Winsome Soap

Here is reached the very pinnacle of achievement in toilet soaps. Never have the world famous Vinolia Laboratories created a soap of which they are more proud than of this—the pure, white, dainty free lathering Winsome.

Only the very choicest coconut and palm oils from our own plantations are used.

And not only absolutely pure—but prepared after years of study of the water and climate conditions all over Canada—with a view of giving to Canadian women a soap made scientifically and exclusively for them.

Make a lather in warm water with 'Winsome' Soap. Use both hands and gently massage every inch of the face and neck, work the fingers into the skin and take a little time to it. Then rinse thoroughly and dry with a soft towel. If your skin is naturally dry, use a little Vinolia Vanishing Cream before you wash, and a little after. If your skin is naturally oily, wash in warm water, but always rinse in cold.

Keep this up daily and neither rouges nor powder, rough winds nor hot sun, can injure your skin. 'Winsome' Soap "treatment" will make it naturally robust and glowing with color and beauty.

NOTE AND COMMENT

The latest census shows the population of London, Eng., to be 7,460,201, the highest on record.

Canada occupies a proud place in the financial world today. Our money is worth more than that of any other country in the world.

The best money-maker on the farm is the hen. She turns grass into greenbacks, grain into gold and from the sand and gravel she coins silver.

A forged cheque is passed every three and a half minutes of every banking day in the United States, with losses totalling one hundred and fifty million dollars in 1921.

Hon. T. A. Crerar has resigned the leadership of the "Progressives" in the House of Commons and also his seat. At a convention in Winnipeg on Saturday Robert Forke was unanimously elected to the leadership. Mr. Forke is member for Brandon.

The city council of Lakewood, O., has passed a by-law prohibiting dogs from barking after the curfew rings at night and owners of dogs guilty of barking at night will be fined \$1 per bark. Next thing will be to prohibit the moon from shining except when the council directs.

Anyone close to the printing business realizes the almost unlimited possibilities for typographical errors. Take the word "reacts." These six letters can be set to produce 20 different combinations; the same six letters can be formed into seven different words: caret, casters, caters, crates, reacts, recast, traces.

The Picton Gazette directs the attention to the fact that the sales manager of a big manufacturing concern stated in an address recently that their prosperity was due to extensive advertising in national and local newspapers supported by good salesmanship. He believes that the lack of advertising was responsible for most business failures.

We do not think that a man, under present conditions in this country can make a sufficient contribution to the national wealth in a 44-hour week. To lift the country to the plane of prosperity it should enjoy requires the work of many hands, working through many hours. If each of us would do a little more, rather than a little less, general conditions would soon reflect it.—Collingwood Bulletin.

The School Fairs of Ontario, have become an important institution, with results of a most helpful character. Four hundred and eighty-nine School Fairs were held this year with 4,266 schools taking part. No less than 109,015 pupils last spring secured eggs or seeds in preparation for these fairs. The exhibits were better and contests keener than ever before. From the standpoint of encouragement to excel these fairs are of greater value than the average fall fairs.

With the construction period for this year now over the highway department at Toronto on Thursday made public at the Parliament building a statistical abstract of its season's accomplishments. It revealed the construction of about 300 miles of highways, the accomplishments of much preliminary grading and other work and the expenditure of approximately \$10,000,000. Of this \$10,000,000 the Dominion pays a share and the municipalities benefitting pay 20 per cent. of the total.

Fort William Times-Journal: There is far too much serious effort wasted on silly fads connected with fashions of skirts, stockings and hair. The latest is that a few girls in a Toronto institution bobbed their tresses and were taken to the police station and locked up there for the night. Recently it was reported that a hospital had discharged all nurses who had bobbed their hair. Surely they have other means of enforcing rules in a girls' home than sending the inmates to a police station as a punishment.

According to a recent announcement, certain nutrition specialists of Cornell College of Agriculture are working on a canning budget that will serve as a guide for the amounts of canned fruits and vegetables needed to keep a family of five well nourished for a year. The budget recommends the use of tomatoes four times a week, green vegetables six times, starchy vegetables three times, and fruit ten times a week. The quantities of food such a family might well use are about 80 quarts of tomatoes, 120 quarts of green vegetables, 50 quarts of starchy vegetables, 220 quarts of fruits and 40 quarts of conserve, jam and jellies. Because of the presence of anti-scorbutic and water-soluble vitamins, the budget says, tomatoes are provided in quantity, but the use of oranges at certain seasons of the year may somewhat decrease the amount of tomatoes used. Either oranges or tomatoes are desirable for children

throughout the year. The amount of vegetables stored if it continues, such as cabbages or celery, affect the quantity of green vegetables provided by the canning budget, and the amount of fresh or dried fruits such as apples, prunes and oranges used during the year must also be considered in estimating the amount of fruit to be canned.

GUARD THE BABY AGAINST COLDS

To guard the baby against colds nothing can equal Baby's Own Tablets. The Tablets are a mild laxative that will keep the little one's stomach and bowels working regularly. It is a recognized fact that where the stomach and bowels are in good order that colds will not exist; that the health of the little one will be good and that he will thrive and be happy. The Tablets are sold by medicine dealers or by mail at 25c a box from The Dr. Williams' Medicine Co., Brockville, Ont.

A baby over in Ohio gained ten pounds a week when fed on elephant milk. Seems incredible, but then there is a chance that it was a baby elephant.

Eases Kitchen Work

To Women Who Do Their Own Work: Suppose you could save six minutes every day in washing pots and pans—two minutes after every meal. In a month, this would amount to a saving of three hours of this disagreeable but necessary work. This saving can be made by using SMP enameled kitchen utensils, as their smooth sanitary surface will not absorb dirt or grease. No scraping, scouring or polishing is needed when you use Diamond or Pearl Ware. Soap, water and a dish towel is all you need. Ask for

SMP Diamond or Pearl WARE

Diamond Ware is a three-coated enameled steel, sky blue and white outside with a snowy white lining. Pearl Ware is enameled steel with two coats of pearl grey enamel, inside and out.

EGGS

Farm Produce Must, sooner or later, Be Bought on a Quality basis. We have made a start on Quality prices and intend to stay with it.

Quality makes satisfied customers—satisfied customers increase demand—increased demand stimulates the market and raises prices.

We took to the DUMP this summer \$1,500.00 worth of bad eggs. WHO IS THE LOSER? It is worth your while to figure this out.

Thousands of dollars lost on eggs of inferior quality.

WHY should Mrs. A—with poor, small, dirty eggs receive the same price as Mrs. B—with large, fresh, clean eggs?

THE DAY OF AVERAGE PRICE IS GONE. QUALITY BASIS is the right principle and must predominate.

WE WANT YOUR EGGS AND WILL PAY YOU A PREMIUM FOR FIRST-CLASS QUALITY. Try us out and be convinced. Your interests are our interests. Eggs are scarce now but keep us in mind when your production increases.

We have made a start on Quality Prices and intend to stay with it.

POULTRY

We have heavy orders and the market is uncertain. Every cent will count with you.

We want Ducks, Geese and Turkeys Next Week for American Thanksgiving.

CHICKEN and FOWL taken in every day. Highest prices paid.

Delivery

You know it costs heavy to collect, especially in off seasons. You share in this heavy cost---WHY NOT DELIVER DIRECT and receive the extra price that it costs us to collect. We will collect when quantity is plentiful, but in the winter why let us use your money up in trucking. You know it is expensive and unnecessary. ALL these items are counting now. We will make it well worth while to bring it direct.

RICH, RED BLOOD NECESSARY TO HEALTH

Weak, Watery Blood Needs a Tonic to Build it Anew

Why are we continually told that health-giving blood must be bright red? What has color to do with the quality? Just this—the oxygen in the air is the great supporter of all organic life. One function of the blood is to take the oxygen from the air—which it meets in the lungs and delivers to the tissues of the body. When the blood, filled with life-sustaining oxygen, is sent out by the heart, it is bright red. When it returns, impure and deprived of oxygen it is dark.

You will see, therefore, that there are two prime requisites of health, pure air and bright red blood—the pure air to furnish the oxygen, the rich red blood to carry it where it is needed.

Pale, anaemic people, whose nerves are on edge, who tire out easily, and who suffer from frequent headaches, do so because their blood is thin and watery. All such people can improve their condition through a fair use of Dr. Williams' Pink Pills, which enrich the blood, thus enabling it to carry oxygen to the system. Among those who have benefited from the use of this medicine is Mr. Charles A. Stayner, Glenholme, N. S., who says: "Some four years ago I found myself badly run down. I tired very easily, and found it difficult to do my work. My appetite failed and I slept badly at night. I was taking medicine, but it was not helping me, and I was growing weaker and weaker. A friend who called to see me advised me to try Dr. Williams' Pink Pills. I got six boxes and before these were done I felt better. Then I got six more boxes, and after taking them felt as well and strong as ever. Four years have passed since that time, and I have continued in good health and working all the time. I have recommended these pills to others and shall continue to do so."

These pills are sold by all medicine dealers or will be sent by mail, post paid, at 50 cents a box or six boxes for \$2.50 by The Dr. Williams' Medicine Co., Brockville, Ont.

FOREST

Mr. Frank Steele, local furniture merchant, was suddenly stricken Friday morning with a paralytic stroke, which has affected the right side of his body. While it is fully expected that he will recover, yet it will be some time before he will be able to be around again.

The 38th annual convention of Christians held in the Gospel Hall, Main St., Forest, on Saturday, Sunday and Monday was very largely attended, delegates being present from many outside points. The meetings were addressed by Mr. C. W. Ross of Kansas City, Mo., Mr. A. Livingstone of Toronto; Mr. Wm. Ferguson of Flint, Mich., Mr. Hugh Walker of Toronto and others.

Last week the Forest Creamery Co. received a cheque for \$100.00 from the Department of Agriculture Ottawa. The cheque is a bonus the Department gives to firms that have a cold storage built according to their plans and specifications, and that can maintain a certain temperature throughout the year.

At the annual meeting of the Ladies' Aid of Devine street Methodist church, Sarnia, Mrs. Wm. Bursh, formerly of Forest, who retires from the office of treasurer of the organization after 12 years of faithful service, was presented with an address and a beautiful bar pin set with a diamond.

CORN GROWERS AND LIVE STOCK MEN MEET

The regular fall business meetings of the Lambton County Corn Growers' Association and the Pure Bred Live Stock Breeders' Association were held during the week at the Agricultural Office, Petrolia.

The steady growth and progress that has been made by both of these Associations in the past has crystallized in a determined effort by all officers and directors to make the 1923 County Winter Fair a greater success than ever before attempted.

The Association has always endeavored to standardize the varieties of corn most adapted to this county and to assist its members in selecting and storing of choice seed. Remarkable progress and success has crowned the efforts of several county growers of seed corn. A reputation for a choice seed corn has been built up and several growers have developed a thriving business in seed corn throughout the Province.

A greater effort is being made to encourage the Junior Department of the Annual Corn Show. The number of school children competing in the Annual Show is in excess of the adult competitors. At the combined School Fairs and Agricultural Fairs held throughout the county during the past fall, the children's exhibits excelled the adult exhibits not only in number of exhibits but also in the selection of exhibits. This can also be said in reference to comparison of corn exhibits at School Fairs and Fall Fairs.

The Field Crop Competition, conducted annually since 1914, for which the late Hon. W. J. Hanna contributed a handsome trophy, has always been a keen stimulator to better corn growing. Mr. James Hand of Alvinston, has successfully won this competition on three occasions and now becomes the proud possessor of the handsome trophy. With a view to stimulating further interest in the work accomplished, Mr. R. V. LeSueur, M.P., law partner of the late Hon. Mr. Hanna, has advised the Association that he will present a second trophy to be offered in annual competition on the same conditions as the former Field Crop Competition.

The Live Stock Breeders' Association is greatly pleased with the offering of choice stock that will be contributed to the coming sale. There has been a steady improvement in the quality of the stock that has been contributed yearly since the inception of the sale in 1917. The Departmental inspector will be advised this year to cull and select the animals more closely than they have in the past. The farmers of the county have always supported the annual sale. The choicest animals, as to breeding and individuality, have nearly always found a purchaser in the county. This year's sale will offer a choice lot of heifers which should make good foundation stock and not be allowed to leave the county. The stock breeders of note in the county and the record of some of the sales this fall is rapidly drawing attention to Lambton Co. as a source of choice live stock.

All breeders of pure bred stock are advised to have their offerings for the Sale registered at once and to advise the County Agricultural Office of the number and kind of stock to be offered. The dates of the Corn, Grain and Seed Show, together with the Poultry Show and Live Stock Sale will be announced within two weeks.

Asthma Victims—The man or woman subject to asthma is indeed a victim. What can be more terrifying than to suddenly be seized with paroxysms of choking which seem to threaten the existence of life itself. From such a condition Dr. J. D. Kellogg's Asthma Remedy has brought many to completely restored health and happiness. It is known and prized in every section of this broad land.

BROOKE COUNCIL

Alvinston, Nov. 11th, 1922 Council met pursuant to adjournment. Members all present. Minutes of former meeting read and in notion of Loesmore and McLean were adopted.

Campbell—McLean, that Wm. Cummings be paid \$7. for one lamb worried by dogs and John Downing \$8 for one sheep killed by dogs.—Carried.

Mr. Wm. Kechago waited upon the Council stating he was driving on the Brooke and Metcalfe townline, between con. 11 and 12 and that his horse broke its leg by reason of a hole in culvert and it became necessary to kill the horse, which he valued at \$80 and asked to be compensated to that amount. Referred to the Reeve to take the matter up with the Council of Metcalfe.

Sutton—Loesmore, that Council open a Court of Revision on an assessment in by-law authorizing repairs to 12 and 13 sideroad, the Morley Zavitz and 8-9 con. drains. Reeve in the chair.—Carried.

Five appeals. Mr. Shaw, engineer, representing the Michigan Central Railway Co., sworn said, Mr. Code has asked that the Company afford a larger culvert than the one nearer the outlet. From information received the culvert is now large enough. Would suggest that culverts below be enlarged and leave the culvert under the track of the M.C.R. Co., as it is until such time as it proves insufficient.

Mr. James Gilroy, owner of E 1/2 lot 13 and W 1/2 con. 8, sworn said, Consider my assessment too high, lands in con. 6 not assessed nearly as high as in con. 8. Was not assessed for the original construction of the Morley Zavitz drain and consider I should not be assessed now.

Mr. Thos. Gardiner, owner of S W 1/2 lot 12, con. 5, sworn said, assessment too high, not having the same chance of using the drain as lands on east side of the drain. I also object to the earth being placed on my land. Amount allowed for damages not sufficient.

Mr. Basil Maddock, owner of E 1/2 lot 14, con. 9, sworn said, assessment for benefit on proposed tile drain too high. Do not use the drain for outlet. Consider \$25 would be sufficient assessment. G.T.R. lands wrongly omitted for the Morley Zavitz and also the 8-9 con. tile drain. Consider lands to east of railway should pay more as it is water from those lands that are using the drain.

Mr. W. W. Patterson served notice of appeal. Campbell—Loesmore, that assessment for benefit to 8-9 con. tile drain on W 1/2 lot 14, con. 9, be reduced \$15 and that G.T.R. lands be assessed \$5 for outlet to Morley Zavitz dr. and \$5 for outlet to 8-9 con. tile dr. and \$5 be added to 8-9 con. road and Court adjourn to open in Code's Hall Alvinston, at 2 o'clock p.m. on Friday the 15th day of Dec., 1922.—Carried.

Tender for the repair to Loesmore drain received from Carniel Naessens for \$512.60. Sutton—Campbell, that tender be accepted.—Carried.

Mr. James Hand asked for a grant to Corn Show. Campbell—McLean, that the sum of \$25.00 be granted to pay prizes for Brooke township. If the prizes exceed that amount an additional sum will be granted sufficient to pay prizes.—Carried.

By-law authorizing the levy and collection of the overpayment on the Morley drain submitted and read. Campbell—Sutton, that by-law be read a third time and finally passed.—Carried.

Brooke Municipal Telephone System asked that \$800 be advanced for telephone purposes. Granted on motion of McLean and Sutton. By-laws authorizing repairs to 9-10 Sideroad and Smith-Patterson and 6-7 sideroad drains were each read a third time and finally passed.

J.P. McVicar, Esq., commissioner in charge of the construction of cement sidewalks in the Police Village of Inwood, reported the work completed at a cost of \$2100.10. McLean—Sutton, that report be accepted and by-law be prepared authorizing the issue and sale of debentures to return to Township the amount advanced to pay the work.—Carried.

By-law authorizing the issue and sale of debentures for the sum of \$2100.10 to cover costs of sidewalks on north side of James St., and east and west side of Park St., in the Police Village of Inwood, submitted and read. Sutton—Sutton, that by-law be read a third time and finally passed.—Carried.

By-laws authorizing the pro rata distribution of the sum of \$246.32 to the credit of the Cook drain, and the sum of \$286.50 to the credit of the Tutk drains submitted and read. Sutton—Campbell, that by-laws be read a third time and finally passed.—Carried.

Sutton—Loesmore, that Council do now adjourn to meet in Code's Hall, Alvinston, as per statute. W. J. Weed, Clerk.

CHAPTER III. The morning following his decision to play the role of angel to Billy Geary's mining concession in Sobrante, John Stuart Webster, like Mr. Pepps, was up betimes.

Nine o'clock found him in the office of his friend Joe Daingerfield, of the Bingham engineering works, where, within the hour, he had in his characteristically decisive fashion purchased the machinery for a ten-stamp mill. It was a nice order, and Daingerfield was delighted.

"This is going to cost you about half your fortune, Jack," he informed Webster when the order was finally made up. Webster grinned. "You don't suppose I'm chump enough to pay for it now, do you, Joe?" he queried.

"I'm going first to scout the country and in the meantime keep all this stuff in your warehouse until I authorize you by cable to ship, when you can draw on me at sight for the entire invoice with bill of lading attached. If, upon investigation, I find that this mine isn't all my partner thinks it is, I'll cable a cancellation, and you can tear that nice fat order up and forget it."

found her. I lost her, and I've found her again; and I'm not going to take any further chances." The porter, having delivered his charge's baggage in her section, was returning for another tip. Webster reached out and accosted him.

"Henry," he said, "where did you stow that young lady's hand baggage?" "Lower Six, Car Nine, sah."

"I have a weakness for colored boys who are quick at figures," Webster declared, and dismissed the porter with the gratuity. He turned to Jerome. "Neddy, I feel that I am answering the call to a great adventure," he declared solemnly.

"I know it, Jack. Good-bye, son, and God bless you. If your fit of insanity passes within 90 days, cable me; and if you're broke, stick the Colorado Con. for the cable tolls."

THOUSANDS PERISH BY EARTHQUAKE IN CHILE

A terrible catastrophe visited Chile on Saturday when earth tremors preceded a terrific earthquake with appalling devastation which wiped out towns and villages. With partial re-establishment of communication the catastrophe is revealed. It is estimated that at least 1000 are dead and many thousands in distress for food and shelter.

In addition to heavy casualties of dead and injured at Copiapo and Coquimbo, it was reported that 500 were killed at Valparaiso and the surrounding district. Valparaiso was virtually destroyed, and the survivors are in critical condition. It seems certain that there have been casualties in other towns and villages around Copiapo, to the south, concerning which no news is yet available.

The shake lasted three hours and twenty minutes and the effects reached 1200 miles. The panic-stricken people raced to the hills as the elements roared and the waves swept the shore. Several times the ocean swept outward and came back in the shape of great waves flooding the seaports. Boats in the harbors were swept on shore, wrecked and left high and dry. Wreckage strewn the shore for hundreds of miles.

BOSANQUET COUNCIL

Council met on the 6th inst. All the members present. Minutes of last meeting confirmed. The following orders were given: Jno. Nidderly and Hy Sharp \$1 each inspecting a sheep for W. Dobbie and Wm. Coutlis & Son \$4.63 for plank; Alex Lithrow \$24 for gravel; Joseph Aldridge \$25 drawing sand and work on B con.; C. Shepherd \$10 serving copies of Wadsworth dr. bylaw and \$5 assisting Provincial engineer on road to Government grant; N. Sitter \$5 assisting Provincial engineer on roads for government grant John Owan \$766.94 expenses of suit Carrothers vs Bosanquet and Canada Co. re flooding of his land to be chartered to the drainage area; Wm. Waller \$10 for gravel; N. Sitter and O. Walden \$2.50 each on commission on Rumford agreement drain and Abram Burch \$41 digging Rumford drain, the clerk to collect the amount from those interested as per agreement.

J. B. Elliott applied to have the Haney Drain repaired on 39 con. S. B. and Guy Turner applied to have the Russell Malmidment drain repaired and Mr. Donald was authorized to have the work done.

The revee and clerk were authorized to sign a petition to the Lieutenant-Governor in Council for a 20% grant on the Canada Co. drain.

Council adjourned to meet on Monday the 27th inst at 10 a.m.

The Court of Revision on the Coutlis and Wadsworth drain bylaws confirmed the engineer's assessment for same; and Court on each closed on the 6th inst.

SO WEAK COULD HARDLY DO ANYTHING

Now Looks After Home, Thanks to Lydia E. Pinkham's Vegetable Compound

Meaford, Ontario. "I was so weak I could hardly do anything and my back seemed the worst. I read so much about Lydia E. Pinkham's Vegetable Compound for women that I thought I would try it. I feel that it did help me for I am looking after my own home now and seem quite strong again. I have recommended your Vegetable Compound to quite a few friends and you can use my name if you wish to do so."—*Mrs. H. PORTEA, Box 440, Meaford, Ontario.*

In your own neighborhood there are doubtless women who know of the great value of Lydia E. Pinkham's Vegetable Compound. Women everywhere, either by word of mouth or by letter, recommend this splendid medicine. Those who have suffered from female weakness, change of life, and similar troubles know of the wonderful relief brought to them by the Vegetable Compound.

THE LATE ROBT. H. CLARK

The funeral took place Sunday to Hillsdale cemetery, Petrolia, of the late Robert H. Clark whose death came as a shock this weekend to many residents of Enniskillen township, where deceased was well known.

Mr. Clark was born near Edinburg, Scotland, in the year 1842 and settled on a farm in Middlesex county near Strathroy where he resided until 1879 when he moved to his present home, East half lot 24, con. 11.

When the family moved to the farm it was all bush and Mr. Clark with the aid of his sons cleared it up.

He married Miss Nancy Boyd in Middlesex in 1866 and there was a large family. Mr. Clark is survived by his wife, Robert Clark, near Parkhill, Thomas and Dave of Enniskillen township, John of Buffalo, James of Petrolia, Harry at home and Wilson G. Clark of Columbia, S.A. Mrs. William Blackstock of Enniskillen, 10th line east; Mrs. Angus Welch of Enniskillen, 8th line east.

Mr. Clark was a life long Conservative and took a deep interest in everything that pertained to the welfare of Enniskillen township and Lambton county at large.

The funeral was held Sunday at 2 o'clock from the family homestead 10th line east, and there was a very large attendance of relatives and friends. Interment took place at Hillsdale cemetery.

The post office at Comber was entered by thieves who broke open a box placed there for the collection of money for Northern Ontario Relief. The box had been emptied a day or two before and the thieves secured only a small amount of money.

In a statement just prepared by Dr. Robt. Laird, treasurer of the Presbyterian Church, it is shown the sum of \$169,660 has been contributed by the Presbyterians of Canada to the Forward Movement Peace Thanksgiving Offering Fund during the first three-quarters of the present year. He draws attention to the fact that members of the denomination on the Dominion over have subscribed a total of \$3,936,320 including this year's gift, to the Forward Movement Fund since its inception.

The fruit on the branches of your apple tree that overhangs your neighbor's property still belongs to you and you can enter on your neighbor's land and get it subject to any claims for damages that might arise. On the other hand it had been held by the courts that the owner of the land encroached upon is entitled to cut the branches so far as they overhang provided he does not trespass on the adjoining land. Hence if your neighbor does not cut the overhanging branches but allows the fruit to ripen on them, such fruit would belong to you.

Isn't he human beings funny? We spend money for gasoline, we take in picture shows, eat ice cream, drink soft drinks, smoke smokes, and indulge in hundreds of things that bring us nothing but the entertainment of the moment. No permanent benefit comes to us from any of it, but we never think of kicking about it. It is only when we come to pay taxes, the thing that gives us schools, roads, sidewalks, public buildings, government and permanent benefits, that we rise up on our hind legs and holler our heads off. Aren't we humans funny?

DRUGS "THE REXALL STORE" STATIONERY

The two-year-old son of Mr. and Mrs. Lewis R. Lusk, Parkhill, was drowned Friday morning in the creek which runs back of their home. The child was playing alone in the yard, all the other children being at school, and it is thought that he wandered to the edge of the creek and fell in. His mother missed him and she discovered the body in the water. A doctor was called, but it was too late to resuscitate the little fellow.

The death occurred at his late residence, Carrie street, Strathroy, on Friday night of William Thomas Branton Lewis, a well-known citizen in his 85th year. Mr. Lewis was born in England and came to this country 79 years ago with his parents. He retired from his farm about 13 years ago, coming to this town. He is survived by one son, John, of Kent Bridge, and one daughter Miss Lily, at home.
