GALE PREVENTS RESCUE OF 500 PASSENGERS AND CREW ABOARD STRANDED STEAMER

Royal George's Position on Rocks is Not One to Cause Anxiety for Safety of Lives, and Experts Are Confident That Steamer Can Be Taken Off With Proper Care.

QUEBEC, Nov. 7.—(Can. Press).—The Canadian Northern steamer Royal George still rests firmly on the rocks one mile east of Point St. Lawrence, on the north side of the south channel with 500 stowage passengers and the members of the crew on board. The company's officials were fully convinced that the passengers could have been all removed from the steamer today and brought to Quebec, had not the elements interfered with their plans. Consequently, the people have to remain with the ship, at least until tomorrow.

The condition of the steamer is practically the same as when she got off her course and was carried at full speed on the rocks, head on, and the her position is serious, experts have every confidence that she can be hauled off. Her No. 2 hold is full of water, but so far as can be learned, No. 1 hold is intact, likewise No. 3 and 4, stowage and engine room.

The steamer is caught on the rocks between her two funnels, and is so firmly seated that unless lightened of her cargo, at least in No. 1 hold, it would not be prudent to attempt to haul her off.

Steamers Standing By.
In the meantime the government steamer Lady Grey, the wrecking steamer Lord Strathcona, the C. P. R. tug Cruiser, and the tug J. C. Gravel are alongside to render assistance, and take part in releasing the steamer from her present position when it is thought practical to do so.

None of these vessels could make connection with the Royal George today on account of the fury of the northeasterly gale and high sea which prevailed all day and last night. The wind today averaged a velocity of 30 miles an hour, with the indication of its continuing with rain through tonight.

Further Rescue Today.
The remaining 500 stowage passen-

Armstrong Gets Muskoka Seat

BRACEBRIDGE, Nov. 7.—It was officially announced here today that William Lowe, late inspector of government roads for the district, and the nominee of the Conservative convention held here a short time ago, has resigned in favor of S. H. Armstrong, also a Conservative, but opposed to the so-called machine candidate.

Leader of Rebels, Who Will Die

GENERAL FELIX DIAZ, Nephew of the former president of Mexico, and leader of the latest attempt to overthrow the Madero Government. Diaz has been captured by the Federalists and sentenced to be shot.

ARMSTRONG WINS FOURTH WARD FIGHT

Was Elected President of the Liberal-Conservative Association by 629 Votes to Cornell's 474—Peace Rules Once Again and Rival Candidates Shook Hands.

If a fighting disposition is a sign of life energy and steam, Ward Four Liberal-Conservative Association is very much alive, for it saw one of its "best" fights last night, when Fred Armstrong was re-elected president of the association, defeating his opponent, John S. G. Cornell, by a vote of 629 to 474.

At 9 o'clock the scrutineers commenced their heavy task and so did the speakers, for there was discussion in the hall, and it took some diplomacy to keep them running smoothly. For two hours such things as "the navy," "workmen's compensation" and "the privy council's decision" were spoken of, and then followed a short intermission to allow of a "cool off" before the announcement of the vote.

The Armstrong ticket thrashed out was elected, and here are the names: President, Fred Armstrong; first vice-president, W. H. Smith; second vice-president, G. R. Sweeney; third vice-president, James Hozak; secretary, James C. Mitchell; treasurer, A. Russell Nesbitt.

Against these the following ran and were defeated: John S. G. Cornell, Lionel Gosdon, T. A. Owens, Howard Ridout, George T. Harkins and Wilmar Times.

As the head scrutineer called the winners one by one the cheers of the victorious side increased in geometrical progression. At last Mr. Armstrong got up to return thanks, and this was the biggest job of all. No sooner had he finished his remarks of condolence to Cornell than Arthur Van Koughnet, half way down the hall, was up on a chair to protest.

The protest was cried down time and Mr. Armstrong proceeded: "I think it is a fitting time," said he, "for me to return my thanks to the electors who voted for me tonight. Never did a man have a more gentlemanly opponent than Mr. Cornell. I saw him resting on his feet, and I saw him shake hands and be friendly again."

Cries for a word from Cornell went up after the president-elect had walked over the platform. Presently the defeated candidate appeared and there were cheers, but not as many as at other times. "I have been called the white hope of Ward Four Association," he said, "but, like other white hopes, it seems that I have failed. There still is hope, however, and next year I'll be in the fight again."

Cheers for the King, Mr. Armstrong and almost everybody except Sir Wilfrid Laurier were then given as a break-up to the strenuous meeting.

The speeches given at the meeting, of course, were a side issue. They were powerful, patriotic, progressive and non-partisan in nature, and were attended to by Messrs. W. K. McNaught, M.L.A.; E. W. J. Owens, M.L.A.; Fred Armstrong and Edward Hearn, K.C. Controller McCarthy was on the platform and Controller Church near the door beside the policeman.

FIGHT IS CLOSE IN CALIFORNIA

Roosevelt Cuts Down Wilson's Lead to Small Margin—Democrats Carry Illinois.

NEW YORK, Nov. 7.—(Can. Press).—Uncertainty as to the electoral choice of California and Illinois, as developed by belated returns from both states, was the chief point of interest today, also counting of the ballots in several doubtful states still was under way.

That Illinois was safely in the Wilson column was indicated early in the evening, but California, which had been claimed by the Democrats shortly after the closing of the polls, wavered toward the Progressive ranks. The Wilson plurality, estimated Wednesday at 12,000, was cut to less than 800, with a few hundred remote precincts still unheard from. Progressive leaders claimed these would change the total to a Roosevelt plurality, but the missing precincts generally were accredited to the Democrats and the Wilson lead, while small, seemed safe.

Illinois Swings Over.
After apparently holding Illinois for nearly 40 hours after the polls closed, Col. Roosevelt lost its 29 electoral votes late in the day, when the assembling of state-wide returns showed a definite victory for Gov. Wilson. On the strength of incomplete returns as to the popular vote for Wilson, Roosevelt and Taft, the estimate was made tonight that Gov. Wilson would not have a majority of all votes cast. In many states the popular vote has been only roughly estimated thus far, but the reports indicate that the combined vote for Roosevelt and Taft will be approximately 1,000,000 more than the vote for Gov. Wilson.

Wilson Vote, 46 Per Cent.
The figures will be materially changed by the final count, but it is expected that the proportion for each candidate will not vary greatly. The preliminary count gives Wilson approximately 46 per cent. of the vote, Roosevelt 25 per cent. and Taft 25 per cent. The total vote thus far reported is less than in 1908, while the official returns are expected to bring it above those figures. In 1908 out of a combined vote of 14,030,853 cast for Taft and Bryan, President Taft received over 54 per cent.

Returns from Minnesota today confirmed the claim of Roosevelt to the 12 electoral votes of that state. The Wilson victory claimed on the earlier returns, have become doubtful tonight as the count progresses. The latest returns today, with many precincts still to be heard from, gave Roosevelt apparently a safe majority.

The victory for Wilson in New Hampshire did not carry with it control of the state legislature, where the Republicans again have a majority on joint ballot and will dictate the selection of a U. S. senator.

ALLIES WOULD CARVE TURKEY

Premier of Serbia Frankly Avows Intention to Recover Ports Lost in Middle Ages.

PARIS, Nov. 7.—(Can. Press).—The Balkan allies will ask for the partition of European Turkey, leaving the fate of Constantinople to the decision of the European powers, according to Premier Pichot of Serbia, in an interview today with the correspondent of The Temps in Belgrade. The Serbian statement continued: "Serbia has not resolved any proposal for Austria, but assuming that Austria has no territorial designs Serbia is quite willing to favor economic and commercial expansion for Austria."

The premier concluded by saying that the Balkan allies desired Turkey to treat directly with them concerning peace and not thru the powers.

RIVAL FORCES SEEMINGLY RESTING ON THEIR ARMS

However, Dearth of News From Fighting Zone May Mean That Another Big Conflict Is Under Way—Europe Is Pondering Seriously Proposed Partition of Turkey.

LONDON, Nov. 7.—(Can. Press).—The Times prints the following despatch dated Sofia, Nov. 7, 11.20 p.m.: "It is reported, but without official confirmation, that the Bulgarian troops have occupied the Tchatalja lines."

LONDON, Nov. 7.—(Can. Press).—The past twenty-four hours have brought little news of importance from the seat of war. The report that Saloniki had been evacuated is premature, and a similar report concerning Monastir is still unconfirmed. There is no authentic news of the alleged defeat of the Turks before Tchatalja.

On the contrary a Constantinople despatch sets forth the Turkish claim that there are no Bulgarians east of Tchatalja and that both armies are resting. The Turkish reports regarding the progress of the war, however, have been so consistently misleading as to have little value.

The present lull in news may mean that some important action is proceeding. In the meantime diplomatic efforts to end the war are making progress and the European press is busy discussing all the aspects of the settlement of difficult questions. Everything tends to show that almost irreconcilable antagonisms will arise over the allocation of Turkish territory. Serbia claims as her share a large part of Albania, including the Adriatic ports of Durazzo, Alessio and San Giovanni di Medua.

Partition of Turkey.
According to the Serbian premier's statement to The Paris Temps, the allies desire the partition of European Turkey, leaving the fate of Constantinople to the decision of the powers. According to reports current in Berlin the intention of the allies is to divide Albania between Serbia and Greece, but an agreement already exists between Austria and Italy, which would be supported by Germany, guaranteeing the integrity and independence of Albania, and the Triple Alliance is determined to prevent Serbia at all costs from reaching the Adriatic. It is even asserted that the Triple Alliance has agreed to make Albania independent with the Duke of Abruzzi as king.

Another important meeting occurred at Bucharest today between the Roumanian premier and the Russian and Austrian ministers. It is reported that the powers will tomorrow communicate to the Balkan states Turkey's request for mediation.

ADRIANOPLE TO BE FLOODED OUT

Bulgarians Dam Up River, Turning Water Back—Montenegrins Are Lagging.

LONDON, Nov. 8.—(Can. Press).—Below Adrianople, says a Sofia despatch to The Standard, the Bulgarians have dammed up the River Maritza so that the water was forced back and flooded the town. It is expected that this will compel an early surrender.

A Cetinje despatch to The Standard says that King Nicholas is annoyed at the protracted siege of Scutari as Montenegro has occupied much less Turkish territory than the other allies and it is feared that this will have an unfavorable effect when the partition of Turkey is made.

The king therefore has ordered the commanders of the other Montenegrin columns to push forward and occupy as many places as possible before the Serbians penetrate further west.

Another Cetinje despatch says that the whole country is in the grip of winter, that the snow there is two feet deep and that the roads are impassable.

NEGRO PUGILIST UNDER ARREST

Jack Johnson Accused of Violating White Law—Released on Mother's Bail.

CHICAGO, Nov. 7.—(Can. Press).—Jack Johnson, heavyweight prizefighter, was arrested by federal officials tonight, charged with a violation of the Mann White Slave Law. His arrest followed the return by the federal grand jury of an indictment charging him with having caused the transportation of Belle Schreiber, a white woman, 26 years old, from Pittsburgh to Chicago, Aug. 10, 1910, for unlawful purposes.

Federal officers searched the south side several hours before Johnson was found in an hotel surrounded by four negro guards.

An attempt was at first made by the guards to prevent the officers from entering Johnson's room, but they were pushed aside and the government warrant served on the prizefighter without serious difficulty.

At the federal building tears came to his eyes as the officers put handcuffs on his wrists.

"You don't have to do this; I am not going to run away," he said. "I'm square, you ought to know that."

Johnson's bonds have been fixed at \$30,000, but all the federal judges had left the building for the night and declined to leave their homes to go thru the formality of accepting bail. His several hours' work Johnson found a court clerk willing to act and the prisoner was taken to the home of his aged mother on the south side, who signed the bonds along with several others, and Johnson was released from custody.

WORLD CONTEST AIDS YOUNG FOLKS

May Enter Capital On Coming Sunday

There's a contest in The World. Of proverbs that you know, They are very easy to solve, And getting them just juv.

Everybody's trying it. For there are prizes, too; You can't hardly miss one. For there are quite a few. Clarence Peckham. Class Junior 8rd.

The above jingle on the Proverb Contest is certainly worth comment, as it comes from a mere tot of a contestant just out of his kindergarten studies, and while the verses could be easily reconstructed in better rounded out rhythm, yet it could not tell the story any plainer or better.

All in all it shows conclusively the benefit it is working in the minds of the young. It interests them, stirs their imagination and induces concentration, one of the great essentials necessary to carefulness and accuracy in their lives.

Many parents write in commending the educational value of the contest. They say that the pictures, representing the proverbs, are so fascinating that they quickly appeal to everyone, both old and young. Some say that the mere thoughts of the fine prizes

George W. Wagar, 18 Juniper avenue, was taken into custody last night by Detectives Newton and Wallace on a charge of stealing \$499.88 from the Swift Canadian Company. Wagar was a traveler for the firm.

PAINTER WAS BURNED.
While painting a house at 21 Winchester street yesterday afternoon, Isaac Matthews, 59 Oak street, had his right arm and hand so badly burned that he had to be removed to the General Hospital. It is not exactly known how the accident happened, but Matthews either spilled some acid on his arm or burned it with a painter's torch.

FINE FALL WEATHER.
They tell us that we're going to have a fine lengthy spell of good fall weather. Where a man is concerned fine weather always demands something new and fresh in a hat. The Dinesen Company, 140 Yonge street, is able to announce the arrival of some very large shipments in men's hats from England, including the latest blocks by Christy and Henry Heath. Henry Heath is the world's greatest maker of men's hats and Dinesen is sole Canadian agent for the outfit.

TURKISH ARMY WILL FIGHT TO FINISH

Popular Feeling in Constantinople is Strongly Against Surrender, and Nazim Pasha Assures that the Struggle Will Go On to the Bitter End.

CONSTANTINOPLE, Nov. 7.—(Can. Press).—Public opinion in Constantinople is strongly opposed to the idea of seeking mediation or peace. Nazim Pasha, the Turkish commander-in-chief, has reported to the government that the army is determined to fight until victorious or absolutely defeated. He regards the reverses sustained as unfortunate, but says that the brave Ottoman army is confident of ultimate success and that the whole corps of officers are unanimously in favor of continuing the war.

The principal officers in Constantinople have handed the grand vizier, Kiamli Pasha, a signed declaration in the same spirit, and the party of union and progress promises to support the government in the policy of prosecuting the war with energy. These considerations are having weight with the government.

Meanwhile there have been no developments at the front. Reconnaissance by the eastern army today beyond Tchatalja plains. Both sides appear to be reorganizing after their recent exhaustive efforts.

Further heavy rains have transformed the plains into a morass. The roads are most difficult, Turkish officials think that probably a week will elapse before hostilities are resumed along the Tchatalja lines, which battle is expected to decide the campaign unless peace comes to spare the belligerents further carnage.

PUPILS IN KING EDWARD SCHOOL WILL BE MOVED FROM BASEMENT THIS MORNING—CONFERENCE IN DECEMBER TO LEGALIZE HALF-DAY CLASSES—OPEN AIR AFTER JANUARY.

There will be a little excitement at the King Edward School this morning. The board of education last night ordered a public school class there to be taken out of the basement and given its former room. The class was sent downstairs to give its room to commercial high school pupils.

Dr. Noble and Trustee Leves vigorously censured the sub-committee which had made the arrangement. Dr. Noble said there was a perceptible smell in the basement, and it was not fit for a sanitary standpoint for a class of any kind.

Trustees Hodgson, Hiltz and Smith argued in favor of the arrangement being continued until the end of the term, but the motion classore at the public school class to its former room was supported by the chairman of the board, Dr. Conboy, Dr. Noble, Dr. McKay, Trustees Brown, Leves and Jackson, and will go into immediate effect.

Hon. Dr. Fyfe went suggesting a conference early in December respecting the proposal to legalize the holding of half day classes in the first book.

Hospital Collection.
The date for the annual collection in the public schools for the Hospital for Sick Children was fixed for Tuesday, Dec. 3.

The board of inspectors was instructed to report on the question of extending some of the kindergarten work into the first book classes.

The proposal to establish a roof garden class on the top of the York street school was postponed until after Jan. 1, 1913.

WILL NOT EXPORT HAY.
KINGSTON, Nov. 7.—(Special).—There will be but little hay shipped from here to New York State this fall. The good crop on the other side is the cause. Hay has been selling on the other side at practically the same price as in Kingston. With the cost of transportation and the duty local shippers will therefore be unable to compete with the other side.

TURKS CLAIM MINOR VICTORIES

CONSTANTINOPLE, Nov. 7.—(Can. Press).—The Ottoman army telegraphs that Zerovitch, which is on the southernmost loop of the Saloniki-Monastir railway, has been recaptured from the Greeks. He also reports that a Serbian cavalry detachment with machine guns has been routed at Perlepe.

Old Berlin Resident Dead.
BERLIN, Ont., Nov. 7.—(Special).—John Kimmel, for the past sixty years a resident of Berlin, died at his home here today in his eightieth year. He having been born in Darmstadt, Germany, in 1832.

Mr. Kimmel was a building contractor. He was in religion a Lutheran, and also a member of the A. O. U. W. and I. O. O. F.

Interest Grows Greater As Proverb Numbers Go Higher. See Page 2 and Start Today

Rare Fur Values for the Next Two Months

Some Specially-designed Garments from Selected Pelts. Visit the Show Rooms

Buying Furs isn't only a question of the price you pay, but also of the quality of the goods you get. Our stock to-day is extremely inviting because of the high-class nature of the furs offered and the prices.

November and December are the big selling months of the year, and we are surely going to make a record for our superb collection of native and foreign furs at most reasonable prices must appeal to the particular buyer. We are giving extraordinary value for November and December.

Here we offer an exclusive selection of fur garments made from personally selected pelts in our own workrooms by expert furriers.

The list submitted herewith contains the most stylish and fashionable garments on sale today anywhere.

- Alaska Seal: Jackets, Muffs, Furs
- Persian Lamb: Jackets, Muffs and Ties
- Baum Marten: Muffs and Ties

N. R. SECTION TO BE OPERATED

Line Two Hundred and Thirty Miles Long in New Brunswick Will Speedily Go Into Commission.

OTTAWA, Nov. 6.—(Can. Press.)—The Transcontinental Railway commissioner has decided in the public interest to operate the completed line of the National Transcontinental Railway in New Brunswick temporarily, or until such time as the G.T.P. has applied for and been granted a lease of this section of the line, under the terms of the National Transcontinental Railway Act. Accordingly, commencing Wednesday, Nov. 20, a tri-weekly service will be inaugurated for both freight and passenger business between Moncton and Edmundston, a distance of 230 miles, leaving Moncton for Edmundston on Mondays, Wednesdays and Fridays, returning Tuesdays, Thursdays and Saturdays.

It is believed that this action of the commission will be greatly welcomed in the maritime provinces, as already a considerable business along the line in New Brunswick is demanding this service.

CARS CRASHED AT MONTREAL

Nine People, Two Seriously Hurt, Taken to Hospital—Car Ran Amok.

MONTREAL, Nov. 7.—(Can. Press.)—With the motorman hanging out of the vestibule shrieking a vain warning, a single truck train car whizzed down a five per cent. grade on St. Lawrence boulevard this morning and smashed into another car standing at the corner of Ontario street. Nine people were taken to hospitals, of whom two were seriously injured. A score were badly shaken up. The car was crowded, and that many were not killed is regarded by eye-witnesses as nothing short of a miracle.

CRECHES IN CHURCHES

Downtown Anglicans Will Start Novel Scheme in Near Future.

A most successful congregational concert and social evening was held last evening at the Church of St. John the Evangelist, Portland street, when interesting addresses were given on the work of the church reviewed. Rev. Canon Williams presided during the first part of the evening, and gave an address on the work of the church. During the latter portion, the Rev. R. Russell MacLean occupied the chair. An interesting statement of the work of the deaconesses in downtown Anglican parishes was given by Miss McCollum, who, in the course of her remarks, stated that the Ontario Association to establish a creche in connection with each downtown Anglican church in the near future, so that mothers may be able to attend the evening services. W. E. Groves gave an interesting address on the work of the Sunday school, and W. H. Hasken, superintendent of the Sunday school, also spoke. Some interesting facts about the scout movement were given by F. W. Ball.

ONTARIO PRODUCTS

Size of New Ontario Vegetables Surprises English Journal.

Canada is not yet properly understood or her resources appreciated in the old country. This fact is found out in a short item appearing in the last issue of "Canada," a London publication devoted to Canadian subjects. Yesterday H. A. Macdonell, Ontario director of colonization, drew the attention of the World to the article in a number he had just received from his agent in London, N. B. Colcock. The item is an English newspaper reporter's impression gained in viewing the window displays of the Ontario Government office. It reads: "The window display contains a wonderful exhibition of vegetable growth in that province which needs to be seen to be believed, photographs might be regarded as superfluous. In the window would have been made to cook many of the specimens entire. The following are some of the weights: White marrow, 18 3/4 lbs.; yellow marrow, 22 1/2 lbs.; pumpkin, 32 1/2 lbs.; squash, 23 lbs.; Hubbard squash, 20 1/2 lbs.; six varieties of potatoes, a variety of onions, carrots and red peppers also afford unimpeachable evidence of the productivity and variety of the soil of Ontario. Samples of peaches, grown in the open air are also shown."

BAPTIST CONVENTION

Reports of Work in India Given by Missionaries.

Delegates from all parts of Ontario and leading centres in Quebec attended the annual convention of the Women's Baptist Foreign Convention at College street church yesterday. Mrs. John Firstbrook presided. Interesting addresses were made by Miss Ryerse and Miss Katie McLaurin on their work in India. Encouraging reports of the past year's work were presented.

Canadian Cadets in New Zealand

OTTAWA, Nov. 6.—(Can. Press.)—The following messages were today exchanged between his royal highness the governor-general and the governor of New Zealand:

"Governor-General, Ottawa: It will be gratifying to your royal highness to know that I have today received Canadian cadets at government house. They are being enthusiastically welcomed and are impressing all with their soldierly appearance.—Bitingon."

"Governor of New Zealand, Wellington: Very grateful for kind message received. Glad to know that Canadian cadets made good impression.—Connaught."

\$1,000 REWARD

For information that will lead to the discovery or whereabouts of the person or persons suffering from Nervous Debility, Fits, Skin Disease, Blood Poison, Genito Urinary Troubles, and Chronic or Special Complaints that cannot be cured at The Ontario Medical Institute, 433-265 Yonge Street, Toronto.

Entry to Contest May Be Made at Any Time

Have Your Newsdealer Begin to Serve You With a Copy of The Daily and Sunday World Every Day From Now On. Back numbers of the Proverb Pictures and their Coupon Blanks may be had at the office of The World, or by mail. The price is 1 cent for the Daily and 6 cents for the Sunday. Where back numbers are ordered by mail 1 cent additional for every ten numbers must be remitted for postage. All of the back numbers from October 3rd to date will be mailed prepaid to any address in Canada upon receipt of 51 cents.

RULES GOVERNING THE CONTEST

The Toronto World Proverb Contest is a test of skill and diligence, designed to encourage thought and research on the part of the young and provide a pleasant mental diversion for everyone.

Every day, for a period of seventy-five (75) days, there will appear in The Toronto Daily and Sunday World, an illustration, cartoon or other representation of a commonly used and well-known English proverb.

The Toronto Daily World will award PRIZES AGGREGATING OVER \$5000 IN VALUE to readers of The Daily and Sunday World who send in the correct or nearest correct answers to the entire series of illustrations. The first proverb picture was published in The Daily World, Thursday, Oct. 3. The last will be published on Dec. 16.

The correct answers, to serve as a basis of awards, are being selected according to their common use by the Contest Manager and three representatives of The Daily and Sunday World and will shortly be placed under seal in a Safety Deposit Vault.

This list of correct answers will remain under seal until called for by the judges, whose names will be announced in due course, and who will have full control of the examination of the answers and awarding of the prizes.

The correct answers are included in The Toronto World's Book of English Proverbs, which is published as a guide and reference for contestants' use in the contest.

To compete for the prizes, contestants need only to supply the proverbs represented by the illustrations that will appear daily, and send in their answers, at the close of the contest, according to the correct or nearest correct answers to the entire series of seventy-five (75) illustrations will be awarded the first prize. The person sending in the second nearest correct list of answers will receive the second prize, etc., etc. Entry may be made any time before the contest is entirely closed. Rules follow:

1. The Toronto World's Proverb Contest is open to all readers of The Daily and Sunday World in Canada, except employees of The Daily and Sunday World and members of their families. Anyone not so mentioned above may enter the contest by simply becoming a regular reader of The Toronto Daily and Sunday World.
2. Contestants must write their answers on the coupon provided hereof and which will appear on World every day during the contest. Answers may be written in pen, pencil or typewriter, and arranged in any manner to suit the contestant.
3. Each picture represents only one proverb. Where contestants are not certain as to the correct proverb represented, they will be permitted to send five (5) answers (not more) to each proverb illustration. If the correct answer is given, the other answers will not count against a contestant.
4. Only one answer may be written upon a single coupon. Extra coupons must be used for additional answers, and all coupons of the same nature to be kept together in making up the set.
5. Different members of a family may compete in the contest, but only one prize will be awarded to any one family or household, and the set of answers will be accepted from any individual contestant.
6. Answers must not be sent in until the last proverb illustration has been printed. After the last picture has been printed, contestants must arrange their coupons in alphabetical order, fasten them securely together and deliver to the manager in a neat, flat package (not folded or crumpled) plainly addressed to the Contest Manager, The Toronto World, Toronto, Canada, within the time specified in the following rule.
7. The time of receiving answers will have no effect upon the awarding of prizes with this exception: All answers must be delivered at the Office of The Toronto World, or later than midnight, December 9, or 10th, or 11th days after the last or 15th picture is published.
8. The prizes will be awarded to the person sending in the correct or nearest correct set of answers to the entire series of seventy-five (75) Daily Proverb Illustrations.
9. In the event of a tie between two (2) or more persons, the contestant sending in the greatest number of correct answers will be the winner. Where two (2) declared contestants submit the same number of correct answers, the value of the prizes will be equally divided among those tying.
10. In making the awards, the judging committee, whose names will be announced in due course, will take into account the similarity and exact wording of the proverb answers as selected by the Contest Manager and three representatives of The Daily and Sunday World, as contained in The Toronto World's Book of English Proverbs, and the correct construction of the proverb are the essentials that will be graded.
11. Where a set of answers is securely fastened together the contestant will be permitted to stamp (with rubber stamp) or abbreviate his or her name on the space provided for same, and omit the full address from the envelope. The envelope must be plainly marked with the name and OFFICE ADDRESS IN PLAIN, distinctly written upon the FIRST AND LAST SIX BLANKS OF THE SET.
12. In sending in the answers at the close of the contest it is important that contestants seal all packages containing answers, and it is very important that they should take great care to see that postage is paid on the envelope, one cent for one, or fraction thereof, one cent for two, and two (2) cents per ounce, or fraction thereof, outside of Toronto, and to pay Toronto World in any case to postage due on any set of answers.

All communications or letters of enquiry concerning the Proverb Contest must be addressed to the Contest Manager, The Toronto World, Toronto, Canada.

GOOD ROADS ORGANIZER

Campaign Committee Looking for Man to Fill Office.

The joint campaign committee of the Good Roads Association and Ontario Motor League met Wednesday afternoon to discuss the appointment of a man who would give his whole time to the work of rousing the Ontario public to a realization of the necessity of improving the highways of the province. The board decided to seek for this important position the services of an energetic young man, preferably with newspaper training. In order that as large a number of applications as possible might be received by Mr. George Henry of Orillia, the secretary of the Good Roads Association, it was decided to leave the appointment until a subsequent meeting to be held on Friday, Nov. 22.

MR. SIMPSON ACCEPTS

Newmarket Minister Will Come to Carlton St. Church Next Spring. It was announced to the official board of Carlton St. Methodist Church on Sunday last that the Rev. R. J. D. Simpson of Newmarket had accepted their call and would assume the duties of pastor, commencing June, 1913. The term of the present pastor, R. J. Treleven, ends at this date, when he will take charge of High Park avenue Methodist Church. Mr. Treleven is concluding a most successful pastorate among the Carlton street people and will leave the affairs of the church in a most promising condition.

WORLD CONTEST AIDS YOUNG FOLKS

Continued From Page 1.

that will go to the lucky winners encourage the children to earnestly study the words of the wise proverb makers which have stood the test of time. This feature of the contest may have been overlooked by many who may have considered the competition merely as an amusement side, or as a short route to an automobile, piano, motorcycle set of furniture, diamond or one of the many other attractive rewards. Teachers say that the impressionable minds of the children will retain the meaning of the proverbs more readily if the study is made so interesting for them and that they will learn to profit by the proper application of the proverbs they thus absorb.

From the increasing demand for the proverb books and proverb contest pictures and coupons, together with orders for The Daily and Sunday World, the widespread popularity of the competition will be judged. Men, women and children are all eagerly engaged in the contest. In fact, everybody is doing the proverbs.

The interest seems to grow as the proverb numbers go higher, and to those who have not yet started in the game, the contest department wants to make it plain that there is still plenty of time. To enter now one needs only to secure the back proverbs, and then follow up the competition by buying a World every day.

Start by this interesting and instructive game at once. All of the back numbers of the proverbs, from the beginning of the contest to date, will be sent to any address in Canada upon receipt of 61 cents.

TO TRAP BEAVER

Animals Multiply Too Rapidly in Algonquin Park.

It is probable that the provincial department of crown lands will order the trapping of beaver in Algonquin Park this winter, as they have been multiplying so rapidly that complaints are being received from farmers in that region that serious damage has resulted in private property and public highways by floods caused by beaver dams on the rivers overflowing.

BAPTIST CONVENTION

Reports of Work in India Given by Missionaries.

Delegates from all parts of Ontario and leading centres in Quebec attended the annual convention of the Women's Baptist Foreign Convention at College street church yesterday. Mrs. John Firstbrook presided. Interesting addresses were made by Miss Ryerse and Miss Katie McLaurin on their work in India. Encouraging reports of the past year's work were presented.

Canadian Cadets in New Zealand

OTTAWA, Nov. 6.—(Can. Press.)—The following messages were today exchanged between his royal highness the governor-general and the governor of New Zealand:

"Governor-General, Ottawa: It will be gratifying to your royal highness to know that I have today received Canadian cadets at government house. They are being enthusiastically welcomed and are impressing all with their soldierly appearance.—Bitingon."

"Governor of New Zealand, Wellington: Very grateful for kind message received. Glad to know that Canadian cadets made good impression.—Connaught."

DR. A. W. CHASE'S 25c CATARRH POWDER

\$1,000 REWARD

For information that will lead to the discovery or whereabouts of the person or persons suffering from Nervous Debility, Fits, Skin Disease, Blood Poison, Genito Urinary Troubles, and Chronic or Special Complaints that cannot be cured at The Ontario Medical Institute, 433-265 Yonge Street, Toronto.

Leaseholders and Tenants May Vote on Money Bylaws

More Than Ten Million Dollars Will Be Asked for in January in Order to Build Pumping Plants, Duplicate Filtration Plant, Bloor Street Viaduct and Other Municipal Undertakings.

Leaseholders and tenants as well as property holders will be able to vote on the large improvements which entail big expenditures to be undertaken by the city council of 1913, if Mayor Hocken's motion is brought into effect before the end of the year.

The most important items included in the year's estimates, which are not complete so far, are: Pumping plant and necessary equipment for the new waterworks to be erected at Scarborough, \$3,070,000. Duplicate of the island filtration plant and conduit, \$1,250,000. Added to these two projects is the sum of \$723,000 for debt service discounts at 10 per cent, making a total of \$7,043,000 for an adequate water supply for the city for many years to come.

The Bloor street viaduct will cost \$2,350,000 or thereabouts. The new incinerator will entail an expenditure of \$425,000, while the cost of the new storm sewer system is anticipated to be \$953,976.25. To this must be added grants to the city hospital.

The board of works yesterday afternoon decided to recommend the city council to submit four money bylaws on Jan. 1, next, which will include items already mentioned. It was decided to divide the expenditure on the new civic water supply into two bylaws in order to give the people a better understanding as to what the money will cover.

The committee adopted the commissioner's recommendation to erect the Bloor street viaduct on the proposed "terrace" route at the approximate cost of \$2,351,750, and the bylaw will accordingly be submitted to council for sanction for its submission to the electorate.

It is proposed to establish an 86 foot sidewalk on the intersection of Bloor and Sherburne streets, to be four feet wide along the bridge and terrace sections, with a 10 ft sidewalk on either side, two 18 ft roadways and a 30 foot space in the centre of the bridge for street railway traffic.

The design submitted to the committee makes arrangements for double decks at any future date for tube purposes. Garbage Disposal. The board of works had the choice of three propositions for the disposition of the city's rubbish, first, the incineration of the rubbish and garbage without utilization of the valuable portion of the rubbish; second, incineration of rubbish and garbage with utilization of the valuable portion of the same.

The board of works had the choice of three propositions for the disposition of the city's rubbish, first, the incineration of the rubbish and garbage without utilization of the valuable portion of the rubbish; second, incineration of rubbish and garbage with utilization of the valuable portion of the same.

THE MAN WITH THE SPADE

GRENADEERS GOT SHOOTING PRIZES

Record Turnout of Regiment for the Final Drill and Presentation of Trophies.

Last night was the final muster of the 10th Royal Grenadiers of this year and there was a record turnout. There were 556 in the ranks, which was an overstrength of about 20 men.

LENNON FIRED FOR ASSAULT

Gave William Mills a Bad Beating on York Radial Car on Thanksgiving Day.

"A beast who should be put out of harm's way," was the manner in which Acting Crown Attorney Thurston described Edward Lennon when the latter appeared in the county court to answer a charge of aggravated assault on William Mills of Long Branch.

STRONG MESSAGE DELIVERED BY GENERAL FIELD SECRETARY OF CHRISTIAN ENDEAVORS AT COLLEGE STREET PRESBYTERIAN CHURCH—TWO SOCIETIES TIED FOR SILVER SHIELD.

The Toronto Christian Endeavor Union's annual meeting in College Street Presbyterian Church last night was one of the most remarkable gatherings of young people ever held in the city.

EXPLOSIONS AFTER ACTIVE CAMPAIGN

Blowing Up of Los Angeles Times Building Preceded by Work of Labor Leaders.

INDIANAPOLIS, Ind., Nov. 7.—(Can. Press.)—Four months activity on the part of labor leaders on the Pacific coast resulted in the explosion of the Los Angeles Times building.

STOLE TEAM AND WAGON

George Caldwell, 242 Brook avenue, was arrested last night by Detective Jarvis. Caldwell is accused of stealing a team of horses and a wagon from the P. S. James Company on Colborne street.

OUT OF THE ORDINARY

A unique exhibition took place recently in Leipzig, Germany, where an amateur of chemicals had built up the Battle of St. Privat in all its details with the aid of 14,000 tin soldiers.

The owner of a stray mule in the south, failed to pay the fifty cents charged for "feed and keep," the law suit that followed has resulted in costs of \$115.76.

SOME RAILWAY SERVICE DEMANDED IN THE NORTH

"The Northland" Says Eastern Section of National Transcontinental is Being Killed Because of Contractors' Action in Shutting Down.

The Northland, the bright, new newspaper published at Cochrane, which may be assumed to speak for the people of the far north, publishes in its current issue a somewhat sensational article under the heading, "The Killing of the Eastern Section of the T. C. R. Up Cochrane way they call the National Transcontinental the T. C. R. Construction trains have been running for a long time east and west of Cochrane.

The section of the T. C. R. affected crosses the Atchibi River east of Cochrane and is included in one of the big contracts for the construction of the line, let by the government to the Grand Trunk Pacific Construction Co. The Grand Trunk Pacific has about 50 miles east of Cochrane to the Reynolds Construction Co., which threw up its hands, alleging that it was being held up for a contribution to the Liberal campaign fund of 1908.

LONDON TO PARIS IN THREE AND HALF HOURS

Three Tube Tunnel Under Channel and Electrification of Land Lines.

LONDON, Nov. 5.—The American who some time ago, when asked to say what he liked best about London, without a moment's hesitation replied, "I like the fact that I can get to Paris in three and a half hours."

FEAR DAMAGE FROM FLOODS

Reports from Paris and Bradford tonight indicate considerable anxiety as to the recurrence of floods.

Every time an attendant trims an arc lamp it is necessary to remove a piece of carbon which may be three or four inches in length, and this has heretofore been thrown away. The carbon can now be made any number of times by the rapidity of their consumption varies so that it is necessary to provide a portion of sufficient length to insure that it shall last a prescribed period, even though it should happen to be of a texture that would consume more rapidly than usual.

The most powerful single-unit electric locomotives that have been designed up to the present time are now being built for a Swiss railway. These locomotives, ten in number, weigh 108 tons each, total and have a weight on their ten drivers (adhesive weight) of 125 tons. They are capable of developing 200 horsepower at a speed of fifty miles per hour, with a possible increase of speed to seventy-five miles per hour for an emergency, and can exert a drawbar pull of 35,000 kilograms from the standstill.

ILLUSTRATED BIBLE

ENTITLED BEARER TO THIS \$5.00 ILLUSTRATED BIBLE

ABRAHAM LINCOLN SAID: "NO LIBRARY IS COMPLETE WITHOUT TWO CERTAIN BOOKS—THE BIBLE AND SHAKESPEARE. HARDLY A QUOTATION USED IN LITERATURE THAT IS NOT TAKEN FROM ONE OF THESE WORKS."

The above Certificate with five others of consecutive dates entitles bearer to this \$5.00 Illustrated Bible. It is presented at the office of this newspaper together with the certificate which covers the necessary EXPENSES from the great distributor—excluding clerk hire, cost of packing, shipping, express from factory, etc., etc.

MAGNIFICENT (like illustration in announcements from day to day) is bound in full flexible limp leather, with overlapping covers.

ILLUSTRATED and text stamped in gold, with numerous full-page plates.

\$5 Edition in sole from the world famous Tinsot collection, together with six hundred superb pictures graphically illustrating the Bible.

BIBLE with six hundred superb pictures graphically illustrating the Bible.

authorized edition, is self-pronouncing, with copious marginal references, maps and helps; printed on this \$1.18 Bible paper, fat opening at all pages; beautiful, readable type. Six Consecutive Free Certificates and the

Also an Edition for Catholics

Through an exclusive arrangement, we have been most fortunate in securing the Catholic Bible, newly revised, and authorized by Cardinal Gibbons and Archbishop Newenham, and approved by various Archbishops of the country. The illustrations consist of the pages with text and pictures. It will be distributed in the same binding as the Protestant Bible, and the same Free Certificate.

Any Book by Mail, 25 Cents Extra for Postage.

HAMILTON HOTELS.

HOTEL ROYAL

Largest, best-appointed and most centrally located. 55 and 57 per day. American plan.

Of the meat that is consumed in London, nearly 90 per cent. is chilled or frozen.

Two Baptist Sunday-school classes in Olathe, Kan., raised money for a new furnace by planting a few acres of corn the past summer. They had time to cultivate the corn though only once, but even at that they earned several hundred dollars.

Rugby Big Games Tomorrow

Boxing 75 Amateurs Enter Tourney

Dowling Busy Times On the Alleys

DEBTS UNPAID TO CITY... ST. MICHAELS... BOUTS BEGIN SATURDAY NIGHT

WANT TO MEET BLUE AND WHITE... SQUAD AGAIN—ALERTS AND TIGERS FAIL TO GET TOGETHER.

MONSTER FIVEPIN TOURNEY ON T.B.C. ALLEYS—GOOD PRIZES HUNG UP AND LOTS OF FUN THE ORDER.

IT'S A FINE, OLD, MELLOW STOUT—that is as rich and nourishing, as fresh cream—yet won't make you bilious because it's extra mild.

St. Miquels' trimmed Dents to the tune of 19 to 14 in the last game of D series for the Mulock Cup.

The mall yesterday brought three extra and acceptable entries for the city boxing championships that open tomorrow night in the Arena.

There is not a player on the McGill team who is not pulling for a victory for Varsity on Saturday over the Presbyterians, as they are all anxious to settle the difference with the Toronto students.

The wholesale fruit dealers held a monster fivepin tourney on the Toronto Bowling Club last night, when 35 prizes were competed for.

Chicago/Beat Louisville by 36 to 7—Well-Known Players, Including Pop Anson, in the Line-Up.

St. Miquels are now eligible for the semi-finals and from the calibre of their team they look strong favorites for the championship.

Facilities matters it is likely the committee will order all of these to pick one division and stick to it.

Should these teams meet there will be no advantage as to the grounds, and it will be a good test of the merits of both.

The balance of the prizes, which consist of the choice cut glass, are greatly appreciated by the winners.

INDICT JOHNSON ON FOUR COUNTS

Negro Pugilist, Charged With Transportation of Women for Immoral Purposes, Released on Bail.

CHICAGO, Nov. 7.—(Can. Press.)—Jack Johnson, champion negro pugilist, was indicted by the federal grand jury today, charged with violation of the Mann Act against the transportation of women from one state to another for immoral purposes. Johnson was indicted on four counts and his bail fixed at \$20,000 by United States Judge Landis.

early this morning. The search for him extended to various quarters of the city. The specific case upon which the indictment against Johnson was based was that of Belle Schreiber of Pittsburgh (white), whom Johnson was charged with bringing to Chicago in August, 1910. The jury, however, heard the testimony of Lucille Cameron of Minnesota, whose mother charged Johnson with abduction, and she was held as a witness in \$15,000 bail.

SOHIER ACQUITTED IN FRANCE

LILLE, France, Nov. 7.—(Can. Press.)—Emil Sohler, former mayor of Hopplines, in the department of the Nord, who recently returned to France from Detroit, Mich., to face a charge of embezzlement, was acquitted here today and discharged from custody. President Fallieres signed a decree in March last removing Mayor Sohler, the alleged embezzlement of the town's funds being given as the grounds for the dismissal.

Anti-Freezing Mixture

These cool nights and snippy mornings ought to make the car owner think of his cooling system and how to keep it from freezing up. It is intended using his car during the winter," says a member of the Jackson forces. "It is well to put a good anti-freeze solution into the radiator in good time. It should be remembered that the water in the cooling system, particularly in the cylinder jackets and the pump, and in some types of radiator, lies in thin sheets. This it freezes more readily than a larger bulk of water would. So the anti-freeze solution should not be neglected too long.

Womanhood and Social Progress

By Edward Howard Griggs
"I never knew women anywhere in any country who more needed to be awakened, and to know their own value to God and their country, than the women of Canada," said Dr. J. L. Hughes on Thursday night in introducing Edward Howard Griggs. Mr. Griggs spoke in his series of lectures on modern civilization. He had no patience at the attempt to exalt one sex over another. Each type had its excellencies, and the strong displayed in one direction generally is accompanied by related weaknesses. The woman, with her delicate and refined nature, and her capacity for sympathy and understanding, and her ability to influence the men of her race, and her ability to influence the men of her race, and her ability to influence the men of her race...

Musical Events

Calve Sings Today at Princess Theatre

The concert to be given by Madame Emma Calve and her company of special artists, including Signor Gallio, Signor Gasparrini, the rising young Italian tenor, and the French pianist, Mena, Renaud, at the Princess Theatre this afternoon, has created an unusual amount of interest in local musical circles, as the famous singer is a great favorite in this city. For this afternoon's concert, the program will consist of Mme. Calve's own condensed version of "Cavalleria Rusticana" and "Carmen" and will include the aria from Gounod's "Sapho" and "Harp Immortal," in which Calve's voice is heard to great advantage. In addition to her part with Mme. Calve in the "Cavalleria Rusticana" and "Carmen" scenes, Signor Gasparrini will sing the grand aria from "La Tosca," as well as delightful duets with Calve. Special scenery, painted in Paris and designed by the diva's American tour, will be used, and the artists will appear in costume.

Former Torontonian To Sing in "Elijah"

Reports from Montreal, Quebec and Ottawa speak in unmeasured praise of the grand opera performances of Mendelssohn's "Elijah," which comes to the Metropolitan Opera house on Saturday of this week, and in consequence of the success of the performance, the management of the Metropolitan Grand Opera Company has decided to give the opera in the afternoon at the Saturday matinee instead of the operatic concert at first announced. The opera, which has such a large following here, will have unusual local significance in view of the fact that the all-star cast of singers includes Mr. Sebastian Burnett, who four years ago was cantor in the Holy Blossom Synagogue, presided over by Rabbi Jacobson, Bond street. Mr. Burnett, then known as "Burnett," came to Toronto from Vienna, Austria, and was one of the best of his kind in the world. He led the services in the synagogue and sang at the Toronto College of Music under Dr. Topping. The advice of friends who were impressed with the powerful dramatic qualities of his singing and the exceptional richness of his voice he went to Europe to study. His success in operatic roles in Europe, his success in the Metropolitan Grand Opera Company, and his success in the Metropolitan Grand Opera Company, and his success in the Metropolitan Grand Opera Company...

Wireless Between Norway and U. S.
The director of the state telegraph of Norway, Mr. Heitzy, has closed a contract with the Marconi Company, subject to the approval of the Norwegian Government and Storting, for constructing and operating a wireless telegraph service between Norway and the United States. While New York or its immediate neighborhood has been selected for the station, it has not yet been decided where the Norwegian station will be placed, the several places on the west coast have been spoken of, as well as the Tryvand Hill near Christiania. It will be one of the largest, if not the largest, wireless station in the world, and Norway has been chosen because the line can run direct without passing over any other country. The station will be built at the expense of the Norwegian state, and it is estimated will cost \$536,000. It is believed that the authorities will approve the contract and that the work will soon be commenced.

The Nursery

A Simple Remedy

In spite of the best care in every respect, children sometimes contract some illness—due to the experience of one mother. There has been an epidemic of whooping cough and her two children contracted it. The children had had few colds or sore throats previous to this illness. They spent much time every day in the open air, and slept with heads uncovered wide open. But the whooping cough left the throats tender, and Adenoids and tonsils were removed, and doctors' advice sought frequently, but evidently with no beneficial results. Some relief was found in the constant bathing of the throat and chest with cold water. This was done every night and in addition the throats were exposed to the fresh air of the open air, instead of being muffled up as formerly. The remedy finally discovered was so simple that it seems incredible. It consisted in gargling twice a day with soda and hot water. A teaspoonful of soda to half a pint of water was used. The water was so hot as to cause the soda to "fizz," and then a very little cold water was added to make the gargling comfortable. Each child gargled her throat the last thing before going to bed, and when she came home from school. If there appeared any symptoms of a cold, she frequently used several times a day. I have not tried this remedy personally, but it is so simple and so beneficial. The bicarbonate of soda is an antiseptic, and kills or prevents multiplying of the germs in the throat. Children can be taught to gargle with plain bottled water, or they may learn how, then a weak solution of the soda. This is an easy and inexpensive remedy, and since a great deal of sickness can be prevented, if the throat is kept healthy, it will do no harm to try it.

Costume Show at Gayety

Costuming is an art. That has been proven time and time again, but if proof is wanted, the Star and Garter Show, coming to the Gayety Theatre for a week's engagement, commencing Monday matinee, surely will prove beyond the fact of contradiction that art is not lost. Written in two acts and ten scenes, the opportunities for clean, wholesome comedy are not lost sight of for one moment, but in the second act, where the scene changes, is where the true art of the costuming shines forth with a radiance that cannot be gaged. Beautiful women in the most beautiful gowns conceived by the dressmakers' art have always been a most pleasant sight, and combined with the most beautiful music, embellished by all that goes to make for a clean, smart, musical production, surely will prove a blue ribbon winner for the Star and Garter Show.

Mrs. J. K. Kerr of Rathall introduced her youngest daughter yesterday afternoon, when the rooms were lovely with masses of chrysanthemums and a very beautiful and becoming gown of pale rose satin, almost completely veiled with white lace, pearls and crystal embroidery and diamond ornaments. The pretty drawing-room, with its soft yellow, lined walls, was filled with quantities of pink and white Killarney roses, the same flowers with which the valley being arranged in a silver stand on a mirror plateau on the tea table, which was in charge of Mrs. Fritz Fox and Mrs. J. Miller. Mrs. F. B. Hayes, Wallesey place, gave a large tea yesterday afternoon, followed by a small dance in honor of the twentieth anniversary of her wedding. She was wearing a very beautiful and becoming gown of pale rose satin, almost completely veiled with white lace, pearls and crystal embroidery and diamond ornaments. Much Can Be Learned From Facts and Figures Given to the Commission

Official Statistics Show That a Large Proportion of the Social Evils Have Inception and Development in Factors Far Removed From Liquor Question.

(Special Correspondence.)
MONTREAL, Nov. 6.—Those who are addicted to making sweeping and unsupported assertions that liquor is the prime cause of poverty, disease, crime, the filling of jails and of insanity, have much to learn from the array of statistics and facts embodied in the memorandum of results of location and prohibition laws recently issued to the Government of Quebec to investigate the liquor question.

These incontrovertible official statistics and facts show beyond doubt that a very large proportion of these social evils have their inception and development in factors far removed from the liquor question. As will be seen in the appended extracts from the memorandum, prohibition has been the only remedy applied to the social evils in Maine from 1820 to 1910, not less than 15,700 cases were for violation of the liquor laws, and that the 477 prisoners committed to jail in Maine in 1911, July 4th were committed for intoxication.

However, the memorandum will doubtless have had the most important cause of its very conservatism of statement and treatment. It proceeds to say:

"Liquor Filling the Jails."
We now come to the customary charge on the part of the advocates of prohibition that the open selling of liquor fills the jails. The Dominion Royal Commission of 1892-1895 investigated this aspect thoroughly. The comprehensive list of statistics appended to the report showed that among other facts (Report of Dominion Royal Commission on the Liquor Traffic, 1892, p. 26-27):

"Ratio of arrests per 1000 population, 1892:

Portland	56.45	29.14
Benigne	74.17	48.50
New Bedford	47.18	19.19
Ottawa	19.90	7.68
Ottawa	15.33	5.63

For all Drunkenness 23.14

The ratio of 1000 population in the prohibition states and licensed states respectively were as follows: Convicts in the penitentiaries, 0.336 and 0.282; prisoners in jails, 0.215 and 0.218; paupers in almshouses, 0.956 and 0.818. (See "Report of Dominion Royal Commission.")

"For the two offences alone, of intoxication and the illegal selling of liquor, there is now an average of 6500

total commitments a year in the jails of Maine. As for factors of Crime—"It is an established fact, abundantly attested, that prohibition creates not only serious violations of the law by the thousands, but the reports it is responsible for a direct instigator of crime. For example, Cobalt, Ont., is one of the richest, if not the richest, silver mining districts in the world. It is, by the Mining Act, rightly non-liquor. On good authority it can be stated that there are at least 100 'blind pigs' in that one town. They, of course, sell whiskey and 'goes.' The most serious offence in Cobalt in the line of theft is that of the miners 'high-grading'—that is stealing quantities of ore almost pure silver. Fully 90 per cent. of these thefts have their inception in the 'blind pigs,' which also act as 'yencos'—receivers and disposers of stolen goods.

Apart from what is defined in the penal code as crime, there are other qualities developed by prohibition, the beneficial effect of which upon society collectively and individually cannot be fully estimated. These are: poverty, crime, sinister social evils, etc., are sinister social evils of the most insidious, demoralizing and degenerative nature. Who can doubt this?"

White Slavery.
"Finally, one of the greatest crimes of present times, one repugnant to the very nature of civilization—the white slave traffic—has absolutely no connection with the liquor trade. In the United States at least 100,000 innocent girls are recruited and sold every year for purposes of enforced prostitution. The same traffic is carried on in Europe and is especially prominent in Canada. The report of the New York State special commission on immigration, 1910; the report of the special committee on employment, the report of the vice-commission of Chicago, and the records of the United States federal and state courts, are replete with details of the nature and scope of this horrible traffic. There is also a treaty between the United States, Great Britain, France, etc., with the object of putting a stop to it, if possible.

An Argument Analyzed.
"The next argument of the prohibitionists is the licensing of the sale of liquor causes poverty. Undoubtedly, as a supplementary cause, this is true in individual cases. But these cases are of comparatively slight account, considering the mass of poverty produced by other causes, as enumerated above. Statistics as to the poverty and pauperism in the Dominion of Canada are not available, but those pertaining to the United States are. The results of the census of 1910 cannot yet be compiled, but a special census of paupers in 1909, taken in 100 almshouses in the United States. Of the whole number, 42,505 were native white, 22,126 foreign-born and 6910 colored.

Paupers in Prohibition States.
"The prohibition states showed a high percentage of paupers in almshouses. The ratio per 100,000 population was: Maine, 16.1; Kansas, 52.5; North Dakota, 10.4. Most of the licensed states revealed lower percentages for the same ratio. In Texas, for example, the number of paupers in almshouses was 7.7. In Florida, 21.6; Louisiana, 10.1; in Minnesota, 23.6; in Nebraska, 48.8 per 100,000. Even in New York State, with the enormous immigration pouring into the port of New York City, the ratio was 13.8 per cent.—less than that of Maine. Likewise Pennsylvania, with 13.8 per cent. in states such as California, and Connecticut, where the percentages were very high, the greater number of the almshouse paupers were foreign born. They were often immigrants who became penniless. (Statistical Abstract of the United States, 1911, bureau of statistics, department of commerce and labor, p. 63.)

Peima Cause of Poverty.
"The number of paupers in almshouses is only a slight fraction of the degree of poverty outside. In the foregoing tables we have shown that the main causes of poverty are economic conditions, such as unemployment, low wages, high cost of living, etc. The wages of skilled workmen have increased by an average of 20 or 25 per cent. in the last ten years, but those of unskilled workers have not made the same gain. During about the same time, according to Bradstreet's, the increase in the average wholesale price of 10 general commodities from 1896 to 1910, was 72.3 per cent. The special report on wholesale prices in Canada, issued in 1910 by the Dominion Department of Labor, admitted (p. 70) that comparing the year 1897 with that of 1907, the advance in the price of commodities amounted to approximately 37 per cent. This did not include rent, which has everywhere, especially in the cities, greatly increased, and which, in the average family, forms one of the most important items of expenditure.

"Here we have unquestionably the elements of poverty. We have seen from authorities cited, how moderately the workers drink; how in the steel mills, for instance, taking only one drink after the day's work. Bulletin No. 77 of the U. S. Bureau of Labor states that an investigation conducted by the bureau showed that the total average expenditure a year of each workman's family for liquor was only 1.22 per cent. of the expenditure for the year. Surely, the expenditure of a few dollars a year for drink by a workman's family cannot be a cause of poverty, and the widespread existing poverty. The real causes have been touched upon here.

Factors Causing Insanity.
"The fifth contention of the prohibitionists is that liquor produces insanity. But it should be noted that they fail to specify what kind of liquor does the mischief. Different liquors have different physiological and psychological results. Medical reports show that in France and elsewhere excessive indulgence in a beverage has a ruinous effect upon sanity; in England, gin and brandy; and in other countries, whiskey, etc.

Mr. J. Hurlbert, 28 James street, Brantford, Ont., writes: "I was very much run down in health and this preparation has thoroughly restored my system so that I feel strong and vigorous and fit for any amount of work. I have also used Dr. Chase's Kidney-Liver Pills and Ointment with splendid satisfaction, and recommend them at every opportunity." Dr. Chase's Nerve Food, 50 cents a box, all dealers or Edmondson Bates & Co., Limited, Toronto.

THIS WILL BE YOUR LAST OPPORTUNITY

Every book, every magazine and almost every periodical printed is illustrated. Almost all the daily papers also make a strong feature of illustrations. Children are taught in school by means of pictures, and as they grow up most of their information is gained first by what they see with their eyes. It remained for the publishers of the Bible when this paper is distributed, to illustrate the work with eye-teaching pictures.

For several weeks this feature has been presented to our readers in display announcements so that all are familiar with the campaign conducted by the world that we want particularly to call your attention to at the present time is the fact that this distribution must be withdrawn and get one of these beautiful Bibles or terms never before heard of. Since the first announcement that the offer would be withdrawn many late comers have been presenting certificates, and if you wish to be among the fortunate ones you should take advantage of the offer without delay, as the books are going fast, and no time should be lost until you get one.

The certificates printed daily on another page of this paper. Read it carefully and learn how you may be benefited thereby.

There are both Catholic and Protestant editions to select from in two styles of binding—the Catholic edition containing the full-page engravings approved by the church, without the

SCAVENGERS COMPLAIN

Claim That They Have to Work 14 or 15 Hours a Day.

Twenty-two discontented garbage collectors appeared before the board of control yesterday to protest against the actions of Works Commissioner Harris in removing them from one section of the city to another. They also object to being forced to work ten hours instead of nine.

It would appear that the collectors working in a downtown section have a grievance which the commissioner tried to obviate by changing the districts of two gangs, thus shifting it from one set of men to another.

"That is a poor way of settling a question," declared Controller Foster. "The commissioner is simply changing the grievance from one body to another."

"Do you want us to tell the commissioner how to run his department?" asked the mayor, or have you seen him before coming to us?"

It was learned that they had already been introduced to the commissioner by Ald. Rowland, but he had refused to listen to them.

It was decided to hold a private conference with Mr. Harris and obtain both sides of the story.

The men state that the new order will mean them working 14 or 15 hours a day.

ENTIRE GANG REMANDED.

Lillian White and George White, who were arrested Wednesday afternoon at 125 Dundas street on charges of vagrancy, were remanded in the police court yesterday until Wednesday next. The other men who have been arrested lately and are said to be members of the same gang also pleaded not guilty to vagrancy and were remanded until the same date.

The bail fixed for the gang was \$2000 apiece.

"ONE GOOD TURN"

Man Who Helped Detective Found He Had a Friend.

"One good turn deserves another," Detective Harris did not forget this old proverb in the police court yesterday morning when the magistrate sentenced John Hynes, a painter, to seven days in jail for selling a ladder belonging to William Smith. The officer stepped forward and told the magistrate that Hynes had once helped him when he was attacked by four men at the market. The colonel allowed the painter to go on condition he pay back twice the sum he received for the ladder.

Aid for Welcome League

OTTAWA, Nov. 6.—(Special.) A delegation composed of members of the British Welcome League of Toronto waited upon Hon. Dr. Roche, minister of the interior, today and asked for support and assistance in the work being carried on by the society.

The delegation included Hon. A. E. Kemp, Hon. W. T. White and Claude Macdonell, M.P. The minister expressed sympathy with the objects of the society and promised that the request for material aid would receive the attention it deserves.

SCARBORO PLOWING MATCH

The East York branch of the Ontario Plowmen Association held their plowing match at the farm of P. W. Patterson, Kennedy road, Scarborough, yesterday. Notwithstanding the dreching rain of the day and night before and the mud ankle deep, fully 1200 spectators turned out to see the sons of the soil turning around the sod and the stubbles. The fields were in excellent condition and some extra time plowing was done.

SHERBROOKE MEN GUIN UNION

MONTREAL, Nov. 7.—(Can. Press.)—C. P. R. officials today received the following letter, signed by the men who went on strike at Sherbrooke: "In view of the fact of our positions being returned to us, as per contract, this afternoon, also on account of the way in which we have been led astray by the leaders of the so-called organization and the misrepresentation that have been made to us by them, we have decided that we will withdraw from it and agree not to agitate members of this particular organization."

No \$2,000,000 Building For This Property

A. G. C. Dinick, seen yesterday regarding a report that appeared in an evening paper, that a two million dollar office building was to be erected by McGill students, Henri Bourassa expressed his views on the proposal and defended his attitude of opposition towards any Canadian contribution to the Imperial authorities. The occasion was the reorganization of the McGill Canadian Club, and the speaker pleaded with his hearers for the development of a greater spirit of Canadian unity rather than the following of the fact of Mr. Dinick's proposal.

CANADIAN INSTITUTE

Principal Harrison of Macdonald College, Ste. Anne's, Quebec, will give an address at the Canadian Institute, No. 198 College street, on Saturday evening, Nov. 8, at 8 o'clock, on the subject of "The Canadian Institute and its relation to Quebec agriculture. All interested are cordially invited to attend."

THE EFFECTS OF TOBACCO SMOKE ON PLANTS

Professor Molisch, the plant physiologist of the University of Prague, has been making some experiments to discover what the effect of tobacco smoke has on plants. The results are interesting. Some of the older plants used in his experiments, showed no effect from the treatment, although exposed for a long time to an atmosphere filled with tobacco smoke. Other plants, however, responded in various striking ways.

Richmond Hill

Richmond Hill's appeal to the Ontario Railway Board, asking for permission to build a station in the vicinity of the Canadian Northern station, was granted yesterday afternoon. The board's decision is looked upon as a big victory for the town and the event was celebrated last night in dry fashion.

Ward Seven

While trying to alight from a moving Dundas street car, in charge of Conductor 527 and Motorman 1948, which was backing around the "Y" at Keele street about 5.30 yesterday afternoon, Mrs. Vasiliki Ponas, a Greek woman, living at 44 Walton street, slipped from the rear platform and fell to the pavement. She was carried into No. 5 police station, where her injuries, which were chiefly about the hips and rather severe, were tended to by Doctors Gilmour, Mason and Mavety. The injured woman was then taken to the police ambulance to her sister's home at 1725 Dundas street.

GROUCE OR ALL SOLD READILY

Common Classes Slow—Feeders and Stockers Lower—Hogs \$6 to \$8.20.

Receipts of live stock at the Union Yards were 31 carloads, comprising 1253 cattle, 1170 hogs, 1233 sheep and lambs, and 110 calves.

There was, as usual lately, an abundance of the common grades, especially the light eastern class, which were hard to sell at any price.

Prices for the best cattle were about steady, the highest price recorded for butchers' steers being \$6.10, although we believe a better quality would have sold for more money.

Good cows were firm, but the light heifers were slow sale, heavy feeding steers sold from 10c to 20c per cwt. lower than at any time this season.

Not many good choice steers were on sale, and more would have sold readily if they had been.

IRREGULAR ACTION IN THE GRAIN MARKET

Chicago Fit Fails To Hold Recent Improvement—Intermittent Rallies Give Way To Declines—Corn and Oats Easier.

CHICAGO, Nov. 7.—Belief that a big stock of spring wheat would be on hand here before the close of navigation had a bearing effect on today's market. Latest prices were down 1-2c to 7-8c. Corn showed a decline of 2-8c to 7-8c from last night and a loss of 1-16c to 1-4c. In provisions there was a decline of 5c to 10c. Wheat prices in this time were more than a fraction above last night. Outside of covering by shorts, the only substantial support came from the leading long interest and was not aggressive. On the other hand, some of the big cash concerns sold December freely, and were declared to be anticipating heavy arrivals by way of the lakes. Assertions that after Jan. 1 receipts at primary terminals would be light helped to bring about the one important rally about midday. Its influence had completely worn out before the last bell.

Corn and Oats Easier.
Corn turned weak owing to fine weather. Cash grades were firm on account of small offerings from the new crop. Arrivals of oats gave no sign of a let up. In consequence the market inclined downward.

Scantiness of the hog supply took provisions higher, but speculative selling led to some reaction.

The Belt Overcoat For Men

Now that cold weather is coming, let's talk of overcoats.

First, there's the fabric to consider—the weight, texture, design and color.

Fortunately for you, variety is the thing in overcoatings this season. There are blues, tans, greys and browns, a wonderful collection of rough novelty mixtures, all in varying weaves and weights.

The big feature of this season's overcoat, styles is the belted back. But of course the conservative styles and fabrics are always in vogue.

Prices at \$22.50 to \$45.00

MARKET SHOWS HIGH DEGREE OF ACTIVITY

Cobalt Stocks Are Very Irregular—Porcupine Quiet and a Shade Easier—Considerable Investment Buying Under Way—Rollinger at \$15.00.

The mining markets have shown a high degree of activity, and are only to be accepted as an indication of the greater respect which the public is according these issues. During the last few days there has been a strong demand for outside account in this line, and a marked effect on prices.

The market yesterday showed a good deal of irregularity, but in the main gave a good account of itself. The Cobalt stocks were particularly strong, with the big dividend payers most conspicuous features. Excellent buying of these stocks has been noted of late, and the market yesterday showed a high degree of activity. The improvement was by no means limited to these, however, as some of the cheaper issues were also prominent.

Dividend Payers Strong.—It was in La Rose and McKinley that the greatest bull action of the day was shown. The former is a big stock, full ten points to 44.80, and closed with no stock offering under \$2.60. McKinley crossed the two-dollar mark for the first time since August, with an active buying demand in evidence. There has been considerable buying of an investment nature under way in these stocks of late, and as the market has been pretty well cleaned up, prices are easily raised.

In the cheaper list, higher values were reached by Bailey, which sold up to 7 1/2. Gifford, which touched 6 1/2, and the recent favorites, however, were weak, but wider pretty well offset the improvement elsewhere. Cobalt Lake dropped back to 4 1/2, a net loss of four points, but was higher at the close when traders were bidding for McKinley. Peterson was off a full point to 18 under firm-taking sales. City of Cobalt was firm at 24, despite the nature under way in these stocks of late, and as the market has been pretty well cleaned up, prices are easily raised.

The Facemaker For Porcupine

Details of the work of the Toronto mine for the first half of the current year are as under:
Stamps at work 10,055
Milling at work 283
Mechanical crushed 12,841,852
Total yield 12,854,800
Yield per ton 87.63
Costs per ton 44.56
Profit per ton 43.07
Total working profit \$9,943,000

STEADILY RISING

MINING REVIVAL AT GOUGANDA

COBALT, Nov. 7.—In spite of the fact that Gowganda must still wait at least another year before the Elk Lake branch of the T. & N. O. Ry. will have reached the camp, and high transportation costs must be met until the road will be completed, development work is being carried on in a manner that indicates no lack of interest and confidence.

Particularly does this apply to the Smoothwater section, south of Gowganda and about as far south of the Hudson Bay Gowganda as the South Bay mine is from Gowganda town. The development at the South Bay and the Hudson Bay properties has been known for some time to have stamped them both as shippers as soon as the owners wish to send out ore.

At Smoothwater Lake, at Smoothwater there is a decided revival. The Kennedy Brothers have let a contract for the sinking of two shafts to the Caldwell Brothers and at the end of last week both shafts had reached the depth of 35 feet in both of which they have native silver and it is claimed that the properties are worth more than was expected when the contracts were let. On the Willard properties, close to the Kennedy, a force of 25 men is engaged. Substantial camp buildings have been erected to accommodate their working force for the winter, and it is planned to continue development. The main shaft is down 100 feet and is being tilted to the 200 foot level. To date seven silver showings have been located on the surface and it is on these showings that the company hopes to make a shipment.

Many New Finds.
On the Ribbles properties where the assessment work for the year is being done, some sensational new veins have been uncovered. In one of the new veins which is being worked, claims, cobalt being found almost continuously for a distance of 110 feet, where the vein was stripped. In a pit, 40 feet deep, on the same ledge, native silver shows in the bottom of the pit and the vein where stripped shows a width of 34 inches, about half a mile and has a dip. Another vein having a width of from 12 to 18 inches has been stripped for a distance of 400 feet and shows native in places.

Nearer to Gowganda there is also a renewal of activity in many places. The Mann property is again working. The property is reported to have ample reserves. Development to have justified its new tenure of life.

May Reopen the Bartlett.
The Bartlett, which has been idle for some time, is believed to be due for reopening. An English syndicate is reported to have purchased the property and about to begin development on a big scale.

The Bishop Silver mines are also preparing for resuming operations on two of their properties. Two new open-pit presor plants will be ordered shortly and will be shipped in as soon as the winter roads are available. This company were one of the first to operate in Gowganda and showed their confidence by securing in all 28 claims in the district in different sections.

Ontario flour—Winter wheat flour, \$4.10 to \$4.25, delivered.	

DEAL PENDING FOR THE BELMONT SILVER CLAIMS

The revival of interest in the Cobalt properties continues to grow. Many of the old claims which have been allowed to remain dormant are being looked into, and work will start up in several new directions. It was learned yesterday that no less than five different interests were enquiring into the chances of procuring the Belmont. This property lies in the immediate vicinity of Kerr Lake, Crown Reserve and the Drummond mine and the original workings showed up several good surface veins.

Two agreements are understood to be making their way to the Belmont and parties in Cobalt and Toronto are also trying to frame up a deal for the property. If the holding changes hands its development will excite keen interest, because of its proximity to so many good mines.

EUROPEAN CROPS ARE IN FAIR CONDITION

Broomhall's weekly summary of foreign crop conditions, issued yesterday, in Liverpool, follows:

United Kingdom.—There have been general rains during the past week, which have hindered the sowing of the new crop, but to no serious extent.

France.—Outlook generally favorable. Supplies from interior high, but expected to be larger in near future.

Germany.—Crop conditions very favorable. Offers of native wheat increasing, but quality of native wheat not improving.

Russia.—Our agent reports that it is thought that the recent frost did no damage. Supplies of wheat are fair. The yield of corn is large, but the quality poor. The weather is mild.

Roumania.—The sowing of wheat crop is progressing satisfactorily. The corn outlook has improved, but it is not likely that there will be any exported this year.

Italy.—Condition of the new seedlings favorable. Native wheat remains very dear.

Spain.—New-sown wheat crop is in need of rain. Crop outlook favorable.

South Africa.—Severe drought continues, and crop outlook is bad.

India.—Crops in some districts are in need of rain, but the outlook is not serious.

MONTEAL PRODUCE.

Manitoba apples, 7c to 8c, stronger at an advance of 1/4c to 3/4c. The demand was good and sales of a few loads were made for Dec-Jan. shipment. The local demand for oats has been good, and sales of 20,000 bushels No. 2 Canadian wheat and 10,000 bushels No. 1 Canadian wheat were made for Dec-Jan. shipment. There was a fair demand for American corn with sales of new crop No. 3 yellow at 80c track, all rail shipment. Old crop No. 3 yellow sold at 85c and No. 2 yellow at 85c for prompt shipment from Chicago. The demand for paletted barley is fair, with sales of 3000 bushels of choice at 80c. A fairly active trade continues to be done in flour, and sales in some cases are considerably behind with orders. The demand for mill-feed is good. Butter is fairly active and well with orders. The demand for milk-corn is fair. Corn—American No. 2 yellow, 67c to 68c; Canadian western, No. 2, 48c; extra No. 1 feed, 47c; No. 2 feed, 47c; No. 3 feed, 47c; No. 4 feed, 47c; No. 5 feed, 47c; No. 6 feed, 47c; No. 7 feed, 47c; No. 8 feed, 47c; No. 9 feed, 47c; No. 10 feed, 47c.

SINKING SHAFT TO LOWER LEVEL AT PEARL LAKE

PEARL LAKE, Nov. 7.—Work at the Pearl Lake mine is now being devoted almost entirely to sinking the work to the 600-foot level. The first real active mining will be commenced. The work is being done rapidly with plug-drill and has already reached the 450-foot level. The sinking of the shaft is being done in the shaft this week.

The values at the 400-foot level, where the ore was first discovered, kept up to the average of \$25 a ton, and throughout the work was stopped. It is expected to pick up the richer and more promising ore bodies which were discovered in the diamond drilling, which was done in the earlier days and before the present management assumed control.

BIDDING 40 CENTS FOR SENECA SUPERIOR

Seneca Superior was 40 cents bid on the curb of the Standard Stock Exchange yesterday. This company is working a portion of the Peterson Lake territory, which they hold on a lease, and it was on their property that the recent big strike at Cart Lake was made last week at 30c, so that the advance since that time has been a material one.

WILL BE READY NEXT JANUARY

PEARL LAKE, Nov. 7.—The Domes Lake has reached the ore body in the crosscut at the 150-foot level. The 180 is the deepest level of the mine at the present time, although the shaft will be carried to a much lower point. More attention is being paid just now to the construction of the ten-stamp mill. The foundations are completed and there has been some delay in getting carpenters who were satisfactory to carry on the superstructure work. It is hoped now, however, that the mill will be completed and ready for operation by the first of the year.

A Matter of Royalties

A good deal of interest was taken yesterday in the announcement published in The World to the effect that the directors of the City of Cobalt at their recent meeting had stated for public information that the recent boom in the stock had not been warranted by actual conditions at the mine. A rather significant fact in the matter is that advising the purchase of the shares. At the same time, it has been freely stated that the directors themselves had accumulated considerable measure in an effort to induce the government of Ontario to make a reduction in the royalty basis—a matter which has been under consideration for some time—it would seem that they have gone a long way toward to benefit their own cause and have adopted a plan which does not with a few thousand dollars of success. The government is little concerned is more of a matter of principle than anything else. In consideration upon themselves to make an announcement which has practically tantamount to saying that they have gone a long way toward to benefit their own cause and have adopted a plan which does not with a few thousand dollars of success. The government is little concerned is more of a matter of principle than anything else. LONDON, ENG.

STRONG UNDERTONE
IN STOCK MARKET
Brazilian The Only Issue to Show
Decline in the Day--
Specialties in Lead.

Outside of a slightly easier tone in
Brazilian, which sagged below its re-
cent record on the withdrawal of Lon-
don support, the Toronto stock market
yesterday maintained a consistently
buoyant attitude. Advances were quite
general in the specialties, a round
dozen of the generally inactive issues
coming in for improvement, which in
some instances carried prices up a full
point before the demand was satisfied.

IRREGULAR TREND
TO WALL ST LIST
Some Issues Advanced in Face of
Weakness in the General
Speculation.

NEW YORK, Nov. 7.—None of the
buoyancy which characterized yester-
day's operations in stocks was man-
ifested today. Trading, while much
under the heavy total of that session,
was moderately large, but its profes-
sional character was doubtless a
source of disappointment to those who
had expected that the close of the po-
litical situation might stimulate some
investment demand.

IMPERIAL BANK OF CANADA
(ESTABLISHED 1876).
HEAD OFFICE, TORONTO.
Capital Subscribed \$6,620,000.00
Reserve Fund 6,460,000.00

Dominion of Canada. 3517

Your Will

We are organized to administer estates, and in
naming this Corporation as your Executor and
Trustee you secure the benefit of thirty years'
experience in the management of estates at no
greater cost than administration by private or
individual executors and trustees.

TORONTO GENERAL TRUSTS
CORPORATION,
32 BAY STREET, TORONTO.
Write for Literature. 3517

SAME OLD STORY
OF DULNESS IN
MONTREAL LIST
Power the Only Issue to Show
Any Material Strength--
C.P.R. Closes Lower.

MONTREAL, Nov. 7.—There was an
other dull market for stocks today,
and outside of some activity and
strength in Montreal Power, the trading
was practically featureless. In
the afternoon the business dwindled to
less than 1000 shares and the aggregate
transactions for the day, exclusive
of mining stocks, were less than
4000 shares.

WALL STREET OPINION
ON THE ELECTION

The remarkable incidents which
overwhelmed the British and
Moore parties in the election on
Tuesday came as so much of a surprise
to Wall Street traders, who non-
plussed regarding their meaning, and
change from a financial standpoint.
The brokers yesterday were able to
discuss the situation with some con-
fidence, however. The following op-
inions from prominent houses show the
general trend of feeling regarding the
outcome.

TORONTO CLEARINGS
AT A NEW HIGH RECORD

Bank clearings in Toronto for the
week ended yesterday totaled \$4,860,000,
a remarkable increase over the
previous week and the corresponding
period a year ago, and probably a new
high record in the history of the city.
This week's total includes six business
days, against five last week, which in
some measure accounts for the big im-
provement. The higher standards of
efficiency which are being set by the
city are being set by the city are being
set by the city are being set by the city.

Generous Week - End Pricing

The Store always aims to give just a bit better values than what even our previous fine record leads you to expect.

Each item on this page has some specially attractive feature that causes its selection for selling on this most important day of the week.

A prophecy of Christmas is felt in the unusual wealth of wantable merchandise, particularly in the Chinese Bazaar, where stocks are changed daily and values are the kind you will revel in. Visit the Bazaar often, if you have gift problems in prospect.
