BEAUTIFUL STATUE AT GRAND PRE

Marble Monument, Weighing Two Tons, is Being Made in Italy for the Purpose

MONTREAL, May 26—Through a Montreal firm, the statue of Our Lady which is to be erected at Grand Pre, has been arranged for in Italy under the direction of an Italian sculptor. This statue will be placed at Grand Pre as a memorial of the deportation of the Acadians and the unveiling will form a feature of the ceremonies which are to take place in the "Land of Evangeline" August 7, 8, and 9 next.

The statue, which is to be Carrara marble, will be seven and one half feet in height and is to rest on a base six feet high, of another form of marble. It is stated that the statue will be one of the most beautiful memorials of its kind, erected on the North American continent.

The complete monument will weigh two tons.

It is anticipated that delegations from national societies in Montreal and other parts of Quebec will attend the convention, arranged by the National Acadian Society. Some of the details were arranged recently at a meeting of the committee held at Moncton, the indications being that a very large gathering of Acadians and others sympathetic to the movement would go to Grand Pre in August.

The committee learned that financial conditions are not of the best at present, and this factor has rather retarded the completion of the interior of the Memorial Church, so that work has been left for the future. In the meantime a special committee has been appointed for the purpose of obtaining works of art for the church itself, and Acadian relics and souvenirs for the Grand Pre Museum.

This committee is composed of Rev. A. D. Cormier, Shediak, N. B., F. J. Rebideaux, K. C. Shediak; A. T. Legar, K. C. Moncton; C. D. Herbert, Dupuis Corners, N. B.; and F. G. J. Comeau, Halifax.

Eventually it is hoped to have a handsome memorial church at Grand Pre, with a well filled museum placed within spacious grounds. It is further planned to have an artist design an appropriate memorial to Longfellow, who immortalized the Acadians in verse, and to have it placed in a prominent place adjacent to the church and the museum.

QUIET WEDDING AT N. GRAND PRE

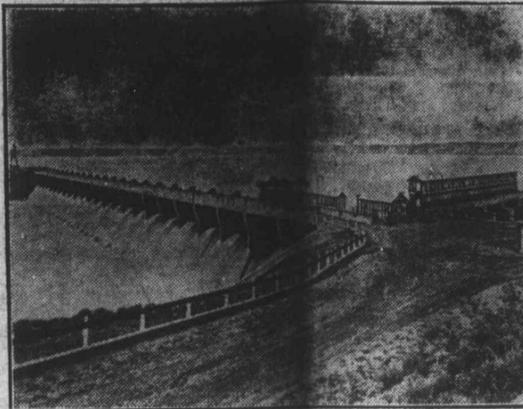

An interesting and pretty wedding took place on Thursday afternoon of last week at the home of Mr. and Mrs. J. Everett Palmer, North Grand Pre, when their daughter, Kate Gwendolyn, was united in marriage to Mr. John L. Eagles, son of Mr. and Mrs. Elias Eagles, of the same place. The ceremony was performed by Rev. G. W. Whitman, pastor of the Lower Horton Methodist church, in the presence of the immediate relatives of the contracting parties, who stood beneath an arch of vines and sweet peas. Attired in a travelling suit of brown all-wool crepe, and carrying a bouquet of pink and white carnations, pink and white snap-dragon and ferns the bride was dressed in blue silk.

After a short honeymoon the happy young couple returned to North-Grand Pre Saturday evening and are making their home on the farm which the groom recently purchased from Mr. F. R. Welton, and adjoining his father's property. Many friends will join THE ACADIAN in wishing them every happiness and prosperity.

Inspection Day, May 21st. Selection made by Major Logan, of Halifax.—Best Cadet on Parade, Karl Eaton; Best Section Commander, John Johnson, Felt cushion cases.

K. E. D. Prizes will be awarded later. After the prizes had been awarded the Chairman called on Rev. G. W. Miller (representing the clergy of the town) for a few brief remarks. The speaker in will chosen language fully emphasized the necessity for training the youth of Canada. Professor Balfour, representing the School Board, paid a word of tribute to the teachers and encouraged the pupils to work harder in order that there may be more competition for the prizes. Miss Archibald, authoress of the King's English Drill, gave in a very concise yet simple way an explanation regarding the Better English Week Drive. After Principal Silver had thanked the citizens for their interest and attendance at the exercises and also extended a word of appreciation to those who donated prizes, the meeting closed by the singing of "God Save the King". Miss Tretheway at the piano.

DR. DAVID WEBSTER DEAD AT NEW YORK

NEW YORK, May 27—Dr. David Webster, internationally known oculist and eye surgeon, died Saturday after a long illness. He was 81 years old and had not been active recently in his profession.

Throughout his entire career he held many important posts, including the surgical directorship of the largest eye, ear and nose hospitals in New York and at various times held important posts in medical associations.

Dr. Webster was a native of Cambridge, N. S., where his body will be taken for burial. He was descended from John Webster, a colonial Governor of Connecticut and on his mother's side from Sir Charles Tupper, a Prime Minister of Canada. He numbered among his relatives Daniel Webster, statesman, to whom the doctor bore a striking resemblance.

Dr. Webster was a teacher in New York Polytechnic Institute, Dartmouth Medical College and other schools, chief surgeon and afterwards emeritus chief surgeon of Manhattan Eye, Ear and Nose Hospital. He was President of the New York County Medical Society, and a member of various historical societies. He made numerous contributions to medical literature.

Personal and Social

Mr. and Mrs. B. D. Lingley left this week for their summer home at Smith's Cove.

Mrs. Voight, of North Sydney, is the guest of her daughter, Mrs. Ralph Creighton.

Mr. J. W. Smith returned home on Saturday last from a business trip to Cape Breton.

Miss Dorothy Lois Delahunt visited her sister, Mrs. Austin Schofield, Part Williams, last week.

Manager Guest, of the Bank of Montreal, has recently built a summer cottage on the banks of a lake near Albany, N. B.

Miss Frances DeWolf returned recently from New Haven, Conn., where she spent the winter with her sister, Mrs. Raleigh Bishop.

Mrs. Sheehan, of Boston, who accompanied her sister, Mrs. Eugene Eaton to Wolfville last week, returned on Friday last. Her son, Laurie Lombard, a graduate this year of Acadia Collegiate, returned with his mother.

Miss White, Dean of the College Women, returned to her home in the Eastern States on Friday. Home ties compelled Miss White's resignation, much to the regret of her numerous friends. While in Wolfville, Miss White gave valuable aid to community uplift and to all religious and social service and her departure will be keenly felt.

DADDY LONG-LEGS TONIGHT

A treat is in store for the people of Wolfville this evening, when Jean Webster's famous story, "Daddy Long-legs", will be presented at the Opera House by the Mount Allison College Players. Those who witnessed the performance given here last year by these players will remember how exceedingly well their play was presented, and will be again glad to welcome them. The story itself is so well known that nothing need be said regarding it. Between the acts musical specialties will be given by Mrs. Kathryn Thompson Blight, soprano, and Miss Bernice Stultz, violinist, graduates of the Mount Allison Conservatory of Music. Miss Stultz charmed the audience last year by her wonderful playing.

INSPIRING ADDRESS

Delivered by President Patterson at Maritime Student Conference

The Maritime Student Conference has been in session at Halifax during the past week and addresses have been given by several prominent educationists. On Saturday a magnificent address was given by President Patterson of Acadia University on "The Permanent Values in our Religion".

In opening the speaker referred to "the interrogation point rampant" as the symbol of the restless spirit of our age. A searching criticism is being directed at things and religious proof of their right to survive is demanded. The religion of the immediate future must be founded not upon blind faith, but upon intelligent allegiance. For there must be a religion in future as there has always been a religion in the past. Man is incurably religious, although his religions may take many curious forms.

Will the religion of the future be dominantly ethical? Will conduct govern it rather than creed? Or is such antithesis necessary or probable? May it not be conduct and creed, plus? "I believe it will be so," Dr. Patterson declared.

It is axiomatic that there are unchanging needs of mankind which only religion can serve. The first of these is the craving for the human spirit for God himself. There is a vast difference between this craving and the mere intellectual search. There is a hunger of the soul. God is for this an end in himself, not a mere means. This is a hunger for personal fellowship. A personal God must thus remain the ultimate fact in our religious life.

The second need is obedience to the voice of conscience. There is that within us which says what is right and wrong. A sense of sin interferes with fullest fellowship with God, and there is every reason to believe that the desire for relief from the burden of unforgiven sin is indestructible. But we ourselves cannot free ourselves from sin, it is not by taking thought that we add cubits to our stature. The new religion must be one of redemption. It must make men abhor evil and love good. The religion of all time must be capable of quickening the man who is buried in his sin. It must be centred in a redeeming God.

But there can be no redemption without personal contact. God can reveal, God can redeem, only as men come into a personal relationship with Him. Therefore was "the Word made flesh". The new religion must carry with it an incarnation. Thus, though the religion of the future may and must have the strongest ethical content, it must also preserve the results of the great religious experiences of the past.

Where now shall we turn for such a religion? Is it not to be found in the true religion of Jesus Christ? Is it not true that when we see Him we see God? That in Christ has been focussed and revealed the suffering and sacrifice of God for men through infinite love? "All this I find in Christ," declared the speaker, "and speaking now from the experience of a long life time I would say that to make His religion most truly effective Christ demands not merely an intellectual assent, nor any emotional display, but a complete surrender of the will to God."

On Sunday Dr. Patterson was the speaker at the Baptist Temple, Halifax, his text in the morning being, "The Love of Christ Constraineth Us."

By the words of the text, the speaker pointed out, Paul meant that the love of Christ, the love of God, to him, as revealed in Christ, had built barriers across every other pathway, leaving the path in which he walked, as the only open way.

"Such a constraint," said Dr. Patterson, "means a remarkable concentration. One ceases to live for oneself but finds his study, his pastime, his meat and his food, in the will of Jesus Christ. And since the needs of God are to be seen in the needs of humanity, one lives not for oneself, but for others. "If any man will be My disciple," said Jesus Christ, "let him deny himself, take up his cross and follow Me". Such a concentration means intensity and enthusiasm. With Paul enthusiasm was such, that his enemies called him mad, yet beneath his apparent madness, was a sanity of judgement and a comprehensiveness of outlook that were unrivalled.

"The pioneers of new liberties have always disturbed their generation with their enthusiasms. The men of the past were term wise, were often in their own generation called insane. The forerunner of Jesus was a light kindled and shining; of Jesus it was said that zeal consumed Him.

"The weakness of the church is that it scorns enthusiasms and is conventional and tame. It may even become enthusiastic over its programs, its build-

WEEKLY NEWSPAPERMEN TO VISIT VALLEY

Members of Association Will Pass Through Wolfville on June 17th.

The Canadian Weekly Newspaper Association will hold its annual convention at Halifax on June 18 and 19, when it is expected that nearly 400 members will be present from all over Canada. About 200 members will come by special train leaving Toronto on the 14th, and arriving at St. John on the evening of the 16th.

On Sunday morning the party will embark at St. John on the steamer Empress as the guests of the C. P. R., and will sail across the Bay to Digby where an hour will be spent before entraining, the train meanwhile having come around from St. John to Digby. Leaving Digby at 1 p. m. a stop will be made at Kentville, where they will be met by representatives of the Kentville and Wolfville Boards of Trade, who will drive them by motor to Grand Pre, passing through Wolfville. It is hoped that all who can do so will lend their cars and help to give these visitors from the West a good impression of our country and people.

The party will rejoin their train at Grand Pre and proceed to Halifax, where great plans are being made for their entertainment. After the convention the party will be taken on a tour to Sydney, New Glasgow, Prince Edward Island and the North Shore of New Brunswick before returning to their homes.

Last year the big association met in convention in Ottawa and there was no special tour. In 1921 the Association had its convention at Vancouver going as guests of the C. N. R., and returning with the C. P. R. as host.

All members of the C. W. N. A., have heard of the maritime provinces but with many of them their idea is hazy. Not ten per cent. of the members have been east of Montreal. The present is regarded as a supreme opportunity to convey to small town and rural Canada a correct impression of what the maritime provinces really are; where and how they are situated.

Next summer the Association expects to visit Great Britain and France, by special invitation of the British Empire Press Association, which it will be recalled, toured Canada in 1920.

They had to travel together for eight long hours. Mysterious young lady grows hungry. Adventurous young man produces hamper of lunch. Presto—the story starts!

The young man is none other than Tom Moore and the story is from a play that still lives as one of the most exciting romances ever produced in America.

ing enterprises, its forward movements, and yet be wholly without enthusiasm for God and humanity. It is only as the love of Christ becomes a factor in the experience of the church that it can be possessed of enthusiasms that are worth while and find a song in the very heart of the cross.

"Your Bible is not the book you own, but the book you read, assimilate and test in experience," was the thesis of Dr. Patterson's evening sermon.

"The vital thing about it," he said, "is not your faith in it, but the faith that is nourished by it. The message of the Bible, as of all else, is the type of men it is capable of producing. Its inspiration is seen in the transformation it has wrought in human lives. The Bible has a greater circulation than ever before in history. It is being translated into many languages and dialects; yet it is unread by thousands. The great need of the church is not more Bibles, but more men who incarnate the spirit of Jesus in their own lives. The written translation is effective, only as it is interpreted by a living translation."

"God hath no form, nor can the artist's hands His figure frame in shining gold and wood; God's image, God sent only stands Within the bosom of the wise and good."

"It is the glory of the Bible that it was born of great experience, can be tested by experience, and can be led by way of experience directly to God of whom it speaks."

TOURIST CAMPING GROUND NEEDED

The tourist season is again upon us and any plans that are to be made for a better provision for the entertainment and comfort of our ever increasing host of summer visitors should be made at once. Last season this paper made a suggestion relative to the securing and equipment of a camping ground that seemed to meet with rather general approval from citizens. The Board of Trade took up the proposition and made some progress so far as suggesting a site but no definite action has yet been decided upon. With present day transportation conditions existing a very large proportion of the tourists visiting Nova Scotia are bound to travel by automobile and they stop where the best provision is made for their accommodation.

Occupying as it does the very entrance to the Grand Pre country—the pathetic story of which more than anything else induces summer travel to this province—it is no wonder that Wolfville is a favorite resort. In addition to this its delightful climatic conditions and beautiful surrounding scenery and the well kept and delightful appearance of the town generally combine to provide inducements irresistible to those who seek the most from their summer holiday. Nature is doing very much for us but unless we do our part we cannot hope but that less favored sections that are "on the job" will outstrip us in the race.

The tourist camping ground is a good institution which has been introduced in many communities with splendid results. Steps should be taken immediately to secure a proper site and equip it with all the conveniences required by motor travellers. Wolfville has good streets, plenty of light, pure water, a splendid class of citizens, but lacks the necessary ambition which would enable our town to secure a greater prosperity.

BASEBALL IN WOLFVILLE

Wolfville is practically the only town in the Valley that has been able during the past few years to maintain a baseball team of league capacity without calling in the aid of outside players. This policy has sometimes placed the local team under a disadvantage but our players have regarded it in keeping with the requirements of good amateur sportsmanship. On the other hand some of the competing teams have been obliged to resort to rather questionable methods in order to complete their line-up and avoid a conflict with the letter of the regulations laid down by the M. P. B. A. U. of C.

Owing to existing conditions, this season there will be no team representing Wolfville in the Valley League, but in order to preserve the spirit of clean sport and develop young players for future requirements a local league has been formed comprising three teams. To encourage this undertaking the publishers of THE ACADIAN will present a trophy to the winning team at the close of the series of games to be played during the coming summer. The young men of the town have entered enthusiastically into the proposition and a schedule of games has been arranged. It is hoped that the undertaking will receive the hearty support of the business men and citizens generally as it deserves every encouragement. Athletic sports, properly conducted, are always beneficial to community welfare as well as to individual development, and Wolfville people will make no mistake in recognizing the fact and governing themselves accordingly.

What is often regarded as an indication that the people of this country are more liberal minded as regards their political affiliations—that they are thinking for themselves and voting as they think—in reality too often is the result of an inclination to shirk their duty in this regard—to "let George do it". Such a policy on the part of the people of any country is bound to be detrimental to national welfare. Political freedom carries with it obligations which must be assumed by the citizens as a whole or the priceless possession will be lost to them.

Apparently the government at Ottawa had a narrow escape last week when Hon. Mr. Fielding's budget passed by the slim margin of eight votes. Just how real the danger was is a matter for conjecture. Had the Progressives stood by their guns there could have been no doubt as to the result. Since Premier King assumed the reins of office the fear of the loss of the sessional pay has on more than one occasion been sufficient to rally enough support from one quarter or another to save him from threatened defeat. He may well bless "the tie that binds".

One of Canada's most prominent public men is responsible for the assertion that in this country ten trees have been wasted by human-set fires to one that has been utilized for the service of the people. The statement is an astounding one and indicates a condition of affairs that certainly requires remedying. About this time of the year serious forest fires usually occur and it is up to every patriotic citizen who visits the woods at this season to see that every possible precaution is taken.

One hundred and forty thousand Canadian boys have been organized by the Canadian Forestry Association into a Young Canadian Forest League and will be on the alert this year to prevent forest fires in all parts of the Dominion.

Badges and detailed instructions are being supplied and the entire body will act as an auxiliary force to the fire rangers when occasion offers.

Alone, But Well Protected

A group of little girls who came alone from England to Canada, and "Buddy" a dog traveller on the way from Boston to Manila.

To lead a dog's life might not, on occasion, be as bad as the old adage infers; indeed, it might mean to lead a life of luxurious comfort and to be free of many of the trials and troubles that human flesh is heir to. Take "Buddy" for instance. He is a young Alredale who entered this life within the confines of the Boston Kennels, and as long as he remained a member of the colony he received all the care and attention that his canine heart could desire. Being a well-behaved puppy he was allowed to reach the age when those of his specie, no longer feeling the need of a protecting hand, attach themselves to a master and endeavor to protect him from the dangers of the day and night. Time came when his desire for his own man was to be gratified and his owners having been paid for his priceless soul, he was placed in a crate and sent, "Canadian Pacific all the way," from Boston to Manila.

True, all the joys of travel were not his, but while on the train, his kennel was kept in an airy part of the baggage car, and on some glorious occasions when the train stopped long enough he was given a run in a strange and fascinating city. At Vancouver he was taken aboard the Canadian Pacific "Empress of Asia" for the trip across the Pacific, and he at once won over the hearts of those of the passengers privileged to meet him. In addition to considerable notice from the passengers "Buddy" received proper attention from the employees of the company and tucked to the side of the crate were instructions as to feeding, which were religiously followed. Besides stating meal hours "Buddy" informed the world that:

"I am a young and affectionate puppy
"I am a true friend to anyone who is kind to me
"I am lonesome and sensitive but very appreciative of kindness and I wish kind men to speak to me to feed me, to give me some water and to take me out of my crate, so that I can keep clean.

"I am an Alredale terrier and my name is Buddy.

"I certainly thank you for your kindness as I am on a long trip from Boston to Manila." Another passenger on the "Empress of Asia," when she last sailed from Victoria, was little Annette Bradshaw, who was making the long trip across the Pacific for the purpose of joining her parents, Adjutant and Mrs. J. Swanson, who are engaged on the missionary work of the Salvation Army at Yokohama. Throughout the voyage Annette was the special charge of Purser John Moir, who has, on more than one previous occasion, seen that little one were safely delivered to their waiting parents and friends. The little voyager soon made friends with other of the lady passengers, and although she was very glad to see her parents again she found the journey far too short for her liking. Years ago the idea of sending a child on such a long journey alone would not have been entertained for one moment by its guardians, but youngsters can now travel around the world in perfect safety alone, and many, particularly European settlers, find it very convenient to first make sure of their position and standing after immigration, and then have their children brought to them by, and under the very sure care and protection of, the Canadian Pacific. On her last voyage the "Montcalm" brought six children from the old land to friends on this side. These children represented three families and their ages ranged from nine months to fifteen years. The baby, a little girl, was under the care of her fifteen year old brother, and they were going to friends in Ontario, having lost both parents. Two other children were "Men of the World" at seven and eight years, and were going still further west. The others were placed on landing in the care of a lady going directly to their destination who was very interested in the arrangements being made to safeguard all six, and who gladly accepted the opportunity to help along a good work.

ONE EFFECTIVE WAY OF MAKING LIQUOR BUYERS RESPONSIBLE FOR THEIR ACT

Mayor R. A. Burns, of Alabama City, has taken a unique but none the less logical viewpoint in dealing with men haled before him on the charge of being intoxicated. He set the precedent the other day by fining an inebriate \$25, and adding thirty days on the chain-gang; not so much that the offense of the man was particularly heinous, but on the view that the man who consumed the liquor had given aid, comfort and encouragement to the production and vending of illicit intoxicants.

There is a good deal of value in the viewpoint. It is against the law to make liquor, sell it, or even have it in possession. While the law imposes no penalty upon the buyer, provided he has gotten the contraband on the inside where it cannot be shown in evidence save from its effects, the buyer ought to be punished, for if there were no buyers there would be no sellers. Moonshining would become a lost art, and bootlegging a mere memory. Yet, as long as the buyer of illegal stuff is allowed to go scot free, men will dare the penalty of law in order to reap the profits.—Editorial Birmingham (Ala.) News

WOLFVILLE BOY MAKING GOOD IN WEST

(From the Winnipeg Free Press)

W. E. O. Jones has been appointed western superintendent for Western Grocers, Limited, with headquarters at Vancouver, B. C. Announcement of this has just been made by W. P. Riley, president and general manager of Western Grocers, Limited.

Mr. Jones has been prominently connected with Western Grocers, Limited, for some years. He was manager for Leeson, Dickie, Gross and Co., Ltd., wholesale grocers at Vancouver, when that institution was purchased by and made a part of Western Grocers, Ltd. After the merger was effected, Mr. Jones became a member of the head office executive of Western Grocers, Ltd. in Winnipeg. The steady development of the company's interests in the far west has made it advisable to have stationed in Vancouver a member of the head office executive staff.

Mr. Jones is a native of Nova Scotia, and before coming west was for years connected with the wholesale grocery firm of Baird & Peters, of St. John, N. B. first as employee and later as member of the firm. He is well known in wholesale grocery circles throughout Western Canada. His father, who died only a few years ago, was a well-known man, having been for many years a member of the faculty of Acadia College at Wolfville, N. S., an institution which has many graduates and former students throughout the west.

Mr. Jones expects to be located at Vancouver in his new position early in May.

If ignorance is bliss, it's funny there aren't more happy people in this world.

PREMIER ARMSTRONG'S ATTITUDE

On Mr. Corning's Motion for a Referendum on Confederation

(From our Special Co respondent.)

Echoes from the Press Gallery, recent session of the House of Assembly, Halifax, May 15th, 1923.—Probably there was no discussion during the recent session filled with so much tenseness and of such far reaching interest as that on Mr. Corning's motion for a referendum seeking the voice of the people on the question of Confederation. Its echoes have rung throughout Canada.

Whatever opinions one may have concerning the wisdom of a referendum on such a question it is generally conceded that Mr. Corning made a very able address in its support; and that in seconding the resolution Dr. LeBlanc also presented an excellent case from an argumentative standpoint.

In bringing the question of Confederation to the attention of the House, both speakers requested that the subject be treated as a matter of public business divorced from party politics and bitterness.

The principal reasons given for the introduction of such a resolution were that Nova Scotia had been put off the main street of Empire Travel and that two American Ports, Portland, Maine, and Providence, R. I., were being used as the eastern terminals of the Canadian National Railway System.

The Intercolonial Railway was built in keeping with the agreement made at the time of Confederation for the purpose of affording trade privileges between the provinces; it was never primarily intended to be a revenue producer. The people's road had now been merged with the Canadian Railway System and prohibitive freight rates were being charged, adversely affecting Nova Scotia's economic position.

Mr. Corning made it quite clear at the outset of his address, and reiterated the assertion, that he was acting on his own initiative in the matter of his resolution.

Nothing imaginable could have been more empty and pointless than the address and amendment of the Premier, Mr. Armstrong. He proved himself incapable of rising to a great occasion, and it was a great occasion, touching as it did, the most vital question of the economic future of Nova Scotia.

What an opportunity to have ended an otherwise void and useless session of the Legislature in a halo of glory, by declaring some great big, compelling policy for the advancement of Nova Scotia. The calibre of the Government was too small to rise to such an occasion and instead the Premier launches upon the House a verbose glorification of the Government machine, which he called a Liberal Party, with no limit to its extravagant and unfounded claims. This was greatly to the disappointment of the Liberal Party throughout the Province and has deepened the conviction, which has become quite general, that the mantle of the Hon. Geo. H. Murray has fallen upon weak shoulders.

Mr. Armstrong's attitude towards Mr. Corning was most undignified, not such as the Premier should assume towards any member sent to the House and the chosen representative of the People.

As soon as his empty vapourings were over and his sickly amendment carried with the solid government majority, the Premier hid himself to Montreal, arriving there Monday morning, April 23rd. His first act was to give an interview on secession which was immediately telegraphed to the Morning Chronicle and appeared in its columns Tuesday, April 24th.

After repeating some small and uncomplimentary things about Mr. Corning and his associates, Mr. Armstrong wound up by saying "AS FAR AS I CAN SEE THE ONLY PEOPLE WE COULD MAKE ANY TREATIES WITH WOULD BE THOSE OF SABLE ISLAND." Here is the estimate of a Premier of Nova Scotia of the individual

commercial importance of his own Province.

Could anything be more brazen. The Premier makes game of the straits of his people without any suggestion of relief. When asked about emigration he had to admit "I AM VERY SORRY TO SAY THAT WE ARE LOSING MANY FINE YOUNG FISHERMEN." He forgot to add "and farmers, and industrial workers, and men and women of every calling", who have been leaping by the thousands individually and in families during the last year and are still going.

Mr. Armstrong also stated in this interview, "The lack of Preferential tariff and other OVERSIGHTS had so disheartened the people of Nova Scotia, New Brunswick and Prince Edward Island that they feel that they are being left out." This is the deplorable condition which the Premier knows to exist and yet not a finger raised to stop it—not a word of promise or encouragement for the "Fine young fisherman" or anyone else.

There is one thing the Corning resolution has done most effectively. It has torn the mask of hypocrisy from 40 year old government machine. Their own fake secession cry of 1866 and secession talk ever since has all been a species of political twaddle. The Liberal secession enthusiasts will now see clearly how they have been hoodwinked and deceived.

This was the general attitude of Premier Armstrong throughout the whole session. The only measure proposed for the improvement of our commercial interests was a vigorous campaign for the tourist travel from the United States. During the session Mr. Armstrong seemed to think he had gotten down to rock bottom and discovered that the great national destiny for Nova Scotia was to become a play ground or museum for American tourists. He has since added a trade agreement with Sable Island.

Now that the Premier has returned he will no doubt appoint an Agent General for Sable Island. It has been suggested that this would be a good job for the Secretary of Industries and Immigration. It might be more useful, and would cost considerably less. It would not be necessary to even keep up an automobile to visit the different industrial centres. This could be done on a Sable Island Pony. For the sake of added dignity the office might be called "Plenipotentiary extraordinary for Sable Island."

HOW TO SPEND YOUR INCOME

Just how should a man's income be spent? The answer is given by the United States Government Savings System, which gives, on the whole, a very fair statement. A thrifty man, it says, is one who saves twenty cents of every dollar, spends fifty cents on living, and ten cents each on education, giving and recreation. At the other end of the scale is the spendthrift who saves nothing, spends fifty-eight cents of every dollar on living expenses forty cents on recreation and one cent each for education and giving. And then there is the "tight-wad" who saves sixty cents on every dollar, spends thirty-seven cents of the balance for living expenses, and one cent each for education, recreation and giving.

This is woman's age—but you must not tell.

Made From The Mildest Cleansers

Palmolive contains Palm and Olive oils. These oils were the cosmetic cleansers used by Cleopatra and kept her skin fresh, smooth and youthful.

Today their scientific combination in Palmolive produces the most perfect of all facial cleansers. Science has discovered nothing finer, milder or more beneficial for the toilet than Palm and Olive oils.

Artful applications of rouge and powder may lend your skin the appearance of smooth freshness. But unless you cleanse the pores thoroughly every day with soap and water, blackheads, pimples and other blemishes are sure to result.

Some persons imagine that soap is too harsh for the face. They should try Palmolive. Its mild, smooth, creamy lather, when massaged into the skin, cleanses without the slightest irritation.

You can buy Palmolive Soap at all first-class dealers.

Made in Canada

Palm and olive oils—nothing else—give nature's green color to Palmolive Soap.

HANTSPORT NEWS

Mrs. Mark Rathburn
News of the death of Mrs. Mark Rathburn, of Hants Border, which took place at an early hour on Friday morning last was learned with much regret by her friends in Hantsport and vicinity. The deceased, who had been ill sometime previous to her death, was a most estimable lady possessing many superior qualities, and an adherent of the Methodist Church. Besides a large circle of relatives and friends she leaves to mourn their loss six daughters, Lillie and Florence, of Boston; Gertrude (Mrs. Turner), of Waltham, Mass.; Maude, Berwick, Mildred, (Mrs. N. E. Coldwell), Hants Border; and Edna (Mrs. B. Coldwell), Waterville, Kings Co. One daughter Emily (Mrs. Fleetwood Mosher) predeceased her a number of years. The funeral services were held on Saturday afternoon conducted by the Rev. A. B. Higgins, assisted by the Rev. Mr. Outerbridge.

A public meeting in the interest of the Golden Jubilee of I. O. F. was held in the Odd Fellows Hall on Wednesday evening. Those who occupied the platform were, Judge Hunter, Supreme Chief Ranger of Forestry in America; Assistant Chief H. Lloyd, of Toronto; Dr. McNally, High Chief Ranger, of Berwick; J. Lovett, High Secretary, Halifax; Mr. Mack, High Treasurer, Lunenburg; Mr. H. McNeil, High Past Chief, Sidney; Dr. Reid, Court Physician, Windsor and Mayor Murray. An address of welcome was tendered the visitors by the Mayor. The chief theme of the many interesting and instructive addresses was Forestry. Hantsport should feel honored by being visited by such distinguished guests. A hearty vote of thanks was tendered Mr. Hunter, which was responded to by his assistant Mr. Lloyd. After the addresses, etc. a social hour was spent during which delicious ice-cream and cake was served.

Those who were fortunate enough to be present at the recital given by the pupils of Miss Claire McDonald, the very efficient pianoforte teacher, in the Foresters Rooms on Thursday evening, May 24th, certainly enjoyed a rare treat long to be remembered. The recital was an unqualified success from every standpoint. Mere words are inadequate to describe the wonderful performance of the pupils, each one taking part equipping themselves in a most creditable manner. We would like to specialize on each number but space will not permit, however special mention should be made of the work of the three advanced pupils, Misses May Holmes, Phyllis Davison and Master Elsworth Morris. The way in which they performed their parts would do credit to professionals. We would also like to make special mention of the three youngest pupils, Jean Murray, Annie Beazly and Dorothy Smith, who executed their parts with perfect ease and technique.

Mrs. Geo. Yeaton recently received a telegraph Radio message from her son Mr. Geo. Yeaton, Bridgewater, Mass. via Bath, Maine. There being no receiving station in Hantsport it came to Dartmouth Amateur Receiving Station, and was forwarded by card to Mrs. Yeaton, by Captain W. C. Borrett. The message was as follows: Leaving Boston about July 1st, looking forward to trip with great pleasure, signed Yeaton.

Mrs. Dunbrack and child, of Halifax, are guests at the home of Mr. and Mrs. T. Morgan.

The Annual Inspection of the Hantsport School Cadets took place on the athletic grounds on Tuesday morning, May 22nd, the inspecting officer being Capt. Logan, District Cadet Officer, M. D. No. 6.

We extend congratulations to our young Acadia Graduates, Mr. Austin Brownell, who received his B. A., and George Reid a certificate in engineering.

Miss Georgia Wall and Mr. Laurence Davison, Mt. Allison Students, are spending the holidays at their respective homes here.

Dr. Rice, of Sidney, was a recent visitor to Hantsport.

Miss Dorothy Higgins, teacher in pianoforte at Mt. Allison, is spending the vacation season at the home of her parents, Rev. and Mrs. A. B. Higgins, The Parsonage.

Dr. and Mrs. Shankel, who have been enjoying a weeks fishing at Albany Cross in company with Mr. and Mrs. Mailman of Kentville, returned on Saturday and report a good catch.

Mr. Wellsley Coalfield, of New York, has been enjoying a vacation with his family here.

Mrs. Metzler, who spent the winter in Chicago, returned to Hantsport on Friday and will occupy her house for the summer.

Mr. J. Allen spent several days recently in Wolfville and Grand Pre.

The Hantsport Tennis Club opened their 1933 season on Thursday, May 24th. It is rumored that a "Tennis Tea," also an informal dance will take place in the near future.

Mr. and Mrs. J. Hancock spent Saturday in the City.

Miss Myrna Gertrude, student nurse at the Yarmouth Hospital, is spending a holiday at the home of her parents, Mr. and Mrs. E. R. Gertrude.

The Barge Wildwood, commanded by Capt. Morwick, of Parrsboro, is undergoing repairs on the crusing blocks.

Mr. James Baker returned home last

Two large modern mail cars have recently arrived from Montreal and have been added to the equipment of the D. A. R. express trains between Yarmouth and Halifax. She was at once taken to Westwood Hospital where her injuries were attended to.

Coming Events

Notices under this heading are inserted at 10 cents a line. Each repeat, 5 cent a line; minimum charge, 30 cents. Contract rates on application.

The regular monthly meeting of the V. O. N. will be held on Thursday, June 7, at 7.30 p.m. in the Town Hall.

The last picture shown at the Opera House this summer will be a winner—Mary Pickford in "Little Lord Fauntleroy", June 15 & 16.

The regular monthly meeting of the Sir Robert Borden Chapter I. O. D. E. will be held in the Parish Hall on Tuesday, June 5th at 3.30 p. m.

A dance in aid of the I. O. D. E. will be held at Community Hall, Wolfville, on Friday evening, June 8th, at 8 p. m. Mills Orchestra of Halifax will furnish music. Tickets \$1.00.

Mrs. H. P. Davidson and Mrs. W. B. Davidson will receive on Thursday afternoon (4 to 6) and Friday afternoon (noon to 2) of next week, June 7th and 8th, at the home of Mr. and Mrs. B. O. Davidson, Summer street.

Lois Weber's great American drama of pride and sacrifice, "The Blot", will be shown next Monday and Tuesday at the Opera House. The story of "The Blot" depicts the great poverty inflicted by the American people upon the school teachers and clergymen of the country. In this story, poverty and low wages paid to a college professor drives the wife to the verge of theft to provide for an ill daughter. An excellent acting cast, including Philip Hubbard, Claire Windsor and Marie Walcamp are seen at their best in "The Blot".

Miss Lamont and Miss Gross, of the Household Science Department of Acadia Seminary, expect to take post graduate work at Columbia next term, so will not return to Wolfville.

A cost of approximately \$250,000 will be borne by the colonization department of the province of Quebec in the course of the present year, as a result of the decision of the government to grant a bonus of \$4 per acre for each acre of land cleared by colonists.

Reward Offered

\$20.00 reward is offered by the directors of Willow Bank Cemetery for evidence that will lead to the conviction of parties who have stolen flowers or bulbs from Willow Bank Cemetery; also for the apprehension of parties who may in any way remove anything from or disfigure any lots or monuments in the Cemetery.

C. A. PATRIQUIN
Secretary.

Questions and Answers

—All About Canada—

READ UP ON THE COUNTRY YOU LIVE IN

ABOLITION OF SLAVERY

Q—When was slavery abolished in Upper Canada?
A—Slavery was first abolished in the British Empire, in Upper Canada, in 1803 based on an act of the Legislature in 1793 under which abolition was to become effective in twenty-five years thus giving masters and slaves ample time in which to adjust themselves to the new conditions when slavery was declared to be "forever inconsistent with the laws of Canada".

SHIPPING GRAIN VIA VANCOUVER

Q—To what extent is grain being shipped from Vancouver?
A—Shipments of Canadian grain from the port of Vancouver are steadily increasing to the United Kingdom via the Panama Canal, and to the Orient. During April 1923 3,000,000 bushels were shipped.

THE HAIDA INDIANS

Q—Where are the Haida Indians in Canada?
A—The Haida Indians of Canada are centred around Prince Rupert and Queen Charlotte islands in the Pacific. They are among the most intelligent and purest of culture along the coast. They are very artistic and their handiwork is in great demand.

QUEBEC LIQUOR PROFITS

Q—What are Quebec's profits from its Government Liquor Commission?
A—The profits in 1922 to Quebec from its Government Liquor Commission are estimated at \$5,500,000.

FIRST HORSES IN CANADA

Q—When were the first horses used in Canada?
A—Twelve horses were landed in Quebec on May 5, 1665. They gradually multiplied until the animal became a great help to the infant and struggling colony. The Indians looked with amazement on the then unusual creatures.

ONTARIO'S NORTHLAND MINERAL WEALTH

Q—What is the productive wealth of Canada's mineral northland?
A—According to C. V. Corliss, mining expert, the total nickel production of

Sudbury, the silver of Cobalt and the gold of Percupinc totals over half a billion since the start of mining operations there.

NOVA SCOTIA'S FINANCES

Q—What is the financial standing of Nova Scotia?
A—An expenditure of \$4,767,572 and a revenue of \$4,791,207 showing a surplus of \$23,535 was Nova Scotia's record for last year.

CHURCH UNION

Q—What is Church Union?
A—Church Union is the proposed union of the Presbyterian, Methodist and Congregational bodies as The United Church of Canada. Acts of parliament and legislatures will be needed to bring it into effect.

SASKATCHEWAN AS A TELEPHONE PROVINCE

Q—Where does Saskatchewan stand as a telephone province?
A—Saskatchewan stands first in the world in the number of rural telephones per capita, one for every 9 of the population.

CANADA'S BEST TRADE CUSTOMER

Q—Which is Canada's best trade customer?
A—During 1922 Canada sold more goods to the United States than any other country to the extent of \$364,000,000.

LOUIS JOLIET

Q—Who was Louis Joliet?
A—On May 17, 1673, Louis Joliet was sent out by Frontenac to find the Mississippi. Joliet was born in Quebec in 1645, the son of a wagon maker who was the first native born Canadian to make his name in Canadian history. With Marquette he discovered the Mississippi, later exploring Hudson Bay and the Labrador coast and was rewarded with the island of Anticosti where he died in 1701.

CANADA'S MILLING INDUSTRY

Q—What is the extent of Canada's milling industry?
A—Canada's milling industry is one of its basic ones, valued at over a quarter of a billion, ranking fourth in the world, with exports in 1922 of nearly 10,000,000 barrels or equal to 42,800,000 bushels of wheat.

ALUMNAE OF ACADIA SEMINARY

The Alumnae Association of Acadia Seminary held its annual business meeting and Social reunion in Alumnae Hall on May 22nd, from 3 to 5 p. m.

After prayer by Mrs. Mellick, the regular business and reports were received. The Treasurer reported present funds as \$4820.

The Necrologist, Mrs. F. H. Beals, sorrowfully recorded the deaths of nine faithful friends of the Alumnae Association, gave sketches of their life work and paid touching tribute to their memories.

The members who have passed to the Great Beyond during the year are, Mrs. Harriett Wallace Shaw, Mrs. Ralph Strong (Miss Bool), Mrs. Charles Christie, Miss Frieda Christie, Miss Fretia Freeman, Miss Annie Chambers, Miss Adelaide Bishop, Mrs. Evelyn Starr Boggs and Mrs. A. DeW. Bars.

A most interesting letter was read from Mrs. J. I. Moffatt (Agnes Ellis '64) of Glace Bay, the oldest living graduate. On motion by Mrs. Martell, Mrs. Grant was asked to convey the greetings of the Association to Mrs. Moffatt.

Mrs. Frank Chute (Minnie Miller, Canning, Class of 1915) gave a delightful violin solo accompanied by her sister, Mrs. Charles Sinnett.

Miss Cogswell (class of 1917) of the Seminary Staff read charmingly "Reginald's Triumph".

Miss Lamont of the Class of 1923 represented the Seniors in a few pleasing remarks.

The most important work before the Association at the present time is the establishment of a permanent Alumnae scholarship. This will be known as the Sarah J. Manning Memorial scholarship in grateful and loving recognition of the faithful, life long interest and service of the late Mrs. J. W. Manning (class of 1868).

The following officers nominated by the Executive were elected en bloc for the ensuing year:—

President—Miss Andrews, Wolfville
1st Vice-Pres.—Mrs. Owen Keddy, Windsor.

2nd Vice-Pres.—Mrs. D. Graham Whidden, Wolfville.

PREVENTION OF APPLE SCAB

Early Spraying of the Orchard Important

How many times to spray the apple orchard is a matter of concern to most orchardists. From the results of experiments carried on by the Division of Horticulture of the Dominion Experimental Farms, as outlined in a recently issued bulletin on "Modern Orchard Practices", it appears absolutely necessary to make at least five sprayings to control apple scab effectively in bad seasons. In the opinion of the author, Mr. M. B. Davis, who is chief assistant horticulturist, the importance of early sprays as an insurance against the loss of crop has been neglected and overlooked too much in the past. It is the early sprays, he says, which save the crop. The wise man sprays from the early spring to make his crop set.

Apple scab is a disease that spreads or reproduces itself by spores so minute that they cannot be discerned with the naked eye. When the weather becomes sufficiently mild to start the trees, these spores are liberated from the old leaves and infest the young leaves, reproducing new spores in a very few days. By the time the blossoms are ready to burst there may be many millions of these spores ready to infect them. At this stage the pistil, which will ultimately ripen into an apple, is very tender and if attacked by a germinating spore, which sends out roots to penetrate the skin, will be killed and the chances of a crop ruined. Ravages of scab are often attributed to imperfect pollination or frost when in reality black spot or scab is the cause of the loss. Cool, moist weather, such as we have in spring, is the most favourable for the development of scab, which spreads but little during the summer. Thus the important sprays are the early ones. Spraying is a preventative, and cannot repair damage already done. It prevents the development of the germinating spore. The bulletin here referred to goes very thoroughly into the details of the cultivation, spraying and management of the apple orchard.

HOW MUCH SHOULD BE SPENT IN NEWSPAPER ADVERTISING

A questionnaire recently sent out to successful merchants of the east and middle west States by a prominent trade journal revealed that the following percentages were considered the minimum upon which an advertising appropriation should be based: General stores 4 1-2 per cent; Women's special shops 6 1-2 per cent; Shoe stores 5 per cent; Millinery stores 5 per cent; Music stores 5 1-2 per cent; Furniture stores 6 1-2 per cent; Electrical stores 7 per cent; Jewelry stores 6 1-2 per cent; Men's clothing stores 6 per cent. It was the opinion of these merchants that any business man whose appropriation fell below these percentages on his turnover was overlooking an investment that invariably gave highly profitable returns when intelligently handled.

NOVA SCOTIA TOURIST ASSOCIATION

Valley Section Completes Organization

The Tourist Committee of the Provincial Legislature at the last session, arranged for the organization of this Province into a Provincial Tourist Association. This was accepted by the Local Government, which voted a sum of ten thousand dollars for the work and it has undertaken to provide a chairman for the Province and also an organizer and publicity agent. The chairman has already been appointed in the person of Mr. J. F. O'Connell, of Halifax, and A. J. Campbell has been appointed Publicity Expert and Secretary.

The Counties of Hants, Kings, Annapolis, Digby and Yarmouth have been set apart as one of the five zones of the province and in these counties several meetings have been held and a temporary organization completed. The representatives of the different parts of this valley section are very energetic and enthusiastic in carrying forward the work and last week Mr. O'Connell, the chairman, came to Kentville to start the work in operation.

A meeting was held in the office of the President, Mr. A. E. McMahon at 4 p. m. Wednesday. There were present besides Mr. McMahon, the secretary, Mr. H. M. Chase, Messrs. E. Graham, Wolfville; A. D. Payzant, Canning; G. P. Raymond, Berwick; C. G. Yeaton, Hantsport; F. E. Cox, Middleton; F. G. J. Comeau, Halifax; G. E. Graham, T. Weaver and H. G. Harris, of Kentville.

Mr. O'Connell spoke of the work and purposes of the Government and how the different sections or zones should organize and carry forward the work. The Government would undertake a publicity campaign for the Province and each section should be ready to organize within its bounds and carry on its work. Mr. O'Connell stated that it was not expected that a great number of tourists could be brought here this year as our present transportation facilities and hotel and other accommodations were not sufficiently organized for that purpose. But a good increase in our tourists could be brought about and particularly Nova Scotians residing abroad could be induced to return to visit their home land and we could mature plans for a large influx next year.

The meeting then decided to complete its organization and the following permanent officers were elected:

President—A. E. McMahon, Kentville.
 Vice-President for Yarmouth—Seymour Baker.
 Vice-President for Digby—H. B. Short, Digby.
 Vice-President for Annapolis—F. E. Cox, Middleton.
 Vice-President for Kings—Edson Graham, Wolfville.

ACADIA INTER-CLASS TRACK MEET

An inter-class track meet was held on the college campus on Tuesday afternoon of last week. The weather was cloudy, the track in excellent condition and the competition keen, so that all the sports showed good records. Morrison was the highest individual scorer of the day, capturing four first places. The points obtained on the basis of five for first, three for second, and one third place, were as follows: Engineers, 29; Juniors 25; Seniors, 24; Freshmen, 11; Sophomores, 1. Suitable prizes were donated to the winners of first and second places in all events by the merchants of Wolfville.

Summary:
 100 Yards—1st, Morrison; 2nd, Clarke; 10 secs.
 High Jump—1st, MacCreedy; 2nd, Anthony, 5 feet.
 Broad Jump—1st, Morrison; 2nd, Anthony; 18 feet.
 220 Yards—1st, Morrison; 2nd, Clarke; 25 1-5 secs.
 Short Put—1st, Brownell; 2nd, Munro; 29 feet, 3 ins.
 Hammer Throw—1st, Kitchen; 2nd, Munro; 65 feet.
 Hurdles—1st, Clarke; 2nd, Hirtle; 19 seconds.
 440 Yards—1st, Morrison; 2nd, Thomson; 56 3-5 secs.
 Pole Vault—1st, Hirtle; 2nd, Wigmore; 8 feet, 6 ins.
 Mile Run—1st, Chipman; 2nd, Parks; 5 min., 5 secs.

Along about this time of the year there are about two weeks in which the man of the house does his annual stunt of preparing for the best garden in the community.

Vice President for Hants—H. B. Burdick, Windsor.

It was resolved that the Secretary, Mr. H. M. Chase, be the representative of this Valley Section on the Provincial Executive.

The Dominion Atlantic Railway had appointed Mr. F. G. J. Comeau as its representative on the Provincial Executive and Mr. O'Connell will see that the other four sections of the Province are organized and representatives appointed and a meeting of the Provincial Executive held at as early a date as possible.

A suggestion of Mr. A. D. Payzant to use the Radio Broadcasting Station at Schenectady, N. Y., to call attention to our province, its good roads, excellent sport and beautiful scenery and climate was most favorably considered.

Mr. O'Connell made an excellent impression and expressed his sincere thanks for the enthusiasm displayed and the encouragement he had received in his new line of effort.

The steamboat, railway and hotel accommodations were fully discussed.

Six Reasons Why You Should Buy a Studebaker Light-Six

- Sturdiness**—The sturdy construction of the Studebaker Light-Six has been positively proved by more than 500,000,000 miles of service in the hands of 100,000 owners.
- Economy**—The fuel economy of the Light-Six has been conclusively demonstrated by 27 world-wide tests, which established an average of 26.9 miles to the gallon of gasoline. Economy of maintenance is further emphasized by Studebaker's repair parts sales, which in 1922 averaged only \$13 per car in operation.
- Performance**—In its six-cylinder engine, there is an abundance of smooth, overlapping power—instantly responsive to the touch of the throttle. Vibration is practically eliminated at all speeds through machining the crankshaft and connecting rods on all surfaces.
- Comfort**—Light-Six springs are long and flexible. Seat cushions are 10 inches deep and upholstered in genuine leather. The Light-Six touring car is as comfortable as that favorite chair in your sitting room.
- Refinements**—The beautiful body is all steel, even to its framework. There is a one-piece rainproof windshield, with cowl lights set in the base; quick-action cowl ventilator, thief-proof transmission lock and a number of other unusual refinements.
- Reputation**—For seventy-one years, the Studebaker name has signified sterling craftsmanship and honest value. The Studebaker reputation is your assurance of absolute satisfaction.

The Port Williams Acadian

PORT WILLIAMS AND VICINITY

Mr. Allan Jess has purchased a new Star automobile.

Mr. Lloyd Jess, who has taken his Freshman year at Acadia, is spending the summer months supplying the church at Milford, Annapolis Co.

Mr. Robt. F. Newcombe is having a new roof put on his house, together with other improvements.

Mr. Chas. Wood has returned from his trip to Quebec and Ontario. When he left home his plans were to go to Labrador and have a look at the gold field but the lure of the Annapolis Valley in apple blossom time was too much to withstand.

Mrs. Annie Freeman, who has spent the winter at the Baptist parsonage, has gone to Halifax for a visit of a few weeks.

Miss Irene Gates and Mr. Bruce Hunt motored to Lawrencetown and spent Sunday at the latter's home.

Mr. Justin Gates spent the week end at his home here returning on Monday to his work at Middleton. He has purchased a new Chevrolet Special.

Mrs. Schaffner, of Lawrencetown, who has been the guest of her daughter Mrs. O. N. Chipman for two weeks, returned to her home on Friday.

Mrs. Chipman left on Friday for a visit with her daughter in Boston.

The Vestry of the Baptist Church has been re-decorated and cleaned and presents a very pleasing appearance. A move is being made to procure new pews for the auditorium in the near future.

Mr. Bordman Lantz is still confined to his bed by a severe attack of rheumatism.

Mr. M. K. McKinnon, who has been suffering from a nervous break-down, left on Wednesday morning for an extended trip on the water, expecting to be away a couple of months. He went on the three-masted schooner "Quaco Queen" sailing from Windsor to Philadelphia and other U. S. ports.

Miss Gwendolyn Fullerton has been spending a few days at Hall's Harbor.

Mrs. Charles Lockwood is visiting her daughter, Mrs. Fred Hovel, of Church Street.

Mrs. O. G. Cogswell spent Wednesday and Thursday in Wolfville, the guest of Mrs. Elias Curry, Main Street.

Our primary teacher, Miss Jennie Coleman, spent the holiday at her home in Burlington, N. S.

Rev. O. N. Chipman conducted the funeral services of the infant son of Mr. and Mrs. Fred Ibbson, Canard, on Wednesday. The "Port Williams" Acadian extends sympathy to the bereaved parents.

The closing of Acadia brought home our students, Cassie Faulkner, Lucy Cogswell, Harold Chipman, Roy Faulkner, Lloyd Jess, and Jack Zwicker. Miss Mary Vaughan has also returned from Mount Allison, and Donald Ellis, Robert Chase and Emerson Johnson from the Agricultural College at Truro.

Rev. and Mrs. John Meisner and children spent Friday at the home of the latter's parents, Mr. and Mrs. A. K. Gates. Mrs. Gates returned with them to their home in Falmouth for the week-end.

Mr. Charles Thomas has improved his house with a new coat of paint.

J. W. Harvey and T. S. Lockwood spent the 24th on a fishing trip to New Ross Road, returning on Saturday. The speckled beauties were not abundant this year.

Quite an excitement was caused on Monday evening, when a large bird hit the electric light wires, causing a short circuit and dimming the lights to the inconvenience of everyone, for the evening. The bird was seen to be wounded and was followed by several people, but all that was found was a few burnt feathers.

An operetta entitled, "A Day in Flowerdown" is to be given in Temperance Hall on June 15th, by the school-children, under the direction of Mrs. O. G. Cogswell. Posters will appear later.

Miss Marguerite Bancroft, of Wolfville, formerly of the staff of the G. A. Chase, is again helping with some special work in the office.

Mr. and Mrs. A. B. Rand and family received a pleasant surprise last Friday, upon the arrival of Mr. Rand's father from Alberta, who will spend the summer with them.

Mr. S. L. Gates is away on a business trip to Truro.

GREENWICH NEWS

Blessed be Spring!—it is the time of year when all the world is so beautiful, with the beauty of promise and reminds the discouraged heart that, "Every day is a fresh beginning".

A number from here enjoyed the closing exercises of Acadia, in Wolfville, last week.

Two of our young people, namely Fred and Hilda Johnson, were among the graduates of Acadia College, the former with B. Sc. and the latter B. A. Congratulations.

Miss Hilda Johnson went to Truro, after graduation, with a few others of the Senior class of Acadia, to take the six weeks course at Normal College, leading to an A. license.

Miss Jennie Isnor, of Canaan, who has been spending the past year with her sister, Mrs. Edward Hennigar here, and attending classes daily at Acadia Collegiate and Business Academy, Wolfville, was successful in winning a prize for penmanship.

Mrs. Lee Bishop and little daughter, Doris, spent the afternoon of the 24th in Kentville, a guest at the home of her sister, Mrs. Maurice Williams. Conductor Williams purchased a nice property there this spring.

Mr. and Mrs. Andrew Fenwick and family moved on Friday last into the Fruit Company's house, formerly Mrs. Emma Harvey's property. The company made a number of improvements on it.

Mrs. Arthur Leslie, of Dartmouth, visited on Saturday last at the home of Mrs. Lilla Forsythe. Mrs. Leslie had been spending a week with her sister Mrs. Ceryl Hiltz in Kentville, going on to her home in Dartmouth on Saturday afternoon.

Mr. Chesley Forsythe motored up on Sunday from his home in Bridgetown and his wife, who has been a guest of Mr. and Mrs. A. K. Forsythe over a week, returned home with him Sunday afternoon.

Messrs. Robert and Maurice Bishop and A. Jack Andrew spent a couple of days last part of last week, on a fishing trip on the mountain.

Mattie Regan, of Port Williams, visited her friend, Evangeline Cox, for the week-end.

Miss Elsie Piper returned on Monday morning from a week's visit in Kentville with friends.

Mrs. Emma Harvey and son Alonzo spent Monday and Tuesday in Kentville, guests at the home of Mr. and Mrs. Maurice Williams.

Miss Lillian Bishop entertained a number of ladies at "afternoon tea" from 4 to 6 on Tuesday, in honour of her friend Miss Eagles. A pleasant time was enjoyed.

Our farmers are very busy in the community ploughing and harrowing, both with teams and tractors, also very busy spraying.

PEREAUX NOTES

Mr. Ward Fisher, Superintendent of fisheries for the Eastern division of Canada, visited his daughter Mrs. Reginald Sanford on Saturday. On Sunday evening he gave an address to the young people of the N. Baptist Church, and it was much appreciated.

The Pastor's young lads Bible class went to the mountains on a picnic, May 24th and caught a few trout in the stream. At the supper they were joined by the young ladies.

Pastor C. Riseborough is conducting special services this week in the Scots Bay Road Church. Will any who feel an interest in this work join in intercession for a blessing on the people.

On Sunday, June 10, we are expecting to have a great day in our special Sunday School Services.

Amos Bennett

Mr. Bennett lived to the good old age of 87 years. He was a respected member of the Pereaux Baptist Church and of the Arlington community where he resided with his son, Joseph. He leaves ten children to mourn their loss. Mrs. James E. Spicer, Mrs. Lee Spicer, and Mrs. George Spicer, all living in Canning; Joseph and Daniel in Arlington; Milledge in California; Ira, Waltham, Mass.; Bert and Giles living in Pereaux; and Rufus on the North Mountain. A large congregation gathered to pay their last tribute of respect. His body was interred in Pereaux Cemetery on Sunday, May 27, by the Rev. C. Riseborough, who held a Memorial service and preached from Ecclesiastes Chapter 11, verse 7.

ICED REFRIGERATOR CAR SERVICE

A Refrigerator Car Service, under Government supervision, will be operated by the Dominion Atlantic Railway, commencing June 5th next, between Yarmouth and Halifax, N. S. for the accommodation of Butter and Egg shipments during the warm months.

This Iced Refrigerator will leave Yarmouth Tuesday of each week, picking up such shipments as may offer at principal shipping points up to Kentville, and from points between Kentville and Halifax, on Wednesday, thus effecting prompt deliveries at Halifax on Thursday morning.

Plants For Sale

Tomato, cabbage and cauliflower plants. Also flowering plants, asters, pansies, snapdragon, etc.

Phone orders early to avoid disappointment and delay.

KENTVILLE HORSE SHOW

Kentville's annual horse show will take place at the Aldershot Driving Park on Monday next, June 4th. This has become a very popular feature at the shire town and attracts many visitors from all parts of the county. The program this year will include a big parade of all the horses to be exhibited at 12.45 p. m. At 1.15 the horses will be shown and following there will be a 2.20 trot and pace race with a purse of \$150, a 2.25 trot and pace for a purse of \$125, and a three minute trot and pace for a purse of \$100. Liberal prizes will be offered for the different classes and the D. A. R. will give a special prize for heavy draft pairs. The Kentville Citizens' band will be in attendance and render a fine musical program.

MISS MARY ELIZA EATON

Canard is called upon this week to mourn by the sudden removal of one of its most valued citizens in the person of Miss Mary Eliza Eaton, daughter of the late Leonard Eaton, who passed away while about her work on Monday morning, in her seventy-second year. Of the four sons and three daughters of her father's family one only, Lawrence H. Eaton, of Wolfville, survives her. The services from her late home on Wednesday were conducted by the Rev. G. D. Hudson and were largely attended. Rev. C. H. Martell and Rev. F. H. Beals, former pastors, who were in attendance, spoke feelingly of the beauty of her life and her diligence and usefulness in the community.

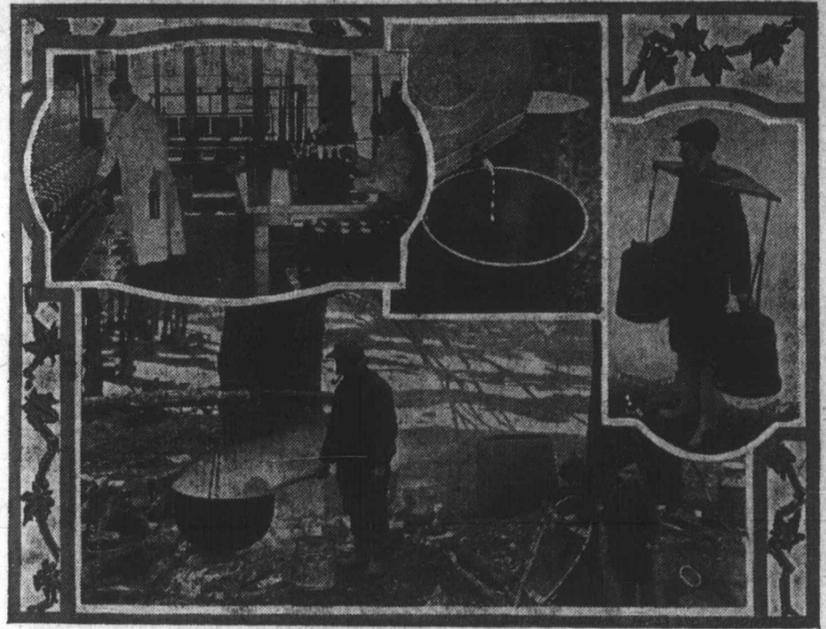

N. GRAND PRE NOTES

On Monday evening John L. Eagles and bride were given an old fashioned serenading and chivaree. The young people were presented with a beautiful mahogany mantel clock by their friends here. The evening passed pleasantly with both vocal and instrumental music and delicious refreshments were partaken of.

Mrs. Smith and Mrs. Burton, of Halifax, have been visiting Mrs. Maurice Dimock.

Miss Laura Eaton of Somerset spent the week end here with Mrs. N. F. Eagles. Miss Evelyn Palmeter has been spending a week with friends at Wilmot.

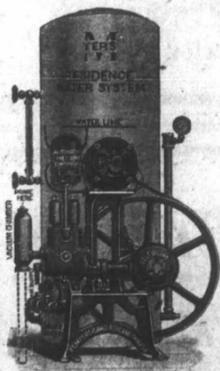

Nurses' Record Sheets on sale at THE ACADIAN Store.

AN OLD INDUSTRY IN A NEW SETTING

Maple syrup and maple sugar, now delicacies, were originally used by settlers as a substitute for cane sugar, which was, of course almost impossible to obtain. In some parts of Quebec and Eastern Ontario, the old methods of collecting sap and converting it into syrup are still used. The picture shows a farmer collecting syrup in a wooden pail and boiling it at an outdoor fire. The upper central picture shows the modern method of tapping and collecting sap in sanitary receptacles, and the upper left-hand picture shows the scientific methods of handling the syrup.
