CROP REPORT FOR NEW BRUNSWICK

Recent showers have benefited all crops. Potatoes, on which crop much depends, are looking well. Owing to lack of sufficient rain the hay crop in most places will be light. Grass pasture only fair. The Nova Scotia lead Prince Edward Island crops are generally good, but more rain would be beneficial. Hay and grass pasture in good condition. Apple crop looks well, but perhaps ripening too quickly.

Cards of Thanks

I wish to thank our friends and neighbors for their kindness during my recent illness.

The Returned Men wish to thank the ladies of the Women's Institute and the Eastern Stars and all others who in any way helped them on Friday last.

LIEUT. GOV. TODD VISITS HARTLAND

Although Wet and Cloudy Enthusiasm Not Dampened

On Friday last, Hartland, for the first time, was honored by a visit from a representative of his Gracious Majesty, in the person of Hon. William P. Todd, Lieutenant Governor of the Province of New Brunswick, who arrived by auto about 2 p.m., accompanied by Mrs. Todd, R. S. Baker, the Governor's private secretary, and Col. W. C. Godd, his military aid. The gubernatorial party were met at the town limits by the Woodstock band and a detachment of returned men in uniform under the command of Maj. W. A. McDougall. Other officers in line were Maj. Bull and Lieutenants Fleming, Boyer, Rigby and Goding.

Accompanied by His Worship Mayor McParland, and Mrs. McParland, the party proceeded to the new school building where the reception ceremony took place in the assembly hall. Mayor McParland presided with his usual grace and dignity. Mrs. George O. Beiton on behalf of the Women's Institute read a happy address of welcome to Mrs. Todd, which was responded to by that lady in a few brief and well chosen words. At this point a beautiful bouquet of flowers was presented to Mrs. Todd, the presentation being made by little Miss Dorothy Lasky. Mayor McParland, on behalf of the town and Fred W. Smith, M.L.A., on behalf of the local members, then read addresses of welcome to the Governor, which we are giving in full in this issue of the Observer. These addresses speak for themselves, but the least that can be said is that their charming unconventional, happy phrasing, wealth of classical allusions, and the genuine heights of real eloquence displayed therein put them in a class by themselves, making them models for future generations. Mayor McParland, in his address, surprised even his most intimate friends, and definitely clinched his claim to a third turn in the Mayor's chair. If any additional argument was required.

The platform, and the Governor's table later, were graced by the august presence of the town Council, and their charming wives, the clergymen of the town, the three local members for the County, and their equally charming better halves. Notwithstanding the bad weather, a good sized crowd was in attendance and the supper put on by the returned men, with the assistance of the Eastern Star and the Women's Institute was a decided success, and we are very glad to learn that notwithstanding all the drawbacks, the net returns were over \$200, which will go to swell the returned men's "memorial fund." The conduct of the returned men, in spite of certain discouraging incidents, is beyond praise. Suffice it to say, that they lived up to the best traditions of the British army, which is first of all, to be a good sport.

We regret that we cannot give the Governor's remarks in full, but His Honor expressed his pleasure at being present, his appreciation of Carleton county in general, and the Town of Hartland in particular, pointing out future developments which might be expected, and the need of wider markets for farm produce. Incidentally, His Honor intimated the wish that in the coming American election a party might come in power who would be inclined to throw down some of the tariff bars which now prevent our farm produce from obtaining an entry into that country.

A pleasing feature of the Governor's address was his kindly references to the returned men and the veteran James A. Barker, five of whose sons served in the Great War. The Mayor's Speech.

To His Honor, William P. Todd, L.L.D., Lieutenant Governor of His Majesty's Province of New Brunswick, your Honor:

The Mayor and Aldermen of the incorporated town of Hartland, on behalf of themselves and the citizens thereof, upon this, the first occasion on which we have been honored by an official visit from a representative of His Majesty, desire to extend to you and to your gracious lady, a sincere and hearty welcome, both personally and in your official capacity, and to express our appreciation of the honor which you have conferred upon the town by giving us, for the first time, an opportunity of receiving a representative of the King and expressing our loyalty to his Crown and person, and to the Empire over which he rules.

We also desire to express to you personally our sincere, and hearty congratulations upon your appointment to your present high and honor-

able position, an appointment eminently justified by your own merit, and by the high and honorable position which your family and name have always occupied in this Province. We would also take the liberty of commending Your Honor's action in visiting different sections of your Province, and meeting your people in this informal manner, assured that as Your Honor becomes better known you will be better appreciated and form a pleasing connecting link between the people of the Province.

AUTOMOBILE - ACCIDENTS

An automobile collision occurred at Somerville, on Saturday, when a car driven by Blake Glass was struck by a large touring car driven by two men belonging to Fort Fairfield, Me., and practically demolished. It is said that Mr. Glass was going over a small knoll when the large touring car crashed into him. Fortunately none of the occupants were injured. It is said that the women paid over \$500 to make good the damage resulting. At Simonds, Sunday afternoon, a car driven by John Belyea ran into a stretch of gravel and turned over. Mrs. Belyea was thrown out and her arm and collar bone broken. She was conveyed to the Fisher Memorial Hospital in Woodstock. Mr. Belyea escaped with a few bruises and a bad shaking up. Mr. and Mrs. Belyea reside at Windsor. On Thursday another accident occurred across the river at the Presque Isle hill. A Maine car contains four men went over a steep bank, plunging through bushes and trees. A rescuing party arriving to clear a road and draw the car up by chains and horse power, had a very difficult time as the chain broke as they had the car near the top and it went rolling down the bank again. They succeeded in getting it to the top safely at the second attempt. Strange to say the car was not injured in the least and stranger to say the occupants though unable to assist at all nor get themselves to the top of the hill were also uninjured.

GEORGIA A. MORGAN

Georgia A., beloved wife of Ernest C. Morgan of Lower Southampton, departed this life Thursday, July 17, at the age of 45 years, after a lingering illness of tuberculosis which she bore with Christian fortitude an dignity and at the last prayed to go to be with Jesus. She leaves to mourn their loss her husband, one sister, Mrs. Hark Hall of Bangor, Me., three brothers, Fred and Headley, Upper Hallowville, and Randolph Morgan of Augusta, Me., besides a large number of relatives. A short service was held at the home where a great number gathered to pay the last tribute of respect to one they loved. Interment was made at Millville, when her pastor, Rev. Mr. Peacock assisted by Rev. Mr. Brooks conducted the service. The church could not contain the great congregation witnessing to the high esteem and love in which the deceased was held at her old home. The relatives from a distance were G. M. Morgan and Clyde Morgan, Carleton, Me., Mrs. David Morgan, Hartland, N.B., and Mrs. Kestred, Eugene and Karl Kestred, Royton.

The floral offerings were most beautiful. From the husband a broken circle; sisters and brothers, yellow; Mrs. Cummings, cut flowers; Mr. and Mrs. Herbert McGuigan, spray; G. M. Morgan and family, cut flowers; Rev. and Mrs. Kestred and Mrs. Estey, spray; Dr. and Mrs. Owens, spray; the choir and Ladies Aid, wreath; Milburn Moore, wreath; Mr. and Mrs. W. A. Hay, crescent; Order Railroad Telegraphers C.P.R., wreath; Geo. F. Burden, Mrs. Dr. Coffin, Mr. and Mrs. E. E. Harden and Mr. and Mrs. Boyd, wreath.

THE BISHOP OF LONDON

Every year, and sometimes oftener, an English lady writes to a friend in Halifax asking her to buy and send a package of Mol's Chocolates which she presents to the Bishop of London.

Daintily as their name suggests—Baby Fingers, one of the newer Mol's Biscuits.

The United States Department of Agriculture states that bread is the "Most palatable, nutritious and convenient food for general consumption."

RELIGIOUS EDUCATIONAL COUNCIL

Following is the report of the County Religious Education Council, held at Bath, July 15, and the list of members appointed:

Since statistics are a dry and apparently meaningless subject to some people, I will tackle them first and get the monotonous feature over with. The total number of Sunday Schools

of all denominations in Carleton County is about 90. The total enrollment membership or attendance is approximately 4,500. Owing to lack of knowledge, lack of interest, lack of records and other causes, it appears impossible to get accurate figures from many schools, and anyway it is difficult to classify some folks who come very irregularly. There should be a time limit set to tell whether they belong in the members' or visitors' class. The average attendance for all the schools is about 2,250.

This is a considerable increase over five years ago when 80 schools reported an average for all of 2,325. The total number of teachers is about 450. Classified according to denominations, the schools ranks as follows: United Baptist 28, Union 28, Methodist 14, Reformed Baptist 5, Presbyterian 5, Church of England 4, Primitive Baptist 2, Adventist 2, Salvation Army 1, Pentecostal 1. About 65 out of the total are evergreen. About 700 parents attend Sunday School. One school in Woodstock with a membership of 78 reports no parents attending. 23 schools report cradle rolls with a total enrollment of about 500. In 1919 there were 38 Cradle Rolls reported. Evidently there is a decline of interest and activity in the department. Some names appear on cradle rolls as a sort of perpetual memorial to the fact they were once babies. There is room for a great deal of improvement in the manner in which this branch of the Sunday School is being conducted. Graded lessons are being used in 23 schools. This is an encouraging feature to report. It shows that a large number of our Sunday School workers now understand the working of the child's mind, and are not trying to teach ideas and words beyond the comprehension of the child. Only a few schools have organized classes. Activity in this line appears to be slackening. Very few schools have a workers' conference or teachers' meeting. Evidently most of them are satisfied to plod along in some of the old ruts. Five or six schools have C. G. I. T. groups organized. Only about 10 schools are giving any special missionary instruction outside of the regular Sunday School lessons, while about 25 are making special contributions to missions. One school is supporting 4 Armenian orphans this year, and at least two are supporting native missionaries in India. Only two schools report any special temperance instruction. This is a lamentable fact. Did you know that cigarettes are the greatest menace to our boys and girls in Carleton county? Still most of our Sunday school teachers are as "mum as oysters" about them. It is time everybody got busy. We are just letting things drift, but a reckoning day is sure to come. Only about 20 schools provide any special music for the children. Is it any wonder so many young people lose their interest in the Sunday school when they hear nothing but the same old familiar, totem, tune, and even fossilized hymn tunes (I mean the music not the words in most cases) from Sunday to Sunday? With so much lifeless singing is it any wonder the school loses its life and drags along in the old hum-drum way? I don't mean sarcasm here, I am just mentioning facts as they appear to me. Coming now to a subject of great importance in most of our schools, namely, their biggest problem. I find that lack of interest and lack of teachers and leaders are the most common and greatest sources of difficulty and weakness in connection with the work. If some of our so-called Sunday school workers had as much interest in the Sunday school as they have in their potato fields, what a vast change might be wrought! Other problems are: How to get boys and girls of teen age to attend? Lack of rooms, lack of adults, how to keep order, how to get the children interested, how to get young men to attend, how to get a man teacher for a boy's class, lack of money, too many divisions and opinions in the church, and some other problems not considered worth while discussing. There is another problem, however, that is very serious in connection with our Sunday school work and that is the problem of our pastorless churches. I think that accounts very largely for lack of interest in many communities and the failure of the Sunday schools. A great many schools are now just existing with little sign of life. They are not doing any special work along any line and the cars on Sunday are taking more people away from Sunday school than they are bring to it. We have a big staff of county and district officials but some do not seem to be aware of their appointment and others are waiting for "George to do it." Nevertheless, all honor to our few faithful workers. Without them this convention would not be here today. Allow me to kindly express my sincere appreciation of the help and kindly sympathy I have received from some of these. I trust

you will take my criticism in a kindly spirit, as from one who wishes to stir up some honest effort in his own peculiar way.

Here and There

In response to the appeal of the University of Bishop's College, Lennoxville, Que., for \$500,000, to meet present needs, the Canadian Pacific Railway has supported the plea by subscribing \$15,000 to the fund.

Canada will soon be the mecca of many moving picture directors, according to Herbert Brenon, producer of Thomas Meighan, who recently arrived at Banff to film the big outdoor scenes for James Oliver Curwood's "The Alaskan."

The fish catch of the world approximates \$1,000,000,000 a year in its cost to the consumer, of which \$750,000,000 goes to those who harvest it, statistics furnished by the United States Fish Commission declare.

The value of the tourist traffic to Canada is proved by figures supplied by the Parks Department of the Dominion Government, which show that the enormous sum of \$136,000,000 was spent by tourists in this country in 1923. This represents the Dominion's fourth largest source of foreign cash income.

On her arrival at Quebec, June 14, the Canadian Pacific steamship "Empress of France" broke the record for the fastest time made between that port and Southampton, England, from which she sailed, having maintained an average speed of over 19 knots. This vessel also holds the record for the run between Quebec and Liverpool.

Arrangements for the Pageant of Empire, to be held at the British Empire Exhibition July 21-August 30, are now rapidly completing. Episodes showing the history of Canada and the other Dominions as well as of the Mother Country from the earliest times to the present day are being organized with the assistance of prominent residents of the Dominion now in London.

Hon. J. E. Proulx, Minister of Colonization, Mines and Fisheries for the Province of Quebec, on his return from a recent extensive trip to the Temiscaming district of that province, stated that there were over 2,000 prospectors exploring the gold-fields of Quebec and at least a million dollars would be expended in development work in the region during the course of the season.

According to figures prepared by the freight department of the Canadian Pacific Railway, the export grain movement via Vancouver reached a total of 48,971,930 bushels on May 31, 1924, compared with a total of 17,387,715 bushels as on May 31, 1923. In each instance the figures cover the crop year commencing September 1st. The increase is therefore 31,584,215 bushels or 181.5 per cent.

Enthusiastic celebrations took place at Vancouver and Victoria, B.C., when the special service squadron of the Royal Navy, headed by H.M.S. Hood, the largest warship in the world and flagship of the squadron, visited those places recently. The squadron is expected on the Atlantic seaboard in August, when efforts will be made by Canadians on that coast to outdo the Pacific cities in the warmth of the welcome they extend. The anticipations are that thousands of visitors will gather at Quebec and elsewhere to demonstrate their affection for the officers and men of the fleet.

"You may say that Canada is becoming more and more interesting to Englishmen and before long additional English capital will be used here in the development of industries. I am very optimistic and I believe that we are now progressing towards an era of unprecedented prosperity. What we need more than all now is the immigration of good men who will become an asset to this country," declared Sir John Aird, President of the Canadian Bank of Commerce, on his return from Europe recently aboard the Canadian Pacific steamship "Empress of France."

Tells Women How She Was Restored to Perfect Health by Lydia E. Pinkham's Vegetable Compound

Winnipeg, Man.—"I cannot speak too highly of what Lydia E. Pinkham's Vegetable Compound has done for me. I was a nervous wreck and I just had to force myself to do my work. Even the sound of my own children playing made me feel as if I must scream if they did not get away from me. I could not even speak right to my husband. The doctor said he could do nothing for me. My husband's mother advised me to take the Vegetable Compound and I started it at once. I was able to do my work once more and it was a pleasure, not a burden. Now I have a fine bouncing baby and am able to nurse her and enjoy doing my work. I cannot help recommending such a medicine, and any one seeing me before I took it, and seeing me now, can see what it does for me. I am only too pleased for you to use my testimonial."—Mrs. EMILY DAVIS, 721 McGee Street, Winnipeg, Man.

Mr. and Mrs. C. F. West of Presque Isle were in town on Sunday.

Rev. H. R. Bell will preach on Sunday at Centreville 11 a.m., Lakeville 3 p.m. and Good Corner 7.30 p.m.

The services in the several Anglican churches in the parishes of Wilnot, Wicklow and Peel for Sunday, July 27, are as follows: Matins, 11 a.m., Church of the Good Shepherd, Florenceville; Evensong, 3 p.m., St. Barnabas church, Greenfield; Evensong, 7.30 p.m., St. James church, Centreville.

Mr. Merritt of Presque Isle spent last week here, the guest of his cousin, Hugh J. Peppers.

A number from here played Sparks' circus at Woodstock on Saturday and called it good. The show was an exceptionally clean one and many fine acts were on the bill.

Cyril Brown returned from New York on Wednesday.

Rev. and Mrs. J. M. Murchison and family of St. John are the guests of Rev. and Mrs. H. R. Bell at the Baptist parsonage.

Mrs. Mary Banks and Miss Mary Banks of Mars Hill and Mrs. Davis of Dover, spent last week with relatives here.

Mrs. W. B. Webb with her Sunday school class, including quite a large party, spent the day at Nickerson's Lake, Houlton, on Thursday.

Dr. and Mrs. B. R. Field spent last week at St. John and St. Andrews.

Mr. and Mrs. James Crane spent a few days last week in St. John with Mr. and Mrs. Roy Huggard. Mrs. Huggard returned with them for a visit.

Mr. and Mrs. W. B. Alexander and family of Newburyport, Mass., are the guests of Mr. Alexander's mother, Mrs. J. E. Alexander.

The patrons of the movies were treated to a long show on Wednesday evening. An eight-reel feature film "The Flirt," based on Booth Tarkington's story of the same name, was a very good picture indeed, with the climaxes of humor and pathos pretty evenly distributed, and with plenty of each. Eileen Percy starred in the title role, though the work of George Nichols as the father, Harold Goodwin, as the lovable brother and Lloyd Whitlock as the man of the world, left nothing to be desired. A reel of beautiful scenic views of an expedition from Quebec to Baffin Land was added for good measure. On Saturday evening Pola Negri was shown in a weird picture of the East, "Bella Donna." Conrad Nagel as the deluded husband and Conway Tearle as the slick did great work. Read the advertising on page 7 for this week's specials.

There is only one way to kill all the Flies

This is it—Darken the room as much as possible, close the windows, raise one of the blinds where the sun shines in, about eight inches, place as many Wilson's Fly Pads as possible on plates (properly wetted with water but not flooded) on the window ledge where the light is strong, leave the room closed for two or three hours, then sweep up the flies and burn them. McISAAC-McPHAIL

A very pretty wedding took place Wednesday afternoon, July 16, at 4 o'clock at the home of Mr. and Mrs. William McPhail of Upper Kincardine when their daughter, Margaret, became the bride of Jack Perry McIsaac, son of Mr. and Mrs. Benjamin McIsaac of East Florenceville. The ceremony was performed by Rev. Gordon Pringle in the presence of the immediate relatives and friends of the families. The house was beautifully decorated with daisies and maple leaves.

The bride who was given in marriage by her father, was becomingly gowned in white silk georgette with silver trimmings. She wore a bridal veil of orange blossoms and carried a bouquet of Ophelia roses.

The groom was supported by his brother, Bliss McIsaac, while the cousin of the bride, Miss Carrie Adam, acted as bridesmaid and carried a bouquet of pink and white carnations. The bridal party stood on the lawn under an arch of roses surrounded by flowers and ferns. The wedding march was played by Mrs. Bliss McIsaac. A sumptuous supper was served in the dining room which was very prettily decorated in orange and white. The bride was the recipient of many pretty and useful gifts. The groom's gift to the bride was a beautiful bar pin set with emeralds and to the bridesmaid a pearl necklace.

Mr. and Mrs. McIsaac left by motor for their home in Florenceville amid a shower of confetti followed by the good wishes of their many friends for their future happiness.

AUTO ACCIDENT

(Edmundston Observer)

What might have been a very serious accident occurred on Canada Road one day last week when a car being driven at an excessive speed came into contact with a car being driven up Rice Street. Considerable damage was done to the cars and we understand that the affair is to be threshed out in the police court. The driver of one of the cars we hear was under the influence of liquor. We understand now what some one said to us a week or two ago when he remarked that he wished he had lived previous to the gas age. One thing is abundantly clear gas and liquor make a poor combination for an auto mobile driver.

Madawaska is getting more and more a county with a wet reputation, and where you find lots of liquor you find lots of lawlessness.

Some day the Premier will perhaps begin his honest endeavor. He is going to endeavor to line the party up in St. John at any rate. But somebody is going to have a lot of explaining in this town, when the election comes it is not going to be a walk over.

We hope when the Hon. P. J. Veniot starts out on his campaign that he will visit Edmundston. And if the many people are in earnest who speak to the Editor, French and English, our good friend, the Hon. J. E. will need all the help that the Premier can give him.

Mr. Michaud, however, is in favor of the law being enforced. He told the Editor he was, and wrote congratulating him on the stand he took on this law enforcement question. So when the election comes if you are in favor of law enforcement, vote for our present member. He is in favor of the liquor law being enforced—he SAYS he is!

Brown Six-Row Potato Sprayer

BROWN POTATO SPRAYERS have for several years been the favorite with the potato growers on the St. John river for the reason that the clog proof nozzle makes it possible for the operator to spray for hours without stopping to clean the nozzles.

THE DOUBLE CYLINDER DISPLACEMENT PUMP takes its power from wheels by a convenient chain drive direct from axles thus doing away with side motion and drive chain trouble. The pump has brass plunger 2 1/8 inch in diameter, packed with graphite composition, from the outside thus assuring a high pressure at the nozzles. All check valves in pump are brass fitted to brass seats and can be easily ground or replaced. Large air chamber tested under higher pressure than assures a steady pressure at the nozzles.

REVOLVING TWIN PADDLES in tank to assure bouillabaisse mixture being well mixed when in operation.

THE HUNDRED GALLON TANK is square and of expross wood, with the top removable in case of any trouble in the tank, whereas with the barrel tank sprayer it is impossible to do this.

THE WHEELS ARE GENUINE SARVIAN WHEELS, 4 feet in diameter, with 3 inch tire, all of good material that will stand for years which is very necessary in a sprayer that is to carry 100 gallons.

THE AXLE is cold roll steel 1 3/4 inch in diameter and we have never yet known one to break.

Hundreds of these sprayers are now in use and have given perfect satisfaction. We have a limited number for the season of 1924 and would advise anyone in need of a sprayer to place his order with us or with our agent nearest to him. The price is \$200 on reasonable terms.

YOUR SUPPORT IS NEEDED

Do the people of Carleton county want the Observer? Do others want it? If so we ask their support as never before and we need it as never before. We ask your patronage in the way of subscriptions, in the way of contributions of news items, and moreover we ask you to remember you people of Carleton have a job of their own to do. They are in the province and workmen are able to turn out as the work as any office in the province, so therefore please remember that if you want your own home office to arrive, you will need to support the Observer by your patronage when you have need of printing of any kind. Another thing: It takes money and much of it to run a newspaper. Overhead expenses—hundreds of dollars; insurance—hundreds of dollars; pay roll not short of a hundred dollars per week; stock type, interest wear and tear, etc., all take money. We have to pay our bills. Now why not you? The majority of our bills are small—many under a dollar, and because of the smallness of them, many overlook bills sent them not only once but twice and three times. Now we kindly ask you when you receive a bill to please give it your attention. The Observer and its readers and patrons have always been in unity and we trust this will always remain so under the new leadership. We thank you!

WHO IS RESPONSIBLE?

On Monday morning three young boys of the town were before Police Magistrate Laskey charged with breaking and entering the store of Keith & Plummer, Limited, and taking a quantity of candy. The boys were committed for trial at Woodstock where they were allowed to have their liberty until the next session of the Supreme Court.

On Tuesday morning before Police Magistrate Comben at Woodstock one of the same boys was arraigned on a charge of stealing a horse, the property of a Woodstock man, and was sentenced to six months in the Provincial Reformatory School, but was allowed his liberty on a "suspended sentence."

It is to be regretted that any of our boys should have to start life handicapped with Police Court records, and every citizen of the town should interest themselves in the welfare of our future men and women, and use every means to keep them from temptation, so that the hand of the law will not be called upon to punish them, perhaps through our neglect. Society must be protected, but it can

only be protected by the watchful care of those about us.

LIEUT. GOV. TODD VISITS HARTLAND

(Continued from first page)
 between his Majesty and his loyal subjects in this loyal Province.
 Inasmuch as we have as much loyal pride as any other town of the same size and situation, if not more, we might be pardoned for pointing out some of our obvious advantages and the favors which a bountiful province has bestowed upon us. We proudly speak of our county as "The Garden of the Province," and with an excess of local zeal, we refer to ourselves as "The Heart of the County." We trust that as Your Honor has travelled along our beautiful river, over our excellent roads, through our fine farming country, at this, the most beautiful season of the year, and has noted the evident signs of industry and prosperity, you might feel that our local pride has a certain basis of justification, and that our town, may favorably impress Your Honor as a thriving community, a pleasant place in which to live, and an ideal location for a loyal, prosperous and contented population.

Our system of water supply and our electric light plant are functioning satisfactorily; the work upon our streets is simply the beginning of a more extensive programme; the new school building on these grounds is a visible proof that even during periods of so-called financial stringency we recognize the supreme value of a sound education in worldly affairs; and our numerous churches show that we realize that "man does not live by bread alone."

In conclusion, we trust that your Honor and your party will enjoy your visit to this section of our County as much as we have enjoyed the honor which you have thereby conferred upon us, that you and your charming consort may long be spared to fill the exalted positions of the first gentleman and the first lady in the land, and that you may be so impressed by the beauty of our natural surroundings, the warmth of our welcome and the brevity and sincerity of this well meant address, that this may not be your last visit to the town of Hartland, but that it may prove to be merely the forerunner of at least "an annual affair."

The Town Council of the Town of Hartland.
 Speech of Fred Smith, M. L. A.
 To the Honorable William F. Todd, L.L.D., Lieutenant Governor of New Brunswick.
 Your Honor:
 Without attempting to emulate the

FRUIT JUICES FOR RHEUMATISM

Amazing Results from the Fruit Treatment—"Fruit-a-lives"

Here is the whole story of the Fruit Treatment for Rheumatism, told by a gentleman who suffered five years with this terrible affliction.

Mr. James Dobson, of Bronte, Ont., says: "The Rheumatism was in my right hip and shoulder; the pain was almost unendurable. After six months' Fruit Treatment with 'Fruit-a-lives', I was completely relieved and am now in first class health."

It is a fact—proven by thousands of cases—that "Fruit-a-lives", the Fruit Treatment, absolutely relieves Rheumatism, Pain in the Back, Neuralgia, chronic Headaches due to stomach or liver troubles, and other forms of Kidney Disease.

happy phrasing nor the classic eloquence of His Worship, the Mayor of Hartland reminding one, as it does, of the best period of the golden age of oratory, the members of the Legislative Assembly of our Province, who have the honor of representing this County, desire to add their humble and halting tribute to the gracious words of His Worship, to unite in welcoming Your Honor and your party to our fair county, congratulating you upon your appointment to the high and honorable position which you hold, and assuring you of our loyalty to His Gracious Majesty whom you represent so worthily.

Our County is both in phrase and in fact the "Garden of the County," a statement which has no doubt been impressed upon Your Honor at the shiretown. Our people stand in the very forefront of the agricultural industry; our lumber business provides a stable revenue; our school system is abreast of the times, and if our people are not enjoying the artificial prosperity of war times, our business rests on a more stable basis, and there is a living and comfort for all who are willing to work.

The facts have no doubt impressed themselves upon Your Honor's attention as you have passed through our County, but we have other claims to distinction, as well.

As the people of the shiretown no doubt called to Your Honor's attention, the County was originally settled by those United Empire Loyalists who fought in a lost cause, and sacrificed their worldly possessions and social standing in order to retain their allegiance to the grand old flag. In the wars which have fallen to our lot since the Revolution, our County has always been willing to do its share, and the beautiful soldiers' monument on our courthouse grounds bears mute but eloquent testimony to the memory of the Carleton County boys who in the Great War paid the last full measure of devotion in order that popular government should not perish from the earth, and that the small nations of Europe might not be trampled beneath the fierce and overmastering pride of the strong.

In politics, if in the past we have justified our name of the political hotbed of the Province, we have at least produced plants in our political garden of whom the County need not be ashamed. The birthplace of Sir George E. Fothermay be seen from this hilltop. Hon. Charles Connell, whose "Connell stamp" overshadowed his more solid achievements, was one of our Carleton county members in the days before Confederation. Hon. W. P. Jones, solicitor-general of the Province previous to 1903, Hon. J. K. Fleming, at one time premier, Hon. B. F. Smith, Minister of Public Works and Hon. F. B. Carvell, a member of the Dominion government during the Great War, were all Carleton County men.

It is also an interesting fact that Carleton was the first County to adopt the present municipal system and to elect a county council to manage its local affairs, a system which has worked so well that the County debt is now probably the lowest in the province, per head, and is being rapidly paid off, an example which is respectfully commended to governing bodies of greater capacity and wider outlook.

Under these circumstances, and many others which might be referred to, we trust that Your Honor will appreciate our pardonable pride in having the honor of representing so beautiful a County and so fine a body of people and of welcoming Your Honor and Mrs. Todd upon this happy occasion.

And in conclusion, Your Honor, we again assure you of our appreciation of the honor which you have conferred upon us, and we respectfully say, "Come Again."

FIRE AT UPPER KENT

A fire of unknown origin this morning at 5.30 o'clock destroyed the farmhouse of John Broad at Upper Kent. Mr. Broad was having breakfast at

the time when William Gance, who lives opposite Mr. Broad's home, noticed the flames breaking through the roof around the chimney. Most of the furniture on the ground floor was saved, nothing of any value, however, was saved from the upstairs, but the loss is practically covered by insurance. Fortunately no other buildings were burned.

BATH BREEZES

On Monday evening the Grand Falls baseball nine, met the local aggregation on the local diamond. The game, a seven inning one, was a walk-away for the locals. Shaw was in excellent form and pitched a stellar game. The batteries were: Bath—Shaw; Estabrooks, c. Grand Falls—Caruthers, p.; Gyr, p.; Estey, c. The score at the end of the 7th inning stood 17-4 in favor of Bath.

The party continued from here

on Sunday morning and will visit Quebec, Montreal and Toronto before returning to Cleveland. They spoke very highly of both the roads of Nova Scotia and of this province, the worst being the roads under construction just below Florenceville which due to heavy rains prevailing did not perhaps present a very attractive appearance when judged according to feminine standards and neatness.

The ball game here last evening between Centerville and Bath resulted in a score of 4 to 3 in favor of the home team. This game was reported as very exciting and well played. The batteries for Bath were Shaw and Estabrooks.

YOUNG AT THE AGE OF 87

Our village "grand old man," Mr. George C. Gray celebrated his 87th birthday on Monday. His sister, Mrs. L. E. McFarland, gave a dinner in honor of the occasion, having for guests Mr. and Mrs. Wm. McGee and his grand daughter, Miss Eugene Taylor, to meet him.

On Monday evening the members of the Reformed Baptist church, of which Mr. Gray is a member, gave a surprise party, for his benefit at the home of Mr. and Mrs. A. L. Baird and presented him with a book entitled "Thirty-three Years a Live Wire," by Rev. John T. Hatfield. A very pleasant evening was spent at the close of which refreshments were served.

Although well advanced in years Mr. Gray still keeps his youthful spirit and is interested in all questions of the day, both at home and abroad. He walks along briskly, carrying only a walking stick, and his sight and hearing are as keen as in younger years. His many friends congratulated him on his birthday and hope he may see many more as comfortable ones.

The following is contributed:

Some of the outstanding events of his life were: He was married to Miss Elizabeth Ackenside sixty-two years ago; was converted fifty-four years ago; was sanctified forty-one years ago. His eldest daughter died thirty-four years ago. His son George was drowned on the head waters of the St. John fifteen years ago. His wife died 14 years ago. His second daughter died in California six years ago, and the Lord has prolonged his day until the present time.

Card of Thanks

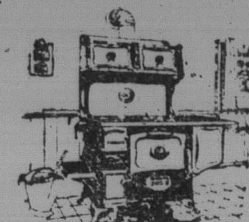

The undersigned wishes to thank all friends in Hartland and vicinity who showed so much kindness with their help during the long illness of his wife and at the time of her death.

OUR FORESTS

The rising generation is not taking the same attitude toward forest fires which unfortunately generations which have gone before did take. The public has been given ample information in the prize winning essays which have been published of the clear state of the situation in regard to the forests which the most expert of the essayists had, but also there were many pointed sentences and paragraphs contained in the essays which were not considered sufficiently meritorious to be awarded prizes in the recent contest conducted by the Junior Red Cross.

The power of precept is shown in this extract from the essay of Isabel M. Grant of Central School, St. John City. "Last week I went out driving with father and I was looking at the grass. I saw a man throwing a cigarette on the ground and it was lit. I said to father that it might start a fire and the man heard me and went back and put it out."

The school children recognize the power of education and propaganda in the matter of forest protection as the following witnesses: "We see that the terrible destruction of our forest is caused by ignorant, careless and wilful people. But as every child is taught the cause and prevention of forest fires today, the men and women of tomorrow will be careful and cautious guardians of our forest wealth."

The writer of this is Muriel J. Lutes, aged fifteen years, of Lutes Mountain. A rather bitter comment upon past conduct of the people of the province is contained in the following: "When people pass through our province from other provinces and see big black spaces where there has been a fire, they will say 'The people of New Brunswick did not care for their forests.' The author is Kenneth McDonald of Moncton, aged thirteen."

Optimism and confidence in the future are to be the keynote of this year's essays. In the essay of May Arch of Chatham, aged twelve: "It is expected that in the future years the number of forest fires will be lessened a great deal, as the rising generation is receiving such practical and useful education along the line of economics and the pupils of the school are learning to prize the forests."

The theme of conservation and preservation seems to have been reached by Laura B. Anderson of Bathurst Convent School who has written: "A little forethought and common sense will prevent many a fire."

These quotations do not exhaust the keen comments upon forest protection which the youth of New Brunswick

has made. There were many of similar nature in the hundreds of essays submitted.

Visiting Sailors Tour Canadian Rockies

Above, some of the sailors are here seen at Banff grouped around the huge Canadian Pacific all-burning locomotive which headed them through the Rockies. Inset—Perambulating at Revelstoke.

Through the courtesy of the Dominion Government twenty-five officers and two hundred and twenty men of the British Service Squadron on tour were given a trip from Vancouver through the Rocky Mountains as far as Calgary by special Canadian Pacific train, returning by way of Edmonton. The men were selected from the Flag Ship H.M.S. Hood, H.M.S. Repulse and H.M.S. Adel-

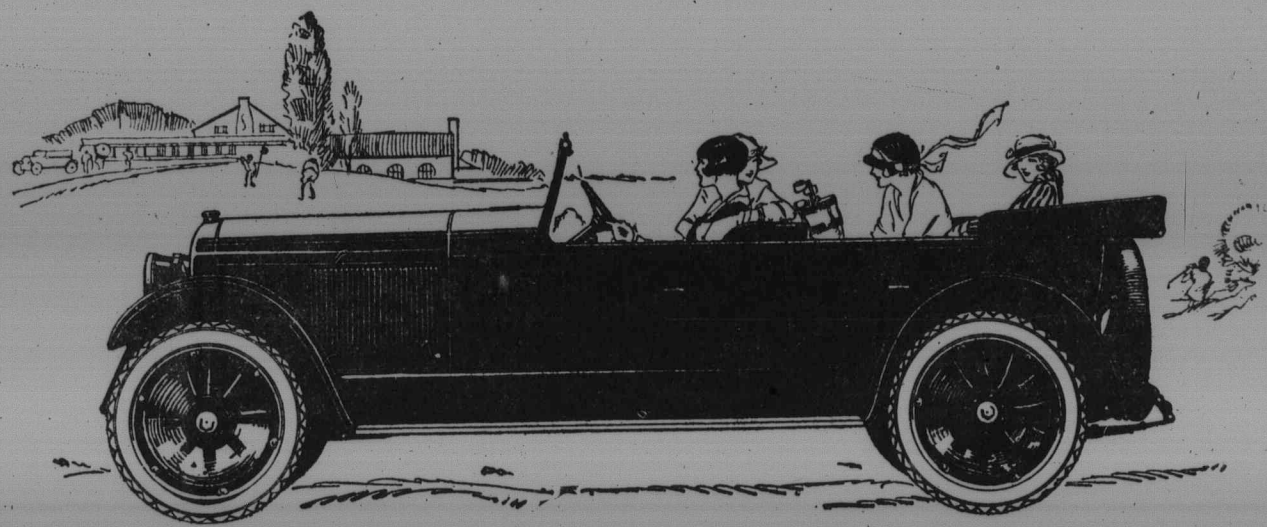

aide. All through the mountains the train was given most enthusiastic receptions from people lining the stations wherever it stopped and shouting their greetings from the smaller ones as it passed. During a stop of two hours at Revelstoke the entire crowd was taken to the top of Mount Revelstoke in automobiles. At Field it seemed impossible to get the train away, so anxious were the people to

heap flowers and congratulations on the men. Banff citizens met them with automobiles and showed them around at night on arrival and again in the morning when they visited the bathing pools. The reception at Calgary was equal to that accorded the visiting sailors all along the line, and all day they were entertained at receptions and banquets, closing the day with a ball at the Falisier Hotel

for the officers and a smoker at the armory for the men.

Throughout the trip the sailors were as busy photographing as being photographed. All of them have travelled far and viewed the scenery of many lands, but they are unanimous in the opinion that the beauty of the Rockies—Banff National Park, Albert Canyon and so on, is superior and more grand by far than anything else they have seen.

SEWING CIRCLE GOSSIP

There was some discussion at the sewing Circle this week about the location of the tomb of King Tut. The wife of the new Bank Manager said she knew exactly where it was, for she had spent a winter in Egypt, and had been in Luxor frequently. "And ladies," said she, "that reminds me, if you would have a breakfast beverage that is delicious, fragrant and satisfying, you should tell your grocer to send you a tin of LUXOR COFFEE. This coffee, I can assure you, has a flavor and aroma which surpasses that of any coffee you have hitherto used. Say to your grocer that you must have LUXOR COFFEE and refuse to accept it if he sends you any other kind."

SUMMER SCHOOL OF METHODS

HARTLAND, AUGUST 4-11
A summer school of methods for the Sunday school workers and all young people of the northern part of the province will be held in Hartland during the week of August 4 to 11. For the last four years this school has been held at Woodstock, but the M. R. E. C. leaders decided to change the place of meeting this year to Hartland in the hope of securing a larger attendance of students. This is but one of four schools of methods being held this summer in the Maritime Provinces. The program is an attractive one and should command the attention of every teacher or prospective in the Sunday schools of the land. The following is the daily program for the school: 9.00—Worship. 9.30-10.20—Group study on "The Teacher." 10.25-11.20—Specialization group study.

11.25-12.20—Group study on "The Teacher."

2.00-3.00—Private study period. 3.00-3.30—Recreation. 3.30-3.50—Private study period. 7.30-8.15—Group study on "Worship through song." 8.30-9.30—Demonstration of games, pageantry, etc. Who should attend such a school? Every one who wishes to fit themselves for more efficient teaching in the Sunday school. Who are the leaders in this school? Rev. F. M. Milligan of the Presbyterian Sunday school board, Rev. W. C. Lakeville Leaflets

We are glad to report that both Miss Page and Mr. Lifford who are at the Woodstock Hospital are convalescing. Rev. Mr. Mercherson spoke here on Sunday in the interest of the Bible Society. He also delighted his hearers with a beautiful solo. Mr. and Mrs. Wm. Wilson accompanied some friends from Boston to St. John on an auto trip. The Americans were delighted with the scenery along the St. John River, but were surprised that New Brunswick is so far behind in sign boards, as on the whole trip not one was to be seen to tell the distance to any place or assist in keeping the right way. Mrs. Archie Barker and little son Billy are visiting in Glassville. Dr. Wright went to Augusta today to write the State Board examinations. Miss Dorothy Stanford who just got home from Normal School is keeping house for Mrs. Wright while she is away with the doctor. Mrs. H. T. Jones accompanied some friends on a trip up the Tobique. Miss Evelyn Moore, R. N., of

Presque Isle is spending her vacation at her home here with Mrs. R. B. King.

Carol and Robert Jones are visiting their aunt, Mrs. Roy Stephenson, at Nictau. Mr. John Irvine of Chatham is visiting his sister, Mrs. Roy Smith. Katharine Wilson who has been teaching at Talmouth, Mass., is spending her vacation at her home here. Miss Wilson speaks very highly of the school system there. She goes back again when the fall term begins. Bessie, daughter of Wm. Armstrong, is visiting her home for a few days, her husband accompanying her. Kathryn Burt is visiting her grand parents, Mr. and Mrs. Wilson. The crops are looking fairly well considering the dry season.
