SOLDIER BOYS DOING GOOD WORK

Rapidly Getting Into Military Shape
Officers and Men Taking Great Interest.

[By our staff correspondent.]

Sussex, N. B., July 11—After a week of extremely hot weather during which officers and men worked earnestly, the 73rd Regiment in command of Col. Messer-eau is showing marked signs of improvement, and is steadily climbing up the list until now it ranks high in the Canadian Militia.

Of late years there has been a marked improvement in the making of this regiment and to-day the officers from the Colonel down take a deep interest in things military. The officers who are in camp are all hard workers and this cannot fail to work in the best interests of the regiment. Sargeant Major Duncan is the efficient instructor. The camp this year is a very orderly and quiet one.

Visitors to the camp on Sunday were disappointed that no church parade was held. Every preparation was made but at 9:30 a. m. a heavy shower of rain fell which continued until after the hour set for parade, consequently service in the open was called off. Service was however held in the market and was well attended.

F. Company was at the range to-day and seventeen passed for third year efficiency pay, while the balance of the company got second year, which is a very creditable showing.

Among the companies F. Co. is looked upon as one of the best in the regiment. The officers take a deep interest in the work and the men are not shirkers.

The following is a list of the men in F. Co.

1910-1911

A Glimpse Round Campbellton on 12th July, 1911

A Recovery that All Canada Should be Proud Of.

Tuesday 11th July was the anniversary of the great disaster which overtook our town last year, when through fire our homes and possessions were destroyed and many of us left destitute and homeless. On the morning of the twelfth last year it was indeed a dreary and heart-rending sight to gaze upon the ruins of our cherished town, but the unconquerable spirit which never says "die" has in a great measure been ours and in one short year we have made a record in building which will be hard to beat. The feelings of despair which could be excused in any one that memorable twelfth last year, would be changed to expressions of wonder and amazement could they have seen at the same time that same place Campbellton on the morning of the twelfth July 1911. Whence comes the change? The spirit of the people has ever been "to go forward" instead of sinking down under the crushing blow, and weakly railing at fate, the men and women of Campbellton heroically made efforts to retrieve their ruined fortunes, and in the face of difficulty and discouragement have set about rebuilding their town and making it better and to all expectations more prosperous than it was before. On this twelfth day of July, 1911, the total number of buildings within the town limits, one year exactly after the fire, by actual count is 1031, which includes 785 permanent buildings, 171 temporary buildings or shacks, 18 permanent buildings in course of construction, and 75 which were not burned.

All buildings which were nearing completion were included as buildings already erected, but those given as in course of construction are not included in the total figures. All buildings which do not conform to the By-Laws governing the erection of buildings in the district in which they are located are included as shacks or temporary buildings.

Of the above number over 800 buildings were erected during the past summer and winter months, the remainder during the present summer. No railway property or buildings have been included in the above figures.

The buildings which were not burned included 4 on the north side of Water Street near the I. C. R. station, 2 at the east end of Water Street on north side (one being a dwelling house and the other a freight store house), 2 on the Wharf at the east end of Ramsay Street, 16 at Fortin's Crossing and in the vicinity of Mill Creek bridge, 4 at the south end of Prince William Street, one at the south end of Andrew Street, 7 on Hillside Street, 11 on Sugar Loaf Street, 17 on Gerrard Street West, 7 on Duncan Street and 4 along the I. C. R. track at the west end of the town, making a total of 75 buildings which remained standing within the limits of the town after the fire.

The total number of streets in the town is 51 and two of these viz Dalhousie Street and Cromwell Street are distinguished by having no buildings whatever on them.

The estimated assessable value of all these buildings is in the neighbourhood of \$1,750,000, so that everyone can see, we have made some progress, and the value of our town is increasing daily. There is much yet for us to do but from the above it should be seen that we would take heart of grace and new courage and go on and keep prospering.

BASEBALL LEAGUE

Results of the Week's Games

Last Friday the rival railways met for their second game of the series. The first game played ended in a draw and the I. N. R. boys who are now heading the league were out to win. The final score was 10 to 5 in favor of the I. N. R.

Monday's game between Mechanics and I. C. R., was called off on account of darkness just when the Colonials were going in to bat for their fourth innings and were leading 5 to 2. The postponement was not well received but was unavoidable under the circumstances.

On Wednesday evening the town boys had an opportunity to lift themselves from the bottom place but found the conquering Nationals too many for them. They did play good ball doing some good hitting and stealing but threw away all the good work in costly errors.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 50 cents per bottle. Sold by all druggists.

Price Retail Family Pills for constipation.

SUMMER SCHOOL

OF SCIENCE

A Large Enrollment of Students.

From present indications it appears that the 1911 session of this School, which opened at Fredericton on Wednesday July 12, has a record attendance. One feature which has doubtless attracted a large number of teachers is the offer of Money Scholarships which have been donated by friends of the School and others interested in education.

About fifty Scholarships will be awarded: some of ten dollars each and some of twenty dollars. A few scholarships are given for teachers from certain districts, but the majority are open for competition amongst all the students.

The Board of Education has granted the use of the Provincial School for the meeting of the Summer School and overflow classes will be accommodated in the city High School.

In addition to the classes and lectures, field work and excursions will be indulged in.

The Senate of the University of New Brunswick will also tender the students a Garden Party in the beautiful grounds of the college.

NEVER FORGET THIS!

When packing for the country outing, don't forget your box of Zani-Buk and your Zani-Buk Soap!

Blisters, sunburn, scratches, insect stings, etc., if not immediately attended to, are likely to spoil your pleasure. Zani-Buk ensures you against trouble from these.

Zani-Buk is antiseptic, kills all poison in wounds, whether from barbed wire fences, or insect stings. Soothes itching feet and blistered hands; heals baby's chafed places; cures those sunburn patches, and prevents freckles. No mother should be without it. Purely herbal in its composition. Zani-Buk is superior to the ordinary ointments containing animal oils and fats, and mineral coloring matter. All druggists and stores 25c. box. Use also Zani-Buk Soap. Best for baby's bath and for tender skin. 25c. tablet.

MOONLIGHT EXCURSION

The first evening cruise of the season will be held on Monday next the 17th inst per R. M. S. Canada. The steamer will leave the public wharf at 7 prompt for Carleton, calling at Dalhousie going and returning. The entertainment has been organized by the new tennis club, and all intending to participate will find their wants fully catered for. The Campbellton Brass Band will be in attendance, and with music and dancing the night will be well spent. Refreshments and ice cream will be served on board at nominal prices.

OBITUARY

The many friends of Mr. William Delaney learned with sincere regret of his death which occurred on last Tuesday at his residence at Flatlands. Quae. Deceased was eighty years of age. He was well known and had a large circle of friends. Besides his wife he is survived by one daughter, Mrs. Richard Murray of Campbellton and six sons. The funeral was held on Thursday morning from his late residence to the church of St. Lawrence at Matapedia and the funeral services were celebrated by Reverend Father Najette.

Mrs. Charles Nelson and little son, Lloyd, left Wednesday morning on the Canada for New Brunswick where they will spend some time visiting relatives.

THE CAMPBELLTON GRAPHIC

LET THEM GO

(Union Advocate)

Some of our contemporaries are most persistently prophesying the defeat of the Reciprocity Agreement and the downfall of the Canadian Government because of the defection of such men as Sir Wm Van Horne of the Canadian Pacific, John C. Eaton of the T. Eaton Co., Honorable Clifford Sifton and many others who have waxed rich on the profits from government grants, government contracts, or the fruits of other men's labors appropriated in other ways. It will take a lot of such desertions to kill the Liberal party so long as that party can successfully maintain the common people—the working artisans and farmers of the country. The desertion of Sir Robert Perks, the great contractor, and some hundred of the aristocratic, rich and titled Liberals just before the recent crisis in Britain did not destroy, or even weaken to any appreciable degree,

the hold of the Radical government upon the United Kingdom. Rather, by such weeding out of undesirable elements from its midst, the Radical cabinet was strengthened. So it will be in Canada. The party that will finally win and hold this Dominion will not be a party of railway magnates, land speculators and Captains of Industry, but a party of the common people. The quicker such men as Van Horne and Eaton leave the Liberal Party the better for the real Liberals that are left.

Only one thing can overthrow the Liberal party in Canada and that is such a change in the attitude of the working man towards it as happened in British Columbia in the last provincial election, when class-conscious Labor voted so solidly for Socialism that the Liberal candidates were swamped, and the Conservatives, who secured less than fifty per cent. of the total vote, yet managed to elect 38 of the 42 representatives,

the Socialists now having 3 in the House and the Liberal Party only 1.

Something exactly similar happened in Cape Breton County last month, when in the Provincial General election the Socialists ran a candidate for the first time and (according to the final figures published in the Conservative Glace Bay Standard) polled 713 votes, or between five and six per cent. of the total, with the result that the two Liberal members were defeated by a narrow margin by the Conservative nominees. Unless there was a landslide of Liberal voters to the Conservative ranks, which is not at all probable, the Socialist candidate drew his support mainly from those who had once been Liberals.

Any wholesale desertion of the Liberal Party by the great speculating and manufacturing interests, as is alleged by opposition papers to be a fact, will tend to more and more heal the breach between Liberalism and Labor, and thus keep the Conservatives

still longer in the cool shades of opposition. It is not the attitude of the millionaire so much as that of the common laborer that the Liberal party needs to carefully study. With the masses, not the classes, lies the dominion of the future.

LET CANADA BEWARE

(Union Advocate.)

According to a Canadian Press despatch from Los Angeles, California, dated June 28th ultimo, Mrs. Ortie E. McManigal's attorneys, Clarence S. Darrow, Joseph Scott, Lecomppte, Davis and Job Harriman, declare that it is difficult to characterize in temperate language their opinion of the cruel treatment accorded Mrs. McManigal the day before, that under the subterfuge that contempt proceedings against her were to be instituted because of her failing to testify, detectives an hour and a half "tortured her to such extent mental and bodily extremity that she finally fainted, and required a physician to restore her; that it was added by her attorneys that the prosecution offered to send Mrs. McManigal to a hospital if she desired to go, but that she steadfastly asked to be permitted to return to her attorneys; that Arthur Veitch, deputy district attorney, stated positively that there had been no "Third degree" methods used in connection with Mrs. McManigal and declared equally positively in answer to a question about a rumor that McManigal at last had been promised complete immunity that such was not and would not be the case.

The above charges may or may not be absolutely true, but charges against United States officers of torturing witnesses in order, after they have weakened and half-crazed them by physical and mental suffering, to extract from them some testimony favorable to those who are working up the case for the prosecution, are becoming so common of late that there must be some ground for some of the allegations so persistently made. The most southern of the United States have largely relapsed into the barbarism common to Corsica, Sardinia, Sicily, Albania and Montenegro, the homes of the vendetta and the blood feud of primitive peoples; and, it would seem that the mediaeval practice of torturing witnesses is reviving in the north of the republic. Such doings, if unchecked, will be revenged by assassination or rebellion, which will lead to more repressive measures against supposed criminals, and this to more assassination or more rebellion and finally to either a successful revolution or utter subversion of order.

While there is much good in the United States system that Canada might adopt with advantage, the less she copies the United States modes of dealing with witnesses and persons accused of crime the better. The closer Canada draws to the mother country—the more we assimilate ourselves to what is best and most progressive in the moral and social thought of Britain and northwestern Europe—the more our government becomes like the home government, and the more our political parties conform to the standards of corresponding parties in the Home land the safer and more lasting will be the national foundation Canada is building for herself.

James and Archibald White, of Scotland, Steeplejacks, are in town this week, repairing the chimneys of Hicks's Mill.

B-H ENGLISH PAINT

Said the Architect — "I have specified B-H ENGLISH PAINT because I have found it the best, and the cheapest in the end. It costs less to apply—covers more surface—protects better—and holds the color longer. It is the only Pure White Lead and 30% Pure White Zinc Paint—an ideal formula. Then, too, it is guaranteed by BRANDRAM-HENDERSON and the guarantee is printed on the can. It is the kind of Paint for your house, sir."

Grade IX—Miriam Murray, Isabel McEwen, Simon Driscoll, Katie Breen.

DOUGLASTOWN SCHOOL MEETING

Douglastown annual school meeting was held Monday night.

Mr. David Anderson chairman.

The secretary's report showed receipts of \$1561.14 and expenditures of \$1487.98 during year leaving balance on hand of \$73.16.

The Auditor Mr. F. A. Phillips reported the accounts correct.

The reports of the Auditor and Secretary were received and adopted.

Mr. Allan MacLean, secretary, was re-elected trustee. The other two members of the Board are Messrs. Alex. Jessamin and Thos. J. Earnett.

Mr. Robt. H. Jessamin was elected Auditor.

The assessment for next year was fixed at \$1200.00 same as last year.

Mr. James Ahern asked if there were any word from the Board of Education re building a new school house in Douglastown, and anything about a new primary department in Rosebank or conveyance of Rosebank pupils to the present school.

In reply the Secretary said he had written to the Chief Superintendent asking the latter to authorize the Inspector to call a meeting to consider such matters and attend himself. Dr. Carter had replied that he could not attend a meeting in Douglastown anyway soon, but that something would have to be done for Rosebank in the near future. Dr. Carter had not yet authorized the Inspector to call any special meeting.

The chairman then called upon any Rosebank ratepayers present to state the desires of that end of the district. There was, however, but one resident of Rosebank present and he declined to make any request of the meeting for any change in the present arrangements.

The question of building a new schoolhouse in Douglastown was postponed, the general opinion being that the district should hold the present site, which might soon be very valuable, and during the present summer make some repairs on the present building.

Adjourned.

CHATHAM PULP MILL

Plans for the reorganization of the Miramichi Pulp Company or for the purchase of their mill in Chatham are being made. If the plans now under consideration are put into effect the plant will be improved and enlarged and its capacity increased from forty five tons to ninety tons of pulp per day.

NEWCASTLE GAINS

17 PER CENT.

Newcastle's population is now announced as 2945. In 1901 it was 2507. The gain in ten years has thus been about 17 per cent.

TEACHER PROMOTED

Mr. Norman D. Carter, teacher, who for the last four years has taught the miscellaneous class at Chatham Head, has been promoted to the position of principal of the school for the coming year.

UPPER CHARLOTTETOWN SCHOOL

This school which has been in charge of Miss Francis J. Hall, of Bathurst during five successive terms, closed for the summer vacation on Friday the last day of June.

There was a large number of visitors among them being many of the parents of the pupils and other friends who anticipated that the proceedings would be interesting and they were not disappointed. The school work reflected great credit on both the teacher and the pupils, and showed that they made good use of their time in school, for which the teacher was congratulated for her energy and zeal.

Miss Hall has given excellent satisfaction during the time she has had charge of the school and the ratepayers whose children have been attending school are very glad that she has resigned and will be in a position longer where she would like to remain and where her services were appreciated.

She was presented by the pupils with a cut glass berry set of dishes consisting of six pieces, and a vase (china hand painted) besides she received from five of the pupils individual presents.

The pupils entertained the visitors with a well selected programme of choruses and songs, recitations and dialogues in the presentation of which they cleverly sustained their several parts.

PROGRAMME

Welcome Chorus.

Recitation—St. Peter at the Gate.

Recitation—Kitty knew about Sheep.

Dialogue—The train to Mans.

Douglas Craig, Agatha Babin and Josephine Williams.

Recitation—What a boy can do.

Address by the Secretary.

(God Save the King)

At the close of the proceedings the Secretary of the trustees, Mr. S. S. Bassett made an appropriate address congratulating the pupils on the progress they made in their school work during the year.

menting the teacher on the successful manner in which she conducted the school during the long time she had argeed of it.

NEW C. M. B. A.

M. E. Haley, grand deoy, Hon. John Morrissey, trustee, and George Harper, organizer, instituted a new division of the C. M. B. A., at Nelson, Sunday, with 30 members.

TEACHER PROMOTED

Mr. Norman D. Carter, teacher, who for the last four years has taught the miscellaneous class at Chatham Head, has been promoted to the position of principal of the school for the coming year.

The Campbellton Graphic

J. G. McCOLL, EDITOR H. B. ANSLOW, MANAGER

CAMPBELLTON, N. B., JULY 14, 1911.

"THE HENLOCK MUST BE DRUNK."

As the moment approaches for final action by the House of Lords on the veto bill there is a marked change of attitude on the part of the militant wing of the Tory party. It is quite evident that the party managers and organizers have been carefully inquiring into the condition of public opinion and the probable result of another general election in the event of the King refusing to create enough new Peers to put the veto bill through the Lords. There seems to be no warrant for the belief still lingering in some quarters that the King would refuse to add five hundred Radical Peers to the Lords at Mr. Asquith's request. The Tory managers, regarding such a refusal merely as a remote possibility, began to figure as to what the practical outcome of his Majesty's hypothetical action would be. They are now convinced that another appeal to the electorate, the third within two years, would be political suicide, and that the Unionist party would emerge from it short of its strength for a generation, perhaps for all time.

The veto bill will therefore be accepted by the Lords "under duress." The Daily Telegraph, owned by Mr. Pears, says "the henlock must be drunk," but, forgetting that in Greece he who would drink the henlock was performing his last conscious act on earth, adds that "what is done will not be irrevocable." There is to be some sort of political stomach pump at hand to save the Lords from the consequences of drinking the henlock. In passing the bill the Tory party is to announce that it does so because for the moment it cannot do otherwise, but when it obtains power again the veto act will be repealed at the first opportunity.

Liberals can afford to smile at these protestations. They are of a piece with the statements made by the Peers and their supporters among the landed classes when the general election of January, 1910, proved that the country favored Lloyd-George's land taxation Budget. The Lords accepted the principle of the taxation of the unearned increment of land "under duress" as they now propose to accept the veto bill, but in the short space of eighteen months that principle has so proved its value by the breaking up of great estates that no political party over likely to hold power in the United Kingdom would dare to repeal the land taxation clauses. It would be the same with the veto act. That measure destroys the paramount position of the hereditary legislator in the British Parliamentary system and makes him merely a retarding influence instead of a controlling power. The Lords may drink the henlock fortified by the London Telegraph's coming assurance that what is done is not irrevocable, but history and the logic of events are against them. In a month at most the last great House of hereditary legislators remaining in the world will be shorn of its historic veto power.—Ex.

TAXATION

Speaking in Vancouver not long ago Joseph Fels, the millionaire Single Taxer of Philadelphia, gave a humorous account of how he first blossomed out as a philanthropist.

Seven years ago on one of his sundry trips to England to the United States "to get another breath of American corruption," a real estate agent of Philadelphia recommended him to buy a piece of property as a good investment. The agent frankly admitted that there was no railway due there just then, but the land would come in by and by. It was 11½ acres in extent and the price was \$35,000. He finally bought it at \$32,000 and then he turned around to see what he could make of it. He decided to hand it to an association to be divided into forty garden plots for the use of the people, he retaining his ownership.

He said to himself, "Fels, you will certainly get your name in the Domesday book," but as one of the conditions he decided to get it into as many newspapers as he could, accompanied by his picture. He thereupon became such a celebrity that he was invited to afternoon teas. The house on the property he gave to another society for the use of needy young women, and a condition of that was that he should appear in the papers as the charitable Mr. Fels. Last year when he returned to Philadelphia he found the proper-

ty still there and the agent came to tell him for how much it could be sold. He was told that at that time he could get \$100,000 and if he held it two years more he could get \$125,000.

"I said to Yokaum," said Mr. Fels, "if they want that property at \$125,000 tell 'em they can have it."

"Now, ladies and gentlemen, I sold that property for that sum. Now I ask you who made me that \$90,000. Did I? No, I did not. "Did that property belong to me? No; it did not. It was made \$90,000 more valuable by the people of Philadelphia, who increased it by their building, and to the people of Philadelphia it should belong. And I have the courage to say to you that I do not own it rightfully. I know that four-fifths of you here are interested in the land question. But how many of you here have the courage that I have and will stand up and say that the city should own the property which is now in your name?"

Joseph Fels is honorary president of the Ontario Tax Reform League, which is urging that municipalities be allowed to reduce taxes on buildings and other improvements and create taxes on land values, which greatly improved plan of taxation has long been recommended for our own town of Newcastle by Alderman H. H. Stuart.

The city of New Westminster, B. C., has decided by a plebiscite to exempt buildings and all improvements and levy taxes on land values only. Vancouver adopted the same system about two years ago. Edmonton was the first Canadian town to adopt the new idea. It has worked admirably. Vancouver has found it to be the best move it has ever made.

More than 400 Municipal Councils and boards of directors in Ontario have asked that the laws of Ontario be changed to permit any town or Municipality to make the change if it so desires. The same thing was asked of the Local Legislature by Campbellton at last session, and, we trust, the Newcastle Council will demand the same right of the Legislature next Spring.

This is how, says the Dartmouth (N. S.) Patriot, the present system of taxation works out: "A house assessed at \$5000, pays at the present rate, from \$75 to \$100 a year into the town treasury. In thirty years the owner would pay in at \$30 a year the sum of \$2400. The interest on that sum at 5 per cent payable yearly is worth nearly as much more or over \$4400 in all. That is the owner pays as much in taxes on his house in 30 years as his house is worth. During all those years also his house is depreciating. Land does not depreciate as a rule. A building does."

"When every lot within a city's limits," says the Ottawa Journal, "has to bear its equal share of taxation no rapacious speculator will buy up vast tracts and leave them idle, trusting to the industry of others for immense unearned increments. No home builder will hesitate to add a coat of paint or a verandah, fearing an undue increase in assessment."

Putting all, or the principal part, of taxation on land values, will not solve all the difficulty and injustice in taxation plans of the past, but it will greatly simplify and facilitate the collection of taxes, distribute the burden of taxation more equitably and will greatly lessen the extreme case with which land is now grabbed up by speculators and monopolized. Our taxation system is hopelessly out of date, and the new way outlined above would be a long step in the right direction.—Ex.

The woman of today who has good health, good temper, good sense, bright eyes and a lovely complexion the result of correct living and good digestion, wins the admiration of the world. If your digestion is faulty Chamberlain's Stomach and Liver Tablets will correct it. For sale by all dealers.

MAKE THIS TEST.

How to Tell if Your Hair is Decayed

Even if you have a luxuriant head of hair, you may want to know whether it is in a healthy condition or not. 98 per cent of the people need a hair tonic.

Pull a hair out of your head, if the bulb at the end of the root is white and shrunken, it proves that the hair is diseased, and requires prompt treatment if its loss would be avoided. If the bulb is pink and full, the hair is healthy.

We want everyone whose hair requires treatment to try Rexall's "93" Hair Tonic. We promise that it shall not cost anything if it does not give satisfactory results. It is designed to overcome dandruff, relieve scalp irritation, to stimulate the hair roots, to tighten the hair already in the head, grow hair and cure baldness.

It is because of what Rexall's "93" Hair Tonic has done and our sincere faith in its goodness that we want you to try it at our risk. Two sizes 25¢ and \$1.00. Sold only at our store—The Rexall Store, Thos. Wynn.

VISITORS TO PRICHARD'S LAKE

Mr. and Mrs. Wilfred Brown, Miss Mona McLennan, Miss Daley Ferguson, Campbellton; Miss Ada Weyer, Weyer's Brook; Miss Annie McClary, Miss E. Pearl McLean, Geo. McClary, River Hebert, N. S.; J. D. Munro, Maccan, N. S.; T. Evans, Moncton, N. B.; A. E. Cripps, Thomas Riley and friends, Sussex, N. B.; J. A. LeBelle, F. Tessier, L. L. D. St. Joseph, N. B.; C. H. Godin, M. D., Ottawa, Ont.; A. E. Williams, J. N. Forrest, Toronto, Ont.; Stanley McK. Brown, Barnesley Prichard, T. S. Coffin, R. H. Taylor, Montreal, P. Q.; John Petallick, St. John, N. B.; J. S. Frank, New York City; Ralph Warren, Beverly, Mass. U. S. A.; L. G. Pinault, M. D., A. T. LeBlanc, R. Ellsworth, F. E. Shepherd, Alex. McLennan, Leonard Hatfield, Roy Christie, Wm. Gray, Frank Duguay, Campbellton. All parties enjoyed excellent fishing.

MRS. JOSEPH HODGINS

The community will be very sorry to hear of the death of an old and respected resident of Belledune N. B. Mrs. Joseph Hodgins, aged 73 years.

She passed peacefully away on July 4th 1911 and leaves to mourn her loss a sorrowing husband and seven children Mrs. Edgar S. Gott and Mrs. Charles H. Andrews of Pigeon Cove, Mass. Mrs. George Anderson of Petite Rocher, John in Chippewa Wisconsin, Robert of Oregon, James of Edmonton, Alberta, and Allan at home.

She was a woman who always tried to follow the "Golden Rule," respected and loved by every one who knew her.

The following brothers and sisters survive. Robert Vaughan of New York; Daniel, George and Allan of Massachusetts.

Appropos of ball might we be allowed to point out to the league teams that they are killing the enthusiasm themselves by not turning out promptly. No game has yet been started on time, and in all kindness and in the mildest manner possible we desire to state that we go to the ball field to see a game not to admire a few bovines peacefully grazing in the stump field.

Good tea is the result of care and experience in blending—must be the combination of fine flavor, smooth strength and richness. Because all these elements are so generously included in Red Rose Tea it well merits the term "good tea."

RED ROSE TEA

PERSONAL

Miss Connie Murray is visiting at Jacquet River.

Misses Nan Corbett and Lucy Nelson were in Dalhousie last Saturday.

Miss Cruikshank is the guest of Mrs. Evan Price.

Mrs. Blackhall and family have moved down to their summer cottage.

Mrs. Geo. G. McKenzie spent a few days this week in Dalhousie.

The Misses Crockett of Fredericton, are the guests of the Misses Mowat.

Miss McLeellan of Moncton is visiting in town.

Miss Jean McLennan is home for her summer vacation.

Mrs. Hall and children are visiting Mrs. Evan Price.

Miss Maud Appleton from Montreal is home for the summer.

Misses Mowat from Montreal are spending their vacation at home.

Ross and Boswell Malcolm spent Sunday in Dalhousie.

Miss McMillan, sister of Mrs. T. P. Drummond, is visiting at the Manse.

Rev. Mr. Howat of Montreal was the guest of Rev. Mr. and Mrs. Drummond for a day or two this week.

Mr. and Mrs. Harry Smith returned from their honeymoon trip this week.

Mr. Fred Graham has left for the Maritime Boys' Camp, N. S.

Mr. J. B. Carr spent last week in Chatham, superintending the matriculation exams, there.

Misses Edna and Marion Fraser of Chatham are visiting Mrs. Jellett at Cross Point.

Judge McLatchey was in Bathurst this week.

Mrs. Hilyard and party were in town from Dalhousie on Thursday.

Miss Maude O'Keefe and a party spent Sunday in Dalhousie, going and returning by motor boat.

Miss Beattie Morrell of Moncton, is visiting her friend, Mrs. D. K. Graham.

Mr. and Mrs. Walter Gillis and family return thanks for the many expressions of sympathy received during their recent bereavement.

Miss Hazel Mowat entertained a number of young friends on Thursday evening, who, notwithstanding the heat, made most of the good music provided for the dancing.

James J. Jeffries, the only world's champion heavyweight that ever had the public, and whose defeat by Jack Johnson a year ago at Reno merely emphasized his dislike of crowds, was in Chicago Wednesday en route to California.

Jeffries laughs at the idea that he was neglected by the British public during coronation week. The champion admitted that Johnson had put quite a dash with his chameleon colored motor car up and down Piccadilly and the Haymarket, "but then," said he, "Johnson likes that sort of notoriety."

Jeffries said he didn't mix up much on the other side. "All that stuff is for advertising purposes," said he, "and I don't have to advertise. I'm out of the fight game for all time. I never had any use for it and you couldn't drag me back into a ring with bull lines."

"I had to stop off here to see my old friend, Frank Chance, who has been playing in pretty hard luck. I think he is one of the gamest I ever knew, and he deserves to have his ambitious realized—that of bringing home another pennant to Chicago."

REV. B. MURDOCH

ORDAINED PRIEST.

Mr. Benedict Murdoch, son of R. A. Murdoch of Renous, ex-mayor of Chatham, and nephew of Rev. E. S. Murdoch, was raised to the priesthood at the Pro-Cathedral, Chatham, on Thursday morning by His Lordship Bishop Barry. The new priest is a young man, and in his college courses he has made brilliant showings. Rev. Benedict Murdoch graduated from St. Dunstan's College, and afterwards took a theological course at Laval University. Mr. Murdoch of Campbellton and Mr. Lantaigne of Caraquet were also ordained.

The Talk of the Town

The Assessors have not yet completed their labours but it is understood that the rate for collection will be some where near \$1.65 per cent.

There was a little rumour down camp way that another regiment should be started. That is the very thing, but let it be a Scotch regiment. The lads in the phibag are always to the fore and the girls delight to watch the swing of the kilt when the boys go marching by.

On Wednesday evening the cook house at Richards' lower mill was destroyed by fire. The fire broke out about 10.30 from an unknown cause, and the building, which was isolated, was completely demolished. The loss is understood to be covered by insurance.

Right in your busiest season when you have the least time to spare you are most likely to take diarrhoea and lose several days' time, unless you have Chamberlain's Colic, Cholera and Diarrhoea Remedy at hand and take a dose on the first appearance of the disease. For sale by all dealers.

S. A. Williams, contractor, has been awarded the contract for the building of the new Baptist church, and work will be commenced immediately. The main building will be about 60 feet square, with Sunday School attached and it is expected when the work is completed to cost near to \$20,000.

Some little excitement was caused on Water Street on Thursday by a runaway team. Before the horse came to grief at Cantin's block, not a few ladies' hearts slipped a cog, but after all no damage was done. We cannot say what caused the horse to bolt, unless it was the latest error score from the ball field.

Never leave home on a journey without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed and cannot be obtained when on board the cars or steamships. For sale by all dealers.

Mr. M. A. Kelly had rather a cooling reception, while in the discharge of his duty at Andersonville this week. It may seem a great joke to be throwing water over anyone, but our good friends in the flats should know better than resist the power of the law.

Mr. Michael H. Levasseur, Belle-dune, Gloucester county, has made an assignment to Mr. P. J. Veniot, Bathurst.

In the report of Grade III standing the leader appeared as Amanda Lunan, this should have been Amanda Quinn.

For summer diarrhoea in children always give Chamberlain's Colic, Cholera and Diarrhoea Remedy and castor-oil, and a speedy cure is certain. For sale by all dealers.

Work is steadily progressing at the new power station. The crib work is expected to be finished by next week and the work hustled on to a finish. The material for the building is a patent vitrified terra cotta block and is absolutely fire-proof.

Sprains, require careful treatment. Keep quiet and apply Chamberlain's Liniment freely. It will remove the soreness and quickly restore the parts to a healthy condition. For sale by all dealers.

Mr. Jas. Reid has been awarded the contract for building the new Royal Bank Building. The figures have not yet been published.

Mr. James Borland of Robinsonville died on the 30th day of June, after a long illness, leaving a wife, two sons and a daughter to mourn their loss. Deceased was 73 years old and had many friends.

The annual Sunday School Convention will be held at Charlottetown, Wednesday and Thursday, July 19th and 20th. An interesting program has been arranged and it is expected a very interesting convention will be held. All railways will issue single fare tickets to delegates.

Miller Brothers have now installed a large and up-to-date refrigerator, the requirement of which had become a pressing necessity. Miller Brothers have not a two story brick building but they have a tidy little store and they have the goods, and are supplying fresh meats and fish of highest quality.

CONCERT

Don't forget the concert at Oak Bay Mills Thursday evening July 20th 8 p. m. Admission, Adults 25c children 15c.

During an electrical storm which raged here on the afternoon of July 3rd, one of the saddest accidents occurred here, when Stanford Hopper of Metapedia, was called upon to meet his Maser. He was struck by lightning while crossing the river and he and his horse under him were instantly killed. The men in the scows were momentarily dazed, and before they recovered their presence of mind, he had died some distance away. His body was found two days later and interred in the Presbyterian cemetery at Metapedia. He leaves to mourn his loss a mother, sister, brother and a broken hearted young wife. He was a sober, industrious young man, loved and respected by all who knew him, and a loving and devoted husband. Much sympathy is felt for his sorrowing friends.

HAPPIEST GIRL IN LINCOLN

A Lincoln, Neb., girl writes, "I had been ailing for some time with chronic constipation and stomach trouble. I began taking Chamberlain's Stomach and Liver Tablets and in three days I was able to be up and got better right along. I am the proudest girl in Lincoln to find such a good medicine." For sale by all dealers.

BORN

At 293 Central Park West New York City June 28th, to Mr. and Mrs. Tom Nevin, a daughter.

MARRIED

The marriage of George Young, of Campbellton, to Miss Alice Mary Goudin, daughter of Wm. Goudin of Lunenburg, P. Q., took place at the Methodist Parsonage on Wednesday July 12th, Rev. Geo. Morris officiating. The happy couple, who were unattended, left by boat immediately after the marriage for a trip down the coast.

THAT AWFUL BACKACHE

Cured by Lydia E. Pinkham's Vegetable Compound

Morton's Gap, Kentucky. "I suffered two years with female disorders. My health was very bad and I had a continual backache which was simply awful. I could not stand on my feet long enough to cook a meal's victuals without my back nearly killing me, and I would have such dragging sensations I could hardly bear it. I had soreness in each side, could not stand tight clothing, and was irregular. I was completely run down. On advice I took Lydia E. Pinkham's Vegetable Compound and Liver Pills and an enjoying good health. It is now more than two years and I have not had an ache or pain since. I do all my own work, washing and everything, and never have the backache any more. I think your medicine is grand and I praise it to all my neighbors. If you think my testimony will help others you may publish it."—Mrs. OLLIE WOODALL, Morton's Gap, Kentucky. Backache is a symptom of organic weakness or derangement. If you have backache don't neglect it. To get permanent relief you must reach the root of the trouble. Nothing we know of will do this so surely as Lydia E. Pinkham's Compound. Write to Mrs. Pinkham, at Lynn, Mass., for special advice. Your letter will be absolutely confidential, and the advice free.

 order for 30c., coin or postal note.
 Address, The Herwin Co., Windsor, Ont., Can.

**AT LAST, A CURE
 FOR RHEUMATISM**

"Fruit-a-lives Cured Me" Says Mrs. Baxter.
 "I was a helpless cripple from Rheu-
 matism for nearly a year. All down the
 right side, the pain was dreadful and I
 could not move for the agony. I was
 treated by two physicians without help.
 I saw "Fruit-a-lives" advertised in
 "The Telegram" and decided to try
 them. After I had taken one box, I
 was much better.

When I had taken three boxes, I could
 use my arm and the pain was almost gone.
 After taking five boxes, I was entirely
 well again. The cure of my case by
 "Fruit-a-lives" was indeed splendid
 because all the doctors failed to even
 relieve me. "Fruit-a-lives" cured me.
 Mrs. LEZZIE BAXTER.
 4 HOMER PLACE, TORONTO, Dec. 15, '09.

In hundreds of other cases, "Fruit-a-
 lives" has given exactly the same satis-
 factory results because "Fruit-a-lives"
 is the greatest blood purifying medicine
 in the world. "Fruit-a-lives" the famous
 fruit medicine regulates kidneys, liver,
 bowels and skin, and prevents the accu-
 mulation of uric acid, which is the prime
 cause of Rheumatism.
 "Fruit-a-lives" will positively cure
 every case of Rheumatism, when taken
 according to directions. 50c. a box, 6 for
 \$2.50, or trial size, 25c. At all dealers
 or from Fruit-a-lives Limited, Ottawa.

**A BOON TO
 METAL WORKERS**

New Calculating Device, which will
 Supplant Plan and Elevation
 Drawing Invented by
 Chatham Boy

Canadian Patent rights have
 been granted to Wm. Craig for a
 new calculating device, which will
 supplement that part of geometri-
 cal designing known as plan and
 elevation drawing as applied to
 sheet metal work. The tool is
 really a combination of square
 protractors, rule and a flexible
 gauge, and it is believed its use
 will practically do away with the
 customary methods of obtaining
 measurements from drawings.
 These methods are tedious and
 require much time, while this new
 calculating device will give more
 accurate results in less than one
 quarter the time and by very
 simple manipulation.
 The rule contains graduations
 which make the calculating of
 diameters, circumferences, squares
 and their respective properties
 very simple. Various arithmetical
 problems in fractions and mixed
 numbers (decimals included) can
 be very quickly solved with the
 device.

Though it was designed to suit
 the sheet metal worker's needs, it
 is not confined to this line of work,
 but in time may be used in other
 fields.

The specifications contain a new
 idea which the inventor has worked
 out which even with the present
 methods could be used very ad-
 vantageously, but which adds
 greatly to the usefulness of the
 tool. It is of simple construction
 and it is believed that it will soon
 become a popular tool. It will be
 known as the "Craig Calculating
 Square."

The U. S. patent has also been
 applied for.
 The inventor is a well known
 Chatham boy and is the youngest
 son of Samuel Craig, formerly of
 Fredericton.

INJURED IN QUARRY

John Black was severely injured
 in the Indiantown quarry on Satur-
 day, being caught in the fall of a
 large stone and his right arm was
 badly crushed at the elbow
 and his leg also injured. Dr.
 McManus was summoned and the
 injured man was brought by train to
 Hotel Dieu. The injured arm can
 probably be saved.

**HON. OLIVER J.
 LEBLANC RETIRES**

After Thirty-five Years of Efficient Service to Kent
 County, the Liberal Veteran Takes A Rest

Richibucto, N. B., July 19.—Be-
 fore one of the largest and most
 representative conventions ever
 held in Kent county, Hon. O. J.
 LeBlanc, the present federal mem-
 ber who has passed his four-score
 years, retired from the political
 arena in which he has figured for
 thirty-five years as representative
 of Kent, and asked the assembled
 delegates to choose some younger
 man. He was given a splendid re-
 ception and cordial vote of thank-
 before the delegates proceeded to
 take his advice, and then, after a
 ballot, August Legere, ex-sheriff of
 Kent was chosen as the Liberal
 standard bearer at the next
 dominion election. Clifford Atkin-
 son was chosen as the English
 candidate for the ticket in oppo-
 sition to the local government and
 it was unanimously decided to
 leave the choice of the Acadian

candidates to a committee who
 would submit names, of good men
 to a convention at a later date.

There was splendid enthusiasm
 and hearty endorsement of the
 Liberal leaders, Sir Wilfred Laurier,
 Hon. Wm. Pugsley and Hon. C.
 W. Robins, with resolutions of
 confidence in them, the policy of
 the Liberal party, and particularly
 the reciprocity proposals. There
 was much regret because the
 minister of public works could not
 attend owing to his call to Ottawa,
 and also because Hon. Mr. Robin-
 son was suddenly summoned to
 Nova Scotia.

Hon. C. H. LaBilloy, the popu-
 lar representative of the Acadian
 people for so long in provincial
 politics, was, however, present and
 made a splendid address at the
 close of the convention.

**SERIOUS FIRE
 AT HURLEY BROOK**

Timothy Hurley's Mill and Lumber
 Destroyed and Loss May be \$5,000

The rotary mill and a quantity
 of lumber, owned by Timothy
 Hurley, of Hurley Brook on the I.
 C. R., was destroyed by fire Friday
 morning. The loss may total in
 the vicinity of \$5,000. It is not
 known if the property is insured.
 The fire is supposed to have origi-
 nated from a spark from the en-
 gine, and had been burning some
 time before being discovered.

**WOULD DRIVE
 TRADE AWAY**

Montreal July 5.—Montreal should
 stitute before attempting to strangle
 the commerce of our port by such a
 backward step, declared Major G.
 W. Stephens, president of the Harbor
 Commission, talking about the city's
 proposal to impose taxes of \$200,000
 a year on harbor property.
 Major Stephens, who has just
 returned from Europe, declares that
 if this civic tax is imposed it will
 necessitate the re-imposition of ton-
 nage dues on all vessels, the raising
 of wharfages to more than double
 their present level, and an increase
 in rentals charged for spaces and
 privileges on the water front.
 This he says would destroy Mon-
 treal's competitive position and
 would drive our trade to New York,
 Portland and Boston. Major Stephens
 declares that Montreal will first of
 all have to show what right it has to tax
 property, which the Commissioners
 held to be Federal property.
 The Major has just returned from
 Europe where he has been negotiating
 with Lloyd for better insurance rates
 for vessels on the St. Lawrence
 route.

**ARTISTIC STATIONERY ON
 I. G. R. SLEEPING CARS**

Travellers by any of the I. C. R.
 through trains can obtain on the
 sleeping or parlor cars some-
 thing really artistic in note paper,
 should they wish to do any writ-
 ing during the journey. The
 stationery, which is supplied free
 of charge is a Toile Miroire with
 the words, "en route Intercolonial
 Railway of Canada" embossed in
 white in the upper right-hand
 corner, and is of the finest quality
 and finish.

SENT TO PENITENTIARY

George Anderson and Roy Oakes
 who pleaded guilty to the robbery
 of the D. J. Buckley establishment
 at Rogersville were sentenced to
 five years each in the Dorchester
 penitentiary by Col. Maltby at the
 police court Thursday. The
 maximum penalty is fourteen
 years.

HAPPIEST GIRL IN LINCOLN

A Lincoln, Neb., girl writes, "I had
 been ailing for some time with
 chronic constipation and stomach
 trouble. I began taking Cham-
 berlain's Stomach and Liver Tablets
 and in three days I was able to be up and
 got better right along. I am the
 proudest girl in Lincoln to find such
 a good medicine." For sale by all
 dealers.

**CONSERVATIVE CONVEN-
 TION JULY 25TH**

A convention of the Conserva-
 tives of Northumberland to select
 a standard bearer for the next
 Dominion election is called to meet
 at Chatham July 25th instant.

JEFFRIES SMILED

Jeffries smiled reminiscently as he
 talked of the fight with Johnston that
 lost him his title. He said: "All
 that is lost and buried. I'm a busi-
 ness man now. My trip abroad did
 me a lot of good. I've got a fresh
 point of view and feel fit to get into
 the real game of life—business."
 Jack Gleason, who, with Tex Rickard
 promoted the Reno battle, in which
 Jeff met defeat, sat near him in the
 grandstand at a ball game, but the
 former champion did not seem to be
 looking for close communion with
 anybody. He weighs 255 pounds.

PEASLEY QUILTS BASEBALL

Marvin Peasley, who was sent
 to the Detroit American League
 Club last season, and this spring
 was named as the phenom of the
 big leagues, has quit baseball, con-
 vinced that his days as an effective
 pitcher are over for the present.
 The Woodstock boy has been play-
 ing with his home team in the N.
 B. and Maine League for a month
 or so. His downfall is attributed
 largely to an injury received to his
 arm while in the south this year.

WHERE HAVE THEY GONE TO?

The Good Sensible New England Girl of Ten Years ago and the Substitute Compared

Boston, July 6.—How the high cost of living is expressed by the high cost of dressing is graphically told by Miss Marguerite Sullivan, a stenographer, who has compiled facts and figures to prove her assertion that the average working girl spends more on clothing herself than she can afford.

We hear so much these days in regard to the high cost of living. Says Miss Sullivan, that we feel it almost incumbent upon us to curb our hunger. But have you ever stopped to consider the cost of high dressing, about which nothing is said?

The yearly output of the average working girl for clothes and the customary accessories is appalling. The wage of the office girl today far exceeds that of a decade. The girl who draws a weekly salary of \$15 possesses a wardrobe that would put Cleopatra to shame.

Any number of them can exhibit suits for which they have paid \$45, hats \$25, shoes \$3, \$4 and \$5. Practically every cent they earn is applied to the adornment of their person. Have you noted the quality of the shirt-waist of the average working girl? Five dollars. Yes, indeed, why, that is nothing! Only a third of her weekly salary! Then, of course you could not expect her to wear a 25 cent belt with a \$5 shirt-waist. Not she.

But of all the extravaganzas of the age stockings beat the record. I know a young working girl, drawing a weekly salary of \$8. Each week she purchases three pair of the finest, cleanest, daintiest stockings at 38 cents a pair. Why doesn't she darn them? What! Wear darned stockings with her \$4 pumps. Where will she be when her working days are over!

Ten years ago the average working girl purchased clothes with an eye to their durability. She was neat, well groomed and natural. Her clothes were warm, comfortable, modest and attractive. She was above all, womanly.

Isn't it queer where our good, sensible, wholesome, New England girl has flown to? Do you admire the substitute?

PRESENTATION TO DR. AND MRS. COUSINS

After service Wednesday evening at which the Lower Derby people were also well represented, Mr. C. C. Hayward on behalf of the United Baptist church, presented Rev. Dr. and Mrs. Cousins with an address emphasizing the spiritual help and stimulus by which the whole church had been lifted into a higher spiritual sphere than heretofore. He thanked God with all his heart for the coming of Rev. Dr. Cousins in their midst. An envelope was then handed the pastor. It contained a sum of money sufficient to enable the pastor and his wife to take a much needed change.

Dr. Cousins made an appropriate reply. His desire would ever be for the spiritual uplift and advancement of Christ's cause in their midst. After refreshments and social intercourse in the evening vestries, the meeting closed with the Doxology and Benediction. Wednesday was also the wedding anniversary of Rev. Dr. Cousins and Mrs. Cousins.

SWEDISH MISSIONARY HERE

Rev. Mr. Chjador of Sweden, for six years a missionary of the Scandinavian Alliance in the Himalaya district of India, is a guest of Mr. and Mrs. Oquist. Sunday afternoon, Mr. Chjador held service in the Swedish colony at Nordin, and Sunday evening, the reverend gentleman, who speaks English, German and other languages, preached in the Newcastle Methodist church.

RURAL DEANERY MEETING

The clergy of the Rural Deanery of Chatham met in Bathurst on Monday, Tuesday and Wednesday last. There were present: Ven. Archdeacon Forsyth, Rural Dean, Rev. W. F. Bate of Newcastle, Rev. P. J. A. Francis of Bathurst, and Rev. L. A. Foyster of Bay du Vin. There were also present Mr. Howes and Mr. Boulden, Lay Readers.

IN THE PROBATE COURT OF RESTIGOUCHE COUNTY

To the Sheriff in the County of Restigouche, or any constable within the said county, Greeting:

WHEREAS Alexander Cook, Administrator of the estate and effects of John Cook, late of the Parish of Dalhousie, in the said county, deceased, hath filed in this Court an account of his administration of the said deceased's estate, and has prayed that the same may be passed and allowed in due form of law.

You are therefore required to cite the heirs, next of kin of the deceased, and all of the creditors and other persons interested in his said estate, to appear before me at a Court of Probate to be held in and for the County of Restigouche, at my office, in the town of Campbellton, in said County, on Monday, the tenth day of July next, at 11 o'clock in the forenoon, then and there to attend the passing and allowing of the said account. Given under my hand and the seal of the said Probate Court, this twenty-eighth day of March, A. D. 1911.

(Signed) William Murray, Judge of Probate for the County of Restigouche.

Signed John Barbarie, Registrar of Probates for the County of Restigouche.
Trueman & McKenzie, Dalhousie, N. B., Proct.
