

DEVELOP THE LAKE TRADE AND BOOST LONDON BUSINESS

Board of Trade Likely to
Take the Matter Up and
Visit Cleveland.

CHATHAM ALIVE TO SITUATION

Maple City Is Going Ahead With
a Scheme to Pull Business
to That Place.

The London board of trade may get in touch with the Cleveland Chamber of Commerce relative to the development of shipping over the L. and P. S. Railway and the Southwestern Traction Company.

The Chatham board of trade has already taken steps in this direction, and will make a big effort to divert trade across the lake to that city.

The matter has been brought to the attention of the local board by several prominent merchants, and there is no doubt that something will be done in this line.

They point out that there is a very great body of trade from that city that can be diverted over the city's railway, and that if a systematic effort was made to get in touch with the Cleveland businessmen, a very great deal of advantage might accrue to London.

Big Business.
"There is undoubtedly a great deal of trade going over other roads that could be brought to this city and distributed," said a leading businessman today. "In Cleveland there are half a million people, thousands of whom have goods to ship to this country. They are farmers, and the lake, and the possibilities along this line are very great."

"In addition, Cleveland is the centre of a trolley system, the greatest in the country. Traction lines run in all directions opening up a vast stretch of country. There are early trucks, etc., that could and should come over this line."

Develop Trade.
"What I mean to point out is this—there is a trade there, that if properly developed, would yield a great revenue to the city railway, and benefit the city of London greatly."

"I remember the time that every ton of coal used in London came over the London and Port Stanley Railway. Now there is scarcely a ton of hard coal coming that way."

"I am convinced that if proper arrangements could be made, a large portion of this coal could be brought over our own road, and the Southwestern road to the great advantage of this city."

A Coal Road.

"If you remember the chief argument used in the L. and P. S. was that it would be a coal road, giving this city a decided advantage in this commodity. As a matter of fact it has practically failed of that purpose, although there is a great deal of coal for manufacturing purposes coming in through the Port."

Chatham Is Awake.

"I understand the citizens of Chatham are nurturing the prospects of boat connection, and the board of trade there will make an attempt to get in touch with the Cleveland board of trade, and discuss the question of traffic from every angle. The trade between the two cities can be developed, there is no doubt, and the local board of trade should carefully canvass the situation, and see what can be done along this line."

"Although attempts made to run boats across the lake in the past failed, that is no criterion that a success cannot be made of it now. As I mentioned before, there are half a million people in Cleveland, and the traction lines touch many millions more, and there is no reason why advancement in trade cannot be made along all lines."

A Hard Coal Line.
It is understood that all the hard coal comes via Erie, Pa. There is some talk of a line of boats from that port to Port Stanley to carry hard coal, but so far nothing definite has been learned.

It is said that a great deal will depend on the attitude of the Dominion Government on the request that Port Stanley be declared a port of call, and that a breakwater being built out on the east side.

Several members of the board of trade will bring the matter up at the next meeting, and it is predicted that one of the first trips the new boat makes across the lake will be that on which members of the boards of trade from London and Chatham will be on board to discuss the trade situation.

STRIKE OF 27,000 AGAIN SEEMS LIKELY

U. S. Commissioner of Labor
Unable to Bring About Peace
With Firemen.

Chicago, March 21.—A strike of 27,000 on forty-seven railroads, seems imminent. When C. P. Neill, United States commissioner of labor, met the representative of the Brotherhood of Railroad Firemen and Engineers, and the general managers of the forty-seven railroads today, a peaceful settlement appeared as far away as ever. It was generally believed that today's session would be the last of the conference.

Martin A. Knapp, chairman of the inter-state commerce commission, returned to Washington Saturday night. It appears that he has given up the mediation conferences as hopeless.

REVIVAL OF MINISTRELS IS MAKING A HIT

Liberals Are Working Hard and
Will Put on a Splendid
Performance.

The revival of the old-time Liberal Minstrels promises to be a great success. Practices are being held almost every evening, and the chorus work is well nigh perfect at the present time.

Mr. A. Robson has completed the elevated platform to be used in the first act, and all the other details have been arranged for. New costumes are being made, and the show promises to be one of the real hits of the season.

All the latest New York song successes are being used, and a large orchestra composed of London's best musicians will furnish the music. The dates set for the show are April 14 and 15, and there is no doubt a very large crowd will attend both performances.

There will be practices tonight and tomorrow night.

WHY THE CATHOLIC CHURCH CANNOT JOIN THE SECULAR TEMPERANCE SOCIETIES

Trenchant Arraignment of the Drinking Habit Together With a
Explanation of the Church's Position on the Great
Question, Especially in London.

Rev. Father Tobin, assistant rector of St. Mary's Church, East London, Sunday night gave the reasons why the Catholic Church cannot and will not join hands with the secular temperance bodies of London in the effort to suppress the liquor traffic.

"It is not because the church is opposed to such work," said Father Tobin, "or because the church does not recognize the fact that liquor, when drunk to excess, is a curse."

"The view of many of these temperance societies is heretical," declared the priest, "because they claim that liquor itself is bad, whereas we know that it is not. It is one of the works of Almighty God. It is the

abuse of liquor that is bad. Away back in the third century, and again in the thirteenth, we find sects arising who claimed that the use of liquor and of flesh meat was sinful. But the church combatted this view, and showed that it was only the abuse of liquor that was to be condemned."

Antagonistic to Church.

"Again, the church cannot help but take cognizance of the fact that many of the men who are prominently engaged in the work of temperance are also men who make it a habit to take part in demonstrations against the church, and sit on platforms where the church is slandered and abused. Com-

P. M. MAY ASK A NEW LEASE AND ELECTRIFY L. AND P. S. R.

Latest Story Is to the Effect That Present Operators of the Line
Are Seriously Contemplating This Move—Others Are
Said To Be Going Into the Proposition.

The next proposition to lease the London and Port Stanley Railway will carry with it an offer to electrify the road.

It was stated this afternoon on excellent authority that one or more companies are considering a proposal to electrify the line, and will, when the time comes, submit an offer.

The details of the scheme are somewhat vague, as the question is being merely figured out, but from what can be learned a proposition will be sent to the board shortly.

According to The Advertiser's informant, the Pere Marquette have looked into the question a little, and will undoubtedly go much further.

Not Serious Proposition.

They are in touch with some of the leading men interested in this city's progress, and are obtaining information as to the scheme.

It is claimed, that with the present roadbed, the problem of electrifying the line is not so serious a proposition, and that it can be done at a reasonable cost.

A couple of electric locomotives would handle the freight business, and

the passenger traffic could be handled by means of traffic cars.

The hydro-electric commission will be got in touch with the company, and all the information they possess will be given to them in order to facilitate the work.

Several Offers.

"Such a proposition would be of great value," said a leading businessman in discussing the idea. "The company could make us an offer along that line, and I am quite confident from what I have learned that there will be at least one company, perhaps more, that will make us an offer."

"It is a somewhat difficult matter to get the citizens of London to vote in favor of a money bill, but if the company makes us an offer to electrify the road, giving us a rental, and perhaps a percentage of the receipts, I do not see why we should not accept it. The value of the road will be increased greatly."

"The Pere Marquette lease has three more years to run, and they will have to know before that time what is going to be done, as it would not be fair to themselves to let the city wait until the last minute before anything is done."

LONDON TRAVELLERS
WANT EARLY TRAINS

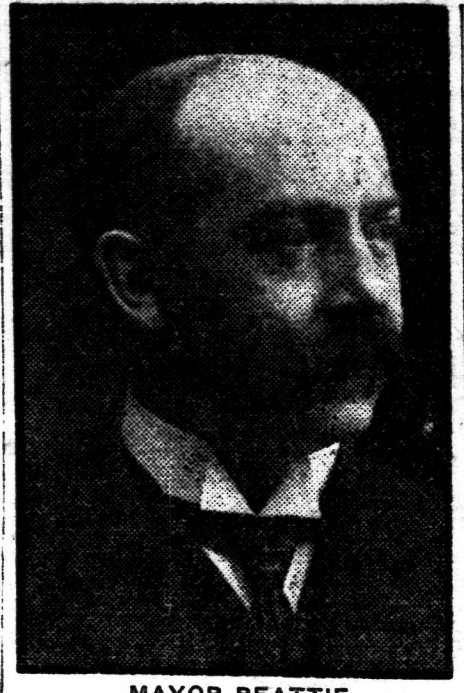

Will Ask for One On L. H. & B.
Line at 6 o'clock Instead
of 8:30.

It is stated that the travellers of the city will shortly take up the question with the Grand Trunk Railway of having the morning train on the Huron and Bruce leave London at 6 o'clock instead of at 8:30.

It is claimed that this would be a great convenience for the travellers, and would enable them to get over the northern towns a great deal quicker and give them a chance to get better connections.

Crowding of Cars.

Another matter which it is stated will be brought to the notice of the railway is the crowding of the cars on all the branch lines on Monday mornings. It is claimed that owing to the rush of travellers in addition to the usual traffic, that it is impossible some times to secure seats, and that at the best of times the cars are badly crowded. The railway will be requested to furnish extra cars on Monday mornings.

RIVER THAMES AGAIN SWOLLEN FIVE FEET GOING OVER DAM

Warm Rain and Summer Weather of Sunday Cause the Swamps
to "Loosen Up," and the Water Poured Into the River—
No Danger of a Bad Flood It Is Said.

The river was higher yesterday than at any time this spring and today there is a volume of water five feet higher going over the Springbank dam.

There is some ice going down, but there is no danger whatever of a jam or flood.

The sudden rise was due to the heavy rain of Saturday night and the warm Sunday.

The river started to rise early, and at noon was rushing over the dam at a great rate.

It continued to rise until nearly six feet of water was going over the Springbank dam. There was little variation all afternoon. In the night it commenced to go down somewhat, although at 10 o'clock this morning there was still five feet two inches going over the dam.

The highest mark was during the break-up was five feet ten inches," said Engineer Simmie, of the pump-house.

"That was immediately after the jam had broken up, and the water quickly went down. The flood of yesterday and today is more sustained, and is on the whole much higher. There is some ice going over, but nothing to cause any alarm or worry. It is all right."

The warm rain loosened the ice and the snow in the swamps, causing an excessive amount of water to flow. In the previous flood in the river, the water and ice were from the small river and creeks, little coming from the swamps.

The Warm Rain.

The rain of Saturday night and Sunday morning melted the large bulk of the ice and snow in the swamps, and greatly increased the volume of water pouring down the Thames. Both branches of the river are running high, showing that the rain was general. The Grand Rapids was very high during Sunday afternoon but it subsided slightly.

Chicago, March 21.—An official report received at the headquarters of the Chicago and Great Western Railroad here, gives the number of dead in the derailment accident at Gladbrook, Iowa, today, as fourteen. Twenty-five persons were injured. Nearly all of the casualties occurred in the chair car, although two sleepers were also wrecked.

The train was a consolidation of two others, both known as the Twin City express, one having left Chicago at 4:15 p.m. and the other St. Louis at 2:15 p.m. yesterday.

Water surplus placed at \$38,142

Will Be Submitted to the City
Council at Regular Meeting
Tonight.

CITY WATER CHARGES IN IT

On the Whole the Net Result Will Be
About \$3,000 Better Than
A Year Ago.

The estimates of the water commissioners for the year have been prepared, and will be submitted to the council at the meeting tonight.

As pointed out some time ago, the surplus for the year is estimated at \$38,142. This is about \$3,000 in excess of last year, and it is confidently expected that the revenue will show a still larger balance during the year.

The service extension cost is placed at \$6,000. The temporary estimates placed this at \$10,000, but the smaller sum is thought sufficient to carry the work through for the year. There was \$2,500 carried over from last year, and the total, the sum of \$7,500 still remaining.

There was a suggestion that larger amounts be placed down town, and it is quite probable that this will be done, although no mention was made of it at the meeting on Saturday.

Some salaries were raised, but the increases were not heavy.

On the whole the statement is very satisfactory.

Estimates are as follows:

Water rates from consumers \$100,500 00
Water rates charged to city 13,922 00

Interest \$114,422 00
Rentals 300 00
Total \$115,322 00

Expense:
Workshop account, \$5,000 00
Pump house, main-

TWENTY-FIVE PERSONS KILLED IN WRECK ON ROCK ISLAND

A Passenger Train Ditched at Marshalltown, Iowa, This Morning.
Causing Dreadful Loss of Life and Many Injuries.

[By Associated Press.]
Marshalltown, Iowa, March 21.—Twenty-five persons are reported killed and a score injured today when a passenger train on the Chicago, Rock Island and Pacific, derailed on the Chicago Great Western, went into the ditch one and a half miles north of Green Mountain, this county. All physicians in this city have been sent to the scene in automobiles.

RESTAURANT FIGHT
WILL BE GIVEN HEARING

Benjamin Sturney Is Alleged to
Have Assaulted Fellow-
Worker.

Benjamin Sturney, a young man who has been employed in local restaurants, appeared before Mayor Beattie this morning on a charge of assaulting Frank Abdo, another waiter. Sturney admitted that he struck Abdo in the eye, but alleges he did so in self-defence. Sturney claims that Abdo came at him with a razor. Abdo claimed that all he knew about a razor was that he had shaved with one about three hours before the assault. He positively denied that he had the razor around at the time Sturney struck him, or that he made or threatened to make any attack on him with it. The court decided to adjourn the case until tomorrow in order that the evidence of another man who was present be taken. Sturney has figured in more than one case in the police court in the last few months.

His trial on both charges will take place on Thursday.

LOOKS LIKE A BUSY SEASON ON THE LAKE AT PORT STANLEY

It Is Said Several Lines of Boats Will Make Stanley a Port of
Call—An Aylmer View of the Sunday Car Question.

Sunday cars to Port Stanley will mean that several boat lines will make Port Stanley a port of call, according to local ticket agents.

For five years the Merchants' Line, which runs from Montreal to Detroit, would have stopped at Port Stanley, but there was no way of getting their passengers to and from the Port on Sunday, and as a result this very important line refused to touch at that point.

It is understood now that the boats will call at Port Stanley and will carry merchandise and passengers.

There may be others, too, but at the present time the Merchants' Line and the Ontario and Ohio Navigation Line are the only two lines that will stop at this port for passengers and freight, it is said.

The O. and O. Line will be ready to commence operations in June, while the other line will probably come in earlier.

Sunday cars will probably run before that time, although Manager Mowat, of the Southwestern Traction Company, would make no definite announcement as to that. They will have to run the cars when navigation opens, which will be in May, or at the latest, in June.

An Aylmer View.

PRIEST PUTS BAN ON BEN HUR
CATHOLICS MAY NOT ATTEND

Rector of St. Peter's Says Argument That Play Is Semi-Religious
Will Not Excuse Members of His Congregation, Who
at Heart Are Only Anxious To Be Amused.

Roman Catholics who were desirous of witnessing the performance of "Ben Hur" at the Grand this week were somewhat shocked Sunday, when Rev. Father Aylward, rector of St. Peter's Cathedral, spoke on the subject. He came out emphatically against the idea.

Father Aylward stated that he had been approached by a number of persons, who appeared to be under the impression that "Ben Hur" being a semi-religious production, would be outside the ban which the Roman Catholic Church places upon amusements during Lent.

No Doubt on the Matter.

Father Aylward cleared up this point, however, in short order.

He was surprised and shocked, he said, that any of St. Peter's congregation should hold any such view. Such a thing as attending the theatre under any guise in Lent, and especially in passion week, could not be tolerated. It might be all right to say that "Ben Hur" was a religious production, and carried with it a great moral, but Father Aylward told his hearers to be honest with themselves. They were out to be amused, and when they talked on the moral in the play they were seeking to deceive themselves, though they deceived no one else.

It is said many Roman Catholics families are giving tickets to Protestant friends today.

New Styles for Spring 1910

Our Opening and Easter Display of

Twentieth Century Clothing

FROM THE most famous tailor shops in Canada. 20th Century clothiers are not manufacturers of Ready-to-Wear Clothing, in the ordinary meaning of the phrase, but are wholesale tailors, the meaning of which is not generally quite understood; but the difference between ready-made and 20th Century Brand Clothing is all the difference between factory and tailor-made garments. There are many operations in the making of a garment that require hand-work to accomplish satisfactory results, and every part that can be better made by hand than by machinery, is made by hand on 20th Century Clothing.

Made to Your Measure

While we carry a full stock of this famous brand of clothing, and can give you almost any style you want ready for service, yet if the style and size is not in the cloth you want, we take your measure, and you may choose your cloth from hundreds of samples, as well as from any model shown. We can fit all shapes and sizes, the slender man, the stout man, the normal and the tall, stout man. Special orders are taken at same prices as suits made up. Completed in five days, and no garments are permitted to leave our establishment that do not fit perfectly. We will not permit the defects of an ill-fitting garment to be smoothed over and passed out to our customers.

Trimmings an Important Feature

20TH CENTURY brand garments hold their shape no matter how hard usage they are given. It is simply a matter of hand-tailoring and using the best of trimmings, a careful inspection of every detail, and a determination to see that everything that goes into the garments is of the best.

Sole Agents for London

In assuming the agency for 20th Century Clothing, we are satisfied that we are offering our customers the best brand of clothing made or sold in Canada, and invite inspection and comparison.

A DAY IN THE SPORTING WORLD

SIDE LIGHTS ON
MANY SPORTSDETROIT WINS A
CHARITY GAME

Defeated San Antonio by 9 to 3
in Battle for Aid of Free
Clinic.

TWO HOME RUNS SCORED

Lister and Drake Being the Heroes—
Society Ladies Sold the Tickets.

San Antonio, March 19.—Detroit's youngsters, returning from their successful jaunt today, again met San Antonio's Bronchos.

This was for the sake of charity and for the sake of prestige. The score went to the Tigers, 9 to 3, while the financial proceeds entered the fund collected here for the establishment of a free clinic. A fashionable audience gathered at San Pedro Park. Society leaders occupied boxes, and the Detroit recruits drew nearly all the applause that the audience could give.

FOUR HITS BY VERNON
ENOUGH TO TRIM SOX

Jim Scott, in His Best Game of Year,
Is Beaten by Coast Men, 3 to 1.

[Special to The Advertiser.]
Los Angeles, Cal., March 19.—Another defeat was chalked up against the White Sox regulars this afternoon. Duffy's men were downed in a close battle with the Vernon's 3 to 1. Jim Scott was the victim of the Vernonites, although he pitched the best game that he has since joining the team.

Only four hits were made off him, but they were bunched in pairs. Five hits were made by the Sox off Schafer and Hitt, the two pitchers who worked for the natives, but they were scattered through five innings.

The Sox had five hits, nine assists and no errors, while Vernon is credited with four hits, thirteen assists and one error.

The Sox lined up as follows:
Messenger, I. F.; Zeider, 2b.; Beall, r. f.; Gaudin, 1b.; Collins, 3b.; Purcell, 2b.; Cole, c. f.; Block, c. Scott, p.; Smith and Walsh, pinch hitters.

CUBS AND PELICANS IN
TWELVE-INNING DRAW

Battle to Extra Innings With Score at
Three to Three—Darkness Ends
the Game.

[Special to The Advertiser.]
New Orleans, March 19.—Twelve bruising rounds, with honors even at 3 to 3. That's what happened when the Cub boys and Frank's pelicans renewed hostilities today.

They might be battling yet, but for the providential approach of dusk.

When Umpire Atz called off all bets at six o'clock "Slats" Williams, our debuting Oklahoman, was just hitting his true gait, something that has kept the West Siders expectant and dubious ever since "Slats" joined the colony.

The Cubs had 7 hits, 10 assists and 2 errors to New Orleans' 7 hits, 25 assists and 2 errors.

ATHLETICS KEEP HOUSER

Manager Mack Makes Announcement—
Philadelphia Beat Memphis 6 to 2.

[Special to The Advertiser.]
Memphis, March 19.—After watching First Baseman Houser in a star role today, Manager Mack announced that any idea he may have entertained of disposing of Houser had been abandoned.

The Southern Leaguers couldn't hit to-day, while the Athletics put forth snappy fielding and won, 6 to 2. The score:

Philadelphia.....0 0 0 1 3 1 0 0 1—11
Memphis.....0 0 0 0 0 1 1 0 2 6—2

SOX YANNIGANS LOAF
ELEMENTS HOLD SWAY

Rain Keeps Recruits From Battle
With Seals at San Francisco.

[Special to The Advertiser.]
San Francisco, March 19.—Rain, of the variety that has made San Francisco famous, kept the White Sox yannigans from hooking up with the Seals today. The players are glad to have a rest. They spent today loafing around the hotel.

The yannigans put in most of the day giving up spare coin in exchange for tags to society belles in the interest of charity, and gassing with Dave Atzler, who stopped off en route to Minneapolis, where he will play the coming season.

WALSH ORDERED TO PAY
\$250 TO CHAS. COMISKEY

Owner of White Sox Wins Case Before
Commission But Payment Will
Be Deferred.

[Special to The Advertiser.]
Cincinnati, March 19.—Charles Comiskey, owner of the Chicago White Sox, today won his case against Martin Walsh, a brother of the noted flinger, when the national commission allowed the claim that Walsh owed the Sox the sum of \$250.

Although the claim was allowed, the commission permitted Walsh to defer payment until he is again able to earn a salary because of a present injury to his flinging arm.

The commission refused to reopen the cases of Monty Pyl and Thomas P. Shenan, former major league players, who were placed on the ineligible list recently because of their playing "out-law" ball in California.

Fred Schwarz, who claimed salary was due him from the Des Moines club, Western League, lost his case.

ALL BALL FANS SHOULD
ATTEND BIG MEETING

Amateur League and City League
Propositions Are To Come Up at
Tonight's Session.

Every baseball fan in the city is expected out to the organization meeting in the City Hotel this evening.

When matters of importance are to be discussed. A proposition to form a Western Ontario Amateur League instead of the City League will be submitted, as stated in Saturday's Advertiser.

ORIENT CLUB WILL
BANQUET HOCKEY TEAMS

London O. H. A. Men To Be Given a
Time by Local Sports Tonight.

The Orient Club will banquet the members of the London hockey club at the London house tonight at 9 o'clock.

The Orient have always recognized good sport and are the first to tender any sort of reception or entertainment to the London men who made such a splendid showing in the O. H. A. junior and intermediate series this year.

\$650,000.

[By Associated Press.]
San Francisco, March 20.—Seats for the Jeffries-Johnson fight here July 4, will range from \$5 to \$50, according to an official statement by Tex Rickard, one of the promoters of the fight.

It was originally intended to charge from \$10 to \$100 but Rickard declared that after considering the subject they had concluded that the conclusion they could make enough money at reduced prices.

As Rickard explained it, there will be 20,000 seats, and striking a rough average of something like \$2 a seat, there will be over \$40,000 in the box office.

ATTELL FIGHTS IN
WHIRLWIND STYLE

Featherweight Champion Fought as of
Old in Bout With Martz.

[Special to The Advertiser.]
New York, March 20.—Abe Attell, the featherweight champion, fought like the Attell of old last night at the National Sporting Club, where he cut Johnny Martz to pieces in ten great rounds.

The showing of Attell was a revelation to the huge crowd. The classy little fellow was in fine form and his manner of whipping Martz, and then side-stepping the latter's wild rushes were marvellous. Attell was fighting under a handicap, as Martz had at least fifteen pounds advantage in weight.

From the tap of the opening bell to the finish Attell tossed Martz with his left, and then would send in his stinging right uppercut. It was a clever fighter meeting a hard hitter, with science getting the verdict. In the second Attell got Martz off his balance and clipping him with a right uppercut, sent him to the canvas. Martz was wild, but he could not get within arm's length of the champion.

JOHNSON MUST GO
WEST BY APRIL 1

Promoter Gleason Will Hold the
Black Champion to His
Contract.

HOLD A FIGHT CARNIVAL

With Ketchel and Papke, or Wolgast
and Nelson, to Lead Off.

[Special to The Advertiser.]
San Francisco, Cal., March 19.—Sam Berger, business manager of Jim Jeffries, and Jack Gleason will leave for the East Monday morning.

They will make hurried trips, as Berger must be in San Francisco not later than March 20, so that training at Rowandean camp can open April 1.

Berger is going to Chicago to confer with H. H. Frazee regarding the round-the-world trip that Jeffries is to make under their management providing the will the coming heavyweight battle July 4.

Hold Him to Contract.
Gleason has threefold mission.
He has heard that Johnson will not leave for the coast until the middle of May.

The contract calls for him to be here by the first of April and Gleason will insist that this be carried out.

Gleason will also endeavor to secure a general rate from the railroads for the fight carnival and as the matchmaker of the Metropolitan Boxing Club of San Francisco, he wishes to arrange an attractive card for June.

Ketchel and Papke.
He has his eye on Ketchel and may land a bout with Papke.
He would fix it for the last day of June, so as to catch the crowd here and this event would be second only to the heavy weight championship of importance and interest.

Jack Gleason, it was announced today, will be matchmaker for the Metropolitan Club, for which Louis Blot has heretofore occupied the same position. Gleason was attracted by the fact that the Metropolitan has the June fight permit and is confident he can make a killing by getting a good fight, either between Ketchel and Papke or Wolgast and Nelson, for June 20.

ANOTHER DRAW FOR CUBS

New Orleans Again Holds Big
Leaguers to Overcome Tie Game.

[Special to The Advertiser.]
New Orleans, March 20.—Extra training draws are all the rage on the local patch. Not content with a 12-round deadlock yesterday, the young fighters and the Pelicans again mingled this afternoon, struggling 10 innings to a 5-to-5 tie.

The game was called to allow the Cubs to catch a train for Mobile, the score:

Chicago.....R. H. E. 5 7 4
New Orleans.....5 8 3
Batteries—Schweinn, Knapp and Needham; Ostrem, Pruitt, Maxwell, Paige and Mitchell.

NAPS TRIM TEXANS

McGuire's Boys Have Field Day at
Fort Worth's Expense.

[Special to The Advertiser.]
Fort Worth, March 20.—The young Naps made it six straight victories by hard hitting, Lord leading with a single, a double and a home run. The score was: Cleveland 9, Fort Worth 1.

Kirsch, Falkenberg and Berger worked in the box today because of the fact that the squad's twirlers have been overworked the past week. Pitchers Harkness and Jack Graney arrived tonight from New Orleans, where the main squad of Naps rested today. The score:

Cleveland.....R. H. E. 9 12 3
Fort Worth.....0 0 0 1 0 0 0 0—1
Batteries—Kirsch, Falkenberg, Berger and Higgins; Weatherford, Deardoff, Ash and Powell.

CATTLE PRICES AT LIVERPOOL.
Liverpool, March 19.—John Rogers & Co., Liverpool, reported small numbers today in the Bickenhead market meeting, a ready sale with last week's prices being well maintained. The best United States cattle showed an advance of 1/4c, the quotations being—United States cattle from 13 1/4 to 14 1/4c, and Canadian 13 1/4 to 13 3/4c.

BARRY TO MEET LANGFORD
IN 25 ROUND GO APRIL 9

Chicagoan and Boston Negro Signed
Up by Promoter McCarney, of
Los Angeles.

[Special to The Advertiser.]
Los Angeles, March 19.—Three weeks from today Sam Langford will enter the ring again.

Promoter McCarney announced today that he had signed the black fighter and Jim Barry for twenty-five rounds at Vernon, April 9.

It was Barry who insisted on a long route, despite the recent experience of Jim Flynn.

Langford has beaten Barry several times, but the white man, having advantage in height, reach and weight, as Flynn also had, believes that he can overcome the negro's superior generalship in a battle of more than ten rounds.

Langford will rest a week and then return to his training camp at Arcadia. In the meantime Barry will fight Burns at San Francisco, March 29.

JEFF SAYS HE WILL STOP
JOHNSON IN EIGHT ROUNDS

White Champion Tells Ad. Wolgast to
Place a Big Bet—Boilermaker Is
"As Fit as a Bear Cat."

Lightweight Champion Wolgast, after looking Jeffries over at Los Angeles, says:

"The big fellow is as strong as a bear cat. His wind is not just what it should be, but it will be as good as ever in a couple of months."

"Jeffries is dead sure of success, and he will take the Hicken boxer, a third-rate fighter, and will not fool those persons who think he will never come back."

Wolgast says Murphy did not fairly beat Moran in California recently, and that the Hicken boxer is a third-rate fighter. The new lightweight champion is picking up \$1,000 a week on the road, and will not fight again until some time next summer or fall.

AMERICAN HORSES
SHIPPED TO JAPAN

Oriental Will Improve Their Army
Stock by Crossing Thoroughbreds
and Trotters.

[Special to The Advertiser.]
Lexington, Ky., March 20.—The thoroughbred horses purchased in Woodland, Cal., at the Mackey sale, have been shipped to Japan to be bred to the Japanese Government by Dr. E. Okawa, who was until recently an assistant veterinarian on Elmendorf, the 8,000-acre blue grass farm of James B. Haggin, near Lexington.

The Japanese Government is buying not only thoroughbreds, but also trotters in order to improve its army horses by crossing on crosses, American and Japanese. The American horses live only a short time in Japan, but their get become improved to the climate, and are able to live on the grass of Japan and improve the breed each year.

PAPA SCORES KNOCKOUT

Billy Puts Willie Lewis Away in Third
Round at Paris, France.

[By Associated Press.]
Paris, March 19.—Billy Papke, of Illinois, tonight knocked out Willie Lewis, of New York, in the third round. The fight was for the middleweight championship on Elmendorf, the 8,000-acre blue grass farm of James B. Haggin, near Lexington.

The Japanese Government is buying not only thoroughbreds, but also trotters in order to improve its army horses by crossing on crosses, American and Japanese. WESTON AT EMPORIA

Pedestrian Now Ten Days Ahead of
Schedule—Restored Yesterday.

[By Associated Press.]
Emporia, Kan., March 19.—Edward Payson Weston, the pedestrian, arrived here this afternoon ten days ahead of his schedule. He walked 27 miles today. He will remain here until 12:05 o'clock this morning, and tomorrow he will rest and write letters.

GIANTS' PITCHERS STRONG

Raymond and Ames Baffle the Texas
League Champions.

[Special to The Advertiser.]
Houston, Texas, March 20.—With Raymond and Ames whizzing them over with mid-season speed and always controlling their temper, the Giants this afternoon handed the Texas League champions a jolt in a game that attracted the largest crowd McGraw's men ever have played to in Houston. The score was 6 to 1.

The pitching of Raymond and Ames gave the Texans few opportunities to start rallies. The score:

Chicago.....R. H. E. 5 7 4
New Orleans.....5 8 3
Batteries—Schweinn, Knapp and Needham; Ostrem, Pruitt, Maxwell, Paige and Mitchell.

VOTE FOR RANKIN OF OWEN SOUND.
Owen Sound, March 19.—A supporter of all-round athletics, but above all an enthusiast of lacrosse, the Rankin of Owen Sound is worth keeping on the Canadian Lacrosse Association Council. Mr. Rankin is a popular dealer of the Canadian Pacific Railway, and has done more than anyone to keep the game alive and flourishing in the north. His lacrosse record is spotless, and he is broad enough to see justice done beyond own borders and across in Ontario wants Rankin. His election will be a victory for good, clean sport.

BOB. KERR BEATEN
TWICE AT BUFFALO

Cloughen, the New York Crack,
Took Both Heats at the
Bison City.

GOULDING WON WALK

Keeping Canada in the Limerick—
Two-Mile Run to Tait.

[By Associated Press.]
Buffalo, March 19.—Bobby Kerr, the pride of Canada, was defeated by Bob-Cloughen, the New York crack, in the 100-yard dash, but Jack Tait, the middle distance man, and Geo. Goulding, the walker, kept the Dominion in the limelight at the Seventy-fourth Regiment's indoor games tonight.

Cloughen and Kerr were matched to run three heats of the 100-yard dash for the international championship, but only two heats were necessary, the big fellow from New York taking two straight.

Cloughen Won Both.
Both heats were run in ten seconds flat, and the first one was extremely close for the Irish-American.

He led the Canadian by fully two yards at the finish. In the second heat Kerr got the jump on Cloughen and gave him a fight for position. Cloughen was equal to the proposition, however, and won by barely a foot.

Summary of the important event:
100-yard dash, international championship, best 2 out of 3 heats—First heat, won by B. Cloughen, I. A. A. C. in 10 seconds.

The Walk to Goulding.
One mile walk, handicap—G. H. Goulding, T. Y. M. C. A., scratch, 11. J. P. Goulding, Y. M. C. A., 200 yards, 2. J. F. Schneider, L. A. C., 275 yards, 3. Time, 6:29 3-5.

Two-mile run, handicap—J. L. Tait, W. E. Y. M. C. A., scratch, 1. G. L. Bonhag, I. A. C., 200 yards, 2. Simpson, Seventy-fourth Regiment, 30 yards, 3. Time, 9:16 2-5.

LABOR BOYCOTTS
CLEVELAND TEAM

Chicago Federation Cannot Overlook
the Fact That Stands Were Built
by Non-Union Men.

[Associated Press.]
Chicago, March 21.—The Chicago Federation of Labor yesterday placed a boycott on the Cleveland American baseball team because the ball park at Cleveland was built by non-union labor.

Secretary Edward N. Nickles was instructed to communicate with President Charles A. Comiskey, of the Chicago American League, to have the team removed from Cleveland.

American team to this effect that regard for Mr. Comiskey and the club, but on account of the "unfair attitude of the managers of the Cleveland team a boycott will be placed on the games when the Cleveland play in Chicago."

DEVLIN AND HAYES
IN TEN ROUND DRAW

Battle at New Orleans Saturday Was
a Tame Performance.

[Special to The Advertiser.]
New Orleans, March 19.—Tommy Devlin and George Hayes fought a ten-round draw before the Royal Athletic Club tonight. Hayes went into the fight a favorite, but did not stack up to expectations. There were no knockdowns and little blood was spilled. The crowd was outspoken in dubbing it a tame performance. In the seventh round Devlin opened an old wound over Hayes' left eye and the latter's sight was hampered by blood.

WILL HOG PRICES TAKE A SLUMP?

Feeling on Local Market Is That
High Water Mark Has
Been Reached.

PORK IS NOW SKY HIGH

Farmers Stopped Raising Pigs A Few
Years Ago Because There Was No
Money in the Business.

It is expected that hog prices have at last reached their maximum, as they are fast running up to a stage where they are practically prohibitive. On the London market live hogs are selling at \$9.50 per hundredweight, and dressed hogs as high as \$12.25. These are the highest figures offered, and it is confidently expected that the hogs must drop in the very near future.

The high prices are due to a widespread shortage in the supply. It is not only Canada that feels the shortage, but the United States as well, and it is estimated on reliable authority that there have been 500,000 less hogs sold in Canada and the United States this year than for many years past.

The Causes. In Canada this is due to two causes. First, some years ago there was a very decided slump in the prices of hogs. To such an extent did this go that the raising of pigs was done at a pronounced loss.

The result of this was that some of the largest breeders of hogs who could be counted upon for carloads of hogs every year went entirely out of the business, and devoted themselves to other branches of farming. This left a very decided gap in the supply market. And when the past few years showed such exorbitant prices for fodder of all kinds, the difficulty was increased immeasurably. Many of the farmers decided that there was nothing in raising hogs and butchered and sold their brood sows. This resulted in a still further scarcity, and as conditions now obtain, hogs are practically unobtainable in the country, that is in anything near the quantities required.

Reaping a Harvest. The few farmers who had foresight enough to continue raising hogs are now reaping a harvest, but all other departments of the pork industry are suffering severely. The buyers, for instance, find twice as much difficulty in getting any sort of a supply. Then they have been losing regularly in shipping. They have been unable to set carloads of hogs, and as a result have had to ship perhaps twenty or a dozen hogs to a car, where formerly they have shipped a hundred.

This quadrupled the freight charges, and still further increased the price on the market of delivery.

Packers Suffer. The packers, too, have suffered very severely. They have not been able to get more than one-third of the supply that they need, and as a result their factories have to run on half-time, but pork workers of experience are not readily obtained, and as a result they are unable to discharge their men, so many of the factories are running with a full staff while they are doing only about a quarter the business they have done in the past.

They do not like to put buyers on the road to buy hogs at the present price, for it takes about three weeks from the buying till the animal is dressed and cured ready for the market, and in that time there might be a tremendous drop from the present prices that might mean a loss of thousands upon thousands of dollars.

Back Is Broken. There seems a likelihood, however, that the back of the present high prices has been broken, and that in the near future a slump may be expected. With the coming of spring, the young pigs can be turned out in the fields and the cost of raising them be materially decreased. Then, too, the high prices that have held throughout the winter have induced a number of farmers to start in again at hog raising, and it is expected that the available supply will be much greater in the near future than it has been in the past.

At present small pigs are selling on the market at from \$8 to \$14 per pair. One small pair sold on Saturday's market for \$12. This is the highest figure offered on the market for pigs of that size.

TELEGRAPH PRESS RATES

Question to Come Up Before Railway Commission Today.

Ottawa, March 21.—The railway commission this morning will take up the question of press rates on telegraph lines. Some time ago an order was made upon the application of the Western Associated Press, which would apply to the territory west of Lake Superior. The hearing to day will relate to the extension of this order of press association telegraph services in Eastern Canada.

SAFE CRACKER AT COMBER, ONT. LOOTS POSTOFFICE; AN ARREST

Safe Blown Up Early Sunday Morning and Burglar Gets Away
With \$150 in Cash and Stamps—Police Hold Stranger.

Comber, March 21.—In a workman-like manner the postoffice here was cracked during the early part of yesterday, the safe blown open, and the contents of money and stamps amounting to about \$150 taken. A stranger in a street charged with the crime. H. M. Swegler, who lives two doors from the postoffice, heard the explosion, but thought some one was discharging a revolver. The burglar lived directly opposite the postoffice. She went to her window and looked out, but could not observe anyone moving. She thought that a tragedy had been committed. A stranger was seen in the village Saturday evening trying to cash a check for over \$100. Though he tried sev-

eral businessmen, he was unsuccessful. A description of the man was wired to all the surrounding towns, and Constable Keith drove to Strathroy, in which direction he was learned to have gone. He was arrested on suspicion of knowing about the affair, and brought to Comber and locked up. On his person was found only 25 cents. The burglar had gone to Messrs. D. Onstead & Son, and taken a horse, blanket, robe, two overcoats and an oilcloth wagon cover. These he used to muffle the sound of the explosion. Near the safe was a large-sized blacksmith's sledge, the property of S. Brandle, one of the local blacksmiths, together with a couple of cold chisels. There is no doubt that these played an important part in the burglary.

THE CARMEN REJECT OVERTURES OF PEACE

End of Philadelphia Industrial
Strike Seems as Far Off
as Ever.

[Associated Press.]

Philadelphia, March 21.—Although Mayor Reyburn yesterday added his efforts to those who have been trying to secure a settlement of the street carmen's strike, the troopers are still holding out for terms which will include the recognition by the company of only one grievance committee. It was this demand that caused a deadlock between the strikers and the men before the strike was declared more than four weeks ago.

The committee of ten having the general strike in charge today issued a statement that the situation as far as it was concerned was unchanged, and the battle was still on.

The carmen's statement says: "In their letter to the mayor, the company officials offered to post a bulletin in their car barns, specifying certain conditions under which we might return to work. These conditions provided that the men could return, with the exception of 174 men, these being the portion of the men that the company locked out on the 18th of February for their activity in the union."

"As to the other men, returning to work, they would not grant them the old places, but stated that they would agree to pay them two dollars a day until such a time as they could receive runs that would pay them that amount. This proposition would take from the men their rights of seniority, for which they have worked many years."

"The company also proposed that we should agree to the recognition of as many committees as the company might desire to form and to recognize Keystone and any other kind of a labor organization."

"Under these circumstances, we were forced to refuse the propositions offered. We did, however, through our committees, offer to meet the company and establish a settlement upon a reasonable basis, but the company has refused to accept the proposition. The question of the 174 men to arbitration, as they requested, and to make provisions of reinstatement that would be liberal and honorable, if they would agree to propositions that would guarantee us the proper protection of our organization in the future."

This was given out at daybreak, after W. D. Mahon, president of the Amalgamated Association of Street and Electric Railway Employees, had returned from a final conference in Senator Penrose's office, where he had gone to inform the senator that the local executive committee of the striking carmen had voted against accepting the proposal.

CANADA WILL NOT JOIN U. S.

Baconian Club Debate Resulted in a
Victory for the Negative.

A very interesting and keenly-contested debate was held at the Baconian Club Saturday evening on the subject, "Resolved, that prospects justify the expectation that Canada and the United States will be federally united within two centuries."

The speakers on both sides made it very clear that they were not championing any thought of such a culmination, but were discussing it merely as a subject of fruitful argumentative possibilities.

Dr. W. F. Tamblyn led the affirmative in a very able manner, while Mr. W. R. Meredith urged the negative aspect of the subject.

The decision was finally given in favor of the negative, which was the most popular side of the argument.

During the evening Messrs. E. C. Mitchell and C. B. Chapman rendered readings that were greatly appreciated.

WHY CATHOLIC CHURCH

(Continued From Page One.)

sequently the church cannot join hands with these men who are her traducers. "But," continued Father Tobin, "it must not be for a moment thought that the church does not recognize and appreciate any good work these societies may do in the propagation of temperance. The Catholic Church fully recognizes the dangers of liquor, and would warn young men especially to avoid the curse of drink."

Attractive Barrooms. The barrooms are made attractive with fine glass mirrors, electric lights, music and tempting liquors, but the curse lurks there like the snake in the rose bush.

"The barrels which are labelled whiskey, wine, beer, etc., should be named palis, paralysis, consumption, degradation," declared Father Tobin, with vehemence. "Look at the business man who drinks! Look at the laborer! They are going down financially, socially, morally. No matter what a man's vocation in life, he cannot be a drunkard and succeed."

Father Tobin then drew a picture of the boy starting out in life. First he drinks to be a good fellow, imagining that he is a man if he can appear a bit tipsy. Later the demon of drink takes hold of him and he goes down to a drunkard's grave.

"I had the money that is spent by the men of this congregation in the barrooms in a year," the priest concluded, "I could wipe out the church debt."

The child was not sent to Toronto for treatment pending an analysis, but she has been hurried to the hospital since, and will receive the Pasteur treatment.

KING EDWARD SEIZED WITH A CHOKING FIT

Disquieting Rumors From Europe
as to the Health of His
Majesty.

London, March 20.—London has been full of disquieting rumors about the King all week. The news that he was confined to his rooms at Biarritz started this week's reports, though it was said that he was only suffering from a cold. A usually well-informed correspondent following King Edward's indisposition gives considerable disquiet to his entourage, and from all he hears, his health is really in a precarious state. It is the policy of the British press to state that he is in the best of health, and that wherever the contrary has been the case.

"At a recent visit he paid to a country house in Norfolk, he was seized with low spirits that the best efforts of his favorite friends could not restore his equanimity. His journey to Brighton caused some improvement."

"Curiously enough, the incident which has caused the most serious apprehension is his leaving the Royal Albert Theatre, where he went to see 'Chanteclair' in Paris, before the last act. He believed that he had seen the play, but the King left a theatre before the conclusion of the play; that was at Biarritz, when he was seized with a protest against the singing of some verses insulting to the abbot of the famous abbey of Montserrat. He was seized with a choking fit, and the Queen herself rushed to his aid. He was taken to his room, and he remained rigid in his chair, to the great alarm of his people."

Despite the protest, the King was seized with a severe attack, and the Queen herself rushed to his aid. He was taken to his room, and he remained rigid in his chair, to the great alarm of his people."

The Winding-up Event of the Season—
Names of the Winners.

Aylmer, March 19.—A large crowd attended the closing night of the Aylmer roller rink, when a grand fancy dress carnival was held followed by a roller skating contest for championship of Aylmer; distance, one mile. The I. O. O. F. band attended, and rendered a delightful musical programme. There were many fine costumes on the floor. The contest was acted as judge, and gave his decisions in an impartial manner. The prizes were awarded as follows:

Best Dressed Lady—Miss Rutherford as "Sixteenth Century Lady." Best Dressed Gentleman—Ted Trim as "Gentleman in Court of King Charles."

Best Dressed Girl—Violet Peckham as "Fashions for All."

Best Dressed Boy—Walter Wilson as "Jack Johnson."

Best Comic—Prize divided between R. Peckham and L. Seaton as tramps. The roller race brought in three starters, Wilson, Grass and Robins. The former fell in the fifth lap and did not finish, and Robins gained an easy victory over Wilson, winning by 14 laps. Time, 3 minutes 30 seconds.

Miss Clara Middleton, of St. Thomas, is visiting her cousin, Miss Montgomery.

W. D. Hall, formerly a resident of this place, now of Guelph, is renewing acquaintances here.

James McIntyre, of Appin, has purchased from W. E. Leeson, of this place, the fine Hackney stallion, Jubilee Chief.

Miss Howard, of Toronto, is the guest of Dr. Annie Backus.

John W. Hutchinson was elected to fill the vacancy on the public school board caused by the recent death of the late Granville Haight. Mr. Hutchinson up to the time he was nominated for mayor, served for some eighteen years on the board, and his return is acceptable to all.

A. A. Leslie is leaving for Battleford, Sask.

Mrs. Best, of Springfield, is spending a few days with her daughter, Mrs. C. B. Huffman.

JUDGE MEREDITH IS STILL RATHER HOPEFUL.

Says Sir James Whitney Will
Shortly Take Up Entire
University Question
in Province.

The university situation of the province will be taken up by the Provincial Government at an early date, and then the board of governors of the Western will be in a position to place the claims of the university before Sir James Whitney and his cabinet.

At the last few sessions of the House several bills relating to the University of Toronto were laid over by the Government, and the announcement was made privately that Sir James desired to get in closer touch with the university situation before taking action on them.

Mr. Justice R. M. Meredith, chairman of the board of governors of the Western, is hopeful for a satisfactory result.

"The whole university situation will be taken up by Sir James Whitney shortly," says his lordship. "A number of bills relating to the Provincial University were laid over until the situation could be thoroughly canvassed, and there is no doubt something will be done. I think everything is going ahead very satisfactorily." No final announcement has been made by the premier as to when the board of governors would meet Sir James, but the announcement will be made before long.

TRAVELLERS ANXIOUS FOR GOOD RELATIONS

Americans of One Opinion and
That Is That Tariff Fight
Would Be Bad Thing
for the U. S.

American travellers in the city are keenly interested in the tariff question, and are unanimous in the hope that the difficulties that have come up will be amicably settled.

"It certainly would mean a big loss to our house," said John R. Hampton, a representative of a Detroit firm, which handles special lines of hardware. "It would do a big injury to this part of the country. In fact, all through Canada. The trade is developing splendidly and every year is showing a steady increase. Hardware is a staple of the country, and a little, and Canada give in a little, and that the matter will be arranged."

The Shoe Trade. George R. Rose, representing a Massachusetts shoe manufacturer, who had sent in a petition to Congress asking them to fix up the difficulty.

"We are doing a fine trade with Canada," he said. "I have just come over from the States, and if there should be any tariff war the Republicans will certainly get the blame for it, and at the next election manufacturers all over the States will give the vote against them. Nothing would be more unwelcome to American manufacturers as a whole than the cutting off of the Canadian market."

YOUNG MAN WAS LOITERING IN LANE

Could Give No Satisfactory Account
of His Doings, and Was Placed
Under Arrest.

Henry Marshall, a young man, formerly employed around the Grigg House, was arrested last night in a laneway near the hotel by Sergeant Lucas.

While on his rounds the officer found Marshall in the laneway, and he could give no satisfactory explanation of why he was there he was placed under arrest. He was remanded until Wednesday, while the police make some inquiries regarding him.

INGERSOLL ITEMS

Furniture Store Broken Into and
Money Drawer Opened—Valuable
Hens Stolen.

[Special to The Advertiser.]

Ingersoll, March 19.—The Grand Trunk sectionmen have been greatly improving the local yards late last week. They have taken away all the dirt and refuse gathered during the winter, and it is a pretty sight to stand on Thames street crossing and look west toward the station.

Chief Chilton received word from Woodstock yesterday morning that a man had escaped from the local police, and was last seen on the G. T. R. tracks west of Beachville, coming toward Ingersoll. He, however, did not come as far as Ingersoll.

The group of Borrowman & Parkers, gentlemen furnishers, was broken into, an entrance being made into the cellar and kicking the panels of the door leading into the store from the cellar. The thief or thieves then gained an entrance in the store. The till had \$6.45 in it; they took \$3 and departed. They have no trace of the thief or thieves as yet.

A local man has two thoroughbred hens stolen, and is very much annoyed as they were worth considerable money to him.

Miss M. Ross is visiting in town today.

This man that the police were notified about is the one who is supposed to have robbed the fireman at Bain's wagon works.

MABRAY AND HIS ACCOMPLICES GUILTY

Gang Had Taken in \$5,000,000
on Fixed Sporting Events.

Council Bluffs, Ia., March 21.—John C. Mabray and 13 of his associates today were found guilty in the United States district court of illegal use of the mails to promote fixed sporting events. The jurors disagreed as to Robert E. L. Goddard, of San Antonio.

The 13 found guilty are: Leon Loser, Tom S. Robinson, Willard Powell, Clarence C. Edwards, Leach, Edward K. Morris (colored), Clarence Forbes, Harry Forbes, Frank Scott, Ed. McCoy, Winford S. Harris, Bert R. Shores and William (Ole) Marsh.

Miss Margaret Taylor has returned home from a visit with friends in Cleveland and Lorain, Ohio.

Mr. William McNaime has returned home from Sarnia, where he was in conference with a Government official over the granting of a lease to all the gravel in the St. Clair River on the Canadian side. Capt. Alex. Allen was in Windsor on a similar mission. An effort will be made to annul the lease, as the Canadian contractors would be at a loss with this necessary building material in foreign hands.

Scattered Bad Gang. With the conviction of these defendants the government believes it has broken up the most monumental swindling combination ever operated. Statistics have been gathered which show the receipts of the combination since its organization about 10 years ago to have exceeded \$5,000,000.

The success of the government in bringing the defendants to trial was largely due to the capture, when Mabray was arrested, of a trunk found in his home, which, it was later ascertained, contained a complete documentary record of the transactions of the combination for four years. A loose leaf pocket ledger was one of the documents thus obtained. It contained the names and addresses of over 20 persons who had acted as go-betweens in various transactions. They lived in nearly every state.

There were 14 branches in various parts of the country, all operated from one city. The headquarters was moved from time to time, as the leaders came under surveillance by the authorities.

Foot racing, wrestling, prize fighting, horse racing and wire tapping were the specialties offered victims on which to make "easy money." The victim usually was first approached by an agent of the racket, who was previously solicited by a regular "steerer," as he was known.

In most instances, representations were made that the "steerer" had a cousin who was secured to a certain number of great wealth who were traveling over the country for pleasure. The victim was told that this "cousin" was angry at some alleged ill-treatment and promised to undertake to swell his employers out of a large sum of money. The victim was invited to assist and when he accepted, was in turn swindled on a sportsman's even, and was moved to be "fixed" against him instead of in his favor.

Mr. McGibbon explained the object of the meeting, after which Mr. Payne gave out the information that the proposed company at present was composed of Mr. Pungs, of the Pungs & McGibbon, and Mr. McGibbon, and himself. If the proposition was acceptable to Sarnia, the company would be ready to place automobiles on the market inside of 30 days. It was proposed to incorporate the company with a capital stock of \$100,000, with a paid-up capital of \$50,000. They were willing to have two members of the board of directors from Sarnia. Mr. Payne said: "We would expect to see your citizens would take stock to the amount of \$25,000. The balance we will take care of ourselves. We have inspected the chain works property, and consider it would make a good site for an automobile factory."

Mr. Pungs said: "We don't come here offering you a car that has not been thoroughly tried out, but one that has been in the market for eight years, and has proved to be one of the best automobiles made. At the present time we have enough material on hand ready to ship to Sarnia to produce machines worth within 30 days. There is no question but that the proposition is a good one from a business point of view, and I am confident that the stock would double, if not triple, its value in a very short time. We want to incorporate the company to pay for patent rights. We would manufacture a 22-horsepower car, and a 45-horsepower car, and can produce no less than eight different models of cars. This is a splendid field here for automobiles. We desire some local capital, as it would give us a better introduction to the Canadian trade, and we want the business to be managed by local men."

The locating of automobile factories here is sure to bring other industries, such as steel foundries, gear factories, drop forgings, brass and aluminum foundries, wheel factories and automobile factories. All these and many others have come to Detroit in late years following the locating of automobile factories there. The motors could also be built here by your own citizens. Your carriage factories would build the automobile bodies here. In time we would have a complete factory of our own. If you think enough of the proposition to raise \$25,000 worth of stock, we will put up \$50,000 and come here at once. If your citizens want the remaining \$25,000 worth of stock they can place it where they please. We would submit our proposition in writing, and you can take action at once."

Mr. Milne said that the Standard Chain Company would rent their property for \$200 per month, or it could be bought for \$25,000.

Mr. Pungs said \$200 per month was too much money for a dead plant, and that \$150 per month would be a reasonable figure. He would submit our proposition in writing, and you can take action at once."

Mr. Milne said better terms may be

Mr. Cook suggested that as soon as Mr. Pungs forwarded his proposition in writing that the board of trade appoint a committee to canvass for subscriptions for the raising of the required amount of stock.

Mr. Pungs said they would forward their proposition as soon as it could be put in writing after their return to Detroit.

Mr. Diver said that a meeting of the board of trade would be called for Tuesday, March 22, to receive the proposition, when the committee would be appointed to solicit stock. With this understanding the meeting adjourned.

At local headquarters, it is stated, that there is absolutely nothing new regarding the location of the militia camp this year.

"The matter rests entirely with the officials at Ottawa," said an officer to The Advertiser today, "and we will not know where it will be held until we get word from them."

It is stated that Goderich is making a strong bid to secure the camp permanently. The general opinion, however, is that the camp will remain in London, as it is the more central point and can be held here far more economically than in Goderich.

When the camp was held at the latter place it cost the city a large sum of money for transportation, as the supplies had to be sent there and then brought back to London.

All the bread and provisions also had to be sent from here, and the officers complained very bitterly at the time of their bills for cab hire, as every time they wished to go into the town they had to drive three miles, and drive back. It is generally thought that the camp will be located in London.

A Meeting in Goderich. At a meeting of the town council held in Goderich on Friday night, Mayor Cameron stated that he had been in Ottawa recently, but had been unable to get any definite information regarding the location of the camp. He said the matter was still under consideration by General Otter and others, and he did not know where it would be held. It was the desire of the military authorities, in view of the visit of General Sir John French, to have the camp held in districts where there could be a good display, and as this is an important factor in the selection, we have, I think, a fair chance of getting it.

Sir Frederick Borden, said the mayor, "I think, is very anxious that the permanent camp should be located here, and I shall be disappointed very much if the Atterill property is not eventually purchased by the Government."

At a meeting of the town council held in Goderich on Friday night, Mayor Cameron stated that he had been in Ottawa recently, but had been unable to get any definite information regarding the location of the camp. He said the matter was still under consideration by General Otter and others, and he did not know where it would be held. It was the desire of the military authorities, in view of the visit of General Sir John French, to have the camp held in districts where there could be a good display, and as this is an important factor in the selection, we have, I think, a fair chance of getting it.

Sir Frederick Borden, said the mayor, "I think, is very anxious that the permanent camp should be located here, and I shall be disappointed very much if the Atterill property is not eventually purchased by the Government."

FOREST CITY WILL RETAIN THE CAMP

Goderich Is Hot After It But It Is Not Likely That It Will Be Moved.

MAYOR GIVES OPINION

Mr. Cameron Really Believes That Goderich Will Get the Permanent Camp, But He Has Another Guess.

At local headquarters, it is stated, that there is absolutely nothing new regarding the location of the militia camp this year.

"The matter rests entirely with the officials at Ottawa," said an officer to The Advertiser today, "and we will not know where it will be held until we get word from them."

It is stated that Goderich is making a strong bid to secure the camp permanently. The general opinion, however, is that the camp will remain in London, as it is the more central point and can be held here far more economically than in Goderich.

When the camp was held at the latter place it cost the city a large sum of money for transportation, as the supplies had to be sent there and then brought back to London.

All the bread and provisions also had to be sent from here, and the officers complained very bitterly at the time of their bills for cab hire, as every time they wished to go into the town they had to drive three miles, and drive back. It is generally thought that the camp will be located in London.
