ALIENIST, TESTIFYING ASSAILS MURDERED MAN

Called Down by Judge for His Remarks—Bradley Defence Closed.

WASHINGTON, Nov. 26.—Dramatic scenes marked the proceedings today in the trial of Mrs. Annie M. Bradley, charged with having killed former Senator Arthur M. Brown of Utah, in this city last December. Bradley, a widow of New York, the alienist who testified in the Thaw case, not only declared that Mrs. Bradley was insane when she shot her husband, but entered with such vigor in defending his opinion and in denunciation of the conduct of the dead senator, that Justice Stafford reminded the witness that the late senator was not on trial and not there to defend himself, and admonished her to refer to the dead man only when necessary to show the effect of his acts upon the mind of the defendant.

Dead Senator's Son. The appearance of the stand of Max Brown, son of the dead senator, who was called in to testify, was greeted in the extreme. The young man, tall, slender and fragile of physique—looking as he made his way to the stand as though he had been carefully avoided looking toward the defendant, who sat within ten feet of him. When he told of seeing his father and Mrs. Bradley in the kitchen of their home, with jars of fruit they had brought from the cellar at a time when his mother had been called away from the city to the bedside of her dying sister, the defendant laughed and lowered her head in confusion. But there was a sign of merriment on the face of the witness, who replied briefly to all questions put to him and lowered his eyes during intervals in the giving of his testimony.

Believed Woman Insane. Dr. Charles E. Hill, professor of nervous and mental diseases in the Baltimore Medical College, declared that in his opinion Mrs. Bradley was insane when she shot her husband. He testified that several abortions performed on her, her suffering and disappointment and her hereditary taint of insanity, all combined to produce insanity in her. He testified she shot Senator Brown intentionally, but believing that she was doing right in doing so.

A number of witnesses from Salt Lake, including Max Brown, were introduced by the government in rebuttal. Several of them testified that Mrs. Bradley, during their years of acquaintance with her, appeared at all times rational and affable. It was brought out that Senator Brown had made a proposition to Mrs. Bradley to accept a \$5000 house and \$100 a month until her youngest child should be 21 years of age, if she would leave Mr. Brown alone, but she indignantly declined the offer, saying that she wanted to marry Brown in order that her children by him might be given a name.

Prisoner Wept and Sobbed. During the testimony Mrs. Bradley wept and sobbed and in the forenoon session gave every indication that she was about to collapse. She, however, mustered such strength as she possessed and concluded the day's ordeal in fair condition.

Back at St. Thomas To-Night. ST. THOMAS, Nov. 26.—(Special.)—Hon. Adam Beck will address the Canadian Club here to-morrow evening.

Albert Mansfield, who was arrested on a warrant issued six years ago charging that he was a fugitive, was yesterday discharged. The then complainant is dead.

To Cure a Corn in One Night apply Putnam's Painless Corn Extractor. It is sure safe and painless. Never fails, always cures. It is made by having the genuine "Putnam's."

CHURCHES WILL UNITE IN FOREIGN PLACES To Support One Church for the English Speaking Population.

The executive of the foreign mission committee of the Canadian Presbyterian Church met yesterday, the convenor, Rev. W. A. J. Martin of Toronto, in the hall of the church, who went out this fall to North Formosa.

It was stated that the Vancouver congregation has intimated a desire to undertake the support of Rev. T. A. Broadfoot, who has gone to the mission field in South China.

The estimates for the work at the South China mission, near Canton, for next year were passed upon. It was determined to purchase a property at Kongmun, a city with 100,000 inhabitants, in the Canton district, as it was decided to establish the mission permanently in that region.

The transfer of the work, which has hitherto been energetically carried on by the American Presbyterians in the Santo district, to the Canadian Presbyterian Church was sanctioned. The estimates for the Macow mission in South China for next year were approved. Buildings are to be erected at this point, but the sum that will be required is not at present known.

The foreign mission committee has granted the services of the Rev. A. W. Longhead, one of its missionaries at Honsan, in North China, to the foreign department of the world Y. M. C. A., labor among some 17,000 Chinese students in that region.

It was agreed to unite with the other Canadian churches in giving financial assistance towards the important work of maintaining union churches in oriental cities, where many foreigners reside. These include young men employed in governmental and consular service, and in business. It was felt that young men exposed to such great temptations should be given oversight, and that for this purpose it was better to establish a union church, which, although it will need at the present time some help, will within a year or two be self-sustaining.

Dr. J. M. Waters, a medical missionary stationed at Urgan, in Central India, was granted a year's furlough. Dr. Waters will leave India on Jan. 7, and will spend his furlough in Canada. His home is practically in this city, but his wife's relatives live in Kincardine.

Form with fields for Name, Street Address, City, State.

to the idle, "Ex nihilo, nihil fit." And this Christian charity is strained to the breaking point at a little noise from the children, whom at least they did not have the trouble of bringing into the world of caring for.

Canada is inclined, despite the recent importation of the 'cheapest form of pronounced English accent, and a few other incongruities, to be a distinctly democratic country. Hence specimens of nearly every type of child may be found in a public school in any good district, and it is the place of all others to study them to advantage.

Miss Robson's Home On the Upper Thames

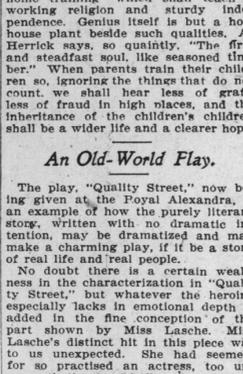

Where the Talented Actress and Her Mother Pass the Summers. Tucked away on the upper reaches of the Thames, within easy motoring distance of London, there is a quaint old manor house that shares with many others a legendary significance in having been the stopping place of the Virgin Queen, Elizabeth, and which, whether the story be true or not, has a sufficient ring of truth to satisfy all the craving for old associations that any one could wish for.

This old house and its environments passed into the hands of Miss Robson when she was playing "Merely Mary Ann" in London three or four seasons ago, and since then she has managed to pass her time very profitably in and about it. Last year she deserted it temporarily for a few weeks while she went off to Brittany and lived at a little village on the coast.

This past summer the house was at its best, for Miss Robson's mother, Mrs. Madge Carr Cook, was playing "Mrs. Wiggs of the Cabbage Patch" in London at Terry's Theatre, and the two were enabled to enjoy their home life in the full. Miss Robson's vacation this year was a short one, but she had

return to the real self; the ideal place to sit and dream away the scented summer hours, and to make hazy plans for the future and to build the castles in Spain which are so dear. There "Mrs. Wiggs" and "Salomy Jane" combined their homely philosophy and their elemental emotions and merged them with the memories of the old England that is past and gone.

Christmas Toys for the Little Ones.

Only a few more weeks and it will be time to fill the Christmas stockings. These are usually busy days to mothers all over the land, but a glance over this page will help solve the problem as to what to give.

There is a delicate and ironic humor in Barrie's play, and the funny scenes are not loudly funny, but will tear telling and remembering for a long time. As usual, the costumes and scenery are up to the mark, and the acting of the leading members of the company as it should be.

This past summer the house was at its best, for Miss Robson's mother, Mrs. Madge Carr Cook, was playing "Mrs. Wiggs of the Cabbage Patch" in London at Terry's Theatre, and the two were enabled to enjoy their home life in the full. Miss Robson's vacation this year was a short one, but she had

return to the real self; the ideal place to sit and dream away the scented summer hours, and to make hazy plans for the future and to build the castles in Spain which are so dear. There "Mrs. Wiggs" and "Salomy Jane" combined their homely philosophy and their elemental emotions and merged them with the memories of the old England that is past and gone.

Miss Robson's Home On the Upper Thames

Where the Talented Actress and Her Mother Pass the Summers. Tucked away on the upper reaches of the Thames, within easy motoring distance of London, there is a quaint old manor house that shares with many others a legendary significance in having been the stopping place of the Virgin Queen, Elizabeth, and which, whether the story be true or not, has a sufficient ring of truth to satisfy all the craving for old associations that any one could wish for.

Eleanor Robson as "Salomy Jane." The old house, the old garden, the old trees, and the quiet, orderly, English life, with none of the hurry and bustle of the actress on her travels. It is the ideal spot, where one might choose to cast behind the character that has been assumed for eight months and to

Christmas Toys for the Little Ones.

Only a few more weeks and it will be time to fill the Christmas stockings. These are usually busy days to mothers all over the land, but a glance over this page will help solve the problem as to what to give.

There is a delicate and ironic humor in Barrie's play, and the funny scenes are not loudly funny, but will tear telling and remembering for a long time. As usual, the costumes and scenery are up to the mark, and the acting of the leading members of the company as it should be.

Mrs. Hees was the hostess of a large reception yesterday when she received her guests, assisted by her sister-in-law, Mrs. Will Hees of New York. The former lady wore cream lace over mauve, while the latter was gowned in pale blue tissue embroidered with silver in floral design. Mrs. Hees, daughter of Mrs. Hees, assisted in the tea-room, wearing white crepe de chine with lace. Mrs. LeGrand Reed also assisted, gowned in brown velvet. Miss Lilie Lee was also in the tea-room. The decorations were of mauve chrysantheums in one room and American Beauties and carnations in the other.

In connection with St. Alban's Cathedral League, Mrs. MacNab will give her annual "kittledrum" at 120 Wellesley-street on Thursday afternoon, from 4 to 7. There will be music and refreshments.

A BEAUTIFUL FACE All the old methods of scouring beauty from the complexion are replaced by the RUBBER COMPLEXION BULB

It prevents and removes wrinkles, also pimples, blackheads, and freckles, and makes the skin soft, clear, smooth and white. A single soothing application produces remarkable results. Blackheads in many cases are banished in a few minutes. The speed with which it clears the complexion is almost beyond belief. No woman who uses one of these remarkable devices need have any further fear of wrinkles or blackheads. Always ready to assist to get out of order. The regular price is 50c. In order to introduce our Catalogue of new specialties we will send the Complexion Bulb complete with full directions for thirty-five cents, postage paid. You cannot afford to miss this bargain. STREET RAILWAY AND CITY EMPLOYEES CLASH

Undertook to Widen Channel at Point Where Winnipeg Bridge Is to Be Constructed.

WINNIPEG, Nov. 26.—(Special).—A serious clash between the employees of the street railway and the city has occurred on the Pinnawa Channel, at which the city power tramway bridge is to be placed over the channel of the Winnipeg river. The Street Railway Company some time ago signified its intention of widening the channel at the point where the city's bridge is to be constructed. City officials, however, state that the company said it would not proceed with the work until spring. For some time the city workmen have been working on the erection of a temporary trestle up to the edge of the channel. A few days ago the street railwaymen appeared on the scene and started operations directly in the path of the trestle for the purpose of widening the channel. The city workmen threw a brick placed by the company out of the way and then the street railwaymen placed it in position again. The city claims that no rights to widen the channel have been granted to the street railway at Ottawa and have wired to the Federal authorities as to their rights.

STORM SWEEPS PACIFIC COAST

Wires Down and Many Cities Almost Isolated. VANCOUVER, B.C., Nov. 26.—(Special).—The big rainstorm which descended on Vancouver late yesterday afternoon did not play any favorites along the Pacific coast. Practically every mile of coast from Alaska to California was swept by the storm, which in some places carried with it rain, and in others snow. Telegraph and telephone wires all over British Columbia, Washington and Oregon went down before the gale. There is no communication between Vancouver and outside points to-day save by telephone, and Seattle is also shut out by the storm. The C.P. telegraph lines were carried down in the vicinity of North Bend, where seven inches of snow fell in a few hours.

BROCKVILLE'S BANQUET TO THE NEW MINISTER

Hon. G. P. Graham is Given a Pleasant Evening by His Constituents.

BROCKVILLE, Nov. 25.—(Special).—Hon. George P. Graham, minister of railways and canals, was in the home of his friends and fellow-citizens this evening, on the occasion of a complimentary banquet tendered him in recognition of being called to Sir Wilfrid Laurier's cabinet. The affair came at an opportune time to kill two birds with the one stone, for Hon. Dan Doherty, another distinguished member of the cabinet, appointed to the senate a few days ago, was conspicuous in the gathering and shared with Mr. Graham in having congratulations showered upon him from all sides.

The banquet was held in the large dining-room of the Hotel Strathcona, with artistic appointments. The seating capacity was fully occupied with Brockville's leading citizens, representative of party lines or creed. Among the number was Rev. Dean Murray, pastor of "Our Church" Protestant Episcopal Catholic Church. Other clergymen present were Rev. D. Strachan of St. John's Presbyterian Church, Rev. Norman MacLeod of First Church on Bay, F. C. Reynolds of the George-street Methodist.

Mr. Graham, president of the board of trade, acted as chairman and toastmaster, and ex-Mayor Stewart, a strong political opponent of the minister of railways, acted as vice-chairman. At the table of honor sat the chairman, to his right Hon. G. P. Graham, and to his left, Hon. D. Doherty. Surrounding them were the speakers of the evening, who, apart from Mr. Graham, were: Rev. Norman MacLeod, Senator Doherty, Hon. J. Buehl, ex-Mayor Stewart, Lieut.-Col. Fisher, Ald. W. A. Lewis, Mayor Fulford, W. C. MacLaren, John M. Gill, T. J. Storey, Wm. Shearer and A. T. Wilgress.

Ovation for Mr. Graham. Mr. Graham, on rising to reply to the toast of "Our Guests" received a tremendous ovation. When the applause had subsided he proceeded with evident emotion, being deeply touched by a sense of the honor conferred upon him by his constituents.

Mr. Graham exchanged greetings with his friends and neighbors. "There are things in which we are all Canadians," he said. "We have a form of government that acknowledges no superior in this world. We enjoy a freedom in thought, word and action that tends to bring out the best that is creditable to Canada, and we are rapidly developing the vast resources that have been given greater strength to this one of his majesty's greater dominions belong to him, in so doing will add to the already powerful influence of the British empire."

Transportation Question. Mr. Graham dealt with the transportation question, showing the expenditure that had been made in this young country in the construction of railways and canals, and the improvement of our waterways. He said he was not prepared to make any announcement as to policy, but was endeavoring to fully inform himself along certain lines and when once he was fully convinced of what ought to be done, if it were possible, he believed his colleagues would listen to his suggestions with a sympathetic ear.

WESTON. "Indignation" Meeting to Protest Against Council's Decision.

WESTON, Nov. 25.—The action of the town council in granting a three-year lease for municipal power and right to the Stark, T. L. and P. system of Toronto Junction, has caused resentment among some of the citizens, which has developed so much that it has been decided to hold an indignation meeting on Wednesday evening to publicly disapprove of the council's action.

Rev. J. Hughes Jones to-night expressed the opinion that the Weston council acted altogether in a too arbitrary fashion in regard to the matter, and to go to work. "Before the overboard," said he, "they should at least have called a meeting of the ratepayers to get the general trend of public opinion on the matter. The council have gone and delivered the plant for three years over to an insolvent company, who are to pay only \$500 per annum for the use of the outside construction, while the town will have to pay the company \$50 per annum for each of the 22 street lights. Then the unpleasantest of the whole thing is that we are practically helpless in the matter. We may call half a dozen indignation meetings, but in the end we will have to abide by the council's decision."

Dr. Irwin, the reeve, says in explanation of the council's action: "The council is in favor of the hydro-electric power last January, and have been in touch with the commission all summer. The councilmen are as much in favor of hydro-electric power as any citizen or number of citizens in Weston. The hydro-power commission will not be supplying power for about two years yet, and the plant is even at present overloaded. There are applications for 200 additional lamps and two new arc lights, so that the present plant would not be adequate for the load."

"In view of the fact that Niagara power will be here in about two years, it would be folly to install new machinery and thus increase the capital account. This, in addition to the fact that the people are demanding a 24-hour service, and the manufacturers' additional power, seemed to be sufficient justification for the action of the council."

The franchise still remains intact and the Stark Company will, according to the terms of the by-law, renounce all rights in the town at the end of three years."

THE "SAVOYS"

Beware the Bought Press

Continued From Page 1.

The change is not in all respects for the better, the unselfish interest which anyone can take in the affairs of others is a fixed quantity, or at least, is not capable of indefinite expansion, and when you spread it out broad, you also spread it out thin.

But for this loss there is more than compensation in the development of our sense of proportion and therefore their likeness to ourselves and, as a consequence, the universal application of underlying moral laws amidst all diversities of national or local custom or prejudice.

It is the existence of this common moral standard which qualifies the press for its highest and most useful function. A free press is a perpetual petition, it is, or it should be, always telling the government what the people wish and hope for and think right.

It must be noted, however, that the power of the press in this regard arises from the fact that it speaks, or is believed to speak, what everybody is saying at the time. As soon as a paper is recognized as "Somebody's organ," as expressing the views and wishes and opinions of any particular man or set of men, its helpful influence as a newspaper is gone. It may, indeed, have another kind of influence, for those who control or conduct it may be powerful men, but its editorial utterances are simply their "open letters."

In my judgment this is a matter of very serious and urgent concern to the American people to-day. Certain of our newspapers, including some whose influence within my memory, indeed, within but a comparatively few years, was a power, and a power for good, in the community are now firmly and widely believed to be virtually or even literally owned by well-known "interests," in other words, by wealthy men engaged in far-reaching enterprises. This widespread and very confident belief as to such ownership makes them virtually "trade organs" with but little more influence than the papers published avowedly as such, and what is even more unfortunate, it leads to a very general suspicion that other papers may be secretly in the same situation. The legitimate and salutary power of a newspaper lies-in its showing and being thought to show "the first thought" of the ordinary citizen on all matters of current public interest.

In showing this it does the community a double service, it gives shape and direction to public opinion and enormously increases the latter's force. The greater mass of mankind do not know what they really think until somebody tells them, they recognize their own opinions when these are expressed for them by another; then and only then are they ready to act.

It must be remembered in this connection that an editor is necessarily a politician, or, at all events, he ought to be one. Unless he has definite opinions on all questions of general public interest, and is ready to express them, he has no business to be an editor. Indeed, he is not an editor, but is only trying to pass himself off as one. In fact, an editor is a politician whether he wishes to be or no; if he will not speak on subjects connected with politics, his very silence is a way of dealing with them.

And if the editor wishes or pretends to wish for what we may call "purity" in politics, he is bound in consistency to show himself a pure politician. If his action or inaction, his speech or his silence be determined by the purpose to advance, not the public good, but his own private interest, then he is himself a "part" and a very disgusting and dangerous part, "of the thing to be reformed."

Reputable newspapers are careful lest what they publish as advertisements be confused with what they publish as news or comments. But it is just as much a fraud on the public to write something yourself which you are, directly or indirectly, paid to write and publish, and then publish this as a spontaneous expression of your sentiments, as it would be to publish in the like guise what somebody else has written.

This is one thing which the newspapers must do if they would be, in this field or in an other, an agency for good, and that is to think and feel the truth. The first duty of the press is to hold up before the people a faithful mirror; if it displays distorted pictures it falsely betrays its trust.

No worthy end was ever accomplished thru deception, whether of ourselves or others. If we are threatened by over-shadowing dangers, to escape them we must first see them and see them as they are. Americans can say with confidence, "We will know the truth and the truth shall make us free."

JAILED BANKER ENDS HIS LIFE

Disgrace More Than Ex-President of Brooklyn Bank Could Stand.

NEW YORK, Nov. 26.—Howard Maxwell, deposed president of the Borough Bank of Brooklyn, who was under indictment for grand larceny and forgery, and was last night released from jail on \$30,000 bail, committed suicide to-day. He cut his throat and left wrist with a razor and penknife in the bathroom at his home in Brooklyn, and died to-night at the Long Island College Hospital.

Maxwell, who was flogged up last Thursday had felt his humiliation keenly, and during his incarceration had appeared hopelessly despondent. He had, however, given his family no intimation, so far as known, that he contemplated making away with himself. His wife was prostrated by the tragedy, and was under the care of physicians to-night.

Maxwell was released late last night from Raymond-street jail, where he had been held a prisoner since the three indictments charging him with misdoings in connection with the management of the suspended Borough Bank were returned. There was some difficulty in obtaining bail and officers of the jail reported that Maxwell was gravely depressed. All yesterday and the day before he lay on his bed and appeared to be oblivious as to his surroundings. He declined to receive any visitors, except his wife and counsel.

Last night Justice Eurr signed an order for Maxwell's release, when bail to the amount of \$30,000 was furnished by Maxwell's four unmarried sisters, who offered their home as security for a \$10,000 bond; two friends who qualified in \$10,000; and a security company which gave a bond for \$10,000. Maxwell, in company with his counsel, O. Eland, was driven after his release to his residence at 132 Congress-street, where he was greeted by his wife and seven-year-old niece, Dorothy Doolittle. Maxwell spent this forenoon quietly at his home.

This afternoon he announced his intention of taking a bath and going for a walk. Shortly before 2 o'clock Maxwell, who was a colored man, heard a sound as if someone had fallen on the second floor. Hurrying upstairs she discovered the banker lying on the bathroom floor, half dressed, with gaping wounds in his throat and left wrist. On a washstand near by lay a razor, half open, and a penknife with blades open at each end and both covered with blood. As she turned to summon help, the maid stepped upon a second razor, which lay half open in the hallway leading to the bathroom. Maxwell was conscious and tried to articulate, but failed to make himself understood.

CUISINE NEWS.

A number of our patrons claim that we are to Toronto's healthiest and most delicious food to New Yorkers. A repeat here will convince you of the truth of the assertion. The best of the market affords prepared and served by skilled caterers, doing business from 7 a.m. until midnight. "St. Charles of course." The noted Oyster House.

Killed by Train. VICTORIA, Nov. 26.—The body of an Italian laborer was found on the M.C.R. tracks to-night, having evidently been struck by a train.

BEER* BENEFITS THE WHOLE BODY (NO OTHER FOOD-BEVERAGE DOES THAT MUCH)

NOT six people in a thousand (and those six have either diabetes or gouty tendencies) can get anything but real good from the use of good beer with their meals. Because that kind of beer (and no other kind is brewed in Ontario) benefits the whole body of the normal adult,—enriches the blood, vitalizes the stomach, makes kidneys and liver active, builds flesh and betters nerves.

Beer Is Not A Mere Tonic

Good Beer, drank with meals and at bedtime, is not merely a tonic—for a tonic simply gets one part of the system to work better for a while, by stimulating its activity, while beer, rightly used, does the whole system permanent good.

Beer Builds Up Thin Folks

That is why good beer is such a notable flesh-builder, and why it is so effective in changing the too-white blood of anemic people into the red, strong, healthy blood of the vigorous. It has qualities that are very valuable to women, especially. It is distinctly NOT an intoxicant, nor a hurtful stimulant. Ask your doctor if beer wouldn't be good for you as an item of daily diet.

* BEER is a term which covers lager, ale, porter and stout; and, in the practice of Ontario brewers, implies beverages made under most hygienic conditions from Ontario barley (the best in the world) malt, hops, and pure water.

It Is Presumption to Say You Haven't a Mind of Your Own,

yet that is what is practically said to you when you ask for an advertised article and are offered a substitute by a dealer. He would give you what you made up your mind you wanted, but for the fact that a substitute pays him a larger percentage of profit. Such a dealer's interest lies only in making as much money out of you as possible. The first-class dealer would have given you what you asked for, by that course admitting that you had a mind of your own and were capable of exercising it. Show the substitutor that you have a mind of your own by getting what you ask for.

CANADIAN BANKING SYSTEM

is Eminently Satisfactory, Says The London Times. LONDON, Nov. 26.—(C.A.P. Cable).—The Times editorially emphasizes the satisfactory condition of the finances of Canada compared with those of the United States, and says our Canadian brothers are not much behind their neighbors in adventurous action in the sphere of industry and commerce. They have, however, been under the wholesome restraint of a sound banking system. The working of the Canadian banking system in time of difficulty is eminently satisfactory.

MY FREE ELECTRIC BELT FOR MEN ALL AGES

Never before has another person made a free offer such as this. I do not distribute cheap samples broadcast, but am daily sending out dozens of my full-power Dr. Sanden Electric Belts absolutely free of charge, and they are the same in every respect as though full cash prices were paid. The proposition is simple. If you are ailing, call at my office and take a Belt home with you. Or, if at a distance—no matter where—send your name and address, and I will at once arrange to deliver to you one of my Belts, with suspensory or other attachment needed. Use same according to my advice until cured, then pay me—many cases as low as \$5. Or, if not cured, simply return the Belt, which will close the transaction. That's all there is to it. If you prefer to buy for cash, I give full wholesale discount.

Not One Penny in Advance Nor on Deposit.

Not a cent unless you are made well. I make this offer to show men what faith I have in my own remedy, and I can afford to take the risk because not one in a thousand, when cured, will cheat me out of the small amount asked. It pays me and my patient. My business more than doubled last year. Each Belt embodies all of my exclusive inventions (latest patent March 7th, 1905), and all patients receive the benefit of my 40 years' experience; a knowledge of infinite value, and which is mine alone to give. I am the originator of the Electric Belt treatment, and all followers are imitators. This I will prove by any guarantee you ask. You wear my Belt all night. It sends a soothing current (which you feel) through the weakened parts, curing while you rest. Used for lost manhood, nervous debility, impotency, varicocele, lame back, rheumatism, lumbago, dull pain over kidneys, pains in all parts of the body, kidney, liver, bladder disorders, constipation and stomach troubles. Send for the belt to-day; or if you wish more information, write me fully of your case and receive my personal reply. I will also send my descriptive book, sealed, free of charge. I have thousands of recent testimonials from grateful patients. Would you care to read some of them?

Let me take charge of your case at once. I will put new life into you in two weeks' time. Don't you do the worrying. Put that on me. I will take all the risk. I have something to work for. Unless you are cured I get no pay. Address

DREAM REVEALS CRIME BODY BURIED IN SHED

Oakland Resident Charged With Wife Murder in a Peculiar Way.

SAN FRANCISCO, Cal., Nov. 26.—The police of Oakland yesterday unearthed a most diabolical crime and have taken into custody M. A. Wilkins, a stationary engineer, and will charge him with the murder of his wife, whose body was found buried in quicklime underneath a shed in the yard of the Wilkins' home in Elmhurst, a suburb of Oakland.

It was shown that Mrs. Wilkins had given birth to a child, and Wilkins stated that she had gone to the home of her parents in the east.

A friend of the dead woman, Mrs. J. M. Anderson of San Francisco, had been staying at the Wilkins' home during the past few days and now asserts that Wilkins had endeavored to induce her to leave her husband and go with him. Her suspicions became aroused and Monday night in a dream she saw the body of her former friend lying on the ground, with the arms crossed over the breast. She returned to San Francisco and informed her husband, and the two told the story to the Oakland police. The result was the finding of the body in a trench under an old carpet in the shed, lying as described by Mrs. Anderson.

Wilkins at first said his wife had committed suicide. Later he asserted she had died during childbirth and

CANADIAN PACIFIC HAS NOT ADEQUATE EQUIPMENT

Report of Railway Commission on What the Company is Doing to Improve Its Facilities.

OTTAWA, Nov. 26.—A. F. Dillinger, operating assistant of the railway commission, has made a special report on C.P.R. equipment. Mr. Dillinger says that the company at the time of making the report failed to have sufficient receiving and loading accommodation at junction points for receiving traffic without causing delay, and does not furnish the requisite number of cars, and is unable to use to best advantage the motive power the company owns. The cause of this is the lack of additional facilities, such as roundhouses, shops, yards, sidings, warehouse accommodation and the abnormal increase in traffic.

Mr. Dillinger says the company has not the appliances to receive and handle the traffic which will be expected in the next two years from April 12 last.

On April 15 the company had the following equipment, 40,333 freight cars, 1732 passenger cars and 1253 locomotives. Contracts have been entered into for delivery to the company this year as follows: 4650 freight cars, 156 passenger cars and 23 locomotive engines. The company has provided for expending on rolling stock and equipment in 1907, \$12,000,000. More terminal facilities are being provided at Montreal, Toronto and Port William and along the system. Part of the company's line is being double-tracked.

The additional cars, locomotives and other facilities provided for, Dillinger says, will be sufficient for the traffic this year. Further provision is being made.

The effect of the Lord's Day Act upon the company means a loss of 21 per cent per week of its capacity. In regard to the delay of cars from the operation of the Manitoba Grain Act, Mr. Dillinger suggests an amendment to prevent existing delays.

Were the terms of the act now strictly adhered to, the railway companies would not be able to move 60 per cent of the grain crops in one year. He suggests that farmers desiring to load at platforms be supplied with all the cars the platform will accommodate before shops, yards, sidings, warehouse accommodation and the abnormal increase in traffic.

Mr. Dillinger says the company has not the appliances to receive and handle the traffic which will be expected in the next two years from April 12 last.

PRUSSIA IS EXTENDING STATE RAILWAY SERVICE

Expensive But Beneficial—Polish Estates Bill Will Provoke Agitation.

BERLIN, Nov. 26.—The Prussian Diet opened to-day in the White Hall of the palace. Prince Von Buelow, the imperial chancellor, in the emperor's absence, read the speech from the throne, during which he declared that the growth of permanent expenditures had increased the budget by over \$25,000,000.

The chancellor said that a deficit is expected in the current year owing to the increased expenses in the railroad administration and that the government would have to resort to a loan for extending the railroad system, the building of new roads, double-tracking of old lines and for the buying of additional rolling stock.

The speech foreshadows a bill authorizing the government to acquire Polish estates by condemnation proceedings under the law of eminent domain. This measure, which was actively discussed some months ago, is expected to reopen the agitation over the Polish question in an acute form. The government's project has been criticized by even the leading Conservative organs.

The speech from the throne expresses the government's conviction that both houses of the diet will give active co-operation in the settling of this "grave national question."

HAD A STAB-LIKE PAIN THROUGH THE HEART. MILBURN'S HEART AND NERVE PILLS CURED HER AND SAVED HER LIFE.

Discussed Power Bylaw.

There is no one, we imagine, sets about deliberately to do injury to the heart, yet in the excitement and excesses of present-day living, the nervous system is done violence to, and the heart and nerves being so intimately bound up with one another, disorganization of the one means disease and disorder of the other.

When you find your heart the least bit out of rhythm, your nerves unbinged, don't wait until you are prostrated on a bed of sickness. Take Milburn's Heart and Nerve Pills. They'll put you in such condition you'll never know you have a heart, make your brain clear and active, your nerves strong, your blood rich and pure, and your whole being thrill with a new life.

Mrs. John C. Yensen, Little Rocker, N.B., writes: "I was troubled with a stab-like pain through my heart. I tried many remedies but they seemed to do me more harm than good. I was advised by a friend to try Milburn's Heart and Nerve Pills, and after using two boxes I was completely cured. I cannot praise them enough for the world, of good they did me for I believe they saved my life."

Price 50 cents per box or 3 boxes for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

DISCUSSED POWER BYLAW.

Progressive Club Heard a Number of Favorable Arguments.

The pertinent subject of the submission of the power bylaw was discussed at the weekly dinner of the Progressive Club last night.

A. W. Wright reviewed the power question from the time of its first appearance in Mr. Miscampbell's resolution in the provincial house concerning the public ownership of Niagara power. He said that on that occasion Liberals had voted against the resolution for purely parliamentary reasons. The question was not a political one in any sense of the word. He strongly supported the bylaw.

Ald Geary explained that the three propositions which the Toronto Electric Light Company had made to the council had been rejected because none was fair or the best that the company could make.

James H. Dutche was inclined to believe that the bylaw could be voted down. He dwelt on the point that only five-year leaseholders and property holders could vote on the question, and they were to a large extent interested in such propositions as the Electric Light Company and the power companies.

Other speakers were W. A. Douglas, R. G. Agnew of Toronto Junction, A.H. Graham, Dr. Augusta Gullen, Mrs. Denison, J. M. Wilkinson, the club's president, Mrs. Dr. Gordon, Dr. Hargreaves, William Banks and W. A. Sherwood.

ARRESTED BY RABBI.

Invader Seeks Refuge in Yard to Be Collared by Cleric.

Edward Green, who claims residence at North Bay, was arrested yesterday, but not by a policeman. Rabbi Phillips juggled Mr. Green to the cell.

Green was discovered in the upper section of Meyer Goldhair's home at 245 Chestnut-street at 2:45 in the afternoon. Goldhair objected and Green bumped him upon the nose and fled to a roof in the rear. From there he jumped ten feet to Goldhair's yard and was surrounded by Goldhair's friends until the rabbi came along.

Green is charged with assault and trespass.

Dr. McLaughlin Talks About His Electric Belt

Pay When Cured

Ever since the beginning of civilization, the man who made a new discovery of invention was jeered or laughed at. Who knows the inventor of the electric belt by electricity, nearly everybody thought he was crazy.

To-day people are almost as skeptical about any new invention, as they were fifty years ago. When a doctor comes forward with a new remedy or a new method of curing disease, their first cry is, "show me." I can do it.

I have invented an electric body battery for the cure of chronic and nervous ailments, and for weakness in men and women. It gives vigor, health, new vitality to your blood, nerves, organs, or any other part of your body that may be weak.

My Electric Belt generates a powerful current of electricity, and can be made as strong or mild as you like, by the adjustment of a regulator.

Scientists tell us, and I have proven, that the motive power of the body is electricity. When you are full of it you are strong and healthy. When you lack it you are weak, stupid and nerveless. Electricity cures by restoring to the body the power it has lost. When I say that electricity cures I don't ask you to take my word for it. I back up my statement with the testimony of hundreds of honest men who have found health and strength in this life-giver, and who write me as skeptical as you before they tried my treatment.

Dear Sir,—I write to let you know that your Rheumatism has been cured, and I am entirely satisfied with your statement when I gave it to my sister to wear, and she, too, was entirely cured, after being treated by many different doctors, and also being told she would have to go under an operation, to which she would not consent. She used your Belt, and was entirely cured.—JOHN W. THIBAUT, Bruce Mines, Ont.

When your stomach, liver or digestive organs get out of order it is because they lack the necessary electricity to enable them to perform their regular functions. The breaking down of one of these organs nearly always causes other trouble. Nature can't

Get my 84-page book, describing my treatment, and with illustrations of fully developed men and women, showing how it is applied. This book tells in plain language many things you want to know, and gives a lot of good, wholesome advice for men.

EAST TORONTO, Nov. 25.—The ladies having in charge the work of preparing for the "game supper" on Thursday evening are sparing no efforts to make the affair one of the most enjoyable ever held under the auspices of the Y.M.C.A. at this point. Supper will be served from 6 to 8 p.m., after which a good program will be rendered.

Thomas and William Burgess appeared before Magistrate Clay this afternoon on two charges, one of house-breaking and the other of assault. The cases were adjourned until Tuesday, and will then come before Police Magistrate Ellis. Prisoners were released on bail of \$100 each.

Secretary Robson of the Y.M.C.A. is at present in Washington, D.C., in attendance at the international convention there.

\$15.00 Excursion to Chicago.
Round trip rate from Toronto to Chicago for International Live Stock Exposition will be \$15. Good going Nov. 28 to Dec. 3. Valid for return until Dec. 9. Three Grand Trunk trains leave Union station daily at 8.00 a.m., 4.00 p.m., and 11.00 p.m. Secure tickets and make reservations at city office, northwest corner King and Yonge-streets.

Annual Game Supper Takes Place on Thursday Night.

MARKET UNINTERESTING TRADING IS LIMITED

Silver Leaf the Only Active Issue at the Toronto Mining Markets.

Tuesday Evening, Nov. 26. The Cobalt mining list was again today an uninteresting affair, the sales being pretty well confined to Silver Leaf which sold at 7 1/4. Outside of this stock there were hardly enough sales made to make up a block such as would have been a single quotation in the palmy days of last fall. Brokers still talk light money and until their subsidies they do not expect to see anything beyond a quiet market. The sales in the Toronto exchange curb have almost reached a point of zero. Trefreth sold at 47, Nova Scotia at 15 1/2 for 200 shares, Silver Leaf at 26, Cobalt Lake at 10 3/4, Silver Leaf at 50, 100 at 5.50, Foster at 30 at 47.

Afternoon Sales.
Nova Scotia—100 at 15, 100 at 17, Silver Leaf—200 at 27, 200 at 28, Nipissing—100, 100 at 5.50, Foster—20 at 47.

Cobalt Central Meeting.
The annual meeting of the stockholders of Cobalt Central Mines Co. will be held on December 20.

CHILD CRIMINALS.

Aid Society Secure Civic Appropriation to Increase Work.

J. H. Macdonald, president of the Children's Aid Society, appearing before the board of control yesterday, secured a grant of \$6500 towards erecting an addition to the present building on Simcoe-street, said he was amazed at the large number of children who were being charged with theft in the police court.

ACCIDENTAL DEATH.

Coroner McCallum's jury brought in a verdict of "accidental death" in no blame attached to the contractors, in enquiring into the death of Thos. Aughton, who fell thru an elevator shaft at the new Confederation Life Building on Nov. 17.

JAPAN BUYS CANADIAN STEAMERS.

OTTAWA, Nov. 26.—The Canadian Pacific Railway Company has sold the steamers Tartar and Athonian to a Japanese navigation company. In future they will be used on the route between Calcutta and Yokohama. The price paid was \$75,000. The increased service between the two ports named is thought to be due to Japan's desire to encourage the immigration of Hindus.

COBALT ORE SHIPMENTS.

Following are the weekly shipments from Cobalt camp, and those from Jan. 1 to date:

Week end	Nov. 23 Since Jan. 1	Week end	Nov. 23 Since Jan. 1
Buffalo	2,178.20	McKinley-Darrah	1,015.55
City of Cobalt	301.20	Nipissing	1,465.00
Coniagau	4,622.80	Nova Scotia	2,408.00
Cobalt	101.20	O'Brien	2,065.50

Lupton	27.20	Watts	192,078
McKinley-Darrah	426.20	Watts	292.01
McKinley-Darrah	426.20	Watts	61.32

The total shipments for the week were 1,067.54 pounds, or 123 tons. In 1904 the camp produced 108 tons, valued at \$186,217; in 1905, 214 tons, valued at \$1,472,192; in 1906, 112 tons, valued at \$5,900,000.

89 CARS AT CITY YARDS QUALITY OF CATTLE POOR

Trade Fair, Prices Low—Hogs Lower Than Ever at \$5 Cwt.

The receipts of live stock at the City Market as reported by the railways, since last Friday, were 69 carsloads, composed of 124 cattle, 453 hogs, 1255 sheep and lambs and 2 calves.

The quality of cattle offered as fat was, as usual, not good, and many good cattle as at the junction on Monday, altho the numbers were much larger.

Owing to receipts being lighter than for some time past trade was fair, but prices were no better all round.

Butchers.

George Rowntree, who bought 150 butchers' for the Harris Abattoir Company, reported the following prices: Fat to good butchers' \$3 to \$4; cows, \$1.75 to \$2.25; canners, \$1.50 to \$2.00.

Feeders and Stockers.

Messrs. H. & W. Murby report prices unchanged, as follows: Best feeders, 1000 to 1100 lbs., at \$2.25 to \$2.75; best feeders, 800 to 900 lbs., at \$2.25 to \$2.75; medium stockers, 500 to 700 lbs., at \$2 to \$2.50; common stockers, 500 to 700 lbs., at \$1.75 to \$2.00.

Milkers and Springers.

Trade was good for the best quality milkers and springers. Prices ranged, at \$40 to \$50 for good to choice cows, and \$25 to \$35 for common to medium.

Sheep and Lambs.

Export sheep sold at \$2.75 to \$4 per cwt.; lambs and kids at \$2.50 to \$4 per cwt., \$4.50 to \$5.25 per cwt.

Hogs.

Hogs were quoted at the lowest price of the season, Mr. Harris quotes select, fed and watered, at 35 per cwt.; Representative Sales, 34; western, 32; McDonald & Maybee sold 25 butchers, 1200 lbs., at \$3.25; 12 butchers, 1000 lbs., at \$3.25; 12 butchers, 1100 lbs., at \$3.25; 8 butchers, 900 lbs., at \$3.25; 12 butchers, 800 lbs., at \$3.25; 12 butchers, 700 lbs., at \$3.25; 12 butchers, 600 lbs., at \$3.25; 12 butchers, 500 lbs., at \$3.25; 12 butchers, 400 lbs., at \$3.25; 12 butchers, 300 lbs., at \$3.25; 12 butchers, 200 lbs., at \$3.25; 12 butchers, 100 lbs., at \$3.25.

East Buffalo Live Stock.

EAST BUFFALO, Nov. 26.—Cattle—Receipts, 1652; no trading of importance; feeling weak. Exports to-day, 700 cattle and 2400 quarters of beef; to-morrow, 2500 quarters.

Chicago Live Stock.

CHICAGO, Nov. 26.—Cattle—Receipts, estimated at about 11,000; market dull and quiet. Choice heavy, 1000 lbs. to 1200 lbs., at \$4.25; heavy, 800 lbs. to 1000 lbs., at \$4.25; light, 600 lbs. to 800 lbs., at \$4.25; calves, 200 lbs. to 400 lbs., at \$4.25; calves, 100 lbs. to 200 lbs., at \$4.25; calves, 50 lbs. to 100 lbs., at \$4.25.

British Cattle Markets.

LONDON, Nov. 26.—Cattle—Receipts, 1000 lbs. to 1200 lbs., at \$4.25; heavy, 800 lbs. to 1000 lbs., at \$4.25; light, 600 lbs. to 800 lbs., at \$4.25; calves, 200 lbs. to 400 lbs., at \$4.25; calves, 100 lbs. to 200 lbs., at \$4.25; calves, 50 lbs. to 100 lbs., at \$4.25.

COBALT WILL ACCEPT BEST ELECTRIC OFFER

Two Competing Companies Seeking Franchise in Northern Municipalities.

COBALT, Nov. 26.—(Special.)—There are at present two competing companies seeking from the municipalities of Latchford, Cobalt, Halleybury and Latchford, and the townships of Coleman, Bucke and Yrment, a franchise to construct and operate an electric railway.

Sugar—Raw quiet; fair refining, 3.10c to 3.20c; centrifugal, 95 test, 4.10c to 4.20c; molasses sugar, 2.30c to 2.50c; refined quiet.

CHICAGO GRAIN.

Marshall, Spader & Co. (J. G. Beatty), King Edward Hotel, reported the following fluctuations on the Chicago Board of Trade:

CHICAGO GOSSIP.

Wheat has displayed a strong tone throughout the entire session, being influenced by the character of the news from abroad, and which included a report that India would probably be eliminated from the wheat exporting countries during the season of 1908, less favorable reports from Europe, and a firm undertone on the continent. Domestic news was also of a favorable character, and, while receipts at Duluth were large, the bulk was for direct shipment, having already been sold for export.

FARM PRODUCE WHOLESALE.

The prices quoted below are for first-class quality, lower grades are bought at correspondingly lower quotations:
