of New Jersey, of distinguished attainments and evalued reputation :—

Dis. A. H. Gernevus.— New Jersey, July 13, 13th.

Dis. A. H. Gernevus.— Dear Sir ? You wish to know of me what has been the result in my own east, of the application of THE GALV-MING SELF ARM MCGR LACE. My reply is an follows: have a second of the property of the dear the second of the second o

and thousants affection that can disorders were someoid with it the medium or the Stevens for in his the medium or the Stevens for in his medium or the Stevens for in his medium of the Stevens for in his medium of the same in order of the same in the s greet Syring? It may be safely smid that no one who has one said the Plantagenet. Water will been see any other water. Their inferiority is so marked, and they are comparatively so worthless, that hundreds have declared that they would, soore pay twen, since the price for Plantagenet spong Water, than for the best of them. Yet some of these Springs have a great advantage in iscally over the Plantagenet, in as much as they are worth seeking, to all classes without difficulty. One great cause of this preference is the distinct milto of the experiment.

Truth for the Millios.
The great number of parties, (including the metal physicians of the Province.) who have testibed to the efficacy of these waters, whilst take placed them high in the estimation of the phic, has induced some other proprietors of social meral springs, to try to put their waters whe same footing with the Plantagenet. Nothing can be more abound that his. These other indicate Springs have been known to the public in some instances for fifty years, and in that time what have they done? Have they applicing to show for the pationage they have received from the patic that have they stood since the Plantagenet water whom he field? It is now only the composition of the pation Mensuration
