HORSES DROWNED.

On Saturday night last while Thos. Duff was returning home with his team and while crossing the Becher ferry, the ferry dipped to one end, being filled with water. The team slid off into the water and was drowned. Mr. Duff had a close shave of going over with the team. On account of the ferry not being in proper order there is no doubt but the township will be responsible for the loss and will have to pay Mr. Duff for his loss. Wallaceburg News.

EVERYTHING'S BRIGHT

For a Conservative Sweep in Canada
Next Wednesday--Political Notes.

St. Thomas, Nov. 3.—The McGuganites in West Elgin, consisting of about half a dozen Rodney wire-pullers, convention packers and ballot manipulators, and a large number of office hunters in this city and throughout the constituency, are in anything but a happy mood over the turn affairs took at the nomination at Dutton on Wednesday, when George E. Casey accepted a nomination at the hands of the leading men of the Reform party in the riding. Never in the history of that old Liberal stronghold have the staunch and true old men of the party—many of whom have devoted the greater portion of their lives—been in such a fighting mood. They say that on two previous occasions some years ago two conventions were packed and lost; that if the party is going to be run by the "riff-raff" who pulled the wires for McGugan it is high time that the party was purified by shaking off such barnacles, and that above all things they want an honest and truthful man to represent them. From now until election day the riding will be overrun with heeler and wire-pullers in an endeavor to elect McGugan. A number of gentlemen of shady reputation from outside points have already arrived in the constituency, and it is said have displayed large rolls of crisp new bills. The Conservatives and leading Reformers should see to it that this disreputable gang are driven out of the riding, even if they have to resort to harsh means. The gang behind McGugan are without doubt a hungry lot; even McGugan has been boasting that he turned Casey down, but that is a matter the electors will have something to say about with no uncertain sound on November 7. George E. Casey was never so popular among Reformers in West Elgin as he is to-day, doubtless in a large measure on account of the low, underhand work resorted to by McGugan and his machine gang to turn him down.

AT NORTH BUXTON.
At the meeting held at North Buxton in the interests of T. A. Smith, the Conservative candidate on Friday evening was a perfect success. The meeting was called to order, and Wm. Irwin acted as chairman. The first speaker was C. A. Williams. In his opening remarks he stated that as G. A. Martin was not able to be present, he would say a few words for that gentleman. He, Mr. Williams, went on to say, although the Reformers had found fault with him, it was G. G. Martin, who had told us through the columns of The Planet to light our lanterns and look into the dark places of the Reform party. It was he who had made the Hardy government come to

time on that most iniquitous act that a poor man could be imprisoned for debt within the bounds of the division court while any person might owe from \$500 to \$1,000 and go Scott free. Mr. Williams went into the binder twice since the dog biscuit that was fed to the Canadian soldiers in South Africa at the price of two dollars a pound.

Opposition was called upon and no one responded, but later on James Richards was invited to take the platform, which he did, and went into the race cry, which had no effect on the audience. He was hooted down by the audience.

D. A. Hutchison was the next speaker, and in a calm manner he riddled the whole argument of the Liberals to pieces. He went into trade matters, cold storage, the Drummond Railway, the Yukon scandal, and completely convinced the vast audience that the present government was rotten to the core.

The closing speech was made by A. R. Robinson, who roasted D. J. O'Keefe for the speech he made on the public platform in Fletcher, and invited him to come to Fletcher and thresh the matter out on the public platform. He took up the oil question and quoted the speeches of Arch. Campbell on oil and how if Reformers got in power they would reduce the price. Why, he said, Archie was loaded up with kerosene so heavily that you dare not light a match anywhere near him for fear he would explode. Mr. Robinson went into all the promises the Laurier Government had made and asked the audience to point out one article that the farmers had to sell that was a better price now than it was under Conservative rule. The meeting closed with three cheers for the Queen and T. A. Smith, which were given with a gusto which said that North Buxton was true to the good old blue.

WILL GO FOR CLANCY.

An Old Supporter of Hon. David Mills Declares Against the Liberals.

Fred. Collins is a prosperous young farmer of Chatham township. Speaking this morning, he said: "I am a Liberal and have always been a Liberal, but I cannot support the Liberal government. They no longer represent Liberal principles. The Liberal government is generally a disaster. I believe it is going to be a big turn over this time. One thing that has caused me to lose faith in the Liberal party is their disloyalty. I was born an old Englishman, and I cherish most in my love for the motherland. I think if the ties that bind us to England were severed—and this seems to me what the Liberals are working for—that Canada would soon be annexed to the United States, and I shudder at the very thought. Another serious objection I have to the Liberals is their immigration policy which I believe is going to ruin this country if this party continues in power another five years. Hugh John Macdonald pleased men when he took the stand he did on free agricultural implements. I think that the free entry of these would be a great boon

to the agricultural classes. Garden seeds should also be put on the free list. There is now a heavy duty on them just to protect Canadian seeds, them just to protect complain of in regard to free corn. It undoubtedly injures the growers in this part of Ontario, but free corn is a boon to other sections, and I don't believe in town-ship legislation. I have always actively supported the Hon. David Mills, but I can't conscientiously support a party, Liberal in name only, and I shall vote for James Clancy this election.

ANOTHER BIG BREAK

In the Reform Banks in West Lambton—Major Stewart Leaves the Party.

Courtright, Nov. 3.—Major Stewart, who has been a prominent and energetic worker for the Liberals all his life, and has never voted only for the Reform party, has found that the Laurier government have not carried out their promises. Both he and his son, Capt. T. Stewart, are supporters of J. W. Hanna, the Conservative candidate for West Lambton; also a number of other Liberals will be his supporters.

'KILROY'S CASE'

The Facts Not Likely to be Brought Out Before Election Day.

Whether R. F. Sutherland, the Liberal candidate in North Essex, was over an A. P. A. will not be decided until after the election. It will interest few then after the battle is over.

Thomas E. Kilroy, who is charged with distributing circulars with a facsimile of Sutherland's signature to the A. P. A. scroll, appeared before Magistrate Bartlett, at Windsor yesterday, for a preliminary hearing. Owing to the absence of witnesses for the defence the hearing was enlarged until Monday. Even then if the defendant is committed it will be too late to do before election day. The interest in the case was manifested yesterday by a record-breaking

A BOER REVERSE.

General Knox Inflicts a Severe One on D. Wet.

Enemy Still Very Active—British Casualties Heavy—Deaths From Disease.

London, Nov. 3.—The South Africa situation is improving, and Lord Roberts will shortly return to England with a majority of his staff.

Arrangements are being made in Cape Town to send the first batch of refugees back to Johannesburg; and accommodation is being provided at Bloemfontein for a garrison of 7,000.

Nevertheless, the activity of the Boers continues. On Oct. 26 a commando of 300 captured a garrison of 20 men at Roodersburg, but afterwards released them.

Trains from the south to Pretoria are attacked by the Boers almost daily. On Oct. 24 the burghers occupied Kofffontein.

On the other hand Gen. Knox has inflicted a reverse on Gen. De Wet's forces near Parys, capturing two guns, one of them a weapon lost by the British in the Sanna's Post affair.

The tale of British casualties is heavy. During the month of October the British lost 167 men killed in action, including 15 officers, 71 who died of wounds, 367 who died of disease, 22 who died of accidents and 97 captured or missing, a total almost equal to the monthly average for the duration of the war.

The Daily Express publishes sensational statements that the Boer resistance is more serious than has hitherto been believed, and that, in consequence, Lord Roberts' return is likely to be still further postponed.

It says also that no considerable party of troops will return before January or February, while the regimental drafts from England will continue and 5000 horses will be sent out. The paper definitely declares that the Boers are well armed and abundantly supplied with ammunition, and that the campaign is likely to last another six months.

In the best informed quarters, however, it is asserted that there is no ground for the pessimism of the Daily Express.

The flower of youth never appears more beautiful than when it bends towards the sun of righteousness.

HUNTING FATALITIES.

Two Pennsylvanians Shot and Killed by Companions.

Philadelphia, Nov. 3.—While a party of young men from Clearfield were hunting on the mountain near that place, Paul McCool was accidentally shot and killed by Jerry Heckman. The body was brought here and Heckman was placed in custody pending the inquest, which will be held to-day.

Near Reading, Pennsylvania, while four Polish boys were gunning Stanislaus Strzelecki, aged 13, discharged a gun full in the face of Rudolph Frankowiak, aged 14, killing him instantly. The other boys says that Strzelecki seemed annoyed because his companion talked too much, while they were chasing a game.

INDICTED ALL FOUR

Grand Jury Acts in Case of Patterson, N. J., Friends.

New York, November 3.—The grand jury at Paterson, N. J., handed up indictments against Walter C. McAllister, Geo. J. Kerr, Wm. J. Dent and Andrew Campbell, who are charged with the murder of Jennie B. Schieler, who was drugged to death on Oct. 18. There were two indictments against each of the young men, one for murder and the other for rape. The first, it is said, also embracing the latter.

Judge Barklow received the indictments and instructed County Clerk Winfield that the indictments, both for murder and assault be transmitted and delivered to the court of oyer and terminer, over which Supreme Court Justice Dixon presides. It is not known when Judge Dixon will come to arraign the men. They cannot be arraigned before any other judge. It is probable they will come to Paterson before the January term.

SIR RICHARD HURT.

While in Norwich on Wednesday Sir Richard Gairdner had the misfortune to have a bad fall, the effects of which he is likely to feel for some days. It is well known that Sir Richard is badly crippled with rheumatism, and he relies very largely upon his cane for support. On the day named, after having driven over from Burford, he alighted from his carriage, and in stepping on the sidewalk his cane slipped between two boards. His whole weight being upon his stick when it failed, he fell very heavily to the ground. The shock was very great, and it was a few minutes before he fully recovered. While addressing the meeting later on he leaned on a table, and being able to stand. His rheumatism was brought up as the result of a yachting accident at Kingston a few years ago, when he remained in the water for a period of six hours.

ALVORD'S CASE IN COURT.

New York, Nov. 3.—Magistrate Fiammer yesterday discharged from custody Cornelius L. Alvord, the defaulting note teller of the First National Bank. The magistrate said he was satisfied that he had no jurisdiction in the case. Alvord was allowed to leave the court room, but as soon as he reached the corridor he was arrested by a United States marshal and taken before United States Commissioner Shields.

AN INFURIATED BULL.

Winnipeg, Man., Nov. 3.—John McEwen, of Meadow Lea, was leading a bull when the animal turned on him, pitching him several times into the air. Mr. McEwen's sister saw the occurrence and gave the alarm, and his brother James came with a shotgun and killed the animal. It was too late, however, to save Mr. McEwen's life, for he died eight hours later of his injuries. He was 48 years of age and unmarried.

ARCHBISHOP RETIRES.

Kingston, Ont. Nov. 3.—At the meeting of the Canadian Anglican bishop here yesterday, his grace, the archbishop of Ontario, in view of his intention to reside in England, resigned the office of chairman of the house of bishops, and withdrew his retirement from the metropolitan of Canada. It is quite probable that Bishop Bond, of Montreal, will be the successor.

FOUND IN A WELL.

London, Nov. 3.—A special dispatch to the Hamburg correspondent says: "In a well situated in the imperial palace precincts in Peking was found the body of Emperor Kwang Su's favorite wife, Shen-Ti, whom the Empress Dowager caused to be drowned before the flight of the court from the capital. The second favorite, Shing-Pi and a hundred ladies belonging to the imperial harem, are prisoners in the hands of the allies."

LONDON BOROUGH COUNCIL.

London, Nov. 3.—Of London's twenty-eight new borough councils twenty-two will be controlled by the Moderates and six by the Progressives. Among the prominent councillors are the Duke of Norfolk, Viscount Dunsany, Lord Onslow, Lord Robert Cecil, Sir Wm. Blake Richmond, the printer, and George Bernard Shaw, the well-known Socialist agitator, dramatist and novelist.

THOSE ALLEGED ATROCITIES.

Berlin, Nov. 3.—Another batch of letters from German soldiers in China appears in a number of papers, among them the Hanover Courier, which editorially demands official statements with reference to the details given by the writers of the cruelties alleged to have been committed by German troops in China. This demand is warmly supported by the Freisinnige Zeitung.

AN ENGINEER'S FALL.

Horton Landing, N. S., Nov. 3.—Wm. Taylor, engine driver on the east-bound freight train, in handling a note to a bridge repairer lost his balance, and fell from the engine while crossing Gaspeaux bridge. He was thrown from the bridge to the river, 40 feet below, and struck in three feet of water. When taken from the water he was alive, but his recovery is doubtful.

ARE VERY FEW

The Cases That Pyramid Pile Cure Will Not Reach.

The cases that Pyramid Pile cure do not reach are so few that physicians are doing away with operations for piles and depend more and more upon this simple but safe and effective remedy to accomplish a complete cure and it never disappoints in any form of piles, whether protruding, itching or bleeding.

Mr. Thomas E. Wood, of 818 17th street, Sacramento, Cal., writes: "It affords me much pleasure to state that after using only one 50 cent box of Pyramid Pile Cure, I was cured of the painful and annoying disease, after having suffered from piles for thirty years and tried everything and could only get temporary relief."

The prompt relief and rapid cure which follow the use of this remedy gave the impression that possibly it might contain opium, cocaine or some similar drug, but a careful and frequent analysis of the remedy has proven it to contain no injurious drugs whatever, but it cures by astringent properties and healing oils.

The Pyramid Pile cure is sold by druggists everywhere at 50 cents for full sized package.

Each package contains a little book on cause and cure of piles, together with testimonials from thousands of cured patients from every part of the United States and Canada.

AT THE THEATRE.

The Lyceum Course of popular entertainments opens next Saturday, the 10th inst., with two magnificent concerts by "The Fadedettes" Women's Orchestra, of Boston, comprising 21 artists. Subscribers may reserve their seats at the Central Drug Store on Friday, the 9th at 10 o'clock.

Stetson's Big Double Uncle Tom's Cabin Co. is at the Grand Thursday, Nov. 4th. They have all the accessories for producing the play in the most approved style and are highly successful in pleasing their audience.

The company has a double hand-orchestra, composed of white and colored musicians, two topical comedians, and her Pony African mandolin players, not excluding a pack of savage looking bloodhounds.

Visitors to the Grand on election night will hear everything in the way of election information that comes to town, and will be able to listen to the reports in comfort. The musical program by the famous Mendelssohn Club, of the Grand, will start about 8:30 or 9 o'clock, and will last just as long as the people want it. The Quartette is guaranteed by Mr. Cairns to be first class, and he promises his patrons one of the most satisfactory election nights they ever had. It will simply be a free and easy concert by first-class talent, with the full election returns systematically arranged.

To-day's Detroit Free Press says:—"Mr. Joseph Murphy, revived 'The Kerry Gow' at the Lyceum last evening. Dan O'Hara, the ubiquitous hero of this comedy, is one of Mr. Murphy's happiest creations, and the spectator of it is made immediately to know why it is as popular as it is."

At the beginning of its extraordinary career. Comedy, sentiment, realism, mechanical ingenuity, dramatic force and thrilling situations are brought into play in this admirable conceit, and over all, and pervading the story, is the enduring something that we approximate define as the human interest.

Murphy's success to the local theatre next Monday evening.

JONES IS IMPROVING.

MR. HAYES' APPOINTMENT.

New York, Nov. 3.—The directors of the Southern Pacific Railway Company met here yesterday and elected Charles M. Hayes to the presidency of the company. No other business was transacted at the meeting.

A DISPUTED ACCOUNT.

To The Planet.—Whoever the reporter may be of the proceedings of the meeting of the Raleigh council he is either mistaken, or purposely incorrect and misleading. I refer to the accounts reported to have been passed. The particular item referred to is the last one reported, viz., medical aid for the late Mrs. Hatter. It is true that Mr. Claton moved and Mr. Crow seconded a resolution to pay the account and one more councillor voted with them but this resolution for some reason is not reported. The Reeve refused to sign the order therefore the account could hardly be said to have passed; it being an account that the council was in no way liable or responsible for and it should never have come before the board at all. If any interested ratepayer feels curious enough to know the particulars of the case he can get the required information by apply to the undersigned.

N. H. SHEPLEY, Reeve.

MR. FRENCH IN WINNIPEG.

The well known city assessor, T. M. French, who is now in Winnipeg disposing of a part of Kent's surplus fruit supply, writes from there for The Planet, and adds: "I find the city very much improved since I was here last fall and find business very good so that I have written for moragstock. I can sell good stock here, but poor inferior stuff they do not want. It is a great mistake to send in poor stuff to this market. We find the majority of the people come from Ontario, and they have been accustomed to nice clean fruit. Crops have turned out much better than expected. Potatoes are good, selling from 35 to 40c. per bushel. The onion crop was a failure. We are having it very mild here at present."

THE MICROBE'S PARADISE.

"Ah!" said the Scarlet Fever Microbe as he met the Typhoid Malaria Germ on Tenthredin Park. "What an ungrateful set these doctors are."

"Yes," replied the Typhoid Malaria Germ. "Notwithstanding the fact that we're always throwing business in their way, they take every opportunity to try to kill us off."

"It's not exactly that," said the Scarlet Fever Microbe. "Did you not see that they have half the trees in the city cut down so as to drive us from the place altogether?"

"Well," put in the Tuberculosis Bacillus as he joined the others and removed a cigarette from his teeth so as to talk more emphatically, "if I cannot get shade and dampness and mould enough in this town, I will go somewhere where I can. So far we have had nothing to complain of. With all these shade trees and bushes and moisture it's been a perfect paradise for us microbes."

"I wish," put in the Typhoid Malaria Germ, "you would blow the smoke of that cigarette in another direction. I didn't know you would come down to the level of a cigarette smoker."

"I never expected to," remarked the Tuberculosis Bacillus apologetically. "It's a habit I contracted from the last acquaintance I helped into the next world. I think he was a football player, or a musician, or something like that, because he never seemed to get his hair cut. Anyway he was a corker on cigarettes, and between us—that's myself and the cigarettes—we didn't let him waste any time in changing into a little white-winged angel."

"You're getting away from the question, gentlemen," broke in the Scarlet Fever Microbe. "What we want to know is, what will become of us, if those trees are cut down, and sunlight and fresh air permitted to reach the city?"

"Oh, pahaw!" retorted the Typhoid Malaria Germ, "don't alarm yourself about nothing. These trees cannot be cut down without the order of the city council, and you know how they do business."

"They'll be ten years thinking about it and ten more arranging about it. By that time we'll have all the kickers killed off and most of the rest of the population. I assure you, gentlemen, as long as the work of thinning out the trees depends on the aldermen it will never be done."

At this point a football match opened up on the park and the three cronies strolled over to see the players enjoy themselves kicking each others' shins.

Fossil Pills.—The demand is proof of their worth. Dr. Agnew's Liver Pills are beating out many fossil formulas at a quarter a box. They're better medicine, easier doses, and 10 cents a vial. A thousand ailments may arise from a disordered liver. Keep the liver right and you'll not have Sick Headache, Biliousness, Nausea, Constipation and Sallow Skin.—G.

A CLANCY MEETING.

A very enthusiastic and successful Conservative meeting was held in Cunningham school house Thursday evening in the interest of Mr. Clancy. The room was thronged at an early hour. The meeting was addressed by Messrs. J. C. Stewart and W. Carson, who were well received and listened to throughout with rapt attention. Opposition was invited but as usual none appeared. The meeting closed with singing cheers for Clancy, Tupper and the Queen. The chair was ably filled by Timothy O'Neil.

GIRL DROPPED DEAD.

Blockheads Frightened Her With a Rattling Skeleton Made From Bones of Animals.

Rochester, New York, Nov. 2.—The authorities of Allegany county are looking for persons who manufactured a skeleton out of animal's bones which frightened Mary Odfield, of Karndale, to death, Wednesday night.

Miss Odfield, accompanied by two friends was returning from a Halloween party, where they had listened to gruesome stories until their hair stood on end. When about to enter the woods a rattling of bones was heard overhead, and, looking up, the trio were overcome with horror at seeing a skeleton of gigantic proportions sweeping down on them from above. With a cry of terror, Mary dropped dead.

A searching party found a wire leading from the ground to a tree top to which was attached a skeleton with a pulley.

A SPITTER SHOT.

Bad Tempered Individual Now Locked Up For Crime.

New York, Nov.—Robt. Elkins, a shipper, was probably fatally wounded by John Sweet, a morning Elkin, taken in front of the store engaged in marking a case of goods, when Sweet passed Elkins was kneeling at the time. He turned his head without seeing Sweet, and spat upon him. Sweet became enraged, and before Elkins could arise to explain, drew a revolver and shot him. A large number of truck drivers and others who witnessed the affair started in pursuit of Sweet, who ran down the street, and firing a shot, which luckily missed. His flight took him to the Mercy street police station, into which he ran for refuge. He was promptly locked up, and Elkins taken to the hospital.

WHAT CAUSES DEAFNESS.

The Principal Cause is Curable But Generally Over-looked.

Many things may cause deafness, and very often it is difficult to trace a cause. Some people inherit deafness. Acute diseases like scarlet fever sometimes cause deafness. But by far the most common cause of loss of hearing is catarrh of the head and throat.

A prominent specialist on ear troubles gives his opinion that nine out of ten cases of deafness is traced to throat trouble; this is probably overestimated but it is certainly true that more than half of all cases of poor hearing were caused by catarrh.

The catarrhal secretion in the nose and throat finds its way into the Eustachian tube and by clogging it up very soon affects the hearing and the hardening of the secretions makes the loss of hearing permanent, unless the catarrh which caused the trouble is cured.

Those who are hard of hearing may think this a little far fetched, but any one at all observant must have noticed how a hard cold in the head will affect the hearing and that catarrh if long neglected will certainly impair the sense of hearing and ultimately cause deafness.

Overcoat Excellence

Can you determine between low-grade stuff out of the hands of cheap workmen and high-grade goods put together by first-class skill? In most cases, no, especially in overcoats that pretend to style and fashion.

Don't trust to surface indications, but turn to a house that is part of your own community, with a reputation earned and necessary to conserve, that makes and retails its own and knows what it is talking about.

A BLUE OUTLOOK.

France ripe for Political Troubles

—At War With the Church.

Paris Nov. 2.—The outlook for social and political disturbances in France is becoming graver every day. In the north 100,000 miners are on strike, and the recent socialistic talk from members of the government seems to have encouraged a violent and revolutionary spirit. Moreover, the Catholics are becoming very bitter at the declared intention of the government to close official careers to all who have been educated in religious institutions. The Catholic press is very bitter, and the clergy are making common cause with the other enemies of the government. Only the fact that the government controls the church's funds prevents the clergy expressing their opinion vigorously on the matter.
