As Hiram Sees It

Mr. Hiram Hornbeam asked a bigger new rake and shovel leaning against the Times reporter's desk and then examined them carefully.

"Hev you jined the Overalls Club?" he inquired. "No, sir," said the reporter, "I have joined an Improvement League. This man or woman who does not avail himself or herself of that privilege this week will lose a lot of good fun and good-fellowship, and a chance to make St. John a better city to live in."

"I've seen a lot in the papers about that," said Hiram. "It's fer the boys an' gals—aint it?" "It's for everybody," said the reporter. "Everybody likes clean play and good sport—and you can't have them without grounds, and team-work among the people."

"That's so," said Hiram. "It is—By Hen! Some day folks'll learn that they need playgrounds just as much as they need policemen—an' no'n they need jails an' things like that. You train a boy or a gal to play the game fair an' square an' they won't never forget it—no'n when you train 'em to work together in games they'll know how to work together when they git older an' hev bigger things to do."

"More than that," said the reporter, "if you have good outdoor games and people get into the open air to see them play without trying to get away from a time, you do them a lot of good as well as the young people."

"I do believe," said Hiram, "if you could git all the people to come together an' do things together, it'd be a real improvement on the things we do now. I'd like to see you try to find out if it's worth makin' trouble in this world. I'd fine one of them Improvement League fellows, an' I'd see 'em here—an' I'd do it right away—yes, sir."

Engine, Tender and Car Punge Into Nashwaak; Driver and Brakeman Die

J. GILLIS, OF NEWCASTLE, IS DROWNED; JOHN ESTABROOKS SUCCUMBS UNDER TENDER

His Leg Cut Off Before Body Could be Secured—Fireman Clifford Hughes Badly Scalded, But Will Recover—Heavy Rain Had Forced Dam to Give Way.

Fredrickton, N. B., May 10—The locomotive of a way freight train on the C. N. R. (Canadian Eastern division), plunged into the Nashwaak river at Peniac Bridge, two miles north of Marysville, early this morning and dragged the tender and one freight car into the river with it. The driver, J. Gillis, of Newcastle, was drowned. Clifford Hughes, fireman, was badly, but not fatally scalded, and John Estabrooks, brakeman, was pinned under the tender with only his neck and head out of water. Frantic efforts were begun to lift the tender and release him, but it would not be done in time.

Following a heavy rain on Sunday a dam on the Nashwaak owned by the Nashwaak Pulp and Paper Company gave away and the rush of logs thus released tore away the embankment so that when the train came along the locomotive, tender and one freight car rolled down the embankment of almost twenty feet into the river.

Traffic on the Canadian Eastern division of the C. N. R. is tied up. About 9:30 o'clock Estabrooks died before the tender could be raised, because of the other wreckage piled upon it, and it was only by cutting off his leg below the knee that his body could be rescued from the waters. Several doctors who were in attendance had declined to operate to Estabrooks' wishes that his leg be amputated before he died, but continued administering restoratives to him until the railway wrecking crew were able to move the tender under which he was pinned.

Gillis' body was later found under the boiler of the locomotive, but cannot be removed until the wrecking crew are able to move the engine. Gillis is married and resided in this city. There are no children.

A coroner's jury with Lieut-Colonel W. H. Gray of Marysville as foreman, was sworn in by Dr. B. M. Mullin, of Devon, and will start an investigation next Monday night in Marysville. A train was sent out from here a little before noon with passengers for Newcastle, arrangements having been made for transferring around the scene of the wreck.

Walter Long, conductor, of South Devon, was bruised. Nicholas Osborn, brakeman, of Marysville, and Benjamin Mountain, brakeman, of Devon, were bruised and scratched.

Repeating to charges of friction between the navy department and the admiralty, the witness said these were unfounded. He said only one instance that could be so interpreted occurred. "At one time the French naval attaché came to the admiralty and asked for a list of the British navy. I put my foot on that and told him, perhaps rather emphatically, that the navy department had no favorites among the Allies."

Washington, May 10—Secretary Daniels, before the senate investigating committee today, made his long awaited reply to the criticisms of Rear Admiral Sims on the United States navy's part in the war.

The American naval secretary charges that Sims lacked vision, belittled the work of the American navy in contrast to the British, coveted British decorations and aspired to become an honorary member of the British admiralty. He declared that officers supporting the Sims charges were largely "people with a grievance." The testimony of other officers, in possession of first hand knowledge, Secretary Daniels testified, "should be accepted by all open-minded men as an absolute refutation of practically all of Admiral Sims' charges."

That there exists in the harbor an organized gang of harbor pirates who carry on their work with the assistance of a motor boat, was the statement made in a letter received by the city council and read at this morning's committee meeting. The letter was from the manager of Furness Withy & Co. Ltd., steamship agents in which he asked permission to draw attention to the unsatisfactory conditions about the docks at West St. John. He stated that there were large quantities of goods stored on the company had a watchman on duty, but on account of the impossibility of locking doors, they could not guard the full cargo. He wrote that they also had to contend with the operations of an organized gang of thieves who were using a motor boat to get around the wharves and were in league with some men who prowled about the docks and passed packages over to the motor boat. "There is also other pilferage going on about the harbor front," he wrote, "and we feel that there should be a water front protection, or harbor patrol."

On motion the matter was referred to Commissioner Bullock for report.

Liquor Cases in Fredericton (Special to The Times.) Fredericton, N. B., May 10—Two of the prohibition cases which have been hanging in the police court for some time were finished this morning. A professional man belonging to Fredericton was fined \$200 and costs or six months in jail for having liquor in his possession other than in his private residence. Another was fined \$50 and costs or three months in jail for selling a bottle of gin. The case was made to sub-inspector Berube of Edmundston who was sent on special duty to a suburban resort near this city. A third case, against the proprietor of a local livery stable, was postponed until Saturday when the local agent of the Dominion Express Company will produce his books and records.

Liquor Figures in Three Murders

Trio of Killings in Detroit on Sunday

Unknown Man Found Shot in Montreal Lot With Bottle Beside Him—A. P. McCallum Killed by Train on Victoria Bridge.

Windsor, Ont., May 10—Three men were murdered in Detroit on Sunday, and in each instance liquor played its part.

Nicholas Laferre, an Italian, was found early yesterday morning with his throat cut. Han Hanson was killed during a fight, being struck on the head with a bottle. Henry Spencer, a negro, aged thirty-four, was shot to death about daylight at the American Club, by an unknown man.

Montreal, May 10—With a bullet wound in his forehead, his overcoat under him, a newspaper and a partly consumed bottle of whiskey beside him, a man, so far unidentified, was found dead in a vacant lot in Montreal west extension yesterday.

Montreal, May 10—Picked up unconscious on Victoria Bridge, on the Grand Trunk railway track, A. P. McCallum, forty-four years old, of 62 Crescent street, this city, died yesterday. His injuries seemed to indicate that he had been struck by a passing train, his skull being fractured and his body badly burned.

Montreal, May 10—Two persons were taken to the Western Hospital, one to the Royal Victoria Hospital, and two others were able to go home after an automobile accident which occurred between Grey street and Vendome avenue yesterday. The automobile struck a pile of stones, the red light which indicated them apparently having gone out.

Police Court

In the police court this morning, Robert Dickson pleaded not guilty to being drunk and drinking in public. Inspectors McAlish and Kerr told of seeing him in the Queen's Quay lavatory taking a drink. The accused told the court that he met an "unknown friend" in Union alley, who gave him a bottle, as he was going to see a "jamez" and did not want to carry the liquor with him. This excuse did not satisfy the court, and a fine of \$8 or two months for being drunk and \$8 or three months for drinking in public was imposed.

Benjamin Lodge, charged with being drunk and having liquor in his possession other than his private dwelling, pleaded not guilty to being drunk. Policeman Young told of seeing the man staggering along Union street and on accosting him said he was told that he was going to his boarding house in Erin street. This was apparent from the direction in which he was going and the policeman arrested him. A part bottle of gin was found in his possession. A fine of \$8 or two months for being drunk and \$8 or three months for drinking in public was imposed.

Robert McEachern and Walter M. Dickson, charged with lying and lurking together in Sheriff street and not being able to give a satisfactory account of themselves, were remanded. Four men charged with drunkenness pleaded guilty and were fined \$8 each or two months in jail.

Villa Gives Up His Bandit Life

Juarez, May 10—Francisco Villa's days of handiery and constant menace to all attempts to establish stable government in Mexico and to the relations between this republic and the United States are ended, according to reports reaching here. Leaders of the new revolution displayed visible relief at the announcement that Villa had laid down his arms and turned his men over to General Enriquez, revolutionary commander of the Chihuahua district.

Agents of the new regime admitted that if Villa decided to oppose it he would constitute the greatest menace to it, despite the fact that all reports credited him with leading a band of but little more than a personal guard.

The announcement that Villa had laid down his arms and guided his followers into the ranks of the revolutionists came from General Escobar, commander of Juarez. Villa also notified the Mexican Central Railway, Escobar said, that guards of soldiers no longer would be necessary on trains.

Place N. Y. Police Inspector on Trial

New York, May 10—Police Inspector Henry was placed on trial in the court of general sessions today on a charge of neglect of duty in connection with his administration of the fourth "Tenderloin" police district.

Bishop of Durham Dead. London, May 10—The death of Right Rev. Handley Carr Glyn Moule, Bishop of Durham, is announced.

Gallant Act of Devon Boy

Ralph Wade Saves Lives of Two Lads

Leaps Into Icy Water of Swollen Creek to Get Hilton Taylor and Jack Rideout—Has Difficulty But Succeeds.

(Special to The Times.) Fredericton, N. B., May 10—The lives of two young boys belonging to Devon were saved on Friday evening by the daring of another boy about the same age, who went into the icy water of Grieve's Creek and rescued his companions from drowning. The boy is Ralph Wade, son of Mr. and Mrs. Benjamin Wade of Nell street, Devon. The boys whom he brought out of the water are Hilton Taylor and Jack Rideout.

The high water in the St. John river has backed up the water of Grieve's Creek. The boys of the vicinity have taken advantage of the fact that sections of the wooden sidewalk of the old bridge which is being replaced are floating on the creek. These make improvised rafts. It was from one of these that young Rideout and Taylor went into the water on Friday. Other boys were near, but thought the two in the water could swim. Rideout was able to keep his head up, but could not get out.

Young Wade jumped into the creek. He had to dive to get Taylor, and when he did get hold of him he could swim only with great difficulty. Had he had any greater distance to go it is doubtful if he could have got the boy out. He also got young Rideout out of his dangerous situation.

Now Ready to Go Ahead with Street Paving

Satisfactory Arrangements Made with Street Railway Regarding Track Foundations in Several Streets.

The matter of the payment for work on foundations under street car rails has been satisfactorily arranged between the city and the N. B. Power Company, according to a report presented by Commissioner Thornton at a committee meeting of the council this morning. The commissioner said that the company was willing to pay for the concrete base under the track sections in City road and Prince William street, at the same rate as for the concrete crossing the streets; for additional six inches of excavation necessary on account of the ties, and, if the ties were spaced three inch centres instead of two inch centres, equitably arrangements made by the city with the contractors would be acceptable to the power company.

For Douglas avenue, if the contractors are not willing to provide the concrete base and additional excavation under the ties, and, if the ties were spaced three inch centres instead of two inch centres, equitably arrangements made by the city with the contractors would be acceptable to the power company.

Commissioner Thornton said that he had submitted a copy of this arrangement to the power company and had received it back endorsed and signed by Manager McCauley. On his motion the report was ordered filed. The matter of carrying out the work was left over until the return of Commissioner Frink.

A Fine Score. London, May 10—(Canadian Associated Press)—Flying Lieutenant J. N. Smith scored 147 points out of a possible 150 at 200, 600 and 800 yards at the Middlesex rifle meeting at Bilsley.

Mexico City, Vera Cruz and Tampico All In Revolutionists' Hands

U. S. Destroyers Speeding to Scene to Watch Developments

Whereabouts of Carranza Unknown But It Is Said Victims Would Be Glad If He Got Out of the Country.

Washington, May 10—With Mexico City, Vera Cruz and Tampico in the hands of the revolutionists, American destroyers were en route today to Mexican waters to await eventualities and to afford protection to American lives in the Mexican Gulf ports.

The rapidly changing situation in the Mexican capital was received yesterday by the state department from the American embassy, which reported there was no disorder in the capital incident to the transfer of authority. Tampico and Vera Cruz also were reported quiet. The rapidly changing situation in the southern republic had developed even another important question today and that concerned President Carranza. The American embassy report made no mention of the president and reports from Vera Cruz said that the search in that city had failed to find him. One report was that he had been arrested in Esperanza, state of Vera Cruz, but this was without confirmation here either in official despatches or through advice to revolutionist agents.

GLAD IF CARRANZA MAKES ESCAPE. Auga Prieta, Sonora, May 10—Should President Carranza be captured by revolutionary troops he must stand trial in the civil courts for any misdeeds of which he may have been guilty while chief executive, said General Calles, commander of revolting troops in the north-west, last night just before he left for Juarez. He said that if Carranza succeeds in getting out of Mexico the revolutionists will be pleased.

The General Calles declared that as Mexico City is in the hands of the revolutionists, troops marching from Sonora to Juarez probably would be sent direct to Mexico City for garrison duty. A provisional president will be named to serve until the election, he said, in accordance with the "plan of Agua Prieta." According to General Calles, the revolutionists desired to acquire, through purchase or legal procedure, all big land holdings which will be taken over by the new government and opened for settlement under a plan similar to that in the United States. He said that the purchase or legal procedure, all big land holdings which will be taken over by the new government and opened for settlement under a plan similar to that in the United States. Troubles in Egypt; British Troops Uneasy

Cairo, May 9—The British troops in Cairo are restive under attempts at assassination, culminating last week in the murder of a lieutenant by four young Egyptians in one of the main thoroughfares.

A few days ago two British orderlies were shot and wounded. The police recently arrested a student agitator and his confessions led to the arrest of others, who are believed to be directors of the so-called vengence gang, which is sending out "blackhand" letters.

In the course of a melee between soldiers last night, some shots were fired and an European supposed to be an Italian, was killed.

The servant of a British officer recently killed has been arrested on suspicion of complicity in the crime.

Died on Voyage of Carmania to Halifax

Halifax, May 10—C. R. Blundell, who was a passenger on the Cunard liner Carmania here today from Liverpool, died during the voyage. Mr. Blundell, who was accompanied by his wife and daughter, was bound for Virginia. The Carmania had a rough passage of eight days. Among the 1,578 passengers were E. C. Fox, head of the Davies-Packaging Company, who had been on a business trip to Europe; Sir W. Abell and Lady Abell, Lady Burrin, Sir Herbert Lowell, K. B. E., Sir John Esplen, K. B. E., and Lady Esplen, all bound for New York. After landing 500 passengers here and a quantity of Canadian mail, the Carmania will sail for New York.

Some of Small's Bonds Missing?

Rich Toronto Theatrical Man Who Disappeared

Newspaper Prints Story About \$50,000 Worth of Victory Securities—River Don to Be Dragged for Body.

(Canadian Press) Toronto, May 10—In connection with the continued absence of A. J. Small, millionaire theatrical manager, who has been missing for five months, the Toronto World today carries a rather sensational story. The World says: "It will be remembered that Mr. Small was the holder of \$50,000 worth of Victory bonds, and these were placed in a safety vault at the Dominion Bank for \$200,000 out of the \$350,000 worth of the bonds is satisfactorily accounted for, \$100,000 was given to Mrs. Small, and \$100,000 handed to the Dominion Bank to be sent to Ottawa to be transferred into registered bonds. The remaining \$150,000, which were in bearer bonds, was to be returned to the safety deposit vault. Whether or not this was done could not be ascertained until the safe was opened."

"The World has reason to believe that the vault was opened during the latter part of last week, and that some, if not all, of the bonds were found to be missing."

An effort undertaken by some of Mr. Small's friends, who think he may have been the victim of foul play, is very soon to be made to try to find his body. As a commencement, the Don River is to be dragged, so that if his body had been weighted down to prevent its rising to the surface, it may be caught up by the irons and brought to the surface.

Warrants Out in Renforth Case

A warrant for the arrest of Messrs. Currie, Dean, Ross, Beverly, Wilkinson and Kennedy, on a charge of manslaughter, has been issued in Kings county by Coroner O. R. Peters of Rothesay as a result of the finding of the coroner's jury at the inquest into the death of little Virginia Garrett, who was killed when she was struck by an automobile in which were the above named parties.

Weather Report

Synopsis—The high pressure which covered Canada during the latter part of last week entirely disappeared and there are indications that a pronounced disturbance will approach the Great Lakes from the westward. The weather yesterday was fine and quite warm in the western provinces, cool with scattered showers in Ontario and Quebec, and heavy rain in the maritime provinces.

Asquith Moves His Home Rule Amendment

London, May 10—An important debate on the government's Irish home rule bill in the committee stage began this afternoon when Mr. Asquith moved an amendment altering the bill so that Ireland would have one parliament instead of separate parliaments for the north and south, as provided in the government measure.

Mr. Asquith's amendment would provide one parliament with county option for Ulster for a period limited to six years, as proposed in 1914.

Styles Sims' Charge Outrage

Admiral Benson Before Senate Committee

Praises Work of American Navy and Says, Barring One Incident, There Was No Friction With Allies.

Washington, May 10—Rear Admiral Sims' charge that delays on the part of the navy department prolonged the war four months and cost 200,000 lives, was characterized on Saturday by Admiral W. S. Benson, former chief of operations, as an outrage and an injustice to the navy. Continuing his testimony before the Senate investigating committee, he said the charge, if allowed to stand, would be "the everlasting disgrace of American navy, the first line of defence."

"The safe transport of the American army to France and back," said Admiral Benson, "was the most wonderful feat of the war ever dreamed of, and it shortened the war very materially."

Admiral Benson declared that never in the history of the world had a navy been expanded so rapidly as was that of the United States after America entered the war. The expansion, both in other allied officers, he testified, had not been so rapid as that of the American navy, more even than there were in the British navy.

Replying to charges of friction between the navy department and the admiralty, the witness said these were unfounded. He said only one instance that could be so interpreted occurred. "At one time the French naval attaché came to the admiralty and asked for a list of the British navy. I put my foot on that and told him, perhaps rather emphatically, that the navy department had no favorites among the Allies."

REVIEW OF WEEK IN MAJOR LEAGUES

Close Races for Leadership—Some Outstanding Features of the Games.

New York, May 10—Close races for the leadership of the two major baseball leagues marked the termination yesterday of the first sectional series. This week the eastern teams of the National League will play in the west, while the American League western clubs will come east.

The onward rush of the Boston Nationals, combined with the setbacks received by Cincinnati, Brooklyn and Philadelphia, the early pace-setters, put the Braves in first place.

The Chicago Americans also fell back and Cleveland, which ousted the White Sox from first place, will engage Boston this week in a four game series with the honor position at stake. The Red Sox

led the league for a few days. In the National League Boston followed up its twenty-six-inning record-breaking game of the previous week with a nineteen-inning victory over Brooklyn on last Monday and an eleven-inning score over Philadelphia on Wednesday. The Braves won their sixth straight game yesterday. Cincinnati fielded poorly and in three contests was unable to score. The Reds lost a game to Pittsburgh, two out of three with Chicago, but won the rubber game yesterday with St. Louis.

Brooklyn, which engaged in five extra inning games in the last seven contests, including yesterday's overtime victory over Philadelphia, played a total of ninety-eight innings in all the games. Chicago yesterday captured the deciding contest of a five game series with Pittsburgh. Chicago and New York each had its first winning week of the season. In the American League Cleveland was defeated on Monday by Detroit, which had lost sixteen straight games since the start of the season. The Indians lost to the Tigers again on Tuesday, but took four of five from Chicago, including yesterday's game, which marked Cleveland's seventh straight victory. The Boston Americans broke even last week, losing two out of three to New York and reversing the result with Philadelphia. Washington climbed up the league ladder by outplaying Philadelphia and New York. St. Louis amassed a total of eighty hits, a record for the week, but was successful only three times in seven chances. The Browns took the rubber game yesterday from Detroit.

WATCH YOUR GUMS— BLEEDING A SIGN OF TROUBLE

Medical science knows how serious is the sign of bleeding gums. For it knows that tender and bleeding gums are the forerunners of Pyorrhea, that dread disease which afflicts four out of five people over forty.

If the disease is unchecked, the gumline recedes, the teeth decay, loosen and fall out, or must be extracted to rid the system of the Pyorrhea poisons generated at their base—poisons which seep into the system and wreck the health. They cause rheumatism, nervous disorders, anæmia, and many other ills.

To avoid Pyorrhea, visit your dentist often for tooth and gum inspection, and use Forhan's For the Gums. Forhan's For the Gums will prevent Pyorrhea or check its progress, if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's keeps the gums firm and healthy—the teeth white and clean. Start using it today. If gum-irritation has already set in, use Forhan's according to directions and consult your dentist immediately for special treatment.

FOREIGN ORDERS FOR CANADIANS

London, May 8.—Awards of the Belgian Order of the Crown have been made to Brigadier Charles Armstrong of the Canadian Engineers. Col. Peter Lyall, of the Forestry battalion, of the chevalier rank of the French Legion of Honor to Sergeant-Major Raymond Moran, New Brunswick, and of the Medaille D'Honneur to Private Andrew Jackson Eaton, 5th trench mortars.

PIANO RECITALS.

A very pleasant musicale was given on Saturday evening at the home of Mrs. John Paterson, 256 King street east, by some of the pupils of Mrs. Rayworth. Solos and duets were well rendered, and a contest upon the same piece by four different girls was entered upon. Evelyn Hanson winning the prize. At the close a social half hour was enjoyed followed by the national anthem with Eleanor Holder at the piano. The following pupils took part: Ronald Smith, Laurence Smith, Kenneth Brown, Ross Stuart, Myrtle Paterson, Kathryn Paterson, D. Nice, Evelyn Hanson, Helen McKay, Maud Lawson, Beryl Lawson, Josephine McQuade, Eleanor Holder, M. Rodrick, Bessie Forbes, Marion Thompson, Vickers McLaughlin, Dorothy Belyea, Helen Baxter, Isabel Walker, Marion Porteous.

Alfred S. Belyea, of 180 Lancaster street, west end, has been appointed by Commissioner Bullock to the position of superintendent of city wharves, in the place and stead of the late Thomas Thompson. Mr. Belyea was formerly a master carpenter.

House-Cleaning Time—Drudgery or Just Fun?

WITH an O-Cedar Polish Mop and O-Cedar Polish you can clean house in one-half the time it used to take—and obtain results that make you smile with pride over the appearance of every room.

Use it on all furniture and woodwork, and on your motor car. Use it, by means of the O-Cedar Polish Mop, on hard or soft wood floors and on linoleum. You need O-Cedar at all seasons—but you need it most at house-cleaning time—to help you in the "freshening-up" that comes to every home each Spring.

STEAMERS AND BERTHS.

It is announced that before the end of this month eight more vessels will be added to the Canadian government merchant marine, and that before the end of the fiscal year all but eight of the vessels contracted for will have been delivered, and these eight will on the way.

THE WAGE PROBLEM.

Toronto and Montreal are confronted with a possible tie-up of their street railway service. It is announced today that the employees of the Toronto Railway Company, whose pay was raised after the strike last summer to fifty-five cents an hour, will on June 16 demand eighty-five cents.

GAS AND INFLATION.

The public utility corporation is ever and always, and in all places the same. Note the following from the New York Evening Post: "John P. O'Brien, corporation counsel, today filed his objections to the preliminary report of Abraham S. Gilbert, special master, who took testimony in the application of the Consolidated Gas Company to increase its rate for gas above 80 cents a thousand cubic feet, the price fixed by law at present."

MIGRATORY BIRDS ACT.

The Times has received a copy of the judgment of the supreme court of the United States, sustaining the constitutionality of the Migratory Birds Treaty Act between the United States and Great Britain, which was formed in 1918. The State of Missouri brought a bill in equity to prevent a game warden from attempting to enforce the act on the ground that it was an unconstitutional interference with the rights of the state.

KILL PORTER ACCUSED ON COMPLAINT OF A YOUNG WHITE WOMAN.

Tampa, Fla., May 10—An unidentified negro porter, arrested on a train near Bartow on the complaint of a young white girl on Sunday night, was lynched by a party of men who followed Deputy-Sheriff Olive in automobiles. The body was found, riddled with bullets, on a road about eight miles from Bartow. On a card left near the body was written: "That is what you get for insulting a white woman."

Fireproof Suits for Airmen.

London, May 10—Tests of specially manufactured clothing for pilots and men in the Royal Air Force have been made. The suits, which have a specially devised cloth helmet, were placed on dummies and subjected to petrol sprays and fire. The flames ascended to a great height, but the khaki fabric was scarcely scorched.

agreed that the two powers would take or propose to their law-making bodies the necessary measures for carrying the treaty out. They prohibited the killing, capturing or selling any of the migratory birds included in the terms of the treaty except as permitted by regulations compatible with those terms, to be made by the Secretary of Agriculture.

"The supreme court has upheld the treaty and the act based thereon. The concluding paragraph of the judgment is of particular interest. We quote:—"Here a national interest of very nearly the first magnitude is involved. It can be protected only by national action in concert with that of another power. The subject matter is only transitorily within the state and has no permanent habitat therein. But for the treaty and the statute there soon might be no birds for any powers to deal with. We see nothing in the constitution that compels the government to sit by while a food supply is cut off and the protectors of our forests and our crops are destroyed. It is not sufficient to rely upon the states. The reliance is vain, and were it otherwise, the question is whether the United States is forbidden to act. We are of opinion that the treaty and statute must be upheld."

DOMINION HAPPENINGS OF OTHER DAYS

THE DUKE OF KENT.

On May 10, 1914, the Duke of Kent who was known later as the father of Queen Victoria, arrived in Halifax to take command of the garrison there a position he was to occupy for almost five years. It was not, however, his first acquaintance with the new land, for as Prince Edward he had come to America in August, 1791, in command of the Seventh Fusiliers and had been stationed at Quebec. He was very popular in society there and the house in which he lived became in later years one of the sights of the city and was visited annually by thousands of tourists. He took an active part in the organization of an amateur musical society and in various other ways he made himself a favorite with the settlers.

A LAMENT FOR ARCHIBALD LAMPMAN.

His was not the glory of the shattering of spears; He did not cross his sword with Death, whose scimitar flags are hurled, But death came to him softly, with his dark eyes dim with tears, And broke a dream of woodland ways across a singing world.

LIGHTER VEIN.

Owen—'I'm surprised at your refusing to take a loan. One friend should always help another. Oke—True, but you always want to be the other.—Boston Transcript.

Traps and Trappers.

Tourist—My good friend, do you earn your living by simply trapping and skinning animals? Trapper—Yes! It runs in the family. I got a brother in Philadelphia in the same business. Tourist—In Philadelphia? Trapper—Yes! He owns one of them apartment houses.—Philadelphia Evening Bulletin.

Power of Suggestion.

The critic seemed struck with the picture. "This snowstorm painting is very fine, indeed," he said to the artist, "it almost makes me feel cold to look at it." "Yes, it must be realistic," admitted the other. "I follow you into my studio one day in my absence, looked at the picture, and unconsciously put my fur overcoat on before he went out."—Pittsburg Chronicle Telegram.

The Way It Goes.

Kind Old Man—Who is this little boy? Edgar—Oh, he's my cousin. Kind Old Man—Your first cousin? Edgar—Not at all. I had lots more before he was born.

ENJOYABLE CONCERT.

The Willing Helpers' Mission Band of the Carleton Methodist church, assisted by the Carleton Camp Fire Girls' Club of West St. John, staged a delightful concert on Friday night. There was a good attendance and an excellent programme was greatly enjoyed. The numbers presented included: Chorus by the band; recitation, Clara Scott; vocal duet, Marjorie and Elsie Long; recitation, Marion Brittain; exercise, Marion Fraser; Marion Marr and Mabel Stubbs; recitation, Phyllis Watters; exercise by the band; recitation, Audrey Livingston; vocal duet, Madeline Irvine and Reta Moffat; recitation, Marion Mabee; exercise, Ruth Galbraith, Clara Scott, Madeline Irvine, Laura Mason, Minnie Fraser, Marion Marr and Mabel Stubbs; recitation, Donald Urquhart. The closing number was a chorus by the band. The next concert will be given by the Camp Fire Club Girls of the Albert school, under the direction of Miss Harriet Smith.

ANOTHER STRIKE

This year I will not swat the flies, as I have soaked them in the past; I'll not as an avenger rise and slay a million, first and last. 'Tis true I may resort to blows, and kill a few in self defence, when they alight upon my nose, and cause me agony intense. But I won't drop all right upon my nose, and cause me agony intense. For years I've plied my swatting stick, a million billion flies I've slain; results? their absence makes me sick—my weary toil was all in vain. There'll be more flies this year, I wist, than ever flopped around before; the ones I slew will not be missed; for each one killed there'll be a score. You've heard about the ancient giant who pushed a boulder up a hill; a few feet up the slope it went, and then slipped back, already still. No modern man would stand for that; results mean, ere people quit; and so no more the flies I'll bat, since bating doesn't make a hit.

FIGHT FOR LIFE WITH A BURGLAR

Hoboken Business Man Is Shot Five Times and Will Likely Die.

Hoboken, N. J., May 10—In a battle for his life with a masked burglar discovered in his home here yesterday, Frederick Rucker, vice-president of the White Metal Manufacturing Company, was shot five times, suffering wounds from which his surgeons believe he cannot recover. The intruder used two revolvers, one in each hand, and fired at the manufacturer as he was pursued about the house. He escaped.

This school is a department of the University of London.

NEW YORK THEATRICAL MANAGER IS KILLED.

Auburn, N. Y., May 10—Charles Baker, a New York theatrical manager, who was injured in an automobile wreck near here on Saturday, died early today. Mr. and Mrs. Baker were in a car with Mr. and Mrs. Rubin Bernstein of New York, both of whom were injured. Mrs. Bernstein, it is said, is not expected to recover.

BUREAU OF HEALTH.

Much important work was accomplished at the quarterly meeting of the Provincial Board of Health, held in the government rooms on Saturday. Resolutions were made for the establishing of depots throughout the province where anti-toxins, sera, vaccine and laboratory diagnostic outfits would be more readily available for the use of physicians and their patients in urgent cases. At these depots diphtheria antitoxin, both for the treatment and prevention of disease, will be supplied free for the use of persons who cannot afford to pay.

RECENT WEDDINGS

The marriage of Miss Madeline O'Brady Jones, youngest daughter of the late Rev. William O'Brady Jones, late vicar of Wallend, England, and Mrs. O'Brady Jones, Woodstock, and Mr. Frederick Lambert, of North Shields, England, took place at St. Anselm's, Tooting, England, on Easter Monday.

At Fredericton yesterday Miss Maude Logan of Devon was united in marriage to James Joseph Hayes Doone, lawyer connected with the firm of Slipp & Hanson. The ceremony was performed by the Rev. A. F. Bate. The young couple were attended by Mrs. G. W. Aitken-Hanwell and A. C. Crowley of Fredericton.

On Wednesday morning in St. Rose's church, Fairville, Rev. Charles Collins united in marriage Lillian J. Brown of Upham, Kings county, and Joseph G. O'Brien of Randolph.

RECENT DEATHS

Many friends in the city will be grieved to learn of the death of Miss Hannah Lawson, which occurred at noon yesterday at her late residence, 122 Brunel's street, after an illness of a few weeks duration. She leaves one brother, Patrick, and one sister, Mary, besides a host of friends.

Mrs. Robert Hoffman Bayard, a well known resident of Welsford, died yesterday morning after an illness of about two weeks. Mrs. Bayard was formerly Miss McKenzie, of Welsford. She is survived by two daughters and a son. The daughters are Miss Gertrude, at home, and Mrs. Dorothy M. Goddard, wife of Captain Goddard. The son is Kenneth William.

Miss Doris M. Thompson, daughter of Mr. and Mrs. Joseph Thompson, of 236 Princess street, died on Saturday after a long illness. She was sixteen years of age. The funeral will be held this afternoon from her late residence to the mission church of St. John Baptist, Paradise Row, for service at 2.45.

The death occurred on Saturday at West St. John of Edwin Belyea, aged sixty-seven years. Mr. Belyea had been sick only a short time and had been attending his business up to about one week ago. He was a well known merchant of the West Side, having been in the shoe business in Union street for the last forty years. He leaves beside his wife, one son, E. LeRoy, at home, and three daughters, Mrs. A. E. Chittick, and Mrs. A. D. Mackenney, both of West St. John, and Miss Edith, at home. The funeral will take place on Tuesday afternoon from his late residence, 58 Middle street, the service commencing at 2.30 o'clock.

Friends will hear with regret of the death at her home in Lower Norton, on Saturday last, of Mary Helen, beloved wife of Thomas F. Seely, who passed to her eternal reward at the advanced age of seventy-five years. Beside her husband, there are left one son, W. Leslie, of Bentley street, city; two daughters, Mrs. Charles Hoy, of Lower Norton, and Miss Helen at home; four brothers, Byron and Edgerton Seely of Lower Norton, Hubert Seely of Woodstock and Walter Seely of Frezque Lake (N.S.); and two sisters, Mrs. Arthur Fairweather and Mrs. Sarah Dixon of Lower Norton. The funeral will take place from her late residence, Lower Norton, on Tuesday afternoon at 3 o'clock.

Mrs. Thomas F. Seely died at her home in Lower Norton on Saturday, at the age of seventy-four years, leaving her husband, one son, W. Leslie, of this city; two daughters, four brothers and two sisters.

Titus Hicks of Havelock, died at his home on Saturday morning in the seventy-sixth year of his age. He leaves three brothers and one sister.

The death of William Francis Light-hall, father of the notarial profession in Canada, took place at his home in Montreal yesterday after a slight attack of paralysis, at the age of ninety-two. He practised as a notary for seventy-three years. He leaves two sons.

The death of Miss Maie Florence Metz of 127 Bridge street, occurred yesterday afternoon, after a lingering illness. She is survived by her widowed mother, one sister, Miss Elsie, and a half-brother, Charles E. Metz. The funeral will be held tomorrow afternoon at 2.30 o'clock from her late residence to Fernhill cemetery.

FUNERALS

The funeral of the late Charles Parker Baker, who died in Watertown (Mass.) and whose body was brought on here for burial, took place at 2 o'clock yesterday afternoon from his late residence, Manawagonish road, to Fernhill cemetery, where interment was made. The funeral service was conducted by Rev. Dr. J. A. Morrison and Rev. A. S. Bishop.

The funeral of the late Mrs. Ellen Anderson took place at 2.30 o'clock yesterday afternoon from her late residence, 13 Sewell street, to the Cathedral, where the funeral service was conducted by Rev. William M. Duke. The funeral was largely attended and a number of lovely floral offerings were received. Interment took place at the New Catholic cemetery.

The body of Mrs. George E. Fairweather, who died in Boston, arrived in the city on Saturday and the funeral took place at 3 o'clock yesterday afternoon from Trinity church. The funeral service was conducted by Rev. Canon R. A. Armstrong and interment was made at Fernhill cemetery.

It was meant as an expression of gratitude to Great Britain for the decision of the San Remo conference to restore Palestine to the Jews. In the parade were about 30,000 Jews.

UNVEIL TABLET TO MEMORY OF LIEUT. JOHNSTON

Impressive Service at St. Luke's Yesterday — A Record of Noble Sacrifice.

At the service in St. Luke's church yesterday morning a tablet erected by members of his family to commemorate the memory of Lieutenant Robin Louis Johnston, B. Sc., son of Mr. and Mrs. J. Cardy Johnston, was unveiled by his brother, Roland Johnston. The prayer of dedication was offered by Rev. R. P. McKim, rector, who also preached the sermon from the text "Steadfastly set His face to go to Jerusalem."

Lieutenant Johnston graduated with honors from McGill university in the subject of science and was awarded a scholarship. He received an appointment and at the outbreak of the war came to St. John and enlisted with the artillery. He was in the firing line in France with the artillery, but seeing brighter prospects in the Royal Air Force he was transferred to that branch of the service and while flying over the German lines was attacked by seven enemy planes and shot to the ground. Rev. Mr. McKim referred to his own personal regard for Lieutenant Johnston. The inscription on the tablet was very appropriate, referring to his noble sacrifice as crowning a lifetime of studious and conscientious devotion to the service of his God, his country, and his fellowmen.

BLOWN HIGH IN AIR; FARMER FALLS INTO WELL AND IS KILLED

Rochester, May 10—After being blown seventy-five feet in the air by an explosion of a gas pocket in a well on his farm, two miles from Genesee on Sunday, Myron N. Stapley, fifty-one years of age, a farmer ploughed to the bottom of the forty foot well and was killed. David Linton, a neighbor, was blown to the top of a windmill and probably fatally injured.

FRENCH MEDICAL MEN OPPOSE BACHELOR TAX

Paris, May 10—Opposition is developing among the French medical men to the proposed tax on bachelors. Professor Haymen of the French Academy of Medicine said: "From a financial standpoint the tax may be a good thing, but many persons afflicted with tuberculosis, epilepsy and other diseases may enter the marriage state to avoid this tax. In this event these dreadful diseases would spread. If France imposes a tax on celibates we shall find thousands of persons entering into the marriage contract with no thought of its sacredness. We shall have divorces and remarriages without number. The newspapers will be filled with cases of infidelity."

Machine for Blind to Read.

Glasgow, Scot., May 10—Great interest is being taken in an invention perfected by Professor Barr by means of which the blind are enabled to read ordinary print. The machine is known as an "optophone" and the principle underlying it is the conversion of light and shade into musical notes. The letter "a" for instance would throw a shadow different from other letters and thus is made to produce a different tone. Two blind girls were able to read twenty-five words a minute by means of the machine, and any book or paper can be used.

AN ARREST IN CONNECTION WITH BOND THEFT CASE

A. H. Erement Former Member of Canadian Commons

Taken in Chicago Relative to Negotiation of Some of the Securities — Denied Knowing Arnstein — Arrest Recalls Michael Connolly Case

Chicago, May 10—A. H. Erement, said by the police to be wanted in New York in connection with the negotiating of some of the \$5,000,000 securities alleged to have been stolen by "Nicky" Arnstein and "Nick" Cohen, was under arrest here yesterday. Erement, who had been living here under the name of C. E. Arthur, also was said to be wanted in Montreal and Buffalo in connection with an alleged \$125,000 wire tapping swindle.

William Carter of the Canadian federal police was in Chicago yesterday conferring with the states attorney's office. He said he would return to Canada to learn if the Canadian authorities desired to ask extradition papers for Erement. The man admitted his name was Erement, the police said, and that he was a friend of Philip Kastel, another man said to be wanted in the Arnstein case. Erement denied that he knew Arnstein, but was said to have identified a picture of Cohen as that of a man he met not long ago in Chicago.

Montreal, May 10—Arthur Erement, notary and ex-M. P. in the Canadian federal parliament, was arrested here in January, 1919, on a charge of conspiracy to rob, the charge being laid by Michael Connolly, in connection with alleged racing frauds at pool rooms in Buffalo and other places. Much evidence was had in a writ of prohibition was issued which stopped the case on the ground that the alleged conspiracy was charged to have occurred in a foreign country and accordingly could not be tried in Canada. The superior court quashed this writ. Appeal was taken by Erement and last week the court of appeal maintained the judgment of the superior court. Erement is under bail of \$10,000.

WEST IS TAKING LEAD IN AVIATION

Seventeen Aerial Taxi Companies Being Formed — Chinese Badly Hurt at Saskatoon.

(Canadian Press.)
Ottawa, May 10—No fewer than seventeen aerial taxi companies are being formed in western Canada and some of these have been already licensed by the air board. Lieut.-Colonel Scott, who has active charge of the certificates branch of the air board, has just returned after a tour of inspection of the west and reports great activity and possibilities for development of commercial flying in that section.
Air routes for transcontinental flights are established, experiment has established the best kinds of machines for different parts of the flight, and only ground organization is lacking to make passenger routes from coast to coast an every day possibility. It says the building of aerodromes is the important detail which has been neglected in Canada. Is Badly Hurt.
Saskatoon, May 10—Time Limon, a Chinese aviator, suffered a double fracture of the right leg and a broken arm when his Curtiss plane crashed down near the airframe here on Sunday afternoon. It is expected he will recover. His machine was smashed beyond repair. Limon had tried to qualify for a private license on Saturday in flights he took here but he failed to make the tests.

MORE VESSELS FOR THE MERCHANT MARINE OF THE CANADIAN GOVERNMENT.

Ottawa, May 10—(Canadian Press)—Before the end of this month, eight more vessels will have been added to the Canadian government merchant marine, increasing the number of ships built and delivered to thirty-four. Before the end of the fiscal year, it is expected that the shipbuilding programme will be practically complete. All but eight of the vessels contracted for will then have been delivered, and the remaining eight will be well on the way.

MATTER OF FRENCH IN WESTERN UNIVERSITY.

Saskatoon, Sask., May 10—The Saskatchewan University senate decided to make no regulations requiring the study of French by all students in arts and professional courses. It was found that ninety per cent. of these students were already studying French, and the senate did not desire to prejudice the interests of the minority, though it approved the spirit in which a suggestion was made by Dr. T. A. Patrick of Yorkton.

DEATH OF MRS. WILLIAM CRABB
Friends will regret to hear of the death of Mrs. Isabelle Crabb, wife of William Crabb, of 188 Paradise row, which took place last evening after a lingering illness, at the age of seventy-four years. She was a devoted member of St. John's (Stone) church and was active in church work until her health became impaired. Besides her husband, she leaves one daughter, Mrs. Wilfred C. Day, and one sister, Mrs. John Howe, both of this city, and four grandchildren. The funeral will take place on Wednesday afternoon at 2.30 from her late residence.

MRS. JACOB LUPPE
The death of Mrs. Sarah E. Luppe, widow of Jacob Luppe, occurred yesterday afternoon at her home, No. 3 Union alley, after illness of a year. Before marriage, Mrs. Luppe was Miss Sarah Kane. She was fifty-five years old, and is survived by four daughters and five grandchildren. The daughters are Mrs. Joseph Miller and Mrs. Gilbert Lanchner, both of St. John, and Mrs. Jack Gomes and Mrs. Joshua Payne, both of Boston. Fred. Luppe of St. John is a brother-in-law. The funeral will be held on Tuesday afternoon at half-past two, from her late residence in Union alley.

MRS. FANNIE A. BAYARD
The death of Mrs. Fannie A. Bayard, wife of the late Robert E. Bayard of Westford, took place yesterday morning at her home after a brief illness, at the age of fifty-six years. She was an active member of the Anglican church, and will be missed in Westford and elsewhere by a large circle of friends and relatives. She leaves her father, Malcolm McKenzie; one son, W. K. Bayard; one daughter, Gertrude Westford; and one daughter, Mrs. R. L. H. Goodday of Bear River, N. S., and three brothers, Philip E. and Arthur Z., of Westford, and Charles R. of Westford. Much sympathy is extended to the bereaved ones. The funeral will be held tomorrow afternoon from her late residence to Mount Hope cemetery.

TO ARRANGE WITH TOWN PLANNING COMMISSION

City Will Not Deal With Alexandra Heights Matter Until This Has Been Done—Other Matters Before Council.

The common council met in committee this morning with Mayor Schofield in the chair and all the commissioners except Commissioner Frink present. Commissioner Thornton reported regarding Sunday closing. The solicitor, in a letter to the commissioners, stated that the cases would have first to be reported to the attorney-general within sixty days after the date of the alleged offence and await orders for prosecution. On motion, it was decided to send all correspondence in the matter to the Retail Merchants' Association for their information.

On motion of Commissioner Thornton, permission was granted to the D. S. C. R. to install a 220 gallon zinc tank at their garage, 66 Charlotte street. Commissioner Thornton moved that Jas. Kennedy be appointed surveyor and measure of lumber for the city of St. John for the current year. Carried.

On motion of Commissioner Bullock the usual half-holiday for city employees was agreed to.

On motion of Commissioner Bullock a lot in King street east between Pitt and Crown streets was recommended to James Sterling for 500. The lot is now under rental to the proposed purchaser at \$20 a year.

The mayor advised that a large delegation of West Indian merchants was to pass through the city about May 25 and suggested the city co-operating with the board of trade to entertain the visitors on their way to Ottawa.

On motion of Commissioner Jones the mayor was appointed to deal with the board of trade and report back. The mayor suggested that a dinner might be given the delegation here to impress on them the fact that "this is St. John."

A letter was read from J. A. Grant & Co., Ltd., asking for return of checks accompanying paving tenders. The common clerk was asked to bring in a report on the matter at the next meeting.

The matter of plans for use of the board of assessors was brought up again but it was decided to leave the matter over to the next meeting.

A petition signed by several city teamsters was read. On account of the increased cost of feed, shoeing, etc., they said that \$8 for a double team now paid by the city was insufficient and, whereas most of the city contractors were paying \$10 a day, they asked that the city raise the payment to \$10. The matter was referred to the commissioner of public works for a report.

F. A. Dykeman and W. C. Cross appeared regarding the Alexandra Heights matter. Mr. Dykeman said that he had carried out his part of the agreement as to grading a street between Connaught and Chesley streets and also Connaught street.

Commissioner Jones reported that the contract had not been completed as he said the street had not been graded nor were the owners willing to pay 10 per cent a year of the cost of installing water and sewerage, contained in the agreement.

Mr. Dykeman said Connaught street had been graded and the other street was not completed as the road engineer had considered it impracticable.

It was finally decided to leave the matter over until the owners had an interview with the Town Planning Commission regarding the size of lots and refer the matter back to the council.

The mayor said he was quite sure the council would assist in the work if the owners would guarantee sufficient to cover the cost of the installation of water and sewerage.

MATTER OF FARES ON MAGGIE MILLER

Shareholders Decline Offer of Government

Arrangements Made for Another Service on Kennebecasis—Statement on Matter Given Out Today.

The Provincial Department of Public Works has been informed by Captain White of the steamer "Maggie Miller," on behalf of the shareholders that the offer of the provincial government at its last meeting to increase the passenger fares and the team fares between Millidgeville and Bayswater and Somerville has been rejected, because, in the opinion of the shareholders the increase offered is not enough.

The steamer "Maggie Miller," when the present government came into power had its subsidy increased from \$1,000 to \$2,500 a season and in addition the government undertook to pay the fares to and from the city for all the bona fide residents and their teams resident on the Kingston peninsula.

The owners of the steamer in 1914 had been granted \$2,500 a year for three years in order to defray the cost of making certain repairs and alterations in the steamer. This increased allowance terminated with the season of 1916, but the first year of the present government the increased allowance made for repair and building purposes was continued to the steamer every year as a subsidy. The passenger and team service. In addition the government paid for the transportation of free passengers and teams nearly \$2,000 a year for the last three years.

In 1917 at the request of Captain White and his associates, the passenger and team fares from Millidgeville to the Kingston peninsula were also increased and the fare to Bayswater was made twelve cents and to Somerville ten cents per passenger, and the single team fares from Somerville and Bayswater were also increased proportionately.

The government, in consideration of the fact that they had increased the subsidy to \$2,500 a year, paid at the rate eight cents from Somerville to Millidgeville and ten cents from Bayswater to Millidgeville with a corresponding rate for teams.

This year, however, Captain White and his associates made a request that the fares from Millidgeville to Bayswater and Somerville be increased for passengers and teams and also that the fares for bona fide residents which are paid by the government be increased. Their request so far as passengers both to and from the mainland was granted and passenger fares from Millidgeville to Somerville were made twelve instead of ten cents, and from Millidgeville to Bayswater fifteen instead of twelve cents. Single teams between Millidgeville and Somerville were increased from twenty to thirty cents and to Bayswater from thirty to forty cents. Double teams were increased from Millidgeville to Somerville to forty-five cents and to Bayswater fifty cents.

The government agreed not only to pay a subsidy of \$2,500 a season, but also to pay ten cents a passenger instead of eight cents from Somerville to Millidgeville and twelve instead of ten cents from Bayswater to Millidgeville. For single teams they agreed to pay between Somerville and Millidgeville twenty instead of fifteen cents and between Bayswater and Millidgeville twenty-five instead of twenty. For double teams they agreed to pay from Somerville to Millidgeville thirty cents instead of twenty and between Bayswater and Millidgeville thirty-five instead of twenty-five cents.

These increases were considered to be very substantial, but the increase in team fares paid by the government was five cents less for single teams and something less for double teams than Captain White and the owners of the "Maggie Miller" requested. They therefore have been fit to decline the offer made by the government, which, in round figures, would mean the payment to the "Maggie Miller" for subsidy and free fares of more than \$5,000 a year.

In consequence of the refusal of Captain White and his associates to accept the proposition of the government for increased fares, arrangements were made this morning with Lewis Keith to carry on a motor boat service, and if necessary a freight boat service, between Bayswater, Somerville and Millidgeville by which the bona fide residents of the Kingston peninsula will be carried free, as usual, and the usual fares charged for those non-residents leaving the various wharves.

The new service will leave Bayswater at 7 a. m. on the mail trip and return, leaving Millidgeville for Bayswater at eight o'clock. Then there will be a trip from Bayswater to Indian town at 9.15 and the return from Indian town to Bayswater will be made at 3 p. m. There will then be another trip from Bayswater at 3 p. m. for Millidgeville and the last trip, the boat from Millidgeville to Somerville, Kennebecasis Island and Bayswater will be made at six o'clock.

This statement was handed to the newspapers this morning by E. S. Carter, inspector of highways for Kings county, who expressed his regret that the very satisfactory Bayswater-Somerville, Millidgeville service has been interrupted, but felt that the government could not be asked to be more generous than they had been towards the owners of the "Maggie Miller." He said that by reason of the free fares from the Kingston peninsula to Millidgeville, the traffic had increased very greatly and the revenue to the owners correspondingly increased. It might not be possible to obtain a satisfactory conveyance for teams as soon as desirable, but every effort would be made to satisfy the needs of the people on both sides of the river.

OF INTEREST TO SOLDIERS.
The following information has been received at local military headquarters regarding the physical fitness of members of the non-permanent active militia: A good many requests have been received at militia headquarters for a ruling with regard to the position of N. C. O.'s and men who are receiving Canadian expeditionary force disability pensions, but are still able to serve in the active militia, non-permanent.

The Board of Pension Commissioners of Canada have ruled that the enlistment of a pensioner in the active militia, non-permanent, will in no way prejudice his eligibility for pension from that board.

The Final Touch to a Living Room

If there is one room in the house that is rightly named it is the living room—the one part of the house in which the family assembles to enjoy each other's company and to entertain and be entertained.

Living-room furniture, above all else, should be luxurious, comfortable and of good appearance in order that it may have its proper effect upon the occupants—and there's a great deal more happiness comes from the environment of surroundings than there is from the actual acts intended to promote pleasure.

It may be a davenport, a table or perhaps a chair that will give to your living room that final artistic touch that it needs.

But no matter what your requirements may be, this store offers the finest variety of furniture at attractively moderate prices.

FISH INSPECTION BILL IS KILLED

Ottawa, May 10—(Canadian Press)—Bill 50 to amend the fish inspection act, in regard to uniformity of containers, inspection and grading of fish, affecting both the Atlantic and Pacific coasts, died this morning.

So far as this session is concerned, members of the marine and fisheries committee say that the bill is gone beyond recall. This is the first bill so killed this session, and also it is said to be the first killed in a similar manner in many years.

After the committee had proceeded for some time last week the chairman's attention was called to lack of a quorum. Then a motion for the committee to rise was carried. D. D. McKenna (Cape Breton North) and others contended that this killed the bill. However, when the committee again met this morning an attempt was made to revive it.

R. W. Wigmore moved that the committee approve the principle of the bill. This was defeated seven to six, and Mr. Duff's motion to report progress carried by the same figures. Then A. J. Pelletier of Matane moved "that the chairman do now leave the chair." This carried by six to five, one of the members having left the committee room and the bill was killed for this session.

OAK HALL'S BACK HOME SALE ALL THIS WEEK

Contractors Not Yet Ready to Take Over Building.

The Back Home Sale that is being conducted by Oak Hall at their old home stand, corner King and Germain streets, started on its second week, with just as many real bargains in men's and boys' clothing and furnishings as were to be procured during the first few days. The ever increasing cost of living these days is becoming a very serious problem to a great many men so when a genuine opportunity is offered them to practice real economy in buying their clothes and when the opportunity has the full backing of the well known Oak Hall guarantee, it should not require any lengthy consideration on their part to realize that they should take full advantage of it. At this Oak Hall Back Home Sale it means that a man can readily save thirty to fifty per cent. on a complete outfit, but he should not hesitate as this cannot last many days longer.

PERSONAL

Kenneth Morris, son of Mr. and Mrs. Hugh Morris of 71 Military road, left on last Friday evening's train to join his brothers, Charles and Harry, in Seattle, Wash., to go in business with them. Mr. and Mrs. Geo. F. Cunningham have gone on a short visit to New York.

IN WALL STREET.—New York, May 10, 10.30 a.m.—Improvement in the bank situation, favoring the stock market, led to a recovery of the clearing house and federal reserve bank, contributed measurably to the firmer tone of stocks at the opening of today's trading. The only noteworthy reversal was sustained by Crucible Steel which forfeited a part of its recent substantial rally.

Shipping, motors and coppers shared almost equally in the early gains, which ranged from 1 to 1 1/2 points. Oils were hesitant, reflecting latest news from Mexico.

The market experienced its usual reversal in the first hour on further realization of the fact that the market is not yet fully recovered from the effects of the greater activity later. Oils, including Mexicans, rallied easily probably as a result of further advances in prices of copper and refined products. Their recovery was attended by a sharp rise in allied shares, notably American Cotton Oil Company, American Linseed and American Chemical. Reading and Texas and Pacific continued to feature the rails, Baldwin Locomotive, the equipments and American Western. The week's ruling rate of 7 per cent and exchange on London again favored that centre.

Liberty bonds were irregular.

(Canadian Press Despatch.) New Glasgow, May 9.—The police and searching parties were engaged all day in scouring the woods for the two men who on Saturday held up and robbed Cashier Campbell of the Greenwood Coal Company, and got away with \$3,200 in cash.

NOT SATISFIED WITH VIEWS FROM THE TOP

(Canadian Press Despatch.) Ottawa, May 9.—Members of the parliament and others who have been taking advantage of the absence of workmen to explore the "upper regions" of the new parliament buildings, are in several instances complaining that the most magnificent view of the Laurentian Hills, and the territory across the Ottawa, to be obtained from the entire building, has been cut off from the use of the public and reserved for workers in the parliamentary restaurant.

FRENCH PREMIER TO FOLKESTONE FOR CONFERENCE

(Canadian Press Despatch.) Paris, May 9.—Premier Millerand and Minister of Finance Francois-Marsal are expected to leave here next Friday for Folkestone, where they will meet Premier Lloyd George, according to the Temps today. It has been forecast that financial questions would be discussed by the premiers at this conference and that an agreement might be reached regarding that basis of the discussions to be held with the German representatives at Spa. According to the programme the French ministers will return to Paris next Sunday evening.

VICTIM OF PROFITEERING TELLS OF WOES IN VERSE

New York, May 10.—Complaints against alleged profiteers continue to flood the federal profiteer hunters. One of the complainants, who signs himself "The Bard of Hard Luck" burst into verse, as follows: "I go into a restaurant and eat some ham and eggs. And when I go to pay the check there's tremors in my legs. I go into a haberdasher's to buy a pair of socks. And after I have paid the bill I've coughed up all my rox. I go into a hardware store to buy a keg of nails. And when that merchant names the price, the heart within me quails. I go into my tailor's and get a suit of clothes. And how I'm going to pay him only goodness knows. I've put myself in lock to pay a grasping landlord's rent. And when I pay my grocer's bill it doesn't leave a cent. I've traded off my house and lot to get a pair of shoes. And now I think it's time you gave the profiteer his dues."

TEN TINTS IN SHOES AND NEW DRESS COLORS COMING

New York, May 10.—Ten tints in shoes are to be fashionable this season. There is a wide range in the brown shades dedicated to footwear, but although brown may be brown to the casual shopper there is a vast difference to the fastidious mind between chestnut, Arizona, moccasin, Morocco, Chippendale and camel, which are a few of the fashionable foot tints for summer wear. For the rest of her attire the summer girl may run to the most vivid shades for evening, with more subdued wear for street appearance. Egypt and Cairo are two of the new bright blue shades, and in the purple family the novelties have been called huckleberry, bramble and perilla. Parakeet is the season's brightest green, and Capt is its equivalent in blue. Acro, hydro and radio, tints of Copenhagen, are of a less startling brightness, and will be rivals of the copper tones.

SETTLING IN CHATHAM

A Chatham paper says: W. H. Teed, B. A., B. C. L., has taken over the law office and business formerly conducted by Mr. Dorion, who has removed to Moncton. Mr. Teed is a graduate of the U. N. B., and took his B. C. L. from the King's College Law School at St. John. During his course he was three years in the office of his uncle, Dr. M. G. Teed, and after four years of service overseas he is hanging out his shingle in Chatham and will no doubt meet with deserved success. Mr. Teed is a son of Rev. A. W. Teed of Mount Whatley.

MEETING IN SACKVILLE

The Post also understands that the National Council of Women which will meet in St. John in June intend visiting Sackville, coming here by auto from Moncton.

TREES THAT ARE ACTUAL LIGHTING SUPPLY PLANTS

The candle-tree is to be found in the Pacific Islands. The nut which it yields produces a large quantity of oil, and the kernels of this candle-nut are strung together on a stick and lighted as a candle! The fruit of the candle-tree is usually about forty-two inches long, and about an inch in diameter. Of a yellowish tinge, hanging from the tree, it looks exactly like a collection of wax candles. Not only have these wonderful trees been discovered in the Pacific Islands, but it is recorded that some have been known to thrive in the Isle of Wight. Then there is the Japanese wax-tree, the fruit of which is mostly pure wax. This is used for making wax candles. The "wax fruit" which this remarkable tree bears, grows in bunches, just like grapes.

EXHIBITION CHIEF CABBAGETOWN BOY

Robert Fleming Once Hit Park Principal With a Snowball WITH CINDER IN IT Shot Ducks on Parliament Street—Stories of the Old Days Down East.

By OWEN GARRY. IN the old days in Cabbagetown the surface of the streets was mostly cinders.

Between forty and fifty winters ago there was a great battle between the boys of the old Palace and the old Park schools. The former were the aggressors and were gradually driving the Parkites to seek shelter when Principal Anderson appeared and began urging his scholars to fight.

The Palace strategist who turned defeat into victory with a single shot was young "Bob" Fleming, now Mr. Robert Fleming, who has just been chosen president of the Canadian National Exhibition in succession to the late Mr. C. A. B. Brown.

The sequel was somewhat sad for "Bob," for a white birch rod in the hands of his own principal, Gill, convinced him that teachers were exempt from sharpshooters. Yet the hocking was not as severe as it might have been, for it was the cinder rather than the snowball that Mr. Gill objected to.

"Bob" Fleming is really like his cousin, R. J. Fleming, James Rycie, Judge Costworth, and a host of other well-known Cabbagetown products, an old boy of Park school, for he went there before joining Palace school.

Those old days in Cabbagetown were full of fun. The people were also friends, mostly Old Country folk who lived in the closest amity, unmindful of differences in race and religion.

"Bob" Fleming was born on Spruce street. He remembers his father and John O'Neill's father walking to the asylum on Queen street west, getting there every day at 7 o'clock, and working through to 6 o'clock in the evening, then walking home.

Those old days in Cabbagetown were full of fun. The people were also friends, mostly Old Country folk who lived in the closest amity, unmindful of differences in race and religion.

Mrs. McKinney, Alberta Legislator, Is a Keen Fighter for Temperance

Recently Introduced Resolution in Legislature to Kill "Prescription Evil"—Now Off to Attend International W.C.T.U. Meeting in England.

By GERTRUDE M. ACHESON. ON a farm at Athens, Ontario, were spent the childhood days of Miss Richard Crumney, daughter of Mrs. Louise C. McKinney, M.L.A. of Alberta, who has the honor of being the first woman member of Parliament within the British Empire.

Her colleague, Miss Roberta MacAdams, M.L.A., of Ontario, a native of Guelph, Miss MacAdams was not elected until a few weeks after Mrs. McKinney, owing to her ballot being taken overseas.

Mrs. McKinney has been in the public eye of late in connection with her temperance resolution, which was aimed directly against the "prescription evil." Although the resolution failed to pass, being a straight Government vote, Mrs. McKinney expressed herself as satisfied with the result.

As it was a resolution contrary to the Government policy it really amounted to a want of confidence vote, so we did not expect it to pass," she said. "A state of lawlessness such as this cannot be tolerated."

Mrs. McKinney sailed for England early in April to attend the International Convention of the W. C. T. U.

Robert Fleming

"Bob's" home on Spruce street was a creek where minnows swarmed. It was there he learned the passion that has sent him up annually in later years to Fort Severn on the Georgian Bay to fish. Parliament street was a country road with creeks on the sides which froze in the winter and afforded ample skating rinks. At the corner of Queen and Parliament streets was a meadow where in the fall small boys learned to pitch hay.

Round Wilton and Parliament streets was the most wonderful beech and pine bush, swarming with wild pigeons. These might be found in the woods along the way from Wellesley street to the cemetery. Duck abounded on the Don flats, then a turbulent river after stretching from hill to hill in what is now Riverdale. No wonder young "Bob" became a crack shot and that Mr. Robert Fleming has been for years president of the Stanley Gun Club.

Then there was the rowing on the S-shaped course running from Winchester to the Gerrard street bridge, and in those days almost coming up to the elephant house. Skiffs were unknown to those lads on the Don flats, but they pulled lustily at heavy scows.

Mr. Fleming worked for years for the King's printer in the Normal School. He was in the printing business for himself from 1879 to 1884. He has been for years editor of the Canadian Oddfellow. Since 1882 he has been editor of the Canadian Order of Oddfellows.

Mr. Fleming, as member of the City Council from Ward One, fought for and fathered the high water pressure system. He represented the Council on the Exhibition Board in 1905 with such success that the late Dr. Orr urged him to continue his services. He has been elected to the board ever since. He was second vice-president for two years. He was elected first vice-president this year. Now he is president.

Mr. Fleming has been chairman of the Exhibition's finance committee for years. He is not the only financial expert in his family. Sir Thomas White is his first cousin.

For years, too, he has been in charge of the grandstand, packing thousands there with a skill and a lack of discomfort that has made his other first cousin, R. J. Fleming, the sardine-packing Street Railway king, green with envy. "R. J." often wishes that the street cars had laws like the grandstand of the Exhibition.

Then "Bob" Fleming is also a counsellor. His first cousin, Mr. J. J. Thompson, M.P., whose geniality is on a par with his own.

T. U., an organization with which she has been connected since her childhood days. When teaching school in North Dakota—in which State she lived for eleven years, and where her marriage took place—she was in W. C. T. U. work as a lecturer and evangelist, and for years she has been president of the W. C. T. U. for Alberta, and a vice-president for the Dominion.

Brought up on a farm, and living on a farm since coming to Alberta in 1903—for the past seven years at Clarendon—Mrs. McKinney is familiar with farm problems, and as a candidate of the Farmers' Non-Partisan League, was elected to her present constituency.

Her husband is an Ottawa man, and his brother and sisters still reside there, and her one son, 22 years of age, is now taking a post-graduate course in chemistry at McGill, preparing for scientific research.

Mrs. McKinney is a member of the Methodist Church, and very active in the women's Sunday school and mission activities of that organization. She is also vice-regent of the Chapter of the Daughters of the Empire at Clarendon, and through her position in the W. C. T. U. is a member of the Provincial executive of the National Council of Women.

DICK GREER KNOWS LAW AND LIFE TOO

York County Crown Attorney Is Both a Sportsman and a Scholar.

'PLUGGER' AT COLLEGE

He Raised the Sportsmen's Battalion in Twenty-one Days' Recruiting.

TORONTO and York County are losing one of their ablest and most forceful public men in the retirement from the post of County Crown Attorney of Dick Greer.

He ends his official career at 42 years of age and commences private practice; the reverse of most men's career. Richard H. Greer has never been governed by the general run of affairs, however. He is a man of logical mind and hard head and a strong and determined will. As Crown Prosecutor in the County Court, he has been noted as a very just and able lawyer. But to the public not acquainted with him, it has appeared something of an anomaly that a man so prominently identified with sportsmen and athletics could be at the same time the scholarly and thoroughly-read man of law that Mr. Greer undoubtedly is.

The solution of this mystery is found as far back as his boyhood days. He was known at the University of Toronto as one of the greatest ball-players that college had ever turned out. He was otherwise prominently identified with athletics.

Yet at the same time he was a student of that thorough type described as a "plugger." A class-mate of his tells that in one of the senior years a certain monstrous fat book on law was prescribed for reading. Now, even those not engaged in sport had no time to read this vast tome other than in glancing through it, reading only the subheads and certain marked passages indicated by merciful professors. But Dick Greer, the athlete and lawyer, found time to read the whole book.

He explained that if a book was worth writing and worth reference, it was worth reading.

Ever since his college days he has maintained a lively interest in all sport, which, combined with his instinct for thorough study and investigation, have made him an outstanding figure as Crown Attorney—acquainted with life as well as the law.

His Good War Record

WHEN the war broke out, he was one of the chief organizers of the Sportsmen's Patriotic Association. Among other funds, he helped raise money for a machine gun to present to some Toronto unit. He set out for \$1,000 and got \$10,000. So he and other officials of the Sportsmen's Association called on General Legie for advice as to how best to spend it. General Legie asked them why not raise a battalion of sportsmen. So Mr. Greer set out early in 1916 to study the military science, training his commissions as lieutenant, captain, major and lieutenant-colonel, and then raising the 18th Sportsmen's Battalion in twenty-one days' recruiting.

Lieut. Col. Greer, of course, was promised that his battalion would go overseas and to France as a unit. When on arrival in England he was told that the hope of this was dead. He tried by every possible device to get at least a company of Sportsmen under his command to go to France. In reply, the Big Wigs gave him a job holding down a desk in one of the administrative camps in England.

Mr. Greer, with typical promptness called on the Big Wigs and demanded to be sent to France or sent home as a private. He was told that he was a stranger. So he was sent home. He came home with the best grace possible, but a hard-headed and strong-willed man is not capable of very much grace when powers with which he is helpless to grapple deliberately pass up his services.

On one occasion before the war a well-known athlete and good friend of Col. Greer's got into mischief and came before Greer's court. Mr. Greer prosecuted him, of course, as if he were a stranger. And the full penalty was enacted.

Overseas, the sportsman under Col. Greer received the same treatment. One of his officers was inclined to be delinquent and to ignore the regulations as to hours and passes. Col. Greer sent for him and confined him to camp for one week, although in private life they were fast friends.

In court one time, Mr. Dewar, the present Liberal leader, was going rather hard against one of the Crown witnesses. Mr. Greer objected several times. Then said: "Mr. Dewar, I would expect to assume the same method with your client when he is put in the stand."

And Mr. Dewar, seeing that Greer's "dander" was up, decided not to put his client in the witness-box at all.

THE POLICY.

Grant Morden Famous at Forty, Canadian Has Done Big Things

Is an English M.P., and Has Just Organized a Huge Steel Corporation.

TRIP INTO GERMANY

Made During War to Discover Secret Aeroplane and Zeppelin "Dope."

L T-COL. W. GRANT MORDEN is a financier, a Canadian and a Unionist M.P. for the English constituency of Brentford and Chiswick, who has a habit of jumping emphatically into the public eye at intervals. His latest effort is to organize a huge company known as the British Empire Steel Corporation, backed by enormous capital and stated to be the biggest industrial concern in the British Empire.

Born exactly forty years ago in Prince Edward County of United Empire Loyalist stock and educated at the Toronto Collegiate Institute, young Morden jumped into business life with an objective and a consuming ambition. Both have been more than realized. Before he was twenty years of age he was in business for himself, already started on his career of creating and merging. It was uphill work for him for years, a hard struggle with disappointment and sometimes failure, but in 1912 he finally arrived. That year he accomplished his first big merger, the Canada Steamships Line, embracing half a dozen shipping companies. He had some over to England, got such men as Lord Furness of the Furness Company and Sir Trevor Dawson, managing director of Vickers' Co., interested in the scheme, and returned backed to the extent of \$15,000,000.

The war undoubtedly was a factor in making the merger the financial success it has since turned out to be, for its flotation was unfortunate enough to coincide with the beginning of the depression period.

Grant Morden is accused by his friends of having lots of grit. During the war he proved it in an unusual way. He had been acting in the early months as staff officer in England to the Canadian Minister of Militia, but he gave up this and adventured to Switzerland, where he got into touch with the brothers Dreyfus, seeking "dope" for British aeroplanes. He went further; he went right into Germany and secured knowledge of the materials used by the Germans in the building of their Zeppelins and secrets of enormous importance to the British air services. The story of his trip into Germany has never been made public, but it is betraying no secret to say that he took his life in his hands. However, he returned to Canada, where he was made chairman of the British Cellulose and Chemical Manufacturing Co., Ltd., whose factories covered hundreds of acres at Spondon in Derbyshire and at Willesden. It is said that \$30,000,000 were spent on plant and buildings. Shares jumped enormously in value, sixpenny shares becoming worth £14 10s. but Morden and his associates rendered great services through supplying such quantities of non-inflammable "dope" for painting aeroplanes.

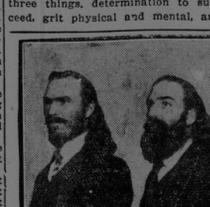

Grant Morden owes his success to three things, determination to succeed, grit physical and mental, and

A LIPTON STORY

AMONG the many amusing stories told by Sir Thomas Lipton is one concerning a Scotsman who went to a horse race for the first time in his life. The old fellow was rather feeble-minded and his companion who took him to the race meeting presently persuaded him to stake a sixpence in the third race on a forty-to-one shot. By some miracle this outsider won. When the bookmaker gave the old man his winnings he gave hardly believe his eyes. "Do you mean to tell me," he said, "that I get all this for my sixpence?" "You do," answered the bookmaker. "Ma conscience!" muttered the Scotsman. "Tell me, mon, how long has this thing been going on?"

Geo. O. Creelman

GEORGE CREELMAN A MASTER MIXER

Ontario Lawn Bowlers are All Cut Up Because He's Going Away to London.

A REGULAR LIVE WIRE

An Outstanding Leader in the Development of Agriculture as a Modern Science.

LAWN-BOWLERS in Ontario are terribly cut up over the appointment of George C. Creelman to the post of Agent-General of Ontario in Britain.

Just as the bowling season heats in sight, the Farmers' Government strikes a deadly blow at one of the greatest ancient sports in the world by removing one of its most distinguished and most popular devotees. Yes, sir; lawn-bowlers look on this appointment as a case of deliberate exile to strike at the cities and towns. With George Creelman gone, lawn-bowling will begin to lose its charm; and thousands of city and town dwellers, with bowling gone, will find urban life stale and oppressive. And they will return to farming. Thus the Farmer Government's despicable plot will have succeeded.

Except for the lawn-bowlers, however, everyone else regards Mr. Creelman's appointment to represent Ontario in Britain as a brilliant and eminently suitable action. Even the Farmer-phobes among the manufacturers have to admit that it exhibits an intelligence almost human.

Perhaps nobody in the British Empire except the King is called George by as many people as is Mr. Creelman. As director of the Ontario Agricultural College, at Guelph, he has met tens of thousands of citizens. Every club or association in the Dominion that decides to have an excursion includes in its itinerary the O. A. C. Thousands of manufacturers, engineers, professional men of all kinds, to prove their public spirit, have made a pilgrimage to the O. A. C. And of course the farmers from every corner of the Province regard the O. A. C. as their Alma Mater, real or adoptive. And all this numerous and diversified public has been met and personally conducted by Mr. Creelman.

Always Genial George

AND they have never forgotten him. Genial is the word most used to describe his personality. But it is far more than that. He has an imagination and originality of life in him that permits him to take a personal interest in everyone he meets. He has imagination to help him discover the hobby or interest of each visitor and to play up that interest to the hilt. The Prince of Wales, the humblest private individual who has called at the O. A. C., all have been met and personally conducted by Mr. Creelman as George.

This man, then, with a wide acquaintance not only with Canadians, but with hundreds of Britons, official and otherwise, who have visited him at Guelph, is the new representative of the Province in Britain. Needless to say, Ontario will not want friendly recognition in old Blighty.

From the foregoing paragraphs, one would gather that Mr. Creelman has devoted his life to lawn-bowling and to entertaining the public. Those who know him and his tireless devotion to his friends and the public often wonder to accomplish the things he has. He is one of the foremost agriculturalists in America. He is a graduate, for instance, of Cornell University, Wisconsin. He is also a graduate of Michigan, Mississippi Agricultural College, and has been one of the building up of the Ontario Agricultural College and of organizing agriculture and the farmers in the Province. He is a remarkable public speaker, full of humor, originality, and force. Beneath his genial and congenial spirit, he has toiled and schemed and manoeuvred to advance the cause of agriculture and to elevate farming from the depths of a labor to the dignity of a science and an industry. Who knows to what extent the coming into power of the Farmer party is due to the disarming and enthusiastic proselytizing aimed at classes of the community of Mr. Creelman?

Some Creelman Anecdotes

IF Mr. Creelman can't paint an attractive picture of Ontario to desirable colonists, if he can't describe our products to British purchasers, nobody can. Of Mr. Creelman's prodigious wit and humor it is vain to attempt to select examples. His college days were full of rare pranks, but his spirit is demonstrated best in, say, the practical joke on a very earnest fellow-student who devoted himself too simply to the study of insects. His rooms were full of cocoons, in various stages of hatching. Creelman decided to help the sober youth. So he collected various ridiculous objects such as cigar-butts and so on, and wrapping them carefully in cotton wool to look like cocoons, presented them to the student, and thereafter took a most hearty interest in them, helping his fellow-student watch for them to "hatch."

The Press Association excursion ten years ago had Mr. Creelman along, as the O. A. C. was included in their trip. Newspapersmen will not soon forget Creelman's "scene" with some strangers on board the steamer "Wauchope" when the excursion crossed Georgian Bay. Creelman, in a high fury, which startled his friends, objected violently to a party of stran-

TORONTO'S SAMSON IS AN INVENTOR

Giant With Spectacular Hair and Whiskers Arrives With New Harvesting Device.

HE'S AL LOFSTRAND

By FRED GRIFFIN. HE'S either out-of-place or out-of-date on Toronto streets—a caveman in clothes—a Viking grown soft and minus his tin helmet and the rest of his fighting gear, or a prophet just back from a sojourn in the wilderness on a half-hearted search for a barber shop.

But hundreds of people have turned to look after the great bulk of him, caught by the humor that smiles from his eyes, wondering at the mass of hair that falls uncut round his shoulders and at the brick brown beard of him that seems to spring from his great chest and only half hide the base of his throat, seen through his open shirt. They may even have smiled at his lumberjack clothes.

His name is Albin Lofstrand. He was born of Norse ancestry thirty years ago on a little farm in Minnesota. He went to school together for 150 days. Once he astonished the teacher by eight days at a stretch. His whole life was bounded by the ditches of the little farm. But when he came of age he asked his father for the price of his hire, received "no" for an answer and so set out on his adventuring.

His first three months of freedom found him cleaning out boilers in an engine roomhouse in Southern Minnesota. This introduction to mechanics started some wheels in his brain and it has been whirling ever since. He trekked to Vancouver. He has worked all over the West. He has been an engineer's helper. He has followed the plough and all the time he has been dreaming dreams, always he has been seeking the key to the puzzle.

He picked up a smattering of knowledge anyhow. He haunted libraries. He spent stuffy nights in little rooms, spelling out with painful slowness the secrets of dry books. In his search he bumped up first against perpetual motion, but the secret of it evaded his clutch. He next thought of inventing a motor, but the question of stability and "other things" was too great to overcome.

His Automatic Grain Stoker

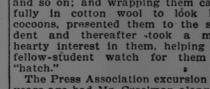

THEY tell you this and that "can't be done," he says, "but for the sake of the riddle in it you try." For the sake of the riddle! There is something pathetic in this strong man's search for the secret of the riddle. But at last he thinks he has found it and he carries it in his old battered grip.

It is nothing more or less than a model of an automatic grain stoker, an agricultural implement which is designed to take the sheaves of wheat up, turn them over tenderly like a mother with a baby, and set them carefully on their bases.

Surely a man never pinned his faith to or saw his dreams come true in a stranger mode than Lofstrand. The lower framework is made of rough-cut zinc. The stays and girders are scraps of wood, two light rulers doing duty for beams—spools and wire and wax are accessories. The pulley ropes are coarse cord. The wheels are the lids of tobacco tins. Two tiny U. S. flags, relics perhaps of some forgotten tin day, stitched together, do duty as a belt. Springs here and there play their parts.

And it works! Clumsily perhaps, and creakily, but it works. It picks up the tiny, dummy sheaves, jiggles with them and stands them up on their ends.

Albin has more than the model. He has blue prints of his invention and a carefully typed engineering description of it as well. He is down in Toronto since last November with a view to selling it to a big firm. He receives a small offer. "Some day they will wish they had given a million dollars for it," he declares. In the meantime he is helping to build a new theatre in the city, not superintending as an inventor might be expected, but working humbly somewhere among the foundations.

Albin Lofstrand

ers disturbing him in order to pass him on the deck. "What do you mean disturbing me?" he shouted. "When you get a seat, why don't you keep it?" And so on. The strangers were very embarrassed and not a little put out. Then, at the height of the "scene," that smile, like high noon, spread slowly over Mr. Creelman's face. And thus, by means of a practical joke, all on deck were made acquainted and a genial spirit seized the whole party. Mr. Creelman, master mixer, never permits stuffy formality to mar the fun of a stuffy day.

SERGEANT SHOT.

Dublin, May 9—A sergeant in the detective service named Revell was shot and seriously wounded Saturday morning in Hysborough road, a business thoroughfare, while on his way to report for duty at Dublin Castle. Two men shot the detective from behind and escaped. Revell wore a steel breast plate under his waistcoat, but the bullets struck unprotected portions of his body.

FILLING HOSPITALS.

New York, May 8—Alcoholic wards in city hospitals are filling up because of the disregard of the prohibition law. Birt C. Coler, city commissioner of charities, declared here today. Mr. Coler said that if conditions did not improve within the next month he would send out his inspectors "to uncover the real facts" and aid in a more rigid enforcement of the dry law.

REV. MR. GOODWIN HEARD BY THE U.N.B. GRADUATES

Preached Baccalaureate Sermon at the Capital Yesterday.

Fredericton, N. B., May 9—Rev. H. A. Goodwin, pastor of Centenary Methodist church, St. John, preached the baccalaureate sermon of the University of New Brunswick at the Fredericton Methodist church this morning. The sermon is a customary feature of the closing of the academic year which will come to a formal end on Thursday night with the annual exercises. In spite of a heavy rain a large congregation heard Rev. Mr. Goodwin, who delivered an eloquent and powerful discourse. The members of the class of 1920 and the undergraduates as well as members of the faculty, alumni and friends of the university, occupied seats reserved in the centre of the church. Preliminary to reading the scriptural lesson Rev. Mr. Goodwin announced that he considered himself honored to be asked to address the graduating class and others connected with the University of New Brunswick. He desired to impress upon them the fact that religion must be united with knowledge. Culture must be regarded as a factor of spiritual development if success is to be achieved in the world. He would

ASSASSINATED.

London, May 9.—Ibn Rassid Emir, of Hail, one of the principal rulers of Central Arabia, has been assassinated. The killing of the Emir is believed to be the outcome of a tribal affair, and not of a political nature. Several of his family have been assassinated for several generations past. The Emir was allied with the Turks during the war.

How to Get Rid of Tenants.

London, Eng., May 10.—An engine driver, who said he had a good deal of night duty, necessitating his sleeping in the day time, complained to the Wiltshire magistrate that his landlord, failing to get him to move, has resorted to the method of playing a gramophone in order to disturb his rest and force him to vacate his rooms.

Sixty Killed in N. Y. Streets.

New York, May 10.—Sixty persons were killed in New York streets during April, fifty by automobiles, four by trolleys and six by wagons.

LEMON JUICE

FOR FRECKLES

Girls! Make beauty lotion for a few cents—Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quart of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless and never irritates.

One Great Essential To a Woman's Health Is Her Nerves

Nature intended women to be strong, healthy and happy as the day is long, instead of being sick and wretched. But how can any woman be healthy and happy when the whole nervous system is unstrung. The trouble is they pay more attention to their social and household duties than they do to their health. Is it any wonder then that they become irritable and nervous, have hot flushes, faint and dizzy spells, smothering and sinking spells, become weak and nervous, and everything in life becomes dark and gloomy?

Milburn's Heart and Nerve Pills are the very remedy that nervous, tired-out, weary women need to restore them to the blessings of good health.

Mrs. P. H. Ryan, Sand Point, N. S., writes:—"I have been a great sufferer from nerve troubles. I was so weak and nervous I could not sleep at night and my appetite was very poor. I could not walk across the floor without trembling. I had hot flushes and fainting spells. When I was on my second box of Milburn's Heart and Nerve Pills I began to feel better and kept on until I had used six boxes when I felt like a different person. I am never without them in the house and recommend them to all who suffer with their nerves."

Price 60c a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Stop Boat Passes to Women.

New York, May 10.—Collector of the Port Newton has revoked passes to women reporters, most of them from fashion trade papers. The passes permitted them to go down the bay and board liners. Officials feared the women might fall from the boarding ladders used to scale the steep sides of the liners from the revenue cutters. The women are indignant.

A Shock in Frock.

Brussels, Belgium, May 10.—A young and good-looking girl created considerable surprise by appearing on the boulevards in midday in a sweater, loosely knitted in khaki wools, which fell straight from the neck to the feet. No one knew whether it looked more like a nightgown or a shroud. The fashion has not spread.

Buyers Town for Million.

Cardiff, Wales, May 10.—Major H. J. P. Thomas has bought the town of Milford Haven. It cost him \$1,000,000. By his purchase Major Thomas becomes owner of 1,000 houses, the lord of the manors, and the owner of Castle Hill Mansion House, and the market tolls of the rising port of Milford.

HAD ECZEMA For Over 28 Years

Ecema or Salt Rheum manifests itself in little round blisters, which contain an extremely irritating fluid. These break and subsequently a crust is formed, and the intense burning, itching and smarting, especially at night on when the part is exposed to any strong heat is almost unbearable.

The success which Burdock Blood Bitters has met with in skin diseases of such severity is due to its wonderful blood cleansing and purifying properties, and we know of no other remedy that has done or can do, so much for those who are almost driven to distraction with the terrible torture.

Mr. James Walker, 102 Niagara St., Hamilton, Ont., writes: "I have been using Burdock Blood Bitters for some months past, and find it an excellent remedy for skin eruptions. I have suffered with eczema for over 28 years, and have tried almost everything you could think of. I was recommended to use Burdock Blood Bitters, and I am now clear of my skin trouble. It is certainly a good remedy and I shall recommend it to all my friends."

Manufactured for over 40 years by The T. Milburn Co., Limited, Toronto, Ont.

MAY 24TH AS DECORATION DAY

Montreal Preparations for Honoring Memory of Soldier Heroes.

Montreal, May 10—Plans for an unusually elaborate celebration of decoration day are being prepared for May 24 by the Last Post Fund, with the hope of establishing that date as a national decoration day for the honoring of the graves of soldiers and sailors who have served their country. Q. S. Carson, chairman of the committee, and A. H. Hair, secretary, said on Saturday that it was expected that at least 10,000 school children would take part in the ceremonies, while the speakers would include Sir Charles Fitzpatrick, lieutenant-governor of the province, Premier Sir Louis Lomer Gouin and Hon. Rodolphe Lemieux.

The G.W.V.A. fair committee held a meeting yesterday afternoon in the association hall, to discuss and arrange for the fair to be held towards the last of the month in St. Andrew's rink. J. Dryden is chairman of the committee.

AFTER SUFFERING A WHOLE YEAR.

Mrs. King Was Made Well by Lydia E. Pinkham's Vegetable Compound.

Iola, Kansas.—"I was a constant sufferer from female trouble for about a year. I had pains in back and stomach, in fact all over me, and was all run down. A friend of mine was cured of the same trouble by Lydia E. Pinkham's Vegetable Compound. I took it and it gave me health and strength and made a new woman of me. I cannot praise your Vegetable Compound too highly, and you may publish my testimonial as it may be the means of helping some other suffering woman."—Mrs. IRENE KING, 105 West Campbell Street, Iola, Kansas.

The great number of unsolicited testimonials on file at the Pinkham Laboratory, many of which are from time to time published by permission, are proof of the value of Lydia E. Pinkham's Vegetable Compound, in the treatment of female ills.

Every ailing woman in the United States is cordially invited to write to the Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., for special advice. It is free, ready to bring you health and may save your life.

SALTS FINE FOR ACHING KIDNEYS

We eat too much meat, which clogs kidneys, then back hurts and bladder bothers you.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless, inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

Wage Matters in Moncton Are Settled

Moncton, N. B., May 9—At a meeting of representatives of contractors and laborers on Saturday, the wage schedule for the coming year was, with the exception of the plumbers, satisfactorily settled, and thus came to an end the brief tie-up of building operations in this city. J. A. McDonald, of Amherst, was the chief spokesman for the labor organizations.

The carpenters at first asked for seventy cents an hour, but at the conference increased this to eighty cents. The contractors offered sixty-five cents and a settlement was effected at seventy cents. The bricklayers asked for \$1.00 an hour and the contractors offered ninety cents. An agreement was reached at ninety-one cents.

The plumbers asked for \$1.00 an hour, but came down to eighty-five cents. They have been offered seventy-five cents and there the matter rested at the close of Saturday's conference.

THE AWFUL REACTION OF INFLUENZA

May be Overcome by Vinol Because it Enriches the Blood and Creates Strength.

Sickness always leaves the blood poor, thin and devalued and the system weak, run-down and in a nervous condition. The one great remedy to create strength after sickness is VINOL, because it contains the tissue building elements of fresh cods' livers, aided by the blood strength and vitality making elements of tonic iron, beef peptone and hypophosphites. It creates a hearty appetite, aids digestion, quickens the circulation, and every nerve, organ and muscle of the body is soon filled with new strength, energy and vitality.

If you are just recovering from influenza, the grippe, or any severe sickness, VINOL is what you need to build you up.

Your druggist will return your money if it fails to benefit you.

WATCHING FOR MACKEREL

The government steamers Hochelag and Aricux, both equipped with wireless, yesterday started on mackerel scouting operations. These boats will be stationed thirty or forty miles off Cape Sable and will communicate with the Barrington wireless station as soon as mackerel are sighted west of New York ten letters landed 95,000 pounds in one day.

Novel War Memorial

London, Eng., May 10—Cadmere End, a Buckingham village, possesses a unique memorial of the villagers who fell in the war. It is a bronze and silver cover for the front in the church. The silver was contributed by the villagers themselves, and there was hardly a cottage but gave an old coin, thimble, vase or medal to be melted down.

A Pommeranian Innkeeper Kills Family

Berlin, May 9—A village in the Greifenhagen district of Pommerania has been the scene of a terrible domestic tragedy. A country innkeeper suddenly turned on his wife and her family, killing his wife; her sister, and her parents. Another relative had a narrow escape, but saved herself by jumping out of a window. The man then locked himself in the house and committed suicide.

The reason for the crime is said to have been quarrels which had gone on for years between the landlord and his wife.

McGILL DEGREES

Montreal, May 9—Among the results of degrees and honors list announced Saturday by McGill University, the following students passed for the degree of Bachelor of Arts:

Angus H. McLean, Orangedale (N. S.); Cecil Wray Townshend, Wolfville (N. S.); Sarah Symonds Cameron, Sydney (N. S.); Gwendolyn Gordon Ewing, St. John (N. B.); Brenda Macdonald, Halifax (N. S.); Jean Reid, Grandville Ferry (N. S.).

Passed for the Degree of Master of Science—Marion Anderson, B. A., Fredricton, N. B. (in absentia).

Miss Ewing is a daughter of Mr. and Mrs. George R. Ewing, 84 Duke street. Miss Ewing not only passed for her degree, but also led her class and has received a special certificate. She completes her four years' course at McGill.

DEGREES FROM QUEBEC

Kingston, Ont., May 9—Degrees were conferred by the Science Faculty of Queen's University on Saturday as follows:

B.Sc., Civil Engineer—F. E. Freda, Chester (N.S.) and W. B. Musgrave, Halifax (N.S.).
Chemical—H. J. Rowley, honors, St. John (N.B.).

Buried Alive for Ages.

Paris, May 10—Living organisms incomparably older than the microbes found in Egyptian pappi have been discovered by Dr. Galippe of the French Academy of Science. It is thought that these organisms may probably be among the earth's earliest living things. In some pieces of fossilized amber Dr. Galippe found micro-organisms which he considers can only have been imprisoned in the amber while it was in course of formation in the very early stages of the earth's history. On being set free these organisms manifested very evident signs of life.

STRIKE OF TORONTO STREET CAR MEN DECLARED LIKELY

Toronto, May 10—Employees of the Toronto Railway Company have decided to demand eighty-five cents an hour at the expiration of their agreement with the company on June 16. The present rate is fifty-five cents, and this was obtained only after a two weeks' strike last summer. The decision to ask eighty-five cents was arrived at a meeting on Saturday night.

As the company's franchise will expire next year it is anticipated that the men's demands will be refused and a strike precipitated.

BARS ALL GERMAN ACTORS.

London, May 10—German music hall artists, eager to get out of Germany, are reported to be offering to accept contracts of salaries far below those of present British performers, and in Norway, Sweden, Denmark and other countries are said to be engaged for half their present remuneration.

British Artists' Federation Calls a Halt on Cut-Rate Invasion.

The British Artists' Federation, in consequence, has issued a strongly worded memorandum. The chairman of the federation points out that a resolution was passed pledging the federation to oppose the licenses of managers who play German turns "within three years after the declaration of peace."

DEBATE ON PROHIBITION.

An interesting debate was held last evening in the Young Men's Hebrew Association rooms, Horsfield street, when the subject "That the prohibition of the sale of liquors is a success," was argued. The affirmative side was upheld by Sydney Isaacs and Herman Silvoos, while the negative was argued by Eli Boyaner and Isadore Andur. The judgment was given by H. L. Culver, United States consul, who decided in favor of the negative. Max Caspary, presiding after thanking Mr. Culver for acting as judge, said that debates would be held by the association at regular intervals in the future.

NEW MANSE AT NORTON.

The members of St. Andrew's Presbyterian church, Norton, have purchased the property recently owned by Joseph D. Bell, for a manse, and the pastor, Rev. Mr. Sear, and family, expect to move into it in the near future.

More Imports From England To Canada

Ottawa, May 9—Canada's imports for consumption during the twelve months ending March of this year and which duty had to be paid, show an approximate increase of \$169,000,000 in value over the previous twelve months, according to a statement issued by the bureau of statistics. For the year just ended the total was \$938,649,211 as against \$826,475,777 for the previous year and \$842,519,893 for the fiscal year of 1918.

Free goods in the last year totalled \$370,972,868, or a total of imported goods for consumption of \$1,066,616,169.

Total exports of merchandise went to \$1,286,688,709, of which \$1,239,462,098 is classified as Canadian, and \$47,226,611 as foreign. This does not, however, reach the 1918 total exports which was valued at \$1,686,169,792. A noteworthy fact, however, is that while exports to the United Kingdom are still falling away, those to the United States are still largely on the increase. Imports, however, from the old land continue to show a marked increase over those coming from across the line. Figures show a forty per cent increase in imports from Britain in 1918, while from the States the increase is less than two per cent.

Articles for the army and navy imported during the fiscal year of 1918 totalled more than \$130,000,000 in value, while for the year just ended, the aggregate was a little more than a million and a half.

BURNS TO DEATH WHEN AUTOMOBILE TURNS TURTLE

Elmhurst, N. Y., May 9—Mrs. Helen Broxley, of Newari, N. J., was burned to death early today when an automobile in which she was riding with three companions turned turtle here. John Daly of Long Island City and Mrs. Freda Bartell of Newark, two other occupants of the machine, are being held by the police. They were uninjured. The fourth occupant of the machine ran away after the accident.

ORDINATIONS IN ST. JUDE'S CHURCH

In St. Jude's church yesterday morning two aspirants were ordained to the diaconate and three were advanced to the priesthood by His Lordship Bishop Richardson, assisted by Archdeacon Crowfoot, Rev. W. P. Dunham and Rev. J. H. A. Holmes.

At the ceremony, which was celebrated at 11 o'clock yesterday morning, Archdeacon Crowfoot preached the ordination sermon, taking as his text, "For Their Sake I Sanctify Myself," the litany was said by the rector of the church, Rev. J. H. A. Holmes, and the Lord Bishop, assisted by Rev. W. P. Dunham as chaplain, then celebrated the Holy Communion and ordained as deacons in the Church of England, James Bennett and Rev. Arthur Langlois, and advanced to the priesthood the Rev. G. E. Trueman, B.A., the Rev. W. H. Lance and the Rev. E. P. Wright.

At this service a handsome new altar frontal, paid for in collections from the congregation by the Women's Auxiliary, was used for the first time.

Manitoba In Banking Business

Winnipeg, Man., May 9—Commencing in the immediate future, the provincial government will actively enter the banking business in order to provide finances for the rural credits movement in this province, according to information received from an authentic source today at the Parliament buildings.

Banking offices will be opened throughout the province and the rate of interest to be given will be four per cent. on short term deposits and 4 1/2 per cent. on deposits beyond three months.

This will be the first instance in Canada where a province has undertaken such an organization and it is the result of disagreement between the government and the banks of Canada as to the rate of interest to be charged on rural credits. The banks asked for a higher rate than the government would allow without the free consent of the rural credits societies themselves.

CALAIS WITHOUT A MAYOR.

The supreme court has decided that the city of Calais has no mayor and another election will be held soon. Percy L. Lord, Republican, claimed to be mayor by one majority and was sworn in, but Frederick V. Pickard, Democrat, said he was elected by one vote. Judge Scott Wilson of the supreme court now holds that neither had a majority.

C. N. R. HOTEL FOR P. E. ISLAND.

A movement is under way by the C. N. R. officials, it is understood, to establish a summer hotel in North Wilshire, a section of the province which is noted for sunshine and gentle breezes. Options on thirty acres of land have been secured from the farmers by men who are accredited with representing the railway people and it is said that the ground will be broken this year.

ATHLETIC.

Ten Mile Run.
London, May 9.—McCrea of Scotland, easily beat Vermuelen of France, in the ten-mile professional championship at Edinburgh on Saturday in 53 min. 23.4-5 sec. The winner holds the ten-mile world's professional championship. Vermuelen has had a successful career in France, and last year won a victory for France in the Derby in a field of 500.

Threatens to Break Relations.
Port Arthur, Ont., May 6.—J. F. Oeder, president of the Thunder Bay branch of the Amateur Athletic Union of Canada, threatens to break relations with the parent body for refusing amateur cards to Harvey Penfold, a ball player and Wm. Wellington, hockey player, after giving one to Jack Belanger, a long-time professional wrestler. Belanger is regarded as a fine Olympic prospect. The other two have no such pretensions.

TRAP SHOOTING.
O. J. Killam Shooting Well.
The first weekly shoot of the St. John Trap Shooting Association was held on the grounds, Glen Falls, on Saturday. O. J. Killam made a wonderful showing, breaking 119 targets in succession and making a perfect score of 100 in the Olympic trials. J. A. McLaughlan, a veteran trap shooter from Halifax, participated in the various events.

The scores follow:
First event, ten targets—J. W. Andrews, O. J. Killam, H. M. Dickson, C. Carnell and H. D. Payson, 8; J. McLaughlan, Allan Gundry, H. W. Berry and J. L. McAvity, 7; G. McA. Blizard, 6; Dr. Sancton, C. McAvity and B. Dakin, 5.
Second event, fifteen targets—O. J. Killam, 15; J. L. McAvity, 14; J. W. Andrews, 13; G. McA. Blizard, 12; Allan Gundry, Dr. Sancton, C. Carnell, H. W. Berry and H. D. Payson, 11; J. McLaughlan, 10; H. M. Dickson, C. McAvity, 8; B. Dakin, 7.
Third event, twenty-five targets—O. J. Killam, 24; J. W. Andrews and H. W. Berry, 22; J. L. McAvity, 20; C. McAvity, 19; G. McA. Blizard, C. Carnell and H. M. Dickson, 18; B. Dakin, Dr. Sancton and A. Gundry, 17; H. D. Payson, 12.
Fourth event—Sweepstakes—Handicap; twenty-five targets:
J. W. Andrews 22 24
O. J. Killam 23 0
J. L. McAvity 20 22
C. Carnell 18 4
Dr. Sancton 16 22

Fifth event, 100 targets, Olympic shooting, 161-3 yards rise; gun held below shoulder till bird appears. O. J. Killam, 100; J. McLaughlan (Halifax), 90; H. D. Payson, 83; H. W. Berry, 83.
Sixth event—Club aggregate, fifty targets. O. J. Killam, 44; J. W. Andrews, 43; J. McLaughlan (Halifax), 41; J. L. McAvity, 41; H. W. Berry, 40; C. Carnell, 37; G. McA. Blizard, 36; A. Gundry, 35; H. M. Dickson, 34; Dr. Sancton, 33; C. McAvity, 32; H. D. Payson, 31; B. Dakin, 29.

GOLF.

Endless Chain in Golf.
New York, May 10.—It looks to the uninitiated as though the golfers in the west must sit up all night and think of new things for the links game. Here is the Brentwood Country Club with a continuous golf tournament in which the winner of the first meeting will receive a piece of silver plate for his victory. Then he must immediately put up a trophy for the succeeding tournament, and it goes on in that way until the last winner some day will probably be called upon to reimburse the club for the prize the very first winner received.

Fix British Golf Dates.
London, Eng., May 10.—Definite dates for qualifying for the British open golf championship have been set for June 23 and 24. Seventy-two professionals and eight amateurs will compete.

World Abolish Tips.
New York, May 6.—A plan to abolish the custom of tipping golf caddies and reward worthy ones with a cash bonus at the end of the season has been suggested by the United States Golf Association, in letters sent to the secretaries of its affiliated clubs. The caddies would also be divided into three classes, according to experience, and would be paid on their rating.

Will Pirates or Cards Win?
New York, May 10.—The Pirates and Cardinals have a hunch that one of them will win the National League pennant this year. This is because the bunting has passed around six clubs since 1918. Every club in the circuit but the Pirates and Cardinals has won the flag, and they believe one of them will win this year.

He Did.
Connie Mack, the story goes, once was “breaking in” a youngster on the Athletics who was constantly loosing to the bench for instructions—how to field or how to hit, he always wanted to be told what to do, no matter what the situation on the field.
One day he was at bat, and as each ball went by he kept looking toward Connie. Finally the count was three balls and two strikes, and still the youngster sent out the “help” signal.
“Use your head,” Connie signaled back, exasperated.
So, the voracious chroniclers have it, the kid stuck his head in front of the next pitch and was “beamed.”

Two Canadian Entries.
London, May 8.—Fifty-seven entries have been received for the British ladies' golf championship tournament to begin at Newcastle, county Down, Ireland, on next Tuesday. This is about a third of the record entry of 166 received for the 1914 play. In addition to the two Canadian entrants, Miss Florence Harvey Hamilton, Ont., and Miss A. C. Mackenzie, Toronto, there are four Americans, and many prominent English and Irish champions and former champions.
The American entrants are Miss Marlon Hollins, Mrs. C. H. Vanderbeck, Miss Mildred Cavelyer and Miss Rosamund Sherwood.
The course is considered one of the best in the United Kingdom. It comprises eighteen holes and is in excellent condition.

RING

Carpenter's Earnings.
New York, May 10.—George Carpenter will have no reason to regret his trip to America if he does not get into the ring with Jack Dempsey. Without ever pulling on a fighting glove Georges will earn during the next few months more than twice as much as he earned during his entire ring career in Europe. Broke Georges quit the ring in 1914 to help defend his country he earned a little more than \$100,000.

Breaks Thompson's Jaw.
New York, May 8.—When Fred Fulton knocked out Jack Thompson recently, he hit Thompson so hard with a left hook that he broke the latter's jaw. Thompson has not been able to eat solid food or speak since, and the doctors say it will be at least six months before he will be fit to don gloves once more.
Thompson is a big negro whom Harry Willis met in California a few months ago. After the bout Willis said that it was impossible to hurt him. Evidently Fulton is a more dangerous hitter than the man who some critics say can beat any heavyweight in the world, Jack Dempsey, not excepted.

Wildie Willing; Sharkey Hagging.
New York, May 8.—A new bantamweight star was discovered when “Young Montreal” or Providence won a referee's decision over Jack Sharkey, the man who defeated Jimmy Wilde. Montreal put it all over Sharkey, ten of the twelve rounds and won hands down.
Jimmy Wilde occupied a ringside seat and the English midjet could hardly believe his eyes when he saw the unknown take the measure of his conqueror so easily. Negotiations now are on for a match between Wilde and Sharkey to be held in London. Wilde has accepted, but Sharkey still is hagging over the terms.

MOTHERS' DAY IN THE CHURCHES

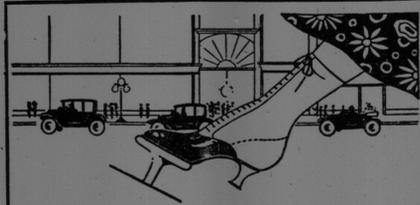

The observance of Mothers' Day was very general yesterday. Flowers were worn prominently, "white for the dead and bright for the living." In many of the churches the services were specially arranged and appropriate to the day, and the clergymen in eloquent sermons did honor to the "Divinity of a mother's love."

A young girls choir of about thirty-five voices led the singing in the Victoria street Baptist church and made a valuable contribution to the services both morning and evening. The choir was robed in white and made its fourth appearance since its formation. It has been trained by Stanley Williams. The pastor, Rev. G. D. Hudson, announced that the buildings on the lot purchased as a site for the new church had been sold and the work of removing them would commence this week, and it was hoped that the new church would be ready for occupation by the fall. It is to be one of the finest of its size in the city.

Among the special preachers in the city yesterday was Rev. G. M. Young, of Fredericton, president of the N. B. and P. E. I. Methodist conference, who conducted both services in Centenary church in the absence of the pastor, Rev. H. A. Goodwin, who was in Fredericton delivering the annual sermon to the students of the graduating class of the University of New Brunswick. Mr. Young was the guest of Mr. and Mrs. C. F. Sanford while in the city. L. B. Gray, student from Acadia, conducted the services at the Waterloo street church. James N. Rogers, lay reader had charge of the morning service at St. George's church, West St. John.

In St. Philip's church the services, both morning and evening, were conducted by women, and were appropriate to Mothers' Day. Mrs. B. H. W. Pinkett was the leader and at the evening service Mrs. Brigadier Moore, of the Salvation Army, delivered the sermon. Mrs. Donagan sang a solo very pleasingly. Mrs. Pinkett was prompted by a kindly thought to call for a second collection after the usual one had been taken. She asked the congregation to contribute to the hospital fund in which Mrs. Moore is keenly interested, and her appeal met with a ready and willing response.

At the Fairville Baptist church a meeting of the members of the committee of men having the painting of the church in hand, was held after the evening service. The sum of \$410 was pledged by the members present and the plans were made for a canvass of the members for the purpose of raising the

total amount which it is expected will be \$1,200. At the evening service in the church Mrs. Murray Long sang a solo with fine effect. Special music was arranged in many of the churches. In the Ludlow street Baptist church in the evening the pastor, Rev. W. R. Robinson, delivered a stirring sermon with the word Mother as his subject. Miss M. E. Mullin, presided at the organ and the special music included two beautiful solos by Miss Sadie Campbell, and a pleasing

duet, sung by Miss Daley and Mrs. Vincent.

At the special song service in St. David's church the following took part in the programme: Mrs. B. C. Ferris and Miss Blenda Thompson, E. C. Girvan, Mrs. T. J. Gunn, organist, Miss Wall and Mr. Gesner. Several selections were rendered by the choir.

At the Central Baptist church, the newly inducted pastor, Rev. Frederick S. Bone, preached a eloquent sermon in the morning. He greatly deprecated the absence of children in many homes and attributed this to the social sinfulness of the time. The divorce evil and kindred family shortcomings were dwelt upon. At the evening service Rev. Mr. Bone took as his subject "Is the Young Man Safe?" dwelling upon the Biblical incident of the wayward Absalom as his parallel. The Baraca Brotherhood, of whom the choir was composed, rendered many sacred selections. Dr. I. N. W. Baker, Gordon Allen and Walter Chase sang two special numbers.

In the Douglas avenue Christian church, a special souvenir was given to observe the keeping of Mother's Day, which was a button appropriately lettered. Solos were rendered by Miss Alice Van Horne and John McEachern. Rev. J. H. Jenner preached a forceful sermon in the Charlotte street Baptist church, West St. John, on the duty of respecting mothers. He cited several incidents where mothers in their old age had been treated with disrespect by their children. The music was in charge of M. S. Stout.

In the Exmouth street Methodist church, the pastor, Rev. G. F. Dawson, referred to the celebration of Mother's Day at the morning and evening services. E. E. Thomas, superintendent of the Sunday school, and the pastor addressed the scholars.

Rev. Jacob Heaney preached at the morning service in the Carleton Methodist church on the subject "The Divinity of a Mother's Love." In the evening the subject was "Home, Sweet Home."

A special Mothers' Day programme was rendered at St. Matthew's yesterday afternoon. The Sacrament of Baptism was administered to four infants. At the evening service the pastor's address was in keeping with Mothers' Day.

Weight of the Earth

London, May 10—The weight of the earth, in round figures, is 6,000,000,000,000,000,000 tons. This conclusion has been arrived at by an English university demonstrator as the result of experimental observation.

Two small balls of identical weight were suspended by quartz threads from the ends of a rod. When they were at rest two balls of about ten pounds each were brought close to them. Their mutual attraction caused the freely suspended spheres to swing toward the fixed heavy balls. The distance the spheres moved toward the lead balls being known, as well as the weight of both, it was then possible to calculate the force exerted on the one by the other. It being also known what force the earth exerted upon the balls, a sum in proportion gave the weight of the earth as stated.

The result was checked by another method of weighing—by calculation based on the known distance of the earth from the sun and the known speed of the earth's rotation.

ENGLISH BELLES BAN MEAT TO HAVE FINE COMPLEXION.

London, Eng., May 10—English society women are now adopting vegetarianism as a means of improving the complexion. The lead was taken by the Duchess of Portland, who says that the eating of red meat coarsens the skin. Having restricted herself for several years to an unmeat diet, she retains the reputation of possessing the finest skin in England.

Earl Loses Motor License.

London, Eng., May 10—The Earl of Willton, accused of driving sixty-six miles an hour, had his license suspended by the Kingston court.

CREATING A PANIC!

Y. M. C. A. JUNIORS ENJOY BANQUET

About 200 Y. M. C. A. boys sat down on Saturday evening to their closing banquet, which was held in the Y. M. C. A. building and was a great success. There were three groups of boys present, the Tuxis Boys, Trail Rangers and the "Gym" group. Competition was keen between the different squads of each group, for prizes were offered for the best decorated tables and the boys did the decorating themselves. The only groups from out of town points were the Trail Rangers from Robesay and Hampton, who were in the city in connection with the sport meet, and the Robesay squad carried off the prize from their group while the Tuxis Boys from Germain street Baptist church won the prize for the second row of tables.

H. Usher Miller was chairman, and after justice had been done to the excellent dinner, a toast to the King and Empire was proposed by Ronald Shaw. A toast to the C. S. E. T. programme was proposed by Jack Angerine, and A. M. Gregg responded. T. Robertson, president of the High school "Y" Club, proposed a toast to the boys' department, and this was responded to by L. A. Buckley, of Halifax, who was in town for the occasion. The Exmouth street boys provided an orchestra which played several fine selections, and a solo was sung by J. S. Smith.

The evening's programme was completed by moving pictures showing the peat industry in Ontario. The object of the picture was to show that Canada was not totally dependent on the United States for fuel.

Oyster Opener Champion.

London, May 10—Frederick Timmings is the oyster opening champion of London. He opened 250 oysters in twenty-two minutes. Henry Edward Dagwell, who finished second, thirteen oysters to the bad at one time taught Timmings the science of the business. Dagwell did not run to form as he is credited with opening 504 oysters in an hour.

TWO DIE FROM SHOTS BY BOSTON POLICEMAN

Boston, May 10—William C. Sweeney was shot by Frank Mullen, a patrolman, when discovered apparently rifling a

desk in a factory office on Saturday night, and died in a hospital yesterday. Mullen also shot and killed Sweeney's companion, Miles F. Dow. According to Mullen and another officer who accompanied him, one of the men aimed a revolver at them when they switched on the lights and Mullen discharged his own weapon.

Resume Queenstown Calls. Queenstown, May 10—The resumption of the calls at Queenstown by the Cunard and White Star liners is giving great satisfaction to Irish commercial circles. The outward service from Queenstown was opened today, the Cunarder Caronia embarking 220 passengers and 120 sacks of mail for New York.
