## Miss J. Stewart, Agent for Corwell's Self-Fitting Charts & Patterns.

The superiority of our Patterns is manifested in all parts. Now to satisfy yourself that this claim is well founded, examine them carefully, and compare them with the patterns of other makers. You will find that our patterns are made of the best quality of material, and are cut to the true shape of the human body. They are also made in the most convenient and simple manner, so that they can be used by any one, without the aid of a tailor. This is the only system in the world that will produce a perfect fit, and is the only one that is not expensive.
