Manitoba Counsel Says Increase Request "Arrogant and Inconsistent."

WOULD HAVE C.P. WAIT

Ottawa, Aug. 20.—(By Canadian Press).—Counsel for the railways have presented their case for an increase in the rates at the morning sitting of the railway board, opposing counsel voiced their objections at the afternoon and evening sittings. It was the first night sitting since the hearing opened and it was regarded as necessary in order that the case might be closed by noon on Saturday, when Chief Commissioner Carvell expects to leave for Nova Scotia on important business in connection with the coal situation.

A feature of the evening session was the address of Mr. H. J. Symington, counsel for the province of Manitoba, who characterized the application of the railways as "arrogant and inconsistent." The railways without submitting proper proof he said, had simply declared that they wanted an increase and that they must get it before September 1.

Says Time Insufficient.

"I submit," said Mr. Symington, "that this board cannot possibly do justice to this important case and give any sort of a judgment between now and September 1." The application, Mr. Symington declared, had been submitted upon a wrong hypothesis, "It should," he said, "be based upon what we know to be the facts, and not upon conjectures."

Mr. D'Arcy Scott, a former member of the railway board, who preceded Mr. Symington, speaking for the government of Saskatchewan and the Canadian Farmers' Association, was strongly opposed to any increase in rates being given to the C. P. R. The position of the company was by no means serious, he argued, and no harm would be done if it were called upon to pay present dividends out of accumulated surpluses for a time. If the board decided that there should be an increase it should be based on the requirements of the C. P. R., and should not be applied, he thought, west of Fort William.

Advice by Geary. G. R. Geary, corporation counsel for Toronto, like Mr. Scott, thought it would not hurt the C. P. R. to wait a while.

LIQUOR PREVENTS SALE OF HOUSE

Cannot Be Sold, Cannot Be Moved—What Will They Do With It?

Chicago, Aug. 20.—George Griffin, millionaire Chicago sportsman, who died recently in California, left an estate valued at \$1,500,000, including \$200,000 worth of liquor, it was learned today when an inventory was filed.

Griffin's estate recently presented a complex problem to federal authorities. It was known here that he had a well stocked wine cellar. His house was offered for sale and federal officials were asked to rule as to whether the liquor could be included in the sale, and if not if it could be moved. They decided neither could be done.

The inventory today listed twenty kinds of wine in the cellar.

The Price of Paper Dropping.

The hundred and forty thousand buyers of The Sunday World will be glad to hear that the price of newspaper is weakening and therefore that they will be able to continue to get a real live Sunday newspaper for five cents.

The Montreal brokers and speculators are so fearful of a fall in newspaper prices that they are getting up a pulp and paper merger under Sir Lomer Gouin, late premier of Quebec; and they hope in consequence to work off a lot of their watered and papered stock on innocent investors in that province. In leaving politics and going into mergers Sir Lomer is making no accusation as his eulogists profess.

GERMANY'S SOLDIERS COLONIZE AND REBUILD.

The Third Kurland Infantry Regiment, which fought in most of the campaigns of the world war for the German army, threatened to disband recently and even to organize and rebel against the German government if that government failed to aid them in restoring their homes or give them new land to cultivate. It was this regiment that aided Kapp in his recent revolt to take command of Berlin for a day. The German department of agriculture decided to let the soldiers have their way, turning over about 45,000 acres of land in the western portion of Germany for them to cultivate and live on. Besides this they can find work on the outside and be paid for their labor from all sources. Photo shows the soldiers on their way to work.

STOP-ORDER TO FRUIT SHIPPERS SHOCKS NIAGARA GROWERS ARE GLUM

Big Montreal Firm Posts Notices — Says G. T. R. Withholds Facilities.

GROWERS ARE GLUM

St. Catharines, Ont., Aug. 20.—(By Canadian Press).—Considerable gloom prevails in the fruit belt tonight following the posting of a notice by the local agent of the largest wholesale fruit commission firm in Canada, Hart & Lukwell of Montreal, refusing to load any more freight cars with fruit for the east until further notice.

The reason advanced is the refusal of the Grand Trunk Railway to give any facilities whatever for having mixed fruit shipments, the notice advising shippers to use express only.

The firm in question is the only eastern house to whom shipments of early fruit in car load lots in refrigerator cars have been sent thus far this season. The shipments began two weeks ago and have been cut off for three days. Although the cars have been loaded to their full capacity of from three and a half to five tons, and should have been re-loaded if necessary at York and Coteau, almost every shipment has arrived in Montreal in bad condition and some absolutely useless.

Says Order is Unprecedented.

"Such an order was never before issued in the history of the business," said James Tillerington, a shipper of many years experience, "and with the greatest fruit crop in years, before us, it creates a condition entirely unprecedented, unless immediately remedied. It is bound to mean inevitable loss to the growers. There should be no such order."

BRITISH OFFICERS KILLED BY ARABS

Native Levies Remained Loyal and Died Fighting With the British.

Bombay, Aug. 20.—Another tragic chapter of the series of Arab risings against the British in Mesopotamia has been received here. The message says that Mr. Bigley, a political officer; Brandfield, commandant of the levies; Mr. Buchanan, an irrigation officer; and two British non-commissioned officers, were killed at Shina, Mesopotamia, last Sunday, by Arabs. With dramatic brevity the message adds:

The officers with their levies gallantly resisted overwhelming numbers for three days, until their ammunition was exhausted. The Arab levies were loyal to the end and died fighting side by side with the British."

MANY BURNED OUT IN FOREST FIRES

Narrow Escape From Death in North Thompson River District.

Kamloops, B.C., Aug. 20.—More than thirty ranchers or homesteaders were burned out and many had narrow escapes from death in forest fires that swept the north Thompson river district early this week, according to reports received today.

Passengers on Canadian National Railway trains are being transferred across two streams where bridges were burned.

GREAT FIRE IN OREGON.

San Francisco, Aug. 20.—The forest fire situation throughout the far west today showed much improvement, except in Oregon, where a large fire has broken out.

Control lines have been established around many of the fires in Montana, northern Idaho and eastern Washington, and the spread of practically all others in this section has been slowed down.

RATEPAYERS' SHOTS AT TELEPHONE MANAGER

Trying to Make Service Better, Kennedy Says — Hard to Get Best Class of Girl Operators, But Grade is Improving—Pay Roll Gone Up Millions of Dollars—Central Council Executive Will Vigorously Oppose Projected Rate Increases.

Frank Kennedy, Toronto manager of the Bell Telephone Company, was last night subjected to a volley of hot shots by firebrands of the Central Council of Ratepayers, at a well-attended meeting held at the city hall, relative to the desire of the company to heavily increase its rates, and, at the close of the rather lively session, the executive of the council was instructed to appear before Wednesday's mass meeting to oppose the projected increases with all the vigor at its command.

Miss Constance Boulton wanted to be fair to both sides; she could not see why, if labor men and all manner of industrial concerns were asking increases all along the line, the Bell Telephone Company should not be allowed to follow suit.

R. J. Bullock severely arraigned the company, and derided the argument that it was near its beam ends financially. "I remember the T.E.L. put up exactly the same argument not so many years ago, when it wanted to raise its rates, yet when the Hydro-Electric came into being the T.E.L.

URGES PROVINCIAL EXPROPRIATION OF TELEPHONE SYSTEM

Civic Committee Also Asks Railway Board to Delay Rates Decision.

OPPOSITION GROWING

The special committee of the city council appointed some weeks ago to look into the question of municipalization of the Bell Telephone system, decided at their first meeting yesterday, in the city hall, to urge the expropriation by the provincial government of the whole telephone service in the province.

Controller Ramsden presided, and members of the committee present were Aldermen Blackburn, F. M. Johnston, Maher and Singer.

The following resolutions, introduced by Aldermen Maher and Singer, were adopted:

"That the city solicitor be consulted regarding the powers of the provincial government to take over the Bell system, and that if the province has such powers, a deputation be appointed to urge them to do so."

"That this committee deem it expedient for the provincial government to take over the Bell Telephone system in Ontario and that the municipalities be asked to authorize their delegates, who will attend a general meeting in Toronto early in September, to confer with the provincial government on the question of expropriation; also

"That this committee ask the board (Continued on Page 5, Column 5).

COURT APPOINTS THREE RECEIVERS IN PONZI AFFAIRS

Get-Rich-Quick Financier Agrees to Surrender All His Property.

ANOTHER ARREST MADE

Boston, Aug. 20.—Settlement of the affairs of Charles Ponzi, whose scheme of high finance was stopped with millions of dollars of the public's money tied up in it, was advanced today with the appointment of three receivers. At their suggestion James M. Olmstead, referee in bankruptcy, was assigned to take testimony for them; hearings will be begun tomorrow with the object of rounding up all possible information of assets available to the receivers.

Ponzi brought from the East Cambridge jail to the federal court, underwent formal examination as an "alleged bankrupt," agreeing to surrender all his property to meet the claims against him. He had estimated his assets at \$4,000,000, while official reports and estimates of his liabilities place them between \$4,000,000 to \$7,000,000, with a scaling down on many notes of the fifty per cent profit which he promised investors, and possible recovery of this amount from those already paid.

The hearings on Ponzi's affairs will be public, Wm R. Sears, chairman of the receivers, announced. Ponzi was before the receivers for interrogation of the witnesses, but absence of his counsel caused the referee and the receivers to postpone until tomorrow morning the first of the sessions.

Appointed on Petition.

The receivers, who, in addition to Mr. Sears, are John F. Perkins and Edward A. Thurston, were appointed on a petition brought against Ponzi as an individual. No action was taken in the petition in which John S. Dondero is named as a partner. Counsel for Dondero announced tonight that they would file in the federal court tomorrow a petition for an immediate jury trial on this petition, asserting that Dondero was not a partner of Ponzi, and had no creditors.

Another arrest in the Ponzi affair was made late today, when Ponzi's brother-in-law, Rinaldo Bosselli, surrendered himself to the local police and was held on a charge of larceny of \$300. Bosselli is said to have acted as an agent for Ponzi's company. His home is in the north end, where it is understood he obtained many clients among the foreign population. He furnished \$5000 bonds for appearance at a hearing tomorrow.

NO OVERSEAS BUY, SAYS ADAM BECK

Denies He Will Move to England—Has Phone Relief Plan.

London, Ont., Aug. 20.—"There is absolutely no foundation for that story at all," said Sir Adam Beck to The Canadian Press tonight in reference to an article in The Financial Post, of Toronto, to the effect that he had purchased an estate in England and purposed removing there shortly.

"I never purchased any land in England, nor have I any intention of doing so," he said.

Sir Adam, in reference to the telephone agitation, stated that an act was prepared in 1913, with the view to enabling the Provincial Hydro Commission to construct telephone lines on the same plan as Hydro was built up. On account of the war, this act was shelved, but he thinks that the draft is still in existence, and it could be introduced into the provincial legislature. A great deal of work was expended in the preparation of the details of the plan before the act was prepared.

The Poles Winning Out.

The Poles are beating back the invasion of their country by the troops of the Russian soviet. France is helping them with men and other substantial help must be coming from other quarters. Germany resents the corridor given to Poland thru Eastern Prussia to a Baltic port. That is one reason why France helps Poland.

PILSUDSKI IS MARCHING TO CUT OFF SOLE LINE OF BOLSHEVIK RETREAT

ARE GETTING READY TO DEFEND BAGDAD

London, Aug. 20.—Latest reports show little change in the Mesopotamia situation, says a war office announcement today. The Bakuba area is still in revolt, but far north as Thankin, the announcement says, a British post at Sakia, 25 miles south of Kifri, has been invested.

The railway from Hillago to Bagdad has now been secured at both ends by lines of block houses. Defenses are being constructed in the vicinity of Bagdad itself. Heat and the lowness of the river have impeded operations.

THE POLISH NATION IS ITS OWN SAVIOR, SAYS GEN. WEYGAND

Military Preparations Were Executed by Its Own Generals, According to Plan.

IMPORTANT TO FRANCE

Paris, Aug. 20.—The success of the Poles in throwing back the Bolsheviki in the battle of Warsaw, was "a Polish victory," the French General Weygand told delegations at Warsaw who had come to tell him that he was the most popular man in Poland, and was proclaimed by all as the "savior of Warsaw."

Advice received here from the Polish capital quote General Weygand, in his response to the delegations, as follows:

"Preparatory military operations were executed by the Polish generals according to the Polish plan. My role, as well as that of the other French officers, was limited to filling certain gaps in the details of execution. It is the Polish nation that has been its own savior.

"This magnificent victory consolidates the Polish state, whose existence is indispensable to France's existence. Germany, who had hoped to resume direct relations with the soviet and throw Red armies against the enemy across the Rhine, must renounce for the moment such means of annulling the Versailles treaty. If the Polish leaders know how to profit by victory, I am convinced that the Bolsheviki army will soon cease to exist."

RUSSIAN PEACE TERMS SUBMITTED TO POLES

Provide That Polish Army Be Reduced to Sixty Thousand Men, Supplemented by Armed Proletariat—Form of Government Left to Poles.

London, Aug. 20.—The terms submitted by M. Danilshvsky, head of the Bolsheviki delegates at Minsk, at Thursday's session of the Russo-Polish peace conference, are given in a despatch from M. Tchitcherin, Bolsheviki foreign minister, which was issued by the Russian delegation in London tonight.

Article 1 announces that Russia and Ukraine recognize in full the independence and liberty of the Polish republic and solemnly confirm the right of the Polish people to establish its own form of government.

Article 2 Russia and Ukraine renounce any form of contribution, in accordance with the note of Earl Curzon (British foreign secretary) with more territory east of Bialystok and Cholim.

Article 4 stipulates that the Polish army be reduced to sixty thousand men, to be supplemented by a militia, made up of workers, organized to preserve order and the population's security.

Articles five, six, seven and eight deal with demobilization of the military and industries and the prohibition in importations of war materials.

Article nine says hostilities will cease 72 hours after the signature of these terms, the armies remaining on the line occupied, but not east of the line indicated in Earl Curzon's note of July 11. The Polish army will retire 50 versts (63 1-2

Reds Profiting by Number of Horses Are Streaming Down the Warsaw-Bialystok Road—Polish Right Wing Now Before Brest-Litovsk Forts — Ukrainian Division Supporting Poles.

Berlin, Aug. 20.—The Poles have taken Brest-Litovsk, according to a Warsaw despatch, dated Thursday. The despatch says three Bolsheviki divisions were annihilated in the operations around Warsaw.

Paris, Aug. 20.—General Pilsudski's army had reached the middle Bug River, according to plan, and is marching down the stream to join the army advancing up the fork between the Bug and Narew Rivers toward Ostrolenka, with the object of cutting the Warsaw-Bialystok road, their enemy's sole avenue of retreat.

Down this road the Reds are boiling profiting by the large number of horses in their possession. The fact that they have these horses is said to account for the comparatively small number of prisoners being taken by the Poles. Pursuing French airplanes, however, have prevented the enemy from taking with them heavy guns and much material. Up to date seven Bolsheviki divisions have been cut to pieces and all their guns captured.

The Polish right wing, advancing from the south, is now before the forts of Brest-Litovsk and part of it has crossed the Bug River in the direction of Kovel, thus providing a safeguard against flank counter attacks. Polish forces in this region are supported by a Ukrainian division and General Blachowicz's Russian volunteer army which had remained in Polesia, east of Brest-Litovsk and to the rear of the Bolsheviki.

Thus, it is pointed out, the Bolsheviki garrison at Brest-Litovsk is virtually cut off on all sides.

Further Successes Reported.

Warsaw, Aug. 20.—Poland's army is rapidly following up the retreating enemy northeast and east of Warsaw, and further successes for the Poles are reported. The recapture of Sokolow, Drohiczyn and Biala, with thousands of prisoners and great amounts of war material, is reported in today's official communique. At Siedlece the Poles captured armed volunteer Jewish communists composed of local communists.

To the northwest of Warsaw, the Bolsheviki attacked Plock in a drive designed to carry them across the Vistula, where there is a railroad bridge, but a Polish counter stroke broke the attack. In this operation the Poles were aided by civilians who fought side by side with the infantrymen.

Today's communique announces the repulse by Polish infantry of a detachment of General Budzinsky's soviet cavalry, which had reached Winniki, nine miles southeast of Lemberg.

Poles in the region of Lipno, southeast of Thorn, are reported to be fighting the Bolsheviki with axes and scythes. Newspapers accounts of the operations there say the peasants are taking no prisoners.

FUNDS TIED TO ENTERTAIN V. C.'S

Dominion and Federal Governments Provide Five Thousand Dollars Each.

That the provincial cabinet had voted the sum of \$5000 towards the expenses of the entertainment of the Canadian V.C.'s and general expenses accruing from veterans' day at the Exhibition, was the announcement made by Hon. G. Lanes, secretary, at the meeting last night of the veterans' reunion council.

It was also announced that the federal government had wired the council that the application for a grant of \$10,000 had been considered by the cabinet on Wednesday and the result of their deliberations would be communicated thru the department of militia and defence.

Up to date 39 V.C.'s or their next of kin have straggled their intention of being present at the Exhibition on Veterans' Day. Sgt. W. L. Rayfield, V.C., 7th Canadian Battalion, has already arrived in the city from Los Angeles and was present at the meeting last night.

The V.C.'s will be at the head of the procession, following the G.O.C. No. 3 in a parade to the Exhibition grounds on August 28 (Veterans' Day). It is expected that 20 or 30 thousand veterans will form the parade, which will form at Trinity College grounds.

On Sunday and Monday the V.C.'s will have an opportunity of sight-seeing about the city. On Tuesday they will be taken for a motor drive thru the city by the Rotary Club, and in the evening will be entertained by the officials of the Veterans' Reunion Council at a dinner and social evening.

On Wednesday morning the harbor commissioners will take them for a trip around the harbor, and the Royal Canadian Yacht Club will be their hosts at a luncheon at noon.

On Thursday the Canada Steamships Company will transport the V.C.'s over to Lewistown and Niagara Falls. At the latter place they will be entertained to dinner by Sir Adam Beck. Plans for Friday are yet immature. On Saturday the V.C.'s will return to their respective homes.

THOROLD POLICE TAKE J. P. GAGHEN

Hold Man Arrested in Brantford, Claiming Knowledge of Culprit.

Brantford, Aug. 20.—(Special).—Chief Collins and Constable Dunn of Thorold, came to this city this afternoon and returned to Thorold with John Paddy Gaghen, who told in this city that he knew the guilty party in the Thorold murder case. The Thorold men did not interrogate Gaghen before their departure, and it is not known if they have anything against him. He was held here for vagrancy.

GOVERNMENT TO BRING V. C. HEROES TO TORONTO

Ottawa, Aug. 20.—(By Canadian Press).—It was announced this evening by Hon. Hugh Guthrie, minister of militia and defence, that the government had decided to assume the railway expenses in connection with the plan of bringing together all the Canadian Victoria Cross heroes at the Toronto Exhibition. A deputation, headed by Captain Patterson, recently urged that the government assist in the plan. It is expected that the cost of railway fares will be in the neighborhood of \$6,000.

U. S. RAILWAYS FILING BLANKET RATE SCHEDULES

Washington, Aug. 20.—Railroads began filing with the interstate commerce commission today their blanket schedules to make effective on August 30 the increased passenger and freight rates recently authorized. Under the ruling the new tariffs become operative upon five days' notice and the roads have until midnight Saturday to file in order to put them into effect next Thursday as announced.

Cleveland, Ohio, Aug. 20.—Several passengers were slightly hurt late today when the second section of a New York Central train No. 32, eastbound, carrying express, ran into the first section, carrying passengers, on a curve three miles east of Ripley, N.Y., according to company officials here.

N. SASKATCHEWAN CROP PROVES ONE OF THE BEST

Prince Albert, Sask., Aug. 20.—Northern Saskatchewan is now harvesting what will prove to be one of the best crops in its history. Late season developments have turned what in mid-July looked like failure into a splendid revival, the results of which are astonishing to the farmers. Wheat will average 25 to 26 bushels to the acre, oats 40 to 120, and barley from 35 to 50. Potatoes, field roots and garden products were never better.

Newspaper Duels in Spain Over the Newsprint Question

Madrid, Aug. 20.—Half a dozen duels between newspapermen have been arranged in consequence of the controversy over the newsprint paper question. Several of the newspapers demand that the authorities take action to prevent the duels, while the press association of Madrid has given the authorities the names of the duellists and asked them to intervene.

Letvian Diplomat is Held By U. S. Immigrant Officers

New York, Aug. 20.—Alfred Nagel, who bore credentials from the minister of foreign affairs of the newly-formed republic of Letvia, showing him to be duly appointed secretary of the proposed legation in Washington, was held by immigration authorities when he arrived here today with his wife on the Swedish steamer Drottningholm.

SAY BOX-CAR TRAMP WAXED FAT ON MILK

Hamilton, Aug. 20.—Owners of cows in the far east section of the city have been complaining recently that the "bossies" were falling down on production, and all the time the answer was John Kaminski, who, the police declare, made his home in a deserted box car and waxed fat on milk, he coaxed from the complacent cows of the district. Arrested by Acting Detective Gillespie, Kaminski will answer a vagrancy charge in the morning.

MACKENZIE KING URGES ELECTION

In Address at Milton Calls on Meighen to Test People's Feeling.

Milton, Ont., Aug. 20.—(Special).—A large crowd hurried out to hear Hon. Mackenzie King and Andrew McMaster, K.C., M.P. Both motored in from Oakville and were the guests of Dr. McColl.

Mayor Earl welcomed the Liberal chieftain, W. J. Clements, president of the Liberal Club, was chairman and introduced the speakers. W. D. Gregory of Oakville and E. H. Clever, occupied a seat on the platform and spoke briefly. Mr. McMaster, on being introduced, extended numerous compliments for Halton County. He touched on the religious trouble now existing between Ontario and Quebec and also the language question.

The Liberal chieftain on taking the floor reviewed a great ovation. He reviewed the political situation of the day, and condemned the policies of the present government at Ottawa. He said it was neither representative or responsible. He attacked them for holding on to office in defiance of the people. He believed the U. F. O. Labor and other so-called parties would be back into the fold in the near future. He demanded an immediate election.

RUSSO-GERMAN ENTENTE ALREADY IN FORMATION

London, Aug. 21.—The need of a Russo-German agreement "to save Europe from an economic catastrophe and chaos" is emphasized in a wireless message from Moscow, published in the London Times today. Following the agreement between Mr. Leon Trotsky, the Bolshevik minister of war, has visited East Prussia and conferred with German staff officers. The wireless says there is hope Germany will shortly conclude a political and economic convention with Russia.

LICENSES REQUIRED BY LIQUOR HOUSES RUSH TO CONCLUDE RATES ARGUMENT

Magistrate Askwith of Ottawa Makes an Important Decision.

Ottawa, Aug. 20.—Export liquor houses in Ottawa can not legally operate without a license or permit from the board of license commissioners. Magistrate Askwith has decided this to be the lawful interpretation of the Ontario temperance act, and he handed down judgment in police court this morning in the case of Edgar Lemaire, manager of the Great West Wine Company, of this city, who was charged with keeping liquor for sale contrary to the provisions of the liquor law. Lemaire was fined \$300 and costs, with an alternative of three months in jail.

Magistrate Askwith's judgment is an extremely important one, in view of the fact that expert counsel for the defence claimed that the board of license commissioners were powerless to say who should and who should not be granted export licenses. This case was much disputed in police court one week ago, on the ground that a recent judgment handed down by Mr. Justice Masten held that any person could operate an export liquor business in spite of the license department, providing that a warehouse was equipped with the facilities required by law.

Ontario Oil Production Shows Up Satisfactorily

Statement of oil production, crude petroleum for the year 1919, in Ontario the amount of production for the twelve months ending in July 1920 is 5,000 barrels. It is very satisfactory to note that the amount of production for the year has an increase of 500 barrels. Oil Springs shows an increase of 4,000 barrels and Oil Springs is an excellent record and shows the ability of the Lambton County oil fields. The Petroleum field is now entering on its 58th year of oil production.

Those who think a good home cannot be made in a tree are referred to the redwood tree cut in California recently, from which 100,400 feet of lumber were taken. That would build a pretty good house.

THREE AMERICANS IN CAR ACCIDENT

Controller O'Leary, Rochester, Dies—Two Others Badly Hurt Near Selkirk, Ont.

Dunnville, Ont., Aug. 20.—As a result of a motor accident at seven o'clock last night on the Rainham road, a mile west of Selkirk, Arthur P. O'Leary, a controller of the city of Rochester, is dead, and L. H. Berle, a Philadelphia, and C. R. Wood of Philadelphia, are in the Haldimand Soldiers' War Memorial Hospital here suffering from serious injuries.

The party were coming east in a big Cadillac eight touring car owned by D. G. Little of the city hall staff, Buffalo, when the heavy car broke down the sloping of the road and skidded into the ditch. When being righted into the road it struck a rough spot, the steering pinion broke and the car went over twice.

CORK HUNGER STRIKERS TAKEN TO HOSPITAL

Cork, Aug. 20.—Four hunger strikers in the Cork jail were removed this afternoon to the city hospital. Fear- ing that the hunger strikers will die, Deputy Lord Mayor O'Callahan has written to Cardinal Logue, the archbishop, the lord mayors and the mayors of Ireland, calling their attention to the situation.

BRIDE WORTH 50 CENTS.

After marrying a couple, a negro pastor was frequently taken aside by the bridegroom and asked, "How much do I owe you?" He had performed such a ceremony when the bridegroom, a flashy dressed negro who had experienced a great deal of emotion while the priest was being tied, whispered in his ear: "Parson, what do I owe you for marryin' us? The parson pondered a moment and then replied, "As much as you think you're wife's worth." The bridegroom thanked him and then pressed something feelingly into his hand. It was a half a dollar.

POLISH EMIGRANTS HELD BY DANZIG AUTHORITIES

London, Aug. 21.—Polish emigrants for the United States to the number of 750 have been stopped by the Danzig authorities on the Polish frontier on the pretensions that many of them are of military age and might be used in the warfare against the Bolsheviks, according to a Berlin despatch to The London Times.

CHERRY RIPE

There is a garden in her face Where roses and white lilies blow; A heavenly paradise is that place, Wherein all pleasant fruits do grow; These cherries grow that none may buy, Till Cherry-ripe themselves do cry. Those cherries fairly do enlure, Of Orient pearl a double row; Which when her lovely laughter shows, They look like rosebuds full of dew. Yet them to peer nor prince may buy, Till Cherry-Ripe themselves do cry.

FASHIONS IN DOGS

Fashions in pet dogs, in cats, in canaries, change as rapidly almost as do fashions in gowns, ribbons and hats. It's all a state of mind, and if any one feels inclined to discredit this statement he should spend a few hours in a dog shop and see how much psychology affects buying and selling. The fact that pet dogs are viewed by owners as adjuncts of costume and a final elaboration of the ritual of doing the correct thing under all circumstances certainly influences the variety that becomes popular and saleable. Just at present in uptown New York, say that the favorite are Pekingeses Chow and wire-haired terriers. "Pomeranians, once the aristocrats of dogdom, "four hundred" are falling back in their popularity, and the smooth coated fox terriers so long and so deservedly held in esteem are more difficult to sell now. Police dogs and Alredales, which won their spurs in the war and endeared themselves to the men who knew their feats of bravery and their marvelous intelligence in times of peril and stress, have created a demand for themselves, both outside and inside the world of fashion and passing fancy.

TORONTO MAN HURT IN BIG EXPLOSION

Secretary of Harbor Commission Stunned When Gasoline Reservoir Blew Up.

Syracuse, N.Y., Aug. 20.—Two men were killed and twelve hurt when a 2,000-gallon gasoline reservoir exploded here shortly before 10 o'clock this morning. J. B. Jardine, secretary of the Toronto Harbor Commission, had a narrow escape from death, and was temporarily stunned by the force of the explosion, but escaped serious injury. Mr. Jardine, who was at first thought to have been injured, was reported this afternoon to be merely suffering from a severe shock. His escape from death by hurling debris is considered fortunate inasmuch as he was within a few feet of the building at the time of the explosion. Accompanying him was W. B. Austerman of Syracuse. The men were in an automobile which had but a few moments before called at the station for fuel. Mr. Jardine was standing near the car at the rear end and was about to enter when the blast came. He was staggered and stunned by the shock and was later driven to his hotel. The reservoir was the property of the C. E. Mills Oil Company, at the corner of Wolf and Park streets. Searchers discovered the bodies of the victims under tons of mortar and debris. The last vestige of the station was blown from its locality into the streets, a radius of three blocks. The explosion was heard for miles. Windows in nearby dwellings and manufacturing plants were wrecked. Street cars were blocked. Every ambulance in the city, including a portion of the fire department, responded to the scene. Tons of dirt, among which were heavy timbers were taken from the hole at least ten feet deep before the bodies of the victims were recovered. Searchers worked in relays under the direction of the chief of the fire department. Thousands of workers in the vicinity became panic-stricken when bricks and heavy mortar slabs blown high into the air struck the surrounding buildings, in some instances going thru the roofs. Persons nearby at the time were hit by flying glass, with which the streets in all directions were covered.

Canadian Mining Shares Unpopular in England

London, Aug. 20.—The Daily Mail's financial editor, discussing the possibility of the introduction of more Canadian mining shares on the London market soon, remarks that it can hardly be claimed that such investments, up to the present, have proved so satisfactory that there is likely to be any great rush for new schemes. The writer says that the Canadians seem to have kept for themselves the best of the mines or let Americans finance them.

Train of Horses for Poland Stopped at Belgian Frontier

Paris, Aug. 20.—A train carrying 600 horses from France for Poland was stopped at the Belgian frontier, although Poland had given assurances the animals were for use in agricultural work, according to a Brussels despatch to Le Journal today. The Belgian newspapers express disapproval of the Government's attitude, the despatch adds.

FRENCH OCCUPYING KATTOWITZ STREETS

Feared More Clashes Between Germans and Poles Are Imminent.

Berlin, Aug. 20.—Advices from Kattowitz last night said that strong contingents of French troops were occupying the principal streets of the city and that cavalry patrols and armored automobiles were dispersing pedestrians wherever they threatened to congregate. It was feared, according to the advices, that more clashes were imminent between the German and Polish elements. The labor leaders of Kattowitz are reported to have demanded peremptorily that the French troops of occupation be withdrawn and replaced by Italian contingents, declaring this to be the only available method of pacifying the populace and preventing further outbreaks. A Breslau despatch reports that Polish troops have crossed the Silesian frontier and arrived before Kattowitz. Occupied Border Territory. London, Aug. 20.—The Poles have occupied the border territory of Upper Silesia. 2,000 troops having seized many villages in the Kattowitz district, according to a Berlin despatch to the Central News, quoting advices from Beuthen. There was heavy fighting between the citizen guard and the Poles north of Rogutschetz and many were killed or wounded. All the houses and shops in Laurschewitz were plundered, the advices say.

Former Australian Governor Pays Tribute to Labor Party

London, Aug. 20.—Lord Denman, a former governor-general of Australia, speaking at a farewell gathering to Lord Forster, governor-general designate, said that, speaking from knowledge of the labor government under Mr. Fisher, as premier, he was inclined to discount the fears of some men in this country, who seemed to anticipate grave consequences to a possible succession of labor to political power. He said that there would be little cause for apprehension if a labor government was straight-forward as Mr. Fisher's was put into power.

Everything About Cuticura Soap Suggests Efficiency

OVER HUNDRED MILLION FOR MANITOBA WHEAT

Winnipeg, Aug. 20.—Manitoba's wheat crop this year is worth approximately \$117,500,000 to the producers. That is the estimated value reached by computation based on the report of the Manitoba department of agriculture on crop conditions throughout the province, issued today. According to the report an average yield of wheat throughout the province will be 17.5 bushels per acre. The estimated increase in the province is 2,687,000 acres, giving a total estimated crop of 47,022,500 bushels. Grain men report that the farmer probably will realize an average price of \$2.50 a bushel for wheat this season, which shows the value of the crop at far more than one hundred million dollars.

SEVENTY FILIPINES BURIED BY LANDSLIDE

Manila, P.I., Aug. 20.—The collapse of a mountain top on this island in a recent storm buried an entire Igorote village under hundreds of feet of earth, blotting out the lives of seventy natives, according to official advices received here today. The village was located in the mountain province within 100 miles of the city of Manila. The top slid down upon the village at midnight. No bodies have been recovered.

SOUTHERN ALBERTA HARVESTING WHEAT

Crops Vary Greatly, But Place Average at Twenty Bushels to Acre.

Lethbridge, Aug. 20.—Harvesting is in full swing in every section of southern Alberta, with the exception of the Cardston district, where rain a week ago checked the crop in the ripening stages. Monday will see the binders busy there, and harvesting will be general. Crops vary greatly in southern Alberta. Some districts will average 30 bushels of wheat or better, notably the Vulcan, Nanton, Taber, Coaldale and Raymond districts. East from Bow Island and Foremost, however, the crop is lighter, due to excessive heat in the latter part of July and early August. Cutting is half done in that part. Much of the grain was cut by leaders. The average yield will be about 12 bushels. Average Yield 20 Bushels. The average wheat yield over the whole of southern Alberta will be about 20 bushels. The grade will be uniformly good, tho there will be some shrunken wheat owing to the too rapid ripening. The oat crop is not heavy as a rule, and will probably average about 40 bushels. Flax will be good, with a 12-bushel average. Alfalfa on irrigated land will yield close to five tons for the two crops, the biggest yield in the history of the province. Wheat cutting is 15 per cent complete, and some threshing is being done. New wheat will commence to come on the market in several places next week. There has been no sign of frost yet. The labor situation is satisfactory.

FURIOUS FIGHTING NORTH OF SCUTARI

Rome, Aug. 20.—A wireless message from Scutari, Albania, to the Temps states that fierce fighting is proceeding north of that place between Serbs and Albanians and that Serbian regiments, in their defense of Taraboso yesterday, lost 229 dead and 250 prisoners. It adds that a revolution has broken out at Kostovo, and the Albanian Government has called to the colors four new classes, numbering 60,000.

SENSATIONAL CHARGE BY QUEENSLAND GOVERNOR

London, Aug. 20.—Queensland is intensely excited over a speech by Governor Lennox at the opening of parliament, attacking wealthy Queenslanders who, he stated, caused the failure of Premier Theodore's recent loan-raising mission to London. The governor said the government was postponing all legislation and would test the issue with the voters after Mr. Theodore's return. The government scorned the conduct of certain unpatriotic Queenslanders who had amassed fortunes in the war, and now sought to compel the repeal of certain legislation by their action regarding the loan.

TRADE OF CANADA SHOWS INCREASE

Ottawa, Aug. 20.—Canadian trade for the first four months of the fiscal year ending on July 31, shows an increase in value amounting to \$166,480,404, when compared with the same period in 1919. For the four months' period in the present year the total value of goods exported and imported was \$225,267,761, while in 1919 the total was \$658,787,857.

LIPTON GETS OVATION AT SING SING PRISON

Ossining, N.Y., Aug. 20.—Sir Thomas Lipton yesterday visited Sing Sing Prison and was given a long ovation by the inmates whom he addressed in the prison yard. "I am very gratified, boys," said Sir Thomas, when the cheers subsided. "There never was a man born who did not make a mistake. The thing is, when we grow older, not to make the same mistakes again. I've made them and I guess most of us have." The Irish baronet was presented with a hand painted souvenir, made by the inmates.

POLISH DELEGATES HAD A HARD TIME

Innumerable Delays and Hunger on Their Pilgrimage to Minsk.

Warsaw, Aug. 20.—Polish delegates on their way to Minsk to meet representatives of the soviet government of Russia encountered interminable delays and were forced to merely crawl along over ruined roads in the battle zone east of this city, says a delayed despatch from the Associated Press correspondent, who accompanied the party. The delegation left this city at dawn on Saturday, and by Sunday afternoon, 30 hours later, it had not yet reached Brest-Litovsk, which is but four hours distant by automobile in normal times. When Brest-Litovsk was reached, M. Dombksi, head of the Polish mission, refused to go further if communications with Warsaw were not established. In the meantime, the camions carrying supplies had become separated from the automobiles carrying the Polish representatives, and the members of the party suffered from hunger in addition to lack of sleep. It was not until 10 o'clock Sunday night that the delegation boarded a special train for Minsk at Brest-Litovsk, the correspondent says. Nothing is known here of the refusal of M. Dombksi to continue his trip to Minsk unless communications with Warsaw were established. One of the conditions laid down by the Poles before entering the Minsk conference was that the Polish delegates would be permitted to exchange messages with the government here, but it was stated at the foreign office today that no direct reports had been received from M. Dombksi and his colleagues. Only meagre details of the first stage of the journey to Minsk have been received from the Associated Press correspondent, who made the trip. His report of the journey as far as Brest-Litovsk was sent by wireless from that city to Moscow after being translated into Russian. At the soviet capital it was retranslated into French and then forwarded to Warsaw.

DRIVER'S DISLIKE OF DISCRIMINATION

Constable Has to Produce Badge as Proof of His Official Status.

"Why don't they hold up some of the big trucks that run around for days without mirrors and license plates?" dramatically demanded E. Eisen, the driver of a truck, to the members of the proletariat that gathered at Bay and Adelaide streets yesterday afternoon to hear the altercation between the driver and Plainclothesman Pickering, when the latter held up the driver for being without a rear license plate and a mirror. "That's my name," E. Eisen, 90 Edward street, Wholesale and Retail Poultry The driver of the truck replied: "All right, now you can tell me something."

Officer Was Gratified. The driver so far forgot himself as to answer "Yes, sir," to one of the policeman's questions. The officer, evidently gratified by the "sir," replied: "That's the way to talk. Now you are coming around to it," but the driver was equal to the occasion and delivered quite a harangue on the value of courtesy and civility in making easier one's way down the thorny path of life.

The driver took particular umbrage at the hold-up, in view of the fact that he had served the army. The officer, heedless of the heroic past of the driver, continued to make damning notes in his little book as he mused slowly but audibly: "Perhaps there's others that have been in the army as long or maybe longer than you."

City Will Not Interfere With Noxious Weeds Growth

The city will not put up any unusual battle against noxious weeds this year, although legislation was secured at the last session, empowering the city to cut down weeds on private properties and charge the cost up in the tax bills. Commissioner Chisholm thinks a start was not made early enough this year to accomplish much. He says: "The system, of course, entails the establishing of new books in this department and the city treasurer's office, as well as arranging for the requisite financing, and it was thought that as the weed season would extend but a few weeks, it would be advisable to follow for the balance of the season, the prevailing custom, namely, in the event of complaints to force the owners of property whereon weeds are evident to cut down same. I am well aware, of course, that the weeds are most noxious when turning to seed, which usually occurs during the month of August."

Applications for Work in Ontario Show Falling Off

Reports from the government employment bureaus to the Ontario department of labor, for the week ending Aug. 7, show a further decrease in the number of applications for work, and also in placements. During this period, 2461 applicants registered and 2402, or 97 per cent, were placed in employment. This represents a decrease of 184, as compared with the previous week's placements. Vacancies notified by employers totaled 3337, an increase of 531 over the figure for the previous week, largely due to the increasing demand for busmen, and also for women in textile manufacturing.

DRURY RESERVES MANY JUDGMENTS

Non-Committal on Numerous Issues—Defends Doherty Using Private Car.

"It is true the minister of agriculture, Hon. Manning Doherty, is using the government private car on his trip to British Columbia," said Premier Drury yesterday afternoon. The minister left a few days ago for the west, following the news of his brother's death in New Westminster. "But it should be explained," the premier added, "that Mr. Doherty has several very important government matters to attend to while away. His trip is not by any means of a private nature." The premier also said he had nothing to say regarding the estimates of Toronto Unions which are now being considered by the government. Neither would Mr. Drury comment on the case of the Russell Lumber Co., which is being prosecuted for unlawfully cutting timber. A conference on the matter was held yesterday with the company's representatives.

MAGISTRATE WARNS DRIVERS OF MOTORS

Danger to Pedestrians Thru Insufficient Lights—Many Speeders Fined.

In the county police court yesterday, several erring and negligent motorists paid their compliments to Magistrate Brunton, as well as contributing to the court's exchequer in sums ranging from \$1 to \$10 and costs. The majority of the charges were for traveling at a greater speed than 25 miles an hour, and a few for neglecting to have lights. Magistrate Brunton, who is pointing out that in Calgary they are operating one-man street cars of somewhat similar type to those which recently arrived in Toronto. "They seem to be working fine," he said, "and the people seem to be quite satisfied with them. A feature of the Calgary cars is the accommodation provided for smokers."

UNITED CIGAR STORES' SUCCESSFUL PICNIC

The head office and warehouse staffs of the United Cigar Stores, Limited, of Canada held their second annual picnic to Niagara Falls on Thursday last. Upon arrival of the radial, dinner was served at the Lafayette, after which the party repaired to Queen Victoria Park, where a varied program of sports, including a tug-of-war and baseball game between the office and warehouse took place.

At the conclusion of the sports, supper was served in the Refectory, during which notes of thanks were tendered to the members of the committee, W. B. Ruid and the directors of the company for their share in contributing to the success of the day. Dancing in the Refectory and on the boat brought a very enjoyable day to a close.

BENIAH BOWMAN LIKELY TO RESIGN

Premier May Select New Minister Outside of Present Legislative Ranks.

It is common talk and has been for months past, that Hon. Beniah Bowman, minister of lands and forests, would resign his portfolio. The World was told yesterday that the time for his resignation had arrived, and that a new minister would be appointed within a few weeks. It would not surprise some if the premier picked a man who is not now a member of the legislature.

CALGARY'S ONE-MAN CARS.

Alderman John A. Cowan has returned from Calgary where he has been attending the 37th annual assembly of the Knights Templars. He pointed out that in Calgary they are operating one-man street cars of somewhat similar type to those which recently arrived in Toronto. "They seem to be working fine," he said, "and the people seem to be quite satisfied with them. A feature of the Calgary cars is the accommodation provided for smokers."

NOTABLE GATHERING TO HELP IMPERIAL TRADE

Ninth Congress of Chambers of Commerce Will Open in Toronto Next Month, With Lord Desborough Presiding - Post-War Conditions Render Gathering of Extreme Importance.

When the ninth Congress of Chambers of Commerce meets in Toronto on Sept. 18, a labor of experts which was interrupted by the great war for the benefit of imperial trade and the cohesion of the empire will be resumed.

The Earl of Eglinton, then colonial secretary, who welcomed the delegates to London on the occasion of the 1906 congress, in addressing the members, said: "You are business men. You come from every part of the empire. Each one of you has knowledge of the products, of the necessities, and the capabilities of the countries from which you come and which you represent."

SATURDAY MORNING, AUGUST 21.

A Provincial Constabulary.

To the provincial government is committed the administration of justice. The police power of the state is lodged in the provincial authorities. Perhaps up to date the Dominion government has shirked some of its duty in not providing for the federal enforcement of federal law, but until a few weeks ago no one doubted that it was the duty of the provincial government to enforce provincial laws. Ontario is big enough, strong enough and rich enough to enforce her laws without calling for aid from Ottawa. The Ontario temperance act is purely provincial legislation. It is up to the province to enforce that legislation. A provincial constabulary could do the work, and these provincial constables should be paid salaries and not made dependent for their living upon the collection of fines. The fee system lends itself to blackmail and puts the untrained officer in the informer class. This provincial constabulary should also keep the highways clear for travel. The dangerous joy-riding and other practices which are making many of our country roads unsafe and notorious, must be checked with an iron hand. The country districts should be made safe to live in. Not so many years ago a farmer living in the neighborhood of North Bay was commonly suspected of having committed a number of murders, and even more infamous crimes, but it was nobody's business to investigate or arrest him, and he went his way for a number of years unmolested.

The formation of a provincial mounted police is foreshadowed in the present. The police are to be, and they certainly should be, equipped with horses, motor cycles and automobiles. Only a man in a motor cycle successfully chase the law-breaker in another motor. To this force should be appointed young men who intend to remain in the service, and above all things the force must be kept free from any suspicion of politics. The establishment of this provincial police should not excuse the townships and municipalities from policing their own districts. The municipal, provincial and Dominion police should work in harmony and co-operation. The provincial constabulary may become as popular and respected as the old Northwest Mounted Police, or it may become as detested as the government police in most European countries. A returned soldier, we think, should be placed at the head of it, and the discipline should be of a semi-military character. The men who enter the force should be not only fearless, but courteous. They should be well paid from the public treasury, and not from fines or seizures. We can only hope that the Drury government, which has acted wisely in establishing a provincial constabulary, will make of it a great success.

The House of Refuge.

R. W. E. Burnaby is president of the U. F. O. and parliamentary candidate for the Farmers' party in the riding of North York. Mr. Burnaby is hard-hearted enough to stay in the North York contest after being earnestly requested to withdraw by Hon. Mackenzie King. He is also hard-hearted enough to throw stones at the venerable senators. Addressing a farmers' picnic in South Etobicoke on Wednesday last, Mr. Burnaby declared that he had two houses of parliament at Ottawa, namely, the house of commons and the house of refuge.

It is an old sport, throwing stones at the senate. Whether or not we should have a second chamber is a subject about which men honestly differ. If there is to be a second chamber perhaps it should be elected, but that in a way upsets the whole British parliamentary practice, which makes the government of the day responsible to the house of commons. All agree, however, that more care should be taken in selecting the members of the senate.

We say all will agree to this, but we fear every party in power will use senatorships as counters in the political dealings, and as pensions for the reward of party hacks. Even Hon. N. W. Rowell saw nothing wrong in getting a candidate out of his way in Durham county by the promise of a senatorship. In his own defence he quoted a multitude of cases in which senatorships had been used in this way. To the pure all things are pure.

Sir Robert Borden managed to get into the senate some of the most reactionary men that could be found in Canada. They repaid him by embarrassing every time that government tried to put through some legislation in the public interest. Mr. McMillen should profit by his experience. He should not appoint to the senate the

notorious enemies of public ownership. He should try to make the senate a stable and good that the use of its suspensive veto would challenge public attention.

The trouble about abolishing the senate is that it cannot be done without the senate's own consent, and while the members of that body may look foolish, they are not quite foolish enough to vote themselves out of office. Even the Farmers' party does not, we understand, favor the abolition of the senate. The practical thing is for our prime minister to appoint only first-class men to the red chamber. And what we say of the senate applies to the bench. The bench no more than the senate should become a house of refuge.

Clean Up the Telephone Situation.

Ontario and Toronto are up against a telephone monopoly. We must fight that monopoly from every point of view, but chiefly by a campaign for the establishment of a public-owned system, preferably organized by the province of Ontario as are the western provinces.

The World believes the Boston company, which controls the Western Union Telegraph, the Postal Telegraph, most of the cable companies across the Atlantic, many other cable lines, the Bell Telephone Co. of Canada, is the biggest monopoly in the world today—greater than the Standard Oil Company, more influential than the metal trust (now badly dislocated), and the only thing left to do is to fight it in two ways, first before our federal board of railway commission and concurrently by pressing on the province to follow the example of Manitoba, Saskatchewan, Alberta and start a provincial system to include every farm house in the country; also to induce the Dominion government to join in securing international trunk lines between all the provincial telephone centres.

We've got a national system of telegraphs as a basis with pole lines all over Canada—from Atlantic to the Pacific. We own the right of way of thirty thousand miles of railway, a right of way which can be used for pole work. We've got postoffices in every village and town to house a public telephone system and public telegraphs, and a public telephone system linking up all the provincial systems. What Canada wants is a postmaster-general who can put this work thru in short and vigorous ways.

But put most of the energy in the fight in public telephones rather than in fighting before the board of railway commissioners. That may not get you anywhere much in the way of lower rates, but it may get you all the facts of the capitalization of the Bell Co. and who own it; also all about its subsidiaries (many of them professed independents), and who are the directors of the Bell and the other holders in the associated manufacturing plants, and also the facts of construction and maintenance. That is when the coon may begin to come down.

COMING VACANCY IN LEEDS.

Editor World: My attention has been called to an article published a few days ago in the newspapers announcing the proposed retirement of the Rt. Hon. Sir Thomas White from public life and also as representative in the Dominion parliament for the riding of Leeds.

As a man of ability and grasp of public affairs Sir Thomas White has had few equals in Canada, and his withdrawal from public life promises to be a great calamity to the nation.

Since his retirement seems assured it seems to me that the people of the constituency of Leeds should see to it that the riding continues to be represented in the future by a man of outstanding prominence in public life. There is no one to my knowledge who would grace the seat about to be vacated with a greater degree of ability than the late member in the Ontario legislature, Mr. A. E. Donovan.

I believe the constituents of the Brockville riding even now regret Mr. Donovan's defeat at the elections of last October. No member of any parliament would be so anxious to see a man of his calibre recruited and in the form of patriotic endeavor during the great war that he did.

As a Liberal-Conservative I say it would be a calamity to see Leeds, which has had such a splendid parliamentary record in the past, represented by other than a man of pre-eminent ability, and of such a man as is quick to grasp the weighty political principles, careful in the application of current affairs, and ever he goes. No man in the riding is more favorably known to the men of the future than he. It should be the standard bearer to succeed Mr. White, and an assurance will carry that standard to victory, and at once move forward to fame and renown in the councils of the Dominion as he did in those of the province during many long and important years.

FRANCE HAS MADE DEMANDS ON MEXICO

Paris, Aug. 20.—The French government has made known to Felix F. Palavicini, the Mexican envoy extraordinary to France, the conditions which must be accepted by the present Mexican government if it wishes to be recognized by France after the elections to be held in September. The conditions are:

1. Indemnities for Frenchmen killed in Mexico, and also reimbursement for damages done to the business of French nationals.
2. Restitution of cash reserves taken from French banks.
3. Renewal of payments of interest on the Mexican national debt to France.

Swedish Explorer Expresses Belief It is Only Twenty Thousand Years Old.

New York, Aug. 20.—Baron Gerard de Geer, heading the Swedish Geological expedition which will explore the Hudson, Connecticut and St. Lawrence Valleys, arrived here today on the steamer Drottningholm. He expressed his belief that New York State is "only 20,000 years old." Annual deposits shown by rock laminations will show this, he predicted.

The expedition, coming to this country under the auspices of the American-Scandinavian Foundation, has as its object discovery of the date marking the first appearance of man in the three valleys, and substantiation of the theory that the glacial period passed because of climatic changes rather than volcanic disturbances.

Baron de Geer's party will go to Lake Champlain to begin its work and thence north and west to Canada, perhaps to the Rocky Mountains. Later he will return east and take up a detailed exploration of the Hudson and Connecticut River regions.

JUDITH OF BLUE LAKE RANCH

By JACKSON GREGORY.

CHAPTER XXV. (Continued.)

Judith spent many a long hour exploring a prison, hoping to find a way out. So far as she knew she had but one person to reckon with, Mad Ruth. True, Trevors had said that he'd have a mattress on the ledge outside day and night; Judith had never seen such a person, had never heard his voice, and began to believe that it was a bit of bluff on Trevors' part. But she had never again been where she could look over at the cave's mouth, since Mad Ruth had her own party on out duty at the narrowest part of the cave where it was like the neck of a monster bottle, and always at the first sound of the girl's approach, always at the first thrust her back. Clearly there was no way out of this place of shadows except that thru which she had come.

Judith sought an explanation of her imprisonment, and after long groping she came very near the truth: Trevors would work his way through Hampton's faith in him and admiration for him. And in her absence, Hampton was the head of Blue Lake Ranch.

Sunday night, hearing Mad Ruth moving cautiously, Judith raised herself on her elbow, listening. She was confident that the woman was moving toward the cave's mouth; she hoped wildly that Mad Ruth was tricked into believing her asleep and was going out. Her shoes in her hands, her stockings fastened lightly, Judith moved toward the mad woman's couch.

Ruth was going out: was in fact even slipping out of the narrow throat of the cave and to the ledge. But Judith could not see her. For a new, unexpected obstacle was in her way. Her outburst, falling touched not rock walls but heavy wooden panels; she knew then that the narrow neck of the cave was fitted with a heavy door and that it had been drawn shut, fastened from without. In a sudden access of fury and despair she beat at it with her two hands, crying out in a hoarse voice: "Mad Ruth! Mad Ruth!"

It was so dark, so inky black, and as still, save for her own outcry, as a tomb sealed and forgotten. Such darkness, smothering hope, suddenly was filled with vague terrors; for one worn-out and nervous as Judith was the darkness seemed to harbor a thousand ugly things which watched her and mocked at her despair, and reached out vile hands toward her. She called loudly, and for answer had the crazed laugh of Mad Ruth which floated in to her from without, but which seemed to drop down from the void above.

"Judith, Judith," the girl whispered after the outburst, when she found that she was shaking pitifully. "You've got to do better than this; I'm ashamed of you."

She went back to her couch, but she sat down seeking to hold her jangling nerves in check. But, despite her intention, she sat shaking, listening, listening—praying for even the footfall of her jailer.

When Ruth was with her she attempted in a hundred ways to gauge the woman's warped brain, to seek some way to get the better of her, to gain her trust and so to slip away. But she found that there was the usual cunning born of madness, and that Ruth's one idea was to keep the girl who had escaped her once, but who must never escape again. There were times when suspicion, awakened in Ruth's mind, and she broke into violent rage, so that her big body shook and her eyes in the lantern-light were cruel and murderous, when Judith shrank back, and tried to change the woman's thoughts. For more than once had Mad Ruth cried out:

"Timidly you! Kill you with my own hands, mine, mine!"

The woman carried no weapon, but after her two hands had once gripped the girl's shoulders, shaking her, Judith knew that Ruth needed no weapon. Hers was a strength greater than Trevors', greater than two men's; if Mad Ruth saw fit to kill Judith with her two hands, she could do it.

Sunday passed and Sunday night; Monday and Monday night. Judith knew that she had accomplished nothing, except perhaps to make Ruth believe that she was very much of a coward. In Ruth's mad brain that was little enough, since this did not ally her cunning watchfulness. Then Judith began to do something else, something actively. Just to be occupied was something. Her fingers selected the largest, thickest branch from her bed of fir boughs. It was perhaps a couple of inches in diameter and heavy because it was green. Silently, cautiously of a twig snapped, she began with her fingers to strip the branch, tough and pliable. Then the limb must be cut into a length which would make it a club to be used in a cramped space. She found a bit of stone, hard granite, which had scaled from the walls and which had a rough edge. With this, working many a quiet hour, she at last cut in two the fir bough. She lifted it in her hands, to feel the weight of it before she thrust it under her bed to be hidden there against possible need. There was something. Her fingers utterly defenceless.

Once Mad Ruth, lighting the lantern, had dropped a good match. When she had gone, Judith secured it hastily, hiding it as if it were gold. She knew that now and then Mad Ruth went down the cliffs and to the cabin across the chasm. Always at night and at the darkest hour. When she heard her go, Judith rose swiftly and went to the heavy door. Always she found it locked; her shaking at it hardly budged the heavy timbers. But she could not see it, she studied with her fingers until she had a picture of it in her mind. A picture that only increased her hopelessness. Barely handed she could never hope to break it down or push it aside. And above it and below, and on each side, were the solid walls of stone.

She no longer knew what day it was. She scarcely knew if it were day or night. But, setting herself something to do so that she would not go mad, mad as Mad Ruth, she secured for herself another weapon. Another bit of stone which her groping fingers had found and hidden with her club; a jagged, ugly rock half the size of a man's head. Some little scraps of bread and meat, hoarded from her scanty meals, she hid in her blouse.

"If I could stun her, just stun her," she got into the way of whispering to herself. "Not kill her outright—just stun her."

At last, seeing that she must work her own salvation with the crude weapons she had, Judith told herself that she could wait no longer. Another day and another and she would be weak from the confinement and poor food and nervous, wakeful hours. She must act while the strength was in her. And if Trevors had spoken the truth, if there was a man to deal with outside—well, she must shut her mind to that until she came to it.

Continued Monday morning.

DECISION TO BUILD PORTABLE SCHOOL

Accommodation is Required for Children at Beginning of the Term.

A meeting of ratepayers of S.S. No. 29, comprising the districts of Runnymede, Scarlett Plains and Harwood, in West York, reaffirmed a motion passed on May 21 in George Syme School, Scarlett Plains, that a portable school be built upon the site selected in the Harwood district.

The matter has been a neighborhood conflagration since June 18, when a motion was passed at King George School, Runnymede, for the purchase of a site for \$13,100, and the erection of a four-roomed permanent school, by a vote of 41 against 12.

This meeting was illegal, it was claimed, because the chairman, J. W. Feltham, was not a landowner, and also because the works, "two-roomed portable school," were substituted in the minutes for "a school," and so read in the motion. It was also claimed that the number of children in the district was given as 175, whereas actual count last week, allowing for some to reach school age by the fall, is 141.

It was claimed also that legal notice of more than 21 days was not given to the proper authorities, reporting the ratepayers' decision. Secretary J. Reynolds of the school board admitted that he had not sent the notices, maintaining that it had been the duty of the secretary of the meeting.

Many of the Harwood pupils have been in attendance at George Syme School, about two miles away, and with railroads, is crossing. The George Syme School itself has an average of 45 in each room, including the basement, and some classes have half-day periods only.

Owing to the fact that last night's meeting was accentuated by the fact that an application had been made to the York Township Council for an appeal to the Ontario Railway Board to authorize a grant to proceed immediately with the building in order to accommodate children at the beginning of the term.

S. Clouston was chairman of the meeting and C. Bennett secretary.

EVERYTHING ROSY FOR TORONTO FAIR

Some Educational Aspects—Voice Amplifier Fulfills All Claims Made for It.

What present indications promise a fair which shall eclipse previous records was acknowledged yesterday afternoon by the newspapermen who made their annual tour of Exhibition City. Various improvements, some tending to emphasize the educational aspects of the Exhibition and others designed frankly to promote the comfort of its patrons, were revealed to the visiting scribes.

Probably the feature which will be most appreciated by Exhibition visitors is the voice amplifier which is to be utilized at the central band stand in front of the grand stand. This instrument, which supplants equipment for which the Bell Telephone Company asked \$25,000, gives a carrying radius of one mile to customary tones of conversation and will be utilized by the speakers who have been invited to give addresses. Experiments during the afternoon made with the instrument fulfilled entirely the claims made for it.

The government building is already inside—efficiently arranged to indicate that a new standard of interest is to be attached to it. The provincial department of health has secured the entire northern wing and are preparing exhibits designed to emphasize the medicinal value of fresh air, pure water, pure food and cleanliness. An actual baby clinic to be conducted by qualified physicians and graduate nurses will demonstrate every factor of child welfare and will advise mothers with regard to their children. In another wing the Ontario government has enlarged considerably its display and, in addition to the fisheries exhibit which has been introduced during past years, will have live specimens of the wild folk of the northern woods. Excellent specimens of deer and multiples of the smaller folk are promised, together with a wild fowl exhibit.

The manufacturers' building, transportation building, and other centres of the industrial phase are ready to house exhibits which the directors state are more varied than ever before. The art galleries have received the greater part of their treasures and have hanging operations well advanced. The grand stand

U. F. O. PRESIDENT SUPPORTS DRURY

A. A. Powers, at Lorneville Picnic, Strong for Inquiry on Hydro Radials.

Lorneville, Ont., Aug. 20.—At a U. F. O. picnic here today the Hydro radial situation was dealt with by A. A. Powers, president of the United Farmers' Co-operative Company, in vindication of the government appointing a commission inquiry. Mr. Powers said there was a scarcity of information before the people on the Hydro Commission's scheme. Municipalities had accepted estimates that were high as to cost of construction and extravagant as to revenues.

THE POLICE SLATE

Charge Man Driving Thirty-Five Miles an Hour—Suspect Roaming About Rooming-House.

On a charge of theft, Rupert Morris, 1 Trinity square, was arrested yesterday by Detective Thompson.

Found roaming around in a rooming house on Church street last night, Sam Caplan, 29 Elm street, was arrested by Detectives Ward and Tuft on a charge of vagrancy.

Harry Christian was arrested at Kitchener yesterday for the Toronto police on a charge of fraud. Christian is alleged to have obtained board by fraud from Joseph Roberts, 12 Grosvenor street.

Walter Bethune, Roxboro street, was arrested last night by Police Constable Worm, charged with reckless driving. Bethune, according to the police, was driving a motor car north on University avenue at a speed of 35 miles an hour.

On a warrant charging him with fraud, James Dello, of Montreal, was last night arrested by Detective Taylor.

Charged with stealing a suitcase from a Grand Trunk freight car, Walter H. White, no home, was arrested last night by Plainclothesmen Greenlee and McArthur. White is also charged with having morphine in his possession, the police having found a small quantity of the drug.

A three hundred pound safe containing \$1,000 in money was wheeled away from the premises of the Italian Music Company, 442 West King street, Thursday night. The robbery is being investigated by the police of Court street station.

HURT IN MOTOR SMASH.

Allan J. Luck, 2188 Dundas street, collided on his motorcycle with the auto of W. Worthington, 555 Markham street, at Keele and Humberside, yesterday afternoon, and was severely cut about the face. He was attended by Dr. Butt, 561 Keele street.

U. F. O. PRESIDENT SUPPORTS DRURY

A. A. Powers, at Lorneville Picnic, Strong for Inquiry on Hydro Radials.

Lorneville, Ont., Aug. 20.—At a U. F. O. picnic here today the Hydro radial situation was dealt with by A. A. Powers, president of the United Farmers' Co-operative Company, in vindication of the government appointing a commission inquiry. Mr. Powers said there was a scarcity of information before the people on the Hydro Commission's scheme. Municipalities had accepted estimates that were high as to cost of construction and extravagant as to revenues.

Mr. Powers referred to the campaign of detraction of the Ontario government's action. It was quite unjustifiable, on the part of those who derived their existence from the legislation, and were unaccountable to it and the Lieutenant-Governor-in-council. An effort was also made by glowing articles in the press to make out that electric radials in the United States were great successes. The truth was, he said, that the none of these lines cost anything like those for which provincial guarantees were demanded, the earnings of most of them were much lower than any of the Hydro estimates, and their financial condition generally was a warning to the municipalities of Ontario.

Quoting from the report for 1919 of the public service commission of the state of New York, Mr. Powers said that out of 68 operating companies, only six or 8 per cent.—paid dividends for 1919. Seven companies were being operated under receivers, three of them with lines starting from Buffalo. This official report, said Mr. Powers, stated that, of all these roads, "The corporate surplus in 1915 was a deficit of \$1,768,738. In 1918 it was a deficit of \$1,945,743, or an increase in the deficit of 745 per cent. The total amount of dividends declared in 1918 by the paying roads was only \$209,059."

In face of figures like these, what could any sane government do, asked Mr. Powers, but insist on a full elucidation of all the facts pertaining to electric radials, before putting the province's guarantee upon projects which were founded upon promises of traffic that had no reasonable basis? He predicted that in the end the whole province would be thankful to the government for insisting that Queen's Park was really a neighbor to Mis-

The Health Bath

For the future welfare of Canada the children must be kept healthy now. Protect them from the germs and microbes of disease by using Lifebody Soap.

For the bath—nothing equals the healing, cleansing, freethereating vegetable oils in Lifebody Health Soap.

and the antiseptic agents disinfect the bruises, scratches, etc., that might otherwise be a source of danger. A Lifebody soap bath sends the children to bed glowing with health and happy cleanliness.

The complete value of Lifebody is shown in its protective qualities—equal to disinfecting after use.

NOTABLE BILLS AT TORONTO THEATRES

"Hello, Alexander" Coming to the Royal-Gaiety Opens Today.

The Princess will reopen on Monday, Aug. 30, when Lou Tellegen will present himself and his notable company in the greatest of all his successes, "Blind Youth," a comedy-drama by Willard Mack and himself, in which he is making a transcontinental tour. The production, while brand new, is identical with that used during the long run of the play in New York, Boston and Chicago. The seat sale opens next Thursday.

"Hello Alexander," the real monarch of minstrelsy, are coming to Toronto. They have as their vehicle "Hello, Alexander," one of the most sumptuous extravaganzas ever presented along the Gay White Way, and which since early autumn has been playing to very large business at the 44th Street Theatre, where it was presented by the Messrs. Lee and J. J. Shubert, and whence it is to be the Royal Alexandra for an engagement of one week, commencing Monday evening. The stars of the production, James McIntyre and Thomas Heath, have been provided with an unusually funny vehicle by the authors of the book, Edmond Smith and Emily M. Young. As in their former great success, "The Ham Tree," in which they appeared for several seasons, the partners in this important two character characters, Henry Jones and Alexander. Matinees will be Wednesday and Saturday.

Gaiety Opens Tonight. A great big bouncing, happy, funny, musical comedy is presented at tonight's opening of the Gaiety Theatre. It is "The Girls From Happyland," an extravaganza of more than ordinary merit. In the cast are such well-known entertainers as Sam Lewis, leading Harry Kohler, John W. Jess, Jimmie Connors, Bert Lester, Dolly Meden, Vivian Lawrence and a host of others, all of whom are splendidly supported by a handsome chorus. The show is divided into two parts, "Nearly a Husband" and "The Wonder Springs." There is bright happy music to make the bill that much more attractive.

"Chu Chin Chow." "Chu Chin Chow" will be given its final presentation in Toronto during the week of August 30 at the Royal Alexandra Theatre. F. Ray Comstock and Morris Gest announce that they will bring to Toronto the same New York Century Theatre cast as seen here last season, headed by Lionel Braham and Marjorie Wood. This season there will be an entirely new costume and scenic version.

"Dumbells Remain at Grand." The programme extended to the "Dumbells," the famous soldier entertainers, at the Grand Opera House has been so heavy that the engagement has been extended a second week, and already there has been a big reservation. The performance is of such a meritorious character that the public do not seem to get enough of it. It is given with a vim and enthusiasm that is contagious, and the performers seem to enjoy it as much as the audience. The company, as is now generally known, is the original concert party chosen from the third division, while in France, to entertain the boys after a turn in the trenches, and every member of the company has had an experience of sixteen months and over in the front lines. The revue presented is called "Bliff, Bing, Bang," and is a combination of clever specialties. During the engagement at the Grand, matinees will be given on Wednesday and Saturday.

At Loew's Next Week. Consuelo Talmadge as Mary Blake in "The Perfect Woman," at Loew's Yonge Street Theatre and Winter Garden next week has for a starring vehicle one of the most humorous stories ever written for the legitimate stage. The big feature of the vaudeville attractions mark the return of the "Mimic World of 1920," described as the most remarkable production of its kind on the variety stage. Foremost of the brilliant array of stars presented is Alice Morley, who plays the part of Frogs in her own stambling style. Miss Morley is bright, stunning girl, with a distinct air of "class" about her. The principals of the company give clever impressions of well-known Broadway favorites.

"Follies of Pleasure" at Star. The best equipped burlesque production ever seen in this city comes to the Star Theatre Monday. It has received unqualified praise from both press and public all along the American circuit and, judging from Mr. Bernstein's former successes in the burlesque field, this is but another feather of victory in his cap. The cast, the music, the costumes, the scenic features and the constant and uproarious mirth caused by the combination of funny dialog and ludicrous situations, all stamp this as the most satisfying, from an entertainment point of view, burlesque show of the season.

"Treasure Island" at the Strand. Were you to make a list of the greatest adventure stories in the world, which one would you name first? In nine cases out of ten, it would be Robert Louis Stevenson's "Treasure Island," which will be presented in motion picture form all next week at the Strand Theatre. Here is a novel by one of the most famous writers who ever lived, that has delighted the hundreds of thousands, young and old. It has more thrills than the fastest moving screen melodrama; more romance than the finest love story; and it possesses, in addition, the high spirit and glamor of the old swashbuckling pirate days of the Spanish Main. In "The Life Line" and "Victory," Maurice Tourneur proved himself a master at handling stories of the sea. He has made of "Treasure Island" a truly remarkable photoplay. The thrilling fight at "Bentbow Tavern" the clash between the loyal sailors and the mutineers on board the Hispaniola; the battle to the death with the pirates at the stockade; the final discovery of the treasure—all the colorful characters and absorbing episodes that have made "Treasure Island" one of the best loved books of literature live before your eyes on the screen.

Alice Joyce essays an entirely new and charming role in "The Regent," the fascinating screen play, which is to

Help Us Make a Home for Girls Away from Home

WHAT is there in life for a young, inexperienced girl in a big city on her own resources? There is alluring danger, treachery and possible moral tragedy on the one side. There is the cold, cheerless monotony of one room in a cheap, comfortless, friendless boarding-house on the other. Against such an alternative what are the weapons of innocence and hope?

For Your Own Daughter's Sake

Think over this problem, you kind-hearted fathers and mothers of Toronto. What would your own daughter do in a strange city if she had not the strength of your moral and material support behind her? Wouldn't you be glad to know she was being cared for by such a "mother" as the W. C. T. U.

The W. C. T. U. is striving to fill a great need in the City of Toronto. Help us enlarge Willard Hall.

Our canvassers will call on many. If they miss you please do not overlook us.

HOW PHONE INCREASES MAY AFFECT PUBLIC

The Central Council of Ratepayers has issued the following statement, showing just how the demands of the Bell Telephone Company may affect the public if adopted by the Dominion Railway Board:

Business line—Present rate, \$55 a year (unrestricted); new rate, \$60 a year, restricted to 100 calls a month, additional calls to be 40 each.

What the increase means to the householder: Individual line, present rate \$23 a year; new rate, \$48 a year. Two-party line, \$28 a year; new rate, \$38 a year. Four-party line, \$30 a year.

The four-party line has no application to Toronto.

Territory affected by proposed increases—Ontario and Quebec.

Company's estimate of additional revenue, \$4,571,815.

Laymen's estimate of increase to Toronto alone, \$200,000.

Estimated increase in cost in city hall phone service, \$30,000.

Becomes effective, if approved, Sept. 16, 1920.

WANT CAR EXTENSION OPPOSE PHONE INCREASE

At a meeting of the executive committee of the Mount Pleasant Ratepayers' Association last night it was decided to take immediate steps for the construction of the car line extension in accordance with the resolution passed by the city council.

Resolution was also passed protesting against the proposed increase in telephone rates and urging the government to take steps with a view to public ownership of the system.

PALLID CHEEKS MEAN ANAEMIA

New Health Can Be Obtained By Enriching the Blood Supply.

When a girl in her teens becomes peevish, listless and dull, when nothing seems to interest her and dining does not tempt her appetite, you may be certain that she needs more good blood than her system is producing. Before long, pallid cheeks, frequent headaches and breathlessness and heart palpitation will confirm that she is anemic. Many mothers as the result of their own girlhood experience can promptly detect the early signs of anaemia and the wise mother does not wait for the trouble to develop further, but at once gives her daughter a course with Dr. Williams' Pink Pills, which renew the blood supply and banish anaemia before it has obtained a hold on the system.

Out of their experience thousands of mothers know that anaemia is the sure road to disease. They know the difference that good red blood makes in the development of womanly health. Every headache every gasp for breath that follows the slightest exertion by the anemic girl, every pain she suffers in her back and limbs are reproaches if you have not taken the best steps to give your weak girl new blood, and the only sure way to do so is through the use of Dr. Williams' Pink Pills.

New, rich, red blood is infused into the system by every dose of these pills. From this new rich blood springs good health, an increased appetite, new energy, high spirits and perfect womanly development. Give your daughter Dr. Williams' Pink Pills, and take them yourself and note how promptly their influence is felt in better health.

You can get these pills through any dealer in medicine or by mail, at 50 cents a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

DRUNKENNESS IS MUCH INCREASED IN BRITAIN

London, Aug. 3.—(By Mail).—Convictions for drunkenness in England and Wales in 1919 presented nearly double the figure for 1918. The total was 57,948 as compared with 29,078, according to an official report just issued. Greater London and northern England accounted for 33 per cent. of the total.

Among some of the reasons given for the increase are that there are more men at home and fewer of them in khaki, more policemen, and those less overworked available for street duty; more hours for drinking and stronger liquor.

BOY'S FOOT CUT OFF

When he slipped on the floor in the Firstbrook Box Company's works, East King street, yesterday afternoon, Ross Faggett, aged 17 years, of 173 Jarvis street, had his foot cut off at the ankle by a saw. He was removed in the police ambulance to the General Hospital.

IRKUTSK NO SUNSHINE TOWN.

Tokyo, July 28.—(By Mail).—The Kokusai News Agency in a despatch from Harbin quotes a former officer of the Kolchak government, who escaped from Irkutsk, as saying that the conditions there were "ghastly." The Bolsheviks, he said, asked the greater part of what little food is available. The remnants of the "intelligencia" live in constant terror of persecution, track.

FIVE MORE RACES AT PHILADELPHIA

Frisco June's Win Over Rifle Grenade Was the Surprise of the Day.

Philadelphia, Aug. 20.—The downfall of another world's record holder featured the Grand Circuit races today at Narberth. The best Rifle Grenade, which hung up a new world's record for three-year-old pacing geldings this season, could do in the three-year-old race for the Holmes Stake was to win the third heat in the slow time of 2:05 1/2. Frisco June won the first two heats. Rifle Grenade was lame and the heavy track was not to his liking, but he was a favorite with the big crowd and his defeat was a surprise.

Sixth race—made up the card. Ben White won the mile and 100-yard dash with Guess Work in 2:20. The top rate record taken by the winner being 2:12 1/2. The Hanover Stake of \$1000 went to Edna Early after Ethel Chimes had won the first heat. This race was a procession until the half mile was reached and then a battle royal between Ethel Chimes and Edna Early to the wire in all three heats.

The 2000 Bull's Head Bazaar stake on 2 1/2 trotters was easy for Holywood Naomi to win, all of which were stepped in 2:10 1/2. Comit finished first in the three heats of the First President's Cup for 208 trotters. The meeting will conclude tomorrow with five races on the program. Summaries:

TORONTO AND BUFFALO PLAYING POLO TODAY

Polo enthusiasts are taking a great deal of interest in the games to be played between the Toronto and Buffalo teams at the Woodbine.

The Toronto team will be played this afternoon and the second on Monday afternoon. Both teams are in first-class condition, are well mounted, and a keen exhibition of this popular game is anticipated.

Buffalo: Smith Jr., No. 1; T. Rubens, No. 2; C. Curtis, No. 3; S. Mann, No. 4. Spares: W. Bar and M. Bohan.

Toronto: J. Phippen and R. A. Laidlaw, No. 1; Gordon Beersimore, No. 2; D. L. McCarthy, K.C. No. 3; L. A. Col. K. R. Marshall, No. 4. Spare, C. Pepler.

Referee: Brig.-Gen. H. C. Blockford.

Toronto Scottish and All Scots come together for the first time in a league match. In the Robertson Cup, early in the season, the Scottish got the verdict by the only goal scored.

TWO MORE LAWN BOWLING FINALS

Dr. Gallanough of Victoria Wins Singles and St. Matthews the Doubles.

The Dominion Lawn Bowling Tournament singles and Wilson doubles were finished yesterday, the former going to the veteran and many-times winner, Dr. Gallanough, after several very close games, H. W. Barker going out in the final, 8 down. The final in the doubles was concluded before a good gallery in the twilight and was a very good-natured incident, and was so referred to by Sir John Willison in presenting the prize to the winners. All the scores:

Singles.
First round—C. Smith 10, A. C. Salsbury 12; J. Kilgallon 12, W. Hill 11; H. H. Gillespie 17, W. Ferguson 11; J. Taylor 15, M. E. Hamilton 9; F. Hill 15, D. M. Clark 12; Geo. Beag 11, Kent 11; L. M. Benson 11, A. H. Ness 10; Rev. F. Foster 19, Geo. Loyal 1

**SORROWING FANS
PAY RAY HOMAGE**

**Largest Funeral of Many
Years in Cleveland —
Speaker Collapses.**

Cleveland, Ohio, Aug. 29.—Raymond Chapman, star player of the Cleveland American League club, and idol of Cleveland fans, this morning received the reverential homage of a sorrowing city.

While the bell of St. John's Roman Catholic cathedral, where the funeral services were held, was tolling, thousands of persons stood with bare heads as the body of Chapman, who died in New York last Tuesday, a victim of a pitched ball there Monday, was carried to the altar and the last rites of the church were said.

It was the largest funeral in Cleveland in years, and not since the visit here of Cardinal Mercier, hero of Belgium, has such a mass of people attempted to enter the cathedral.

Thousands Gather.
Long before the services started thousands of persons congregated in the vicinity of the church awaiting the arrival of the casket, and unable to gain admission to the building. Tears were in the eyes of men, women and children in the throng, which was so dense that mounted police and patrolmen strove almost in vain to keep streets open to traffic.

The service, a solemn, high requiem mass, was started at 10:15. Reverend Father W. S. Nash was the celebrant, and the sermon was delivered by Rev. Dr. William A. Scullen, chancellor of the diocese, who paid Chapman an eloquent tribute.

Chapman's widow, a bride of ten months, leaning on the arm of her father, entered the church immediately after the casket, which was borne by Chapman's closest friends on the team and in Cleveland. The ball player's parents, Mr. and Mrs. R. E. Chapman, his brother Roy, and sister Margaret, followed.

B. E. Johnson, president of the American League, and James C. Dunn, president of the Cleveland team, were among the first to reach the church. Several other club officials and players were present, including three from the New York Americans.

Speaker Collapsed.
The members of the Cleveland team arrived from New York this morning to attend the funeral, today's game at Boston having been postponed. Manager Tris Speaker and Outfielder Jack Graney collapsed, and could not attend the services. Graney had recovered sufficiently, however, to leave for Boston tonight with the team. Speaker had a high fever tonight and did not go east. He may leave tomorrow.

The Cleveland players, on arriving, went to the home of M. E. Daly, Chapman's father-in-law, and viewed the body of their fellow-player. They accompanied the funeral party to the church in automobiles and marched in pairs into the cathedral. Some of the players were accompanied by their wives. All classes and walks of life were represented in the crowded church. Bankers and brokers rubbed elbows with laborers and newsboys. The crowd was made up of men, women and children from all parts of the city and from other cities, all gathered to pay their respects to the dead. Every foot of space in the church was occupied, including the aisles, the sanctuary and communion rail.

Mayor W. S. Fitzgerald was absent from the city today, but Law Director Woods, acting mayor, several members of the mayor's cabinet and several city council men attended the service.

At the conclusion of the church service the body was placed in a cemetery vault. It has not been decided when Chapman will be buried. The crowd gathered about the cathedral at the end of the services was even larger than the one when the funeral party arrived. Street cars were halted for several blocks and traffic was completely tied up.

MAYS IS NERVOUS.

New York, Aug. 29.—While the funeral of Ray Chapman, shortstop on the Cleveland Americans, fatally injured here last Monday by a ball pitched by Carl Mays of the New York Club, was being held today in Cleveland, Mays was lying in his home here, suffering from a nervous breakdown.

This became known this morning when an official of the Yankees appeared in traffic court and pleading guilty for Mays to a charge of speeding last month, paid a \$25 fine. Mays has not played since resumption of the New York-Cleveland series, nor has he been seen at the Polo grounds.

**MEN'S SINGLES' DRAW
AT TORONTO L. T. C.**

Following is the draw for the men's singles championship at the Toronto Lawn Tennis Club today.
2 p.m.—Potey v. Sissons, Carlaw v. McKenzie, E. W. Bickle v. West, W. G. Wilson v. Chipman, Courtice v. Dyke, H. Bickle v. Hendry, Webster v. Healy.
3 p.m.—Martin v. Davidson, Foster v. Stephenson, Senior v. Hannah, Rumble v. Sheard, Gounlock v. Wilkinson, J. H. Wilson v. H. Macdonnell, Brodie v. J. A. Gilchrist.
4 p.m.—Henderson v. Armstrong, Gurney v. Knox, A. Macdonnell v. M. Grant.
5 p.m.—Rennie v. Park, Dawson v. Winner, Martin and Davidson.
All second round matches must be completed by Monday.

**CARL MAYS MAY
NEVER PITCH AGAIN**

Cleveland, Aug. 29.—No official action antagonistic to Carl Mays, the New York American League player, who pitched the ball Monday which resulted in Ray Chapman's death, will be taken by President B. B. Johnson of the American League. The case is ended, as far as he is concerned, Johnson declared here today. "I could not conscientiously attempt to make any trouble for Mr. Mays," Johnson said, "but it is my honest belief that Mr. Mays will never pitch again. From what I have learned, he is greatly affected, and may never be capable of temporarily pitching again. Then, I also know the feeling against him to be so bitter among the members of other teams that it would be inadvisable for him to attempt to pitch this year, at any rate."

At Wingham yesterday, Hanover won the Junior Ontario Lacrosse Association group honors of that district by defeating Wingham, 7 to 3.

**Edgar and Hutchinson
In Golf Final at Chicago**

Chicago, Aug. 29.—J. Douglas Edgar, Atlanta, Georgia, Canadian open champion, and Jock Hutchinson, Chicago, were the winners in the semi-final matches today in the Professional Golfers' Association tournament, and will meet tomorrow in the final. Edgar defeated George McLean, Great Neck, N.Y., 6 and 7, and Hutchinson won from Harry Hampton, Richmond, Virginia, 4 and 4.

The Maitland intermediates meet at Yonge street and Alcorn avenue at 12 noon to go to Oshawa.

**WORLD'S RECORD
POLE VAULTING**

**By Foss of Chicago, Beating
Old Mark by Almost
Three Inches.**

Antwerp, Aug. 29.—Phenomenal pole vaulting by F. K. Foss, Chicago A.A., which broke all existing records, and a brilliant distance race by four European

runners, in which the French marvel, Guillemot, went down to defeat, furnished the thrills for the 10,000 spectators at the sixth day of the Olympic games. The performances in both these events were exceptionally praiseworthy in view of the rain and cold.

The day was ending with a brilliant sunset, but with November-like temperature. Just as Foss, the former Cornell star, sailed over the bar which had been placed at the height of 13 feet 3/4 inches. The old record was 13 feet 2 1/2 inches.

Foss already was the winner of the first place for the United States in the pole vault, but he was urged to go on and break the Olympic record. This he did and then after a consultation by the officials, the bar was set at the top height so that Foss might have a chance to excel the world's record. When the

height of the crossbar was announced, an absolute hush fell over the spectators.

Twice Foss essayed his task and failed. Then, after a long rest and with the spectators tense, he took an exceptionally long run and a terrific leap, sailed upward and curved his body over the bar like the letter "U," snapped the pole backward and dropped amid a great splash of sawdust into the pit on the other side.

There was scarcely less enthusiasm over the 10,000 metre run, which developed into a sensational full distance contest between Nurmi, Finland; Guillemot, France; Wilson, England; and MacCarrie, Italy—undoubtedly four of the greatest distance runners who had been brought together in years.

From start to finish the quartet ran in a sprint that would have done credit to freshmen. Nurmi had the greatest reserve, dashing away to win from his French rival in the final seventy yards.

The French runner had enough strength left to outstay Wilson, who himself at the tape had just sufficient stamina to beat out the plucky, stocky little Italian. Nurmi's time was 31 minutes 45.2 seconds. This was 43.5 seconds behind the world record of Jean Bouin, the famous French runner, who was killed in the war. Bouin established his mark in France in 1913. The belief prevailed that Nurmi would have made a record if the run had been anything like a fast track.

Canada had two entries in the throwing 56-pound weight event. John McEathren of Winnipeg, was eliminated in the trials, but Archie McDiarmid of Vancouver gave the Dominion a place among the winners. First place was won by P. J. McDonald of New York, representing the United States, who threw the weight 11 metres. P. Ryan, United States, took second place with 10.225 metres; Lind, Sweden, third, 10.255 metres; McDiarmid, Vancouver, fourth, 9.475 metres; Svensson, Sweden, fifth, 9.45 metres; and Peterson, Finland, sixth, 9.375 metres.

The United States Olympic team is entered in a French-Swedish-American meet in Paris and an Anglo-American meet in London after the Antwerp games. The Paris program includes 100, 400, 800, 1500 and 5000 metre races, 70-lane for four-men teams at four hundred metres, the 110 and 400 metres hurdles, the high and broad jump, and the javelin, discus, shot and pole vault events.

With Radial C

Caledonia, Ont., Aug. 29.—(At a special session of the Ontario Legislative Assembly, held at Caledonia, Ont., last night, at the farm of the Premier, Hon. Peter Smith, one of the leading members of the Ontario Liberal Party, declared that the Premier's attitude toward the public ownership of the railways was a "disgrace" and that the Premier was "not fit to be Premier of Ontario." Mr. Smith said that the Premier's attitude toward the public ownership of the railways was a "disgrace" and that the Premier was "not fit to be Premier of Ontario." Mr. Smith said that the Premier's attitude toward the public ownership of the railways was a "disgrace" and that the Premier was "not fit to be Premier of Ontario."

So far from being a public ownership of the railways, the Premier's attitude toward the public ownership of the railways was a "disgrace" and that the Premier was "not fit to be Premier of Ontario." Mr. Smith said that the Premier's attitude toward the public ownership of the railways was a "disgrace" and that the Premier was "not fit to be Premier of Ontario."

Municipalities are building of railways, and the Premier's attitude toward the public ownership of the railways was a "disgrace" and that the Premier was "not fit to be Premier of Ontario." Mr. Smith said that the Premier's attitude toward the public ownership of the railways was a "disgrace" and that the Premier was "not fit to be Premier of Ontario."

The present government much like to see the railways, built at a cost of \$3,500,000, and the Premier's attitude toward the public ownership of the railways was a "disgrace" and that the Premier was "not fit to be Premier of Ontario." Mr. Smith said that the Premier's attitude toward the public ownership of the railways was a "disgrace" and that the Premier was "not fit to be Premier of Ontario."

Would they find the government's attitude toward the public ownership of the railways was a "disgrace" and that the Premier was "not fit to be Premier of Ontario." Mr. Smith said that the Premier's attitude toward the public ownership of the railways was a "disgrace" and that the Premier was "not fit to be Premier of Ontario."

Dublin, Aug. 29.—Larney and other members of the Irish Parliamentary Party, who have been in the United States, returned to Dublin today, and the Premier's attitude toward the public ownership of the railways was a "disgrace" and that the Premier was "not fit to be Premier of Ontario." Mr. Smith said that the Premier's attitude toward the public ownership of the railways was a "disgrace" and that the Premier was "not fit to be Premier of Ontario."

HALIFAX WOULD RETAIN TRADE WITH BERMUDA. Halifax, Aug. 20.—A special meeting of the council of the board of trade was held today to discuss an important matter in connection with the proposed treaty with the West Indies, information having been received by the board to the effect that unless certain conditions were complied with, Bermuda may be left out as a port of call. It was shown that Bermuda's purchases in Canada amount to practically one million and a half dollars. Halifax sharing largely in this, the council decided to ascertain whether the board will make representations in the matter.

WE HANDLE full lines of both Foreign and Domestic Fruits and Vegetables. Quality the best in every case and prices consistent. See our offerings before purchasing.

AUGUST SALE of FURNITURE

Think of Buying Dependable Furniture at Less Than Wholesale Prices, and You Have the Reason Why This Great Sale is Such a Huge Success

But the sale is nearing an end--it has only nine more days to run. The householder who contemplates the purchase of furniture or other home furnishings has no time to lose in order to share in the wonderful savings.

The great, well assorted stocks still offer excellent choosing because of the fact that enormous reserve stocks have been continuously arriving to replace the merchandise sold.

There is, perhaps, no better indication of the genuine worthiness of this August Sale than the whole hearted, generous response on the part of the buying public. The advertised articles have been so attractive in quality and value, that no thrifewise person could afford to miss them.

And so it is today with the remarkable values which follow. The furniture mentioned below, however, is limited in many cases to only one piece of a kind--others are specially priced for this morning only.

There Is Every Reason Why You Should Join the Home-Lovers' Club And No Reason Why You Shouldn't

Suppose, for instance, that your money is tied up in stocks and bonds or invested in some other way, and you do not care to disturb its status quo--

Suppose that you want to buy something for which you are not prepared to pay the full cash amount at one stroke; wouldn't it be good business to take advantage of some dignified, convenient payment service to solve your problem?

That Is What the Home-Lovers' Club Does For You

It takes the home furnishing task off your shoulders by allowing you immediate possession of Furniture, Draperies, Rugs, Fixtures, Phonographs and Sewing Machines upon making a first part payment.

The balance of your account is spread over an arranged period, and no interest is charged.

Every member of the Home-Lovers' Club is entitled to buy at the special August Sale prices, the same as cash purchasers.

Can you think of any point in which this service could be made more simple or convenient? It is, we believe, the most satisfactory manner in which home keepers can do over their homes or furnish new homes.

The Club Secretary--Fourth Floor--will welcome the opportunity to talk over the Home-Lovers' Club with you.
