THE BOYS' HOME

Reports of Past Year's Work Submitted Yesterday.

At the annual meeting yesterday of the Boys' Home, George-street, it was reported that 198 boys were taken care of during last year, of whom 112 were in residence at the close of 1907, two were sent to the Mimico Industrial School for truancy; four were apprenticed to farmers; one was put under the care of the St. Vincent de Paul Society; one was sent to his mother in the United States; one sent to his father in Glasgow, Scotland; 72 were removed by their parents; two died and 115 remained at the close of the year. Of the 115 remaining, 30 were under the age of five years, about 30 under that age are in the home.

The report of Mrs. R. S. P. McMaster, the secretary, noted receipts for the year of \$7514.42, with balance from 1908 of \$2195.24, and expenditures of \$3886.43. The appropriation fund, money received by the home from farmers to whom boys have been apprenticed, to be kept in trust till the boy is 18 years of age, shows a balance of \$1972.80.

MINERS' LUCKY ESCAPE.

YUZOYKA, Russia, Feb. 11.—The 125 miners who had been imprisoned in the Catherine mine for two days, following an explosion and fire on Feb. 9, and whose lives were despaired of, made their escape from the mine today thru an abandoned gallery.

Feeling 47 Feet Little Hurt.

A 47-foot fall down an elevator shaft yesterday in the new garage being built for the McLaughlin Automobile Company, made walking slightly difficult for McKenzey Penfound of 64 Mutual-street and scratched his face slightly. On his trip down he went thru a two-inch plank.

Silver Stolen From Mine.

William Kivy, a Canadian, giving 22 West Adelaide-street at his address, was arrested yesterday by Detectives Sackett and Archibald, charged with theft from the Victoria Mining Co., by whom he was employed at Delora, Ont.

He is said to have sold six pounds of silver since coming to the city at 25 cents an ounce, and had six pounds of the raw silver in his possession.

The Eureka Social Club are holding a dance in St. George's Hall to-night.

Had Heart Trouble and Shortness of Breath For Six Years.

Was Weak and Thin—Only Weighed Seventy-three Pounds. Now Weighs One Hundred and Thirteen.

When you find your heart the least bit out of rhythm, your nerves unwhinged, your breath short, don't wait until you are prostrated on a bed of sickness. Take Milburn's Heart and Nerve Pills. They'll put you in such condition you'll never know you have a heart, make your nerves strong and your whole being thrill with new life. Milburn's Heart and Nerve Pills cured Mrs. K. E. Bright, Burnley, Ont. She writes: "I was greatly troubled, for six years, with my heart and shortness of breath. I could not walk eighty rods without resting four or five times in that short distance. I got so weak and thin I only weighed seventy-three pounds. I decided at last to take some of Milburn's Heart and Nerve Pills, and after taking eight boxes I gained in strength and weight, and now weigh one hundred and thirteen pounds, the most I ever weighed in my life. I feel well and can work as well as ever. I did, and can heartily thank Milburn's Heart and Nerve Pills for it all."

Price 50 cents per box or 3 boxes for \$1.25 at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

BOARD OF EDUCATION INCREASES SCHOOL TAX

Estimates Are \$36,000 Above Last Year's—Provincial Government to Be Asked for Grant.

HAMILTON, Feb. 11.—(Special.)—The board of education this evening passed estimates calling for \$221,000 from the city, or \$36,000 more than last year, and the school tax was increased from five and seven-tenths mills to six and one-quarter mills. The proposal to restore the public school fees to twenty cents a month was voted down. A committee was appointed to wait upon the provincial government for a larger grant towards the technical school. There was also some talk of going after the Dominion Government. The Germania Club's request for permission to use a room of the rooms in one of the schools for two hours Saturday afternoon for the purpose of teaching German to the children of the maximum kindergarten, was granted. Mr. who has retired from the board after 21 years' service, was presented with a loving cup. The move to take the maximum kindergarten teachers from \$650 to \$550 was voted down.

The funeral of the late ex-Ald. J. C. Wood, London, will take place from the G. T. R. Station at 2 o'clock Saturday.

A special committee was appointed by the harbor committee to wait upon the Dominion Government to ask for a grant for extension of reclamation wall to protect the city dock.

Fred Bradley, 43 Tisdale-street, amateur ball player, broke down while at work, due to injuries received from being struck by a batted ball last spring.

Broker Will Pay Up.
Herbert P. Heming, a stock broker who failed a few years ago with assets of about one-fifth of his \$25,000 in residence at the close of 1907, two were sent to the Mimico Industrial School for truancy; four were apprenticed to farmers; one was put under the care of the St. Vincent de Paul Society; one was sent to his mother in the United States; one sent to his father in Glasgow, Scotland; 72 were removed by their parents; two died and 115 remained at the close of the year. Of the 115 remaining, 30 were under the age of five years, about 30 under that age are in the home.

The report of Mrs. R. S. P. McMaster, the secretary, noted receipts for the year of \$7514.42, with balance from 1908 of \$2195.24, and expenditures of \$3886.43. The appropriation fund, money received by the home from farmers to whom boys have been apprenticed, to be kept in trust till the boy is 18 years of age, shows a balance of \$1972.80.

MARKHAM VILLAGE, Feb. 11.—(Special.)—County Constable Hebbson returned at a late hour to-night from Claremont, where he went this morning to look into the alleged Thornhill horse stealing case.

The constable brought back with him the horse and rig all right, but so far the thief has eluded capture. The connection are substantially these:

On Monday afternoon a rather prepossessing-looking young fellow went to the home of Mr. Lowrey in Thornhill, and asked for the hire of a horse and rig, saying that he wanted to drive to Markham, and would return the same evening. Evening came, but the horse and stranger didn't, and Mr. Lowrey the next day communicated with High Constable Hamsden, and incidentally made known his loss to the world.

Yesterday Constable Hebbson learned that a horse and rig answering the description had been sold to a Mr. Wagg near Claremont, and going out there identified the outfit and to-night brought it to the village, after which Mr. Lowrey drove to his home in Thornhill.

The horse and rig were sold to Mr. Wagg for about \$85 on Tuesday morning, after which the stranger quickly took his departure, claiming stress of circumstances as the reason for disposing of the outfit at so low a rate.

Mr. Wagg will be out the amount of sale. High Constable Ramsden is of the opinion that the thief is the same man that stole the horse and rig from Newmarket a day or two before.

Horse stealing has within the last year or so become epidemic in York County, some valuable animals having been taken, among others, one of John Gardhouse's valuable Clydesdales valued at \$500.

AGINCOURT.

AGINCOURT, Feb. 11.—The East York Ploving Association will hold their annual meeting in the Temperance Hall here on Feb. 22, at 2 p.m. A full attendance of the members is requested. Frank Weil is secretary of the association.

YORK COUNTY NOTES.

The late Frederick Harry Chapman of Holland Landing left an estate valued at \$2711. The property is divided between his children.

OBITUARY.

At Montreal—Maurice Perrault, M.L.A. for Chambly, an architect.

At New York—John W. Albaugh, theatrical manager, suddenly, aged 73.

At Owen Sound—Dr. Chas. E. Barnhart, one of the early residents.

Rev. John S. Corcoran, for many years a member of the Methodist ministry, died after a long illness at his residence, 76 West Charles-street, yesterday morning at the age of 82 years. For a long time he was in charge of churches in the Hamilton conference, but was superannuated about two years ago.

At Windsor—Chas. Crawford, son of Alex. Crawford, prominent land owner, suddenly.

At New York—Russell Sturgis, architect, designer of several of Tate College buildings, aged 73.

Not Fishing on Thames. A departure from Chesham waited on Hon. Dr. Reaume yesterday with the object of resuming net fishing on the Thames. The practice was prohibited two years ago, and the request may be granted.

Do You Want a Real Good Trunk?

This special trunk is one of the strongest ever turned out of our factory. These heavy brass balls on the corners and on the ends of the slats protect it in every way.

5.45 Ball-cornered Trunk 5.45

It is brass mounted throughout, and fitted with superior locks and bolts. It also has a sheet steel bottom, and compartment tray inside. We offer it to-morrow, in 34 and 36-inch sizes, at the above price.

East & Co., Limited, 300 Yonge St.

OF INTEREST TO WOMEN

A paper and poem of exceptional historical interest were read at the monthly meeting of the Woman's Canadian Historical Society, which was presided over by Mrs. Forsyth Grant, and held at the Canadian Institute building on College-street. The paper, which was read by Chancellor Burwash of Victoria College, was on Champlain, and it paid a great tribute to him.

Miss Fitzgibbon, the secretary, then informed the gathering that the intentions of the society were to issue post-cards with the picture of the Old Fort on them, to sell at five cents each, and the proceeds to go towards the building fund of the Queen Victoria "Hall" Memorial.

A poem by Miss Marjorie L. C. Pickert, entitled "Pere LaMoignon," was then beautifully read by Lady Edgar. Among the ladies present were: Lady Edgar, Mrs. Pelham Edgar, Mrs. Forsyth Grant, Mrs. Wood, Mrs. Nixon, Miss Fitzgibbon, Miss Egan, Mrs. MacCallum, Mrs. MacCartney, Mrs. Ed. Leigh, Miss Barker, Mrs. Gulenst, Miss Rice, Miss H. M. Hill, Miss Smith, Miss Gamble, Miss Maxwell Carr, Miss Taylor and Miss Smith.

Against Franchise for Women.
DUBLIN, Feb. 11.—The Irish National convention defeated by a large majority a motion that the parliament franchise be extended to Irish women on the same terms as to the men.

Chicago Heroic Girl.
CHICAGO, Feb. 11.—Miss May Donnelly, night telephone operator, proved herself a heroine early to-day in a fire which destroyed a freight house of the Wabash Railroad, causing a loss of nearly half a million. While the flames raged about her, Miss Donnelly remained at the switchboard, notifying the different employees in the yards of the fire, until she was overcome by smoke. Clerks found her unconscious.

Mrs. Longworth a Union Breaker.
GRAND RAPIDS, Mich., Feb. 11.—At the meeting of the Bricklayers' and Stonemasons' Union No. 1 this evening Mrs. Alice Roosevelt Longworth will be formally issued a union card. This honor will be conferred in preparation for the part she will take to-morrow in the exercises at the laying of the corner-stone of the new Grand Rapids Federal Building.

in Society.
C. McLean Stinson, J. R. Brodie and Murray J. Woodbridge are at the Hotel Chalfont, Atlantic City.

Miss K. L. Wilks, Crutcheon Park, Galt, has notified her friends in Galt this week to their family and intimate friends: Mrs. Hattie Green, New York, daughter, Miss Silvia, to Matthew Asor Wilks, New York, eldest son of the late Matthew Wilks, Crutcheon Park, Galt, Ontario.

Mrs. Devaney of Albany-avenue will not receive to-day, but on the third Friday for the remainder of the season.

Mrs. P. S. Halston of 6 Spadina-road will not receive to-day.

The rumors that the engagement be-

W. Doane of Carlton-street on Friday afternoon.

Mrs. Bert Applegh, 141 Bedford-road, will receive to-day.

J. C. Eaton, president of the T. Eaton Co., has accepted the position of honorary vice-president of Schubert Choir.

His Excellency the Governor-General and party will attend the concert of the Mendelssohn Choir to-morrow evening, when the program will consist of unaccompanied works by the choir and piano numbers by Miss Augusta Cottlow, the celebrated American pianist.

Providing, as it does for every form of outdoor enjoyment, the Metropolitan Church Recreation Club is already a very popular institution. Its program includes skating, bobbing, sleighing and other winter sports. Tickets for the boat, rambles, picnics and photographing tours in more open weather, Wednesday evening about a hundred and twenty-five, and for the sleighing party, followed by a supper, the executive committee is a novelty. There are also double officers for the positions of president, vice-president, secretary and treasurer, the associate officers being ladies, with a committee of two ladies and two gentlemen. Provision is made for a summer camp at a reasonably low cost, and a camera club with all necessary materials for finishing the pictures. The club will procure an athletic field for the summer months.

One of the most interesting concerts of the season will take place in St. George's Hall on Thursday evening, Feb. 23, for the benefit of the city's quake sufferers. Already a large number of tickets have been sold and from all appearances a crowded house should greet the clever and kindly giving their services for such a worthy cause. Those taking part will be: Nellie Corbett, soprano; Mildred Walker, reader; Conna Macnehan, tenor; Arthur George, baritone; Francis Grant, violinist; and F. H. George, pianist, and accompanist.

Mr. and Mrs. John Burton of Robert-street have returned after a two weeks' visit at The Welland.

FOR A CENTRAL COURT
Would Save About \$17,000 a Year, It is Estimated.

At a conference yesterday before Judge Winchester of the legislative committees of the city and York County councils it was decided to recommend an application for the creation of a central criminal court for the city and county.

It is estimated that a saving of \$17,000 a year could be effected.

For comparing the two systems in detail the following figures were submitted:

Present system—	\$25,000.00
Petit jurors for sessions.....	12,695.29
Grand jurors for sessions.....	5,246.85
Grand jurors for assizes.....	702.30
Constables for sessions.....	4,532.30
Constables for assizes.....	6,429.26
	\$49,805.15
New system—	\$32,650.00
50 petit jurymen.....	25,000.00
15 grand jurymen.....	1,950.00
Police.....	4,800.00
Mileage for jury.....	900.00
	\$32,650.00

Under the new system court would be held monthly, with the exception of July and August, and occupying approximately about 200 days.

LIQUOR SOLD TO MINOR
And at Parents' Request, He Was Used as a Detective.

The convictions for selling to a minor over which Judge Fraick's name came into prominence have been made the occasion in the Liberal press for aspersions on the license department. The facts as stated by Hon. W. J. Hanna are that the parents of the young man in question made a request and complained very bitterly to the department that their son, who was 17 years of age last September, was furnished with liquor by the keepers of different hotels; that he was driven to excess, and that they wanted it stopped. The matter was taken up by Inspector Aveyart and he decided to send a man to the ground. It was found that the parents of this man should accompany him. The young man at the parents' suggestion and in presence of the officers in suit at the hotel, convicted asked for a flask of liquor and got it, without reference to the fact that he was clearly under 21 years of age. As Madam Justice Fraick, in his hotel refused to sell the lad liquor, saying he was evidently under 21.

What the department did was at the instance of the lad's parents and it could not have been done without using the boy. Both he and they are well satisfied with the result.

PROVINCIAL PRIORS' VISIT.
An attractive program has been prepared for the assembling to-night in Temple Building of Geoffrey de St. Alderem Preceptory, Knights Templar. R. E. Sir Knight J. C. Irwin of Barrie, the provincial prior, will be there on an official visit and there is expected to do honor to the representative of the grand master. Other preceptors will also pay fraternal visits and there will be banquet at the close of the elaborate ceremonies arranged for the armories.

SAYS HE SAW MURDER DONE.
PARIS, Feb. 11.—The authorities have received an anonymous letter in which the writer claims that he occupied the adjoining compartment in the train which carried the late Catullo Abraham Mendes from Paris to Saint-Germain and that he saw M. Mendes struck and hurled from the train by a fellow-traveler.

Real Estate Sales.
The property 29-25 Yonge-street, has been sold by Alex. Patterson for \$75,000 by the F. R. Robins, Ltd. A \$80,000 business block will be erected. The F. B. Allen warehouse at 87-1/2 to 111 West Adelaide-street, has been sold to Bartlett Bros. for \$30,000.

THIS COUPON ENTITLES ONE CHILD TO ENTRY FOR A PRIZE IN THE BORDEN'S BABY CONTEST

Paste the Coupon on the back of a CABINET SIZE PHOTO and attach a LABEL cut from the 1909 of a can of BORDEN'S EAGLE BRAND CONDENSED MILK NO ENTRY FEE OR OTHER CONDITIONS.

Name of Child.....

Age.....

Parents' Address.....

Address to "Baby Contest Editor" The Toronto Sunday World.

SHIFT POLICE OFFICES TO RELIEVE GROWING ALDERMEN PROPOSE CHANGES TO POLICE COMMISSIONERS—OLD FORT RESTORATION.

The civic property committee yesterday decided, on recommendation of Property Commissioner Harris to suggest to the police department a complete readjustment of the department's offices, including the transfer of the detective offices from upstairs to the ground floor offices occupied by the deputy chief and police court clerk, and vice versa.

The Team Drivers' Association had a deputation before the board of council yesterday to urge the city to consider its decision to establish its own system of cartage in the removal of garbage from the city. They were given a day for their teams and carts they would guarantee a better service than a civic one would give. Dr. Sheppard would estimate the city would engage a number of hired carts. It will cost \$30,000 to restore the old fort along the waterfront. The city has a stone wall, \$400; sodding slopes, \$500; walk on top of ramparts, \$500; renewing stockade, \$500; repairs to buildings, \$400; remodeling driveway and building work on bridge, \$500; gateways, \$10,000.

The assessment commissioners' recommendations for salary increases in his department show several changes from those submitted Feb. 23 for the entire year. The chief collector's salary is to be raised to \$58,194, as against \$44,837 last year.

Sir Richard Cartwright has sent the city solicitor a claim for the city's suit to recover about four acres of land on Givens-street held by the city for \$25,000 arrears of taxes. He contends that the city cannot claim a profit in absolute ownership or make a profit beyond the amount of arrears.

The controllers again recommended the appointment of Dr. Parry as jail physician. Dr. E. E. Parry and Dr. E. Herbert Green are also candidates.

The city engineer, reporting on Ald. Keefer's proposal that a systematic system be made for the paving of city streets, says that the policy of the city council has been to give the contractor a claim on the city for the pavement. Nearly all the chief thoroughfares are properly paved, but Queen-street needs paving from the railway tracks east to the city limit. He recommends the paving of McCaul-street with asphalt block, and Dunning-avenue with asphalt blocks.

The city has received from York County \$18,825 as the county's share of the cost of the administration of justice. The amount is about \$300 in excess of their share in 1908.

Manager Fleming says the pay-as-you-go system will not be installed on the street cars until next fall.

RAILWAY COMMITTEE MEETS AND REPORTS FIVE BILLS
OTTAWA, Feb. 11.—(Special.)—The railway committee of the house to-day reported five bills, three of which were introduced by the Hon. J. H. Ross, the Ontario lawyer. The Brandon Transfer Railway Company have their construction charter renewed. The Canadian Western Railway Company is incorporated to build from the boundary to Calgary via Crow's Nest and the Collingwood-Bowman Railway Company had its charter rights to connect with the C.P.R. extended. Shares in the city limit. The bill to renew the charter rights of the Huron and Ontario Railway Company on the ground that it was a blanket bill, introduced by the Hon. J. H. Ross, (Lambton) supported it, and it passed.

Off to Kingston.
Frank Law, mining broker, having completed his term of imprisonment at the Reformatory, was yesterday taken to Kingston to enter on his prison term.

HOW I MADE MY HAIR GROW
Woman With Marvelously Beautiful Hair Gives Simple Home Prescription Which She Used With Most Remarkable Results.

I was greatly troubled with dandruff and falling hair. I tried many advertised hair preparations and various prescriptions, but they all signally failed; many of them made my hair greasy, so it was impossible to comb it or do it up properly. I think that many of the things I tried were positively injurious, and from my own experience I cannot too strongly caution you against using preparations containing wood alcohol and other poisonous substances. I believe they injure the roots of the hair. After my long list of failures, I finally found a simple prescription, which I used with most remarkable results, and I can unhesitatingly state that it is beyond doubt the most wonderful thing for the hair I have ever seen. Many of my friends have also used it and obtained wonderful effects therefrom. It not only is a powerful stimulant to the growth of the hair, and for restoring gray hair to its natural color, but it is equally good for removing dandruff, and for the purpose of keeping the scalp in first-class condition; it also makes the hair much easier to comb and arrange in nice form. I have a friend who used it two months ago, and during that time it not only stopped the falling of his hair, but wonderfully increased its growth, but practically restored all his gray hair to its natural color. You can obtain the ingredients for making this wonderful preparation from any drugist. The prescription is as follows:

Bay rum, 5 ounces; Menthol crystals, 2 ounces; Lavon de Compose, 2 ounces; To-Kalon Perfume, 1 to 2 teaspoonfuls.

Apply to night and morning; rub thoroughly into the scalp.

Go to your drugist and ask for an eight-ounce bottle containing six ounces of bay rum, one-half ounce of Menthol crystals, and for a two-ounce bottle of Lavon de Compose. Mix the ingredients yourself at your own home. Add the Menthol crystals to the bay rum and then pour Lavon de Compose and the To-Kalon perfume. Let it stand for one-half hour and it is ready for use.

AWAYING WOMEN AN EVENING PARTY AND ITS SEQUEL.

How lamentable and yet how true it is that our social pleasures are responsible for most of our ills. This is due largely to neglect and thoughtlessness. A slight chill or cold contracted on leaving an overheated room after the system has been lowered by breathing the poisoned air, develops more rapidly than otherwise. Neglect this cold or cough and you will have sown the seeds of disease which rapidly germinate. Mothers should therefore warn their loved ones to take the greatest care of themselves when forced to mix with large numbers of people in close confinement and at all times (if they would preserve good health) use Psychine, the greatest of tonics.

The pictures given here tell their own story. The timely use of PSYCHINE "The Greatest of All Tonics" has saved many of Canada's fair daughters and their sons from an early grave. The following testimonials prove this:

CHILD'S LIFE SAVED!
Mrs. E. Obediah of Obsewin, Ont., declares that PSYCHINE saved her child's life. It was then suffering from pneumonia. This was in March, 1907. On August 11th, 1908, 17 months after, she wrote: "The condition of my family's health is decidedly good. I give PSYCHINE to each member of my family, eight in number, and I consider their good health is due to PSYCHINE which we recognize and believe to be the greatest of Tonics. My husband and myself pin our faith to PSYCHINE because it has done so much for us in times past when hard pressed with sickness. I would be glad if you referred me to any skeptical person and you can use my name for this purpose."

MOTHER AND BABY BENEFITED.
Mrs. Wm. Haystead of Falding, Ont., says: "I was very weak and run down when I commenced using PSYCHINE. I used two bottles and now feel like a new person. I also gave PSYCHINE to my little boy who had pneumonia, with good success. I shall always recommend PSYCHINE."

NO USE FOR DOCTOR NOW.
"I am glad to tell you I have not had to have the doctor since I have used PSYCHINE. I am now in good health, also the family. I used PSYCHINE for my boys who were growing too fast and were always pale and languid. PSYCHINE is now our family remedy," writes Mrs. Agnes Comber, 92 Wellington St., London, Ont.

WHAT PSYCHINE IS AND DOES
PSYCHINE is the greatest strength restorer and system builder known to medical science. PSYCHINE regulates and tones up all the vital organs. It cures stomach troubles, aids digestion, destroys disease germs in the system. The energy of tonics, it makes the blood pure, rich and healthy, giving renewed vigor and energy to those who are weak and tired and run down.

USE YOUR OWN JUDGMENT!
There are times when a choice has to be made between following the advice of a physician and taking the responsibility of using Psychine without or in opposition to his advice. You have the fullest assurance that you will be perfectly safe and justifiable in taking Psychine irrespective of any physician's advice, and even contrary to it. The physician that opposes its use either out of date and not in touch with the most successful systems of treatment, or his own interests as put before those of his patients. Such a system of treatment as Psychine, which has thousands of most wonderful cures standing to its credit, cannot be endorsed by every physician to whom the life and health of his patient is a matter of first importance. The best physicians, who have witnessed the results of its use, and are convinced in their own minds of its value, are recommending it to many of their patients, the force of which the world has never seen.

Psychine, 75c per 4 oz. jar of the system, and cure of all ailments. At All Drugists \$5.00, and \$10.00.

WHY SHOULD TORONTO LAG?
Even Vancouver Can Afford to be the Fire Chief.

Chief Thompson is the first man the firemen look to for direction at a big fire, and it is of essential importance that the chief be the first one to arrive to size up the situation, so that no time or effort be lost," said H. H. Love of Hyslop Bros. yesterday, emphasizing the necessity of Chief Thompson having an automobile to carry him quickly to a fire in any part of the city.

Mr. Love stated that automobiles had been an unqualified success to what ever fire department they had been introduced, and that the fire department having recently purchased a Cadillac car for this purpose.

M. A. Kennedy, general manager of the Dominion Automobile Company, expressed surprise at the action of the controllers in striking out the appropriation for the purchase of an automobile.

"No city the size of Toronto," said Mr. Kennedy, "can afford to be without an automobile for its fire chief. The saving of time and the increased facilities would more than compensate for the initial cost. The maintenance would cost very little. All cities of any size in the United States have them."

Other automobile agents in Toronto also endorsed these views.

When the board of control turned down Chief Thompson's request for an automobile they could not have done so without the machine would adapt itself. In whatever part of the city the chief might be, he would be immediately available for any fire, as he could pass thru the streets quickly and safely. It would assist him in his work of inspection and organization, and his prompt arrival at a fire would often result in a large saving to property owners.

At a demonstration yesterday a World representative was taken from the corner of Queen and Victoria streets to Jarvis and Gerrard in one and one-half minutes, despite numerous obstructions, and with absolutely no danger to other traffic, and with the right-of-way the chief would enjoy this time could be greatly improved upon.

COMING WALTZ DREAM
CITY'S RECORD IN CRIME

Chief Grasset Submits Report of Past Year's Delinquency.

"Suppression of gambling in the city will not be possible till the bookmakers and betting public can be more effectively reached."

So says Chief Grasset in his annual report covering the year 1908, which was presented to the mayor yesterday. The report shows that during the year there were 19,027 arrests and summonses, as against 17,640 in 1907. The classification of crime was:

Murder.....	1907, 1908, 2
Burglary.....	22
House and shopbreaking.....	189
Highway robbery.....	50
Pocket-picking.....	76
Theft.....	2,982
	5,396
	2,391
	2,672

The police ambulances answered 2615 calls. The report advises the addition of three more ambulances.

The morality department itemized account stands:

Houses of ill-fame and disorderly houses.....	275
Liquor cases.....	41
Cruelty to animals.....	101
Miscellaneous.....	1,470
Fines imposed for these crimes.....	\$5,048
	\$5,746

BIG BAIL DEMANDED
\$10,000 Each Required for Railway Fare Operators.

Joseph Woods, Harry Rosenkes, Daniel Corrigan and Frank McCallum were yesterday committed for trial charged with conspiracy to defraud the G.T.R. in the carrying passengers without payment of the proper fare between Toronto and Montreal. Corrigan, with Jacob Woods, will appear for the defence.

W. H. Barnes and Matt Spardork gave evidence against Rosenkes, Joseph Woods and McCallum. Spardork said Rosenkes had told him he was sending \$6 Italians east in the fraudulent way. Louis Retley involved Mrs. Woods and Corrigan in his evidence, and said Rosenkes told him he had been doing business with McCallum for three years. Theo. Lauzazari and John Miller of Montreal also testified.

Judge Winchester later in the day consented to allow the release of the outset on \$10,000 bail each.

PICKS AN OUTSIDER FOR COLLECTOR OF CUSTOMS
OTTAWA, Feb. 11.—(Special.)—A gentleman who knows what is going on in the customs department, the successor of the late Mr. Small, collector in the Toronto Customs House, will not be from the outside, who perhaps may have strong claims for a senatorship or some like appointment.

The same gentleman, who claims to know the feelings of the administration, avows that as was the case in the London postmaster's office, the government has nothing to lose by overlooking any claims that might be made by a local man.

Good Time?
Last night—eating big dinner is often the maker of a BAD TODAY. Why not Over-eating means extra work in the stomach and bowels. You've got to suffer if you don't help nature unload with CASCARIS. "They work while you sleep"—you're O. K. in the A. M. Tonight's the night to take care of to-morrow.

CASCARIS—see box—week's treatment. All drugists. Biggest seller in the world. Million boxes a month.

DR. WOOD'S NORWAY PINE SYRUP
Is without an Equal for COUGHS, COLDS, BRONCHITIS and all Affections of the THROAT and LUNGS.

All the most serious affections of the throat, the lungs and the bronchial tubes, are in the beginning but colds or coughs. Too much stress cannot be laid on this fact, and neglect to cure the cold very often causes years of suffering and in the end comes "Consumption." Dr. Wood's Norway Pine Syrup combines all the lung healing virtues of the Norway pine tree with other absorbent, expectorant and soothing medicines of recognized worth, and is absolutely harmless, prompt and safe.

Mr. J. L. Purdy, Millvale, N.S., writes: "I have been troubled with a hard, dry cough for a long time, especially at night, but after having used Dr. Wood's Norway Pine Syrup, for a few weeks, I find my cough has left me. To any person, suffering as I did, I can say that this remedy is well worth a trial. I would not be without it in the house. It would not be without it in the house. The same gentleman, who claims to know the feelings of the administration, avows that as was the case in the London postmaster's office, the government has nothing to lose by overlooking any claims that might be made by a local man."

OTAWA, Feb. 11.—(Special.)—The railway committee of the house to-day reported five bills, three of which were introduced by the Hon. J. H. Ross, the Ontario lawyer. The Brandon Transfer Railway Company have their construction charter renewed. The Canadian Western Railway Company is incorporated to build from the boundary to Calgary via Crow's Nest and the Collingwood-Bowman Railway Company had its charter rights to connect with the C.P.R. extended. Shares in the city limit. The bill to renew the charter rights of the Huron and Ontario Railway Company on the ground that it was a blanket bill, introduced by the Hon. J. H. Ross, (Lambton) supported it, and it passed.

Granites' Tankard

Note and Comment

It was only in 1900 that Toronto Granites won their last tankard, but in those years they had the habit and it thus seems a long time since they have won one.

Granites Double the Score On Ingersoll's Tankard Rinks

HAMILTON THISTLES BEATEN 10 SHOTS IN SEMI-FINAL—ORILLIA AND PETERBORO LEFT FOR GOVERNOR-GENERAL'S FINAL TO-DAY

The Toronto Granites defeated Hamilton Thistles yesterday morning and in the afternoon won the Ontario Tankard final from Orillia in the semi-final.

All the Scores

GALLIHER, THE STAR

Eureka's Win by 15 to 9—Goderich Win at Clinton and Barrie at Collingwood.

From Foul Line to Head Pin

BOWLING GAMES TO-NIGHT

The following are the bowling games scheduled to-night in the different leagues:—Toronto, Queen City, Business, Millinery v. White & Co., Oddfellows.

HOCKEY GOSSIP

It is likely that Woodstock's fast bunch of juniors will play a night exhibition game here to-morrow night at 7 o'clock.

WOODSTOCK'S FAST BUNCH OF JUNIORS

Woodstock's fast bunch of juniors will play a night exhibition game here to-morrow night at 7 o'clock.

Not very long ago some of the outside clubs objected to coming yearly to Toronto for the finals, but the curling accommodation has been such that they would like to return to the city clubs where they sent elsewhere.

At both Granite and Queen City at this time the sheets were practically perfect, drawing and cutting with both turns on every rink and the ice makers are accordingly to be congratulated.

Charley Carr, now manager of the champion Indianapolis team of the American Association, is certainly in clover, when he landed Bumpus Jones, the former Montreal pitcher, from Detroit.

Press notices of the Driscoll-Cross attraction in New York would indicate an even contest, but they were only better. They met Wednesday night, when the British boxer put it all over Cross from the start, although Cross all the while the best of it in weight.

Speaking of extraordinary performances on the diamond, I think Tim Murnane's high jump, which was 10 feet 10 inches, is the best I have ever seen.

"Tim, who is now a baseball outfit, was playing with the Athletics against the Boston Reds in Boston. In those days Murnane's reputation as a jumper was known to his friends, and as a matter of fact, few could excel him. In addition he was one of the cleverest base runners in the game, being quick, fast and daring.

"Andy Leonard was playing second for the Reds this day and with winners in the backstop, was laying for Murnane, who was on first, to steal. As Tim went down while snapping the ball straight and true to Leonard.

"Murnane saw the ball sent into Leonard's glove a few feet ahead of him, but instead of slowing up, his keen perception revealed itself, and as Leonard swung to catch him sliding, Tim made one of the most extraordinary high jumps I ever saw, clearing Leonard's head by some feet and alighting safely on the bag.

The jump received merited recognition, and was the topic of conversation in Boston for days.

Galt Horse Show Association. GALT, Feb. 11.—The annual meeting of the Galt Horse Show Association was well attended, and a gratifying report from the directors was presented and adopted. The receipts from all sources were \$2500, and a number of good prospects for the next show, on June 17, 18 and 19, were secured.

Apr 7, New Hamburg 5. A.V.F. Feb. 11.—In an O.W.I.A. game played here to-night between New Hamburg and A.V.F. the home team won by a score of 7 to 5 in the fastest game.

HOCKEY GAMES TO-NIGHT. The following are the hockey games scheduled in the O.H.A. to-night:—Intermediate: Port Perry at T. R. C., Ingersoll at Simcoe, Peterboro at Lindsay, Milton at Galt, Kodaks at T. A. C., Junior: Picton at Whitby.

Two Challenges for Stanley Cup. OTTAWA, Feb. 11.—Two challenges for the Stanley Cup were received this morning by Trustee Foran. One was from Dr. Baird, president of the Federal League, who challenges the behalf of the Montreal Canadiens, and the second from the Shamrocks of Winnipeg, champions of the Manitoba League.

Barrie 11, Collingwood 9. COLLINGWOOD, Feb. 11.—In the O.H.A. junior game here to-night, the Barrie Colts won by the score of 11 to 9. The ice was in the line and the play fast throughout. For the winners, Foryston and Meeking were the stars. For the home team, Smith played a star game, scoring six of Collingwood's goals. The line-up: Collingwood—Goal, Fry; point, Telfer; centre, Noble; rover, Smith; centre, Burnister; right wing, Hewitt; left wing, Saunders.

Barrie 11, Collingwood 9. Barrie 11, Collingwood 9. Barrie 11, Collingwood 9.

More medals for Brock McAulay. GUELPH, Feb. 11.—(Special)—The final game in the honours for the Sleeman Trophy was played to-day and won by McAulay of Southampton. The Guelph Tankards game was also won by the semi-finals. Scores: Southampton 10, Brock McAulay 7.

Clinton 11, Goderich 9. CLINTON, Feb. 11.—In the Intermediate O.H.A. game played here to-night, the Clinton team won by a score of 11 to 9. At half-time the score was 7 to 5 in favor of Goderich. A special was run from Goderich, bringing about three hundred spectators, also their own band. The teams were not well matched, the Goderich players being much heavier than the Clinton team.

Durham's First Defeat. HANOVER, Feb. 11.—In a good Northern League hockey match played here to-night between Durham and Hanover, the Hanover team won by a score of 5 to 3. At half-time the score was 3 to 1 in favor of Hanover. Durham led the score in the last quarter, and then Hanover made a great spurt and scored two goals, thus winning the game. The teams lined up as follows:—Durham (3)—Goal, Laidlaw; point, Cameron; rover, Saunders; centre, Schwark; right wing, Lavelle; left wing, Begley. Hanover (3)—Goal, Grentzinger; point, Schwark; rover, Klemmer; rover, Lucas; centre, Ries; right wing, Nicol; left wing, Schaff. Referee—F. Ward of Colton.

Port Perry Here to Night. The fast Port Perry team are here to-night playing Toronto Rowing Club at Mutual-street rink. The team is expected to take some beating for the championship, but Port Perry must first be disposed of to-night.

REPLACED CUP TIES. LONDON, Feb. 11.—(C.A.P. Cable)—Replaced cup ties to-day resulted as follows:—Westham Wednesday 3, Portsmouth 0. Westham 2, Leeds 1.

Canadas Win Three. CANADA won three from the Elks in the Gladstone League last night. Scores: Canada—157, Elks—132; Canada—157, Elks—132; Canada—157, Elks—132.

Woodhens 2, Royal Giants 1. In the Toronto Bowling Association Club Woodhens took two of the three from the Royal Giants. Scores: Woodhens—183, Royal Giants—149.

Sunday World and Globe Win. In the morning session the Printers' League yesterday, the Sunday World won two from the Mail, while the Globe took two from the Daily World, annexing the last by a pin. Findlay, 522, was high. Scores: The Mail—1 2 3 3 T.1, Faulkner—169, 177, 137—473; Walker—108, 142, 139—389; Findlay—149, 142, 144—435; Brunskill—152, 158, 158—468; Hamblin—88, 131, 109—328.

Toronto Club Hoopist. The Toronto Club hoopist will be continued to-day at 4 p.m., when Halsey v. Biggar and Bonje v. Lyon meet in the final. The winners play the final, starting at 8 o'clock to-night.

REPLACED CUP TIES. LONDON, Feb. 11.—(C.A.P. Cable)—Replaced cup ties to-day resulted as follows:—Westham Wednesday 3, Portsmouth 0. Westham 2, Leeds 1.

Canadas Win Three. CANADA won three from the Elks in the Gladstone League last night. Scores: Canada—157, Elks—132; Canada—157, Elks—132; Canada—157, Elks—132.

Woodhens 2, Royal Giants 1. In the Toronto Bowling Association Club Woodhens took two of the three from the Royal Giants. Scores: Woodhens—183, Royal Giants—149.

Sunday World and Globe Win. In the morning session the Printers' League yesterday, the Sunday World won two from the Mail, while the Globe took two from the Daily World, annexing the last by a pin. Findlay, 522, was high. Scores: The Mail—1 2 3 3 T.1, Faulkner—169, 177, 137—473; Walker—108, 142, 139—389; Findlay—149, 142, 144—435; Brunskill—152, 158, 158—468; Hamblin—88, 131, 109—328.

Toronto Club Hoopist. The Toronto Club hoopist will be continued to-day at 4 p.m., when Halsey v. Biggar and Bonje v. Lyon meet in the final. The winners play the final, starting at 8 o'clock to-night.

REPLACED CUP TIES. LONDON, Feb. 11.—(C.A.P. Cable)—Replaced cup ties to-day resulted as follows:—Westham Wednesday 3, Portsmouth 0. Westham 2, Leeds 1.

Canadas Win Three. CANADA won three from the Elks in the Gladstone League last night. Scores: Canada—157, Elks—132; Canada—157, Elks—132; Canada—157, Elks—132.

Woodhens 2, Royal Giants 1. In the Toronto Bowling Association Club Woodhens took two of the three from the Royal Giants. Scores: Woodhens—183, Royal Giants—149.

Sunday World and Globe Win. In the morning session the Printers' League yesterday, the Sunday World won two from the Mail, while the Globe took two from the Daily World, annexing the last by a pin. Findlay, 522, was high. Scores: The Mail—1 2 3 3 T.1, Faulkner—169, 177, 137—473; Walker—108, 142, 139—389; Findlay—149, 142, 144—435; Brunskill—152, 158, 158—468; Hamblin—88, 131, 109—328.

More medals for Brock McAulay. GUELPH, Feb. 11.—(Special)—The final game in the honours for the Sleeman Trophy was played to-day and won by McAulay of Southampton. The Guelph Tankards game was also won by the semi-finals. Scores: Southampton 10, Brock McAulay 7.

Clinton 11, Goderich 9. CLINTON, Feb. 11.—In the Intermediate O.H.A. game played here to-night, the Clinton team won by a score of 11 to 9. At half-time the score was 7 to 5 in favor of Goderich. A special was run from Goderich, bringing about three hundred spectators, also their own band. The teams were not well matched, the Goderich players being much heavier than the Clinton team.

Durham's First Defeat. HANOVER, Feb. 11.—In a good Northern League hockey match played here to-night between Durham and Hanover, the Hanover team won by a score of 5 to 3. At half-time the score was 3 to 1 in favor of Hanover. Durham led the score in the last quarter, and then Hanover made a great spurt and scored two goals, thus winning the game. The teams lined up as follows:—Durham (3)—Goal, Laidlaw; point, Cameron; rover, Saunders; centre, Schwark; right wing, Lavelle; left wing, Begley. Hanover (3)—Goal, Grentzinger; point, Schwark; rover, Klemmer; rover, Lucas; centre, Ries; right wing, Nicol; left wing, Schaff. Referee—F. Ward of Colton.

Port Perry Here to Night. The fast Port Perry team are here to-night playing Toronto Rowing Club at Mutual-street rink. The team is expected to take some beating for the championship, but Port Perry must first be disposed of to-night.

REPLACED CUP TIES. LONDON, Feb. 11.—(C.A.P. Cable)—Replaced cup ties to-day resulted as follows:—Westham Wednesday 3, Portsmouth 0. Westham 2, Leeds 1.

Canadas Win Three. CANADA won three from the Elks in the Gladstone League last night. Scores: Canada—157, Elks—132; Canada—157, Elks—132; Canada—157, Elks—132.

Woodhens 2, Royal Giants 1. In the Toronto Bowling Association Club Woodhens took two of the three from the Royal Giants. Scores: Woodhens—183, Royal Giants—149.

Sunday World and Globe Win. In the morning session the Printers' League yesterday, the Sunday World won two from the Mail, while the Globe took two from the Daily World, annexing the last by a pin. ensuing year.—Hon. J. R. Stratton, Toronto; D. W. Karn, Woodstock; C. Kioepfer, Guelph; Hon. Senator McMillan, Alexandria; A. P. MacLaren, Stratford; George Kelly, Hamilton; T. H. Fardom, K. C. London; J. H. Hamilton, M. P. Monie; J. H. Adams, Toronto; Henry New, Hamilton; W. A. Dowler, K.C. Tillsonburg; Matthew Wilson, K.C. Chatham; Lloyd Harris, M.P. Brantford; James J. Warren, Toronto.

The following gentlemen were elected members of the Advisory Board for the Alberta Branch.—Daniel W. Marsh, P. Turner Bone and William Pearce, all of Calgary, Alberta.

Among those present were—Ald. J. H. Adams, Rev. J. S. Williamson, D.D. George Kelly, D. Bell, Dr. Rutherford, E. P. Beattie, F. M. Holland, Hon. J. R. Stratton, D. F. McLaren, B. Jull, Hon. Senator McMillan, D. W. Karn, W. J. Boland, Dr. Hoig, A. E. C. Naffel, C. Kioepfer, T. W. Jull, Thomas Wilson, W. Conno.

A subsequent meeting of the Board of Directors, the Honorable J. R. Stratton was re-elected President of the Company, and Messrs. D. W. Karn and C. Kioepfer, Vice-Presidents.

ing and appointing Joseph Atkinson in his place and stead. Costs of motion out of estate.

Re Hicks estate—A. J. R. Snow, K.C., for three adult children, moved for construction of will and for payment out to his clients, the Foster trustees, Arthur A. Dick, R. L. Defries, for T.G.F. Corporation, who hold the funds. E. W. Harcourt, K.C., for infants Mary and Jeffrey, Reserved.

The Cosmopolitan Club v. Lavine—A. Cohen, for the plaintiffs, on a statement of J. H. Highington, for defendant. The late J. A. McCarthy, K.C., conveyed to Jane J. Cayley, the property 89 feet from front to rear, reserving to himself the southern 11 1/2 feet, on which he erected his family residence and to protect himself from injury by erection of buildings of otherwise, exacting the restrictive covenants from the said Jane J. Cayley. Subsequently J. J. Cayley sold to John H. Kane, and the latter conveyed to Catherine Walsh, who conveyed to Frank K. Walsh, and by subsequent mesne conveyances this part has come into possession of the defendant Lavine. The plaintiffs are now the owners of the 11 1/2 feet on which the family residence was erected and they question for the opinion of the court is whether the said Frank J. Walsh, by reason of the aforesaid conveyance or otherwise, however, by reason of the dealings, obtained such interest (if any) in said building restrictions as to render it necessary to procure a release or consent from the defendant completely to remove and release the building restrictions on the defendant's property. The question was argued and reserved.

Re Sherman and Keenleyside—Grayson Smith, for vendors, F. Ayleworth, for purchasers, on a statement of J. W. Metton under Vendors' and Purchasers' Act, argued Wednesday. Judgment (G.). The application was made to set aside the motion for judgment, and judgment was given for plaintiff for \$386.88, with costs. Application was made to set aside the judgment, and judgment was given for plaintiff for \$386.88, with costs.

Imperial Bank v. Forbes—G. B. Strath, for plaintiff, on motion for judgment, under C.R. 90. E. W. Boyd, for plaintiff, moved for order of the examination of a witness de bene esse.

Domion Express Co. v. Slater—S. Denton, for plaintiff, moved for judgment, under C.R. 90. G. B. Strath, for defendant, contra. Motion dismissed with costs.

CONSERVATION OF NATIONAL RESOURCES.

Earl Grey showed sympathy with the objects of the special convention of the Canadian Forestry Association has been called, by attending in person to declare it open. The governor-general has always been keenly alive to the necessity of conserving the national resources of the Dominion, and of subjecting private to public interests. This in theory every one is ready to admit. The difficulty has been and is to get the responsible authorities to make it a cardinal rule of their administration. Earl Grey noted that for the last 133 years the principle of uncontrolled individual enterprise had prevailed with selfish disregard to the public interest. "It is realized," he remarked, "that unless the people of the whole continent of North America adopt the principle of subjecting individual interests to those of the community, they must drift into a state of material as well as moral bankruptcy."

This is absolutely true, yet year after year passes without parliament or the legislature taking any effective steps towards the establishment of a clear, well-considered policy in the management of our great Canadian heritage. This is not due to any lack of knowledge. Expert opinion is practically a unit in declaring that the forest problem is grave and immediate, and that the nations are within measurable distance of a timber famine, which only the application of proper scientific methods will relieve and remove. And the fault is not so much the condition of public opinion as the apathy and indifference of the members of the federal and provincial governments and legislatures towards our national resources, and in many cases their direct connivance in aid of individual exploitation. Properly regarded, wise and prudent regulation in the public interest offers no check to legitimate individual enterprise, rather does it encourage and stimulate it. Under the existing wasteful and improvident systems opportunities are afforded for making large speculative profits, to the detriment of genuine and productive industry. In matters of this kind public opinion should be in advance of popular opinion, and courageous enough to give effect to the principles they profess when themselves appealing for support to that opinion. More especially is it the duty of our governments, federal and provincial, to take up seriously this great question of the conservation of our national resources in forests, minerals, water powers or whatever they may be. By pursuing a policy of foresight, guarded entirely by the public interest, the Dominion can be made the envy of the older nations. To continue the spendthrift and wasteful methods that have hitherto prevailed, is national suicide.

MISTAKES OF EMPLOYERS. Employers are largely responsible for the making or unmaking of people to whom they pay salaries, according to President Charles Elliot of Harvard University, who spoke before the Education Association at Chicago. Among the obstacles named by President Elliot to the welfare of the wage-earner were: insistence on exercising the power of instant dismissal; neglect to provide inducements for a workman to create a permanent home for himself, actually encouraging nomadic habits in an employee; neglect to reward loyalty by a systematic rising scale; limiting freedom to rise from one stage to another, or deliberately keeping employees at work on one job as long as possible.

May Wheat Record. NEW YORK, Feb. 11.—The highest price of the season for May wheat was reached in the produce exchange today when that option sold at \$1.17 3/8 per bushel.

"GIBRALTAR" And Wage-Earners' Insurance

POLICY OF EXPANSION BRINGS BIG COMPANY TO CANADA.

The Prudential Insurance Company of America, Home Office Newark, N.J., whose emblem is the Rock of Gibraltar, has long been familiar to Canadians, has just extended its field of operations to the Dominion. This important move by the great company is another endorsement of the great economic and business development of Canada and is a distinct recognition of the thrift of our people. Business will be conducted in Both Industrial and Ordinary Departments. Industrial insurance is the only scientific system of life insurance which has brought insurance protection to the great masses of the people. The Prudential was the pioneer industrial company in this continent, the plan having been introduced in the United States in 1875 by the founder and president of the company, the Hon. John F. Dryden.

Labor concerning Industrial Insurance and The Prudential. "A large percentage of our members fully realize that it is a duty of paramount importance to provide for the widows and orphans in the way of life insurance, as well as to provide for the present in the way of increased wages, shorter hours of toil and better sanitary conditions in factory and workshop. The Prudential Insurance Company of America is an institution, in which we have every reason to impose the utmost confidence. There is no question but that it numbers already among our eighty thousand members more policy-holders than all other companies combined. This has been due not only to the attractive features of its policies, which will compare most favorably with any in America, but also because our people have been able to

Former U. S. Senator John F. Dryden, "The Father of Industrial Insurance in America" and Founder and Present Head of The Prudential.

Industrial life insurance is a development of the earlier forms of life insurance adapted to the wants and needs of the masses. It combines with every degree of absolute security the necessary value of availability, adjusted to the conditions of life and the habits and circumstances of the general population. A workman, earning weekly wages, has not, as a rule, more than a week's earnings ahead of him. Unless the life insurance premiums are paid almost at the time the wages are received, to the collector calling at the houses of the insured, the burden of the funeral expenses will fall equally heavy upon the survivors, a small policy of insurance in moderate circumstances than a larger sum placed upon a single life. This system of family protection from its great popularity with the masses, has evident merits over any other form of life insurance which has thus far been devised. As stated above, the industrial collector calls at the houses of the insured every week or week for premiums falling due. To anyone familiar with educational processes it must be clear that such a constant reminder of life insurance as a duty and the necessity of foresight and self-denial must necessarily have a considerable effect in other directions. As it has properly been said, a person cannot develop thrifty habits in one direction without developing similar habits in other directions. The premium receipt book is a record of the current account between the policy-holder and the company. By the most simple arithmetical process, it is evident at any time how much has been paid out and how insurance will be received in return. This is life insurance "at retail" life insurance brought down to a point where it is well within the reach of all classes of individuals. The attitude of those who avail themselves of this great form of protection is best indicated by a recent report of the New Jersey State Federation of

Ordinary Department was established by The Prudential in which all popular forms of life and endowment policies from \$1,000 up were issued. This Department sprang immediately into popularity, growing in strength and size until at present, in amount of business written, in annual income and other features,

EATON'S DAILY STORE NEWS

INDUSTRIAL EXHIBITION STARTS MONDAY

AN event of wonderful interest and instruction—you'll see looms, machines, mills, etc., in operation—shuttles shooting back and forth, wheels buzzing, needles flying, machines humming, Activity, Life, Hustle, Industry everywhere; almost every department has its demonstration. You'll see goods actually made and finished from beginning to end, and you shouldn't miss it.

Trousers Sale: Ready to Break a Record

The one reason why the big record of a year ago should be surpassed to-morrow lies in the CHARACTER of the goods that come under these sale prices.

There's a big range of materials in the thousands of pairs Trousers, but only goods that we are certain will give the surest kind of satisfaction are at all represented. These come in an excellent range of patterns. First-class, careful tailorwork is another point we want to emphasize.

With the goods right—every way—and prices so far below what you usually pay, Saturday should be a day of Tremendous Trousers business here.

Table listing prices for Heavy Tweed Pants, Strong Tweed Trousers, Hairline Tweeds, English Worsted, Better quality English Worsted, and Extra Good Worsted.

Serviceable Dressy Overcoats PRICED LOW

Fashionable Chesterfield style, with large lapels and bluff edges, 46 inches long, vent in back; materials are heavy Winter weight black chevots and meltons; also Oxford grey chevots, velvet collar, sizes 34 to 44; take your choice. 10.95

Men's Black Suits \$10.90

When we tell you that the material is an English Vicuna Cloth of good weight, with a soft finish that will not gloss, you'll get a conception of what a big value offering this is. Excellent tailored in three-button, single-breasted sacque shape and well lined with Italian cloth, sizes 36 to 44; while they last, each 10.90

Dressy Navy Blue Suits for Boys

Some of the best buying that could possibly come your way in Navy Blue Suits is offered in these prices. Distinctly fine tailorwork, with the limit of care to details which make for shape-retaining, characterize every suit.

For the Small Boy

A stylish single-breasted Norfolk of hard finished worsted serge, coat box-pleated back and front, belt at waist, strong Italian cloth body lining, knee pants; size 24, 3.50; sizes 25 and 26, 3.75; sizes 27 and 28, 4.00

Three-Piece Suits

In sizes 28 to 33; navy blue worsted serge and clay twill worsteds, double-breasted coat, with well built-up and stoutly canvassed shoulder, knee pants; at \$6.00 and 7.50

Men's Shirts New Patterns

Fine Colored Neglige Shirts, made from fancy corded shirting material, full size bodies, fast washing colors, in fancy checks, stripes and neat figures; these shirts come in the popular colors, black and white and blue and white; sizes 14 to 17 1-2; each .50

Men's Neckwear

Men's-Four-in-Hand Neckwear, finished with French seams, medium width, in neat fancy light or dark patterns; also plain shades, a splendid opportunity to stock your wardrobe; price, each .19

Winter Underwear

Saturday we intend clearing out the balances of our regular stock of Men's Natural Wool Underwear, medium weight; the lot consists of different kinds, shirts or drawers; some are double-breasted only, while others are double-breasted and double-back, all sizes 34 to 44; price to clear, per garment .79

Men's Stylish Hats

The man who is looking for the newest Spring designs in Derby Hats will find them here Saturday; these Hats are made of genuine fur felt, both English and American makes, silk trimmings and calf leather sweat bands; price 2.00

Children's Felt Hats

Just received a shipment of Children's Felt Hats, for early Spring wear. These are all the latest designs and colors, full range of sizes to choose from.

Men's Furlined Coats

The shell is of fine light weight beaver cloth, and is lined with dark thickly furred skins of Spring muskrat, high storm collars of Persian lamb and otter, made up in the very latest style. These coats are balances of several lines—in other words; they are not all sizes in the lot, so for quick selling Saturday we intend to place them on our tables 52.00

STEEL CO.'S WIN

to pay their own costs in that regard.

The judgment declares that it was not a case wherein it was necessary to import by implication words into a contract in order to effectuate the common intention of the parties to it, and the strenuous contention of the Coal Company that the phrase "reasonably free from stone and shale," which appeared in the contract implied that the coal to be supplied to the Steel Company should be only as free from stone and shale as reasonable and proper purities in the limestone permeating the coal cannot be sustained. The words meant that the coal must be reasonably free in fact.

As to the function of paragraph one in the contract, which the Coal Company alleged was merely to furnish the measure of supply, the court cannot accept that view. In the first place the detailed enumeration and description of the coal in the contract cannot have been introduced as a measure of quantity. This is clear from the proviso at the end of the paragraph which is said to be a definite measure of quantity of different character and with no limitation as to the extent of the Steel Co. plant or the amount of coal to be supplied.

The effect in Montreal.

MONTREAL, Feb. 11.—(Special.)—The sweeping victory in favor of the company was not altogether unexpected and as early as 9 o'clock this morning members began to gather on the floor of the exchange. No sooner had the sound of the gong died away than Rodolphe Forget offered 23 for Steel common, while \$0 was bid for the preferred.

On the exchange Dominion Steel preferred which sold yesterday at 74 1/4 jumped to 85, or over 20 points, but sold as high as 25, an advance of 5 points, and the bonds advanced 5 points to 52. Dominion Coal broke sharply 11 3/4 points from yesterday's close to 51, recovering to 52.

ACTOR SUICIDES.

NEW YORK, Feb. 11.—Undeterred by the failure of his first attempt to end his life thru the breaking of a leather strap with which he had hanged himself, Charlie Warner, 46 years old, a well-known English actor, to-night committed suicide by hanging in his room at the Hotel Seymour.

CANADA'S SHARE.

LONDON, Feb. 11.—(C. A. P.)—Canada's share of £2,000,000 of the total of £20,000,000 the thank-offering raised in connection with the Pan-Anglican Conference.

Licenses Reduction Banquet.

A banquet at which addresses were delivered by Mayor Oliver, Controller Hocken, ex-Ald. Hales, and Ald. Graham, was held last night in the Dovercourt Presbyterian Church by 15,000 license reduction workers in the Fifth and Sixth Wards.

Hugh Blain denied a rumor last night that he was a candidate for the position of collector of customs in Toronto. "I have my business to look after," said Mr. Blain.

FUNERALS—550, 875, 8100.

W. H. STONE & CO.

32 Carlton St. North 3755.

with the general manager, and said:

"The only point to be decided now is the question of costs, but that, as compared with the main issue at stake, is comparatively unimportant."

The last word has been said, and we are now in a position to undertake a progressive and energetic policy of development. Whether or not the coal company will meet the judgment in an amicable spirit, and seek to carry out henceforth the terms of our bargain without any need of further complaint or trouble from us, I cannot say. But that the coal company will have to carry out its bargain is certain.

On the whole, the judgment of the privy council should work out to the mutual interest of both companies with resulting benefit to the whole industrial development of the Dominion."

RUSSIAN ACTRESS HERE

Madame Nazimova Opens Short Engagement at Princess.

Last night Mme. Nazimova opened her brief engagement at the Princess Theatre, with "A Doll's House" by Henrik Ibsen.

Like all the great Norwegian dramatist's plays it is cleverly constructed and the plot is invested with strong human interest. It may be taken as an attack upon the older conventional notion of the marriage relationship, that made the wife the plaything of the husband rather than a sharer in his work, duties and responsibilities.

Mme. Nazimova gave a very convincing impersonation of Nora Helmer. In the opening act before Nora has begun to realize the real nature of her criminal act, Mme. Nazimova acted with delightful naivety and abandon. Gay and light-hearted, devoted to her children, responsive to her husband's affection, it was altogether a charming picture. And in the deeper and more tragic situations that follow, in the despairing efforts to keep her act a secret from her husband, in the revelation that came with the recognition of the selfish side of her character, the transitions of mood and sentiment, the clear knowledge that life together had become a torment, and the final parting artistically portrayed. If the play failed to convince this was due to its inherent weakness, not to any deficiency on the part of its chief interpreter.

Mme. Nazimova is well supported by an excellent and well-balanced company.

To-night Ibsen's Hedda Gabler will be offered.

HIS MAJESTY NOT ILL.

BERLIN, Feb. 11.—The indisposition of King Edward, who was suffering to-day from a mild attack of bronchitis, is so slight that he was able to carry out the greater part of the pre-arranged program without inconvenience.

To-night their majesties attended a gala performance at Sardanapalus at the opera.

VICE-ROYALTY HEAR MENDELSSOHN CHOIR

Brilliant Audience Hear Another Magnificent Program—Last Night of the Orchestra.

Graced by vice-royalty the regular series of the Mendelssohn Choir concerts concluded last night in a blaze of glory, the extra program of special excellence will be rendered on Saturday evening by the choir, assisted by Miss Augusta Cottow, the pianist.

Fashionable audiences are familiar sights in Massey Hall, but last night's outdid its predecessors in brilliance.

An ear-achingly beautiful performance of a majority of the notabilities of the city had it shaken the hall to pieces.

Baron Grey came in escorted by Byron E. Walker, a \$25,000 attorney by Captain Newton, A.D.C., C. Leveson-Gower, controller, and Major Macdonald, A.D.C., and sat in a special box prepared in the northeast corner of the balcony.

Mr. and Mrs. Scott Griffin and William Mackenzie, two pretty daughters sat on his excellency's right, and near by on the left were Senator, Mrs. and Miss Melvin Jones, Mr. Walker returned to the center of the balcony to sit with Mrs. Walker, and Lady Clark and Miss Elise Clark were near.

Justice Anglin presided, and Dr. Reeve the professor, Peter Ryan suggested politics, and Eugene O'Keefe other considerations. Everybody else was there, too, to enjoy the music, to judge by the applause and encores. Dr. Vogt was in a happy frame and had a beautiful solo in the program as beautiful as any of the three previous ones, but there was less novelty in it. Tschakowsky's hymn "How Sweet the Sound" was the first choral number and gave Dr. Vogt's choristers an opportunity to show their power of sustained notes and of exceeding softness, as they have rarely done before. The synchronous vibration of the blended voices in this number had a beautiful effect. Bach's great "Sanctus" from the B. minor mass was a display of power, and the homogeneous response of the choir as a whole presenting a massive and solid organ effect. The fugue movement of the voices sounded like rivers and streams and cascades of vocal sound rushing together into one harmonious sea.

"Fading" "How Sweet the Moonlight" was repeated from Monday night with a result quite glorious. The program was also repeated, and in response to an encore Dr. Vogt gave "Scots Wha Hae." This was followed by Elgar's "Challenger" and a solo from Monday, and equally well done. Von Storch's "Night Witchery" is an old friend, and was being performed, and the audience was gratified by another number in response to an encore. Elgar's "Fly, Butterfly" was a fine example of the daintiest qualities of the composer, and the prettiness of the accompaniment for two sopranos and piano impressed the audience. Dr. Vogt's own arrangement of "My Pretty, My Proud and Pretty" was one of the delightful things of the program which closed vocally with the great final chorus of "Caractacus." This sounded as well as it looked, and though the chorus needed to work up to it thru the whole cantata to get the intensity of spirit it demands.

The orchestra, the part of Chicago, under Frederick Stock, carried the funder Theodore Thomas one day further on the west coast before it. Do conductors like Stock hypnotize their performers to get such unanimity of execution? To watch Mr. Stock wield his baton and see his orchestra as the set on springs as he evokes a musical thunderclap from his orchestra is certainly to get suggestion of fascination.

Saint Saens' Coronation March opened the program, in which Richard Strauss' Rondo had to be omitted on account of the shortness of the cantata.

Strauss' "Don Juan" was most acceptably substituted, but it was not as attractive as Dvorak's beautiful Carnival overture, and the program the harp is followed softly by the brass, the reeds and strings in turn taking up the theme, is one of our loveliest bits of music, and the whole was a curious effect is obtained by sliding the cymbals together in this number.

An extra encore, the "Tannhauser" and another Wagner number from "Das Rheingold," both magnificently played, closed the concert.

Everybody will go on Saturday night of course to hear the choir a capella. The program is one of the most charming yet arranged and contains all the favorites of the week. A. E. S. S.

\$150 to \$200 Persian Lamb Jackets \$119

Six different styles, from 24 to 30 inches long, plain and mink trimmed, made from the finest quality of Leipsic-dyed skins, lined with black and broadcloth satins. POINT OUT NEED

Continued From Page 1.

should have the whole of its wooded area gone over by persons properly qualified to run survey lines between each block; to correctly map the lakes, rivers, creeks, ridges, roads and other topographical features; to prepare maps of the kind and quantity of timber on each block; to report upon the nature of the soil; and to state what lands are suitable for farming and what should be retained for lumber growth. They might also report what blocks will never produce large timber and the thinning out of the timber would be an advantage. For this work I would suggest that our university forestry students and their professors be employed during the holiday season and that they have associated with them crown land surveyors, practical lumbermen and landowners like Stock, who have the geological and mineralogical accompany each block, as I am sure that they would gather information of inestimable value to the several provinces.

Pulpwood Question.

President Snowdon called attention to the waste caused by the cutting and exporting of thousands of Christmas trees every year to the United States. Discussing the exportation of trees the president said:

"Why should we prohibit the export of small trees and allow those of a larger size to go out of the country instead of manufacturing them into pulp and paper here, and thus leave hundreds of thousands of dollars in our hands of our own people, and why should we permit the cutting of small logs on the public domain if they would grow larger? In New Brunswick this is a live question, and our forest preservation depends upon a proper solution of it."

The Americans want our pulp wood to save their own. We want their mills, not only to increase our industrial employment, but so that they will have a large investment depending on our forests and thus give them an interest with us in conserving our forests."

A Good Beginning.

Prof. Miller stated that the young department of forestry of New Brunswick University, which is under his charge, has 13 enthusiastic students.

St. J. McCowan reported on his explorations of the bog lands of Canada. Many bog areas, he stated, could, by partial drainage, be converted into forest lands, adding thousands of square miles to the present forest area. In this he believed lay one solution of the forestry problem.

The convention continues to-day, and to-night the board of trade gave a banquet at the National Club.

Students at the Theatre.

About 1500 students and their friends had possession of the Royal Alexandra Theatre last night, when a real lively time was spent.

A feature of the performance was the delivery of a very brief address by President Falconer of the university, James K. Hackett, Principal Hutcheon and Prof. Ramsay Wright between acts.

SELLERS-GOUGH "THE LARGEST EXCLUSIVE FUR HOUSE IN THE BRITISH EMPIRE"

CLEARING OF LADIES' FUR-LINED COATS and PERSIAN LAMB COATS Sale of Winnipeg Stock—35 to 50 Per Cent. Reduction

FRIDAY AND SATURDAY will be two great days in this sale. We have decided on an absolute clearing of every lady's fur-lined coat and Persian lamb jacket in the house. We are determined to make a clearing on these two days. We have made the prices so low that we are practically assured our intention will be carried out. This is a rare opportunity, and one the like of which you will possibly never again see. The prices are good for the two days, Friday and Saturday, as long as the goods last.

BLYTHE FACES SCAFFOLD FOR MURDER OF WIFE

Justice Riddell Speaks Sympathetically, but Declares that Good Traits Cannot Atono for Crime

Walter Blythe was yesterday sentenced to be hanged May 13 for beating his wife to death with a poker at Agincourt early in January. He took the sentence quietly, in the presence of a crowded courtroom.

Justice Riddell, addressing Blythe, said the evidence had been convincing and clear. His life and fate should be a warning to others.

"There is much that is good in you, and much that is good may and should be said of you," said his lordship. "A hard-working man, a faithful servant, thrifty and careful, gladly thinking and, perhaps, modestly boasting of the small savings which you were able to make, you did not squander your earnings in unnecessary luxuries or debasing debauch. It would seem that your little home was kept well supplied with all that was necessary, and that you did not skimp your wife or child, or deny them proper food or clothing.

"Your wife, perhaps, did not enter into your plans of material advancement as she might; perhaps she was disappointed and felt aggrieved that she could not enjoy the luxuries which she thought she had a right to expect. At all events, there were occasions upon which your home was the scene of discord, and sometimes, upon your own story, you struck the woman whom you were pledged to protect.

"I cannot say what provocation you may have had, but no provocation you

may have had can justify you in beating your wife.

The man who lays his hand upon a woman, Save in the way of kindness, is a wretch. Whom twice gross flattery to name a coward.

And it cannot be too well known and recognized that our law gives a man no more right to strike his wife than to strike any other woman.

"And if she was a disappointed woman, it was all the more your duty to bear with her. Unhappily, you had a quick and resentful temper, you were not patient, but you met reproach with recrimination, which may have been excusable, and too often with blows, which were not, and could never be."

Justice Riddell attributed the final, murderous assault to the influence of drink. There could be no plea of insanity—"Your temper was up," said his lordship. "The law gave him no prerogative. My prayer is that having paid the penalty demanded by the human law, you may, with the guilt of sin washed away, meet your dead wife and, wholly forgiven and reconciled, pass with her an eternity of peace," he concluded.

Mr. Robbarts, the prisoner's counsel, was refused a reserve case. Justice Riddell stating that owing to the decision Rex v. Eades, in the supreme court, it was laid down that any such application must be made during the progress of the trial. He would, however, facilitate an application to the court of appeal. It will be based on the refusal to postpone the trial and alleged unfair reference as of the judge as to guilt in addressing the jury.

Before entering the court-room, Blythe spoke to a friend, pitifully, as to his two children, and added that, in spite of appearances, he had loved his wife and she had loved him.

Northcote and Canada. LONDON, Feb. 11.—(C.A.P.)—Lord Northcote to-day acknowledging an address from the municipality of Exeter, his former constituency, referred to the fact that the Canadian flag was flying over the Guildhall, and said it must be taken as a compliment to Lady Northcote only, not as a prophecy concerning himself.

Lady Northcote is the adopted daughter of Lord Mountstephen.

Sentenced to Three Years. PETERBORO, Feb. 11.—Charles Mitchell, a Peterboro letter carrier, was sentenced by Judge Waller to three years in the Kingston Penitentiary for stealing six dollars and a quantity of jewelry from the mail.

"It's Only an Old Tattered Bunting." Is the city too poor to buy decent flags for the fire stations? There is one on the Queen-street station that would be a disgrace to the wardrobe of a stage actor. Over half of the field of the ensign is gone, and the tatters extend into the jack.

Servant Was Murdered. SANTIAGO, Chile, Feb. 11.—Baron von Bodman, the German minister to Chile, has made official declaration to the Chilean Government, that the body of the man shot in the ruins of the office of the German legation, destroyed by fire on Friday last, was not that of Chancellor Breckert.

A servant has been missing and it is not believed was killed by Breckert.

UNIVERSAL SERVICE PLANS

Lt.-Col. Merritt's Address Before the U. E. Loyalists.

The monthly meeting of the United Empire Loyalist Association was well attended last night at the Canadian Institute.

A short address was given by Lieut.-Col. W. Hamilton Merritt on "Patriotic Military Service."

The lecturer gave extracts from speeches of His Excellency the Earl of Grey, governor-general, the prime minister of Great Britain, Lord Roberts and Lord Milner to emphasize the necessity of national strength and the duty of the citizen to his country.

He pointed out that the term used by him meant "universal compulsory service," which it was generally called, but "Patriotic Service" sounded less

harsh to the average citizen. No class of the community, he contended, had a better right to maintain the safety of Canada, for none had suffered more in the cause of a united empire than their forefathers. And it was they who had adopted the universal service plan after the war of 1812-14, which he believed Canada should have adhered to in spirit as well as in letter, for it still lies dormant in the present Militia Act.

The president, J. S. Carstairs, was in the chair.

Smashes Window; Steals Watches. WINNIPEG, Feb. 11.—A daring robbery was committed early this morning in the department store of Jerry Robinson & Co. Prizes for the big bonspell now in progress were on exhibition in the window. A thief threw a brick thru the plate glass window and made away with three gold watches.

THE MOST INTENSE HEAT

Torch Operated by Oxygen and Acetylene Will Work Wonders.

CLEVELAND, O., Feb. 11.—A torch operated by oxygen and acetylene, radiating a heat of 6300 degrees, said to be the most terrific known to science, has been invented here.

By means of this torch, it is possible, it is declared, to weld aluminum, heretofore regarded as an impossibility. The torch makes a flame that will cut thru two inches of solid steel in less than a minute, and pierce a twelve-inch piece of the hardest steel in less than ten minutes. It will take a saw almost 20 hours to do the work.

The Kingston fire department may be asked to resign to allow of a reorganization.

BEN GREET AND ORCHESTRA

Notable Combination to Perform "Midsummer Night's Dream" Here.

The most notable attraction in the dramatic and musical field this season is the joint tour, which the Russian Symphony Orchestra of New York and the Ben Greet players are making.

This being the Mendelssohn centenary year, the chief Shakespearean play to be given this season by this combination will be "A Midsummer Night's Dream." This will be the first opportunity in America of hearing an elaborate representation with a great orchestra performing Mendelssohn's immortal musical setting, including all the incidental music.

The orchestra carry fifty men under the direction of Modest Aultschler

and Mr. Greet's Company number over thirty-five. A group of children do the fairy dances and Lou Wall Moore, whose Greek dances are famous, will perform the solo dances.

This very distinctive performance will be given in Massey Hall on Friday and Saturday, March 5 and 6.

Gives Himself Up. PITTSBURG, Pa., Feb. 11.—Joe Adams, 26 years old, who claims he is wanted by the authorities of Quebec, Canada, in two charges of false pretenses, has surrendered himself, and is being held pending word from Canada.

According to the young man, his father is mayor of Disraeli, Canada.

Fire destroyed the C. P. R. round-house at Portage La Prairie, damaging three engines; loss, \$80,000.

RHEUMATISM

I want every chronic rheumatic to throw away all medicines, all liniments, all plasters, and give MUYON'S RHEUMATISM REMEDY a trial. No matter what your doctor may say, no matter how prejudiced you may be, no matter how tired remedies go at once to your druggist and get a bottle of the RHEUMATISM REMEDY. If it fails to give satisfaction I will refund your money.—Muyon Remember this remedy contains no salicylic acid, no opium, cocaine, morphine or other harmful drugs. It is put up under the guarantee of the Pure Food and Drug Act. For sale by all druggists. Price, 25c.

MAGISTRATE'S ECZEMA CURED AFTER 20 YEARS OF SUFFERING.

ZAM-BUK'S POWER PROVED BY SCHOOL COMMISSIONER & BAPTIST DEACON

So great are the healing powers of Zam-Buk that men of elevated rank all over the Dominion are glad to testify to its merits. One of the most recent converts to the Zam-Buk method of treating and curing disease is Mr. C. E. Sanford, of Weston, King's Co., N.S. Mr. Sanford is a Justice of the Peace for the County, and a Member of the Board of School Commissioners. He is also deacon of the Baptist Church in Berwick. Indeed throughout the County it would be difficult to find a man more widely known and more highly respected. Some time back he had occasion to test Zam-Buk and here is his opinion of this great balm. He says: "I never used anything that gave me such satisfaction as Zam-Buk. I had a patch of Eczema on my ankle which had been there for over 20 years. Sometimes also the disease would break out on my shoulders. I had taken Solution of Arsenic, had applied various ointments, and tried all sorts of things to obtain a cure, but all in vain. I was advised to give Zam-Buk a trial, and as I am a firm believer in nature's remedies, I did so. From first applying it I saw it was altogether different from the ordinary ointments and embrocations, and it soon began to show signs of clearing away the eczema on my ankle. This was so gratifying that I persevered for some time with it, and I am glad to say it had the desired result. I am now cured of the disease which defied every other treatment for twenty years. This is not the only direction in which I have proved the merits of Zam-Buk. I suffered for a long time from piles, and I found a

perfect cure for this painful ailment in Zam-Buk. Zam-Buk soothes the pain, relieves the congested veins, and so restores the elasticity to the tissues that the piles gradually but surely disappear.

I take comfort in helping my brother man, and if the publication of my opinion of the healing value of Zam-Buk will lead other sufferers to try it, I should be glad. For the relief of suffering caused by piles or skin diseases, I know of nothing to equal Zam-Buk.

HOW WORKING PEOPLE BENEFIT FROM ZAM-BUK.

Every working man and woman occasionally sustains accidental injuries at business which give rise to great pain, and sometimes "take the wrong way." When Zam-Buk is kept handy, it gives speedy relief in such cases and ensures quick cures. The following cases are interesting in this connection:—**SEVERE BURN CURED.**—Mr. J. Nixon, blacksmith, of 801, William Ave, Winnipeg, says:—"While working at the C.P.R. shops, about a week ago I was welding two pieces of iron together, some of the hot metal fell on my foot, burning a hole through the shoe, sock, and into the flesh deeply. I suffered terribly all that night with the burning pain, and the next morning my foot was badly inflamed and showed signs of blood-poisoning. I had now an angry sore which discharged freely, and for three weeks could not bring about a cure though various remedies were applied. I was then advised to use Zam-Buk, and from the first application the balm gave me relief. The inflammation was thoroughly checked, and the poisonous matter cleared away in a very short time after beginning with Zam-Buk. Healing then began, and in less than two weeks the wound was healed."

SCALDS CURED.—Mrs. M. Maskell, of 210 Gladstone Street, Winnipeg, says:—"Last February I scalded my right arm with the escaping steam from a kettle of boiling water. Large blisters formed quickly, and the burning heat and pain were almost unbearable. Inflammation set in, and before I was aware of it I had an angry sore on my arm. For upwards of a month I kept treating the sore with first one remedy and then another, but it inflammation was banished, the sore thoroughly cleaned, and healing began. In a week's time Zam-Buk healed the sore nicely, new skin having formed."

WHAT YOU SHOULD USE ZAM-BUK FOR.

Zam-Buk is a positive and certain cure for cuts, burns, bruises, sprains, piles, redness, sore, ulcers, sores, blood-poisoning, eczema, chapped hands, cold cracks, chilblains, ringworm, scalp sores, and all other skin diseases and injuries. Rubbed well into the parts affected, it cures neuralgia, rheumatism, and sciatica. All druggists and stores sell an 60c. box, three for \$1.50, and post free from Zam-Buk Co., Toronto, for prices. Beware the harmful imitations sometimes represented to be "just as good."

FALL FAIRS ASSOCIATION

H. J. Gould New President—Advice From Prof. Zavits.

At the Ontario Association of Fairs and Exhibitions meeting in the city all yesterday afternoon, Prof. Zavits of the Ontario Agricultural College, Guelph, delivered an address on "Growing Better Field Crops in Ontario," emphasizing a more intelligent rotation of crops to suit local conditions. Economy in the use of plant food was also urged, and summer fallows depressed, as they tended to exhaust the surface soil, thru carrying off plant food in drainage water.

The use of better varieties was an important matter. No less than 450 Ontario farmers are now experimenting on their own account.

He recommended making the grain exhibits at fairs more attractive, offering special prizes for some variety which should be encouraged in the neighborhood.

Election of officers resulted: President, H. J. Gould; Executive: first vice-president, J. U. Simmonds, M. D., Frankford; second vice-president, Geo. Lee, Highgate; treasurer, Alexander McFarlane, Otterville; secretary, Editor J. Lockie Wilson, Toronto; executive committee, B. H. Leary (Peterboro), John D. Orr (Meadowdale), John Farrell (Forest), J. W. Sheppard (Cayuga), Robert E. Gowen (Galt), J. T. Murphy (Simcoe), William Laidlaw (Guelph).

The through routes given by the Canadian Northern Ontario Railway to Sellwood, thence Gowganda Transport Company, is the only route established to Gowganda over which passengers can purchase tickets right through from Toronto.

Exceptionally comfortable sleighs are provided for the trip north of Sellwood, and road houses have been established at Burwash, Phoenix and south Gowganda, where accommodation can be had at reasonable rates.

A through sleeper for Sudbury and Sellwood is attached to Canadian Northern Ontario train leaving Toronto on week days 5 p.m., and Sunday special 9 p.m.

From Ontario points, via Chicago and St. Paul, Minneapolis or Duluth, and proportionate rates to other principal points in Manitoba, Saskatchewan and Alberta. Formerly the fare was \$5.45, and even at that rate a number of people preferred this route on account of passing through several of the large American cities. Now that the rates have been lowered, the travel via the Grand Trunk and the Canadian Northern is steadily increasing. Baggage checked through in bond; no examination. Be sure and consult Grand Trunk agents before deciding on your trip.

Two Perish in Fire.
CHICAGO, Feb. 11.—Two bodies were recovered to-day from the ruins of the Wabash Railroad warehouse, which was burned last night, with a loss of \$300,000.

Thomas Malone, a watchman, lost his life in an endeavor to reach the fire alarm box in the building.

JUDGMENT RECOGNIZED BY THE MARKET.
World Office, Thursday Evening, Feb. 11.
The decision of the Privy Council in regard to the Dominion Coal-Dominion Steel suit was the prominent item of interest which confronted the Canadian exchanges at the opening this morning. The market acted in perfect consonance with the judgment in favor of the Dominion Steel Company, particularly the preferred stock, which advanced in a marked manner. The common stock and bonds also appreciated to some extent. The coal shares were naturally heavy, but were not forced below five points of that of yesterday. The judgment had no direct influence on the balance of the market, which held firm, advances being made in several speculative stocks. Investment business was quiet, but sufficient orders were forthcoming to fully take charge of all the offerings that were in the market.

National Trust Company LIMITED.

Canadian Markets Perturbed By Coal-Steel Decision

Steel Stocks Sell Up and Coal Down—Wall Street Closes Firm Over Holidays.

World Office, Thursday Evening, Feb. 11.
The decision in connection with the Dominion Coal-Dominion Steel suit was the absorbing topic and influential factor at the Toronto Stock Exchange to-day.

In consonance with the decision the steel stocks advanced and the coal shares declined. There was not much done in either of the stocks here, showing consistently that the large holders of the shares are still contributory to the Montreal market.

Steel common advanced 4 points, preferred 20 points and the bonds 3 points, and Dominion Coal dropped about 11 points.

Profit taking in the Steels caused part of the gain to be lost before the close of business, but Coal closed at the bottom.

Brokers and clients are entirely at sea in regard to what the judgment actually means to the stocks interested and it will take several days to settle the prices of each on a steady basis.

The balance of the market showed its strength in not being disturbed by the above episode. Most of the speculative stocks were firmer and the investment securities remained definitely firm at recent quotations.

Wall Street Posters.
Stock exchange will close Friday and Saturday.

California Legislature kills Anti-Japanese Bill.

American Smelters' application to have its stock transferred from the unlisted to the listed department of the stock exchange is approved.

General Electric people say reports of record-breaking orders have been greatly exaggerated.

Steel manufacturers are looking for continued dullness, mainly on tariff account.

Concessions still made in copper prices, but consumers are not in the market.

Bank of England rate unchanged.

Consols continue to show strength. No new advanced over two points since Jan. 23.

Iron Age says that trade is drifting along, living on orders taken in November and December.

COBALT---Badger Now Fully Equipped With Working Machinery---COBALT

Cobalt Stocks Still Firm With a few Exceptions

Heaviness in Temiskaming and Chambers-Ferland on Maturing Options---Otisse and Hargrave in Demand.

World Office, Thursday Evening, Feb. 11. Irregularity of prices was the chief characteristic at the two local mining exchanges to-day. Heaviness was experienced in Temiskaming and Chambers-Ferland. Considerable selling occurred in both these securities. The result of the maturity of options. Those who held the options had bought on purely speculative premises and these trades were closed out to-day with losses.

Most of this option business has now been cleaned up in the markets, and it is considered that with the elimination of these speculative elements prices will show a steady and more satisfactory appearance.

There were several strong spots in the list generally, of which Otisse and Hargrave, both of this issue, made further advances, and the demand for shares was strenuous throughout the entire day.

Most of the buying of these securities came again from outside points, especially from New York, at which point it is said there is almost an unsatisfied demand for the shares.

The general list fluctuated within a small price range, but the average was slightly above that of yesterday. Crown Reserve was decidedly strong with sales up as high as \$2.51. The demand for this stock being, as usual, from Montreal interests.

The pressure against some of the leading stocks in the market had an injurious effect upon the sentiment and served to restrict operations. At the close there was a want of buoyancy to questions that is not in the interests of immediate higher prices.

HOW NEW YORK VIEWS ITS BIG OTISSE MINE

Celebrated Mining Engineer Gives His Ideas of the Ontario Silver Camp.

There is an old saying that one has to go away from home to hear the news. The following is taken from a New York Commercial, which will be read with a good deal of interest by people identified with the Cobalt stock market here.

New York Commercial: Silver Lake and Elk Lake in the new Montreal River district, Ontario, give strong promise of becoming a great silver producer as is Cobalt. In the opinion of Ernest A. Witsee, mining engineer, who returned from an inspection of Cobalt and Montreal River properties, the "New York man" who joined him on the trip from Toronto to Cobalt and the other camps. Mr. Witsee is consulting engineer for the Ontario Silver Lake and Elk Lake and is personally a large holder of the stock.

The party inspected the Kerr Lake, Crown Reserve, Temiskaming and other mines at Cobalt and then went on to Elk Lake and Silver Lake. "Of course, no one can say with positiveness what a mining property has in store beyond where it is developed, but I am convinced that some of the best silver has been made in the Montreal River country," said Mr. Witsee yesterday. "No Cobalt property ever seemed so well at surface as do some of the Silver Lake and Elk Lake properties. The formation in the new camps is diabase and gabbro, similar to that at Cobalt, but the veins in the new camps look stronger than those at Cobalt, and in addition to the high-grade seams, which are as rich as those of the older camp, the veins carry much more milling ore. There are several properties at the lakes that have wonderful showings of ore.

"On the Otisse at Silver Lake, for instance, there are 12 parallel veins which have been traced and opened up in various places, for from 500 to 2000 feet, and all carry rich ore. These veins range from three to nine inches in width. They are persistent and nearly straight, in course, and I can see no reason to doubt that the values will hold at depth as well as do those of Cobalt. These veins carry rich seams that in places are almost pure silver."

Mr. Ernest A. Witsee is an engineer of world-wide reputation. He represented the great mining firm of Wertheim, Best & Co. of London in South Africa, and has been intimately identified with John Hayes Hammond. What the brokerage fraternity here are now wondering at is what has taken this eminent engineer up to the Otisse mine, and why the party which went with Mr. Witsee was accompanied by Mr. Frank Loring, the engineer of the property. It is rather curious that the return of these people to New York was coincident with the beginning of the activity of Otisse stock in this market. For several days past Otisse has been very active and is gradually advancing.

New York Club. Charles Head & Co. report the following quotations and trading at New York yesterday: Nipissing closed 5 to 10, high 10, low 9 7/8; Buffalo, 5 to 2 1/2; Bailey, 2 1/2 to 1 1/2.

MACHINERY IS STARTED ON THE BADGER MINE

After Three Months' Hard Work, Active and Economic Work is Commenced.

C. H. Bunker, president of the Badger Mines Co., Ltd., has just returned from Cobalt, where he went to inspect the new plant, recently installed on the Badger property. He says:

"Monday morning I had the pleasure of witnessing a very pretty ceremony. At a signal from the constructing Engineer Baird, three little girls, daughters of Mine Manager Smith, one at the throttle of the ten drill compressor, one at the hoist and one at the dynamo, turned on steam for the first time, and in a moment all the machinery of the big plant was in full motion, without a hitch of any kind. A copper cent was balanced on edge on the round connecting rod of the compressor and remained balanced there. Considering that the bearings were all new and not yet worn smooth, this was most remarkable and showed how perfectly the foundations were laid and the machinery set. A similar test was made by balancing a copper cent on edge on top of the upright engine, running 600 revolutions per minute, operating the dynamo. Steam was turned on for the time ground was first broken for foundations. Considering this work has been done in the dead of winter, it is considered a remarkable feat in the Cobalt camp. Timbers are all on the ground and framed for the hoist and the water shaft. The main shaft is down a depth of 223 feet and is being rapidly timbered and the stations cut to begin active mining operations at the end of the month. Another shaft on the big calcite vein is down 150 feet and the first drifting done will be to connect the two shafts. Half a car of high-grade ore, taken out in sinking the No. 9 shaft, is now in the ore-house. It is expected that following the completion of the shafts, large bodies of high-grade ore."

One of the most interesting pieces of mining property in the Cobalt camp is the Otisse, a large quantity of valuable ore has been created such a long time ago. The Otisse is ideally situated, about midway between the celebrated Crown Reserve and Jacobs properties, being a little to the north and the equally celebrated Temiskaming property, a little to the south. Development work on this property has been carried on systematically for the last two years, but it was only last November that the Badger Mines Co., Ltd., was organized with a capital of \$2,500,000; 2,500,000 shares of stock at par value of \$1 each. Seven hundred and fifty thousand shares of this stock was set aside as treasury stock for development purposes. 250,000 shares of the treasury stock was underwritten in four days, which provided the company with a very large cash capital, and contracts were immediately let for the installation of one of the most up-to-date mining plants in the Cobalt camp. The stock of the Badger Mines Co., Ltd., has never been listed, consequently it has not felt the recent depression in mining stocks, nor has there been much said as to what has been done on the property, the management deeming it wise to talk when they had something to talk about. The stock has been selling quietly at 96 per share, but it is believed, as soon as the merits of the Badger become thoroughly known, investors will be keen to get this stock, and this will naturally have a tendency to advance the price. The company has plenty of money to operate the property for the next two years without the sale of any more treasury stock or without using proceeds from any ore, which may be taken from the mine; in fact, the financial condition of the company is so good that the proceeds from the first car of ore could be used to pay dividends to the shareholders, were it policy to do so. Great things are expected of the Badger when its big calcite vein, the largest in the Cobalt district, is explored, which the erection of this plant will make possible in the early spring.

A block of twenty-five thousand shares of Silver Maple Mines stock was bought by Cleveland capitalists yesterday. The sale was quietly put through yesterday morning by a Toronto broker. These people like Silver Maple stock not only because the showings on the properties are good, that is, from 671 to 867 ounces of silver to the ton, but because the capitalization is reasonable, \$100,000, with only 100,000 shares being sold at par, 25 cents to the public. A share of this kind takes better than one from one to five dollars a share. These properties look like becoming shippers during 1909.

These properties look like becoming shippers during 1909.

WE ADVISE THE PURCHASE OF BADGER MINES COMPANY STOCK

Write us for information on Badger or any other Cobalt property. We buy, sell and develop mining properties, deal in any good Cobalt stocks, furnish you with full information. Ask your Broker for BADGER. If you can't get it write us. We are prepared to execute orders on either Exchange.

COBALT CONSOLIDATED MINES LIMITED

730 Traders Bank Building, Toronto, Ont.

Placing Machinery Prevents Ore Output

Interest at the Otisse Mine Has Been Concentrated in Machinery Installation.

While no ore has as yet been shipped from the Otisse, a large quantity of valuable ore has been sacked up and stored in the ore house. This was taken from No. 1 vein in course of development.

The reason why no ore was sent out was that all possible haulage facilities were used in the last month to take in the machinery from Charlton. Scores of tons of this machinery were hauled in and the plant is now being assembled and installed.

The shaft on No. 1 vein is now down about fifty feet, and when the air drills are introduced, as they will be very soon, this will be rapidly driven down to the 100 foot level. No. 2 vein is 75 feet from the main workings and

crossed 60 indicates that it is likely to move a good deal higher in the immediate future.

Certain negotiations with the Kerr Lake Co. are understood to be in progress, and are likely to affect very favorably both Kerr Lake and Hargrave.

Smiley, Stanley & McCausland report the close of Bailey on the New York Produce Exchange at 39 to 31.

The demand for a correct Gowganda map has been met by a publication of the Canadian Finance and Securities Corporation, King Edward Hotel. The map has been compiled with great care and will be invaluable to those interested in this mining camp.

James K. Hackett, now at the Royal Alexandra Theatre, will begin his second week on Monday evening, with "The Prisoner of Zenda." It will be repeated on Tuesday evening, Thursday matinee and on Saturday evening, Wednesday and Thursday evenings and at the Saturday matinee. "The Crisis" will be given, and on Friday evening, "Don Caesar's Return."

Mr. Hackett is a Canadian having been born on the St. Lawrence River, in the neighborhood of Kingston. He has a number of relatives in the city.

Notice to Gowganda Prospectors!

Do Your Outfitting Here and Save Your Money for Expenses Up North.

Are you a mine-owner or only a prospector? If you own your mine, money is no object, but if you have to do a little hustling first, you'd be wise to conserve your resources.

Up North they have to get good prices to pay for freight and bush country expenses. Buy your outfit here. We sell nearly everything a man wants in camp, at work, or on the trail, and Simpson prices leave you a good, big, chunky margin of saved money!

Bush Clothes at Simpson's Prices

GOOD, Warm Strong Suits and Wind-Proof Overcoats—the kind of Clothing for the Cobalt country in winter.
