Sentiment in Convention Swings Towards Fielding

Chances in His Favor Unless Quebec Solidly Opposes Him; Resolution of Senator Dandurand re Imperial Federation Engages Attention of Morning Session of Convention.

Ottawa, Ont., Aug. 6.—Sentiment has again swung around in regard to the choice of a leader for the Liberal party, which is still the dominant note of the convention. Yesterday Mr. Fielding seemed to be definitely out of the running, but the most influential elements of the convention are so strongly behind him that it now looks as though the decision were largely in his own hands. There is no other candidate named who has strong support in every province, for even in Quebec, where the greatest opposition to him developed, the most influential forces, including Sir Lomer Gouin, are supporting him, but Mr. Fielding himself does not desire to accept the office unless he can be assured that he has a solid sentiment behind him.

It will be a hard fight for whoever is chosen, and Mr. Fielding will certainly accept the position unless Quebec swings right about face and lines up solidly behind him. Today there seems a probability that they may be brought to do this; but, if not, then the choice seems to be between McKensie and Graham, with the probabilities in favor of the former.

This morning much time was taken up with the discussion of a resolution introduced by Senator Dandurand, which was vehemently supported by Mr. Lemieux and others, deprecating any attempt to force the issue of imperial federation in any form unless first submitted to the people of Canada.

(Canadian Press.) Resolutions. Ottawa, Aug. 6.—Consideration of resolutions was the business taken up when the national Liberal convention resumed work this morning. The first resolution to be presented was one moved by Senator Dandurand and seconded by M. A. MacDonald, of Vancouver.

It dealt with the question of imperial relations, declaring that no organic change in the relations of the dominion to the empire should become effective until ratified by a vote of the Canadian people.

Sentiment Dandurand said a discussion was proceeding in London in regard to the remodeling of the British constitution. Devolution was now before the British public. The giving of local parliaments to Scotland, Wales, England and Ireland was now a matured question which had been accepted. Any action which by the British parliament would have its natural effect on the Canadian commonsense because devolution was a preparatory step to the formation of an imperial parliament to which Canada would send its representatives.

Appointing of power between the legislatures of the different dominions and the imperial parliament was threatening Canadian jurisdiction over certain matters and was one of the most important questions now looming up.

Mr. MacDonald, in seconding, said the resolution seemed to voice a feeling of apprehension that in Canada the doctrine of imperial federation was being expressed in the name of the people. That doctrine might be summed up in the words "imperial unity and local autonomy." Liberals believed in the British connection. They also believed that the strongest tie to link up Canada with the empire was the fullest measure of local autonomy to the self-governing dominions. (Applause.)

The move for devolution was to the right direction. But when applied to the great galaxy of free dominions, any attempt to work out a feasible scheme of imperial federation was impracticable if the terming millions of India were taken into consideration.

An amendment to the resolution was moved by W. D. Gregory, of Toronto. Liberal candidates and seconded by John Boyd, of Montreal. The amendment aimed to extend the resolution and bring the convention on record as being put strongly opposed to any attempt to centralize imperial control.

Mr. Gregory argued that the resolution did not go far enough. The people were entitled to some leadership from the convention. It should be stated as the opinion of the convention that the movement to centralize imperial control was highly dangerous. There was nothing in the resolution which would do so much to promote disorder among the different parts of the empire as the centralizing movement now in progress.

Mr. Boyd said that the resolution, as did not protest against the insidious campaign now being waged not only in Canada, but by ultra-imperialists on the other side—a campaign which would strike at the very foundations of the confederation pact. There should be a most emphatic protest against the insidious schemes now being hatched in London.

After Senator Dandurand had explained that he was not opposed to the amendment, but that it had been sound by the decision of the resolutions committee, Mr. Lemieux asserted that there "is an insidious movement on foot to destroy Canadian autonomy."

The motion as amended and carried follows:— "Resolved that we are strongly opposed to any attempts to neutralize imperial control and are of the opinion that no organic change in the Canadian constitution in regard to the relation of Canada to the empire ought to come into effect until after being passed by parliament and after it has been ratified by the people of Canada." SENSATIONAL REPORT IN LONDON TIMES RE STRIKES

London, Aug. 6.—This afternoon's London newspapers make a feature of a statement printed in the Times this morning to the effect that it was understood the British authorities were convinced that the present strikes were part of a conspiracy organized through to subvert Great Britain's system of government. The statement added that the government believed that if the police strike had succeeded it would have been the signal for "direct action" on a vast scale.

PRISON TERMS FOR FLAGRANT PROFITEERING

British Food Controller Would Also Cancel Licenses

Gives Evidence Before Commons And Sets Forth His Conclusions—For Control of Food Prices Always

London, Aug. 6.—George H. Roberts, food controller, testifying at a sitting of the House of Commons as a select committee to inquire into the high cost of living and profiteering, said his department has had difficulty in definitely defining cases of alleged profiteering. Mr. Roberts said he had reached the following conclusions:— First—That there should be an effective control of food prices always and of supplies and their distribution at all stages. Second—that the same method could be applied to other articles such as shoes and household utensils, if they could be standardized. Third—That the costing department (which fixes prices), could do for other articles what it does for food. Fourth—That a single department should be responsible for publishing facts regarding the cost of living here and in other countries. Fifth—That with a reduction in working hours and without an increase in output a further increase in prices, seemingly inevitable, would be avoided.

Mr. Roberts said that 94 per cent of the food in England was subject to maximum control prices. Part of the balance, he added, was more costly, but a part was lower in price since control had been lifted.

The food minister said that unfortunately much of England's food had come from America, because other sources had been shut off, and that in America the exchange rate had worked hardships.

Mr. Roberts said the ministry was unable to do anything regarding an alleged American meat combine. He suggested that this situation called for international action. The board of trade, Mr. Roberts said, had proposed a law which might be done to protect the country against high meat prices.

In case of flagrant profiteering, Mr. Roberts said, the usual sentences of imprisonment and the permanent withdrawal of the licenses of guilty persons. London, Aug. 6.—The House of Commons, sitting as a select committee, to inquire into the high cost of living and profiteering, today took up the report of the select committee, which was presented to the House of Commons, sitting as a select committee, to inquire into the high cost of living and profiteering.

He said this central authority, according to the government's plan, would be associated with local authorities. New powers would be asked for in connection with the project and an increase in penalties for violations put into effect.

ALMOST CLOUDBURST Nearly \$2,000,000 Damage in Rain and Electrical Storm in North Ohio

Cleveland, Aug. 6.—Damage estimated at nearly \$2,000,000 to crops and property resulted from rain and electrical storms which almost reached cloudburst proportions that swept northern Ohio late yesterday and last night. Small streams reached the 1914 flood mark and railroad, street car, telegraph and telephone service was crippled.

Cleveland, Aug. 6.—Four persons are known to be dead and probably six seriously wounded, and 200 families were driven from their homes by the storm in northern Ohio. Three of the deaths occurred in Youngstown, where two persons were killed instantly by lightning and another electrocuted by coming into contact with a live wire. At Bellevue a boy was drowned when he was drawn into a sinkhole while bathing in a flooded street. At Tyin more than 200 houses and the Rock Creek Basin were flooded, and abandoned.

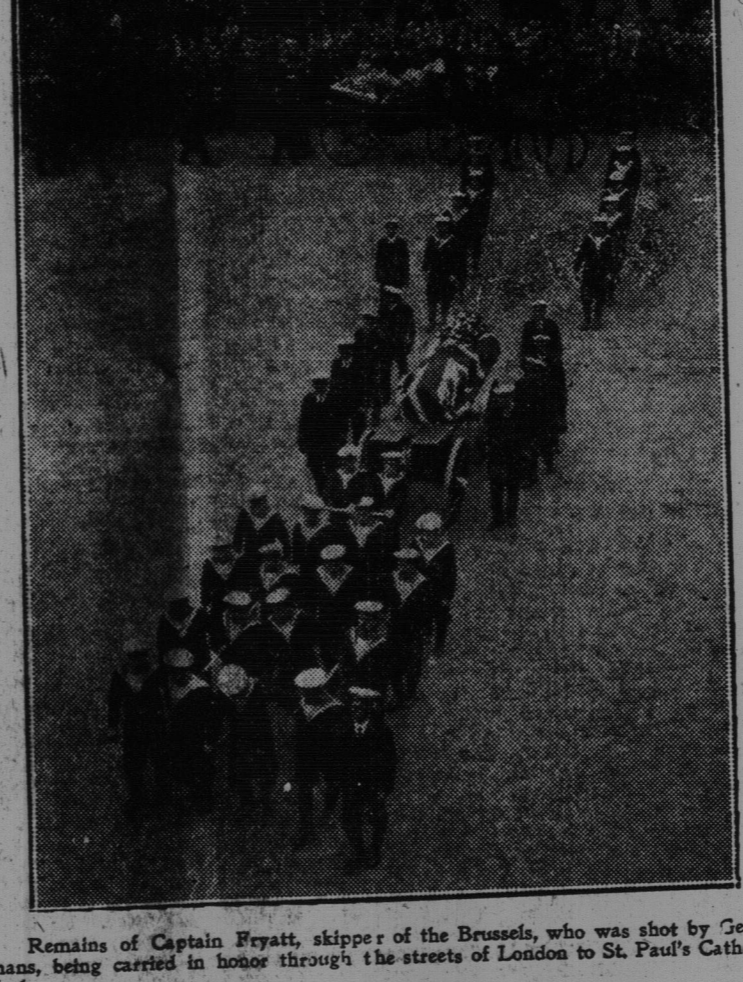

HARBELL-DOYLE The wedding of Miss Florence Doyle, daughter of Mrs. Mary Doyle of Elgin, county, N. B., was solemnized in the cathedral this morning. Rev. Father Moore officiated. They left on the early train for their future home in Elgin.

Honors Coming To Leaders In War

Earldom For Haig And Beatty; Allanby a Vice-count—Vice Admiral Sturdee Among Those Recommended For Grant of Ten Thousand Pounds

London, Aug. 6.—Field Marshal Sir Douglas Haig and Admiral Sir David Beatty will be created earls in recognition of their war services. General Sir Herbert Plumer, Sir Henry Rawlinson, Sir Julian Byng and General Sir Henry H. Horne will be given baronetcies.

Payment of large sums in grants to many of Great Britain's land and sea heroes was recommended by King George to the House of Commons today. The recommendations, made in accordance with time-honored custom, were as follows:

To Field Marshal Sir Douglas Haig and Admiral Sir David Beatty, £100,000. To Field Marshal Viscount French, £50,000. To General Sir John Dill, £25,000. To General Sir E. P. H. Allenby, the conqueror of Palestine, £50,000.

Thirty thousand pounds each were recommended for Lieut-General Sir Herbert Plumer, General Sir Henry Rawlinson, General Sir Julian Byng and General Sir Henry Horne.

Lieut-Colonel Sir Maurice Hankey was recommended for a grant of £25,000. Major-General Sir Henry Hughes Wilson, General Sir William R. Robertson, Lieut-General Sir William Riddell Birdwood and Major-General Sir Hugh M. Trenchard were recommended for grants of £10,000 each.

HARD TO GET TO CONEY ISL. TODAY

Service on Brooklyn Rapid Transit System Demoralized by Strike

New York, Aug. 6.—Service on the subway, elevated and trolley lines of the Brooklyn Rapid Transit system was demoralized at the rush hour early today by the strike of part of the company's 18,000 employees. The walkout set for five o'clock, did not assume serious proportions until 8 a. m. when thousands of commuters on their way to work in New York from various boroughs across the river, waited in vain for cars.

The East River bridges were soon filled with processions of automobiles, motor trucks and other vehicles pressed into service to carry the throngs to Manhattan. Congestion in the subway trains, which were operated on a limited schedule, was most marked. Trains on the L roads ran desultorily and the surface cars gave only partial service owing to the activity of the pickets. Non-union operators began putting their cars into the barns at 7:30 a. m., saying they were afraid to run the cars because of the threatening attitude of the strikers. Coney Island practically was isolated so far as L trains were concerned, few of the trains reaching there. No tickets were sold and guards were stationed to keep the people out at the beach resort depot. The unions are demanding recognition, a 75 cents an hour wage scale, an eight-hour day, and reinstatement of certain employees who, they say, were discharged for union activity.

Ultimatum To Hungarians

Demands of Roumanians Greater Than Those in Armistice Terms—May Mean Upset of Government

Paris, Aug. 6.—The Roumanians have served an ultimatum on the Hungarian government, according to messages reaching the peace conference. The ultimatum, it is stated, makes demands far in excess of the armistice terms and gives the Hungarians until 5 p. m. today to comply with them.

It is greatly feared in conference circles that the Roumanian action will result in the overthrow of the Hungarian government. French circles state that the Roumanian army is not under the command of Marshal Foch, the Allied commander-in-chief, the Roumanian generals refusing to accept orders from the French.

In their ultimatum the Roumanians demand the reduction of the Hungarian army to 15,000 men and the surrender of fifty per cent of the harvest, animals and farm machinery and fifty per cent of the railway supplies. The ultimatum also demands a large proportion of the Danube shipping and equipment and supplies for an army of 300,000 men, together with rations for the Roumanian forces pending a peace settlement.

British On Way. Basle, Aug. 6.—(Havas)—Czechoslovak and British troops are on their way to Budapest for the purpose of participating in the occupation of the city. The Roumanians, according to a despatch from the Hungarian capital, French troops will also take part in the occupation of the city. Ferdinand With Army? Paris, Aug. 5.—The Intransigence's general correspondent says that according to a Bucharest despatch, King Ferdinand of Roumania is with his army in Hungary. Cannot Send the Troops? Paris, Aug. 6.—(By the Associated Press)—The new Hungarian government, through Lieut.-Colonel Romanel, chief of the Italian mission in Budapest, has sent Premier Clemenceau a communication saying it is willing to observe the terms of an armistice and send a regiment to Budapest. It is impossible for the Allies to comply with this request, as the troops are not available.

SEES MARKED IMPROVEMENT IN PROVINCE ROADS

W. A. Simonds, Who Travels a Lot by Auto, Speaks of Better Conditions

In spite of unfair criticism directed against the department of public works of the province and against the minister, Hon. F. J. Veniot, people who have been traveling the New Brunswick roads recently speak highly in praise of the improvements that have been effected and the work that has been accomplished by the department during the last few years in getting the roads into shape.

W. A. Simonds of this city, who has covered a greater mileage in the province than many, said to a Times representative this morning that he and many other people who used the roads to any extent were delighted with the progress that was being made. He said that two years ago on a trip by motor car from Moncton to St. John he was in ditches three times and had to be pulled out. Last year he covered the same journey a little more than four hours and on half, while recently he made the journey in four hours and ten minutes.

He spoke highly of the opening of a road which cut out the necessity of traveling all the way around Annapolis mountain. This piece of highway which has been under construction for years, has been put in good shape and is a good level stretch, which saves the longer and more strenuous climb around the base of the mountain. The same thing applies to the Fredericton and St. Stephen routes. Steady improvement has been shown on all these roads, and work has been done and there is indication of further betterment.

There is one trouble experienced about road traveling in the province, Mr. Simonds said, and that is possibly a reason for the adverse criticism. There are too few sign posts to guide the traveler. It is thought that a great many people traverse roads between points which are not in as good condition or as short as other routes. Now that the roads are being used more than ever, he thought that the matter of road signs should be attended to more fully. Speaking of through traffic from the United States, Mr. Simonds said that few people realized the number of American cars that pass over our roads daily. On his last trip from Moncton he said that he passed at least a dozen, and in fact many of our neighbors' cars are in evidence on all roads.

SETTLE DRINK MATTER THEMSELVES SAYS THE BRITISH HOME SECRETARY

London, Aug. 6.—Answering a question in the House of Commons as to whether the government considered informing the Americans here for a prohibition campaign that "the British electors prefer to settle their domestic questions for themselves," Edward Shortt, secretary for home affairs, said: "I am disposed to agree with the suggestion that the British people should settle this matter for themselves, but as I have stated, I do not think this step will be of any military or political value. The first part of the home secretary's answer was checked.

MAY CALL UPON THE PROFITEERS TO GIVE UP SOME OF THEIR GAINS.

London, Aug. 6.—While making his statement on the profiteering question today, Sir Auckland was asked whether an attempt would be made to make the profiteers disgorge. In reply the minister of reconstruction said: "The question of retrospective action is now under consideration."

ARGENTINE OPPORTUNITIES

Trade Commissioner Webb of the Argentine Republic, writing to the board of trade from Montevideo, expresses appreciation of the attention shown him while in St. John. He was able to meet most of the manufacturers here and spent some interesting hours with them. He found them much interested in South American trade and looks for good results from his visit.

MARRIED IN BOSTON

Mr. and Mrs. John Kelly of Rockland road are in Boston, where they attended the wedding of their daughter, Miss Susan K. Kelly, on Sunday afternoon last to Theodore Deblis. A telegram announcing that the wedding had taken place has been received, but as yet no further particulars have come.

FOUNTAIN IN FERNHILL FAMILY'S MEMORIAL TO A SOLDIER SON

The Fernhill Cemetery Company directors made their annual inspection of the grounds yesterday afternoon and found the cemetery looking very well indeed. Each season marks some progressive improvement in Fernhill; this year a stride forward has been made by the erection of a marble head-stone on the line of the main avenue, and with the new section which has been developed and rapidly sold, and the additional lots which have been placed in permanent care during the year, a very considerable improvement has been made in the general appearance of the cemetery. The directors visited the chapel and tomb, as well as nearly every section of the extensive grounds; the new small plots under perpetuity care have been taken up rapidly, and a monument has already been erected thereon. On the marble head-stones have been placed at the head of each grave by the cemetery company, with the number of interment and initials of the soldier buried therein in addition to the flags and bunches of flowers.

EUROPE'S COAL

Paris, Aug. 6.—(Havas)—The coal importation committee appointed yesterday by the supreme council of the peace day to co-ordinate the production and distribution of coal in Europe, will meet on Friday or Saturday. One representative of each of the principal powers will have a place on the committee.

BRANDED STEPSON WITH HOT POKER; SHE GOES TO PRISON

Detroit, Aug. 6.—Mrs. Catherine Elwood, twenty-four years old, who pleaded guilty to branding her eight year old son, Frankie, with a red hot poker, was yesterday sentenced to serve from one to five years in prison.

The Decisions at Washington In Cost of Living Matter

Washington, D. C., Aug. 6.—Three decisions were reached yesterday by government agencies working to reduce the cost of living and to allay the country's unrest. President Wilson decided to address a message to Congress recommending additional legislation to aid in reducing the cost of living. Agencies of the department of justice were ordered to ferret out all hoarders of necessities and profiteers throughout the country. They are to be prosecuted under the Food Control Act.

Director J. H. Barnes, of the Grain Corporation, decided to maintain the government's guarantee on wheat at \$2.36 a bushel as a "reserve protection against a higher price later."

GOOD THINGS COMING TO THEATRES OF ST. JOHN "DADDY LONG LEGS" AGAIN ON THURSDAY

Imperial's Mary Pickford Masterpiece Forced Over to the Fourth Day

The wonderful success of the photoplay version of Jean Webster's charming fiction "Daddy Long Legs" at Imperial Theatre makes it necessary to continue it again Thursday. On Monday and Tuesday the theatre was not large enough to hold all who sought admission, and again this afternoon the machine is of extraordinary proportions. So it has been decided to carry the feature over a fourth day under the same hour arrangements and at the same usual prices. St. John has received this picture as none ever before and there is a very good reason for it—namely, there have been none as good as it, the Pickford brand at any rate.

SENTIMENTAL CONVENTION SWINGS TOWARD FIELDING

(Continued from page 1.) vote of the Canadian people on a referendum.

Abolish Customs

Duncan Marshall, minister of agriculture for Alberta, who was called upon for a speech, declared that he would be glad to burn every customhouse between Canada and the United States. He emphasized the necessity of encouraging increased production.

Swing Toward Fielding

Ottawa, Aug. 6.—A couple of hundred additional delegates arrived this morning to attend the Liberal convention, and more are expected in time to participate in the vote for the leadership which will take place Thursday.

There is still much speculation as to who is likely to be the successful candidate, but this morning there appears to be a swing in the direction of Hon. W. S. Fielding. This is largely due to a report that Hon. W. S. Martin, Saskatchewan premier, will definitely decline to allow his name to go before the convention.

Hon. George H. Murray, premier of Nova Scotia, is being mentioned as a probable candidate, but, on the other hand, it is generally known that Mr. Murray is favorably disposed to the candidature of Mr. Fielding.

Hon. George P. Graham, Hon. W. L. Mackenzie-King and D. D. McKenna are all still in the race with many supporters. At the present time the indications are that none of the candidates are likely to secure a majority of the votes cast on the first ballot and additional ballots will be necessary.

Additional ballots will be necessary. Montreal, Aug. 6.—The Gazette publishes the following despatch from Ottawa: A banished David of Montreal, M. L. A., for Terrence, and delegate for his county to the Liberal national convention, found himself among the Quebec delegation when he laid before them his wish that the Quebec delegation should abstain from participating in the choice of a leader. The doctor in Quebec, Ernest Lapointe, M. P., for Kamouraska and the Liberal leader of the Quebec district of the province, tore the idea to shreds and said that Mr. David was left formidably to one side, though unchanged in opinion.

Mr. David delivered a speech to his conference of Quebec, in which he carefully outlined his views. When he had finished Hon. Rodolphe Lemieux, who was chairman, merely said: "Mr. Lapointe will answer."

Mr. David's intention had become known, and preparations made to receive him. Some of his friends advised him early in the day not to persist for his own sake, but he went ahead.

EGYPT INTERESTED Dr. D. Jabour has written the St. John Board of Trade from Cairo, Egypt, advising that there has been established at the Franco-Canadian Medical Institute of Cairo, a commercial agency, one of the purposes of which is to keep in close relations with Canada. The doctor in his letter says that he lived many years in Canada, and because of the happy memories he has of that time, he has very much at heart the interests of Canada and its people.

ALL THE WAY DOWN THE LINE SAYS REPORT ON THE HIGH PRICES CHARGED FOR SHOES

Washington, Aug. 6.—The high price of shoes was declared to be due to excessive profits taken by every factor in the shoe production industry in a report by the Federal Trade Commission to congress, made public today. The speakers were charged with having begun the pyramiding of shoe prices by an unwarranted increase in the price of hides, the supply of which they were said to control. On top of this increase it was charged, the tanners have taken "exceptional profits" while the shoe manufacturers have demanded an "unusual margin," and the retailers have charged prices that are "not justifiable."

EMBARGO ON FREIGHT RESULT OF STRIKE

Chicago, Aug. 6.—Effects on traffic of the strike of Federated Railroad Shoppers, which started last Friday, were seen today in an embargo placed by several lines in the southwest on all freight shipments except carload lots of live stock and perishable goods. Accessions to the ranks of the strikers which are increasing, it was believed, would lead to additional lines to place embargoes on traffic.

Washington, Aug. 6.—Labor now demands that America become a home of industrial freedom as it has become a land of political freedom, said Warren S. Stone, grand chief of the Brotherhood of Locomotive Engineers, today in appearing before the house interstate commerce committee in support of organized labor's plans for public ownership and private operation of the railroads.

Declaring that American democracy was controlled by an autocracy in industry, Mr. Stone argued that there could be no solution and no lowering of the cost of living so long as consumers had to pay extortionate profits on their earnings in purchasing the necessities of life.

LITTLE GIRL KILLED BY AN AUTO IN SHERBROOKE Sherbrooke, Que., Aug. 6.—Five year old Imelda Lussier died this morning as a result of being run over by a street car. VETERANS' FAIR ALL NEXT WEEK

St. Andrew's Rink To Be Scene of Gayety And Mecca of Visitors To City

Arrangements are well advanced for the returned men's fair to be held next week in St. Andrew's rink, every evening except that of Soldiers' Day, when the rink will be closed in order to allow of complete participation in the enjoyment of the travelers programme. Those in charge of the affair would like the assistance of all members who are willing to help in the rink afterwards or evenings of this week in getting ready for the event. Expectations are that the fair will be one of the biggest ever held in the city. The veterans' band will be heard every evening in a select concert programme; there will be new and original games, providing much amusement, and a feature of special interest will be the "show house," in which exhibits of prime originality will be made. A staff of ladies from patriotic organizations will aid in the work of the fair, which will be opened on Monday evening next. The fair will prove a distinct attraction for all visitors to the city, especially returned men.

PULLMAN FOR HERE IN CLASH WITH A FREIGHT TRAIN AT SALISBURY

With more than twenty people on board, most of them asleep, the Pullman on the early train from Halifax, due here this morning at 6:05 o'clock, ran into a freight engine at Salisbury, and strange to say no one was hurt. Some of the passengers may have been considerably shaken by the accident but none was reported injured. The accident occurred about 3 o'clock this morning at Jones siding, near Salisbury. The freight train, which was in charge of Conductor Gibson with Driver Howard, was a particularly long one. The passenger express was in charge of Conductor Broad with brakeman Maber and Driver Anderson.

The presumption is that those in charge of the freight thought the express had all passed and made the switch just as the Pullman trucks were going over, causing the Pullman to be detached and go into the siding. The passengers were transferred to the first class cars and the train arrived about 6 o'clock.

BEAVER ON INCREASE IN NEW BRUNSWICK

Fredericton, Aug. 6.—Wardens and rangers report that beaver are becoming more numerous in all sections of New Brunswick. During the present summer beaver repeatedly have dammed the ditch beside the Fredericton and Grand Lake Railway near Maugerville to form a pond. The breaking of one of the beaver dams caused the water to rise to the same level as the entrance to Miramichi Lake, in which practically all the gaspans which ascend the Southwest from Fredericton are situated. Rangers repeatedly had to break that dam to give the fish a chance.

Owen Shortill, for years a well known resident of Bay St. John, died last night at the home of his son, Frank Shortill, of North Devon, at the age of eighty-one. He had been ill but a short time.

Dr. Walter J. Irvine, dentist, who was injured in a motoring accident on Sunday last is reported to be rapidly improving. It now is believed that the injury to his right hand will not be permanent.

Five Boy Scouts belonging to Woodstock, and five from the St. John West, Sunday school, will walk through to St. John.

Rev. William G. Young of St. John West, Sunday school, has been registered to solemnize marriages.

The following provincial appointments have been made in St. John: Charles H. Ramsey to be justice of peace; Horace A. Porter to be coroner; Patrick Elmer McLaughlin to be notary public.

FURTHER PREPARATIONS FOR CELEBRATION DAYS

The members of the N. B. Power Company staffs will be represented in the parade on Aug. 14. They intend putting in a float and quite a delegation will probably march in uniform.

Orphans to Be There. A small composite committee this morning interviewed the heads of the orphanages, Catholic and Protestant, in the city and asked their co-operation in having the children of their institutions take part in the greeting to the Prince of Wales. The plan is to have them form a cordon along the south side of King square and sing patriotic greeting when His Royal Highness passes by. It is hoped to secure a donation of about 300 small flags for the youngsters to wave. The committee also expressed approval of the idea and will help in its execution.

The School Children. The capacity of the High school auditorium was taxed this morning at the rehearsal of the school children for the greeting to the Prince of Wales. There was a distinct improvement in the singing today. This afternoon at 4:30 D. Arnold Fox will be in LaTour school, where the children of the school will be another rehearsal on Friday at 10 a. m. in the High school.

26th Battalion Veterans. A meeting of all those who served with the 26th Battalion prior to the armistice has been called for 8 o'clock Friday evening in the armory. The purpose is to decide upon what part the old 26th will play in connection with the visit of the Prince of Wales.

Being Decorated. The main floor of the armory is being decorated for the celebrations next week. The fixtures have been removed and the floor cleared. A squad of painters was busy on the work this morning.

NO CHANGE FOR MAINE REFERENDUM ON LIQUOR QUESTION

Augusta, Maine, Aug. 6.—A referendum vote cannot be taken in Maine on the national prohibition amendment, according to a decision by the supreme court, announced today. Petitions signed by more than 15,000 citizens asking for a referendum had been received at the department of state, and Governor Williken asked the court for a ruling on the legality of such procedure.

The court decided at the same time that the act of the last legislature giving women the privilege of voting for presidential electors might be submitted to the voters at a special election.

GERMAN COMMISSION TO CARRY OUT THE TERMS OF INDEMNITY Berlin, Aug. 6.—By the Associated Press—President Ebert has signed a decree by which a German commission is constituted for the execution of the indemnity conditions of the peace treaty. Under Secretary for Finance Bergmann will be president of the commission, and Under Secretary Schroeder, vice-president.

Under another decree issued by Ebert the imperial navy office ceases to exist and the admiralty will have supreme naval authority. The admiralty will be directed by an admiralty chief under the supervision of the minister of defence. The admiralty staff of the navy is dissolved.

THE PRINCE OF WALES VISIT TO ST. JOHN IN 1860. To the Editor of The Times: Sir—Having read with interest the article in Saturday's paper re the above permit me to state that it was on Friday, Aug. 3 (not the second) the Prince landed at Reed's Point. As he passed through the Chipman grounds the Sunday school children threw flowers and sang "God Save the Queen" with the following verse added: "Hail Prince of Brunswick's line, New Brunswick shall be thine. New Brunswick shall be thine. Firm has been, Still loyal, true and brave, Here England's flag shall wave And Britons pray to save The Nation's Heir."

Yours, etc., AN OLD ST. LUKES'S S. S. BOY.

FIREWORKS SUGGESTION To Editor of The Times:— Sir—Will you kindly allow space for the suggestion that the ruins of the Court House be used to assist in the fireworks display in next week's celebration. A burning building is always a strong attraction and an ideal representation of this could easily and safely be carried out by the use of colored fire and smoke bombs or smudges. The cost would be small and the effect spectacular, offering entertainment to thousands who will not be able to see the main display at the barracks.

Yours truly, C. S. BROWNLY. August 5, 1919.

ANOTHER SUGGESTION. To the Editor of The Times:— Sir—Will you permit me to make a suggestion through your valuable paper. We all anticipate the coming landing of the Prince of Wales with pleasure, would it not be a good idea to mark the place of landing by a marble or granite block bearing the date of the landing and close by erect a flagstaff on which from sunrise to sunset would float the flag "that for a thousand years has braved the battle and the breeze," tended by a returned soldier, paid by the grateful citizens of a country that he helped to save.

Yours truly, MARINER. West St. John, Aug. 6, '19.

HENRY HARD HIT IN HIS OWN COUNTRY

Former Prussian Prince Assailed for His Letter to King George

Berlin, Aug. 6.—(By the Associated Press)—Commenting on a letter written recently by Prince Henry of Prussia, brother of former Emperor William, to King George in which he asks the British monarch "in the name of justice and in his own interests" to desist in demanding the extradition and trial of the former emperor and declaring that the truth about the war might be had from Allied statements, the Tagblatt says it is an exhibition of "unsurpassable clumsiness."

The Vorwaerts remarks that Prince Henry's charge that the principal guilt for the war was attributed to Great Britain is without a jot of evidence. This newspaper, which is the Socialist organ, terms Henry "a danger to the German people."

Die Freiheit considers it a disgrace that a scion of the Hohenzollerns "at this time has the impudence to use such language" but the Conservative Tageszeitung says the letter "with fresh clearness pointed out British guilt."

HIGHER COAL OUTPUT.

Coal production is on the increase at Sydney, as shown by the July output. The Florence colliery was again high-toned, with a record out put of 6,000 tons, followed by Princess, which increased its production over the previous month, and raised to the surface 13,000 tons. Scotia, on account of the disarrangement of the electrical plant responsible for three or four idle days, went back considerably, but on the whole had good average outputs.

GANG MURDER IN CONEY CROWD

Man Shot Dead And Companion Wounded Three Times in Broad Day

(New York Times.)

While the police of the city were busy yesterday on the killing of two men last week as a result of a gang fight, another murder with all the earmarks of a gang feud took place at Coney Island, Joseph Cohen, a Manhattan straw hat manufacturer, living at Rockaway Park, was shot dead and his companion, Harry Korman, a furrier of 19 Clinton street, Manhattan, was shot three times as they were walking along West Twenty-second street, between Surf and Railroad avenues.

The assassin got away, but the police sent out a general alarm for him last night. There was so much resemblance between yesterday's shooting and the killing of "Rubber" Shaw, in Hoboken, last Thursday night, when he and Geo. Lewis were walking along a Hoboken street, as well as the killing of "Tanner" Smith in the Marginal Club in Eighth avenue, Manhattan, a week ago last Saturday night, that the police immediately connected up the three affairs. Later investigation convinced the authorities, however, that the Coney Island affair had no relation to the other gang killings.

Cohen, who has a place of business at 707 Broadway, New York, was walking along West Twenty-second street at 1:30 o'clock yesterday afternoon, with Korman and Matt Barron, a partner of the latter, when some one in the crowd drew a revolver and began shooting. One bullet went through Cohen's lung and he dropped dead. Korman was shot in the leg and twice in the body and is in the Coney Island Hospital in a serious condition. Barron disappeared after the shooting and the police were unable to find him. He is said to live near Stanton and Suffolk streets, Manhattan. Both men were walking along West Twenty-second street, between Surf and Railroad avenues, when a man who was supposed to have done the shooting was seen to board a Manhattan bound train.

The police are also looking for a mysterious woman who was with Korman and Barron earlier in the day, and a taxicab driver who drove them to Coney Island after being hired at 5 o'clock yesterday morning at Eldridge and Houston streets, New York. Detectives questioned Korman at the hospital and he said the shooting was the outcome of a row which had started earlier in the day in a restaurant at Coney Island.

Had Been Out All Night.

Korman said that he, Barron, a girl said to be a cabaret singer, and a musician who was known to him only as "Max" had met in a wine parlor, Manhattan, on Saturday night and early Sunday morning all had started for Coney Island in a taxicab.

Arriving at the island the party went to a restaurant where a quarrel developed. Suddenly, Korman said, a stranger in the place seized a large carving knife from a table and drove it into the chest of the restaurant. The girl and Max the musician, Korman said, returned to New York in a touring car, while he and Barron telephoned to Cohen and went to 28 North Beach street, Rockaway Park, to meet them at Coney Island. Cohen, he said, showed up at noon, and the three then went shooting along West Twenty-second street for the man who had driven them to dealers in Mexico City with the knife. While strolling along the street, he said, he heard revolver shots, and before he could look around was struck in the leg and the body.

E. M. Cohen, brother of the murdered man, and a partner in Cohen Brothers at 707 Broadway, who lives on Washington Heights, Manhattan, was questioned by the police. He admitted that his brother had had a quarrel with Barron and that the slain man was prosecuting Barron for extortion in connection with some labor troubles.

After hours of work on the case the police were of the opinion that the killing was the result of a quarrel over the "mystery woman." They said they had information that the woman spent Friday and Saturday in Coney Island with Barron and Korman, and that the Sunday trip was to be another day at the seaside until the quarrel developed.

It was said that the police had located the driver of the taxicab, but that he was "out with a fare," and the detectives were waiting for him to return.

SLAYER ESCAPES ON TRAIN—KILLING FOLLOWS NIGHT IN AN EAST SIDE WINE CELLAR AND EARLY TAXICAB TRIP

STRENGTH OF BRITAIN; RISE OF UNITED STATES

General Smuts Gives Impressions Gained at Peace Conference

London, Aug. 6.—(By the Associated Press)—Christian Smuts, British member of the League of Nations commission, in a speech at Cape Town yesterday, said the three greatest impressions he gained during the peace conference were, first, the immense preponderance of the British Empire in the world; second, the rising power of America, which was only great power to emerge from the war unscathed and even with resources vastly increased; third, the decline of old Europe not only relatively but intrinsically, owing to war exhaustion.

POLICE SERGEANT WOUNDED; CONSTABLE IS KILLED AT ENNISTIMON, IRELAND

Dublin, Aug. 5.—Sergeant Riordan and Constable Murphy were shot yesterday at Ennistimon, County Clare. Murphy was killed and Riordan dangerously wounded.

James Ian MacPherson, chief secretary for Ireland, has wired "the deepest sympathy of the Irish government with the relatives of Murphy, brutally murdered in loyal and courageous discharge of his duty."

RENEWED ACTIVITY IN SEARCH OF THE OPALS OF MEXICO

Queretaro, Mexico, July 19.—(Correspondence of Associated Press)—Opal mining in this district, an industry as yet untouched by foreign capital, has shown renewed activity with the closing of the war and a normal number of men will soon be at work. The Queretaro district for more than sixty years had been the principal source of the opals sold in the republic, most of the valuable gems going to dealers in Mexico City who in turn ship them to the United States.

Primitive methods are still used here to secure the gems. Dynamite is used to blast the gems from the ground. After the rock is broken into sizeable pieces it is taken to the shops for the grinding and polishing processes. Modern methods are not used, the rough stones merely being placed on spindles and applied to an ordinary grindstone worked by foot power. Vigorous rubbing on soft leather is the last step in completing the opal for the market.

KILLED BY SHELLS LEFT AT SCENES OF CONFLICT

Jerusalem, July 4.—(Correspondence Associated Press)—Many chitin shells and explosives which were scattered throughout the country during the open warfare between the Turks and the Allies. The battlefields cover such a large area that careful salvaging has been impossible, and the result is that children, farmers or peasant women are mangled almost every day by accidental explosions.

A large number of the cases treated in the American Red Cross surgical hospital here have been bomb or abdominal cases, according to the physician in charge. The hospital was operated for seven months, treating a total of 608 patients. In the various clinics

Former French Premier Reports on Peace Treaty

Favors Ratification But Regrets That Peace Conference Did Not Decide From Start on Destruction of Bismarck's Work

Paris, Aug. 6.—(By the Associated Press)—Louis Barthou, former premier and foreign minister, read his report on the peace treaty to the treaty commission of the chamber of deputies yesterday.

The report concludes in favor of ratification. At the same time it formulates certain reserves. M. Barthou commends the action of the negotiators in departing from the old time methods of procedure, but regrets that they did not from the outset decide upon complete destruction of Bismarck's work by breaking up political Germany into component parts.

On the question of responsibility and punishment the former premier grouped in striking fashion documents hitherto scattered, from which he develops new considerations, establishing the crushing responsibility of the former Kaiser and Germany, and declares that international morality will not be satisfied unless the chief guilty persons are punished.

After studying the economic, reparations and military clauses, M. Barthou concludes by recalling the sacrifices of France, "which has not been killed by war and cannot be ruined by peace," and proclaims that until France will face the problems of the future with the four great peoples who united all their efforts to defend justice. He declares it impossible that France, glorious but impoverished, will not obtain from all the Allied and associated peoples the support which she herself so vigorously gave on the day the destinies of the world were at stake.

RECENT DEATHS

Miss Pearl Mitchell.

The many friends of Miss Pearl Mitchell will regret to hear of her death which occurred last evening at 10 o'clock at her home in Lincoln, Sunbury county. She has been in failing health since the fall, when she was nursing influenza and through the strain her condition became run down, and since then she has been gradually sinking. She was a daughter of the late H. B. Mitchell, and was born at Lincoln, and educated there. She received her nurse's training at the hospital in Woodstock. She is survived by three sisters, Mrs. Charles White, of Fredericton; Mrs. William Paterson and Mrs. Percy Alexander, both of Lincoln, and by two brothers, James P. Mitchell, of Medicine Hat, and J. D. Mitchell, of West St. John.

THREATEN BABY IN HOLDUP

Thugs Hold Pistol at Child's Head Till Father Gives Up Cash

New York, Aug. 6.—Holding a revolver at the head of his baby daughter in her carriage, highwaymen compelled Louis Barber, an ice cream and candy dealer of 830 Seventeenth avenue, Brooklyn, to hand over \$200 about one o'clock a.m.

Barber closed his place of business at 8415 Eighteenth avenue just before one o'clock and with his wife, Carolyn, and their eighteen-month-old child, Hazel, started home. Mrs. Barber pushed the baby carriage. They were about 200 feet west of the Eighteenth avenue station of the West End elevated line, in an unfrequented spot, when two men dashed out of the dark. One pointed a revolver at Barber, while the second held a pistol at the baby's head.

"If you don't come across, we'll kill the baby," declared one of the robbers.

Mrs. Barber, as her husband in the excitement of the affair hesitated, pleaded with him to give the men what he had, and he handed over \$200, the receipts of his business for the day.

The robbers then crossed the street to a large black automobile with all lights out, a man in the driver's seat and the engine running, jumped aboard, and dashed away.

Barber, who reported the robbery to the police, said that on Friday night, at about the same place, men appeared when he was on his way home, but as other persons were in the vicinity they merely strolled past him. He is convinced that these were the same men and that they intended then to hold him up.

BREAKS UP HAPPY HUSBANDS' PICNIC; KILLS ONE, WOUNDS FOUR

Arthur J. Gould, thirty years old, a carpenter, who has been for years separated from his wife, went to the picnic of the Happy Husbands' Club at the Harlem River Casino Saturday night, quarreled with his wife, who was there with her brother, opened fire with a revolver, killed a stranger and wounded his wife and three others.

He called his wife, Mrs. Irene Gould, thirty-one years old, of 531 East 126th street, away from the table where she was sitting with her brother. She refused to go at first, but finally walked a few feet away from her party and started to talk with him in the midst of tables where about 600 members and guests of the Happy Husbands' Club were eating. They had a few unfriendly words, and he then showed her a letter. She made a gesture with her hands as if to signify that it was of no interest to her. He whispered something to which brought many of the diners to their feet:

"I am not afraid of you or your revolver."

Gould whipped out the weapon and

JOHNSON GOES TO STATE HOSPITAL FOR OBSERVATION

Maine Judge's Order in Sproul Murder Case—Said Flaws Found in Johnson Story

An order has been issued by Judge B. L. Smith of the superior court for Penobscot county, Maine, for the commitment of Richard Johnson, who says he killed James Sproul of Orono, Maine, to the Bangor state hospital for observation. The petition was made by his attorney, D. W. Nason, and he will remain in hospital pending a further order of the court.

It is contended that numerous flaws have been discovered in the story told by Johnson, and the belief is generally held that he has not told all he knows of the case. Regarding the loss of Johnson's right index finger and thumb which he said were lost while he was employed at the Cushnoc mill at Augusta, the mill officials there said that this is not true. They say that Johnson never worked at the Cushnoc mill and that the only man by the name of Johnson who ever worked at the mill is now at Gardiner, where he is employed as a machine tender.

BONAR LAW SAYS THERE IS MAN IN SIGHT FOR AMBASSADOR TO U. S.

London, Aug. 6.—Delay in the appointment of a British ambassador to the United States was the subject of a question in the House of Commons yesterday. Andrew Bonar Law, government spokesman, said the government felt that at this time nothing could be more important for the future relationship of the whole world than to get the best man possible for the post.

He said that the post had been offered to a man whose acceptance would be worth this delay. He hoped to announce the appointment soon.

Probably Not Choose Liberal Leader Until Tomorrow

Premier Foster Chosen New Brunswick Chairman—Convention for Democratic Principles of Government—No Support For Quebec Nationalist Resolution

Ottawa, Aug. 5.—Dominant keynote was struck at today's auspicious opening of the National Liberal Convention. A record convention crowd of upwards of fifteen hundred delegates enthusiastic in fine fighting fettle, eager for unity of purpose and effort and insistent on strong leadership and progressive democratic Liberal policies, cheered the opening address of Premier Murray, demanding a return to party government and the end of "Unionism" in politics which necessarily involved compromise.

They cheered also the references in the address of welcome from Mayor Fisher, of Ottawa, to the desire of the people for high ideals, prompt strong action and absolute integrity of purpose from the political leaders of the new day. And they applauded equally the plea of Captain Calder speaking on behalf of the returned soldiers, for truth and justice in dealing with creeds, races, and classes.

The obvious temper of the convention from the outset was one of firm insistence on democratic principles of government, single eyed for the common weal, an end to all pretence and self-seeking in parliament. And this temper was further evidenced by the fact that the delegates are taking things into their own hands. There is no cut and dried programme of policies prepared by the quiet swallowing of the convention. The resolutions committee appointed today represents all classes and is not dominated by the "old crowd."

The Ontario delegates took two hours to select their representatives on the committee and some of the M. P.'s and ex-M. P.'s nominated were turned down in favor of farmers, women and labor representatives. The party leadership question is similarly to be decided solely by the delegates themselves as is testified by the continued uncertainty as to whom the choice will fall upon.

Graham Present Favorite

The chances still favor the selection of Hon. George P. Graham, but every delegate is making up his mind for himself and the decision will rest upon the general consensus as to the merits of past performance and present promise rather than upon any inside pull with the "old guard." Hon. W. S. Fielding, Hon. W. L. Mackenzie King and Premier Martin, of Saskatchewan, each have their proponents in large numbers. The young westerner is reluctant to leave his present position but may be persuaded to allow his name to stand the balloting for federal leader.

The tributes paid this morning to the "Old Chief" Sir Wilfrid Laurier were a fitting prelude to the business organization of the convention. The resolution carried in silence with all the delegates standing was a beautifully worded and feeling tribute to the beloved leader, "Un chevalier sans peur et sans reproche."

The evident emotion, the tremor in the voice and the tear dimmed eyes of Sir Allen Aylesworth in moving the resolution were the most eloquent possible tributes to the great man whose authority and inspiration as a great party leader can never be filed.

Tonight the committee on resolutions under the chairmanship of A. R. McMaster, M.P., is busily engaged in framing a platform. So many resolutions have been referred to the committee that platform proposals are being worked out with interest and abnormal length. The planks relating to the tariff and the high cost of living will be the last to be taken up. Owing to the amount of business still to be disposed of, the vote for the leader will not take place until Thursday.

Between Graham and King?

Meanwhile the hotel lobbies are crowded with delegates and visiting politicians eagerly discussing the contest for leadership. A prominent English speaking member from Quebec told our correspondent tonight that Mr. Fielding would surely be defeated and that the great majority of the delegates from his province were in favor of Mackenzie King. The candidacy of Hon. Sydney Fisher, he said, was mainly for the purpose of keeping in line a number of delegates who might afterwards be induced to vote for Mr. Fisher's real choice, Mackenzie King. The same gentleman, however, admitted that the Graham boom was giving him great uneasiness, and would be to the effect that Graham would get almost the solid vote of Ontario.

There was a stirring scene in the Quebec committee room this afternoon when A. David, son of Senator David, moved what was characterized as a nationalist resolution. He moved that the Quebec members abstain from voting or taking any active part in the work of the convention. The motion was seconded by a delegate from Terrebonne and, it is said, was drafted, or at least approved by Henri Bourassa, Ernest Lapointe, M. P., for Kamouraska and, it is said, was delivered a vehement speech in opposition which was characterized by those who heard it as the most brilliant in his career. He recalled that the national convention had been summoned by the late Sir Wilfrid Laurier and it would be an insult to his memory for the Quebec members to abstain from taking part in it. They would only be playing the game of the government, which ought to isolate Quebec and would be tantamount to the province withdrawing from confederation. The David resolution was voted down by an overwhelming majority. Indeed practically none of the delegates present gave it any support.

New Brunswickers Enthusiastic

When at 2:30 this afternoon the different provinces met separately to choose their committees, the arrangements in the building where the convention is meeting are necessarily somewhat crude, and as only canvas curtains separated the rooms, the noise was so great at times, when different favored sons were addressing their respective audiences, that neither could hear a great deal. Nova Scotia and New Brunswick were placed side by side, and as the enthusiasm in New Brunswick was very great, and at its highest when Nova Scotia was trying to nominate its committees, the latter had to gather around its chairman, E. M. MacDonald, before he or the speakers could be heard at the Quebec convention.

Hon. W. E. Foster was appointed chairman of the New Brunswick meeting and Alphonse T. LeBlanc, secretary. The proceedings were conducted in a business like manner. The speeches were short and to the point and the greatest unanimity prevailed throughout. The speakers were Hon. Senators King and McSweeney, O. Turgeon, A. B. Copp, Mr. Gilmour and Fu Dugas.

The committees chosen were as follows: Credentials—Hon. J. E. Hetherington, P. J. Hughes. Party organization—A. B. Copp, P. Michael. Resolutions—Hon. W. E. Foster, Dr. W. P. Broderick, Pius Michaud, M. P.

JOINT CHAIRMAN SOUNDS KEYNOTE

(Premier Murray, of Nova Scotia, at Liberal Convention.)

"We might as well be plain about another matter, for we gain nothing at a Liberal convention by evading certain facts. There was the conscriptionist who believed in conscription as a matter of principle. In the Liberal party, as I understand it, there is no justification for a quarrel in that matter. I certainly trust the days of conscription are over, and that there is no reason at all why, in respect to the domestic problems of Canada, all Liberals should not meet and sit together and with such matters in perfect harmony and unity."

them for the liberty which she now enjoys.

Former New Brunswicker

Hon. W. F. A. Turgeon, attorney-general of Saskatchewan said he had travelled a great distance to attend the convention. Those who did travel so far he said, sometimes desired to speak too much of the district from which they come. Nevertheless he would undertake, to say to the convention something in regard to the province of Saskatchewan is looking forward. He suggested that the platform to be adopted by the convention should be to the point and brief. The people of Canada, he said, were looking for immediate action along certain lines.

An extended programme containing many points would not be taken seriously. The people of the West he said, particularly desire action on five or six, or perhaps nine or ten matters, such as the tariff, the high cost of living, labor, franchise, and two or three other issues of the day. They desire to know what remedies it is proposed to apply.

Mr. Turgeon expressed the hope that when the convention adopts its platform, it will be one that can be read and appreciated by everybody. If it has as its standard bearer, he said, a man in whom the people of Canada have confidence, the people of Western Canada will respond.

Premier Oliver of British Columbia said the result of the convention would probably be the greatest since the day of any convention which had yet been held. If he might take a text, it would be "the will be greatest among you, let him be your servant." If there ever was a period in the history of the Canadian nation where the needs of the country demanded unselfish service, the period was the present.

Dr. Beland

Dr. Beland, referring to the selection of a leader, said it was well recognized that no one could think himself worthy of succeeding Sir Wilfrid Laurier. The selection of the names to the district chairmanship. Liberals should be actuated in the future by the great principles of liberty, justice, tolerance and harmony.

Referring to his own imprisonment in Germany, Dr. Beland said that perhaps he could appreciate liberty more than any one present. A war had been fought, the result of which it would be futile to ignore and futile to disregard—the problem of the cost of living, of social conditions, franchise and other matters.

The speaker strongly emphasized the importance of harmony in all sections of the country. The Liberal party, he said, must be the party of the people and not the classes. As far as the province of Quebec was concerned its one desire was to live in peace and harmony with the rest of the country. Quebec wished to share in the government of the nation so long as this government was based on democracy. Party interests must not be allowed to obscure the interests of the country as a whole. Canada must come first in all considerations.

Dr. Beland was given three hearty cheers at the close of his address. Chairman Murray then announced that the various committees were now at work, so it was considered advisable to adjourn the convention until tomorrow morning at 10:30 when their report will probably be received. The convention accordingly adjourned shortly before 9 o'clock.

LABOR PARTY SAYS TOO MUCH BEING GIVEN IN WAR SERVICES GRANTS

London, Aug. 6.—Criticism in the lobby of the House of Commons last night, of the grants for war services recommended by King George turned mainly to the small recognition given the air force, for which only one grant is proposed as compared with seven for the navy and ten for the army.

The Labor party has made a protest against a larger sum than £200,000 being devoted to these grants. Many of the labor members of parliament threaten to oppose the whole list of grants on principle.

WEST TO GIVE HIMSELF UP

Halifax, N. S., Aug. 5.—Inspector Duncan of the Dominion Police, announced tonight that he had received a letter from former Inspector St. Clair West, charged with being short in his accounts, stating that he intended returning to give himself up to the authorities. Duncan did not say where West now is, nor did he give any other particulars, beyond stating that the alleged defalcations had been over-estimated.

OVERSEAS RIBAND NOW AUTHORIZED

Canadians who have served overseas can now "put up" the riband of the British War Medal. This riband was seen in St. John at the time of the return of the overseas battalions, has a centre of orange watered, with stripes of white and black on each side and with a border of royal blue. Although many men have come back wearing the riband, it was not authorized to be worn, so the military police were kept busy in warning soldiers to take it off. On Saturday, however, headquarters at Ottawa issued the following order under the caption "British War Medal 1914-1919."

"The king has been graciously pleased to signify his pleasure that a medal be granted to record the record of the bringing of the war to a successful conclusion, and the arduous services rendered by his Majesty's forces. The riband will be centre, orange, watered, with stripes of white and black on each side and with border of royal blue. Conditions relating to eligibility for the medal have not been finally decided; but instructions as to the submission of claims, etc., will be issued in due course. Meanwhile the following members, past and present, of the C. E. F. are permitted to wear the riband:

"All ranks who joined the C. E. F. in Canada between 5th August, 1914, and 11th November, 1918, and who between those dates inclusive and whilst belonging to the C. E. F., rendered approved service overseas."

Premier Consideration of C. M. A. Resolutions

Ottawa, Aug. 5.—Delegates of the Canadian Manufacturers' Association today presented to Sir Robert Borden, Sir George Foster and Sir Henry Drayton, the resolutions passed at their annual meeting. Speaking on behalf of the government, the premier promised the most careful consideration of the resolutions.

LEAVING THE RAILWAY

Moncton, N. B., Aug. 5.—A coroner's jury at Sackville today investigated the death of Earl Knapp Barnes Atkinson who was electrocuted at Sackville, Monday morning while working with a New Brunswick Telephone construction crew. After hearing evidence the jury found that young Atkinson came to his death by accident and that no blame was attached to the New Brunswick Telephone Company or any of the employees.

SOLDIER FELL 75 FEET

Kingston, Aug. 6.—W. J. Place, a returned soldier, thirty-five years of age, fell seventy-five feet here and except for a severe shaking up, apparently is little the worse for the big drop. He had been engaged to paint the smoke stack on the city incinerator, which is 110 feet high, and was being hoisted up when the cable broke.

He was going down head first, but succeeded in turning himself so that he landed partly on his back and partly on his right side. He landed on a tin roof. No bones were broken, and it is not thought that he was injured internally.

W. C. T. U. MEETING

Rev. W. R. Robinson Speaks of St. John Under Prohibition

The quarterly county meeting of the W. C. T. U. was held in the Ludlow street Baptist church, West Side, yesterday afternoon with the president, Mrs. R. D. Christie in the chair. The opening devotional exercises were conducted by Mrs. Mary Seymour and all joined in singing "Blest be the tie that binds." Prayer was offered by Mrs. Henderson. Mrs. Seymour read a scripture lesson and taking the 12th chapter of Romans she commented very helpfully upon the same. Mrs. Henry Hart, of Jacksonville, Carleton county, who was present and whose daughter, Mrs. William Hasen has been a missionary in Bombay, India, since 1900 had just attended the Wolfville missionary conference. She spoke of the forward movement which was one of the features of the conference and also of the good work accomplished by the W. C. T. U. and urged the women to still greater efforts. Mrs. Seymour closed this part of the meeting with prayer. The business session was then opened by Mrs. R. D. Christie. Prayer was offered by Mrs. John Paterson and a duet was sung by Mrs. Vincent and Miss E. Brown accompanied by Miss M. Mullin. Reports from the St. John, St. John

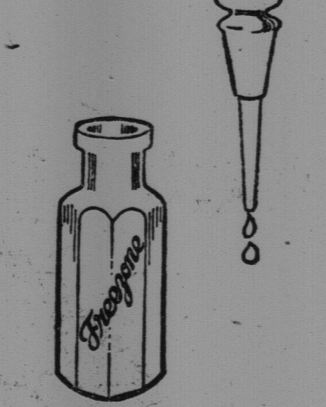

North, Carleton and Fairville Unions were read. Each showed that the work of the W. C. T. U. is progressing in a very satisfactory manner. Rev. W. R. Robinson, pastor of the Ludlow street Baptist church, was then called to address the convention. Mr. Robinson spoke of the pleasure it was to him to meet with the W. C. T. U. and placed the church at the members' disposal for any time that they should require it. He went on to speak of the enforcement of the prohibitory law and stated some very striking instances showing that St. John was a far cleaner place since prohibition is being enforced and said that it would take all the boot-leggers in the city twelve months to sell as much liquor as one small saloon would formerly have sold in a week. He referred to the fact that formerly the Empress of Ireland on one trip would discharge 37,000 cases of liquor consigned to one city firm. All this was done away with and manufacturing of automobiles had taken the place of liquor industries. Matters of business were taken up in connection with the provincial union meeting in St. John in September. Committees were appointed. Mrs. Seymour suggested the Portland Methodist church for the place of meeting and the secretary was instructed to wait upon the pastor and trustees with regard to this. The presidents of the local unions were instructed to appoint billing committees. A vote of thanks was extended to the pastor and congregation of the Ludlow street Baptist church for the use of the church and to the pastor for his presence and very helpful address. Tea was served by the ladies of the Carleton Union and a hearty vote of thanks was extended to them for the very excellent manner in which the convention was entertained. The meeting adjourned after a very pleasant social hour.

WILSON SAVES OBJECTOR.
Washington, Aug. 6.—Private Lester G. Ott, assigned to a battalion of conscientious objectors at Fort Riley, Kansas, was sentenced to death last October for having refused to obey an order to clean up the camp, but the sentence was commuted by President Wilson to dishonorable discharge and six years' imprisonment. Records in the case have just been made public.
Major-General Leonard Wood, who is commanding at Camp Funston at the time, recommended that the sentence be commuted to twenty-five years' imprisonment because of the emergency requiring execution of the extreme penalty had passed.

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers—No pain!

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!
A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without serious irritation. Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

FINE GIFT MADE TO THE NATURAL HISTORY SOCIETY

A complete set of the badges of all of the New Brunswick units which served overseas in the great war is one of the latest acquisitions of the Natural History Society and one that will be highly prized. The badges are the gift of Lieutenant Neal MacAulay of the permanent medical corps, who has also donated an almost complete set of the badges of the Canadian Highland battalions serving in the war and two modern revolvers which will be added to the fine collection of arms which the society already possesses. Among the badges just received the majority are cap badges but some few are sleeve and collar badges. As yet they have not been arranged for exhibition as the curator of the museum, William McIntosh, has only recently returned from Sussex where he was in charge of the collection of the museum. Legal proceedings were taken against fifty-three parties through the solicitor for the board, J. Roy Campbell, D. C. of which four were fined and the remaining cases being settled out of court except one, which is pending. Attached to and embodied in the report submitted by Dr. Brown was the report of the plumbing inspector, Richard Walsh. The report shows that where no plumbing fixtures were installed, 247 up to date new fixtures were set up; forty-seven water tests and eight inspections of alterations were made, while nineteen old fashioned and unworkable closets were done away with. The report also shows that fifty-two old houses and eight new houses were plumbed. The number of complaints attended to were 102, advisory visits to jobs, forty-one; metallic pipes inspected, two, and in six cases of barns and manure heaps, sixteen. Inspector Walsh also attended to work in isolation hospital, assisting Dr. Brown and Dr. Ellis in small work.

REPORTS TO THE BOARD OF HEALTH

Very Important Matters Taken Up At The Meeting Yesterday Afternoon

The health report for the quarter ended July 31 was submitted yesterday to the board of health by Dr. J. F. L. Brown, district medical health officer for the southern district. Deaths numbered 159, seventy-eight males and eighty-one females. The percentage is 12.41 per thousand per year. The deaths reported last quarter numbered 232, or a percentage rate of 22.086, making a decrease in the number of deaths this quarter of 12.41. The number of notifiable diseases for the quarter are as follows: Diphtheria, six; smallpox, two; scarlet fever, eleven; typhoid fever, three; measles, two; whooping cough, one; and tuberculosis, thirty-five, making a total of sixty. The only deaths from these diseases were one from whooping cough and fifteen from tuberculosis, making a total of sixteen. In connection with the department, special action under the direction of the minister of health, Hon. W. F. Royston, M. D., or the chief health officer for the province, Dr. G. G. Melvin, has been taken and certificates of successful vaccination are required from persons coming from Nova Scotia, commencing July 26. A house closed by the board as being unfit for human habitation was in Sierfield street. The vaccinations during the quarter were: Children under school age, six; and over school age, forty. Legal proceedings were taken against fifty-three parties through the solicitor for the board, J. Roy Campbell, D. C. of which four were fined and the remaining cases being settled out of court except one, which is pending. Attached to and embodied in the report submitted by Dr. Brown was the report of the plumbing inspector, Richard Walsh. ST. JOHN WOMAN RELATES FACTS

Mrs. Josephine F. Barlow Says Tanlac is the Grandest Medicine in the World.

The list of testimonials in behalf of the merits of Tanlac, the medicine that is accomplishing such surprising and gratifying results in St. John and vicinity, flows daily as new tests of its powers are made. Among the many St. John people who have testified to the benefits they have derived from its use Mrs. Joseph F. Barlow, residing at 16 Irwin street. Mrs. Barlow said: "At the time I got Tanlac my health was perfectly wrecked. I could hardly eat anything and I would often become so nauseated that I couldn't retain what little I did force down. Gas would form on my stomach and cause such awful pains and misery that I could hardly stand it. I had the worst kind of spells of heartburn, was constantly belching and I had a very disagreeable taste in my mouth all the time. My head ached fit to burst and at times I would get so dizzy that the room seemed to be whirling around. My back ached so bad I could scarcely bend over to do my work and I felt so tired and worn-out that it was a burden for me to get about."
"I had been in this awful fix for eight or nine months, ever since I had 'flu' and pneumonia last winter and as I was almost in despair. In fact, I have often wondered if there was anything but my own appetite is just fine and I can eat just anything I want without hurting me the least bit. That awful dizzy feeling and the headaches are gone entirely and the backache is gone, too. That tired feeling has left me and I honestly believe Tanlac is the grandest medicine in the world. I am telling all my friends what it has done for me and I just think everybody ought to know about this wonderful medicine."
Here is another instance of Tanlac's reconstructive powers of Tanlac. Mrs. Barlow is only one of many thousands who have taken it with the same gratifying results. Tanlac proved to be very successful in overcoming nervousness and sleeplessness, not from a quieting effect on the nerves, for it has no such effect, but by strengthening the nerves and bringing back the normal state of health through its effect on the appetite and nutrition of the body. Tanlac is sold in St. John by Ross Drug Company and F. W. Munro, under the personal direction of a special Tanlac representative.—(Adv.)

OPPOSE RAISING OF THE SALARIES

Bill in British Commons Given Second Reading But With the Further Consideration Postponed

London, Aug. 6.—A government bill which seeks to raise the salaries of five cabinet ministers in amounts ranging from \$2,000 to \$5,000 each and increase the salaries of several under secretaries was strongly opposed in the House of Commons last night. Sir Donald MacLean, National Liberal, declined to give his consent to the measure until the government had declared its policy with regard to a reduction in the government departments to what he considered a scale conducive to national efficiency and economy. Other members reproached the government for showing a bad example when economy was declared to be imperative, and said the measure would lower parliament in the estimation of the people. Finally, after a defence of the bill by Andrew Bonar Law, government leader, and an agreement to postpone further consideration of the measure until autumn, the bill passed its second reading, 176 to 83.

850,000,000 Francs For Reconstruction

Of French Marine

Paris, Aug. 5.—Minister of Finance Louis Kluger was authorized by the cabinet at its meeting today to introduce a bill in the Chamber of Deputies granting 850,000,000 francs for the reconstruction of the French commercial fleet. The alcoholic ward at the Philadelphia General Hospital, in which in 1918 there were 282 drunkards cared for, has been finally closed, because since the middle of July it has had no patients.

WOMAN'S BEST LAXATIVE

Proved Every Day That Dr. Hamilton's Pills Are Just Right for Woman's Ills.

Little wonder woman suffers so much from constipation. She always hesitates, continually puts off taking medicine. Of course a woman's system is delicate, is easily injured by drastic purgatives. Bitter experience with harsh medicines makes her cautious, and to her great injury, chronic sluggishness of the system is permitted. Few pills are suited to the actual needs of woman—they are too strong. But there is a good woman's laxative, and it combines mildness with thoroughness of activity—it is known to the people of many nations as Dr. Hamilton's Pills, which never gripe, never cause nausea and are safe to use no matter what the conditions of strength or circumstances of health may be. A naturalness and regularity of the system, so important to every woman, is quickly acquired by the regular use of Dr. Hamilton's Pills. As a health-bringer, as a tonic laxative, as an all-round ladies' medicine, there is positively nothing so efficacious as Dr. Hamilton's Pills of Mandrake and Buttermilk; 25c. per box, at all dealers.

GAS IN THE STOMACH IS DANGEROUS

Recommends Daily Use of Magnesia To Overcome Trouble, Caused by Fermenting Food and Acid Indigestion.

Gas and wind in the stomach accompanied by that full, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion." Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach, often leading to gastritis, accompanied by serious stomach ulcers. Food ferments and sours, creating the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart. It is the worst of folly to neglect such a serious condition or to treat with ordinary digestive aids, which have no neutralizing effect on the stomach acids. Instead get from any druggist a few ounces of Bismarck Magnesia and take a teaspoonful in a quarter glass of water right after eating. This will drive the gas, wind and bloated feeling out of the body, sweeten the stomach, neutralize the excess acid and prevent its formation and there is no sourness or pain. Bismarck Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and the best form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

Sanitary Inspection.

The report of Solomon, McConnell, chief Sanitary inspector, was also submitted, in which it is stated that eighty-four special inspections were made, covering alterations for contagious diseases and the removal of same at the proper time. The report states that the number of complaints attended to were 102, advisory visits to jobs, forty-one; metallic pipes inspected, two, and in six cases of barns and manure heaps, sixteen. Inspector Walsh also attended to work in isolation hospital, assisting Dr. Brown and Dr. Ellis in small work. The report of the food inspector attached to the general report of Dr. Brown's is stated that many steps to be observed in the regulations demanding earthen vessels as containers for milk were being sold. A special survey was ordered by the board, of the shops in the city where perishable foods including milk were being sold, of those who do not respect will suffer by having their licenses revoked. Mrs. R. J. Hooper reported on child welfare and outlined a scheme whereby two nurses of the Victorian Order might come and look after this work for the whole city as divided into five sections.

HELP FEED THE SOLDIER VISITORS

Good Response to Appeal—Further Matters in Connection With Big Days

Scarcely a week from the first of the days of St. John's dual celebration plans are shaping admirably and new phases are developing which are adding importance and significance to the coming event.

In the board of trade rooms, yesterday afternoon, Mrs. C. A. Kuhring, E. A. Schofield and Judge H. O. McInerney met a large gathering of ladies from secular organizations and church bodies in the matter of evolving a scheme for the supplying of free meals to visiting soldiers next Thursday.

The Young Women's Patriotic Association—200 men to be served at the headquarters of the G. W. V. A.

The Catholic women's societies—50 men at the Y. M. C. I.

The V. A. D's—200 men in the diet kitchen premises, King square.

The Women's Institute—200 men in their rooms in the Congregational church.

St. David's Presbyterian church—200 men in their church premises.

The Centenary church ladies—100 men. Hazen avenue synagogue ladies—50 men.

German street Baptist church will cooperate also.

Salvation Army Home will supply cake, doughnuts, etc.

Mr. Schofield explained that where it was not possible to supply the food itself and merely the facilities such as dishes, kitchen room and so forth the city of St. John would supply the food for the making of sandwiches, coffee, and for some start along the lines of organization he feels certain that additional offers from centrally located institutions will soon dispel any doubt as to the feeding of the men.

Judge McInerney reported that the city of St. John would guarantee General Macdonnell against any loss in allowing the use of the military buildings for the sleeping of 2,600 men.

The meeting of the whole was very satisfactory and of great encouragement to all interested in this important branch of next week's festivities.

On Thursday forenoon of this week in Stone church schoolroom, Miss Grace Kuhring and Miss Catherine McAvity will commence rehearsing a bevy of girls for the allegorical dance to be executed before the prince in connection with the welcoming chorus upon his landing.

Two moving picture cameras men representing Kinograms which is the overseas name of the British government Cinematograph Weekly arrived in the city yesterday afternoon and have already taken a number of pictures. They are to make an historic record of the prince's landing for the royal household taking the celebration in complete detail.

White here they are under the guidance of the Imperial theatre.

It was learned yesterday that fifty Yarmouth fishermen would come and enter the parade with a float.

One of The Floats.

The committee of the combined lodges of Marborough, Portland and New Brunswick, Sons of England, which has been appointed to draw up the plans for the part the Sons of England will take in the Soldiers' Joy Day, and the welcome to the prince, met last evening and was presided over by A. E. Logan.

MUTT AND JEFF—YES, EIGHT DOLLARS IS EIGHT DOLLARS THESE DAYS, BELIEVE ME

FLOCK TO THE IMPERIAL TO SEE DADDY LONG LEGS

An Appealing Picture With Mary Pickford in the Principal Part

The people of St. John are certain enjoying Mary Pickford in her portrayal of the Judy Abbott role in Jean Webster's widely-read orphanage story "Daddy Long Legs" which has drawn record-breaking patronage to the Imperial Theatre the past two days.

There is something about Daddy Long Legs as a story that worms its way into the very heart of every watcher, young or old, and its sweet simplicity as exemplified in the childish pranks and commonplace sayings of the gingham clad kiddies elicits bursts of laughter and sometimes a tear. Then to contrast the trend of the story there is the strictly institutional matron of the John Grier Home with her unbending nature and lack of mother-love; the over-exacting directors who pay regular visits to the orphanage, with here and there a glint of real human kindness in the rich new director (the mysterious Daddy Long Legs himself) and Mrs. Pritchard, friend, who begged him to adopt Ju and give her an education.

The after life of Judy Abbott at college when she wrote these individualistic letters with caricatures of the unsexed benefactor; then meeting Daddy Long Legs on different occasions and their mutual admiration for one another with the girl entirely ignorant of his true identity were of tingling interest. Then when the love story becomes unraveled and Judy and Daddy Long Legs have their final scenes the story takes on a quality that puts a capash upon the whole fiction sending everybody away thoroughly delighted.

Sidelights On Sport

George Washington Leavitt, a well-known New England horseman, died at his home in Readville recently after a three months' illness. Three months ago in Lexington, Ky., he underwent an operation and complications set in, which affected his heart. He was a native of Pembroke, Me., and was born in 1851. He started his career as a horseman in 1885 and in years following owned many great racers, including Gordon Prince, 2:06 1/4; Nichola, 2:14 1/4; Early Bird, 2:16 1/4 as a two-year-old; Dolly Bidwell, 2:08 1/2, and others.

The Times and spent many an hour looking over records, etc., in this office. He never engaged in any bouts here but boxed a few rounds with McInnis in Waflo, N. B. He was a man of splendid physique and was reputed to be a clever and aggressive boxer. There will be only one day's racing in St. John this week and not two as previously announced. There were not so many entries as expected and one day had to be eliminated. The meeting of Peter Farren and Fern Hal should be a big drawing card. Cincinnati is gaining on the New York Giants and are now three and a half games in the lead. It would be a great boost for the Reds if they would come across and win the pennant. Chicago has a comfortable lead in the American League and it looks as if they will win the championship this year, although the teams in the first division are still pretty well bunched and have an equal chance to win out.

RUPPERT REPLIES TO JOHNSON IN CARL MAYS CASE

New York, Aug. 6—Colonel Jacob Ruppert, president of the New York Americans, issued a statement last night challenging the accuracy of the explanation made by President Ban Johnson of the American League with reference to his indefinite suspension of catcher Carl Mays, recently acquired from the Boston Americans.

Colonel Ruppert also made public a copy of a telegram intended to show that Manager Jennings of the Detroit Americans had negotiated for Mays' services after the dates which Mr. Johnson declared Detroit and other clubs had protested against the Yankee's acquisition of Mays.

Recalling Mr. Johnson's statement that he had telegraphed the New York owners on July 23 informing them of the protests against their negotiations, Colonel Ruppert asserted that on July 26 Manager Jennings sent the following telegram to Manager Barrow of the Boston club:

"Have no players to give for Mays. Will consider cash proposition." Colonel Ruppert asserted that Mr. Johnson had not stated the real facts in connection with Mays quitting the field in the midst of a game at Chicago on July 13. Mays, he declared, left the field injured after being struck by a ball thrown by Catcher Schang.

Mr. Johnson left New York at noon without amplifying his statement and on the charge of the Yankee owners that he held a financial interest in the Cleveland club.

OSCAR EGG WINS FEATURE CYCLE RACE

Newark, N. J., Aug. 5—Oscar Egg, a Swiss cyclist and star six-day bicycle rider, defeated Reggie McNamara, an Australian, before 17,000 spectators at the Velodrome here this afternoon. It was the first appearance of the Swiss rider in the country this season. Egg arrived from France last Monday, and today was his first race. The race was ten miles, paced by six crack plungers. Two laps from the finish the pace to battle it out to the tape. Egg was in front at the time, but a lap from home McNamara went by him and it appeared as if the Australian would win. But

The suggestion that he be taken for a sail on the river is meeting with favor. If his visit had more of that nature and less of memorials he would probably enjoy it better.

It is rumored that the post office staff are to tender a vote of thanks to the Prince for his visit. On account of the unwillingness of the memorial there, the place is getting a thorough cleaning.

Chief Inspector Wilson has just returned after an enjoyable fishing trip to the "Tobique." Yet there are some persons who cannot understand how a prohibition inspector could possibly enjoy a fishing trip.

It is said that Sam Brown, the Chinese who was connected with a case in the Moncton police court recently, has no connection with the belt that has been so much in evidence the last four years.

It will be like old times next week and the young element will see what a real bunch of organizers the Polymorphians are when it comes to parades. By the way, many are asking what the significance of the word Polymorphian is.

Customs officials say that "St. John customs men with a small staff perform more work than Halifax with a larger number." So they really do something else, these customs chaps, besides playing baseball.

Coal vs. Puff.

Ottawa despatch says: "The Nova Scotia delegates to the Liberal convention arrived by special train." But of course that was from Halifax to Ottawa—it would not be possible to secure a special for returned soldiers through New Brunswick to come here for the 14th. Apparently some trains are pulled by steam, others by wire.

Have We a Mystery Ship?

St. John shipping men, and in particular a local stevedore, are wondering about the fate of a mystery ship, the Jennie A. Richey, which is immensely popular everywhere it has been introduced.

CORNET BAND'S 44TH TIME AT CATHEDRAL PICNIC; JUNIORS' FIRST

James Connolly's Record Goes Back to One More Outing, With the Old F.M.A. Organization

The attendance of the City Cornet Band at the Cathedral picnic at Torriburn yesterday marked the forty-fourth season at which its music has provided pleasure to the joy-seekers going there. And at every one of the forty-four picnics James Connolly, president of the band, has been present. He is really entitled to the credit of another season for he played there the year before the City Cornet was organized, in the old band of the Father Mathew Association.

While yesterday marked the forty-fourth anniversary of the band's playing for the benefit of the orphans at the picnic it also noted the first appearance there of a new body, the juvenile band, which scored a distinct hit in its playing and won much admiration.

Mr. Connolly was the originator of the idea of the boys' band and has been very active in the promotion of this organization and has three sons playing in it. Naturally he was very proud of its success in its first picnic turnout yesterday, under the skilled direction of Bandmaster Frank Waddington.

JURY DISAGREES IN HAYES CASE; STAND SIX TO SIX

In the supreme court this morning, Judge Crockett presiding, the case of King vs. Hayes was continued. The defendant was charged with assaulting Sheriff Wilson. The jury disagreed, six being for a conviction and six against.

Dr. W. B. Walling, K. C., appeared for the crown and Daniel Mullin, K. C., for the defendant.

Mr. Mullin made application for bail and this was granted. Hayes in a surty of \$600 and two others in \$800 each. The matter of recognisances will be gone into this afternoon.

IN TWO CASES WRONG MEN WERE REPORTED

Percy Campbell, employed as an auto truck driver for the City Fuel Company, was charged in the police court this morning by Police Constable Hoag with refusing to obey his signal on last Monday at the corner of Mill and Main streets, and also with driving on the wrong side of the street. He pleaded not guilty and said that he misunderstood the signals. He was fined \$10.

Robert Carlson was charged with exceeding the speed limit on Saturday, Aug. 2, in Main street. He pleaded not guilty but was fined \$10.

A case against H. B. Butler, who is charged with not making money properly turn at the corner of Mill and Pond streets, was resumed. It was found that the defendant was not the man and the case was dismissed.

The case of Arthur Phillips, who was charged yesterday with refusing to obey signals and not sounding his horn at the head of King street, was dismissed as it was found he was not the man.

POLICE COURT

In the police court this morning a case against Fred Isaacs, who is charged with assaulting Arthur Wakin, a U. S. immigration officer, was resumed. Michael Mitchell, who witnessed the affair, said that he was with Isaacs on that day in Brussels street, but left him and went into a house, and on coming out saw Mr. Wakin picking up his hat. He also said that he did not hear any bad language, as was alleged.

Mr. Wakin was questioned by the defendant regarding the Syrians in the old country.

Abraham Joseph, a native of Syria, and of the Mohammed religion, said that he saw Wakin strike Isaacs and saw Isaacs strike back.

W. M. Ryan, counsel for the complainant, called the attention of the witness to the seriousness of his oath, and he said he understood.

The magistrate then asked him if he was a Christian and he said he was a follower of Mohammed, yet believed in the Bible.

Mr. Ryan thought that the Koran taken on that, but the magistrate said he would not consider the evidence.

Fred Isaacs then told his version of the case, of how he met Mr. Wakin and after some words regarding the collection of this money, struck him on the right shoulder. The defendant confessed that he struck back.

The magistrate then summed up the evidence and dismissed the case.

A case against John Crosby, who is charged with stealing harness from Edward Hogan's stable, was resumed. Alexander Devine, an employee in the stable told how he locked up on the night in question and opened early the next morning. He said he went out and when he came back Mr. Hogan said there was some harness missing. Detective Biddiscombe told of finding the harness in Leo McNamara's barn in Thome avenue. He also told of the arrest of the prisoner at a farm in the Westmorland road, where he was employed in a hay field. Sergeant Detective Power, who accompanied Detective Biddiscombe, will give his evidence at a future hearing. The case was postponed until tomorrow at noon.

One man charged with drunkenness was remanded to jail.

INSPECTION POSTPONED.

On account of the weather conditions the city commissioners' inspection trip of the property at Alexandra Heights, which was to have taken place this morning, was postponed until tomorrow morning.

CONFIRMATION TOUR.

His Lordship Bishop LeBlanc left this morning on a confirmation tour to Sussex, Norton and Millstream. He was accompanied by Rev. Father Allan.
