## RHEUMATISM

OF FORTY YEARS' STANDING,

AND

# DISEASE OF THE HEART, CURED.

COMPTON, C. E., April 28, 1865.

MESSRS. S. J. FOSS & Co., DRUGGISTS, SHERBROOKE :

GENTLEMEN—Having received very great benefit from the use of **BRISTOL'S SARSAPARILLA**, I think it but fair to make it known, that others suffering in the same way may make a trial of what cured me.

I had been suffering more or less for over forty years from Rheumatism, and for the last five years from what the doctors call disease of the heart. I tried various remedies, all without any good effect—in fact three doctors told me it was no use, they could do nothing for me, and there was no cure; notwithstanding all this, I determined to try **Bristol's Sarsaparilla**. I have taken three bottles, and now feel as well as ever I did: and not a sign of Rheumatism or heart disease that I can discover.

Yours truly,

A. B. BLISS.

## ALMOST A MIRACLE.

HAMILTON, C. W., March 6, 1865.

MESSRS. LANMAN & KEMP, NEW YORK:

DEAR SIRS—That others may be benefited, as my boy has been, I beg to send you the following particulars of his cure by the use of your **Bristol's Sarsaparilla**.

Three years ago next May, he got a severe fall which bruised his arms and left leg. I called in medical aid, supposing it to be a simple hurt from which he would soon recover; but in this I was disappointed, for after having had thirteen different physicians at him, he was at last given up by them as incurable. These doctors said that when he fell he had split the bone of his leg nearly from the ankle to the knee—certain it is that he was in almost a hopeless condition, when the doctors gave him up. The sore on his arm was very bad, and many pieces of bone working their way down from the shoulders came out at his ears from sores produced by them. He used many kinds of medicines and other Sarsaparillas by the dozen bottles, but without any benefit,—at last he began to use your **Bristol's Sarsaparilla**; and during the time of using it, a bone  $9\frac{3}{4}$  inches long was taken away from his leg, and a piece 8 inches long from his arm. He used about 80 bottles in all, and after being confined to his bed two years and seven months, he is now well enough to go around and take care of himself. I consider that if it had not been for your **Bristol's Sarsaparilla** he would not have lived. Mr. Bickle, the Druggist, is familiar with the case, and can vouch for the truth of my statements. You are also at liberty to refer any person to me, when they can see the boy.

## RECIPES FOR DYEING

### CHEAP, BEAUTIFUL, AND DURABLE COLORS,

And by a process so simple and expeditious that all may adopt it.

Failure in dyeing a good color is generally owing to two causes—inattention to the instructions of the recipe, and the inferior quality of the dyeing materials employed.

In all cases be sure that the articles to be dyed are perfectly free from grease or soap, as the presence of the smallest portion of either will seriously affect the color.

Particular attention is invited to the "Extract of Logwood," as being so much superior to the wood for producing a beautiful black; also to the "Madder" and "Madder Compound," for giving a pure red, which never changes by the action of the sun.

**Bristol's Sarsaparilla** and **Bristol's Sugar-coated Vegetable Pills**, used together, are a certain cure for any disease arising from impure or tainted blood. This fact is sustained by experience, and cannot be denied with truth.

**Black on Wool, Silk, or Cotton.**—For every pound of cloth it will require one ounce of Extract of Logwood and half an ounce of Blue Vitriol. Prepare an iron kettle with a sufficient quantity of water to admit the yarn or cloth to be worked in the dye without being crowded; bring the water to a scalding heat, then put in the yarn or cloth a few minutes; when it is thoroughly wet take it out and drain it. In the next place add the blue vitriol, and, when dissolved and the water skimmed carefully, put in the material to be colored, and let it remain half an hour at a scalding heat, airing it occasionally; then take it out and rinse it in soft water. The vitriol water may now be emptied into a separate vessel, and the extract of logwood, dissolved in a sufficient quantity of water, brought to a scalding heat and skimmed; put in the cloth, keeping the dye at the same temperature, and let it remain half an hour, airing it frequently; then take it out and drain it. Add the vitriol water to the dye, and put it in again, and let it remain fifteen minutes, airing as before. Cleanse it well.

**Madder Red.**—Take one pound of Madder for every two pounds of yarn or cloth; soak the madder in a brass or copper kettle one night in warm water, enough to cover the yarn you wish to color. Next morning put in two ounces of madder compound for every pound of madder you have soaked; then wet your yarn or cloth in clean water and wring it out; afterwards put it in the dye. Now put the kettle on the fire, and bring it slowly to a scalding heat, which will take about half an hour; keep it at this heat about half an hour if a light red is wanted, and longer if a dark one, the color depending upon the time it remains in the dye. When the color is made, rinse the cloth immediately in cold water, and it will then be finished.

**Scarlet Red.**—Take soft water sufficient to cover the yarn or cloth you wish to color, bring it to a boiling heat in a copper or brass kettle, then add one ounce and a half of Cream of Tartar for every pound of cloth; now boil a minute or two, and then add two ounces of Powdered Lac and three ounces of Madder Compound (the lac and compound must be previously mixed in a glass or earthen bowl); boil five minutes. Now wet the yarn in warm water and wring it out, and put it in the dye; boil the whole nearly an hour; take the cloth or yarn out, and rinse it in clean cold water.

Purify the Blood with **Bristol's Sarsaparilla**; Strengthen the Stomach and Regulate the Liver with **Bristol's Sugar-coated Vegetable Pills**.

A splendid blue may be produced in an hour by the following process:

**Blue.**—For each pound of wool or cloth take two and a-half ounces of Alum, and one ounce and a-half of Cream of Tartar. Boil these together in a brass or copper kettle for about an hour; now take sufficient warm water to cover the cloth or wool, and color it to the shade you wish with the liquid blue; put the whole into the copper pot and boil a short time, taking care to keep it stirred; remove the cloth and rinse it in clear cold water, and hang it up to dry.

Scrofula, the bane of many lives, can be completely eradicated by a course of **Bristol's Sugar-coated Pills** and **Bristol's Sarsaparilla**.

A pale, yet handsome, pink may be produced as follows: One pound wool or cloth, half pound good Red Wood, and a quarter pound Alum. Soak the wood all night in warm water, add the alum, and boil the cloth with these ingredients for about an hour; take it out and rinse in clean cold water.

ESTABLISHED IN 1832.

# BRISTOL'S SARSAPARILLA.

In Large Quart Bottles.

## The Great Purifier of the Blood!

Is particularly recommended for use during  
**SPRING AND SUMMER,**

When the blood is thick, the circulation clogged, and the humors of the body rendered unhealthy by the heavy and greasy secretions of the winter months. This safe, though powerful detergent, cleanses every portion of the system, and should be used daily as a

### DIET DRINK

By all who are sick, or who wish to prevent sickness. It is the only genuine and original preparation for the permanent cure of the most dangerous and confirmed cases of Scrofula or King's Evil, Old Sores, Boils, Tumors, Abscesses, Ulcers, and every kind of Scrofulous and Scabious Eruptions. It is also a sure and reliable remedy for Salt Rheum, Ring Worm, Tetter, Scald Head, Scurvy, *Syphilis* or *Veneral Disease*, White Swellings and Neuralgic Affections, Nervous and General Debility of the System, Loss of Appetite, Languor, Dizziness, and all Affections of the Liver, Fever and Ague, Bilious Fevers, Chills and Fever, Dumb Ague, and Jaundice.

*Guaranteed to be the most Powerful and Purest Preparation of*

## GENUINE HONDURAS SARSAPARILLA THAT IS PUT UP FOR SALE.

It is the very best, and, in fact, the only sure and reliable medicine for the cure of all diseases arising from a vitiated or impure state of the blood, or from excessive use of Mercury.

The afflicted may rest assured that there is *not the least particle of MINERAL; MERCURIAL, or any other poisonous substance* in this medicine. It is perfectly harmless, and may be administered to persons in the very weakest stages of sickness, or to the most helpless infants, without doing the least injury.

Full directions how to take this most valuable medicine will be found around each bottle: and to guard against counterfeits, see that the written signature of LANMAN & KEMP is upon the blue label.

Prepared only by

**FARRIERY.**—Rules to be Remembered.—Every person should know how to take care of his domestic animals, as ignorance or neglect in this might result in great loss. A stable should not be very light or very dark; its floor should be plank or soil, as brick or stone injure the feet. A horse kept in the stable should be rubbed or brushed every day. Food or drink should not be given when the horse is very warm from exercise, as it causes disease. Keep his legs clean from mud, or disease will be the result. Examine the animal every day, and see that he is not galled or otherwise injured. The receipts on this subject are numbered from 1 to 17, and will be referred to by these numbers.

Cleanse the Stomach and regulate the Liver with **Bristol's Sugar-coated Vegetable Pills.** They are the great remedy for all diseases of the Stomach, Liver, Bowels, and Kidneys.

**A Delicious Fruit Cake.**—Take 1 pint of light dough; 1 tea-cup of sugar; 1 of butter; 3 eggs; 1 teaspoon of saleratus; 1 pound of raisins; nutmeg to the taste; bake one hour—let it stand and rise a little before baking.

# CATALOGUE OF DISEASES,

## And Directions for using Bristol's Sarsaparilla.

WHEN any of the following diseases are of long standing, and of a very obstinate or aggravated character, the use of *Bristol's Sugar-coated Pills*, in conjunction with the *Sarsaparilla*, will overcome every difficulty, even in the most hopeless cases.

### CANCER.

This is one of the most dangerous and difficult diseases to which humanity is liable. For its cure, take half a wineglassful before each meal, and the same when retiring for the night. Use no liquors or highly spiced food; live on plain, but generous diet. Where the disease is in the first stages, and the skin is unbroken, the swellings or lumps should be bathed softly with a solution of six grains Iodine, twelve grains Iodide of Potash to one pint of water, taking two of *Bristol's Sugar-coated Pills* every morning. If it be an open cancer, use a paste made of Blood-root and Chloride of Zinc, spread on linen and applied to the sore.

### SCROFULA & SCROFULOUS DISEASES.

Begin with a half wineglassful twice a day, and after the system has become accustomed to it, take the dose three or four times a day; continue this treatment until the disease has disappeared. In some cases a few weeks may suffice, while in others it may take two or three months.

### Syphilis, or Venereal Disease.

For the permanent cure of every form and type of this frightful disease, even when aggravated with a MERCURIAL course, there never has been any medicine so sure and certain a cure as "BRISTOL'S SARSAPARILLA." More than a thousand persons who have been cured by it, have expressed their gratitude to the proprietor in letters that could be given, but for the private nature of the disease; suffice it to say, that it never fails, even in the worst cases. Take free and often-repeated doses, as much as the system will stand, and continue for some time after the sores are entirely healed. A piece of linen dipped in a weak solution of Tincture of Muriate of Iron, may be used as an outward application.

*Tetter, Erysipelas, Salt-Rheum, St. Anthony's Fire, Ringworm, &c.,*

All require the same treatment, all springing from the same source—*Impure Blood*. A half wineglassful morning and evening, will generally be sufficient, especially if BRISTOL'S SUGAR-COATED PILLS be used in conjunction.

### Female Diseases,

Such as RETENTION—PAINFUL and SUPPRESSED MENSES—IRREGULARITY—WHITES—STERILITY—ULCERATION OF UTERUS, &c., are all infallibly cured by doses of a tablespoonful taken three or four times a day. Perseverance in this treatment will effect a complete cure.

### OLD SORES, TUMORS, and ULCERS.

Take a half wineglassful three times a day, bathing the sore with the same solution recommended under the head of *Cancer*.

### Rheumatism, Gout, and Neuralgia,

are diseases against which the usual remedies of the faculty are comparatively useless. It is, therefore, with much satisfaction we proffer to the suffering, *Bristol's Sarsaparilla* as a sure and speedy relief, and a reliable cure. Taken in full doses three times a day, about an hour after eating, it will remove every vestige of the inflammation and pain. Its affinity for the uric acid, which in the blood is the main cause of these troubles, is truly wonderful. We have certificates of extraordinary cures of these diseases. *Bristol's Sugar-coated Pills* should be used in moderate doses, in conjunction with the *Sarsaparilla*.

### Bronchocele, or Goitre.

The SARSAPARILLA should be freely used: half a wineglassful four or five times a day, bathing the swelling with the same solution recommended for *Cancer*, only made twice as strong.

*Boils, Pustules, Eruptions, Blotches, Pimples,*

And all SKIN DISEASES, yield readily to the use of the *Sarsaparilla*, in doses of a tablespoonful three or four times a day, washing the parts with Castile soap and water.

*Enlargement and Ulceration of the Bones, Fits, Heart Disease, &c.,*

Are often caused by *Scrofula*. In all such cases, a moderate but continued use of the *Sarsaparilla* will give the most satisfactory results.

### BILIOUS ATTACKS, JAUNDICE, &c.,

Will be speedily cured by doses of half a wineglassful two or three times a day, and the cure will be much quickened by using "*Bristol's Sugar-coated Pills*" at the same time.

For the general guidance of patients we give a table of doses:—

For male adult...	3	wineglassful	3	times a day.
" female " ...	4	"	"	"
12 to 15 years.....	1	tablespoonful	"	"
8 to 12 " .....	2	teaspoonfuls	"	"
5 to 8 " .....	1	"	"	"
For infants .....	15	to 20	drops in water.	

## RECIPES FOR DYEING.

WARRANTED GOOD COLORS.

---

**Brown.**—For each pound of wool take a quarter pound Alum and two ounces Cream Tartar, and boil for half an hour. Take a half pound Red Powder, quarter pound Fustic, and two ounces Logwood. Soak these a night in sufficient warm water to cover the wool. Take the wool out of the alum-water, and boil with the woods for about half an hour. If a dark brown is wanted, add about a tablespoonful of Copperas.

**Bristol's Sugar-coated Pills** and **Bristol's Sarsaparilla** are guaranteed to cure any case of Scrofula.

**Yellow.**—One pound wool or cloth, three quarters of a pound Fustic, quarter pound Alum. Put all into an earthen vessel, and pour on sufficient hot water to cover the wool, and keep it warm all night; give it half an hour's boil in a brass kettle, and then rinse in cold water. A much deeper and richer yellow may be made by using Turmeric Powder instead of Fustic, and proceeding in the same manner.

**Bristol's Sugar-coated Vegetable Pills** are the great remedy for all diseases of the Stomach, Liver, and Bowels.

**Green.**—Take one pound wool or cloth, one pound Fustic, quarter pound Alum; soak all night in warm water to obtain a good yellow. Now take out the wool or cloth and drain it; then add to the yellow water Liquid Blue to obtain the shade of green required—the more the deeper. Put the cloth into the liquor and boil about half an hour; rinse in cold water.

A deeper and much richer green may be obtained by using Turmeric instead of Fustic, and proceeding in the same manner.

**Bristol's Sarsaparilla** and **Bristol's Sugar-coated Vegetable Pills** will cure all kinds of Old Sores, Running Ears, Sore Eyes, General Debility, Rheumatism, Tumors, and Scrofulous Affections.

**To Dye a Fine Wine Color.**—One pound wool, half pound Red Powder, one ounce of Madder Compound. Soak the powdered wood in warm water all night; mix the madder compound with about half a pint of water (in a glass), and add it to the rest. Rinse the wool in warm water and put it into the dye; boil about half an hour; take out the wool and rinse in cold water.

A color almost as fine may be had by using quarter pound Alum, and boiling in the same way.

A still richer color, but one hardly so durable, may be made in the manner following:

One pound wool, three quarters of a pound Cudbear, and quarter pound Alum. Wet the wool and wring it, then boil for about half an hour in a brass kettle, and rinse in cold water.

Every kind of eruption or disfigurement of the skin is quickly and surely removed by a few doses of **Bristol's Sarsaparilla** and **Bristol's Sugar-coated Pills**.

**To Dye a Salmon Color.**—One pound wool, quarter pound Annatto, quarter pound Soap. Take water sufficient to cover the wool, in which dissolve the annatto and soap. Rinse the wool in warm water, put it into the annatto mixture, and boil about half an hour. The shade may be made lighter or deeper according to the quantity of annatto used.

The blood is the life, and there is but one medicine that will thoroughly and surely cleanse and enrich it—that is **Bristol's Sarsaparilla**.

**Lilac** is made by boiling the cloth or wool for a short time in Cudbear.

**Dove and Slate Colors of all Shades**, are made by boiling, in an iron vessel, a teacupful of Black Tea with a teaspoonful of Copperas and sufficient water. Dilute this till you get the shade wanted.

The above Dye Woods, etc., etc., can be had of all Country Merchants.

## POPULAR MEDICINES.

If it is any evidence of the excellence of a medicine that it is known and highly esteemed by all classes of society in nearly every part of the world, then

### **BRISTOL'S SARSAPARILLA**

must be admitted, without argument, to be the very best remedy of its kind ever offered for sale in any country—for it is familiarly known and *greatly* prized by every grade of society in the most enlightened cities of Europe. To the millionaire, to the humble miner, and to the wild bushman of Australia, to the sun-burnt races of the East Indies, to the slave and to the peer all over the Empire of Brazil, to both black and white in every part of the West Indies, to the inhabitants of Mexico, California and Central America, and to the lone races of the far off Islands of the Ocean,

### **BRISTOL'S SARSAPARILLA**

is as familiar as are their daily wants and necessities. Of course there must be a reason for this extraordinary and universal popularity. This reason is easily given. It is because *Bristol's Sarsaparilla* performs all that is claimed for it, because the people of all countries, after being deceived and disgusted by the worthlessness of other preparations under the name of Sarsaparilla, have found in Bristol's a speedy relief and a thorough cure. It is because that it has healed up old sores which have defied other treatment for years. It is because it has been found to neutralize and expel from the system the poison of Syphilis or Venereal Disease, which had up to the time of using this great purifier been spreading corruption unchecked to the very sources of life. It is because Scrofula, Cancers, Ulcers, and Tumors, that had baffled all medical treatment, have been completely healed by Bristol's Sarsaparilla. It is because Boils, Carbuncles, Ringworm, and Pustules have been by its use quickly relieved and removed in a few days, and finally it is because the Female Sex in all parts of the world have found in it a safe and certain relief for the derangements and irregularities, and many other distressing ailments that are peculiar to their sex. With these reasons in view it is no longer a marvel why Bristol's Sarsaparilla has become so popular. But to the sick we have one word more to say, it is this:

### **BE SURE**

to get the genuine BRISTOL'S SARSAPARILLA, otherwise your hopes of relief and cure will be disappointed—get the genuine, which is prepared only by **LANMAN & KEMP, New York**, and you will realize your wishes without fail.

**No. 1.**—*Physic Ball for Horses.*—Cape aloes from six to ten drachms, castile soap one drachm, spirits of wine one drachm, syrup to form the ball. If mercurial physic be wanted, add from one-half a drachm to one drachm of calomel.

Previous to physicking a horse, and during its operation, he should be fed on bran mashes, allowed plenty of chilled water, and have exercise. Physic is always useful; it is necessary to be administered in almost every disease. It improves digestion, and gives strength to the lacteals, by cleansing the intestines and unloading the liver; and if the animal is afterwards properly fed, will improve his strength and condition in a remarkable degree. Physic, except in urgent cases, should be given in the morning, and on an empty stomach; and if required to be repeated, a week should intervene between each dose.

Before giving a horse a ball, see that it is not too hard or too large. Cattle medicine is always given as a drench.

Purify, cleanse, and enrich the blood with **Bristol's Sarsaparilla**. It is the safest and the best of all medicines in spring and summer.

**To Make Black Currant Jelly.**—Boil the fruit till the juice flows; then strain through a cloth or jelly bag, and set it again over the fire or 20 minutes; after which add one-half pound of sugar for each pound of juice, and boil the whole for 10 minutes more.

# CONVINCING TESTIMONY

FROM

## CANADA.

Rheumatism, { Mrs. P. Lafrance, residing at 118 Dominique street, Montreal, says :

I have suffered severely from Rheumatism for a length of time, and have been under the treatment of different medical men without any benefit. Having heard of **Bristol's Sarsaparilla**, I determined to try it. After using six bottles I experienced great relief; and after using six bottles more I found myself perfectly cured. The Rheumatism from which I suffered principally affected my back.

Heart Disease and { Mr. Alfred Tuck, manufacturer of soap and candles, Craig street, Montreal, says :

Having suffered severely for four years from Palpitation of the Heart, and frequent attacks of Fever and Ague, with loss of appetite, and great pain after eating, attended with weakness and gradual wasting away of body, I was induced to try **Bristol's Sarsaparilla**, and found from the first bottle considerable relief, and before I had finished the sixth, found my maladies completely removed, my appetite good, and my body vigorous and strong. I had previously been under the first physicians in Toronto, Chicago, Cleveland, and Toledo, without receiving any permanent or even satisfactory relief.

Severe Pleurisy, { Mr. J. B. Alexis Dorval, inspector of timber, in the city of Quebec, says :

It affords me great pleasure to inform you that I have been completely cured of a very severe Pleurisy, which I had neglected, and by the use of only three bottles of the **Bristol's Sarsaparilla**, which I bought at your establishment.

Running Sores, { Mrs. Olive Garneau, of Quebec, sends the following, which is certified by Ed. Rousseau, M. D., and Justice of the Peace, Quebec :

This is to certify that I have been thoroughly and entirely cured of *fifteen sores* which I had on my right arm, by the use of **Bristol's Sarsaparilla**. These sores had been on my arm for over four years, and during that time had been continually discharging, which weakened me so much that I was unable to leave my bed for four months. Having heard of **Bristol's Sarsaparilla**, I made up my mind to try it. I used six bottles, and with the best results; for I am now as strong and as able a woman as I was before having the sores.

In all cases of impure blood, from whatever cause, **Bristol's Sugar-coated Pills** should be used, in conjunction with the Sarsaparilla, to hasten the cure.

A REASON.—“My dear sir, do tell me why you wear that shocking bad hat?” “Nothing simpler—my wife has vowed she will never go out with me until I get a better.”

OLD SORES that have defied all treatment for years are quickly and safely healed by **Bristol's Sarsaparilla**.

Sometimes a girl says no to an offer, when it is as plain as the nose on her face that she means yes. The best way to judge whether she is in earnest or not is to look straight into her eyes, and never mind her nose.

A breach which every gallant soldier avoids—a breach of politeness.

When does the letter S become jolly? When it makes sport of port.

**Bristol's Sugar-coated Vegetable Pills** is the safest and surest remedy for all the diseases of the *Stomach, Liver, and Bowels*.

Why is the letter T like an island? Because it is in the midst of water.

What is the most sensational periodical of the day? The Powder Magazine.

**Murray & Lanman's Florida Water** is the most lasting of all perfumes. A few drops on the handkerchief endures in full fragrance for months.

When is a ship like a nobleman's wife? When she's fastened to a pier (peer).

It is better to know what you don't want than not to know what you do want.

SORE EYES, than which nothing is more annoying or mortifying to the sufferer, are quickly and safely healed by the use of **Bristol's Sarsaparilla**.

Why is a hungry boy looking at a joint of meat like a wild horse? Because he would be all the better for a bit in his mouth.

*Punch* says a gentleman in the pit of the Adelphi Theatre remarked, “that he werry much preferred Miss Bateman's *Lear* to Shakspeare's.

# Health for the Sick.

## VOLUNTARY TESTIMONY.

DEVINS & BOLTON, druggists, next the court-house, Montreal:

SIRS:—The present is to certify that I, M. J. Nolin, 40 years of age, wife of M. Heroux, Notary Public, have suffered for a year with violent palpitation of the heart, sudden chills, extreme heat and cold in various parts of the body, attended with great pain, particularly in the arms; my pulse was very variable—very slow or quick; frequently a tendency to faint, with a sense of suffocation; sleep troubled; irritable, and very low spirits. I tried several medical men without deriving any benefit, and they all concluded by giving me up. In July last, I saw in the papers, "**Bristol's Sarsaparilla**,"—"Blood is Life." I purchased five bottles at your store, which afforded me relief from the first dose. A substance resembling very fine white sand came from my legs in quantity, after which I recovered my nearly lost faculties, and was free from pains, palpitations, and chills, and perfectly cured of my affliction in ten weeks. I am convinced of the superiority of this remedy over all others.

[Signed]

M. J. N. HEROUX.  
EMELIEN ROY, Merchant.  
Mr. HEROUX, N. P.

## Dyspepsia and Liver Disease cured.

MAIN-ST., GEORGETOWN, DEMERARA,  
January 14th, 1863.

MESSRS. LANMAN AND KEMP, NEW YORK:—

Although a stranger to you, I consider it my duty to thank you gratefully for the great benefit I have received from your **Bristol's Sugar-coated Pills**, and **Sarsaparilla**. For many years I have been constantly troubled with costiveness of the bowels, for which I tried all kinds of medicines without receiving more than temporary relief; and within about two years my liver has troubled me very much, pain in right side nearly all the time, and my stomach has been constantly out of order. My food would not digest, and caused me great pain after every meal. I fortunately met with your agent, Mr. James Smith, on his last visit here, and at his suggestion, began the use of your **Bristol's Sugar-coated Pills**, with occasional doses of the **Sarsaparilla**. It is now over ten months since I began. I have used thirteen vials of the **Pills**, and five bottles of the **Sarsaparilla**, and I am as healthy and sound a man as is in this city.

I am, respectfully yours, ALEXANDER BROOKS.

## PILES AND DROPSY CURED.

Letter from the Husband of a Lady in Demerara.

KING-ST., BARBADOS, 23d December, 1862.

MESSRS. LANMAN AND KEMP:—

Gentlemen:—It affords me a satisfactory pleasure to be able to testify from my own experience the success which has attended the use of **Bristol's Sugar-coated Pills**. My wife had for about three years been greatly troubled with dropsical swellings, which began in her limbs at the ankle, and gradually increased, going up till her whole body was enormously swelled; her bowels were very inactive, and she was much pained with piles, besides irregularities in other ways. I employed our best doctors, but their prescriptions did not have the desired effect. I then bought a vial of your **Bristol's Sugar-coated Pills**. She used them and was much relieved. I bought another and another, until she has used in all nine vials. Every vestige of swelling is now gone. She is very regular in every way, and is in the enjoyment of vigorous health.

I am, dear sirs, very respectfully yours,

THOMAS BOYNTON.

Both the Mind and Body are greatly refreshed by the use of **Murray & Lanman's Florida Water**. It is the most delicate, and at the same time most lasting of all perfumes. All persons of taste and refinement use it exclusively.

**No. 2.**—*Physic for Cattle.*—Cape aloes, four drachms to one ounce, epsom salts four to six ounces, powdered ginger three drachms. Mix, and give in a quart of gruel. For calves, one-third of this will be a dose.

**No. 3.**—*Tonic for Horses and Cattle.*—Sulphate of copper one ounce to twelve drachms, white sugar one-half ounce. Mix, and divide into eight powders, and give one or two daily in the animal's food.

Miners, laborers, farmers, and all others exposed to changes of weather, will find a perfect safeguard in an occasional dose of **Bristol's Sarsaparilla**.

## GLAD TIDINGS!!!

### To the Sick and Broken in Health!

**Violent Palpitation of the Heart, Chills, Low Spirits, and Bad General Health, all cured. Read! read!**

This is to certify that for five years I was troubled with general debility, unable to perform any household duties, and suffering violently from Palpitation of the Heart. I was constantly under the influence of a chilly fever, and experiencing awful pain in my whole body. I tried every thing—sought medical advice—but all to no avail. Twelve months ago I was induced to try BRISTOL'S SARSAPARILLA, and before I had taken two bottles, experienced a decided improvement; but my means not allowing me to continue its use, I was becoming worse again, when you kindly gave me a few bottles. It was the needed remedy, and its effect on my system was wonderful. I am now another woman; I feel well, eat well, and sleep well, and do all my work without the least fatigue. I cannot too strongly recommend this invaluable medicine to the suffering, and I have not the least doubt they will derive from it the same benefit that I have.

(Signed)

ANGILE DANIEL,

wife of Celestin Courtois, 95 Visitation street.

CELESTIN COURTOIS,

J. BOULANGET,

Justice of the Peace.

I certify the above is the truth,

Sworn before me this thirty-first day of July, 1868.

**Liver Complaint, Pain in the Side, No Appetite, and a Sense of Suffocation, all cured. Read! read!**

DEAR SIRS—For years I have suffered severely from Liver Complaint, constant Pain in the Side, no Appetite, intense Drowsiness, and a Sense of Suffocation, compelling me at times to remain in bed for three or four days. For two years I was constantly taking medicine, under the advice of two of our best city physicians, without getting any relief. By their orders I spent the whole of last summer in the country, but without benefit. Last March I was advised by a friend, who knew its virtues, to try BRISTOL'S SARSAPARILLA, but I had lost confidence in every thing, and was fearful of getting worse. At last I did try it; its effect was most beneficial. My appetite returned; the heavy drowsiness left me; and my digestion became vigorous and healthy. I used in all twelve bottles, and am now as strong and well as any man could desire.

You are at liberty to make my case known to the public.

Yours, very truly,

J. H. KENNEDY,

Grocer and Dealer in Wines and Spirits,

No. 160 St. Mary street, Montreal.

**A Severe and Painful Rheumatism, that had existed for years, entirely cured. Read! read!**

It is with the most grateful feelings that I give you the particulars of the cure effected upon me by the use of the BRISTOL'S SARSAPARILLA bought from you. A severe and painful Rheumatism had troubled me for years, rendering my right arm almost useless, and extending across my chest and down my back, made me unable to walk, and comparatively helpless, besides much pain in the side, from what my family doctor called liver disease. Mr. Kennedy, my neighbor, on whom the BRISTOL'S SARSAPARILLA produced almost a miraculous cure, advised me to try a bottle or two. I did so, taking, at the same time, as directed by you, a couple of BRISTOL'S SUGAR-COATED PILLS occasionally.

I am now entirely recovered, free from pain of every kind, and feel as if I had taken a new lease of life. I can with confidence recommend the Sarsaparilla and the Pills to any one suffering with the same troubles.

MRS. CROSBY,

Dry Goods Store, St. Mary's street, Montreal.

**Bristol's Sarsaparilla and Bristol's Sugar-coated Vegetable Pills are for sale by all Druggists.**

## VALUABLE RECEIPTS.

### RENOVATING LIQUID OR SOAP.

FOR REMOVING PAINT, OIL, TAR, GREASE, ETC., FROM CLOTH.—Take 4 oz. sulphuric ether, 8 oz. aqua ammonia, 16 oz. alcohol, and 16 oz. rain-water. Mix this together and bottle.

DIRECTIONS FOR USE.—Wet a sponge or cloth with this liquid, and rub the spot of paint, grease, or oil, and it will soon be removed. This liquid also removes almost all kinds of stain from cloth, silks, etc.

To remove Sunburn, Tan, and Freckles, pour a tablespoonful of **Murray & Lanman's Florida Water** into a pint of pure water—bathe the skin four or five times a day.

TO REMOVE IRON RUST FROM LINEN AND COTTON.—Take a phial and fill it half full of oxalic acid; then fill up with water and let it stand awhile, shaking it occasionally; then wet the spot with the acid water, and then with the renovating liquid.

### PURIFY THE BLOOD.

If the blood is impure, or the humors vitiated or depraved, which can be known by the pimples, the sores, the ulcers, the boils, the cancers, the blotches, the sallow, dirty-colored skin, or some other of the myriad indications by which nature tells us of the condition of our bodies; there is but one safe and sure method of cure; it is to PURIFY THE BLOOD. Without this all else is useless. The great thing, then, is to get the medicine that will do this most **Speedily, Thoroughly, and Safely.** The evidence of respectable people, in all classes of society, proves that the best of blood purifiers is

### BRISTOL'S SARSAPARILLA.

For thirty-two years it has stood unrivalled; and it is to-day prescribed and recommended by the most learned physicians in all parts of the world as the safest and best blood purifier known.

TO RESTORE COLORS TO FADED CLOTH.—Take 24 quarts rain-water; put it in a kettle; then add 8 oz. logwood, 4 oz. fine salt, 2 oz. loaf sugar,  $\frac{1}{8}$  oz. gum arabic,  $\frac{1}{8}$  oz. borax. Let this boil five minutes, and while the dye is hot take a clothes brush and brush the dye on the garment; when well wet hang up to dry; when dry brush the coat well, and iron and press. This quantity of dye will restore the color to eight coats, and restores the original color to any dark cloth.

TO TAKE THE COLOR OUT OF CLOTH OR YARN.—For four pounds—take 1 oz. of oil of vitriol and mix it well with about a pint of cold water; then fill a kettle of sufficient size with clean water, and bring it to a boil, then put in your oil of vitriol, and stir; then put in your goods, stir well for fifteen or twenty minutes, then take out and rinse clean. You can make almost any color you please on goods that have had the color taken out in this way.

The stomach is the source of the blood and of all the strength of the body. **Bristol's Sugar-coated Pills** is the great medicine for cleansing the stomach and regulating the bowels.

TO DYE A BEAUTIFUL CINNAMON ON COTTON OR SILK BY A NEW PROCESS.—Give the goods as much color from a solution of blue vitriol as it will take up, then run it through lime-water; this will make a beautiful sky-blue of much durability; it has then to be run through a solution of prussiate of potash, when it will be a beautiful brown or cinnamon.

TIME REQUIRED FOR ROASTING OR BOILING MEAT.—Solid pieces of beef require twenty to twenty-five minutes to the pound; neck of mutton will take an hour and a-half; a chine of pork, two hours; a leg of pork or lamb, twenty minutes to the pound; a ham of twenty pounds will take four and a-half hours, smaller ones in proportion; a dried tongue, after being well soaked, will take four hours slow boiling; a pickled tongue, two and a-half to three hours, or longer if very large.

Meat boiled quick will be hard and tough, but care must be taken in boiling slow that it does not stop, or the meat will be underdone.

**A LADY CURED**  
OF  
**Chronic Inflammation of the Kidneys,**

*After nine Doctors had given her up.*

The following letter was received by Dr. Picault, of the firm of Picault & Son, Druggists, No. 42 Notre Dame-street:—

MONTREAL, C. E., May 9, 1864.

DR. PICAULT,—Dear Sir:—Do you not remember having been called by me last summer to see my wife, who was suffering from Chronic inflammation of the Kidneys for seventeen months. You were the ninth physician called, as I had sought advice to no avail, though I followed the prescriptions carefully. She was reduced to the state of a skeleton, could not digest, and I had no more hope of saving her. You advised me to give her **Bristol's Sarsaparilla**. From the first dose she experienced relief, and after the seventh bottle had been taken, she was completely restored. I thought it would be useful to the public to let them know of this extraordinary cure.

JOSEPH BELLANGER,  
No. 30 Aylmer-street.

I do remember having been called for the above malady, and not hearing of any thing since that time, I surely thought she was dead long ago.

P. E. PICAULT, M. D.

**Canadian Testimony**

IN FAVOR OF

**BRISTOL'S SARSAPARILLA**

AND

**Bristol's Sugar-coated Pills.**

The following extracts are from a letter recently received from a highly respectable farmer:

My son, aged twenty-one years, has been suffering for three years with **Dizziness** or **Vertigo**; he has been under three doctors, and been bled different times, all without benefit; I gave him one bottle of **Bristol's Sarsaparilla**, and one phial of **Bristol's Sugar Coated Pills**, and he got another of each from the druggist, Mr. Bond,—he is now quite well.

Mr. Ogan, my neighbor, has used one bottle of the **Sarsaparilla**, and one phial of the **Pills for Sick Headache**, and is entirely cured.

Every one here who has used your medicines is well satisfied with them.

ABRAHAM GRIMSHAW,

Hartman's Corners, White Church, Aurora,

Why are pretty girls' eyes like oatmeal cakes?—Because they are apt to give the heartburn.

Two men ate nuts for a wager; the one ate ninety-nine, the other a hundred and won (one). How many did the winner eat more than the loser?—One.

**Bristol's Sarsaparilla, and Bristol's Sugar-coated Vegetable Pills,** will cure all kinds of Old Sores, Running Ears, Sore Eyes, General Debility, Rheumatism, Tumors, and Scrofulous Affections.

**No. 4.—Cordial for Horses and Cattle.**—Powdered opium one drachm, ginger powdered two drachms, allspice powdered three drachms, caraway seed powdered four drachms. Make into a ball with molasses, or give as a drench in gruel. For the Grips and Hoax in Cattle, add to the above a teacupful of spirits of oil; and repeat every two hours till the animal is relieved.

# SUFFERERS WITH RHEUMATISM, READ THIS.

—♦♦♦—  
FROM A LADY,

A near relative of one of the leading Physicians in Montreal.

NEW YORK, Dec. 3, 1863.

Messrs. LANMAN & KEMP:—

Gentlemen,—The object of the present letter is to present to you my heartfelt thanks for the great good that your **Bristol's Sarsaparilla** has done me. For over six months I had been suffering with a Rheumatism that seemed to extend over my whole body, and which, from the tortures I endured, had reduced me almost to a skeleton. I could not move either my arms or legs, and had to get assistance to enable me to do the smallest household duty.

Taking your advice, I began the use of your **Bristol's Sarsaparilla**. I was so weak that the smallest doses of it seemed to agitate me very much, but I persevered, and latterly I could increase the size of dose. My pains all ceased little by little, and after using eight bottles I am about entirely cured. Now I can perform my household duties without assistance, and I cannot too highly recommend your excellent preparation to all those who suffer with Rheumatism.

I am, gentlemen, respectfully yours,

FELICITE CREHEN,  
119 Laurens St., New York.

Any persons who may wish to inquire into the above extraordinary cure, are referred to DOCTOR PICAULT, Nos. 42, 44, and 46 Notre-Dame street, Montreal, who is familiar with the facts, and can testify to the truth of every statement.

—♦♦♦—  

## A SEVERE CASE OF PLEURISY ENTIRELY CURED.

MONTREAL, C. E., May 12, 1864.

Messrs. LANMAN & KEMP, New York:

Dear Sirs,—Last fall my wife was attacked with Pleurisy in a severe form, so that she was helpless—and I felt hopeless of her recovery. By reading one of your Almanacs, which was left at the house, she was induced to try **Bristol's Sarsaparilla**. After taking two bottles she began to experience relief, and with **Bristol's Sugar-coated Pills**, which was recommended to be taken with the Sarsaparilla, she was completely cured by the use of five bottles. I feel bound, for the benefit of the public, to certify to this cure.

Yours, &c.,

JOHN GOODBODY,  
No. 8 Dumarais St.

A DELICATE WAY OF PUTTING IT.

TAILOR (measuring), "Trifle wider round the chest, sir, than you were."

Rheumatism, and all pains in the joints and bones, are quickly and permanently cured by the use of **Bristol's Sarsaparilla**. We have certificates from many persons, of the highest respectability, proving this fact.

WHAT tree represents a person who persists in incurring debt? The willow (*will-ow*).

WHY should an alderman wear a tartan waistcoat? To keep a check on his stomach.

For Miners, and all those engaged in outdoor occupations, **Bristol's Sugar-coated Pills** are the very best medicine, being expressly adapted to the diseases that are produced by such employments.

WHY is a dog biting his tail like a good economist? Because he makes both ends meet.

INCREDIBLE as it may seem, many of the richest planters in Jamaica live on coffee grounds.

Eruptions of all kinds are speedily removed from the skin by the use of **Bristol's Sarsaparilla** and **Pills**.

PUNCH says there can never be peace while Prussia is under the dominion of a General Wrangel.

## **A Wonderful Cure** **Of an Agent of the Grand Trunk Railroad, Canada.**

Read the following letter received by Mr. JAMES HAWKES, druggist,  
BROCKVILLE,

LYN, C. W., June 13, 1864.

JAMES HAWKES, ESQ., BROCKVILLE:

DEAR SIR:—Allow me to make a statement in favor of **Bristol's Sarsaparilla**, which ought to be known by every body far and wide.

In March, 1860, a Tumor appeared on the left side of my head, which had grown so large by December of that year that it affected my eating very much, and the doctors thought it best to have it removed, which was done at that time. It partially healed-up, and the rest remained a running Sore for three years and a half. I had tried several physicians, who all came to the conclusion that it could not be healed, and I was told to square up my books for the last time. After using several kinds of **Sarsaparillas**, I was induced to try **Bristol's**, from your Establishment. Before I had used five bottles, I felt it was doing me good, and, as you know, I have continued to use it for the past fourteen months, and the result, after using between thirty-five or forty bottles (which has brought away several pieces of the skull bone, one of them measuring two by one and three-eighths inches), I am a well man.

Yours truly,

GEO. WEBSTER, Agent, G. T. R. Co.

---

### **POWERFUL WITNESSES.**

ANDREW MELVILLE, M. D., Prescott, C. W., says: "Bristol's Sarsaparilla and Bristol's Sugar-coated Vegetable Pills have a very good reputation for medicinal virtues; I sell more of them than any other medicines."

G. HARDING, Esq., Druggist, Prescott, C. W., says: "every one speaks well of Bristol's Sugar-coated Vegetable Pills and Bristol's Sarsaparilla. I find them the most popular and best-liked medicines in this market, and I sell more of them than any other medicines of that kind."

HENRY F. MCCARTHY, Esq., Druggist, Ottawa, C. W., says: "Bristol's Sugar-coated Vegetable Pills and Bristol's Sarsaparilla are the most popular now, and will be still more so. They get the highest praise. They have to my own knowledge cured many cases of Chronic Rheumatism and Debility."

JAMES HAWKES, Esq., Druggist, Brockville, C. W., says: "I sell more of Bristol's Sarsaparilla than all the others put together. Bristol's Sugar-coated Vegetable Pills are the best-liked by my customers of any pills sold here; I have heard of several cures effected in cases of Scrofula and Debility by these remedies."

GEORGE BIRKS, Esq., Druggist, Prescott, C. W. :—"The reputation of your medicines, **Bristol's Sarsaparilla** and **Pills** is good. I have heard of different cures of Scrofula and Impurities of the blood which they have effected. I sell more of them than of all other Sarsaparillas and Pills."

G. H. TURNER & Co., Druggists, &c., Brockville, C. W. :—"Bristol's Sarsaparilla sells better than any other. Have heard of it effecting cures in Scrofula and Rheumatism; it has a very good reputation for medicinal virtues."

JOSEPH GARVEY, M. D., Rideau-street, Ottawa, C. W., says: "I sell more of Bristol's Sarsaparilla than of any other kind. Bristol's Pills and Sarsaparilla are, I think, the best-liked of any medicines of that kind in this market."

T. J. B. HARDING, Esq., Druggist, Brockville, C. W., says: "Bristol's Sugar-coated Pills and Bristol's Sarsaparilla have a very good reputation for medicinal virtue. Have heard of a person being cured by them of a Tumor on the head of four years' standing. I sell more of the Sarsaparilla than any other; both remedies are the most popular and best-liked now sold here."

**Swellings.**—Nothing is so good to take down swellings as a soft poultice of stewed white beans, put on in a thin muslin bag, and renewed every hour or two.

**To Make Loaf Bread, etc.**—To make loaf bread, hot breakfast cakes, and buckwheat cakes, superior to any thing of the kind before known, mix dry, and well rubbed together, two teaspoonfuls of cream of tartar with one quart of flour; then dissolve three-fourths of a teaspoonful of super-carbonate of soda in a sufficient quantity of sweet milk; mix the whole together and bake immediately. If water be used instead of sweet milk, add a little shortening. If the above directions be strictly followed, bread will be produced of superior lightness and whiteness.

**No. 5.—Diuretic Ball for Horses.**—Hard soap and common turpentine each four drams, oil of juniper twenty drops, powdered resin to form the ball. For Dropsy, Water Farcy, Broken Wind, or Febrile Diseases, add to the above allspice and ginger each two drams. Make four balls, and give one morning and evening.

What do we do when, to increase the effect, we diminish the cause? Snuff the candle.

# EVIDENCE

FROM FIFTEEN OF THE MOST LEARNED PHYSICIANS IN  
SPANISH AMERICA.

---

Is it REALLY a FACT that Bristol's Sarsaparilla will cure

## RHEUMATISM?

Yes, it is a positive fact, certified by

Doctor CIRIACO NAVARO, of Sagua la Grande, Cuba.

Doctor RAFAEL DE LA PEÑA, of Palmira, " "

Doctor JOSÉ MARIÑO, of Guantanamo, " and many others.

---

Can Bristol's Sarsaparilla ACTUALLY CURE Venereal and

## SYPHILITIC DISEASES?

Yes, it can actually cure them even in their worst stages, which is certified by

Doctor MANUEL F. DE ENTRALGO, of Santiago de las Vegas.

Doctor MIGUEL DE ZAYAS BATISTA, of Porto Principe.

Doctor V. POLI, of the City of Puebla, Mexico.

---

Is it a WELL ESTABLISHED FACT that Bristol's Sarsaparilla can cure

## SCROFULOUS DISEASES?

It is established beyond a doubt, and is certified by

Doctor FRANCISCO DE P. MANZANO, of Guantanamo.

Doctor J. JOAQUIN DIAZ DE LA VEGA, of Orizaba.

Doctor JAIME OLIVA, of Tehuacan.

---

What evidence is there that Bristol's Sarsaparilla can be relied upon to

## PURIFY THE BLOOD?

There is the recorded evidence of well known Physicians, such as

Doctor JUAN BUCH, of Holguin, Cuba.

Doctor LUIS JOSÉ PORTELA, of Guanajay, Cuba.

Doctor VICENTE ARIAS, of Sucre, Bolivia.

---

On what grounds are the claims for healing virtues in Bristol's Sarsaparilla put forth in the newspaper advertisements?

## ON 34 YEARS OF SUCCESS,

And the unqualified endorsement of the best Physicians, such as

Doctor RAFAEL TREMOLS, of Trinidad.

Doctor F. PAGES Y ASNARIZ, of Guanajay.

Doctor TOMAS GONZALES MOJICA, of Guanajay.

---

We think, after reading this page of evidence, that the sick may with confidence place their reliance for a cure on

**BRISTOL'S SARSAPARILLA.**

## FACTS AND FANCIES.

---

"Mister, I say, I suppose you don't know of nobody who don't want to hire nobody to do nothing, don't you?" The answer was, "Yes, I don't."

**TO MAKE SACHETS OR SCENT BAGS.**—Make little fancy-shaped bags of silk, satin, or paper. Take fine cotton and mix through it, for rose-scent, the following: Powdered starch, three ounces; a little carmine to color; otto of roses, eight drops; orris powder, one ounce. Or the following for violet: Take orris powder, four ounces; essence of bergamot, twenty drops; essence of ambergris, twenty drops; stuff the cotton into the bags and sew up tight.

---

Have you an old sore that troubles you very much, and which you have been unable heretofore to heal? If so, try **Bristol's Sarsaparilla**, and our word for it, you will soon be healed.

To mingle the useful with the beautiful is the highest style of art. The one adds grace, the other value.

Why is a lady's bustle like a historical romance? Because it is *action* founded upon *fact*.

Why were the English victories in the Punjaub nothing to boast of? Because they were over Sikh (sick) armies.

A notorious miser, having heard a very eloquent charity sermon, exclaimed: "This sermon strongly proves the necessity of alms. I have almost a mind to turn beggar."

---

**TO MAKE THE TEETH PEARLY WHITE.**—Mix a little of the **Murray & Lanman's Florida Water** in a tumbler of pure water, and wash with tooth-brush twice a day. The effect is astonishing.

When pride and poverty marry together, their children are want and crime.

**REMEDY FOR BALDNESS.**—Beef marrow, one ounce; tincture of cantharides, one drachm; powdered cinnamon, one drachm. Mix. To be applied night and morning, the head being first washed with salt and water. Keep the hair short. If the scalp becomes sore or tender stop using for a few days. When applied to prevent the hair falling off or becoming gray, two or three applications a week will suffice.

Why is a tooth extracted like a fact forgotten? Because it is *out of the head*.

---

For all diseases arising from impure or tainted or vitiated blood, or from the excessive use of mercury or iron, there is a sure and speedy cure in **Bristol's Sugar-coated Pills** and **Bristol's Sarsaparilla**. These two great remedies never fail.

"Sally," said a fellow to a girl who had red hair, "keep away from me or you'll set me on fire." "No danger of that," replied the girl, "you are too green to burn."

**WASH FOR REMOVING SCURF AND CURLING THE HAIR.**—Lime water, one pint; distilled vinegar, a quarter pint. Mix.

Why are thoughtless ladies the very opposite of their mirrors? Because the ladies speak without reflecting, and the mirror reflects without speaking.

**A SUSPICIOUS LANDLADY.**—A gentleman, taking an apartment, said to the landlady, "I assure you, madam, I never left a lodging but my landlady shed tears." She answered, "I hope it was not, sir because you went away without paying!"

Folly and pride walk side by side. Friends and photographs never flatter.

To remove Sunburn, Tan, and Freckles, pour a tablespoonful of **Murray & Lanman's Florida Water** into a pint of pure water—bathe the skin four or five times a day.

---

Why is a good conundrum like an Irishman? Because it is quite *pat*.

**SOFT SOAP FOR ALL CLASSES.**—For a lieutenant, call him captain. For a middle-aged lady, kiss her, and say you mistook her for her daughter. For a young gentleman rising fifteen, ask his opinion respecting the comparative merits of Mechl and Mappin as razor sellers. For young ladies, if you know their color to be natural, accuse them of using paint.

Testimonial from Hamilton,  
IN FAVOR OF  
**BRISTOL'S SARSAPARILLA**  
**IN BRONCHITIS.**

MESSRS. D. B. M'DONALD & Co. :

*Hamilton, C. W., July 20, 1864.*

Dear Sirs—I take pleasure in giving my testimonial of the benefit derived from the use of **Bristol's Sarsaparilla**, which I purchased from you. I had been troubled seriously with bronchitis for about a year. It had been brought on by inflammation of the lungs, and was a source of great distress to me, so that it was impossible for me to go out at night. I found no relief from any thing I had taken until I tried **Bristol's Sarsaparilla**, which I am happy to say has effected a cure

J. C. FIELDS,

Leather Merchant, King St.

---

**SALT RHEUM CURED!**

Mr. S. J. Foss, Druggist :

*Sherbrooke, C. E., June 20, 1864.*

Dear Sir—For the benefit of those who may be suffering from the same disease, I wish to make known the great benefit I have received from the use of **Bristol's Sarsaparilla**. For a long time I had been troubled with a sort of breaking out on my legs and arms, which some called salt rheum and some a scrofulous humor. Whatever it was, the torture from it was so great that I could not remain quiet. I tried a great many medicines, but all without benefit, until I was induced to try **Bristol's Sarsaparilla**, from the use of which I found immediate relief; and now, after using only four bottles, I find myself to all appearance entirely cured.

Yours very truly,

HORACE BARBER.

---

Evidence from Toronto,  
IN FAVOR OF  
**BRISTOL'S SARSAPARILLA.**

MESSRS. R. H. WOOD & BROTHER, Druggists :

*Toronto, C. W., July 8, 1864.*

Gentlemen—I deem it necessary to acquaint you with the benefit I have derived from using **Bristol's Sarsaparilla**, which I purchased from you. I was afflicted for some months with an affection of the skin, which caused me great pain: my face also was covered with a dreadful eruption. After using a number of bottles of other medicines without any visible effect, I was persuaded to try **Bristol's Sarsaparilla**. After taking one bottle the good effects of the Sarsaparilla was apparent. I persevered, and after taking five bottles was perfectly cured. You have my full permission to acquaint the proprietors of this valuable medicine with the great benefits I have derived from it.

JAMES TREGEAR,

No. 22 Masonic Arms Hotel, West Market Square.

6th month.

JUNE, 1866.

## SUGAR-COATED

# PILLS.

The need of a safe and perfectly reliable cathartic, or purgative medicine, has long been felt by the people and the faculty, and it is a source of great satisfaction to us to be able to say that we can, with confidence, recommend our **Bristol's Sugar-coated Pills** as a purgative medicine that combines all the essentials of a safe, thorough, and agreeable family cathartic. They are not made from the common drugs that compose other pills, but are prepared from the very finest quality of medicinal roots, herbs, and plants, the active principles, or parts that contain the medicinal value, being chemically separated from the inert and useless woody fibrous portions, that contain no virtue whatever. Among those active medicinal agents we may name **PODOPHYLLIN**, which has been proved to possess a most wonderful power over the *Liver*, and all the bilious secretions. This, in combination with **LEPTANDRIN** and other highly valuable vegetable extracts and drugs, constitutes a purgative Pill that is greatly superior to any medicine of the kind ever offered to the public. **Bristol's Vegetable Sugar-coated Pills** will be found a safe and speedy remedy in all such complaints as

**Dyspepsia or Indigestion,  
Habitual Costiveness,  
Heartburn and Flatulency,  
Foul Stomach,  
Loss of Appetite,  
Dropsy of Limbs or Body,**

**Headache,  
Liver Complaint,  
Jaundice,  
Piles,  
Bad Breath and  
Female Irregularities.**

In all diseases that have their origin in the blood, **Bristol's Sarsaparilla**, that best of blood purifiers, should be used with the Pills; the two medicines being prepared expressly to act in harmony together, when this is done faithfully we have no hesitation in saying that great relief, and in most cases a cure can be guaranteed, when the patient is not already beyond human help.

For general directions and table of doses, see another page of this pamphlet, but as different constitutions require different doses to produce the same effect, it is better that each person ascertain just the dose that suits their system, and take that dose instead of following any general rule.

In all **Cancerous**, **Ulcerous**, and **Scrofulous** diseases, **Bristol's Sarsaparilla** and **Bristol's Sugar-coated Vegetable Pills**, when used together, are guaranteed to effect a complete cure.

**TAXATION AND DEBTS OF NATIONS.**—The following account of the public debt of various countries, of their revenue as estimated in the budgets, and of their expenditure in those instances in which it differs materially from the revenue, is taken from a volume just issued from the Foreign Office, and compiled from official returns: United Kingdom (1863), revenue, £2 8s. 2d. per head of population; debt, £28 2s. 5d. per head of population. France (1864), revenue, £2 0s. 4d. per head; debt (1863), £14 0s. 4d. Russian Empire (1862), revenue, 12s. 7d.; expenditure, 13s. 3d.; debt, £3 11s. 1d. Austria (1862), revenue, 16s. 8d.; expenditure, £1 0s. 8d.; debt, £6 12s. 4d. Prussia (1863), revenue, £1 2s. 4d.; debt, £2 8s. 2d. Italy (1863), revenue, £2 4s. 9.; expenditure, £2 0s. 5d.; debt, £5 13s. 3d. Belgium (1863), revenue, £1 6s. 1d.; debt, £5 7s. 3d. Holland (1863), revenue, £2 5s. 6d.; debt, £23 11s. 2d. Sweden (1860), revenue, 9s. 7d.; expenditure, 11s. 5d.; debt, 14s. 4d. Norway (1863-64), revenue, 13s. 4d.; debt, £1 1s. 6d. Denmark and the Duchies (1862), revenue, £1 3s. 11d.; debt, £4 1s. 3d. Empire of Turkey (1864), revenue, 7s. 9d.; debt (1862), £1 3s. 1d. Spain and Balearic Islands (1862), revenue, £1 6s. 4d.; debt (1861), £9 8s. 5d. Portugal (1863-64), revenue, 17s. 1d.; expenditure, 18s. 10d.; debt, (1862) £3 7s. 1d. Greece (1861), revenue, 16s. 3d.; debt (1860), £3 12s. Passing to the New World we have the United States, in the financial year 1860-61, with a revenue of 11s. per head, an expenditure of 11s. 3d., and a debt of 12s.; and in the year 1863-64, a revenue of £4 18s. 8d. per head, an expenditure of £7 3s. 7d., and a debt of £11 0s. 3d. Brazil (1863), revenue, 15s. 8d.; debt (1861), £2 19s. 8d. Chili (1860), revenue, 17s. 10d.; debt (1861), £1 16s. 4d. Peru (1861), revenue, £1 13s. 11d.; debt (1863), £2 14s. 10d.

**Bristol's Sarsaparilla** is the great purifier of the blood.

A few drops of **Murray & Lanman's Florida Water**, in a glass of water, makes the very best tooth-wash.

**TAY IT.**—Ladies should remember that a small piece of linen just moistened with turpentine, and put into the wardrobe or drawers for a single day, two or three times a year, is a sufficient preservation against moths.

# LIST OF DISEASES,

## And Directions for the Use of Bristol's Sugar-coated Pills.

These Pills are prepared expressly to operate in harmony with that greatest of blood purifiers, BRISTOL'S SASSAPARILLA, in all cases arising from depraved humors or impure blood. The most hopeless sufferers need not despair. Under the influence of these two GREAT REMEDIES, diseases that have heretofore been considered utterly incurable, disappear quickly and permanently.

### DYSPEPSIA, or INDIGESTION,

Is a disease of civilization. Eating improper food, and at irregular times, without a sufficient amount of outdoor exercise, are prolific causes. The treatment is simple, but must be carefully complied with. Take two Pills every day, so as to move the bowels gently. Take regular outdoor exercise; eat sparingly, and of solid food, such as rare-done beef, mutton, and stale bread; never touch soups, stews, vegetables, pastry, &c. If this does not effect a cure, take every day, after the operation of the Pills has ceased, two tablespoonfuls of BRISTOL'S SASSAPARILLA. This will cure the worst cases.

### Sick Headache and Nervous Headache

Are both usually produced by Imperfect Digestion, Costiveness, Inactivity of the Liver, &c. Take a full dose of the Pills three or four days in succession; then take two Pills every day, for a week; and for the following week, one Pill per day. By that time the system will have recovered its tone, and by a little care in diet, and an occasional Pill, no return of the complaint will occur.

### CONSTIPATION, OR COSTIVENESS,

Gives rise to a great many dangerous and terrible disorders. The first step is to relieve the bowels thoroughly, and then continue the use of the Pills, in doses of two each morning, for a few weeks,—being very particular to have the motion as near as possible at the same time every day. This will induce natural habits, and there will be no further trouble.

### PILES

Are generally caused by Costiveness. To cure them, move the bowels gently with one or two Pills daily. Apply an ointment of lard 10 parts, sulphur 1 part, and white lead 1 part; mix thoroughly. For Bleeding Piles, add one part powdered nut-galls. A sure cure.

### Liver Complaints and Billous Disorders.

In all ordinary cases, the Pills alone will be found a sufficient and certain cure, taken in doses of four each day, for eight or ten days. In long-standing and obstinate cases, BRISTOL'S SASSAPARILLA should be used in connection with the Pills. No curable case of Liver Complaint can resist the combined operation of these two medicines.

### NEURALGIA, or TIC-DOULOUREUX,

Is generally caused by improper action of the kidneys. Take four Pills daily, until the tendency to the attacks is permanently checked. Avoid all exciting food and spices.

For more minute Instructions in all these Diseases, see the Directions around each box.

### RHEUMATISM and GOUT

Originate in a vitiated state of the blood. Take four Pills every day. In these diseases, BRISTOL'S SASSAPARILLA must be used in conjunction with the Pills. If an outward application is required, bathe the parts with warm oil and Venice turpentine, wrapping up in cotton, which must be kept on all night.

### DROPSY.

BRISTOL'S PILLS have been used with better results in Dropsy than any other medicine ever prescribed for its cure. Take from four to six Pills daily. Pay great attention to diet. Promote perspiration by exercise in the open air. Avoid soups and vegetables; live on beef, mutton, and bread.

### PARALYSIS, PALSY, &c.,

Can only be relieved by quickening the circulation of the blood, and strengthening the nerves. Take two Pills each day, and use BRISTOL'S SASSAPARILLA at the same time, which will greatly accelerate a cure.

### STOPPAGE, or SUPPRESSION,

Is always relieved by taking from four to six Pills,—the dose to be repeated until the desired effect is produced, which will generally be by the first or second dose.

### Spasms and Fits of all kinds.

Take four Pills daily, for five or six weeks; live as much as possible in the open air; eat generous food; avoid hot rooms.

### DIZZINESS, or VERTIGO.

Take, for a week or two, three Pills every day, and use BRISTOL'S SASSAPARILLA to impart vitality and richness to the blood. A certain cure.

### NERVOUSNESS.

Take moderate doses of the Pills,—say two or three every second day,—and at the same time use BRISTOL'S SASSAPARILLA, which is the most powerful tonic and nerve in existence.

### Loss of Appetite. Disordered Stomach.

Take three Pills every day, for two weeks. Eat your food slowly; masticate it well; let it be plain, but nutritious. Take regular outdoor exercise; a vigorous appetite will be the result.

### BILIOUS COLIC.

Take a full dose of the Pills—say from four to six—and repeat it until the bowels are thoroughly cleansed; then take two Pills each day, for one or two weeks, which will entirely prevent a return of this most distressing complaint.

For Sale by all Druggists.

**No. 9.—Sedative and Worm Ball for Horses.**—Powdered white hellebore one-half drachm, linseed powder one-half ounce. If necessary make into a ball with molasses. This ball is a specific for weed.

Running Ears, so disgusting to the sight, and so disagreeable to the sufferer, are easily cured by using **Bristol's Sarsaparilla and Bristol's Sugar-coated Pills.**

With what flowers do we speak and kiss?—Tulips (two lips).

**No. 10.—Anodyne Ball for Horses.**—Opium one drachm, camphor two drachms, ginger powder one and a half drachms; molasses to form a ball. Give night and morning, after the bowels are opened, in tetanus, or lockjaw. With the addition of powdered catechu two drachms, this forms an excellent cure for diarrhoea, or purging.

## IMPORTANT TRUTHS.

---

**A** healthy Liver,

A vigorous Digestion,

A good Appetite,

Are some of the benefits to be derived from a course of

**Bristol's Sugar-coated Vegetable Pills.**

**A** sure cure for diseases of the Bowels,

A great medicine for the Kidneys,

A powerful tonic for the Stomach,

Are the properties which are found in

**Bristol's Sugar-coated Vegetable Pills.**

**A** medicine that does not gripe,

A purge that does not weaken,

A physic that does not sicken,

Are a few of the virtues possessed by

**Bristol's Sugar-coated Vegetable Pills.**

**A** reliable medicine for Females,

A sure corrective of derangements,

A thorough remedy for irregularities,

Are the unfalling effects of a course of

**Bristol's Sugar-coated Vegetable Pills.**

**A** clear complexion,

A smooth skin, and

A sweet breath,

Are the sure results of a few doses of that best of physic,

**Bristol's Sugar-coated Vegetable Pills.**

In all diseases of a Scrofulous, Ulcerous, or Syphilitic nature, or where the blood has become tainted or vitiated by the use of Iron, Mercury, or any other Mineral,

**Bristol's Sarsaparilla**

should be used, in conjunction with the **Pills**. And the sick may rely upon it, that where used together, as directed on the cover, no disease can long resist the combined searching and healing powers of these two

**GREAT REMEDIES.**

EXCITED JUVENILE.—“Oh, uncle dear, do dance with me, it's only a gallop!”

[*Ladies Journal, March, '62.*]

“The leaders of our fashionable world have set their seal of approval upon **Murray & Lanman's Florida Water**. It is on the toilet-table of every lady who has the least pretension to position or taste.”

THE SNUB CONNUBIAL.—Loving wife: “Charles, dear, I wish you would put down that horrid novel and talk to me; I feel so dull; and—oh, Charles! my foot's asleep—” Charles: “Hush—ah! my dear, you might wake it!”

What is the difference between a donkey and a postage stamp? The one you lick with a stick, and the other you stick with a lick.

The stomach is the source of the blood and of all the strength of the body. **Bristol's Sugar-coated Pills** is the great medicine for cleansing the stomach and regulating the bowels.

Why is a lawyer like a man who cannot sleep? Because he lies first on one side, then on the other, and is wide awake the whole time.

Patrick Flaherty said that his wife was very ungrateful, for, “when I married her she hadn't a rag on her back, but now she's covered with 'em.”

For the diseases that usually afflict MINERS and FARMERS there are no medicines so well adapted as **Bristol's Sarsaparilla** and **Sugar-coated Pills**.

# BRISTOL'S SUGAR-COATED PILLS,

ARE A

**SAFE AND SURE REMEDY**

*FOR ALL DISEASES OF THE*

## **STOMACH, LIVER, & BOWELS,**

**BECAUSE,** they tone the Stomach, relieve the Bowels, regulate the Liver, and promote the general vigor of the system, without causing pain.

**BECAUSE,** they are a safe cathartic for the weakest, as well as active enough for the strongest, and they do not afterwards constipate.

**BECAUSE,** they create an appetite and revive the mental energies. They contain no mineral ingredients, and act gently on the system.

**BECAUSE,** they do not reduce the strength of the patient, and are suitable for the youngest child or the weakest invalid, as well as the vigorous, healthy man.

**BECAUSE,** as they cleanse, they soothe and heal; thus avoiding the drastic and dangerous effects of the ordinary Mineral Pills upon the stomach.

**BECAUSE,** they are purely vegetable, and are the only safe, sure, and speedy family purgative.

**No. 11.**—*Cordial Astringent Drench for Horses.*—For Diarrhœa, Purging, or Scouring: Tincture of opium one-half ounce, allspice two and a half drachms, powdered caraway one-half ounce; catechu powder two drachms, strong ale or gruel one pint. Give every morning till the purging ceases. For sheep this will make four doses.

**No. 12.**—*Blister Ointment for Horses.*—Hog's lard four ounces, oil of turpentine and Spanish flies each one ounce; mix. This ointment is strong enough for every purpose.

**No. 13.**—*Powder for Angleberries on Horses.*—After cutting them off, or when they exist in clusters, sprinkle them daily with equal parts of muriate of ammonia and powdered savin.

All who are exposed to changes of weather, bad water, and decaying vegetable exhalations, will find in **Bristol's Sarsaparilla** a safer, better, and more certain preventive and remedy than any other article ever offered for sale.

A Schoolmaster's Proverb.—The softer the head, the harder the work of driving any thing into it.

## A FEW WORDS TO INVALIDS.

---

It is strange, but true, that notwithstanding the progress made in medical science during the last fifty years, the old mineral purgatives, so violent in their operation, and so disastrous in their consequences, are still adhered to in ordinary practice. Men, women, and *children* continue to be nauseated, tortured, and reduced to a frightful state of debility by powerful and dangerous cathartic drugs, that irritate and inflame the stomach and the intestines, producing such an unnatural condition of those organs, that almost daily medication, with constantly increasing doses, is found necessary to produce the evacuations required to carry off the waste matter of the system.

The sick and suffering have always felt the necessity for a safe and trustworthy medicine, free from calomel and other corrosive minerals, which, while acting *gently* and without producing nausea or pain, would so thoroughly *cleanse, strengthen, and regulate* the internal organs as to enable them to perform their proper functions without a continual resort to medicinal aid. By **Bristol's Sugar-coated Pills** the want, so long and so painfully experienced, is supplied—the result, so ardently desired by thousands of invalids, attained. They are the very thing which physicians have so long sought for without success—a *purgative invigorant*. This is a combination about which much has been said and written, but which has never, until now, been realized. The patient, who goes through a course of ordinary purgation, is left in a weak, exhausted, and depressed condition; but whoever takes **Bristol's Sugar-coated Pills**, takes an aperient and a restorative at one and the same time. Instead of the physical and mental strength being prostrated by their action, both are increased, and the final result is, “*A sound mind in a sound body.*”

In many complicated diseases **Bristol's Sarsaparilla**, for purifying and enriching the blood, will be found a valuable assistant when used in connection with **Bristol's Sugar-coated Pills**. In fact, in all cases where there is any scrofulous, cancerous, venereal, or mercurial taint in the blood, both medicines are indispensable. They operate together in perfect harmony, each, as it were, re-enforcing the other; and it may be asserted boldly, and without qualification, as the result of innumerable experiments, that when these two great vegetable remedies are used in conjunction, no scrofulous or eruptive disorder, no sore, ulcer, cancer, syphilitic, or mercurial taint, no matter how long it may have existed, or how deeply seated in the system it may be, can long resist their cleansing, healing, strength renewing properties.

The mild and painless operation of **Bristol's Sugar-coated Pills** admirably adapts them to the purposes of the weaker sex, in all the difficulties incident to their peculiar organization; and, for the same reasons, they are justly considered the safest and best general laxative that has ever been used in the nursery. They are pre-eminently a *family medicine*, suitable to all seasons and climates, and not liable to deteriorate or lose their invaluable properties from the extremes of either heat or cold.

---

**Bristol's Sarsaparilla** and **Bristol's Sugar-coated Pills** are for sale by all Druggists. Sole Proprietors :

## FACTS AND FANCIES.

**POMMADE PHITOCOME.**—Powdered cinchona, a half drachm; oil of almonds, two drachms; beef marrow, six drachms; oil of bergamot, six drops; balsam of Peru, twenty drops. Mix.

Why does a donkey prefer thistles to corn? Because he is an ass.

Blessed are they that are afraid of thunder; for they shall hesitate about getting married, and keep away from political meetings.

The cheapest, the most lasting, and the best of all perfumes, whether for the handkerchief, the toilet, or the bath, is **Murray & Lanman's Florida Water.**

"I think our church will last a good many years yet," said a waggish deacon to his minister; "I see the *sleepers* are very sound."

Why should a man never marry a woman named Ellen? Because, by so doing, he *rings* his own Nell (knell).

**TO PICKLE CUCUMBERS.**—Take gherkins, or small cucumbers, not too young, wipe them clean with a dry cloth, put them into a jar, sprinkle on them a handful of salt, and pour on boiling vinegar to cover them. Boil the vinegar up every three days, and pour it on them again, until they become a nice green, then add ginger and pepper, and tie them up for use.

**Bristol's Sugar-coated Pills** and **Bristol's Sarsaparilla**, when used together, as directed, will cure the worst cases of Scrofula, whether immediate or hereditary.

A contemporary noticing a Postmaster, says, "If he attends to the mails as he does to the females, he will make a very attentive and efficient officer."

**WASH FOR CLEANSING AND SREENOETHENING THE HAIR.**—BORAX, one ounce; powdered camphor, a half ounce; boiling water, one quart. When cold filter or strain for use. Damp the hair with it frequently.

Why is C like a schoolmistress? Because it forms *lasses* into *classes*.

"There is a duty on every thing—even on the rope that hangs a criminal," says a contemporary. That's true; and we should say it was a neck's port duty, without any allowance in the way of draw back.

Swift said that the reason a certain university was a learned place, was, that most persons took some learning there, and few brought any away with them, so it accumulated.

Pour a little of **Murray & Lanman's Florida Water** into the bath, and you can lave in liquid fragrance, besides imparting to the overworked mind or exhausted body a delightful buoyancy of feeling.

**LEAF YEAR DIALOGUE.**—"Miss, will you take my arm?" "Yes, sir, and you too," "Can't spare but the arm," replied old bachelor. "Then," replied she, "I shan't take it, as my mottoe is 'go the whole hog or nothing.'"

What word is that which contains all the vowels, and in their proper order? Facetiously.

**VERY FINE GINGER BEER.**—Sliced ginger, three-quarters of an ounce; essence of lemon (rubbed with sugar), a half drachm; lump sugar, twelve ounces; boiling water, eight pints. Infuse till cold, strain, add three or four large spoonfuls of yeast. Let it ferment for twelve hours, and bottle.

Why is D like a wedding ring? Because *we* could not be *wed* without it.

Blessed are they that are deaf; for they never lend money, nor listen to tedious stories.

**Bristol's Sarsaparilla** and **Bristol's Sugar-coated Vegetable Pills**, are the safest and most reliable of all family medicines.

Why is a treadmill like a true convert? Because its turning is the result of men's conviction.

**BLANC MANGE.**—Boil a half ounce of isinglass (or gelatine) in sixteen fluid ounces of new milk (sixteen ounces is the old wine pint), stir constantly till it boils, then let it simmer for a few minutes till the isinglass is all dissolved, strain, add sugar to the taste, and a few drops of almond or other flavoring ingredient; pour into moulds.

## IMPORTANCE OF KEEPING THE Stomach Strong and Healthy.

A hundred varieties of disease may be traced to the stomach. For each and all of them, common sense suggests that the medicine which restores that organ to its full vigor, is the true remedy. If common sense demands what that remedy is, experience answers, **Bristol's Sugar-coated Pills**. Cathartics are plenty, but nine-tenths of them give only temporary relief, and many are dangerous. It is better to let dyspepsia have its way, than to attempt to cure with mercury. The so-called remedy will destroy the patient more rapidly than the disease. Not so **Bristol's Sugar-coated Pills**, which owe their efficacy solely to vegetable extracts. If the liver is wrong, they put it right; if the bowels are clogged with obstructions, they remove them; if the stomach is incapable of perfect digestion, they impart to it the required tone and vivacity.

### A Cure for Debility.

Thousands suffer, who have no specific disease. They are apathetic and listless, eat without relish, sleep without being refreshed, and are miserable without any tangible cause. A sluggish digestion, a semi-torpid liver, inactive bowels—are responsible for these indescribable, but not the less *real* and annoying ailments. To restore the inert organs to healthful activity, they have only to resort to **Bristol's Sugar-coated Pills**. Dr. Benjamin Wallis, of Boston, Mass., gives it as his opinion, that "there is nothing comparable to them, in cases where there is a lack of vital energy in the stomach and its dependencies, and general weakness and depression are apparent, without any distinctly-marked form of disease." All who suffer from physical prostration, accompanied by low spirits, will find **Bristol's Sugar-coated Pills** of immense benefit.

### Bad Digestion and Dyspepsia.

Imperfect digestion, with its invariable concomitants, a sympathetic disturbance of the liver and bowels, is the exciting cause of sick and nervous headaches. Why endure their excruciating agony when a course, and in some cases *one dose* of **Bristol's Sugar-coated Pills** will remove cause and consequences together? Chronic headache, of the most obstinate type, inevitably and quickly yields to this mildest and most efficacious of all cathartic and antibilious medicines—which no disease proceeding from a disordered stomach, a morbid state of the liver, irregularity or constipation of the bowels, or the difficulties incident to the weaker sex, can long withstand. In all cases where the liver is seriously affected, **Bristol's Sarsaparilla**, the most potent purifier of the animal fluids the world has ever known, will greatly facilitate a cure.

### Purgation and Invigoration.

By means of **Bristol's Sugar-coated Pills**, these two processes are made one and inseparable, and this cannot be said of any other cathartic in existence. For this reason they are decidedly the most successful alterative medicine ever prescribed for paralysis, palsy, nervous weakness, general debility, and vertigo or dizziness. These complaints are always in some degree connected, either as effects or causes, with a morbid condition of the stomach, the liver, or the intestines. Upon these organs the Pills act with a directness, promptitude, and curative power, that is simply astonishing, while at the same time they communicate vigor to the whole organization. **Bristol's Sarsaparilla**, indubitably the most remarkable of all agents for renewing the vitality of the blood, is indispensable in such cases.

*See the Agent's name on the back cover.*

9th month. **SEPTEMBER, 1866.** 30 days.

**To Cure Hams.**—Take of rock salt nine pounds, saltpetre eight ounces, molasses three pints for one hundred pounds of meat. Rub the mixture well on the hams, every three or four days, for four or five weeks.

What is the difference, asks a cockney, between your pulse and a policeman?—One is always on the beat, and the other is always off.

The cheapest, the most lasting, and the best of all perfumes, whether for the handkerchief, the toilet, or the bath, is **Murray and Lanman's Florida Water.**

**No. 14.**—Fever Powder for Horses.—Nitro from one-half ounce to one ounce, camphor and tartar emetic each from one to two drachms: powder and mix. To be used after the bowels have been opened.

# YOU CAN TRUST THEM.

---

There are three things much desired by all ladies, they are: A smooth skin, a sweet breath, and a clear complexion; all of which we guarantee to those who use **Bristol's Sugar-coated Pills**.

But there are three things of more importance to ladies even than those just named, they are: A reliable cure for Hysteria, a sure correct-ive of derangements and a certain remedy, for irregularities; these vir-tues are all contained in **Bristol's Sugar-coated Pills**.

There are, however, other astonishing properties possessed by **Bris-tol's Sugar-coated Pills**, which are of the greatest importance to men and women alike; of these we may name such as, they never gripe, they purge but do not weaken, and physic without sickening.

The organs of the body on which they exercise a special or particular power are the stomach, liver, and bowels. The stomach they tone and strengthen, the liver they stimulate and invigorate, and the bowels they purge and regulate.

On the digestive operations of the system they exercise a potent influ-ence, greatly intensifying the power of the gastric fluid, and enabling the stomach to supply a richer and better quality of blood than nature unaided could produce.

A power peculiar to themselves, and of the greatest importance to the sick, is that which **Bristol's Sugar-coated Pills** exercises over those organs most difficult to cure, viz.:

## THE KIDNEYS.

To all those who suffer from derangement of these depuritive and excretory organs, we say, try a course of **Bristol's Sugar-coated Pills**. You will be both astonished and delighted with their excellent effects. In all diseases where the blood is impure there must be used at same time with the **Pills**

## BRISTOL'S SARSAPARILLA,

as directed under the head of catalogue of diseases and instructions for using the **Sarsaparilla**. See the agent's name and address, on the back cover, who keeps both medicines pure and genuine.

## FACTS AND FANCIES.

Which are the most corpulent letters in the alphabet? O, B, C, T (obesity).

What is that from which, when the whole is taken, some will remain? The word *wholesome*.

Why is your nose like the v in civility? Because it is between two i's (eyes).

EXCELLENT BAKING POWDERS.—Tartaric acid, eight ounces; bicarbonate of soda, nine ounces; arrow root or rice flower, ten ounces. Mix.

CEPHALIC SNUFF.—For catarrh, stoppage in the head, weak eyes, &c. Two drachms valerian, two drachms snuff, three drops oil of lavender, three drops oil of majoram. Mix.

Where can even the most miserable always find sympathy? In the dictionary.

How can a man be said to be winged in an affair of honor? Because in fighting a duel he makes a goose of himself.

Miners, and all others exposed to changes of weather, will find a perfect safeguard in an occasional dose of **Bristol's Sarsaparilla**.

My daughter Annie used to be dull when she was a maid; why is she lively since her marriage? Because she is Annie mated (animated).

CURE FOR DRY CHILBLAINS.—Soap liniment, one ounce; cajeput oil, a quarter ounce; tincture of cantharides, a quarter ounce. Mix and apply.

CORN PLASTERS.—Galbanum plaster, one ounce; prepared verdigris, one scruple. Melt and mix.

Why are twice eleven like twice ten? Because twice eleven are twenty-two and twice ten are twenty *too*.

What trees of three letters may be spelt with two? Elm (L M). Ivy (I V).

What miss will ruin any man? Mis-management.

**Murray & Lanman's Florida Water** is used by all persons of refined tastes. It is the most delightful and refreshing of all perfumes.

Why are the pages of this almanac like the days of the year? Because they are all numbered.

A GOOD EXCUSE.—"You say," said the judge to a German who was tried for bigamy, "the clergyman who married you to your first wife authorized you to take sixteen. What do you mean by that?" "Vell," said Hans, "he told me dat I should have four petter, four vorser, four richer, and four boorer; and in our country four dimes four make sixteen."

DANDELION COFFEE.—The roots must be collected at the end of the year, dried by a gentle heat, and reduced to powder. Mix seven parts of this powder with one part roasted chicory, and if a strong coffee flavor is desired add, when using, two parts of pure ground coffee. Prepare like ordinary coffee.

**Bristol's Sugar-coated Pills** and **Bristol's Sarsaparilla** are guaranteed to cure any case of Scrofula.

What miss is that whose company no one wants? Mis-fortune.

To what trade do the most of authors belong? Paper stainers.

Why is the letter B in jubilee like a secret known only to us two? Because it is between U and I.

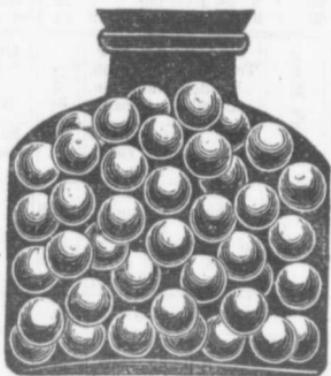

The following contains the entire alphabet: John P. Brady gave me a black walnut box of quite a small size.

An Irish girl at play on Sunday being accosted by the priest with "Good morning, daughter of the Evil One," meekly replied, "Good morning, father."

ROSE WATER.—Take half a pint distilled or rain water, add a drachm of spirit of roses. Mix.

**Murray & Lanman's Florida Water** is the most lasting of all perfumes. A few drops on the handkerchief endures in full fragrance for months.

READ WHAT IS SAID BY THE  
**MEDICAL PRESS**  
 ABOUT  
**BRISTOL'S SUGAR-COATED PILLS.**

*From the "MEDICAL GAZETTE."*

At the request of many friends, we have recently had the proprietary medicine known as **Bristol's Sugar-coated Pills** analyzed, and are now prepared to speak of them understandingly. The analysis proves the following:

- 1st. They are purely vegetable.
- 2d. They are composed of the best quality of drugs.
- 3d. They are a new compound or combination.
- 4th. They are perfectly safe for the most delicate.
- 5th. They will strengthen the system during the operation of purging.
- 6th. They are a specific for liver complaints.

This will, we hope, serve as an answer to our many subscribers who have made inquiries touching this medicine, and will thereby save us from the labor of answering by letter any further communications about **Bristol's Sugar-coated Pills**.

*From the "MONTHLY MEDICAL REVIEW," one of the most respectable Medical Journals in the United States.*

No family cathartic has ever deserved or received the praise which has been awarded to **Bristol's Sugar-coated Pills**, both by physicians and patients. The testimonials to their efficacy and entire freedom from all objectionable properties, are from the very highest and most cautious medical authorities. Their great merit, according to these witnesses, is, that they not only cleanse the stomach and bowels, but obviate the necessity for continual purgation. In other words, they give a tone and permanent vigor to those organs, which enable them to fulfil their functions naturally, without being urged to their work by a frequent resort to the original curative. This is a matter of vast importance. Moreover, they do not reduce the general strength, as all mineral purgatives do, nor involve pain nor nausea in their operation. Hence they are invaluable for women, children, and aged persons. They are put up in glass phials, which we consider is a great improvement on the old style of pill-boxes, besides insuring the preservation of the Pills for any length of time, or in any climate.

*From the "MATERIA MEDICA," probably the most ably-conducted medical journal in the world.*

We have seldom in this journal noticed proprietary medicines, and as a rule we are averse to doing so. Only in the case of articles that have proved themselves beyond a doubt to be possessed of unusual virtues or medicinal powers, have we ever varied from this rule. We have now to speak of **Bristol's Sugar-coated Vegetable Pills**, a preparation that has excited more attention amongst the faculty than any proprietary medicine of which we have any knowledge. In our own practice we have repeatedly prescribed them, and are warranted in saying that they are really an excellent cathartic. We now recommend them as a safe, reliable, and effective purge, admirably adapted for the various diseases of the stomach, liver, and bowels.

**BRISTOL'S SUGAR-COATED PILLS AND BRISTOL'S SARSAPARILLA**  
*should be used together in all cases of Impure Blood, or of an Ulcerous or Cancerous nature. With the help of these two great Medicines, failure or disappointment will not happen.*

**Ice Cream.**—Take of new milk and cream each two quarts, sugar two pounds, and twelve eggs; dissolve the sugar in the milk, beat the eggs to a froth, and add to the whole; strain and bring to a scald, but be careful not to burn it; when cool, flavor with extract of vanilla or fresh oil of lemon. Pack the tin freezer in a deep tub, with broken ice and salt. Whirl the freezer, and occasionally scrape down from inside. The proportions are, one quart of salt to each pail of ice.

**No. 15.—Astringent Ball for Looseness in Horses.**—Opium from one-half to one drachm, ginger one and a half drachms, prepared chalk three drachms, flour two drachms. Powder, and make into a ball with molasses.

The right man in the right place.—A husband at home in the evening.

Rheumatism, no matter how long it may have existed, or how severe it may be, is to a perfect certainty removed by the use of **Bristol's Sarsaparilla**.

Can any civil engineer inform us how it is that the mouths of rivers are larger than their heads?

# BRISTOL'S SUGAR-COATED PILLS,

## What they have done.

---

**Jaundice and Congestion of the Liver.**—Mr. Sedgwick, of the city of Hartford, Ct., testifies that they cured him of Congestion of the Liver, thus preventing Jaundice.

**Debility, Weak Stomach, and Indigestion.**—Mrs. McElroy, of the city of Troy, N. Y., certifies that for five years her stomach could not digest any ordinary food; she had to confine herself to a few ounces a day of arrow root, jelly, &c.; she was terribly emaciated and weak. **Bristol's Pills** entirely cured her.

**Liver Complaint.**—Mr. R. M. Phelps, of Pittsburg, certifies that his physicians had given him up as a hopeless case of *degeneracy of the liver*; he suffered great pain in the right side, accompanied with severe costiveness and loss of appetite. A course of **Bristol's Pills** and two bottles of **Bristol's Sarsaparilla** made him a well man.

**Habitual Costiveness and Piles.**—Doctor Lettson, of Chicago, Ill., certifies that he has prescribed **Bristol's Pills** in many cases of Costiveness and Piles, and that they have always been entirely successful, and that as a remedy for other Liver and Bowel Complaints the result has been equally satisfactory.

**Bilious Remittent Fever.**—Miss Deming, of Jersey City, N. J., certifies that she had suffered severely for more than three months with bilious remittent fever, and that to **Bristol's Sugar-coated Pills** alone she owes the re-establishment of her health.

**Irregularities of the Digestive Functions.**—Doctor Nelson, of Boston, Mass., certifies that "for all the irregularities of the digestive function, the liver and the bowels, **Bristol's Pills** are by far the most useful medicine he has ever prescribed, being perfectly safe and eminently reliable."

**Fever and Ague and Bilious Diseases.**—Doctor Simms, formerly of Philadelphia, but now practising in Minnesota, certifies, "I have found them exceedingly efficacious in Ague and Fever, they are tonic as well as aperient, and can be given with benefit where drastic purgatives would be dangerous."

**Suppression or Stoppage in Women.**—Mr. D. Summers, of New Hamburg, N. Y., certifies that his daughter endured the most intense suffering from Suppression of Menses. She was entirely cured by four phials of **Bristol's Pills**.

**Dropsy.**—Mr. Crosswell, of the "Daily Times" newspaper, certifies, "They (**Bristol's Pills**) have, in the case of a lady—a near relative of the writer—effected the removal of dropsical swellings that had existed for over three years."

**Confirmed Dyspepsia.**—Mr. Edwardson, of the "Tribune" newspaper, certifies, "I was a confirmed dyspeptic; two bottles of **Bristol's Sugar-coated Pills** have given me more relief than all the medicine I have used in years."

---

Were it necessary, this chain of convincing evidence in favor of **Bristol's Sugar-coated Vegetable Pills** could be extended to any length, but it is not necessary. The sick and the suffering, in all parts of the civilized world, are now fully awake to the fact that **Bristol's Pills** are the best, the safest, and the most reliable purgative that can be produced by science, skill, and money. In all diseases arising from impurity or vitiation of the blood, **Bristol's Sarsaparilla** should be used with the **Pills**.

Sole proprietors of both medicines,

**LANMAN & KEMP, Wholesale Druggists,**

**New York.**

See the agent's name on the back cover.

INFANT TERRIBLE.—“Mother, you told us this morning we must not speak about uncle's hair. Why—he hasn't got any to speak of.”

**GINGER CAKE.**—*Good for Weak Digestion:* Take a half pound sugar, a half pound butter, one and a half ounce of ginger, six eggs, beat well, stir in one and a half pound of flour, and add as much lukewarm milk as will make a stiff dough for bread. Bake in a pan for two hours.

**SCROFULA**, whether immediate or hereditary, can be cured by the use of **Bristol's Sarsaparilla and Bristol's Pills**. As this is a difficult disease to remove entirely, the use of the Sarsaparilla and Pills should be continued for five or six months.

“Marriage,” said an unfortunate husband, “is the churchyard of love.” “And you men,” replied the not less unhappy wife, “are the grave-diggers.”

“No pains will be spared,” as the quack said, when he was sawing off a poor fellow's leg to cure him of the rheumatism.

**Murray & Lanman's Florida Water**, the most exquisite of all Perfumes, and the best toilet article for removing Roughness, Pimples, Blotches, Sunburn, and Tan.

**GET THE BEST!**

**MURRAY & LANMAN'S  
FLORIDA WATER.**

The most exquisite and delightful of all perfumes; contains in its highest degree of excellence the aroma of flowers, in full natural freshness. As a safe and speedy relief for Headache, Nervousness, Debility, Fainting turns, and the ordinary forms of Hysteria, it is unsurpassed. It is, moreover, when diluted with water, the very best dentifrice, imparting to the teeth that clear, pearly appearance, which all Ladies so much desire. As a remedy for foul, or bad breath, it is, when diluted, most excellent, neutralizing all impure matter around the teeth and gums, and making the latter hard, and of a beautiful color. With the very elite

**MURRAY & LANMAN'S FLORIDA WATER,**

**For the Handkerchief, the Toilet, and the Bath.**

The most Agreeable and Refreshing of all  
**PERFUMES.**

of fashion it has, for a quarter of a century, maintained its ascendancy over all other Perfumes, throughout the West Indies, Mexico, Central and South America, &c., &c.; and we confidently recommend it as an article which, for soft delicacy of flavor, richness of bouquet, and permanency, has no equal. It will also remove from the skin Roughness, Blotches, Sunburn, Freckles, and Pimples. It should always be reduced with pure water, before applying, except for Pimples. As a means of imparting rosiness and clearness to a sallow complexion, it is without a rival. Of course, this refers only to the Florida Water of Murray & Lanman.

**For Sale by all Fashionable Perfumers and Druggists.**

11th month. **NOVEMBER, 1866.** 30 days.

Why is slavery like an over-boiled egg?—Because its yoke is hard.

"What is the best attitude for self-defence?" asked a pupil of a well-known pugilist. "Keep a civil tongue in your head," was the reply.

**No. 16.**—*Stomachic Purgative Ball, for thin, ill-conditioned Horses.*—Aloes one-half ounce, rhubarb two drachms, calomel one drachm, ginger one and a half drachms, oil caraway ten drops, castile soap two drachms; molasses sufficient to make it into a ball.

To remove pimples.—Wet a linen rag with a little of the true **Murray & Lanman's Florida Water**, full strength, and touch each pimple six or eight times a day. They will all disappear.

**No. 17.**—*Mixture for Ulcers and all Foul Sores.*—Sulphate of zinc one ounce, corrosive sublimate one drachm, spirit of salt four drachms, water one pint; mix.

**THIS PAGE IS  
EXCLUSIVELY FOR THE LADIES.**

---

To preserve the **SOFT, CLEAR** COLOR of the skin, even to an advanced age, take of the genuine **Murray & Lanman's Florida Water** one part, of pure water three parts; mix, and bathe the face, neck, and arms five or six times a day.

To remove **FRECKLES** and **SPOTS** from the skin, no matter how long they may have existed, take of the true **Murray & Lanman's Florida Water** one part, of pure water one part; mix, and bathe ten, or even twelve times a day.

To remove **PIMPLES** and **BLOTCHES**, take of the genuine **Murray & Lanman's Florida Water**, full strength, and touch each pimple and each blotch seven or eight times a day; continue for three or four days.

To preserve the **TEETH VERY WHITE**, and to impart hardness and a beautiful red color to the **GUMS**, mix, as a dentifrice, half a teaspoonful of **Murray & Lanman's Florida Water** in half a glass of pure water; use it twice a day.

To make a **SALLOW COMPLEXION CLEAR** and **WHITE**, take one part of **Murray & Lanman's Florida Water** and mix with ten parts pure water; bathe the face, neck, and arms four times a day; must be persevered in some months.

To surround the person with a delightfully fragrant atmosphere, sprinkle your garments freely with **Murray & Lanman's Florida Water**. It will not injure the finest fabric, nor stain the most delicate colors.

**NEW YORK.**

## FACTS AND FANCIES.

---

**TO PICKLE ONIONS.**—Let them lie in strong salt and water for a fortnight, then take them out and peel them, put them in fresh salt and water another fortnight, take them out, wash them clean, and let them lie in fresh water 12 or 15 hours, then put them on a cloth to drain, put them in a jar and pour over them hot spiced vinegar; to make them a nice color use white vinegar.

---

Miners and all others who are exposed to changes of weather, bad water, and decaying vegetable exhalations, will find in **Bristol's Sarsaparilla** a safer, better, and more certain preventive and remedy than in any other article ever offered for sale.

**A DRY SUBJECT.**—Sydney Smith speaks of a man so dry, that if you were to bore holes in him with a gimlet, sawdust would come out.

Why are bachelors like natives of Ceylon? Because they are single he's (Cingalese).

In what color should your promises be kept? In violet (inviolate).

---

**DEPILATORY FOR REMOVING SUPERFLUOUS HAIRS.**—Crystallized hydrosulphate of soda three parts, quicklime, in powder, ten parts, starch ten parts, mix. To be mixed with water and applied to the skin and scraped off in two or three minutes with a wooden knife. The powder requires to be kept in a close bottle, and no more mixed with water than is to be used at once. Caution should be exercised as the skin may be injured.

---

For Flatulency, Sour Stomach, Heartburn, and Indigestion, **Bristol's Sugar-coated Vegetable Pills** are an unailing remedy.

---

How are young ladies generally bad grammarians? Because few of them are able to *decline* matrimony.

Spell the Archipelago with three letters. E, G, and C. (Egean Sea.)

**CAMPBOR ICE.**—For chapped hands, lips, &c.—Melt one dram of spermaceti with one ounce almond oil, and add one dram of powdered camphor.

A Hibernian senator, speaking of suicide, said, "The only way to stop it was to make it a capital offence, punishable with death!"

In all Cancerous, Ulcerous, and Scrofulous diseases **Bristol's Sarsaparilla** and **Bristol's Sugar-coated Vegetable Pills**, when used together, are guaranteed to effect a complete cure.

---

**HAIR DYE.**—Sifted lime sixteen ounces, white lead two ounces, litharge, finely powdered, one ounce; mix well together, and keep dry. To dye *Black*, mix a little of this powder with water to the consistence of cream. To dye *Brown*, mix in milk instead of water, apply with a small sponge. This dye will not discolor the skin.

**ANOTHER HAIR DYE.**—Nitrate of silver eleven drams, nitric acid one dram, rain water one pint, sap green three drams, gum arabic one dram; mix. This imparts a fine color, but stains the skin.

Why is love like General Grant? Because it overcomes all obstacles.

---

Pour a little of **Murray & Lanman's Florida Water** into the bath, and you can lave in liquid fragrance, besides imparting to the overworked mind or exhausted body a delightful buoyancy of feeling.

---

**A MEDICAL QUESTION.**—May people in perfect health, who have never abused their constitution, be said to be "no better than they should be?"

What would a rich man, like Mr. Peabody, be called in Scotland?—He would be called a bean body.

**Bristol's Sugar-coated Vegetable Pills** are a safe and certain cure for Dyspepsia.

What word is shorter for having a syllable added to it? *Short*.

# PERFUMES.

---

In the history of nations, nothing more clearly indicates their state of civilization than the quality of the perfumes they use. As people have advanced in refinement their tastes have become elevated and purified, until, at the present day, we find extensively used only those fragrant preparations which exhale the delicate aroma of the most exquisite flowers. Of this class there has been but one produced on the American continent, and that one is

## **Murray & Lanman's Florida Water.**

Its excellence over the best colognes and extracts, both of France and Germany, is now a fact so universally admitted that new argument to prove it is unnecessary. It has become the recognized perfume of fashionable society in nearly every section of the world. In the islands of Cuba and Porto Rico, over the entire British West Indies, in the empire of Brazil, in all the countries on the west coast of South America, on the Spanish Main, in Mexico, California, Canada, Australia, &c., &c., the opinions are everywhere the same, and all in its favor. It has a soft, delicate fragrance, as rich and fresh as exhales from the finest flowers in their full bloom. Its use as a Toilet Water removes all Roughness, Sunburn, Tan, Pimples, and Blotches from the Skin, and gives to the complexion that clear, transparent appearance so much admired in Ladies. In Nervous Headache and the ordinary forms of Hysteria, it gives speedy relief. A little of it mixed with the water of the bath imparts a delightful buoyancy to both body and mind; and as a dentifrice, when diluted with water, it is really excellent. On the handkerchief it is the most permanent of perfumes, and as refreshing as a bouquet of the rarest flowers. Ladies should be careful, when purchasing, to get the

Why is a blacksmith like a safe steed?—Because one is a horse shoer and the other is a sure horse.

Scrofula, the bane of many lives, can be completely eradicated by a course of **Bristol's Sugar-coated Pills and Bristol's Sarsaparilla.**

**Potatoes,** boiled and mashed while hot, are good to use in making short-cakes and puddings; they save flour, and less shortening is necessary.

**Boiling Vegetables.**—Put in no green vegetables till the water boils, if you would keep all their sweetness.

The Blood is the Life, and there is but one medicine that will thoroughly and surely cleanse and enrich it; that is, **Bristol's Sarsaparilla.**
