MORE THAN MILLION MEN AND THOUSAND GUNS IN TERRIFIC BATTLE IN POLAND

Much Depends on Outcome of Gigantic Conflict Which is Steeping the Earth in Blood—Less Intense Today on Western Front

Petrograd, Feb. 6.—More than a million picked troops, and more than 1,000 heavy guns are engaged in a terrific battle in the region of the Bzura and Rawka Rivers, in Poland, and upon the outcome of this conflict hangs the fate of the present campaign for the mastery of Western Poland.

For a week the heavy artillery has been shaking the blood-soaked earth with its thunder, and the attacks of the Germans and the counter attacks of the Russians have left the battlefield covered with corpses.

FRENCH SUMMARY

Paris, Feb. 6.—The French War Office this afternoon reported: "No infantry engagement has been reported as having occurred during the day of February 5. From Arras to Rheims, there were artillery engagements, with results satisfactory to us. There has been no change in the situation in the vicinity of Perthes and Massiges.

"In the Argonne and in the Woëvre district French artillery yesterday dispersed convoys of the enemy, and set fire to a convoy train of twenty-five wagons.

"There has been nothing to report from the rest of the front. We brought down a captive balloon behind the German lines at a point to the northeast of Soamey."

SAYS GERMANY MEANS TO DO IT

London, Feb. 6.—A Daily News despatch from Copenhagen says:—Representatives of the Berlin press were summoned to a meeting with the imperial chancellor last night, when the head of the naval department expressed the conviction that the public and press of Germany would unanimously agree to a blockade of the English coast.

England, he said, had, since the beginning of hostilities, carried out the war on the sea in a way which had no resemblance to historic usage. Now Germany's patience was exhausted.

Germany had at her disposal all the necessary means to carry out a blockade, and those means would be used with all possible swiftness after a fortnight's respite had been given to neutral states to bring their ships to port.

The German government hoped that neutral states would not realize the situation, but agreed to the blockade decision, as England's tyranny on the sea of the world would be smashed only in this way.

JAPANESE CRUISER A COMPLETE WRECK

San Diego, Cal., Feb. 6.—The Japanese cruiser Asama, which struck an uncharted rock off Lower California, is reported a complete wreck. The vessel and two Japanese ships speeding to assist the crew.

DROPS BOMBS IN COLOGNE

Amsterdam, Feb. 6.—Hostile aircraft flew over the city of Cologne and dropped bombs then escaped in the direction of Düsseldorf, according to a despatch from Berlin. The raid was made on Wednesday while great numbers of German reinforcements were passing through Cologne.

Berlin Denies It

Berlin, via London, Feb. 6.—Officials here have branded as false a report printed in a Bucharest newspaper that Germany had requested Bulgaria to attack Roumania, if Roumania took the field against Austria-Hungary.

STRICKEN WHILE PUTTING BLANKET ON HIS HORSE

P. E. Island Farmer Found Dead by His Brother
Charlottetown, P. E. I., Feb. 6.—Yesterday Richard McDuff, of Brookfield, aged 65, a farmer, was found dead in his stable near one of the horse stalls. Apparently he had been in the act of putting a blanket on his horse when stricken. He lived alone and was in good health when last seen on Thursday. His body was found by his brother. A coroner's jury found death was due to acute indigestion.

THE KING

(A. M. Belding.)
With meaning new the anthem old
Appeals to loyal hearts and bold,
And round the world the echoes ring—
The King! The King! God save the King!

It needed but the clouds of war,
And lo! the Empire's guiding star
Appeared and every fear took wing—
The King! The King! God save the King!

The King! Who bodied forth the soul
Of that far-flung imperial whole,
Whose glory thrills us as we sing—
The King! The King! God save the King!

The King! The spirit of the race,
Immortal not of time or place,
The centuries their tributes bring—
The King! The King! God save the King!

From east and west, from south and north,
The sword of Britain flashes forth;
For Freedom's sons to Freedom cling—
The King! The King! God save the King!

In vain the armored hosts of might
Leap forth to trample down the right;
In vain doth Death its challenge fling—
The King! The King! God save the King!

From east and west, from south and north,
The sword of Britain flashes forth;
For Freedom's sons to Freedom cling—
The King! The King! God save the King!

Comment on Other Lands
Paris, Feb. 6.—The German admiralty's "war zone" proclamation has provoked an outburst of indignation in the French press, although it is hailed generally as an indication that Germany is beginning to find her situation desperate.

The Journal says the measure will have only two consequences, first, the death of inoffensive sailors; and second, the paralysis of the sea trade of neutrals. Consequently, the paper argues, the measure would cut off Germany's food supply, for neutral shipping would not expose itself to danger.

Stockholm, Sweden, via London, Feb. 6.—Indignation is expressed by the Swedish press because of Germany's proclamation. The belief is expressed that it will result in the government making a protest to Berlin.

Christians via London, Feb. 6.—The opinion expressed by many here is that Germany is not likely to put her threat of a blockade into effect against neutral countries. A director of the Northern Shippers' Association said today that Germany's notification would be received as a friendly caution.

RUMORS OF SEA DISASTER SAID TO BE UNFOUNDED

New York, Feb. 6.—The Evening Journal publishes a Washington despatch reporting that a rumor that the Cunard liner Campania, now a British troopship, has been sunk by a German submarine in the English channel.

New York, Feb. 6.—The local officials of the Cunard Line said there was absolutely no truth in the report.

Liverpool, Feb. 6.—The Cunard liner Lusitania which was reported in the United States to have been sunk by a German submarine, arrived here today, and landed her passengers. The Lusitania was upon the Atlantic when the Germans launched their submarine warfare against British mercantile shipping and fears were felt for her safety, but these were all dispelled by her safe arrival.

It is reported that a British cruiser met the Lusitania 200 miles off the Irish coast, and escorted her through the danger zone.

GERMAN PLOT TO BLOW UP LA CHAMPAGNE

Paris, Feb. 6.—A plot to blow up the French line steamer La Champagne, which has arrived at Corunna, Spain, from Mexico, was frustrated by a wireless message received aboard the ship, on January 19, according to the Journal, Madrid correspondent.

Reports made by officers of the vessel are said to have stated that the information given in the wireless message was that a man aboard, believed to be a German, intended to destroy the ship. Prompt measures were taken by the captain and the man was arrested. Five dynamite bombs, the correspondent says, were found in his trunk.

CUNARDER CRIPPLED AND ADRIFT IN WHITE SEA

Berlin, Feb. 6.—A despatch from Christians states that it has been learned there that the Cunard liner steamer Thracia has lost her propeller and is drifting in the White Sea with a cargo of 150,000 crows.

King George yesterday inspected the Canadian force at Salisbury Plain and expressed himself officially as pleased with the result.

Canadians Now Near Rouen Bulk of Them Have Crossed Channel—Great Concentration of British Forces Near Boulogne

Toronto, Ont., Feb. 6.—Despite Germany's threats to exterminate transports, it is apparent from private despatches received here this morning that the bulk of Canada's first contingent has safely crossed the English Channel, landed at Harve, and are now encamped or billeted in or near Rouen, which is a city of 100,000 population, on the Seine River, about eighty miles north from Paris, and not far from Harve.

Other despatches tell of a large concentration of British troops at or near Boulogne, and it would seem that British troops are being landed in great numbers of thousands of troops into France this week. Some time ago letters and cables received here indicated that Rouen would very probably be the base of the Canadian expeditionary forces in France.

PARADE TO FOUR CHURCHES SUNDAY

Three Bands to Head The Soldiers Tomorrow
KHAKEI FOR ARTILLERY
Issue to the Partridge Island Men—Two More to the Divisional Ammunition Column—Presentations—Selecting Non-Coms. For Mounted Rifles

The church parades of the 29th Battalion and No. 8 Co. C. A. S. C. tomorrow will be at several churches. The former will visit St. Paul's, the Cathedral and St. Mary's, and the latter will visit St. Mary's, the Cathedral and St. Stephen's.

Major Pagnieu, of the R. C. R. at Halifax, who was in the city yesterday inspecting the 29th Battalion, left last night on his return to Halifax, well satisfied with the appearance and efficiency of the unit. Captain Langford of the R. C. R. at headquarters to have today completed an inspection of the 29th Battalion.

The members of the garrison artillery on Partridge Island, under Lieut. Col. S. C. A. S. C. will tomorrow appear in khaki. The old black and red is to give way to the more serviceable khaki, which is being issued to the men. Colonel Armstrong has been endeavoring for some time to get the issue but because of the pressure of work he was unable to do so until today.

Another member of the artillery garrison on the island has gone to Fredericton to join the 29th Battalion. A. Jones, gunner, A. St. John boy who has been residing for some time in St. Stephen's is another who has joined the colors at Fredericton. Walter G. Belyea, who for several years was in the employ of S. McEldermid, druggist, in King street, he is now a member of the ammunition column. Mr. Belyea is a popular member of Union Lodge, K. of P. of this city, and has received a handsome pipe from the members.

A gathering of friends assembled last night at the home of Mr. and Mrs. James Cooper 15 Clarence street in honor of her brother George Smith of No. 2 Co. C. A. S. C. and after a pleasant time he was honored in the presentation of a military watch given, in behalf of those assembled, by A. Jordan. Another soldier, mainly Lee, was the recipient of a signet ring from the gathering.

Selections for the non-coms in the 6th Mounted Rifles, B Squadron, are to be made this evening by an examining board composed of Major McLean, Captain Thomas, and Lieutenants Mooney, Thomas and Morrissey. The examinations will be in the remount depot. Active mobilization will begin on Monday or Tuesday.

KAISER'S WISH WAS G ANTED; SHOULD BE MORE WARY NOW

Copenhagen, Feb. 6.—A Berlin report states that the Kaiser recently visited Doberitz concentration camp. All the prisoners were murdered while the Kaiser held religious services. The Kaiser also sent Imperial Chancellor von Bethmann-Hollweg to the camp at Rupprecht, Bavaria. The imperial chancellor had a long conversation with the generals and stayed two days. Von Bethmann-Hollweg then visited the headquarters of the staff of the Bavarian army and inspected the artillery positions. He reported that he brought messages from the Kaiser, who hoped that the Bavarians would meet the English just once more.

The Kaiser was previously reported to have said to the commander of the Bavarian army corps: "I should like the English to meet the Bavarians just once." Soon afterwards he had his wish for news of the British occupation of Leffingne and Raversyke, Belgium, came and the report of the encounter stated that an entire Bavarian battalion refused to fight, and surrendered.

MANY AT HIS FUNERAL
Customs officials had charge of the funeral of George Green at McAdam Junction this afternoon and members of the Masonic fraternity, Foresters and Oddfellows also walked in the procession, which was one of the largest ever held in the town. The Methodist pastor conducted the service.

Herald Puts It Up To American Government

Trouble if One Life is Lost to United States by Reason of Piracy Project of Germans—Some Strong Statements

New York, Feb. 6.—Unless there is actual destruction of neutral ships, marine insurance underwriters here express the opinion that the shipping between this country and Great Britain and France will not be lessened in volume because of the German admiralty blockade declaration.

The New York newspapers continue to devote editorials in general condemning the German blockade declaration.

THE HERALD'S WARNING

Under the caption of "Whom the Gods would destroy, they first drive mad," the Herald says: "Do Americans realize the full meaning of the German official announcement published yesterday that the seas surrounding Great Britain and Ireland, including the whole English channel, are hereby declared to be a military zone?"

"It means that Germany declares war upon the entire world. Ships belonging not only to the nations with which Germany is at war, but also those belonging to neutral nations—to the United States, to Italy, to Holland, to Sweden, to Norway to Denmark, to Greece, to Spain—are according to this fiendish document, to be destroyed even when it may not be possible to preserve crews and passengers from danger. It means that every American going to northern Europe or leaving it, even by a neutral vessel, will take his life in his hands because Germany, a people of 'culture,' has decided to set at defiance every law, human and divine, and treat all international conventions bearing her signature as so many scraps of paper."

"That the German naval authorities dimly perceive the futility of their decision, is proved by their attempt to justify it by referring to abuse of neutral flags having been ordered by the British government on January 31—'quel s'excuse s'accuse.'"

"Searching examination has failed to reveal any order such as the one mentioned in the German notification. It seems clear that, as usual the Germans are entirely excusing their ferocity by falsehood."

"The question is, what are we going to do? Will the administration identify acquiescence in this latest American effort to put into practice the savage theories laid down in the German general staff's war book and in the works of that half baked plagiarist of Machiavelli, Bernhardi."

"Whatever the administration may do, one thing is certain, if a single American life be sacrificed by unforgotten German pirates, our people will exact the bitterest, fullest retribution."

LOOK OUT FOR TROUBLE

The Tribune says:— "If the German government is looking for trouble, with the United States, or with the American government, it is in a bad way. It is in a bad way because Spain or Italy, all it has to do is to permit a submarine to torpedo an American Spanish or Italian vessel entering the German admiralty's psychological 'war zone'."

The World says it is the duty of the United States government to issue a formal protest against the German 'war zone' proclamation.

THE "BOMB" WAS A BRICK OF COAL

Serious Matter For "Joker" Though, if Captured
FOUND NEAR FALLS BRIDGE

All kinds of wild rumors were in circulation today as a result of a supposed bomb found at the Suspension bridge last night. The police declare the "bomb" was a brick of coal.

Chief Wathman Godson noticed a package lying near the bridge pier and found it to contain a brick of coal, with a piece of a cake of soap, with a wire projecting from it. He reported to the police and the article was taken to the central station and was lying up on one of the desks this morning. Chief Simpson said that it looked as if someone was trying to play a joke, and intimated that it would not go well for the person if he was caught.

The "bomb" was broken open and the result was to demonstrate its absolute lack of explosive qualities. Composed of coal dust is the substance of which it is composed. The wire running through was thought to be intended to give the article a more business like appearance.

The chief said he knew last night that the bomb was a fake but he was inclined to ask questions about the fact that any kind of a suspicious package could be placed on such an important place where it is supposed to be guarded. When the package was discovered the watchman notified the chief of police, who, with Commissioner McEldermid, drove out to the bridge to investigate. They took charge of the "bomb" and took it back to central station. In the meantime orders were sent out for the members of the police force who were on duty calling them.

They were assigned to beats in special locations where extra precautions would be regarded as desirable. A heavy guard was placed around the bridge, also in case there was any attempt later in the day to destroy the structure. Throughout the night the city was carefully guarded, but happily, there was nothing to cause further alarm.

When daylight showed the innocent and harmless nature of the supposed explosive the matter was allowed to drop, officially, but that was only the beginning of the stories which began to circulate around the city.

One man tells a very definite story of the villain who planted the bomb, a German of course, being traced to one of the city hotels, where he was placed under arrest by a force of four policemen and three detectives, who found on him a person incriminating paper. That is a sample of the yarns going the rounds this morning.

For a while a man from Boston was more or less under suspicion of having a hand in the matter and was given some attention.

Late at night, after the supposed bomb had been discovered, he sent off a telegram to a man in Lewiston, Me. The telegram contained but one word, surely a suspicious circumstance, and it was signed by an abbreviated name which did not correspond with the name under which a gentleman had registered at his hotel, quite enough to confirm the suspicions of any detective.

A few inquiries showed that he was a well-known Boston business man, who was here on business matters, in which several prominent citizens were endeavoring to interest him. Under the circumstances he was exonerated, especially by the "bomb" story had fallen through in the meantime.

The explanation of the suspicious circumstances was simple enough. The gentleman had spent the day investigating the proposed deal and had decided that it was not satisfactory enough to justify further efforts. It was late at night before he retired, and the last thing he did was to advise a friend in Lewiston, who was interested with him in the deal. To do so he filed the lacrimose message "rotten," which would convey his meaning clearly enough. The telegram was signed with a nickname which is used between the two friends.

That's all there is to it, but the visiting business man will have a good story to tell when he gets back to Boston.

I. C. R. Men Take up Matter of Pay For Those Who Enlist For War

Moncton, N. B., Feb. 6.—A meeting held last night in Moncton regarding pay for I. C. R. employees who have enlisted for service in the war was attended by representatives of every branch of organized labor on the I. C. R. The meeting was called by Lieut. Leger, of the 98th Battalion, because of non-payment of wages said to have been promised the I. C. R. employees who enlisted with the expeditionary forces. Leger was a locomotive fireman.

The labor representatives decided to send the following message to each member of the dominion cabinet: "At a representative meeting of I. C. R. shop and road employees held at Moncton on Feb. 5, it was resolved that the government be requested to see that the provisions of the general manager's circular No. 16, as applying for employees enlisting for overseas service be carried out in its entirety without further delay."

AY REASON FOR STRIKE DIFFERENT THAN STATED

A delegation of the men who went on strike on the dredge Don Federico called at The Times office this morning to say that a published statement to the effect that they went on strike because one of their number was discharged for fighting was altogether untrue. They said they were dissatisfied with the food and the accommodation given them, and decided to complain; that they invited the captain on deck and one of their number quietly made the complaint and asked for better food and cleaner quarters. They say the captain at once discharged their spokesman, and they went out with him, fifteen in all, including the second engineer, oilers, firemen and deck crew. They say there was no quarrel at all, and that the statement to what effect does them a grave injustice.

THE WIDOW'S MITE
Could Not Give Money But
Makes Fancy Work Piece For
One of Funds

The mayor received this morning, by mail, a letter and package of unusual and touching interest. The package contained a beautiful embroidered centre piece of a clover worked in silk on linen. The letter was unsigned but the writer explained that she was a widow with little money who earned her living by doing fancy work. She was anxious to do something or give something for those who are suffering at the front, and she could not give money, she sent the embroidery, with the suggestion that some of the ladies of St. John might purchase it or dispose of it by lottery and the proceeds used for one of the funds. The postmark showed that the package was sent from Queens county.

POSSIBILITIES IN BIRCH
There Should be Opening For
New Industries Here

A prominent thread manufacturing firm in the United States, having expressed a desire to establish a good manufacturing plant near a dependable white birch supply, the industrial commission of the St. John Board of Trade opened a correspondence with the company, suggesting that they should look into the question of establishing a plant at St. John, near which there was an abundance of the kind of wood that the firm wanted.

A reply asking for specific data as to the stands of white birch in the province, was referred to the Lands and Mines Department, Fredericton, but the department was without the required information. From a practical St. John lumberman, the industrial commissioner learned that there were large quantities of birch in St. John and adjoining counties. He was himself the owner of 1000 acres in Kings county, in which birch predominated. He said that the cutting of birch into deals was not very profitable, so that while the soft woods of more immediate commercial value were being pretty well cleaned out, the birch were allowed to stand. He roughly estimated that the birch standing near St. John would average 1000 feet to the acre.

American Hebrews Organize Campaign—Olives Also, Perhaps
Pittsburg, Feb. 6.—The Jews of Palestine, who have been reduced to a state of privation by the stagnation of European markets because of the war, will have an opportunity to dispose of a portion of their half-million dollar orange crop in Pittsburg by a million four orange campaign.

BURIED TODAY
The funeral of Mrs. T. O. Sandall took place this afternoon from the residence of A. O. Skinner, 84 Coburg street. Burial services were conducted by Rev. W. H. Barracough, after which interment took place in Fernhill.

THE NEED OF A WATCH
From the time you get up in the morning until you go to bed at night, you are ruled by time—and the only way you can have correct time with you always is to carry a watch.

MRS. CARMAN TO BE TRIED
AGAIN IN MURDER CASE
New York, Feb. 6.—Mrs. Florence Conklin Carman will be placed on trial again charged with the murder of Mrs. William Bailey, who was shot to death through a window in the Freeport, L. I. office of Dr. Edwin Carman, Mrs. Carman's husband, on the evening of June 30.

FOR THE BELGIANS
Mayor Frink has received for the Belgian War the following subscriptions: Tipperary Club, St. Stephen, per Miss Edna Murdoch, \$20; Children of Great Salmon River, for the Belgian children, per Miss Agnes I. King, Salmon River, \$11. A subscription of \$25 received through Mrs. Charles Estey from the Ladies' Aid of the Baptist church, Wicklow, Carleton county, was previously acknowledged as \$5 in error.

THE WAR NEWS

The heaviest fighting continues to be in the eastern area, where the Germans are making a desperate effort to break through the Russian lines.

In the west the allies have made some slight progress at some points during the last few days. The French have compelled a German commander in Lorraine to remove his headquarters to the point farther back, and all attempts of the Germans to advance have been repulsed.

An Ottawa despatch quotes Captain Jenney, who has just arrived from England, as saying that the British could now place another million men in the field at a moment's notice.

England's answer to Germany's paper blockade of British ports is of a character to show to the world and to Germany especially that the game of bluff is a very poor game to play when the interests of humanity are at stake.

The New York Herald prints today a scathing denunciation of Germany's declared policy of destroying neutral ships if after a stated date they attempt to enter ports in the United Kingdom.

"THESE LITTLE ONES." When will the citizens of St. John become aroused to a sense of their duty toward the children who are not getting a fair chance in life?

AT THE OPERA HOUSE The third week of the stay of the Young Adams Company at the Opera House concludes tonight with a performance of the stirring western play, "A Cowboy's Revenge."

home at all, and whose mother is in prison, was brought to the president of the Children's Aid Society. He had been given shelter for a week but that could not continue.

These two cases show the need of a proper shelter for children. There are many cases in the city which should receive the attention of the Society, and yet, because the Christian gentlemen who make up the Municipal Council have refused to give the society a grant they are unable to provide such a shelter.

Who are the gentlemen who are willing to come forward and save the city if the present commissioners or any of them should be recalled? It is a business proposition.

A great falling off in the contributions to the patriotic fund in this province is reported. While the receipts in January were only a little over two thousand dollars, over seven thousand dollars was paid out.

It is said that in a Japanese translation of "Rock of Ages" the first line, "Rock of Ages, cleft for me," reads, "Very old stone, split for my benefit."

The uniform of the Sixth Mounted Rifles will soon be seen upon the streets of St. John. The opinion appears to prevail that this force will be sent to Egypt.

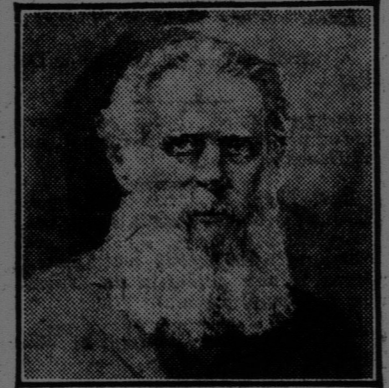

The German government has discussed the question, but is waiting for fuller information. So many voices in the United States are calling for an end to the present American government policy of silence in relation to German disregard for international agreements and for the usages of civilized warfare, that it is difficult to see how the government can very much longer remain silent, no matter how many people of German descent there may be in the republic.

If public attention were not so large an extent centered upon the war and its effects, the people of St. John would regard the present civic situation as one of unusual interest. Some people are talking in favor of a return to the ward system, cheerfully oblivious to the fact that it is under the ward system the "boss" flourishes best.

"I did," asserted the short man.

"Did you call the police?" asked the tall man.

"I called nothing!" replied the short man.

"I called the burglar over and handed him a dollar."—Cincinnati Enquirer.

"I am often quoted the fact that some American houses advertised Diamonds at around \$90,000 a carat."

On a recent visit to the American markets, I was shown Diamonds as high as \$85,000 a carat. The average price in the best stores for good stones is around \$35,000 per carat. This is just about right, as it leaves us with preference of the duty.

Diamonds enter Canada duty free. Diamonds pay 20 per cent entering the States. We sell good stones from \$25.00 to \$300.00 a carat.

EXEMPTION FOR SMALL INCOMES

Common Council Passes Commissioner Pott's Resolution

LABOR MEN URGENT

Consideration of Proposed Change in Stanley Ward Assessment Postponed

Owing to the absence of the recorder an effort was made to secure a postponement of yesterday's council meeting, but Commissioner Pott's resolution was not presented at the meeting, and the council sat down and waited, when the hour arrived with the result that three of the other commissioners came in during the afternoon, one by one, and the resolution introduced by Commissioner Pott's authorizing a bill to provide for a partial exemption of incomes and personal property from taxation was adopted.

Commissioner Pott's resolution was not presented at the meeting, and the council sat down and waited, when the hour arrived with the result that three of the other commissioners came in during the afternoon, one by one, and the resolution introduced by Commissioner Pott's authorizing a bill to provide for a partial exemption of incomes and personal property from taxation was adopted.

When the labor delegation arrived at three o'clock they found Commissioner Pott's and Russell waiting and later Commissioner Wigmore arrived and the mayor was called in. The council went into committee to receive the delegation and heard Charles Stevens, J. L. Sugrue, George G. Kierstead, Fred Hyatt and John Kemp.

On motion, the resolution passed by the working men at the night meeting and stating their position were then read as follows:

"Resolved, that this meeting request the common council to pass Commissioner Pott's resolution for exemption on incomes:

"Resolved, also, that further legislation be enacted compelling tax statements from merchants, or in event of their failing to comply with the law in this regard, compelling the assessors to make a true and more complete valuation.

"Resolved, that this meeting request the common council to prepare for enactment at the coming session of the legislature an up-to-date building law."

Commissioner Russell said he had favored the resolution when it was first introduced, but he had since changed his mind and while he would have preferred a full council meeting and the recorder's opinion, he was prepared to vote for it.

Commissioner Pott's resolution was adopted by a vote of 11 to 4. Commissioner Pott, Russell and Wigmore supported the motion.

Commissioner Pott wanted to press his motion affecting Stanley ward values but on advice of the other commissioners decided to hold it over, and the meeting adjourned.

POLICE MATTERS

St. John, N. B. Feb. 5. Editor "Times"—Will you kindly allow me the privilege of space in your paper to bring out a few facts in connection with the recent dismissal of Sgt. Finley, of the West Side?

First of all let me say that the matter is one of personal spite, and spite only, on the part of Commissioner McLellan and well he knows it, for, as a matter of fact, previous to a certain event in favor of Chief Clark, he had complimented Sgt. Finley upon his being one of the best men on the force, and had mentioned to a prominent West Side clergyman, that he regarded him as an excellent man.

In regard to the event in favor of the ex-chief, this was where the trouble started. Shortly following the first investigation, the commissioner approached Sgt. Finley and requested him to report to him daily instead of to the chief, which proposition was promptly rejected, on the grounds that he (Sgt. Finley) could take his orders through the chief only, as a matter of duty and fair play.

Mr. McLellan's opinion was again ruffled when, at a later investigation, his heated remark about "the local government" was brought out in answer to a forced question.

Up to the present there has been no good reason given by Mr. McLellan why Sgt. Finley was dismissed, the chief himself does not know, and the delegation of citizens could get no satisfaction whatever. Spite only was back of it.

In the last issue of the Times the commissioner is quoted as saying that he doubted the veracity of Sgt. Finley. The best answer to this is to look over the sergeant's record of reliability, his firm stand for fairness at all times, his attention to duty and his clean, unimpaired life.

Mr. McLellan states that the citizen's "must remember that there must be a definite cause made against him before he could be recalled," yet he insists on discharging an officer without cause. This is anything but a square deal. In his passionate moments Mr. McLellan makes the assertion that he and he alone is running the police department. I beg to differ. Is it not the people, the voting public who have all to say in this matter? He fails to get down to the source of power.

The present upheaval in police matters appears to be a result of the old feud between the commissioner and the ex-chief, for the interested spectator will see that those who worked for McLellan against Chief Clark, the police investigations are now being promoted to high rank, "in the interests of the people."

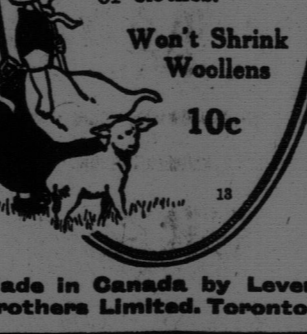

There is reason in all things. Let the people reason the facts out for themselves, and the writer has no doubt as to the result.

Thanking you, Mr. Editor, I am Sincerely yours, A. G. PLUMMER.

"PERILS OF PAULINE" SCORED A SUCCESS

First Chapters Yesterday—Gem Theatre—Next Week's List—Famous Pathe Weekly

The first showing of the Gem's great new serial "The Perils of Pauline" scored an instant success yesterday. Most favorable comment was excited, and the pictures easily surpassed even the most optimistic expectations held regarding them. This picture will be given again to-night and another chapter will be shown on Friday and Saturday of next week.

A fine list of pictures has been secured for the week, and among other things the announcement that the Gem has secured the famous Pathe Weekly, in current news features, particularly scenes from the war-front, has created much interest. It will be shown on Monday and Tuesday next, and each week thereafter.

Besides this for the opening show there is a stirring two-part battlefield romance, "The Red Scar of Courage," besides a comedy of rare merit.

Great Curator and Francis Ford will be the stars in the Wednesday-Thursday show, in special three-part production of "My Lady Raffles," entitled "The Return of the Twins Double." The week will close with "The Perils of Pauline," on Saturday.

DISFIGURING ECZEMA DUE TO BAD BLOOD

Can Only Be Cured Through the Rich Blood Dr. Williams' Pink Pills Actually Makes

You cannot cure eczema or remove disfiguring pimples by the use of ointments, washes or salves applied outwardly. The trouble is due to impure blood, and can only be cured through the blood. That is the reason why Dr. Williams' Pink Pills cure eczema and other forms of skin diseases. They act directly on the blood—make it rich, red and pure, and thus enable the system to expel the impurities that have broken out through the skin, disfiguring the face and other portions of the body and causing great humiliation to the sufferer.

Mr. A. McArthur, Byrnes, Sask. says: "I can most strongly recommend Dr. Williams' Pink Pills as a cure for eczema, as they restored my little boy after doctors and other medicines failed. His head and face was covered with scabrous sores, which itched so badly that he frequently had to be held to prevent him from scratching himself. We tried salves and outward washes given by the doctor, but they did not do him a particle of good. After consulting my husband we decided to give him Dr. Williams' Pink Pills. It was not long before we found we had the right medicine, and in the course of a month or so every sore had disappeared and his skin was as smooth and healthy as anyone's."

These great blood-building pills can be procured through any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

The white population of the whole British Empire is less than that of Germany, with its 65 millions. Here are the figures—United Kingdom, 46 millions; Canada, 7; Australia, 5; United States, Africa, 1-2; New Zealand, 1; India and sundry small possessions, 1—total 69 1-2 millions.

Cured Fifteen Years Ago of Piles and Eczema

By Using Dr. Chase's Ointment—Certifies That the Cure Was Permanent.

Some people have tried so many doctors and so many treatments in their search for cure for piles and eczema that they find it difficult to believe there is an actual cure.

The strong point about Dr. Chase's Ointment is that it not only brings relief, but brings about actual and lasting cure.

In 1897 Mr. R. E. Ketcheson, 88 Dufferin Street, Toronto, Ont., writes as follows:—"I was troubled for thirty years with itching piles and eczema. I could not sleep at night, and when I got warm the itching was terrible. Eczema covered my legs down to the knees, perfectly raw. I have tried

every preparation I could hear of. Seeing Dr. Chase's Ointment advertised, I procured a box, and this Ointment effected a complete cure."

On Sept. 21, 1913, Mr. Ketcheson writes as follows:—"I received a letter from you to-day, saying that you found on file a statement made by me 15 years ago. I have always given Dr. Chase's Ointment the credit of having cured me, and shall tell you how I came to use it. I had suffered for many years from eczema and piles, and had tried doctors and everything I could hear of in vain. Reading about Dr. Chase's Ointment, I purchased it at once, and was cured in a few days. It has been 15 years ago, so there can be no doubt of the cure being a permanent one. I have met a great many people who have been cured by Dr. Chase's Ointment."

MEN'S FURNISHINGS DEPARTMENT.

Manchester Robertson Allison, Limited

There are two ways by which people who suffer from indigestion, dyspepsia, sour stomach, flatulency, etc. can overcome the trouble. First, as practically all cases of the above are directly or indirectly traceable to acidity and fermentation, they can eliminate from their diet all foods which ferment and form acid, such as all starches and sugar and bread, potatoes, fruits and most meats. About the only safe foods are gluten breads, spinach and small quantities of white meat of chicken or turkey. This diet is almost a starvation one, but it is sometimes quite effective. The second way, which appeals especially to those who like to eat hearty meals of good foods, is to eat whatever is reasonably digestible, neutralise the acid and stop fermentation by the use of a good anti-acid such as bisulphate of magnesia, a teaspoonful of which in a little water immediately after eating or whenever pain is felt, instantly neutralises the acid, stops the fermentation and permits the stomach to do its work without pain or hindrance. Owing to its simplicity, convenience and effectiveness this latter plan is now being adopted, instead of the old fashioned, expensive weakening brotation process. In this connection it is interesting to note that since the widespread use of bisulphate of magnesia was established, many druggists have arranged to supply it in 5 gr. tablets 2 or 3 of which are equivalent to a teaspoonful of the powder form and are much more convenient to carry.

Prince Bismarck, as once pressed by a certain official to recommend his son for a diplomatic place. "He is a very remarkable fellow," said the proud father. "He speaks several languages." "Indeed!" said Bismarck, who did not hold a very high opinion of linguistic acquirements, "what a wonderful head water he would make!"

CATARRH REAL ESTATE REAL ESTATE REAL ESTATE

TRUTH TOLD IN A SIMPLE WAY

No Apparatus, Inhalers, Salves, Lotions, Harmful Drugs, Smoke or Electricity Heals Day and Night

Nothing of that kind at all. Something new and different, something delightful and healthful, something instantly successful. You do not have to wait, and linger and pay out a lot of money. You can stop it overnight—and I will gladly tell you how—FREE. I am not a doctor and this is not a so-called doctor's prescription—but I am cured and my friends are cured, and you can be cured. Your suffering will stop at once like magic.

I Am Free—You Can Be Free

My catarrh was filthy and loathsome. It made me ill. It dulled my mind. It undermined my health and was weakening my will. The hacking, coughing, spitting made me obnoxious to all, and my foul breath and disgusting habits made even my loved ones avoid me secretly. My delight in life was dulled and my faculties impaired. I knew that in time it would bring me to an untimely grave, because every moment of the day and night it was slowly yet surely sapping my vitality.

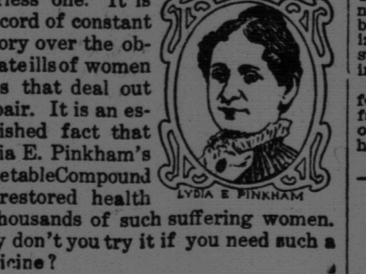

RISK JUST ONE CENT

Send no money! Just your name and address on a postal card. Say: "Dear Sam Katz: Please tell me how you cured your catarrh and why I can cure mine." That's all you need to say. I will understand, and I will write to you with complete information. FREE, at once. Do not delay. Send postal card or write me a letter today. Don't think of turning this page until you have asked for this wonderful treatment that can do for you what it has done for me.

WOMAN IN TERRIBLE STATE

Findings Help in Lydia E. Pinkham's Vegetable Compound

Cape Wolf, Canada—"Last March I was a complete wreck. I had given up all hope of getting better or living any length of time, as I was such a sufferer from female troubles. But I took Lydia E. Pinkham's Vegetable Compound, and today I am in good health and have a pair of twin boys two months old and growing finely. I surprised doctors and neighbors for they all know what a wreck I was.

To Help Nature Shed a Bad Complexion

Beauty devotees are enthusiastic over the beautifying qualities of mercurized wax. Perhaps nothing discovered within recent years accomplishes so much, so quickly, without harm, without detaining one indoors, and at such small expense, the principal reason for its wonderful merit is that it works in harmony with physiological laws. Instead of hiding, or "cutting" complexion defects, it removes them. The wax actually takes off the aged, faded, yellow or blotchy cuticle, gently, gradually, causing no inconvenience. It is Nature's way of renewing complexion, and the nature process is retarded because of deficient circulation or nerve tone, mercurized wax comes to the rescue and hastens the skin shedding. The new complexion which appears is a natural one, youthful, healthy, exquisitely beautiful. If you've never tried mercurized wax, get an ounce of it at the drug store, use it night like cold cream, washing it off in the morning.

Another natural beautifying treatment—for wrinkled, baby skin—to bathe the face in a lotion made by dissolving an ounce of azoxide in a half pint witch hazel. This is remarkably effective.

To Charge for Bottles Those interested in the bottled water business have formed an association under the name of the Aerated Water Manufacturers' Association with Ernest McCaw as president and George F. Hains as secretary-treasurer. They have agreed to charge the retailers two cents each in advance for bottles, to be refunded when they are returned, in order to stop the leakage arising from loss of bottles.

DANDRUFF AND FALLING HAIR

Itching, Burning, Irritated Scalp. Kept Awake at Night. Used Cuticura Soap and Cuticura Ointment. Now Head is Well.

88 De Salaberry St., Quebec, Que.—"I used Cuticura Soap and Cuticura Ointment on my scalp. At first I didn't notice it, but my hair began falling out gradually and I kept getting worse. One morning I awoke and found my hair had stopped falling. I was quite surprised. I was kept awake at night by the irritation. I was out all night and I did not sleep. I then tried a sample of Cuticura Soap and Ointment, and washed my head with the soap and warm water, and applied the Ointment. After the first time my hair stopped falling. I got one case of Cuticura Soap and one box of Ointment. I continued using it for a few months and my head is now well." (Signed) Miss Myrtle Davis, June 3, 1914.

Samples Free by Mail For pamphlets and blackheads the following is a most effective and economical treatment: Gently smear the affected parts with Cuticura Ointment, on the end of the finger, but do not rub. Wash off the Cuticura Ointment in five minutes with Cuticura soap and hot water and continue bathing for some minutes. This treatment is best on rising and retiring. At other times use Cuticura Soap freely for the toilet and bath, to assist in preventing inflammation, irritation and clogging of the pores, the common cause of these distressing facial eruptions. Sold by druggists and dealers everywhere. Liberal sample of each mailed free, with 25-p. Skin Book on the treatment of the skin and scalp. Address post-card "Cuticura, Dept. D, Boston, U. S. A."

NEWS OF SASKATCHEWAN

Regina, Feb. 5.—The losses by hail on insurance carried by the Saskatchewan Hill Insurance Commission during 1914 were \$240,000 less than during the previous year. The total amount paid out by the commission at Regina during 1914 during the last year was one district approximately \$8,000 was paid in premiums and indemnities for hail losses received aggregated \$84,000.

A company of Regina business men has been organized for the purpose of developing the extensive fields of lignite coal in the southern part of Saskatchewan.

It is announced that prominent Regina financiers are interested in the organization of a meat packing plant in the city, particularly for taking care of the large quantities of hogs that have been killed partially dressed and frozen, which the farmers have not yet been able to sell. It is proposed to organize a company capitalized at \$30,000.

Professor Mawson, town planning expert, has been working for some months on a development scheme and has detailed plans providing for a general park scheme and other improvements.

The Saskatchewan Educational Association will hold its annual meeting in Regina on March 9 and 10.

YOU OWE YOUR FACE A GOOD, CLEAR SKIN

And Stuart's Calcium Wafers in a Very Short Time Will Clear Up Your Complexion Naturally.

Just in a few days one may clear the skin of all manner of blemishes such as pimples, blotches, liver spots, etc., if one will use Stuart's Calcium Wafers.

Don't use pasty lotions and creams to fill up the pores when they are working constantly with the blood to throw off the impurities of your system.

"Before I did my face of pimples I was not thought to be pretty. But all the change I made was to clean my blood and skin."

Many a face is made with beautiful contour and artificially lined, but when the skin is discolored one cannot see the beauty of the face lines. One notices only the skin blemishes.

It's because pimples and eruptions come from the inside—from impure blood—and you can't cure them by rubbing stuff on the outside of the face. Purify the blood and the blemishes will disappear.

Stuart's Calcium Wafers will often clear the complexion in a few days' time. That's the wonderful part of it—they act right off—in a hurry. That's because they're made of just the ingredients needed to drive all poisons and impurities from the blood.

William Farnum, whose picture is "Virginia" appears on this week's cover of "The Mirror," possesses the unusual distinction of having achieved the highest success in two widely separated forms of dramatic art.

A brief synopsis of the evidence for and against follows: Witnesses for the prosecution—Analysis, Morality, Faultfinder and Captious Critic.

Witnesses for the defense—Reason, Judgment, Purpose and Gratitude. Stock Doing Well.

The visit of the Young-Adams Co. to St. John is proving both popular and profitable. The class of production given is being appreciated by an increased following and each week sees larger houses.

IF CATARRH HAS SPOILED YOUR HEARING GET CURED TODAY BY "CATARRHOZONE". Don't Stay Deaf Any Longer Follow the Procession—Use Catarrhozone.

There is a cure for you—one that is inexpensive—pleasant to use—and sure to do its work thoroughly. Catarrhozone is no experiment for deafness.

Thousands before you have cleared Catarrh out of their heads by the use of Catarrhozone and have thereby been cured of deafness.

No batteries or miniature telephones to bother you—no internal medicine to take—you have simply to follow special directions for the Catarrhozone Inhaler.

Do this and you'll find a wonderful improvement in short order. Any druggist can supply you Catarrhozone, or you can for \$1 secure it post paid under plain wrapper from the Catarrhozone Co., Kingston, Canada.

SKETCH OF WM. FARNUM

Robert Mantell in New York—Cavin Harris in Stock—The Local Players—Various Stage "Bits"

Among the attractions seeking time in St. John for early spring is "The De-Koven Opera Co."

Madame Ernestine Schumann-Heink, the contralto, who sang in St. John some years ago, arrives this week at her home in Grossmont, near San Diego.

Bruce MacRae, a former St. John player with Harkins, is in the cast of "The Shadow," a play in three acts by Dario Nicodemi and Michael Morton.

Of an actor who played here some fifteen years ago with W. S. Harkins, the New York Mirror says: "William Farnum, whose picture is 'Virginia' appears on this week's cover of 'The Mirror,' possesses the unusual distinction of having achieved the highest success in two widely separated forms of dramatic art."

Zam-Buk Cured Her

Mrs. John Peterson, Watwood, Man., writes:—"Some time ago I scraped the skin off my face. Not thinking it serious, I merely washed the wounds and applied an ointment. I had on hand at the time. However, instead of getting better, my fingers got worse."

"I purchased a box and began using it. The first few applications eased the pain and I noticed a decided improvement. Every day my fingers got better and all skin diseases and injuries, and eventually a complete cure resulted."

Accidents are always happening. It may be a pin scratch, cut, or burn, but do not forget that whenever the skin is broken there is danger of blood poisoning or other complications. It ends the pain, stops bleeding, and heals.

Zam-Buk is a cure for cuts, burns, bruises, chapped hands, cold sores, piles, eczema, ulcers, and all skin diseases and injuries. All druggists and stores, 50 cents box, or postpaid from Zam-Buk Co., Toronto.

NOVA SCOTIA GIRL WOULD WED ACTOR

Writes Eleanor Woodruff Asking Aid to Get Cowboy Actor

NOTES OF THE MOVIES

Those Who Play Screen Dramas, Some of Their Experiences—Mary Pickford in West—General Film News

The following from a New York dramatic exchange having a certain local tinge, should be of interest—Eleanor Woodruff, who has just joined the Vitagraph Stock Company to play leads, has a chance for some moving picture actor or study cowboy to become a kind and loving husband. Just before leaving for Texas with the Vitagraph Company to produce several pictures with scenes laid

around Fort Clark, she received a letter from a lady in Nova Scotia, asking her if she could recommend some unmarried screen actor who was respectable, honest and kind as a husband.

"I am lonesome," continues the letter. "and want a partner. I am a respectable lady and hard working girl. I am twenty-seven years of age, have reddish-brown hair, grey blue eyes and weigh 140 pounds. I will be so thankful to you if you can find one for me. I am writing you because I saw you in a picture last night and you looked so kind and good. I thought you might help me." P. S.—I just read in the Halifax paper you are going to Texas. If you can't get me a moving picture actor, a Texas cowboy will do, as I dearly love to ride the broad plains. Miss Woodruff has posted the letter on the bulletin board at the Vitagraph studios and is awaiting developments.

In "Suspicious Characters" an Edison comedy, there is a whirlwind finish in which every one finds a pie coming his way. One came so fast that William Beachell did not get time to close his eyes and the spice in the pie so inflamed that organ that he was laid up for two days.

Miss Dumar is the latest actress to be selected by the Edison Company for steller honors in their stock company. Miss Dumar's rise in one of the most interesting stories in the picture field. Less than a year ago, when she was still in her teens she came to New York to make her name, and fortune. Without friends, and soon without money, she, by some chance applied at the Vitagraph studio for employment. The director gave her a chance, and she soon was gaining considerable experience at the Bellanca and Famous Players studios

PURITY—QUALITY—FLAVOR BAKER'S COCOA Possesses All Three

It is absolutely pure, conforming to all Pure Food Laws. It is of high quality, being made from choice cocoa beans, skillfully blended. Its flavor is delicious, because it is made without the use of chemicals, by a strictly mechanical process that perfectly preserves the appetizing NATURAL flavor of high-class cocoa beans.

MADE IN CANADA BY WALTER BAKER & CO. Limited MONTREAL, CANADA ESTABLISHED 1780 DORCHESTER, MASS.

Miss Dumar had been with the Edison Company only two months when she carried her place in stock. May Allison, a charming legitimate actress who has been seen in "Everywoman," "The Quaker Girl," "Miss Caprice," "Tole," and "Apartment 12K" will play the second lead with Edith Wynne Mathison in the Lesky-Belasco production of "The Governor's Lady." She has signed a long-term contract with the Lesky Company.

Harold Lockwood, juvenile lead of the Famous Players Film Company, has gone to their Pacific-Coast studios, where he will join Mary Pickford, who preceded him to the western organization, where she will remain indefinitely. Lockwood will support Mary Pickford in the series of subjects, selected for western production the first of which will be "Audrey" by Mary Johnston.

George Plympton special director for the Vitagraph Company in the production of a film depicting the New York Fire Department to be shown at the Panama Pacific Exposition, has had some very exciting experiences with the last two weeks. On Friday and Saturday evenings last he and his camera man Arthur Quinn were accorded the privilege of sleeping in the fire house, 88 Great Jones Street, New York city, awaiting the first alarm of fire, so as to take the whole performance of the company in going to the fire and battling with the flames. Sunday scenes were taken in City Hall Park giving a clear view of the throwing of the water from the water-tower over the skyscrapers in that vicinity.

The latest addition to the equipment of Queen's University, Belfast, is a set of girl students, provided by the Misses Riddell, Beaumont, who have generously given £20,000 for this purpose.

UNSTRUNG, UNSTEADY SHAKY NERVES MAY BE TONED UP BY USING MILBURN'S HEART and NERVE PILLS.

Mrs. John Harper, Toronto, Ont., writes: "I have used Milburn's Heart and Nerve Pills for the heart and nervous system. I was confined to a grocery store for twelve years, and had to give up business, as I became terribly run down and nervous, and had heart trouble, and I am sure I am gaining very fast now. I feel that nothing did me any good until I tried your Heart and Nerve Pills, and I am positive they will cure me. The nerves of one hand would tremble and then seem to go numb so that I could not write or sew. Now my hand is quite steady, as you can see by my handwriting. This is a big change which delights me so much for I thought all was done that could be done. I was about to give up in despair when I tried this last remedy, and even after I had only taken half a box the change started to come."

was playing point for St. Stephen, got the puck and ran it into home territory. It was then up and down the ice for several minutes before any attempts were made to shoot.

J. Lowe netted the first goal of the evening after seventeen minutes of play. It looked as if the first period would close 1 to 0 in favor of the visitors, but Jimmie Phillips secured the puck and after a brilliant dash up the ice scored from a difficult angle.

In the second period the home team showed superior stick handling and fast skating and netted four goals. J. Gilbert sent the first one after five minutes of play, Shatford then secured the puck and by brilliant dodging ran it up in the vicinity of the visitors' net when he passed to Brad Gilbert and the latter scored.

Brad Gilbert then gave an exhibition of stick handling and skating that so surprised the visitors that they seemed to be watching instead of attempting to check him, and he sent the puck flying into the net. Two minutes later Shatford again tallied.

Lindsay scored for the visitors, ending the period score 5 to 2. In the third period the home team indulged in some goal practice and after shooting five goals gradually disappeared from the ice. At the concluding few minutes of play only three players and the goal keeper remained to thwart the boys from the border town. The line-up was:—

St. John. Goal. St. Stephen. Fitzgerald. Middlemas. T. Gilbert. Point. J. Lowe. Philips. Centre. Lindsay. Shatford. Right Wing. Wry. J. Gilbert. Left Wing. Barter. B. Gilbert. Reserves. G. Lowe. L. McGowan. Walker. Hanson. Ryan. Referee—Mr. White and K. Halsey.

After the Game The game was an exhibition of slashing, tripping and illegal checking, and as a result the penalty box always contained one or more players.

The visitors were away off when it came to controlling the puck; they had numerous opportunities to score but lost owing to poor stick handling and wild passing.

Tom Gilbert, despite a badly sprained hand, played a stellar game. His individual rushes were a feature and although surrounded by his opponents so that he could not pass the puck he tore right through them and made several fine attempts to score. If his hand was not injured he could be playing at his regular position on the wing, and it is safe to say that he stands alone when it comes to covering that section.

Jimmie Philips gave a great exhibition of stick handling, and is showing some of his old time form. Brad Gilbert is expected to do big things and he generally succeeds. The three Gilbert brothers are excellent skaters. Although they are frequently knocked down or tripped it is wonderful how they always seem to be getting up although sliding along the ice. It is a difficult thing to regain one's feet after being knocked down.

Shatford as usual put up a good game and was a large factor in the victory. McGowan played well on the wing and kept his opponents on the go trying to prevent him from scoring.

The St. John team is playing much better hockey and beginning to realize that the passing game is the only game. Although the forwards have more opportunities to score, the men on the defence should remember that scoring goals alone does not win a game. If it had not been for the brilliant work of the cover-point, point and goal keeper last night the result might have been different.

FAIRVILLE NEWS
 No Vacant Houses—The Beard o Trade—Social and General Matters

In spite of war and talk of hard times, there are very few empty houses in Fairville, and many applicants desiring to move over this May from the city will have to remain where they are, judging by the demand on Feb. 7. One landlord with an empty flat to rent reports nine applications at the first of the month, and others call attention to the fact that the demand is greater than the supply.
 This would seem a pretty sure indication that a row of moderate-priced houses to rent would prove a good investment over this way. Generally speaking rents are not being raised this year, except in cases where improvements have been added, entailing considerable expense.
 The meeting of Lancaster Board of Trade again went by default this week, owing to lack of a quorum. Next month the annual meeting should be held, with the election of officers, an important item of business.
 The Board of Trade presents the only medium through which citizens can express their views and direct the attention of the authorities and the townsmen, as well to bettering conditions of the whole community. If the night of meeting has to be changed to insure attendance, that is a small matter, but it would be a great pity to let such an organization die of neglect when its record indicates some really active service in the public interests.

From the published list of the citizens' committee, who will manage the Belgian Relief concert, the name of J. J. Hennessey was omitted through error. Last evening the pupils of Principal Talbot's room, at the school, in the public school, held a sleigh drive, which was greatly enjoyed by the young folks and the few seniors. The sleigh was driven about 7:30, and after an extended drive through the city and the Marsh road, return was made to the school building, where refreshments were served.
 On Thursday evening friends of Miss Mary Lynch, of Main street, called at her home with the necessary commodes for a novelty show, as Miss Lynch is to be one of the principals in a happy event next week. Though taken completely by surprise, the hostess adapted herself to the situation and a very pleasant evening was spent with games and other diversions. Refreshments were served, and the gathering broke up extending best wishes to all concerned.
 Members of Willis, L. O. L., No. 70, in Orange Hall, Fairville, enjoyed a good programme was given. H. P. Allingham presided. The Sons of England Band gave several selections, and others who took part were P. Stymest, who gave vocal selections and also harmonica numbers; E. Brittain, readings; Mr. Starkey, readings; Geo. Hetherington, solo; and the band playing "God Save the King," the gathering dispersed.

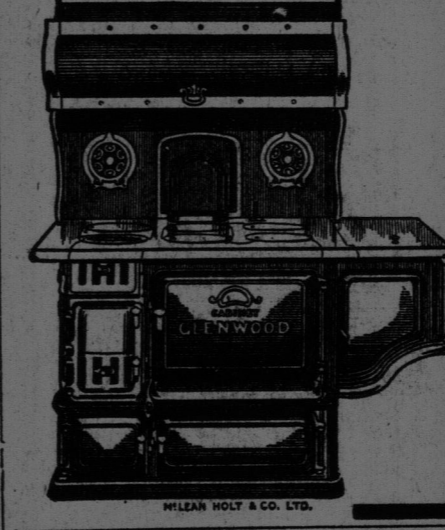

POLICE COURT.
 George McAuley and Albert Dagle, arrested by Special Patrolman McBride last night for fighting in King street, were fined \$20 or two months in jail by Magistrate Ritchie in the police court this morning. Dagle had a suspended sentence of two months for drunkenness against him and this he will also be forced to serve.
 Two men arrested on drunkenness charges were fined \$8 or two months in jail.
 A soldier who was arrested on a drunkenness charge was remanded and will be handed over to the military authorities.

DIED TODAY.
 After an illness of about five weeks, Nicholas J. Kelly died today. He is survived by his wife and two young children. He was about thirty-seven years of age, and for some time kept a store in Fairville. The sympathy of many friends will be extended to his family in their bereavement. Also surviving are three brothers, Michael, John and William of Fairville; and two sisters, Mrs. F. X. Morris of Milford and Mrs. James Leonard of Bridge street. The funeral will be held on Tuesday at St. Peter's church.

CARDS TOURNAMENT.
 In the C. M. B. A. cards tournament last evening in the rooms of Branch 184, Union street, play was continued in forty-fives and cribbage. In the former Branch 183 made 188 points, 184 made 181, 184 made 124, and 482 made 119. In cribbage Branch 183 made 102, and Branch 184 made 90. The Carleton branch is leading in both contests with Branch 184 in second place.

The Mission Style Glenwood!
 No fussy ornamentation or fancy nickel—just the smooth, plain castings; every essential refined and improved upon.
 The Broad Square Oven with perfectly straight sides is very roomy.
 The Sectional Top prevents warping, and is so planned that by changing the cross-stripped castings that hold the range, a wash boiler may be placed at the back of the range, leaving the front holes free for cooking.
 The Divided Oven Bottom, Removable Grates, Damper, Oven Clean-out, are each worthy of special mention.
 See the GLENWOOD Line before purchasing, or write for our GLENWOOD Circular.

THEIR FATE MUST SOON BE DECIDED
Matter of Keeping up Playground Work, Boys' and Girls' Club and Travelers' Aid—A Recent Case in Which Girl Was Saved
 Whether there are to be any supervised playgrounds in St. John next summer and whether the excellent work of the Boys' Club and of the Girls' Club and Travelers' Aid is to be entirely discontinued is a question that must be decided within the next two weeks, and it was the subject of a long and earnest discussion by the executive of the Playgrounds Association last evening.
 After the reports of Superintendent Heard, Miss Pitt, Miss Harty, and Miss Heffer, showing a very successful month's work in the boys' and girls' clubs and at the halfway depot, the subject of the financial question was considered from every standpoint. Having the assurance of a larger grant than that of last year, the association had opened up new lines of work and incurred obligations which are now staring it in the face, without considering at all the question of continuing its work. A committee was appointed to arrange for an appeal to the citizens and will report at a meeting to be held next week.
 Those present at last night's meeting were W. B. Tennant, in the chair, Mrs. H. A. McCown, Mrs. C. McN. Steves, Miss Goodwin, Mrs. George L. Wetmore, Mrs. J. H. Doody, Mrs. J. F. Doody, Mrs. A. E. Prince, Mrs. George Disher, Mrs. W. E. MacIntyre, Walter J. Adams, Constable Potts, Hon. E. J. Ritchie, M. E. Agar, George R. Ewing, E. B. Jones, R. J. Walsh, A. M. Belding and Superintendent Howard.
 A single illustration of the value of the Travelers' Aid which is the least expensive of any of the activities of the association, may be quoted from Miss Hoyt's report submitted last evening:
 "A young girl came into the city on the C. P. from Halifax. Upon approaching her I found she had come to the city to seek employment. I asked her where she was going to stay and she named a certain hotel. As she was alone I advised her to come with me to the King's Daughters' Guild, and stated that I would help her to find employment. When we went to leave the depot a young man stepped up to her and was very determined that she should go to the hotel in question. However, I succeeded in taking her to the King's Daughters' Guild where she was well looked after, and it proved that the young man in question had made her acquaintance on the train. Later the matron found employment for her."

FOR SPRING, 1915
 Few stores there are anywhere that sell as many shirts as Oak Hall. We buy thousands from the great makers in this country and abroad—hardly a week passes that we don't receive fresh shipments.
 We are making an advance showing of the new styles for Spring, 1915, and special attention is directed to our One Dollar Shirts, which for value have become famous with us. They are in Madras, Cheviot and Percale in the new colorings and patterns, in coat and regulation style, cuffs attached and detached. Other good values including "Arrow" Shirts, \$1.25 to \$2.00.
NEW SPRING NECKWEAR
 Have you mastered the science of choosing Neckwear. One's tastefulness in this seemingly small matter often determines whether one will look positively stunning or just fairly well, for the appearance of a whole suit can be changed by simply putting on the right thing in Neckwear. The first shipment of the new things for Spring has just arrived, and includes new novelties in Floral designs, 3-leopard Plaids, Regimental Stripes, Foulard Spots, Palm Beach, Black and White effects and plain colors, 50 cents.

WHAT A KNECHTEL KITCHEN CABINET DOES
 It encourages the practice of Domestic Science.
 It saves, daily, hours of time to any housekeeper.
 It saves miles of walking around a hot kitchen.
 It means relief from kitchen drudgery.
 It makes an orderly, tidy kitchen.
 It makes housekeeping a joy.
 Lastly, it is an investment (not an expense) because it daily pays its dividends, in the energy, strength and time it saves.
 This cabinet must be seen to be appreciated, so we call attention to our window display, and invite you to come in and examine the various patterns carefully.
 One exactly as illustrated, containing a number of features exclusive with this make, and with interior finished in White Enamel, sells at **\$40 Cash.**
 Other Patterns at Various Prices. And Remember THEY ARE MADE IN CANADA.
