CONDITIONS IN OCEAN TRANSPORT

"Tramp" Market Declared to Be Poor

W. Norcross, Head of Canada Steamship Lines, Reports on Situation in Old Country—The Coal Shortage.

Montreal, Nov. 24.—"General conditions in Great Britain and Europe are till very much disturbed," said J. W. Norcross, president of the Canada Steamship Lines, who has just returned from trip abroad.

"The situation in respect to the production of coal has operated as a severe deterrent in general industry and in shipping circles," he added. "In 1919 here were mined in Great Britain approximately 280,000,000 tons, this year the total will probably not exceed 240,000,000 tons, with more than double the mines and other workers employed than was the case in 1918. The sharp increase in the price of fuel has had a marked effect on British industrial production and export trade and has interfered materially with shipping."

As to present conditions in the ocean carrying trade, he said there was no one crying that the tramp market was poor, but to some considerable measure to the fact that British purchases of foodstuffs broad have been reduced to a minimum wing to the fact that there were large stocks on hand in Great Britain. These, however, were being reduced daily and would be only a question of time before British buyers would be in the commodity markets again, a development which would result in a quickening of a transportation trade.

Weddings Lake-MacNeill

This morning at nine o'clock in the Cathedral of the Immaculate Conception Rev. Simon Oram, with nuptial mass, united in marriage Miss Theresa Genevieve, daughter of Mr. and Mrs. John D. MacNeill, 28 Cliff street, and Ernest J. Lake. The bride was becomingly attired in a traveling suit of black velvet and sea lane crinoline fur and carried Ophelia roses. Miss Edna Belyea, who was maid of honor, wore a dress of peach colored silk and black picture hat. At the home of the bride's parents a dainty luncheon was served. Mr. and Mrs. Langille left at noon for a trip through Nova Scotia and on their return will reside in Britain street. They received many beautiful gifts, among them a check from R. C. Holt, with whom the groom is employed. The groom's gift to the bride was a gold pendant set with pearls and to the bride a gold bracelet. Mr. Langille is a veteran of the war who served with the 28th battalion. The bride was formerly in the employ of A. Morin, German street.

Langille-Barnes

A wedding of much interest took place yesterday morning at 10:30 in St. Luke's church, when Miss Dorothy Edna, only daughter of Mr. and Mrs. T. W. Barnes, 214 Langille street, and Harvey A. Langille, son of Mrs. F. McKenney of Fredericton, were united in marriage by Rev. P. McKim. The bride wore a navy blue traveling suit with black velvet and sea lane crinoline fur and carried Ophelia roses. Miss Edna Belyea, who was maid of honor, wore a dress of peach colored silk and black picture hat. At the home of the bride's parents a dainty luncheon was served. Mr. and Mrs. Langille left at noon for a trip through Nova Scotia and on their return will reside in Britain street. They received many beautiful gifts, among them a check from R. C. Holt, with whom the groom is employed. The groom's gift to the bride was a gold pendant set with pearls and to the bride a gold bracelet. Mr. Langille is a veteran of the war who served with the 28th battalion. The bride was formerly in the employ of A. Morin, German street.

Gormley-Gallant

A pretty wedding was solemnized in St. John the Baptist church at seven o'clock this morning when Rev. Dr. A. W. Meahan, who was celebrant at the nuptial mass, united in marriage Miss Catherine Gallant, daughter of Mr. and Mrs. James T. Gallant, of Prince Edward Island, to John P. Gormley of the city. The bride looked charming in a wedding gown of white net and mauve with bridal veil and carrying a bouquet of roses and carnations. She was attended by Mrs. Joseph Gormley, sister-in-law of the groom, who wore a pretty dress of yellow satin and carried a bouquet of roses and carnations. The groom was supported by his brother, Joseph. Following the ceremony a dainty wedding breakfast was served at the home of the groom's brother, 37 St. Andrew street. Many beautiful and costly wedding presents were received, including a beautiful silver casserole from G. A. Dickson and staff in the city market, where the groom is employed. Mr. and Mrs. Gormley will reside in this city.

Stewart-Conway

Gordon Herbert Stewart, formerly of this city but now residing at Estcourt, Que., was united in marriage with Miss May Evelyn Conway of Fairville, by Rev. F. S. Dowling on Tuesday. Miss Conway has been nursing at the Provincial Hospital. Both the bride and groom have many friends in the vicinity who will wish them much happiness. They will reside at Estcourt, where the groom is employed with Frasers, Ltd.

BRITAIN, U. S., AND THE TRADE TO FAR EAST

London, Nov. 24.—Premier Lloyd George, speaking in the house of commons late yesterday, said that so far as he was aware, no agreement or arrangement had been made with the U. S. Shipping Board by which U. S. ships would be permitted to trade on British lines to the far east.

PRIZE WINNING CATTLE

ANXIOUS OVER FATE OF IRISH BILL IN LORDS

Government Reported Desirous of Quick Passage.

New Resolution by Asquith—He and Viscount Grey Reported Working Together—Various Reports on Irish Situation.

London, Nov. 24.—H. H. Asquith, former premier and leader of the opposition in the House of Commons, was reported today to move a resolution condemning outrages against crown forces and civilians in Ireland. The resolution he had written expressed abhorrence of the brutal assassination of officers in Dublin last Sunday, and declared the urgency of taking immediate steps to bring about the pacification which is demanded in the interests of Ireland and the empire. The government has indicated there is no objection to debate on the subject, but fear was expressed today that further excited scenes might develop during the discussion. The debate on Irish affairs was fixed for yesterday, but it was postponed because of the disorder on Monday during the speech of Joseph Devlin. It was believed the temper of the House, after Sunday's occurrences in Dublin, was not suited to calm presentation of the facts.

As Hiram Sees It

"I was looking into the fire last evening," said the Times reporter to Mr. Hiram Hornbeam, "and what do you suppose I saw?" "Well," said Hiram, "if you seen as much there as reporters generally see when they go lookin', you might-a seen quite a lot." "Trees," said the reporter—"I saw trees—fir and spruces—all draped in pure white. There they were, as white as the fields that stretched away from them without a track or a stain. Then I looked closer, and between the trees a partridge had left the imprint of its feet as it walked along. And I saw rabbit tracks—and the track of a fox—and the track of a squirrel. And then I saw a boy wearing moccasins—real ones—made by an Indian. And he had a light axe and some rabbit snares in his hands. I think some time must have elapsed between the first and last pictures, for the boy found beaten rabbit paths over which to set his snares. And when he struck a sapling with his axe the snow fell down his neck and made him squirm. I could see it all as plainly as I see you."

RENEWS CALL FOR DISARMAMENT

Four Things Necessary First, Says Bourgeois

French Delegate to Geneva Meeting Sets Out Case—Sentiment is That General Scrapping at Present is Impossible.

Geneva, Nov. 24.—Proposals for an international staff, proposed by Leon Bourgeois of France at the Versailles conference and rejected there, were reviewed here yesterday in a prolonged discussion regarding the reduction of armaments.

M. Bourgeois declared that the carrying out of the Versailles treaty must be assured before disarmament was possible. He declared that in order to make that treaty effective, some military organization such as he had proposed at the peace conference was required. He said he believed that four things must be done before the nations could proceed to disarmament. First would come the complete execution of treaties, next the organization of a complete and obligatory investigation of all armaments, then presentation of a report by the military commission, and finally an exchange of all information relative to armaments between nations.

AN AIR PASSENGER SERVICE IN SPRING

Toronto and Montreal and New York the Points.

Montreal, Nov. 24.—The Canada Steamship Lines will inaugurate a passenger service by air between Montreal, Toronto and New York, early next summer, according to announcement by J. W. Norcross, president of the company. He had just returned from England, where he contracted for two twelve passenger planes to be delivered next spring. The new air service will follow the water courses in the service.

THREE TO THE HOME; ONE TO PENITENTIARY

Youths Sentenced for Ransacking of Some Summer Houses—Today's Police Court.

The four juveniles connected with the ransacking of the summer cottages on the Sandy Point road were before the police court this morning and were sentenced. Three of the lads were given indefinite terms in the Boys' Industrial Home and the fourth, who is seventeen years of age, was sentenced to two years in Dorchester Penitentiary. The magistrate referred to conditions. Boys allowed to roam the streets at night. He said he would be willing to recommend, on application that the lad sentenced to Dorchester be released if his conduct so warrants and the minister of justice approved.

CONFESSES TO SETTING THE FIRE

Charged with escaping from the Industrial Home for Boys at Last St. John, and setting fire to the workshop at that institution, re-entering the building and stealing clothing therefrom and so with attempting to set fire to the main building of the institution, a young lad of sixteen years, whose home is in St. John, was before H. G. S. Adams, magistrate of Brookville court, yesterday, and pleaded guilty on all four counts. The records showed that this avenue had escaped from the Home on light or ten occasions. Another boy, a native of Newcastle, who was caught while loitering near the C. N. R. roundhouse at Moncton, was also charged with escaping from the Industrial Home. Both lads were remanded and the authorities were requested to notify the parents so that an opportunity could be given for the preparation of a defense.

NEW YORK FEARS BIG TONG WAR

New York, Nov. 23—Fear of a tong war in New York's Chinatown resulting from the assassination of Lee Young, expelled member of the Hop Sing Tong, and the first Chinese murdered in the district in the last ten years, have caused the police to exclude sightseers and have kept Chinatown with its swarms of hatched men on edge for several hours. Forty Chinese were in a pool room when Young's assassin crept up behind him and fired three dum-dum bullets into his back. A panic followed.

RISKED LIVES TO FIND CORPSE; MAN WAS HOME, ASLEEP

Chicago, Nov. 24—Firemen and police, equipped with gas masks, risked their lives groping around in an abandoned stone quarry looking for the body of Fred Pathka, a watchman. The pit is 300 feet deep and the bottom part of it is filled with black damp, a deadly gas.

Employees of a belt railroad had reported to the police they heard cries emanating from the pit. Pathka, the watchman, was missing, and it was supposed he had fallen or been thrown into the pit. After the searchers had explored the hole thoroughly without finding the body, it was decided to notify his family. Two policemen went to the Pathka residence.

"Can you stand a shock?" they delicately hinted as Mrs. Pathka opened the door.

"Wait until I call my husband," she responded.

"Your husband! He is dead," she was told by way of breaking the news gently.

"You're crazy," she retorted, "he's sound asleep in a back room."

Depend upon them to break up colds and ward off "Flu".

JUST a word of caution—don't be little the evil effects of a cold. I like its seriousness. Once a cold fastens its clutches on you, it seems as if you can't shake it off. Many very serious illnesses often have their beginning in a cold which could be gotten rid of promptly if the proper remedy be taken in time. Colds come quickly and develop rapidly. Don't take any chances. At the first sneeze or cough, or chilly feeling, start right in to take DOMINION C.B.Q.

(in the red box). A few of these tablets break up the cold and free the system of it. Taken in time, DOMINION C.B.Q. prevent you from having Tonsillitis, Bronchitis and those racking coughs that cause you to lose weight and appetite, and pull down your entire system. The fact that DOMINION C.B.Q. Tablets are made by National Drug & Chemical Company of Canada, Limited is the best assurance of their efficacy.

Depend upon them to break up colds and ward off "Flu".

JUST a word of caution—don't be little the evil effects of a cold. I like its seriousness. Once a cold fastens its clutches on you, it seems as if you can't shake it off. Many very serious illnesses often have their beginning in a cold which could be gotten rid of promptly if the proper remedy be taken in time. Colds come quickly and develop rapidly. Don't take any chances. At the first sneeze or cough, or chilly feeling, start right in to take DOMINION C.B.Q.

(in the red box). A few of these tablets break up the cold and free the system of it. Taken in time, DOMINION C.B.Q. prevent you from having Tonsillitis, Bronchitis and those racking coughs that cause you to lose weight and appetite, and pull down your entire system. The fact that DOMINION C.B.Q. Tablets are made by National Drug & Chemical Company of Canada, Limited is the best assurance of their efficacy.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

The name "Bayer" on Aspirin is like 14 Karat on gold. It positively identifies the only genuine Aspirin—the Aspirin prescribed by physicians for over nineteen years and now made in Canada.

Always buy an unbroken package a few cents. Larger "Bayer" packages.

There is only one Aspirin—"Bayer"—in Canada. Bayer's Aspirin is the trade mark (registered in Canada) of Bayer Manufacturers of Mono-acetylsalicylic acid of Salicylic acid. While it is well known that Aspirin means Bayer's manufacture, to assist the patient against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

Men's Tailoring to Order

Suits at \$50, \$55, \$60

In an organization as devoted to value giving as this one, some outstanding value is often developed that claims special mention—such an instance as here detailed.

The suits are special in value, not because we've reduced the prices, but because the woollens were purchased at last year's prices. Were we to pay present sale prices for similar qualities, we'd be obliged to charge considerably more.

Grays and browns, in mixtures in small patterns, worthy the attention of men who seek economy without sacrificing their standards of grooming.

BABY GIRL THEN BUT A WIFE NOW

Montreal, Nov. 23—An interesting coincidence came to light today. Some twenty years ago Captain J. Sharp, now master of the Canadian Farmer, was in charge of a vessel called the Olive Dene, which put into Port Medway (N. S.) to discharge cargo. The officers and crew of the ship became so popular in the village that when a baby girl was born to one of the families residing there she was christened Olive Dene.

PROBLEMS AND PROSPECTS.

The people of the United States are beginning to feel the cost of the war. The period of rising prices and rising wages has passed, and the tendency is in the other direction. The payment of taxes was easy when money was so plentiful, and there was also a great temptation to extravagance. Now that the conditions have changed the burden of taxation bears more heavily, there is less employment and less money to spend.

THE FARMER'S STRIKE

The president of the National Farmers' Union calls upon the farmers not to sell their products at present prices, but to go to jail if necessary rather than yield. This is a new kind of strike with more momentous possibilities than that of any labor union. It is a class movement fraught with possibilities of great hardship and danger for the people.

Mr. Angus McLean, who was entertained at a banquet by Bathurst citizens on Monday evening, is one of those captains of industry who help in every way to build up a town. Mr. McLean has been a leader in the industrial development of Bathurst, which has been growing rapidly in the last few years. The hydro-electric power, which he is also instrumental in having developed, will bring more industries and further growth in population and wealth.

A DANGEROUS STRAIGHT

Congressman John C. Box of Texas, a Democratic member of the Immigration Committee of the House of Representatives made a startling statement in New York last week. He said the country was being deluged with aliens, and that some legislation must be worked out to cut down to a minimum the number of immigrants from Europe and Asia.

When I say millions are coming and planning to come, I do not exaggerate. It has been reported that 12,000,000 Germans are ready to embark, coming here by way of Holland. Others tell us that Poland is being depleted, Russians are waiting by the tens of thousands. These people are not agriculturists. They are planning on city life, and their children, too, will aid in further urban congestion.

The gentleman who has the most right to be cheerful over the returns from East Elgin is undoubtedly Hon. T. A. Crerar. The farmers have again demonstrated their strength in Ontario. Premier Drury may also be assumed to wear a smile of some breadth.

In New Zealand orphan children are boarded out in fitting homes instead of being kept in institutions, but persons taking children to board must be licensed after the visit of an inspecting public health nurse. New Zealand has a few small institutions for the special care of feeble-minded and delinquent children.

One of the reasons why wheat has a lower tendency in America is the enlarged crop in Europe. For example, France last year raised 182,468,346 bushels, while this year her crop is 232,729,480 bushels.

The Ottawa government may decide to hold on to office as long as possible, or they may decide to go to the country before the sliding becomes worse. In either case the outlook is far from promising.

The Standard and Premier Melghan are entitled to all the comfort they may extract from the result in East Elgin.

Mr. F. P. Guelius has arrived in Toronto to help a royal commission investigate radio-railway project. Guelius—where have we heard that name before?

The snowballing season opened with a rush.

REVOKES PERMISSION GIVEN WESTERN UNION FOR CABLES AT MIAMI

Washington, Nov. 24—Mr. Baker, U. S. Secretary of War, announced last night that he had revoked permission granted the Western Union Telegraph Co. last May to lay certain cables at Biscayne Bay, Miami, Fla.

Why not form a committee, composed of one or more members from each Society that has endorsed the principle of Mothers' Pensions and has passed and forwarded resolutions in favor of it, and have this committee go to our Government urging that they will give this subject their earnest thought and consideration, and endeavor to have this act placed upon the Statute books of New Brunswick in the near future?

CANADA—EAST AND WEST

ROBERTS, THE RANGER.

When Robert Rogers, the English ranger, discovered he had met too large a party to capture on that February in 1757, and that some of the convoy had escaped, he knew that a large force of Indians and French would soon be on his trail.

As soon as this work was completed he started all southward again in single file through the dense woods of the interior. At two o'clock in the afternoon they were in a deep ravine making their snow progress when the first man in the line detected a noise that sounded like the creaking of a multitude of guns.

They have come into their kingdom. Time was feared the dead, alas! In the hazy dawn of long gone days the patient dead beneath the grass, lying alone, dreaming alone.

But now the dead have come alive, Gay and brighter than the quick, Laughing and radiant they arrive, To lift the mortal world grown sick.

Time was we feared some churchyard thing That passed when life was low and dim, These are not ghosts, fleet as a wing, With wonderful young eyes laughing still.

And now our shadows are made bright For the beloved faces gay, These stars upon our darkest night, Whirl upon us always Day—and May.

Oh, we are in the night and cold, And they are warm in the great sun, Who slipped so soon our mortal feet, So light, so quick the young world run.

Now to the Kingdom of the Young We reach out of the rain and dark, Hearing far off the children's song, Blithe as the lark, true as the lark. —Katherine Tynan, in London Spectator.

MOTHERS' ALLOWANCE. To the Editor of the Times Sir—The report of the Secretary of the Associated Charities of the City of St. John published in one of the St. John dailies recently gave a brief account of the work being done by that society to relieve and help the poor.

Many generous donations in money and comforts are acknowledged in the list, and more numerous at the Christmas season. The Secretary closes her report with the hope that soon our province shall have "Mothers' Pensions." This is a consummation that very many sincerely hope for.

With the winter season near, and fuel and clothing so high, we think of the many widows and orphans throughout our country, who must know much of suffering. We think of needy mothers, trying to provide food, clothing and some kind of shelter of a home for their little ones; and again we think of mothers, broken-hearted and discouraged, who cannot keep the fight longer, and are compelled to place their children in institutions. God alone knows the anguish and despair of these children!

Shall not our province see to it, that the needy mothers with children, have an allowance granted them, sufficient to enable them to properly care for their children in the home. It is the wish of Church and State to care for the children.

When there are funds to develop all kinds of powers there should be funds to care for our children, for they in a few years will be a mighty power, either as good or bad citizens. Chicago, a city of institutions, for orphans, tried Mothers' Pensions in 1911, and continued it ever since, with the result that during this year, there has been a saving of over \$75,500.

When We Wound Up The Watch On The Rhine

Narrative of Canadian Participation in The Occupation of Germany After the Armistice

(Continued from Monday.) During the two days on which the troops rested in the vicinity of Goyez-Pietons, many took advantage of their proximity to the town of Charleval, some five or six miles to the south, one of the most important mining and manufacturing towns in the province of Hainault, Belgium, to pay it a visit.

There were two articles of merchandise, however, which the German removed as far as he was able from the land of the Belgians—copper and brass. The inhabitants of the smaller towns told how agents of the German government took possession of all articles made of either of these metals, including cooking utensils, door knobs and other household hardware, and even went so far as to remove the bells from the small country churches. All of this material found its way back into Germany where it was to be melted down, and in a great many cases, brought back into the nation whenever it came, in the form of munitions.

Some of the towns did not fare so well as Charleval in the hands of the enemy. Goyez-Pietons there was located a large flour and grist mill from which the Hun had stripped every bushel of machinery that he could move. This was loaded on cars and sent, it was thought, back to the Fatherland, where no doubt the clever Teuton adapted it to the manufacture of munitions. Cases similar to this were reported all along the line.

"Hunting The Treasure." Silver plate and wine were two of the things which the Belgians took particular care to keep hidden from the invaders. It was a common sight after the Prussian had gone back to see peasants taking an excellent crop of wine bottles from the depths of their garrets and in the houses of one of the mining officials in the Charleval district, he amused a party of Canadian officers one evening with a strange game which he called "Hunting the Treasure." Leading them to the living room he asked them to be seated while he moved the piano away from the wall. He then inserted a knife in a slit in the wall paper and passed it around four sides of a square which fell away revealing a hole in the plaster. Reaching in behind the lattice the host produced a very fine array of table silver which had lain there since the day before the Hun arrived in 1914.

Shortage of Rubber. But plucked as he was for copper and brass, the Hun was apparently more in need of rubber than he was of anything else; on all sides was observed evidence of this. Even before the close of the fighting it was seen that the rubber tappers and for other purposes was gradually being replaced with leather or other substitutes. On the march to the Rhine several abandoned motor trucks were found lying along the roadsides and in almost all cases they were devoid of rubber tires. In their place one tire within another with tiny spiral springs separating them. This sort of cushion was also used in the manufacture of bicycle wheels.

The March Resumed. Early on the morning of November 24 the Canadians started again to move forward towards their goal, passing through the towns of Pont-Celles and St. Amand to the Somme area, where they rested for the night. At these halting places the officers and men were billeted in the homes of the residents, who were always willing to do their utmost for the Canadian Tommies. An advance party was sent ahead of the main body, and made arrangements for the billets so that when the main body arrived all would be in readiness. The 110 days of more or less non-warfare just preceding the armistice had taught the men to be able to make quick shifts, so that now, when practically every day was moving day, everyone was prepared to pack up and move off at a very short notice.

THE WAR ORPHANS. To the Editor of the Times, Sir—The picture in The Times accompanying the appeal for help for the starving children of Central and Eastern Europe does not equal in gruesomeness some that I have seen of those innocent war victims. Using the words of Herbert Hoover: "This mass of undernourished, under-clothed, and morally and physically destitute children must under twenty years from now fur-

DEATH OF CHILDREN AROUSES CITIZENS

Reckless Motorists to Be Brought to Task in Washington.

(Washington Post.)
More stringent enforcement of the traffic regulations in the vicinity of North Capitol and I streets, near which are located four schools, accommodating about 2,000 children, will be urged upon Commissioner J. Thilman Hendrick, at a meeting of the Central Citizens' Association in the juvenile court room tomorrow night.

Sentiment on this subject has been thoroughly aroused since the killing of little Clara Bussink and the serious injury to little Edward Kennedy, both pupils at St. Alvarius' school, and both struck by automobiles within a few days of each other and by the death of August Colmar, 65 years of age, struck the same day the little Bussink girl was killed.

"We do not wish to criticize officials without offering remedy," said Thomas J. Donovan, president of the Central Citizens' Association, last night "but it is a fact known to all men, women and children of the city of Washington that we have got to do something definite and certain to ameliorate the present intolerable conditions that pedestrians meet on our streets in every section of the city, due to the absolute disregard of their rights by speeding automobilists.

Severest Penalties Needed.
"We need more severe penalties for automobilists who kill people in the streets, smash up other automobiles and create havoc generally, an dthen go into court in an attempt to disclaim all blame. We need more severe penalties for speeding, for speeding is the first cause of most of the accidents that occur.

"I am heartily in favor of the demand of the Washington Post that the issuance of driving permits be supervised in such a way as to prevent incompetent persons, lacking either mental or physical ability, from obtaining permits, and I would add that some action should be taken to prevent young boys from driving cars, whether or not their parents are beside them at the time.

"It stands to reason that a young boy or girl has not the mature judgment to act in an emergency, and such lack of judgment is very often apt to result in the death of some inoffensive person.

Speeding Trucks a Danger.
"One of the greatest troubles is the speeding of heavy trucks. There is no need for a four or five ton truck, or even one of the smaller ones, to rush about the streets at a speed over eight or ten miles an hour and yet every day I see trucks of this description making fifteen or more miles an hour, often down heavy grades, where only a miracle could stop them in time to avert an accident.

"And it is particularly in the vicinity of schools and other establishments which house large numbers of children that drivers should be careful. If they are not careful, they should be forced to exercise care.

"A few jail sentences of long terms for manslaughter in cases where auto drivers kill pedestrians would go a long way toward mitigating this evil."

SUICIDE FOR 25 CENTS.
Newport, N. S., Nov. 24—Questioned by the managers of a Newport restaurant in respect to the loss of 25 cents, Elsie Davies, a waitress, drowned herself.

RECENT WEDDINGS

Gallagher-Ready.
A very pretty wedding took place in St. Peter's church at six o'clock this morning when Rev. Edward Scully, C. S. R., who was celebrant at nuptial mass, united in marriage Miss Maria Ready of this city, and Frank Gallagher of Laniskillen. The bride, who was given away by her cousin Charles F. Rogers, wore a becoming tailored traveling suit of grey with hat to match and carried a white prayer book. She was attended by Miss Marjorie Crosby. The groom was supported by William Shaughnessy of Laniskillen. Following the ceremony a dainty wedding breakfast was served at the home of the bride's niece, Mrs. Arthur Soule, Millage avenue. Mr. and Mrs. Gallagher will reside in Laniskillen. They were the recipients of a large number of presents, including a cuckoo, cut glass, silver and furniture. The groom's present to the bride was a substantial check, to the bride a very pretty pearl pendant, and to the best man a stick pin.

In St. Luke's Church at 10.30 o'clock yesterday morning, Miss Dorothy Edin, only daughter of Mr. and Mrs. T. W. Barnes, 214 Britain street, and Harry A. Langille son of Mrs. F. McKenna of Frearickton, were united in marriage by Rev. R. P. McKim. After the ceremony the bride's parents returned to the home of the bride's parents where a luncheon was served. Mr. and Mrs. Langille left at noon for a trip through Nova Scotia. On their return they will reside on Britain street. Mr. Langille saw three and a half years service overseas, most of which was with the 26th Battalion. The bride was formerly in the employ of A. Morin, Germain street.

RECENT DEATHS

Friends will be sorry to hear of the death of Elizabeth W. Granville, which occurred at his home at Cumberland Bay yesterday morning. He had been ailing for the last two years. He is survived by his wife, formerly Miss Amy Jane McLean; one brother, Duncan of Cumberland Bay, and one sister, Mrs. Flower of Newcastle, Queens county. The funeral will be held on Thursday morning at 11 o'clock.

INCOME TAX CASES HEARD

Twelve citizens pleaded guilty to a charge of neglecting to file federal income tax statements in the police court yesterday afternoon and others offered a variety of excuses for having failed to comply with the law. Magistrate Ritchie said he would consider the evidence submitted and render a decision at an adjourned session to be held this afternoon.

made out the statements for their employees. J. Fred Belyea pleaded guilty and said he would have to "go down" if the \$100 fine were imposed. Mr. Howard said procrastination was his excuse and that he had paid the fine for not submitting the statements. Hilltop Belyea said he lost \$30.00 in the fishing business in 1918 and \$3,000 in 1919; he was given an extended time to pay his fine under these circumstances. Mr. Akreley said his income was derived from rentals; he was the owner of three or four properties but it was difficult to determine the net revenue. He admitted that it was his neglect and his fault in not making a return, but said he could not pay any fine. Mr. Armstrong said he filed a statement since the summons was served on him. William Campbell, appearing for his father, Peter Campbell, said he had filed a 1918 statement for both his father and himself on Feb. 20, 1919. Mr. Wilson said the records showed that a statement for 1918 for William Campbell and a statement for 1919 for Peter Campbell were received, but no others.

TEACHER TRAINING.

The fourth session of the Inter-Church Training School met last evening in the Church of England Institute. The attendance was good in spite of the bad weather. Rev. Frank Milligan, secretary for religious education for the Presbyterian church in the maritime provinces, gave a general lecture and held a conference with the Sunday school officers. Groups were led by Rev. A. S. Bishop, Archdeacon Crowfoot and Rev. H. B. Clark. A discussion regarding the future activities of the school were discussed during the session and will be definitely decided upon at the next meeting.

HARDING FRIENDLY

Halifax, Nov. 23.—In an address before the Canadian Club, John A. ELECTION RESULT

Taken as Evidence of Demand for Change of Government, Says Hon. Mr. King.

(Canadian Press Despatch.) Ottawa, Nov. 23.—The result in East Elgin is but another evidence, if such were needed, of the growing demand of the people for a change of government. It is an expression of the public disapproval of the present administration," declared Hon. W. L. Mackenzie King today.

McKelvie Has 430. Vernon, B. C., Nov. 23.—With six polls yet to report this evening's early figures give a majority of 430 in the Yale by-election to J. A. McKelvie, government candidate over Colonel C. E. Edgett, Independent.

McDermand's Plurality 256. St. Thomas, Ont., Nov. 23.—According to figures given out today by H. H. Huntley, chief returning officer, in the East Elgin by-election Mr. McDermand's plurality over J. Stansell, the government candidate, has been increased to 256. Mr. McDermand's total vote is given as 3,094, Stansell's 2,838 and Charlton 2,000.

MARRIED BLISS WINS. An interesting debate took place on Monday evening at the Centenary church under the auspices of the Centenary Young People's Society. The subject was: "Resolved that single blessedness was preferable to married bliss." The affirmative was led by Captain Marib who was supported by Mrs. Alexander and Miss E. Good; the negative was taken up by Mr. Colter, supported by Miss Eva Hawthorne and Miss Anne Tait. The chairman, J. W. Tait, made humorous remarks as he introduced the various speakers, which also added more laughter as the debate proceeded. The judges were B. Jordan, H. Blake and Rev. E. E. Styles. During the retirement of singing and readings was rendered, as follows: Reading, Miss E. Good; violin solo, Master Truman Seeley, accompanied at the piano by Miss Gladys Dyleman; solo, Aubrey McKee. After the programme had ended the judges reappeared with their verdict in favor of the negative. The rest of the evening was spent in singing and social intercourse.

Richer than butter - at half the cost

USE part butter and part Mazola for your cakes, the first time you try.

It will mean an important saving each week—when you consider the high cost of butter—and no one will know the difference in the finished cake. Cakes will, in fact, keep fresh much longer.

Mazola blends perfectly with the butter, and the result is a perfect cake. As butter contains salt, add salt to Mazola when using it for butter.

Try it once—watch the smile of contentment on the faces around you as the eager teeth bite into the rich, delicious cake—and you will be more than convinced—you will be pleased. After that first trial, the chances are you will use no butter at all in your cakes.

Send for FREE Cook Book containing 28 pages of famous and delicious easy-to-follow recipes endorsed by world-renowned chefs.

WOMAN IN AUTO KILLS ST. LOUIS PARK GUARD

Says She Thought He Was
Bandit After He With An-
other Guard Had Chased
Her Car.

St. Louis, Mo., Nov. 24.—Charles J. Backer, aged 48, employed as a guard by the Park Department, was shot and instantly killed in Forest Park by Mrs. Marie Scott, who, with her husband, Daniel J. Scott, was driving through the park in an automobile, the curtains of which were drawn down. The Scotts were being pursued by a small truck, in which Backer and William Bittmeyer, another park guard, were riding.

According to Bittmeyer's story their attention was attracted to the car by the fact that the curtains were drawn. Their suspicions being aroused they gave chase. As the park machine passed the other car Bittmeyer called on the driver to halt. The automobile came to a standstill. Backer got out of the park truck and went to the car.

"What's your hurry?" he demanded. He was answered by the barrel of a pistol pushed through the flap of the curtains of the car. Before he could draw his own revolver two shots were fired. Nittmeyer, seeing Backer stagger and fall, drew his own revolver and went to the other side of the car. He called on the occupants to throw up their hands. Mrs. Scott pulled up the flap of the curtain and handed him a .38-calibre revolver.

"I did not mean to shoot him," she said. "I only fired to scare him. I thought he was a robber."

Physicians said that Backer's death was instantaneous. One shot had passed through his heart.

Mrs. Scott at the police station said she and her husband saw the truck and thought they were being pursued by bandits. When Backer came to the side of the car, she said, she became frightened and reached for the gun which was carried in a pocket flap in the car. She said she did not fire directly at Backer and did not mean to hit him.

Mr. and Mrs. Scott were released on bonds and were ordered to appear before the coroner tomorrow. Backer saves a widow.

Four Bandits Hold Up
Queens Merchants as They

(N. Y. Times)
Frank Ruoff, William Hemmel and W. Van Wart of Queens, a village in the borough of that name, four miles from Queens, were imprisoned in the reformatory of Ruff's butcher shop late Tuesday night by four hold-up men who escaped after robbing Ruoff and Hemmel of \$105.
Ruoff's market adjoins Hemmel's grocery, and Hemmel was talking with Van Wart, who had just closed his dry goods store nearby, when the four men entered and drew revolvers. Ruoff came to the back of the store and was ordered to hold up his hands.

BIG FALLING OFF IN INCOMES OF MILLION DOLLARS

Only 67 in U. S. in 1918,
Against 206 in 1916

Largest Increases Were in the \$2,000 to \$10,000 Ranges—
New York the Banner
State of Union.

Washington, Nov. 24.—It looks as if it is getting safer to be poor every year. The poor man can scan with some comfort the "Statistics of Income" published by the treasury department tonight and thank Heaven that he is not a multi-millionaire. For it is easier for the camel to pass through the eye of the needle than for a rich man to get by the Commissioner of Internal Revenue. The statistics cover the calendar year 1918. They show that all the men with annual incomes of more than \$50,000 had to pay a tax of more than 50 per cent, of those incomes. The poor fellows who were so unfortunate as to earn or otherwise obtain more than \$1,000,000 during the year had to turn over no less than 64.63 per cent of that money.

There were sixty-seven of these unfortunates in 1918, it seems, as compared with 124 in 1917 and 209 in 1916. This decrease of more than 50 per cent. in the number of men in the top class between 1917 and 1918 is one of the striking developments of the income statistics for the last year of the war.

But if there were fewer in 1918, those who remained were harder hit. The rate of only 35.65 per cent. The sixty-seven 1918 super-millionaires, paying at the rate of 64.63 per cent, poured into the treasury \$88,885,240—an average of \$1,326,645.

Here are some outstanding features of the report: Total amount of net income reported, \$15,924,639,355; total tax, \$1,127,721,830; average tax per individual, \$234.85, as against \$169.11 in 1917; total yield in 1917, \$691,462,954.

The total net income reported in 1917 was \$13,492,838,070, so that the increase in 1918 over that figure was 17 per cent. The largest increases over that period in net income were in the \$2,000 to \$10,000 ranges, the most striking increase in any single class being one of 76 per cent in the \$2,000-\$10,000 income class.

These lower classes are the ones in which wages and salaries, as distinct from dividends and profits, cut the biggest figure. Wages and salaries, and other items under the head of "personal service," another table in the report shows, jumped 127 per cent as a factor in income in 1918 over 1917. The figures under this head are \$3,271,891,550 in 1918 and \$3,648,487,902 in 1917.

New York, as usual, is the banner income tax state, with a total income of \$2,119,118,784 and a total tax of \$334,263,417. New York with 31 per cent, Pennsylvania with 12 per cent, and Illinois with 7 per cent, pay half of the total tax of the country.

Winding-up Petition

Lunenburg, N. S., Nov. 23.—Because of the loss of the steam trawler Jutland in net income under the head of "personal service," another table in the report shows, jumped 127 per cent as a factor in income in 1918 over 1917. The figures under this head are \$3,271,891,550 in 1918 and \$3,648,487,902 in 1917.

Another Royal Suggestion GRIDDLE CAKES and WAFFLES

From the NEW ROYAL COOK BOOK

THERE is an art in making flapjack pancakes, griddle cakes or waffles, call them what you will. But it is an art very easily and quickly acquired if you follow the right recipes.

Here are some recipes for a variety of breakfast cakes that will make grandmother envious. The secret, of course, is Royal Baking Powder.

Royal Hot Griddle Cakes

2 cups flour
1/2 teaspoon salt
1/2 teaspoon Royal Baking Powder
1 1/2 cups milk
1/4 cup shortening
Mix and sift dry ingredients; add milk and melted shortening; beat well. Bake on slightly greased hot griddle.

Griddle Cakes with Eggs

1 1/2 cups flour
1/2 teaspoon salt
1/2 teaspoon Royal Baking Powder
2 eggs
1 1/2 cups milk
1/4 cup shortening
Mix and sift dry ingredients; add beaten eggs, milk and melted shortening; mix well. Bake immediately on hot griddle.

Buckwheat Cakes
2 cups buckwheat flour
1 cup flour
1/2 teaspoon Royal Baking Powder
1/2 teaspoon salt
1/2 cups milk or milk and water
1/4 cup molasses
1/2 cup shortening
Sift together flours, baking powder and salt; add liquid, molasses and melted shortening; beat three minutes. Bake on hot greased griddle.

Waffles
2 cups flour
1/2 teaspoon Royal Baking Powder
1/2 teaspoon salt
1 1/2 cups milk
1/4 cup shortening
1/2 cup melted shortening
Sift flour, baking powder and salt together; add milk to yolks of eggs; mix thoroughly and add to dry ingredients; add melted shortening and mix in beaten whites of eggs. Bake in well greased hot waffle iron until brown. Serve hot with maple syrup. It should take about 1 1/2 minutes to bake each waffle.

WANT ARCHBISHOP AT WASHINGTON

Would Follow the Plan of
Church of England in This
Matter.

Election of an archbishop, who would reside in Washington and direct the whole American Episcopal Church from that city was one of the annual meetings of the Episcopal Synod of the Province of New York and New Jersey at Buffalo, N. Y., by Bishop Paul Matthews. Trenton, N. J. Bishop Matthews declared that the diocese of Washington should be disfranchised and the archbishop placed there under an agreement between the general convention of the Episcopal Church and the diocese of Washington whereby the diocese here shall give up its right to elect a bishop. Bishop Matthews stated that his idea was founded upon the plan adopted by the Church of England and most of its branches. He explained that when the general convention of the Episcopal Church elected a presiding bishop for the whole church he could be designated the bishop of Washington. He declared that the plan should be put into effect as soon as the present presiding bishop, the Right Rev. Daniel S. Tuttle, of St. Louis dies or retires.

"I think we are in terrific danger," Bishop Matthews said, "because when Bishop Tuttle dies we are going to elect that office a man to sit for six years in New York city."

"It is not that we do not like New York city that I advise moving the headquarters of the Episcopal Church from there to Washington. It is all nonsense that because our present council of the Episcopal Church meets in New York it is said to be dominated by Wall street."

"The presiding bishop of the Episcopal Church ought to have a diocese of his own and live in it—no matter how small that diocese might be—and there administer the whole Episcopal Church. Washington, although it is in an independent territory, is the logical place for such a diocese and is the logical place for the presiding bishop to reside in."

TURKEY GOBBLER ARBITER OF FATE

Court in St. Catharines Adopts
Solomonic Test in Theft
Case.

St. Catharines, Nov. 24.—Can the paternal instinct of a turkey gobbler be relied on, in deciding whether a man is guilty of theft?
County Judge Campbell is faced by that interesting question among others in trying the case of Peter Bobble, charged with the theft of three turkeys the property of James J. Bohan.

"Mrs. Bohan was driving past the Bobble place a day or two ago and saw three turkeys in the yard which looked like three which had disappeared from her husband's farm six miles further along the road Saturday night. Bohan came to town and laid a charge of theft against Bobble. High Constable Boyle took the three turkeys—dandy looking birds, two gobblers and a hen—and locked them in a cell in police headquarters. There they have been ever since, gobbling and keeping the human prisoners awake nights and incidentally running up a big bill for corn."

When Bobble was in Police Court Mrs. Clara Mogar of Thorold, testified he had purchased the three turkeys from her at her place above Thorold Saturday night. It being very dark and there having been a lot of hold-ups the men declined to leave for home that night, so stayed until morning.

One of the turkeys was brought out and shown to the witness. "Yes," she said readily. "I sold them to Bobble. I have some more like them at home—girl and boy turkey. I show you."

"I think High Constable Boyle had better go to your place and look at your turkeys," suggested the magistrate. "All right come along, my babies need 'em," said the woman, starting for the door.

... the afternoon both High Constable Boyle and Police Chief Greene visited

A N. S. VESSEL LOST AT SEA

Halifax, N.S., Nov. 23.—According to advices received here tonight the schooner Margaret F. Dick, which was bound from Lunenburg with a cargo of salt from Maderia, has been abandoned at sea.

The news came in a wireless message to Mrs. Offora of Halifax, wife of the captain. The radio stated that the Margaret F. Dick had been abandoned but that all hands were safe aboard the steamer Mercer. The schooner was built at Hantsport (N.S.) two years ago, and registered 989 tons.

LOCAL NEWS

TRAINS HELD.

The Boston and Montreal trains were both late arriving in the city today. The former was posted one hour behind schedule time and the latter fifty-minutes.

BYE LAW MATTER

Vincent Cusack, a coachman, was reported for soliciting passengers inside the railing near Union Station. In the police court this morning he pleaded not guilty and the case was postponed until tomorrow.

MORE WHEAT.

Twenty-six more cars of wheat arrived here from the west over the C. N. R. since yesterday, bringing the total so far this season up to thirty. This is approximately 30,000 bushels out of a consignment of 230,000 coming to the C. N. R. elevator at this port.

COMMITTEE MEETING.

The building committee of the municipal council will meet in the county secretary's office on Thursday afternoon at 2:30 o'clock. It is expected that matters in connection with the proposed new municipal building will come up at this meeting.

SON LIVES HERE.

The death of James McCormick occurred on Tuesday at his home in St. Stephen. He was seventy years of age and a prominent citizen of that place, enjoying the esteem of all who knew him. He is survived by two sons, William of this city and James of Calais, Me., and one daughter, Gertrude, at home. The funeral will be held on Friday at St. George.

POSTPONED.

It was the intention of the officials of the Lock Joint Pipe Co. to demonstrate some of the pipe which the company is manufacturing for the new Spruce Lake pipe line. The city commissioners and several local citizens were invited to the demonstration, but the storm of last night made it necessary to postpone the event for a few days.

CASE IN CIRCUIT.

In the Circuit Court this morning hearing was commenced in a case against Arthur Merritt, charged with stabbing Charles Thompson. The prisoner was not represented by counsel so Judge McKewen, who presided, assigned S. E. Morrell to the defence. Dr. W. B. Wallace is conducting the case for the crown. The evidence given this morning was similar to what has already been published in the police court proceedings.

NEW APPARATUS ON THE WAY.

Commissioner Thornton has received word that the new motor equipment ordered for the fire department is on its way to St. John and should be here early next month. The motor pumping engine was sent from Toronto on November 22 and the new motor ladder truck from Grand Rapids, Mich., for the fire department. He has received a picture of the new ladder truck on which have been placed the coat of arms of the city and the words, "St. John Ladder Truck No. 1."

COASTING TIME.

Many sleds made their appearance in the city streets this afternoon and boys and girls alike enjoyed the privilege of coasting made possible by the heavy fall of snow. However, the sleds are warned not to exercise this privilege on any hills except those allowed by the police and last year several hills were mentioned as coasting grounds which are also to be used this year for that purpose. Among those mentioned are Richmond street from Brunsell down; Cliff street, Carmarthen, from Duke down, and any that were mentioned by the chief of police at the beginning of the season last year.

MORE MEETINGS
HERE ON MATTER
OF PORT WAGES

A meeting of local shipping interests was held this morning and matters pertaining to the labor situation were discussed. After considering the various demands made by the three labor unions involved, the longshoremen, coal handlers and ship liners, it was decided to call a meeting for this afternoon when an endeavor will be made to reach a final settlement.

A meeting of the freight handlers and J. M. Woodman, general superintendent of the C. P. R. New Brunswick district, will be held this afternoon. It was said yesterday that the men would accept sixty-two and a half cents an hour. They originally demanded seventy-five and Mr. Woodman on behalf of the C. P. R. offered an increase from fifty-six to fifty-seven and a half cents. It was learned this afternoon that he would not increase this offer.

COMMISSIONER
THORNTON ON
MARKET MATTERS

Speaking on the matter of the revenue and expenses of the municipality this morning, Commissioner Thornton said that building almost invariably returned a surplus to the city. Last year he said this amounted to \$8,860, and during the year repairs to the amount of \$1,700 had been made. With the tolls collected up to date in excess of the same period last year, which was a record year, and the rental of stores and stalls increased, he said, there should be a still greater surplus this year.

The commissioner said that the new track scales had been installed and paid for out of the revenue and he was planning on painting the Charlotte and Germain street fronts and installing a new lighting system. He expressed the opinion that so long as the market was paying its way it should be kept up to date and so be of greater service to the citizens.

WESTFIELD CLUB
HOLD ENJOYABLE
DANCE AND BRIDGE

The members of the Westfield Country Club were hosts and hostesses at a most enjoyable dance and bridge in the Knights of Columbus rooms last evening. Despite the inclemency of the weather about two hundred and fifty were present and enjoyed the excellent programme of eighteen dances and three extras provided by Ewing's orchestra. Several extras were played by Miss Valde Fenton. Cards were played in several tables, the prizes being won by Mrs. A. C. Currie and T. N. Vincent.

The guests were received by Mr. and Mrs. D. W. Ledingham, Mrs. H. A. McKeown was the chief convener. Refreshments were served at the supper room on the second floor. The decorations were red and green. On the supper table the centre piece was a silver bowl filled with scarlet geraniums, and red candles in silver candelabra cast a soft glow of light over the prettily appointed tables. Mrs. Allen Rankine, Mrs. William Golding, Mrs. Richard Arscott, Mrs. Stephen McAvity, Mrs. F. L. Peters, Mrs. E. L. Jarvis, Mrs. E. H. Bowman and Mrs. Norman Sanction. Miss Eileen Morrison was in charge of the punch table and Mrs. Kenneth Creighton was convener for decorations and bridge.

Other members of the committee were Mrs. Frank Peterson, Mrs. R. H. L. Skinner, Mrs. H. F. Rankine, Miss Doris Barbour, Charles Burpee and Arthur Rankine.

J. H. Thomas President, London, Nov. 24.—J. H. Thomas, general secretary of the National Union of Railwaymen, was elected president of the International Federation of Trade Unions.

Just Want to Say I'm Ready with Gift Things at Everett's

"I had a few words to say to the little folks in this space the last few days, and I wish you could have seen the look of pleasure on their little faces when they got a "close-up" of the many things in this store for their gift things for Christmas now."

"But the things that are here for the grown-ups are also worthy of special mention, because here are things suitable for man or woman of all ages and tastes—from complete suites to separate pieces too numerous and too diversified, of course, to attempt an elaborate listing here."

"You probably will buy furniture as gifts this year more than ever before, so it isn't a minute too soon to begin "shopping" in this direction.

"Sewing tables, tea wagons, piano lamps, library lamps, jardiniere, smoking stands, foot stools, easy chairs, Eureka Vacuum Cleaners and McLagan Phonographs—all within the possibilities of gift suggestions—are here in varied profusion."

CANADIAN BACON IS DISCUSSED IN THE BRITISH COMMONS

London, Nov. 24.—(By Canadian Associated Press)—In the House of Commons last night, the healthy trade of Canadian bacon, the food controller who offered a subsidy on the Canadian bacon industry by giving Canadian cured twenty shillings on the hundredweight. The food controller replied that prices for Canadian bacon were substantially the same as for that from the United States, but that the Canadian was of better quality. The higher price of Canadian bacon in comparison with Danish was mainly due to the difference in the rates of exchange, as the pound sterling was approximately worth only fifteen shillings in Denmark, against twenty-eight shillings in Canada.

SAY FLOUR MEN OF PHILADELPHIA UP AGAINST IT

Chicago, Nov. 24.—Acute wheat market developed in the wheat market today. There was a general rush to sell and a nearly complete lack of support. Reports of distress in the flour trade at Philadelphia formed the chief bearish influence. It was said Philadelphia merchants had on hand 300,000 barrels of flour for which there was no demand. Four-turns in stocks and cotton tended further to unsettle confidence.

HARDING POINTS OUT A FIELD FOR U. S. TO CULTIVATE

in the Western Hemisphere
Rather Than in Europe

Dignity of Productive Labor
Emphasized by President-
Elect in New Orleans
Speech.

New Orleans, Nov. 24.—The special field of American influence and trade lies in the Western Hemisphere rather than in the Old World, Senator Harding said last week in an address before the New Orleans Chamber of Commerce, the second time he has spoken to the public since his election. He dealt especially with the necessity of establishing new trade routes with Latin America. His travels, he said, had given him new faith in America, and new inspiration for leadership. He had no new word in international relationships other than this. He will approach Mexico with an offer of binding friendship. He will look upon Panama with the vision of a New York business man. He called for an early realization of the dream of a new South in agriculture and industry, and pledged his Administration against sectionalism. He said in part:

"I believe the American people have come to realize that we must face momentous problems and must face them with resolute courage and practical wisdom and patriotic determination. There must be no reason for pause or excuse for despair nor place for pessimism, for, if we are effective in solving our problems at home, we shall be the better able to help solve those of the world as befits our part in modern civilization. The world has never witnessed such an upheaval as that which came with the great war. Its civilization was never so sorely tried. Inevitably there must be reconstruction. Unavoidably there will be readjustments. And the old order will never return. The incalculable sacrifice would be vain. But there must come stability and dependability. We must put aside the debris of war and continue to build on solid foundations. We cannot escape the consequences of fevered war or the unsettled conditions of its aftermath. . . .

Dignity of Productive Labor.

"The big thing for all America to realize, now and always, is the dignity of productive labor. No matter how humble, the producers are the nucleus of the essentials of civilization, and we must, each and all of us, accept and discharge our duty of producing for the world, or of ministering to the needs of comfort or progress of mankind. . . .

"We have been talking about the new South for a score of years and more. It is new in spirit, new in development. I would like to see it new in realization. I would like to acclaim a Southland with added good fortune and greater self-reliance through diversified agriculture, and I would like to see a Southland at ease with industry, with transportation ever a growing problem. This land of raw materials ought to manufacture and locate its factories by mine and farm and orchard. There will be no jealousy in the north because your reaver gang will be glorious victory. . . .

"Here we are today one of the great gateways of Latin America. Somehow I feel that the Western Hemisphere is our special field of influence and trade. Commerce marks the highways of friendship as well as rivalry. Our trade routes by sea to the south ought to be as dependable as our railway routes at home and their ought to be sufficient and reassuring to the south and central among Americans—Central and North. Bind our friendship with the ties of trade and we shall make it indissoluble. . . .

"We have ships now, we have the commercial foundations, our future lies in policies and practices. We must buy as well as sell to be sure, but we need the expanding trade policy, its efficient agents in salesmen and credits and the simple, practical understanding that commerce is the life blood of material existence. Our great assurance at home lies in a virile, intelligent resolute people in a land unravaged by war, at enmity with no people, envying none, coveting nothing, seeking no territory, striving for no glories which do not become a righteous nation. . . .

"This republic cannot, will not fail, if each of us does his part. If we but work and use thriftily and seek that understanding which reveals mutuality of interest no difficulties can long abide. Such a solution cannot come out of the greedy thoughts of the profiteer or the revolutionary agitation of those who would destroy. These are but surface disturbances. We choose the deep and ever onward currents of normal America for the course of the republic. . . .

"There has been a wild contemplation of earnings, whether in wages or dividends, in terms of dollars rather than in terms of purchasing power. We must be more concerned with the substance of reward for activity than in this coin measurement. And our concern must be in a dependable prosperity which is righteously shared. The tide of good fortune will ever flood and ebb, which is God's way of teaching us the changing tides. And greed must not expect to ride exclusive at the flood and expect contentment to recede alone."

TORONTO MAN

PESSIMISTIC
Toronto, Nov. 23.—F. W. Stewart, managing director of a prominent Montreal collar manufacturing concern, in an interview, says that so short-sighted and serious is the present determination of the public to break prices immediately that, if this continues for six months longer, fifty per cent of the small retailers will be forced out of business, thousands of unemployed will be walking the streets, and wages will be lowered to such an extent that a great percentage of this same public will not be able to buy if it would. . . .

NO BAIL FOR SHORTT

Halifax, N. S., Nov. 23.—Chief Justice Harris presided at the supreme court chambers today when J. E. Griffiths, counsel for Clarence Shortt, submitted for trial on the charge of manslaughter in connection with the death at Dartmouth, recently, of Mrs. Morris, made application for bail. His lordship refused the application. . . .

AMHERST INDUSTRIES.

(Amherst News.)
The Rolling Mills of the Canada Car Company are not working today nor will they be for the next few days, so one of the officials informed the News today. Orders have been slacking up a bit in this department lately and today it was necessary to close down the plant until more orders turn up. The shut down is only a temporary one, and the expectation is that the plant will be operating again inside the next week. There were in the vicinity of two hundred men employed at the mills. Of these the majority have taken positions in other departments of the works, and but few are out of work. The Amherst Woolen Mills have been closed down for the past week owing to a delay in their stock of yarn. A supply is expected any day now, how-

ever, and as soon as it arrives, operations will be resumed. The chief order which the plant has on hand at the present time, is the manufacture of blankets for the Greek government. This order was commenced some time ago, and as soon as the necessary stock arrives to continue operations, the company expects to finish it up in two weeks time. After that the future is somewhat doubtful, but it is hoped that there will be enough orders on hand to keep the plant going.

LYNCHING IN SOUTH

TWO CONVICTS ESCAPE AND WRECK TRAIN

Outbreak at New Hampton,
N. Y., Prison Causes Return
to Sterner Discipline.

New Hampton, N. Y., Nov. 24.—Following a thrilling, double escape with a train-wrecking episode, officials of the New York City Reformatory at New Hampton farms announced that twelve unruly prisoners are to be ousted from the honor institution forthwith and returned to the penitentiary.

Max Brown and J. H. O'Neil are the prisoners who escaped and are suspected by reformatory attendants of having wrecked an Erie Railroad freight train alongside the reformatory. The two convicts escaped some time Saturday night. They were last seen in a line of prisoners marching through the darkness from the school building to a bunk house to be locked in for the night.

Major Sidney Brewster, the warden, admitted that he had keepers out looking for the two fugitives and also that he has evidence that they plotted to derail the freight train. The crew reported that a stone was placed upon the track. Brewster says that he has established that the two convicts, after slipping out of line, went to the coke pile along side of which the freight train was derailed. Only the locomotive and one car left the rail.

"We have had complaints before," said Major Brewster, "that signals and other equipment of the railroad have been tampered with along the reformatory grounds by our inmates. The recent investigation has left our inmate in an unsettled condition," added the warden, "but everything is quiet here this afternoon."

Warden Brewster said that he is planning to return a dozen troublesome prisoners who are incapable of education or of being reformed, to the Blackwell's Island penitentiary where they can be more readily disciplined. "I'm going through the list of inmates now," he said, "and will weed this type out."

Leon C. Weinstock, State Prison Commissioner, who investigated punishments, included bread and water for prisoners in isolation, recommended to Warden Brewster that he return unruly culprits to the island.

SAYS BIG RED PARTY OPERATES SECRETLY

Chicago Federal Agent Asserts Radicals Have United into One "Underground" Body.

Chicago, Nov. 24.—The first "underground party" that the United States has ever seen is now believed to be operating, according to Edward J. Brennan, Division Superintendent of the Bureau of Investigation of the Department of Justice here. "It appears," he said, "that the members, or a great ma-

jority of them, of the Communist parties have gone over to a United Communist Party that seems to be maintaining a secrecy never before attempted by an American radical organization. "These people appear to be holding meetings with the utmost secrecy with which they can surround them. Names used appear to be fictitious.

"The Russian element which formed the backbone of the original Communist Party appears to be in control and to have the bulk of the membership of the new secret organization.

"Literature is frequently distributed without any indication as to where it comes from. In order to escape detection, it appears that the party members take unusual precautions. The members are known among themselves and literature is passed around among them, sometimes by messenger. When mailed, we know that it is done in small quantities, three or four letters or packages in a box in one corner of a city and three or four in a box in another section. "The party has its largest member-

ship in Chicago and New York. In Chicago meetings have been made extra difficult by the Illinois law which forbids renting property to an outlaw organization of this character. Property owners who become suspicious often call us to make sure on this point.

"It is my individual conviction that the United Communist Party, the old Communist Party and kindred associations of this nature are unlawful in that they advocate the overthrow of the government by force and violence.

"The original Communist Party which was organized here a year ago, took a stand against participation in elections. This it held to be of no use and it urged a Bolshevik program. I have no knowledge myself of literature being recently distributed, urging against taking part in the Presidential election, as was reported in press dispatches from the East at the time, but if this was the case, it was in line with what the party appears to stand for.

"It will be recalled that pamphlets, literature and circular letters were sent out broadcast to members of the Communist Party and that lecturers gave instructions at their meetings that if at any time a member was interviewed or attempted to be interviewed by any person, particularly by a Federal or State officer, to answer no questions and tell them nothing, and in event of a member being arrested, to say nothing, and that as soon as possible he would be provided with a defense.

"Evidence adduced in the trial of John Jasinickas and J. Jurek before Judge Landis here last week disclosed how secretly they were working."

SWALLOWS KNIVES IN HER DELIRIUM

Following Operation, Former Well Known Actress Dies.

Poughkeepsie, N. Y., Nov. 24.—Miss Margaret Shayne, a former actress, died of shock at the Hudson River State Hospital here following an operation for the removal of three knives and forks which she swallowed. She was suffering from a nervous breakdown. Miss Shayne was at one time a member of the cast in the great success "The Lion and the Mouse." About three years ago nervous trouble forced her to leave the stage. Mrs. DeWolfe Hopper whose stage name is Nellie Bergen, is a sister of the dead woman.

ST. PETER'S HIGH TEA

Bad weather had no effect in keeping people from the St. Peter's high tea last evening as there was a larger crowd there than there was on the previous night. All the games were in full swing all evening and the drawing for the various prizes, to be given Friday evening, went on briskly. Yesterday afternoon was set aside for the children and they were there in force. There were more than 600 suppers served during the evening. An interesting feature of the tea is the exhibit of baseball cups won by St. Peter's Y. M. C. A. covering the last twelve years. They are fourteen in number and among them are the Commercial Club cup, given by that club this year, and the cup given by Mr. Creary of the Semi-Ready Store. The announcement of the prize-winners in the various games will be made Friday evening.

NEW OFFICERS FOR KING'S DAUGHTERS

Two committee meetings and an executive meeting of the St. John branch and city union of the King's Daughters were held in the guild yesterday afternoon, and business of importance was transacted. The spiritual committee met to appoint a successor to Mrs. A. P. Crockett, the convener, who has resigned, and Mrs. George A. Henderson was elected. The ways and means committee of the Faraline Home for the Aged in Fredericton, of which Mrs. Crockett was convener also, appointed as her successor in that office Mrs. Frank Likely and it appointed Mrs. D. W. Puddington as convener of the entertainment committee to make arrangements for the entertainment of the Fredericton members of the home board when they are in St. John this week. When the executive of the St. John branch met, the president, Mrs. C. A. Clark, was in the chair. The chief matter discussed by the executive concerned ways and means of raising funds for carrying on the work of the society. Various original

"Saving" the World.

(The Villager)
There is a feeling which seems to be growing rapidly that America is destined to "save" the world. When a people begins to believe that not its country but its soul is better than the soul of all other peoples, when it begins to claim for itself not the industrial but the moral leadership of the world, then dangerous days are near. The lot of chosen peoples is always severe; England, with the dislike of proselytizing bedded deep in her nature, has throughout her long and brilliant history, steered by this most perilous of rocks. Germany sailed straight for it.

FREE KINDERGARTEN ASSOCIATION MEETS.

Much routine business was transacted at a meeting of the Free Kindergarten Association in the G. W. V. A. rooms yesterday afternoon, with the president, Mrs. F. E. Holman, in the chair. The matter of financial difficulties was discussed and it was decided to send a circular letter to the supporters of the association appealing for financial aid for the work. A committee to draft the letter was appointed consisting of Miss Rowley, Mrs. Poole, Mrs. Flewelling, Mrs. Flahar and Miss Gunn. Mrs. Robinson, supervisor, submitted a satisfactory report and told of extending the kindergarten work to the East St. John County Hospital and when the health of the children permits a kindergarten will be opened in the West Side Protestant Orphanage. Plans for Christmas entertainment were discussed and the gift of Miss Louise Murray was acknowledged.

UNCLE SAM'S HINGE.

Washington, Nov. 23.—The original cost of a hinge was 83 cents, BUT A blacksmith screwed it in place. An assistant blacksmith helped him; a master mechanic was on the job. And when the Shipping Board got the bill it amounted to \$161.00. The hinge was to replace one broken on the galley door of a ship at Norfolk Va., and William R. Morton, a former investigation agent of the board, told the House Committee here what it cost. LOCAL NEWS

At a meeting of the Men's Guild of Knox church last evening solos were rendered by T. Percy Cruikshank and G. A. Margolis, manager of the Canadian Universal Film Company, Limited, screened two comedy farces. The lecture which was to have been given last evening by Dr. Murray McLaren was postponed until a future meeting.

A motor truck, owned by Mr. Lawson and a Ford car collided in Rothery avenue, near Fernhill gate yesterday. The accident was due to the vehicles skidding on the icy road and both were damaged.

A meeting of the Kings County Milk Producers' Association has been called on Friday night for the reduction of the price of milk. Many of the producers are not in favor of this reduction and it is thought that there will be no cut in prices before the winter sets in.

Leo Priest and Percy Smyler, both of Halifax, who came to the police station on Friday night for protection, were arrested yesterday by Sergeant Detective Power, Detectives Donahue and Saunders for taking possession of summer cottages at Onnettoe, belonging to Mrs. McAndrews, Mrs. W. J. Smith, James Hoyt, J. Haslam, J. E. Rolston and Charles Willis. The lads when discovered, the police said, were in the Willis' dress goods and had made themselves comfortable having entered the other cottages and taken what they needed for their new home. Nearby residents saw smoke coming from the Willis' cottage and notified the owners who notified the police.

James T. McGowan, George Carter and Frederick B. Donald of the local staff of the C. P. R. passenger department, and Mr. Delisle of the Quebec staff, leave this week for England to inaugurate system of the sale of tickets in the various C. P. R. centres so that immigrants may purchase their tickets to their destination in any part of Canada instead of to the port of embarkation which has only been possible in the past. The passenger men expect to be absent about five months.

Sloan's Liniment (Pain's Enemy)
WHEN IS THE TURN COMING? That's the question on the lips of all American business men. After discussing the question with both bankers and business leaders, I would submit this as the majority analysis of the outlook: Severe depression prevails today. Things probably will become worse until after the turn of the year. Already quite a number of concerns are receiving emergency treatment from banking interests. Others are to be let sink. The year-end failures have not yet undergone thorough readjustment. On the other hand, raw materials and commodities which have already tumbled severely are expected to begin shortly to exhibit firmness. When retailers lower their prices to levels in harmony with the cost of raw materials, a spirited revival in buying is looked for. This recovery, it is figured, should begin to make its appearance very early in 1921.—B. C. Forbes, in Forbes Magazine, N. Y.

GROCERY REPORT FROM THREE CITIES OF THE DOMINION

The following comment on the market situation as regards food stuffs appeared in Canada's Grocer last week. The trend of practically all grocery commodities continues with a downward tendency. Many lines have shown price reductions. Sugar is still the feature with lower prices again named. The opinion has been expressed that when the sugar market becomes settled, it will have the effect of stabilizing other markets as well.

Montreal—Strictly fresh eggs are demanding a still higher price. The assurance this time is a one cent and in some cases as high as ninety cents a dozen is being asked. There is very little change in the other grades. Butter and cheese show a weakness this week. Lard is also reduced in price as a result of the lower prices in hogs and subsequently on pork and pork products. Beef also shows a slight reduction in some grades. The feature of the market today, however, is sugar, which has usual further price cutting. Both week and is now selling at twelve dollars per cwt. There may be a further reduction but the general opinion is that that is the lowest price for some time.

Quebec—The sugar situation continues unsettled and it is difficult to forecast just when the market will become stabilized. The Canadian wheat crop is an important factor in the situation. This crop promises to be the largest in the history of the industry and it is estimated that it will yield 36,000,000 bushels. Dominion sugar prices have been further reduced during the week and although the other retailers have not changed their prices, they are offering sugar at a lower price basis. With large buyers of sugar only buying for day to day requirements it may be necessary for buyers to make their purchases in advance in order to move off their stocks. Corn buyers are looking steady under the conditions of a low wheat price. The Canadian case of sugar is unchanged and the tendency is that prices will recede in view of the outlook in the sugar market. Molasses is unchanged. The demand, however, has shown improvement due no doubt to the opening of the winter and Christmas seasons. Package meal, macaroni, spaghetti, tomato and pearl barley have shown slight reductions. The spice market generally is steady to firm with a tendency for higher prices on black and white pepper. Cream of tartar is inclined to be weak. Raisins are holding firm and are commencing to move freely. New linseed oil is expected to arrive during the week. The first shipment of California budded walnuts has arrived and is being distributed to the trade. Shelled walnuts are quoted at low figures, but quotations in primary markets show an advance of five cents per pound. Shelled almonds for January delivery are quoted

LIFE BECAME A BURDEN TO HER

St. John Woman Could Hardly Walk Across Room—Tanlac Restores Health.

"Before I took Tanlac I was so weak I could hardly walk across the room, but now I can do all my household work with ease," said Mrs. Robert Clayton, 25 Hanover street, St. John, N. B., recently. Mrs. Clayton has resided in St. John her life and is highly esteemed by all who know her. "For three or four years I suffered terribly from indigestion which finally got just what I needed. My appetite was so poor I could scarcely eat anything, and every morning I got up with a feeling of nausea that I could hardly endure. Just as soon as I ate anything, gas would form on my stomach and cause such terrible pains around my chest I seemed that I couldn't stand it. I often turned almost deathly sick after meals, sometimes couldn't retain my food, and would just have to give up and lie down. At times I had such severe headaches I had to go to bed, and I was troubled all the time with pain in my shoulders, neck and back. All the time I felt so tired and drowsy I could hardly stay up, and to walk a few steps would tire me out completely. "Finally I got to the point where life was a burden to me, but I happened to learn about Tanlac, and before I finished my first bottle I could see a wonderful change in my condition. I have taken three bottles now, and my appetite is splendid, and although I am eating almost anything I want, nothing hurts me the least bit. I never feel tired and drowsy, and my household work is a pleasure. Tanlac is the greatest medicine I ever heard of for it certainly has made life worth living to me."

Tanlac is sold in St. John by the Ross Drug Company and E. W. Murray by G. W. McKay, Beaver Harbor; Willard J. Colwell, Evans; C. V. Parsons, Highland; John F. McGehee, Debevoise; O. D. Hanson, St. John; E. L. Conley, Leonardville; N. H. Johnson, Clarendon Station, and by the leading druggists in every town.—(Adv.)

ed at ten cents per pound under present quotations on spot stocks. However, grade teas have been reduced five to ten cents per pound, but the higher grades show no improvement, continuing scarce at high prices. The potato market has an easier tone with quotations in reduced prices. The feature of the market is the farmers are unchanged but owing to heavy arrivals in box cars, which necessitated immediate clearance, prices were

Winnipeg—Business is reported to have shown a decided increase during the past week. Refined sugar is now being offered at lower prices. However, the general impression is that the bottom has been reached and it will not long be before sugar is again stabilized on the basis of the raw market. Cane syrup, declined twenty-five cents per case on two pound tins and thirty-five cents on five pound tins. The second opening prices on raisins have been named and are quoted 1/2 to 3/4 cents higher than the first opening prices. The feature of the market is again the demand for all varieties both shelled and unshelled. Flour declined eight cents per barrel. Curing week in sympathy with the drop in the wheat market. Manufacturers of soaps and washing powders have advised a decline in these lines. Steam cereals, tea, coffee, rice, and all grocery commodities remain unchanged.

PILES ARE GENERALLY CAUSED BY CONSTIPATION

There are few, if any, complaints more common than hemorrhoids, or piles, as they are commonly called, and scarcely any which cause more trouble, annoyance and misery.

Ninety per cent of those are troubled with piles at one time or other, owing to allowing the bowels to become in a constipated condition.

Piles are caused under three headings: 1. Itching, bleeding and protruding, and the excruciating pains which accompany them cause misery which is beyond description.

Intinments and suppositories may help and relieve for a while, but to get rid of them, it is necessary to have a cure. This can be accomplished by the use of the English Laxative Pills, which are small and easy to take, and do not grip, weaken, sicken, or irritate the bowels.

English Laxative Pills are 25c a vial at all druggists or dealers, or mailed direct on receipt of price by The T. Millburn Co., Limited, Toronto, Ont.

AMERICA TO BUY TEA. English tea merchants are looking to buy America as the best market for their products, according to John Maltland, chairman of Ridgways, Ltd., London, who has just arrived in New York. He says that the English tea business is dull at present, as Russia, formerly one of the greatest tea-drinking nations, is now unable to buy. The low exchange in other European countries is keeping them from buying English tea, but as the opposite condition exists in regard to the American market the tea companies are preparing to avail themselves of the opportunity.

THE BUSINESS COLUMN EDITED BY MANSFIELD F. HOUSE

The British Are Using Houses For Stores

The conversion of small cottages into shops because of the dearth of store premises is a feature of war's aftermath in England, where ex-retailers returned from the war to find themselves without either home or store. In one town a few of the returned retailers have obtained small houses which they have turned into shops.

Originally these houses had "front gardens" which came flush with a narrow sidewalk, and small front casement windows. The ex-warrior retailers knocked the front walls out and put up in small shop fronts; pulled up the garden fences and put cement down where cabbages and asparagus and radishes used to grow. There are now no gardens included in the retailer's rent. And so he is enabled to use this space for a sidewalk window trim.

When the weather is fine the retailers in these converted establishments stand their goods out on that part of the sidewalk that was once their gardens. Boots and shoes are hung on the outside wall, furniture is piled up outside the plate glass, and persons can stand on the sidewalk and choose a suit without entering the store proper.

Most of these retailers enjoy an excellent turnover. Being originally private residences they are in the centre of the residence district and fifteen minutes' walk from the nearest shopping centres. Hence they capture nearly all the local trade. Wednesdays and Saturdays being "market" days they take advantage of the extra crowds that come to town from the country districts and stand most of their available goods in their sidewalk window trims.

This Dealer Charged for The Time He Waited. The name of Josiah Warren has come down through the last century as that of the inventor of the co-op store and of the rotary presses now universally used in newspaper offices.

But Warren had another claim to fame. He originated and ran for several years one of the most unusual stores in the history of American merchandising.

His store in Cincinnati was little more than a country town and the store that Warren opened in that year at the corner of Fifth and Elm streets was in many respects the usual country store, carrying a miscellaneous line of merchandise. But here was the difference: All goods were marked in plain figures, their cost price, plus an amount for freight, rent and depreciation—about 4 per cent in those days. A customer came in, was waited on and paid for the merchandise selected according to the price marked on the tag. But in addition to this, he was charged for the time spent by the proprietor or clerk in attending to him.

In 1828 Cincinnati was a city of 10,000 people. The feature of the store was that the customers were made to pay for the time of the clerk. The store was open from 10 to 12 o'clock, and the store lasted less than two years.

PROFESSIONALS AND AMATEUR SPORT

(Halifax Chronicle).
The promise given by A. W. Covey, president of the M. P. B. A. U., while at Amherst, to the effect that under certain conditions he would endeavor to have the parent body give all players a clean sheet is a somewhat difficult one to fulfill to the letter. While there is every reason to encourage any sport which is handled in a clean manner, it is rather strange to find the president

of a body which is constituted to define the dividing line between amateurs and professionals setting himself forth as mentor and proxy for the grievances of those who have stepped over the dividing line and plucked all the peaches while the plucking was good.
Taking the matter from an opposite angle, it will be interesting if the M. P. B. A. U. executive does obtain the so-called clean slate—which is nothing more than no slate at all—to see how long the whitewashed pro will remain spotless in his new coat of kalsomine.
It will also give the executive a chance to equip themselves with a new set of brass knuckles and hand out Kayo's to all who stick out a willing flipper for the weak executive to fill with kale.
It will prove a sterling chance to set up a real dividing line once and for all;

and might be dealt with along the lines that the player "caught with the goods" be suspended for a period of one year for the first offence and total suspension for a second, but that the executive of any amateur organization encouraging professionalism be subject to immediate expulsion from the club forever together with the suspension of the entire club for a nominal period and a similar suspension to any club claiming to be amateur which permits him to become a member at any time after the first expulsion.
All along the line of amateur and professional differences lies the continual charge against the player. He is subjected to all the blame whenever there is anything that savors of the long green in sight. No one seems to figure that if someone had not offended in an executive capacity he would have had to work far afield to get his palm plastered.
It is all very well for a gathering of sporting men to back a professional enterprise with their capital and stand for all the expenses, but it is not the same thing for an amateur organization to hand out a "present" to a player. It is at this point that the majority or nine out of every ten pros start their career.
If there is a chance to back professional sport and get away with a whole skin well and good enough. If professional sport is in such wobbly condition that it requires the aid of the amateur bodies to help it attain its full power to cut the amateur throat eventually, then the amateur appears to be walking on very thin ice in attempting to go for aid.
The only difference between an amateur and a professional is a personal difference of opinion. One prefers a medal or cup for his endeavors while the other likes the look of a crinkly ten spot. It is only reasonable to allow each side their own personal opinion in this matter, but the gulf between should be both wide and deep or the amateur idea be abandoned forever.

De Oro Climbs to Victory.
Chicago, Nov. 24—Overcoming a twelve to one lead in the sixth inning, Alfred De Oro, of New York, made a forty-nine points in forty-one innings.

The victory put De Oro into a tie for first place with John Daly of New York. Clarence Jackson defeated Jos. Caprotti of Chicago fifty to twenty-five in forty-five innings.
FOOTBALL.
Harvard and West Point.
Boston, Nov. 24—The possibility of a football game next fall between Harvard and West Point was discussed yesterday. No conclusion was reached, it was said, but consideration was given to playing at the Polo Grounds in New York. The attitude of the faculty of the two institutions towards such a contest is not known.

STRIKE SETTLED
St. John, Nfld., Nov. 23—The strike of dock workers for higher wages which started at Newfoundland ports last Friday and which has delayed the unloading of coal from Cape Breton for the Newfoundland Railway was settled here today. The men were granted an increase in wages and resumed work.

Terrific Right Ends Bout.
London, Nov. 23—Ted "Kid" Lewis knocked out Johnny Rasham, former welterweight champion of England, in the nineteenth round of a scheduled twenty-round bout in Albert Hall. The bout was for the welterweight championship of Great Britain which Lewis wrestled from Bunnam three months ago. It was a hard-fought contest and anybody's victory up to the eighteenth round, when although Rasham was bleeding freely from an injured ear, still was fighting bravely. On the nineteenth round Lewis sent his opponent down for the count of eight and then, when Rasham arose, landed a terrific right to the point of the jaw. Rasham fell under the impact and was counted out.

WASP KILLS SNAKE.
Dingman Ferry, Pa., Nov. 24—Michael Devins saw a black snake in the middle of the road writhing and wiggling frantically and striking here and there as if at an imaginary enemy. The snake finally stretched out and died. In its mouth was found a large wasp, which had stung the snake to death.

U. S. Women Defeated.
London, Nov. 24—The U. S. women's hockey team from Philadelphia played the final game of its tour at Richmond yesterday, losing to the All English eleven. The English team won by 14 to 0.

At the postponed meeting of the St. John Society of Music last night in the Imperial Theatre, resolutions recommending that the incoming executive should not raise the fees of membership and that a committee be authorized to report at a future meeting as to the possibility of enrolling sufficient members at the present fee to insure a successful season were passed. The president, A. N. MacLean, was in the chair and the attendance was very small. A suggestion to raise the fee to \$3 was not received with favor as it was thought it would greatly curtail the enrollment.

The bodies of three P. E. I. men, P. C. McCaul, Austin O'Connor and John McDowell, who were drowned in Lake Chesuncook in Northern Maine when a motor boat caught fire from an explosion of gasoline last Thursday arrived in the city yesterday en route to their homes. John Gorill, also said to be from the Island has not yet been identified and his body is still in Maine.

IMPERIAL TONIGHT

Caruso's Closest Rival To Be Heard Here In Recital

Under the Distinguished Patronage of His Honor the Lieutenant-Governor and Mrs. Pugsley

BECAUSE OF THE ILLNESS OF ANNA CASE no less a world-famous personage than Senor Hippolito Lazaro will sing the Lelachier recital at the Imperial Wednesday night. No announcement in musical circles for a long time has stirred more comment or created more pleasurable anticipation. Lazaro's coming is a personal courtesy to Miss Case who requested that her date be filled by him.

AN AUTHORITATIVE MUSIC PUBLICATION SAYS:

"LAZARO HAS BEEN TERMED, and rightly, 'the greatest tenor since Rubini' and greater than Gayarre'. Born in Barcelona in 1890, Lazaro at the age of twenty-six possessed the marvellous voice of the generation. His appearances in Spain, Italy, Buenos Aires, London and Havana have swept whole countries into adoration. He can fling out full forte, a high D natural, a feat as remarkable as it is rare. Not only is there no voice of greater power but there is no tenor to touch such range and control. In Lazaro the world is listening to a vocal miracle, a voice that will be recalled in future generations as the great world tenor."

ADVISES U. S. TO ENTER LEAGUE OF NATIONS

Argentine Writer Says Monroe Doctrine Should Be Renounced, as Imperialism.

Buenos Aires, Nov. 23.—The United States is advised to renounce the Monroe Doctrine and enter the League of Nations in an article by Wenceslao Tello, formerly professor at the University of Buenos Aires, published in La Razon today and entitled "Argentinism and Monroism." The writer characterizes Monroism as "clear imperialism—the obstruction of a people in the face of twentieth century facts."

"With the convening of the League of Nations," he continues, "the North American people soon will realize it has no thinkers and no national or international policy acceptable before the world. It is not enough to say, 'America is mine.' Japan could say 'China is mine.' England could say 'Half the world is mine.' France could proclaim that Switzerland and Belgium belong to her."

"With the existence of the League of Nations the North American protectorate over South American countries is needless less than ever."

"North America went into the war for the liberty of the seas, but obtained the opposite result. It went into the war to achieve the self-determination of peoples, but it has contradicted itself."

The author concludes with this suggestion to the United States: "Permit us to give you counsel to renounce your Monroism, and you will have the friendship of Latin America; enter the present League of Nations in order to secure your own fundamental democratization."

MORNING NEWS

OVER THE WIRES

Fire which broke out early yesterday morning in Liverpool, N. S., destroyed the plant of the Nova Scotia Shipbuilding Co., at an estimated loss of \$5,000.

After a very rough passage the steamer Metagama arrived at Montreal yesterday afternoon having taken fourteen days on the voyage. Among her passengers was W. H. Hayward of this city who arrived here last evening.

Fire in the Minto simple rooms in Moncton last night, owned by Carl Daull destroyed furs to the value of \$10,000. The total loss is estimated at about \$15,000.

In a debate on the Irish home rule bill in the house of lords yesterday Lord Birkenhead said: "I think this is a favorable opportunity to effect settlement because the Irish people are sick and tired of the terrible reign of terrorism." The Earl of Dunraven, on the ground that the bill was not supported by the great majority of Irishmen and afforded no prospect of a favorable settlement moved its rejection.

The Privy Council yesterday allowed the appeal from Quebec concerning questions between the Dominion and the province over the title of lands formerly used as Indian reserves. The action was remitted to the superior court of Quebec to give judgment against the respondent.

In a wreck on the C. P. R. one mile west of Carleton Place, last Thursday, six passengers, three laborers and a baggage man were injured. Several cars went over an embankment while one stood on end. The wreck was the result of a derailment caused by a broken rail.

14-YEAR-OLD TRUANT IS FOUND TO BE BRIDE

She Cooks Husband's Dinner While Officers Discuss Return to School.

Even "hooker" isn't what it used to be. It has developed a brand-new feature, one that still has the city authorities wondering what to do, says the New York Evening Post. Rose Sattel, fourteen years old, has been absent from Public School No. 19 lately. A truant officer, Anthony De Vota, was sent to find out why. He found Rose at 285 East Thirtieth street, kitchen apron on with a wooden ladel in her hand. "You're Rose Sattel, aren't you," he said. "I want to know why you don't go to school any more." "That's good," she beamed at him. "I'm married now. My name's Mrs. John De Stephano. Destiny made us clope. See the ring?" De Vota scratched his head, but law is law. So Rose appeared before Magistrate Harris yesterday, and while the Magistrate was inclined to "think that it wasn't particularly helpful to arrest married women for not going to school, he said he would take until December 2 to think the case over. Rose's dancier for John, who is nineteen and a piano maker, wasn't even delayed.

GIRL TRIES TO CLIMB ON MOVING TRAIN AND IS CRUSHED TO DEATH
Hackensack, N. J., Nov. 24—Rescued by an unknown commutator as she attempted to board a moving train yesterday at the North Hackensack station, Miriam Walter, fourteen, made a second attempt to climb aboard and was crushed to death. Rev. A. J. Walter, her father, witnessed the accident from the porch of his home.

ASK YOUR NEIGHBOR.
It has been said that there is now hardly a city, town or village in this country wherein some woman does not reside who has found health in that good, old-fashioned remedy, Lydia E. Pinkham's Vegetable Compound. Therefore, if you are suffering from some ailment, and hardly know what to do for it, and have tried other remedies without help, ask your neighbor if she has ever used Lydia E. Pinkham's Vegetable Compound. If she herself has never had the need for it, undoubtedly she knows others who were just in your condition and who have been restored to health by its use.

After The "Flu"

Four Children Had Whooping Cough

Whooping Cough, although specially a disease of childhood, is by no means confined to that period, but may occur at any time of life. It is one of the most dangerous diseases of infancy, and yearly causes more deaths than scarlet fever, typhoid or diphtheria, and is more common in female than male children. Whooping Cough starts with sneezing, watering of the eyes, irritation of the throat, feverishness and cough. Dr. Wood's Norway Pine Syrup is highly recommended by mothers everywhere for the relief of this trouble as it helps to clear the clogged-up air passages of the mucous and phlegm that has collected, and in this way bring on the "whoop" which brings the so-much-sought-for relief and heals and soothes the lungs. Mrs. J. M. Rouse, Imperial (Sask.), writes:—"After the 'flu' last fall, my four children took whooping cough and one of them developed bronchitis. After using two or three bottles of Dr. Wood's Norway Pine Syrup they were greatly relieved of their nasty coughs. It is an especially good remedy for children, and is so nice they take it readily, and ask for more." Dr. Wood's Norway Pine Syrup is 35c. and 60c. a bottle at all dealers. Put up only by The T. Millburn Co., Limited, Toronto, Ont.

THANKSGIVING TURKEY PRICE IS SENT UP

Chicago, Nov. 24—A shortage of turkeys has increased the price five to ten cents a pound in middle western states, over the usual price as a result many housewives will substitute chickens, geese and ducks in Thanksgiving menus, so reports from the turkey centres indicated last night. Chicago's supply yesterday was many carloads short of the number needed according to dealers, with the retail price ranging from 55 to 60 cents. Chickens, ducks and geese were plentiful.

COMMON COUNCIL

At the regular meeting of the common council yesterday a bill of \$471.70 for painting the city market was ordered paid. Mr. Jones, in this connection, said he was under the impression that the market building was costing more than it was worth. Mr. Thornton promised to bring in a report on the cost of the building during the last eight years.

The matter of adjustment in street numbers in Mount Pleasant court and Mount Pleasant Avenue, Lancaster street and Lancaster avenue, was referred to Commissioner Frink for action. The report of the committee of the whole was adopted.

6,000 PLEAD FOR DOG.

Kingston, Eng., Nov. 24—A fight is being waged to retrieve "Onkie," a terrier, which the magistrates ordered destroyed on account of his alleged ferocity. Six thousand people have signed a petition for a reprieve, and witnesses were called by counsel at a hearing to prove the dog was harmless.

Home-made, but Has No Equal for Coughs

Makes a family supply of really dependable cough medicine. Easily prepared, and saves almost \$2.

If you have a severe cough or chest cold accompanied with soreness, throat tickle, hoarseness, or difficult breathing, or if your child wakes up during the night with cough and you want quick help, try this reliable old home-made cough remedy. Any druggist can supply you with 2½ ounces of Pinex. Pour this into a 4-oz. bottle and fill the bottle with plain granulated sugar syrup. Or you can use clear Gess-lasse, honey, or corn syrup, instead of sugar syrup, if desired. This recipe makes 16 ounces of really remarkable cough remedy. It tastes good, and in spite of its low cost, it can be depended upon to give quick and lasting relief.

You can feel this take hold of a cough in a way that means business. It loosens and raises the phlegm, stops throat tickle and soothes and heals the irritated membranes that line the throat and bronchial tubes with such promptness, ease and certainty that it is really astonishing.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, and is probably the best known means of overcoming severe coughs, throat and chest colds. There are many worthless imitations of this mixture. To avoid disappointment, ask for 2½ ounces of Pinex with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.
