DEATH TOLL IN FLORIDA 600 TO 1,500

PROPERTY DAMAGE IN BLOW IS \$150,000,000

Wind Velocity Reaches 100 Miles An Hour At Pensacola; 38,000 People Are Homeless, 2,000 Reported Injured

WATER KNEE-DEEP IN MIAMI STREETS

Tales of Suffering and Hardships From Many Quarters; Drinking Water Supply Cut Off and Public Utilities Are Disabled; No Canadians in Casualty List

MIAMI, Fla., Sept. 20.—Estimates ranging from 600 to 1,500 dead prevailed in the Miami disaster area this morning, as first contact with the outside world was established by aeroplane, automobile and relief trains. The damage was estimated at \$150,000,000.

In the Miami storm disaster area are included Hollywood, Fort Lauderdale, Redlandia, Moorehaven and Clewiston.

Little contact with these places had been established as the causeways were flooded and wreckage and high water barred traffic. Because of continued severe winds, pilots of aeroplanes were reported as wary of attempting to enter the storm area.

MOBILE, Ala., Sept. 20.—The weather bureau here reported at 7:30 o'clock that the wind velocity had reached 100 miles an hour at Pensacola, Fla.

WIDESPREAD DESOLATION

WEST PALM BEACH, Fla., Sept. 20.—At daylight broke over the devastated area of Southern Florida today.

NO CANADIANS.

NEW YORK, Sept. 20.—Up to 11:15 this morning no Canadians have been reported killed or injured in the meagre casualty lists received by the Canadian Press from the Florida storm area. A careful check of names of Canadians known to have been in the vicinity of the storm, sent to New York by the Canadian Press in Canada, has been made.

revised estimates placed the number of dead from the tropical hurricane at approximately 600, with 960 actually known to have perished, hundreds injured and scores of millions of dollars in property laid in ruins.

The "playground of America," was metamorphosed into a scene of desolation over a wide area. Pleasure resorts were turned into temporary morgues and hospitals and trains bearing physicians and nurses, were arriving in the storm-stricken section from many directions. Houses and office buildings were crowded with refugees. The Palm Beaches, on the fringe of the storm, escaped the heavy damage suffered by their sister cities.

38,000 HOMELESS.

The injured in the ravaged district were placed at 2,000, with 28,000 homeless persons seeking relief.

Tales of suffering and hardships, were recounted by messengers arriving here. Many persons searched the ruins of their homes for lost members of their families, while others anxiously sought relatives and friends in hospitals and morgues.

Water was knee deep in the streets of Miami and Miami Beach, all public utilities were disabled and restaurants were closed. Drinking water was served in half portions. Urgent appeals for food, water and clothing were answered by special relief trains that were dispatched to the storm area.

REFUGEE'S STORY

SAVANNAH, Ga., Sept. 20.—A story of the damage wrought by the hurricane in the vicinity of Palm Beach, was told last night by Samuel W. Taylor, Allentown, Pa. Mr. Taylor arrived here on the first Atlantic Coast Line train to come out of the storm area of Florida.

"The damage is many times greater than that caused by the hurricane of a few days ago," he told a Morning News reporter.

"At four o'clock Sunday morning, when our train left, no communications whatever had been established between Palm Beach and Miami. Automobiles bearing first aid supplies and newspaper men started out but found the roads covered with water and altogether impassable.

A special train was dispatched down the line by the Florida East Coast, but after it left no word was heard from it. "Whether it ever got through was not known when we left."

BUILDINGS LEVELED

"In Palm Beach itself, the damage was immeasurably greater than that following the first storm. Buildings not hurt much by the first storm, were damaged almost beyond repair by this one. Where repair work was going on, at the scene of greatest damage following the first hurricane, even the repair materials and machinery were destroyed this time.

In the Pennsylvania Hotel water was standing several feet deep. Water from the lake was standing in the

Police Investigating But No Arrests Made In Knife Throwing Incident

Canadian Press

TOKYO, Sept. 20.—Although scores of police are working on the knife-throwing mystery which intruded upon the formal ceremony of a luncheon at the British Embassy in honor of Crown Prince Gustav Adolf and Princess Louise of Sweden, no arrests have yet been made.

Government officials and members of the embassy staff, seek to minimize the incident, and the newspapers are not publishing it.

It is generally believed that the Brazilian knife thrown by the intruder at Roger Tilley, son of British Ambassador Sir John Tilley, whom the young man dashed towards the window, at which he saw a strange face peering in, was intended for the ambassador, but no motive is apparent.

DOUBTS IF KING WILL ATTEND EMPIRE MEET

Postponement Unlikely as Other Delegates Are Now On Way

By HERBERT BAILEY

British United Press.

LONDON, Sept. 20.—The invitation which was sent to Hon. Mackenzie King to attend the Imperial Conference, before Mr. King left the Premiership, still stands, the British United Press is informed authoritatively, and the statement recently published here to the effect that Mackenzie King had said he had not yet received an invitation, greatly surprised officials here.

Whether Mackenzie King is going to the conference and suggested that if it could be postponed for a few weeks the problem would be solved satisfactorily.

He added that the question of a postponement had not yet been considered.

POSTPONEMENT UNLIKELY

Questioned regarding a possible postponement, government officials here recently stated that the question of a course owing to the fact that delegates from the other dominions are already on their way.

The disposition here is that they would like to accommodate the Canadian wishes and there is a recognition of the difficulties owing to the recent elections but it is also pointed out that naturally the desires of other delegates must be considered.

During the last few weeks however, there has been a growing sense of the importance of the conference and it is now felt that it is no longer a question of postponement but of when to hold it.

Cabinet Timber From All Canada Gather at Capital for Meeting

OTTAWA, Sept. 20.—Scores of successful and unsuccessful candidates arrived in the capital this morning from the west, from Quebec and Ontario and from the Maritimes. In hotel lobbies it looks like the most active days of a parliamentary session.

The Liberal members of the new parliament are, of course, all intensely interested in the ministry that is to be formed within the next few days. Mr. Mackenzie King is seen no one until this afternoon, when he will likely receive a number of former ministers who have been summoned to Ottawa, as well as several members who will be sworn into office for the first time.

FORKE AMONG VISITORS

Robert Forke is here from Brandon and gossip continues to associate his name with the Department of Agriculture. Hon. W. R. Motherwell, Hon. Chas. Dunning, Hon. J. G. Gardiner, Premier of Saskatchewan; Hon. Chas. Stewart and Hon. Dr. J. H. King are here from the west. From Ontario James Malcolm arrived today and is considered one of the most probable of new ministers. Hon. J. C. Elliott and W. D. Miller are present. Hon. Ernest Lapointe and Hon. Lucien Cannon have been in Ottawa over the week end.

VENIOT TO SEE PREMIER

Rumors of cabinet posts for the Eastern Provinces still include Col. J. L. Ralston, C., who was defeated in Halifax last Wednesday. Col. Ralston is in Ottawa with his running mate in the double member constituency, J. Murphy. Hon. P. J. Veniot will likely see Mr. King some time during the course of the day. Hon. John E. Sinclair of Quebec, P. E. I., will also probably see Mr. King today. Wm. Duff, former Deputy Speaker of the Commons, who was defeated in Lunenburg, arrived today.

French Trawler Lands Men From Italian Steamer, Sunk Off England

LONDON, Sept. 20.—Doubt as to the fate of the crew of the Italian steamer Elenia, which sank on Thursday off the Scilly Islands, was removed on Saturday when the French fishing trawler landed them at Cornwall ports.

The captain of the Elenia explained he was damaged in collision with the steamer Indus, but thought he could save his ship. That was why he declined assistance when the liner Olympic came up in answer to the distress call. He later found he was unable to stop the inrush of water, and the crew took to the lifeboats.

London Typist Taken Forcibly From Channel, 2 Miles off Goal

DOVER, Sept. 20.—Mercedes Gletta, the London typist, made a gallant but vain effort to swim the English Channel and win \$1,000 Sunday afternoon. She reached a point two miles off St. Margarets Bay after swimming 10 hours and 51 minutes from Cape Gris

Naz. Her trainer realized it was a hopeless task for the girl, because of the coldness of the water and urged her to give up, but she would not. At last her attendants, fearing a collapse, and a tragedy, lassoed her arms and removed her half-conscious from the water.

Work of Countering Disunion Among Rank and File Is Told of

MONTREAL, Sept. 20.—The forty-second annual convention of the Trades and Labor Congress of Canada commenced here this morning and will be continued throughout the week. Delegates from all parts of the Dominion were in attendance. Today the following reports were presented to the meeting: Executive council, provincial executives, Federation of Labor, and fraternal delegates to the American Federation of Labor and British Trades Union Congress. The chairman of the meeting was Tom Moore, president.

The report of the executive council stated that "while there has been a noticeable betterment in industrial conditions during the past few months, there is still considerable unemployment in Canada, no doubt due to some extent to the disturbed political situation. The Congress with the activities of those within Labor's ranks, who still continue to advocate division on national, religious or other grounds, seek to disrupt by constantly spreading propaganda aimed to destroy confidence in those elected to office in the Labor movement, has retarded the growth in our membership which it otherwise would have been possible to report.

ORGANIZATION ACTIVE

"These efforts at disunity have been partially counteracted by the active organization work carried on by the field representatives of a number of affiliated international organizations, aided, as far as its comparatively small resources would allow by the congress, its trades and labor councils, and affiliated local unions. The report continues that the outlook for improvement on the industrial side is much brighter than at any period since 1921, and the executive expresses the belief that, with steadily growing confidence in the trade union movement, as represented by the congress and the increasing determination to maintain its unity now apparent, this convention will prove to be the rallying point for a united front movement during the coming year.

OUTLINES LEGISLATION

The report outlines the government legislation of interest to Labor passed at the last sessions of the Federal parliament, and provincial legislatures. The congress' migration policy is again outlined and endorsed. It calls for the increasing determination to immigration, by a free, enlightened moral and energetic and law-abiding mass of citizens and the prohibition of

BOND IS GIVEN TO PROTECT FIGHT

Richard Expects Gate to go Over \$1,900,000 Mark, Setting New Record

PHILADELPHIA, Sept. 20.—Despite the mass of court issues, threatened injunctions and the like, in which those directly interested in the Dempsey-Tunney heavyweight championship are embroiled, fight fans apparently have little doubt the bout will be held next Thursday night, as scheduled.

Money for seat reservations continues to pour into the headquarters here, of Tex Rickard, promoter of the fight, in such a steady stream that the staff of clerks is all but swamped. The sale today had nearly reached the \$1,700,000 mark, with every mail bringing additional requests for tickets. Rickard said he expected the sale to go over \$1,900,000, which would exceed previous records for fight collections by more than \$250,000.

The promoter expressed confidence that a \$1,000,000 bond he has arranged with the National Surety Company to cover all legal proceedings which might tend to interfere with the bout, would be approved by the courts. He said the bond would serve to protect all parties in interest until the various suits could be determined, "on their merits." It would also protect ticket holders, he said, by "assuring the holding of the bout as scheduled."

PROPOSED CITY TAKE OVER TUCKER PARK TRUST

APPLICATION WILL BE MADE TO LEGISLATURE

Matter Before Common Council on Suggestion of Judge Barry

AMOUNT OF FUND NOW ABOUT \$16,000

Problem of Main Street Traffic Touched on at City Hall

The Common Council this morning decided to promote legislation to have the Tucker Park Trust dissolved and the trust vested in the City of Saint John, in order to facilitate the development of this area as a part of the public grounds of the city.

The matter was brought up by Commissioner Frink, who moved that a bill be prepared and sent to the legislature for enactment at its next session, praying that the power and privileges vested in the trust be vested in the City of Saint John, upon the consent of the trustees now in office.

SUGGESTION FROM TRUSTEE

In moving the resolution, the commissioner said, he was acting on a suggestion made by Judge John A. Barry, one of the trustees, and he felt that more progress could be made in developing the area if the suggestion were adopted. There was now in the trust fund about \$16,000, and if the City Council was inclined to supplement this so that the area could be opened up he was sure they would have the backing of the citizens.

Mayor White said it was all right to promote the legislation but whatever disposition was made of the trust the fact that the land was the gift of Colonel Tucker must not be lost sight of and the wishes of the donor must be carried out.

The motion carried. Commissioner Wigmore reported that insurance adjusters were now at work appraising the damage done in the fire Saturday morning in the warehouse in West Saint John in which a truck and tools of the water department were stored. The loss, he said, was covered by insurance.

MAIN STREET TRAFFIC

Commissioner Harding said his attention had been called to the practice of motorists going up Main street swinging too far to the left side of the street, and thus creating a traffic hazard. Part of this, he said, was due to the fact that the centre of the street, and it had been suggested the drivers of these teams be hailed to court. He said it could hardly be classed as fast or reckless driving but was really improper driving and there did not seem to be any section of the law to cover the matter.

Commissioner Wigmore said that while the law provided that slow moving teams were to keep close to the curb, owing to the slippery surface of the street in this district it was impossible for them to do so.

Mayor White said that all the members of the council were invited to the opening of the new Brunswick Protestant Orphan's Fair on Thursday evening, which he had been requested to declare open.

Commissioner Frink said he had made notes of some changes which he thought might be made in the proposed building law, and it was decided to deal with these on Thursday.

The contract for the plumbing and heating of the new Western Union building at the corner of Union and Prince William streets, has been awarded to the firm of Byrne & McGeough. A crew of men are now at work on this part of the contract.

Evidence being ready this afternoon, Reid was in court again and Terrence White testified. Reid was sentenced to six months in jail.

year. On April 5, 1925, five were killed in Miami, December 1, 1925, five were killed in Tampa and Miami suffered much property damage. July 29, 1926, seventy were killed and great damage done to property by a hurricane which swept up from the Gulf of Mexico.

1900 HURRICANE

The Galveston hurricane of 1900 was the worst storm that ever struck any part of the United States. Three thousand people were killed, four thousand shore front buildings were destroyed by a tidal wave, railroads were crippled and famine came close. Of the dead 1,200 were washed ashore at Virginia Point.

In the Johnstown Flood of May 31, 1889, 2,200 lives were lost; in 1913 the floods of Ohio and Indiana claimed 732 lives, while those in Texas killed 500. In none of the great catastrophes of wind and water in the country, has the property damage approached that indicated in Florida, where millions of dollars had been invested in buildings and real estate development.

BLOW LIGHT IN CUBA

HAVANA, Cuba, Sept. 20.—The hurricane did not strike Cuba with any violence. Some high winds and heavy rains were reported, but little damage and no lives lost. A small schooner was sunk near Guantanamo Bay and the fate of the crew is not known. For 60 miles north of Key West, telephone wires report little damage but no definite news can be had of Miami through the channel.

NO C. G. M. BOATS THERE.

MONTREAL, Sept. 20.—No Canadian Government Merchant Marine vessels were in the danger zone of the hurricane which swept the Florida coast over the week-end. R. B. Teakle, general manager of the company said this morning, "We have made a check on our ships, and fortunately they were not in the track of the storm," he said.

DEPUTY SPEAKER CAUSES STIR IN AUSTRALIA

Hints to British Parliamentary Party No More Immigrants Wanted

Canadian Press, via Reuters.
SYDNEY, Australia, Sept. 20.—At a dinner tendered by the Commonwealth government to the touring British parliamentary delegation last night, Senator I. Grant, who is Deputy Speaker of the Federal Labor party, caused a stir when he arose to declare that there would be a sharp conflict of opinion if the visitors thought they were going to induce more people to come to Australia. The Marquis of Salisbury, and Hon. Arthur Henderson, as members of the delegation, replied to the senator, both contending that the aim of the parliamentary delegates was to help and not hinder the development of the dominions.

Capt. Crocker is well known here, having sailed out of this port in the C.P.R. steamer Mount Temple. His wife was Miss Clara Keller, a sister of Mrs. McLaughlin.

HOLD-UPS ARE REPORTED FROM DIGBY COUNTY

Farmer Stopped in Broad Daylight—Store Entered, Marauders Driven Off

DIGBY, Sept. 19.—There are indications of an attempt on the part of two or more men in automobiles to carry out a series of highway robberies and burglaries in this county. It has just come to light that several incidents of that nature have taken place within the past week. A bold attempt at highway robbery, not reported until last night, was made on the Mount Pleasant road on Friday in broad daylight, when two men operating an automobile stopped a farmer and holding him up at the point of a gun, searched his wagon and his person before they allowed him to proceed.

SECOND AFFAIR.

At 2 o'clock Saturday morning, another resident of the district reports that he was awakened by his dog barking. Hurriedly dressing he went down stairs and on opening the door he saw two men walking up his verandah toward the door. After asking the owner of the house where some person had jumped into a waiting automobile and drove toward Digby.

SEVERAL OTHER CASES.

Yesterday a report was received from another part of the county along the Bay Shore road that a little store conducted by an old lady, had one of the windows removed in the night and a quantity of goods were stolen. Before daylight the same morning the two mysterious men had made the early call was awakened by the barking of his dog at the bedroom door. He heard a faint whistle which sounded to be about 50 yards from the house. The dog barked furiously and tried to get out, but the owner, fearing an injury to the faithful animal, held him back until he slipped on some clothes. He then grabbed a gun and made a search but without success.

AFRICAN DISPUTE IS FINALLY SETTLED

Abyssinia, Great Britain and Italy Agree on Zone of Influence

GENEVA, Sept. 20.—According to information in circles of the League of Nations, the dispute between Abyssinia, Great Britain and Italy over the attempts of the two European powers to obtain a zone of influence in the African Christian Empire, has been settled by private negotiations, and will not be aired before the league assembly.

ROTESTED TO LEAGUE.

The Abyssinian government caught the ear of the world with this protest as both Great Britain and Italy had to reply. The African empire warned the league that it might force a dissolution of the question before the league assembly but all this apparently now has been averted.

The details of the settlement of the dispute are not disclosed but it is reported that Abyssinia got a loan in return for granting both the British and Italian concessions.

REMOVE FILM FROM TEETH IS
PRESENT-DAY DENTAL ADVICE

The FILM ON TEETH to Which Most "Off-Color" Teeth and Many Serious Tooth and Gum Disorders are Ascribed

BECAUSE tooth and gum disorders are now scientifically traced largely to a film that forms on teeth, which ordinary brushing fails to remove successfully, a radically different way in tooth cleaning is being widely adopted.

Run your tongue across your teeth and you will feel a film—slippery, viscous coating.

Film absorbs discolorations from food, smoking, etc. That is why regular film removal is urged as probably the best in correct gum protection.

Most dental authorities urgently advise thorough film removal at least twice each day. That is, every morning and every night.

For that purpose, obtain Pepsodent, the special film-removing dentifrice which leading dental authorities favor. Different from any other tooth paste.

Pepsodent curdles the film, then removes it; then polishes the teeth in gentle safety to enamel. It combats the acids of decay and scientifically

arms the gums. It multiplies the alkalinity of the saliva. And meets, thus, in all ways, the exactments of modern dental science.

On dental advice, people are adopting this new way of tooth cleaning. Obtain Pepsodent, the quality dentifrice, at drug stores. Two months' supply at a moderate price—or send coupon for 10-day tube. Use twice every day. See your dentist twice each year. Make both a habit.

BENEDICTION IS
GIVEN IN OPEN AIR

Thousands on Grounds for
Ceremony—Rev. H. Mc
Guire Preacher

Some 2,500 to 3,000 members of the Holy Name Society in connection with the Catholic churches of the city marched in procession on Sunday afternoon in the first public demonstration of the society in this city. Such processions have been held frequently in the United States and other parts of Canada but not before in Saint John. Yesterday's event was stated to be even beyond what had been expected in the number of members attending.

CEREMONY ON GROUNDS

At St. Peter's Park, where the members gathered after walking from the Cathedral, a most impressive ceremony was carried out and the numbers attending in addition to the society members made an aggregate of 6,000 or 7,000. They filled the grandstands, and they crowded the hill on the grounds and surrounded a large roped-off space where seats had been placed for the members of the society. Several hymns were sung, Benediction of the Most Blessed Sacrament was given and a powerful sermon was preached by Rev. Henry McGuire, C. S. S. R., son of Thomas McGuire of Saint John, who had come to his active city from Brockville, Ont., for this purpose.

ALTAR ERECTED

In front of the grand stand there had been erected a large altar surmounted by a canopy. It was decorated with flowers and lighted by numerous candles and the steps were carpeted. On the gospel side, and some little distance removed, there had been placed a platform with a throne for Bishop LeBlanc and chairs for the attending His Lordship. On the opposite side was erected a large stand with several rows of seats, and there were stationed the altar boys from the various churches, who had been in the procession. In the centre was placed a temporary pulpit. Altar, throne, pulpit and the altar boys' seats were all decorated in the papal colors and bore the papal coat of arms, while the small flags of the papal colors fluttered over the space enclosed for the Holy Name Society members. High over the grandstand there was hung to the breeze the British flag.

WELL ARRANGED

The arrangements at the grounds, well carried out, were in the capable hands of Rev. James McNamee, rector of St. Peter's church and he was congratulated on the excellent preparations that had been made. The City Cornet Band, which had led the procession from the Cathedral, was placed in front of the assembly at the grounds and, under the leadership of Bandmaster Frank Waddington, furnished the music for the hymns.

VERY IMPRESSIVE

It was a most impressive ceremony in the open air. The singing of the men must have been heard a long distance away as their voices were uplifted in hymns of praise. Father Cleary stood in the pulpit during the singing and directed the great choir. In marked contrast to the volume of sound of but a moment before, was the quiet that told of the raising of the Host in blessing during the Benediction. At Benediction His Lordship Bishop LeBlanc officiated, attended by Rev. J. J. Ryan of the Church of the Assumption as deacon, Rev. C. F. J. Carleton of Silver Falls as sub-deacon, and Rev. Charles Boyd of the Cathedral master of ceremonies.

After this the hymn "Holy God We Praise Thy Name" was sung and then "God Save The King." Motion pictures of the procession and of parts of the ceremony on the grounds were taken, as well as several "still" pictures of the first even of its kind in Saint John.

The members of the society from the various churches assembled at the Cathedral about 2 o'clock. The Cathedral members gathered in the church and the others in Cliff street. They were under direction of their own officers and the whole procession was marshalled by John U. Haggerty.

When all was in readiness they started off headed by the City Cornet Band. The St. Peter's Holy Name Society had the leading place, followed by the men from Holy Trinity, the Church of the Assumption, St. John the Baptist church and the Cathedral.

The latter had been strung out along Waterloo street from Cliff to beyond Golding. As the line left Cliff street, the Cathedral men fell into place. Assembled on the Cathedral grounds were His Lordship Bishop LeBlanc and the priests and altar boys, all wearing soutanes and surplices. As the end of the line of Cathedral men reached the main steps of the Cathedral the bishop and priests and altar boys, descended to the street and took their places just behind the Cathedral choir and the officers of the Diocesan Holy Name Union, who were headed by their president, Judge John A. Barry.

NEXT IN LINE

Next was the cross bearer with an acolyte on either side. Then followed the altar boys of the various churches, numbering some 150 in all, and the novices of St. Peter's novitiate. Next to them walked the following societies: Rev. Fathers Melville T. Nichol, Francis Gillen, W. M. Duke, Charles Boyd, of the Cathedral; A. W. Kin-sella and Joseph Henebery, of St. John the Baptist church; H. Ramage and Ronald McGillivray, of the Church of the Assumption; Rev. Francis Cronin, of Holy Trinity; Rev. F. Walker, of St. Mary's church, East Saint John; Rev. M. O'Brien, of Norton;

TOUGHT TO BE EASY TO OBEY HER

FRAU IDA BOCK, Austrian writer, has just taken a cue from Moses and drawn up a new decalogue—for husbands. Here are the commandments:

1. Flirt with your wife as you do with other women.
2. Do not assume she knows it, but tell her often, "I love you."
3. Thank her occasionally for the beauty and comfort that surround you.
4. Don't assume she is yours, woo her always.

Rev. J. Cleary and Rev. Father McGuire, of St. Peter's; Rev. J. J. Ryan, of the Church of the Assumption; Rev. C. P. Carleton, of Silver Falls, and His Lordship Bishop LeBlanc. Police Sergeants T. Sullivan, Fred O'Neill and Officers Frank Killen, Walter Quinn, Ed. Cova, Allan McNamee, W. McNeill, James McNamee, Walter Coughlan, John Sheehan, and Andrew Duffy were on duty in the parade or at the grounds.

THE SERMON

Father McGuire spoke of that large gathering as recalling to his mind the epoch-making rally of Chicago's Holy Name men. He dealt at length with the ideals and significance of the Holy Name organization and declared the characteristics of that organization to be religious obedience, reverence, intellectual vision and unity of purpose. Speaking of intellectual vision, he declared that the men of the Maritime Provinces were famed for their religious contentment but were also noted for their economic discontent.

SEES GREAT FUTURE

He declared "there is for this city and these provinces a future beyond calculation. That future lies in your hands if you can but visualize its worth and actualize ways and means of attaining it."

He called upon the younger men to combat the calls of pleasure and excessive demands of sport which were the two worst enemies of their progress. Coming to speak of the last and supreme test of the Holy Name men, which he had described as Unity of Purpose, he said, their service to God required service to humanity. He called if the members were united in plan and practice for a better Saint John, a better New Brunswick and a better Canada and appealed to them to become themselves a royal commission of inquiry, to be public men in an amateur way.

OFFERS SUGGESTIONS

In offering some practical suggestions Father McGuire recalled that Dickens had been so good a publicity agent for London that he made London thrive on her handicaps and peculiarities. He believed any of Saint John's seeming handicaps also had a commercial value if her citizens would search it out. He called for a revival of Saint John's wooden ship-building industry, believing there were still those skilled in the technique. He proposed that Saint John's young men financed by their elders should build a ship and sail it triumphantly to the West Indies, through the Panama Canal and to Vancouver carrying home products. He believed that was a daring plan whose publicity would pay.

SPEAKS OF RIVER

Father McGuire next spoke of the Saint John River as "going to waste" and said that if his ship-building plan was not feasible for the ocean then there might be found men with courage and patience to build a river boat and present it to His Lordship the Bishop for Cathedral picnics, or for summer courses, by parish societies, for vacation or educational cruises.

Next the speaker asked if the Holy Name men had any plan for fostering home products and recalled that in Italy the people were eating black bread to increase their stature, but he

FREDERICTON EXHIBITION FOR 1926 OPENS

Pleas for Agricultural Development Made by Lieut.-Governor

FREDERICTON, Sept. 19.—The Fredericton Exhibition of 1926 was formally and officially opened Saturday night by Hon. W. F. Todd, Lieut.-Governor of New Brunswick, in the presence of a large number of people which filled the amusement hall. The fair was handicapped in its opening to some extent by the failure of attractions to arrive from Woodstock where the exhibition was extended a day. Special trains today brought the Woodstock contingent to this city and on Monday the exhibition will be going in all departments.

Lieut.-Governor Todd occupied the chair at Saturday night's formalities and a large number of the directors were seated on the platform. Among them was John A. Campbell, of Kingsclear, a former member of the legislature and the senior director. His honor in his speech referred to the fact that he and Mr. Campbell had sat together in the Legislature. Introductory remarks were made by President Staples and His Worship Mayor Clark. W. S. Hooper, former secretary and president of the exhibition, and His Honor the Lieut.-Governor spoke.

Mayor Clark referred particularly to the past success achieved by Fredericton Exhibitions and pointed out that the attendance in proportion to population surpassed that of Toronto Exhibition. He dwelt particularly on the agriculture to the province and urged the development of fruit growing in the Saint John valley.

FIRST SHOW IN 1848.

The remarks of Mr. Hooper were reminiscent to some extent. He mentioned the fact that the exhibition was in its seventy-first year, although there was record of an exhibition in Fredericton as early as 1848. He traced the expansion from small beginnings to the present and expressed the opinion that the fair of 1926 would surpass them all.

OBSERVER PRAISES LORD WILLINGDON

Says Canadians Can't Fail to be Attracted by Him and Wife

LONDON, Sept. 19.—The Observer devotes a column today to a glowing appreciation of Viscount Willingdon, Canada's new Governor-General.

After paying tribute to Lady Willingdon and Lord Willingdon's work in India during the great war in promoting British and Indian co-operation and goodwill, the paper concludes: "The Canadian people as Lord Reading remarked the other day, will find in their new Governor-General and his wife, what is best in the English character. They cannot fail to be attracted as the people of Bombay and Madras were attracted by the frankness and sincerity of the King's representative, his staunchness in friendship, his wide and liberal sympathies and his breadth of outlook."

"The fact and understanding required for the high duties which fall to Lord and Lady Willingdon in Canada, will not be wanting and they have the single-minded purpose to serve the Dominion with a devotion equal to that with which they served India through 11 eventful years."

Chance of German Agreement Is Seen

PARIS, Sept. 19.—Returning from Geneva Saturday morning, Foreign Minister Briand said: "I am satisfied with everything that went on in Geneva. I see the possibility of finally coming to a complete understanding with Germany."

He refused to go into details, saying he must first report to the Cabinet which meets next Tuesday, but he thought that within a few days there after he could specify some of the points he discussed with Foreign Minister Stresemann of Germany at their motor luncheon Friday.

URGES WEALTHY TO SUPPORT OF INSTITUTIONS

Rev. R. G. Fulton Speaks of Giving for Public Causes

In making the announcement in Centenary church last evening, the minister, Rev. R. G. Fulton, referred to the concert soon to be held by the ladies of the Hospital Aid.

Mr. Fulton said it was a matter of great regret that public institutions are not more generously supported by our wealthy citizens. Aside from the bequest of the late William Crawford, it was difficult to recall any gift of generous proportions to the public institutions of the city. In England and Scotland, he had noticed that in nearly every case hospitals were supported by public gifts, yet here not only were gifts withheld but he had even found a sentiment against such gifts on the ground that being public institutions they should be supported by the city or county as the case might be.

Mr. Fulton said that while he was quite prepared to admit the obligation that did not relieve the wealthy of their responsibility. It was a matter of great regret that men who had lived all their life in Saint John and had made their money here did not feel sufficient moral obligation to set aside a portion for institutions, such as our hospital, Victorian Order of Nurses, the Health Centre or the Public Library.

"It is earnestly hoped," said the speaker, "that there will be a generous response to the efforts of the Hospital Aid for the much needed maternity wing for the General Public Hospital."

SOUTH AFRICA FLAG VOTE PLAN OPPOSED

CAPE TOWN, Sept. 19.—Premier Hertzog's decision to submit the question of the new national flag to a referendum is opposed by the press generally. The Cape Times, the Rand Daily Mail and the Cape Argus urge the dropping of the flag question for the present.

The Times expresses a doubt as to whether a referendum is a suitable expedient for deciding the flag question unless provision is made that there must be a two-thirds majority in favor of the bill to carry the measure.

Mexican Film Star Threatens Suit

Dolores Del Rio, beautiful society leader, and a member of one of Mexico's "first families," who came to Hollywood a year ago to fulfill a movie contract, is threatening to bring a libel suit against a Mexican paper published in San Diego which carried a story saying she furnished a \$20,000 bail bond for the release of General Enrique Estrada, leader of a rebel army recently captured with arms and ammunition as they were about to attack Lower California. Miss Del Rio demands a retraction and has called President Calles asking his aid.

NINE ESCAPE DEATH AS CAR IS OVERTURNED

Large Moncton Auto Is Ditched at Hopewell Hill; Three Slightly Hurt

HOPWELL HILL, Sept. 19.—A large touring car owned and driven by a Mr. Ritchie, of Moncton, with nine occupants, ran off the road on the West hill here this afternoon while traveling at a high rate of speed, and turned bottom up. While miraculously escaping fatal or serious injuries several of the passengers received severe cuts and bruises.

The Moncton car was attempting to pass another car driven by a Watrous, when it was overtaken and forced to go to the bank, which is several feet high at this place. The top of the car was broken in and the windshield smashed. One lady passenger had her knee badly cut and also received cuts on her head. One of the men also had his head cut. The injured ones were cared for at the home of C. C. West.

She Was Weak, Thin and Nervous

One of the greatest strength givers and producers of good healthy flesh in the world is God Liver Extract. It's full of vitamins.

Thank goodness! that now, when a woman is weak and haggard and doesn't weigh what she ought to, she knows where to go for help as all druggists are now selling McCoy's God Liver Extract Tablets, sugar coated, and as easy to take as candy. And it's a mighty good thing for skinny, rundown men and women to know that they can get the real God Liver vitamins in condensed form, that they can easily carry with them wherever they travel.

Men and women, weak, thin and nervous, are urged to put on weight and get back their health and strength with these wonderful tablets.

One woman gained 15 pounds in five weeks and that's going fast enough for anyone.

Only 60 cents for 60 tablets, and if they don't put five pounds of flesh on any thin person in 30 days—why, money back and no quibbling about it, either.

But be sure and get McCoy's, the original and genuine. Watsons two stores, Ross Drug Co., Wm. Hawker & Son, and druggists everywhere are selling lots of them.

FAREWELL SAID TO TWO PRIESTS LEAVING CITY

Presentations Made to Rev. C. P. J. Carleton and Rev. C. Boyd

Rev. C. P. J. Carleton of Silver Falls said farewell to his parishioners on Sunday and was honored by them at a presentation event following the 10 o'clock mass. There was a large congregation present.

Mr. J. M. Donovan, representing the congregation, read an address in which sentiments of respect and love for their pastor were expressed, with words of remembrance of the years during which he had ministered to their spiritual welfare and reference to the close ties that had bound priest and people. Regret at his going from among them was joined with good wishes for a very happy pastorate at Milltown, N. B. to which charge he has been transferred. At the close of the address Miss Mary McDonald made the presentation of a bouquet and a substantial purse.

In replying, Father Carleton recalled the years he had been among them and spoke of the affection he bore the people of the Silver Falls parish. It was with feelings of regret that he left them. Many in the congregation were deeply affected as they listened to the farewell words of their pastor. Father Carleton will leave here on next Thursday to take up his duties in Milltown.

Rev. Charles Boyd of the Cathedral staff, who has been appointed by His Lordship Bishop LeBlanc to go to Rome for special studies, will leave here tomorrow afternoon for Fredericton, his native city, to spend a week or so before taking his departure for the Eternal City. He has not yet completed his plans for sailing, but will likely leave from Montreal or Quebec.

Father Boyd has been chaplain of the Cathedral Holy Name Society and as such has been the recipient of a purse of money from the membership. The presentation was made at the Palace by John Stanton, president of the Cathedral branch, who called with a delegation of officers and members composed of Charles Mitchell, Charles R. Murray, Patrick L. Jennings, Bernard Stafford, William McCann, Joseph McCormick, Thomas M. Burns, John J. Coughlan, Joseph P. Lewis, Edward J. Monahan, William M. Walsh, Louis J. McDonald and James Walsh.

MONCTON SONS OF ENGLAND ARE VISITORS HERE

Nicely Entertained at Dinner
and Shown About
City

Moncton visitors, members of Shaftsbury Lodge, 208, Sons of England, and Jubilee Lodge, Daughters and Maids of England, were guests of Marlborough and Portland Lodges, S. O. E., of Saint John over the weekend. Forty-five traveled from Moncton, 30 coming by train and 15 by special motor.

The visitors arrived on Saturday and were met at the depot by a committee and the officers of the two lodges and were driven around the city, reaching the Royal Hotel at 8 o'clock, where 127 persons sat down to a splendid banquet which was followed by a dance.

H. C. Green, chairman of the committee of the city lodges, was master of ceremonies at the banquet and proposed the toast to the King, which was accorded the usual musical honors. F. J. Punter sang popular numbers and H. Thompson, J. rendered several violin numbers as well as playing for the dancing. District Deputy D. D. Watson, of Moncton, proposed the toast to the Supreme Lodge. A toast to the visiting brothers and sisters was proposed by W. P. H. E. Thompson of Marlborough Lodge, and H. Vanwart, and was responded to by W. M. Mrs. J. J. McAllister, of Jubilee Lodge and President Cliff, of Shaftsbury Lodge, Moncton.

The following program was then carried out: Song, F. J. Punter, with Mrs. Punter as accompanist; musical selection, Miss Layland and H. Thompson; monologue, Steve Matthews, who put over several of his well known numbers as follows: "The Soul of the Englishman," "Police Court Scene," "Canada and Canadians," a reading by Mrs. Horton. Closed the entertainment program that was much enjoyed. An hour's dancing followed and then the guests were taken by automobile to the homes in the city where they were entertained by members of the sons of England.

SEE THE CITY.

At 10 o'clock on Sunday morning the visitors and friends met at Douglas avenue and were taken by cars to see more of the sights of the city, including the Vocational school, Reversing Falls and Protestant Orphans Home. After dinner they all gathered at the railway station, where some boarded the train and others got on the bus, both groups leaving at 2 o'clock to return to Moncton after a much-enjoyed week-end.

The hope was expressed at the banquet on Saturday night that a Daughters and Maids Lodge might be re-established in Saint John, as this branch of the order did much good work among the English families here years ago.

The local committee which made arrangements for the visit of the Moncton members consisted of the following members: H. C. Green, chairman; H. H. Crabbe, C. London, E. C. Tremblay, J. Curtis and Robert Dickey, secretary.

The huge new airplane carrier, the U. S. S. Lexington, presents unusual problem in that it draws 28 feet of water and the Fore River Channel, Mass., into which it is to be launched, has a depth of only 22 feet at low and 31 feet at high tide. It may be necessary to make extensive dredging operations before the ship, seen here on the ways, can be completed and put into service.

CANADIAN VERDICT SETTLES BIG ISSUE

Governor General Must Act on
Cabinet Advice Until Dis-
placed, Says Paper

LONDON, Sept. 19.—Dealing with the Imperial aspects of the Canadian election the Observer says that Canada has decided "that henceforth on the other side of the Atlantic as on this, the Crown can do no wrong. The Governor-General must act on the advice of the Ministry until that Ministry has been displaced and replaced by Parliamentary action on an electoral verdict."

"Never again must there be a change or a shadow of doubt that the King's representative has shown bias or preference between one party and another."

ABSOLUTE FREEDOM.

The Observer proceeds to emphasize that Canada now has absolute freedom and declares that the extreme assertions of Canadian nationalism are efforts to force the open door. Hitherto, the paper says, Canada's influence in the world has been strongest when her interest in the Imperial connection was most active.

"Ten million Canadians," the Observer declares, "if they will, can wield under the old flag more influence than any equal number of people elsewhere. On the one hand they can make Imperial conferences from next month forward once more their practical instrument. They can urge on the improvement of communications and mutual intelligence a time when no progress can be made by trying to ap-

proach the question of closer unity from the side of abstract principles."

LIKE NO OTHER

"Above all, Canada among the self-governing nations of the Empire has a position and mission like no other. It can rise to the highest view of her destiny she will work deliberately and steadily to harmonize her immediate neighborhood to the United States with her membership in the British Empire and draw the two systems into a working fellowship which would lead the world."

WEDDINGS

Wiggins-Sage.

A quiet but interesting wedding was solemnized Saturday at 8 a. m. at the home of the bride's parents, when Phyllis A., eldest daughter of Mr. and Mrs. E. L. Sage, 147 Orange street, was united in marriage to Cecil H., son of Mr. and Mrs. Wiggins, by the Rev. Hugh Miller. The bride was becomingly attired in a rosewood gown and carried a large bouquet of American Beauty roses. She was attended by her sister, Edna, who wore a coral crepe de chine dress and carried an old-fashioned bouquet. The bridegroom was supported by his friend, George Stanley. A large array of beautiful presents attested to the popularity of the bride. After the wedding breakfast, which followed the ceremony, the happy couple left for a motor tour in the United States, after which they will reside in Saint John.

THE DEFENSIVE-DIET LEAGUE.

This is an organization of American physicians and dentists for extending the newer dietetic knowledge amongst themselves. Until recently physicians were taught absolutely nothing about diet or foods.

A signal honor has come to a Canadian in this connection. Through his articles in Canadian Journal of Medicine and Surgery, Robert G. Jackson, M. D., was sought as dietetic editor, "Archives of Therapeutics," New York, a physicians' journal. Articles in "Archives" led to his appointment as advisor to "Defensive-Diet League," a physicians' association, an honor, it is believed, held by no other Canadian. Advice of one from whom physicians seek food knowledge for themselves it behooves us to respect.

Dr. Jackson, a marvel of youthful vigor at 37, attributes his rejuvenescence from old age at 52 to exercises and natural foods; nuts, fruits, vegetables, milk and Roman Meal, which he invented. He has not had even a cold since 1912. He will send you his free booklet, "How to Keep Well," if you write to Robert G. Jackson, M. D., 108 Vine Ave., Toronto.

An orchestra has been engaged to furnish music for dancing and the commodore has made every other preparation to ensure the evening being most enjoyable. The club members have very gratefully accepted his invitation. A number of them will go round from Marble Cove to Millville by boat and others will travel by the bus line.

ORANGEMEN OF SAINT JOHN AT GEARY SERVICE

Large Gathering on Sunday
for Annual Parade—
35 From Here

When the members of the Orange Order at Geary held their annual parade yesterday so large a concourse of people attended that a change of order of service was made and the preacher, Rev. Mr. Patterson, was stationed in the doorway of the church, so that his message could be heard by the congregation that taxed the building's capacity and by the large overflow congregation gathered outside the church.

It was estimated that there were 2,000 attending and 105 automobiles were drawn up outside the church grounds. For the annual celebration of Geary Lodge a party of 35 went to Geary from Saint John by automobile, included in that number being Past Grand Master R. Magee, Grand Auditor Harry Sellen and W. M. of L. O. L. No. 141, Stephen Taylor. Another group of Orangemen, headed by Deputy Grand Master, Dr. Robertson, came from Keswick, and a third group came from Fredericton and was headed by H. T. Brewster.

The annual observances commenced on Saturday night when a banquet was held at Geary in aid of the Protestant

Orphanage and the sum of \$50 was realized. An open meeting was held afterwards in the interests of the Orange order and its session was prolonged until midnight. The Kilts Band arrived from Saint John at 10 o'clock Saturday night and yesterday it furnished music for the church parade.

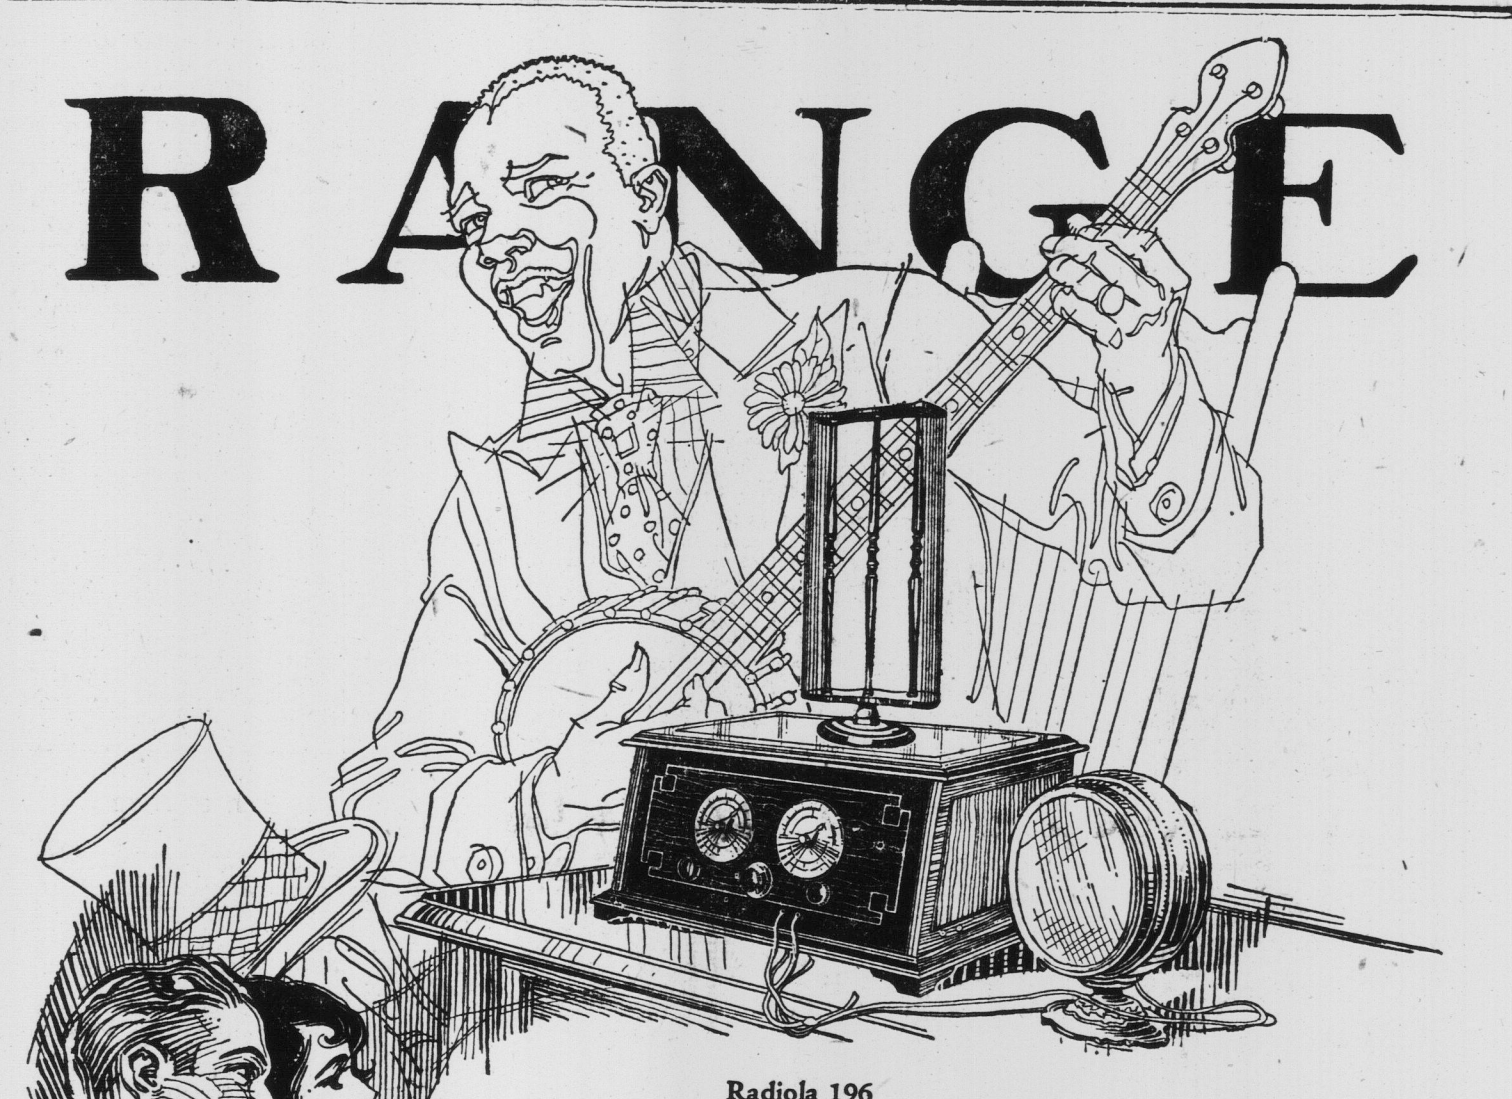

COMBINED SERVICE.

The Orangemen marched a mile and a third on the way to the church where a combined indoor and outdoor service was conducted. The organist and the choir moved with the preacher to the doorway of the church in order to lead the musical part of the service more effectively and to give more room for the congregation inside the building. Special music was rendered by the choir and Messrs. Trail and Sparks from the Victoria Street Baptist church in Saint John were heard in special selections. Rev. Mr. Patterson delivered a forceful sermon. Following the service the Orangemen marched back to their hall and there disbanded. The Saint John party re-

turned to the city last night and Mr. Sellen in describing the trip said that it had been splendidly successful and favored with ideal weather conditions.

Vessel Held at Campbellton Pending Claim Settlement

Bills For Wages, Repairs and Supplies Said to Be Cause of Libel

CAMPBELLTON, Sept. 19.—Failure on the part of the owners to meet claims amounting to approximately \$6,000 is said to have prevented the sailing of the S.S. Astoria from this port with a cargo of lath, the steamer being held under arrest.

Claims for which the steamer has been libelled include those of two local concerns, the McLennan Poultry Company, Ltd., for repairs, and W. H. Marquis, grocery concern, for supplies. The remainder of the claims are for seamen's wages. Only the captain and the ship's officers are at present on board the steamer, the crew having been discharged.

Various reasons have been advanced for the failure of the owners to meet the claims which have been filed against the steamer, which is valued at \$40,000.

WOODSTOCK FAIR ENDED SATURDAY

Best Show in Years, But Financial Status Not Encouraging

WOODSTOCK, Sept. 19.—The 1926 Woodstock exhibition came to a close yesterday, after a successful run of one day had been provided to the usual four-day schedule to take care of the postponement of Thursday's program, made necessary by the downpour of rain on that day. The attendance, characteristic of postponed events, was comparatively small, many farmers taking advantage of the excellent weather prevailing to attend to harvesting operations.

BEST SHOW IN YEARS.

Admittedly the best exhibition Woodstock had since the inception of the fair in 1919, insofar as livestock display, agricultural show, attractions and extent and variety of midway features, the management, in view of the unsettled weather experienced throughout the show, the lack of grant from the provincial government, the failure to receive from the Federal Department of Agriculture an expected grant, and the non-support from the municipality of Campbellton, was quite pessimistic when asked concerning the financial status of this year's show.

His Majesty Loses Fortune On Races

LONDON, Sept. 19.—King George's poor success on the turf is notorious, and according to the Sketch, his racing stable already has cost him £20,000 (about \$100,000) more than it has earned.

The King's winnings in 1926 are well under £1,000 and consequently, the King George does not propose to abandon racing entirely but is not disposed to continue losing every year. The newspaper adds that obviously such losses as he has suffered cannot go on indefinitely.

Eastbound Lists More Than Balanced by Number Coming to Canada

MONTREAL, Sept. 18.—Passenger carriages from Montreal are showing a decided decrease from the high totals recorded by all companies earlier in the season, but the eastbound lists are more than balanced by the number of travellers returning to Canada after spending their summer sight-seeing in the United Kingdom and on the Continent.

Although fewer people are now going over to Europe, the shipment of merchandise on the express passenger liners is beginning to show some increase, and the harbor sheds alongside which these large vessels are berthed, are most active with the rapid movement of barrels, boxes and cases of all descriptions for consignment to Great Britain. As the termination of the season approaches, there is a greater demand for space on the liners, because the rail freight rates to the winter ports of Saint John and Halifax, or to one of the American ports, are most active with the rapid movement of barrels, boxes and cases of all descriptions for consignment to Great Britain. Brazilian Leads With Power and Shawinigan Issues Also Strong

NEW YORK, Sept. 20.—Contrasting elements of strength and weakness gave an irregular appearance to the stock market as trading was resumed today. Nickel Plate continued the rally started late last week, but Chesapeake and Ohio lost a point.

Brazilian led the market, and after opening at 116 1/2, up a quarter, this stock was in good demand at that price. Power was active and strong. This issue came out at 7 3/4, up an eighth, and in subsequent trading moved forward to 7 1/2. Shawinigan was the strong spot at 2 1/2, up one point. Other features included Asbestos preferred, up a half at 7 1/2; Quebec Power, off a quarter, at 15 1/4; after opening at 16, and Sherman Williams unchanged at 14 1/2.

Brokers' Opinions

NEW YORK, Sept. 20.—Clark Childs, a well-known authority on the security market, has issued a report on the security market, which has not as yet been completely discussed, conditions are a plain picture.

Homebrew and Weaker.—In our opinion, there are worthwhile trading opportunities in the market for the subsequent week.

Hayden Stone.—We suggest that enthusiasm over record carloadings, earnings and transportation efficiency may be applied specifically to railroad stocks even more profitably than to the market at large.

Brunley Chamberlin.—We still feel that the higher grade oils and rails are a purchase on recessions.

THE DRINK HABIT TRULY IS A TERRIBLE THING

Dinner time is no time to 'fiddle' with Miss Phoebe Jane Grögin, 8-months-old Brooklyn (N. Y.) youngster. She wants what she wants when she wants it, and she generally gets it. At the left we have the thundercloud gathered when the bottle is withheld; center, business is picking up, and Phoebe Janis is more hopeful; right—comes the dawn.

EXECUTIVE ASKS FARM TRAINING CAMP CENTRES

(Continued from page 1.)

all false inducements to secure new-comers.

The executive reports that during the year information has reached the Congress of several attempts to induce large numbers of industrial workers to come to Canada for whom no reasonable opportunity for permanent employment existed and which would have led to an aggravation of the unemployment problem and destruction of the established conditions, as to wages and hours.

Complaints had also been received that immigrants coming under the assisted passage scheme, ostensibly for work on farm, violated their agreement by taking employment in industrial centres. Wherever definite evidence could be secured, which it was often difficult to get, these cases had been taken up with the immigration authorities resulting in some of the abuses being checked.

It is recommended that the Dominion Government investigate the British farm training camps, with a view to establishing similar ones in the industrial centres of the Dominion as a step towards assisting the unemployed and others in Canada desirous of doing so, to establish themselves on Canadian farms.

The delegates were formally welcomed to the city by Mayor Martin, and a representative of the provincial government.

Seat For Dominion Is Important Matter

LONDON, Sept. 20.—The Daily Telegraph's diplomatic correspondent emphasizes the importance of the question concerning the council of the league of nations and says the situation which recently arose at Geneva cannot be permitted to recur and wants a single Dominion vote cast in favor of one Dominion for a seat at Geneva.

Hon. Mr. Amery, the colonial secretary is sympathetic toward the idea of the dominions having a seat at Geneva but is not so enthusiastic over the proposal. All of these questions are being stirred up in preparation for the approaching session of the Imperial Conference.

Piles Go Quick

Without Salves or Cutting

Thousands who have often heard that quick and permanent relief can only be accomplished with internal medicine. Neither cutting nor any amount of treatment with ointments and suppositories will remove the cause.

Bad circulation causes piles. There is a complete stagnation of blood in the lower bowel and a weakening of the parts. Dr. J. S. Leonard was first to find the remedy and called his prescription HEM-ROID. Dr. Leonard tried it in 1,000 cases with the marvelous record of success in 98 per cent, and then decided it should be sold by druggists everywhere under a rigid money-back guarantee.

Don't waste any more time with outside applications. Get HEM-ROID from Watsons two stores today. It has given safe and lasting relief to thousands and will do the same for you.

Canada Holds \$113,375,022 Supply of Gold

OTTAWA, Sept. 19.—Canada is accumulating quite a supply of gold at Ottawa.

The accumulation is partly due to the fact that the Ontario mines are now shipping to the Dominion capital, instead of to New York. Gold held by the minister of finance on August 31, last, amounted to \$113,375,022, of which \$3,152,473 is against savings bank deposits and \$110,222,549 against notes in circulation. The total note circulation on August 31 is \$181,365,134. The percentage of gold against the notes is approximately 62 per cent.

WELDON CUP IS CAPTURED BY H.J. SULLIVAN

Wins Men's Handicap at Riverside—Miss Thomson Lady Champion

Harold J. Sullivan has won one of the most coveted awards in the gift of the Riverside Golf and Country Club, the Weldon cup, the men's handicap event. It was a pretty contest between Mr. Sullivan and A. Pierce Paterson, with the score concluding three up and two to go. Mr. Paterson, by reason of the handicap event, was forced to concede a few strokes to Mr. Sullivan, but nevertheless throughout the final struggle the play was close and equally brilliant. The Weldon cup match started out with forty-eight entrants and has been going on for the most part of the summer.

The ladies' championship at Riverside has been won by Miss Mabel Thomson, who defeated Miss Audrey McLeod in the finals after a spirited contest.

The only unfinished event on the Riverside card at the present time is a championship consolation, that of 16 players who failed to qualify for the big event, but who became a sharply competitive group for the alternate prize. The consolation is about in its final stages.

Riverside golfers will leave next Saturday for a return match at Woodstock. They will play Fredericton on the Monday following and it is not unlikely before coming back to Saint John the Houton links will be visited and some international golf indulged in.

LOCAL AMATEUR CLUBS TO CONSIDER BREAKAWAY FROM M. P. B.

MEETING CALLED FOR TUESDAY OF THIS WEEK

Believe Separation to be for Best Interests of Amateurism

BELIEVING that the executive of the M. P. B. will take no action on certain grave charges made with regard to the annual meeting held in Montreal, local amateur clubs have been invited to send representatives to a meeting called for Tuesday night in the Victoria Hotel, informal con-

NON-COMPETING AMATEUR.

In regard to a question raised in the letter of the Martellois recently over W. E. Sterling's eligibility through his occupancy of the post of physical director, attention is called to section D of the standard declaration. This reads as follows: "Physical directors who have not become professionalized for any other reason shall be regarded as non-competing amateurs. After a period of five years has elapsed since the cessation of his teaching, such a non-competing amateur shall be eligible for his amateur card."

ferences that have been going on between local sport leaders have resulted in this latest development in the present agitation, which seems to have been intensified rather than diminished by President Doyle's move in putting matters up to the various clubs.

From what the Times-Star can learn, it appears the meeting will be held early in the morning on Tuesday, Sept. 21, at 10 o'clock. The M. P. B. is not as yet in session. This project is being discussed by the various clubs as in favor of this move. Several local clubs voted against this at that time but since then, it is understood several have changed their minds and are now prepared to cast their lot with the Canadian Amateur Athletic Union and asking for recognition for this province. It is also learned that some of the Moncton leaders who formerly opposed this are now prepared to cast their lot with the Saint John clubs, believing such a move is in the best interests of amateur sport in this province.

HOW THEY VOTED.

The way the clubs split last time was as follows: Those in favor: St. Rose's, Water Department, Trojans, Y. M. C. A., Wanderers, East Saint John, St. John's, St. Peter's, (two votes), Y. M. H. A., U. N. B., Woodstock and St. Stephen. Those against: M. A. A. A., C. C. J. A., C. N. R., Moncton, Moncton Athletics, Sackville, Devon, South End, Saint John Baptist, Saint John Hockey Club, St. Peter's (one vote).

The present plan, it is understood, is simply to apply to the parent body for a charter for New Brunswick clubs to govern themselves and that petty bickering and personalities between the three provinces must cease for the good of amateurism. In brief, they propose to wipe the slate clean and start afresh.

LACOSTE WINS

FOREST HILLS, N. Y., Sept. 19.—Four minutes under the hour was sufficient for Rene Lacoste of France to capture the final match of the United States tennis championship on the courts of the West Side Tennis Club here yesterday when he downed his compatriot Jean Borotra, 6-4, 6-0, 6-4, and assumed the crown which for six years had been worn by William Tilden. This is the second time in the 45 years' history of the national championship that the title has gone to a foreigner, the previous trans-Atlantic victor being Hugh L. Doherty, of England, who secured the crown as far back as 1905.

MEET TONIGHT.

A meeting of the City and County Football League will be held in the Y. M. C. A. this evening at 8 o'clock to discuss plans for the coming season. It is likely that a representative of the Trojans Club will be present and plans for a senior league will also be discussed.

Title Play-off Situation In New Brunswick Still Up In The Air

How They Compare

NEW CONCEDE CHALLENGER HAS CHANCE AT ALL

Tunney, However, Sure He Will Be Next Titleholder

(By HENRY L. FARRELL, United Press Sports Editor.)

PHILADELPHIA, Sept. 20.—Jack Dempsey probably will be the heaviest picked favorite that ever defied a heavyweight champion when he enters the ring here Thursday night against Gene Tunney.

This does not mean that the betting odds on him will be higher than those on Tunney, but the opinion of the experts will be more solidly behind him even than it was thrown to the support of Jess Willard before he fought Dempsey and lost the title.

There seems to be few against everyone who gives the challenger a chance and even more against those who have risked the opinion of the money that Tunney will win the championship.

What is the reason? Dempsey is slightly larger than Tunney and is just as strong. He has had experience and no one doubts his courage. He seems to have cultivated a Joan of Arc conviction that he is destined to be the next champion. He can box and he isn't such a feeble puncher.

Dempsey's backers will grant you that but they will call your attention to something in these words: "Dempsey is a natural fighter and Tunney is a manufactured one."

They also give their opinion that Tunney is strictly a counter-fighter and build for Dempsey's style of attack. Also that Tunney hasn't the powerful attack of the champion and that he hasn't a doubtless barbed attack like Dempsey.

They laugh off the suggestion that Dempsey may not be the fighting machine that he was three years ago and insist that Dempsey couldn't have gone so far enough to become a champion fighter that Tunney could beat him.

Put the question to them—"Who did you—Dempsey wouldn't let the guys that Tunney has licked into his camp?"

So it goes on and the ferocity of the argument leads to another question: "If it is such a poor match and the public knows it, where did they sell all those tickets?"

And the reply is—"You know—the old ballyhoo."

It seems after all that the public is interested in spectacles, that it isn't the fighters so much as the fight, that there are thousands prompted only by the curious desire to "be there when—"

But Rickard certainly sold the fight to the public.

The experts shouted that Carpenter would be massacred by Dempsey and the experts shouted that the society for the prevention of something or other should have stepped in and saved the lamb from slaughter.

But many of these same experts have been wrong before. The Toledo fight and wanted to spare Tom Gihons from Dempsey for the sake of the handsome little Gihons children.

There is no intent included here to pick a winner. That will have to be done one day of the light-bearers of it is newspaper routine to pick a winner even if the writer doesn't want to do it.

Dempsey says that any big man with a fair punch is dangerous and he means what he says. It would seem to be all right if you care to look at it that way. But whatever happens don't be one of those who may say that it was a dive.

LEADS PARADE

Charlie Gorman, whose fine work in the series with Moncton along with John Armstrong, has been a big factor in his team's win. Gorman got four out of six on Saturday when his team won, 17 to 3.

WATERMEN ROUT MONCTON TEAM IN FINAL GAME

Gorman Stars as Local Champions Go On Ram-page

THE play-off situation in regard to the New Brunswick senior amateur baseball title still is up in the air although the Watermen's overwhelming win on Saturday against Moncton, 17 to 3, has narrowed the field and makes the second consecutive win of the title of the local champions almost secure.

Newcastle, winners of the series with the York County League victors, has protested the right of Campbellton to appear in the play-off on the ground that they are not winners of an organized league but simply of a three-game series with Dalhousie. W. E. Sterling, New Brunswick vice-president of the M. P. B., who is in charge of the play-offs, said this morning he was getting in touch with officials of the Newcastle team in regard to the matter.

The present tangle makes a series with Westville, Nova Scotia winners, rather doubtful and the suggestion has been made that Westville now meet the P. E. I. winners during the interval the New Brunswick title is being decided. If three-game series is decided on between Newcastle and Campbellton, it will require two weeks. Sudden death games might obviate the present difficulty but it is doubtful if the teams would consent to this.

RACE IS JAMMED

Final Game Between Cincinnati and St. Louis Looms as Deciding One

NEW YORK, Sept. 20.—The National League pennant chase was jammed still tighter today with St. Louis holding a meagre single game margin over the Cincinnati Reds, but the New York Yanks had spread their lead over Cleveland to three and a half games in the American.

As the season in the National League draws to a bewildering close, after the greatest race in modern baseball history, the importance of the game between St. Louis and Cincinnati on the final day of the season grows steadily.

If the Reds win the remainder of their seven games, including the tilt with the Hornsby outfit, nothing the Cards can do, will save them the flag. But let the Reds drop out one game and St. Louis, by taking all of their five, can just nose out the victory.

Fraser, Seeley, Odell, Kincade and Keene Lost From 1925 Squad

SPECIAL TO THE TIMES-STAR.
FREDERICTON, N. B., Sept. 20.—The University of New Brunswick reported today and the first turnout of the rugby football squad is scheduled for tomorrow.

The squad is composed of 16 players, four of whom were lost by graduation in May last, Fraser and Seeley in the back division and Odell and McPhail among the forwards.

Kincade a forward also has left and there is doubt about a keene member of the back division being at college. Sixteen players of the 1926 squad are expected to be available apart from them, and the coaches are expected to have foot ball players among them. The extent of the material will not be known for some time however.

The university of N. B. won the Macleay Cup Emblematic of the Eastern Canada Rugby Football Title last November at Montreal, defeating Montreal English. Queries concerning the competition for the cup have produced a set of rules from the trustees which was common last year.

The organization in which the winning team of the year before plays will have the right of naming the place of play.

The withdrawal of Acadia University from intercollegiate sport has left the situation very confused. There is a general hope that the decision of Acadia will be reconsidered but negotiations for an exhibition game with Acadia will be hard to indicate a change.

With Acadia out some organization of the intercollegiate sport must be made or else college athletics be abandoned.

TO PRACTICE TONIGHT.
The Trojan football team will be out for a practice tonight at 6:30 on the Allison grounds. A good turnout of the members is requested.

Edgett on Harper's Lane, here, tonight about 9:30 p. m., did considerable damage to the interior of the building before it was extinguished. HARRY PERSSON AND MUNN ARE REPORTED GOOD

NEW YORK, Sept. 20.—Not since the war have two such promising young heavyweights attracted the public attention that is being given to Harry Persson, a big Swede and the best heavyweight in Europe. This statement is made without losing thought of Luis Angel Firpo and with the realization that it is fickle to pick out rookier fighters and expect too much of them on early form.

But Munn and Persson are worth a guess not only because of the native ability they seem to have and the physical attributes that they surely have but because of the trainers in whom they have placed their future.

Munn has placed himself in the hands of wise old Dan Hickey, who developed Paul Berlenbach and Persson has lined up with Jimmy De Forest, who prepared Jack Dempsey for his fight against Willard and who perhaps is the greatest trainer of boxers in the world.

De Forest, who has been looking around for a heavyweight championship prospect for seven years and who has scouted hundreds since Jack Keaghs dismissed him after the Toledo fight, thought he had found his fortune when Firpo crawled out of a cellar in New York and came to him for advice. But Firpo wouldn't stick. He thought

that De Forest wasn't getting him along fast enough and he listened to amateur experts who told him that De Forest was still a Dempsey man and that he would teach him the wrong things so that Dempsey could whip him.

"I never could have made a finished fighter out of Firpo," De Forest said later. "He never could have been taught how to box because he wasn't built to be a boxer. But I could have put him in physical condition and taught him how to defend himself. I also had the disadvantage of being forced to give him all his instruction through an interpreter."

If De Forest had been in his corner when he fought Dempsey, Firpo might have won the world's championship. The referee would have been in a tough spot at least, if one of Firpo's seconds had made a real protest about fouls and De Forest certainly would not have lost his head as Firpo's men did.

Because of the Becketts, the Scotts and the other prominent European heavyweights, Americans have an inclination to litter when a fighter comes to this country bearing foreign decorations but Persson is a real prospect and De Forest will bring out everything that he has.

Munn, however, seems to be much more of a prospect. Apparently he has everything a fighter needs, size, strength, punching power, ability to take it and above all, the killing instinct that is born in a man and never developed.

In another year with good breaks and the wise handling they are certain to get, Munn or Persson or both ought to be real contenders for the championship, or at least contenders for the contenders. Suggestions already have been made to match them with Harry Wills but he is too smart for them now.

GOOD HORSE RACING AT FREDERICTON

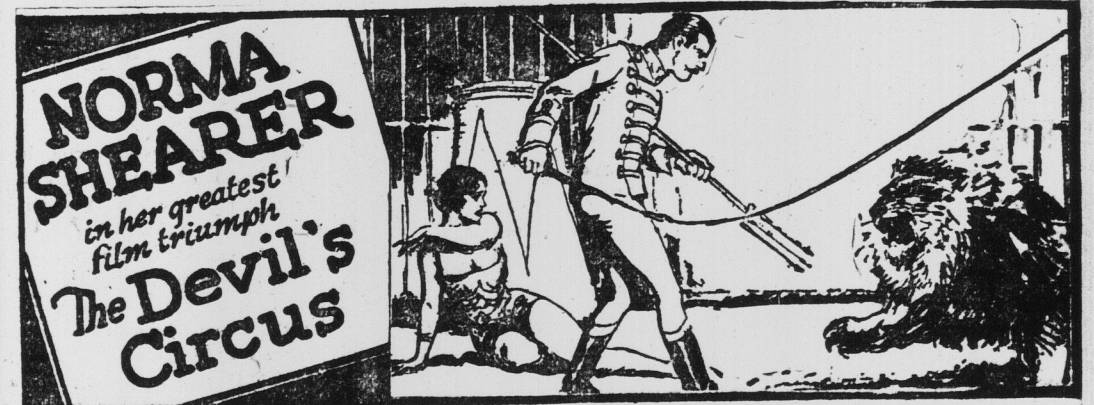

FREDERICTON, Sept. 19.—Bessie McKillo, 2:10 1/2, champion pacing mare of the Maine and New Brunswick harness racing circuit, and Guesswork, 2:08 1/2, champion pacing mare of the Bay State circuit and winner of practically all the free-for-alls at the fairs in western New England States, this year, will race at the Fredericton Exhibition, this week, for the pacing championship of Eastern half mile tracks.

They will be two of the competitors in the free-for-all which will feature the racing program at the provincial exhibition and will be held for Wednesday, Sept. 22. El Verso, 2:05 1/2, and Billy Fitz, 2:06 1/2, will also start in the free-for-all making it a four-horse affair. Terms were agreed upon on behalf of Bessie McKillo only Saturday after negotiations stretching over a period of ten days, with the Moosehead Club, of Presque Isle, Me., her owners.

Guesswork, known to Bay State circuit followers as old reliable, was shipped Saturday from Malone, New York, where she raced for a \$5,000 purse in a free-for-all Friday against Sir Roche, 1:59 1/2, and she is due to arrive here tomorrow at noon, by Canadian Pacific Express. Bessie McKillo will arrive with the other horses in the stable of the veteran driver, John Willard, from Woodstock some time Monday. Bessie McKillo paced the Fredericton track in 2:04 1/2 in July and Guesswork hung up a track record of 2:04 1/2 at Essex, Vermont, two weeks ago.

WINONA COUNTY MAY GET AWAY TUESDAY

Fire in Ship's Hold Damaged Sugar and Fodder Cargo

It is expected that the steamer Winona County, on which a cargo of sugar was damaged when fire broke out in No. 2 hold, will sail tomorrow at the latest. The vessel is now at B. N. No. 15, Sand Point. A survey was made by Captain A. J. Mulcahy, Lloyd's representative here, and the damaged sugar ordered removed. Fodder, consisting of bags of corn and oats, also was damaged and was removed. Another survey will be held today. As the price of sugar has increased since the shipment was sold it is not known if a new cargo of this commodity will be placed on board or not. The vessel will carry live stock to Great Britain. The blaze in the hold was extinguished Saturday during the afternoon.

SEE THE FALLS

At high tide the water of the Bay of Fundy reaches a higher level than the water of the Saint John River and forces its way through the gorge of the Falls, creating a "fall" running up river.

At low tide the water in the Bay becomes so much lower than that of the river, that the fall of water is reversed and flows down river into the Bay.

At half tide, when the level in the Bay and River are about equal, the water at the Falls creates a "fall" on the surface of a lake.

To fully appreciate this wonder of the world it should be seen at all tides.

The best time to view this phenomenon is:

TODAY (Daylight Saving Time): High Tide.....11:00 a. m. Low Tide.....1:35 p. m. Tomorrow: High Tide.....11:50 a. m. Low Tide.....4:24 p. m.

TO TRAIN AS NURSE

Miss Mary Halliday left on the S.S. Governor Dingley on Saturday evening for a course of training as nurse in the hospital there. On Wednesday evening some 65 friends gathered at a farewell party in her honor at her home, 196 Dorchester street. A very enjoyable evening was spent in music, games and dancing and dainty refreshments were served by the hostess. On behalf of the assembled company, Mrs. Flewelling made the presentation of a purse of money to Miss Halliday and she received many other nice gifts. Friends wish her all success in her new life.

PRESENTATION MADE

Mr. Bodovich is to leave soon to take up his residence in Kitchener, Ont. His friends presented to him a pair of green gold cuff links. Mr. Bodovich made a suitable reply in a few well chosen words. Music was supplied by Jack Garson at the piano, Reuben Friedman, saxophone, Joe Guss, banjo, Morris Tinsman, traps—the orchestra being known as the Columbia Four. Among those present were Eli Boyaner, president of the Y. M. H. A., Saint John, A. Ralph Isaacs, president of the Saint John Young Judeans, and Miss Fannie, of New York.

As Hiram Sees It

THE SETTLEMENT—Hamer says if I don't stop bringin' in blackberries an' cranberries an' apples she'll make jelly out o' me. Well, sir, I just can't see 'em rich an' ripe hangin' there shinin' in the sun without wantin' to be had fer the pickin'—but goin' to waste every year—to put 'em on the fence an' let 'em rot. We've wasted our forests—'we waste good farms that's growin' up with scrub—we waste gasoline an' rubber tires—an' we waste what's more valuable—an' that's time. We waste a lot o' wind, too—talkin' about what somebody else orto doin' fer us while we set on the fence an' chew tobacco. What'd you s'pose Hamer done when she had a little spell this afternoon? She went into the grove an' dug up some ferns to plant where they'd look nice from the window. Some folks 'ud say that time was wasted—but they'd be all wrong—yes, sir. HIRAM.

SHOE MAN SAY THAT BUSINESS GROWS BETTER

H. W. Rising, Home After Montreal Meeting, Brings Cheering Report

H. W. Rising, president of the National Shoe Dealers Association, who returned on Saturday from Montreal where he had been attending a meeting of the executive, reports a very successful meeting. Shoe men were present from the Maritime Provinces, Quebec and Ontario and all said that business was gradually picking up and there was every evidence of a general improvement in conditions.

Representatives of the Leather Manufacturers Association and the Rubber Manufacturers Association, who attended the meeting, said that the factories were busier than they had been for some time and all were quite optimistic over the outlook.

The executive dealt with a number of matters which will come up at the annual meeting to be held in Montreal in January, 1927. The meeting last week was held in the Windsor Hotel.

Local Radios Get News of Hurricane

The first news of the hurricane and rainstorm that swept through Florida so disastrously during the week-end came to Saint John people on Sunday night through news digests as broadcast by radio. Part of this intelligence consisted of long lists of the dead and injured, which gruesome information must have been listened to in many eastern homes with grave apprehension as some workmen from this part of the continent are still engaged in Florida boom sections. Of recent weeks half a dozen Maritime Provincialists have passed through the city en route from Florida, where they had been receiving big pay in trade vocations, especially carpentry and other builders activities.

THE FUTURE

In the course of an interesting sermon upon the subject of the second coming of Christ, preached in Central Baptist church yesterday by Rev. Christopher Burnett the visiting clergyman stated it was his belief, judging from signs of the times as prophesied in Holy Writ, that events were converging upon that epochal climax. The next great war, which would be the final one, in the preacher's opinion, would probably be a test that would try the Christianity to the uttermost with Russia and her allies on one side and Great Britain and her allies on the other. The learned preacher quoted scripture variously and at length in support of his personal deductions.

CLOTHES

(Pulp and Paper Magazine) Clothes don't make the man any more than a frame makes a picture, or paint a house.

The mental effect of clothes must be great, else captains of armies and industries would not lay such stress on their raiment and that of the regiments under them.

Carelessness, in so easily regulated a matter as clothes, spells lack of care in things that count for more. A clean collar has helped many a job hunter, and many a man has discharged himself by his own disarray.
