### SIXTEEN HORSES DESTROYED IN HALIFAX FIRE

Blaze Guts Livery Stable Destroying Valuable Horses and One Automobile—Policeman Makes Rescue.

#### LITTLE INSURANCE.

Special to The Standard.  
Halifax, Nov. 12.—A fire which for a time threatened to wipe out a whole block on Hollis street early Sunday morning, completely gutted Marriot's livery stable, destroyed 16 horses and a large number of wagons and a considerable quantity of harness.  
Policeman Baker first discovered the fire and immediately gave the alarm. Officer Gates appeared on the scene a minute later. At that time the rear end of the building was a mass of flames, which smashed the door in, rushed upstairs through a dense cloud of smoke and reached Mrs. Marriot and her three children out of their home in their night clothes. The officer became lost in the smoke then, and in endeavoring to find a means of escape, fell downstairs, but was not seriously hurt. When the fire department arrived on the scene the building was a mass of flames. The fire started in the horse barn. Efforts were made to save the 17 animals, but the fire had gained so much headway and was so hot and so fierce that only one of them was rescued. The driver of the eastern coach saved this animal. He also succeeded in getting the animal out of the door, but the animal was so far gone that it expired before it could be removed from the building. The screaming of the 16 dying animals was most pitiable. Seven of the horses belonged to local physicians. Had there been any wind blowing, could have saved the wooden block which surrounded the stable. The building was the property of the Eastern Trust Co. acts.  
There was \$600 insurance on the building destroyed, and \$100 insurance on the building south which was slightly damaged. Mr. Marriot did not carry any insurance on the horses which were being boarded by him.  
Dr. MacDonald's automobile was insured for \$1,000.

### PLANS FOR SEATING NEW PARLIAMENT

Messrs. Rogers and Cochrane Will Occupy Places on Right of Premier—Vacancy Left Next Laurier.

Ottawa, Nov. 12.—The whips have arranged the seating of the House of Commons and the plan was made public on Saturday.  
Mr. Borden, of course, occupied the premier's seat, which has been filled by Sir John Macdonald, Sir Wilfrid Laurier and his other predecessors. To his right will sit Mr. Foster, the senior privy councillor of the new government. The pair of seats to Mr. Borden's left will be occupied by Mr. Macdonald, Mr. Doherty, Mr. White, the former minister, Mr. Rodgers and Mr. Cochrane will sit to the right of Mr. Borden, in the seat formerly occupied by Sir Frederick Borden and Mr. Pugsley. Further along the front row are Mr. Pelletier and the Deputy Speaker, Mr. Blondin.  
In the second row Mr. Doherty sits just behind the Prime Minister, his desk mate being Dr. Reid. The other ministerial desks next are Mr. Burwell and Mr. Crothers, who are behind Mr. White and Mr. Monk, and Mr. Hazen and Col. Hughes, who are behind Mr. Rogers and Mr. Cochrane.  
In the third row are Mr. Kemp, Mr. Perley, Mr. Nantel and Dr. Roche. Non-conservative ministerial front benchers are Mr. Haggart, Mr. Henderson, Mr. Houghton, Lennox, Mr. W. P. McLean, Mr. Davy, Marshall and Mr. P. B. L. on the speaker's right. In the second row are Mr. H. D. Ames and Andrew Broder.  
Sir Wilfrid Laurier crosses the floor to the seat which Mr. Borden occupied so long, and which he himself placed next to him has been left vacant. To his left are Mr. Pugsley and Mr. Lemieux, who are paired. Other Liberal front benchers are Mr. Murphy and Mr. Oliver, Mr. Macell, Mr. D'Alton, Mr. Emmerson, Dr. Holland, Mr. Jacques Bureau, Mr. E. MacDonald, Mr. Bickerdike and Mr. W. A. Charlton. Mr. Pardee sits behind Sir Wilfrid Laurier with Mr. Hugh Guthrie at his companion. Mr. Carvell and A. K. MacLean, Mr. Gorman, who was elected by acclamation as an anti-reciprocity Liberal in a prominent place on the Liberal side, as is Mr. Clark, of South Essex.

DIES IN D. T.'S.  
Montreal, Nov. 12.—Zolique Lamouroux who was arrested yesterday in an intoxicated condition and who was later placed in a padded cell at the central station, in a fit of delirium tremens, was found dead in the cell this morning. He was 42 years of age and unmarried.

### THE IMPERIALISTS WANT CHANGE TO PROTECT EMERGENCY COURT TO REMAIN IN FORBIDDEN CITY -- PROTEST AGAINST MASSacre.

Bombarded Wu Chang Without Effect -- Want Opportunity for Emperor to Make Good as Limited Monarch -- May Advise Abdication -- Court to Remain in Forbidden City -- Protest Against Massacre.

#### MARTIAL LAW IN NANKING.

Hankow, Nov. 10. (Delayed in Transmission).—The Imperialists have bombed Wu Chang without noticeable effect. They have practically abandoned the idea of attacking the city by the effective shooting of the Revolutionaries. Otherwise, conditions are pacific here except for sniping.  
Yuan Shi Kai is writing to General Li Yuan Heng, the rebel leader, setting forth terms for a settlement, but expressed dissatisfaction with the government at Peking. He urged acceptance of the constitution with a limited monarchy and asked that the Emperor be given an opportunity to prove the sincerity of his promises for reforms.  
Peking, Nov. 12.—Yuan Shi Kai and the government exchanged telegrams this morning. Yuan has agreed to come to Peking to discuss the situation, but he adheres to his resolution not to accept the premiership. It is expected that he will arrive here tomorrow and an audience will be given to him. It is not believed generally that Yuan Shi Kai has yet advised the throne to abdicate, as some reports stated, but he may do so later. Yesterday Yuan sent a message to the government from his home in Changchi, in the Peking province, where he conferred with a deputation from Honan assembly, endeavoring to dissuade the delegates from the proposed declaration of the province's independence, which, he said, would damage the Emperor's position seriously. The fact that the man on whom the government depends more than any one else is coming to Peking has caused a general feeling of relief and of hope that he will evolve plans to end the present chaos.  
It is understood that the court will remain in the Forbidden City, realizing that the departure now would be fatal. It is also understood that the throne is willing to accept a pension and retire to the Jehol. If safety is assured, Prince Ching the acting premier, does not desire to remain in office, but he continues to support the regent who has no other trusted adviser. The situation at K'ai Feng, the Nan province, is serious. The governor's family left for the north last night on a special train. The governor remains at K'ai Feng, but does not intend to leave. Foreign refugees who have arrived here from Yao Yu in Shan Si province, have been harmed. The governor and his wife and 30 Manchus, however, have been beheaded. The rebels are maintaining order and the new arrivals say that their administration is excellent. The whole province of Shan Si is under the control of troops and civilians. The conditions prevailing in these places are as follows:  
Shanghai, Nov. 12.—Reports from Nanking say that the city is safe, and that a short distance from Nanking, is awaiting the results at the place, but the revolutionaries have taken Chueh on the Pu Kow railway, and the revolutionaries have taken charge. The American consuls at Shanghai are being urged to attack them, but are respecting the neutrality of the railroad. Food supplies in Nanking are becoming scarce.  
Shanghai, Nov. 12.—Reports from Nanking say that the city is safe, and that a short distance from Nanking, is awaiting the results at the place, but the revolutionaries have taken Chueh on the Pu Kow railway, and the revolutionaries have taken charge. The American consuls at Shanghai are being urged to attack them, but are respecting the neutrality of the railroad. Food supplies in Nanking are becoming scarce.

### REMINISCENCES OF THE EARLY DAYS OF BONAR LAW

H. A. Powell, K. C. Tells of His Early Impressions of the Man who is Slated for the Leadership of the British Unionist Party--Born at Rexton.

"A sturdy boy with a thick head--no a thick crop of bushy, wiry hair, effervescing with animal spirits, possessing an open countenance and frank and pleasant manner, active in all his boyish games, good humored, but all boyish games, for a fight, if he thought always ready for a fight, if he thought he was being imposed on, a manly boy, more fond of a frolic than study, but giving no indication of those remarkable intellectual and personal qualities which he has since developed."  
Thus H. A. Powell, K. C., summed up his impressions of A. Bonar Law, when, as a boy he lived near Rexton in Kent county.  
"I knew Bonar Law very well when he was a boy in this province," said Mr. Powell. "He was born in the town of Rexton, in Kent county, in the year 1856. His father was Rev. James Law, who for a long time had charge of the Presbyterian church at Kingston, which then had probably as large a membership as any Presbyterian church in the province."  
"His mother was a Miss Kidston. She died when Bonar was an infant, and his aunt, Miss Kidston, came to Rexton to superintend his bringing up."  
"Rev. Mr. Law married a second time, his second wife being Miss Sophia Wood, a daughter of T. W. Wood, of Richibucto, one of the school inspectors of the province, and a cousin to Mrs. Wood, wife of Senator Wood of Westport. Besides Bonar he had three sons--Robert, who died at Rexton, leaving a family, some of whose members may still be located there; John, who is now connected with the steel and iron business in Glasgow, and William, a physician, practicing in Ireland."  
"Early Education.  
"Bonar received his early education in Rexton, and for a time attended the Richibucto Grammar school. Some time after his father's second marriage, when he was about twelve years of age, he went with his aunt to Scotland, and after completing his education he entered the employ of an iron and steel firm in which his father was interested. He rapidly acquired a wide reputation as an excellent business man, and became celebrated for his expert and extensive knowledge of the iron and steel industry. On his election to Parliament he attracted the attention of Joseph Chamberlain, who soon came to regard him as one of the greatest authorities in the world on matters of trade. As a parliamentarian Mr. Law soon rose to the front rank in the Conservative party, and owing to the great amount of political work thrust upon him, he retired from active business, his brother, John, taking his place in the firm."

### ONE MAN IN THE MIDDLE OF THE WOUND

Is Result of Quarrel in Montreal -- Manconi Makes Some Contradictory Statements to the Police.

#### ANTAGONIST IN MORGUE.

Montreal, Que., Nov. 12.—Armiglio Santino has died at the morgue and Renato Manconi in a critical condition at the Western Hospital, while Arcolis alias Colombo Chappini and Jaccol Troili are under arrest as result of a battle between Italians on St. James street near Cote St. Paul Road last night. Santino has three bullets in his body and several knife wounds, while Manconi suffers from numerous slashes.  
Manconi made two statements, in the first he declared that he was walking along the road and saw three men quarrelling. He tried to separate them and in the struggle was hurt himself, while Santino was killed. In the second he contradicted himself and said that the fight started in a house at 29 Cassels street, and that Santino and the two men under arrest attacked him. He identified both prisoners, but said he was Santino who in the dead man's pocket, was a revolver and a knife were discovered when Manconi was searched. Chappini and Troili deny having taken part in the fight saying the trouble was entirely Santino and Manconi.

### REVEALS IN TRANCE WERE FRIEND DIED

Montreal Girl Under Influence of Medium Hands Out Information Leading to Discovery of Body.

#### DROWNED IN QUARRY.

Montreal, Nov. 12.—The body of 16 year old Louise Marion who disappeared from her home on Saguenet street three weeks ago, was found yesterday in forty-two feet of water in a quarry in the north end of the city on the banks of which the girl's clothes had been found. The quarry was dragged at the time of the girl's disappearance without result, but recently her mother came to police headquarters begging that another attempt be made as she was sure her girl was there and did not believe that the clothes were placed there to cover an elopement. When asked why she was so positive she told a strange story of going to a spiritualist medium, who threw a young girl into a trance. The young girl was then asked questions after some of the missing girl's clothes had been placed in her hand and she said she saw the missing girl walking with two men along a road, she then said she saw her body lying in deep water, but the water was not the river and described the position of the body and the missing girl. The description of the French Premier in the course of the supposed medium. An autopsy will be held.

### MAY BE GRAND REPARTITION OF AFRICA

Brussels, Nov. 12.—Reports have been current for some time past that a grand repartition of Africa was under consideration by interested powers, to which some color has been lent by certain observations by the French Premier in the course of a recent speech. These have taken more definite form, and it is reported on good authority that the proposed scheme provides for the withdrawal of Belgium from the Congo, which will be divided between Great Britain, France and Germany. In compensation, according to the reports, Belgium is to receive the Grand Duchy of Luxembourg and territory along the left bank of the Scheldt, Holland to receive counter balancing colonial concessions. These reports will form the subject of an interpellation in parliament, which will reassemble on Tuesday.

### TORNADO LEAVES TRAIN OF RUIN IN ITS WAKE

Hundreds of Thousands of Dollars Worth of Damage Done -- Ten Persons Killed -- Many Injured -- Hundreds of Dwellings Unroofed in Springfield -- Took Refuge in Church Which Collapsed.

#### SMALL SIZED CYCLONE.

Janesville, Wis., Nov. 11.—At least seven lives were lost and scores of persons injured, some fatally, in a tornado which swept Peck county at dusk tonight. Hundreds of thousands of dollars damage was done. Tens of thousands of families sought shelter in small structures out of the path of the storm. Others found themselves without a roof and because the flooded roads made travel impossible, were forced to pass the night in the open fields. Measures for the relief of Orfordville, Hanover, Hilton Junction and Milton have been instituted by Janesville and Beloit, but much suffering necessarily must ensue. A cold wave followed the storm and sleet and snow added to the misery. At Orfordville, Mrs. John Crowder, 80 years old, was killed, as were also a father and two daughters of a family whose name is Smith, and a Mrs. Brodie. At Milton, Mrs. Jacob Seligman, 30 years old, was killed, when her home just north of Janesville, was demolished. Communication was wrecked and the town was wrecked. Many had miraculous escapes, but none were killed. The most seriously injured were Marie Whitaker, the daughter of William Whitaker, Ed French and Otis Middleton.  
Not a building that lay in the storm's path escaped damage. A hundred dwellings were unroofed while the business section is a mass of wreckage. Tonight the town is in total darkness and rescuing parties are groping their way with lanterns through the wreckage looking for the injured. Many persons took refuge in the Methodist church. The building was crushed and many in it were injured. The buildings reported demolished are: Opera House, City Hall, City Hotel, Pollard building, Kramer building, Mann Hotel, Catholic church and the Methodist church. Springfield, Nov. 11.—A tornado swept over Springfield late today wrecking a number of residences and injuring a score of persons. Earl Prescott was fatally hurt in the collapse of a building.  
Owosso, Mich., Nov. 12.—Two dead, several badly injured and damage totaling several hundred thousand dollars at least is the total collected by the small sized cyclone which swept Owosso last night. Communication was wrecked and it was not until early today that the news trickled from the wrecked city. The dead are: Mr. and Mrs. Jacob Seligman. Their home was wrecked and they were crushed to death while in bed. According to partly verified reports at least 20 persons were killed and five factories each sustained damage averaging \$30,000.

### VICTORIA CO. MAN DIES OF PARALYSIS

David B. Lamoreaux Passed Away Near Perth--Native of St. John--Happy Event to Take Place.

Special to The Standard.  
Perth, Nov. 12.—After having been stricken with paralysis and rendered speechless on Oct. 29th, his 80th birthday, David Brown Lamoreaux, one of the oldest and most highly respected residents of Victoria county, died at his home at Coronation, five miles below here, at 3 o'clock yesterday afternoon. The deceased was born in West St. John where he lived for 18 years. He then moved to Perth and has resided in this vicinity ever since.  
He is survived by a widow and one son, Fred L. of Carleton, Me., and two brothers, Edward of Presque Isle, Me., and George of Shreveport, Texas, and one sister, Mrs. John Matthews, of Dorchester, Mass. J. E. Mallory, of Perth, is a brother-in-law, while Mrs. Mallory is a niece of the deceased.  
The funeral which will be held tomorrow afternoon, will be at the late of the united L. O. L. and I. O. F. bodies, will be conducted by Rev. J. H. Hopkins, pastor of the Episcopal church, Andover, of which the deceased was a valued member.  
The marriage of Miss Phoebe Jane Enack, only daughter of the late Thomas Enack and Judson (Jarry) Manzer, of the firm of Porter Manzer Ltd., of Perth, will be solemnized at four o'clock tomorrow morning by Rev. George B. MacDonald. The wedding will be as quiet as possible, owing to the death of the bride's father last July.  
After the ceremony the happy couple will leave on the early morning train for New York, and there they will go by steamer to Cuba for a month's trip through the islands, where the groom has business interests. Miss and Thomas Enack, of the firm of Enack Brothers, Fredericton are cousins of the bride.

### CHARLOTTE COUNTY CIRCUIT COURT OPENS

Special to The Standard.  
St. Stephen, Nov. 12.—The adjourned Charlotte circuit opened on Tuesday last. Mr. Justice Barry presided. No bill was found against the St. George strikers who were charged with intimidating workmen.  
John Thomas Quinn, charged with assault, pleaded guilty and was sentenced to three months imprisonment. The civil case of Harry W. Mann vs. St. Croix Pulp and Paper Co. was taken up on Wednesday morning and occupied the court until Saturday evening. The plaintiff claimed about \$13,000 for work done in cutting and dressing logs for the defendant company to be used for making pulp. The company had paid the plaintiff on the basis of a survey made by their own scalers whose scales, under the contract were to be final between the parties.  
The plaintiff claimed that there was a collateral agreement for a special mode of scaling and that the defendant's scalers had not conformed to it, resulting in the plaintiff being paid for a much smaller quantity than he had actually delivered. A number of very interesting questions arose as to the construction of the contract and the scaling of the logs. The jury after two hours' deliberation, found for the plaintiff, deciding that the survey made by the defendant's scalers should be increased by 25 per cent, resulting in a verdict for about \$20,000. N. Marks Mills and M. G. Teed, K. C., and H. A. Powell, K. C., appeared for the plaintiff; Attorney General Grimshaw and J. B. M. Baxter, K. C., for the defendant.

### ITALY WILL MAKE A DEMONSTRATION

Tripoli, Nov. 12.—Thirteen hundred Arabs at six o'clock this morning made a demonstration before Mesri and Bonnelliana, but they withdrew shortly in the face of a furious rifle and artillery fire from the Italian trenches and warships.  
Paris, Nov. 12.—The Temps, Rome, correspondent learns from what he says is an authoritative source, that Italy will make a demonstration on a big scale in the Aegean Sea tomorrow along the Turco Asiatic coast tomorrow.

### SHIP ASHORE IN A STORM AT BUFFALO

60 Mile an Hour Gale with 40 Degree Drop in Temperature Causes Great Deal of Destruction to Property.

#### AGED COUPLE KILLED.

Buffalo, N. Y., Nov. 12.—The first blast of winter struck here today ushered in by a 60-mile an hour gale and a drop of 40 degrees in the temperature. The storm's trail was marked by a shattered plate glass windows, a stranded lake freighter and a demolished street car service. No fatalities occurred in the city, but Kennedy, Alonzo Dewey and his wife an old couple blinded by the storm, drove in front of an Erie passenger train and were killed.  
About 12 o'clock the wind tore down the transmission cables of the Niagara Falls Power Company. The lines on both sides of the river were prostrated, thus cutting off all sources of power for street car service here, except emergency storage batteries, which were exhausted in twenty minutes. Between 12:30 and 3 o'clock traffic was at a standstill. The tie up came when a falling mass of ice, if not dangerous, and the majority of the passengers clung to the shelter of the cars until traffic was resumed. The 560 foot freighter, J. Q. Riddle, of Cleveland, was torn from her moorings back of the breakwaters and swept toward the beach at the foot of Michigan street. When the lines parted a watchman on board opened her water gates and the load settled on a sandy bottom 150 feet from the shore. She is broadside to the wind, but so low in the water that her position is not considered dangerous.

### SUSSEX MAN DRINKS POISON AND DIES

Had Been Missing for Some Time and was Finally Discovered Surrounded by Traces of Paris Green.

Special to The Standard.  
Sussex, Nov. 12.—The body of William W. Dyrant, who disappeared from his home in Lissonville, a village ten miles from Sussex, two weeks ago, was found yesterday morning by George Dyrant, a blacksmith of Sussex Corner. It is evident that he committed suicide by drinking Paris green, a can of which he took with him when he left home.  
Searching parties have been hunting for Donaldson for the past ten days but without success. Chief of Police William McLean, received an order from Councillor William Jamieson to search for the missing man. He secured the services of George Dyrant and went to Lissonville, where Dyrant discovered two hundred rods back of the Donaldson home and about twenty rods from the clearing. The body was lying about twenty feet from a spring and Donaldson probably got the water necessary to mix the poison from it. The deceased was 75 years of age, a widower, two sons, Robert and William, and one married daughter. The body was taken to the Dognone and a funeral service will be held Monday at one o'clock and will be conducted by the Presbyterian minister.

### YOUNG MAN'S HEROISM SAVES LIVES OF TWO

Joseph Welland Takes Children from Burning Building Then Jumps with Mother to a Stretched Tarpaulin.

Montreal, Nov. 12.—The heroism of a young man, Joseph Welland, and the ability of two Dominion Transport Co. employees to change a tarpaulin into a life saving net were responsible for the saving of three lives when fire broke out in a boarding house at St. Hubert St. The fire started on the second floor and a Mrs. Bailey and two children on the third story were too terrified to attempt to escape down the stairs. Welland dashed through the smoke and flames and brought the two children down calling to the mother to follow. She was overcome with terror however.  
Welland then drenched his clothes with water and made another trip up stairs. He reached the woman's room but their escape was cut off by fire. Going to the window he called to two men to stretch their tarpaulin as a net and he and Mrs. Bailey jumped into it. The tarpaulin partly broke the fall. Mrs. Bailey received spinal injuries, while Welland dislocated his hip.

### CHARACTER BUILDING SUBJECT OF LECTURE

A. R. Pixley of the Y. M. C. A., Delivered Views on Subject, in Stone Church, Yesterday.

A. R. Pixley, boy's secretary of the Y. M. C. A. in this city delivered a lecture on Character Building in the Stone Church yesterday morning at 10 o'clock. He took his text from the third chapter of First Corinthians. He, however, spoke chiefly from the eleventh verse, which says, "For there is no foundation which a man can lay other than that which is laid which is Christ Jesus." He went on to say that on this foundation a man can build gold, silver, costly stones, wood, hay and stubble. The testing power is fire which brings out the good quality of gold and at the same time burning away the inferior substances. In our characters, however, we are quietly building day by day, we are putting in like substances, good friends, good books, likewise, but at all times we must have a testing power to answer my case like your Pills. I can recommend them highly to all having heart or nerve troubles. They do this by their restorative influence on every organ and tissue of the body.

### REMINISCENCES OF EARLY DAYS OF BONAR LAW

Continued from page one. "As a boy Bonar was full of animal spirits, very frank and open in his demeanor and inclined to be rather boisterous, but he gave no indication of those powers he has since developed. His mother I do not remember very well personally, but she had, I know, the reputation of being the most beloved woman in the County of Kent. Of his aunt who brought him up I have many vivid memories; she was one of the most characters on the North Shore.

A Remarkable Man. "His father was a remarkable man, and from him Bonar no doubt inherited his ability. A man of the presence and striking personality, Rev. Mr. Law probably exercised a greater influence over his flock than any minister in the province. He was a great orator; his voice was said to be the equal of that of O'Connor, and he had a marvelous command of it. His form gave you the impression of colossal energy; his strong features indicated the greatness of his will and soul. The late John Livingstone, founder of the St. John Telegraph, talking to me the other day, said he had considered Mr. Law the greatest preacher he ever heard.

"At the time Bonar Law lived there was a declaimer and frequently recited in public. One piece I remember hearing him recite a number of times was the Irish Ballad, 'Frederick Coherer was a broth of a boy'.

"The late John Livingstone, founder of the St. John Telegraph, talking to me the other day, said he had considered Mr. Law the greatest preacher he ever heard. An extempore speaker, Mr. Law's sermons varied in length, but he never yet a most distinct and vivid recollection of a sermon on 'The Well of Living Water', which in my judgment was the equal of any sermon I ever heard.

"Bonar, the boy, was himself quite a declaimer and frequently recited in public. One piece I remember hearing him recite a number of times was the Irish Ballad, 'Frederick Coherer was a broth of a boy'.

"The late John Livingstone, founder of the St. John Telegraph, talking to me the other day, said he had considered Mr. Law the greatest preacher he ever heard. An extempore speaker, Mr. Law's sermons varied in length, but he never yet a most distinct and vivid recollection of a sermon on 'The Well of Living Water', which in my judgment was the equal of any sermon I ever heard.

### WAS TROUBLED WITH Weakness and Palpitation OF THE HEART.

Through one cause or another a large majority of people are troubled, more or less, with some form of heart trouble. Little attention is paid to the slight weakness of the heart, but when it starts to beat irregularly or intermittently, palpitations and throb, skip beats, beats fast for a time, then so slow as to seem almost to stop, then it causes great anxiety and nervousness.

To all such sufferers Milburn's Heart and Nerve Pills can and will give prompt and permanent relief. They do this by their restorative influence on every organ and tissue of the body.

Mrs. John J. Downey, New Glasgow, N.S., writes:—'Just a few lines to let you know what your Milburn's Heart and Nerve Pills have done for me. I got some of your pills, and after taking a few, I feel much better. I can now do all my usual work, and I feel much stronger. I can now do all my usual work, and I feel much stronger. I can now do all my usual work, and I feel much stronger.'

They do this by their restorative influence on every organ and tissue of the body. To all such sufferers Milburn's Heart and Nerve Pills can and will give prompt and permanent relief.

### NEW FACTORY WILL BE TWICE PRESENT SIZE

T. S. Simms & Co. will Erect a Structure in Fairville to Accommodate Increased Business.

Messrs. T. S. Simms and Co. Ltd., have secured a site for their new factory in Fairville, and as soon as the frost is out of the ground next spring, will begin the construction of a building at least double the size of that they now occupy, and so designed as to permit of extensions being made at any time.

Louis Simms, president of the company will leave next week on a tour of American and Canadian cities for the purpose of inspecting brush and broom factories, and getting information in regard to the most up-to-date plans for such factories.

In an interview with 'The Standard' last evening he said that the company had not worked out any details as yet, but that the new building would be about twice the size of the present factory, and would be four stories in height.

"The structure," he added, "will be long and narrow, and will be built on a concrete foundation, but that in no respect will it differ from the existing buildings on the site.

"The plans will be worked out this winter and construction work will be started as soon as possible in the spring. We hope to have the new building ready for occupancy in the fall. It will be a number of other buildings for storing material and other purposes.

"How many hands will you employ in the new factory?" "We can hardly tell that just yet. We are now employing 230 hands, and as the business increases we will, no doubt, increase the staff.

"We have a number of new departments, and as circumstances warrant, will increase them. We used to buy all our metal; now we manufacture our own metal holders, and do our nickel plating on the premises. Our aim is to make the industry as self-contained as possible.

"The new site comprises the large block of land opposite the provincial hospital, between the Suspension bridge road, the Union Point road, and the C. P. R. tracks, with the exception of a few lots which had been sold previously. The land belonged to the provincial government, and was vested in the commissioners of the provincial hospital.

In order to prevent the land being bought for speculative purposes, the terms of the sale required the purchaser to commence the erection of buildings for a manufacturing industry to employ at least 100 hands, within eight months, and his completion within three months of the date of the forfeiture of one-third of the purchase price.

The property was sold at auction at Chubb's corner, by Auctioneer F. L. Potts. There were only two bids—the first was for \$5,000, and the second for \$10,000, by T. S. Simms & Co., Ltd.

The Simms Company have been looking for a site for some time, and as they had difficulty in fulfilling all their requirements and as attractive offers from other places in the province, there was some fear that they might have to give up the site.

They have settled upon this site and will be able to go ahead with the necessary expansion to their plant, which is a matter of considerable gratification to the community.

The White Candy Company will take over the present large building of the Simms Company, as their own plant in Union street is not big enough for their business.

They do this by their restorative influence on every organ and tissue of the body. To all such sufferers Milburn's Heart and Nerve Pills can and will give prompt and permanent relief.

They do this by their restorative influence on every organ and tissue of the body. To all such sufferers Milburn's Heart and Nerve Pills can and will give prompt and permanent relief.

### Are You Dyspeptic?

Then Wake Up to the Fact That Your Trouble is Curable.

Thinness, tiredness, poor color, loss of appetite and despondency indicate Dyspepsia and Stomach Disorders.

You don't require a harsh, griping medicine. Best results come from Dr. Hamilton's Pills of Mandrake and Buttermilk, which contain soothing, stimulating vegetable ingredients that so strengthen the stomach and bowels muscles as to enable them to again act as nature intended.

When this is accomplished all traces of stomach misery and dyspepsia disappear. You will find Dr. Hamilton's Pills a scientific cure for all forms of stomach distress, headache, biliousness, bad color, liver complaint and constipation. Not half-way measures—but lasting cure for these conditions follow the use of Dr. Hamilton's Pills. REFUSE A SUBSTITUTE. All dealers sell Dr. Hamilton's Pills, 25c. per box, or from the Cataractose Co., Kingston, Ont.

### WATCHES.

We have a large stock of WATCHES in Gold, Silver, Gun Metal, fitted with the most reliable American and Swiss movements, ranging in price from \$2.50 to \$75.

An example of the values we are offering is a Ladies Wristlet Watch in gold with fine Swiss movement at \$12.00, fully guaranteed.

We would be pleased to have you come in, and examine these. A large stock of Diamonds in Rings, etc., always on hand.

W. TREMAYNE GARD, Goldsmith, Jeweler and Optician, 77 Charlotte St.

### DR. MORSE'S INDIAN ROOT PILLS

Cure Most of the Family's Ills.

Perhaps if the children, and the "grown-ups" too, always take exactly the right quantities of exactly the right things, at just the proper times, and in every way obeyed the rules of health, there would be no sickness in the family, and no need of medicine.

But they never have and probably never will, so in every family there are sure to be more or less frequent attacks of cold, headache, biliousness, indigestion, constipation, and kidney and liver troubles, and occasionally some one is "sick in bed".

It is worth a good deal to the mother, then, to have on hand that perfectly safe and reliable remedy for these ills—Dr. Morse's Indian Root Pills.

They invigorate those organs which cleanse the body of waste and impurities, regulating the bowels, stimulating the kidneys and opening the pores of the skin. Thus Dr. Morse's Indian Root Pills cure the common ailments and keep the family healthy. This they have been doing for over half a century in every part of the world.

25c. at all dealers or from W. H. Comstock Co., Ltd., Brockville, Ont.

### BOSTON STARES AT HUSKY COLORED LAD

Charles Henry Foster, of Chicago, Walking to Exeter to Get Education - Odd Looking Vehicle.

Boston, Mass., Nov. 10.—There appeared in the streets of Boston late yesterday afternoon a tall, husky, athletically built young negro, who dragged behind him a peculiar, peculiar contrivance. People upon the streets stood and gazed in wonderment upon the wonderfully well-developed colored lad and his odd contrivance and wondered who his mission in life could be.

The identity of the visitor—he is not a stranger to Boston—was not long in doubt, for he was heard directly for the globe to make known his arrival here.

The young colored man, travel-stained but in high spirits, was "that" Henry Foster, who completed the "staid" pedestrian." Foster reached Boston about 4 in the afternoon on his way from his home in Chicago to Boston, N. H., where he hopes to be admitted to student life.

Foster left Chicago at 9 a. m. on Sept. 16, on his long tramp to Exeter, where he hopes to be enrolled as a student at Phillips Exeter Academy. It is his aim to acquire an education, and a slight obstacle like a 1500 mile jaunt was not allowed to hinder him in his purpose.

But just how Charles Henry Foster, long-distance, marathon runner, runner and all-round athlete, expects to matriculate at the New Hampshire preparatory school not even he himself knows. He completed the long and arduous trip in exactly 60 walking days, but he says he could have done much better if he had not been obliged to stop between times to work for his food.

Again last April, Foster decided that he would like to compete in the B. A. Marathon on Patriots' day. He had already competed in three Marathon races in Chicago and he had confidence in his ability to dispose of the best of the country's long distance amateur runners. He was penniless, but he started after securing the large sum of \$1.

On that occasion he did not travel first class, nor did he condition himself by plodding over the roads. He simply stowed himself on the bumper between the blind baggage and the locomotive tender of one of the fastest trains out of Chicago and he hunched his "fortune."

He reached Boston a day before the race, tired, hungry and in every bone and muscle and running a mile a pace. He was out of the question, but he nevertheless viewed the finish of the run.

Foster and his outfit presented an odd spectacle. He wore a suit of dark clothes, a sweater, heavy shoes and a large sombrero. His outfit consisted of a home made pair of mittens, a pair of "schoner" in miniature. The running gear comprised the remnants

of an old fashioned tricycle, with the front wheel removed and a pair of baby carriage wheels substituted. The front wheels is attached a long stick.

When Foster started on his long walk he was sore pained to his back, a large piece of waterproof cloth on which was painted: "City Hall, Chicago, 4.30 to 5.30. I'm off for that New Hampshire town where there's a school of far renown—It's Exeter, Exeter, Exeter." When I finish this pleasant stroll At that great school I shall enroll, shing and later longer and needs no annual repairs or painting.

#### CHATHAM PROPERTY MAY CHANGE HANDS

The representatives were reported on the physical condition of each property as it stands today; the advantages of running them in conjunction and under one head; and the present earning power of each plant separately.

#### THE COLLEEN BAWN" AT NICKEL

Commencing this afternoon at 2 o'clock the Nickel will present exclusively for this city the remarkably fine Irish drama by Dion Boucicault, "The Colleen Bawn," a picture in three reels, consuming fifty minutes of the programme and musically embellished by special orchestration.

#### GRAY'S MILLS NEWS.

Gray's Mills, Nov. 9.—R. C. Williams of the road board of Kingston, has a crew of men building a new mill across the Big Brook. In Bradley's hollow here, and doing some other necessary repairs to the road through the hollow. The roads in this parish have been very greatly improved under the present local government.

#### DEVELOPED BRONCHITIS. SHE COULD HARDLY SPEAK.

Bronchitis begins with a tightness across the chest, difficulty of breathing, hoarseness, and there is a dry, harsh, cough.

#### CAUGHT A BAD COLD.

After a few days mucus begins to be raised. This is at first white, but later of a greenish or yellow color and is occasionally streaked with blood.

#### STEEL CEILINGS

Artistic, Sanitary, Fireproof, Decrease cost of interior construction, Reduce Insurance, Suitable for Churches, Stores, Offices, Houses, Public Halls, etc. Easily erected. Can be put up over old ceilings without removing plaster. Designs furnished free. ESTEY and CO., Selling Agents for Manufacturers, 49 Dock St.

### CHATHAM PROPERTY MAY CHANGE HANDS

The Visit of Messrs. Riordon and Reid May Mean Big Things to that Town.

Chatham, Nov. 10.—The visit of Messrs. Riordon and Reid here this week may have effects of very far-reaching importance to Chatham.

Besides coming to inspect the pulp mill for Sir John Milbanke and his associates across the water, they have in view a proposition much more extensive than this alone. Mr. Riordon is an expert paper and pulp man, but Mr. Reid is an authority on saw mills. While here they were working on a proposition to buy out the Miramichi Pulp and Paper Co., and the J. B. Snowball Co., one of the largest lumber concerns in the Maritime Provinces.

The representatives were reported on the physical condition of each property as it stands today; the advantages of running them in conjunction and under one head; and the present earning power of each plant separately.

Messrs. Riordon and Reid have made their inspection of the two mills to England, but of what nature their report is could not be gleaned.

Mr. Snowball said that no question of price was mentioned, simply an inspection of the properties was made with the end in view already mentioned. He could give no idea of the outcome.

As the big Snowball mill adjoins the Miramichi pulp mill and owns very valuable real estate rights in front of the latter, the great increase in the value of the pulp property to have both concerns under one control is apparent. Moreover there is a great deal of waste material about a saw mill which could be profitably employed in a pulp mill. For instance, deal ends and slabs are now burned up for want of any chance to be made use of can if any instances be used in the manufacture of pulp. The pulp mill which has to operate a train of its own to bring logs to its mill or pay freight to the L.C.R. for doing so, with the extra cost of double handling, could in the event of the conjunction of the two big mills, bring up its logs by means of a haulup derrick and barking rooms. This it is claimed will save about \$2 per thousand on logs.

While the joining of the two plants will perhaps not in any way enhance the value of the Snowball mill as an industrial factor in the community, for it is already the Big Brook, the mill development and the most modern equipped mill in the province, it will in fact as this position as to make no doubt of its profitable and continuous operation, the transaction is one which will be generally looked for by citizens. Moreover there are reasonable grounds of hope for a paper mill if a million or so of money is once invested here by the paper people of England.

A paper mill to handle the output of the extra saw wood means employment to hundreds more hands and would in a few years lead to the doubling of the town in population.

### "Nerviline" Cures Rheumatism

And Here is the Proof - A Solomenn Statement From a Four-years' Cripple, Who Says "Nerviline" Did It.

"If I had lived through my sufferings another year it would have been a miracle." This is the opening sentence of the declaration made by Mr. J. Eccles Squires, member of one of the best-known families for twenty miles round Sydney. "My limbs were drawn out of shape, even my fingers were gnarled and crooked—my lameness, stiffness and inability to get about all showed Ie have Rheumatism made with my health. The blessing of it all is that I have heard of Nerviline, and now I am able to tell and advise others how they may get well, too. My system was so weakened that I had to build up with a good tonic, so I took Ferron's at meals. But I never stopped rubbing on Nerviline—it had a magic influence on my stiff, painful joints, and bottle after bottle was rubbed on the painful parts. Nerviline cured me. I am well today—have been well for 4 1/2 years."

You also can cure rheumatism, lameness, sciatica, neuralgia or any pain or stiffness in the muscles or joints—to do so use Nerviline. Don't let anyone tell you that you can't get well. Buy Nerviline only; large size bottle 50c, or sample size 25c; sold everywhere, or The Catarahozon Co., Kingston, Ont.

## HYDRO-ELECTRIC DEVELOPMENT.

At a meeting of the Common Council this evening the representatives of the city will be called upon to deal with the question of the franchise of the Hydro-Electric Company—a question of supreme importance in view of the demand for cheap power and at the same time requiring careful consideration in order to safeguard the city's interests. The application of the Hydro-Electric Company is the first definite step towards utilizing the water powers in the neighborhood of St. John. Much has been heard in recent years about the possibilities of development but nothing has been done. Civil engineers employed by the company, including Mr. William Kennedy, one of the greatest electrical authorities on the continent, have reported favorably on the question of successful development, and the company, having secured the rights to the sources of power on the Leprooux and Magaguavic rivers now comes to the Council and submits a proposition. There are other water powers and there may be other companies which at some future time may require equal consideration, but the fact should not be lost sight of that the opportunity present itself for the development of the powers on these two rivers and if the terms are fair and reasonable, and from the report of A. D. Kierstead it would appear they are, they should be accepted without further delay.

It is a bad habit on the part of many esteemed citizens to criticize everything new or untried which comes to their notice before giving serious thought as to how far their complaints may react against the progress of the city. There have been criticisms levelled against the Hydro-Electric proposition. It may therefore be as well to examine, briefly, what the company proposes to do. It offers to supply St. John with electricity generated on neighboring rivers and agrees to save the citizens using electric light one-quarter of the present cost. It offers to the manufacturers to take approximately one-quarter of what they are now paying, and proposes to disburse its construction and in purchase of property nearly \$2,000,000.

The Council is asked to grant the company the privilege of distributing electricity in St. John on its own poles, to be placed where the city directs or on any other poles that the city sees fit at the expense of the company. The company further guarantees to cut the present rates in two in many cases, but not less than 25 per cent, leaving open the question of rate adjustment at any time by the Public Utilities Commission. This privilege of distributing is asked for a period of fifty years, but is not exclusive, any company or companies being free to enter the city on the same terms, and is not unreasonable in view of the fact that bondholders would naturally require some guarantee of permanency before they would invest their money. We do not see in the Hydro-Electric proposals any serious grounds for criticism, especially as a safeguard against any possibility of the undertaking being merely a speculative enterprise is contained in the stipulation that if electricity from the company's power plant is not available within three years there is an end to the bargain.

It must be borne in mind that New Brunswick is not the Province for water powers that Ontario is. We have not available the millions of horse power they have running to waste, and it costs more in New Brunswick to harness the few falls we possess. The lighting rate of the Hydro-Electric in St. John is to be a net rate of 7½ cents per kilowatt, which compares very favorably with the following rates in Ontario: Bradford, 8½c; Brockville, 10c; Buffalo, Ont., 10c; Calgary (municipal plant) 10 1/2c; Cornwall, Ont., 12½c; Galt, Ont., 12c; Guelph, 10c; Hamilton, 7½c; Kingston, 10c; London, Ont., 9c; Owen Sound, 7½c; Ottawa, 7 1/2c; St. Catharines, 7c; Toronto, 8c. It must be remembered that some of these cities are supplied from Niagara Falls, where the development was exceedingly cheap and there were no storage dams, not even a power dam to build, and that furthermore the Province of Ontario has made it its business to see that the rates were cut down to the lowest possible.

Apart from the benefit to the Province which will be derived from the expenditure of a large sum of money in the undertaking, the investment of outside capital must prove an excellent advertisement. It should result in a better knowledge of the possibilities of New Brunswick and be the means of attracting further industries, all related to make for progress. Already there are signs that this publicity is bearing fruit. Enquiries have been instituted recently for the purchase of a three thousand acre farm for potato growing on the St. John river. A sheep farm of six thousand acres is being investigated, both of these by syndicates who knew nothing of the possibilities in New Brunswick until they became interested in the Hydro-Electric.

We have talked cheaper power long enough. In the meantime we are standing still while other Provinces are going ahead. The proposition to come before the Council is backed by an exhaustive report made by A. D. Kierstead's committee, and with the safeguards provided we see no reason why it should not go through. The opportunity to make a start presents itself. The lead taken by the Hydro-Electric may result in the development of other water powers. If we are ever going to demonstrate what possibilities along this line there are in the neighborhood of this city we may as well begin.

## THE GOVERNMENT OF FAIR PLAY.

The Borden Administration bids fair to earn the little glory given it by the London Free Press—"The Government of Fair Play." After a lengthy period, during which their just rights were either overlooked or slightly damaged before them as possibilities under certain conditions, the Provincial Governments of Canada are suddenly enjoying the new experience of a sympathetic Government at Ottawa.

Ontario people have already become aware that there is a new era dawning for them, and the Whitney Government, in going to the country for a renewal of office, draws attention to the changed conditions under which they will now be able to do business. Mr. Borden took advanced ground during his campaign by declaring for Federal assistance towards road, agricultural training and active colonization. These are three questions of prime importance to Ontario and in which the Government of Sir James will gladly co-operate.

The change at Ottawa marks also a new activity in matters relating to Manitoba. The most important of these relates to boundary extension, necessary to place the pioneer Western Province on an equality with its younger but quite as energetic sister Provinces. For years the Laurier Government trifled with this important question, and the present Government has turned it into a matter of serious consideration. Not less important to Manitoba than the boundary question, and closely connected with it, is the building of the Hudson's Bay Railway, which is no longer regarded as other than a matter of straight business.

So, too, with British Columbia. Premier McBride was in Ottawa recently, and he recognized the changed conditions when he said: "We have been here before, but with little success. But now we are in the house of our friends." British Columbia has its important questions; the Federal grant to the Province, the provincial fisheries, the Dominion lands in the Province, Indian reserves, and the old vexed issue of Asiatic immigration. All these questions have been long to the front, but the settlement held back by hostility at Ottawa.

The two prairie Provinces, Alberta and Saskatchewan, after fighting vainly for the control of their public lands, now have their opportunity to enter upon the rights in this respect that are enjoyed by older Provinces. The list might be extended. Nova Scotia, New Brunswick and Quebec rest assured that the expenditure necessary for their shipping growth will be forthcoming, and with all the other Provinces stand to share in the aid which Mr. Borden promises from Ottawa for roads and agriculture.

It is surely a better day that has dawned for the Provinces one and all. Fair play to each of them and a spirit of co-operation between all will do much to send Canada far forward on its destiny during the next few years.

## SUN-YAT-SEN'S CAMPAIGN.

Dr. James Cantile, the famous London surgeon, is a personal friend of Dr. Sun-Yat-Sen, the Chinese revolutionary leader, who was a medical student when the well-known surgeon was a professor at Hong Kong. Their friendship has been continuous and intimate, and in interviews in the London papers Dr. Cantile has been explaining the real inwardness of the present revolution. Sun-Yat-Sen's party is opposed to the Manchu dynasty, and wants to see a Republic in China. "I often laughed at him," says the doctor, "and told him that it would be difficult to rouse the people against the throne—people who live by the throne, and who are built up upon loyalty to the throne. I have told him it was impossible, because the king there is not a king—he is a god, and, therefore, there is entertained for him a sort of respect which you cannot get rid of."

"He replied that perhaps we do not understand things out there as well as he does. He says the different provinces of China are more important than the different states in the United States, and more independent even than Canada is of this country. A victory which is sent into a Chinese province has absolute power. He only reports to the Government—that is, the Manchu dynasty—that he has absolute self-government, and all they want in China is a Central Government. If they can secure that there will be no further trouble, because the present viceroys will continue to manage the various states, some of which, as you know, comprise from forty to sixty million people. The idea is to replace Manchu rule by a Central Government, with an Upper and a Lower House. These are the principles that Sun-Yat-Sen has spoken of for the last twenty years. People in England may laugh at him, but no one who knows China will laugh at him."

"Another thing I know him by in his rebellion is this. All the foreigners are being respected. The foreigners need not fear that a hair of their heads will be touched, except, of course, by some rebel soldiery. Further than this, all the Christian churches are to be respected. He himself is a Christian; not a convert. His father was a Christian, and when Sun-Yat-Sen was in London he went regularly with me to church on Sundays, the Church of St. Martin."

Dr. Cantile says Sun-Yat-Sen has plenty of money, and two-thirds of the foreign-dressed troops are rebel sympathizers. This is the third or fourth rebellion within the last four or five years. On one occasion he went across the French border into the southern provinces of China, but that failed. Two other attempts before that were also unsuccessful. Although he had plenty of men, money and guns, his ammunition failed. They fired it all away in a few days and they had no means of getting any more. They could not buy it, and they could not get it from the French across the border. Consequently it was long the ammunition that failed. Now he has got an arsenal, and in this sense he is perfectly certain of success so long as foreign armies do not declare war against him.

Mrs. Margaret Murphy, an aged woman, who called at The Standard office on Saturday was also a visitor to the Globe. Her case is clearly set forth and deserves some attention from the proper authorities. She complains, says the Globe, "that she is sick and suffering and in want and that her son, who is her only support, is confined in jail because he drank a little too much."

Mrs. Murphy says her boy is a good provider and every week gave her money to run the house. But he became habituated to take a little too much beer the police arrested him and he had been sent to jail for two months. With tears in his eyes, the old lady complained that her effort to have him released had been unavailing and she was being hard put to it to get along with-out his help. She did not consider such treatment "Christian-like and could not understand what good or satisfaction the city of St. John got in locking her boy up and compelling a sick old woman to go out and work, simply because he had happened to drink a little too much."

As we understand the situation the unfortunate man is on the interdict list. Rather than his being a question of jail for him, activity should be directed to discover who supplied him with liquor. Indebted when it reaches a certain stage is a disease. Few will be disposed to disagree with Mrs. Murphy's opinion that such treatment is un-Christian-like and no credit to the community.

To transact certain necessary state business during the King's absence in India, Prince Arthur of Connaught, the Archbishop of Canterbury, Lord Loreburn, as Lord Chancellor, and Lord Morley, President of the Privy Council, have been appointed a commission. This is an ancient and convenient practice. When King George I, over his constant habit was to appoint a commission of Lords Justices with power to summon and hold Privy Councils for the transaction of any state business that needed the sovereign's sanction, and could not await his return. When Queen Victoria was away at Cannes a commission was sometimes appointed in the same way, for although the Prince of Wales (King Edward) ordinarily acted for his mother, he was formally appointed in exactly the same way as Lords Justices were commissioned. In the late reign there were at least half a dozen occasions on which a commission was appointed for precisely similar purposes, and in this case also the Prince of Wales (King George) acted for the sovereign. In the present instance the commission will have power to summon and hold such meetings of the Privy Council as may be found necessary during the King's absence.

The strength of British Columbia's Conservatism, says the Victoria Colonist, can be gathered from an analysis of the vote at the recent Dominion election. The solidity of the Province can be gathered from the fact that out of a total vote of 44,590 the supporters of the present Government polled a majority of 9,418. This is a splendid showing and behind the seven representatives returned to Ottawa, is the voice of a people who have demonstrated in very pronounced terms what they consider the policy of the future should be for this country.

## EXMOUTH ST. CHURCH GETS MONEY FOR ORGAN

Member of Congregation Volunteers Assistance and Church Raises the Balance—Service Last Evening.

The service held in the Exmouth street Methodist church last evening for the purpose of raising the balance of the cost of the new organ was well attended and proved to be a success. Ex-Chief Justice Tuck presided and an excellent programme of music and speeches consisting of doxology, prayer, hymn, prayer, Scripture reading, collection, selection by choir, remarks, chairman, address Hon. Robt. Maxwell, selection by choir, address Jas. Miles, hymn, address Rev. W. W. Brewer, selection by choir, offering for organ and anthem, hymn, benediction, was provided.

A member of the congregation said that he would give \$125 toward the organ if the sum was raised by subscription, the sum of \$979.75 was raised.

The young ladies of the church have the sum of \$160 to their account in the bank and the young men have \$150, this makes a total of \$319.75.

## GREAT LEGAL LIGHT GONE.

Contributed 100 Legal Articles to the Encyclopedia Britannica.

London, Nov. 8.—Dr. James Williams, high sheriff of Flintshire, a contributor of over 100 legal articles to the Encyclopedia Britannica and many in law magazines and reviews, died here today. He was born in 1851. He was the author of a number of books on law, including The School Master and the Law, Wills and Succession, Law and Education, Dante as a Jurist, and Law of the Universities. He also wrote a Lawyer's Lawyer (verse) Simple Stationer's Law, Briefless Ballads, and Ventures in Verse.

Meeting of Ladies' Aid. The regular monthly meeting of the Ladies' Aid of the Seaman's Institute will be held this afternoon at 2:30 o'clock. A new matter of great importance is to come up for consideration and every member is urgently requested to attend.

## J.C. MACKINTOSH & CO. ON THE MARKET

The favorable trading conditions that have prevailed in the local market for some weeks past have continued. Insiders are evidently taking advantage of them to mark up the prices of their own specialties. It is to be noticed that in any general activity throughout the market, some particular stock is taken in hand and put to higher prices, with a view of having its share more fully in the general movement. On this account stocks are coming into the market of great importance is to come up for consideration and every member is urgently requested to attend.

closer relationship that exists between Sir William Van Horne and Premier Borden will result in the new government lending some assistance to the big corporation at least until such a time as the company is able to complete and have its proposed rail works in operation.

**CLOSING STOCK LETTER.**  
By Direct Private Wires to J. C. Mackintosh & Co.

New York, Nov. 11.—There was a considerable influx of outside buying in today's market under which prices maintained a steady undertone but it was evident that the supply of stocks was larger than in immediately recent sessions, as was only natural in view of the wide and virtually uninterrupted advance that has occurred. The anthracite coal stocks continued to show the greatest degree of strength on reiterated rumors that steps had been taken to segregate the coal properties of the so-called Anthracite Roads which would result in the distribution of handsome equities to stockholders. Even in this quarter, however, there was evidence of heavy realising and final prices ranged irregularly from one point above to a point below last night's closing. The normal disposition of the part of a large number of speculators to take fair profits in anticipation of a possible reaction was intensified by the usual week-end evening up process. All things considered the market gave a good account of itself and while the expected reaction is overdue, there is no sound reason for believing that the advance has reached culmination.

**LAIDLAW & CO.**  
Here to Load Deals.

Steamship Lonsburg arrived in port last night from Sydney, C. B., with a cargo of coal for the Dominion Coal Co. After discharging the steamer will load deals for the United Kingdom. While on the other side extensive repairs to the Lonsburg will be made.

### U.N.B. TEAM DEFEATED THE HARRIERS

The football match played in Fredrickton Saturday between the Harriers and U. N. B. resulted in a victory for the latter by a score of 4 to 0, Willis kicking a field goal in the last five minutes of play.

The Harriers kicked off and a scrum followed on the 50 yard line, the St. John boys then got down to business and rushed the ball to U. N. B. 25 yard line. A scrum was called and the Harriers again went forward and the U. N. B. halves were forced to come to the rescue of their scrum by punting. An exchange of kicks followed and the play worked over all the field for the rest of the half.

Doyle, of the Harriers, got the ball in the latter part of the first half with a clear field ahead and would certainly have scored, but Referee Deedes called him offside. His decision in this case is being severely criticized.

The second half was very close, the scrums doing most of the work with the halves of both teams doing good punting and running. The play that won the game for U. N. B., started from a scrum on the Harrier 25 yard line, the ball was passed to Willis who dropped it over the crossbar. From this on till the end of play, neither team had the advantage.

The lineup:

U. N. B.  
Forwards: Duke Turner, Patterson, Coleman, Jewett, March, Dixon, Shaw, Parker, O'Halloran, Lelacheur, Dugay, Quarters, Gilbert, Melrose, Keefe, McFadden, Malcom, Loggie, Halves, D. Malcolm, Willis, Howard, Murphy, McKee, Malman, Brooks, Asker, Fullback, Anglin, Lauchlan, Capt. Deedes refereed.

### RESULTS OF FOOTBALL GAMES ON SATURDAY

**Varsity Win Intercollegiate.**  
Toronto, Nov. 11.—The Toronto University football team won the title of Intercollegiate Champions this afternoon by defeating Ottawa College 29-13. The Toronto team was hard pressed until the last quarter by the lighter and less experienced boys from Ottawa, but towards the end of the game, after Cornellier the boy "phenom" of the visitors had been held out, piled up a big lead. Toronto University will now play off with Argonauts, interprovincial champions, for the Dominion title, which the college team have held for the past two years, defeating Ottawa Rough Riders and Hamilton Tigers in successive years.

As Billy Foulds and Smirlie Lawson, graduates of Toronto University, who have been starting on the Argonaut team, have stated that they will not play against their own university the students are confident of victory.

**McGill Defeats Queens.**  
Kingston, Nov. 11.—The McGill team had a narrow escape from defeat at the hands of takers in the Intercollegiate League today, only winning out over the Queen's University football team in the last quarter, after the score had stood at 19-4 against them with three-quarters of the game over, with the final score of 20-19. The fine playing of Billington, McGill's centre half, was responsible for the McGill victory.

**Montreal Teams.**  
Montreal, Nov. 11.—The Montreal football team seized its last chance to break into the win column in interprovincial football today and scored its first victory of the season at the expense of Hamilton Tigers. The score was 14 to 6. The Hamilton

### BICYCLE RACE WAS WON BY JACK CLARKE

Buffalo, N. Y., Nov. 11.—Jackie Clarke, the Australian, and his partner Hill, won the six day, eight hour day, bicycle race which ended tonight on the Seventy-fourth Regiment Army track. Of the nine teams sent away last Monday, the Palmer-Stein pair alone dropped out and five of the teams finished with 1,075-1-3 miles to their credit. In the final sprint of a tulle to break the tie, Clarke finished first, J. Bedell, second; Root, third; Drobach, fourth; and Ryan fifth.

The final standing was:  
Clarke-Hill, Bedell-Bedell, Root-Folger, Drobach-Pye, Carslake-Ryan, 1,075-1-3, Demars-Lawrence, Wells-Collins, Jokus-Jones, 1,074.5.

**Seaman's Institute.**  
The institute will be open for public inspection on Thursday, Nov. 16th between the hours of three and seven. The interior of the building has been redecorated and presents a very bright and cheerful appearance. The annual harvest tea will be held in the large hall which is one of the features of the building, the color scheme of the hall has been carried out in light green, terra cotta and cream, the woodwork in dark oak making the auditorium very attractive. The manager hopes the citizens will take this opportunity to inspect the building and attend the tea, and so help the funds of the society.

### McGILL UNIVERSITY CONSERVATORIUM OF MUSIC.

By Dion Boucicault.

**STRONG HUMAN DRAMA OF THE EMERALD ISLE**  
In 3 Reels of Pictures.

REEL NO. 1.	REEL NO. 2.	REEL NO. 3.
The Cregan estate is heavily mortgaged and to save the family name the mother selects the heiress, Anne Chute, for her handsome son. Hardress But Hardress loves the Colleen Bawn, Eily O'Connor, marries her secretly, and then under stress of finances, deserts her heartlessly. Myles, the God for Nothing, assists Eily.	The hunchback, villainous servant of Hardress suggests getting rid of the Colleen but his master repels him violently. Anne Chute meets the Colleen; but misunderstands her marriage, thinking it is Kyrie Daly she has wed. Therefore, she makes love to Hardress openly, and Danny Mann tries to drown the Colleen.	The Colleen Bawn is saved by Myles. Danny is shot mortally. On his deathbed Danny confesses his attempted murder of Eily. Wedding festivities at the Castle Chute, but Hardress is arrested before the marriage for the murder of the Colleen. He knows nothing of the crazy act of his servant. The Colleen brought forth.

MISS BRECK PICTURE SONGS ORCHESTRA.

### DALHOUSIE INTERMEDIATES TRIM HORTON

Dalhousie's defence proved impregnable and the contest ended, Score, Dalhousie, 3; Horton collegiate academy, 0.

**Madame Pevsner's Lecture.**  
There was a large attendance in the Oddfellows' hall, last evening, to listen to an interesting lecture by Madame Bella Pevsner. The lecture was illustrated with stereoptical views and was given in English. The lecturer spoke on incidents of the Zionist movement and was very interesting from start to finish. She has travelled through every country in Europe and has also lectured in the western states and some of the western cities in Canada. Madame Pevsner gave the views of the work being done settling the Jews in Palestine. Madame Pevsner is a fluent speaker and her lecture was listened to with rapt interest by the large audience present.

**Lecture on Burns.**  
Rev. J. J. McCaskill will deliver a lecture in St. Matthew's Presbyterian church, Benglas Avenue, on Robert Burns, on Tuesday evening. The lecture will be held under the auspices of the ladies' society of the church.

### STANDING OF INTERMEDIATES.

**OPEN EVENINGS F. S. THOMAS, 539 to 547 Main St.**

AROUND THE CITY

Dr. McInerney Improving. Dr. J. P. McInerney was reported to be resting comfortably and his condition to be slightly improved last evening.

For Operation. The ambulance was called out to the North End yesterday afternoon to convey a lady from the hospital to undergo an operation for appendicitis.

Resting Easily. E. S. Hennigar, who is confined to the hospital with a broken leg, resulting from the collapse of a chimney on Queen street, is reported last night to be resting easily.

Drunk Man Found. Saturday night a horse and buggy found in possession of a drunken man, was placed in Walter B. Campbell's livery stable for safe-keeping.

Back Door Open. About 7:30 o'clock yesterday morning Officer Lucas found the rear door of the Unique Theatre on Charlotte street open, and secured the same with a spring lock.

Created Disturbance. Between 12 and 1 o'clock yesterday morning, Policeman Semple was called into the White House cafe on Main street to assist in ejecting Samuel Collins, who was creating a disturbance.

Found Door Open. Between 1 and 2 o'clock yesterday morning Policeman Semple found the door of Daniel Collins's shoe shine parlor on Main street open and secured the door with a ring and lock.

Charged With Vagrancy. Yesterday morning between 12 and 1 o'clock, Anthony Howe, aged 21 years, and Charles Wilson aged 22 years, were arrested by Policemen Marshall and Briggs, and charged with wandering about the streets and not giving a satisfactory account of themselves.

In Great Demand. It is understood that Rev. Andrew T. Reid, of Saint Ste. Marie, to whom the congregation of St. David's church have extended a call, has also been tendered calls from St. Thomas and Fort Arthur, Ont. The authorities of St. David's have received no word from him.

Bringing Clarke Today. Detective Patrick Killon is expected to arrive in the city this morning from New York with Harry B. Clarke whom he took into custody in New York and who is wanted here for absconding while he was manager of the Charlotte street branch of the Bank of New Brunswick.

Aged Man Found. An old man named Russell, who is thought to be somewhat demented, was found wandering about the Westmorland Road yesterday morning and was brought to the police station to be cared for. The old man is said to reside on Britain street and will be taken care of by friends.

Liquor Case. A case of selling liquor without a license brought Michael Haney in his hotel on the corner of Prince William and Duke streets, will be resumed in the police court this afternoon at 2:30 o'clock. The case was on one day last week but was postponed owing to the illness of Mr. Haney.

Dorchester Fire Fighters. The commissioners for the protection of Dorchester have purchased from Frank R. Fairweather, of this city a 40 gallon chemical fire engine, and other equipment and will start a fire department at once. The commissioners were greatly influenced by the success of the chemical engines in Hampton and St. John, both of which were manufactured by the same firm.

Loafers on West Side. The West End police force appear to be dormant to the presence of a crowd of loafers ranging in age from fifteen to thirty years, who frequent the corner of Union and St. John streets where the store of S. J. Alder is situated. The nuisance occurs on Sunday afternoons, and results in insults to ladies and others passing the corner. Mr. Alder occupies the premises of the vicinity find the presence of these loafers extremely annoying and are hoping for police interference.

To Elect Delegates. The local government supporters for the Parish of St. John are requested to meet in the Nickel assembly rooms, Carleton street, on Tuesday next at 7 o'clock, a half hour before the convention to elect delegates and substitutes to the convention. St.monds No. 1 is entitled to 6 delegates; No. 2, to 3 delegates, and No. 3, to 3 delegates. The convention will select a candidate to contest the county by-election. The meeting will be called to order at sharp 7 o'clock by the Hon. Robert Maxwell, M. P.

Council to Meet. A special meeting of the common council will be held this evening to consider the report of a special committee recommending that the New Brunswick Hydro Electric Company be given a 50 year franchise on condition that it grants rates for electric power varying from \$27.50 to \$65 per horsepower, per year. If time permits other matters will probably be dealt with. At the last meeting of the council, Ald. Wigmore moved a resolution calling for an investigation of the police court, and as it was held over for consideration, it may be brought up again at the meeting this evening.

Sons of Temperance. The Loyalist Division of the Sons of Temperance held a successful meeting last evening in their rooms on Paradise Row. E. Mitchell presided and Rev. Dr. McLeod spoke on the moral wrong of drink and the liquor traffic in general. He said that the commercial value of the men who do not drink is far greater in all walks of life than those who do. He told the young men of the evil effects of liquor and compared drinkers and non-drinkers from a physical, moral and business point of view. Next Sunday evening the Rev. W. R. Robertson will speak.

You can't beat our kindling, Wilson Box Co., Ltd. Phone West 98.

POINTS TO REMEMBER. If you live in a town—make it a good town to live in, speak well of it, help its progress, and it will help you. An aggressive contented community attracts cheerful people. That's what any town welcomes.

Fishermen Think They Are Ill-Used

Men Plying the Trade in St. John and Charlotte Counties Object to Regulations Hampering Their Activities - State of Maine Fishermen Benefit by Canadian Restrictions.

A number of changes in the regulations governing the fishing industry are desired by the fishermen of St. John and Charlotte Counties, and there is talk of following the example of the fishermen of Nova Scotia, and forming a fishermen organization for the purpose of promoting the adoption of measures in the common interest. According to statements made to a Standard representative, the fishermen of the two counties are almost unanimously of the opinion that if they were placed on the same basis in regard to the lobster fisheries as the fishermen of the State of Maine, the change would be very beneficial. At present the regulations of the department of Fisheries prohibit the fishermen of St. John and Charlotte counties taking lobsters under 10 1/2 inches in length, and a close season for these crabs is enforced from June to January.

In Maine the size limit is the same, but the fishermen are allowed to take lobsters all the year round. Now it is claimed that the Canadian regulations enforcing the close season in Charlotte county, merely protects lobsters for the benefit of the State of Maine fishermen. American lobster fishermen pursue their operations near the international boundary line during the Canadian closed season and as a good deal of bait escapes from their traps, lobsters from the Canadian side are tolled into American waters and caught by the American fishermen.

Owing to this migration of lobsters during the close season, the fishermen of Charlotte and St. John counties, hold that the close season operates to their disadvantage, and that it is unnecessary anyway. They point to the fact that since Maine raised the size limit for lobsters from 9 to 10 1/2 inches, and started artificial propagation the supply of lobsters all along the Maine coast has greatly increased. In view of this they claim that the abolition of the close season and the installation of a lobster hatchery in Charlotte county, would be of great benefit to them. The State of Maine has several hatches, and surprising results have been obtained. Not so many years ago it was feared that the lobster fisheries of Maine were ruined, but artificial propagation has replenished the supply, and brought a new era of prosperity to the fishermen.

Another regulation which the fishermen think should be abolished is that which prohibits seining for herring in Charlotte county. Regulations Not Uniform. It has long been a mystery why

interference as the cause of other social evils, was the subject of an address by Rev. M. F. McCutcheon at the Every Day Club last evening. The hall was crowded. Charles S. Lambert presided and spoke briefly on the work of the club. David Higgins rendered a solo.

Rev. Mr. McCutcheon first considered alcohol and crime and quoted statistics to show the very large percentage of crimes that are traced directly to the effect of drink. Mr. McCutcheon quoted very striking statistics gathered by special commissions in the United States and England. Alcohol and the weakness and neglect of children was considered in a similar manner.

Summing up the general indictment the speaker declared it to be the duty of society to utterly prohibit the liquor traffic.

Social Tonight. The Guild of the St. Stephen's Presbyterian church will have a social this evening. A pleasing musical programme has been prepared and refreshments will be served. Mr. George Robertson will preside.

Meeting Tonight. A general meeting of the New Brunswick Forest, Fish and Game Protective Association, will be held in the Board of Trade rooms, Prince William street, this evening at 8 o'clock. The members and any others interested in the work of the association, are requested to attend. New bylaws will be submitted for the approval of the members and the secretary's report will be heard.

Some Apples. Reports from the Annapolis valley state that the crop of apples is so plentiful that 50 carloads a day could be shipped all winter to Halifax. "When will the fruit bearing sections of New Brunswick send this quantity for shipment from St. John?" remarked an interested citizen. "The land is there and only needs development and enterprise."

Sale of Holiday Furniture at M. R. A.'s. This morning will commence a most important event for those who plan to give Christmas gifts of furniture.
