COURTS ASSUME EXCESS POWER

New York Judge Says They Go Too Far in Overruling Will of Legislatures.

NEW YORK, Oct. 9.—In accepting the nomination of the Democratic and Republican parties and Independence League, Supreme Court Justice William J. Gaynor declared yesterday that judges must cease to be reactionary, as they have been in the past.

"This country is now passing through a great economic change. I hope these are not to be obstructed by the judiciary. The judges should not be mere obstructionists to the wholesome reforms of statesmen and the people. This is a subject that we judges and lawyers should begin to discuss. We must not let things run until we are condemned from the outside.

"As a rule, judges have stood against the natural progress of the community, against every wholesome reform, whether freeing the slave here, or freeing commerce, or freeing opinion, the world over. I need not cite in proof of this the biased and arbitrary judicial decisions, not to mention the judicial murders, which dot and disgrace the pages of history.

"We have also to consider, when the trend of the courts has not come to be too great toward setting aside acts of the legislatures. Many are of the opinion that the courts are going too far, and are too eager in that direction.

"Our legislatures have the unquestionable right to regulate the rates of fares of public service corporations. In this state the legislature, by a committee appointed by it for the purpose, and aided by amine counsel and the highest expert advice, made an exhaustive examination of the cost of the manufacture and supplying of gas, with a view to reducing its price in our large cities.

"On the report made, the legislature, with due deliberation and care, reduced the price to 80c. A master in chancery and a judge forthwith declared the statute void on the ground that it violated the provision of the federal or state constitution which forbids the taking of private property without compensation. It is certain that those who framed and passed the constitutional provision, never dreamed of it being put to such a purpose.

"There is no danger, in my judgment, of our legislatures taking private property. It has never been done in the Anglo-Saxon world, or anywhere else for that matter, unless in revolutions in which wrongs were righted.

"The same thing is being done with railroad rate legislation all over the country. Although the rate fixed in this state is allowed by statute to change only 2c a mile for passengers, and thrives on that rate, we see two judges in Pennsylvania declare a statute fixing the same rate for the great Pennsylvania road unconstitutional on the ground that it is confiscatory.

THREE YEARS FOR MCCULLY. Pal From Kingston Gave Evidence Against Him.

ST. THOMAS, Oct. 9.—(Special).—Three years in Kingston Penitentiary was the sentence imposed to-day on Fred McCully, charged with assault and robbery.

McCully was charged with having, on Dec. 12, 1906, with Stephen Walsh, assaulted Frank Swedeland of Union, Ont., and leaving it ready for revolution which receiving welcome. JAIL FOR THE RIOTER. First Conviction in Anti-Asiatic Troubles.

VANCOUVER, B.C., Oct. 9.—W. H. Reid, the first man to be tried in the Criminal Assizes Court in connection with the recent anti-Asiatic riots, was sentenced this morning to six months' imprisonment.

He was seen to pick up a stone and throw it thru a window which Judge Clement was impartial in his charge. The jury was out a very short time.

HON. G. F. DIDN'T THEN AGAIN HE DID

BROCKVILLE, Oct. 9.—(Special).—An Ottawa despatch to The World gives an interview with Hon. G. F. Graham, where he denies having said anything about resigning his portfolio in connection with the Brockville provincial election. Mr. Graham made a vigorous speech at the meeting when Mr. Lewis was nominated, and the next day was reported in his own paper as follows: "Rather than see an undue advantage taken of the present vacancy and the Liberal party of Ontario deprived of this seat, I would resign my portfolio at Ottawa and again become a candidate."

C.P.R. AWARD READY TO-NIGHT

Wage Question Settled, But Holidays and Cost of Living Rock on Which Split.

At 5 o'clock yesterday afternoon, in the offices of Superintendent Osborne at the Union Station, the board of arbitration in the difficulties between the Canadian Pacific Railway and its employees were just about to complete their award when some little matter arose, not wages, which set the whole conference back for another day.

It is announced on authority that the award will be ready to-night. The arbitrators were not very far apart when the conference closed last night, and still they were. Almost reaching a decision, a peculiar new phase of the difference arose, which the members of the board were not in a position to discuss last night.

It was not a question of wages, but The World learned from a good source that the matter of holidays and that the award of the board is to be made on the basis of the cost of living were the big factors in arriving at an award.

The general opinion of the board is that today a satisfactory and amicable decision will be reached, at the same time one that will be definite on certain questions which for years have been the subject of argument between the operators and the company.

Each particular division, city and town, will be reckoned in the award, and in some cases where the men are insistent, will be granted quick, in other cases a further adjustment will be made.

The men are unanimous that a strike is inevitable if certain concessions are not made, but at the same time, should the award of the board be "within bounds," as one agent expressed it to The World last night, "it will be a case of 'back to the wires,' for there will be no strike to-night."

Concession by Company. It was admitted by officials of the Canadian Pacific that the arbitration commissioners have been wrangling over their report, the company has taken the bull by the horns and to-day the arbitration commission draws the telegraph operators, which it is hoped will avert a strike.

On Saturday telegrams were sent out to the telegraph points, with instructions that an increase of 12 1/2 per cent. was to be given all telegraphers, this increase to be retroactive from the first of October. At the same time the divisional officials were notified that the company had conceded the men's demands for pay for overtime on weekdays in hauling trains and that the usual overtime allowance would continue for nightwork.

On the other hand the company withdraws the present privilege accorded the telegraphers of taking two weeks' holidays each year with full pay. When this was first presented at the vice-president's office it was denied, but later it was admitted to be a correct summary of the company's last offer. This is the result of the work of Vice-President McNicoll and his assistant, J. W. Leonard, who have been busy for some time past trying to arrive at some plan which will satisfy the men and avert the strike, which has been late appeared imminent.

It is not known as yet what position the Order of Railway Telegraphers will take on this new offer. As soon as the heads of the union were notified, they called a vote, and since then every member of the order on the C. P. R. has been sending in his vote by wire. It is expected that the result will be known within a few days.

Commercial Men Notified. The Commercial Telegraphers' Union are keeping in close touch with their railway brethren on the matter and will be at once notified of the offer. Amongst them it is not expected that the new decision of the C. P. R. will settle matters, as they point out that cutting out the two weeks' holiday pay is a setback that equals the 12 1/2 per cent. increase, so that the men will only be better by the Sunday overtime. Instead of the general 20 per cent. increase demanded.

In the meantime the question is of considerable interest. Should the O. R. T. accept the C. P. R. offer as a solution of their dispute, what will happen when the arbitration committee files its report, if it over agrees upon one?

NESBITT TALK ONLY WADDLE

Premier Whitney Declines to Defend Hon. W. J. Hanna Against Insinuations.

Asked yesterday whether any cognizance had been taken by the government of statements made at Gravenhurst by Dr. Beattie Nesbitt, the registrar of West Toronto, Hon. J. P. Whitney said:

"No cognizance has been taken of the statements. I have seen what the newspapers say with reference to it. And apparently certain newspapers would like to suggest that Mr. Hanna is opposed to the power policy. I do not feel called-upon at the present time to say anything about the matter, unless I use an expression, which The Globe at any rate disapproves, and say that the language used, 'no matter by whom,' is simply twaddle. Probably this would be considered as an attack on some individual, but I cannot help that. I apply it to the story.

"I would be putting a slight on Mr. Hanna if I were to defend him against mere insinuations, because no direct charges have been made."

WHEN DOCTORS CAME BACK DAZE'S BODY WAS GONE

Hospital Surgeons, It is Alleged, Refused to Sell Them Gloves to Perform Autopsy.

OTTAWA, Oct. 9.—(Special).—A sensational incident has developed in the fact that Daze's body was taken from the Water-street Hospital Morgue and buried before the doctors, McKinnon and Dowling had finished their post-mortem.

They had done part of the work, but had conducted no autopsy. They told the jury about it last night, and the 12 men decided they wanted the two hospital surgeons and an orderly to explain matters.

There will be another session to-night to hear these three and others. Mrs. McKinnon and Dowling say they could not do all their post-mortem work the first night, as the hospital surgeons refused either to lend them gloves, or sell them any, and that when they arranged to come back next day, and did so, the body was gone.

SIR H. M. ALLEN CHOSEN. Elected to Steel Company Board of Directors.

MONTREAL, Oct. 9.—The deferred annual meeting of the shareholders of the Dominion Steel Company was held in this city to-day, when Sir H. Montague Allan was elected to the board of directors, vice Sir Henry Pellatt, resigned, and Dr. F. S. Pearson of Boston-street, and Hyman Greenberg, his resignation and remains on the board, obviating the selection of a second new director.

There was no discordant note throughout the meeting, and it lasted only a short time. Mr. Plummer announced that 121,000 shares were in the hands of the executive.

CARD GAME PINCHED. Police Get Men and Coin at Elm-street House.

Inspector Cuddy and Sergt. Armstrong of No. 2 police division busted in at 100 Elm-street about 10 o'clock last night.

They found \$300 and some poker chips on a table. They also found Harry Golin and Hyman Stockman, who keep the house, and Israel Greenbaum, 129 Agnes-street; Zelik Hershorn, 56 Huron-street, and Hyman Greenberg, 54 Centre-avenue. They took these also.

Gold and Stockman are charged with keeping a common gaming house, and the others as frequenters.

KIPLING AT VICTORIA. VICTORIA, B.C., Oct. 9.—The Canadian Club of this city had, as their guest at luncheon to-day Rudyard Kipling, who, with Mrs. Kipling, is spending a vacation at Mt. Baker Hotel.

The galleries of the A.O.U.W. Hall in which luncheon was served to-day were packed by ladies, as was also all available space in the auditorium. Mr. Kipling's address was greeted with rounds of applause and the singing of "He's a Jolly Good Fellow."

Railroads Must Safeguard The Lives of Passengers

Public Demand That Transportation Systems Shall Exercise Caution and Be Vigilant—Evils of the Penalty for Not Making Fast Time.

ST. THOMAS, Oct. 9.—(Special).—The grand jury this morning made what was practically a plea for mercy in the case of Murray Stephens, the convicted Wabash engineer, and a serious charge against the railway companies, that it is calculated will arouse much comment.

The clause in the address referred to is as follows: "The people are awakening to the fact that the traveling public have a right to demand from railway companies that they exercise caution, and be vigilant in protecting the lives of passengers traveling on railway trains. From evidence before us we are forced to the conclusion that the officers administering the law have not prosecuted in some cases the parties primarily responsible for the great loss of human life during the past year. Trainmen will not run' remorseless when they know that, by so doing, they will incur instant dismissal and other punishment; but they will run them when the act is winked at by high officials, to make fast time. While we are in favour of enforcing the law in all cases, to protect human life, we do not favor the prosecution and conviction of the humble parties to the offence, and letting those in exalted positions escape the penalty incurred. Let no guilty man escape. We believe, if the law is administered in this manner, there will be fewer so-called railway accidents.

PROVINCIAL SECRETARY A VICTIM OF THIEVES? Rumor Says He Was "Touched" for His Wad While Seeing Sights at the Fall Show.

CHATHAM, Oct. 9.—(Special).—L. H. Edmunds, a prominent Blenheim horseman, was robbed of \$250, the proceeds of the winning of his horses at Dresden Fair at the Pere Marquette station there to-day.

Mr. Edmunds was carrying a basket of grapes, which the stranger asked to see. Accommodatingly Mr. Edmunds held the basket up, and when his arm was extended the deed was done. One other man is said to have lost \$400, and there was a rumor to the effect that Hon. Mr. Hanna had his pocket picked. D. A. Gordon and P. P. Bowyer were also in attendance. The fair was a great success.

IRON FROM PORT ARTHUR. First Cargo From Atikokan Comes to Toronto.

PORT ARTHUR, Oct. 9.—The first shipment of pig iron to the east from Port Arthur was made to-day. The steamer Edmonton was chartered and she went to the Atikokan Iron Company's dock yesterday to load the cargo of pig iron for Toronto.

J. J. O'Connor, who chartered the boat, points out that this is the beginning of a new business in Canada. In fact, it is so new that there is not an eastbound tariff for the carrying of pig iron fixed by any steamboat company. Mr. O'Connor stated that from this on there would be an almost continuous trade between Toronto and other manufacturing points in the east and the local furnace.

SPARK EXPLODED FILMS. Wonderland at Chatham Cleaned Out by Fire.

CHATHAM, Oct. 9.—(Special).—A disastrous fire occurred in Wonderland, a 5c and 10c moving picture theatre, just before the afternoon performance to-day, resulting in over \$1000 damage and, damage by water and smoke to the contents of a warehouse on the second floor. The fire was caused by sparks coming into contact with the film. An attendant had his hand quite severely burned.

JAPANESE SOLVE PROBLEM—LOOK TO KOREA

May Be Unnecessary for Canada to Discuss Question With Subjects of Mikado.

TOKIO, Oct. 9.—The Japanese government has placed heavy restriction on emigration companies.

The announcement has just been made of a vast colonization scheme which will open up a million acres of land in Korea to Japanese settlement, and officials aver that this will solve the question of emigration to the United States and Canada.

MADE MISTAKE SAID ANCIENT

Spoke in Heat of Passion at Toronto—They Had Splendid Time in Toronto.

BOSTON, Oct. 9.—(Special).—Ralph Goucy of the Ancient and Honorable Artillery Company apologized to-night to his associates at their headquarters in Faneuil Hall for his comments about the officers of the organization made at Toronto, when he was refused an extra invitation to the banquet, which he desired for a friend in the Canadian garrison there.

"My criticism," he said, "was made in the heat of passion and anger, and being refused an invitation, and I believed that I was being dealt with unfairly, I made a mistake in thinking so, for I soon learned that I was in error, but not in time to correct my position in the matter.

"I now take this opportunity for doing so and hope that the company will accept my apology."

The apology followed a speech by Commandant Major Henry Jordan, who said that the ancients had enjoyed one of the best outings at Toronto in the history of the company.

CITY HALL HOAXED. Court Officials Saw Eagle Which Turned Out a Mere Flag.

Along West Queen and Teravault streets yesterday afternoon, hundreds of people were attracted by what was said to be a huge eagle perched on the top of the tank on the roof of the Purdy-Mansell Company's building, on Albert-street.

The officials in the city hall were much interested in the movements of the big bird as it swayed, bobbed its head and flapped its wings.

During the afternoon the Mansell-Purdy people were called up by several and informed that the eagle might be caught.

They thought it was a joke. A morning paper reporter was sent to investigate, and when he had climbed to the roof, and from there to the tank, he found that there was no bird. It was a small flag, all twisted up, with the top broken.

BASEBALL RECEIPTS G.I. Players Will Divide Over Fourteen Thousand.

CHICAGO, Oct. 9.—The receipts for to-day's game, as announced by Secretary Bruce of the National Baseball Commission to-night, were \$26,430. The players will receive \$14,472, and each club is entitled to the extent of \$4750. The national commission gets the rest, \$2643.

The gentlemen who are contemplating such a desirable investment could do much better than consult Dineen's, at Yonge and Temperance-streets, a thoroughly reliable establishment, where there are many styles to choose from. The \$55 special commands attention. For hats and every variety of ladies' and gentlemen's furs, Dineen's is the safe place to patronize, if you want quality, style, fit and finish at reasonable prices.

THE CHICAGO CUBS SCORE FIRST VICTORY OVER DETROIT TIGERS—THREE RUNS TO ONE

SPORTING COMMENT

The clear-cut statement of Referee Dr. Hendry in reference to last Saturday's historic Rugby game in Montreal must carry conviction. He exonerated Montreal of any attempt at deception. Russell played because he was acceptable to the Canadian and Interprovincial unions, and Dr. Hendry states that as Russell signed the C.A.A.U.'s specialty prepared affidavit the player should have been accepted by the governing athletic body. The referee has a real grievance in the statements hurled broadcast, viz., that the Argonaut players were induced to go against M.A.A.A. by his promises of protection, when, as a matter of fact, his warning as to the penalty that would possibly be inflicted by the C.A.A.U. was complete.

CHICAGO, Oct. 9.—The Chicago National League team in the second game of the series for the world's championship this afternoon. The score was 3 to 1. Slow pitching and several slight accidents caused the contest to drag greatly, and the delays tried the patience of the big crowd, which again filled almost every inch of seating room.

OPEN IN DETROIT FRIDAY.

DETROIT, Oct. 9.—Owing to the fact that yesterday's game between the Tigers and Cubs resulted in a tie, Detroit will have to wait an extra day to see the world's championship contenders in action. According to the National Commission's ruling, a tie game or one postponed on account of the weather, must be played off on the same grounds that it was originally scheduled for.

The ax has also fallen on the 36 players, members of the Vancouver Maple Leaf and New Westminster lacrosse teams, who have been professionalized by the Canadian Amateur Athletic Union for competing against Tecumseh at the New Westminster exhibition.

Controller Ward, promoter of the Toronto 20-mile Marathon, announces that the entries, which closed last night, exceed those of other recent big races of the kind and more are expected by this morning's mail. It is, in fact, the greatest of all long-distance races. The starters in the Greek Marathon numbered 48, Chicago 36 and Boston 40. Some withdrawals may be expected, but with to-day's mail list the starters will more than likely exceed those at Boston and thus establish a world's mark. The total last night was 109.

The capable athletic directors of Toronto's two Y.M.C.A.'s were induced to try their skill while out with the Marathon trustees over the course yesterday afternoon. They were relaxing at the turn when Prof. Crocker of Central showed himself an adept at the shot, which in this case was a 16 or 17-pound stone, and easily allowed Dr. Ashley of the West End several pounds and a beating. Crocker also covered some ground at the broad jump, in which event the West End deemed discretion the better part.

Catcher Carrigan signaled his appearance behind the bat in the post-season series at Boston yesterday with his usual success. He played with the winners.

How Toronto has grown! For two seasons it was the dearest baseball town on the map. With fine weather of a Labor Day the Montreal club received the guarantee, \$150, from Toronto. With a winner, Toronto was very much alive, but when the club was at the bottom the attendance was smaller than it has ever been in Montreal, says The Gazette, it's a long time since the league threatened to take away the franchise.

If you are in doubt as to what syndicate booking will do to races look at the prices at Windsor track on Tuesday, says The Hamilton Times. Three of the six winners in good fields odds on; one even money, one 3-2, and the sixth 4 to 1. As an answer the Highland Park track yesterday furnished several odds ranging from 4 to 1 to 12 to 1, tho these figures would likely indicate that the winners were backed elsewhere.

Heavy Track Accounts for the Poor Showing of the Canadian Colt—The Time Was Slow.

LEXINGTON, Ky., Oct. 9.—The thirty-fifth annual meeting of the Kentucky Trotting Horse-breeders' Association was opened here this afternoon. The Kentucky Futurity was the event of the day, it being worth \$20,000 in two divisions: \$10,000 for 2-year-olds and \$10,000 for 3-year-olds. The first day's division was for 2-year-olds and worth \$10,000. The second day's division is for 3-year-olds and is worth \$10,000.

FUTURITY HISTORY.

The most coveted trotting stake in the United States is no doubt the 3-year-old division of the Kentucky Futurity, mainly on account of more money being hung up for this event than for any other harness race on this continent. The total amount of money given for this race in yesterday's race is read to-day gets 50 per cent or \$7000.

OVER MARATHON COURSE.

Controller Ward and a party that included Crown Attorney Corley and School Inspector Hughes, inspected the Marathon course for Saturday in automobiles yesterday and found the road in good condition. The route starts at the exhibition grand stand, then out Dufferin-street to the Lake Shore road and on to the barrel and retracing. Then around Queen and back to the start, finishing after one lap of the track.

GEORGE BALLARD RESIGNS

From the Presidency of the O.R.F.U.—Will Stick to Big Four. George Ballard of Hamilton has resigned from the presidency of the O.R.F.U. and it is likely that his resignation will be accepted. Ballard, who is president of the interprovincial, has decided to devote his whole time to the Big Four. Incidentally just at present there is a whole lot of talk in Hamilton towards the O.R.F.U. in Hamilton.

Parkdale Best Technical.

Parkdale Canoe Club will practice today at 7:30 at the ball grounds and all members are requested to attend. The Eureka Rugby Club will practice today (Thursday) at Bellwoods Park, 8:00 p.m. as management hope to see all players on hand, as two teams will be left Saturday. Eureka will play St. Michaels today and every member is requested to attend. The game will be a trial on Saturday.

Association Football.

The High Park Rangers will play Parkdale Albions on Saturday. The game will be well attended. The winners managing to get a touch-down, while Eureka were seriously near the line several times. The game was a very exciting one. The referee and Lou Marsh judge of play.

SPORTING NOTES.

The Underwood Club held a progressive euchre party at their quarters in the United Trust Building last night. Mr. E. J. Young of the supply department being the lucky winner of a handsome umbrella. The game was very interesting and the club, while Mr. E. J. Young was the fortunate winner of the tall-end prize. The next meeting will be held on Wednesday evening of next week.

Four Points on Tailoring

There's no substitute for good tailoring—it is either right or wrong. It is possible to get perfection—don't be satisfied with anything else. Good tailoring is simply putting thought and skill into every part of a suit—not into some parts.

ARGOS INTERVIEW C.A.A.U. DR. HENDRY'S STATEMENT

Referee in Saturday's Game Says Players Knew the Chance They Were Running.

The Argonaut Rugby committee, composed of T. P. Galt, R. McKay, J. Wright and H. Hoyle, interviewed President Stark of the C.A.A.U. yesterday in regard to the suspension of the Argonaut Rugby players by his union. Mr. T. P. Galt, who was the chief spokesman, was inclined to lay the blame on the officials for allowing the players to play against Russell. However, the object of the meeting was to ask the C.A.A.U. to raise the suspension of the Argo players. President Stark stated that he could do nothing as it was in the hands of the registration committee, but that he would get in touch with Francis Nelson and J. Windsor and Detroit respectively. He said that he had not heard from these gentlemen, but the feeling prevails that the players in question will be reinstated.

Dr. Hendry, who was the referee in the now celebrated Montreal-Argonaut game at Montreal Saturday, gave out his first statement last night. He said that the Argos left here Friday night with the intention of playing under their own name, but that it appears that they were not so instructed by the officials. He said that he was not instructed by the Argonaut executive to warn the players against playing against Russell, who had not been accepted by the C.A.A.U. This statement was given in Montreal, when the matter was discussed.

The M.A.A.A. knew that there would be no game if the Argonauts for a definite reply. If the players could play there was no game that would be played. The Argonauts decided to play as Toronto. The Argonauts would play as far as the interprovincial league was concerned. Russell was not eligible to play, but the players were interested in amateur sport. He announced to the men before they dressed and also on the field when the referee was giving instructions. The players, not by coach on the part of the few interested, but on their own accord, played against Russell. The M.A.A.A. athlete, and all the others interested in amateur sport, played on their own accord, believing that this was not the Argonaut player. This matter was discussed.

HATTIE R. OWNS CLASS B. TORONTO CLUB HATTIE

Decision in Last Heat Unpopular - Charley B., Glendala and Baron Powers Win.

The attendance at the Toronto Driving Club's matinee yesterday afternoon was much smaller than usual, although the day was fine and the track good.

There were four races on the card—Classes B, C, D and E. The first race, Class B, went five heats, Roger winning the first two, and then Dan Lochrie came on and won the following three with Hattie R.

The occupants of the stand plainly showed their disapproval of the judge's decision in awarding the final heat to Hattie R., as her driver made undue use of his whip in the stretch, when Roger looked like he might win, with the result that the latter went to a break.

Class D was the third on the program, and was won in straight heats by Frank Rogers, with Baron Powers. The winner and Uncle Sam, who finished second each heat, were the only contenders, as Bob McBride's 3-year-old Hal B. filly, Gusie Hal, was lame and hardly fit to start, and Bidlen was not up to race.

Class E was the last race of the day, and had to be decided in five heats, as the two heats were on account of darkness. Glendala, a big, rangy, hobbled pacer, owned by A. E. Brown, was the favorite of the two heats, racing completely outclassing the other starters, Rheda Wilkes and Thelma.

In the final heat of this race it had become so dark that it was almost impossible to see the horses on the back stretch. Following is the summary:

Class B. Hattie R., b.m., by Ansonia; D. A. Lochrie (Lochrie), 3 4 1 1 1; Roger, b.g., by Chimes; Hansa (Hansa and May), 1 1 2 2 2; Barrett, b.g., by Austral; Russell (Russell), 2 2 4 4 4; Nellie Bay, b.m., by C. Allen (Allen), 4 4 3 3 3; Time—1:18 1/2, 1:15 1/2, 1:12, 1:11.

Class C. Harry Lee, b.g., by Bryson; Gus Farrell (Farrell), 4 4 2 2 2; Time—1:12, 1:12, 1:12, 1:11. Class D. Frank Rogers, b.g., by Barton; Roger, b.g., by Chimes; Hansa (Hansa and May), 1 1 2 2 2; Barrett, b.g., by Austral; Russell (Russell), 2 2 4 4 4; Nellie Bay, b.m., by C. Allen (Allen), 4 4 3 3 3; Time—1:18 1/2, 1:15 1/2, 1:12, 1:11.

BROOKDALE WINDSOR WINDSOR CAP AT BELMONT

Tongoder is Backed Down and Runs Outside the Money— Entries and Selections.

NEW YORK, Oct. 9.—Brookdale Nymph, 1-to-1 shot, easily won the Bronx Handicap, six furlongs, at Belmont Park today. In the fast time of 1:19.5. The Canadian horse, Tongoder, was backed down, but wouldn't do. Summary:

FIRST RACE—Handicap, 7 furlongs, main course: 1. Don Enrique, 111 (Knapp), 5 to 1 and 8 to 5.

Class D was the third on the program, and was won in straight heats by Frank Rogers, with Baron Powers. The winner and Uncle Sam, who finished second each heat, were the only contenders, as Bob McBride's 3-year-old Hal B. filly, Gusie Hal, was lame and hardly fit to start, and Bidlen was not up to race.

MURPHY ON 2 WINNERS WINDSOR CAP AT BELMONT

Letohatchee and Ayrwater Win at Good Odds—Favorites Lose.

WINDSOR, Oct. 9.—(Special)—A heavy, holding track, shilly weather and rather small attendance took the edge off the racing here today, but some good sport was offered in the six events on the card. The victory of Letohatchee in the fourth race at the attractive odds of 12 to 1 was very popular, but in the subsequent events the talent were in exceeding wrong, the favorites falling by a lot of money.

Letohatchee, the horse being paddocked in the last half of the journey, however, finishing in the lead. Summary: 1. Letohatchee, 12 to 1, won by a neck. 2. Ayrwater, 12 to 1, won by a neck. 3. Malt Beverages Have Real Food Value

Though mistaken zeal sometimes classifies beer with the intoxicants, common sense and medical knowledge will teach you its real worth as an item of daily diet.

For beer is four times as rich in food elements as potatoes, nearly as rich as fresh wheat bread, and its proteins (body builders) reach the stomach in the form easiest digested.

The very small proportion of alcohol in Ontario beers helps the other food to digest quickly and easily.

Quit thinking of beer as an intoxicant—learn how valuable it is for people with weak stomachs or slack digestions.

of the railways, that to fix the maximum rate at two cents a mile would ruin them? They are not obliged to charge that much unless they want to.

UNDESIRABLE IMMIGRATION.

Capitalists and employers in Canada and the United States, ever on the outlook for cheap labor, favor the opening of the door to Asiatic immigration.

Some of them frankly avow that this is desirable "if only as a means of checking the rising level of wages."

Relatively to the steady and great advance in the prices of commodities, this, of course, amounts to a demand for the lowering of the standard of living in so far as the wage earner is concerned—a course certainly prejudicial to the true interests of both the Republic and the Dominion.

The question thus enters the region of high politics, and it must be faced on the broad issues involved in determining whether or not Canada is to be and remain a white man's country.

In his book on "Races and Immigrants in America," recently issued Professor John R. Commons, who holds the chair of political economy in the University of Wisconsin, remarks that "the future of American democracy is to have an enlightened and patriotic citizenship, we must protect the wages and standards of living of those who constitute the bulk of the citizens."

He points out that the black problem in the United States was due to the southern planter, and that it was the poor white who hated the negro and fled from his presence to the hills and the frontier, or sank below his level, despised by white and black.

"In times of freedom and reconstruction," he adds, "it is not the great landowner or employer that leads the exhibition of race hostility, but the small farmer or wage earner."

Professor Commons points out that there are two exactly opposite points of view from which the subject of immigration is approached—one is the production of wealth and the other its distribution.

Those who see in the vast undeveloped resources of the country profitable employment of their capital, call for a rapid influx of willing and cheap labor—those who recognize that cheap labor involves the permanent lowering of the standard of living of the wage earner, refuse to admit that this can be compensated by the appearance of some more possessors of huge wealth.

Their objection is intensified when cheap labor means the creation of a racial problem similar in kind to that now afflicting the United States. The protest of British Columbia deserves support because it accords with the only policy that can aid in the attainment of the highest type of Canadian citizenship.

LAWYERS AND THEIR FEES.

Editor World: I was pleased to read in your issue of some days back your editorial on law costs, and I would like to ask my fellow-readers of the World if they know of a greater or protected system of extortion than some lawyers' bills.

We have heard a great outcry in the past as to combines, plumbers' unions, etc., but where, Mr. Editor, will you find a greater trade combine than the Law Society of Ontario, with its red tape and intricate channels of working, unknown to all save the poor victims that fall within its grasp?

These men are protected by special legislation of their own framing and designed to allow them to charge practically what they please and conceal all kinds of excuses to place items on the bill of costs.

If a business man charges \$1 more than he is entitled to, he is called a robber, yet lawyers can charge hundreds of dollars in excess of what they are honestly entitled to charge, and it is called extra costs, etc.

The unhappy plumber is called an extortioner for charging a big bill, and I claim that there is a far greater amount of skill required to handle plumbing than to sit and instruct clients to answer questions so as to evade the law, if possible.

I hope that legislation will be introduced in parliament at no far distant date to curb these men and put a stop to the system of extortion as now practiced by some members of one of the greatest combines in Canada.

W. C. Wood, 808 Ontario-street.

Editor World: I am an old fisherman, for pleasure, and have fished in a great number of our excellent waters inhabited by the finny tribe.

My opinion is that there is no place in Ontario at least, so well adapted as suitable for the production of bass and muskies as Lake Scougog.

It has more spawning ground, and apparently more feed and better protection for the smaller fish than any other waters Ontario.

That the Dominion Government should allow this valuable hatchery to be destroyed through the waste of water and the injury to the extent that the water in the lake is so low that in a severe winter many thousands of beautiful large fish are either frozen out or forced into so small a body of water that they die.

CAPITALISTS AT COBALT.

COBALT, Ont., Oct. 9.—Mr. Jack Merrill, publicity expert for Thomas Nevins & Sons, bankers, of New York, to-day brought a party of American capitalists from Peoria, Ill., in a private car to Cobalt.

Most of the men are interested in the Cobalt Central mine, and they were conducted to that mine, where they were shown not only over the property, but what was to be seen at the drifts at the 70 and 85-foot levels of the Big Pete shaft.

After seeing the showings in this mine, learning what was really in the ground at a depth and expressing the utmost satisfaction with the showing, the party was escorted to the Lawson property where they saw for themselves the bonanza vein of the camp. They were greatly surprised at this surface showing.

FRENCH TROOPS AMBUSHED

Two Privates Killed and Two Others Injured.

ORAN, Algeria, Oct. 9.—A French reconnoitering column, consisting of two companies of sharpshooters, and a squadron of Spanish and Algerian irregular cavalry combined, was ambushed yesterday at Guenbou Hill, about nine miles from Oudjeb, Morocco, by the warriors of Benhasen tribe, under the command of Mohammed.

The attack of the Moors was repulsed, but the French troops lost two privates killed and two sharpshooters wounded. French troops have been sent from Oudjeb to oppose tribesmen, who are threatening extermination.

REV. T. B. HYDE LEAVES.

Northern Congregational Church Accepts Resignation.

At a meeting of the officers of the Northern Congregational Church last night, the resignation of Rev. Thomas B. Hyde was accepted.

Mr. Hyde's health is very poor and he considers that he cannot do justice to the demands of the work. He has made no definite plans for the future, but intends to take a good rest and perhaps a trip to the old country.

AN OVERSIGHT.

When Chappie got up the other morning he wandered around his apartments in his pretty pink pajamas, the very picture of woe.

"What's the matter, sir?" enquired his valet. "I don't know, Alphonse," he groaned, "I passed a most unhappy night."

Alphonse looked him over very carefully. "Oh, sir," he exclaimed, "I know what was the matter. The trousers of your pajamas were not creased. You must be more careful, sir. Those I had prepared for were hanging across the foot of the bed."

New Trunk Sewer Scheme Looks Good to Dr. Sheard and Mr. Rust, Who Will Report.

The board of control yesterday decided to have Dr. Sheard and City Engineer Rust report as to the water supply and sewage disposal.

Dr. Sheard created something akin to dismay by casting doubts upon the purity of Lake Ontario water.

Controller Harrison, in submitting the motion, said he had been looking into the matter of the city's sewage as a medical man.

Dr. Sheard thought serious consideration should be given the plan. He asserted that if there were no sewage poured into the water, the water supply would still be full of menace.

SAYS THIS IS BEST

A leading health journal, in answering the question, "What is the best prescription to clean and purify the blood?" prints, in a recent issue, the following:

Compound Salatanon, one ounce; Compound Syrup Sarsaparilla, four ounces.

Shake well and use in teaspoonful doses after each meal and at bedtime.

A well-known physician states that these are harmless vegetable ingredients, which can be obtained from any good prescription pharmacy.

This mixture will clean the blood of all impurities. In just a few days the skin begins to clear of sores, boils, and pimples.

ARMY HAS TEN SHIPS TO BRING OVER 25,000

Commissioner Coombs Outlines Immigration Plans to Ontario Government.

Commissioner Coombs, Col. Lamb and Brigadier Howell of the Salvation Army called upon Hon. Messrs. Whitney and Cochrane at the parliament buildings yesterday in connection with the immigration question for England.

Brigadier Howell states in regard to next season's work that the army has secured ten steamships to bring out immigrants, two sailing from Glasgow and eight from Liverpool, while parties will be brought on other lines.

Five hundred women and children arrived in Toronto during the present season between 15,000 and 16,000, about one half of whom remained in this province.

The colonization scheme remains in abeyance, in consequence, it is understood, of lack of sufficient funds to carry it out on the scale originally projected.
