RUSSIAN EVACUATE BRAILA IN CENTRAL RUMANIA Important War Conference of Allies Meets in Rome

SENATE BACKS WILSON'S STEP TOWARD PEACE

Approves by Large Majority
Sending of Note to Belligerents.

U. S. MAY BE DRAWN IN
Speaker Says Country Will Stand for Injuries No Longer.

Washington, Jan. 5.—Approval of President Wilson's request for a statement of peace terms from the European belligerents was voted tonight by the senate at the conclusion of three days of stirring debate. Action came with dramatic suddenness, when Democratic leaders decided to accept a form of resolution that would not commit the senate to endorsement of the whole of the president's note, and ten Republicans of the Progressive group joined the majority in making the vote 45 to 11.

Discussion of the subject had reached a climax during the day with a sensational declaration by Senator Lewis, chief spokesman for the Democrats, replying to Republican criticism of the president's course. Without referring directly to the submarine controversy, the senator said the U. S. could not keep out of the war if it continued, and that America would not again accept misapprehension of orders or zeal of any officer as an excuse for an injury to a citizen or property.

The chief objection urged against the original resolution offered by Senator Hitchcock, was that it would endorse the president's offer to join in a movement to guarantee world-peace, and his declaration of the interests of the U. S. in small nations. Progressive Republicans joined Senator Lodge and others in this contention.

The resolution adopted was proposed by Senator Jones, Republican of Washington, and was accepted by Senator Hitchcock as a substitute for his own. It resolves:

"That the senate approves and strongly endorses the request by the president in the diplomatic notes of Dec. 18, to the nations now engaged in war, that those nations state the terms upon which peace might be discussed."

"Let me say on my own authority," said Senator Lewis in his remarkable speech, "that I agree with the sentiment expressed from any quarter, the secretary of state or anyone else (referring to Secretary Lansing's first explanation of the president's note to the powers) that the president's note is the power of the president's note to the powers."

North Bay, Jan. 5.—The sole topic of conversation on the street today is earthquakes from which North Bay received rather a severe jolt about a quarter to eleven last night. The rumbling noises were at first thought to be a collision of trains in the vicinity, but the earth continued to quake and many were brought from their houses. The shocks lasted from thirty to forty seconds. No damage has been reported up to noon today. The shock was also felt in the northern and western districts.

AMERICAN DESERTER ASKS TO BE PUNISHED

Walks Into Windsor Offices—
Wants to Go Overseas With Clean Slate.

Windsor, Jan. 5.—James Dawson, a young man of military bearing, today stepped off a ferry boat from Detroit, walked into the immigration offices and demanded to be placed under arrest. He confessed to being a deserter from the 213th Battalion and said he wanted to return to his unit, but desired to be punished first; that he might go overseas with a clean slate. Christmas Day, he said, he was granted a pass from the camp at St. Catharines and went to Buffalo. He remembered landing in Buffalo, but recalled nothing else until yesterday, when he discovered he had been transported to Detroit by unknown means. He proved his identity by tattooing on his arms. Dawson was handed over to an escort and sent back to St. Catharines this afternoon.

LETTERS PESTERED PASTOR RESIGNED

Startling Statement Made at
St. James' Square Presbyterian Meeting.

That Dr. Andrew Robertson, D.D., tendered his resignation as pastor of St. James' Square Presbyterian Church because he was "persecuted" and "pestered" by letters received by him from one or more members of his congregation in which his policy toward church union was criticized, was the startling statement made by J. W. Grigor at the meeting of the congregation in the church last night.

DEEPLY REGRETTED

Majority of Congregation
Feel Sincerely Loss of Dr. Robertson.

The resignation of Dr. Robertson, D.D., tendered his resignation as pastor of St. James' Square Presbyterian Church because he was "persecuted" and "pestered" by letters received by him from one or more members of his congregation in which his policy toward church union was criticized, was the startling statement made by J. WAR SUMMARY

THE DAY'S EVENTS REVIEWED

ACCORDING to a German official communication issued at Berlin last night all of the Rumanian Province of the Dobruja has been occupied by the Teutons and Braila has also fallen. Braila is an important Rumanian Danube port and it formerly was the seat of great storehouses for grain. Since the allies have removed all the grain in preparation for the evacuation of the town the advantages of holding it by the enemy are nugatory. The Russian lines along the Buzeu River, which covered this town, formed an awkward salient and the bombardment of Braila was bound to cause devastation, so the allies obtained obvious military advantages by evacuating it, especially if they desired to fight a defensive campaign.

One-third of Your Life--More or Less--is Spent in Sleep. Is Your Mattress as Comfortable and Healthful as it Might Be?

To Emphasize the Importance of the Question, and to Draw Attention to its Magnificent Stock of Improved, Sanitary Bedding, the Furniture Department Will Feature on Monday and the Following Days a Special Showing of

"Ostermoor," "Marshall" and EATON-made White Hair Mattresses

—mattresses which in the purity of their fillings, the resiliency of their construction, and the durability of their service, represent three of the most conspicuous successes in modern mattress-making.

The Famous "Ostermoor"

Renowned the world over as a mattress of luxurious and permanent comfort, the "Ostermoor" guarantee of sanitary materials and sanitary methods of making is backed by the largest organization in the British Empire devoted to the manufacture of beds and bedding. The filling employed is a non-absorbent fabric, produced from pure raw cotton, treated by certain processes which transform it into "Ostermoor felt" (shown in rolls in the sketch above), five huge rolls being required for each mattress of regular size. This felt is compressed into one sheet of uniform thickness, and enclosed in the ticking cover. Thus all the delicious softness of the celebrated "Ostermoor felt" is evenly distributed; every square inch possesses the same resiliency; there can be no formation of lumps and hollows, because shifting of the filling is impossible.

When an Ostermoor mattress becomes soiled, soap, water and a brush will clean it thoroughly, without damage to filling or covering, after which an hour's drying in the sun will restore the freshness of its original appearance.

Prices on Ostermoor mattresses of standard sizes are as follows: 4 ft. 6 in. wide, or less, weight 45 lbs., \$18.00; 4 ft. wide, or less, weight 40 lbs., \$17.00; 3 ft. 6 in. wide, or less, weight 35 lbs., \$15.00; 3 ft. wide, or less, weight 30 lbs., \$13.00; 2 ft. 6 in. wide, or less, weight 25 lbs., \$10.50. (All of which are 6 ft. 3 in. long.)

Your only assurance of procuring an absolutely sanitary mattress lies in the fact that the particular mattress you buy carries the positive guarantee of a reliable manufacturer—some such production as the "Ostermoor," "Marshall" or Eaton-made White Hair, illustrations of which appear herewith.

The "Marshall" Ventilated Mattress

One of the most popular of all mattresses in the big hotels of Canada and the United States, the unique feature of the "Marshall" is the multitude of little coiled copper steel springs which compose the body of the mattress. It thus consists practically of an air chamber. Ventilators being placed at either side, a free circulation of air is permitted within the mattress, keeping it always pure and fresh, and rendering it absolutely sanitary.

The luxurious comfort of the "Marshall" is due to the fact that each spring, encased in a cotton pocket, works independently of the other, allowing the mattress to conform to the shape of the user. Between the springs and the cover is a generous upholstery of fine curled hair or felt. Every "Marshall" carries the makers' five-year guarantee.

Prices on standard sizes, with hair top, are as follows: 4 ft. 6 in. wide, or less, \$30.00; 4 ft. wide, or less, \$28.50; 3 ft. 6 in. wide, or less, \$26.50; 3 ft. wide or less, \$25.00; 2 ft. 6 in. wide, or less, \$24.00. (All of which are 6 ft. 3 in. in length.)

"At the War," By Lord Northcliffe

Miss Marjory MacMurphy Reviews One of the New Books About Which All England is Talking.

This interesting, forceful Englishman, with opportunities probably unequalled by any other journalist for observing the war, has collected in a substantial, well-published volume his observations written at the western front, the Italian front, and in such a neutral country as Spain. The writing of the book is vivid, extraordinarily well-informed, and practical to a degree. Lord Northcliffe has a genius amounting to mothers especially value which is important, and for situations about which the public ought to know. There are chapters here on doctors at work, on feeding the army, on women at work, on warplanes, on Red Cross work, on the search for the missing, which will tell thousands of people exactly what

they want to know. "At the War" is a book not so much of description as of practical information. All profits from the sale of the book will be given to the Joint War Committee of the British Red Cross Society and the Order of St. John of Jerusalem in England. The main impression which the reader will derive from this volume is that Lord Northcliffe is utterly concentrated on winning the war. (Price, \$1.25.) —Book Department.

BELGIAN CHILDREN ARE LOOKED AFTER

Toronto Lady Sends Description of Mrs. Adamson's Great Work.

MOTHERING LITTLE ONES

Nine Hundred Destitute Tiny Belgians Fed by Canadians.

The following letter from Mrs. S. H. Strathy was received by the convenor of the Belgian Relief Committee, and will be of interest to all contributors to Mrs. Agnes Adamson's Belgian Children's Fund:

"Dear Mrs. Pepler.—I wish it were possible for me to tell you how splendidly everything is organized and carried out at this depot. Everyone in Canada whose heart aches just now for Belgium would, I feel sure, be glad to do something to help the work Mrs. Adamson has founded, and what she, with her committee, is carrying on so magnificently from month to month.

Part of the depot is used as an office, but much the larger part is a storeroom in which the stores are kept, and are forwarded weekly to feed and clothe the 900 children that the fund provides each week weigh over 5,000 lbs.

Michie of Toronto for \$8,376.25 and \$34.99 costs, alleged due as balance of certain promissory notes. Geo. W. Gouinlock has entered action against Hugh C. McLean to recover \$2,208.45 alleged due as balance on account of professional services as an architect. The First Divisional Court list for Monday next is: Rex v. Baugh, Rex v. Bythe; Sussex v. Aetna Life; Ashfield v. Huron; Atkins v. Davis; Tobyn v. Elmira Felt Co.

Foresters Install Officers And Support National Service

The annual installation of officers of the Cosmopolitan A.O.F. No. 5887 took place last evening in St. George's Hall, the ceremony being conducted by J. Clayton, district chief ranger, who was assisted by Bro. A. R. Wick, H.C.S.B.; Bro. A. Weston, P.C.R.; Bro. E. Woodstock, D.C.R. and others. The officers installed were: A. G. Hill, P.C.R.; A. E. Cleveland, C. R.; W. Thorne, S.C.R.; A. Whitby Sen, Warden; D. Mc N. Smith, jr., W. R. Moffatt, treasurer; W. S. Appleton, senior beadle; W. G. Gray, junior beadle. Medical officers, Drs. S. G. Parker and E. F. Bowie. During the evening the past chief ranger's jewel and certificate were presented to the retiring chancellor, F. Tilley, by E. R. Hurst.

Treasurer for Many Years Honored by Presentation

At the regular meeting of the Cumberland L.O.L. No. 621 last evening in Victoria Hall, the presentation of a life membership certificate was made to Bro. W. L. Purvis in recognition of his services as treasurer of the lodge for the past twenty-two years, from which office he is now retiring. The presentation was made by W. Bro. R. Nodwell, past master, who in a short address complimented the retiring officer on his long and faithful service. An interesting address was made by Ald. W. Fenwick, a member of the lodge, and arrangements were completed for the holding of the annual "at home" and for the presentation of the past master's jewel to C. A. Jones at the next meeting.

Knights of Pythias Install Officers for Coming Year

Knights of Pythias, Toronto Lodge No. 80, held their annual installation of officers last evening at Foresters' Temple. The officer officiating at the ceremony was E. R. Hurst, D.G.C., assisted by J. McDonald, K.R.; S. W. Daniels, M. of E., and G. Beddingfield, M. of E. During the evening the past chancellor's jewel was presented to the retiring chancellor, F. Tilley, by E. R. Hurst.

BETTER THAN SPANKING

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W. 66, Windsor, Ont., will send free to any mother her successful home treatment, with full instructions. Send no money, but write her today if your child drenches you in this way. Don't blame the child; the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

TEIPER REFUSED TRIAL Buffalo Man Must Serve Twenty Years' Sentence

Buffalo, N.Y., Jan. 5.—Justice Wheeler today denied John Edward Teiper's application for a re-trial on the charge of murdering his mother. Teiper was convicted of second-degree murder, and Justice Wheeler imposed the sentence of twenty years to life, provided by law. Teiper's sentence will date from a week from Monday, and in the meantime, it is understood, his counsel will seek a certificate of reasonable doubt, which will act as a stay of execution.

CITY HALL NOTES

Upon his return from Ottawa Mayor Church announced that there was every prospect that Toronto would get a million-dollar steel plant. The project is the result of the control of the Imperial Munitions Board. Plans of the big departmental store to be erected at the corner of College and Yonge streets were filed with City architect Pearce yesterday, but there is nothing on them to identify the firm behind the scheme. According to the documents in the hands of the city architect the building is to be eight stories high, constructed of brick and steel. The only retention as yet in the staff of the Toronto jail has been the removal of the engineer to a similar position at the registry office. The last report of the institution shows that on January 2, 61 males and 6 female prisoners were there confined. Controller O'Neill is going to begin early to have council consider his scheme to have the aldermen elected by the city at large. He proposes that the representation be fixed at 40,000 which would mean twelve aldermen elected from all over the city, and will introduce notice of motion along these lines on Monday. CARPENTERS BUSY. Toronto First Branch Amalgamated Society of Carpenters held a successful meeting last evening, with President C. Gurney in the chair. It was stated that 60 members of the society have gone to Farry Sound to work at the new munition plant there, and are receiving \$45 per week for a seven-day week. Trade prospects were reported as being very good.

ANTI-UNIONISTS OBJECT TO DESIGNATION

First Issue of Their Paper Says They Are Anti-Disunionists.

The first publication of the Presbyterian Church Association's new journal, "The Message," made its appearance to the public yesterday. It is a four-page leaflet, published by the Ontario Publishing Company. In an editorial on the first page it speaks of the question of names, and states that "the designation generally given to those who oppose the organic union of the churches is 'anti-unionist.' This designation is as incorrect as it is misleading. To use the expressive phrase of the president of our association, we are anti-disunionists, opposed to the ruthless dismemberment of our church." In another editorial it states: "Many of the advocates of organic union evidently fear the dissemination of these facts, because numerous attempts have been made to suppress any further discussions of the merits of the question, and particularly of the action of the general assembly, and means of communication which have been deliberately closed to those who desire the continuance of the Presbyterian church. Therefore, in order to acquaint our people with the facts, to meet exparte arguments as well as to correct erroneous and misleading statements which have been adroitly circulated, we are compelled to find some adequate means of stating our case." "The Message" is the means taken for that purpose.

LOWE IS IMPROVING

Mayor Church has received a cable from Moore Barracks, England, stating that Driver Arthur Lowe, who went overseas with the 40th Battery, and who was formerly a city hall reporter, is better and greatly improved from his serious illness.

You Were Inquiring

"Elinorith."—Unless your baby is an infant Hercules, there is no likelihood of his overturning the little table and you describe. It is strong and sturdy set together, standing 23 inches high—and the price, \$1.98. Fancy all the saving of worry as to your child's whereabouts for less than two dollars! Which reminds one of that story of the mother of Farrell, who her six-month-old son in a bureau drawer while she went downstairs to receive some very good—and then forthwith forgetting where she had disposed of her offspring. It is recorded, however, that memory, aided by muffled cries from the region of the dresser, finally came to the rescue, and the celebrated infant was exhausted before any damage was done.

"Canada."—Don't you think green a somewhat melancholy color in a dining-room? Blue is not a warmer hue, but there is a tinge of gaiety about it that I think you would appreciate. Besides, one of the best of all inexpensive papers for dining-room use is a single roll, 30 inches wide. With this you might have a red and blue table rug—and then I should like red leather or red repp on the chairs, with curtains of the latter—or, if the windows are small, of red casement silk. With the white woodwork outlining it all, you should have a very likeable, livable room. What think you?

As for papers, etc., suitable for a man's bedroom, there should be no doubt of the success of a little self-tone buff color stripe, with a cheery little mauish pink ribbon border to run around under the picture moulding, and a smart heading with black in it to be used above the base board, if you like. The paper is 25 cents a single roll, and the border (which may be cut in half) 15 cents a yard. As though it were born for this buff paper, is a creamy buff but with narrow stripes of black at wide intervals, interspersed with pretty little pink rosettes. It is 20 inches wide and 90 cents a yard. Or, if you incline to a bolder pattern, you would surely like a certain large design of rose and purple petals and green leaves, with a harmonizing touch of tan. This is the same width and price.

And finally, as to the wash curtains, there is a heavy cream color, 8 inches wide, at 60 cents a yard, which is a great favorite for this purpose. White or cream holland linen would be the nicest material for blinds. But you will have to supply the blinds to the windows before it is possible to quote prices. Samples of all papers, chintzes and screen descriptors are on their way to you.

Durley.—Fashion, you know, is not as keen over the early bird 'tote as the copy-books are, and in her mind there is such a thing as being too much ahead of time in acquiring next season's clothes. While it is wise to make general plans for your summer wardrobe, I think should wait a little longer for the working out of the fine details. Paris, herself, won't undertake to say whether barrel skirts are to be the big fact or only a passing fancy. Can you possess your soul in patience for a month or so yet?

For the Vancouver trip, you will require, at least, a warm but not heavy travelling coat for motoring, driving, rainy weather, boat trips, etc.; a cool, washable silk dress for the train and night-seeing; a tailored suit in some material which does not easily collect dust for general wear on the cooler days; numerous blouses of the lingerie and crepe de Chine persuasion, to accompany the suit; a soft light afternoon frock for hotel wear; and, if you are not restricting yourself unnecessarily in the way of luggage, by all means include a simple evening dress for possible visiting or chance festivities en route. Be sure and go to Laganan and Lake Louise.

OPINIONS VARY ON COAL SUPPLY

Dealers Complain of Great Difficulty in Getting Supply.

RAILWAYS DISAGREE

Says There is No Danger of Factories Closing Down.

The coal situation, as far as we are concerned, is not so serious as it was yesterday, said an official of the Standard Fuel Company to a reporter of The World last night. He stated, however, that no customers had been left without coal as a result of the strike.

Mr. Rogers, the Elias Rogers Company, said that he was not well posted as to any change that might have developed yesterday, but felt absolutely sure that there was no danger of a shortage unless people got panicky and tried to buy in large quantities. While not able to fill all orders, they had looked after the needs of their regular customers who they had not always been able to give them the kind of coal they wanted. "We are not boasting about what we are doing, but we are doing the best we can," he said.

W. F. Farrell, terminal superintendent of the G. T. R. who is chiefly responsible for freight movement in this division, said that there was no cause for alarm as there would be no coal famine and factories and foundries need not close down thru any lack of fuel. He admitted that at times the coal problem had kept the officials guessing, but he could not see the situation as far as freight congestion was concerned, was now normal. "Today we have 350 cars of coal on route from the frontiers, and that means some switching in munition factories is being done," he said. "We are getting 100 cars of coal along the Esplanade. Our L. C. L. tracks and team track are now clear. The G. T. R. hauls from 75 to 80 per cent of the coal from the frontiers, and that means some switching. We get up against it once in a while because of green men on the job and by reason of the fact that the switching in munition factories is all new work." Mr. Farrell showed a report that he had just received, showing that 43 switchmen and three yard foremen were on the sick list.

BRAILLA YIELDS TO TEUTON ADVANCE

In the Carpathians, near the Moldavia frontier. The following is the Russian official communication, intercepted by the British Admiralty, and translated into English: "Rumanian front: Enemy columns which attacked our trenches in the region of Vahouchi, in the valley and the strong artillery preparation, considered the heights south of the River Chetvich. The attacks were repulsed. Three enemy attacks on a sector of our position north of the River Otuz were repulsed, and attacks to the east of the River Kassinia were beaten back. The enemy pressed back advanced detachments east of Toposchik, north of the confluence of the Rivers Zabala and Putna, and in the region of Norucha, two vertical sectors of the confluence of the above rivers. In the region of Kopriana, 12 versts southeast of the original position, the enemy slightly pressed back the Rumanian troops. Enemy attacks in the region of Kapatama, 14 versts northeast of Fokvich, were repulsed by the Rumanians. The enemy, about three divisions strong, and supported by thirty batteries, attacked detachments south of the mouth of the River Duzen and pressed them back. In Dobrudja the enemy launched fierce attacks against the detachments of Vahouchi, 15 versts east of the river. Our detachments fought a stubborn fight, and inflicted heavy losses on the enemy. Toward evening we were compelled to commence a withdrawal to the other bank of the Danube." A Berlin despatch says: "Rumanian chief commercial city, has been captured by the Germans and Bulgarians. The announcement made this evening. The announcement says: "It is reported that in Great Wallachia the Rumanian army has been captured by German and Bulgarian troops. Dobrudja has been entirely cleared of the enemy."

POPULAR HOTEL CLERK LOSES WIFE AND CHILD

Mrs. Herbert McCarthy Was for Many Years Nurse of the Elizabethan Order.

Mrs. Mamie McCarthy and her newly born child, wife and daughter of Herbert, "Doc" McCarthy, the popular and well-known room clerk of the King Edward Hotel, died about 6 o'clock last night, at Lakeside Mansions, 1521 West Queen street. Mrs. McCarthy's maiden name was Miss Mamie Kelly, daughter of Mr. and Mrs. James Kelly, 254 North Ligar street. Prior to her marriage, Mrs. McCarthy was a nurse and became widely known in that vocation. She was a graduate of the Western Hospital, and after serving three years in that institution, took up private nursing practice, later becoming connected with the St. Elizabethian Order of Nurses. The funeral will take place at 8.30 o'clock Monday morning, from the residence of her parents, to St. Helier's Church, where solemn requiem high mass will be celebrated. Interment in Mount Hope Cemetery.

LETTERS PESTERED PASTOR RESIGNS

Continued From Page One.

ment by reading his resignation was Mrs. Robertson, to whom we are so much indebted. (Applause.) "The real cause of the resignation is the letters which he has received lately—letters which pestered him from members of this congregation. They were writing him on the subject of the letter which he received, and which was read to the session, you would think it would drive the spirit of resignation out of his mind. If you heard the letter which he received, a gentleman, said he wouldn't attend church because of the way Dr. Robertson defined Presbyterianism. "Dr. Robertson told us in the session that if he didn't step out there families would. The world will be prevented from coming out of this church. We in the session heard the letter and know no man could stand it. These were persecution. I think the congregation should hear the letter. Wallace Anderson, in reading a letter of explanation written by Dr. Robertson, declared that he had read other things which weakened Dr. Robertson's grip and caused him loss of sleep at night. "They weighed heavily on his mind," declared Mr. Anderson, "but never let it be said that Mr. Wood and his family forced Dr. Robertson out of the congregation." Mr. Kelso explained, in volunteering the first explanation for Dr. Robertson's resignation, that the last session for the resignation, that the last session when Dr. Robertson made known his decision to quit the pastorate. "Dr. Robertson, in realizing the difficulties which confront the church, believed that it was best in the interests of all concerned that he step out in order that a successor might create fresh enthusiasm and build up a great work," he asserted. "We know the high personal regard which Dr. Robertson after his seven years' faithful and untiring effort to build up this church. The situation here is unusual. The church is neither up town nor down town. Its members are not a simple and happy family are being added, I am not one who believes that St. James' Church has not a future before it. There is one of the best properties and there is no debt. We simply need the effort. The session was not inclined to accept the resignation, but Dr. Robertson declared his action was final."

High Tribute to the Pastor

Appreciation was given when Dr. Robertson's resignation was read to the session. The session was not inclined to accept the resignation, but Dr. Robertson declared his action was final. "That's why I am so strong for church union. I have known him for 23 years and hold him in the greatest love, esteem and respect," declared Mr. Kelso. "When it was inquired by a member of the congregation if Dr. Robertson should not be asked to reconsider his resignation, it was answered that that would not be an act of kindness in view of the pastor's finality of action. It was declared that Dr. Robertson will be eagerly received when he is free to accept another charge. A few of the members voted against the resolution under the impression that they were doing so by expressing the belief that Dr. Robertson should be retained as pastor despite his resignation. In conjunction with the resolution of the meeting, and A. A. Allen was selected to represent the congregation at the Presbyterian meeting when the resignation will be considered. The deputation will also include Frdnolp Gandler of the church and Dr. Fraser who presided at last night's session. Dr. Robertson was present, about 100 members of the congregation attended. A few minutes was occupied in discussing the advisability of excluding newspaper reporters from the session. It was suggested that they be made eliminated from the copy, but no promise was exacted and no decisive action taken.

MUST CONSERVE PUBLIC RIGHTS

Now is Time to Hold Approaches to Another Don Crossing.

THEY WILL BE NEEDED

Pape Ave. Extension Will Eventually Go Across the River.

Touchnig on the order of the Ontario Railway Commission, following the immediate construction of the Pape Avenue car line, by the Toronto Street Railway Co., Frank Barber, C. E., chief engineer for York County, has prepared a report for the World last night. If one looks at the map of the city, the districts immediately surrounding the city will be impressed with the fact that in very few years there will be a large increase in population in North Toronto, Todmorden, and Leaside, with a consequent necessity for increased railway transportation. At the present time there is no crossing, generally speaking, of the Don Valley, Toronto, and Leaside, and the government is suggesting a high level bridge between McClelland avenue north and west and the Don Mills Road on the east, except by a winding road through the valley between the 2nd and 3rd concessions and the steep hill at the "Todmorden Hotel."

URGENT HIGHER TAX ON NICKEL TRUST

Continued From Page One.

than the total ordinary revenue of the province, he is compelled to pay their honest taxes as well as you should? "If you want to say to the government, 'make this company pay up what it owes you,' you must say, 'If you don't pay them, we are willing to let the International Nickel Company go easy, send Allan down to tell the G. E. R. to stop the extension of the line in the neighborhood of Carlaw and Pape avenues, and the streets leading east and west thereof. The new line is almost a mile in length, and it is to carry the single fare right up to Danforth avenue to ten thousand citizens. "Not only will this extension accommodate these citizens with a single fare service, but it will take a great deal of pressure off the Danforth avenue car line, which is more than crowded with passengers who now use that line to the head of Broadview, and who go to and from their homes by the city cars at an additional fare. All the people can now get to the corner of Danforth and Pape at a single fare, and without a change of cars, and those who have to take the Danforth line further east will find the civic cars not so crowded because of this relief. "A Great Convenience. For some reason or other the city authorities have refused to be a party to the extension of the Toronto street railway to Pape avenue, and in that way they have forced the railway board to take the whole responsibility. But no matter who is responsible for the refusal, it is a great convenience, and many of them will save another car fare, twice or often a day. "It will also prove a great convenience to the residents of the city north of the city, and even to the residents of all northeast Todmorden in the township as shown by the following from that suburb: "A Road Wanted Across the Don Valley to Leaside by Pape Avenue—Should the Toronto Street Railway Line Go Up Pape Avenue into Leaside? "The order of the Ontario Railway and Municipal Board, commanding the Toronto Railway to extend their line from the corner of Broadview and Pape to Pape Avenue to Danforth, was good news to the people of this district, especially those in the neighborhood of Pape Avenue north of Danforth. But the residents of Todmorden, as well as the residents in the city north of Danforth, would like to see the line extended to Leaside, and on up thru that town, making a better thru along Mount Pleasant road, via the new civic line on that road and across the new double-deck bridge over the river. DOCTORS' FEES MUST BE PAID

Doctors, Workmen and Manufacturers All Agreed on This at Least. BUT BY WHOM? There Came Rub at Meeting on Amendment to Compensation Act.

The triangular discussion, atring the views of doctors, workmen and manufacturers over payment of medical expenses after industrial accidents, before Premier Hewart, Jan. 1, B. Lucas and other members of the committee yesterday, became at times quite heated.

High Cost Again. The workmen were confident that the burden should be borne by the industries. This might raise the cost of the products, but that would happen in any case and it would be paid by everybody.

Want Own Way. "If we are loaded with the fees, we shall ask compensations. The employers are not adverse to taking on the cost of medical expenses, but we are not willing to have the matter left in the hands of the board which is not always careful of the interests of the workers."

Audience enraptured to great heights of enthusiasm. So instantaneous and enthusiastic was the reception accorded the trio last night, that before the program was half over Mr. W. Macdonald, who had charge of the local arrangements, was negotiating for a return engagement."

They appear here in Massey Hall on Friday, Jan. 12th. A great program has been prepared. Among the items will be found the following: Trio for piano, violin and cello op. 23 in D minor, Arensky. Allegro moderato; Scherzo, allegro molto; Elegia Adagio; Finale, allegro

ALBERT SPALDING TODAY AT WILLIAMS' HOME OF MUSIC

Hear America's Greatest Violinist, as Re-created By Mr. Edison, 1 to 5.30 p. m.

Albert Spalding, America's greatest violinist, will be the feature at the resumption of Saturday afternoon Edison musicales at Williams' "Home of Music," 145 Yonge St., today.

Mr. Edison's re-creation of the masterly bowing of Albert Spalding is superb. Hundreds of critics have confessed their inability to distinguish the original from Mr. Edison's re-creation when heard side by side.

Come in and hear the latest Edison records this afternoon. Whether you have five minutes or half an hour to spare you are welcome. Drop in any time and go out when you please. The new records from Mr. Edison's laboratory will delight you.

The program for today will be as follows: Caprice Viennois, violin solo, Albert Spalding. Bonnie Sweet Besie, soprano solo, Anna Case. Cavatina, violin solo, Albert Spalding. Poet and Peasant, overture, Edison Concert Band. Alabama, violin solo, Albert Spalding. Abide With Me, contralto solo, Christine I Left Her on the Beach at Honolulu.

Hockey 227th - 3 Dents - 2

DENTALS ARE BEATEN LACKED COMBINATION

Had Great Chance to Beat Soldiers in Third Period, But Failed.

Dr. Jerry Lafamme's Dentals failed to come thru in their first senior O.H.A. fixture at the arena last night. The 227th Battalion of Hamilton were returned victors 3 to 2 in about the most unsatisfactory game in many a day. The Dentals have nobody but themselves to blame. The team showed a lack of practice, and a little team play would have easily won for them in the third period. With a two-man advantage the teethers had a half dozen real chances to score, but threw them away by trying to carry the puck far before passing or also trying to take it right up to the net.

There was a dozen petty squabbles, and the referee was given an argument every time he handed out a penalty. It was a fine exhibition of wood chop, and both sides can be credited with a hand in it.

To make matters worse the timers mixed things up and only ten minutes and 40 seconds of play constituted the second period. Jerry Lafamme got into the timer's box in the final round and it resulted in the gong being pulled while the 227th were carrying the puck up the box.

Box was the best man on the ice while he lasted. His stomach rebelled from lack of training in the third period and he was a sick boy. Hodgson did some useful work and Allan worked well. Sheldon was fair while Jimmy Stewart worked hard, but drew many penalties. It reverted to six-man hockey in the last period when White of the soldiers had to retire with a badly cut foot. Doyle was dropped to even.

Green, who worked out with Toronto teams, was easily the class of the visiting team. Duncan stopped the puck and allowed no interference from the opposing forwards. Donnelly was the chief wood-carver of the evening's show. Each club scored a goal in the first period and it was here that the only real hockey of the game was staged. The boys attacked to the playing and left the man alone. Dentals were first to score. The Dents worked three men down. There was a scramble at the net and Hodgson secured the rubber in the net and killed. Each club had chances, but the defence kept them out. Seven minutes later the soldiers evened it up. Box was resting on the force when McKinnon gave Stewart a hard one to handle. Before he could clear it Green belted it into the net from under his legs.

The timers held the light in the second round with a bout staged between Jimmy Stewart and big Cavanaugh. The soldier defence man chopped the stick out of Jimmy's hands and gave him a rap. The little fellow grappled with him, but they were separated. Stewart pulled off his gloves, but both were benched. The game was over. The players were paying too much attention to each other and the game suffered. Ten minutes and forty seconds was all they were allowed to battle. Box man Green as he was coming in and the soldier player was carried off the ice. He was able to continue after five minutes.

White was unable to come out for the third period owing to a painfully cut foot, and Doyle was dropped to even. The first goal. Three men went down.

Play Queen's This Afternoon—Soldiers Again Tonight—Gossip of Players.

The champion Riverides will make their first appearance in a championship fixture this afternoon, when they will have the Queen's Hockey Club of Kingston for their opponents. The Limestone City collegians have not played in Toronto for two years, when they played the famous St. Michael's team. Riverides will have only three of last year's players in line. The east enders have been exceptionally fortunate in securing "Dug" Addison to play goal in place of Collett, who will likely be out of the game for five or six weeks on account of a recent death in the family. Merrick and Smith will remain in the defence, and the forward line will be composed of Paris and Fay at left wing, and either McCaffery, Hill, Ferriman or Gunn at right wing.

Quebec, who were here a week ago, when they lost to the Toronto, will be the opponents of the soldiers tonight, and while the soldiers should win, the eastern team are sure to put up a great battle. Lieut. Art Duncan is expected to be able to take his place in the 228th line-up, while the rest of the players are in good shape. "Faddy" Moran will be back in the nets for Quebec, while Manager Quinn has also made a couple of changes on the forward line, since their defeat by Canadians.

Champions Make First Appearance at Arena

MAJORS MEET TO DRAFT SCHEDULES

Special to The Toronto World. Chicago, Jan. 5.—Members of the schedule committees of the American and National Leagues will meet in Brunswick, Ga., Jan. 10, to draft the 1917 playing charts for both organizations. B. Johnson, president of the American League, announced today that there also will be a meeting of the rules committees of the two leagues. President Johnson said, however, that no changes are expected to be made in the rules. Secretary Hovdey, Barney Dreyfus (president of the Pittsburgh club) will represent the National League. President Johnson and one of the club-owners will represent the American.

CHAMPION JACK MAY MAKES THE SACRIFICE

Well-Known Toronto Amateur Boxer Succumbed to Shell Shock in December.

Jack May, one of the best known of the local amateur boxers, was killed in France on December 18th, the result of shell shock, according to a letter just received from his mother. May went to England with the 81st Battalion and was transferred to the 21st Battalion, which unit he went over to France and to the firing line.

Deceased was an Englishman, who had lived in Toronto seven years. Prior to enlisting he was with the Toronto Electric Light Co.

May won international, Ontario and Canadian championships in three classes, heavyweight, middleweight, and welterweight, and was one of the best amateur boxers ever seen in the ring in Toronto. He was a member of the St. Charles Club.

FORMER LEAF TO PLAY IN CUBA THIS WINTER

Jimmy Smith to Perform for Mike Donlin's Big Leaguers in Cuba.

Pittsburg, Jan. 5.—Jimmy Smith, the strong-armed strapping who learned to play baseball on the back lots of Green-wood, is planning to leave the land of snowflakes for the sunny scenes of Cuba. They has received an offer from Mike Donlin, who wants the Greenfield flash to help form a team which will clash with the brown-skinned athletes.

Smith immediately called on President Dreyfus after receiving the message, and he was consented to let the youngster take the trip. Jimmy needs the experience, and if he doesn't work too hard he will be in good shape for the coming season. While in Cuba, Jimmy may find some worthy rivals in the art of tossing a horseshoe for distance. A few months ago the Pirate youth started the natives of Cincinnati by slinging a baseball farther than other members of the Pirate and Red teams. Cuban players invariably have good arms, but it will take a toss of approximately 125 yards to subdue the Pirate.

The year 1917 will be a big one in Smith's life, provided he gets a few more enjoyable surprises like two he experienced yesterday. Jimmy awoke to find

SOUTH VANCOUVER ASKS ASSISTANCE

Financially Waterlogged, B.C. Municipality Seeks Aid From Government.

TO CONSIDER REQUEST

Premier Brewster Tells of Receipt of Numerous Protests Against Action.

Victoria, Jan. 5.—South Vancouver carried its financial troubles to the government yesterday afternoon, when a deputation urged upon the executive council some form of immediate aid in the way of a government guarantee of bonds to tide them over existing difficulties, suggested a government commission to take charge until the financial horizon clears, and also to act as intermediaries between Vancouver city and municipality to bring about annexation between the two.

Premier Brewster said the government has been receipt of numerous protests against the principle of government financial assistance to municipalities.

Overtaxed People.

The existing financial situation in South Vancouver was outlined by Reeve Winram, who stated "we have an overtaxed, overburdened people." Last year's tax levy had been cut by \$4,700 to \$657,000, and perhaps a further cut this year to \$600,000 could be made, but it would be impossible to collect this latter amount for we have a lot of broke property owners, and we can't compile a list of ten delinquent owners who can be sued for arrears.

Reeve Winram declared Vancouver was making a mistake in attempting to prevent annexation.

Depends on Money.

Mr. Donaghy, solicitor for the municipality, believes the whole situation revolved on one point, the question of money. It was clear the municipality could not proceed without defaulting on its interest payments and being sued for ordinary liabilities within the next thirty days, unless some relief were obtained. Last year authority was secured to divert bond debenture funds temporarily to purchase of the municipal administration, but the special act then secured required the municipality to restore it out of tax collected. "Needless to say we are unable to restore a single penny."

To Avoid Elections.

How a municipal election could be avoided under the existing regulations, Mr. Donaghy could not say, as there is no way in which a municipality can surrender its charter until its obligations are first satisfied and no request was being made to the government to satisfy those obligations, which, in the case of South Vancouver, amounted to some six millions.

Councillor Mengel insisted the position of the municipality was substantially a sound one, and the present difficulties were merely temporary. He suggested the government should guarantee one million of unsold bonds of an average term of twenty years and a government guarantee of permit of their sale, and a saving of from \$100,000 to \$175,000.

Premier Brewster, in answering the deputation, stated the government repudiated the position and its extended ramifications. He stated that press reports of the effort being made by South Vancouver to secure financial assistance from the government had induced several other municipalities to forward resolutions protesting against any such action. He promised, however, to give the request every consideration and shortly to announce the situation of South Vancouver was, he stated, an object lesson in municipal government. The government, if it acted at all, must take such steps as would clean up the situation for all time.

Canadian Camp Changes

C.A.P. Correspondence.

London, Dec. 20.—The King and Queen recently paid a visit to the delightful Perkins Bull Hospital for Canadian officers at Putney Heath. After signing her name in the visitors' book, Mrs. Bull when she had come the pen—an ingenious combination of a "77" French cartridge case and a British cartridge. Mrs. Bull said it had been sent her from the front by Captain Eldon Sinclair, a Canadian hockey champion. "Strange," smiled Her Majesty in reply, "my son sent me one exactly like it only last week."

EAT LESS MEAT IF BACK HURTS

Take a Glass of Salts to Flush Kidneys if Bladder Bothers You.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked, get sluggish, clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grape and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

QUEEN'S OPPOSES SIX YEAR ACADEMIC COURSE

University Senate Favors Development Along British Lines.

Kingston, Jan. 5.—The senate of Queen's University has issued a memorandum covering its objections to the action of the Universities of Toronto and McGill in deciding to establish in 1918 a six-year academic course for those desiring to graduate in medicine. Queen's holds that to spend six years in one faculty in any university is too long. Six years' academic work to acquire the M. D. degree will tend to force graduates into practice at once without serving as hospital internes. Five years' academic work and a year as a hospital interne is certainly preferable to six years' academic work without the hospital experience as a preparation for practice.

Another objection of Queen's to the proposed change is that it follows the course of development in medical education in the United States rather than the methods of British schools.

MEMBERS WARNED AGAINST ATTENDING CONFERENCE

London, Jan. 5.—A Reuter's Amsterdam despatch says that the Socialist party committee has published a statement in The Vorwaerts announcing the proposed meeting to be held Jan. 7 at Amsterdam. The statement says that the organization of the party, and warning Socialists against participating in it. An Amsterdam despatch to the Exchange Telegraph Company says that exceptional importance is attached to the meeting, which will discuss peace possibilities. The despatch says that the event may mark the beginning of a complete reversal of the Socialist attitude toward peace, especially as the minority group is preponderant among the Saxons. Socialists, in whose headquarters at Dresden the meeting will be held.

BOASTS OF SUBS' POWERS

Capt. Persius Predicts Big Things This Year.

London, Jan. 5.—Confidence in the effect of Germany's submarine campaign is expressed by Captain Persius, the German naval critic, in his review of the naval war in The Berlin Telegraph, according to a Reuter despatch from Amsterdam. Captain Persius says: "We firmly believe that the commercial shipping of our enemies will become active in 1917. This will be accomplished by our daily growing submarine weapon. Our confidence for the new year is based on the expectation that our submarines will continue with growing success the process of wearing away the economic life of our enemies."

DRINK HOT WATER BEFORE BREAKFAST

Says you really feel clean, sweet and fresh inside, and are seldom ill.

If you are accustomed to wake up with coated tongue, foul breath or a dull, dizzy headache, or, if your meals sour and turn into gas and acids, you have a real surprise awaiting you.

To-morrow morning, immediately upon arising, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is intended to first neutralize and then wash out of your stomach, liver, kidneys and feet of intestines all the indigestible waste, poisons, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal.

The subject to sick, headache, backache, bilious attacks, constipation or any form of stomach trouble, are urged to get a quarter pound of limestone phosphate from the drug store and begin enjoying this morning inside-bath. It is said that men and women who try this become enthusiastic and keep it up daily. It is a splendid health measure for it is more important to keep clean and pure the inside than on the outside, because the skin pores do not absorb impurities into the blood, causing disease, while the bowel pores do.

FOE SENDS FEELERS ABOUT EVACUATION

Vienna Paper Publishes Hint About Pending Peace Negotiations.

KAISER SEES LEADERS

Meets Members of Austrian Staff and Higher Command.

Vienna, Jan. 5.—An important conference was held at the field camp of the German Emperor on Jan. 4. Field Marshal Archduke Frederick of Austria, commander-in-chief of the armies of the dual monarchy, and Field Marshal Conrad Von Hotzendorf, chief of the Austrian general staff, made a special and hasty visit to the headquarters and took luncheon with Emperor William.

Others present at the conference were Crown Prince Boris of Bulgaria, Field Marshal Von Hindenburg, chief of the German imperial general staff, and Quartermaster General Von Ludendorff.

The German Emperor bestowed the Oak Leaves of the Pour le Merite on Archduke Frederick.

An Amsterdam despatch to the New York press agency says: "Great significance was attached to passage by Austro-German censors today of a quotation from the Vienna newspaper *Arbeiter Zeitung*, asking the government to discover if the entente would be ready to negotiate peace after an evacuation by Teutonic troops in the west; and, if so, that the evacuation be made immediately." The newspaper asserts the entente's reply is a peace note—it rightly understood.

Significance attached to this despatch arises from the fact that British sources have all along maintained if Germany was in earnest about peace, she would evacuate Belgium and that part of France she occupies, as a preliminary to peace discussions.

GERMANY GIVES ASSURANCE

Neutrality of Switzerland Will be Respected.

Berne, Switzerland, Jan. 5, via Paris.—The Bund prints a note from the German legation with the object of dispelling fears aroused in Switzerland by rumors that Germany intended to strike at France and Italy thru this country. The note says: "We may once more declare that as Swiss know, Germany is formally resolved to strictly respect Switzerland's neutrality."

ACTIVE DEMAND FOR HARGRAVE SHARES

Hamilton B. Wills in his weekly letter says: Active development has started at Hargraves under intelligent management, and the underworkings are now practically completed, so that exploration of the most aggressive callings will be pushed to the limit without delay. That Hargraves is well thought of is clearly shown by the heavy buying for weeks past. Its location is ideal, directly adjoining the famous Kerr Lake Mine and adjacent to Crown Reserve, Drummond, La Rose, Timiskaming, Beaver and North Star Collieries. The main vein of Kerr Lake is running directly towards the Hargraves, and this is the first time the property has ever had a real show, now being in the hands of men with brains and plenty of money who have confidence in making a pronounced mine.

INTEREST AWAKENED BY IMPERIAL REOPENING

The proposed resumption of operations on the Porcupine Imperial property promises to attract considerable attention to the Deloro section of the Porcupine camp. The Imperial claims are on the Tisdale-Deloro line, and consequently are not far to the south of the Hargraves Consolidated. Early development, prior to the big fire of 1911, proved the existence of a number of promising veins, carrying free gold in abundance. The shaft was put down 110 feet and lateral work done on the first level, where the values held well throughout. It is believed that with comparatively little effort the property can be brought into the mine class. The acquisition of neighboring territory would put the company in a favorable position as far as acreage goes, and would be directly in line with the present trend in the camp as illustrated by the mergers which have been arranged during the past year.

VEINS ON KERR LAKE WORKED UP TO THE HARGRAVES' LINE

Special to The Toronto World. Cobalt, Jan. 5.—It is understood that there are several veins worked on the Kerr Lake properties up to the Hargraves' line. Hargraves is making a dump and making a good profit. The company will start underground work shortly.

FUTURE IS UNCERTAIN

Heron & Co. had the following at the close: Montreal, Jan. 5.—The market was again nervous this morning but steadied in the afternoon and there seems to be little stock pressing for sale. There was less activity and traders are not making any definite commitments with the future so uncertain.

LONDON STOCK MARKET.

London, Jan. 5.—Money is abundant now that the sale of treasury bills has been stopped. The discount business is discontinued and rates are easy. There is growing belief in certain quarters that the bank rate will not be reduced. A cheerful tone prevailed on the stock exchange, but business was small, pending the news that Bank shares were supported on dividend prospects. Chinese bonds were good on reports of increased maritime customs and Grand Trunk were firm. The war loan and most of the issues in the gilt-edged section hardened. American securities were irregular, with a limited business.

ENGINEER REPORTS ON KENABEEK FAVORABLY

R. E. Kemmerer, in his weekly market letter, has the following to say: An independent report which we have had made upon the Kenabek property by a highly qualified engineer, has decidedly good and indeed speaks of the property as "the best silver prospect I have seen since the early days of Cobalt." In speaking of the ore bodies which he examined he says in part: "These veins are in strong fissures in the diabase; strike east and west and have a characteristic mineralization of the Cobalt district. . . and at six points on the surface native silver is observed. The shaft on the No. 1 vein is down 86 feet. The vein showed silver values at surface and lost them a few feet down. At 80 feet the vein widened to 16 inches and showed massive smallite and nicolite. At 86 feet there is a decided change for the better. A great deal of this blocky cobalt has been seen, and the values are coming in. Native silver is freely disseminated and the healthy appearance of the vein indicates to me the apex of an ore shoot, and I look for shipping values to be present within the next few rounds."

DIAMOND DRILLS AT WORK ON INSPIRATION

Hamilton B. Wills in his weekly letter says: As I stated last week Inspiration Gold had resolved to open up a gradual advance has been expected to continue much higher within a comparatively short time. No delay in diamond drilling occurred during Christmas and New Year's, and results met with are favorable to those in charge. The No. 2 hole is down 356 feet and still remains in the porphyry formation. Within the next few days the vein pierced by the No. 1 drill, at a depth of 285 feet, will be passed thru, according to the management, by the No. 2 at about 600 feet.

RAPID DEVELOPMENT AT DAVIDSON MINE

Raise From First Level Reaches Surface—Samples Arrive.

Word was received from Porcupine last night that the raise from the first level on the Davidson property had holed thru to the surface, and had opened up an immediate level at a depth of 50 feet in order to prove the tonnage and value of the main ore body. Rapid progress is also being made in the putting up of the shaft from the 500-foot level, and this work will be finished very shortly.

NEW MINING CO. TO MAKE STOCK OFFERING

An offering of the shares of the Murray Mogridge Mining Company will be made to the public in a few days, according to reports. The company of which Sir Sam Hughes is president, was formed a short time ago to develop the property which is located in the Wolfe Lake district, a short distance north of the Kirkland Lake camp. What is considered the longest unbroken gold-bearing vein in northern Ontario is reported to run across the property. All necessary arrangements for an aggressive development campaign are in progress.

TISDALE STOCK HAS PERIODICAL FLURRY

Porcupine Tisdale shares are having the usual exploitation under the eyes of anotherwise active and good mining market. This stock has been exploited on many occasions since it was listed, and the only evidence of the company's existence is this occasional flurry in the stock. Buyers of Porcupine Tisdale are neither helping themselves nor the development of the north, as the money which they receive as so much scrip until they decide to sell out at a loss.

VEINS ON KERR LAKE WORKED UP TO THE HARGRAVES' LINE

Special to The Toronto World. Cobalt, Jan. 5.—It is understood that there are several veins worked on the Kerr Lake properties up to the Hargraves' line. Hargraves is making a dump and making a good profit. The company will start underground work shortly.

FUTURE IS UNCERTAIN

Heron & Co. had the following at the close: Montreal, Jan. 5.—The market was again nervous this morning but steadied in the afternoon and there seems to be little stock pressing for sale. There was less activity and traders are not making any definite commitments with the future so uncertain.

LONDON STOCK MARKET.

London, Jan. 5.—Money is abundant now that the sale of treasury bills has been stopped. The discount business is discontinued and rates are easy. There is growing belief in certain quarters that the bank rate will not be reduced. A cheerful tone prevailed on the stock exchange, but business was small, pending the news that Bank shares were supported on dividend prospects. Chinese bonds were good on reports of increased maritime customs and Grand Trunk were firm. The war loan and most of the issues in the gilt-edged section hardened. American securities were irregular, with a limited business.

CONTRACTS FOR 50 SHARES OF THE COMMON STOCK OF THIS COMPANY AT 50 CENTS PER SHARE, AND SOLD ALL OF THE SHARES THAT WE APPORTIONED AT THAT PRICE.

WE ADVERTISED FROM TIME TO TIME THAT WE WOULD REFUND ANY MONEYS INVESTED WITH US FOR THIS STOCK, TEN DAYS AFTER PURCHASE, IF ANY OF OUR CLIENTS OR CUSTOMERS WERE DISSATISFIED, OR IF ANY OF OUR STATEMENTS WERE EXAGGERATED WE STOOD READY TO MAKE GOOD AT ANY AND ALL TIMES.

WE NOW ASK YOU TO READ OUR UNPRECEDENTED GUARANTEE OF A FREE ROUND-TRIP RAILROAD TICKET TO THE CAMP AND RETURN, OFFERED TO INVESTORS, AS SHOWN IN THE LOWER LEFT-HAND CORNER OF THIS ADVERTISEMENT, AND ASK IF ANY OFFER COULD BE MORE CONVINCING.

WE HAVE STATED, MANY TIMES, THAT THE PORCUPINE CAMP IS THE RICHEST QUARTZ GOLD MINING DISTRICT IN THE WORLD, WITH AN UNPARALLELED DIVIDEND RECORD.

ARE YOU AWARE THAT FOUR MINES IN THIS FAMOUS BELT PAID \$4,180,000 THE PAST YEAR IN DIVIDENDS, AND TO DATE HAVE PRODUCED OVER \$23,000,000 IN ACTUAL GOLD BULLION?

MINING ENGINEERS ESTIMATE THAT THERE ARE AT LEAST ONE HUNDRED AND FIFTY MILLIONS OF AVAILABLE GOLD ACTUALLY BLOCKED OUT AND IN SIGHT, BUT STILL THE MAJOR PORTION OF THE DISTRICT REMAINS UNDEVELOPED.

WE MAINTAIN THAT THE TOMMY BURNS, WITH ITS HOLDINGS OF 309 1/2 ACRES OF CROWN PATENTED GOLD MINING CLAIMS, IS THE COMING BIG MINE OF THIS FAMOUS DISTRICT.

THE LAST AND FINAL OFFER TO PURCHASE COMMON SHARES IN THE TOMMY BURNS GOLD MINING COMPANY AT 60 CENTS PER SHARE WILL BE ON OR BEFORE MIDNIGHT OF WEDNESDAY, JANUARY 10TH, 1917, AND WE STRONGLY URGE YOU TO ACT NOW, AS THE PRICE WILL POSITIVELY BE ADVANCED BY US TO 75 CENTS PER SHARE AFTER THAT DATE.

ON JANUARY 15TH, 1917, THIS STOCK WILL BE INITIATED TO TRADING IN THE OPEN MARKETS IN NEW YORK, TORONTO AND BOSTON, WHERE THE COMPANY IS OFFICIALLY LISTED, AT WHICH TIME WE ANTICIPATE A STRONG AND ACTIVE MARKET, AND FEEL CERTAIN THAT THE RESULTS FROM THE TOMMY BURNS MINES FULLY JUSTIFY ALL OF OUR PREVIOUS STATEMENTS AND CONCLUSIONS.

GUARANTEED

Free Round Trip Railroad Ticket, at our expense, to either of the Tommy Burns properties, to every purchaser of 5,000 or more shares of Tommy Burns Common Stock within 15 days after payment for shares. (This offer is subject to the usual personal examination of the properties, the purchaser is not entirely satisfied, we guarantee to refund the full amount of cash paid, without any further obligation.)

DIAMOND DRILLS AT WORK ON INSPIRATION

Hamilton B. Wills in his weekly letter says: As I stated last week Inspiration Gold had resolved to open up a gradual advance has been expected to continue much higher within a comparatively short time. No delay in diamond drilling occurred during Christmas and New Year's, and results met with are favorable to those in charge. The No. 2 hole is down 356 feet and still remains in the porphyry formation. Within the next few days the vein pierced by the No. 1 drill, at a depth of 285 feet, will be passed thru, according to the management, by the No. 2 at about 600 feet.

NEW RAY ESTABLISHED NEW HIGH RECORD

Reached One-Forty — Boston Creek Strong — Market Moderately Active.

Despite the fact that trading was quiet at the Standard Stock Exchange yesterday, with only a moderate volume of business, yet stocks held very firm throughout the list. In sympathy with the easier tone in New York there was some selling of the mine stocks, but the buying power was such as to take good care of offering of stock. The chief interest was again centered in the gold list, although the silver stocks received a certain amount of attention.

Newray came back into the limelight again yesterday, with an advance to a new high record at 140. One point above the former high at 139 established about a month ago. Trading in the issue was active between 135 and 140, with the former price bid on the close.

Boston Creek Up. Renewed strength was exhibited by Boston Creek, the stock reaching its former high again at 114, with 113 bid on the close. News from the property is consistently favorable.

Molybdenum Steady. There seemed to be a tendency on the part of certain interests to liquidate Molybdenum, but these were sufficient buying power in the market to support the stock. The stock opened at 190 and closed up strong at 192. Jupiter held firm at 31 to 31 1/2. Hollinger Co. commenced the day strong at 96 1/2, the previous day's high, but sold back to 95 1/2 in the afternoon, rallying on the close to 96.80. Big Dome was firmer at \$21.50.

A firmer tone was displayed by Apex, the stock gaining a fraction in the afternoon at 14, inspiration held at 27 to 27 1/2. Porcupine Crown took on a quieter tone but remained strong at 77 to 78. Vipond was steady at 47. Krieh Higher.

Thompson-Krist developed some strength in the afternoon trading, advancing just before the close to 31 1/2. Imperial was active at 55 to 57. McK. changed hands at 25 1/2 to 27.

Adanac was more active yesterday than for weeks. It was high at 25 and closed within 1-2 point of this figure. An aggressive development campaign is in progress at the Adanac which should give good results. Excellent showings were found on the surface and lateral work is being pushed to pick up the veins at depth. Higher prices are being talked for the stock.

Hargraves was stronger, selling up to 16 1/2 and closing within a fraction of the top. Kenabek changed hands at 30. Great Northern at 12 to 12 1/2. Peterson Lake eased off to 14 1/2, while Shamrock was firm at 21.

MORE INDIVIDUALITY IN TORONTO MARKET

Canadian Stocks Are Less Susceptible to the Weakness on New York Exchange.

The Toronto stock market gave a little more evidence of individuality yesterday as the continued weakness on Wall street had less influence in this market than usual. There was some liquidation during the morning session but this was apparently well taken and buyers in the afternoon were not so easily accommodated. Peace proposals are naturally being given much consideration on the Canadian exchanges, but the deductions are not on all fours with those in regard to New York stocks. Some Canadian industrialists which owe their survival almost entirely to war orders are considered still far too high should peace be within a reasonable distance. Such standard industrialists as General Electric, Dominion Steel and Nova Scotia Steel are figured to be on an entirely different basis. Change from war to peace, as far as these and a few other companies are concerned, is thought to mean simply a diverting of the lines of business. There is a growing demand for the war loan and the price is thought liable to strengthen again. The unlisted department of the market shows an inclination to a larger interest in mining stocks.

Commissions Paid to Executors

The amount of commission allowed an Executor, Administrator, Trustee or Guardian is fixed by a Judge of the Surrogate Court, and is the same whether you appoint a corporation or an individual. Consider the advantages of appointing an Executor having experience, financial responsibility and expertise, such as this Corporation has. Personal interviews arranged.
