

DAMAGES FOR FALSE ARREST

Arthur Reesor of Markham Township Will Have to Pay \$100 to John Clodd.

THE "DIGGER" CASES ON THURSDAY

True Bills Against Lewis D. Bailey and Harvey W. Rummen—Cases in Court of Appeal.

The grand jury of the Criminal Sessions on Tuesday returned true bills against two former conductors employed by the Toronto Railway Company. The men indicted are: Lewis D. Bailey, charged with these thefts: April 19, 25 cents; May 20, 15 tickets; June 5, 5 tickets; retaining 148 tickets during the month of June. Harvey W. Rummen, May 6, 8 tickets; May 17, \$2 and 15 tickets; May 24, \$2; June 3, 43 tickets. There are fifteen such cases against as many men, and some of them are charged with more than one offence. They are known as the "digger" cases. The trial of Bailey and Rummen will probably commence tomorrow morning.

Rehearsal in Barber Shop. In May last John Brown of Malton, Peel County, came to Toronto with \$300 in his inside pocket. He brought it down to pay for a little village home. He put it all in the bank except \$50, which he kept with him. Some one, whom he can't recall, took him by the arm, told him to come and have a hair-cut. He was escorted to O'Brien's barber shop on Yonge street against his will, thrust into a chair, and a razor was used on his head. While he was in the chair another barber, who has not been found since, snatched Brown's roll of bills from his pocket, inch meanwhile, holding the customer. This story was told to a jury in the Criminal Sessions, where Inch was on trial on Tuesday charged with stealing the money, or having a hand in the theft. The evidence was all in when the court adjourned.

Judgment for False Arrest. A jury in the Civil Assizes awarded John Clodd of Markham Township \$100 damages in his action against Arthur Reesor for alleged defamation, character and false arrest. It was claimed that Reesor had accused Clodd of stealing \$25 of the funds of the Fox Sunday school and caused him to be detained by County Constable Burns until the case was investigated. Clodd's boots did not correspond with the footprints of the thief, and he was released. Littlejohn v. Tool was settled, and Stone v. Brooks, Abraham v. Toronto Railway Company and Edmondson v. London Free Press were adjourned to the next court.

Appeal Against Award. The appeal of the Kingston Heat, Light and Power Company from the judgment of Mr. Justice Louth, upholding the refusal of three arbitrators to allow the company \$80,000 for their franchise, which was taken over, together with their property, by the city of Kingston, was argued in the Court of Appeal. Judgment was reserved.

The action of Alfred E. Holmes, an English barrister, against H. Gayford Wilmshire, proprietor of Wilmshire's Magazine, and his controller, John Wilmshire, was dismissed with costs by the Master-in-Chambers for lack of prosecution.

Peremptory Lists. Jury Assizes, peremptory list for Wednesday at 10 a.m. Evered v. Toronto Western Hospital, G.T.R. v. McGann. Non-Jury Assizes (Reynolds v. Frichette, Imperial Bank v. Massey, Land v. Campbell, Butler v. Parkes, Johnston v. Johnston, Alho v. Tanquer, Bros., Gallo v. Tanquer Bros., Canada Company v. Patterson, Township of Elmo v. Township of Watt, Lee v. Canada Mutual Loan Company, Rank v. Township of Amaranth, Clark v. W.E. Rex v. Lewis, Mellich v. M.C.R., Oates v. London Street Railway. If no cases today, the sittings will be closed.

High Court: Bryant v. Edis, Granger v. Gross, Imperial Bank v. Ferguson, Beatty v. McNeil, re Penhale estate.

HELP FOR FIREMEN'S WIDOWS. Trustees of Permanent Fund Decide as to Distribution. The trustees of the Firemen's Permanent Benefit Fund met in the Mayor's office Tuesday afternoon. There were present: His Worship the Mayor, A. E. Ames, H. D. P. Armstrong, Chief John Thompson and Secretary Jarvis. The merits of those desiring to participate in the fund were considered with the following results:

During the year commencing Aug. 8, 1902 the following sums will be disbursed monthly, viz.: Widow of F. G. Russell, \$80 per month; widow of Harry Clarke, \$50 per month; widow of Walter Colford, \$15 per month; the husbands of the above perished in the McIntosh fire; the orphan children of D. J. Nolan, who perished in the Lindendree fire in March last, \$30 per month; the widow of Thomas Deacon, who lost his life at the fires fire, \$12 per month.

The City Treasurer was instructed to make payments accordingly. It was also decided to have the City Solicitor draft a form of legislation to provide for the incorporation of the trustees pursuant to the trust deed, for the ratification of the city's grant and the future administration of the fund. Several other applications were considered, but were found to be excluded from the benefits under the terms of the trust.

NEW MEN FOR POLICE FORCE. Commissioners Send Up a Number of Applicants for Examination. The Board of Police Commissioners, at a meeting held on Tuesday afternoon, examined a number of applicants with a view to bringing the force up to the establishment of 300. These were sent in for medical examination: J. H. Cotton, F. Reilly, H. E. Power, C. H. Pencock, W. J. Horan, G. Cook, M. MacIntyre, W. J. O'Rourke, G. E. Ewin, A. Specht, A. Sothorn, E. Koster, H. O. Latremouille, W. Chappelle and J. F. Marshall.

A number of expressions petitioned for a higher tariff, particularly for moving furniture. A legal question is involved, and the matter was referred to the City Solicitor. The tariff for automobiles will be treated the same as for two-horse carriages. President McNair wrote, thanking the police for their services at the Exhibition grounds. Inspector Hall, who was in charge, was highly spoken of. Contrary to expectations, no promotion was made to fill the vacancy caused by the resignation of Sgt. W. Vaughan and the promotion of Patrol Sgt. Watson.

To Those of Sedentary Occupation.—Men who follow sedentary occupations, which deprive them of fresh air and exercise, and more prone to disease of the liver and kidneys than those who lead active and outdoor lives. The former will find in Parmentier's Vegetable Pills a restorative without question the most efficacious on the market. They are small, round, easily taken, act expeditiously, and they are surprisingly cheap, considering their efficacy.

Try a cord of our dry pine slabs for summer use. P. Burns & Co., 38 King East. Telephone Main 131.

"Nine-Tenths" of the world's shopping is done by women—hence the enormous sale of

CEYLON TEA. It manifests its vast superiority over all others in a tea-pot test. Sold only in lead packets. 25c, 30c, 40c, 50c and 60c per lb. Black, Mixed or Green. By all Grocers.

LIVING WALL OF PICKETS. How the Striking Miners Put it About Idle Collieries.

Mahanoy City, Sept. 23.—Wed in its working and effective in its execution is the new plan adopted by the striking miners to checkmate the attempts of the operators to resume work at the North Mahanoy and St. Nicholas collieries. In brief, the idea is the shutting out of non-union workmen from these mines by a living wall of strikers.

So complete is the blockade made by thousands of pickets that no one has run in the last forty hours. Deputies with ready Winchester rifles and rifles that are eager for the trigger, nightly chafe on the inside of the picket circle, while the men of the Second Troop of Philadelphia City Cavalry gallop restlessly along its outer side.

Death is in the Air. In the darkest hours of the night begins the situation becomes tense. Moments of wounding and death is in the air at the hands of indignant strikers for the non-unionist who attempts to pass thru the lines, death for the strikers when violence brings rifles and sabres to the rescue.

As the double and sometimes triple line of pickets maintains its nightly vigil, the men keep in touch with each other by the calling of regular intervals and by meeting at regular intervals at the ends of prescribed beats. As they move along in total darkness the silence is relieved by the telling of stories or, maybe, the spirited singing of "The Star Spangled Banner" by a party of Welsh miners, or the humming of a Lithuanian.

The pickets have been out since 9 o'clock, and their vigil will not end until long after daybreak, but there is no complaining. The stress of war is on the souls of these men, and they know neither fear nor fatigue. To them the strike is a struggle, not only for their own daily bread, but for the betterment and independence of their children.

Non-Unionist Held-Up. A slight commotion brings together a dozen of the pickets nearest to the point of disturbance. The others are too well disciplined to leave their posts. A man carrying a bag, screen and hat, has been caught trying to slip thru the line.

Who is he, Jim? "Shut your mouth! Do you want to bring the soldiers on us. Now, you tell us quick who you are and what you are carrying here." "Me do coal pick. Me no scab."

In an instant, the bag is emptied and its contents examined. If the man proves to be only a coal picker, he is sent home with a warning not to go out on the cum dump until after 9 o'clock in the morning. If it is found that he intended to work in the mine, he is urged to give up his non-union employment and join the union.

Violence Prevents Calm. That there has been no serious clash between the pickets and deputies nor between the pickets and troops is due to the untiring vigilance of a peace committee whose duty it is to repress all forms of violence. The danger is that of these line pickets, who are peace committee will not be able to check the anger of the men or that some over-zealous deputy or trooper will shoot into the pickets. The direct consequence of any one of these occurrences will be general rife and shooting down of unarmed men and a riot that will startle the nation and precipitate the settlement of the strike.

Halifax Regiment Disbanded. Ottawa, Sept. 23.—A special militia order was issued this afternoon disbanding the Special Service Battalion, Royal Canadian Regiment, at Halifax. Lieut.-Col. White will resume control of the St. John military district and the officers of the permanent corps will resume duty at their former stations. There will be vacancies for 250 men in the permanent corps if they desire to re-employ.

Improved Service—No Increase in Fare. The addition of a dining car on evening train from Toronto for New York has materially improved the service, but the fare remains the same and is no higher than other lines. As C.P.T. agents about it.

We have not advanced the price of our tobaccos. Amber smoking tobaccos, Bobb, Currency and Fair Play chewing tobaccos are the same size and price to the consumer as formerly. We have also extended the time for the redemption of Snowshoe tags to Jan. 1, 1903. The Empire Tobacco Company, Limited.

Grain Standards Board. Ottawa, Sept. 23.—An Order-in-Council has been passed appointing the Eastern Grain Standards Board. The board is the same as last year. Mr. Matthews of Toronto being chairman.

Grand Jury met New Questions. The grand jury of the Criminal Sessions have written to Judge McDonnell the names of the constables and constables of their quarters in the City Hall. His Honor will see the civic authorities and endeavor to have another room assigned to them.

WOULD LIKE STANLEY PARK

Proposal to Add a Portion of the King-St. Playground to the Cattle Market.

DEALERS ARE NOT SATISFIED

Tenders to Be Asked for Cold Storage Plant for St. Lawrence Market—City Hall Notes.

A proposal to use the lower portion of Stanley Park as an extension to the cattle market was discussed Tuesday afternoon by a sub-committee of the Property Committee, and it did not meet with very much favor. A plan showing that part of Stanley Park south of King-street laid out in an addition to the cattle market was presented by City Commissioner Coatsworth, who recommended it. It would cost \$28,000, and would provide \$8,000. If the extension was made it would amply provide for the expansion of the market for several years.

Needed as a Park. There was opposition coming from Ald. Hall, who objected strongly to the park or any part of it being taken for a cattle market. He said it was not a public park, and was appreciated as such by the neighborhood. A splendid playground would be taken away from hundreds of men and boys if Commissioner Coatsworth's plan was carried out. The class of buildings which would be erected would be a disgrace to the vicinity. It was necessary to extend the cattle market Ald. Hall maintained that there is sufficient land for the purpose east of the market, which could be secured.

Not Enough Office Room. The new office building at the cattle market was considered. Ald. Dunn said that someone had been negligent, for while 17 offices are now reserved for the accommodation of firms dealing at the market, the new building only has thirteen. He said that in England, where the market has been in existence since the beginning, said Ald. A. Stewart who continued that he had the word of the English firm which had been so that the construction of the building had been faulty inasmuch as some parts of it had to be torn down and built over again.

Will Take Some Bank Room. As a solution of the problem of providing more offices Ald. Dunn suggested that there was a large space between the troops from the market, which had been set apart for banks. He thought that this space could be turned into more offices and two banks. To give the necessary accommodation to the cattle market it is likely that the building will have to be enlarged.

Cold Storage at the Market. The St. Lawrence Market Sub-Committee of the Property Committee met Tuesday afternoon and discussed cold storage at the market. A telegram from J. D. Ireland, New York, representing a large English firm, had been received asking for a contract for a cold storage plant for the market. It was proposed that the contract be given to the English firm.

Storage Company proposed to erect a cold storage plant for \$100,000 per annum for 21 years for the privilege of operating the cold storage plant. It was proposed that the contract be given to the English firm. He contended that the city would in such a case have to keep a competent staff to run the plant, and that such a plant could also look after the cold storage.

City Hall Notes. The special committee appointed to confer with the representatives of the Board of Trade with reference to the coal question will meet in the office of the Secretary of the Board of Trade at 4:30 this afternoon to discuss with the Council of the Board of Trade, the possibility of getting an adequate supply of fuel into the city.

Wilson Bros., lessees of the pavilion at Island Park, have applied to the city for a refund of a portion of their rent claiming that owing to the backward season they lost considerable money. The Mayor has received a report from Engineer Rust in regard to the foundry which is taking up so much room in the surface of the city and he has forwarded it to the legal department. The Gas Company are building.

Building permits issued Tuesday afternoon for: J. J. O'Rourke, alterations for 549 to 555 Euclid-avenue, \$12,000; Toronto General Hospital, additional construction, \$10,000; Paviour, alterations, 801 St. Andrew's Church, Jarvis-street, new porch, \$750; W. H. Knowlton, 4 Wellington, Dufferin-street, \$1,000; Green, 2 dwellings, Dagmar-avenue, \$3,000; George Gooderham, alterations 617 East Queen-street, \$1,000; St. Saviour's Church Club building, at Wilton-avenue and Sherbourne-street, \$3,000.

Grand Jury met New Questions. The grand jury of the Criminal Sessions have written to Judge McDonnell the names of the constables and constables of their quarters in the City Hall. His Honor will see the civic authorities and endeavor to have another room assigned to them.

CRISPNESS AND NOVELTY. There is nothing pronounced or "bizarre" about the "Semi-ready" Fall Business Suit. Just an easy, graceful Sack Suit, cut on New-York or English lines, as you prefer, and made up in many cloths, which are able spokesmen for Semi-ready's leadership in Canada and the United States.

Collar hugs the neck. Back is draped correctly from the shoulders. Coat does not creep up at the back. Neither does it creep up at the chest. "Semi-ready" is 90% complete (by specialists) when tried-on. Expert tailors finish-to-order in a few hours.

Carling's Ale PUBLIC CONFIDENCE. is good Ale—it's the "Ale that's always good." Every dealer who sells good goods sells CARLING'S AT ALL DEALERS. Toronto Brewing Co. Simcoe St. Toronto. GOAL AT \$5.50 A TON will drive your machinery twice as far when babbited with Imperial Hercules Metallic Babbit. Give Canada a chance. Manufactured by CANADA METAL CO., William St., Toronto.

Here is Strength. Are you a weak man? Are you nervous, fretful and gloomy? Is your sleep broken? Have you pains and aches in different parts of the body? Is your back weak and painful? Have you lost the vigor of youth? Is your vital power growing less? Are you rheumatic and gouty? Have you Varicose? These are all the results of the waste of vital force. The gentle stream of electricity from Dr. McLaughlin's Electric Belt goes into the nerves and weak makes every organ perfect. It cures permanently in every case. There are many remedies and few cures for the loss of vital, nerve and muscular strength, for those weaknesses which rob the physical body of its manhood. There is one grand and never-failing remedy when it is applied right. That is electricity. It will cure in every case when given to the body in the right way. It is a mistake for anyone to think that drugs will build up broken-down health. The real strength of the nerves and vital organs is electricity as applied by DR. McLAUGHLIN'S ELECTRIC BELT. Give me a man broken down from excesses, dissipation, hard work or worry, from any cause which has sapped his vitality. Let him follow my advice for three months and I will make him as vigorous in every respect as any man of his age, and if I fail it Won't cost you one cent. Can you ask a fairer offer than that? Will any other man take such chances on his remedy? I make you safe. You know what you are buying, as you pay for it after you are cured. How can I do it? Because I have found by experience that nine men out of ten are honest enough to acknowledge benefits received, and if the tenth man beats me, I can stand it if he can. I'd hate to pack his conscience about me. Take the chances. You might think I am taking long chances on my remedy. I don't. There is more in Electricity, rightly applied, than you think. It performs wonders in a broken man. It not only sets the wheels of health and vigor in motion, but makes a man feel so gloriously young and light-hearted that he can't help telling of it, and then paying for it comes easy. All I ask from any man or woman is that they give me evidence of their honesty by offering reasonable security and they can use the Belt at my risk and PAY WHEN CURED. READ MY BOOK—I have a book which every man should read (one for women also). It tells facts that are of interest to every man who wants to remain young in vitality at any age. Send for this book to-day if you can't call. I mail it, sealed, free. If you call I will give you a free test. Remember, my Belt does not burn, though you feel the current and can regulate it. I warrant it to give a strong current for years, though no one who uses it right needs it over three months. DR. M. O. McLAUGHLIN, 130 Yonge St., Toronto. Office Hours 9 to 5.30.
