The IDEAL Home!

THE IDEAL HOME is first of all a Comfortable Home, with an inviting air of restfulness about it, cosy and cheerful. It is of course an artistically furnished home, showing taste and judgment, each article pleasing in itself and in harmony with the surroundings; but it requires knowledge of Stores as well as of Furniture in order to secure all these elements in the furnishing of one's home, without it calling for an extensive outlay of cash. It is for this reason that

"THE POPULAR FURNITURE STORE"

appeals particularly to that large portion of St. John's home-loving people who have excellent taste but are economical.

Let us make a cosy, comfortable and artistic home for you, or make the home you have a little more cosy, a little more comfortable, or a little more artistic.

OUR INDIVIDUAL CREDIT SERVICE is the most refined, genteel and helpful credit plan in St. John's to-day—none excepted. Let us talk to you in person about these matters. May we?

TO MASSAGE AWAY WRINKLES.

If your face is badly wrinkled a fifteen minute massage each day will be necessary, but if there are only tiny lines, five minutes will suffice. Before manipulating the face it should be washed with hot soapy water and a complexion brush. After it has been rinsed carefully and dried, the skin should be coated thickly with the following cream: White wax, one half ounce; sweet almond oil, two ounces; lanolin, one ounce; spermaceti, one half ounce; cocconut oil, once ounce; tincture of benzoin, two drops; orange flower water, one ounce. Place the first five ingredients in a double boiler and melt over a slow fire. When

they are melted and mingled smoothly take from the fire and add the benzoin and orange flower, fluffing with an egg beater until cold. Then pour into small open mouthed jars ready for use.

The forehead lines should be massaged in a circular motion, using the finger tips of the right hand and hold the skin taut with the thumb and forefinger carefully, as it is an easy matter to rub in more wrinkles than you can ever rub out. Place the first and second fingers on the nose. Just above the eyes and massage out beyond the eye corners, then sweep in underneath

MILNARD'S LINTMENT CURES DIPHTHERIA.

the eyes toward the nose. Use a very light pressure.

The cheeks should be massaged up from the point of the chin, using the palm of the hand. To efface the laughing wrinkles put the first and second fingers underneath the center of the lower lip, then massage up beyond the corner of the mouth and up toward the nostril. Hollows under the chin and behind the ears should be massaged with a delicate rotary movement of the fingers. After the massage is completed wipe off the surplus cream and spray the face with the following astringent to make firm the relaxed tissue: Thirty drops benzoin; thirty drops mucilage of acacia; one ounce lime-water.

Household Notes.

Invert a cup in the center of a meat pie and the juice will not run out.

Organize your housework and you can do it without feeling "run" by it.

Batters of all kinds require one scant quart of milk to one quart of flour.

Graham crackers with fudge filling are food for little girls' lunch boxes.

Rice should be washed through three waters, at least, before it is cooked.

For washing a baby's clothes, use a white soap; then rinse them thoroughly.

Hr. Grace Notes.

The s.s. Mary arrived from Bell Island yesterday and will go on dock for repairs.

A cargo of salt arrived to R. D. McRae & Sons this morning.

The schooner Minnie Maud arrived from St. John's yesterday with a load of provisions, etc. for her owner, Mr. E. Simmons.

Mr. St. George, the general manager of the Horwood Lumber Co., here, is suffering with an old malady of his—rheumatism. Although suffering he is not confined to his home, but gets to the business place of his firm and conducts their business with much satisfaction to the patrons.

Miss S. B. Parsons, Miss L. Sheppard and Mrs. F. Lee and two children left this morning by train en route to Boston.

We regret to report the serious illness of Mr. Chesley Butt, late of the Horwood Lumber Co.'s branch business at Western Bay and still more recently of Bishop's Falls. All his friends are hoping for a change soon when this popular young man will be on the road to recovery.

Herring of a very fine quality were sold in the market yesterday at 10 and 15 cents per dozen. The very palatable codfish has not made its appearance yet, but we are on the look out for him.

Capt. Thomas Dunn is having a concrete wall put along the front of his house on LeMarchant Street. The wall will be surmounted by an iron railing, and when completed will add considerably to the appearance of the place. Capt. Dunn never does things by halves, and he is going into the fishery on even a larger scale this year than formerly. We take this opportunity of wishing him abundance of fish, with fine weather for making, and a good price.

Your Boys and Girls.

It always does my heart good to talk to a certain little mother who hovers over her brood of five boys as watchfully as a mother possibly can. She knows the likes and dislikes of each one, and appreciates the contrasting personalities, and tries to become more acquainted with her children's individual natures each day.

She knows that Horace dislikes apple sauce and that Alfred loves it. She knows that Arthur's favorite color is red, and that Herman prefers green. She has watched her little family with the training of a professional and has analyzed their natures thoroughly. She knows her children, and she alone can account for their shortcomings and their failures, better than anyone else. Remember that every child has a different nature and that you cannot treat all alike.

What a Gas Range Means for You, Mrs. Housekeeper.

The gas range is a muscle saver and a step saver. Think of the many tons of coal you used in that coal range, and how you have had to handle it all twice; first, carrying it up out of the cellar; then, from the kitchen to the ash barrel.

No more soot to wipe away; no more ashes to cart away; no more wood to fetch; no more coal dust; no more smoke and no more reason why the kitchen cannot be kept as clean and as orderly as the parlor. The gas range means just this.

Saves 50 Per Cent. of Kitchen Cases.

Half of the labor in the house is caused by dust from the coal range. Every time it smokes, no matter how good the draught, may be clouds of ashes rise and settle on the furniture.

It Eliminates Hard Work.

Use a gas range and you will live better, you will play better, and you will work better because the use of the gas range eliminates the drudgery of carrying coal, ashes and the chopping of kindling, as well as the drudgery of cleaning up a lot of dirt, and, best of all, for the cook it makes it unnecessary for her to stand over a hot stove from two to three hours a day.

SYMPATHY MISERS.

By RUTH CAMERON.

RUTH CAMERON

There are some people who hate to give away sympathy as much as a skiffint hates to give a way money. Their heart strings are even tighter than their purse strings. I heard someone making an appeal of sympathy to a woman of this type the other day. The only response she got was a tightening of the latter's features and a "Yes, I know but just think what a hard time I have."

But Why Not Both Give And Receive Sympathy.

To tell the truth, she does have rather a miserable time, doubtless quite as hard as the woman who made the appeal for sympathy. But why can't she give sympathy and receive it in return instead of withholding it and having it withheld (as she doubtless will) in return?

The fact that you have a hard time is not a reason that you should have no tenderness in your heart for other people who also have hard rows to hoe.

On the contrary! The greatest character tragedy in the world is that of the people who have been soured instead of sweetened by adversity. They have had the adversity and they haven't had its compensation.

To Be Sure Some People Are Sympathy Greedy.

Of course there are people who abuse sympathy. I have recently seen a very striking example of that. An acquaintance of mine passed

through a most bitter experience. She confided her troubles to a very dear friend and the latter proved the worth of her friendship by giving her a wealth of tender and understanding sympathy. It was like balm to her wounded spirit. Without it she might have broken down altogether. With it she should have pulled herself together. But she didn't. Instead of making an effort to be more cheerful, she permitted herself to be inglorious because that brought more sympathy. She was constantly needing to be cheered up. By and by, the too generous friend was called away on a journey, and thus forced to lean on her own strength, the lady of the many troubles at once began to develop some backbone of her own.

A Tonic Not a Drug.

Sympathy should be used as a tonic not as a drug.

To use another metaphor, sympathy is like a warm bath, at first it rests your weary muscles and stimulates you but if you continue it too long it enervates you.

To give understanding convincing sympathy and give it in the right quantities, surely this is a task for all that a friend has of tact and unselfishness!

WAR.

War is a form of violent activity by which two nations decide who shall pay the biller after the jangler has turned out the lights. This kind of a settlement is termed an indemnity, and enables the successful nation to replace everything but the lives of its men and boys. The people are not usually consulted about the expediency of making war until they are in it up to their hips. The war-making prerogative is lodged in a limited circle of high-dominant dignitaries who are past the age limit and do not have to fight anything but the national debt. If there were a law in effect which placed combative statesmen in the front rank of the first line troops, the nations of the world would disarm faster than a discouraged distillery after a dry wave. History teaches us that war does not settle anything but the per capita tax, which is paid for several hundred

Patriotic Opera

A BRILLIANT SUCCESS.

The reproduction of the opera "The Magic Cup" by the pupils of the Christian Brothers of St. Patrick's Hall and Holy Cross, under the distinguished patronage of His Excellency the Governor and His Grace the Archbishop and in aid of the Soldiers' and Sailors' Convalescent Hospital, was greeted by a large and appreciative audience at the Casino Theatre last night. His Excellency, the Governor and Lady Davidson, accompanied by Capt. Riley, M.C., A.D.C., Rt. Rev. Mons. McDermott, V.G., Rev. Drs. Greene and Carter and Fr. Pippy were present. The excellence of the orchestra, the superb stage settings and realistic effects and in particular the clever acting of the boys combined to make a first rate performance. The histrionic talent displayed by those who impersonated the leading characters was appreciated by the audience in tangible form during the performance when a box of chocolates and a bunch of flowers was presented to the "Fairy Queen" (Master W. A. Ryall) and a box of chocolates to "Princess Mabel" (Master D. J. Duchesne). Master W. J. Wallace played the "King of Carribee" majestically; Master D. J. Oilplant (an English Naval Officer) was a doughty "Captain Courageous" and eventually proved an affectionate spouse to the Princess. Master J. R. Hearne, who has a reputation for being a versatile stage artist, proved an admirable "Leader of Agitators" last night. Master M. F. Eagan, "The Astrologer," and Master L. T. Carew, "Town Crier" gave faithful delineations of their parts. The Flower Girls, Fruit Girls, Reapers, Gardeners, Agitators, Conspirators, Soldiers, Sailors, Citizens, Courtiers, Life Boatmen, Fairies, Attendants, etc., won high encomiums. Their singing and comportment would do credit to professionals. Between the acts a club swinging exhibition was given by Masters Croke, Leahy, O'Donnell and Barron, to the accompaniment of Master G. Kelly, with that ease and precision which characterized their splendid training. Indeed the entire performance was highly creditable to the boys themselves, to their good and noble teachers, to Prof. Hutton, who trained the actors, and to Mr. J. C. Pippy, the Manager of the opera. The orchestra consisted of Prof. Hutton, Miss Power and Messrs. F. W. Bradshaw, Alex. W. Mews, A. Bulley and A. Stafford, and their faultless renditions contributed in no small measure to the excellence of the performance.

Blames Unions for High Prices.

Dear Sir,—We see in the papers a considerable amount of controversy between parties as to wages and strikes because they don't get this and that.

Well, Mr. Editor, may I ask what is it at the present time in most cases putting the high prices on everything? I may be wrong but I guess I shall go pretty near to hitting the nail on the head when I say that these unions are at the bottom of the whole matter. How can a shopkeeper keep down his prices or a merchant either when these unions are constantly striking for higher pay? They have to put it on the goods and we who are not in any way connected have to suffer and have our money dragged out of us to pay these higher wages. The merchant does not pay them but we do through another channel and the merchant is just as well off afterwards as he was before the strike. Is this fair on others? We know goods are increasing in price outside the country and therefore they must be high in price when they reach here. Why then have these strikes and make the merchants put on more agony not on the strikers but on the innocent who are trying to live as best they can? Is this what we call patriotism?

I was only talking to a man the other day who said: "I am not as well off to-day as I was when I was getting 80c. a day," and why, because everything is going up to meet the higher wages and the innocent must suffer for the guilty.

Trusting that I have not taken up too much of your space and thanking you in anticipation. I remain yours sincerely, NON-UNION.

U. S. TAKES OVER RELIEF OF BELGIUM.
WASHINGTON, To-day. The United States has arranged to make a loan of \$75,000,000 to Belgium which will be expended by the Belgian Relief Commission. By making this loan the States will take the burden of the relief of Belgium and France from the shoulders of Britain and France and conduct it from this country as far as possible.

AMERICAN AND BRITISH LABOUR CONFERENCE.
WASHINGTON, To-day. President Campers, of the American Federation of Labor, has asked Sir George Foster, Canadian Acting Premier, to designate two Canadian Labor Leaders to join the British Labor Delegation already here in conference with the Federation on labor part in the war. Sir George to-day notified Campers that he would send them immediately and announce their names later.

ANOTHER HUGE VOTE OF CREDIT.
LONDON, To-day. The vote of credit moved by Chancellor Bonar Law brings the total since the outbreak of the war to four billion, six hundred and forty two million pounds. With the exception of the credit of five hundred and fifty million pounds voted in February, the credit asked to-day was the largest amount during the war. The expenditure, said the Chancellor, recently exceeded the estimate and had averaged \$7,450,000 daily. Of the expenditure for the first thirty-five days of the financial year two million pounds a day had gone to the Allies, and the Dominion (?) Budget estimated this use was about one million pounds a day, so that the estimate was exceeded by one million pounds daily. America, continued the Chancellor, had acted with a promptitude for which the nation could not be too grateful. She had not only promised but actually afforded financial assistance to Britain and her Allies. He

therefore hoped the Budget estimate of expenditure under this head would be realized. For the first period of the vote credit last year, Bonar Law said, the daily expenditure was \$4,820,000 and for the corresponding period of this year \$7,450,000. The present vote would carry the Government until August 1st. Dealing with the financial consequences of the entry of the United States into the war, the Chancellor said the Germans had shown resourcefulness in organizing, but they had made many mistakes, their principal one being their misunderstanding of human nature. Despite the success which attended the submarine warfare, and it might be possible that this country would have to display great staying powers, he had no doubt that the Germans on the balance had lost enormously by adding one of the greatest nations of the world as their enemy.

SHIPPING REPORT.
LONDON, To-day. An official statement says that of vessels of all nationalities arrivals were 2,374 and sailings 2,499. British merchantmen over 1,600 tons sunk, including five not reported previously, 24; under 1,600 tons 22. British merchantmen unsuccessfully attacked, including six previously not reported, 24. British fishers sunk, including one not previously reported (?) and thirteen sailors.

WILL ANSWER PEACE QUESTIONS ON MONDAY.
COPENHAGEN, To-day. A special despatch received here from Berlin says that Dr. Von Bethmann Hollweg will answer the peace interpellation in the Reichstag on Monday. The despatch adds, the Reichstag will adjourn the middle of May, but not till the Autumn, as is customary. Parliamentary objections, leaving the Government uncontrolled from the May adjournment until the autumn, have resulted in plans for a short summer session in July.

GERMANS WEARING THEMSELVES OUT.
LONDON, To-day. A correspondent at British Headquarters in France sends the following. From north of Fresnoy to the windmill at Gavrelle the Germans made prodigious use of their reserves in the last 24 hours in an endeavour to press us back, but their attempts were broken up by our intense artillery fire, mostly before they got within bombing distance of our positions.

Some idea of what this fighting is costing the enemy may be gained from **ANOTHER PEACE OFFER FROM GERMANY.**
LONDON, To-day. A despatch to the Exchange Telegraph from Amsterdam says it has been confirmed that Germany is about to make another peace offer in connection with her Allies. The fact that since April it would appear that over 35 German divisions have been withdrawn on this front exhausted. It is understood that the existing strength of the German Army on the Western front is 157 divisions, commencing their total strength. It should be borne in mind that about three quarters of the enemy divisions now consist of only three regiments, or about 9,000 rifles.

THE PARLIAMENT OF THE ALLIES
PARIS, To-day. The results obtained at the recent War Council held in Paris were highly satisfactory at all points. The American Government has been informed concerning the discussions, according to Jules Cambon, General Secretary of the Ministry of Foreign Affairs. The conference was attended by Premier Lloyd George, Admiral Jellicoe, Field Marshal Haig and Major General Sir William Robertson, representing Britain. Rear Admiral Sims representing the United States, and other military naval leaders. More and more it is becoming evident that the future conduct of the war is going to depend upon American moral and material, military and naval forces, which constitute factors of the very highest importance, said M. Cambon. To-day, owing to conditions in Russia, activity upon the Eastern front may be somewhat slackened by reason of Russia's inner problems, but the action of America gives us advantage of setting what we might risk losing on the Eastern side. It indicates the growing role President Wilson and America are called upon to play in the final resolution. Referring to the recent conference of the Allied nations at Paris, M. Cambon said, it is an illustration of what President Wilson called an association of free democratic nations against autocracy. M. Ribot suggested that the next meeting of the inter-Allied Parliament should be held at Petrograd. This would be significant, because this is the latest centre of democratic action with a seat in the Parliament representing the Liberal Nations. The Parliament of the Allies is destined later to play an important role in international affairs. Heretofore arbitration has been accepted as the chief means for reconciling international difficulties. The Arbitration Court at the Hague had been set up with that end in view but arbitration presupposes consent. It is held that the Parliament of the Allied nations will in time formulate a means for averting conflicts and thus avoid the necessity of having to resort to arbitration. In time the existence of the inter-allied parliament may become the means of preventing international conflicts and may constitute a permanent union of free nations.

CONDITIONS MUCH BETTER IN PETROGRAD.
WASHINGTON, To-day. An official report from Petrograd indicates a great improvement in the political situation. A despatch dated May 5th received to-day said that the street disturbances had ended in a brief demonstration for the Ministry. One dated May 7th reported quiet everywhere. This paraphrase despatch was issued by the State Department. A Department despatch from Petrograd of May 5th says that the street demonstrations eventuated in an overwhelming demonstration for the Ministry. Banners bearing inscriptions in favor of the agitator, Lenin, were destroyed when seen. The Ministry are well pleased with the situation. There appears to be no opposition to it elsewhere in Russia. The Ministry issued its explanatory note when there was published a request by the Workmen's Deputies asking citizens to refrain from assembling. This telegram also states that the Ministry are satisfied with the general conditions. There has been no bloodshed.

FIRED AT SUB.
NEW YORK, To-day. The Associated Press says that an armed American line steamship which arrived here to-night from a European port, reported that her gun crew fired six shots at a German submarine off the coast of Ireland on May 2nd. The undersea boat immediately submerged. It was impossible to determine whether any shots took effect.

GERMANS PUT EXTRAVAGANT HOPES IN SUBS.
LONDON, To-day. Reuter's Amsterdam correspondent, quoting Berlin advices, says the Reichstag has begun its second reading of the Navy Budget. Dr. Pfeiffer, Naval Reporter to the Budget Committee, declared that the submarine booty for April would not be less than 1,100,000 tons, and added the Reichstag looked forward to activity by the German navy with confident hope of a speedy and victorious peace. Vice Admiral Von Capelle, Minister of the Navy, followed Dr. Pfeiffer, and said this recognition is a new stimulus to us to fulfill Germany's expectations regarding U boats, which have faced enthusiastically the great task of decisively intervening alongside our victorious army. I assure you that the U boats will persevere until the end. We have the necessary boats, trained personnel, fuel and all accessories.

WAR SUMMARY.
LONDON, To-day. The sanguinary battle between the British and Germans for possession of the Village of Fresnoy goes on apparently without abatement. It is a

battle of desperation on the part of the Germans, who see in the loss of the village a double menace, placing in jeopardy their entire line North, especially the town of Lens and its adjacent coal fields, and deeply projecting a salient into their lines which would virtually put the British on the threshold. The German's Tuesday report of the stubborn defence of the Canadians is somewhat obscure. The British War Office asserts that Prince Rupprecht's Bavarian men met with reverses west of the Village on Tuesday night, during a counter attack. While unofficial advices are to the effect that they have been expelled from the greater portion of the village but are still holding out although barely able to maintain themselves against the stubborn onslaught of the Canadians, on the other hand the German official communication asserts that the Germans have held the village against fresh British attacks and in addition have taken 100 more prisoners. In making this claim, however, the usual claims of victory and claims of sanguinary losses inflicted are lacking in the statement of the German war office. Wednesday saw a return of unfavorable weather along the Anglo-German front. Except around Fresnoy fighting was mainly by means of artillery. In the meantime the French have been busy consolidating the positions captured from the Germans in Tuesday's fighting near Chevreux, repulsing counter attacks and engaging in artillery duels with the Germans northwest of Rivieres, with a single instance where the infantry left the trenches and the French attacked and captured German positions on a front of more than 400 yards and brought back one hundred prisoners. Although the fighting along the Arras front has been described as the most violent during the war, an announcement has been made in the House of Commons that the British casualties are 50 to 75 per cent. fewer than those sustained in the battle of the Somme. Fighting in all other theatres except France continues of a sporadic nature, although operations in Macedonia, where heavy artillery duels are in progress along the entire front, and in Roumania where the Russians have broken through the Teutonic Allied line in one place, indicating a coming general offensive in a short time.

BRITISH OFFICIAL.
LONDON, To-day. An official communication issued this evening says there was local fighting during the day in the neighborhood of Bullecourt in the course of which a party of the enemy while attempting to advance to attack across the open was caught by our machine gun fire and suffered heavy casualties. There has been considerable artillery activity on both sides at intervals during the day northwest of St. Quentin and in the neighborhood of Bullecourt, Wancourt and Arleux.

RUSSIAN GENERAL ASSASSINATED.
RIGA, Russia, To-day. Major General Kartsoff, Commander of the Siberian Rifle Division, has been assassinated. He was attacked while walking near the railroad station. His assailant disappeared. The soldiers, among whom Kartsoff was very popular, deny the possibility that the assassin was one of their number.

FIXES MAXIMUM PRICES.
LONDON, To-day. Baron Devonport, Food Controller, has ordered that from May 20th the maximum retail price of maize, flour, maize meal and other like products shall be four pence for a pound. The maximum price of oatmeal, rolled oats and flaked oats will be 2½ pence.

Change Islands Notes.

On Easter Monday the Methodist Ladies' Aid held their annual tea and sale of work in the L.O.A. Hall. The ladies outdid their efforts of previous years, both in the sumptuous tea and the work which was displayed; the proceeds amounted to one hundred and twenty dollars. Many of the members of the F.P.U. who paraded in the afternoon patronized them.

Tuesday, April 10th saw the L.O.A. Soiree. Leaving their hall, the Orange-men marched to the Methodist Church where they listened to an impressive sermon from Rev. J. A. Wilkinson. On their return to the hall they sat down to a splendid feast, being catered to by the Ladies' Aid. The remainder of the evening was very enjoyably spent with games.

On Wednesday a merry evening was passed by the younger members who tripped the light fantastic in great style, with their bonny partners. A very daring robbery was committed on Thursday, 19th, when the Post Office was broken into and one hundred dollars stolen. The Postmistress, Mrs. Porter, also keeps a small shop, and the thieves appropriated five lbs. of tobacco with some small change. Magistrate Cook and Constable Shave of Fogo, were here for a while making inquiries, but no arrests has been made as yet. We trust that the guilty persons will be discovered and punished.

Mr. W. H. Earle left last Sunday for St. John's.

We are still without a doctor, but hope soon to have one among us, as we understand applications have been received by the committee. In the meantime, Dr. Sweeney, of Fogo, whose services are engaged for six months, gives every possible satisfaction.

It is rumored that there is to be a change in the management of the C. I. branch of Earle, Sons & Co. Ltd.

During the winter the Young Ladies' Union disbanded and sold their hall to the F.P.U. The proceeds of the sale were divided and presented to the two churches. The Rev. J. Prescott, of St. Margaret's publicly thanked the ladies for their very generous gift, and announced that he intended buying a piece of furniture to be placed in the church in memory of the Union.

Mr. E. D. Elliott went to St. John's on Saturday, via Lewisporte.

Private Fred Roberts was among the returned soldiers who arrived at St. John's last week. Fred fought July 1st, when glory and fame for Newfoundland were dearly won by our brave boys. A great reception is awaiting Private Roberts, and we hope the sight of our hero will move the lads of Change Islands to go and fight in defence of our glorious Empire.

Argyle Breaks Main Shaft.

The S. S. Argyle, while leaving Lawn yesterday morning, met with a serious accident to her machinery when the main shaft of her engine broke in two. A number of motor boats which were fishing on the local grounds were signalled and after much difficulty towed the disabled ship back to port, where she now rides at anchor. A ship engaged in special service was despatched yesterday afternoon and will tow the Argyle to this port where she will be docked and a new main shaft installed. Last month the Argyle came off dock after undergoing her annual overhauling prior to resuming her work in Placentia Bay.

The ill-founded reports that were being circulated yesterday that the ship had met with a fatal accident and sunk caused much anxiety among relatives and friends of those on board. The person responsible for this should be severely dealt with.

LOCAL SALMON. — A number of salmon, the first for the season, were secured yesterday at Blackhead, Portugal Cove and Bauline. The fish averaged about nine pounds and sold at a good figure. Herring at St. Philip's and along the South East coast of Conception Bay have been fairly plentiful the past few days.

NOTICE. — DR. HOWLETT has resumed his practice.

Committed for Trial to Supreme Court

The lad Redvers Harris, of Glovertown, B.B., who is charged with an unnatural and most revolting crime, was in court this morning when the preliminary proceedings in connection with the case were heard in private before Mr. Hutchings, K.C., J.P. The mother and sister of the accused were the only witnesses examined. Supt. Grimes appeared on behalf of the Crown, but the prisoner was not represented by counsel. After the taking of the evidence the prisoner was committed for trial to the Supreme Court, and at noon to-day was taken to the Penitentiary to await his trial.

RECENT BRITISH CASUALTIES.
LONDON, May 9.
Andrew Bonar Law to-day stated in the House of Commons that the British casualties in the recent offensive on the Arras front in France were from 50 to 75 per cent. fewer than those in the battle of the Somme.

GERMANS STILL HOLDING FRESNOY.
LONDON, May 9.
British Headquarters in France, May 9.—Most of the ground lost by the British in the vicinity of Fresnoy has been regained. The Germans are barely holding Fresnoy Village itself.

FRENCH TAKE TRENCHES.
PARIS, May 9.
The French last night captured the first line German trenches over a front of three-quarters of a mile northwest of Chevreux, near Craonne, the war office announces. The French took 160 prisoners. During the night the Germans made repeated counter attacks in force against the important positions taken from them, on the plateau of Chemin-des-Dames, and on California Plateau. Although the Germans were stopped by French artillery and machine guns, new assaulting waves resumed the effort several times until the ground was strewn with German dead.

IMPORTANT ACTION.
LONDON, May 9.
Everything indicates that the present struggle on the British front is regarded by both sides as one of the most important actions of the war, but it may be many days before any decision is reached.

GERMAN OFFICIAL.
BERLIN, May 9.
Fresnoy, on the Arras battle front, has been held by the Germans against fresh attacks by the British. An additional hundred prisoners have been captured, says to-day's official headquarters statement.

PREDICTING VICTORY.
AMSTERDAM, May 9.
Von Hindenburg is again predicting victory, according to the Berlin Tagblatt. The paper quotes the Field Marshal as saying, in reply to an address from the Senate and Second Chamber, "The soldier spirit

Devlin, Nationalist member for Parliament from Belfast, on behalf of Irish interests, has offered the Government half the public houses in Ireland for two million pounds. The offer would mean the closing of between 7,000 and 8,000 establishments, and is favorably considered by Chief Secretary Duke, who will consult with the Government.

NEW WAR LOAN.
COPENHAGEN, May 9.
The Berlin Tagblatt says that a bill will be introduced in the Reichstag within a few weeks for a new war loan. According to statistics compiled by the United States Federal Reserve Board, Germany's war loans up to December 31st last aggregate \$11,226,000,000.

SUPPORTS THE KAISER.
AMSTERDAM, May 9.
The following resolution in regard to the distinction made by President Wilson between Germany's nation and its rulers, was passed at a meeting in Posen of the Imperial League of German towns, which claims to represent five and a half million Germans: "In a fearful struggle for its lawful rights against a world of enemies, the German people stands with closed ranks behind its Kaiser and Government. It has greeted with joyful satisfaction the proclamation of unrestricted U-boat warfare, which aims at protecting Germany against the unlawful starvation policy of Britain's sea-power." The League declares further that the German people does not desire to have a friendship pressed upon it of a Government like that of North America, which has done nothing to combat and overthrow Britain's inhuman and illegal starvation plan.

CHINA AND THE WAR.
PEKING, May 9.
Premier Tuan Chijui and the entire cabinet addressed a secret session of parliament to-day and urged the passage of a resolution declaring war against Germany. The resolution was referred to the standing committee for consideration on Thursday.

AT PHILADELPHIA.
PHILADELPHIA, May 9.
Former Premier Vivian, Marshal Joffre and other members of the French mission, arrived in Philadelphia this morning, and under escort they at once began a whirlwind tour to view the points of historic interest in the city.

DON'T WANT INDEMNITY.
COPENHAGEN, May 9.
The Bavarian Statzt Zeitung, a semi-official Bavarian newspaper, and the principal organ of Premier Count

Hortling, publishes an inspired article denying the necessity of Germany's demanding indemnity as one of her peace conditions. The article in the Staat Zeitung is regarded, in view of the circumstances, as important, reflecting the ideas of the Bavarian Prime Minister.

SOCIALIST MISSING.
LONDON, May 9.
It is reported in a despatch from Copenhagen that Nikolai Lenin, the Russian Radical Socialist Leader, has been missing for two days. The despatch, which quotes the Svenska Dagblad of Stockholm as its authority, says nothing is known as to Lenin's fate.

A NIGHT OF TERROR.
From a Staff Correspondent of the Associated Press at the British Headquarters in France, May 8.—"The laconic statement in this morning's British official communication that the enemy's artillery was active at intervals throughout the night between Fresnoy and Loos, and that our artillery replied, dismisses in coldly official language one of the most marvelous spectacles of night-firing the world has ever seen. It was a night made for terror. Great angry clouds scudded across the sky successfully masking all attempts of a full moon to break through the cumulus barriers. Eventually the heavens opened and poured forth a torrent of rain upon the hot cannon and the flames raging along the blood red line of battle. A thunderstorm in its greatest fury could have broken above this appalling artillery duel, however, and been completely swallowed up, its electric flashes lost in the blinding conflagration of the guns, its thunder peals drowned in the reverberating waves of the crashing futility, which came from below, cannon and bursting shells with almost equal violence. Nature withstood the terrific bombardment until nearly dawn, when the rain falling to bring it to an end, fog shut down and

put a stop to the clamorous uproar as suddenly as if some word of supreme command had been shouted aloud above the din of battle. There were a few parting shots through the enveloping mist from either side, and then absolute silence reigned. It was a fascinating spectacle to watch through the night, holding one in a spell of speechless awe.

TURKISH AGENTS AT WORK.
LONDON, May 9.
According to official information received in London, a number of Turkish agents are at work in Switzerland with the object of assuring the continued existence of Turkey. Provided the Turks are not driven out of Constantinople it is understood a willingness is expressed by the Turks to allow complete freedom of the Dardanelles to all comers.

COULD NOT ANSWER QUESTION.
LONDON, May 9.
Replying to a question in the House of Commons to-day whether any pledges were given to France or Italy which might interfere with the establishment of an independent integral Jewish Palestine under British or American protection, Lord Robert Cecil said he was afraid he could not answer any question with regard to pledges which might or might not have been given to Britain's allies in connection with terms of peace.

RUSSIA AND COALITION.
PETROGRAD, May 9.
The Russian Government to-day issued a declaration in favor of a coalition ministry.

THE WEEK'S LOSSES.
LONDON, May 9.
Twenty-four British merchant vessels of more than 1,600 tons each were sunk during last week, it was announced officially, and 22 vessels of less than 1,600 tons, while 16 fishing vessels were also sunk. The Admiralty announces the sinking of a Brit-

ish mine sweeper by a torpedo on May 5th, with a loss of two officers and 20 men. A falling loss of British ships is shown by this report. Last week's statement gave the number of lost ships of more than 1,600 tons as 38, under 1,600 tons, 13, fishing vessels 8.

AUSTRIAN OFFICIAL.
VIENNA, May 9.
An official issued to-day by the war office says, in Southern Bukovina we repulsed Russian reconnoitering detachments. Otherwise there is nothing to report. On the neck of land between Lakes Ochrida and Presba (Macedonia) on Monday, Austro-Hungarian-Turkish troops frustrated an enemy thrust.

Fishery Prospects Poor
May 5th. From R. Furneaux (Rose Blanche to Hr. LeCou).—The catch to date is 11,200 qts. with 30 for last week. There was no weather for fishing this week and nearly all the boats have gone from here and are getting ready for work on the Cape Breton coast. Some have gone east to Connoire. Prospects are very poor and there is no bait to be had.
May 5th. From F. R. Dinham, (Eagle Point to Mall Bay)—Prospects are very poor to date and only a few herring are obtainable for bait. The lobster fishery is very good so far. Twenty-five dories and skiffs are fishing with codnets but very little is being done.

Sank German Submarine
We learn that the S. S. Graciana had the proud experience, on her last voyage across to England, of sinking a German submarine by which she was attacked. The merchantman was fired at immediately she was sighted by the German underwater craft. Fortunately the merchantman was armed and a fierce encounter at long range ensued, the Hun coming off second best. Several shots were exchanged, the sub firing six without effect, but the fifth shot sent by the merchantman proved true. An explosion followed on board the submarine and, without further ceremony, she and her crew went quietly below. A vigilant look-out was kept on board the merchantman, but there was nothing seen afterwards to cause excitement.

Prices Interesting.

We have just received a large shipment of Teas from Ceylon but same is being rapidly depleted.

We are, however, booked up for later deliveries, though at slight advances, and can at the moment (if you act quickly) book you up for Fall deliveries.

We anticipate that it will be very difficult to get freight space from Ceylon later, as it is not easy now, and we understand imports via New York are not up to requirements, which, combined with difficulties of exchange, insurance, etc., have given rise to talk of very high tea prices.

If you are a Tea Buyer and wish to avoid paying high prices now, and more especially in the Fall, call in and see us immediately, phone or wire.
