

TEN THOUSAND ROTARIANS IN LOS ANGELES

They're There from All Over the World

Canadian President—What Rotary is and How it Came Into Being—No Inactive Members—A Wonderful Growth.

Los Angeles, Cal., June 7.—Consideration of the draft of a new constitution and by-laws for International Rotary that give national groups of clubs authority to organize national associations and make other radical departures in the form of government of the organization are the most important feature of the thirteenth annual convention of the world-wide organization now in session here.

In anticipation of these discussions, 10,000 Rotarians, representing every section of the world, have gathered in Los Angeles. Twenty-two countries are represented at what is regarded as the greatest international gathering this city has ever entertained.

The only organization in the world without an inactive membership is the George C. Diehl of Buffalo, New York, described International Rotary during the course of a report on attendance of delegates to the thirteenth annual convention of the organization in session here today.

First—To promote recognition of the worthiness of all legitimate occupations and to dignify each member's occupation as affording him opportunity to serve society.

Second—To increase the efficiency of each member as a citizen and a business man by the exchange of ideas and business methods.

Third—To encourage high ethical standards in every business and profession and in service to the community of each business and profession.

Fourth—To promote acquaintance and fellowship among business men of various business and professional activities as an opportunity and an aid to service.

Fifth—To quicken the interest of every member in public welfare and to cooperate with all other civic organizations in community development.

Rotary came into being in Chicago, February 23, 1905, with a group of four men—one a coal dealer, one a machine operator, one a merchant tailor, and the fourth an attorney.

At this meeting of the four, when decision was made to organize a club, it was also decided to invite to membership just one man from each different business or professional calling.

The Chicago Club continued to increase in membership. In 1908—three years after the first meeting—the second Rotary club was organized in San Francisco.

Other clubs followed on the Pacific coast, and then the movement spread to the east and then to the south until sixteen clubs had been organized by the end of 1910.

Since 1912 the organization has grown even more rapidly than during the first seven years. Today there are more than one thousand Rotary Clubs in the world.

Although the greater number are in the United States, where the movement originated, and in Canada, there are now Rotary Clubs in Newfoundland, Great Britain, and Ireland, Cuba, South America, the Republic of Panama, China, India, Norway, Australia, New Zealand, Hawaii, the Philippine Islands and Japan.

This growth seems all the more remarkable when it is realized that the organization has never at any time employed paid organizers. And in addition, extreme care has always been exercised in surveying cities and towns applying for membership to make sure that such communities are ready for a Rotary Club and are of sufficient size

Use Baby's Own Soap. It's delightful.

from which to secure a membership of representative men and still have the membership restricted to one man from each business or profession.

Each Rotary Club is a complete working unit in itself and is entirely independent of every other club and is supposed to make itself a part of the community in which it is established and to adapt itself to the peculiar problems of that community.

There is no administrative unit between the club and the headquarters of the International association, which is located in Chicago.

Each Rotary Club has a board of directors which is its governing body. Each club has an office in connection with the office of its secretary and in some of the larger clubs there is a permanent office and a paid secretary and office force.

An excellent attendance and lively, interesting discussion of the various items of business marked the monthly meeting of the local branch of the W. V. A. at the president, S. C. Tippet, in the chair.

Twenty-five applications for membership and reinstatement were accepted, bringing the total of new members received during the six months of this year up to 129.

A report regarding some recent appointments under the provincial government occasioned discussion of a committee consisting of the comrades Vassie, Peat, Tippet, Dryden and Metchum as appointed to place the attitude of the association respecting the interests of returned soldiers before the provincial government.

The benevolent committee submitted a report covering the period from Sept. 1 last to May 31 and stated that, except for urgently necessary cases among members, they considered their work closed until next winter.

Their report showed 488 cases handled during that period, including assistance to twenty-eight families in food, fuel, rent, medical needs, etc.; thirty-one cases requiring assistance in transportation, including two parties proceeding overseas; fifty-four cases of being temporarily hospitalized; 124 men furnished with meals, including the Canadian repatriated from the Spanish legatory force; clothing, tools for men securing work through the employment committee and articles for men in hospital included sixteen cases.

Financial assistance in way of loans was given to twenty-three members and sixteen non-members. Fifty-three cases received special assistance at Christmas time and forty-seven cases were referred to other organizations, including the D. S. C. R. Red Cross relief committee, Associated Charities, Seaman's Mission, etc.

The committee also acknowledged receipt of two cases of clothing and children's dresses from the women's auxiliaries of other provincial branches.

The report of the committee was adopted with expression of strong appreciation of the work of the members.

Dr. Peat and the president reported that they had represented the association at the recent meeting called by the I. O. D. E. to consider the erection of a civic war memorial and these two members were appointed to further represent the association in any activities of the committee formed to continue the effort toward the erection of such memorial.

John R. Gale, in reporting on his recent representation of the association before the parliamentary committee on re-establishment, said that the claim of the association regarding the conduct of the D. S. C. R. medical services in New Brunswick had met with favorable con-

WOULD DEAL NOW WITH PROBLEMS OF NEXT WINTER

G. W. V. A. Suggestion That Early Steps be Taken to Avoid Repetition of Unemployment—Much Relief Work Last Winter.

An excellent attendance and lively, interesting discussion of the various items of business marked the monthly meeting of the local branch of the W. V. A. at the president, S. C. Tippet, in the chair.

Twenty-five applications for membership and reinstatement were accepted, bringing the total of new members received during the six months of this year up to 129.

A report regarding some recent appointments under the provincial government occasioned discussion of a committee consisting of the comrades Vassie, Peat, Tippet, Dryden and Metchum as appointed to place the attitude of the association respecting the interests of returned soldiers before the provincial government.

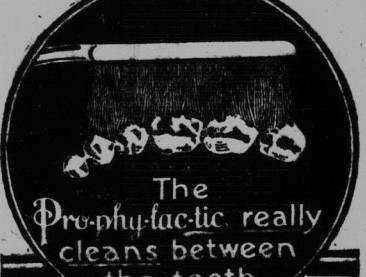

The benevolent committee submitted a report covering the period from Sept. 1 last to May 31 and stated that, except for urgently necessary cases among members, they considered their work closed until next winter.

Their report showed 488 cases handled during that period, including assistance to twenty-eight families in food, fuel, rent, medical needs, etc.; thirty-one cases requiring assistance in transportation, including two parties proceeding overseas; fifty-four cases of being temporarily hospitalized; 124 men furnished with meals, including the Canadian repatriated from the Spanish legatory force; clothing, tools for men securing work through the employment committee and articles for men in hospital included sixteen cases.

Financial assistance in way of loans was given to twenty-three members and sixteen non-members. Fifty-three cases received special assistance at Christmas time and forty-seven cases were referred to other organizations, including the D. S. C. R. Red Cross relief committee, Associated Charities, Seaman's Mission, etc.

The committee also acknowledged receipt of two cases of clothing and children's dresses from the women's auxiliaries of other provincial branches.

The report of the committee was adopted with expression of strong appreciation of the work of the members.

The Prophylactic really cleans between the teeth.

Prophylactic Tooth Brush

LOOK at your tooth brush. If the bristles are even across the top, place them against your teeth and look in the mirror. See how they bridge over the spaces between the teeth and how they just clean the smooth outside surfaces.

Now look at the Prophylactic Tooth Brush. The tufted bristles get between the teeth, the tufted handle makes it easy to reach every part of every tooth.

Regular brushing with this brush and four visits a year to your dentist will insure good, sound, attractive teeth for a lifetime.

Look for the name Prophylactic on the handle. Adult's, youth's, and child's sizes. Always sold in the yellow box. For sale by leading druggists.

to 60 degrees below zero. At the highest altitude ever reached in an airplane, the temperature hovered around 60 degrees below zero. This was nearly seven miles up.

This remarkable spot is in Washington. It is the cryogenic laboratory of the Bureau of Mines, Department of Interior, where, for more than two years, scientists have been working in an effort to liquefy helium gas, purify it and make it 100 per cent. efficient in the lift of giant dirigibles.

And after numerous failures, success finally is in sight, so sure are the scientists of this that they expect to be able to announce before the end of the year that what has been assumed to be impossible has been accomplished and that helium gas has been liquefied and absolutely isolated from traces of any foreign gases.

When the process is perfected, it will be of inestimable value to science, particularly to the navigation of the air by the huge ships which will cross the Atlantic and Pacific oceans. It will make accidents, such as that which recently happened the drably Roma impossible for the gas is non-inflammable and only lacks lifting power to the extent that it has been impossible to free it of other gases.

AGAINST THE EMBARGO. London, June 7.—(Canadian Press)—The Whitnautie congress of the cooperative union held at Brighton, which 1,700 delegates representing 4,500 members were present asked the government to reconsider its decision regarding the importation of Canadian steer cattle.

Butter-Nut Bread

When you are making sandwiches for the picnic basket, or for any occasion, Robinson's Butter-Nut Bread cuts cleaner than other bread, and without waste of crumbs. It makes a neat, enticing sandwich, and satisfying as well.

Have a good time—eat it often. Full pound and a half net weight, wrapped in sanitary wax covering.

For interior use; five panels—four upright and one cross panel—bead and cove stick-style finish, with raised panels. Bright, clean and will take natural finish beautifully.

The Audit Bureau of Circulation audits the circulation of The Evening Times.

#### THE BY-ELECTIONS.

Hon. Dr. Baxter has been summoned from Ottawa to assist his friends in St. John county. They realize the fact that the tide of feeling among the electors is setting steadily stronger towards Mr. Bentley and the government he supports. In Kings county Mr. John E. McAuley has bolted, and at a public meeting in Newtown has told the story of his rejection by a cut-and-dried convention of the Conservative party. Things are going rather badly with the Conservatives, and their prospects are not improved by the character of their campaign. Having challenged comparisons between the present government and its predecessor, the challenge has been cheerfully accepted, by the utterance of opposition speakers. Premier Foster and his colleagues are putting the issues plainly before the people, and the reception given them everywhere shows that the facts they present are appreciated. Last evening Premier Foster in East St. John and Hon. C. W. Robinson in Havelock took up the hydro-electric policy of the government and pointed out very clearly what the province has to gain from the development of its water powers. The government speakers are also dealing effectively with the financial record of the present government, which substituted an honest system of book-keeping and a real audit for the reprehensibly loose and deceptive methods of its predecessor. The counties have nothing to gain from the election of opponents of the government. Mr. Bentley and Mr. McKenna should have sweeping majorities.

#### THE MILK SUPPLY.

Mr. F. L. Potts, milk expert, told the people of East St. John the other night that if pasteurization of milk were essential to human health the cow would have been provided by a beneficent Providence with her own pasteurizing plant. It does not seem to have occurred to Mr. Potts that a cow might be diseased or that milk might be contaminated after leaving the cow. Presumably he would also contend that all good Lord would have made it self-purifying. If Mr. Potts lived in Toronto he would scorn filtered water and pasteurized milk, and would find nothing of importance in the fact that infant mortality there has been reduced from 157 to 78 per thousand in the ten years since the health department cleaned up the milk supply; or that if the death rate of 1911 still prevailed there would have been 2,000 more deaths in Toronto last year than actually occurred. It is unfortunate for a community when for the sake of anticipated political gain men are found willing to trifle with matters of life and death. The Times commends to its readers the report in today's Times of the speech of Dr. Hastings, medical health officer of Toronto, and the most outstanding Canadian authority on pure milk supply and what it means to the people. Consider, first, his assertion that milk sold under the ordinary conditions is responsible for more deaths than all other articles of food; second, that all milk should be pasteurized; and, third, that money expended for public health is a profitable investment, as has been proved beyond the shadow of doubt in his own city of Toronto.

#### IN A NEW ROLE.

President E. W. Beatty of the Canadian Pacific was seen in a new and interesting role last week. The Montreal Gazette tells the story as follows: "Perhaps the most human aspect of the outing of the Kiwanians to The Boys' Farm and Training School at Shawbridge on Saturday, was the sight of Mr. E. W. Beatty, K.C., president of the Canadian Pacific Railway, who is also president of the institution, being taken in charge by one of the smallest of the small boys and literally led by the hand to various scenes of activity. An hour later the same juvenile cicerone, yet grasping the president's hand, was leading his guest in the direction of the school room where a plentiful supper formed a new objective. Mr. Beatty entered and wore a happy smile as his guide led him about."

The Shawbridge institution is a place to which delinquent boys are sent. It is equipped for farming and handicrafts, so that boys while there may learn some gainful occupation as well as get the care and training which convert them into good citizens. Shawbridge boys made a record in the war, and many now grown to man's estate have a grateful memory of benefits derived from their stay on the farm. The particular purpose of the visit of the members of the Kiwanian Club of Montreal on Saturday was to present to the board of directors of the Boys' Farm and Training School the hospital building which has been constructed and equipped through the enterprise of the club. How thoroughly the club did its work is learned from the following description of the new hospital: "The new building is of substantial structure, the foundations being of concrete, walls of red shale brick and the roof covered with green staves. The halls and operating theatre floors are finished with terrazzo, and the bath-rooms and basement floors are of hard-wood and polished cement. The main building is 108 feet long by 83 feet wide. The two main wards are placed at the extreme ends of the corridor. Each ward is furnished with six beds and each has its own bathroom and sitting-out porch."

The Rotary Club of Montreal has made a cottage erected in memory of Major John Lewis, who fell in the war, and a chapel is in course of erection as a memorial to Captain Percy Molson. The institution is designed on the cottage plan. The boys, among other activities, get physical training and cadet drill, and some are very proficient in semaphore and Morse signalling. The raising of live stock and poultry is part of the farm work, and many a boy has his thoughts turned into new channels through his love of animals, while the healthy outdoor activities build up his body. A great work is being done at Shawbridge, to undo what crowded Montreal does for too many of its boys.

One likes to picture the president of the Canadian Pacific Railway led about by the little Shawbridge boy, and to think of Mr. Beatty as the president of such an institution. Shawbridge owes its inspiration to Mr. J. N. Baras, the superintendent, who is well-remembered as a visitor to St. John and a vigorous advocate of a juvenile court for this city. One may also appreciate the remarks of a former president, who said that the best feature of Saturday's event was "that busy men were pausing from the pursuit of the dollar to listen to those who need help," and that of President Beatty himself when he said to the members of the Kiwanian Club: "That spirit which you have shown is the only spirit which makes institutions like the Boys' Farm possible, or even moderately successful." President Beatty of the Canadian Pacific is an impressive figure, but there are some of us who like him best as President Beatty of the Boys' Farm at Shawbridge; just as we like to think of those Montreal business men as Kiwanians or Rotarians doing a good deed rather than as captains of industry and commerce.

A despatch from Washington says of the proposed new American tariff: "Progress of the discussion of the tariff bill is serving to bring out more and more clearly the fact that there is strong Senate opposition to building up an unduly high tariff wall between the United States and Canada. This Senate opposition unquestionably reflects a powerful public sentiment of the same nature. The feeling is growing stronger here all the time that the operation of the proposed new tariff law will have a profound reaction and that the new law will be short-lived. In fact, many believe it will cause a political upheaval and defeat the Republican party, although that is a question which it is too early to answer."

Yesterday's debate in parliament at Ottawa was enlivened by speeches by the leader of the opposition and the leader of the government. The latter made it clear that the Liberals have not abandoned their policy of tariff revision in the interests of the people, and that the budget of this session is merely preliminary to a more thorough revision after fuller investigation of all the conditions affecting Canadian industry and commerce.

So far as the cables indicate, the Irish elections do not promise to clear the air. The whole situation is still critical, with De Valera still doing his best to prevent a peaceful solution. Today's conference in London may do something but Ireland is seething with bitterness.

"General" Riley is a wonder. He has brought the federal government to its knees, destroyed the War Veterans, and is still breaking slaughter. The exploits of all other generals are as nothing to those of Riley.

The Health Congress is bringing home to the citizens of St. John many important facts in relation to public health which greatly need to be emphasized in this and every other community.

The Standard has not yet reported Mr. John E. McAuley's meeting at Newtown. Why? Is not Mr. McAuley still a party war-horse?

Viscount French is now Earl of Ypres. The distinction has been fairly won, and Canadians will join in the congratulations.

Destroying Germany at this distance is a fairly safe occupation.

A GOLDEN DEED IN JAPAN. In J. W. Robertson Scott's new book, "The Foundation of Japan," we are told of a deed that deserves a place in some golden treasure.

The story is that a peasant in a period of scarcity happened to be the possessor of a golden rice seed.

He hid it in a place where he could find it again, and when the time came for sowing he found it there.

He sowed it, and it grew into a golden rice plant, which bore a golden rice seed.

He hid it again, and when the time came for sowing he found it there.

He sowed it, and it grew into a golden rice plant, which bore a golden rice seed.

He hid it again, and when the time came for sowing he found it there.

He sowed it, and it grew into a golden rice plant, which bore a golden rice seed.

He hid it again, and when the time came for sowing he found it there.

He sowed it, and it grew into a golden rice plant, which bore a golden rice seed.

He hid it again, and when the time came for sowing he found it there.

He sowed it, and it grew into a golden rice plant, which bore a golden rice seed.

He hid it again, and when the time came for sowing he found it there.

He sowed it, and it grew into a golden rice plant, which bore a golden rice seed.

He hid it again, and when the time came for sowing he found it there.

He sowed it, and it grew into a golden rice plant, which bore a golden rice seed.

He hid it again, and when the time came for sowing he found it there.

He sowed it, and it grew into a golden rice plant, which bore a golden rice seed.

He hid it again, and when the time came for sowing he found it there.

MAZING AUTO CAUSES DEATH

A Young Woman Receives Fearful Injuries When Car Strikes Machine—Entire Body Burned.

Detroit, Mich., June 7.—Her body burned almost from head to knees, Miss Iris Strong, 22 years old, who came here two weeks ago from her home in London, Ont., died at the Receiving Hospital here.

The young woman, in company with Miss Amy Nicol, aged 20, and two young men, were driving in an automobile on Charlevoix avenue when their machine was struck by a street car and hauled over on the other track. Just as this occurred a big double truck passed car going in the opposite direction crashed into the wrecked automobile. The automobile was literally crushed to little pieces.

Immediately afterward the wreckage took fire. The two men in the auto had been thrown out at the first crash but Miss Strong and her friend, Miss Nicol, were in the wrecked machine when it was hit for the second time. Miss Strong's clothing was burned from her body. Miss Nicol's dress did not take fire but she was badly cut and bruised.

Both girls were taken to the Receiving Hospital where Miss Strong lapsed into unconsciousness and failed to rally. Her death ensuing after 9 o'clock. The body is at the county morgue awaiting word from relatives, who have been notified.

The condition of Miss Nicol, who is also of London, was reported tonight as somewhat improved.

POPULAR WRITER DIES AT NINETY

Merion Harland, Author of Cook Books and Novels, Passes Away in New York

New York, June 7.—Merion Harland, author of cook books and successful novels whose name in private life is Mrs. Mary Virginia Terhune, is dead. She died after a brief illness. She was ninety years old. She was best known as a writer of numerous cook books and volumes on etiquette, although her novels were widely read.

She began writing when she was fourteen years old and contributed to the papers at Richmond, Va. When she was sixteen a sketch by her, published in "Godey's Ladies' Magazine," was reprinted in England and France. Over 100,000 copies of her first novel, "Alone," were printed.

She married Rev. Edward Payson Terhune in 1868. Although she raised three children, she never gave up her literary work. She was editor of "Babyhood," had departments in "Wide Awake" and "St. Nicholas" and founded the magazine, "Homemaker," which she edited for several years. Her best known domestic science books are "Common Sense," "Big Water, Luncheon and Tea," "The Dinner, Yard Book," "National Cook Book," and others.

She attributed her long life to love for work, exercise and a midday siesta.

33RD BABY BORN TO KENTUCKIAN OF EIGHTY-FOUR

Latest Arrival is the Eighth Child of His Seventh Wife.

Hagan, Ky., June 7.—Robert Baker, eighty-four years old, has become the father of his thirty-third child. Mrs. Baker, the mother, is just past her thirty-fifth year, and she, too, is rejoicing, for though her married life is only fourteen years in length, this was her eighth child. When she and Baker married she was twenty-one and he seventy. She is Baker's seventh wife, his sixth wife having died many years ago while they were on a ranch Baker owned near Seattle, and where he married the seventh.

Baker says he is counting on excellent health until he is 100 years old. Baker is a native Kentuckian, and operates a dairy. He lived for years near Seattle, and after he married his present wife, a native of Washington, they moved to Keokoe, Virginia, where he engaged in the coal industry. Then they returned to Kentucky.

Baker said the thirty-third child had been named before he left home, but he had forgotten what it was called. Many of the thirty-three children have died, but messages of congratulations on the birth of the latest baby are coming in from surviving children.

NO SPEECHES ON NEXT VISIT

This is Declaration of Lady Astor Before Sailing for England—'Fagged Out' After Talks.

(Associated Press.) New York, June 7.—The next time Lady Astor visits America she intends to make no speeches. That was what she said to reporters before sailing for England.

Few public speakers, or workers of any sort, are ever keyed to the high nervous tension with which Lady Astor

seems charged when addressing an audience. Her nervousness may not have been apparent to listening crowds at her forty-odd public speaking appearances in this country during April and the first week of May. But if one sat near her, the eye quickly observed that she incessantly wrung her hands behind her, her fingers over and under her jeweled bracelets, the muscles of her arms and shoulders quivering from nervousness. Somehow the strain never seemed to affect the clarity of her speaking tones. In fact, her talks to crowds, no matter what their size, were in a manner friendly and informal. Always she was breaking away from her prepared notes to start a sentence with the conversational "now," or "well."

But when the speech was done, the first woman member of the house of commons was fagged out and intensely nervous. That, too, seemed never to rattle her smooth, smiling demeanor, nor did her expression reveal fatigue. Lord Astor knew how high-strung the lady commoner really was, and he made it his job to keep her from talking too much to friends just before or after her speech. "Nancy," he would call in warning whenever she pitched straight from a speech into epats to which she seemed to give just as much energy.

Reporters seated immediately in the rear of the speaker's dais when Lady Astor gave her farewell address noticed that her shoulders suddenly drooped to a pink flush as she got up to talk. Then, when her message had gone over, and there remained only the two closing paragraphs, the tension was relieved and the blush faded from her skin.

RECENT WEDDINGS

Bernstein-Goldfeather. In the synagogue at 6 o'clock last evening Miss Clara Goldfeather, daughter of Mr. and Mrs. Samuel Goldfeather, 6 Wellington row, and Mitchell Bernstein, manager of the Regal Film Company here, were united in marriage by Rev. Dr. Weintraub. The bride was given away by her father. She wore a gown of white charmeuse satin trimmed with pearls, with bridal veil and wreath and she was attended by her sister, Miss Fanny Goldfeather, maid of honor, Misses Florence Barton and Pearl Rubin, Halifax, bridesmaids, and Misses Ruth Isaac and Leona Levi as flower girls. Mr. and Mrs. A. Poyas, uncle and aunt of the groom, were in the bridal procession. The groom was supported by his brother, Samuel Bernstein, as best man; Hymie Marcus, Samuel Jacobs, of Toronto, and Moe Bernstein, of New York, brother of the groom, were groomsmen. Mrs. Moe Bernstein, also took part in the procession. The bridesmaids were Gilbert, Samuel Kominsky, Eli Boyaner, H. Cass and A. Cass were the ushers. The canopy bearers were Max King, Nathan King, Dr. Frank Boyaner and W. Bernstein. The synagogue was beautifully decorated in blue and white colors, emblematic of the Hebrew faith, mingled with floral decorations. After the ceremony a wedding dinner was served at the home of the bride's parents, and the guests were later entertained at a reception at the Venetian Gardens. Mr. and Mrs. Bernstein will leave this morning on a trip to New York, Washington and other American cities. They will reside in St. John. The out-of-town guests include: Mrs. H. Stein and Miss Fannie Koplan, Yarmouth; Miss Pearl Rubin, Halifax; Miss Anna Moulton and Mrs. A. Shana, Yarmouth.

McMurray-McKenna.

Miss Mary Josephine, daughter of Mr. and Mrs. Thomas McKenna, 234 Rodney street, St. John West, yesterday morning became the bride of Terence A. McMurray, son of Mr. and Mrs. J. J. McMurray, Fairville. The sacred rite was administered at 9 o'clock with nuptial mass in the Church of the Assumption by Rev. J. J. Ryan, in the presence of many friends of the contracting parties. The bride was becomingly attired in a gown of white Canton crepe with veil, with pearl, bead trimmings, and carried a shower bouquet of O. H. roses. She was attended by Miss Gertrude McKenna, who wore a jade green crepe dress with georgette hat, and carried a bouquet of red carnations. D. L. Henneberry was groomsmen and Edward McKenna and J. P. Buckle, uncle and brother-in-law of the bride, respectively, acted as ushers.

Nourishing, Digestible, No Cooking. For Infants, Invalids and Growing Children. Rich Milk, Malted Grain Extract in Powder

D & A Corsets

The new black-boning "Durabone" is a feature of the D & A Model 221, and adds another reason for the purchase of this D & A.

"Durabone" preserves its spring almost indefinitely and assures to the corset a long life and to the wearer, both comfort and absence of unsightly folds and creases. Number 221 is designed for slender to medium stout figures.

CURTAIN DEATH AND SICKNESS

This is Object of Men and Women of Eminence Who Are Attending Canadian Public Health Congress Here

Four-Day Session of Notable Convention Opened Auspiciously—Governor Pugsley and Mayor McLellan Welcome Visitors—Hon. W. F. Roberts, Sheriff Cook, Dr. C. J. Hastings, Dr. Frankwood Williams and Others on List of Speakers—Public Meeting at St. Vincent's Auditorium.

Men and women of eminence in public health enterprises from near and far assembled in St. John for the Canadian Public Health Congress which began its four-day session here yesterday morning.

The public meeting in St. Vincent's auditorium last evening was tremendously enlightening. The addresses on mental hygiene and pure milk dealt with subjects of deep concern to the people generally.

His Honor Lieut.-Governor William Pugsley graciously presided at the meeting. Mayor H. R. McLellan warmly welcomed the delegates.

The Canadian Association for the Prevention of Tuberculosis, Dr. Frankwood Williams, director of the national committee for mental hygiene, New York; Dr. C. J. Hastings, medical health officer of Toronto, and Major W. Vassie, M. C., side to His Honor Governor Pugsley.

Governor Pugsley at last evening's meeting expressed his pleasure in being asked to preside at such an important meeting, an invitation which he considered a great honor.

GAINED OVER 20 LBS Restored to perfect Health.

An attack of "flu" in the fall of 1918, left me in such a weakened condition that I could not walk across the kitchen, and for nearly two months I spit blood. My neighbors as well as myself thought I was in the first stages of consumption.

Carol is composed of that wonderful nerve tonic—glycerophosphate salts. This is commonly known the world over as the "Blood Salt."

CRITICISM OF BIRTHDAY HONORS

The conferring of a postage on Sir J. B. Robinson, a South African banker and mine operator, in the king's birthday honors, is severely criticized in South Africa, says a Reuter despatch from Cape Town.

The Cape Times says it "is likely to have a most regrettable reaction here upon the loyal affection of both white races for the royal house."

THE EVENING TIMES AND STAR, ST. JOHN, N. B., WEDNESDAY, JUNE 7, 1922

**TRIMBLE DONOHOE,  
A TRAINED NURSE,  
COMMITTS SUICIDE**

Fredericton, June 6.—R. Trimble Donohoe, a well known young man of this city, ended his life this afternoon by taking carbolic acid. He did this in the central horse station, King street, about 5 o'clock, so far as is known, but the firemen in charge did not see the act, Donohoe telling them of it. Medical aid was summoned at once and first aid measures applied before the man was rushed to the Victoria Hospital. It was found impossible to save Dono-

hoe's life and death ensued at about 6.30. Dr. Ross was summoned as coroner and viewed the body. Dr. Irvine administered the first medical assistance. Donohoe left a note at his home saying that he "was going away." At the horse station he spent some time during the day and tried to induce several persons to purchase carbolic acid for him. He did this in a joking manner, however, and was not taken seriously. After securing a phial of the poison he frustrated an attempt to take it from him by laughing and saying that he was going to use it as disinfectant.

Donohoe was about thirty-five years old and was well known here and in various other places in the province as a trained nurse. Although he seemed to be in good spirits today, it is believed that ill-health inspired the act.

**GIRL AND FORMER  
CONDUCTOR HURT**

Truro, June 6.—An automobile accident here today resulted in the little daughter of Major O. G. Heard being hurled through the windshield of her father's car, but she sustained no serious injury. Major Heard, who was driving, and W. B. Sutherland, who was with him, received slight injuries.

**TREATY NOT MUCH  
HELP SO FAR**

Russia Realizes Little From the German Pact Signed at Genoa—Badly in Need of Machinery.

Moscow, May 15.—(A. P. by mail.)—Russia needs a vast amount of machinery and other material for the rebuilding of her industries, but instead of a flood, the incoming streams of supplies are tiny and hardly make any impression on the actual needs of the country. Had the Genoa conference agreed upon an international loan to help Russia conditions in this regard might be much more favorable today, it is pointed out, but as it is, Soviet officials are saying: "A little water is welcome in a desert."

Up to the present time the German-Russian agreement signed at Genoa has not been followed by any great economic co-operation between the two countries, nevertheless German salesmen, German experts and German scouts for German capitalists are arriving in Moscow in constantly increasing numbers. Every train from Riga brings dozens of them and they are scattering to the four corners of Russia to buy, or sell, or build, or just look around. Some of them return to Germany disgusted with business chances. Others stay and do business.

Foreign money is coming into Russia in dribbles, and foreign industrialists, particularly German, are accepting concessions with a measure of control by the Bolshevik government.

Herr F. Shottack, charge d'affaires of the German mission at Petrograd, has announced in the *Investita* that a Russo-German Chamber of Commerce is to be organized at Petrograd.

"Germany," he said, "will give Russia technical help. I am of the opinion that Russia and Germany can re-establish their economic life by their own efforts."

This feeling of Herr Shottack is shared by many Soviet officials with whom the correspondent has talked. They never had much hope, after they learned that America would not participate in Genoa, that they could expect any immediate economic help from the allies.

The Russian Foreign Trade Department and the Supreme Economic Council discontinued many negotiations with individuals seeking concessions or endeavoring to make sales, while the Genoa conference was in session. These negotiations are now to be renewed.

**GUELPH MAN LOSER  
TO GYPSY'S TRICK**

Neatly Relieved of Twenty Dollars During "Blessing" Process.

Guelph, June 7.—A well-known man of this city was foolishly reminded of the truth of the adage, "All is not as it seems," when a wandering gipsy asked to be allowed to bless his money, a custom prevalent in the hand-infested country of the Apennines. On her request he promptly removed a large roll of bills from his pocket. She then asked that he take out some silver so that she could bless that also. As she took the bills in her hand she opened them in order to do the job properly, and then neatly folded them again, and returned the roll to his pocket, apparently intact, but later investigation disclosed that \$20 was missing.

Use the Want Ad. Way

**Mr. Advertiser:**

Think for a minute about St. John and Ottawa, in connection with newspapers and advertising.

The population of Ottawa (according to *Might's Directory*) is 143,402.

The population of St. John according to the last census is 47,166 or, counting close suburban territory, say 55,000 to 60,000.

The Ottawa Journal, morning and evening, has a combined circulation of 27,717.

The Ottawa Citizen, morning and evening, has a combined circulation of 29,460.

The Ottawa Journal and Citizen have the A. B. C. audit, which is accepted as the standard authority on circulation by all the agencies and leading advertisers in Canada and the United States.

The Telegraph and Times (A. B. C. audit) for the six months ended March 31, 1922 had a combined net paid circulation of 30,461.

Mr. Advertiser: Does not this strike you as a significant comparison?

The Telegraph and Times cover the city of St. John and the province of New Brunswick like a blanket, from the advertising standpoint.

Their circle of readers exceeds 100,000 people, practically all the live buyers not only in New Brunswick, but as far east as Amherst and including the Nova Scotia counties across the Bay of Fundy.

Please note that The Telegraph and Times are the only A. B. C. papers in New Brunswick. It is suggested to you that the Ottawa and St. John figures given above are worthy of a little study and productive of a little thought.

Advertising is the life blood of business. Circulation, particularly when it is well distributed among every class of buyers, gives advertising the pulling power that keeps the cash register and selling force busy. Advertising is a productive investment. It cuts your overhead by swelling your total sales.

*The Value of Time*  
By Krónos  
Paintings by HAROLD DELAY

TIME! Before every train that thunders through the night files Father Time—the same watchful, protecting personality that guided Alexander across the ocean's floor to the defiant walls of Tyre, and Hannibal across the Alps to the gates of Rome!

The engineer in his rocking cab, staring ahead into the darkness—the conductor going methodically about his mighty task—the passengers lying in their comfortable berths, listening to the storm shriek past—all put their trust implicitly in that hovering, watchful, protecting figure of old Father Time.

For Father Time, on Canada's Railroads, stands for that amazing development of Time Service, train despatching and block signals which alone make modern train safety possible, and enable travelers to save the most costly thing in the world—Time.

For half a century, moreover, Father Time has stood for the finest Railroad timepieces that money, brains and skill could produce—*Elgin's*! Broadly speaking, Father Time is Elgin. He has been Elgin's official trade-mark for half a century. One of Canada's favorite Railroad models, indeed, bears his name. Among Elgin owners, in Railroad circles as elsewhere in the busy world, pride of possession unites with perfection of performance.

*"Father Time"—one of Elgin's popular Railroad models. Here shown equipped with A. V. timing indicator. Temperature, isochronism, and other features adjusted in Montreal, construction and service fully covered by Elgin Guarantee.*

LOCAL NEWS

FUNDY MEMBERS USHERS. At last night's meeting in St. Vincent's Auditorium the ushers were provided by Fundy Chapter, I. O. D. E.

TRAFFIC CASE. Clarence Stackhouse, charged on report of Sergeant Spiny and Policeman Garter with exceeding the speed limit, was fined \$10 today.

NEW DIAMOND CROSSING. A manganese diamond crossing reached the city today to replace the one now in use on the Mill street crossing at the Union station. It will be installed immediately.

POLICE COURT. Conflicting stories, tears, threats, and other necessary parts of a melodrama had their place this morning in a police court case in which Mrs. Sarah Gillen charged a Mrs. Doyle with assault. The latter was fined \$10.

SUGAR DEARER. The wholesale price of all grades of granulated sugar advanced twenty cents a hundred pounds on the local market yesterday. A press despatch from Halifax last night announced an increase of ten cents a hundred in the wholesale price there.

REPORT ON FAILURES. The number of failures reported in New Brunswick for the first quarter of 1922 was forty-one. The assets were \$234,054 and the liabilities were \$395,353. The total number reported in Canada was 1,084, with assets of \$15,241,088 and liabilities of \$18,672,901.

MANY WANT WORK. The unemployment situation in St. John is worse than it was at any time last winter, according to a statement made by Commissioner Frink this morning. He said that large numbers of men are fairly haunting his office seeking work and his only regret is that he cannot place all of them.

COL. NASMITH COMING. Dr. Warwick has received a telegram announcing that Colonel Nasmith, C. M. C., will be in St. John tomorrow, and will take the place of Dr. Charles E. North of New York at the evening public meeting in St. Vincent's auditorium. His subject will be the Red Cross in Public Health.

LUDLOW ST. BROTHERHOOD. At the annual business meeting of the Men's Brotherhood Class of Ludlow street Baptist Sunday school, West End, encouraging reports were submitted by the secretary and treasurer. The brotherhood has been very active in raising a special fund for the church and charitable objects. The retiring president, Geo. T. Ring, who presided, has been untiring in his efforts to promote the work of the brotherhood. The following officers were elected for the ensuing year: President, Geo. W. Byles; vice-president, J. S. McLean; secretary, James Burnet; treasurer, Miss M. E. Mullin; sick and visiting committee, Wm. Crawford, John White, J. S. McLean and G. W. Byles. A year of unusual activity is looked for.

WEDDING RECEPTION. Following the nuptials of Mitchell S. Bernstein, maritime manager of the Regal Films Ltd., and Miss Clara Goldfeather of this city in the Carleton synagogue last evening, a wedding reception in the Victorian Gardens after nine o'clock was a most enjoyable function. Guests to the number of more than 150 were present and until after midnight a dancing programme, interspersed with vocal soloists, numbers, was thoroughly enjoyed. More than 100 telegrams from friends, relatives and business acquaintances were read, as many of the male guests were familiar with the senders, people associated with the moving picture business in all parts of Canada. Mr. and Mrs. Bernstein, assisted by the bride's parents, her bridesmaid and the groom's group, received the guests. A collation was served. Among the guests were more than a dozen ladies and gentlemen from Halifax, Montreal, New York and other places. Mr. and Mrs. Bernstein left on the Nova Scotia boat this morning on an interprovincial honeymoon tour.

TOY BAND CONCERT. A concert of merit was given in Zion Methodist Church Sunday school room last evening by the Toy Band of St. Phillip's Church. The little performers, assisted by a responsive audience, did remarkably well and repeated encores were evidence of the appreciation. The choruses "Little-Fat" and "The Sandman" were well received. Those taking part in song were Misses Dolly Lee, Kathleen Burns, Nina Berry, and Louis Middleton; in recitations, Minerva Morris and Dorothy Ford. Professor McCallum's readings, spiced with good humor, were heartily enjoyed. Instrumental numbers were given by Professor McCallum and George Stewart. Miss Blanche Stewart, who accompanied them, promises well as a saxophone player. The committee in charge of refreshments was composed of Miss Hazel Bushlan, Miss Helen Burns, Miss Martha McAlister and Mrs. Lewis. The pastor of Zion church, Rev. Mr. King, was chairman and spoke in praiseworthy terms of the concert. The Toy Band, though in its infancy, is advancing rapidly with the excellent help given by Professor McCallum. Rev. Mr. Stewart, at the close, thanked the pastor, officers and congregation for their cordial welcome and for the use of the hall.

SUCCESSOR TO COLONEL OGILVIE Col. J. A. Houlston, D. S. O., Has Arrived in City from Ottawa.

Colonel J. A. Houlston, D. S. O., of the Royal Canadian Engineers, arrived in the city on Monday from Ottawa. He is expected to take over the post of Colonel Commandant of Military District No. 7 (New Brunswick), in place of Colonel A. T. Ogilvie, D. S. O., who has resigned. There is no official word yet of Colonel Ogilvie's leaving, but it is expected that he will turn over his duties to Colonel Houlston as soon as an official word as to his retirement is received from Ottawa, where the matter has been pending for some time.

CHICAGO GRAIN MARKET. Chicago, June 7.—Opening—Wheat, July, 1.12-1.13; Sept., 1.12-1.13. Corn, July, 59-60; Sept., 58-59. Soybeans, July, 59-60; Sept., 58-59.

THE LONE BRIDES

(Continued from page 1) William D. O'Leary. The bride was prettily attired in a traveling suit of navy blue tricotine with cape stole of grey squirrel and navy silver hat and carried a white prayer book. She was attended by Miss Eileen Hurley, who wore a gown of peacock taffeta, with hat of grey georgette and carried a bouquet of sweet peas. George Murphy assisted the groom. After the ceremony a dainty wedding breakfast was served at the bride's home and Mr. and Mrs. O'Leary left on an automobile trip through the province. On their return to the city they will reside at 346 Haymarket Square. Many friends wish them all happiness.

McInerney-Parks. In the Cathedral of the Immaculate Conception at half-past six o'clock this morning Rev. Raymond McCarthy, who was celebrated at nuptial mass, united in marriage Miss Amy R. Parks, daughter of Mr. and Mrs. George B. Parks, and J. Albert McInerney, both of this city. The bride was attended by Miss Eveline McInerney, sister of the groom, and Edward J. Noel supported the groom. The bride wore a suit of navy blue serge with picture hat to match and carried a shower bouquet of carnations, sweet peas and maiden-hair fern. The bridesmaid wore a suit of Pekin blue tricotine with a picture hat to correspond and carried a bouquet of carnations. After a dainty wedding breakfast, served at the home of the bride's parents, 54 Main street, Mr. and Mrs. McInerney left on a honeymoon trip to Boston, where they will spend two weeks. On their return they will reside at 31 Meadow street. The bride's traveling suit was of brown broadcloth with hat to correspond. The groom's present to the bride was a seal scarf, to the bridesmaid an onyx ring, and to the groomsmen a set of cuff links. Mr. and Mrs. McInerney were the recipients of a large number of beautiful presents.

Boone-Jenkins. A pretty wedding was solemnized at noon today at the home of Mr. and Mrs. E. Vincent, 92 Victoria street, when Rev. R. Taylor McKim united in marriage Miss Jessie Anna, daughter of Mr. and Mrs. Wesley Boone of New Glasgow, to W. R. Jenkins, son of F. W. Jenkins of this city. Mrs. Vincent was bridesmaid and Mr. Vincent supported the groom. The bride, who was given away by her brother-in-law, A. Gregory, was charmingly gowned in brown voile and her traveling suit was of navy blue with hat to match. After the ceremony a dainty buffet luncheon was served to relatives and immediate friends. Mr. and Mrs. Jenkins left this afternoon on a wedding trip to Nova Scotia and will reside in St. John. Among the other town guests was Mrs. Boone, mother of the bride.

Gibson-Nilsson. A quiet wedding took place at half past six o'clock this morning in St. Mary's church when Miss Beadie May Nilsson, daughter of the late Theodore and Elizabeth Nilsson, was united in marriage to George Andrew Gibson of Red Head. Rev. R. T. McKim officiated. After the ceremony Mr. and Mrs. Gibson left on a motor tour of Nova Scotia, and on their return they will reside at Red Head.

Shannon-Nice. St. Jude's church was the scene of a very pretty wedding this morning at eight o'clock, when Rev. J. H. A. Holmes officiated in marriage Miss Lena, daughter of Mr. and Mrs. W. B. Nice, 119 Union street, West End, to George Victor Shannon. The bride, who was given away by her father, wore a charming gown of white silk with white hat to match and carried a bouquet of roses. She was supported by Miss Marie Ellis, and the groom by Elmer Nice, brother of the bride. Mr. and Mrs. Shannon left for a trip up the St. John River, and will reside at 149 Winslow street on their return to the city. Numerous gifts of silver, cut glass and linen were received. The church was decorated with apple blossoms and lilies of the valley. The choir sang, "The Voice That Breathed O'er Eden," "Oh, Perfect Love," and Mendelssohn's Wedding March was played.

Davidson-Whiepley. At Little River last evening at the home of Mrs. Stella Whiepley, her daughter, Miss Emma Whiepley, was united in marriage to John Davidson of this city. The ceremony was performed by Rev. O. P. Brown, assisted by Rev. William Lawson of Little River. The bride was prettily attired in a white silk wedding gown, with bridal veil and carried a bouquet of pink and white carnations. The maid of honor wore a gown of pongee silk and carried a bouquet of pink and white carnations. Mr. and Mrs. Davidson will make their home at Little River.

McKell-Appleby. A pretty wedding was solemnized in St. Paul's church at 7:30 o'clock this morning when Miss Lila Evelyn Appleby, daughter of Mr. and Mrs. Robert N. Appleby, was united in marriage to Walter Norman McKell. The ceremony was performed by Rev. Archibald Crowfoot in the presence of immediate friends and relatives. The bride wore a pretty costume of navy blue tricotine with hat to correspond and a corsage bouquet of carnations. The groom was supported by Edward Osborne. Mr. and Mrs. McKell left on a motor trip through the province and on their return they will reside in Winslow street West St. John. They were the recipients of many beautiful presents, testifying to their popularity. The groom is a popular young draught of West St. John, and son of Mr. and Mrs. Melvin McKell of South Devon, N. B.

Vincent-Bishop. Moncton, N. B., June 7.—In the First Baptist church here at noon today Miss Jean Bishop, daughter of the late Edmund Bishop of Dorchester, N. B., and Mrs. Bishop, was united in marriage to Gordon S. Vincent, son of Rev. A. J. Vincent of Sackville, who performed the ceremony. Mr. and Mrs. Vincent left on the Ocean Limited for Kingsport, N. S., where they will spend two or three weeks before proceeding to North Sydney, where the groom will take up the pastorate of the Baptist church of that place. Mr. Vincent graduated from Acadia University at the spring convocation. His unusual ability has led to his being called to such a large field for his first pastorate.

Children's Barber Shop—4th Floor. June 7, 1922. To Business Men— From Business Men— Concerning Clothes! John Wanamaker Says— Oak Hall Says— Thousands of good self-respecting men unconsciously advertise themselves as below the mark, by wearing clothes that are not good enough for them. They wear clothes that make other men look ashamed at them. They wear clothes that make them seem commonplace. An Oak Hall suit with its tailored-in stability renders honorable service for a long period. Long after poorly made clothes have gone into the discard. As one is first judged by externals—an Oak Hall label on your suit is insurance against injustice and loss of prestige that men oft-times suffer by reason of slipshod clothes. For self-approval and the approval of others—in the combined name of economy and character—Oak Hall Clothes, \$20 to \$50 and superior value at every price. Sid Says— Boys' Corduroy Bloomer Pants. \$1.65 Women's House Dresses. \$1.15 Bargain Basement. OAK HALL - SCOVIL BROS., Ltd King Street.

Special Sale of Floor Coverings Here's your opportunity to re-cover that hall, dining room or kitchen at less than the material cost us by the carload. Commencing Monday, June 5, we will offer Texoleum in a wide range of patterns at 75c. per square yard, in two yard widths only. Last season we sold thousands of yards of this material at nearly double that price, and with perfect satisfaction to our customers. It is absolutely waterproof, lies flat without tacking, and so flexible that it can be wound around your finger without cracking. A special process of saturation provides a surface which will outwear the ordinary printed linoleum, and at a fraction of its cost. Above price is for cash only, and it will pay you to drop everything else and see our window display. Bring your room measurements when you come, and DO IT NOW. A. **BEVEA BOWED  
RACE OF HIS LIFE**  
St. John Men Home, Enthused Over Performance.

**Why He Went Over Course  
The Day Before in 7:20**  
Noted Coach Declares Hill-ton One of Greatest Horsemen That Ever Lived.

J. C. Chesley and Elmer Ingraham returned home today from Philadelphia where they witnessed the big race Monday. They reported that Hilton Bevea and his brother Harry would remain in Philadelphia for a few days and would then proceed to Boston. Speaking of the race of his life despite the fact that he had to take a back wash from Hoover on four occasions. They said the referee turned Hoover repeatedly to get out of Bevea's water and if Hilton touched spot he (Hoover) would be disqualified. They day before the race they said Hilton went over the course in the remarkable time of seven minutes and twenty seconds.

After completing the race in which he was only beaten two feet for second place Hilton continued to show and showed no sign of fatigue. Both Mr. Chesley and Mr. Ingraham agree that if Hilton had a little more time to race, he had not been forced to work so hard to get into condition he would have given Hoover the race of his life and probably defeated him.

When the race was completed Joe Wright, a famous rowing coach, told the St. John men that Hilton was one of the greatest oarsmen that ever lived and if he was in proper shape could defeat any one of the competitors.

They contradicted reports that Hilton was behind at the beginning of the race. They maintain that the four feet gap to a flying start and Hilton remained in second position to Gilmore for some time and then settled into his great gallop stroke that "fairly ate up space." They give no credit to the report that Hilton will not race again.

In addition to the enthusiasts who were from here, there were former St. John men in Philadelphia to witness the race. Among them were: Jimmy Fleming, a popular young oarsman, who travelled all the way from Winnipeg to see the contest; H. Wilson, of New York; Harold Rathburn, and C. Arthur Clark, Mr. and Mrs. James D. Russell, of Spring Lake Beach, N. Y.; cousins of Hilton, were in Philadelphia for a week.

Neither Mr. Chesley nor Mr. Ingraham knew when the ships Milford W. and St. John would be sent back home.

**LOCAL NEWS**  
**DIED IN NEW YORK.**  
Many friends in the city will regret to hear the death of James H. Wilson, which occurred suddenly in New York on May 18. Mrs. Wilson, accompanied by her sister, Miss Gertrude Kane of this city, returned to St. John yesterday.

**ON ASSAULT CHARGE.**  
Wesley Nairn was arrested at noon yesterday by Detective Sergeant Power on warrant charging him with assault on his wife, Mrs. Nairn. The case will probably come up before the sitting magistrate this afternoon.

**CITY WATER WORK.**  
Commissioner Wigmore announced yesterday that he has a crew of men working on the concrete pipe in the Lake Letimer. He reported that there is a bad leak in the water supply between Phinney's hill and Lake Letimer, which will be repaired on Sunday when the water will be turned off in order to clean out the pipe.

**WILL BACK BAXTER LOU.**  
Hector McInnis of Boston, writing to a friend in this city, says he has a paper, Baxter Lou, 222-1, eligible this year to the 218 class that can defeat John Braden at Fredericton at the big meet in July. He said he will post \$1,000 worth any paper the Braden people name, and also let them name the half mile track in the province on which to hold the race.

**CITY PUBLIC WORKS.**  
Commissioner Fink said this morning that just as soon as the New Brunswick Power Company received new rails for Prince William street the work of paving would be started. The department has a crew of men placing a new asphalt sidewalk on either side of the street. The western side has been completed and good progress is being made on the northern side.

**Concrete steps have been constructed from Main street to Murray street and as soon as the concrete sets, iron railings will be placed on either side of the street. The work is expected to be completed by the end of the week.**

**It is expected that the work of paving Horsfield street will be started tomorrow.**

**A sidewalk is being placed in Millidge avenue and a new masonry curbage has been installed near the junction of the Bow's Head road.**

**The inter-Allied commission has proclaimed a state of siege in several mining towns of Upper Silesia. The troubles are reported subdued.**

**REJECT HARD COAL  
MEN'S OFFER, BUT  
KEEP DOOR OPEN**  
Hazelton, Pa., June 7.—Members of the anthracite miners' general scale committee voted rejection of the arbitration offer submitted last week by the operators of the hard coal field. Continuation of the wage negotiations, however, was provided for in the directing of a sub-committee to draft a counter proposal. This proposal will be submitted to the general scale committee for approval today.

**TWO WILLS IN  
THE YORK COURT**  
(Special to Times)  
Fredericton, N. B., June 7.—Letters testamentary have been granted in the estate of the late William S. Colter, Parish of Bright, to Bessie L. Colter, his daughter, Harvey Mitchell and Cousin John T. Christie. The estate is valued at \$23,000, of which \$4,000 is real and \$19,000 personal property. The property is left in trust with the executors for the benefit of the widow and children of the testator. M. B. Dickson was proctor.

Letters testamentary also have been granted in the estate of the late Jacob Haselton, Parish of Queensbury, formerly a resident of Fredericton, to John McDonald and Hanford Hagerman. The estate is valued at \$3,575, of which \$900 is real and \$2,675 personal property. Bequests were left to Mary Thornton, David Thornton, Harry Ketch and George Ketch, trustees, and the balance of the estate to Mary Thornton.

**EXHUME BODY OF  
MONTREAL MAN**

**Mystery Case in Madrid in  
Which "Princess" Kela has  
been Mentioned.**  
London, June 7.—(Canadian Press)—A Reuter despatch from Madrid announced that the police of that city have exhumed the body of a young girl, identified as a flying start and Hilton remained in second position to Gilmore for some time and then settled into his great gallop stroke that "fairly ate up space." They give no credit to the report that Hilton will not race again.

Previous despatches relative to de Bellefeuille's death stated that it had been suspected he died of strychnine poisoning. With him at the time he was held by the police. De Bellefeuille was a wealthy young man, who had resided in Spain for some years. His family resides in Montreal.

The following property transfers have been recorded in St. John, property in the hands of W. G. McIntyre, property in Simons.

**RENOUNCES JUDAISM**  
London, June 7.—(Canadian Press)—Sir Albert Stern, who recently married Helena, elder daughter of the late Sir Frederick Old Lewis, of Montreal, has renounced Judaism. Col. Sir Albert Stern held many important civil and military positions during the war and in 1918 was a British commissioner on the Anglo-American commission.

**To Be Maid of Honor.**  
Montreal Gazette—Miss Elaine Bridges who is to be maid of honor at the marriage of Miss Muriel White on Wednesday is to arrive from Ottawa today, and will be the guest of Dr. and Mrs. de Jersey White.

**FIFTEEN MINUTES  
OF RADIO EACH DAY**  
By Edward N. Davis  
Formerly Technical Electrical Expert For U. S. Government

(A) and (B) supported by binding posts which are fastened to an insulating base (C). The electrodes may be zinc, brass, or copper, approximately three-eighths of an inch in diameter with parallel sparking surfaces and must be so adjusted that the distance between them is just sufficient to allow the spark to pass with a minimum of arcing. The base (C) is of insulating material, usually glass or hard rubber.

If zinc electrodes approximately three-eighths of an inch in diameter are used in the plain spark gap, a more satisfactory spark note will be obtained than with brass or copper electrodes. Polished electrodes give a higher tone to the spark note but have the disadvantage of offering less cool-surface. Electrodes with slightly rounded edges give a harsh tone to the spark note but have the advantage of a large cooling surface and better properties of quenching. There are several factors which enter into the production of a satisfactory tone by the plain spark gap—the frequency and voltage of the source of supply, the length of the gap, the design of the electrodes, and the capacity of the condenser. A spark discharge with a high musical pitch has the advantage of being more easily read by the receiving station above the interference of static in the atmosphere.

The circuit of the radio transmitter containing the condenser, the primary winding of the oscillation transformer and the spark gap, is known as the closed oscillatory circuit as distinguished from the open or radiating circuit which includes the antenna, the aerial tuning inductance, the secondary winding of the oscillation transformer and the short wave condenser.

**PROGRAMME OF  
BAND CONCERTS**  
Twenty for the Season, Sixteen of Them in the King Square.

Mayor McLellan this morning gave out the following programme of band concerts for King Square, Carleton and the North End:—  
City Cornet Band, King Square, June 5.  
62nd Batt. Band, King Square, June 8.  
St. Mary's Band, North End, July 15.  
Carleton Cornet Band, King Square, June 15.  
City Cornet Band, King Square, June 18.  
62nd Batt. Band, North End Square, June 22.  
St. Mary's Band, King Square, June 28.  
Carleton Cornet Band, King Square, July 8.  
City Cornet Band, Carleton Square, July 10.  
62nd Batt. Band, King Square, July 13.  
St. Mary's Band, North End, July 15.  
Carleton Cornet Band, King Square, July 20.  
City Cornet Band, King Square, July 24.  
62nd Batt. Band, King Square, July 27.  
St. Mary's Band, King Square, July 31.  
Carleton Cornet Band, King Square, Aug. 3.  
City Cornet Band, King Square, Aug. 7.  
62nd Batt. Band, King Square, Aug. 14.  
St. Mary's Band, King Square, Aug. 21.  
Carleton Cornet Band, King Square, Aug. 28.

These make sixteen concert in King Square, two in Carleton, two in North End; five in King Square in June, six there in July, and five there in August. All concert will be on Monday and Thursday evenings from eight until ten o'clock. For postpaid concert, there are odd evenings vacant each week, and all postponed concerts could be given during the summer months. Each band should guarantee at least twenty-five men at every concert night. The cost is \$50 a concert.

**SHIPPING**  
The mayor requests that during the time the bands are playing, automobile owners refrain from driving about the square as the repeated sounding of the horns and klaxons during the music annoys a source of annoyance to those enjoying it.

**PLAN TO EXTEND  
ACTIVITIES OF  
HEALTH BODY**

(Continued from page 1)  
thought the great scheme of the association should be that of education—to get power to the people. He thought the C. P. H. A. should be the educational factor and if the other organizations desired to work in the best interests of public health, they would join in the activities of the Canadian organization.

Dr. Roberts thought the resolution should be enlarged to provide for the institution of all sections in the public health interest. Regarding the industrial hygiene, he thought the manufacturers would be willing to contribute in proportion to the benefits derived from the C. P. H. A.

**LOCAL BASEBALL.**  
The All Stars defeated the St. David's on the Crown street diamond last evening, 15 to 4. The batteries were—Gordon and Irving for the winners; Smith and Malcolm for the losers.

**PREVENTION OF  
TUBERCULOSIS**  
The annual meeting of the Canadian Association for the Prevention of Tuberculosis was held at the armory this morning with the president, Sheriff A. B. Cook, of Regina in the chair. Much business was transacted and a large number of resolutions were passed. Officers were elected as follows:—President, Sheriff A. B. Cook, Regina; secretary, Dr. F. W. Archibald, Montreal; Dr. F. H. Taylor, London; Sir George Burn of Ottawa, honorary treasurer of the association for a number of years, requested that the association arrange to relieve him of the duties of his office. The opinion of the meeting was that Sir George had been a worthy officer and that great credit was due to him for his services.

**AMENDING THE  
JUDGES ACT**  
Ottawa, June 7.—(Canadian Press).—A bill to amend the Judges Act, which gives to Saskatchewan an additional appeal court judge, received its third reading in the senate last night, after an amendment by Senator Barnard, Victoria, B. C. was adopted.

**AMENDING THE  
JUDGES ACT**  
This amendment provides for a commission of judges to investigate cases where judicial duties are not being performed, and on their recommendation the superior court judge under investigation may have his salary reduced to one dollar per annum until such time as he retires, when his customary retiring allowance will be permitted him.

**AMENDING THE  
JUDGES ACT**  
Lisbon, June 7.—Portugal has been swept during the last few days by violent thunderstorms, which have done great damage. Some lives were lost and many cattle and sheep killed.

Belgrade rejoices as she arrives for ceremony—New Palace ready for them—Some magnificent presents have been received.

**AMENDING THE  
JUDGES ACT**  
Belgrade, June 7.—Princess Marie of Roumania was making the final preparations today for her marriage to King Alexander of Jugo-Slavia tomorrow.

**AMENDING THE  
JUDGES ACT**  
The princess, upon her arrival here, wore a white crepe de chine dress trimmed with silver and gold, which she made herself. She and the royal party, including King Ferdinand, Queen Marie, seven ladies in waiting, and the entire Roumanian royal household, came by boat on the Danube, and were escorted into port by Jugo-Slavia airplanes, British, French and Roumanian destroyers and a fleet of Jugo-Slavia warships. Scores of boats carrying Jugo-Slavia also welcomed the party.

**AMENDING THE  
JUDGES ACT**  
A new palace is ready for occupation of the royal pair. It is situated within a stone's throw of the old royal residence which has been unoccupied since the assassination of King Alexander and Queen Draga, in 1913. The Serbians, believing the old palace to be unhealthful, have begged Marie never to cross its threshold.

**AMENDING THE  
JUDGES ACT**  
Among the most notable presents made to the bride are a tiara and necklace of diamonds and emeralds from King Alexander. These pieces of jewelry are heirlooms from Empress Marie of Russia, grandmother of the present Queen of Roumania, and have by fortunate circumstances come to her great granddaughter, King Alexander now being for sale and made the purchase. King Ferdinand and Queen Marie of Roumania gave as their joint present a magnificent string of pearls, and Queen Marie also presented a gold and silver necklace inherited from her mother.

**AMENDING THE  
JUDGES ACT**  
Every country in Central Europe is represented in the list of gifts. One province in Jugo-Slavia presented to the bride 100 horses, and there are numerous gifts of embroideries and pieces of pottery from Jugo-Slavia peasants.

### AMENDMENT OF CRERAR KILLED

#### Liberals and Conservatives Uphold Speaker in Ruling It Out of Order, Vote Standing 122 to 65

Ottawa, June 6.—The prime minister and leader of the opposition clashed in the budget debate, and the galleries filled anew with people who suffered the discomforts of a sultry day to listen today to the sounds of verbal battle. It was one of the most interesting days which the debate has brought forth, and coming after several days when the house was almost in the doldrums it was a welcome change.

When the house opened, Mr. Speaker Lemieux ruled out of order the sub-amendment offered by Mr. Crerar yesterday.

Mr. Crerar appealed from the ruling, but the speaker was upheld in the vote by 122 to 65. Hon. A. B. Hudson, of South Winnipeg, who was returned as an Independent Liberal, voted with the Progressives and against the ruling.

Meighen's Open Fire.

Then with the decks cleared, Rt. Hon. Arthur Meighen came into action. Mr. Meighen defended the principle of protection; urged that it would be unsafe to leave Canadian manufacturers at the mercy of their American competitors, and denounced the Liberals for having failed to implement their pre-election promises to the electors.

The prime minister, who spoke briefly, renewed his declaration that he regarded the tariff plans of the 1919 platform as a chart to guide the party in its tariff changes. Mr. Fielding also made a

### QUEER FEELINGS AT MIDDLE AGE

#### Women Should Know How Lydia E. Pinkham's Vegetable Compound Helps at This Trying Period

Sheboygan, Wisconsin.—"I was run down, tired and nervous. I could not even do my own housework, could not sleep at night and all kinds of queer thoughts would come to me. Finally I gave up going to the doctor and a friend told me of Lydia E. Pinkham's Vegetable Compound. After the first bottle I could sleep better and I have kept on improving ever since. I have taken seven bottles now and am so happy that I am all over these bad feelings."—Mrs. E. LANSER, 1639 N. 3rd St., Sheboygan, Wisconsin.

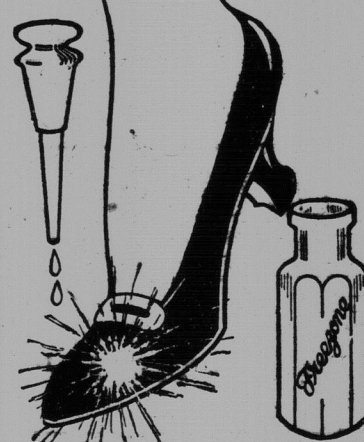

For the woman entering middle age Lydia E. Pinkham's Vegetable Compound can be of much benefit. During this time of life certain changes take place which sometimes develop into serious trouble.

Melancholia, nervousness, irritability, headache and dizziness are some of the symptoms. Lydia E. Pinkham's Vegetable Compound is a natural restorative, especially adapted to assist nature in carrying you safely past this time. Why not give it a fair trial?

on the campaign questions and urged his hearers and all the electors to endorse the record of the Foster administration. The opposition supporters had

### CORNS

#### Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly! Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without surgery or irritation.

set themselves up as critics. That was their business, but he desired to ask where was the criticism that was constructive. He remarked that the opposition speakers were hard pressed for campaign material when they avidly seized on the trifling mishap at Musquash recently and magnified it all out of proportion for political purposes. He expressed his admiration for the fine speeches made by the premier and Mr. Ross and concluded with a splendid ap-

peal for their support at the polls—an appeal that aroused considerable enthusiasm.

The last speaker, Dr. Curren, asked his hearers several pointed questions. What East St. John elector was there who would support a party that had deprived him of a magnificent opportunity for expansion of his district in 1917? Who was there present who could withhold endorsement of the government's record after listening to Premier Foster's able address? What good would come of electing a man to sit in the opposition? Dr. Curren's remarks made a powerful impression and he was heartily applauded when he sat down.

The meeting concluded with the singing of the National Anthem.

### ANNUAL MEETING OF CENTENARY CHURCH

The annual meeting of Centenary Methodist church was held last evening with the minister of the church, Rev. R. G. Fulton, presiding. The reports of the various departments were of the most encouraging nature and showed the church to be in a strong financial condition. The sum of \$2,876 was given to missions, and more than \$1,000 to other benevolent funds. The total income for the year from all sources was \$26,220. The Sunday school of the evening service carried on at Marsh bridge had had a successful year. J. Hunter White and J. E. Arthurs were appointed to represent the church at the annual district meeting to be held this week. J. L. Thorne, who for many years has been the efficient recording steward of the church, was re-elected to the office.

### THE IRISH ELECTION.

Nominations for the forthcoming Irish elections indicate contests in twenty group constituencies. With the exception of Eamonn De Valera, Austin Stack and Fian Lynch, every leader for or against the treaty will have to fight for a seat in the 'Dail Eireann.

In Mr. De Valera's constituency of

May always enjoy the best of health—by the regular use of—

**Abbey's Salt**

EFFERVESCENT

Clare, four independent candidates withdrew in the national interest. In six of the uncontested constituencies thirty of the present members of the Dail have been re-named.

Polling will take place on June 16, but the counting of the ballots, which is an elaborate process, will not begin until the eighteenth. Announcement of results is not expected before June 19.

In twenty-eight constituencies where 28 members are to be elected, twenty have been returned unopposed as follows: in Mayo North and West, four; Limerick City and East Limerick, four; South Mayor and South Roscommon, four; and Limerick West and Derry, eight.

The Sinn Fein panel, divided into eight for the treaty and twelve against the treaty, was not contested.

### FRUIT WILL BE CHEAPER

Hamilton, Ont., June 7.—Not only will the thrifty housewife be encouraged to increase her stock of preserves this season by the decreased price of sugar, but fruit will likely be cheaper. This was the announcement of F. J. Mahony, president of the Niagara Growers. The crop is large and labor will be available to harvest the entire production, he thought.

### HIGH SCHOOL ELIMINATIONS.

The High School track team will hold their elimination contests on the Y. M. C. A. track tomorrow night in preparation for the inter-scholastic meet on Saturday. The boys are doing great work and their chances seem good to rompy home with the trophy. At a meet last week, in which teams from schools in the big Ontario centres took part, re-

You are not a patient. In fact, you are a sufferer. It is the skin disease that causes itching, burning, and smarting. It is the cause of the "itching" and "burning" of the skin. It is the cause of the "smarting" and "stinging" of the skin. It is the cause of the "redness" and "swelling" of the skin. It is the cause of the "cracking" and "scaling" of the skin. It is the cause of the "itching" and "burning" of the skin. It is the cause of the "smarting" and "stinging" of the skin. It is the cause of the "redness" and "swelling" of the skin. It is the cause of the "cracking" and "scaling" of the skin.

### Electors of East St. John Applaud Sound Arguments For Election of A. F. Bentley

#### Premier Foster, in Able Address, Gives Account of His Stewardship and Invites Comparison With Record of Previous Administration—Local Issues of Interest in County Deal With.

At a splendid gathering of the electors of East St. John last evening in the interests of A. F. Bentley, government candidate for the vacant St. John county seat, spirited and impressive addresses were delivered to the large number present by the candidates, Dr. Le M. Curren, M.P.P., William Ross and E. H. McAlpine. In addition to these speakers, Premier Foster was heard in one of the most powerful addresses he has ever made in a campaign. His effort lasted nearly two hours, but during his delivery his auditors accorded him earnest attention and gave him a splendid ovation when he resumed his seat. He defended the government's progressive and sagacious management of the affairs of the province and refuted the false statements made by the opposition platform speakers.

The meeting was well attended and was graced by the presence of several woman voters. Included in the gathering was former minister of agriculture, Hon. L. P. Farris, whose tenure of office occurred nearly thirty years ago. In referring to Hon. Mr. Farris' presence at the meeting, Dr. Curren pointed out the fine example the aged gentleman had set, the young men in being present and hearing the issues discussed. Reuben Taylor was chairman of the meeting.

E. H. McAlpine was the first speaker, and in opening he paid tribute to the sincerity and honesty of the government candidate, "a man in whom there is no guile and whose word is as good as his bond," he added. It was not necessary for him to rehearse all the graft and plunder perpetrated by the late government, which was trying again to return to power. He was of the opinion that they never would control the affairs of the province until they changed leaders. He instanced the Valley railway tangent and, concluding, made a strong appeal for the support of the Liberal candidate, William Ross.

One of the most logical addresses of the campaign so far was delivered by William Ross, who followed Mr. McAlpine. He asked his hearers to recall the year 1911 when Hon. William Pugsley's fastidiousness had resulted in a contract being let to the Cannel Laird firm, the great English shipbuilding concern, for the construction of a shipbuilding plant at East St. John. The Borden government had repudiated that contract and the speaker maintained that by this action the city and the surrounding districts were deprived of a magnificent opportunity for expansion. How could the electors of East St. John vote for the Conservative party in view of this, he asked. "Then there was the hydro development at Musquash. Why, he asked, did one million of our people leave here and go to the eastern States to earn their livelihood. "There was no work and no opportunity for the young man," he answered. "Go over to the big liners discharging the immigrants and watch them leave by trainloads for the west. How can we complain in this condition if we cannot even induce our own people to remain here," asked the speaker. Cheap power was the way to better such conditions, and he praised the Foster government for going to the root of the

matter and developing water resources (Sustained applause).

Premier Foster.

When the premier rose to speak it was the signal for a great outburst of applause. In a speech that lasted nearly two hours he dwelt exhaustively upon the campaign issues and met and refuted the criticisms of his government by the opposition speakers, particularly the attacks made on him concerning his connection with the Valley railway matters. He termed it little short of a catastrophe that petty politics had forced the cancellation of the great shipbuilding contract and agreed with Mr. Ross that a great blow had been dealt the progress of the city and county by that action. Speaking about the railway, he maintained that the late government was wholly responsible for the \$1,000 per day deficit that this province was shouldering at present for this railway. That line should have been constructed across the Kingston peninsula, over to Rothesay and down to the proposed C. N. R. terminals at East St. John, as was originally intended. Instead, it was now a branch line and a golden opportunity had been lost.

Premier Foster then took up his accounting of his stewardship as leader of the government and explained the various progressive policies initiated under the present government's regime, mentioning particularly the highway policy, franchise to women, agricultural improvements and the extension of educational facilities. He outlined the steps taken by the government regarding development in the province and asserted his complete confidence in its ultimate success. "Too long have we lagged behind down here while other provinces were marching steadily ahead," he declared.

Regarding the wild statements being made by Conservative speakers regarding the deficits of the province, the premier explained the difference between the accounting system under the late government, which covered up great sums by not including them in the financial yearly statement but carrying them on year to year, and the truthful, efficient and independent system of audit now in force.

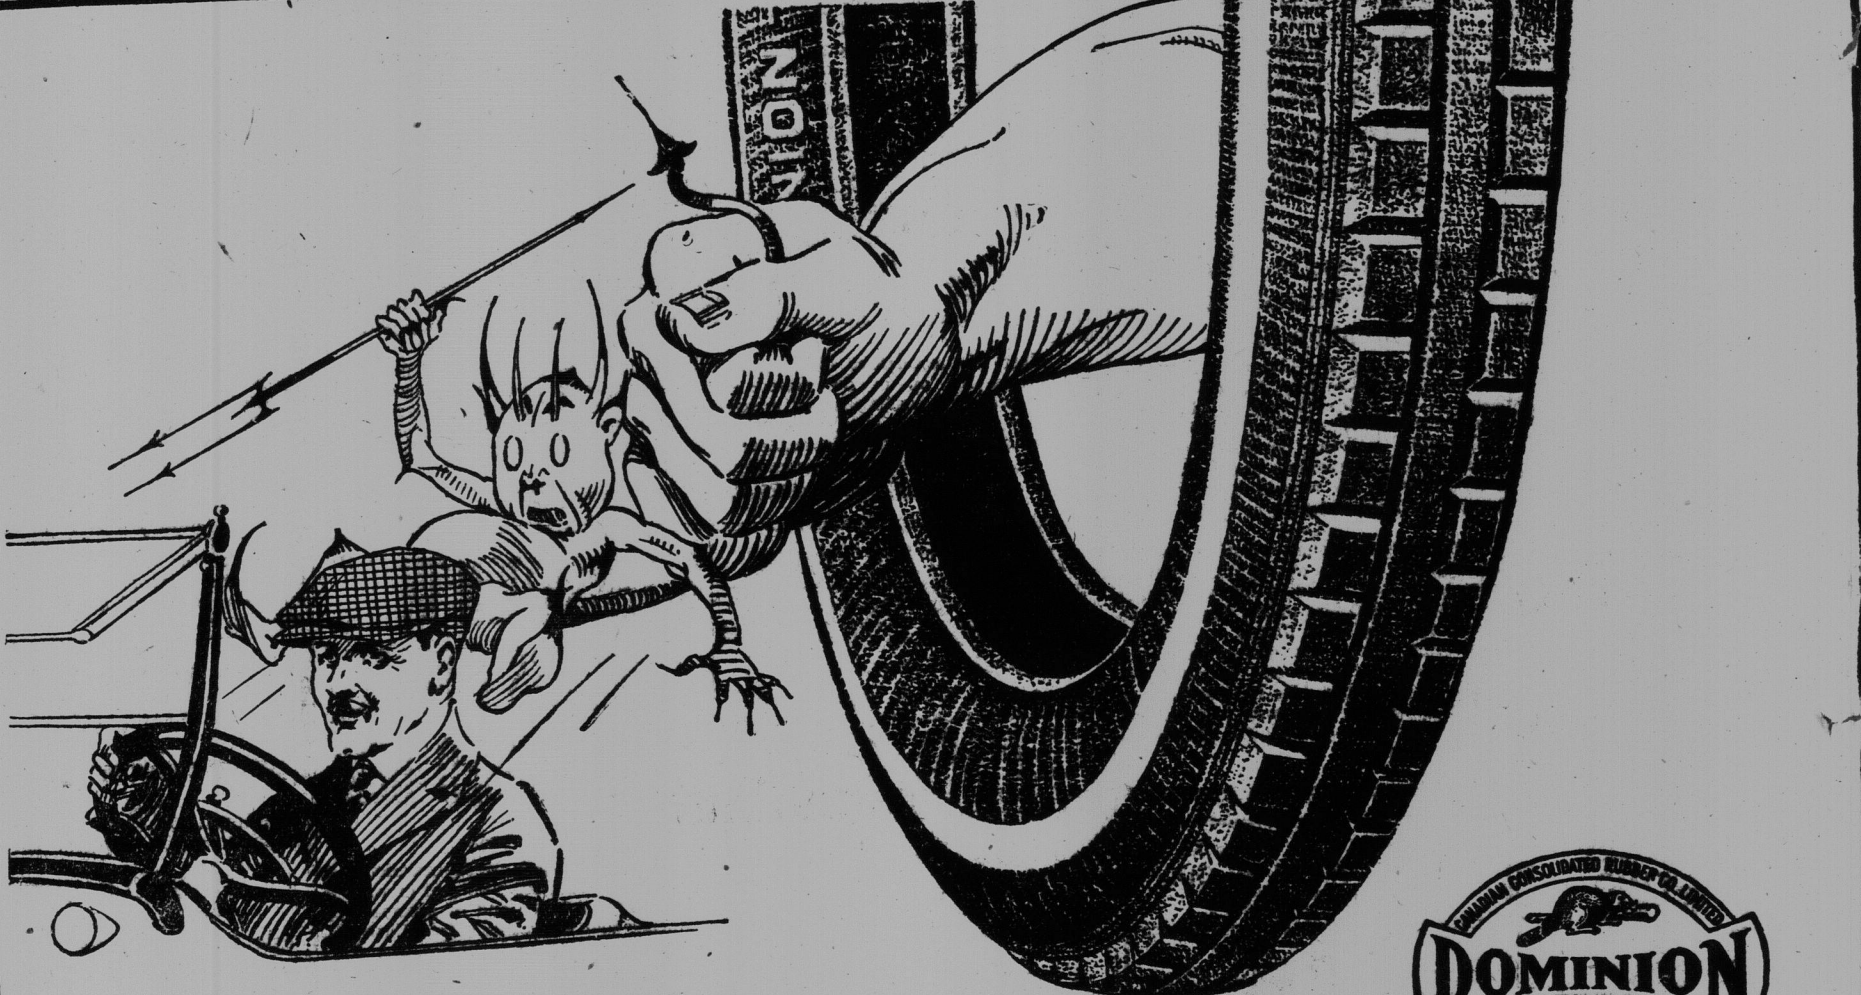

When the auditors examined the records of the old government, it was found that more than a million dollars, representing part of the debt of the province, had been concealed from the electors. As to any local improvements made by the late government, Premier Foster said he could only think of the peculiar bridge, which the street railway refused to use to extend the car service to the county hospital. (Laughter.)

Concluding his able address, the leader of the government made mention of the assets of this province and pointed with pride to the healthy standing of provincial bonds on the market. He declared the county needed a man of the stamp and calibre of Mr. Bentley and expressed his confidence that the county would honor itself by electing him on Saturday next.

A. F. Bentley.

In a brief but illuminating address, the candidate, A. F. Bentley, touched

the campaign questions and urged his hearers and all the electors to endorse the record of the Foster administration. The opposition supporters had

## Taking the Irritation out of Motoring

Most of the aggravating, irritating trials of motoring used to come from tire troubles.

Let a man be in a hurry to get somewhere—let him start off with the family for an all-day trip—let him get caught without a spare—and, "good night," it seemed to be just the time for a blow-out.

Motorists used to talk about "luck" and "lucky tires."

But when they compared notes, they found that those who used DOMINION TIRES invariably had the better mileage records and fewer tire troubles. "Luck" in tires was simply DOMINION quality.

DOMINION TIRES set the standard of service and satisfaction—and to-day, DOMINION TIRES are the tires by which all tires are judged.

Buy your tires on a business basis. Don't count your first cost only. To say that Dominion Tires give lowest cost per mile is not mere talk. It is a fact.

### Motoring is ALWAYS at its best with

# Dominion Tires

WILL SETTLE DOWN AT 132 YEARS OLD

Aged Pole Claims to be the Only Survivor of Napoleon's Armies.

Warsaw, June 7.—Sergt. Jan Krasinski, a Pole, who says he is the only survivor of Napoleon's armies, proposes to settle down quietly for the rest of his life in the district of Posen, where land is provided by the Polish government for war veterans.

Krasinski says he was born the year after the French revolution began. He was two years old when Murdoch introduced gas lighting to the world. He was a man long before the first railway was built, and before the first steamship crossed the sea. He completed his first half-century before telegraph lines were established. He was a lad of fifteen years old when Nelson won the battle of Trafalgar.

WAS ASPHYXIATED SINKING GAS WELL

St. Mary's, Ont., Man Dead and Would-be Rescuer is Also Overcome.

St. Mary's, Ont., June 7.—Russell Bodfield, a son of Mr. and Mrs. Alonzo Bodfield of St. Mary's, was asphyxiated by gas while engaged, with Levi Barr of Kirkton, in drilling for water on the farm of Mr. Fletcher, six miles west of Park Hill. They were using a thirty-inch drill sunk to a depth of eighty feet.

When Bodfield was about ten feet from the top he fell back to the bottom of the hole, a distance of forty-five feet. Barr then asked that he, too, be lowered, but, after several minutes, he, too, was drawn up and found to be unconscious, not coming to for over two hours. Fletcher then went down himself and recovered the body of Bodfield. He reported there were pockets of natural gas, which were worst at a depth of thirty to forty feet.

It is pointed out that forty years ago three men were killed in the same way as Bodfield, not far from the same farm. Russell Bodfield, who was twenty-three years of age, and had served at the front in France for three years, coming by his father and mother, four brothers and two sisters, all residing in St. Mary's.

MEMORIAL TREES FOR SOLDIERS

The planting of memorial trees along Roads of Remembrance has been taken in hand by the Canadian Forestry Association which has volunteered to give free advice with detailed instructions to any local society intending to undertake such work. Scores of Roads of Remembrance planted with memorial trees contributed by the relatives of soldiers who fell in the great war have been planned

by various women's organizations in eastern and western Canada. The movement is making rapid headway and promises to result in establishing a great many beautifully planted highways. The offices of the Canadian Forestry Association are at Ottawa.

MINING ISSUE TO COME UP AT TRURO

(Canadian Press Dispatch.) Sydney, N. S., June 6.—Although an emergency meeting of the district 26 executive of the United Mine Workers of America was convened at Glace Bay today for discussion of the Scott conciliation board majority and minority reports, it is believed here that semi-final decision on the reports will be left to a special district convention which has been called to meet at Truro June 20. It is unlikely that acceptance or rejection of the Scott majority report will be put to an immediate vote of the 12,000 miners of the Nova Scotia district, as the number of referendums in the past months have made them generally unpopular.

Had Your Iron Today?

Get Some—energy and iron

Never mind the weather—get some new vitality—speed up any way. Don't be a lagger. Vital men resist the heat. Let little raisins help. 75 per cent pure fruit sugar. 145 calories of energizing nutriment in every package—practically predigested so it gets to work almost immediately. No tax on digestion so it doesn't heat the blood. Fatigue resisting food-iron also! All natural and good. Try it when you're slipping—when you yawn at 3 P.M. Stiffens up your backbone and makes thoughts flow again. Two packages and a glass of milk form greatest mid-day lunch you've ever tried.

I. O. D. E. MEETINGS

The Lady Roberts chapter of the I. O. D. E. met last night at the residence of Miss Ellis, in Orange street, with the regent, Miss Jean Fenton, presiding. The meeting was the last of the season. Three members were chosen to make the presentation of the prizes which the chapter will give for the La Tour, St. Joseph's and St. Malachi's schools at the June closing. It was decided that each member should make \$5 as talent money during the summer and it was also decided to enlarge the chapter as its membership at present is small and not all of its members are able to take an active part in its work throughout the year.

Valcartier chapter of the I. O. D. E. held its June meeting last night at the residence of Miss Audrey McLeod, in Wellington Row, with the regent, Mrs. F. R. Taylor, presiding. The chapter will not meet again until the end of September, and as it was decided that in the fall the chapter should present a flag chart and library to a country school, the educational secretary was asked to find a school to which to make the presentation. At the school closing the chapter will present four prizes to pupils in King George school. The sum of \$25 was voted to the Boy Scouts As-

sociation and it was decided that each member should make \$5 talent money during the summer. Mrs. A. C. Corr was made an honorary member of the chapter. The Seven Seas Chapter of the Imperial Order of the Daughters of the Empire held its last meeting for the season yesterday at the residence of Miss Alice Lockhart, with the regent, Miss Alice Wilson, presiding. The educational secretary reported that two books had been purchased as school prizes, 'The Empire's Story' and 'Lead's Heroes' Book.' The meeting voted \$15 to the Red Cross Society as a contribution towards furnishing the recreational hut at the Lancaster D. S. O. R. hospital. The sum of \$50 was voted to the I. O. D. E. educational memorial fund and the treasurer reported that \$62 had been raised as the proceeds of the distribution of sample biscuits at the Imperial Theatre. One new member was elected. Instead of endeavoring to raise talent money during the summer it was decided to concentrate on making articles for the fall sale.

CLEAN-UP IN MOVIE INDUSTRY IS ORDERED

Will H. Hays Sends Ultimatum to All Studios in the United States.

New York, June 7.—An ultimatum to the moving picture industry to clean up the entire industry to assist in eliminating objectionable features.

The ultimatum is to be posted in all studios in this city and Los Angeles, calling upon the entire industry to assist in eliminating objectionable features.

After a study of the moving picture industry since he took office as president of the new association on March 8 last, Mr. Hays decided about three weeks ago that he should take some stand that would guarantee clean films to the public.

It was intimated that this ultimatum is the last word to a few directors whose pictures have been questionable, and that failure to comply with the new rule would mean dismissal from the industry.

The officials said that this action meant not only the setting up of strict censorship in each producing company, but in the office of Mr. Hays as well.

These who attended the meeting on May 17 and approved Mr. Hays' suggestions for a warning to all employes were Adolph Zukor, president of the Famous Players-Lasky Corporation.

Other officials who attended the meeting were Earl W. Hammons, of the Educational Film Exchange, Inc.; Carl Laemmle, of the Universal Pictures, Inc.; Marcus Loew, of the Metro Pictures Corporation; John M. Quinn, of Vitaphone, Inc.; and Lewis J. Zeckler, of the Select Pictures Corporation.

RODDY McDONALD ISSUES CHALLENGE Halifax, June 6.—Roddy McDonald, the former Glace Bay boxer, has issued a challenge through the Halifax Recorder to Johnny Wilson, or any middleweight in the world.

McDonald is training daily in a private gymnasium at Westmount (Que.), and is under engagement to C. F. Graham, Montreal, who says he is in excellent condition.

NEW AUTOMOBILE MILEAGE RECORD French Engineers Cover 100 Miles on 1 1/2 Gallons of Gasoline.

Paris, June 7.—The prevailing high price of gasoline has sharpened the wit of the French automobile engineers and car designer.

The annual consumption contest at Le Mans beat all records for mileage. The power automobiles, carrying four passengers, covered 100 miles, at an average of 26 miles an hour.

A small eight horse-power machine covered 78 miles on half a gallon of gasoline, at an average speed of 24 miles per hour.

MONEY AND FUN AIM OF WORLD TODAY Age Threatened With Moral and Spiritual Decline, Says Bishop.

Toronto, June 7.—The present age is threatened with a moral and spiritual decline and the church is looking for the men who will rise up and check it.

Rev. Frank Dumoulin, D. D., of Ohio, who spoke before a meeting of men at Massey Hall under the auspices of the Brotherhood of St. Andrew.

You Can't Go Wrong When You Ask For CREST

NOTHING could be easier to remember, nothing could be easier to say.

Twenty different flavors to choose from, Ginger Ale, Sarsaparilla, Root Beer, Ginger Beer and Cream Soda are a few of the favorites.

Crest comes in 8 oz., 12 oz., and 28 oz. bottles. There's nothing better for home use.

MONCTON WINS Moncton, June 6.—The Moncton independent baseball team defeated the Dorchester (Mass.) team again this evening.

TENDLER SIGNS New York, June 6.—Lew Tendler, signed contract for a bout with Benny Leonard, world's champion lightweight.

Tender Puts Out Barrett. Philadelphia, June 6.—Lew Tendler, of Philadelphia, tonight knocked out Bob Barrett, of Clifton Heights (Pa.), in the sixth round of their scheduled eight round bout at the National league

JOHNNY MACINTYRE IS MARITIME CHAMP.

The first public professional boxing bouts held in this city for more than fifteen years were staged last evening in the local armories under the auspices of the sergeant's mess and were witnessed by approximately 1,000 fans.

The second preliminary was scheduled for six two-minute rounds, but ended in the third, when Jack Sullivan dropped Kid Rudolph to the canvas and scored a technical knock-out.

The third preliminary was between Earle Penny and Kid Burns, both local boys. Penny landed terrific punches on his opponent's head and body in the first round and continued to do the same in the second, although Burns was doing the larger portion of the leading.

The fourth preliminary was a six-round affair between Tommy Williams and Mike Collins, both of whom were slightly over the lightweight limit.

The officials last evening were as follows: referee, James Power; judges, Dr. L. Day and C. W. Ellsworth; timers, D. E. Gallagher and M. R. Dolan; announcer, B. Mooney.

Peter Clinch, Lawrence MacLaren and Edward Mooney, members of the newly appointed city commission, were all present last evening and watched the bouts which have been staged since they came into office.

They refused to permit any fight to continue if it became too one-sided. They also had the power, it was announced last evening, to stop payment of the money due any boxer whom they suspected of faking or stalling in a fight.

No more button bother

Report of C. B. Allan, Secretary, Presented—Delegates Guests of the Edmundston Board of Trade.

At the business meeting of the New Brunswick Tourist and Resources Association held yesterday in connection with the fourth annual convention at Edmundston the report of the secretary, C. B. Allan, for the year ending May 30 was read. It showed the finances to be as follows:—Receipts, \$3,109.20, and expenditures, \$2,682.25, leaving a balance of \$606.01. C. C. Avar, of Sackville, had been authorized to collect information for the publication of a new provincial booklet, "The Guides' Association sports at Marysville in August were mentioned. Several requests from students in the United States schools for information about the province had been received. The matter of the formation of a Protective Fish and Game Association and the later attempts to form an independent Fish, Forest and Game Protection Association for the purpose of developing and protecting the property at Musquash was outlined. The delegates were entertained yesterday afternoon by the Edmundston Board of Trade. The visitors went to Notre Dame Dulac, Quebec, by special train for dinner. Twenty-two names were added to the roll at this time. A number of toasts were drunk, and speeches were delivered by N. R. DesBrisay, C. B. Allan, F. W. Robertson and W. Harry Allen.

We were receiving a great many enquiries about the road conditions between St. John and St. Stephen, and had almost daily to advise travelers in the matter, and the information we received was so contradictory that I thought it advisable to go down over the road and find out at first hand the actual conditions. This I did and I am glad to be able to report that the road, yet improved, was found in good condition, and motorists were daily making the run of about ninety miles in four hours, and I feel sure that by the fall of 1922 when the additional few miles have been attended to, the road will be as good as any gravel road in the country.

The prejudice against N. B. roads and the traffic laws in the United States, is generally being overcome by the "good roads policy" of our minister of public works, and as the knowledge of the improvement in the N. B. roads reaches the people of the eastern states, we may look for an increased number of motor visitors, especially after we have effected the change in our rule of the road. The following were elected: N. R. DesBrisay, president; F. W. Robertson, vice-president; C. B. Allan, secretary-treasurer; H. W. Rising, auditor; E. A. Schofield, L. P. D. Tilley, E. L. Rising, W. H. Mackay, A. I. Gibb, R. E. Armstrong, E. T. Hayes, J. L. Secord, T. P. Regan, D. W. Ledingham, F. B. Ellis, E. W. McCreedy, A. C. Currie, Frank McCafferty, D. H. Lindsay, Hon. W. E. Foster, Hon. C. W. Robinson, executive committee. Vice-presidents—W. F. Kennedy, St. Andrews, Charlotte; J. E. Hetherington, Cady's, Queens; D. W. Messerieu, Fredericton Junction, Sunbury; W. H. Allen, Parnass, York; H. M. McEvoy, Dalhousie, Restigouche; P. J. Veniot, Bathurst, Gloucester; W. S. Fisher, St. John; R. A. Snowball, Chatham, Northumberland; Hon. Mr. Dyart, Buctouche, Kent; C. C. Avar, Sackville, Westmorland; F. M. Thompson, Hillsboro, Albert; J. S. Leighton, Woodstock, Carleton; J. E. Michaud, Edmundston, Madawaska; Henry Ogilvy, Oxbow, Victoria.

Resolutions were adopted and the suggestion made that the boards of trade be asked to co-operate with the association in its publicity work. The advantages to both the towns and province as a whole were clearly explained by Mr. Allan.

**MISSING FOR TWO MONTHS, IS ALL RIGHT**

Acton, Ont., June 7.—The people of Acton and vicinity, who for the last two months have been greatly agitated by the strange disappearance of John McKinnon, a young farmer, from his homestead, were relieved when news reached the town this week that he was alive and well. The information was contained in a letter sent to his friend Harry Gordon, and was from a town in western Canada. Evidently the young man became alarmed at the publicity given his disappearance, and was anxious to let the public know that he had not been a victim of foul play or of employment in the swamps adjacent to his farm, as was feared.

The information contained in the letter did not disclose the reasons for his sudden departure from the Ryder farm he had so recently purchased, and which he was getting into shape, in addition to furnishing the home in preparation of his marriage, that was to have taken place about three weeks from the date in April last when he disappeared. Mr. Gordon showed the letter from McKinnon to chief Constable J. J. Cooney, D. C. M., and that officer reported the matter to the provincial authorities. It was not considered advisable to make known the whereabouts of McKinnon at the present time.

**JUDGE BALLINGER DEAD; SECRETARY OF INTERIOR IN THE TAFT CABINET**

Seattle, June 7.—Judge R. A. Ballinger, who was secretary of the interior during President Taft's administration, died at his home here last night.

**TELEGRAPHERS CUT NOT IN TIME FOR JULY 1**

Chicago, June 7.—It was learned yesterday that the U. S. railroad labor board decision affecting telegraphers, the next class of employees to be dealt with in a wage ruling, will not be issued in time to become effective on July 1, the date the maintenance of way and shop craft decisions take effect.

**FREED FROM BLAME**

Sydney, N. S., June 7.—Angus MacDonald of this place was yesterday formally absolved by a coroner's jury of all blame in connection with the death of Ellen Neelam, four years old, who was run down by MacDonald's car at Westmount, recently, and who died of her injuries.

**ONE CENT SALE** *The Rexall Stores* **ONE CENT SALE**  
CANADA'S FAVORITE DRUG STORES

**Rexall Drug Store** **ONE CENT SALE** **Rexall Drug Store**

**THE PLAN**  
Buy a 35c. stick of Rexall Shaving Soap at the regular price of 35c., and you will get another stick for 1 cent, or—  
2 for 36c.

**ANOTHER EXAMPLE**  
Buy a \$1.00 bottle of Rexall Syrup of Hypophosphites at the regular price of \$1.00 and you will get another bottle for 1 cent, or  
2 for \$1.01

**Sale THURSDAY - FRIDAY - SATURDAY**

This ONE CENT SALE Plan was originated by the UNITED DRUG COMPANY for the REXALL DRUG STORES. The United Drug Company are the largest manufacturers and buyers of Toilet Articles, Remedies, Chocolates, Perfumes, Rubber Goods, Stationery and Drug Sundries in the world, and this is an advertising plan pure and simple, of which they bear most of the expense. Instead of spending money in the regular way, such as Free Samples, etc., it is their desire that we place full size packages, or articles, in your hands, giving you an opportunity to judge the real value of these goods, the cost of which they charge to advertising.

We will only be permitted to run this sale occasionally. Beware of imitations in other stores, and take advantage of this exceptional opportunity. We cannot afford to charge or deliver goods during this sale. Come in and see the display of all New Merchandise.
