DELEGATES ARE ON THEIR WAY TO VERSAILLES

The Men Appointed to Sign the Peace Treaty for Germany Are Reported to Have Left Berlin Thursday Night.

SUNDAY PROBABLE DAY FOR SIGNING

Another Vote of Confidence Has Been Given the New German Gov't by the Prussian National Assembly.

German Envoys Will Be Ready Sunday Morning

Paris, June 26.—Dr. Herman Mueller, the German foreign minister, and Dr. Bell, minister of colonies, who have been selected to sign the peace treaty, will arrive at Versailles Saturday morning, the Havas Agency learns.

Dr. Mueller and Dr. Bell, are leaving Berlin tonight on the ordinary train.

New York, June 26.—The Associated Press tonight gives the following: While no information is at hand with regard to the appointment by the German government of delegates to proceed to Versailles to sign the Peace Treaty of the Allied and Associated Powers, news reaching Paris is to the effect that delegates are leaving Berlin.

This time for the signing of the treaty, also, still is in doubt. The German delegation, says the report, will reach Versailles Saturday morning, having been due to depart from Berlin Thursday night. There has been some talk of the possibility of setting Sunday, as the date for the function, and Monday also has been spoken of as the time. Everything, however, seems contingent on the actual appointment of the men who are to act for Germany, and their arrival at Versailles.

No further news from any source has been received regarding the flight back to Germany of the former Crown Prince from Holland where he had been interned since hostilities ceased.

Another vote of confidence has been given the new German government of the Prussian National Assembly following a discussion of the peace situation.

A News Agency despatch from Copenhagen says 152 persons were killed in the rioting in Hamburg. The casualties in Berlin have not been made public.

The Allied and Associated Powers have informed the German that reparations will be required for the sinking of the German fleet at Scapa Flow, and that the individuals guilty of this violation of the armistice will be tried. Likewise reparation is to be required for the burning of the old French battle flags.

The British labor party, with only one dissenting vote, in a resolution has called for a revision of the League of Nations of the "harsh provisions" of the Peace Treaty, which are declared to be not consistent with the terms made by the Allied governments when the armistice was signed.

Protest was also made against the blockade of Germany and failure to incorporate in the Peace Treaty measures for the restoration of industry throughout Europe with equality in fiscal treatment.

BRITISH FIRED 943,000 SHELLS DAY "HINDY'S" LINE WAS BROKEN

British Losses in Materials During the German Offensive in the Spring of 1918 Were Tremendous—Tons of Ammunition, Thousands of Guns and Many Tanks in the List—All Replaced Within Two Weeks.

London, June 25, (Reuters)—In the House of Commons, F. G. Kellaway, deputy minister of munitions, asked for approval of £180,000,000 for the year ending March 31, of which £90,000,000 is an estimate of the war and the balance represents supplies to other departments of the government, including estimates of the war office, air ministry and local government board, the last mentioned being purchased for the government's huge scheme. The total expenditure of the ministry of munitions since its establishment was £1,854,507,941.

HUGE PROFITS MADE BY ONT. SHOE DEALERS

One Retailer Tells Cost of Living Commission His Profits on Shoes Averaged Sixty Per Cent.

WOMEN CRAZY FOR "FADDIST" SHOES

The Higher the Price Attached the More Eager Are the Ladies for That Particular Cut, Regardless of Real Value.

Ottawa, June 26.—Ottawa boot and shoe retailers were examined by the Cost of Living Commission of the Commons this afternoon.

E. Letellier, Rideau street, said that a month ago a shoe costing \$5.75 was now \$6.50. He sold it for \$9.50. He started business in 1914 and last year his turnover was \$51,802. His overhead expenses were \$10,832. He and his brother-in-law received salaries of \$3,400 each and they had left a net profit of \$2,619.

Witness said that on one line of shoes he paid the manufacturer \$8.10 and sold for \$12; on another line he bought for \$6.75 and sold for \$11. Remarking that he kept a large staff for such a small turnover, Mr. Pringle said Mr. Letellier was making an average of sixty per cent. on the shoes he bought from Wright for instance.

Witness said he had to have this staff to attend to customers, or they would get away. There was no mention when Mr. Pringle inquired: "You don't want to let a man escape. I don't blame you if you can get sixty per cent. out of him."

After further cross-examination the witness said he fixed prices to get about fifty per cent. Mr. Pringle—"You try out a customer with fifty per cent. and if he stands for that it's all right; then you try him with sixty per cent. and if he stands for that it's all right."

"I think you are doing very well, you are getting along all right," added counsel. Then the examination turned to expensive ladies' boots. The most expensive sold at \$15, and these, the witness said, cost him \$12.65.

Asked as to why the high profit he said: "When a woman wants something, and we have it, she is willing to pay the price." Questioned as to what would happen if the price was knocked down, he replied: "If she had an \$18 shoe and marked it down to \$9 she wouldn't buy it at all."

Robert Mason, Sparks street, stated that he had not increased his percentage of profit since the beginning of the war; nor since he started business. Three years ago a boot which (Continued on page 3)

Jap Steamer in Collision With Sailing Ship

New York, June 27.—A wireless message from the Japanese steamer Teuraga Maru at twelve fifteen this morning said that she had collided with a sailing ship about six miles outside of New York, and that the sailing ship had not been sighted since. The Teuraga Maru said that she was remaining in the vicinity and searching for the missing vessel.

Outlook Not Pleasing to Tittoni

Says Italy's Position Today is Less Favorable Than at the Beginning of the Peace Conference.

Rome, June 27.—The position of Italy at present is less favorable than at the beginning of the peace conference because the Italian delegation has approved all that Great Britain and France have asked in Asia and Africa, while those powers have not acknowledged the claims of Italy, including the declaration of an address to the senate today.

If this situation should continue, he added, Great Britain and France would be at peace and free to demobilize and to heal their wounds, while it would be impossible for Italy to do so because she would not be at peace. "I tell you the facts," the foreign minister said, "but do not judge. History, in time, will do that."

Signor Tittoni summarized the present status of Italy's negotiations as follows: "The frontier with the Austrian republic is outlined as we desired. Regarding the Adriatic, after President Wilson's message in April, there was the Tardieu which failed of its object. This was to find a compromise agreeable to our Allies as President Wilson wanted, and the British in the pact of London, which President Wilson did not recognize, by which our Allies admitted in entirety, including the clause assigning Fiume to Croatia.

"No other decision was reached, but Serbia occupied northern Albania and Greece occupied Smyrna, which was promised us by the agreement of St. Jean Maurienne."

UNIONIST CAUCUS DECIDES TO CONSOLIDATE THE PARTY INTO PERMANENT ORGANIZATION

Special to The Standard. Ottawa, Ont., June 26.—At the Unionist Caucus, today, it was decided to consolidate the Unionist party into a permanent organization. Decision to take such a momentous political step was incorporated in the form of a resolution, moved by a Liberal Unionist, and supported enthusiastically and overwhelmingly by the caucus which led up to the formation of the Union Government and Unionist party, and emphasized that the same patriotic reasons which called for the great experiment taken two years ago, still existed, although in a different form.

The nation still faced difficult issues, difficult and solemn, and there was pressing need for men of all political faiths to stand together until such a time as more normal conditions could be achieved. Sir Robert, who spoke at length, said that he was not concerned with political power or personal ambition, and offered to make way for a successor if the party desired that he should do so. But the caucus was unanimous in its demand that he should remain in full possession of the leadership. The only failure in the caucus to support the idea of permanent party came from less than half a dozen of the Western Liberal Unionists, who opposed the government on the budget. These, however, did not oppose the step, but merely refrained from speaking or voting in its favor. As for Mr. Crerar, Dr. Clark, Mr. Pender and Mr. Fielding, they did not attend and may be counted in opposition to the scheme. The decision taken by the caucus

WINNIPEG "VETS" SOUND WARNING NOTE TO PUBLIC

Claim Profiteers Among Capitalists and "Reds" Among Labor Are the Main Enemies to Peace and Prosperity in Canada.

Winnipeg, June 26.—In a statement issued tonight John Newman, president of the Winnipeg Branch of the G. W. V. A., says: "There are two main enemies to peace and prosperity in Canada today, one just as bad as the other, and both really of the same type, viz., the profiteers among capitalists and the 'reds' among the labor. It is clearly the duty of the G. W. V. A. to see that the activities of both are brought to a close."

"The strike has not been an unmitigated evil by any manner or means. It has awakened the people from their apathetic slumbers; it has shown the government that the problems of the undesirable alien, the profiteer and the high cost of living must be satisfactorily handled immediately, and that if the present government is unable to fill the bill, another government must take its place; in other words the present strike has focused public attention on what the G. W. V. A. has been urging on the government for months."

Frederick Slips From Holland

The Escape of the Former Crown Prince Adds More and Perplexing Questions for Solution by the Big Three.

Paris, June 26.—Frederick William Hohenzollern, former Crown Prince, has escaped from Holland and made his way into Germany.

The peace conference has not been officially advised of the escape of the Crown Prince, the news coming through British sources.

Pending details, official discussion of the event, and its bearing on German affairs, and the question whether it involves violation of neutrality by Holland, is withheld.

Recent Berlin despatches, printed in Paris newspapers, are recalled, in which unamed, but allegedly well placed persons, commented on the sinking of the German fleet in Scapa Flow and the burning of French battle flags, said they were not surprised and declared that other equally startling events might be anticipated.

Since the Scapa Flow incident the Paris press has insistently alluded to the possibility of the former German emperor's escape from Holland, coupled with the indirect question as to what measures had been taken to prevent such a move.

In military quarters the belief was expressed today that the crown prince and Prince Max of Baden are on their way to East Prussia where the military reactionary element is strong. The opinion is that there may be among the old Junker officer class those who, whatever opinion is held against the former crown prince personally, might try to use him as "the man on horseback."

The presence in Germany at this moment of Frederick William, when the fate of the peace treaty still hangs in the balance, has caused disquietude in Paris, and there is considerable speculation regarding the next development in the situation.

PLUNDERING AND KILLING FOLLOW HAMBURG RIOTS

City is Completely in the Power of Communists and Spartacists Who Are Pursuing a Course of Wanton Destruction.

Hamburg, June 26.—(By The Associated Press)—Hamburg threatened to become a second Munich with, even greater bloodshed, as the city is completely in the power of the Communists and Spartacists, who are utilizing the riots as an excuse to gain control. Yesterday they stormed the city hall and overcame the government troops. They then swept over the city, plundering, killing and destroying.

Many of Hamburg's fine buildings were badly damaged. The rioters held the railways up for a time. The police were helpless and government troops are on their way to restore order.

Jails have been stormed and criminals released. The Spartacists are conferring with the idea of establishing a Soviet system.

The streets are lined with all kinds of debris. It is noticeable in many places, indicating casualties. The number of dead is unknown, rumors varying between one dozen and hundreds.

Efforts are being made to burn the public buildings and with particular vandalism burning everything they could find.

GERMANY PLAYS ITS GAME TO THE EXTREME LIMIT

Ottawa, June 26.—The following cable was received this afternoon by the Canadian government from Paris official headquarters:

"The Allied and Associated Powers today sent the following letter to the German peace delegation: 'Paris, June 26, 1919. 'Mr. President—The Allied and Associated Powers feel it necessary to direct the attention of the German government to the fact that the Polish authorities have come into possession of the attached official German despatch which states that, while the German government means to sign the peace, they intend to give unofficial support, by all the means in their power, to local movements of resistance to the establishment of Polish authority in the territories allotted to Poland, in Posen and in East and West Prussia, and to the occupation of Upper Silesia by the Allied and Associated powers.'

"In view of this information the Allied and Associated Powers think it necessary to inform the German government that they will hold them strictly responsible for seeing that at the time indicated in the treaty, all troops and all officials designated by the Allied Commission are withdrawn and that, in the event of local disturbances in resistance to the treaty, no support or assistance to the insurgents is allowed to pass across the frontier into Poland."

(Signed) "G. Clemenceau." The telegram referred to in the foregoing letter follows: "The government will sign. Nevertheless, I will proclaim for Silesia, Western and Eastern Prussia, against the East. The government will officially declare its opposition but will support the action by every means. Horow has telegraphed today. Send my large parcel to Breslau."

was not unexpected. Two Liberals, as well as Conservative Unionists, have been urging such a step for some time, and it is regarded as the beginning of a new era in Canadian politics.

For although no decision was taken by the caucus in regard to the name of the new party, it is believed that it will be known as the Unionist Party—a change such as followed the merging of Birmingham Radicals and British Tories after the Home Rule crisis in the eighties—and that it will mean the passing of the historic Conservative Party.

The decision of the caucus also means that the Prime Minister has now a clear road and a new basis upon which to reorganize his Cabinet and this, it is expected, will be brought about without delay.

ONT. LIBERALS SNUB LIBERAL UNIONISTS

William Proudfoot Given a Disorderly Hearing at the "So Called" Liberal Convention in Toronto.

HON. ROWELL'S NAME GREETED WITH HOWLS

Liberal Leader at Ottawa Takes Occasion to Refer to Hon. Mr. Rowell in a Slamming Way.

Toronto, June 26.—Liberals who supported Union government were not popular at the Provincial Liberal convention here today. William Proudfoot, who was leader of the Liberal opposition in the Ontario legislature, received only twenty-three votes out of 312 cast this afternoon in the election of a Liberal leader for the province, and when giving a brief address was interrupted amid a good deal of disorder. When the announcement was made that he had received only 23 votes on the first ballot, he withdrew from the contest saying that this demonstrated that no one who had had anything to do with the Union government would ever receive any support from a Liberal, "or so-called Liberal" convention. His reference to the "so-called Liberal" convention was received with strong remarks of disapproval, but he did not withdraw the words.

Hon. N. W. Rowell's name was mentioned by one of the delegates when D. D. McKenzie, M. P., temporary Liberal leader in the Dominion Parliament, was delivering an address to the convention.

"What about Mr. Rowell?" the delegate asked, just after Mr. McKenzie had announced that the Liberals of the Dominion had asked all Liberals "to come with us."

"There is an account in ancient history of a man," replied Mr. McKenzie, "and it is said he went to his own place." This was received with howls, jeers and laughter.

"Don't think I am saying anything against Mr. Rowell," added Mr. McKenzie. "I can see what the verdict is here."

H. H. Dewar, K. C., M. P. P., who was elected leader of the Liberals of Ontario by 158 votes out of 312, on the second ballot this afternoon, in thanking the convention for having thus honored him, said the Liberal party would care for the interest of farmers, the labor people and returned soldiers, and as far as the latter were concerned, they would not spend \$500,000 to settle ninety-four men at home, but would enable them to farm in old Ontario.

Among a number of resolutions passed by the convention was one advocating the abolition of the Senate. This was not carried unanimously, but a resolution condemning the action of the Senate for its legislation in connection with the prohibition question, similar to a resolution passed last night by the Ontario Women's Liberal Association, received an unanimous vote.

"In furtherance of this, and with a view to providing the greatest possible volume of employment, the Government now proposes to proceed at once with its extensive road building programme, with its telephone extension work and hydro-electric transmission line, and with all other available works which are required in the public interest. The Government also is suggesting to municipal corporations that they adopt similar measures to the extent of their ability."

"We would also earnestly request all persons or corporations who have in contemplation any works to proceed without hesitation at the earliest possible moment with the same as far as possible before the approach of winter."

Dirigible R-34 Being Overhauled For Big Flight

"HINDY" THINKS GERMANS COULD MAINTAIN FRONTIERS TO THE EAST

Has But Little Faith in German Ability to Succeed in an Attack on the West—As a Soldier He Prefers an Honorable Fall to an Inimicable Peace.

London, June 26.—In military circles in Berlin, a despatch says, it is asserted that a counter-revolution will begin as soon as a Communist revolt against the government is started.

Field Marshal von Hindenburg, in reply to a request from Minister of Defence Noske, concerning the Allied rejection of German reservations in the Peace Treaty, said that, in the event of a resumption of hostilities, according to a Berlin despatch, German would be able to re-acquire Posen and maintain the frontiers to

Premier Norris Announces Royal Commission to Enquire into Causes and Effect of the Strike.

DO ALL POSSIBLE FOR HARMONY

The Gov't to Proceed With All Public Construction in Order to Provide Employment and Set Industry Humming.

Demand Release of Arrested Men At Winnipeg

Vancouver, B. C., June 26.—That Vancouver strikers will refuse to return to work until all the men arrested in Winnipeg in connection with the strike are released, is announced by strike leader J. Kavanagh today. Mr. Kavanagh stated that this decision was reached at a meeting of strikers held this morning. The question has yet to be voted on, however, by the majority of the strikers.

Winnipeg, Man., June 26.—In the course of a statement given out today dealing with the activities of the Provincial Government during the general strike, Premier T. C. Norris says:

"The Premier now proposes to appoint a Royal Commission, invested with full powers to ascertain the causes and effect of the strike and matters incidental thereto, so that the problems of the labor, and the difficulties of employers may be better understood, and that a sound and fair basis may be found on which matters in dispute from time to time may, hereafter, be adjusted."

"This step will, of course, not affect in any way any court proceedings."

"The commissioner we have in view is Mr. H. A. Robson and we are at present in communication with him."

"The Government throughout has taken the position that the calling off of the sympathetic strike was a condition precedent to any action on its part, but now that it has been called off, the government feel that it is its duty to do all in its power to regulate harmony and peace to the community."

To my mind it has been abundantly proved that the general sympathetic strike is wrong and futile. That the lesson has been learned, and such a strike is not to recur in the future, it is to my mind imperative, in the interest of the community, that some warfare should be retarded by co-operation, and all vindictiveness avoided."

"In furtherance of this, and with a view to providing the greatest possible volume of employment, the Government now proposes to proceed at once with its extensive road building programme, with its telephone extension work and hydro-electric transmission line, and with all other available works which are required in the public interest. The Government also is suggesting to municipal corporations that they adopt similar measures to the extent of their ability."

the east, but hardly would be able to reckon on success in the west. The field marshal is said to have added: "A favorable issue to our operations is, therefore, very doubtful, but, as a soldier, I must prefer an honorable fall to an ignominious peace."

A report from Berlin Wednesday said Field Marshal von Hindenburg had resigned from the chief command. Later despatches said General Groener had succeeded him.

ORDUNA DOCKED AT HALIFAX WITH IMPERIALS

Halifax, June 26.—The Cunard liner Orduna, arrived this afternoon from Liverpool, with about 100 troops. They had to be ticketed at Halifax and there was more delay on this account than with the Canadians, whose transportation is arranged on board ship. It was expected the work would be concluded by five o'clock in the morning, when the Orduna will sail for New York.

The London Times, in its survey of the German press, reports that Herr Dernburg, the new Minister of Finance, has lost no time in getting a government decision which he hopes will lead to a revival of German export trade. The scheme is said to be necessary in order to pay for the imports of food that Germany requires, but obviously it is intended to have a much wider scope.

Herr Dernburg said that the only means of paying for food were gold, foreign securities, credit and goods. If it were at all possible, it was necessary not to encroach further on the stock of gold. The strike of bank officials and other circumstances (undesignated) have much retarded the delivery of securities. The national credit had been much weakened by

Home Stretch On Training Grind

Willard Will Continue Same Work as Last Week — Is Pleased With His Condition — Dempsey Scaled 197 Pounds—Record Named as Referee.

Toledo, Ohio, June 26.—Jess Willard and Jack Dempsey today entered the home stretch on their training grind in preparation for their heavyweight championship contest here, July 4.

Willard announced that he would continue to work as he has been doing for the last week—boxing from 8 to 10 rounds—and taking three or four rounds of shadow boxing and exercises to strengthen his abdominal muscles. The champion is pleased with his condition and is confident that he will be in the best shape of his career when he climbs through the ropes to face his youthful challenger.

Before boxing ten rounds at his Maumee Bay camp today, Willard worked on the scales and balanced the beam at 243 3/4 pounds, which is six and a quarter pounds below the weight he made for his championship match with Jack Johnson in Havana in 1915. The champion said he expected to enter the ring weighing about 240 pounds as the drying out process of the last 36 hours before ring time would burn up the surplus flesh on his hips and frame.

The champion merely toyed with his sparring partners this afternoon, failing to extend himself at any time. He did not attempt to land any more than a half dozen solid blows and kept up a repartee with the crowd which roared when Willard dropped his hands to his sides and tonight his sparring mates to wallop him on the stomach and on the jaw.

The challenger boxed his usual six rounds with Bill Tate, the Jamaica Kid, and Jack Malone, stepping two with each man. The Jamaica Kid was knocked to his haunches with a wicked right hander to the chin and remained on his knees until the count of six before seeking refuge in a clinch. Although Dempsey pulled his punches while boxing with Malone, the St. Paul waterweight, had his teeth loosened when the challenger let fly an uppercut while breaking away from a clinch.

Manager Kearns announced tonight that Dempsey would wind up his training next Wednesday. The challenger scaled 197 before the ring this afternoon. The tent enclosure was packed with persons. The crowd numbered several hundred women. It was accepted as certain tonight that Ollie Record, of Toledo, would be named referee. The announcement of the third man in the ring, together with two judges, is to be made tomorrow as soon as Promoter Rickard receives official word from the army, navy and civilian board of boxing control which will meet in New York to ratify the selections.

the huge output of paper money, and the use of private credit was not to be thought of. There remained, therefore, only to increase the exports. For that purpose it was necessary to loose the fetters that had hitherto bound the export trade, and it need be, to encourage the consumer at home to the greater need of the state. A committee of the cabinet was to be formed with almost automatic power to carry out the scheme. Whether or not the result would be to the advantage of the whole country, it would certainly bring grief to the mill of the merchants, and the scheme is bitterly opposed by Herr Wiswell, the Minister of Commerce.

Sydney, N. S. June 26.—Striking an iceberg yesterday off the coast of Newfoundland, the Dominion Coal Company's steamer Maskingonge, Captain Griffiths, sustained damages which necessitated her returning to port. She is to arrive here tonight at nine o'clock. Ten plates are believed to be damaged and the hawser pipe broken, but the vessel will be able to make the return voyage under her own steam. The Maskingonge left Tuesday for Wabana.

Valuation Report On St. John Harbor Properties Made

Ross & Sons Places Valuation of \$2,027,160 on Harbor Properties—Takes No Account of Values of Fisheries, C. P. R. Wharf, etc.

The report of P. R. Ross & Sons, chartered accountants, on the valuation of St. John harbor properties was made public yesterday. It covers 20 odd pages and was prepared for the Department of Marine and Fisheries. It places a valuation of \$2,027,160 on the harbor properties, but takes no account of the value of the harbor fisheries, Partridge Island, the C. P. R. wharf or the loss of revenues which the city has suffered as a result of the cancellation of leases of property required for wharf construction purposes.

It is interesting to note that the accountants' valuation of the properties specified is \$212,694 more than the city's valuation of the same properties. This difference might be accounted for by allowances having been made to partially or wholly offset losses arising from rebuilding and fire.

Starting with a valuation of \$476,913 in 1890, the accountants find that the city has made the following additional outlays:

Capital outlay . . . \$1,539,537
Interest charge . . . 11,310
Making a total expenditure of \$2,027,160

Since 1890 the bond issue has amounted to \$1,583,697.

The city's net loss in the operation of the properties is placed at \$303,281.

The accountants find that interest on construction balances is only included when such interest was actually paid to the bank.

No interest is charged for the use of other funds such as sinking fund, and the general funds of the city, used in financing construction pending the issue of bonds.

A considerable amount has been expended on the rebuilding and remodeling of wharves, and such expenditures have been consistently charged to capital account.

There may be some maintenance charges included in capital outlay, and on the other hand there may be some capital charges included in maintenance account. At this date it is not practical to make an absolute verification of such division as between capital outlay and maintenance on some of the classes of expenditures. For this reason we have included as a part of the statements submitted, information regarding the total receipts and expenditures on current or operation account.

The report says: "We have not found it possible to obtain any reliable information in regard to the figures for 31st December, 1890. The Chamberlain in his report of 1891 on the accounts of 1890 states that no proper inventory of real estate, personal property, plant, &c., had been made since the year 1880. We were unable to get any information of the inventory referred to as having been made in 1880, and we were therefore obliged to commence our investigation on the valuations shown by the various wharves and accounts of 1890, and confirmed by the books of account of that year.

"Our examination covered the years from 1890 to 1915. We compiled the data included in this report from the published statements of the corporation, substantiated these figures by the original books of account, and such other documentary evidence as appeared to us necessary to establish the accuracy and authenticity of the facts and figures contained in the published statements.

"No effect has been given in our figures to a certain agreement between His Majesty the King, the Canadian Pacific Railway and the City of St. John, dated 20th April, 1912, 2 George IV, 1912, chapter XLVII. We are not in a position to judge as to the concessions given by the Crown and the Railway Co. nor the value of the properties acquired by the Corporation. The Corporation claims value on this agreement to the extent of \$200,000. We note, however, that your engineer, Col. Anderson, places a rough valuation of \$10,000 thereon.

"We are not in a position to offer any comment on the valuations of the properties as made by the city's engineer, but have confined ourselves solely to establishing the actual cash outlays on the various wharves and slips, as shown by the accounts.

"During the period in which the City of St. John apparently advanced money to finance construction work, retirement of bonds, &c., interest was constantly fluctuating and at some periods, as will be shown by exhibit 'C' the interest rate was as high as 6 per cent, but in all calculations of interest allowed the rate has been taken at 4 per cent.

NEW MANAGER ARRIVES.
C. A. Conlon, who succeeds F. H. Curt as manager of the local branch of the Canadian Oil Co., arrived in the city yesterday.

"It has been amusing to me to hear some of the remarks about who won the war. I say that no country won the war, as an individual country, but the Entente, a society of comrades, working together did win the war. In my opinion it is a great pity that certain people of the United States will belittle themselves by saying that Wilson or the United States won the war. It is true the winning of the war would have been delayed if the United States had not come in and they must be credited with hastening the end, but they are not any other nation, cannot claim the credit of winning it.

The Prince of Wales is coming to Canada and to St. John, and the purpose of his visit is to foster the spirit of loyalty to the crown. The Prince is a good living boy who did his part nobly in the war, and we will all be proud one day to call him King. His visit is only another form of comradeship. Comradeship is the big thing

MEMBERS OF CANADIAN CLUB GIVEN REAL TREAT YESTERDAY

Interesting Address Delivered by Colonel C. W. Weldon McLean, C. M. G., D. S. O. and Two Bars, Also Member of Imperial Parliament—"Comradeship" Was the Speaker's Subject—Said it Was Through Comradeship That War Was Won.

The members of the Canadian Club in the world and it is only by all pulling together that we can meet the difficulties of the present day and win the war after the war, and I appeal to you each and every one to be comrades one to the other and help."

Before closing, Col. McLean paid a tribute to the Canadian soldiers and stated that he as an Imperial officer and in many cases not known to be a Canadian, had an opportunity of getting the unbiased opinion of the merits of our boys, as the things said to him were not said to be pleasant but were the real thoughts of the speakers. He said he agreed there was no soldier like the Canadian; if they wanted good troops for a battle or if they wanted a trench taken they sent for the Canadian, and New Brunswick had sent some of the best of the Canadian troops, men who had made a name for themselves, and two New Brunswickers had won the highest honor bestowed, that of the Victoria Cross.

At the conclusion of the address, Mr. Weldon extended a vote of thanks on behalf of the Club, and the singing of the National Anthem brought a pleasant gathering to a close.

When Col. McLean rose to speak he was given a splendid reception. He thanked the Club for the invitation to speak and expressed his appreciation of the warm welcome which had been extended to him.

"I suppose," said Col. McLean, "that some of you are wondering why I have chosen Comradeship as the title of my address, but I believe one of the greatest lessons taught by the war, and it was through comradeship the war was won. France, Belgium, Italy, United States and the British Empire were all comrades and working together attained the goal for which they strove. In my estimation it is only another word for loyalty, loyalty of one country to another, loyalty of one man to another and loyalty to high ideals. If there is one place more than another in Canada where this subject of loyalty can be discussed, it is in this city of St. John and province or New Brunswick, which stand as a monument to the loyalty of those men who, sooner than renounce their allegiance to the British Crown, left home and possessions and came here to make new homes out of the wilderness."

"In developing this word comradeship I want to call your attention to something which is mending the stability of the world fabric, this thing called Bolshevism, which began in Russia and is sweeping over every country, and which is now manifesting itself in Winnipeg, whose expressed intention is to break up everything and through destruction rebuild the social fabric."

"Another thing which was causing unrest in Canada today was the profiteering which had been done during the war. The soldier coming home could see many men who had made fortunes through the struggle but had given neither himself or his money, while he had given up everything and sweat and blood in the trenches, and he was apt to say to himself, 'Is this what I fought and bled for? The soldier was coming back, and when he came and asked for a job it was the duty of every citizen to help him get one. This was true comradeship and helped to offset the feeling now held by many of the returning soldiers that they had been exploited by the big interests and made for stability in the country."

"Another seed of Bolshevism I see in the country is the feeling toward the Englishman. Coming across in the steamer and on the trains I heard men and officers running down the English officer and the English soldier. On this subject I speak as a Canadian, but as a Canadian who for the past twenty years has resided in England, and I appeal to you not to judge Englishmen by some of the types which have come to Canada and of which no country could feel proud, but to judge them by the great men of the world, and by what they had done in the war. England had 3,000,000 soldiers in France, and the great majority of them were good men, and I appeal to you not to spread this Hun propaganda, for that is what it is and it is designed to separate Canada from England, for the future development of Canada lies in her retaining her connection with England and remaining an integral part of the Empire. General Currie in speaking on this matter as the Lord Mayor's banquet stated that Canada was no longer a colony but a nation and an empire, and while this is true we in our success do not want to forget that in childhood we were protected by England."

"It has been amusing to me to hear some of the remarks about who won the war. I say that no country won the war, as an individual country, but the Entente, a society of comrades, working together did win the war. In my opinion it is a great pity that certain people of the United States will belittle themselves by saying that Wilson or the United States won the war. It is true the winning of the war would have been delayed if the United States had not come in and they must be credited with hastening the end, but they are not any other nation, cannot claim the credit of winning it.

The Prince of Wales is coming to Canada and to St. John, and the purpose of his visit is to foster the spirit of loyalty to the crown. The Prince is a good living boy who did his part nobly in the war, and we will all be proud one day to call him King. His visit is only another form of comradeship. Comradeship is the big thing

Causing Comment In Labor Circles

Local Unions Who Are Affiliated With American Federation Not Enthused Over Recent Action of That Body.

The fact that the American Federation of Labor urged the recognition by the United States of the "existing Irish republic" is causing considerable comment in labor circles. Practically all the local unions here are affiliated with the American Federation, but this action which involves a condemnation of the British government has not aroused any particular enthusiasm among Canadian workmen who believe the Irish question can be settled without throwing Ireland out of the Empire.

While Canadian labor men are loyal to the American Federation and its policy, they are not in favor of the idea of the one big Canadian union, there are some features of the policy of that organization which does not appeal to them very much, and this may accentuate the tendency of Canadian labor to develop policies of their own more in conformity with British labor.

Speaking to a Standard reporter a well known labor official who has taken a prominent part in the Trades and Labor Congress at Toronto, said that when President Gompers was in England last year he did not find himself in accord with the British labor movement. While the British labor men looked upon Gompers as an able man in his own way, and one who had done great service in the cause of labor in the past they regarded his ideas and policies as out of date.

He thought the opposition of Gompers to the idea of independent political action on the part of labor was to some extent responsible for conditions in Western Canada, where the one big union with its dirt action policy had arisen, because of the lack of facilities for political action which are provided in England.

TWENTY CONFIRMED.
In the chapel of St. Patrick's Industrial School, Silver Falls, yesterday morning, at 10 o'clock, His Lordship, Bishop LaBanc administered the Sacrament of Confirmation to a class of twenty candidates. His Lordship was assisted by Rev. M. Dykes and Rev. C. P. Carleton. Before confirmation His Lordship instructed the confirmands regarding the Sacrament, and following the sacred rite he gave excellent advice to the boys regarding their future conduct.

CONSIDERABLE OPPOSITION.
Considerable opposition has developed to the proposition to allow the installation of a gasoline tank in the building formerly used by H. T. Warden as a stable and it is understood a petition is to be presented to the common council against allowing it.

A SLUGGISH LIVER CAUSES SEVERE HEADACHES
The duty of the liver is to prepare a secret bile and serve as a filter to the blood, cleansing it of all impurities and poisons.

Healthy bile in sufficient quantity is Nature's provision to secure regular action of the bowels, and when the liver is sluggish it is not working properly, and does not manufacture enough bile to thoroughly act on the bowels and carry off the waste products from the system, hence the bowels become clogged up, the bile gets into the blood, constipation sets in, followed by sick and bilious headaches, coated tongue, bad breath, heartburn, water brash, bad taste in the mouth in the morning, jaundice, floating specks before the eyes, etc.

Miss Dian Clark, Myer's Creek, Ont., writes:—"I take pleasure in writing you concerning the good I have received by using Milburn's Laxa-Liver Pills for a sluggish liver. When my liver got bad I would have severe headaches, but I got better after I had used a couple of vials of your pills."

Milburn's Laxa-Liver Pills gently unlock the secretion, clear away all waste and effete matter by acting directly on the liver, and make the bile pass through the bowels instead of allowing it to get into the blood.

Milburn's Laxa-Liver Pills are 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

GERMANS FIND SOMETHING WRONG IN MILITARISM

But it is chiefly that they and not the Allies got the beating.

In the great days of a militarism, recalls the London "Times," the Germans received with acclamation the thesis of Bernhardi that "might was the supreme right, and that a dispute as to right must be decided by the arbitrament of war." The Munich "Souvenir," "Nachrichten," discussing the peace terms, has come to the conclusion that there is something wrong about that famous dictum, for clearly the decision in the present case is not in favor of Germany, and is obviously, therefore, unjust. But it is surely puzzling, for the collapse of Germany came at the end of a four years' chain of victories which not even the blindest of our own people or the bitterest of our enemies can blot from the history of the world, victories in which the leaders of the army and the soldiers alike won imperishable glory.

What really then has happened the "Times" asks? Simply that the trusting German people has been deceived by President Wilson. A simple hope is left. From the "Times" nothing is to be expected, but surely Mr. Wilson and Mr. Lloyd George must see that they are leaving the Germans no hope except that of a world revolution.

GERMANS STILL LOOKING FOR CHANCE IN BALKANS

Writer in Vossische Zeitung Suggests that the Allies May Make Fatal Mistake.

The "Vossische Zeitung" of Berlin, published an article by Mario Passarg, urging that there may still be some future for Germany in the Balkans, and that she ought to be very careful not to concentrate her attention on union with Austria.

In his view there is little chance of stability in any arrangement that may be made at the peace conference with regard to the Balkans. A Balkan federation would be as artificial as the old Austria-Hungary. Jugo-Slavia itself is not likely to be coherent, and there are endless opportunities of friction between Serbia and Greece, Serbia, Greece and Bulgaria, Bulgaria and Rumania, Italy and Greece, Turkey in Europe and all the others.

The Allies, in the course of settling Balkan affairs in Paris, will have to take sides, and may easily take the wrong side. Lucky Germany can keep out of entanglements now and await the future. But the writer advises she must look beyond German-Austria; there is a wide stretch of the world beyond that country.

Miss McElwaine, Miss Lawlor and Miss Nugent passed with honours.
- The programme for St. Vincent's la: Chorus, "Bells of Peace," by the high school.
- The list of graduates with the following literary Gables and the following: Modern Progress, Misses C. Nugent and J. Lawlor; Christian Advancement, Miss M. Duffy; Literature, Misses A. Power and A. Stevens; Poetry of the Past, Misses P. Ervin and A. Williams; Music with a limited quantity of machinery and raw material on credit, they will tell her that America expects her to provide for herself.
- The writer, however, warns his readers not to rejoice too much over each a setback to French hopes. If the United States is unwilling to lend France large sums of money, it will be even less ready to finance Germany.

"Worth Its Weight in Gold," States John Anderson

Canada Steel Co. Man Tells of His Recovery Through Taking Tanlac—"Felt Different from the First Dose," He Says.

"From the way Tanlac has fixed me up, I consider it is worth its weight in gold," said John Anderson, a well known employe of the Canada Steel Co., and lives at 103 Stuart street, West Hamilton, Ont., some time ago. "I had suffered terribly for several months from indigestion and kidney troubles," he continued, "and was obliged to lay off from my work. My stomach felt as if it had lumps in it, and I had terrible pains in my chest and back. My kidneys worried me constantly, and I was so dizzy at times that I would stagger and almost fall."

"One of these dizzy spells came on me when I was in the shop one day, and when a friend gave me a dose of Tanlac I got over it right away. I bought a bottle and haven't had the slightest touch of indigestion in some time, and I have felt different ever since my first dose. My kidneys don't trouble me any more, and all the pain is gone from my back and chest. My appetite is just great and I eat anything I want and never have any trouble afterwards. I am working every day and feel fine all the time. Most of the so-called stomach, liver and kidney troubles, are due almost entirely to catarrhal inflammation of these organs. The constant coughing up of mucus, dull throbbing headaches, frequent sneezing, watery eyes, pains in the pit of the stomach, sides and kidney region, lost appetite, no ambition, depression of spirits, and the persistent contracting of coughs and colds are among the numerous symptoms of this trouble from which so many people suffer."

Tanlac benefited Mr. Anderson because it contained certain medicinal properties which combat these very troubles. Thousands are now using the medicine in all parts of the United States and Canada, with the same remarkable results, and scores of testimonials are received daily from men and women of unquestionable honesty and integrity, expressing deep gratitude as a result of having found such a reliable source of relief.

Tanlac is sold in St. John by Ross Drug Co., and F. W. Munro, under the personal direction of a special Tanlac representative.

RETURNED MEN FROM SIBERIA

Party of New Brunswickers Who Reached Vancouver on June 20 Were Given a Warm Welcome on Arriving Here Yesterday.

The men of the Siberian contingent who reached Vancouver on June 20, arrived in St. John at noon yesterday and were given a warm welcome by friends. Charles Robinson, secretary of the New Brunswick Returned Soldiers' Commission, and representatives of the citizens' committee and K. of C. were present. Lieut.-Col. Powell did not arrive yesterday having stopped over at Ottawa. Those coming in yesterday were: Privates L. Banfield, A. J. Bourgeois, M. A. Doucet, J. Goriyovsk, A. J. Mulvaney, E. S. Parlee, I. F. Payne, P. W. Simonds, J. M. Tucker, E. Philen, W. A. Dixon, Cpl. J. Walker, Staff Sergeant, A. M. McLean, Q. M. S. R. F. McElwain, Sgt. C. H. McDonald, Sgt. W. H. Hazlewood and Sergt.-Maj. A. A. Leaman.

Among those returning with the members of the Siberian soldiers' party was Pte. Fred W. Simonds, son of W. A. Simonds, Water street merchant. He has been away about two years and was warmly welcomed. His homecoming was a welcome surprise, as he was not looked for until last night.

SOVIET COURT FORMED ON TRUE GERMAN PLAN

Russian Red Tribunal Fixed With 28 Judges and One Woman is Decreed.

No revolution appears to be contemplated and has a swift device for getting rid of its enemies with some show of the forms of justice, says the London "Times" in its review of the German press, and continues: The short-lived Bavarian soviet government had time to appoint a revolutionary tribunal and to arrange its constitution and procedure with true German pedantry. The official proclamation gave the following particulars:

1. The tribunal to consist of twenty-eight judges, with an advisory lawyer; seven of whom one must be a woman, to form a quorum, and to sit continuously day and night.
2. The judges to be adults in possession of civil rights and adherents of the people's revolutionary party.
3. A committee of three judges to deal with less serious cases subject to the decision of the tribunal.
4. One of the judges to be appointed president of the tribunal, but to have no vote in deciding the verdict.
5. The accused to select his defender, who must be an adult in possession of civil rights.
6. Minutes of each session to be kept by a stenographer reporter.
7. The judgment to be written and signed by all the judges present, and by the reporter, but the reasons for it may be given verbally.

FRANCE LOOKING TO U. S. FOR AID, SAYS GERMANS

But Correspondent of Frankfurter Zeitung Says Americans Are Too Selfish.

The Versailles special correspondent of the "Frankfurter Zeitung" says that, although the French newspapers are still talking about "making Germany pay," better instructed financial experts realize that little is to be expected from any immediate payment of indemnity by Germany. They are, therefore, looking to the United States "which now holds the financial key of the world," for help. He thinks that they will look in vain. America realizes, he says, that it is necessary for Europe to get to work again, and so, although Americans are willing to supply France with a limited quantity of machinery and raw material on credit, they will tell her that America expects her to provide for herself.

A Message to Mothers
who are Weak, Anaemic, Nervous, Run Down

ONLY a mother knows how hard, sometimes, is the burden she has to bear. Day by day, patiently and cheerfully, she shoulders the manifold responsibilities of the home—often neglecting herself in the effort to care for the welfare of others. And although she hides her own cares and anxieties behind a smiling face, there comes a time when her health gets undermined, her vitality diminishes, her cheerful face becomes careworn—she feels she cannot go on any longer.

Wincarnis can give you the new health you need. The ingredients of Wincarnis have been recommended by the medical profession for many years. Wincarnis has been famous in Europe for a half a century. Thousands have testified that it has restored them to health and strength. Accept no substitutes. Buy Wincarnis itself, the tonic that has been successfully imitated for years. Buy yourself a bottle of Wincarnis to-day.

FAMOUS WASHINGTON RELIC TO BE VICTIM OF PROHIBITION

Philadelphia, June 26.—The historic Washington House, noted as a hotel since 1746, is to be torn down as soon as prohibition becomes effective, it is announced. The building is to be erected a modern hotel, office building and theatre.

The place is filled with reminiscences of Washington and revolutionary times. Washington retreated to it after the disaster of Brandywine. A bronze tablet reads: "In this room September 11, 1777, Washington wrote the only report of the battle of Brandywine."

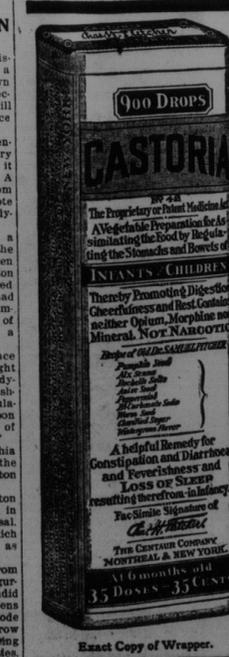

Previously Washington had been a guest of the hotel, then known as the Washington Arms, and again, when making the journey from Washington to New York when he was elected President, he with his retinue had breakfast in the hotel. To commemorate this event the Daughters of the American Revolution erected a tablet reading:

"This marks this house as the place when Washington wrote at midnight the only report of the battle of Brandywine, September 11, 1777. Here Washington also received the congratulations of the people of Chester upon his election as the first President of the United States, April 30, 1789."

After the evacuation of Philadelphia by the British army the name of the hotel was changed to the Washington House.

On each occasion when Washington stopped at the hotel the best room in the house was assigned at his disposal. The finest mahogany chairs which were in this room are preserved as historic relics.

When Washington departed from Chester for New York for his inauguration ceremony he rode a splendid white horse, the gift of the citizens of De Darcy, Penn., nearby. As he rode away he passed the Plow and Harrow Inn, which had the reputation of being the best kept tavern in the colonies. There was that Lafayette's wounds were dressed by Mary Gorman on the night of the battle of Brandywine.

GERMANY PLANNED TO BE PERMANENTLY AN ARMED CAMP

Gen. Von Fretag-Loringhoven, Confident of Victory, Proposed Nation be Military Top to Bottom.

"The London Times," in its review of the German press, reminds that while the Germans thought that victory was still possible, or even probable, General von Fretag-Loringhoven wrote a short treatise expounding a scheme for the intensive development of German militarism.

He foresees that the kind of peace the Germans would have imposed could be maintained only by a nation that was an army. And so he advocated a scheme by which every side of German activity, from the education of youth to the organization of trades, was to be put on a military basis.

"The Allies," "The Times" continues, "are compelling Germany to lead the way in the demilitarization of the world, and General von Fretag-Loringhoven unburdens his soul of its bitterness in the 'Preussische Zeitung.' He cannot bring himself to speak of all the details of the military top, which must be attributed either to fear of Germany or to a mere dilatoriness on the part of their author. The armed forces permitted to Germany, he declares, will not suffice for the protection of her frontiers, especially in the East, where it is not to be supposed that the Poles have been turned suddenly into harmless lambs. East Prussia, separated from Germany, will require the whole army which Germany is to be allowed. The Czechs will be perpetual source of danger. He pours scorn on the idea that the league of nations will be of any service in preserving the new arranged frontiers.

"He objects strongly to the conception of an army recruited by voluntary enlistment. It deprives Germany of the 'high ethical value' of conscription. It will be costly because, as the condition of labor improve, the pay of soldiers and officers will have to be increased. The central position of Germany makes necessary for her a short-service army based on universal conscription."

S S Tonto, Broad Head.
Sailed Last Night.
The S. S. Tonto sailed last night
shortly after 7 o'clock for Broad Head
to receive orders. She carries a cargo
of 1,881,780 square feet of spruce
deals.
Delayed through boiler trouble, the
S. S. War Niagara, though ready for
sea since Tuesday, will not sail until
this afternoon. The War Niagara is
a new vessel, not yet registered, and
is sailing for Manchester under a gov-
ernmental pass which will allow her
to be registered at the English port.
Her cargo consists of 1,024,231 square
feet of deals.
Arrived With Coal.
The four-masted schooner Rebecca
A. McDonald arrived yesterday from
New York with a partial cargo of an-
thracite coal. She is consigned to J.
T. Knight & Co.
Expected on Sunday.
The West India liner Inca is expected
in port next Sunday or Monday
morning with a cargo of sugar and
other southern products. She sailed
last Thursday from San Pedro.
Caracquet Shifted.
The S. S. Caracquet shifted yesterday
from the Sugar Refinery pier to Pe-
tingill wharf, where she is discharg-
ing a mixed cargo.
Not the Dorfontein.
A rumor was current along the water
front yesterday to the effect that the
schooner Esther K, now lying at Mc-
Leod's wharf, was the St. John built
vessel Dorfontein, sunk by an enemy
submarine last summer. The Dor-
fontein is being rebuilt in the yards
at Dennisport, from which the Esther
K was launched but a few weeks ago.

**LOCKLEAR THINKS
'PLANES MAY YET
REFUEL IN AIR'**
Aviator, Famed for Aerial
Leaps, Holds Stunts De-
velop Science.
High-altitude acrobatic feats in an
airplane are losing their thrill through
frequency of performance. Two men
in particular, Lieutenant Ballough, of
the British Army, and Lieutenant
Locklear of the U. S. A., have demon-
strated their faith in the stability of
air craft.
Lieutenant Locklear speaks very un-
dramatically of his drops from one
plane to another, of his acrobatics on
the undercarriage, and of other
flourishes with gravity, insisting that
the feats seem remarkable only be-
cause of their novelty. He points to
the aerial gunners who were declared
junior a few years ago for doing
loops and other stunts which are now
in every airman's repertoire.
In the same way, he declares, in
experiments with the stability and co-
operation of airplanes are simply
showing the world what is to be ex-
pected of the developing science of
aviation. For instance, precious mail
could be rushed across the continent
without a stop, being transferred in
mid-air from one plane to another. Or
he might vary the program by flying
a ship from New York to San Fran-
cisco without touching ground, secur-
ing gasoline and other supplies,
when necessary, from tender planes
which would meet him at scheduled
points in the sky, where they would
draw alongside and fill his tanks
through long rubber tubes.—Popular

AROUND THE CITY
WARM—SHOWERY
INVITED TO CALAIS.

The Great War Veterans' Band has received an invitation to play in Calais, Maine, on July 4th.

The Temple Band, under the leadership of Bandmaster F. W. McNichol, gave a very pleasing programme in the King Edward bandstand last evening. There was a large attendance.

GIVEN AN OUTING.
The children of Miss Manly's kindergarten class were given an outing in the Allison playgrounds yesterday morning. They enjoyed themselves to the utmost, with games after which lunch was served to which the kiddies did not justice.

THE EXECUTIVE MET.
The executive of the South End Playground met last evening and arranged for the fitting up of a place for the girls to play basketball, and a league will be formed at once. They also agreed to provide a hundred yard running track. The reports submitted showed the league to be in a healthy condition, financially and otherwise.

K. OF C. MOTOR BOAT.
The large motor boat which has been purchased by the Knights of Columbus for the soldiers in the convalescent home at Fredericton, left Lunenburg yesterday afternoon for the capital. It is planned to stop for the night at Gagetown. Among those in the party going up were Major George Keefe, Major H. H. Donnelly and Capt. A. W. Gregory, M. C.

APPEAL AGAINST RATES.
Secretary Armstrong, of the Board of Trade, received a telegram from the Clerk of the Privy Council, last evening, stating that the appeal of the Acadia Sugar Refinery and the Atlantic Sugar Refinery against the freight rates on sugar fixed by Order in-Council on August 24th, 1918, will be heard in the Privy Council Chamber, Ottawa, at 10 a. m., July 2nd.

BLACKSMITHS AND HELPERS.
Fred A. Campbell, president of the St. John Trades and Labor Council, delivered a very forceful and interesting address on the subject of organized labor at the mass meeting of blacksmiths and helpers, held last night in Painters' Hall, Charlotte street. Prior to the address, ordinary routine business was transacted by the lodge.

DRAWING FOR SCHOLARSHIPS.
The drawings for the scholarships in connection with the presentation of Pinare by St. Vincent's School took place last evening, the winners being: Mrs. W. J. Dalton, 267 Tower street, West Side; Mr. Devine, 235 Waterloo street; Mrs. John Corr, 117 Brunsford street; Paul Atkinson, Park Hotel; Mrs. W. Haggerty, Fairville.

NO CROWD AFTER JOB.
The Halifax Chronicle of Wednesday states that J. C. Chesley, agent of the Marine Department, St. John, is in Halifax on business in connection with the steamer Aberdeen, now on the slip. M. J. Gough, of the Marine Department, is temporarily filling the position is worth from \$1,200 to \$1,800. Commission, Mr. Creighton, the incumbent of the office having resigned. The position is worth from \$1,200 to \$1,800, but there does not seem to be any scramble for it.

GOING INTO CAMP.
Three of the Boy Scout troops in the city, Trinity, St. Paul's and St. Lukes, are to enjoy a week at Long Island, in the Kennebec basin, camping out in true scout style. On Monday the three troops, under the leadership of Rev. D. H. Loweth, will leave to spend the week under canvas. On Saturday an advance party, under F. W. Hewitson, will leave to make preparations for the event, which is expected to be a red letter one for the boys taking part in it.

CITY EMPLOYEES' UNION.
Nearly fifty new members were initiated last night at the regular meeting of the City Public Service Employees' Union, No. 15,576. There was a splendid attendance, and the reports of the various officers showed that the lodge, although only active for a few weeks, is in a flourishing condition. President Fred Nice announced that the charter would remain open for a few days longer, to give as many as possible the chance of having their names enrolled as charter members. An interesting feature of the evening were the addresses by Peter C. Sharkey and George Melvin, of the Trades and Labor Council.

YOUNG ST. JOHN MAN DIED IN COLORADO.
George Kerr Berton Received a Telegram Yesterday Announcing the Death of His Son, Eric Ronald, in Pueblo

George Kerr Berton and family received a shock yesterday when a telegram was received giving the sad information that his son, Eric Ronald Berton, had died in Pueblo, Colorado. The deceased, who was only 25 years of age, has many friends in this city who will deeply sympathize with the bereaved relatives.

The young man was born in this city and received his school education here. He left for Pueblo five years ago to manage an implement and carriage business for his aunt, Mrs. George Jackson, and the last information received from him by his father was that he was in good health. Besides his father and mother he leaves to mourn three brothers, Louis, Burnett and Cahancy who have recently returned from overseas after doing four years' duty in France; there are also four sisters, viz. Mrs. George Warwick and Miss Marguerite of this city, Mrs. George Roy of Kentville, N. S., and Miss Lucy W. Berton of Boston.

FOSTER NOT RECOGNIZED AS THE LEADER OF LIBERAL PARTY

Lively Time at Liberal Convention Last Night—Stand Taken That Former Leaders Who Supported Union Government Are Not Wanted Back in the Party—Premier's Attempt to Postpone Convention Looked on as Piece of Impudence—Delegates Chosen for Ottawa.

A real picnic with Donnybrook Fair looking like a Sunday school by comparison was the description applied to the Liberal convention in the Moose hall last evening by one of the prominent Liberals who took part in the proceedings. After one of the most extraordinary conventions in all the stormy history of the grand old Liberal party in this constituency the thing that stood out most clearly from the general confusion was that Premier Foster had no authority over the delegates, and is not recognized as a leader of the Liberal party. In a convention of about 180 delegates Mr. Foster had a baker's dozen of supporters.

An overwhelming majority of the delegates took the stand that any former leaders of the Liberal party who supported Union Government were not wanted back in the party, though they would hold out the glad hand and keep the home fires burning for the rank and file of the wanderers who had been led astray by the aforesaid leaders. Delegate after delegate declared that Premier Foster was not a Liberal, and that his views and feelings were of no account to any true blue Brit.

The fun began when a motion was introduced to postpone the convention and consult with Mr. Foster. Violent opposition arose at once, and there were shouts of derision from all parts of the hall. Half a dozen and sometimes more delegates tried to speak at once. Chairman J. Fred Belyea tried in vain to control the tempest. The general tenor of the remarks was that Mr. Foster was not going to run the Liberal party in this district, and that his high-handed attempt to postpone the convention was a piece of impudence. If the little tin gods at Ottawa and the provincial premier had seen fit to hold a caucus and delegated Mr. Foster to run the party in St. John it was time to show them a thing or two. According to the word from Ottawa the names of the delegates to Ottawa had to be in by June 30th. Mr. Foster had been to Ottawa and had come home again, but had consulted none of the local Liberal lights. Apparently he thought he was the whole show, and had only his own conscience to consult. He did not make up his mind about anything anyway, even calling a convention, and was too slow for the present age of his word. He had not supported the Liberal party at the last election, and he could not be classed as a Liberal now.

SALIENT FACTS ABOUT ST. JOHN
Board of Trade Folder Shows Advantages from Scenic, Manufacturing and Shipping Standpoint.

The Board of Trade, carrying out its mission of boosting St. John, are sending out at the present time a very attractive little folder which contains in a condensed form the salient facts about the city and its advantages from a scenic, manufacturing and shipping standpoint. The caption on the title page, "All Roads by Land and Sea Lead to the Winter Port of St. John, N. B.," tells in short meter the position of this city in the shipping world. The following table shows the advances in exports and imports in five years:

Imports. Exports.

1915	8,847,049	43,081,928
1916	11,057,022	119,490,818
1917	14,956,949	186,259,101
1918	16,787,150	200,738,649
1919	15,702,446	149,986,167

This makes a total for the five years of \$766,952,277 of exports and imports through this port, a record only surpassed by one port in Canada. On the back page is given a list of the industries located here.

REV. THOS. MARSHALL GOING TO ENGLAND
Pleasant Time Spent in His Honor Last Evening by Methodist Ministers and Wives at Home of Rev. Dr. Steel.

A very pleasant time was spent last evening at the home of Rev. Dr. and Mrs. George Steel, 183 Main street, when all the Methodist ministers of the city and their wives gathered to wish God speed to Rev. Thomas Marshall, on the eve of his departure to England for an extended holiday. It is felt that Mr. Marshall has been subjected to exceptional strains in the course of his duties, not only in connection with his charge at Fairville, but also as vice-president of the New Brunswick Temperance Alliance, and it is hoped by hosts of friends that when he returns in the late summer he may enjoy recuperated health. Heartfelt good wishes were expressed by Rev. Dr. Steel, Rev. H. A. Goodwin and Rev. G. F. Dawson.

Mr. Marshall sails from Montreal on the Saturday on July 5. Mrs. Marshall will stay at the country home of her daughter, Mrs. Seaman, of Montreal. The occasion last evening was also used to express sentiments of appreciation of the work of Rev. and Mrs. E. A. Westmorland, who next week leave Carlisle for their new circuit at Nashua, York county.

Infant Son Dead.
Mr. and Mrs. William C. Kendall, of 206 King street, West End, have the sympathy of many friends in the death of their infant son, Andrew Currie.

Seige Battery Enjoyed Banquet

Members of No. 4 Were Guests of Major L. W. Barker Last Evening—Will Organize and Hold Similar Reunions.

A dinner for the members of No. 4 Siege Battery was given in Bond's Cafe last evening by Major L. W. Barker, when plans were made for future meetings and organization to look after the interests of the members.

Major Barker acted as chairman, and after the dinner all present took part in an impromptu entertainment. There were toasts to the King and Fallen Comrades.

The speakers of the evening told of the experiences of the battery in Canada, England, France and Belgium. The battery was mobilized in St. John and trained on Partridge Island. The start for England was made in March, 1916, and the battery went to France in the fall. Good work was done by this unit through the war. Many other batteries in France drew members from the Fourth, and they had done so on all the important points of the Western Front. The battery was one of the best in the Canadian Corps.

Major Barker in his remarks referred to the training of the battery and its work in France. He also pointed out that there was a surplus from the canteen fund and he suggested that this money be devoted to the families of those members of the battery who fell during the war. With this object in view the following committee was appointed: Captain Slesinger, Sergeant-Major Lacy, Gunners Henderson and Stockdale.

The same committee will take in hand the matter of organization of the battery for the purpose of holding reunions and such gatherings. It was felt that the members should keep in touch with one another, and with this object in view a list of all members have passed through the unit will be secured and their addresses kept on file by the committee.

During the dinner Bond's Orchestra gave a fine programme. The meeting came to a close with the singing of the National Anthem.

Major Barker will leave for Montreal, where he will take up his permanent residence.

Eureka Fly Killer
Brings Profit to the Farmer, Stock Raiser and Poultrymen
Good pasturage and care, even with the best fed, won't do all they should for your cattle and horses in "fly-time" when they switch their tails and worry the flesh from their bones. And this means money out for the farmer who can avoid such loss by using
EUREKA FLY KILLER
which is a sure preventative and even kills and drives away those worst of all fly-pests, the Texas, Buffalo and Horn Flies. Cattle thrive, sheep make more mutton and wool, hens lay, chicks grow, when protected with Eureka Fly Killer.
