Report of St. Stephen Presbytery.

THIRD SESSION.

Woodstock, 19th June, 1862, }
8 o'clock, P. M. }

Synod met pursuant to adjournment, and was opened with prayer. Minutes were read and sustained. Report of the Presbytery of St. Stephen was again read.

The Presbytery of St. Stephen begs respectfully to report to the Synod as follows:

The Presbytery have had six meetings. The Rev. William Millen, now Moderator of the Presbytery, has been inducted over the congregations of Bocabec and Waweig, and the congregation of Baillie has received occasional supplies from the Presbytery of St. Stephen. A district of missionary labor assigned to the Rev. Wm.

Millen at Tower Hill, has been cultivated. This claim for missionary labor is commended to the inquiry and consideration of the Home Mission Committee. Missionary work has been performed at Little Ridge by two other members of Presbytery, but no claim will be made on the Committee in reference to it. The new Manse at St. James has been nearly completed, and adds much to the comfort of the Minister as well as to the strength of the congregation. The Presbytery have to refer the following cases to the Presbytery for advice.

1st. A dissent and appeal of the Rev. John Turnbull, the particulars of which are recorded in the Presbytery minutes.

2d. A case of the dispensation of the Lord's Supper, to a sick person at St. James, under circumstances stated in the Session Records of that congregation.

3d. A case of the celebration of the Lord's Supper at St. Stephen, without dispensation of tokens to the members of the congregation, as usually done.

All which is respectfully submitted, by order.

Wm. ELDER, Clerk.

Finding relative to St Stephen Presbytery report.

1st. The first point referred, viz., the dissent and appeal of the Rev. John Turnbull against decision of the Moderator in not putting a motion of his which was not seconded, and against the Clerk for not recording said motion on same ground, was taken up. Presbytery record on the subject was read, and Mr. Turnbull's protest, when it was moved and agreed to, to dismiss the complaint against the Presbytery of St. Stephen.

Mr. Elder craved extracts of this finding, which was granted.

2d. Reference relative to the dispensation of the Lord's Supper to a sick person, was then considered, when it was moved and agreed to, that this Synod, while not feeling warranted in censuring the conduct of the session of St. James, in the case now under consideration, yet at the same time declares that the law and practice of the Presbyterian Church is against private communion and hereby expresses its decided disapprobation of the practice.

3d. Reference relative to distribution of tokens was then taken up, discussion upon which was proceeded with till the hour of adjournment.

Closed with the Benediction.

Synod was opened with prayer. Minutes were read and sustained; when reference relative to distribution of tokens was again taken up. It was moved that the Synod do not find it expedient to take any action upon the reference.

It was also moved as an amendment, That the Synod recommend to all the congregations within its bounds, to use tokens at the communion according to the usual practice of the Presbyterian Churches.

The motion and amendment having been put to the Court, the amendment was carried by a majority of seven to six.

Objections having been taken to concluding paragraphs of St. Stephen Presbytery report, it was moved and carried that they be omitted; whereupon it was moved and agreed that the report be approved.

Overture from St. John Presbytery, calling for enquiry relative to the allegation that the use of Instrumental Music was still persisted in by the congregation of St. Stephen, notwithstanding the disapproval of such form of public worship, expressed by last Synod; also petition from the congregation of St. Stephen, setting forth that Instrumental Music has been in use among them for some time past, that from it they have received much aid in the service of praise; that there is not in the congregation a dissentient from the practice; that their practice they feel convinced is scriptural and right, though not in accordance with the practice of several Presbyterian Churches; that the manner of praise does not require strict uniformity; and praying that the manner of conducting praise may be left to the sessions and congregations of the body, or at least to appoint a commission to enquire into the circumstances; also Mr. Turnbull's reasons of dissent from the decision of the Presbytery of St. Stephen, viz., that permission should have been asked by the congregation of St. Stephen for the use of Instrumental Music; that it was a novelty and that no new law should be enacted, &c., were read.

When Mr. Elder proceeded to move that the prayer of the congregation of St. Stephen be granted, viz., That the manner of conducting the Psalmody may be left to

the session and congregation of St. Stephen; or should the Synod decide otherwise, that before any Ecclesiastical action is taken in the matter, the Synod may direct that a suitable commission may enquire into and report upon the circumstances of the congregation of St. Stephen.

The motion was seconded pro forma, when the hour of adjournment having arrived, the Synod was dismissed with the Benediction.

1st amendment
on Instrumental
Music.

Synod met according to adjournment, and being opened with prayer, Minutes were read and sustained; when Mr. Elder having claimed to make some additional remarks in support of his motion, it was moved and agreed that Mr. Elder be further heard ex gratia. Mr. Elder having concluded, and his motion having been put to the house, it was moved as an amendment by the Rev. Mr. Stirling and seconded by Mr. Turnbull, That the prayer of the petition of St. Stephen congregation be rejected. Discussion upon the subject was proceeded with till the hour of adjournment, when the Moderator dismissed the court with the Benediction.

SIXTH SESSION.

Woodstock, 20th June, 1862,
3 o'clock, P. M.

2d amendment
on Instrumental
Music.

Synod met, and being opened with prayer, the Minutes were read and sustained, when discussion upon the motion and amendment relative to the use of Instrumental music in the congregation of St. Stephen was proceeded with. After much discussion, Mr. M'Master moved and Mr. Donald seconded, a second amendment, viz.:

That the first prayer of the petition be not complied with, inasmuch as the granting of it would unduly commit the Synod, and that a committee be appointed to advise with the congregation of St. Stephen as to the impropriety of using Instrumental Music, contrary to the general usage of the Parent Presbyterian Churches, and likewise of this Church.

Discussion was proceeded with up till the hour of adjournment, when the Moderator dismissed the court with the Benediction.

SEVENTH SESSION.

Woodstock, 20th June, 1862, }
6 o'clock, P. M. }

Synod met and was opened with prayer. Minutes were read and sustained, when commission from session of Richmond in favor of Mr. Savage, as representative Elder, was read and sustained, and his name ordered to be placed on the Roll of Synod.

Mr. Savage on Roll.

Discussion on Instrumental Music was then proceeded with, when a third amendment was moved by Mr. Alves, viz.:

That considering the circumstances of the congregation of St. Stephen, and the alleged excessive difficulty of conducting the praise of God without the aid of an instrument of Music, the Synod, while reasserting its disapproval of Instrumental Music in the worship of God, agrees to permit in the meantime the use of said instrument in the St. Stephen congregation; at the same time exhorting the congregation and its office-bearers to use all endeavors to train the people in the practice of sacred music, so that they, as soon as possible, may dispense with such aid.

3d amendment on Instrumental Music.

Debate having been concluded—first amendment, viz.: That the prayer of the petition of the congregation of St. Stephen be rejected—was, by leave of Synod, withdrawn, when the vote was taken first between the remaining two amendments; a majority of votes appearing in favor of the former of the two, viz., that moved by Mr. M'Master, it was put in opposition to the original motion, when there again appeared a majority in its favor.

2d amendment on Instrumental Music, carried.

Motion by Mr. M'Master, to appoint a committee to advise with the congregation of St. Stephen, having been declared to be carried, it was also moved and carried to appoint the Revds. Messrs. Donald and Alves as a committee to advise with the congregation of St. Stephen as to the impropriety of using Instrumental Music, contrary to the general usage of the Presbyterian Church and of this Church.

Committee to advise St. Stephen congregation.

The meeting was closed with the Benediction.

EIGHTH SESSION.

Woodstock, 21st June, 1862, }
10 o'clock, A. M. }

Synod met according to adjournment and was opened

with prayer. Minutes were read and sustained, when the report of the Presbytery of Miramichi was read, viz.:

Report Pres-
bytery of Mira-
michi.

The Presbytery of Miramichi have to report that they have held eight meetings during the past year, but that little important business has been transacted; that shortly after last meeting of Synod, Mr. Fowler received a call from Bass River—a portion of Mr. Law's congregation—and has settled in that locality; that several efforts have been made to terminate the difficulties at New Mills, but without success, and that Mr. Farquharson has been laboring as a missionary at New Carlisle and vicinity during the past year.

The remit of Synod on the subject of Union with the Church of the Lower Provinces, was taken up at meeting of Presbytery in January, and the following resolution adopted. "That the basis of Union proposed is perfectly satisfactory, and touching that part of the resolution which refers to a general representative Assembly and Synod with co-ordinate jurisdiction, the Presbytery are unanimous that such a scheme is altogether unnecessary, and that the pressing of it would only frustrate the union desired; and moreover the Presbytery express their solemn conviction that such a union would be advantageous to the interests of both Churches, and earnestly hope that it might be consummated with the least possible delay." The members of the different committees were re-appointed.

JAMES FOWLER, Py. Clerk.

Case of New
Mills.

It was then moved to read the documents bearing on the case of the congregation of New Mills, referred to in the report. Memorial from a portion of the congregation, signed by 99 persons, praying to be acknowledged as a separate congregation with two preaching stations, one at Jacquet River and the other at River Charloe, and assigning reasons for such prayer, was first read; Minutes of Presbytery relative to the case were then read. Deputation appointed by Synod of last year were heard, when a committee consisting of Messrs. Law, Elder and Stirling (Mr. Stirling, Convener), was appointed to confer with Mr. M'Master relative to the case, and report at next sederunt.

That the Report of the Presbytery of Miramichi be received and approved; that having considered the case of New Mills referred to in that Report, and minutes of Presbytery bearing on that point; also having read the petition of memorialists, instructs the Presbytery of Miramichi to erect the petitioners into a separate congregation, with stations at Jacquet River and River Charloe, and to appoint them such supply of preaching as they may find available; the newly erected congregation being advised that they will be expected to contribute all the expenses of said supply.

tive to New
Mills.

Resolved, also, that the congregation thus erected be instructed that they should be ready to discharge any pecuniary obligations, under which they may be, to the Rev. Mr. M'Master, in conjunction with the remaining portion of the congregation.

Com. of Books
Report.

Moved and agreed that the report of the Committee of Books be received and approved, and that the Books of the several Presbyteries be attested.

The Report of the Presbytery of York was then read, viz.:

Report of Pres-
bytery of York

The Presbytery of York beg leave to report that during the past year they have held the usual number of meetings, that they have elected representatives for the several committees of Synod, and that a considerable amount of missionary labor has been done by its various members throughout the bounds of the said Presbytery. Mr. Salmon has been preaching at Glassville and other stations during the past year. Mr. Stirling and Mr. Smith have been supplying stations in the same way. The Presbytery are glad to be able to state that prayer meetings in some of the congregations are on the increase, that Bible classes are being taught, and that a greater interest is manifested in such classes and meetings than last year. A new church has been opened at Tay Creek by Mr. Stirling, which will tend much to the comfort of the people there. Two churches are being erected at Prince William for the permanent worship of God. The house at Prince William, which was owned by Mr. Glass, has been bought by the congregation, and efforts are being put forth to liquidate the debt remaining upon it. The collections ordered by the Synod have been made with great regularity in the various congregations. All which is respectfully submitted.

ALEXANDER SMITH, Py. Clerk.

It was also agreed, that for the present year Mr. Glass receive a share of any grant that may be obtained from the Free Church.

The Convener of the Home Mission committee read the report for the past year, including reports from Messrs. Brown and Dunlop, viz.:

Home Mission Committee beg leave to report—That H. M. report.

during the past year Missionary operations have been carried on through the students who have acted as Catechists, by Rev. Mr. Brown, and by Rev. John I. Dunlop. There is at the present only one Catechist who came to the Province in April last, at the instance of the York Presbytery, but whose expenses are chargeable on the H. M. Fund. As part of this report we beg to submit reports from the Rev. Messrs. Brown and Dunlop, from which the nature of part of the missionary operations carried on by our Synod, may be better understood.

To the Convener of the H. M. Committee.

"In presenting a brief report of our labors during the past year to your committee, we at once recognize the goodness of God in restoring our health, and enabling us to fulfil our duties to those stations to which we were

appointed, in as far as preaching and but a partial visitation of the several families in those districts are concerned.

"We entered upon our labors immediately after the last meeting of Synod. We began with Golden Grove, where there is a church and the attendance encouraging—about fifty. Their interest in the ordinances of the church seems unabated as regards regularity of attendance, but their appreciation of religious privileges is very small, judging from the smallness of the contribution—collections and contributions for the year \$19 63. A Sabbath School has been in active operation throughout the winter, which promises to be a blessing to the locality, with about sixty volumes of interesting religious reading in circulation, as a nucleus of a library for the school. There is nothing in this district peculiar unless it be the want of professed family religion—a state of things only to be improved by the more frequent means of grace and a more pastoral oversight.

"Lepreaux and Musquash are the next stations which we have visited monthly. The former has but four Presbyterian families who attend, and the little congregation which meets in the Temperance Hall is made up of all denominations. We have a more favorable impression of the moral worth of the Presbyterians at Lepreaux, than at some places. They give cheerfully their contributions to the Home Mission. We had hoped to have the Lord's Supper administered to those of them who are members of the Presbyterian Church, and a few others who would have united with us for the first time; and thus have kept them in connexion with the great Presbyterian family scattered over the country. But the circumstance of the absence of some members of their families (being engaged in lumbering), prevented the necessary intercourse to so desirable an end.

"At Musquash the Presbyterians are few, and are not so much interested in the services held in the school house at Lancaster Mills, as might be expected. Local jealousies have some influence on this state of things, still generally the average attendance is encouraging—about forty. Their contributions are generous, being chiefly from those not Presbyterian. These stations visited the same Sabbath, have contributed this year \$56 87.

"At Nerepis, the last of the four stations, we have held more services than at any of the other places. The cause is hopeful in some aspects. With the concurrence of your Committee, a church membership has been organized, and the sacrament of the Lord's Supper been dispensed twice. On the first occasion, the 10th Dec., twenty-six sat down, many for the first time, and on the second occasion, forty-seven joined in the commemoration of the Lord's death—many of them being from the Old Kirk. There are no Elders appointed, and I do not think that the mind of the congregation is yet prepared to choose any of their number to that office.

"Contributions to the H. M. Funds for this year, has been \$39 83.

"Enclosed is a full financial statement of the whole receipts and expenditure of these stations for the year ending June, 1862.

"GEORGE BROWN, Missionary."

MR. DUNLOP'S REPORT.

Shediac Missionary Station takes in the increasing population at the Terminus, the Village, and Cape, and the Scotch Settlement. This might be enlarged at pleasure by comprehending Irish Town and Buctouche.

The Mission was commenced in October last year. A room called the Masonic Hall was rented, in which divine service is conducted generally twice on the Sabbath day, and other places as I can. The attendance, when the weather and other circumstances have permitted, during the winter, has rated from 100 to 200, and on some occasions there appeared to have been as many as 250. A Sabbath School has also been commenced, which promises to be very useful; and a Bible-class has been conducted during the winter, of from 10 to 20 persons, from 50 to 14 years of age, male and female, married and single. The other preaching places are all well attended, according to their respective population. The congregations are composed of nominal Presbyterians, and others in some way or other connected with Episcopalians, Wesleyans, Baptists, Congregationalists, Universalists, Infidels, and occasionally a few Papists. Ungodliness fearfully abounds. Profane swearing, Sabbath breaking, and drunkenness prevail to a very great extent. The people receive and treat me with kindness and

respect. They are not offended to be told their faults; and, on the whole, there is much to interest and encourage.

The hesitation manifested by the committee, with regard to the carrying on of the mission, the unwearied annoyance and opposition of the Bend Kirk minister, and other things, together with the badness of the times, have all militated against the success of the mission; and the fact that it has succeeded as well as it has, amid all these discouragements, is a strong reason for its prosecution with energy and decision.

To do so, in my opinion, it will be necessary for the committee to place the missionary independent of the people; to get them to help the missionary funds as much as possible; the erection of a new church as soon as practicable; and to restore confidence to the neighborhood with regard to the determination of the Synod to carry it on.

In a few years, with the divine blessing, there is every reason to think that a nice little congregation would be raised at Shediac, and a station formed in a very important locality for meeting the wants of the surrounding settlements. But should the mission be allowed to drop now, it is the opinion of many that the Synod need never attempt to renew it.

I generally preach three times on the Sabbath, and as often during the week as I can.

JOHN IRVINE DUNLOP.

There can be no doubt regarding the importance of Shediac as a missionary station. Prior to entering upon it as a field of labour, our attention was drawn to it by a letter received by one of the members of the committee from a member of the Prince Edward Island Presbytery, intimating that if the Presbyterian Church of New Brunswick had no objections, the Presbytery of P. E. Island would establish a mission in Shediac. Your committee had previously had an eye on Shediac as an important field, and believing that the church would be unwilling to have it supposed that she was less zealous for the common cause than any other neighbouring church, resolved, if possible, to take up Shediac as a missionary station. Convener of committee made a visit to the place, preached in it, and found several people

generally favourable to the establishment of a missionary among them. Shortly after, the Rev. J. I. Dunlop arrived in this province, and, as an eminently suitable person, was engaged to labour among the people of Shediach. He has since been employed there with, your committee believe, excellent results. We believe that nothing should deter the Synod from endeavouring to establish a permanent missionary station at Shediach. It is a rising and rapidly increasing village. At the same time, should a missionary be established there, great efforts will require to be made to increase the Home Mission funds.

Your committee regret that intimation has been received by the Convener to the effect that the donation given by the Irish Church will likely be withdrawn, though it is to be hoped that the Convener's remonstrance sent forward may yet have the effect of procuring its continuance. Still, the Synod must in the meantime look to the prospect that we may be cast on our own resources for missionary operations, at least for the present. Appended to this report is a financial statement of receipts and expenditure, from which it appears that, after liquidating present liabilities, the Home Mission Committee have only to look with certainty to the congregational collections of the present year for means to carry on their operations. These were more than swallowed up last year by claims for special missionary labour. Reverting to Shediach, the people there sent a memorial to the Home Mission Committee, praying that Mr. Dunlop might be continued among them, and promising to contribute to his support to the amount of \$170. Your Committee would say that, if possible, the mission at Shediach ought to be supported; but stringent measures alone will raise the funds required. The principal points on which Synod will require to decide are:

- 1st. How to raise the necessary funds.
- 2d. Where missionaries should be located during the present year.

Herewith is submitted a treasurer's account of the Fund.

3d. That these resolutions be offered for insertion in the Woodstock papers and in the "Colonial Presbyterian."

Mr. Stirling then gave in a verbal report of the Foreign Mission, stating that £42 1s. 8d. had been raised during the past year for this object, viz. : Foreign Mission report.

principal efforts of this Church shall, by collecting cards and otherwise for the ensuing year, be expended on behalf of the Home Mission fund.

The amendment being put to the court was lost, and the original motion carried by a vote of eight to six.

Susten. Fund

Sustentation fund was then collected and distributed by Mr. Elder, according to principles of distribution adopted on preceding years.

Synod adjourned with the Benediction.

The Committee on union of Presbyterian bodies beg Committee on
leave to report as follows:— Union report.

1st. That the resolution of the Synod held in 1860 had been communicated to the Synod of the Presbyterian Church of N. B. in connexion with the Church of Scotland, prior to the meeting of the Synod of this Church in June, 1861.

2d. That the answer of that Synod was subsequently received, with the letter accompanying the same, is subjoined.

3d. That your Committee recommend to the Synod the following resolutions upon this matter:—

I. That the Synod receive with much satisfaction the assurances of the Synod of the Presbyterian Church of N. B., in connexion with the Church of Scotland of a desire to cultivate friendly and christian intercourse, with this Synod, not only in relation to the matter of union, but as an obvious christian duty.

II. That this Synod is not impressed with the existence of any insuperable obstacles in the way of a union between the principal Presbyterian bodies in New Brunswick, and would be pleased to confer upon this subject with bodies favourable to union.

III. That the Committee on Union be re-appointed, and desired to prosecute its labours.

IV. Your Committee would refer the Synod to the Presbytery reports on the subject of union with Nova Scotia. But while the Committee are of opinion that this matter should not be lost sight of, they do not find it expedient, in the present circumstances of the church, to come to a hasty decision in a matter which requires much consideration.

All which is respectfully submitted.

WILLIAM ELDER, Con. of Com.

It was then moved and agreed that the report be received and adopted, and the Committee be reappointed, with instructions to carry out the views of the Synod in the matter of union.

It was then moved and agreed, that an address of condolence be written to Her Majesty, relative to her late bereavement, and also an address to His Excellency the Lieutenant Governor, congratulating him on his appointment to the administration of the government of this Province; and that the Moderator, and Clerk, and Rev.

It was also moved and agreed, that the thanks of this Synod are due and hereby given to those members of the Legislature who, during the last session of Parliament, so ably advocated our claims for a provincial grant towards the Woodstock Seminary; to our esteemed Moderator, the Rev. William Alves, for his faithful exertions in the same case; and likewise to the Editor of the "Colonial Presbyterian," for the very energetic manner in which he advocated our claims in his excellent journal.

Mr. Fowler, Convener of Committee on Temperance, read the report; when it was moved and agreed that the report be received and approved, and Mr. Fowler thanked and reappointed to prosecute his labours in the cause of temperance.
