Perth County.

The county is bounded on the north by the county of Wellington, on the south by the counties of Middlesex and Oxford, on the east by the counties of Wellington and Waterloo, and on the west by the county of Huron. It consists of the townships of Blanshard, Downie, Ellice, Elma, Fullarton, Hibbert, Logan, Mornington, North Easthope, South Easthope, and Wallace, and the towns of Listowel, Mitchell, St Marys, Stratford, (the county town), and the incorporated village of Milverton. The county is intersected by the main line of the Grand Trunk and the Buffalo and Lake Huron Division, the Port Dover and Lake Huron Division which enters the county at Tavistock and runs north to Palmerston, and the Southern extension of the Wellington, Grey and Bruce, running through a portion of the north part of the county. For Dominion Elections the county is divided into two Ridings, the South consisting of Blanshard, Downie, Fullarton, Hibbert and Usborne, (Huron Co) and the towns of St Marys and Mitchell; the North consisting of Ellice, Elma, Logan, Mornington and the towns of Listowel and Stratford. For Provincial Elections, North Easthope and Wallace is added to the North Riding, and South Easthope to the South Riding, Usborne voting in its own county. The County is well watered by the rivers Avon and Thames, besides numerous smaller streams, some of which affords ample water power for mills and factories. The soil is rich and fertile, the surface generally level, and the farms well improved. The great swamp encroaches on the townships of Logan and Ellice. In this swamp the rivers Maitland, Saugeen, Thames, Bayfield and Grand take their rise. The timber is beech, maple, elm, pine, basswood, hemlock, etc. The area of the county is 446,728 acres, or 698 square miles. The population is about 60,000.

STRATFORD.

The county town of Perth is located on the River Avon, at the angles of the townships of Downie, Ellice, North Easthope and South Easthope, and is the centre of one of the most fertile and well-settled counties in the Province. It is the most important railroad centre west of Toronto, the main line of the Grand Trunk, the Buffalo and Lake Huron, the Port Dover and Lake Huron and the Sarnia and Lake Huron railroads, all meet at this point, thus affording unusual inducements for the location of manufacturing and other enterprises. Distant from London, 39, Goderich, 45, Hamilton, 61, Sarnia, 80, Toronto, 88, Buffalo, 115, Detroit, 148 and Montreal, 421 miles. The business streets are lined with many fine block of stores and a new post office is in the course of erection, which will be an ornament to the town. Here are located the Grand Trunk railway workshops, employing over 700 men, the pay roll averaging \$1,100 a day. The public buildings are very costly and handsome, the court house, town hall, high school, central school, public schools, Roman Catholic schools, Convent of the Ladies of Loretto, and the numerous churches are unexcelled in attractiveness and point of architecture by those of any town or small city in the Province. The town is lighted by gas; population about 8,500.
