SHAUGHNESSY ON THE S

He Says Now That He Wants Two Melons, and That His Request for No. 1 is Still Before the Government and Parliament.

MONTREAL, Oct. 4.—(Can. Press)—The \$60,000,000 of new stock authorized by the C.P.R. shareholders on Wednesday has nothing to do with the application recently made to the parliament for power to issue an unstated amount. Sir Thomas Shaughnessy made this plain today when he said:

"The increased capitalization we have applied to parliament for must stand on its own bottom. It has nothing whatever to do with the \$60,000,000 the shareholders authorized us to issue on Wednesday. The amount of the increased capitalization for which we have applied to the government, the future needs of the Canadian Pacific will have to determine."

The application to Ottawa, Sir Thomas stated, was not for \$100,000,000, as generally believed, but for another figure, which the Canadian Pacific president did not feel at liberty to disclose at the present time, owing to the fact that it had not yet come before the Canadian Parliament.

The World takes this to mean that Sir Thomas has got himself, and perhaps the government at Ottawa, in a box by his hasty and arrogant conduct.

And he is trying to sidetrack it by framing up a huge new application for additional stock, probably for a quarter of a billion dollars, on the pretext of building enormous new terminals, double-tracking the entire system, a sweeping steamship consolidation, including the taking over of the Allan Line, and a great increase in the fleet of steamships on the Pacific to Asia and Australia. And with all these he will be prepared, if his request for another stock issue is granted, to make substantial concessions in the matter of railway-rate reductions.

The World's fight against the High Finance of the Melon Brigade is beginning to bear some big fruit of a kind not contemplated a few days ago!

The Richest and Most Daring Robber in the World.

The Canadian Pacific is rich beyond any company in the world! It has money and other assets in hand sufficient to rebuild its system!

It dare not expose to the world what the value of its real estate holdings is.

It has never put a proper valuation on the securities and shares in other companies that it keeps in its strong boxes.

It can raise a Billion Dollars tomorrow without going to the money market!

And yet today with all this wealth it is delinquent in supplying railway facilities to the country it is franchised to serve. Toronto is neglected; all Ontario is neglected. The west was blocked last winter and it will be this winter. Suburban trains and commutation tickets are refused. It runs sleeping cars that should have gone to the junk heap years ago. It puts its maintenance-of-way men out of business, because they were organized to improve their welfare. It would have put the telegraphers out of business a fortnight ago if it could. It has men in its employ who have to work for seven days a week regularly!

And yet it is better in these respects than other roads!

Nevertheless it is rich, defiant of the law, arrogant toward the people, reckless as to public rights and guilty of distributing hundreds of millions of money unjustly and wrongfully among its favored shareholders at the expense of those who pay its railway tolls!

Sir Thomas Shaughnessy and his fellow directors have made this last stock exploitation of theirs in the manner they have made it (common stock worth \$275 sold at \$175) so that they could put sixty millions of dollars in the shareholders' pocket. There was no other way to do it. And when Sir Thomas Shaughnessy says he is "retiring debenture stock," "wiping out fixed charges," and other guff of this kind it is all done to cover up a fraud and a raid on the people of Canada who have never asked other than justly and generously with the Canadian Pacific Railway.

Sir Thomas Shaughnessy and his fellow directors are exploiting the people of Canada financially much more than serving them with transportation! And they'll keep on doing it as long as the government and parliament of Canada allow them to do it.

And equally guilty are those newspapers, like The Montreal Star, that sit dumb while it is being done. Sir Hugh Graham and his Montreal Star and Naval Defence are only Sir Hugh Graham and Sir Thomas Shaughnessy and The Montreal Star tapping the Canadian people of their money at another tap! Where is The Toronto Mail? The Toronto Globe? The Toronto News? The Winnipeg Telegram? The Montreal Herald?

This last act of Shaughnessy's will make more annexations in the west and in the east than anything else that we know of!

And if the Borden Government stand by and allow the plunder they must share in the obliquity thereof as well as in the consequences of it. It is more than two days since the plunder was grabbed, but no one has yet heard of any move by the ministers that have assumed the task of Public Policemen.

Welcome League Will Meet Hon. R. Rogers

Hon. Robert Rogers will be approached by a delegation of the British Welcome League next week and asked for financial assistance from the government to further the work of the organization in Toronto. The league is doing a great work in helping the newcomers from the old country. Last month 187 availed themselves of the hospitality of the league against 117 for the same month last year.

Last Performance Today. There will be only two more performances of "The Enchantress" here at the Princess, before the big musical organization in which Kitty Gordon is the star, departs for an extended road trip. Matinee today, and tonight.

ACCUSES UNION OF FINANCING DYNAMITERS

State Seeks to Establish That Ironworkers Had Fund for Express Purpose of Carrying Out System of Explosions Thruout Country, and That Finances Were Juggled

INDIANAPOLIS, Ind., Oct. 4.—(Can. Press)—Extracts from a little green checkbook, in which the executive board of the International Association of Bridge and Structural Ironworkers is charged with having kept an account of money paid out for dynamiting jobs, were read at the trial of the defendants in the "dynamite cases" today.

District Attorney Miller told the jury that the executive board met regularly and appropriated money for explosives. The money, he asserted, was paid by cheques signed by President Frank M. Ryan. One of the stubs read "expended for organization purposes, \$225, at Clinton, Ia." It would be shown, Mr. Miller said, that Orrie E. McManigal was paid that sum for an explosion at Clinton and that the whole system of explosions thruout the country were carried on with the approval and support of the officials and executive board of the union.

Finances Juggled. "We will show," said Mr. Miller, "that the finances of the Ironworkers' Union were juggled. McNamara wrote to Ryan suggesting that the constitutional provision for publishing the accounts in the union magazine be suspended, that no outsider might learn what was done with the money. Ryan put it up to the union's executive board, which sent out a circular letter announcing it was considered wise to suspend publication. This shows the executive board members to be parties to the conspiracy. Before a strike was called there were no explosions, but as soon as it was called they began."

A Cincinnati "Job." McGonigal, secretary of the West Chester, Pa., branch, would be shown, Mr. Miller said, was one of the men who promoted explosions in Pennsylvania. Davis formerly was an executive board member.

Mr. Miller read a letter in which William Bernhardt, secretary of a local union at Cincinnati, was alleged to have said a police judge in Cincinnati had dismissed charges against union officials so often that he said "Don't let this bunch come before me again or I'll do something."

McManigal hesitated about blowing up jobs in Peoria, Ill., according to Mr. Miller. Edward Smythe, business agent there, wrote: "Don't fear, I have friends on the police force here. In fact, I control the police."

The first probably will be heard on Monday.

PATH CLEAR FOR MORE C.P.R. ISSUES?

Every Bill Authorizing Construction by Railway Since 1892 Said to Contain "Jokers"—Fear Expressed That C.P.R. Can Go on Defying Public.

OTTAWA, Oct. 4.—(Special)—The action of the C.P.R. in issuing \$60,000,000 of increased stock under the authority of an act passed away back in 1892, has brought to light the somewhat remarkable fact that since that date there have been incorporated in every subsequent bill to authorize the construction by the company of branch lines, provisions, or clauses, similar to those under which the company is now issuing its additional capital stock in lieu of debenture bonds.

It is now pointed out by legal men that, altho the power of the C.P.R. to issue capital stock in lieu of the ninety millions of debenture bonds specified in the act of 1892, is exhausted, there remains the possibility of a right of their part to issue without the sanction of the government many millions additional capital stock by virtue of the provisions of the subsequent legislation mentioned above.

Just how much stock could be issued in this way, and by virtue of these various acts, is a matter of speculation, but it might be sufficiently great to meet the future requirements of the company.

It would, therefore, seem that as far as future C.P.R. stock issues are concerned the company can act just as independently of any administration as it did on Wednesday last, unless steps are taken to wipe out such legislation, which apparently passed thru parliament without its real significance being realized.

JAMES G. BEGG DIED YESTERDAY

Well-Known Insurance Man Lived in Toronto Twenty Years After Coming From London, Ont.

James G. Begg, aged 75 years, died yesterday after two weeks' illness at his home, 378 Brunswick avenue. He had lived in Toronto for about twenty years, and for most of that time was connected with the Manufacturers' Life Insurance Company. He was born in Edinburgh, Scotland, and came to Canada when quite young, settling in London, Ont. He was a member of Old St. Andrew's Church. Four sons—Charles, Evan, George and Gordon, all of Toronto, and one daughter, Mrs. C. H. Cowan of Chilliwack, B.C., survive. The funeral takes place to Mount Pleasant cemetery on Monday.

LAND COMPANY FOR TORONTO.

OTTAWA, Oct. 4.—(Special)—The Canada Gazette gives notice that the Southern Ontario Land Company, Limited, has been incorporated with a capital of \$250,000, divided into 250,000 shares of \$1 each. It will make Toronto its headquarters.

PUBLIC OWNERSHIP IN AYR.

GALT, Oct. 4.—(Special)—Today the Village of Ayr took the initial steps in the matter of municipal ownership of public utilities. A bylaw to purchase the electric light and power plant was carried by a majority of 28. The next step will be for a municipal water-works.

HELD PRISONER IN A QUEBEC MONASTERY

Student Who Will Take Course at McMaster Was Converted to Protestantism, and as a Result Was Persecuted and Imprisoned by Roman Catholic Authorities.

McMaster University authorities and the student body of that seat of learning are exultant over a recent acquisition of a remarkable student with a startling series of experiences. The student's name is Kryzanski. According to the statements made by him and attested by the Baptist authorities in Montreal he has been subjected to persecution and imprisonment in a Quebec monastery.

Several months ago Kryzanski arrived in Montreal to be a foreign language teacher in a Roman Catholic institution. He knew five languages and had always lived in a Roman Catholic environment. Out of curiosity he attended the Polish Protestant Mission at Montreal and was so much impressed by what he heard that he called on the Baptist missionary in charge. His conversion to Protestantism followed. When he informed his Roman Catholic superiors, it is asserted, they took him to a monastery and kept him a prisoner until he eluded their vigilance. He got to Montreal and became the guest of two Baptist missionaries. Arrangements were then made for him to take a theological course at McMaster University, and to assist in the Baptist Mission work among the Poles in Toronto.

ROOSEVELT NEVER ALLIED WITH TRUSTS

Denial of Most Sweeping Kind Given by Colonel to Charges That He Had Ever Knowingly Profited by Contributions of "Big Business."

WASHINGTON, Oct. 4.—(Can. Press)—Theodore Roosevelt, for seven years president of the United States, and candidate for re-election on the Progressive ticket, occupied a witness chair for three and a half hours today before a senate investigating committee, defending his administration, himself and his campaign associates against what he termed "infamous charges" and "hearsay evidence."

He appeared before the committee at his own request to answer the statements made in August by John D. Archibold, that the Standard Oil Co. had given \$100,000 to the Republican campaign fund in 1904, under the impression that President Roosevelt knew of and approved acceptance of the contribution.

Not only did Col. Roosevelt deny this, but he put into the formal records of the committee a sweeping denial that he had ever solicited funds from anyone while president; that any money had been received by the 1904 campaign committee with an express or implied promise of favors from the administration; that excessive funds had been used in his 1904 or 1905 campaigns; or that money had ever been improperly used in his behalf so far as he knew.

In reference to the Harriman fund of \$200,000 raised in 1904, Col. Roosevelt declared the statements of J. E. Morgan, George R. Sheldon and others had fully corroborated his earlier statements that this fund was raised expressly for the New York State campaign, and had not been solicited by him for his own support in the fight for the Republican nomination that year.

Cheered Colonel. The sessions of the committee were picturesque thruout. Col. Roosevelt arrived at the committee-room fully ten minutes before the hour of opening. His progress into the building was marked with cheers from a throng that surged thru the corridors.

Col. Roosevelt was placed in a chair with a little square platform, from which he looked down upon the table, at which sat Senators Clapp, Oliver, Pomerene and Paynter.

THIRD DAY IN BIG CONTEST

Thousands Scanning Proverb Pictures in Effort to Win Shares of \$5000 in Prizes.

More than usual interest is already being shown in The Toronto World's interesting and fascinating proverb contest. Every mail brings letters of comment and praise for the attractive and instructive features that the illustrations provide. Persons everywhere have caught the idea quickly, and the competition promises to cover a wide scope of territory. The demand for The World in the last few days has been enormous and there seems to be no letting up to the increase of new readers that are being added daily.

Every reader who follows the contest will be doubly repaid in the knowledge he or she will acquire of these popular and well-known English proverbs. They are the "wise and witty sayings" of famous men and women.

WANT A PARK ON WATERFRONT

Beach Ratepayers Will Ask the Board of Control to Secure Land Other Than Glen Stewart.

At a meeting of the Beach Ratepayers' Association, held last night in Balmy Beach Club House, the following motion, moved by Mr. Dingman and seconded by Mr. Nugent, was carried: "That while this meeting is in full accord with the desire of the city council to secure a park for the east end, it is suggested that instead of purchasing Glen Stewart, the city immediately secure the entire waterfront, not already owned by the city, from Coatsworth's Cut to the eastern city limits, as well as a strip two or three hundred feet back from the beach, and also purchase Victoria Park for park purposes."

Wm. Orr, chairman, and Mr. Watt, secretary, were authorized to appoint a committee of ten to present the resolution to the board of control.

Ex-Controller Baker remarked "that the people who were in favor of the city purchasing the above mentioned strip of land along the waterfront were the property owners, storekeepers and real estate dealers, who would lose custom should the Glen Stewart deal go thru."

MEN'S HATS TODAY.

During the past week the Dinsen Company, 140 Yonge street, has received some of the latest designs in men's hats from the big manufacturers in England and the United States. These complete an exceptional display, not possible to duplicate elsewhere in Canada. This is made more apparent from the fact that Dinsen is sole Canadian agent for Henry Heath of London, Eng., and Dunlap of New York, two of the greatest hatters in the world. The Dinsen store will remain open until 10 o'clock Saturday night. A hat for every man at any price you care to pay.

DUNCAN DENIES SHOWING BANK PAPERS

Says Some Are Looked In Vault at Osgoode Hall—Witnesses Called to Swear to Duncan's Truthfulness—Inspector Denies Friendliness With World Reporter.

M. K. Cowan, K.C., counsel for Inspector of Detectives Walter Duncan, had a strong defence prepared for his client when the police commissioners met for the third time to investigate the affairs of the Toronto Detective Department. Many prominent men were called by the attorney, including lawyers, doctors and others.

Only one witness was called by the commissioners, and that was Joseph Rogers of the provincial police. Col. Denison, as at former sittings, did all the cross-examining. Mr. Duncan again testified that his attempt had been made to bribe him so that the statement made by Travers in No. 3 police station could be seen. He also knew that the stenographer had been approached with a money offer. The inspector wanted the commissioners to get this statement out of his desk and read it. They would then see that not a line of its contents had ever been published by any paper.

In discussing the care of the papers of the Farmers' Bank he said that his department had informed him that some of the papers were in a vault at Osgoode Hall, which had never been used by the royal commission.

An adjournment was taken sine die to allow some more evidence for the defence to be put in.

In all of his dealings with Inspector Duncan he had always found him thoroughly reliable and honest, stated R. Greer, K.C., county crown attorney. He was associated with Duncan very much during the first months after he received his office, and he always was assisted greatly by the inspector.

"Would Not Believe Him." "Do you know anything about his reputation as to veracity?" "I was speaking to Mr. Joseph Rogers."

THE NEWSPAPERS AND C. P. R. MELON CUTTING.

(Winnipeg Free Press, Wednesday, Oct. 3)
 The Toronto World has been classifying the papers of Canada as they stand on the matter of the proposed C.P.R. melon. The daily newspapers are classified as follows:

For the Melon—Toronto Mail, Montreal Gazette, Peterboro Times, Vancouver News-Advertiser, Brockville Times.

Against the Melon—Toronto World, Toronto Globe, Toronto Star, Toronto Telegram, Hamilton Herald, London Free Press, Ottawa Free Press, Ottawa Journal, Montreal Witness, St. John Telegraph, St. John Globe, Sudbury Star, Barrie Examiner, Berlin Record, Fort William Times-Journal, Port Arthur Chronicle, Kingston Standard, Kingston Whig, Winnipeg Free Press, Winnipeg Tribune, Regina Leader, Regina Province, Moose Jaw News, Edmonton Bulletin, Edmonton Capital, Calgary Herald, Calgary News-Telegraph, Nelson (B.C.) News, Uncertain—Toronto News, Hamilton Spectator, Saskatoon Phoenix, Peterboro Review, Winnipeg Telegram, Victoria (B.C.) Times, British Columbian (New Westminster).

Non-committal Montreal Star, Montreal Herald, Ottawa Citizen, Halifax Herald, Halifax Chronicle, Hamilton Times, London Advertiser, Peterboro Examiner.

The weight of armament appears to be with the protesters; but it is possible that Sir Thomas' voice in the council-room at Ottawa will drown out the journalistic broadsides.

The course of the markets indicate that assurances have been given that no objection will be offered by the government to the cutting of the melon. At the meeting of the shareholders in Montreal today the directors will be authorized to ask the government for authority to issue the new stock on the terms proposed. The matter will then come to a head speedily.

The electors of Macdonald would be within their rights in asking Mr. Rogers who is to appear in the platform within the next few days, to say what the government proposes to do with the demand of the C.P.R., that it be permitted to make a present of some \$30,000,000 to the shareholders by this distribution of hidden assets.

TORONTO WORLD PROVERB PICTURE NO. 3

The Toronto World's Book of English Proverbs Now on Sale

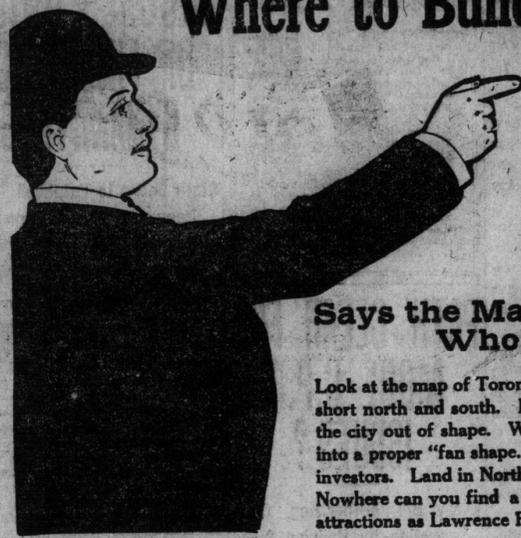

THE TORONTO WORLD'S BOOK OF ENGLISH PROVERBS, which contains several thousand commonly used and well-known English Proverbs, including all of the correct Proverbs to be selected in the series of seventy-five contest illustrations is now on sale at the office of The World. The book is well printed and neatly bound, the Proverbs being alphabetically arranged and classified for quick reference. Its use to contestants in arriving at the correct Proverb answers, together with the proper spelling, wording and punctuation, will prove indispensable. The price of the book is Fifty Cents, at the office of The World. By mail, two cents extra.

MAIL ORDERS SHOULD BE ADDRESSED TO THE CONTEST MANAGER THE TORONTO WORLD, TORONTO, CANADA

RULES GOVERNING THE CONTEST

- The Toronto World's Proverb Contest is open to all readers of The Daily and Sunday World in Canada, except employees of The Daily and Sunday World and members of their families. Anyone not excepted as above mentioned may enter the contest by simply becoming a regular reader of The Toronto Daily and Sunday World.
- Contestants must write the Proverbs represented by the illustration on the coupon provided therefor, and which will appear on Page 2 of The Daily and Sunday World every day during the Contest. Answers may be written with pen, pencil or typewriter, and arranged in any manner to suit the contestant.
- Each picture represents only one proverb. Where contestants are not certain as to the correct proverb represented, they will be permitted to send five (5) answers (not more) to each proverb illustration. If the correct answer is given, incorrect answers will not count against a contestant.
- Only one answer may be written upon a single coupon. Extra coupons must be used for additional answers, and all coupons of the same number must be kept together in making up the set.
- Different members of a family may compete in the contest, but only one prize will be awarded to any one family or household, and only one set of answers will be accepted from any individual contestant. Answers must not be sent in until the last proverb illustration has been printed. After the last picture has been printed, contestants must arrange their coupons in numerical order, fasten them securely together and deliver or mail them in a neat, flat package (not folded or rolled), plainly bound to pay postage due on any set of answers.
- All communications or letters of inquiry concerning the Proverb Contest must be addressed to the Contest Manager, Toronto World, Toronto, Canada.
- The prizes will be awarded to Toronto prizes with this exception: all answers must be delivered at the Office of The Toronto World or bear postmark of mailing not later than midnight, December 28, 1912, twelve days after the close of the contest.
- In the event of a tie between two (2) or more persons, the contestant sending in the nearest correct list of answers with the least number of coupons will be declared the winner. Where two (2) or more contestants submit the same number of correct answers, the value of the prize or prizes for will be equally divided among those contestants.
- In making the awards, the judging committee, whose names will be announced in due course, will take into account the similarity and exact wording of the proverb answers as selected by the Contest Manager and three representatives of The Daily and Sunday World, and as contained in The Toronto World's Book of English Proverbs; spelling, wording, punctuation, and the correct construction of the proverbs are the essentials that will be graded.
- Where a set of answers is securely fastened together the contestant will be permitted to stamp (with rubber stamp) or abbreviate his or her name on the space allotted for same, and omit the full address from the greater majority of the blanks PROVIDED THAT SUCH FULL NAME AND FULL POSTOFFICE ADDRESS is plainly and distinctly written upon the FIRST SIX and LAST SIX BLANKS of the set.
- In sending in the answers at the close of the contest, it is important that contestants seal all packages containing answers, and mail or deliver them in the most secure way possible. Postage is fully prepaid at the rate of one cent per ounce, or fraction thereof, in Toronto, and two (2) cents per ounce, or fraction thereof, outside of Toronto, as The Toronto World is not bound to pay postage due on any set of answers.
- All communications or letters of inquiry concerning the Proverb Contest must be addressed to the Contest Manager, Toronto World, Toronto, Canada.
- The prizes will be awarded to Toronto prizes with this exception: all answers must be delivered at the Office of The Toronto World or bear postmark of mailing not later than midnight, December 28, 1912, twelve days after the close of the contest.
- (75) Proverb Illustrations.

"Let Me Show You Where to Build YOUR HOME"

Says the Man Who Knows to the Man Who Wants to Know.

Look at the map of Toronto. Notice how flattened out it is; long east and west; short north and south. Looks as if the Town of North Toronto had squeezed the city out of shape. When North Toronto comes in, the city will round out into a proper "fan shape." But between now and then lie the opportunities for investors. Land in North Toronto will never again be as cheap as it is to-day. Nowhere can you find a place to build a home so perfectly complete in all its attractions as Lawrence Park, the beauty spot of North Toronto.

Everybody Wants to Live in the Suburbs

The move outwards and away from the city; from its dirt, dust, noise, foul air, and tainted water, has begun a Hegira to the suburbs. No other Toronto suburban home-site has such complete development, so beautiful a location, such handy transportation as Lawrence Park. Sewers, gas, electricity, telephones, postal delivery, cement walks, curving macadam roads, boulevards, trees, flowering shrubs, sloping lawns, flowerbeds, rest houses, recreation grounds, tennis courts, and bowling greens.

Good neighbors, artistic homes, in a quiet refined community. Lawrence Park is being developed along the most perfect scientific lines of residential park improvement.

LIVE IN THE SUBURBS, YES, AND LIVE IN LAWRENCE PARK.

A Suburb Having All the Charms of the Country With All the Conveniences of the City.

Isn't it fine to live in the pure air of the country? Isn't it great to go to bed in rural silence, and feel the crispness of country air vitalizing every moment of your sleep? Is there anything to equal the "zip," the energy, the appetite for work that comes from the exhilarating air of the country? You not only sleep better, you eat better, and feel better living in Lawrence Park than you do in the city. Yet Lawrence Park has all city conveniences, is right on the car line, with a 15-minute service, and gets you to the Toronto stores, theatres, or to business in about 20 minutes, which is as fast as Rosedale or "the Hill" cars can carry you.

SUITS MADE IN DIRTY HOUSES

Alarming Conditions Calling for Prompt Action by the Proper Authorities

"If the citizens of Toronto knew under what conditions clothing is tailored in some of the filthiest and most disease-infested abodes in the ward, they would be very careful where they made their purchases."

These remarks were made by members at the District Trades and Labor Council Thursday night in the Temple Building. They present a startling condition of affairs in the clothing trade of the city which demands prompt attention by the proper authorities. The fullest "investigation" should be made. It is significant that while we are expending large sums of money on our waterworks system in the effort to secure pure water, free from germs, and while the closest scrutiny is given to the milk supply, many of us are positively indifferent as to the conditions under which the clothes we wear are made. We never stop to ask "where do they come from?" Notwithstanding the fact, stated on reliable authority, that clothing spreads more disease

TAFT EXPLAINS PANAMA STAND

LONDON, Oct. 4.—(Can. Press).—In another message thru The Times correspondent on the Panama dispute, President Taft explains that his proposal to bring the matter before the supreme court was preferable because an adverse decision would be less galling to Americans than an arbitral award and Great Britain would still not lose her legal right to demand arbitration.

In an editorial The Times considers President Taft's explanation very satisfactory as removing apprehension that an appeal to the supreme court was being offered as a substitute for the right of appeal to The Hague, but that it still leaves the whole matter in a confused condition.

SATURDAY MORNING, OCT. 5, 1912.

WAS IT A GOOD TURN OR A SLAP IN THE FACE?

Is the Canadian Pacific Railway Company laughing at, or laughing with the Dominion Government? Does that company's melon-cutting spell defiance or connivance. We are told that the Ottawa ministers were dumfounded by the news from Montreal. They carried no believe that Sir Thomas had carried off the melon by one gate while they stood guard at another; indeed, it appears they did not know that there was another gate.

Now, it is known to all men that the directors of the Canadian Pacific Railway applied to the government last August for authority to issue sixty million dollars of new capital; at the same time they called a special general meeting of stockholders to pass the necessary resolution. In some way the company's application to the government became known; perhaps it was given out by a minister. We remember that The Winnipeg Telegram rejoiced that Sir Thomas was "plucked" by this publicity and gave us to understand that the government courted the fullest publicity and the widest discussion of the proposed melon.

However, The Telegram thereafter was in the deaf-mute class in company with The Montreal Star and The Toronto News.

It is a fair surmise that the application was not filed without some informal discussion. No doubt an early answer was requested. Yet we are now told that the company's application never received any attention, the law was not even consulted. If the recollection of the Ottawa ministers be in accord with the facts, Sir Thomas came to the privy council, like the tramp to the kitchen door, who asks for something to eat, and while the housewife hesitates, pushes past her, helps himself, locks her up in the cellar, and goes away. Well, did it happen this way or was it a friendly game?

Is Sir Thomas defiant and is the government angry? Just how angry is the government? If nothing is done or attempted to be done the people of this country may be justified in suspecting a frame-up.

Hon. Mr. Rogers, perhaps, will take the public into his confidence. He has promised to talk of the melon next Monday.

WHY SUCH DISRESPECT TO THE GOVERNOR-IN-COUNCIL?

Sir Thomas Shaughnessy applied to the Dominion Government for authority to increase the capital of his company. That application was not refused; indeed, Mr. Borden is quoted as saying that it had never come up for consideration. That it had received no attention is evidenced by a semi-official statement that the government had never examined the statute under which its powers were invoked.

Why did Sir Thomas Shaughnessy break away and issue the new stock without waiting to hear from the government? It was discourteous, to say the least of it, to the governor-general-in-council, clothed by the crown and by the people with the chief executive power in Canada. A gentleman does not ask another to help him to something and then help himself without waiting for a reply.

Why did Sir Thomas ask for permission to pluck the melon and then suddenly grab it and clear out without waiting to hear whether his request was granted or refused?

Was it respectful to the governor-in-council, His Royal Highness the Duke of Connaught and his ministers?

SETTING THE STANDARD.

Ingersoll's lye at Providence for not making good health contagious as well as disease, is to some extent answered by the remarkable influence exerted in human affairs by a good example. If corruption in politics is "catching," so also is progressive reform. Just now the State of New York illustrates this in a most striking manner.

Had it not happened that Theodore Roosevelt, by throwing himself into the progressive movement and defying the centralized power of big business and party politics, organized a new party devoted to high ideals, the people of New York state would have had to choose for their governor either a candidate selected by Murphy, the Tammany chief, or a candidate selected by Barnes, the Republican machine boss. Needless to say their choice would of necessity have been satisfactory to corrupt machine politicians and unsatisfactory from the standpoint of the public interest.

As it is today they have before them, as candidates for governor, three gen-

tle men of high character and great ability. The nomination of Oscar S. Straus by the Progressives marks the nomination of candidates to the liking of Barnes and Murphy out of the question. Perhaps the certainty of Mr. Straus being elected, in any event, prompted the two old parties to avoid contempt and ridicule, as well as defeat, by naming candidates in opposition to him who could at least make a respectable appearance in the field.

The political bosses are by no means dead in New York, but they are no longer in a position to say to the public: "What are you doing to do about it?" They must recognize that new standards obtain with Straus, Sulzer and Hedges, the gubernatorial nominees. They will have to reiterate their feelings by "cusstin" Roosevelt.

GLEN STEWART.

There is always opposition to a good idea in Toronto or the citizens would have the best town on the continent. Then all the people would want to live here and the city council would have to be improved and several of our village statesmen would have to retire. It was decided recently that Glen Stewart was an ideal park area and the proposal was going along with unusual facility until a few days ago. Somebody with another ravine not suitable for the purpose thought it might be unloaded on the city for park purposes. Then the people with land on Queen street south of Glen Stewart, which they want to sell for building stores upon at a high figure, got together and agreed that if Glen Stewart was made into a park for the 200,000 or so who would frequent it in the east end, there would not be so much of a residential population north of them as they would like. They cast about for arguments against Glen Stewart and bluffed up one about not getting a block of level land northwest of Glen Stewart. The level land was not included in the original proposal and if the city wants to buy it a price could probably be arranged. But the city does not want level land for park purposes. The city wants the picturesque ravine property with its landscape opportunities rivaling Rosedale. If the city does not buy Glen Stewart for a park it will be built upon as Rosedale with mansions and villas and high-class residence property. The idea that it could be got for shock-town prices emanates from the Queen street landholders who are not interested in parks but in distasteful. The city council will make no mistake about securing Glen Stewart.

EDWARD HOWARD GRIGGS.

Toronto is once more to have the valuable privilege of hearing Edward Howard Griggs in a course of lectures. He has previously spoken here on literary and artistic subjects, but the present series is to be devoted to sociological issues in a domain in which Mr. Griggs is a recognized and competent authority and an unremitting student. People who have heard Mr. Griggs speak get a new conception of what a lecture may be. Mr. Griggs is never dull, and never dry, and he does not sermonize. He helps people to discover for themselves how things are and how much they knew that they had never been aware of, and how interesting and charming it is to know instead of merely supposing. Mr. Griggs is a fluent speaker but this does not mean that he is merely rhetorically elaborate or empty voluble. He is a man of remarkably wide culture and a profound reflection and his vocabulary keeps pace with his thought. His language is for the most part simple, but the right word, the illuminating epithet, the electric phrase, are never wanting. It is better than a post-graduate course to hear one of his lectures and it is more interesting for anyone who takes life in the least degree seriously than first-class drama. The people who have not yet heard Mr. Griggs will not have much chance to hear him this time, for all who heard him before are going back. But it is worth a considerable effort to get tickets for the course.

STROLLERS' CLUB OFFICERS.

The Strollers' Club held their fourth annual meeting this week, and the following officers were elected for the coming year: Hon. president, William Gauding; president, R. G. GREAT ARTISTS ARRIVE FOR CONCERTS

Special Trains Carrying Nahan Franko Orchestra and Operatic Stars Who Will Appear at the Arena Next Week Are Arriving in Toronto Almost Hourly.

Already the great galaxy of musical stars who are to be heard in connection with the Toronto Musical Festival at the Arena next week, have commenced to arrive. Last night Miss Nielsen had her first performance at the opening concert on Monday night, arrived from Boston in her private car.

Yvonne de Treville, who will sing at the Toronto Musical Festival, in the Arena, next week.

accompanied by the great artists, Jeska Swartz, a contralto of rare distinction; Rodolfo Fornari, admittedly without a peer in the leading baritone roles of Italian opera; the renowned basso, Jose Mardones, the famous basso-baritone; Luigi Tavecchia, Alfred Ramer, one of the finest of the younger tenors of the day, and Fabio Rimini, who is the conductor of Italian opera at the Boston Grand Opera House this season. Mr. Arturo Tibaldi, the celebrated English violinist, who is a godson of the Duke and Duchess of Connaught, has been in Toronto for several days as the guest of social friends. The great tenor, Orville Harrold, who will make his debut as a grand opera singer in this continent at Monday night's concert, will arrive in a special train that comes from New York, on Monday morning. This train of eight coaches will bring most of the noted prima donnas who are to appear later in the week, and Mr. Nahan Franko, with his orchestra of sixty-two soloists, picked from the forces of the New York Philharmonic Orchestra and the Metropolitan Opera House. It will also bring seven or eight of the most notable musical writers of the City of New York, who are anxious to witness the first appearances in America of Orville Harrold and Felice Lynn, after their triumphs in England during the past month, as well as a large number of musical managers. Perhaps Canadians do not realize how much interest is being taken in this festival by those interested in musical matters in New York and other cities, the condensed version of Rossini's immortal opera, "The Barber of Seville," practically every one of the famous numbers of this piece such as "Una Voce Poco Fa," "Large al Factotum," and "Carmela" will be heard, and Miss

The Sunday World

Rugby! Rugby! Rugby! The season is on again and The Sunday World, as usual, has something that will appeal to the fans. Our artist has given us a full page sketch of "Autumn's Idol," done in four colors. In the illustrated section there are several snappy pictures of the opening of the rugby season in Toronto, the game between Variety old boys and the candidates for the 1912 team. This week a series of short stories by Sewell Ford will be begun. These stories tell of the exploits of Torchy, a red-haired office boy, and the opener is "Getting in with the Glory Be," a financial proposition that wasn't exactly on the square. Archie P. McKishnie will write each week, by special arrangement, one of his charming nature stories for The Sunday World. No Canadian writer understands birds and animal life as McKishnie does and this feature will be eagerly read by thousands each week. Every department of The Sunday World has something to command attention. Kit's column, the department of religion and social service, music, literary gossip, the embroidery design, the song feature, automobile and stage news and other departments contain news and opinions that make The Sunday World the best read paper in Canada. Eight pages of high-grade illustrations make up the pictorial section. There's a full page of photographs of birds and animals of Riverdale Zoo, and news pictures of Oakville Fair, Knox College corner stone ceremonies, St. Catharines Fruit Show and a score of other events of the past week.

Aeronaut and Boy Dashed to Death

TUSCUMBIA, Ala., Oct. 4.—(Can. Press.)—A dangling rope from a balloon caught the leg of Lorenzo Howland, 15 years old, as it ascended, manned by H. C. Petty, who was making his first flight here yesterday. The boy hung on until 500 feet up when both fell to their death with an unopened parachute. The boy was unseated several feet above Petty when the bag righted for its ascent and several hundred spectators heard the novice astronaut calling to him to slide down a rope to the trapeze. Howland disentangled himself and with the balloon pitching and tossing got down to the trapeze on the parachute. Immediately after he gained a chute. He held on the rope Petty cut loose and the two shot downward.

Anxious friends of the boy had watched his perilous manoeuvres on the side of the balloon expecting momentarily to see him fall from the ropes' end. They took hope for a moment after the parachute left the balloon. But the big parachute never opened any and the two occupants were dashed to the ground a shapeless mass. Howland landed on top of Petty and both met instant death.

HARVEST FESTIVAL AT ST. LUKE'S

Thanksgiving services will be held in St. Luke's Church tomorrow, with special music. The preacher at the morning service will be Rev. Prof. Boylston, D.D., Trinity College, and in the evening Rev. A. G. H. Dickler, K.C., who has resigned the rectory of St. Luke's to become incumbent of St. James', Burton, England, will preach his farewell sermon. After the service the congregation will have the opportunity of meeting the rector and Mrs. Dickler in the schoolhouse.

Fall winds and temperatures mark the end of the holiday, and the commencement of the business season. That is no less heralded by the start of the art sales for which Toronto has now become continentally conspicuous. More particularly is this the case with the products of the Oriental looms, as arrived as these are for perfection of design and quality of manufacture.

On Tuesday, Wednesday and Thursday of next week, Messrs. Chas. M. Henderson & Co. will again offer, at the will of the public, a special consignment of rare and high-class Oriental rugs. They include specimens of the most noted and celebrated weaves, imported direct from the place of their manufacture. So representative are they that it is doubtful whether an equally favorable opportunity to acquire goods of similar quality will soon occur.

MINIATURE RIOT WHEN WORKERS FOUGHT

Bailiff's Officer Went to Goldberg's Tailoring Establishment, and When the Police Arrived Men and Women Who Are Behind in Wages Got Excited.

A small riot occurred on Spadina avenue about 4.30 yesterday afternoon when several Jewish tailors employed by the Goldberg Tailoring Company, at 164 Spadina avenue, attempted to prevent a bailiff from making a seizure.

For three or four weeks past the employees of this firm have not been drawing wages. Goldberg had secured material from the W. R. Johnston Company, and they at last requested Mr. Harris to seize the goods.

When the bailiff appeared at the shop he was met by the employees. They would not let him in, and when he tried to force an entrance Sam Richmond, 183 Richmond street, and Joseph Richmond, 27 Sullivan street, attacked him.

Tells in Simple Fashion Why She Applied for a Second Course of Free Lessons and Gave Up Her Teacher.

Piano, Organ, Violin, Banjo, Mandolin, Guitar, Cornet and Cello Taught.

Every year about 30,000 people all over the country learn to play by note their favorite instrument with the aid of the Free Music Lessons given by the famous U. S. School of Music, which has been established since 1898 as a home study school.

Each year brings letters which tell of the pleasure given the writers through knowing how to play, and describing the difficulty or ease with which they learned.

MARLBOROUGH Cigars are already the favorite with fifty thousand fussy, fastidious smokers, men who really know what a cigar should be. MARLBOROUGH Cigar has a quality peculiarly its own. A full tropic flavor, yet mild. The entire fill is Cuban grown Havana tobacco, with all the native aroma retained by the slow natural seasoning and perfect blending, a result impossible by any other means.

THE BECOMING BLACK HAT.
Hats made of plush are in high favor this season. Many of them rival in appearance the finest fur.

Those sketched as representative were both black with a suggestion of seal brown in some lights. The upper one was trimmed with a mother-of-pearl buckle and band of steel gauze ribbon, with a white fancy feather placed at the side.

The lower sketch shows a rolling brim shape, with a band of fancy embroidery and leather ornaments.

The initial starting tour of Mr. Craie over 35 years ago, their association in the present jubilee tour is of decided interest.

Canada has had a delightful summer in Europe and after a season at the German watering resorts, he motored thru Switzerland and topped off his vacation with theatre-going in Paris and London before returning to his native country to resume his active plans for the most important season in his career.

MRS. MCKEEGAN'S REPLY.
Editor World: Miss Marie Dressler, I see, takes exception to my remarks regarding the theatre, and, in reply to her question as to why I, as a Christian worker, condemn the theatre, would say that it is because I believe they are in direct opposition to the Gospel of Jesus Christ. You cannot imagine how much I want to see and to save the lost, or any of those whom He called to leave all and follow Him, spending an evening on the stage, or sitting in the audience being amused. His great mission was to "establish a kingdom in which dwelt righteousness." And His direct command "Be not conformed to this world, but be transformed by the renewing of your mind."

With reference to Miss Dressler's statement about charity being lacking; there is such a thing as a false faith, a false hope, and a false charity. Against these the great teacher said "My little children love not the world, neither the things that are in the world, for if any man love the world, the love of the Father is not in him."

Miss Dressler assumes that in order to know the theatre one must be a frequent or it. In the same line of argument it would be as wise to say that one must take arsenic in order to prove its effects. Again, I would refer her to the words of inspiration, "Every tree is known by its fruit."

I can assure Miss Dressler that I have the greatest sympathy for actresses, as I have with all who are striving for pleasure and satisfaction at the wrong source. Especially, however, do I sympathize with the young and foolish who, after they pay for the theatre, are disappointed by the necessities of life—young people whose mothers are broken-hearted at home waiting their return in the small hours of the morning.

Far from being unwilling to go amongst actresses and theatre-goes, I might say that I should be glad, at any time to conduct a gospel meeting with them.

As far as the "cold penny" Scotch are concerned, altho I am a great admirer of them, I must leave them in this case to defend themselves, which they are quite capable of doing, as I am an Irish woman.

Yours truly,
Mrs. L. McKeegan.

Specialist Did Skin Trouble No Good
Very Itchy and Disfiguring. Got a Little Cuticura Soap and Ointment and Was Cured.

"For two summers I suffered with skin trouble on my nose, and on my legs from my knees down. My arms were badly disfigured, and I kept them covered. It came like the hives, and was very itchy. I consulted a specialist, who gave me medicine, as well as an ointment, but seemed to do no good. He said I must get a little Cuticura Soap and Ointment. I got a little Cuticura Soap and Ointment and before the Cuticura Ointment was finished I was cured. I have not had a sign of it since. I think it would have spread over my whole body if Cuticura Soap and Ointment had not cured me. I am delighted with it, and do feel pleased to think I have something I can confide in. I tell all my friends about it, and I think Cuticura Ointment is the best I ever saw." (Signed) M. J. Boddy, 73 McCaul St., Toronto, Dec. 22, 1910.

Cold-Sore Began to Heal With First Use of Cuticura Ointment.
"Cuticura Ointment cured a very bad cold-sore that gave me hours of severe pain and loss of sleep. I tried lots of other remedies but nothing did me any good till I tried Cuticura Ointment and from the very first application it began to heal and now there is not even a scar left." (Signed) Mrs. W. Boye, Mermaid Farm, L.I., Jan. 8, 11.

For more than a generation Cuticura Soap and Cuticura Ointment have afforded the quickest, safest and most economical treatment for skin and scalp troubles, of young and old. Although they are sold by druggists and dealers everywhere, a liberal sample of each may be obtained free, from The Potter Drug & Chemical Corp., Sole Proprietors, 57 Columbus Ave., Boston, U. S. A.

The Nursery
Questions and Answers

Do little children require as heavy flannels as older people?
Children are rarely exposed to severe weather, and generally they are kept in the warmest rooms in the house. Consequently they do not require heavy flannels. Little folks are very active, and they perspire easily. It is best to use light weight garments in the house, and put on warm coats and leggings when they go out.

My little girl has a coated tongue and a bad breath. She seems in good health otherwise.
Probably the child has indigestion. See that she has nourishing and easily digested food, and her bowels should be kept in good condition. If she is not at all constipated then examine her throat for enlarged tonsils or signs of adenoids. These might cause catarrh, which would account for the bad breath.

Please tell me when to begin cleaning a young child's teeth. What is the best time for cleaning teeth of older children, at night and morning, or after each meal?
Babies' teeth should be cleaned from the time they are weaned, thru their gums. At first the mother cleans them with absorbent cotton dipped in boracic acid solution, just the same as for the mouth wash. When a baby is eight months old a small soft brush may be used, and the same care given his teeth as those of older children.

After each meal and at night, too, is a safe rule for teeth-cleaning. Examine the children's teeth often, and impress upon the children how essential good teeth are to good health.

Are chest protectors advisable for young children?
No, they are not. They are clumsy and often overheat a child, who then takes cold very easily.

Do not accustom your children to the use of excessive clothing. By that, I do not mean to let them run the risk of taking cold because they are not properly clothed; but do not bundle them up with scarfs and mufflers. The best treatment for weak throats and lungs is cold water and fresh air.

How She Acquired "Feminine Charm"
A newly-dressed woman sat beside me in the train. Ever since I saw her, I couldn't help doing the same. It was not her beauty of feature that held our eyes, nor her costume. But there was something about her face and expression—I looked it and asked: "Would you mind telling me how you keep your complexion so dazzling pure? Don't think me flatterer, but you look over 25, yet haven't a line in your face, and your cheeks are quite pinkish. How do you do it?"

Laughing, she said: "That's easy: I remove my skin. Sounds shocking, doesn't it? But I use only pure, sterilized wax, procurable at any drug store, and apply it nightly. The cold cream, washing, or ointments. This gently abrades the soiled, weather-beaten film that has built up on your skin. Every woman has a beautiful complexion underneath, you know. Then, to ward off wrinkles I use a face bath made by dissolving powdered sassafras (one ounce) in one quart of water. Sassafras is harmless and which tones the skin wonderfully. Very simple, isn't it? I thought you might be trying her plan and be it immensely. —Mildred Brown in The Story Teller."

PEACHES SELL FAST ON MARKET
Many Shipments Received During Day Which Kept the Prices at Fairly Low Level.

Buying continued dull on the Toronto Fruit Market yesterday. The unexpected arrival of peaches continued throughout the day, the growers evidently having held back a supply so as not to place too great a supply upon the market during the past week. These incoming shipments have tended to keep prices down somewhat, altho prices are not so low as was the case ten days ago.

A poorer class of peaches sold from 20 to 25 cents a basket, and some which looked to be of excellent quality sold for 40 cents, with few buyers, 40 cents being accepted for these goods if necessary. Grapes continue to arrive fairly heavy, blue and green selling for 17 to 20 cents a basket, red from 20 to 22 1/2 cents. Fine cooking apples sold around \$2 a barrel, and good fall apples at from \$2.50 to \$3. Pears 20 Boys, Mermaid Farm, L.I., Jan. 8, 11.

60 to 65 cents, and a few plums at 50, 60 and 75 cents. Tomatoes are now up to 40 cents a basket.

TO RAISE MONEY
Women of St. Andrew's Will Give a Four Days This Month.

The public only occasionally realize that cost of good works. All are agreed that practical institutional work should be undertaken in crowded communities, but even when all the workers give their services the cost of suitable buildings, and equipment is more than most people imagine. St. Andrew's Institute is not an enormous building, and the church owned the land, yet it will cost about \$45,000, and the proper up-to-date equipment for the women's department alone will amount to over \$2000, the ranges and furniture for the various cooking classes being an expensive item.

The cost of the building being already arranged for the women of St. Andrew's have undertaken to give a lunch at 150 Bay street for four days this month (15th to 18th) to raise money for the equipment needed in the various classes and clubs, and in the gymnasium.

The Food Reform League holds its first meeting in the new season on Monday at 8 p.m. in St. George's Hall, Elm street. The subject will be "The recent progress in food reform," and should prove specially interesting. The public are cordially invited to be present.

Barnardo's Musical Boys Visit Canada
Have Toured All Over World, Collecting Funds for Maintenance of Homes.

What Dr. Barnardo has done for the boys and girls of London's underworld will be told by the Rev. W. J. Mayers, who has just arrived from England for the purpose of telling this interesting story thruout the Dominion.

Mr. Mayers is the senior deputation secretary of the institution and one of the late Dr. Barnardo's oldest friends. He has brought with him ten specially trained boys from one of the London homes, who, by their rendering of a very fine and varied program of music, will show the care that has been bestowed upon them. In England and in Australia these musical meetings have been attended by thousands of people and never failed to deepen the interest in the work.

The presence in the Dominion of over 20,000 young people who have been placed out by the controllers of the institution is at once a tribute to the greatness of Christian charity and to the advantages offered by the Dominion to those children.

Mr. Mayers hopes to arrange for his

MOVEMENT ON WEST KING ST.

New Buildings Are Being Planned, and Real Estate is Livelier Than for Some Time.

Events appear to be shaping themselves toward the establishment of the district close to King and Bay streets as the undoubted financial centre of Toronto.

Senator Cox is planning now his new building that will take in the sites of the present Canada Life Building, the Sterling Bank and the one story office structures on Bay street in the rear of the bank. Just how big the new Canada Life Building will be, cannot be said, but friends say the senator will have a building quite in keeping with his financial achievements.

The Metropolitan Bank is expected to move out and build its head office on its corner at Bay and Adelaide, north-west.

Ballie, Wood and Croft, who occupy one of the one story offices, will move across the way to their own property, probably erecting a building. Their lease has not long to run.

The Sterling Bank will probably go up town.

When one considers that the two exchanges, the Toronto Stock and the Standard Mining Exchange, are both close to King and Bay, and that many financial institutions have moved there, making some of them, long jumps from other parts of the downtown section, it can readily be seen that little more is needed to make this the recognized money district.

Probably the financial institutions will range out along King west for three hundred feet west of Bay street, not much more, but they will force the King street retailers farther west. King street, around York, is showing more activity than it has for twenty years.

THE WEST CALLS FOR HELP.

Twenty Thousand Harvesters Are Wanted.

The crops in Western Canada have been so heavy this year that it has been necessary for the farmers of the west to make another appeal for help. The demand for men is now more urgent than ever, and it will require at least twenty thousand additional men to complete the harvesting.

In order to relieve the situation, the Canadian Pacific Railway has decided to run a harvesters' excursion, Monday, Oct. 14, 10, to Winnipeg. Return fare from Winnipeg, \$18.

Full particulars from any C. P. R. agent, or write M. G. Murphy, district passenger agent, Toronto.

THANKSGIVING SERVICES.

The Church of the Ascension, Richmond street, has again taken on its thanksgiving girth for the services which will be held on Sunday. Fruits from the garden, and grains from the fields plentifully relieved with flowers, have been arranged in magnificent beauty. Rev. T. R. O'Meara of Wycliffe College will preach in the morning, and the Rev. J. P. Gibson, M.A., in the evening.

For the sake of those who cannot attend a Sunday service, the decorations will be left in place during the following week, and the sight will repay a visit.

FIVE TO RUN IN WATERLOO

BERLIN, Oct. 4.—There promises to be a lively time in the provincial election in North Waterloo. Ald. C. H. Mills will probably receive the Conservative nomination. The Liberal nomination will be tendered to Dr. J. F. Honsberger, president of the North Waterloo Reform Association. Matthew Wayman of Toronto, organizer for the Socialist party, was selected by that party last night. Ex-Mayor Allen Huber will run as an independent, and Ferdinand Walter, license inspector, consented this morning to stand as an independent Conservative.

Canadian Printers' Cost Convention

Meeting Takes Place This Year in the City of Montreal on Oct. 24 and 25.

The second convention of Canadian printers, to be held this year in Montreal, in the spacious halls of the technical school on Sherbrooke street, promises to be of exceptional importance.

The tentative program contains eight quarto pages of matter on various subjects of exceeding interest to the printing industry, which, from year to year, is becoming the main factor in the expansion of business.

FACTORY HANDS' TERRIBLE DEATH.

GUELPH, Oct. 4.—(Can. Press)—Charles Walker, an employee of the Raymond Manufacturing Co., met a horrible death this morning. He had taken the belt off the pulley of a drill he was working and kicked the belt at the lower pulley.

His foot caught and he was carried up the shaft and whirled around about ten times, hitting the ceiling with his head each time. His right leg was cut off at the ankle and thigh and buried thru the window on the road, while pieces of his body were strewn all over the shop.

Re Campbellford Lake Ontario and Western Railway Co. and Collacott; do. and Johnston; do. and Bellamy; do. and Pelney; do. and Bains.—Waldron (MacMurchy & S.) for the railway company. Motion by the railway company in these five cases for warrants of possession. Orders granted on payment in of \$2400 in Collacott case; of \$200 in Johnston case, of \$2000 in Bellamy case, of \$1500 in Felney case, and of \$2500 in Bains case.

Macdonald v. Cameron.—O. S. King for plaintiffs. W. Proudfoot, K.C., for defendant. Motion by plaintiffs for an order to commit defendant Nell C. Cameron for non attendance on examination for discovery. Motion dismissed with costs.

Armes v. Manell.—J. W. Morrison (Hamilton) for plaintiff. W. Bell (Hamilton) for defendant. An action by Joshua A. Armes, an architect, to recover from defendants, promoters and financiers of Hamilton, \$84,450, for plans and specifications alleged to have been drawn by plaintiff for defendants pursuant to their instructions.

Judgment: The plaintiff was, I find, employed by defendant Best and two parties not parties to this action—Perry and Hinterlang. I find that neither Best, Perry nor Hinterlang was the agent of either Manell or Woods. Action dismissed as against Manell and Woods, with costs, and judgment against defendant Best for \$500 and costs. The plaintiff's claim is for a greater amount, but as the himself at one time fixed the amount due him at \$500 he cannot be allowed more. Stay of 20 days.

More Men Required to Harvest West-Canada Crops—\$10.00 to Winnipeg, October 14th.

On account of the urgent appeal from the west for additional farm laborers, the Grand Trunk Railway have decided to run another excursion on Monday, Oct. 14, from all stations in Canada; \$10 to Winnipeg via Chicago and Duluth, plus half cent mile from Winnipeg to destination, but not beyond MacLeod, Calgary or Edmonton. Returning, half cent mile to Winnipeg, plus \$18 to destination in Eastern Canada. The farmers along the Grand Trunk Pacific pay the maximum wages and this is an excellent chance for young men to visit the west. The route via Chicago is an attractive one, as many large cities and towns are passed en route, which breaks the monotony of the journey, as there is something new to see all the time. The Grand Trunk Pacific Railway is the shortest

NEW LIFE TO THE WEAK

With No Back Pains, No Nervousness, No Waste of Tissue, No Loss of Ambition, But With Plenty of Life, Energy and Vigor of Youth. Dr. McLaughlin's Electric Belt Will Restore Your Lost Strength

Young or Old, Whose Strength is Wasted, Who Feel Old and Weak with Pains and Aches, Who, from any Cause, have lost the buoyant spirits, the courage and confidence which belong to perfect health. To you I offer new life, fresh courage and freedom from the effects of past neglect.

Show me the person who would not be better than they are. It matters not how the rocks and shoals of life have dulled the enthusiasm of youth, and left the nerves less vigorous, the eyes less bright, the step less springy, the mind less forceful and the general vitality less powerful than they ought to be at your age, you want to be strong.

Cured of Indigestion. O'Sullivan's Corners, Ont., April 20, 1912. Dear Sir,—I have worn your Belt for nearly three months for indigestion and will say that I am well satisfied with the results, as I have not felt it since the first month. I can eat better and feel better in every way. I do not think I will have any more trouble with indigestion and I feel very grateful for your wonderful Belt has done for me. Wishing you every success, I remain, yours truly, W. H. HEADLEY.

Hard work wears, disipation and worry, disappointment and other cares of life drain away the vim and snap of perfect health. Electricity applied by my restores them. It makes you feel young, it reminds the fire of youth, the spice of life. I have made thousands of homes happy. It is as good for women as for men. Men and wife can use the same Belt. The regulator makes it strong or mild to suit the wearer. It is the only Electric Belt in the world that can be regulated while on the body. You feel the power, but it does not burn and blister, as do the old-style, bare-metal electrode belts. If you are weak or in pain it will cure you. Will you try it?

CURED WHEN EVERYTHING ELSE FAILED. Dear Sir,—I have given your Belt a fair trial with satisfactory results. It has done for me what everything else has failed to do. I have not worn your Belt for the last two months, for I feel convinced that I am cured, thanks to you and your Belt. I highly recommend it to anyone that is in need of treatment. Thanking you for the interest you have taken in my case, I am, yours truly, T. MAUND.

Western Canada's Unlimited Prosperity

PRESENT BASIC RESOURCES OF CANADIAN WEST SUREST GUARANTEE OF SOUNDNESS OF CANADIAN INVESTMENTS

The development of Western Canada has been so unprecedented that it has attracted the interest of many of the keenest minds of America. Men who note and examine into the trend of world-forces recognize that in Western Canada there is taking place an epochal movement which ranks in importance with that which transformed the middle western states from prairie to prosperous cities and states. How Western Canada's growth is looked upon by widely known men of acknowledged judgment is indicated by the quotations below.

Further facts and figures will be presented in later announcements which will show how rapidly Western Canada is developing, why its towns and cities must forge ahead and new centres of population spring up each year. Read this announcement and watch for others which will follow.

From a Satisfied Client

International Securities Co., Limited, Qu'Appelle, Sask., Winnipeg.
Gentlemen—I have much pleasure in stating that the lot I purchased from your firm in Tuxedo Park, Regina, last March was sold six weeks later at an advance of 47% over the purchase price. My only regret is that I did not take ten lots instead of one. I purchased heavily in another subdivision at the same time, and so far cannot even sell them at the price I paid.
I may further say that I have made several enquiries concerning your firm from independent sources and find that your reputation for square dealing is of the best.
(Signed) FRANK AMAS.

Holding for Future Profits

International Securities Co., Limited, Winnipeg, B.C.
Gentlemen—I have made an investigation of Tuxedo Park lots in Regina, with the future prospects, and I am highly pleased with my small purchase, which is just three lots, which I could have sold on the 20th June for a profit of \$288.75 and I refused the offer. Later on 3rd August, I refused another offer which was \$176.00 more than the first one. I think it fair to advise that I have found business relations with this Company satisfactory, and its property is genuine, and I am well pleased.
(Signed) W. ROY ZIMMER.

Satisfied With His Purchase

International Securities Co., Limited, Winnipeg, Alta.
Gentlemen—I received your letter re my property in Regina some days ago. I may say that I am well pleased with my purchase and I am glad to state that I have found the International Securities Co., Ltd., to be always ready and willing to give their clients from time to time all information possible about their property.
(Signed) NATHAN COFFIN.

Was Offered Double the Purchase Price

International Securities Co., Limited, Winnipeg, Man., Sept. 2, 1912.
Dear Sirs—I am greatly pleased with my purchase of lots from you in North Battleford, having had the property less than a year, and only the other day was offered double the amount I paid for the same, but I do not intend to sell at present. I expect to be in the city in the course of a few days and will call at your offices in view of making further purchases of lots. Yours sincerely,
(Signed) W. B. SEFTON.

Good Reason to Be Satisfied

International Securities Co., Limited, Winnipeg, Yorkton, Sask., Sept. 3, 1912.
Dear Sirs—in acknowledging yours of recent date I would like to say I am very well satisfied with my purchase in your Southview Park subdivision, Yorkton. I am satisfied that values have doubled since I bought, as I have refused \$10.00 a foot myself. I have heard of many resales at \$7.50 a foot. I myself think Southview Park the ideal residential section of Yorkton. Yours truly,
(Signed) C. H. MYRING.

Confidence in the Company

International Securities Co., Limited, Winnipeg, Mich.
Gentlemen—I am in receipt of Title for lot 24, block 48, Tuxedo Park, Regina, and according to my judgment it is correct, and therefore, satisfactory. I wish to thank you for the courteous manner in which you have transacted all business in connection with this purchase, and especially so in sending from time to time information in regard to advance in price and prospects for realizing of profits.
I have confidence in your Company, and feel that you will act to the best interest of your clients.
(Signed) ANNIE M. WALKER.

Making Good in Every Instance

International Securities Co., Limited, Winnipeg, Camrose, Alta., Aug. 31, 1912.
Gentlemen—I have been making hasty visits to all the towns out here in which you have offered and are selling property, and I have found that your properties have made good in every single instance. Tofield and North Battleford will average your clients 250 per cent. investments made with you; and in not a single town I visited did I find a single individual that was not enthusiastic and full of optimism over your property. One leading man said, "Where the International people buy is a safe town to invest in, and their name is a synonym of success in their choice, and they are upheld in all their business dealings."
I go back in a few weeks to tell my clients and the public what I have seen and proved, to tell them they need no longer hesitate to buy your property wherever offered by you and to impart to them some of the optimism I myself feel toward Western real estate investments when bought from your Company—to tell them no longer to look upon it as a wild piece of speculation, but an investment of the highest and most solid class to be had. Yours truly,
(Signed) R. S. FRIDHAM.

Prompt and Efficient Service

International Securities Co., Limited, Winnipeg, Man., Sept. 6, 1912.
Dear Sirs—Having bought two lots in your G.T.P. subdivision at Watrous, I have pleasure in recording my satisfaction with the purchase of these lots and with the prompt and efficient way your Company manages its business, and trust it will continue to be a big factor in the development of our fine country. Yours truly,
(Signed) DAVID M. ROSS.

Increased 50 Per Cent. in Six Months

International Securities Co., Limited, Winnipeg, Box 40, Watrous, Sask., Sept. 8, 1912.
Sirs—The lot bought from you was a good investment, having increased in value fifty per cent. in six months. Several houses have been built in immediate vicinity since I bought, and I believe this part of town will be most thickly populated. It being nearest to roundhouse and shops. Will you please send me plan of this Grand Trunk Pacific subdivision with price of lots still for sale, and oblige, yours truly,
(Signed) WALTER NICKSON.

Could Have Taken Profits at Once

International Securities Co., Limited, Winnipeg, London, Ont.
Gentlemen—I have just returned from Regina, where I inspected the property in Tuxedo Park, which I purchased from your Company. Having bought two blocks, I made a thorough investigation into conditions at Regina, location and future prospects of Tuxedo Park, with the result that I am pleased to advise that I am well satisfied with my purchase. I found that the values of Tuxedo Park will continue to increase.
In view of this, I think it only fair to advise that I found your statements in regard to this property to be correct, and to state that my business relations with your concern have been pleasant and satisfactory.
(Signed) H. M. PETERMAN.

Rapid Advance in Value

International Securities Co., Limited, Winnipeg, Kenora, Ont., Sept. 2, 1912.
Gentlemen—Regarding the Watrous property I purchased from you under agreement of sale some time ago, I have to say that I am well satisfied with it, as it is without a doubt a splendid investment and the rapidity with which it has advanced in value the last few weeks will be eclipsed entirely when the history of the next few months comes to be recorded. Yours sincerely,
(Signed) ROBERT WILLIAMSON.

An Amazing Situation Now Confronts Investment World

Dr. J. G. Schurman, President of Cornell University, Convinced of Canada's Future

In a public address quite recently before the Canadian Club of Winnipeg, Dr. J. G. Schurman, the distinguished American authority on finance and economics, said in reference to the Canadian West: "I am amazed at the wonderful development of the country. The Cities of Winnipeg, Calgary, Vancouver and Prince Rupert have expanded in the last few years at a rate which confounds the predictions of the most enthusiastic prophets. These and other cities I have seen with unabated astonishment; and I realize that their growth and prosperity have resulted from the rapid and extensive occupation and cultivation of your wonderfully fertile farm lands. On the face of our globe there is no other area left for such agricultural development as is now going on in those rich plains which stretch from Winnipeg to the Rockies and from the American boundary to the Peace River Valley—700 miles to the north. Who can forecast the future of this marvellous growth and expansion? What you witness today is only the beginning. Twenty years hence the population of Canada may be 20,000,000. I do not think this is an extravagant estimate. Canada is destined to be one of the great countries of the world."

Ninety Per Cent. of West Still Untouched

Convincing Statement of Commissioner Chas. F. Roland of the Winnipeg Industrial Bureau
"The wealth of Canada's partially developed natural resources is practically incalculable. With only ten per cent. of the vast stretches of the fertile lands of the West under crop, and with lumber, mineral and other natural resources, what a future there is for Canada! Eight millions of population is a mere fraction of the people who will eventually find homes and a good living in the Dominion. Some time, without doubt, Canada will be crowded; but between now and then there lies a long road bordered by countless opportunities, tapping the regions of success and wealth, driving straight into the heart of development that, already remarkable, will be the most tremendous made by any country occupying a like position with Canada today. The marvellous growth of such cities as Winnipeg, Calgary, Vancouver, Saskatoon, Edmonton, Toronto, Hamilton and Montreal shows the capacity of Canada for increase of population in civic centres. Industrial output, banking figures, customs duties, statistics of export, immigration records and building figures go to prove growth and expansion so remarkable that the case of Canada as a headline attraction on the stage of the world doings is made out and approved by the audience. The time is ripe for the people of Canada to analyze what has been done and what ought to be done in the upbuilding and development of this heritage."

Growth of Towns in Western Canada

Steady Forward Movement with Agriculture as its Permanent Basis
Hon. Robert Rogers, Minister of the Interior, Ottawa, is authority for the following statement of facts about the West: "Two or three hundred towns have come into existence during the past two or three years, and many more during the past year. The station house, the blacksmith shops, the boarding house, the store, of April are dwarfed in August by a hundred or more dwellings, by large hotels, by splendid stores, and a half dozen implement warehouses, not forgetting the two or three churches and the excellent public school building; and in a few years there is a town with well-paved and electric lighted streets, market, and all modern equipment. There are cities of from ten to fifteen thousand people, where five or six years ago there was but the bare prairie and the long section post. The change of the Canadian West during the past eight or ten years has been marvellous; and it is no idle tale to say that the development in number and growth of the cities, towns, and villages there in the past decade has eclipsed anything in the history of the building of a new country. Agriculture has been the basis—and it is agriculture of the kind that is lasting."

Immigration to Continue Enriching the West

Statement of The Wall Street Journal as to the Fabulous Increase in Canada's Wealth
"The movement of farmers from the United States into the three Canadian Provinces—Manitoba, Saskatchewan and Alberta—continues and increases. Last year more than 131,000 came, and the immigration officials say that they have advices which lead them to believe that the number of incoming American settlers this year will be not less than 175,000. Immigration, banking and railway officials agree in estimating that the average American settler brings with him at least \$1,000 in cash, and this seems to be a conservative estimate. It means that they brought into Canada last year upwards of \$131,000,000, and that their cash contribution to Western Canada's wealth this year will be \$175,000,000. The idea prevails in many quarters that this movement is spontaneous. This is an error. In the history of mankind there has never been a movement of people from one country to another more carefully or skilfully planned and operated than this one."
