detective Croome. He is charged with breaking into Mrs. Larkin's home at 106 Albany-avenue at 4 o'clock yesterday afternoon and stealing two lockets, a watch, a bracelet, a brooch and other articles, which were found on him when he was taken.

The family were away from the house when it was entered. Prince is only recently released from Kingston Penitentiary, where he served a term for housebreaking.

Thomas DeRose, 17 years, 5 Blair-avenue, was arrested yesterday, charged with breaking into the premises of the Home Furnishing Co., for which Robert Snow, another youth, is now awaiting trial.

Stamburge Sunk. KINGSTON, Aug. 14.—(Special.)—The stamburge Mary Louie, loaded with a cargo of wooden boxes, was sunk in the Rideau River, and is in bad shape. All the crew escaped. The vessel is owned by a man named Coon, living at Morton.

Commodore Williams III. Commodore Williams of the Toronto ferry fleet has been taken suddenly ill while en route to Prospect Cemetery. The funeral will take place to-morrow at 10 o'clock at Prospect Cemetery. The infant son of Mr. and Mrs. Harrington of 31 Auburn-avenue also died to-day of summer complaint. Interment will take place at Prospect Cemetery on Wednesday afternoon at 2 o'clock.

A meeting of the Conservatives of Ward Seven will be held in the Assembly rooms of the Sheppard Block, corner Dundas-street and Pacific-avenue, on Wednesday evening, the 16th, commencing at 7 o'clock for the purpose of electing delegates to the South York convention in the La-

bor Temple on the afternoon of Friday, the 18th inst.

While a fire in the C.P.R. yards to-day R. H. Newton, a yardman, living at 1389 Dundas-street, was knocked down by a shunting engine. Charles Dundas-street, was called, and Newton was found to have sustained several injuries about the head and arms in addition to a fractured collar bone. He was removed in Speers' ambulance to the Western Hospital.

Mr. Wm. R. Newell, the well-known Bible teacher is continuing his series of addresses in the Annet-street Baptist Church each night this week until Wednesday evening, when he will deliver his farewell talk.

Complaints are continually being made about the disagreeable odors, presumably emanating from the sewers in different parts of the city, Toronto, especially on Dundas-street, near Bloor-street. In spite of the fact that we have other local contemporaries who have brought this matter to the attention of the health officer, no relief has been promised many months ago, apparently nothing has been done by that department, but the citizens do not hesitate to say that much of the typhoid fever in this ward is due to this, as by the water, or the other causes assigned.

Davenport Albion of West Toronto are losing in their games of football. They did not receive the splendor of the Green River game, and a recent number of blunders brought quite a following of supporters from many outside points. Dr. A. T. McNamee of West Toronto, an interested spectator, and brought a party in his automobile. After the game both teams had supper in the big hall. The visiting team and supporters provided an impromptu concert, and a good time was spent. Mr. Hornshaw and his visiting lady helpers are to be congratulated on the first-class arrangements made.

Declared General Strike. LIVERPOOL, Aug. 14.—The strike committee at 12 o'clock to-night declared a general strike of all transport workers, including the railway men, who, up to the last, had refused to go out. The strike will be effective on all the local steamboats and the Mersey ferries. Seven thousand dockers struck to-night at Birkenhead.

During the day the lockout threatened by the local steamboat and Mersey ferries, seven thousand dockers struck to-night at Birkenhead. The day the lockout threatened by the local steamboat and Mersey ferries, seven thousand dockers struck to-night at Birkenhead.

There has been much disorder in both Liverpool and Birkenhead throughout the day, and the police were constantly in conflict with disorderly crowds. To-night the plateau in front of St. George's Hall, where the rioting started Sunday, became impassable because of the great crush of workmen. There were frequent stampedes, following the efforts of the police to disperse the crowds.

Several fires, believed to have been of incendiary origin, occurred during the afternoon. The most serious was at the office of the Shipping Federation, which were gutted by the flames. Also no rioting has taken place, the tension is so great that the smallest incident might serve to start a riot. A watch committee has been formed, and is enrolling volunteers to act as special constables.

Glasgow Tramway Strike. GLASGOW, Aug. 14.—The tramway strike situation has improved perceptibly to-night, and is likely to collapse altogether. A majority of the men have agreed to return to work and their dispute with the municipality to the arbitration of the board of trade.

LIVERPOOL, Aug. 15.—The troops were compelled to fire on a mob of strikers here early this morning. Bayonet charges also were made upon the disorderly element.

A NEW RECORD. Atwood Flew From St. Louis to Chicago With Only Two Stops. CHICAGO, Aug. 14.—By flying the 288 miles from St. Louis to Chicago, with only two intermediate stops, and in a flying time of 5 hours 45 minutes, to-day, Harry N. Atwood of Boston believes he has set a pace which will result in his establishing a new record for the flight by aeroplane from St. Louis to New York and Boston.

As it is Atwood appears to have broken the American record for a single day flight. The best previous American record was made by Atwood himself when he flew 148 miles from St. Louis to Baltimore, on July 16, 1911. The best international cross-country record is held by Andre Beauport, who in the Paris-Rome contest covered 40 miles in a single day, but in this instance he made three landings, while Atwood to-day landed only twice between start and finish.

FOREST FIRES IN N. S. HALIFAX, N. S., Aug. 14.—Tremendous forest fires are raging on the southwestern shore of Nova Scotia, from Port Clyde, Shelburne, to within eight miles of the Town of Liverpool. The fire has been burning for two or three days, but yesterday and to-day burst out with greater violence. Port Clyde 25 buildings were destroyed.

Fruit to Be Kept Clean. Dr. Hastings, M.H.O., has decided to give the fruit merchants, who fancy the plan of displaying their fruit on the streets, time in which to have their stands constructed. Meanwhile they will be allowed to cover their stands with fine netting. It was so decided at a conference held in the city here yesterday, at which were Dr. Hastings, the chairman of the board of health, A. J. Rowland and a number of fruit vendors.

Band Concert To-Night. Owing to the further liberality of E. B. Osler, M.P., another series of four concerts will be given at the public play grounds, by the band of the Royal Grenadiers, under the direction of J. Waldron, one to take place in the Canadian Northern playgrounds near the city, this evening from 7 to 9 o'clock.

Wednesday Water Trips. Take the Olcott for Olcott Beach at 2.30 p.m. Back at 10.00 p.m. Round trip 75c.

THE WEATHER

OBSERVATORY, TORONTO, Aug. 14. —(p.m.)—A few local thunderstorms have occurred in Saskatchewan and Quebec, otherwise the weather has been everywhere fine, and for the most part, decidedly warm.

Minimum and maximum temperatures: Victoria, 50—55; Kamloops, 56—70; Edmonton, 42—64; Battleford, 50—70; Prince Albert, 54—59; Calgary, 49—68; Moose Jaw, 47—79; Regina, 53—73; Winnipeg, 64—83; Port Arthur, 58—88; London, 61—70; Toronto, 45—60; Ottawa, 52—58; Montreal, 64—80; Quebec, 55—82; St. John, 58—76; Halifax, 53—74.

Probabilities: Lakes and Georgian Bay—Light to moderate variable winds, local thunderstorms, but mostly fair and decidedly warm.

Ontario—Upper St. Lawrence—Fine and decidedly warm; a few local thunderstorms during the night or on Wednesday.

Lower St. Lawrence, Gulf and Maritime—Light to moderate winds; a few scattered thunderstorms, but generally fair and warm.

Superior—Light to moderate winds; fair and warm.

Manitoba—Fine; stationary or a little lower temperature.

Saskatchewan—A few local showers or thunderstorms, but mostly fair; stationary or a little lower temperature.

Alberta—Some local showers, but mostly fair; not much change in temperature.

YORK COUNTY

Day's Doings in York County.

HYDRO-ELECTRIC PRESS HARD FOR AN ANSWER.

N. Toronto Holds Off to Get Solicitor's Views—Stirring Times in Northern Suburb.

NORTH TORONTO, Aug. 14.—(Special.)—Again the all-important matter of power and street lighting has been further deferred, and at the earliest, another week will elapse before the question will be finally disposed of. To-night's meeting of the finance committee, dealing with this among other matters, was spectacular, but it was not conclusive. As to the wisdom or otherwise of the proposed hydro-electric, the citizens must be the judge. It will be remembered that a short time ago the town council, with a view to stalling in all the competitors out on an equal footing, decided to throw overboard all the power and light tenders received and start out with a clean slate. In all the talk the right to tender, not alone with respect to street lighting, the hydro, the interurban and the Toronto Electric Light, accordingly put in a tender for a private meeting on Saturday night it was decided to deal only with the companies to bulk supply and leave the question of house lighting and the local arrangements wholly to the town.

At to-night's meeting Engineer James submitted an expert report, and, like all the engineer's reports, it was in point. In short, it recommended the hydro-electric as slightly lower than either of his competitors, the interurban or the T.E.L.

Mr. Sweeney was present and, by permission, spoke briefly, supplementing the report and asking for a decision.

But council were apparently reluctant to take a decided stand, averring that there were lions in the way in the form of a threatened lawsuit pending from the interurban over some alleged rights and franchises. To safeguard the town, Mayor Brown urged delay until Solicitor Gibson, who is on his holidays, could come home. Next Saturday he was named as the earliest time for his return.

Councillor Lawrence, too, stood in the way of the hydro-electric and the interurban, and in a law suit was manifestly the undercurrent which stood in the way of handing the contract over to the hydro. The scare was manifested in morning paper, evidently inspired by corporate interests, was not without its desired and designed effect.

Then Mr. Sweeney took a hand and made a proposition of the kind which the council of North Toronto will not night hand over this contract to the Toronto Hydro-electric, which will go ahead and complete, which I do not believe, that the interurban can establish, but the terms of their alleged claim, the interurban will withdraw wholly from the work in hand. Can anything be fairer?

"I favor that," said Councillor Reid, but the other members, guarded and Mr. Sweeney had to go away without his cherished wish, but he will get it later on.

It is only postponed a little while. In the meantime, the members of the town council don't know what yet by what a narrow margin they are near putting the municipality in an unenviable position. Well, so much for the electric lighting.

A more potent argument, too, for the threatened action of the interurban Company against a small, but wealthy, as pointed out many times, the joint co-operation of the city would prove invaluable at a time like this.

Every member of the council was gratified at the strong place North Toronto holds in the financial world, as shown by the success of Wood, Gundy & Co., the successful tenderers for the sewer debentures, amounting to \$265,000, bearing interest at 4 1/2 per cent, and repayable in 30 years.

Wood, Gundy & Co. offered \$261,557, and the Councillor Reid objected to an immediate action, it was recommended on the council, which means to-morrow. Objections, any, can be made there.

There was a passing breeze over the 20-mill rate, which Councillor Reid still cherished the idea of getting, but he will have an opportunity to-morrow afternoon, a meeting having been arranged between Treasurer Stevenson and Mr. Reid, when the latter will submit his proposition. The mayor was averse to re-opening the question, but Councillors Howe and Muston intervened to give Councillor Reid a chance to make good.

They passed a lot of accounts of one kind and another, and following the meeting of the finance committee, a private meeting, together with the officials, was held with respect to the question of easements. Good progress is said to have been made so far and it is expected that the whole question will be soon disposed of.

Another thing they did was to award the tender for the fourth sewer section, running from Bayview-avenue to Eginton-avenue, or down to the disposal plant. The successful tenderer, this case will likely be the Ideal Construction Co., at \$121,450. From this the figures ran all the way up to over \$1,000. The matter will be dealt with in council.

Then they adjourned, to meet to-morrow night.

WEST TORONTO.

WEST TORONTO, Aug. 14.—(Special.)—The death of the year-old son of Mr. and Mrs. Levens of 86 Auburn-avenue. The funeral will take place to-morrow at 10 o'clock at Prospect Cemetery. The infant son of Mr. and Mrs. Harrington of 31 Auburn-avenue also died to-day of summer complaint. Interment will take place at Prospect Cemetery on Wednesday afternoon at 2 o'clock.

A meeting of the Conservatives of Ward Seven will be held in the Assembly rooms of the Sheppard Block, corner Dundas-street and Pacific-avenue, on Wednesday evening, the 16th, commencing at 7 o'clock for the purpose of electing delegates to the South York convention in the La-

bor Temple on the afternoon of Friday, the 18th inst.

While a fire in the C.P.R. yards to-day R. H. Newton, a yardman, living at 1389 Dundas-street, was knocked down by a shunting engine. Charles Dundas-street, was called, and Newton was found to have sustained several injuries about the head and arms in addition to a fractured collar bone. He was removed in Speers' ambulance to the Western Hospital.

Mr. Wm. R. Newell, the well-known Bible teacher is continuing his series of addresses in the Annet-street Baptist Church each night this week until Wednesday evening, when he will deliver his farewell talk.

Complaints are continually being made about the disagreeable odors, presumably emanating from the sewers in different parts of the city, Toronto, especially on Dundas-street, near Bloor-street. In spite of the fact that we have other local contemporaries who have brought this matter to the attention of the health officer, no relief has been promised many months ago, apparently nothing has been done by that department, but the citizens do not hesitate to say that much of the typhoid fever in this ward is due to this, as by the water, or the other causes assigned.

Davenport Albion of West Toronto are losing in their games of football. They did not receive the splendor of the Green River game, and a recent number of blunders brought quite a following of supporters from many outside points. Dr. A. T. McNamee of West Toronto, an interested spectator, and brought a party in his automobile. After the game both teams had supper in the big hall. The visiting team and supporters provided an impromptu concert, and a good time was spent. Mr. Hornshaw and his visiting lady helpers are to be congratulated on the first-class arrangements made.

Declared General Strike. LIVERPOOL, Aug. 14.—The strike committee at 12 o'clock to-night declared a general strike of all transport workers, including the railway men, who, up to the last, had refused to go out. The strike will be effective on all the local steamboats and the Mersey ferries. Seven thousand dockers struck to-night at Birkenhead.

During the day the lockout threatened by the local steamboat and Mersey ferries, seven thousand dockers struck to-night at Birkenhead. The day the lockout threatened by the local steamboat and Mersey ferries, seven thousand dockers struck to-night at Birkenhead.

There has been much disorder in both Liverpool and Birkenhead throughout the day, and the police were constantly in conflict with disorderly crowds. To-night the plateau in front of St. George's Hall, where the rioting started Sunday, became impassable because of the great crush of workmen. There were frequent stampedes, following the efforts of the police to disperse the crowds.

Several fires, believed to have been of incendiary origin, occurred during the afternoon. The most serious was at the office of the Shipping Federation, which were gutted by the flames. Also no rioting has taken place, the tension is so great that the smallest incident might serve to start a riot. A watch committee has been formed, and is enrolling volunteers to act as special constables.

Glasgow Tramway Strike. GLASGOW, Aug. 14.—The tramway strike situation has improved perceptibly to-night, and is likely to collapse altogether. A majority of the men have agreed to return to work and their dispute with the municipality to the arbitration of the board of trade.

LIVERPOOL, Aug. 15.—The troops were compelled to fire on a mob of strikers here early this morning. Bayonet charges also were made upon the disorderly element.

A NEW RECORD. Atwood Flew From St. Louis to Chicago With Only Two Stops. CHICAGO, Aug. 14.—By flying the 288 miles from St. Louis to Chicago, with only two intermediate stops, and in a flying time of 5 hours 45 minutes, to-day, Harry N. Atwood of Boston believes he has set a pace which will result in his establishing a new record for the flight by aeroplane from St. Louis to New York and Boston.

As it is Atwood appears to have broken the American record for a single day flight. The best previous American record was made by Atwood himself when he flew 148 miles from St. Louis to Baltimore, on July 16, 1911. The best international cross-country record is held by Andre Beauport, who in the Paris-Rome contest covered 40 miles in a single day, but in this instance he made three landings, while Atwood to-day landed only twice between start and finish.

FOREST FIRES IN N. S. HALIFAX, N. S., Aug. 14.—Tremendous forest fires are raging on the southwestern shore of Nova Scotia, from Port Clyde, Shelburne, to within eight miles of the Town of Liverpool. The fire has been burning for two or three days, but yesterday and to-day burst out with greater violence. Port Clyde 25 buildings were destroyed.

Fruit to Be Kept Clean. Dr. Hastings, M.H.O., has decided to give the fruit merchants, who fancy the plan of displaying their fruit on the streets, time in which to have their stands constructed. Meanwhile they will be allowed to cover their stands with fine netting. It was so decided at a conference held in the city here yesterday, at which were Dr. Hastings, the chairman of the board of health, A. J. Rowland and a number of fruit vendors.

Band Concert To-Night. Owing to the further liberality of E. B. Osler, M.P., another series of four concerts will be given at the public play grounds, by the band of the Royal Grenadiers, under the direction of J. Waldron, one to take place in the Canadian Northern playgrounds near the city, this evening from 7 to 9 o'clock.

Wednesday Water Trips. Take the Olcott for Olcott Beach at 2.30 p.m. Back at 10.00 p.m. Round trip 75c.

ENGLAND THREATENED BY GREAT RAILWAY STRIKE

Managers Say Time Has Come to Resist the Men's Encroachments.

LONDON, Aug. 14.—To-night there appears little hope of averting a great railway strike, which probably will be accompanied by a general labor revolt that will have a tremendous effect on the trade of the United Kingdom.

At a meeting held in London to-day by the managers of all railroads having terminals here it was resolved that the time had arrived to resist the men's encroachments. The managers contend that the men by striking will violate the agreement arrived at after the railway troubles of 1907, under which all disputes were to be referred to conciliation boards or an arbitrator. This agreement, they say, was to run until 1914, unless either side gave notice of its termination, which has not been done.

To-day's meeting was unanimous that the only way to terminate constant dilapidation of business would be to take a firm stand and refuse all concessions to the men. One manager in an interview after the meeting expressed the fear that there will be grave troubles on all the railway systems of the country before the present week is ended. He said the railroads were preparing to run the best services they could under the circumstances, with the aid of police protection for their employees who are still willing to work.

Sectional strikes of railway men were declared to-night at Manchester, Liverpool, Sheffield, and other places. Some of the railway lines already have given notice of their inability adequately to handle freight traffic.

Declared General Strike. LIVERPOOL, Aug. 14.—The strike committee at 12 o'clock to-night declared a general strike of all transport workers, including the railway men, who, up to the last, had refused to go out. The strike will be effective on all the local steamboats and the Mersey ferries. Seven thousand dockers struck to-night at Birkenhead.

During the day the lockout threatened by the local steamboat and Mersey ferries, seven thousand dockers struck to-night at Birkenhead. The day the lockout threatened by the local steamboat and Mersey ferries, seven thousand dockers struck to-night at Birkenhead.

There has been much disorder in both Liverpool and Birkenhead throughout the day, and the police were constantly in conflict with disorderly crowds. To-night the plateau in front of St. George's Hall, where the rioting started Sunday, became impassable because of the great crush of workmen. Porcupines Still on the Decline in Mining Markets

Porcupines Still Descending Mining Shares Remain Weak Beaver Makes Small Headway Against General Decline—Traders Think Market is Nearly Sold Out.

A Message to You From PORCUPINE

Is the purchase of Railroad Securities or Coppers surrounded by any great profit possibilities under present conditions? No. Our financial giants are advising their friends, their clients and the world at large to buy Gold Securities when first issued and when low, stating that, if sound judgment is used, great profits are inevitable, and quick.

Market Ailments

Nine traders out of every ten are in distress as a result of the recent violent decline, particularly the break in Hollinger, Rea and Swastika. The time has come to discard the "always bullish" advisory letters and look the situation squarely in the face.

Where Is Bottom?

Our field staff has reported fully on the camp of Porcupine, and we are convinced that the greatest boom of modern times is before us. In the meantime, there will be great irregularity, with some further decline and exceedingly sharp recoveries.

World Office, Monday Evening, Aug. 14. The mining exchange was hammered again to-day and several of the active stocks were marked down below the low prices of last week.

PRICE OF SILVER. Bar silver in London, 24 1/2 oz. Bar silver in New York, 32 oz. Mexican dollars, 4c.

MINING QUOTATIONS. Dominion Standard. Ask. Bid. Ask. Bid.

NEW PORCUPINE COMPANY APPEAR Lapalme Gold Mines Organized Yesterday With Strong Board of Directors.

A new Porcupine company has made its appearance under most favorable auspices. With 160 acres at Three Nations Lake in Whitney Township, on which quartz can be seen almost everywhere, with some of the richest surface showings in the whole Porcupine camp, the Lapalme Porcupine Gold Mines, Ltd., was organized yesterday.

El. H. Lang, ex-mayor of Cobalt, is the president of the company, and W. H. Russell of Wauhaushene, is the vice-president. W. Meen was elected secretary-treasurer and Toronto's controller, Dr. W. S. Harrison, figures on the directorate, which also includes George Eccles of Brantford, Jno. Black of Montreal and Dr. Charles A. H. Avel of Buffalo.

Wonderfully Rich. Although 17 veins, all rich in free gold, were uncovered on the Lapalme location, these veins run in different widths, the main one being 48 feet wide. Samples from it and others were exhibited at the shareholders' meeting yesterday and elicited a great deal of complimentary comment. The specimens are truly astounding in the amount of free gold they contain. Men who have seen them say that they are the low grade trash, for that part of the camp at least.

CHICAGO LIVE STOCK. CHICAGO, Aug. 14.—Cattle—Receipts, 24,000; market strong to 10c higher. Hogs—Receipts, 18,000; market strong to 10c higher. Sheep—Receipts, 10,000; market strong to 10c higher.
