# EFFORTS TO AMEND THE RAILWAY ACT INTERESTS OF T.R. EMPLOYEES

### Hugh Guthrie, M.P., Wants to Make the Company Liable for Injuries—Hon. Mr. Tarte's Estimates Before the House—His Policy is Day's Work.

Ottawa, March 4.—Mr. Tarte's general estimates were under consideration in the House today. The Minister of Public Works has a method all his own of getting his appropriations thru Committee of Supply. He seldom loses his temper, recognizing as some of his colleagues do not, the important function which an opposition performs in criticizing and enquiring into public expenditure. Then when cornered, he says things quite out of the common. He will candidly admit that party demands will play a part in the allotment of public works, and remains in the House opposite that he knows their ways, when they were themselves in power. "For," he will add, "do not my friends to-day say that I'm an old Tory?"

**Not With Prayers.**  
Mr. Tarte, in fact, has never recanted his doctrine that elections are not made with prayers. There is thus a good deal of amusement and not a little instruction to be extracted from Mr. Tarte's explanations in Committee of Supply. He is never whimsical. He may have read out details by the dozen in explanation of an expenditure, but he is just as apt as not to answer the next question which some such outburst as, "What else can I do?" His critics often let him go at that.

Previous to going into Supply, the following bills were introduced and read a first time:

To incorporate the Board of the Presbyterian College, Halifax—Mr. Fraser.  
Respecting the Ontario, Hudson Bay and Western Railway Company—Mr. Dymally.  
Respecting the Windsor and Detroit Union Bridge—Mr. Cowan.  
To Amend Railway Act.  
Mr. Guthrie introduced a bill to amend the Railway Act, to limit the power of a railway company to contract itself out of its statutory liability for compensation to an employee in case of injury or disability. The only

## COMMERCIAL SHEET ANCHOR

### Sir John Lubbock Sees in Most Favored Nation Clause a Universal Hope.

London, March 4.—In his presidential address at the annual meeting of the Association of Chambers of Commerce of the United Kingdom to-day, Lord Avebury, better known as Sir John Lubbock, admitted there were disturbing features, but, he said, there was no necessity for despondency in regard to British commerce.

Speaking of subsidies, Lord Avebury remarked that, while French shipowners enjoyed substantial advantages, on the other hand they had been burdened by bounties, subsidies and protection given to beet sugar, wheat, textiles, coals, metals, etc. If the British shipowners were not bountied, they, at any rate, were not burdened with contributions to bolster up other trades. As to the ship subsidy bill before the United States Congress, Lord Avebury did not anticipate that the non-maritime states would remain passive and see nine million dollars in bounty go to the maritime states without protest.

The doubts he had expressed last year as to the vitality of German commerce were fully justified. Germany's complicated system of bounties had led to more and more intricate embarrassments. In the speaker's opinion the best thing the British government could do for commerce was to let it alone. The sheet anchor of the commercial world was the favored nation clause and he trusted the government would hold fast to the policy of the open door, and in the case of North China, urge the United States, Japan and other nations to join Great Britain in insisting on fair play for the commerce of the world.

**Public Works Estimates.**  
The House then went into Committee of Supply on the Public Works Estimates. A vote of \$50,000 for "new public building" for Halifax, elicited the information from Mr. Tarte that the building would cost \$300,000.

There was some questioning by the opposition as to the population of Marystown, N.B., where the Minister of Public Works is putting up a public building to cost \$100,000.

Mr. A. Gibson (York) said the population was 1900 and increasing every year.

## WAR SECRETARY BRODRICK DECLARES NO REDUCTION IN THE STRENGTH OF THE ARMY CAN BE EXPECTED AND THAT INDIA MUST BE GIVEN MORE MEN.

London, March 4.—In introducing the army estimates of £69,210,000 in the House of Commons to-day War Secretary Brodrick entered into a long defence of the War Office, which, he contended, had done its work well, considering that a war had never before been waged on such a scale as the South African war. The War Office to-day was feeding 300,000 men and 246,000 horses in South Africa, and there were no complaints on that score.

The experiences of the past year had confirmed the necessity for changes in the army administration, in decentralization, etc., as outlined by the government last year. Military officers and clerks were being rapidly substituted in the War Office for civilian officers and clerks.

In regard to recruiting, Mr. Brodrick believed the limit had been reached. No reduction in the strength of the army could be expected, and, probably, the Indian garrison must be increased.

The country had already experienced the effects of allowing the colonial garrisons to sink below their proper limits.

With the view of giving a fillip to recruiting, Mr. Brodrick said the government proposed to allow enlistment for three years, with nine years in the reserve; and, with the object of inducing men to enlist for India and elsewhere abroad, it was proposed to give every one a clear shilling per day. If, after two years, the soldier decided to serve eight years with the colors and four years in the reserve, he would be given an extra shilling daily. Mr. Brodrick believed this would result in enlisting a better class of men.

In regard to the much-discussed question of volunteers, Mr. Brodrick declared that if the volunteers were to be a bar to conscription they must make themselves efficient. It was proposed to establish a volunteer reserve, of men over 40 years of age who were unable to comply with the ordinary regulations, and establish during the present year a military reserve of 50,000 men. The education of all officers would be vigorously prosecuted, and the expenses of young officers would be lightened.

## PRINCE ON ONTARIO SOIL TO-DAY TIRED OF TRAVEL AND HONORS

According to a Chicago Paper He Shows Weariness in Every Action as He Walks—Seems Overwhelmed at Character of American Reception.

Milwaukee, Wis., March 4.—Milwaukee was host to Prince Henry for six days, and the prince, it is said, is tired of travel and honors. He is reported to be weary and to have a headache. He is said to be tired of the constant attention and the honors which he has received. He is said to be tired of the constant attention and the honors which he has received. He is said to be tired of the constant attention and the honors which he has received.

## ETURIA NEAR THE AZORES Premier Ross Introduces a Bill to Provide for the Appointment of a Tribunal to Deal With and Have Jurisdiction Over Railways—A Radical Proposal.

London, March 4.—The British steamer Etruria, from Philadelphia for London, has arrived at Fayal, Azores Islands, and reports having sighted the Canada line steamer Etruria in tow of the British steamer William Clift, 400 miles west of Fayal. The Etruria had lost her propeller. The Etruria will probably reach the Azores to-night or to-morrow morning. Arrangements are being made to send tugs to tow her home.

**SEVERAL TORONTO PEOPLE ON BOARD**  
Arrangements Being Made to Send Tugs to Tow Her Home—All Is Well.

London, March 4.—The British steamer Etruria, from Philadelphia for London, has arrived at Fayal, Azores Islands, and reports having sighted the Canada line steamer Etruria in tow of the British steamer William Clift, 400 miles west of Fayal. The Etruria had lost her propeller. The Etruria will probably reach the Azores to-night or to-morrow morning. Arrangements are being made to send tugs to tow her home.

## WILL CHOOSE A COADJUTOR Montreal, March 4.—The Anglican Synod of the Archdiocese of Montreal, met in special session in this city today for the purpose of electing a coadjutor bishop of Montreal, who shall be a future assistant.

Montreal, March 4.—The Anglican Synod of the Archdiocese of Montreal, met in special session in this city today for the purpose of electing a coadjutor bishop of Montreal, who shall be a future assistant. The synod is expected to elect a coadjutor bishop of Montreal, who shall be a future assistant. The synod is expected to elect a coadjutor bishop of Montreal, who shall be a future assistant.

## DOMINION BOARD OF TRADE An Organization for Years Defunct Was Resuscitated Yesterday Afternoon in Ottawa.

Ottawa, March 4.—The Dominion Board of Trade, which for several years had been defunct, was resuscitated this afternoon at a meeting held in the Ottawa Board of Trade rooms, and attended by representatives of boards in different parts of Canada. The Toronto and Montreal boards refused to join in the movement. Among those present at the initial meeting were Messrs R. W. Elliott and G. A. Chapman of Toronto. Mr. John Coates, of the Ottawa Board of Trade, was elected president, and Mr. A. F. Leggett of Ottawa, secretary.

## TORONTO WAS NOT REPRESENTED

Ottawa, March 4.—The Dominion Board of Trade, which for several years had been defunct, was resuscitated this afternoon at a meeting held in the Ottawa Board of Trade rooms, and attended by representatives of boards in different parts of Canada. The Toronto and Montreal boards refused to join in the movement. Among those present at the initial meeting were Messrs R. W. Elliott and G. A. Chapman of Toronto. Mr. John Coates, of the Ottawa Board of Trade, was elected president, and Mr. A. F. Leggett of Ottawa, secretary.

## FOR SERVICES IN TRANSVAAL

Major J. A. Denison, C.M.G., R.C.R., Has Been Made a Lieutenant-Colonel.

Captain J. G. Mason, Now a Major

Lieut. D. S. Storey Has Resigned From the C.O.R.—Succeeded by Mr. W. R. Kingsford.

Ottawa, March 4.—Militia general orders to be gazetted this week contain the following: 2nd Regiment, "Queen's Own Rifles of Canada," Lieut. D. S. Storey resigns his commission; to be Lieutenant and second Lieutenant, W. R. Kingsford, vice D. S. Storey, retired; to be second Lieutenants, provisionally, H. G. P. Nicholls, G. O. Smith, vice J. C. Allan promoted.

Investors, Speculators.  
Three thousand two hundred dollars' worth of detached shares on the stock exchange, west side, both well and well, genuine bargain; see my list for other snags in real estate column this issue. H. H. Williams, 10 Victoria-street.

Perfection Smoking Mixture very cool. Alive Boidard.

ARMS MADE IN GERMANY.  
Victoria, B.C., March 4.—The Manila American says it has very good reasons for believing that quite recently a vessel, floating the German flag, landed rifles on the coast of Batangas for the use of the insurgents.

Edwards and Hart-Smith, Chartered Accountants, Office Canadian Bank of Commerce Building, Toronto.

KING'S IRISH VISIT.  
London, March 4.—It is reported that the projected visit to Ireland of King Edward has been abandoned on account it is understood, of the aggressive action of the United Irish League.

Genuine Mailla Cheroquo, 50 Straight A. Club & Sons, 49 King West.

ALL BUT FOUR LEAVE ICE FLOE.  
Bay City, Mich., March 4.—All but four of the 300 fishermen who were endangered by being driven out into the bay on an ice floe have succeeded in reaching shore. The men devoted the day to bringing their stanzas ashore on cakes of ice. The men remaining on the ice floe are not in danger.

## MISSIONARIES MASSACRED.

Details of Deaths at the Hands of Chinese.

Victoria, B.C., March 4.—Reports of two massacres of missionaries in China were received by the steamer Empress of India, which arrived from the Orient this afternoon. In Kansu, Fathers Van Mirhaeghe and Bougeats were murdered by a band of Chinese, including soldiers, who attacked their mission.

The first named priest was killed instantly by a sword thrust, but the latter lingered for five days, suffering from a wound in the head. It is stated that the attack was made in revenge for the deposition of the son of Prince Tuan by the Empress Dowager at the request of the foreign Ministers. The magistrate of the district, being friendly to foreigners, warned the missionaries, but they were attacked before they could get out of the way.

The other massacre took place in Kang Shi, Father Julien being attacked while he slept and cruelly murdered. His body was mutilated, both hands being cut off. His two servants were also killed. The vicar who has sent a troop to hunt for the murderers.

## FRENCH SUPPORT REVOLT.

Rebellion in China Aims to Overthrow Present Dynasty.

Hong Kong, March 4.—The rebellion in Kwan Si Province is spreading rapidly. Signs of unrest are already apparent at Kwe Lin and Nan Ning, the newly-opened river treaty ports. The Canton Viceroy has despatched troops to the scene of this disturbance, and has stationed over 1000 men at Kwe Lin and Nan Ning, for use in case of eventualities. The rebels are believed to be former soldiers of Marshal Su, who were disbanded on his retirement.

Their propaganda, which has spread far and wide, includes the overthrow of the Manchu dynasty, the founding of a Chinese dynasty, and helping the oppressed and needy Chinese. The French are said to be secretly supporting the rebels.

## PIRATES BURIED ALIVE.

Genuine Mailla Cheroquo, 50 Straight A. Club & Sons, 49 King West.

Victima, March 3.—A steamer brings news from China that two pirates of a band who had captured two junks in the West River, and were guarding the prisoners taken in the raid, suffered a terrible death. They were attacked by a band of outlaws and the two pirates were buried alive.

Turkish Bath and Bed—129 Yonge St

## LOOKING FOR WRECKAGE.

No More Trace of the Lost Tiber Has Been Found.

Halifax, N.S., March 4.—Fishermen have been on the look out along the coast to-day for any bodies that may have come ashore from the wrecked steamer Tiber, but none were found. A despatch from Whitehead this evening says that a board with a piece of leather wrapped around it was picked up on the beach to-day. When the leather was removed an envelope was found with a lock of hair in it. The address on the envelope was "Capt. John DeLisle, Sorel, P.Q." Part of a steamer's boat, with the name Montreal on it, was also picked up.

## LADY TEACHERS WANTED.

Principal Scott Has Positions for Twenty From Ontario.

Principal Scott of the Normal School has received word from the Secretary of State in Ottawa that a number of qualified Protestant lady teachers will be engaged in Canada for service in connection with the educational branch of the Boer concentration camps in South Africa. Some forty will be required, and of these 20 will be engaged in Toronto and West Ontario. The Normal School qualifications will be insisted upon, and, of course, preference will be given to ladies who have had teaching experience. The engagement is for one year at a salary of five hundred dollars, with transportation paid to South Africa, and return passage free if the teacher wishes to return at the end of the year. It is said the scheme of engaging Canadian teachers originated with Mr. Chamberlain, the Colonial Secretary.

## FOR A MONSTER DEMONSTRATION

St. Petersburg, March 2.—(Sunday)—The students and workmen here are secretly preparing for a monster demonstration to take place March 7, in front of the Kazan Cathedral. They hope to get 20,000 men thru the military cordons and reach the centre of the city.

## DELAREY LAID HIS PLANS WITH CONSUMMATE CARE AND PRECISION.

London, March 5.—Telegrams received here from Klerksdorp describing the attack upon and capture by the Boers, Feb. 24, at a point southwest of Klerksdorp, of 407 British soldiers, who were acting as convoy to an empty wagon train, show that Gen. Delarey laid his plans with consummate care and precise knowledge of the ground.

The third Boer attack upon the convoy was delivered from various points and was most determined. By sheer recklessness they sought to ride down and overwhelm the British defence. The British guns shelled the charging Boers, but nothing stopped their onslaught, which was delivered with unusual impetus.

The convoy of mules were subjected to a heavy fire and in many cases were deserted by the native drivers. They stampeded, but many of the defenders temporarily out of action and caused great confusion.

For two hours the British held out. They then divided and were overwhelmed. A few minutes of confused fighting and all was over. The Boers galloped along the line, firing at every man who

## CHOPPER PLATE BURST.

James Colville of Durham Was Instantly Killed Yesterday.

Durham, March 4.—Mr. James Colville, miller, of McClellan's mill of this place, was killed yesterday by one of the plates of the chopper bursting, striking him in the face. Death was almost instantaneous. A widow, three sons and three daughters survive him. Coroner Gunn empaneled a jury, and an inquest was held, but was adjourned to take evidence from Stratford, re the machinery might be obtained.

LOCK-OUT THREATENED IN HAMILTON'S RAILWAY

Rumor That Cataract Power Company is Negotiating for "Strike-Breakers" in Other Cities—New Manager Said to Be Opposed to Unions.

TO-DAY IN HAMILTON. Meeting of Finance Committee of Library Board re Lancelotti case, 5 p.m. Civic Fire and Water Committee, 8 p.m. Dramatic Company at the Grand Opera House.

Hamilton, March 4.—The indications are that there will be a lock-out on the city street railway, which is owned by the Cataract Power Company, within a short time. Word has been received that the company is negotiating for "strike-breakers" in other cities.

The Railway Men's Union and the company have been drifting apart since W. C. Hawkins, the new manager of the Cataract, took the helm. Mr. Hawkins is opposed to unions. Recently about 40 of the union men were induced, by promise of bonuses, to sign individual contracts. As soon as they discovered that this was contrary to the union, most of them asked for the return of them.

There are about 70 members of the union and they have been discussing the question of strike. The best time for such action, it is said, is in the summer, when the traffic is at its decisive test, so they have taken to making preparations to force an issue at once.

It will be hard at present to prophesy how far reaching a lock-out would be, as the Railway Men's Union would have the sympathy of organized labor in the city, and many union shops get their power from the Cataract. Most important matters came before the Finance Committee at its special meeting this afternoon.

Mr. Baker replied that the company would undertake not to increase the company's assessment during the term of the new agreement. The aldermen would not listen to the proposal. Finally Ald. Dunn, Higgin and Waddell and the City Solicitor were appointed a sub-committee to draft an agreement for consideration at a special meeting next Friday afternoon.

Over \$5000 Taxes. The financiers were drawn into a discussion of the back tax question through the reading of a letter from Anthony Copp, asking for the money for the purchase of the slice of land in front of the city.

Four Hat Hands of Four Jacks for a Jack Pot. From the Boston Herald. There was a quiet little sitting in one of the hotels the other evening, when a Jack pot was declared. The player next to the dealer opened the pack, and as he dealt the cards, he "saw" all the other hats raised by the other players.

In buying a home there comes a time when payments stop and the property is free from debt, while repaying never ceases so long as one lives in another man's house. There is no undertaking more praiseworthy or more satisfactory than that of buying a home. Call and get my list of desirable homes for sale on easy terms of payment.

List of Properties Transferred and Registered in the City Registry Offices and the County of York Registry Office—Properties Transferred in Toronto, Town of Toronto Junction, Town of North Toronto, Village of East Toronto and the Township of York—List of Building Permits Issued.

COUNTY REGISTRY OFFICE. The following transfers of properties in several municipalities in the County of York have been recently registered in the County Registry Office, on East Richmond Street.

Town of Toronto Junction. Dundas and Hurontario streets, Edward Armstrong to Myrtle L. Lennox, lots 1 to 14, plan 1231, for \$1000.

Town of North Toronto. Kensington and Hurontario streets, William Cook to Hannah Stocker, 7 1/2 ft, lot 4, range 1, plan 734, for \$125.

Village of East Toronto. East Queen and Hurontario streets, Wm J. Trimble, lot 6, plan 881 (site of the pavilion at Balmby Beach), for \$500.

Township of York. The Township of York to George Potter, tax deed sale of lot 21, plan 711 (near St. Clair), for \$425.

Building Permits. There have been 10 building permits issued by the City Commissioner since the first of March. They amount to \$17,850 for alterations, additions or other improvements to old structures.

CITY REGISTRY OFFICES. The following transfers of Toronto properties have been registered in the City Registry Office, on West Richmond Street. The following transfers of properties in the County of York have been registered in the County Registry Office, on East Richmond Street.

William Maroney Smarter Over Prosecution for Theft From Lennox's Hotel. HE TURNED WHISKEY INFORMER

But the Proprietor Refused to Silence Him With \$10, and His Arrest Followed. Detective Burrows laid a trap yesterday afternoon and caught William Maroney, 28 years of age, who is charged at the Court-street Station with attempting to extort money by threats of prosecution from T. F. Hanson, proprietor of Lennox's Hotel, 511 Yonge-street.

Maroney came to Toronto about six weeks ago, and secured board and lodgings at Lennox's Hotel, representing to the proprietor that he was a telegraph operator, holding a good position. When the board bill amounted to \$40 Maroney disappeared, and a warrant was issued for his arrest.

Mr. Maroney was arrested by Detective Burrows at the Lennox Hotel, where he was found with a woman, who was identified as the wife of a man who had been reported missing.

Mr. Maroney was charged with attempting to extort money from Hanson by threats of prosecution. He was found with a woman, who was identified as the wife of a man who had been reported missing.

TORONTO PRESBYTERY MET

Dr. Campbell Reports Six Hundred Thousand Dollars Subscribed to the Century Fund.

REV. DR. BRYCE MODERATOR NOMINEE

The Resignation of Joseph Hamilton of Mimico was Accepted.

The Toronto Presbytery held its regular monthly meeting yesterday afternoon at the Trinity Church.

The resignation of Joseph Hamilton of Mimico was accepted, and Rev. A. F. Geoghegan was appointed moderator of the session during the vacancy.

The call of Rev. George C. Pligden of Streetsville to the Church of the Covenant was sustained.

A letter of sympathy was sent to the bereaved family of the late Mr. Alex. McMillan, St. Enoch's, in his bereavement and illness, and one to the late Mr. McDonald, St. John's, in his illness.

Dr. Campbell, the assembly agent, in connection with the Century Fund, presented his statement, showing the total subscriptions amounted to \$600,000.

Resolutions of appreciation were passed to Rev. Joseph Hamilton of Mimico, and to A. J. Aymer, James Massey spoke on the work of the Presbytery, and the assembly, and a resolution was passed commending the work and soliciting the sympathy and support of the public.

Rev. George Bryce, LL.D., was nominated moderator for the General Assembly.

In regard to the appointment of a committee of the assembly, the Presbytery would go no further than to prepare an overture to the General Assembly.

Millions on Canals

Albany, N. Y., March 4.—Senator Davis of the Senate Committee on Canals this morning reported favorably to the Senate the Canal Bill, proposing an appropriation of \$11,800,000 for the improvement and enlargement of the Erie Canal and the improvement of the Champlain Canal.

PROTECT YOUR LABOR

Protest Against City Contracts Going to an American Firm at Lowest Tenders.

PARKS COMMITTEE ON ESTIMATES

Site for Burns Memorial—British Government Wants Exhibition Stables—City Hall Notes.

When tenders for concrete sidewalks were opened by the Board of Control yesterday afternoon, it was found that a Chicago firm was the lowest tenderer for 10 out of 30 contracts. The firm is Stames & Home, and their figures were from one to five cents per foot lower than those of the local tenderers.

The Controller London thought that the work should not be given to the American firm, as it would be keeping labor away from our own workmen. Chairman McMurich said that the lowest tender should be accepted. There was a discussion during which the chairman left the chair, while Ald. Leitch was speaking. The latter says he will move again in the Board of Control that the Canadian tenderers be given the preference, and if he is not successful there, he will bring the matter up in Council.

In 10 cases the City Engineer was the lowest tenderer, and in one case W. F. Grant & Co.

Other Tenders. The lowest tenders for the following works were as follows: Concrete pavements—Lane, yards of, King-street, from Church to West end, Harvard & Leach, \$785.

Cedar block pavements—Bulwer-street, from Soho to Spadina, W. F. Grant & Co., \$1032; Soho-street, from Queen to Front, City Engineer, \$783; Macadam roadways—Broadbent-street, from Yonge to St. Vincent, City Engineer, \$1120; Davenport-road, from Hazelton-avenue to Avenue-road, Contracting and Paving Company, \$2130.

Stones curbing—York-street, from King to Queen-street, 40 feet circular, 82c per foot, City Engineer.

Estimates for Parks. The Parks and Exhibition Committee discussed the estimates yesterday afternoon.

Commissioners Chambers wanted in all \$112,542, also he did not expect that much, as it included \$30,000 for permanent improvements to High Park. This item was reduced to \$8,000. Other items were reduced by \$4736, and items totaling \$850 were added.

Concrete pavements—Lane, yards of, King-street, from Church to West end, Harvard & Leach, \$785.

Cedar block pavements—Bulwer-street, from Soho to Spadina, W. F. Grant & Co., \$1032; Soho-street, from Queen to Front, City Engineer, \$783; Macadam roadways—Broadbent-street, from Yonge to St. Vincent, City Engineer, \$1120; Davenport-road, from Hazelton-avenue to Avenue-road, Contracting and Paving Company, \$2130.

Stones curbing—York-street, from King to Queen-street, 40 feet circular, 82c per foot, City Engineer.

THE FRENCH IN CANADA.

London, March 3.—The Times says: At a meeting of the Colonial Society of the Society of Arts, Mr. W. T. R. Preston, Emigration Commissioner for the Dominion, read a paper on "The French-Canadians and their Relations to the Crown." Since the grant of local responsible government in Lord Dufferin's time, Mr. Preston said, the French-Canadian had never shown the slightest disposition to throw off British supremacy. It was true that the Frenchman gloried in his own language and loved to talk about the splendid traditions of his race; but his thoughts ran in a channel not likely, in his belief, to weaken his ardent admiration for British institutions. The Frenchman's ideal of political honor, but the personal influence he will have in the future, will be to fan into flame the embers of racial and sectarian prejudice; but the superior strength of the British Empire has always disproved of such appeals. Through the King's dominions there were no subjects who wished more heartily to co-operate in maintaining the stability and prestige of the empire than the French-Canadians. The French-speaking population of Canada, Lord Strathcona, who presided, paid a high tribute to French-Canadian loyalty. These fellow-citizens of ours, he added, often had families of 10 to 20, as against the three or four children which were considered large families in old France. There could be no better argument in favor of immigration to Canada on this point he also declared that, if we increased Canada's population by one-half, she would be able to supply us with every pound of food required in the United Kingdom. Gen. Laurier, Mr. P. said that he had never commanded better or more serviceable and willing soldiers than the French-Canadians. Mr. Gilbert Parker, M.P., said that he believed the Premiership of Sir Wilfrid Laurier was the final set on the federation of Canada—a member of the minority having been chosen to lead the uncommitted people. Mr. Forster Boulton, Mr. Harold Spender, Mr. Howard A. Kennedy, Capt. Bernier and Mr. Fenwick also took part in the discussion.

Estherah's Come Down.

New York, March 4.—Major Ferdinand and Walden Esterah, who confessed to the murder of a woman in a Broadway restaurant in animated conversation with a young man and woman, Esterah was extremely thin.

Will Honor Mr. Corby.

The Conservatives of the Midland District will present an address and send all two hours of honor to Mr. Harry Corby, ex-M.P., on Friday evening, at the Belleville Opera House. Among those who will be present are Messrs. Borden, Monk, Whitney and Foy.

To Protect Immigrants.

New York, March 4.—At its annual meeting here the Society for the protection of Italian immigrants received word, thru the Italian Consul-General, of a subsidy of \$200,000 from the home government and of promise of further aid.

STAY CANADA MUST WAKE UP

Representatives of Manufacturers to West Indies Report on Trade Conditions.

UNITED STATES IN ADVANCE OF US

But the Bermudians Would Rather Buy British Goods—Figures of Importations Given.

According to letters received at the offices of the Canadian Manufacturers' Association from the president, Robert Munro, and the assistant secretary, J. F. M. Stewart, who are on a trip to the West Indies, there are golden opportunities there for the Canadian manufacturer. Figures given by the writers show that the United States is making a big bid for the trade, and that Great Britain and Canada are doing little or nothing.

Mr. Munro speaks of trade affairs in Bermuda, declaring that traders there are enjoying a large measure of prosperity, but that Canada's share in it is far from satisfactory. The merchants are most loyal to British institutions, and are willing to trade with preference with British and other colonies, but they feel, says Mr. Stewart, that Canada does not show much desire for the trade, probably thinking the Bermudians not worthy of attention.

Imports \$2,000,000. The imports to Bermuda for 1919 were \$2,000,000, an increase of \$200,000 since 1918. Of this amount Canada's imports in 1919 were \$314,888, while the United States share was \$250,728. The principal imports from Canada and the United States for the past year were: Box material, Canada, 274,425 lbs.; United States, 11,700 lbs.; butter, Canada, 28 tons; United States, 124 tons; cheese, Canada, 30 tons; United States, 51 tons; flour, Canada, 2682 barrels; United States, 26,648 barrels; lumber, Canada, 464,970 ft.; United States, 2,813,933 ft. The imports of canned fruits and meats amounted to over \$100,000. Canada's share of this was very small. In cotton goods, Great Britain has the largest share, and the United States is reported to be losing ground. Hay and oats are about evenly divided between Canada and the United States, the greater portion coming from Mr. Munro, is doubtless of Canadian origin. To the United States is credited 22,000 packages of bran, although the major portion is reported to have been purchased in Canada by United States shippers. Of the total imports, 60 per cent. are from the United States.

Went Reciprocity Trade. On even terms, says Mr. Munro, Canada can have the greater part of business done outside of Britain if our manufacturers are in earnest. Trade to be successful must be reciprocal. This holds good even though the exports from these islands amount to only about 25 per cent. of the imports. Ontario represents about 40 per cent. of the entire exports, potatoes about 10 per cent., and nearly everything else to the United States. When the Canadian market is a delicacy unknown in Canadian markets, says Mr. Munro, and only requires to be taken care of and tried in order to create a demand for it.

Bermuda Agent in Canada. The letter says: "Hon. Zyre Hutson, Colonial Secretary, is himself on record as not only favorable to close trade relations between Canada and the British West Indies, but has advocated the establishment in Canada of a West India sales agency representing all the B.W.I. colonies. The proposal had the unanimous approval of the Legislative Council of Jamaica, and was supported by the government of Trinidad and other islands. Its operation has been delayed only because of the appointment of the expense does not appear to have been considered in by all the islands."

Mr. Stewart deals with the trade of the island of St. Lucia. Some of the principal imports during the past year were: Bacon and ham, United States 25,480 lbs.; Canada 420 lbs.; Great Britain 3068 lbs.; beef and pork, United States 294,000 lbs.; Canada 411 lbs.; Great Britain 420 lbs.; United Kingdom 11,74 lbs.; biscuits, United States 11,495 lbs.; butter, United States 112 lbs.; Canada 80 lbs.; United Kingdom 4916 lbs.; France 1000 lbs.; cheese, United States 17,691 lbs.; Canada 1190 lbs.; Great Britain 300 lbs.; flour, United States 17,130 barrels; Canada 92 barrels; lumber, United States 1,200,000 ft.; Canada 100,000 ft. Mr. Stewart says that in the island there is abundant room for Canadian manufactured goods.

FOUND IT

Coffee Was Doing the Work in Good Eating. Members of the same family are affected differently by coffee drinking. Some may feel the effect in a disordered stomach while another may have no trouble with the stomach so far as is known, but have a nervous heart disease or perhaps in another the kidneys may become affected.

As an illustration, a family in Murrayboro, Ill., reports an experience. Mrs. Cole discovered that her husband's stomach and nervous restlessness were caused by coffee drinking. Her mother suffered from nervousness when the family became a wreck directly from coffee drinking.

Mrs. Cole, in her letter, says, referring to her brother: "He went from one physician to another and his case puzzled different physicians. Some thought he had appendix, others locomotor ataxia, some advised operations to relieve the pressure at certain points, altogether his case became so alarming that I was most wretchedly afflicted, and was in a state of nervous prostration."

"Finally one of the physicians suggested that possibly coffee brought on the trouble, and he was persuaded to give up coffee and begin the use of Postum Food Coffee. Then he began to recover, and day by day the old troubles left. Now he has gotten pounds and is in the best of health, and he and his family use Postum Food Coffee. He says he would as soon drink a spoonful of poison as of any food coffee."

"When he first began to make Postum he was told that it was a low thing, and none of us liked it, but since we got well enough to properly bring out the coffee, we have all considered it superior to the old fashioned coffee. It is delicious when made right, and that is easy."

"A number of our friends have been cured of various ailments by leaving off coffee and using Postum. With Mrs. Cole, the coffee caused a smothering sensation, bloating and serious trouble with the heart. She has entirely recovered since changing from common coffee to Postum."

PROVINCIAL RAILWAY COMMITTEE

Continued From Page 1. tracks, but are subject to penalty if they willfully impede traffic. A Rate of Interest on Loans. No cars shall be operated on any highway at a greater speed than 10 miles per hour unless authorized by the committee.

The committee may make regulations respecting terms and conditions in agreements for connections between companies subject to the legislative authority of the province. Every such regulation shall be submitted for the approval of the legislature at the next succeeding session.

Other Bills Introduced. Mr. Munro introduced a bill designed to make railways, which cross highways on the level, put gates up over them, but they are not to cross any highway on the level without permission of the Commissioner of Public Works.

Mr. Allen introduced a bill to prevent the hunting of deer in the water and with hounds. Bills Get Third Reading. These bills were read a third time: Long Lake and Albany River Railway Company—Mr. Hill. To incorporate the Canada Western Railway Company—Mr. Coombe.

To enable the trustees of the Jane Layton Trust to sell certain lands in the County of Brant—Mr. Preston. Respecting a certain bylaw of the Town of Sarnia—Mr. Partridge. To amend the act incorporating the Ontario Railway Commission—Mr. Coombe. To amend the Agricultural and Arts Act—Mr. Coombe.

Respecting the County of York—Mr. Hill. Money for Varsity. The House ratified the Order-in-Council allowing Toronto University to appropriate an amount of \$125,000 for the erection of medical and physiological buildings. During the discussion on the motion Dr. Jessop asked if the government intended to establish a post-graduate course at the university. He stated that many students were compelled to go to graduate courses.

The Minister of Education said it was an open question whether it was not a good thing for students to take a course in a foreign university. "I am sure," he said, "that the Dominion government increases their contribution to the cost of education in the province which has decreased."

Amendment to Statute Law. In moving the second reading of his bill to amend the Statute Law the Attorney-General explained that it was intended to amend the provisions of the Statute Law which provided for the appointment of judges. He said that the bill would amend the provisions of the Statute Law which provided for the appointment of judges.

Went Reciprocity Trade. On even terms, says Mr. Munro, Canada can have the greater part of business done outside of Britain if our manufacturers are in earnest. Trade to be successful must be reciprocal. This holds good even though the exports from these islands amount to only about 25 per cent. of the imports.

Mr. Stewart deals with the trade of the island of St. Lucia. Some of the principal imports during the past year were: Bacon and ham, United States 25,480 lbs.; Canada 420 lbs.; Great Britain 3068 lbs.; beef and pork, United States 294,000 lbs.; Canada 411 lbs.; Great Britain 420 lbs.; United Kingdom 11,74 lbs.; biscuits, United States 11,495 lbs.; butter, United States 112 lbs.; Canada 80 lbs.; United Kingdom 4916 lbs.; France 1000 lbs.; cheese, United States 17,691 lbs.; Canada 1190 lbs.; Great Britain 300 lbs.; flour, United States 17,130 barrels; Canada 92 barrels; lumber, United States 1,200,000 ft.; Canada 100,000 ft.

Mr. Stewart says that in the island there is abundant room for Canadian manufactured goods. Mr. Gibson's Amendment. As for Mr. Wardell's bill, Mr. Gibson thought it would hit the Toronto Railway Company hard, which had to pay for its franchise. Dr. Pyne's bill recommended that the plants be assessed at their fair value to the owners for the purpose for which they are being used by him, and the Attorney-General suggested an amendment that would provide for assessment on a basis "of an actual cash value, as the same would be appraised upon a basis of company to another company possessing similar powers, rights and franchises."

Amendment Was Passed. After further consideration the bills were voted on. Mr. Wardell's, Mr. Pyne's and Mr. Carcallen's were completely approved, and the principle of Mr. Pyne's bill, as amended by the Attorney-General, was approved by a big majority and passed on the understanding that the clause in making a general law care should be taken not to injure any class.

Private Bills Committee. At the Private Bills Committee yesterday morning, Rat Portage's bill, asking power to raise \$200,000 to improve waterworks and buy out the Electric Light Company, was held over till Thursday. The Algoma Steel Company, capital \$2,000,000, was granted its letters patent, with power to erect a mill. The Northern Electric Company, which purposed to distribute electric power in York and Simcoe, had a similar bill, and that is easy.

Mr. Straton Heard From. The Public Accounts Committee yesterday morning heard several witnesses in connection with an amount of \$4000 paid to the Dickson Lumber Company. John Dinningman, a former officer of the company, was examined for over an hour. He swore that W. A. Straton, came to the company's office in 1919, came to the company's office in early 1920, and that he had received a cheque for \$2000. Waiden took the

WHEN YOU SEE

Ceylon Tea on the packet you can rest assured that the contents are pure and of delicious flavor. Japan Tea drinkers should give "SALADA" Green Tea a trial. Lead packets only—25c, 30c, 40c, 50c and 60c per lb. Your grocer will give you your money back if you do not like it.

FOR CATHOLIC HIGHER EDUCATION. About \$35,000 Subscribed for Extension of St. Michael's College. About 120 of the leading Catholic laymen of Toronto attended a meeting in St. Michael's College last night to consider the question of higher education of English-speaking Catholics in Ontario and to raise funds for college extension. It is proposed to spend between \$80,000 and \$100,000 in a new college in Toronto, the plans of which have already been prepared.

HARNESS MAKERS GATHER. About 100 Delegates at Annual Meeting of Ontario Association. The third annual convention of the Ontario Harness Makers' Association was held yesterday afternoon at the Hotel Hamilton. The meeting was opened by the president, Charles Kelly, and was attended by about 100 members.

PIANOLA RECITAL. This Afternoon at 3 o'Clock. "It is astonishing," says Paderewski, "to see how little device is required in cutting the masterpieces of pianoforte literature with dignity, clearness and velocity which no player, however great, can approach." Today's program includes: Chopin's "No. 10" (F. Liszt), and other selections that Paderewski will play at Massey Hall this evening.

THE ST. LAWRENCE ROUTE. Ottawa, March 4.—A deputation representing the shipping interest of Canada, headed by Hon. James Macpherson, arrived in Ottawa last evening upon the question of providing additional aids to navigation on the St. Lawrence. Those present included Messrs. J. G. Macpherson, J. W. Gier, Reford Steamship Company, and F. E. Merrett.

WELLAND PROHIBITIONISTS. Welland, March 4.—The County Prohibition convention met and organized here to-day, appointing D. L. Brethour, Niagara Falls, president, and J. C. Outburt, Welland, vice-president, and J. H. Thompson, Thorold, secretary-treasurer. Representatives were appointed in each municipality for organizing purposes.

THE STARVATION PLAN. Of Treating Dyspepsia and Stomach Troubles is Useless and Ineffective. The almost certain failure of the starvation cure for dyspepsia has been proven time and again, but even now a course of dieting is generally the first thing recommended for a case of indigestion or any stomach trouble.

Just What You Need. We are encouraged to hope that the stormy, nasty weather will soon be past and the beautiful spring days are at hand. The need of a good pair of those heavy walking shoes, in which the St. Lawrence is the favorite for men and boys. Prices \$3.50 and \$5.00.

She is Free Now. Hamilton Lady, a Slave for Six Years to Dyspepsia and Headache, at Last Finds Deliverance in Dodd's Dyspepsia Tablets. What joy to be free again after years of tiresome bondage!

They Want Their Money. Pekin, March 4.—The government has ordered Marshal Su to resume command of the rebellious soldiers in Kwang Si Province. It is doubtful if he will be able to control them, as it is necessary first to pay them their overdue wages.

Nervous Debility. Exhausting vital drains (the effects of early follies) thoroughly cure: Kidney and bladder affections, Unnatural Discharges, Stricture, Phthisis, Loss or Falling Manhood, Varicose, Old Cancers and all diseases of the Genito-Urinary Organs. It makes no difference who has fallen to cure you. Call or write. Consultation free. Medicines sent to any address. Hours—9 a. m. to 9 p. m. Sundays, 3 to 9 p. m. Dr. Reeve, 208 Sherbourne-street, southwest corner Gerrard, Toronto. 246

There are no trifles in matters of health. TAKE IRON-OX TABLETS. If the liver is sluggish. There are no trifles in matters of health.

THE COPPER AND NICKEL INDUSTRY

THE COPPER AND NICKEL INDUSTRY. In a Particularly Flourishing Condition and Shows Big Increase Over Preceding Year. In the annual report of the Bureau of Mines, Director T. W. Gibson says of the output of minerals and mineral products in the province for 1919, that the total value of the products shows an increase of 27 per cent., and almost the whole of it is in the products of the metalliferous mines and works, the value of which is about 100 per cent. more than in the previous year.

Principal Increases. The principal increases are given as follows: Increase in Value. Copper ... 2,844,000 lbs. \$ 288,394 Nickel ... 1,802,000 lbs. 1,103,344 Iron ... 15,163 tons 322,623 Steel ... 58,984 tons 765,637

The Nickel output last year was the largest yet recorded. The increase in value is much greater than the increase in production. The same applies to copper, the price of which was maintained until about the close of the year, when it broke heavily. The increased production of iron ore is due to the development of the Helen Mine in Michipicott.

The greater production of pig iron is owing to the fact that there are now two furnaces in operation as against two in 1919. The output of the Hamilton Steel and Iron Company, since the beginning of the present year, steel-making has been begun at the Clergue works.

Falling Off in Petroleum. There has been considerable falling off in the yield in petroleum, which is not so great, however, as the reduction in the value of the output. The diminution in the value of natural gas is accountable for the decrease of the government stopping the export of it from Essex.

The Steel Industry. The steel made in 1919 was wholly produced by the Hamilton Steel and Iron Company. Since the beginning of the present year, steel-making has been begun at the Clergue works.

MINERS DESERT MINES. Telluride, Col., March 4.—J. D. C. O'Connell, who was listed among the killed in the explosion at the Liberty Bell Mine last Friday, is alive and well. He was freed by the avalanche but managed to dig his way out from the place of safety. All mines and mills in the district are closed.

LOCAL TOPICS. The annual meeting of the Canadian Medical Association will be held Thursday. The Y.M.C.A. will hold its regular meeting at the Y.M.C.A. building on the corner of the Board of Regents. The late James Boyce. On Friday evening the first second and third annual dinners of the Y.M.C.A. will be given at the Y.M.C.A. building.

Bought Cold Storage Plant. A week ago William Harris & Co. purchased the plant of the Toronto Cold Storage Company, which is being liquidated. Yesterday J. B. Harris, acting for the firm, leased for two years the plant and building at 40 West Street, Toronto. The plant is the best cold storage facilities possible.

NEW PREMISES. The W. H. Steele Co., Limited, wholesale tobacconists, are now settled in their new workrooms at 40 West Street. The new home for this energetic firm is a large airy four-story building, well lighted and ventilated, and is fitted with every modern ware-house equipment. The ever-increasing business of this house has made it necessary, and they are now prepared to meet all demands for goods in their line.

Chicago & Northwestern Ry. from Chicago to Montreal, Ontario, and Quebec, during the months of March and April 30,000 Spokan; \$38,000 Los Angeles; \$38,000 Portland, Seattle, Tacoma, Vancouver, Victoria and a large number of other points. Tourist Sleeping Cars daily to the Pacific Coast. For maps and particulars apply to nearest ticket agent or address R. H. Bennett, East King-street, Toronto, Ont.
