Secretary's Report: The report of the secretary, follows:—In submitting the thirtieth annual report of this society I find, in looking over the records of the year past, that while there has been no new branches taken or new branches organized, you will note by the tabulated statement that there have been many cases in which I have had to intervene for the prevention of acts of cruelty not only to animals but also to women and children, which I have to the best of my ability and by the counsel of our solicitor tried to avert.

BAGILLI ARE USED TO SLAY PRINCE

Russia Has Another Strange Murder Greatly Resembling Pantchenko Cases

(Canadian Press) St. Petersburg, Feb. 21.—Another mysterious case has come to light in the south of Russia. The victim, a young nobleman, was killed at Kieff through the administration of bacilli. Today the police compared the crime with the Pantchenko case, and were amazed at the similarity. The authorities are baffled, their only theory being that some other medical man or chemist, led on by the revelations of vast sums made through murder by Pantchenko, has sought to imitate him.

NOW REPORT THAT BISHOP FALLON MAY GO TO PHILADELPHIA

(Canadian Press) Windsor, Feb. 21.—The French Canadian resident of Essex County have expressed in no uncertain manner their opinion of the stand taken by Bishop Fallon of London in the recent bilingue controversy. A meeting attended by some 200 French speaking residents of the county was held at Tecumseh and telegrams were ordered to be sent to Senator Balcourt, "unequivocally approving the course taken by the French Canadian at home and demanding the absence of Bishop Fallon at the installation of Archbishop Gauthier on Monday." The recent publication of a story from Philadelphia that Bishop Fallon might be chosen to succeed the late Archbishop Ryan is believed by some French politicians to be the thin edge end of the wedge which will result in the removal of Bishop Fallon to another diocese.

MONTGOMERY SCHOOL BOYS AS FIRE FIGHTERS

(Special to Times) Moncton, Feb. 21.—Fire broke out about 10.45 o'clock this morning in a house owned by Dr. Taylor and occupied by Mrs. Babineau, opposite the Aberdeen School. The school boys organized a temporary fire brigade, trained a ladder service, and were about to use extinguishers when the school building, when the chemical engine arrived. The firemen soon got the blaze under control. The damage was slight.

FREE EMPLOYMENT BUREAU FOR MANITOBA

(Canadian Press) Winnipeg, Feb. 21.—Manitoba may establish a free industrial and employment bureau. The Winnipeg Industrial and Development Board is considering the matter for some time, and there was talk of Winnipeg establishing a labor bureau. The school boys organized a temporary fire brigade, trained a ladder service, and were about to use extinguishers when the school building, when the chemical engine arrived. The firemen soon got the blaze under control. The damage was slight.

CHRISTIAN ASSOCIATION FOR CANADA'S TRAVELERS

(Canadian Press) Toronto, Feb. 21.—Commercial travellers of Canada have decided to form a national association of their own. They have secured offices in the Confederation Life building. The general secretary is A. Douglas, and the field secretary, F. Bruce Horn, who will communicate with any interested.

A SERIES OF FIRES

A fire in G. R. McDonough's store, St. Martin's, yesterday morning did considerable damage. When Mr. McDonough went to the store about 10 o'clock, he found the place full of smoke and on going in discovered that the floor around the stove was in flames, and the stove had tipped down into the basement. With the help of some neighbors, water and snow were brought quickly, and the blaze smothered. There was no insurance. An alarm from box 102 brought out the firemen this morning on a needless errand. It was a false alarm. People arriving in the city this morning from Hampton and intermediate points reported a large fire in the vicinity of Perry's Point last night. It was at first thought that the fire was in the mill on the river, but it was later stated that a barn owned by Oty Murphy was destroyed together with some cattle and hay. An inquiry at Perry's Point by telephone this morning brought the reply that the only fire they knew of destroyed a haystack about three miles up the river.

NEWS OF CHATHAM

(Special to Times) Chatham, N. B., Feb. 21.—The annual competition between the curling clubs of Chatham and Newcastle for the cup presented by the Highland Society of the Miramich, took place yesterday and resulted in a victory for Chatham, 154 points to 112. Ten rinks from each club competed, five in each team. The cup was held by Chatham, and yesterday's play leaves it with them. Work has already commenced on tearing down the buildings at the west end of the town to make way for the new railroad. The right of way must be ready for the railway commissioners to take over by May 1. Three rinks of curlers are expected here tomorrow from Sackville to make an attempt to lift the Miramich cup.

Jury's Recommendation for Mercy to Banker in New York Has No Weight With Judge—Not Known When Sentence Will Be Begun

TAFT HAS ABOUT WON FIGHT FOR RECIPROCITY

Only Three United States Senators Now Endanger Enactment of Bill and it is Expected to be Passed—Tory M. P. P.'s of Manitoba, Whipped Into Line, Play the Game for R. L. Borden

(Canadian Press) Washington, Feb. 21.—Canadian reciprocity today has a distinctly better chance of becoming a reality than ever before. The president's threat of an extra session, which neither Republicans nor Democrats want, coupled with his arguments and persuasive powers on recalcitrant senators and representatives has practically won the fight.

There are only three senators who appear to be endangering the enactment of the bill. They are Heyburn, of Idaho, Cummins, of Iowa, the insurgent chief, whose eloquence contributed so largely to the unpopularity of the Payne-Aldrich bill, and Hale of Maine who believes the injury to his state would be irretrievable if Canadian reciprocity became an actual fact.

They are to be whipped into line this week and outside of the measure believe that it will pass the senate with a whoop in the closing hours of this congress next.

An important Republican conference took place last night. Those participating were Senators Burrows acting chairman of the finance committee, Senator Smoot and Flint, members of the committee, Senator Crane and Senator Cullen. They are displaying what might be defined as a solemn enthusiasm over the Canadian pact-solema because they deprecate the political exigency which compels them to stand by the executive in its advocacy of the measure.

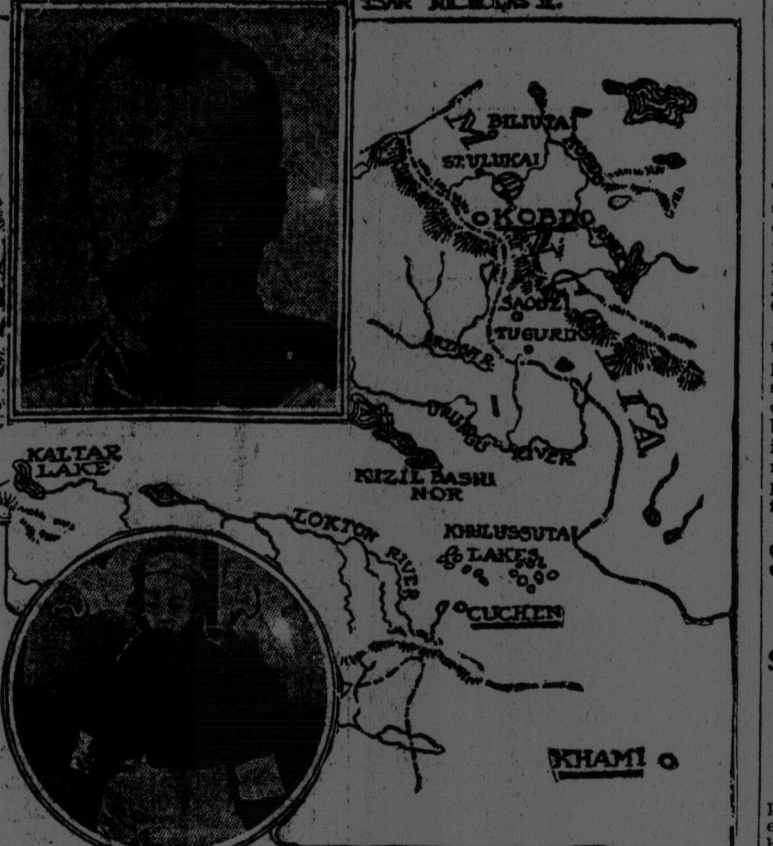

Senator Aldrich, chairman of the senate finance committee for his southern retreat has been busy on behalf of the McCall bill and it is due in no small measure to him that resistance was beaten down in the senate. He has kept the wires busy, urging senators to get in line.

Playing Borden's Game: Winnipeg, Feb. 21.—The Manitoba government came out flat-footed against the reciprocity treaty in the legislature last night advocating in its place imperial preference and the free extension of trade within the empire. Hon. Robert Rogers moved the amendment to the resolution.

King's First Levee: London, Feb. 21.—(Canadian Press)—King George held his first levee at Buckingham Palace today. It was a brilliant and imposing scene with the great reception rooms thronged with men in brilliant uniforms.

Birdie will have a similar event pulled off in St. John if her friends will honor it with their presence. The news comes today from London, that a large number of ladies will witness a prize-fight there, and Birdie is sure that Canadian ladies will desire to show their love for the dear old motherland at this critical time in imperial history, by patronizing a bout between Hon. Bob Rogers and any man that annexationists may name.

Deal on With The C. N. R.—Report Says C. P. R. May Start Ocean War

(Canadian Press) Liverpool, Feb. 21.—It is stated that the Cunard Steamship Company and the Canadian Northern Railway are forming a combination for a steamship service between Bristol, Liverpool and Canada. The management will be in the hands of a joint board of which a director of the Cunard Line will be the chairman.

New York, Feb. 21.—A special cable to the Herald from London says: "It is reported that the Canadian Pacific Steamship Line is dissatisfied with the amount of its immigrant business allotted to it by the North Atlantic steamer pool, and is making arrangements to transport immigrants to United States ports. This probably will lead to another rate cutting war."

Sir Wm. Van Horne Says This Would Mean Big Boom For Trade There

(Canadian Press) Montreal, Feb. 21.—That Canadian trade possibilities with Cuba were to a large extent restricted at the present time by the heavy middleman's charge, was the gist of an interview given by Sir Wm. Van Horne who has just returned from that country, and who has been in Cuba for several days.

There should be, he said, direct communication between the two countries as there was a fine field offered for Canadian products, those of the maritime provinces in particular. Unfortunately, however, a barrel of apples costing 41 in Nova Scotia became worth 57 by the time it reached the consumer owing to heavy middleman's charges. In the same way the cost of a 75 cent barrel of potatoes became 87.

Cuba was an exceedingly rich country and Sir Wm. Van Horne, Canadian trade commissioner at Havana, who the now in Montreal upon these matters, Sir William understood, had been urging upon the government the importance of agencies of this kind.

MARRIAGE CONTRACT BECOMES A BARTER

Cavelieri, the Singer, to Sue For Divorce—Husband to Settle \$50,000 on Her

(Canadian Press) New York, Feb. 21.—It was learned today that "Miss" has been written to the singer, Cavaleri, and Robt. W. Chanler. Following a secret trip to this country several weeks ago on the part of Cavaleri, a divorce was held and it was agreed that Cavaleri would sue for her freedom through the courts of France. Furthermore, she agreed to drop all civil suits against her husband, including attempts to force the famous prenuptial agreement by the terms of which Chanler said he transferred over all his property to his wife.

In return for these concessions, Chanler and his brothers agreed to settle an unconditional annuity upon the diva. This is said to amount approximately to \$50,000.

A DISPUTE OVER WHARF FEES ON GOODS AT POINT

The dual control of warehouses on the west side by the city and the federal government, it is said, is likely to lead to considerable confusion, judging by circumstances that have arisen on several occasions. A short time ago a harbor master and Collector Alward complained that the C. P. R. had refused to pay top wharfage on freight landed from their steamers at No. 6 berth, which is owned by the city, and taken into the government warehouse, No. 7, which is owned by the government.

A similar state of affairs arose today. The C. P. R. refused to pay wharfage to the city for freight landed from the steamer Montfort, which is lying at No. 6 berth, on the ground that the goods were to be taken into No. 7 warehouse, adjoining. The harbor master and collector contended that any goods landed at the city wharf and warehouse should pay wharfage to the city, and the C. P. R. was notified to this effect. The C. P. R. contend that there is not room enough in No. 6 warehouse for storing the goods, as the warehouse is now almost full, and they, therefore, had to store the goods in No. 7. The city officials in reply to this say that there is sufficient room in No. 6, but if the C. P. R. want more room it is for them to arrange for it, but it does not release them from paying wharfage to the city.

The harbor master and Collector Alward had a conference with the mayor this morning on the matter, and it is probable that some mutually satisfactory arrangement will be reached. In the meantime, the Montfort is idle.

SENATOR DAG TO SIR EDMUND

Lends H's Lumbering Experience in West to Refute Toronto Assertions—Reciprocity Benefit to Lumbermen

(Canadian Press) Toronto, Feb. 21.—Senator King writes to the Globe expressing himself as greatly surprised at Sir Edmund Walker's speech at the board of trade meeting, particularly with regard to the British Columbia lumber business which Sir Edmund declared was in danger of being swamped by the bringing in of inferior and cheap lumber from the adjoining states to the south.

Senator King states that for about eighteen years this cheap and inferior lumber has been coming into the northwest, including Alberta, entirely free, and in order to meet the wishes of the people of Alberta and other provinces the American manufacturer was allowed to place lumber on one side, thereby lessening the freight and making the lumber more saleable in the northwest.

"The reciprocity agreement," says Senator King, "if it becomes law leaves Canada's tariff as it has been all along, but gives free entry in the American market to Canadian rough lumber."

FAMOUS GEMS OF PROSE

DEATH SONG OF THIRTY FOUR
By New York Tribune Editorial, Dec. 29, 1893

HERE comes at this time from the dark continent, a plain tale of plain men in this latest year of the era of commonplace, as thrilling as any saga of Odin and his heroes.

It was in Matabeleland, in Captain Wilson's fatal pursuit of the wily monster, Lobengula. The principal facts of that gallant but disastrous ride have already been made known. But an officer of one of the Matabele regiments, who himself participated in the attack upon the entrapped Englishmen, supplies, in his own graphic phrases, some details that can never be forgotten:

"Machasha, induna in the Insaka regiment," he says, "tell you these things. We were six thousand men against your thirty-four. They rode into the track, and linked their horses in a ring, and commenced a heavy fire upon us, and our men fell fast and thick. We opened a fire upon them and killed all their horses. Then they took to cover behind their horses' bodies and killed us just like grass. We tried to rush them. Twice we tried, but failed. After a time they did not fire so much, and we thought their ammunition was getting short. Then, just as we were preparing to rush again, they all stood up. They took off their hats and sang. We were so amazed to see men singing in the face of death that we knew not what to do. At last we rushed. You white men don't fight like men, but like devils. They shot us until the last cartridge, and most of them shot themselves with that. But those who had none left just covered up their eyes and died without a sound. Child of a white man, your people know how to fight, and how to die. We killed all the thirty-four. But they killed us like grass."

Not the Spartans at Thermopylae, nor the Old Guard at Waterloo, presented a spectacle of sublimer heroism than that handful of Englishmen, surrounded by savage foes more than a hundred to one, when the last cartridges were in their revolvers, standing up in full view of their slayers, reverently baring their heads, and singing "God Save the Queen." Your latter-day materialists may sneer at it as fanaticism, or as mere brute desperation. It was neither. It was the sense of duty conquering the sense of fear. It was courage of soul triumphant over impending dissolution of the body. It was a "crowned hour of glorious life" that indeed was "worth an age without a name," worth it, not only to the actors in it, but to the whole human race. Those men had no reason to think, and did not think, that their death-song would ever be heard by other ears than those of their destroyers. Their deed was not bravado, but modest, loyal duty. And their voices will henceforth live in countless throbbing hearts, and their valor will make life and the world seem nobler to all their fellow-men.

MUST CHANGE METHOD OF EVANGELISTIC WORK

Opinion of Rev. Dr. Blake at Methodist Episcopal Convention—Appeal to the Young

Spokane, Wash., Feb. 21.—Every member gained by the Methodist Episcopal church in 1910 represented an expenditure of \$1,000 and a property investment of \$7,000, declared Rev. Dr. E. Blake of Chicago in an address before a convention of Methodist Episcopal Sunday schools of the Columbia River conference in Spokane, which was attended by delegates from all the northwestern states.

"The Methodist Episcopal church is facing a serious situation," Dr. Blake added. "The net gain in members was only 41,387 in 1910, an increase about equal to the net loss in 1909. This convinces me that the methods of evangelism are not producing results that at the present time, and they have never accomplished so little as now. The weakness of modern evangelism is that it makes its main appeal to adults, when it is a matter of fact that 80 per cent. of all converts are under sixteen years of age. The church must make its appeal to youth, and the earlier this is done the better the results will be of the church."

BUTTERCUPS PATROL OF GIRL GUIDES THE FIRST

Baden-Powell's Recommendation Carried Out in Spokane—A Letter from the General

Spokane, Wash., Feb. 21.—Buttercups Patrol of Troop 1 of the Girl Guides, the first of its kind in the United States, has been organized in Spokane by David W. Ferry, scoutmaster of Troop 1 of the Boy Scouts of America. The patrol was organized on the recommendation of Sir Robert Baden-Powell, organizer of the boy scouts, and it is expected that the movement will spread to all parts of the United States and Canada. The Girl Guides will be affiliated with the Boy Scouts. General Sir Robert writes in a letter to Scoutmaster Ferry:—

"I am delighted to hear that you are taking up such useful work in the states, and that the boy scouts are already on such a good footing for development and efficiency and citizenship in Spokane. I enclose for your information a small pamphlet regarding Girl Guides already published. It will be published shortly, giving their training in detail. This, as you see, is arranged much on the same principle as that of the scouting for boys, but designed to teach the girls more womanly arts of nursing and housecraft."

"I hope that you will tell your boys that I am delighted to hear how well they are doing in Spokane, and I hope they will not forget their brother scouts in England and commonwealth by picturing themselves otherwise, with a view of establishing a mutual friendship and sympathy that should exist between us who are of the same blood. I wish you every success."

Five hundred dollars has been raised for the equipment of a mounted patrol of the Scouts to meet Colonel Theodore Roosevelt, who will pass three days in Spokane some time next April.

ALDRICH GOES ON RECORD AS FAVORING TARIFF COMPACT

Washington, Feb. 20.—Senator Aldrich, chairman of the finance committee of the senate, has written to President Taft, that he favors the confirmation of the Canadian reciprocity agreement. Whether the letter makes promises of assistance in getting action in the senate at the present session has not been disclosed, but senators who have seen the letter estimate that the Rhode Island senator will do all he can to aid the president in carrying his programme to success.

Washington, Feb. 20.—Hearings on the McCull bill to carry out the provisions of the Canadian reciprocity agreement were begun today by the senate committee on Finance.

At the afternoon session Edward Hines, of Chicago, president of the National Manufacturers' Association, voiced the objections of lumber dealers to the agreement.

Washington, Feb. 20.—Both senators and congressmen are preparing for an extra session. They expect it to convene about March 15.

DR. BRIDGES OF ST. JOHN AT BANQUET AT WHICH PRESIDENT TAFT SPEAKS

Washington, Feb. 20.—"I really believe that with the consummation of the Canadian reciprocity agreement there will be a drawing together of two great nations; but a drawing together by closer business and social relations and not by political union," declared President Taft tonight at the centennial celebration banquet of the Grand Lodge of Free and Accepted Masons of the District of Columbia.

The president followed Henry S. Bridges, grand master of New Brunswick and Nova Scotia, who spoke of the good will of Canadians toward the United States in the Canadian reciprocity negotiations.

"I am delighted to know," said the president, "that Brother Bridges agrees to be not panoplied for war, but for peace. He does not look forward to annihilation nor the drying-up of the St. John river, which is a medicine of now, but of peace."

SHIPPING THE ST. JOHN EXHIBITION

The Billboard, in an article on the St. John Exhibition of 1911, written before the doubt of having the fair this year says: "Owing to its geographical situation St. John is naturally fitted to be the fair town of the three maritime provinces and its exhibitions have always commanded a much larger attendance than those of any other town in that section. Its industrial exhibits are always worthy of attention; its cattle and poultry shows last year were the best ever held in the province and its amusement attractions and "Pike" proved to be great drawing cards."

POWER BOAT CLUB UNIFORM SELECTED

At a special meeting of the St. John Power Boat Club last night, the provisions of an act to incorporate the club were agreed to. This act will be sent to the legislature soon. It was decided to have a long distance race for the commodore's cup on vacation day. The course will be from Indian Point wharf, and the start will be made at 9 a. m. The destination will be at Oak Point, where the day will be spent and where a regatta and sports will be held, return being made in the evening. The club adopted a uniform. This will consist of a blue coat with brass buttons and epaulettes. The cap will be of the same kind of cloth as designed for the Canadian navy, with the badge of the St. John Power Boat Club in front. The project of having a tank for gasoline was discussed and was left with the executive with power to act. The last concert and smoker for the season will take place next Thursday.

TO HOLD BANQUET

Y. M. S. of St. Joseph Plan Function for Soon After Lent

A meeting last evening, the members of the Y. M. S. of St. Joseph's decided to hold a banquet a short time after Lent, and the matter was left in the hands of the executive to arrange. It will probably be held the week following Easter Sunday.

Besides the members of the society, the president of the Catholic societies and the members of the east of "Coom's C. C." which the society will present on March 17 in the Opera House, will be invited. No banquet will be held after the evening performance on St. Patrick's Day, as has formerly been done.

J. J. Hill's Plans

Winnipeg, Feb. 21.—That J. J. Hill, expects to return to the north in the near future, is already making plans for active construction work this spring, on new feed-ers into western Canada. The Great Northern has already a number of branch lines running into western Canada, and connecting with the through main line in the northern states. With traffic running east and west, business has not been large. Now he evidently expects traffic to flow north and south and big preparations are being made for business.

PROBE INTO THE MISSING STONE CASE

Rather Sensational Reports Today as to Where Some of It Went—Investigation to Be Held.

Steps are now being taken to unravel the mystery of the disappearance of the 225 loads of broken stone, which the county officials claim was delivered to the city, and which the city officials claim was never received. Councillor Daoust, chairman of the committee on the hard labor squad, has asked for an investigation and it has been decided to edit the mystery to the bottom.

It was stated today that the books of the constable in charge of the jail prisoners, visited show that the stone had been delivered to city teamsters and it was also rumored that it would probably be shown that a portion of the stone had been delivered to lot owners. County officials. The inquiry promises to be of considerable interest.

MC2035 POOR DOCUMENT

THE EVENING TIMES AND STAR, ST. JOHN, N. B., TUESDAY, FEBRUARY 21, 1911

The Evening Times and Star

ST. JOHN, N. B., FEBRUARY 21, 1911.

The St. John Evening Times is printed at 27 and 29 Canterbury street every evening (Sunday excepted) by the St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act. TELEPHONES—News and Editorial, 102; Advertising Dept., 31; Circulation, Dept., 15. Subscription prices—Delivered by carrier, \$3.00 per year, by mail, \$2.00 per year in advance. The Times has the largest afternoon circulation in the Maritime Provinces. Special Representatives—Frank R. Northrup, Brunswick Building, New York; Tribune Building, Chicago. British and European representatives—The Clougher Publicity Syndicate, Grand Trunk Building, Trafalgar Square, England, where copies of this journal may be seen and to which subscribers intending to visit England may have their mail addressed.

THE EVENING TIMES THE DAILY TELEGRAPH

New Brunswick's Independent newspapers. These papers advocate: British connection. Honesty in public life. Measures for the material progress and moral advancement of our great Dominion. No graft! No deals! "The Shamrock, Thistle, Rose entwine The Maple Leaf forever."

RECIPROcity

The members of the Conservative government of Manitoba are opposed to reciprocity. So are the German-American and Irish-American societies of New York. Also many high-tariff men on both sides of the border. The chief reliance of the Conservatives in Canada, in their efforts to embarrass the government, appears to be in the flag-waving process. The empire is in danger. Annexation will follow reciprocity. The Liberals are destroying what for so many years the people have been building up. And so on.

But this fails to convince. The people of Canada know perfectly well that there is no relation between an exchange of commodities with the United States on more favorable terms and their devotion to the British empire. They know, also, that while there are some people who honestly doubt the expediency of entering into closer trade relations with the United States the opposition is chiefly political, and designed to weaken the hold of the Liberal government at Ottawa upon the confidence of the people at large.

Reciprocity will enlarge the trade of Canada, without affecting its relations with the mother country. The British government is favorable to the Fielding-Taft agreement. British financiers tell us what is perfectly obvious, that the greater Canada's opportunity for development the more it will appeal to the British investor. The people in the maritime provinces are not to be deceived in this matter. They know that reciprocity means greater prosperity for the farmers, lumbermen and fishermen. They know also that their loyalty to the British empire is not dependent upon a policy of commercial isolation.

RECKLESS JOURNALISM

The Winnipeg Telegram a few days ago printed a long report of a speech by Mr. Bradbury in which Mr. Oliver's disbursements were severely criticized. The speech had not been delivered by Mr. Bradbury. He had intended to deliver it, and the Telegram had an advance copy. This is not unusual, but the Telegram made the mistake of printing the report too soon. Not only so, but it proceeded to invent Mr. Oliver's reply. It stated that Mr. Oliver had replied in "a torrent of abuse," and added that he had failed to produce a single argument in rebuttal, nor "submitted a title of evidence" in support of the government position. Mr. Oliver, of course, had not replied at all. Mr. Bradbury had not spoken, and there was nothing to call for a reply. Readers of the Winnipeg Conservative journal were deceived, and the journal itself was convicted of an utter disregard for the truth in its treatment of political opponents. There are Conservative journals a long way east of Winnipeg that have the same elastic conscience. The most striking example is the St. John Standard, which in its insane hatred of the minister of public works, permits no lingering regard for truth or fairness to influence its utterances. Of late it has attacked Hon. C. W. Robinson with a similar disregard for the facts, while its recent column in regard to civic government in St. John has been so foolishly partisan as to align the sympathy of the majority of the men of its own party.

THE CHELSEA COMMISSION

There is a later instance than Galveston of the benefits derived from the commission form of government, even when the commission is appointed by the state instead of being elected by the people. We all remember the terrible fire which swept the city of Chelsea, Mass., destroying assessable property to the value of \$5,427,150. Since then the city has been governed by a commission appointed by the government of the state. There is now a feeling among some of the citizens that there should be a return to the elective system of city government, whether by a city council or an elective commission. The Christian Science Monitor, discussing the question, advises caution, in view of the expectation that the commission will further decrease the tax rate this year. It says:— "While an accurate estimate of the new rate depends on what amount the city has to pay the state, so closely has the commission watched over financial accounts and limiting operations since the fire of three years ago that figures shape themselves almost with certainty. If the tax rate, now \$22.26, is reduced by 60 cents, as it was last year, citizens of Chelsea should give credit where it is primarily due; that is, to the commission. In

THE REDUCTION IN THE TAX RATE IS STILL GREATER, THERE WILL BE ALL THE MORE CAUSE FOR TENDERING TO THAT BODY SOME GRATEFUL ACKNOWLEDGEMENTS.

"Under this commission, the amount of assessable property has steadily increased, and water rates also have yielded more money as new dwellings and business establishments have been erected. By careful attention to all details of city finance, the board has nearly succeeded in paying up the \$62,000 debt incurred for new furniture and other expenses necessary to put the departments in working order. It is probable that, under the old system of government, Chelsea could have avoided going into debt beyond the \$100,000 loan provided by the legislature? Would the city finances now be in a condition to make another reduction in the tax rate appear likely? Bringing order out of such confusion as that dealt with by this Chelsea commission was a noteworthy feat."

"IT MUST SOON BE REGARDED AS SOMETHING MORE THAN A COINCIDENCE THAT, UNDER COMMISSION GOVERNMENT EVERYWHERE, ECONOMY AND EFFICIENCY BECOME NOTICEABLE. ALTHOUGH CHELSEA'S MANAGEMENT DIFFERS IN SOME RESPECTS FROM THE USUAL FORM OF COMMISSION GOVERNMENT, THE PRACTICAL RESULTS ARE ESSENTIALLY SIMILAR. THE CITIZENS OF CHELSEA, BEING FULLY OBLIGED OF WHAT THE COMMISSION HAS DONE TOWARD REHABILITATING THEIR CITY, MAY FIND IN THAT PERFORMANCE A GUIDE TO CAREFUL JUDGMENT IN ESTIMATING THE WORTH OF A COMMISSION GOVERNMENT AND THE VALUE OF AN AGITATION LOOKING TO A RETURN TO THE OLD CITY COUNCIL PLAN."

AUSTRALIA'S NEW NORTH

The name South Australia is really a misnomer, since the province extends through the heart of the great island from the south to the northern coast. Only the southern portion, however, is developed, and between it and the northern portion extends a great desert. The northern region, however, is rich in resources, and the province of South Australia has given it to the Commonwealth or federal authority on condition that steps be taken for its development. An exchange thus speaks of the new territory:—"South Australia makes a gift of this territory to the Commonwealth with the wise condition that something shall be done toward developing it. At present it stands practically in the same relation to the rest of Australia that Alaska does to the United States. It is known to be a great grazing country. Buffalo thrive upon its almost impenetrable plains, promises tremendous possibilities in cattle pasturage. It is a rubber-tree country. There are opportunities for the establishment of guano-percha plantations on an immense scale in the tropical part of the territory. It has great fisheries. It is the most fertile turtle land in the world. But, as a matter of fact, while it comprises one sixth of the total area of Australia, it has been and is to this day, so inaccessible to the adventurous people who are first to discover the real worth of a new country that comparatively little is known about it. What the Commonwealth first undertakes to do is to construct a great transcontinental railroad that will open this country to the explorer, the pioneer and the immigrant. There is an agreement that an amount approximating \$80,000,000 shall be expended on this railroad. Its completion may be the means of showing the Commonwealth that it has put off the development of its richest territory to the last."

SENATOR KING SHOWS THAT IN HIS ATTACK ON RECIPROcity SIR EDWARD WALKER DID NOT KNOW WHAT HE WAS TALKING ABOUT. THERE ARE MANY LIKE SIR EDWARD WALKER, AND MANY ALSO WHO KNOW PERFECTLY WELL, BUT TAKE CARE TO KEEP THE KNOWLEDGE TO THEMSELVES AND TELL THE PEOPLE ANOTHER STORY.

OTTAWA HAS A CITY COUNCIL AND BOARD OF CONTROL. THE CITIZEN WANTS THE CITY COUNCIL ABOLISHED AND THE COMMISSION PLAN ADOPTED. IT SAYS:—"AT PRESENT THE CAPITAL IS OVER-GOVERNED WITH A BOARD OF CONTROL AND A BOARD OF ALDERMEN. THE FORMER HAS BEEN EMPHATICALLY ENDORSED BY THE ELECTORS, BUT THE LATTER HAS BEEN PERSISTENTLY TOLERATED, MOST LIKELY BECAUSE THE CITY HAS ALWAYS HAD ALDERMEN. BUT THE TWO SYSTEMS ARE REALLY INCOMPATIBLE. JUDGED BY OTTAWA'S EXPERIENCE, AND THAT SUCH IS THE CASE IS BECOMING MORE APPARENT. IF THE RATEPAYERS WANT GOOD GOVERNMENT THEY MAY HAVE IT—BUT THEY MUST FIRST ASK AND THEN DEMAND IT."

THE DAY THAT IS PAST.

If we sit down at set of sun, And count the things that we have done; One glance we find, One self-denying act, one word That eased the heart of him who heard; One glance most kind, That fell like sunshine where it went, Then we may count the day well spent. But, if through all the live-long day, That brought the sunshine to a face; If through it all, We've done no thing that we can trace, That brought the sunshine to a face; No act, most small, That helped some soul, and nothing cost, Then count that day as worse than lost. —Anonymous.

AN EXCEPTION

"I have observed," said the old professor solemnly, "that the women nowadays are too frivolous. The average woman's reading is not productive of any profit." "Don't you believe it," put in the family man. "When she reads the bargain ads it's productive of profit to the advertiser." —Catholic Standard and Times.

THOUGHT IT WAS CANCER

Cured by "Fruit-a-tives"

Sydney Mines, N. S., Jan. 23rd, 1910. "For many years, I suffered torture from Indigestion and Dyspepsia. Two years ago, I was so bad that I vomited food constantly and I lost 23 pounds in weight. I was afraid the disease was Cancer, but I read about "Fruit-a-tives" and I cured the worst of my trouble by taking three bottles. I found a great change for the better and now I feel every other treatment I have used and I gratefully say "Thank you, "Fruit-a-tives." EDWIN ORAM, Sr.

"Fruit-a-tives" is sold at 60c. a box, 6 for \$2.50, trial size 25c. At dealers or from Fruit-a-tives limited, Ottawa.

INTERNATIONAL HYMN

(Tune "America" or "God Save the King")
Two empires by the sea,
Two nations grand and free,
One anthem raise,
One race of ancient fame,
One tongue, one faith, we claim,
We love and praise.

What deeds our fathers wrought,
What battles we have fought,
Let fame record,
Now, vengeance passion, cease,
Conquerors of peace, arise,
No hate nor pride's caprice,
Unleash the sword.

Though deep the sea and wide
The nations and their pride
Binds strand to strand,
So be the salt between
Grey coasts and islands green,
With bonds of peace serene,
And friendship spanned.

Now, may the God above
Guard the dear lands we love
Both East and West,
Let love more fervent glow,
As peaceful ages go,
As strength yet stronger grow
Blessing and best.

—George Huntington, in Philadelphia Ledger.

"Women," remarked the grocer, "are not hard to please."
"Not," interjected the landlady.
"Yes," continued the grocer, "all you have to do is to let them have their own way."

HAD A TOUGH FOOT

A late-footed negro wandered into a blacksmith shop in a little southern town. While watching the smith pound the iron into shape he unconsciously stepped on a red-hot coal. After several minutes had passed, he noticed his nose once or twice and remarked in an incidental way: "Poahs to me, sah, dat I smells rubbish burnin'." —National Monthly.

When the Odds Are Against You

You Can Depend on DR. CHASE'S SYRUP OF LINSEED AND TURPENTINE to Help You, If You Get the Genuine

What a fight goes on during the winter season against coughs and colds. The children are careless about keeping warm, and the parents are worried to hear them coughing against enemies.

The best remedy against enemies results is the use of Dr. Chase's Syrup of Linseed and Turpentine.

So we repeat in this brochure, and so universal is the need that we need never tell you of its use. But we do wish to warn you against imitations and substitutes.

Once you know that there is at least four imitations of Dr. Chase's Syrup of Linseed and Turpentine on the market, you are not likely to let a dealer talk you into accepting anything but the genuine, on each bottle of which are the portrait and signature of A. Chase, M.D., the famous Rosette Brand author.

Imitations are sold under the reputation of this great medicine, but do not on their own merits, or who else did not have a name of their own.

With the genuine Dr. Chase's Syrup of Linseed and Turpentine you can readily overcome croup, bronchitis, whooping cough, throat irritation, and the most serious coughs and colds. 25 cents a bottle; family size, 60 cents; all dealers or Edmondson, Bates & Co., Toronto.

Editor Times:—

Sir,—I see by the papers that the Sea-men's Institute is to make a grand effort to clear the society of its encumbrances. Success to their arms, I say. It is a most useful society and is doing a great work. Its effort to clear itself will be well rewarded because that excellent woman Mrs. E. A. Smith is taking a hand. Mrs. Smith and Miss Mabel Peters, of children's playground fame, are two of the most excellent workers in lower Canada. Another is Lady Tilley. To the latter New Brunswick owes a lasting debt, but she does not want any reward. Her reward is in heaven. We have many excellent societies in town, which are doing

good work, day and night, and we read at stated intervals of citizens contributing of their own free will to their support. We wish them well. When we see men who are strong and active getting the best fruit from the top boughs we look up and say, "Drop a cherrie or two."

"Well O!" is that you Turner? When I drop it?"

"I'll tell you—right plunk into the treasurer's pocket at the Every Day Club. It's the most useful society in town. I want the generous givers of this town to remember the club. You all know its here, working every day, and I'll tell you something you may not believe. I believe the blessing of the Lord rest on you in its way, as the church or Y. M. C. A. in their way. The E. D. C. helps men to be

men. I heard a lecture one time, (entitled the Rich Man's Daughter). The lecturer among other things said she is taught never to snub the poor, because the poor sometimes arise to most enviable positions. The club opens its welcome doors to youths and men who may need its companionship and they find in the club a hearty welcome, warm hand shakes and a nice place to remain in for the evening. Young men and youths who are good at heart, but who feel they are not good enough for church or Y. M. C. A. Neither are they bad enough for the saloons, and worse places. I wish I could tell you of my struggles of the long ago, but I'm afraid. You excellent people, remember the club next time you want to give. May the blessing of the Lord rest on you in its sincere wish of

A. T. B. HOWARD.

Mrs. Wilford Campbell acknowledges with thanks \$10 from Dr. James Walker, South Cove in aid of the valentine party which she held recently in aid of the Seamen's Institute.

ARGUING TELEPHONE RATE CASE

Public Utilities Commission Today Hear Counsel for Claim That Commission Has Not Jurisdiction

The inquiry into the complaint brought by the board of trade on behalf of the people, that the rates charged by the New Brunswick Telephone Co. are excessive and unfair, was opened this morning before the public utilities commission. The meeting, from 10 o'clock until 1 o'clock, was occupied by argument of counsel for the telephone company, that the commission had no jurisdiction in the matter. The argument was followed with considerable interest by a number of lawyers and others. The hearing was continued at 2:30 o'clock this afternoon.

The meeting was called to order about 10 o'clock in the Admiralty court room, Piquet building. Those present were: D. McLeod Vince, (chairman), G. O. D. Oty and O. M. Johnson, commissioners; E. P. Barnhill, K. C., M. G. Teed, K. C., and Recorder Baxter, for the telephone company; Thomas McCulloch acted as stenographer.

The Company's Arguments.
Mr. Barnhill, for the telephone company, recited sections of the various acts of the legislature dealing with the incorporation of the company and the amendments thereto. He then read the following statement outlining the arguments they would take regarding the question of jurisdiction of the public utilities board—

1. That under prior statutes of the legislature of New Brunswick, the right to deal with and adjust the rates is vested in the lieutenant-governor-in-council before the passing of the Public Utilities Act which act is not retrospective so as to apply to rates so established and fixed.
2. That under the prior legislation vested rights have accrued to persons holding stock, the right to take away or interfere with which is not expressly given to the commissioners and cannot be implied.
3. That the jurisdiction to entertain and adjudicate upon the matters of complaint is vested in the Board of Railway Commissioners of Canada.
- (a) Because the telephone lines of the respondent connect this province with other provinces.
- (b) Because the terms of the railway act amendments are expressly applicable thereto.

Mr. Teed then took up the argument at length on the grounds set forth in the first two sections of the statement and Recorder Baxter dealt with sections 3 and 4.

OPPOSE EXTENSION OF STREET RAILWAY OUT MARSH ROAD

Fernhill Directors Take up Question—Approve Westmorland Road Line; Are Against The Other

A special meeting of the directors of the Fernhill Cemetery Company was held yesterday afternoon to discuss the question of a petition circulated, asking the St. John Railway Company, to extend their tracks out the Marsh road, before making any other extensions.

After some discussion a resolution was adopted approving of the proposal of the railway company to extend their line out the Westmorland road and to the back gate of the cemetery. The members were emphatic in stating that they did not want the cars to run to the front gate, via the Marsh road. The highway board of the parish of Simonds will meet again this week to consider the matter.

WIFE'S VISITOR NOT WELCOMED BY BARRY

Trouble in Erin Street Home Leads to a Police Court Case

The home of Michael Barry in Erin street, was yesterday afternoon for a short time, anything but a scene of domestic tranquility. His wife, Margaret, had as a guest Mrs. Emma Daigle, who had gone to her neighbor's home to "borrow a few matches to light her fire," but the guest was an unwelcome visitor in Michael's eyes, and he did not hesitate in making his hostility apparent.

Mrs. Daigle, in the police court this morning, said that she had caught her by the arm, and slapped her mouth, kicked her in the side, and when his better half interferred that she also was set upon, and struck and kicked. Mrs. Barry confirmed these statements, and her husband, whom she had given in charge was remanded. Neither woman showed much sign of having been ill-used.

Archibald Campbell and Wm. Anderson were fined \$4 each on charges of drunkenness.

HON. MR. HAZEN APPOINTED TO LOOK AFTER PROPERTY OF PATIENT IN PROVINCIAL HOSPITAL

The February sittings of the Supreme Court in Chancery opened this morning in the Chancery court room. Mr. Justice McLeod presiding. On application of F. R. Taylor the case of Lodge vs. Calhoun was adjourned.

The case of the Attorney General vs. the St. John Lumber Company went over until the next court.

D. King Hazen read the application of J. D. Hazen, chairman of the Provincial Hospital Commission, to be appointed a committee to look after the property of Rebecca Mitchell, a patient in the institution. She is one of the heirs of her brother, Wm. J. Mitchell, deceased, and of her father, John Mitchell, deceased. The property consists of about 100 acres of land at Alma, Albert county. The application was granted.

His Honor granted several summons for direction and the court then adjourned sine die.
