## LIBERALS OF HIGH CHARACTER FLOCKING TO RT. HON. ARTHUR MEIGHEN IN WHOSE HONESTY AND SINCERITY THEY HAVE UNBOUNDED CONFIDENCE

### LIBERALS OF NATIONAL REPUTATION ARE RALLYING TO SUPPORT OF MEIGHEN

Isaac Pitblado Synges to Premier Meighen Because He Believes in His Tariff Policy, and Because of His Faith in a Government That Has Honestly, Fearlessly and Conscientiously Dealt With the Problems Following War—Furthermore He Considers Premier Meighen One of Canada's Noblest Sons.

#### Special to The Standard.

Ottawa, Nov. 27.—Liberals of high character and national reputation are rallying to the support of Hon. Arthur Meighen. In western Canada there are no public men who stand higher than Isaac Pitblado, K. C. and Isaac Campbell, K. C. Both are staunch Liberals and the latter was Sir Wilfrid Laurier's closest friend and adviser in western Canada. Both are supporting the government and against Hon. A. B. Hudson, who was attorney general in the Norris government. Mr. Pitblado has a national reputation in the legal profession and states his political attitude in the present campaign as follows:

I am a support of Hon. Arthur Meighen and his Government for the following reasons:

"Firstly—Because I believe that the main issue before the electors today is the tariff policy of the present Government. It is the only safe one for us in Canada today. Without a reasonable protective tariff in this critical period in our history our industries will languish, our workmen will be out of employment, our natural resources will remain undeveloped and, more than all, the development of Canada as a distinct nation will be retarded most materially. I do not wish to see the industries of Canada destroyed and her national prosperity impaired.

"Secondly—Because I believe that the present Government has under most difficult conditions, honestly, conscientiously and fearlessly endeavored to deal with the many vital problems, which we have to face because of war conditions. I see no reason to expect any better solution of these problems under W. L. Mackenzie King or Mr. Crowe.

"Thirdly—Because of my personal admiration for the Premier, the Right Hon. Arthur Meighen. I admire his ability, his honesty of purpose, his courage, his fearlessness and his frank and outspoken statement of the policy of his Government. I believe that the manning of his actions is an unselfish desire to advance the best interest of Canada as he sees them with no thought of personal advancement. I consider him one of Canada's noblest and ablest sons."

#### Subpoenas Issued For Witnesses in Arbuckle Case

Defence Expects to Close Its Case Today—Verdict Expected End of Week.

San Francisco, Cal., Nov. 27.—Subpoenas were issued today by the request of the District Attorney's office here, for Louisa Glauco, motion picture actress and six other persons all believed to be connected with the moving picture industry, to appear in the manslaughter trial of Roscoe C. Arbuckle. All the other six are residents of Los Angeles or Hollywood, Calif.

Depositions of Dr. Maurice Rosenbery, of Chicago, and other Eastern witnesses, are to be produced tomorrow, counsel for it is known tonight. The defence expects to close its case tomorrow and both sides expect that by the end of the week a verdict will have been rendered which will settle the share the motion picture comedian had, if any, in the death of Virginia Rappo.

#### Sir Douglas Cameron Died At Toronto

Toronto, Nov. 27.—Sir Douglas Cameron, former Lieutenant-Governor of Manitoba, died in the General Hospital last night from pneumonia, which developed following an operation for mastoid performed on Saturday.

Sir Douglas was taken ill about two weeks ago, while on a visit to this city and his removal to the hospital took place last week. Lady Cameron is hastening to Toronto from Vancouver.

#### Love And Marriage Thin Ranks of The Girl Railroaders

Baltimore, Md., Nov. 27.—The conductors of a rapidly vanishing quantity in Baltimore, and like the lion of the Western plains, will exist only in the fables told to their grandchildren by old men who lived here during the World War. In 1918 there were 157 women and girls working on the lines of the street railway. In 1920 the number was greatly decreased and today but 16 of these conductresses are to be found on the widely scattered lines of the city.

Romance was directly responsible for some of them deserting the cars. Love affairs sprang up between conductresses and motormen, with marriage as the result.

#### THEATRE FIRE CAUSES HEAVY DEATH TOLL

Many Persons Died in Their Seats, Others Had Life Crushed Out in Stampede.

New Haven, Conn., Nov. 27.—Fire which broke out beneath the stage of the Biato Theatre, on College street, spread so rapidly that many persons are believed to have died before they were able to leave their seats. No estimate of the dead is possible, as to the present, as firemen are unable to approach the building which is a mass of flames.

In the panic which ensued following the alarm, persons jumped from the balconies and scores were trampled on the aisles which jammed as the spectators struggled to leave the building. At 8:30 p. m. fifty injured had been sent to the New Haven Hospital and a hurry call was sent out for priests and clergymen. Twelve more injured and one dead were reported at the St. Raphael's Hospital. Efforts are being made to prevent the fire spreading to adjacent buildings.

Burning incense on the stage in connection with a motion picture presentation is believed to have started the fire.

#### Moncton Officers Capture Illicit Still And Owner

Also Secure Four Casks of Mash and Stock of Hooch.

Moncton, N. B., Nov. 27.—The biggest seizure of illicit stills in this section was made by the police Saturday night when a big still was located on Spurr Street in the possession of one Joseph Lebeaux. Some twenty or thirty bottles of the product of the still were also seized. Lebeaux was arrested and was taken to police headquarters along with the still, four casks of mash and the stock of "hooch". Lebeaux will be arraigned in the police court tomorrow.

#### Britain To Send Warship To Port of Asia Minor

To Be Stationed at Mersin for Defense of British Interests if Need Be.

Paris, Nov. 27.—Ramon Hordiego, British Ambassador to France, called at the Quai d'Orsay Saturday and informed the Government that Great Britain is considering the sending of a warship to the Asia Minor port of Mersin for the defense of British interests if the need arises. Great Britain is declared, will not in this matter in agreement with France.

Daniels from London of a reported

#### PREMIER STANDS BY THE POLICIES HE ANNOUNCED

No Combination or Manoeuvre Will Turn Him from His Course.

#### REPLIES TO LETTER OF WAR VETERANS

Says Couin Bloc is Endeavoring to Disintegrate Canadian Railway System.

(Canadian Press Staff Correspondent)  
Toronto, Nov. 27.—In a letter written yesterday at Midland, Ont., and handed to the press late this afternoon, Premier Meighen replies to G. Grant MacNeill, Dominion Secretary-Treasurer of the G.W.V.A. Mr. MacNeill's letter, which was published in the morning newspapers of Saturday last, insisted that the public should be informed now of the terms of possible coalition after December 6th. It referred to allegations to the effect that a conspiracy existed against the people of Canada for the purpose of "locking" the Canadian National Railways to the point where transfer to private corporations control would be welcomed by the taxpayers, and asked for a statement in regard to these allegations. The letter also suggested the existence of a conspiracy to betray Hon. W. L. Mackenzie King and Mr. Meighen, and to force them to relinquish leadership in favor of Sir Lester Gouin.

Meighen's Reply.

Mr. Meighen's reply in brief, it reads as follows:

"Your telegram, twenty-fifth, alleges alliance between Sir Lester Gouin and Quebec Liberals, the Canadian Pacific, Bank of Montreal and Wall Street interests for certain purposes, including change in present plan of operating National Railways by the first three parties.

"There is ample evidence that the first two parties are endeavoring to disintegrate or prevent National Railway system. Proposals of Lord Sturgeson on same subject have been expressed in memorandum now public. Beyond that I do not know views of others referred to."

"Whether directed by Hon. Mackenzie King as leader is doubtful, also Sir Lester Gouin, backed by a Quebec bloc, is for them to say."

Loyalty Supported.

"Personally, I have been loyally and splendidly supported by all parliamentary followers and candidates for parliament in our behalf, and, judging from every indication, am being now supported by the great mass of the people."

"The policies stated in your message to be subject of attack by the present government I have defended them through many sessions against every assault by those who do not stand and so construction of message will turn me from my course."

#### Two Children Lose Lives in Rosemount Tenement Fire

Montreal, Nov. 27.—Two children were burned to death, one man was severely cut about the head and hand, a woman suffered serious burns about the head and body, while damage estimated at \$20,000 was incurred in a fire of undetermined origin that broke out in a block of houses on Ninth avenue, Rosemount ward, this city, early this morning.

The dead are Elsie and Walter Langley, aged six and four years respectively, whose bodies were found this afternoon burned almost beyond recognition.

The injured are Henry Langley, 66, grandfather, and Mrs. Joseph Langley, 55, mother of the dead children. Nine houses with their contents were completely destroyed.

concentration of British troops at Cyprus and debarkation of these troops at Mersin and elsewhere, says a semi-official note on the subject, have reduced the matter to the table proposition. Great Britain having shown that the attitude of France not only is correct, but consistently friendly.

#### FIRES AT YARMOUTH.

Yarmouth, N. S., Nov. 27.—Week-end fires destroyed the residence of Fred. Grace, Parade street, and the stable and portion of the residence of Harold Crowell, 360 Hill.

#### CLOTHESHIPS FOR N. Z.

Carlton, N. S., Nov. 27.—Clotheships by the Carltons have been shipped from here to St. John, N. B., for trans-shipment to New Zealand by one of the C. G. M. S. steamers.

#### GOVERNMENT ENTERS LAST WEEK OF THE CAMPAIGN CONFIDENT OF RESULTS

Confidence Based Upon the Optimistic Reports from Every Province and the Depression Which Pervades Ranks of Opposition—Premier Making Triumphant Progress Through Ontario—Union, Labor, Liberal-Unionists, Women's Votes and Soldiers' Votes Will Swing Majority to Government.

#### Special to The Standard.

Ottawa, Nov. 27.—The Government enters the last week of the campaign confident of a distinct trend of public sentiment to them. This confidence is based upon optimistic reports from every province, and on the depression which pervades the ranks of both opposition parties. From every province comes reports that indicate victory, and especially from Ontario and Quebec. Premier Meighen is making a triumphant progress through the premier provinces.

Four Great Elements.

#### Millerand Favors The Volunteer Enlistments

Paris, Nov. 26.—President Millerand today approved for submission to Parliament a military recruiting bill authorizing two year enlistments and lightening present restrictions.

The apparent substitution in part of volunteer for obligatory service contemplated in the above mentioned bill evidently was what Premier Briand alluded to in his address before the Washington conference on Tuesday when he said the French government contemplated further steps regarding the strength of its army.

#### Conservatives of York-Sunbury Full of Confidence

Liberal Hopes Have Faded Away and They Now Declare "No Chances."

#### Special to The Standard.

Fredericton, N. B., Nov. 27.—With one clear work for campaigning left, the Conservatives (formed, led by R. H. Hanson, K. G., in this constituency have had upon the electorate has been profound. The low tariff campaign, which the Liberals confidently expected was going to stampede the electors, has proved a boomerang. In the industrial section of the constituency in and about Fredericton the menace to the factories and employment is realized, and the working people will turn out to the last one to protect their means of living.

The rural districts, which in the past have voted with the Conservative party at all times, are reported to be better organized than ever and ready to do their share.

The scattered appeals of the local Galt junta for outside speakers, who will be able to give at least a little platform promise to the party, have fallen on deaf ears. No speaker can be secured from outside places and the local outfit is left to sink by itself.

#### Pasha Refuses To Meet British At His Headquarters

Constantinople, Nov. 27.—Mustafa Kemal Pasha, head of the Turkish National Government, has refused to receive at Ankara, his capital, the British mission sent to discuss peace between the Turks and Greece in Asia Minor. Apparently with the intention of impressing upon the mission that he is not anxious for peace, Mustafa Kemal has directed that if he receives at all, a small Black Sea port by the minister of war and head of the staff, commander of the Nationalist workers army.

#### GOLDEN GROVE HEARD TRUTHS OF CAMPAIGN

Colonel Murray MacLaren and Others Discuss Political Issues Before Large Audience.

#### CANDIDATE GIVEN GREAT RECEPTION

Names of Baxter and MacLaren Lamentably Cheered Whensver Mentioned.

Temperance Hall at Golden Grove was packed to the doors at the meeting held on Saturday evening in the interests of Hon. Dr. J. B. M. Baxter, Federal Minister of Customs and Excise, and Dr. Murray MacLaren, Conservative candidate for the constituency of St. John-Albert. It was a wonderful political demonstration. Every person at Golden Grove and vicinity appeared to be present and enthusiastically cheered when mention was made of the names of Hon. Dr. Baxter and Dr. MacLaren. The men in honor displayed by the citizens and farmers of the Golden Grove district assure well for the election of a splendid majority for the Conservative candidates on election day. Many ladies were on hand and joined from time to time in the applause for Dr. Baxter and Dr. MacLaren. The meeting concluded with the singing of the National Anthem and three rousing cheers for the Conservative candidate. Albert Stephenson presided as chairman for the occasion.

Councillor W. B. Golding, in discussing the tariff issue, referred to the fact that enormous quantities of wool were exported from Australia and other parts of the world into the United States at such low prices that the American government decided it was essential for the protection of that industry in its country to place a duty on such products. This exportation of wool into the United States had proved a menace to the people engaged in that industry who were unable to compete with the product of cheap European labor. Canada was (British territory) exempt from such a duty, and it was permitted to come into our country free of duty if it would be most disastrous. Serious thinking Canadians realized the true situation and the fact should be brought home to every citizen in this country by reason of the example which was being given by the American government. The same condition existed in the question of permitting other commodities to come into Canada free of customs duty.

Mr. Golding further pointed out that one of the chief reasons why the United States government insisted that the reciprocity pact was for the purpose of securing raw material from Canada free of duty. Such an arrangement would have permitted the American concern to manufacture in their own country, but the decision vote of the people in 1911 against the reciprocity pact had resulted in the business enterprises to the south of us being forced to establish plants in Canada, and thereby bringing up our country and affording employment to our workmen. The speaker also dealt with the action of the American government in placing a tariff on the importation of Canadian iron from the country for the protection of its steel in Maine and other states.

(Continued on page 3.)

#### LIBERALS MODIFY CLAIMS

Liberals have greatly modified their claims in every province. At the beginning of the campaign they claimed every seat in the Maritime Provinces, but now will be content with an even break in Nova Scotia, where they claimed sixteen, they will be satisfied with eight, while in Prince Edward Island it is doubtful if they will secure a representative.

(Continued on page 3.)

#### BELFAST TRAM CARS CLOTHED IN WIRE NETTING

Taken as 'Protection Against Possible Explosion of Bombs—Riots Still Continue.

Belfast, Nov. 27.—Official figures published yesterday placed the number of persons killed during the last few days' disorders in Belfast at twenty-seven, and the number of wounded at ninety-two. Of the number killed, according to the figures, thirteen were Protestants and four were Catholics, and of the wounded, sixty-one were Protestants and thirty-one Catholics. It was decided yesterday to put wire netting over all the tram car windows, as a protection against the possible explosion of bombs.

A newboy was arrested yesterday morning by the police, who said they found a bomb in his pocket. The police and military, with small armoured motor cars, closely patrolled the city during the morning hours today, but were withdrawn this afternoon.

Late Saturday night three men shot and wounded a transport man named Hayes, who was taken to a hospital. A transport was held up today in the Old Park district and the conductor robbed.

#### Women Workers of Dublin Move In Aid of Prisoners

Big Demonstration in Protest Against Treatment Accorded Political Prisoners.

Dublin, Nov. 27.—A big demonstration of Women Workers organizations was held this afternoon in protest against the treatment of political prisoners and to demand their release. The big procession marched through the principal streets of the city to Mountjoy prison. Later a meeting was held in O'Connell street, where, owing to the congestion, it was necessary for more than an hour to clear tramway traffic.

Miss Mary Byrne, the new Catholic Archbishop, today warned that Catholics be taken up in all the churches of the diocese next Sunday for the aid of the white cross. The Women's organization sent a message to the Archbishop, requesting the suspension of the protest against the release of political prisoners.

697 and the lawyers \$20,000. The court expenses were \$25,000.

#### Gambling Inquiry Involved \$611 Dinner

Halifax, N. S., Nov. 26.—A dinner that cost \$611 and losses at gambling aggregating \$1,000 are among the charges against Abraham Weinstein, a New York detective employed in the Bureau of Investigation, who was arrested today by the Board of Supervisors for perjury.

At the dinner the champagne cost \$25 a bottle, and in addition the dinner cost \$200 for the dinner. The night's work cost \$1,000 and the proprietor of the place paid a fine of \$100.

The Weinstein operations, according to the police, have amounted to \$100,000 in the past and it is estimated that the detective has lost and won \$1,000 in one day.

The dinner presented for the three minutes aggregated \$1,600, of which the claims of the detectives are \$500.

### UNKNOWN CANADIAN SOLDIER TO BE BROUGHT FROM THE OLD WESTERN BATTLE FRONT

It is Proposed That the Body Shall be Placed in a Vault Excavated in the Solid Rock Foundations Under the Great Archway of the Victory Tower in the Parliament Building.

Ottawa, Nov. 26.—The body of an unknown Canadian soldier is to be brought from the old western battlefront and buried beneath the Victory Tower of the new Parliament buildings.

It is proposed that the body shall be placed in a vault, excavated in the solid rock foundations under the great archway of the Victory Tower, and between the two portals which give entrance to the building.

The grave will be an almost immediate below the altar, in the memorial chamber overhead, and will be marked by a marble slab raised above the ground level.

As the tower has not yet reached completion, and as the arrangement which would have to be made will take some time, it is unlikely that the ceremony will take place before Armistice day, 1921.

The action taken comes as the result of suggestions to the Government from various persons and organizations, and as the result of conferences between the Prime Minister, Sir James Louchard and representatives of the Great War Veterans' Association.

It is proposed, says an official statement issued by the Prime Minister's office this afternoon, "that the body of Canada's unknown soldier should be interred at the base of the main entrance to the House of Parliament, within the confines of the Tower of Victory at peace.

China Confronted With Bankruptcy

Need of Aid in Reconstructing Her Finances Shown by Kawakami.

Washington, D. C., Nov. 26.—A week ago I advocated the revision of the customs tariff of China and ventured the prediction that America might assume leadership in obtaining this revision.

The next movement America may make is to propose the inclusion or admission of Chinese banking interests in the international financial consortium organized in 1919 under the leadership of Mr. Thomas Lamont.

Heretofore the inclusion or admission of Chinese banking interests in the international financial consortium organized in 1919 under the leadership of Mr. Thomas Lamont.

Let us consider China's national loans. Under the old imperial regime the indebtedness of the Chinese Government was small as compared with what it is today.

### 3-Year Service Law Has Opposition Among French

Cabinet Can Reduce Effectives, But Bloc Fights Further Changes.

Paris, Nov. 27.—An effort to repeal France's three year military law in favor of the two year service law to be liberally administered by the Government, is believed here to be foreshadowed by Premier Briand's remarks in Washington concerning the new law.

The memorial chamber, which forms the first floor of the tower above the archway, is entered from the main floor of the central hall, the proper level of the archway, in which will be a black marble base, the gift of Belgium, bearing the weight of the memorial as the Belgians bear the weight of the war's onerous burden.

A large portion of the Bloc National appears opposed to any change in France's fundamental military service laws, and, if anything, they are apparently strengthened by the reception accorded Premier Briand's exposure of France's reasons for her army.

Optimism in parliamentary circles here is that Premier Briand, from his position in Washington, should make such a move.

### SINKING, NOT CONVERSION, MEANT BY NAVY "SCRAPPING"

Design of Warships Makes Them Practically Useless for Trade and Cost of Legal Refitting Would be More Than That of New Vessel.

Washington, Nov. 26.—(Associated Press.)—Naval vessels designated for scrapping under a limitation of armament agreement would have to be scrapped or sunk, said naval experts today.

The guns could be salvaged, it was said, but the whole ship would have to be redesigned and rebuilt to suit a purpose and would cost more than a new passenger ship.

Salvaging is possible to a certain extent, it was said, but officers recalled that certain former ships of the navy were still on sale and that purchasers were scarce.

Salvaging of the proposed discarded fleet into merchant and passenger ships also failed, naval constructors said, and similar efforts today in connection with ships of the United States Navy were declared to be equally futile.

Thousands converted through ignorance, many have suffered aches and pains long thought incurable. But doubt quickly turns to belief when scientific, lambent and auricula are healed with Nerviline.

Discovered true remedy for systematic catarrh. A had case of catarrh is not an easy thing to treat, and a remedy that makes good deserves great credit.

Stated in short. (London Free Press.) Strike for your factories and your farms against a policy which will put both in a foreign country's power.

### Gov't Enters Last Week of Campaign Confident of Results

(Continued from page 1) While the corporation influence of Montreal is against Premier Meighen, rural Quebec appears to be rallying to him.

While the corporation influence of Montreal is against Premier Meighen, rural Quebec appears to be rallying to him. Liberals concede the government tea seats in that province, while the government claims it will have twenty pledged and independent supporters.

In Ontario there has come a decided impression that the government is winning. Here the wagers indicate public opinion. The government supporters are betting that Hon. Arthur Meighen will have not less than 100 pledged supporters, that he will have more from the Maritime Provinces than Mr. King; that he will have more supporters from Ontario than Mr. King from Quebec, and more from Quebec than Mr. King from Ontario; that he will have more supporters from the Prairie Provinces than Mr. Crerar from Ontario; also that Mr. King will not have eighty supporters in the next Parliament, that Mr. Crerar will not have fifty.

### Answers To Correspondents

ENGLISH GIRL—Sorry you are losing your good color, but that is because of our climate. It is so much drier than it is in England, and dry climate is ruinous to a good color.

Big Swing From Ontario. It is in Ontario that the big swing to the government has come. A leading Progressive has admitted that twenty-five seats is the maximum of their success.

### ADMIRAL BEATTY REVIEWS WORK OF GREAT FLEET DURING TRYING DAYS OF WORLD WAR

Satisfactory Agreement Reached on Limitation of Naval Armaments. He Says, With the Dignity of the Great Empire Upheld—Empire of the Sea as Safe in the Future as It Has Been in the Past—Before Ottawa Audience Lauds the Work of His Officers and Men.

Ottawa, Nov. 27.—(By Canadian Press)—The fact that I am here today and am able to accept your invitation is indication that all goes well at the Conference at Washington, so declared Earl Beatty, addressing the Ottawa Canadian Club Saturday.

He continued: "As has been pointed out by your chairman, the Conference is to consider the question of the limitation of armament, not, as understood by many, on the question of disarmament, and there is a very great difference. I am happy to be able to report to you that, on the naval questions, the principles which govern the great question have been universally accepted and, therefore, if the Conference were to close its doors tomorrow, it has accomplished something towards releasing the world from the great burden of armaments and the taxation that it involves for which we can all be extremely grateful.

Dignity of Empire Upheld. "You have all read in the newspapers as to what limits are imposed upon various countries and I feel that you will understand that those limits are not derogatory to the dignity of the great Empire to which we belong. The Empire of the sea will be as safe in the future as it has been in the past. That, gentlemen, is surely something for great congratulation.

There are many questions which will be worked out, details, etc., which will take a considerable amount of time. Rome was not built in a day and the great achievements which are aimed at, at the invitation of the President of the great United States, also cannot be achieved in a day. But what they will be achieved, the spirit and the harmony which will be working today are a very signal proof.

Praises His Men. "I feel a little embarrassed," said Earl Beatty, "because I am an individual and when I am asked to present to give a formal address, I begin to wish I were back in the North Sea. I will ask your indulgence in this matter and will ask you to remember that in the navy we are taught to act and not to talk. I thank you, Mr. Chairman, for your very kind and generous remarks and for the great feat which it was my honor to command and the great navy of which I am the representative today. There are many things which are unfair in this world and it seems to me that I am taking an unfair advantage of the position which I have held in that great navy to receive all the honor which is not my due, but I do think those gallant officers and men without whose loyal co-operation, without whose enthusiasm, without whose courage and determination that which I did do I should not have been able to do.

What Navy Did. "As I now come to say something about that navy. This great Dominion knows full well what the British navy means to the Empire. Your welcome here today indicates that. But it would do no harm if I were to point out one or two facts. During the great war the navy had a very unenviable task. It was our duty to command the seas. That we did. It was our duty to remain on watch, to see that nothing interfered with the transportation of those great forces which were carried to France, whose gallantry and wonderful achievements brought the war to a successful close. All of us in the grand fleet had brothers—some sons, friends, relatives—who were doing all that men could do in the cause of civilization, who were giving their lives and paying the

### HEART WOULD BEAT LIKE A TRIP HAMMER

Heart trouble has of late years become very prevalent. Sometimes a pain catches you in the region of the heart, now and then your heart skips beats, palpitates, throbs, or beats with such rapidity and violence you think it is going to burst.

MILBURN'S HEART AND NERVE PILLS. Mrs. Chadwick, Delhi, Ont., writes: "I had palpitation of the heart, and the least exercise, such as going upstairs or up a hill, my heart would beat like a trip-hammer and at times I was dizzy-headed and had a sinking sensation as if my time were near. A friend suggested I try Milburn's Heart and Nerve Pills, so I procured three boxes, and by the time the first one was used I began to improve. In all I took six boxes, and now although in my 66th year I feel like a young girl; no dizziness or heart-thumping, and can walk miles without fatigue. At time of sickness I weighed 130 lbs., now I weigh 150."

### Liberal Worker Sounds Warning Note To Colleagues

Fears for Future of His Party in Carleton-Victoria Unless Tactics Are Changed.

Special to The Standard. Woodstock, N. B., Nov. 26.—The Liberals of Carleton County are now rallying, as their brothers in Victoria County have already done, that there is but one way to make their party a factor in coming elections in this county and that is by defeating the United Farmers party in this election. It is now, while the Conservative party has a strong organization, the Liberals are attaching themselves to either the Conservative or the United Farmers. This state of affairs, if allowed to continue, the speaker, simply means the extinction of the Liberal party in this county and the fight in future elections will be between the Conservatives and the United Farmers.

To protect their organization, which is now being shot to pieces, it is absolutely necessary for Liberals to put the United Farmers, down and out. The speaker said that the Conservative party will always be here. Are the Liberals willing for their party to go out of existence and leave the fight between the two other parties? If not now is the time to vote for Smith and put the question on the United Farmers party in Carleton-Victoria.

### GOLDEN GROVE HEARD TRUTHS OF CAMPAIGN

(Continued from page 1) C. Scott dealt in a most effective and convincing manner with the administration by the Laurier government in regard to the present railway ways, which it subsidized and built years in advance of their time. Mr. Scott also discussed the tariff issue, and declared that a moderate protective tariff, advocated by the Meighen government, was the only one for Canada. The speaker also compared the policies of the Conservative, Liberal and so-called Progressive parties, and pointed out the numerous benefits which had accrued to Canada during the administration of the country's affairs by the Conservative government since it placed the National Policy into effect.

### FRANCE WANTS NAVY LARGER THAN ITALY'S

Equality in Capital Ships Proposed, But Is Unsatisfactory to Briand. Paris, Nov. 26.—Great surprise was expressed in the corridors of the Chamber of Deputies today over reports from Washington that the French delegation there was asking for permission to construct up to 300,000 tons of capital ships instead of holding to the programme for light vessels, the construction of which already has been approved by the Chamber of Deputies, and which is considered the maximum possible for France in the present state of her finances.

Free Trade Fatal. In discussing the tariff issue, Dr. MacLaren pointed out the fatal effects which the free trade policy of the grain growers of the West would have on the manufacturing and industrial life of Canada. If such a programme was adopted, it would result in the big American Trust Corporations absorbing and destroying the Canadian concern. The vast majority of the plants in this country would be forced to close down, and this would result in our workmen being thrown out of employment. Surely no person who declared that Canada should force ahead as a nation would favor a policy which would be so injurious to our people.

Dr. MacLaren pointed out that the industries in our country would be menaced by the products of the cheap foreign labor of European countries. To meet such a condition, the industrial concern would be forced to reduce the scale of wages of our workmen. The Meighen Government would never support any policy which would force any class of people in the Dominion of Canada to work at a wage on which they could not comfortably support their families and live happily. The desire of the Government was that our country should be governed in the interests of all Canadians, irrespective of class or creed.

### Rev. Gideon Swin At Victoria St. Church

Congregation Attended Old Church for Last Time Yesterday.

The Rev. Gideon Swin at eleven o'clock service at Victoria St. Baptist Church yesterday preached from 1st Samuel 7th Chapter, 12th verse, "Hitherto hath the Lord helped us." His remarks were confined chiefly to the present house of worship which the congregation will be vacating after the services of yesterday. Mr. Swin's connection with the Victoria St. Church covers 33 years or almost since the congregation organized the church. He referred to the various pastors who served the church, all of whom he knew personally.

### Series of Sermons During Advent

At the morning services in St. John's (Stone) Church, yesterday morning, the pastor the Rev. A. L. Flemming drew the congregation's attention to the necessity of preparing for the coming of the King. He reminded his hearers that seventy-five per cent of them would thirty years hence have been summoned into the presence of that King, and counselled them to make due preparation for that great and awful hour.

### Liberal Cause Burden

In referring to the railway question Dr. MacLaren stated that the Liberal party should be the last people on earth who would venture to discuss this matter. The Laurier policy had heaped a financial burden on Canada. From which we are still suffering. Railways were constructed years in advance of their time, and through desolate territories. As a result, the people of the Maritime Provinces had contributed largely to this improper and wasteful administration, and the Government had been forced to take over these systems to prevent them from being junked or going into bankruptcy.

### Tenement Was Damaged By Fire

Considerable Loss to Sydney St. Building and Furniture of Three Families. On Saturday afternoon shortly after five o'clock an alarm was sent in from box 32 for a fire in a property on Sydney street, owned by John B. McAleer of Boston. The fire started in

### Could Not Eat

Constipation is caused by a torpid condition of the liver. Dosing with salts, castor oil, etc., to move the bowels, cannot afford more than temporary relief.

Dr. Chase's Kidney-Liver Pills. "For two years I was afflicted with indigestion, and in the morning when I got up my breath was bad. I had a poor appetite, and just felt like eating certain foods. I used many different medicines as a laxative without benefit, and the doctor's medicine did not help me at all. Finally I tried Dr. Chase's Kidney-Liver Pills, and found them better than anything I had ever tried. I can highly recommend them to anyone troubled with constipation or kidney troubles."

## St. John's Old and Reliable Shoe House

Old:—With forty-four years' experience. Reliable:—Anything purchased in our stores has with it our guarantee of quality and satisfaction with fair wear.

Our Shoe Repairing Plant can make old shoes look like new

MEN:— We are exclusive in many of our Men's Shoes, and you can only purchase the following lines at our stores.

The Famous "K" English made. Bells "Dr. Reeds" Cushion Sole. Talbot "Arch Preserver" Black and Tan. Slater Shoes "Sign of the Slate" Look for it. Our "Own Specials" in variety and selected. "Maltese Cross Brand" Rubber Footwear.

### Give Shoes for Christmas

Why leave your Xmas shopping until the last moment when our stock is now complete and our service best. We are pleased at all times to show our Christmas novelties.

THREE STORES OF SERVICE 61 King St. 212 Union St. 677 Main St. Waterbury & Rising, Limited

the lower floor which is occupied by John King and was supposed to have been caused by Mrs. King dropping a lamp. The flames rapidly spread to the floor above which was also quite badly gutted. The other tenants of the house were E. Manning on the second floor and Lewis Gallagher on the third floor. These people had several hundred dollars worth of their belongings burned and no insurance to cover the loss. The loss of John King is covered by insurance. The damage to the house is estimated at more than \$1,000.

### Second Sermon On The Beatitudes

Rev. Isaac Brindley Preached at Ludlow Street Church in Morning. In Ludlow Street Baptist Church yesterday morning the Rev. Isaac Brindley gave the second of a series of sermons on the Beatitudes. He spoke of the beatitudes of the ideal teaching of Jesus and His estimate in the formation of character. The first beatitude was the foundation of the superstructure suggested by His teaching. The pastor delivered his first address on "The Great Commission of Jesus." His text was, "Go ye into all the world." He spoke of the three

RHEUMATIC PAIN Rab it right out—Try this! Rheumatism is "pain only." Not one case in fifty requires internal treatment. Stop dragging! Rub the misery right away! Rub soothing, penetrating "St. Jacobs' Oil" directly into the sore, stiff joints and muscles and relief comes instantly. "St. Jacobs' Oil" conquers pain. It is a harmless rheumatism remedy which never disappoints and does not blister.

TINKHAM WOULD HALT ALL NAVAL AGREEMENTS. Washington, Nov. 26.—A resolution providing that the United States shall not enter into a final agreement relative to limitation of naval armament until the Anglo-Japanese treaty of 1911 is abrogated or "without a definite understanding of its immediate abrogation" was introduced today by Representative Tinkham, Republican (Mass.). The resolution characterizes the treaty as a military alliance, offensive and defensive, between Great Britain and Japan and in conflict with the "entire spirit" of the American proposal made at the opening session of the naval conference for a reduction of arms armaments and a ten year

### DOCTOR MACLAREN.

In Dr. Murray MacLaren the Conservative party have made a choice of a candidate that the most exacting would find it impossible to criticize. A man at the top of his profession, of a blameless character and a stainless record, out of a sense of public duty and a feeling of civic patriotism, he has given up a lucrative practice and thrown himself into the selfish whirlpool of politics. It is a distinct personal tribute to Hon. Arthur Meighen and Hon. John B. M. Baxter and of what they stand for, that Dr. MacLaren has offered his unequalled talents to the service of the party of which they are the leaders and, to the city of which he is a leading citizen. Aside from all this, and The Standard knows from the modesty of the man that he will not thank it for the compliment, Dr. MacLaren deserves from the citizens of St. John regardless of race, creed or politics the best they have to offer, for what he did overseas, without thought of reward, without quest for glory, without care of self, but purely from the lofty motives of patriotism, loyalty and love of his fellowman.

### A "BLUE NOSE" ARGUMENT.

It has been pointed out among other things that the Fordney tariff bill places a duty on Canadian fish going into the United States and in this way prevents the Canadian product from entering freely, especially the cheaper lines of Canadian fish. Under a former trade agreement the United States admitted Canadian fish free. Just as soon, however, as importations began to be felt by the United States fishermen, the customs provisions were so interpreted that a tax was put on the containers and the anticipated benefits of the agreement were not realized.

Plainly this means the practical exclusion of our fish from the American markets. The Fordney Bill aims to stimulate the fishing industry of the New England States and to give employment to the idle American trawlers. Digby, Yarmouth and the Western shore will be hit by this measure. All the Nova Scotia fishing ports such as Louisburg will lose markets because of this bill.

We should therefore, cultivate our own markets. Our tariff laws should be framed to protect our industries against those of the United States, or any other country which threatens our existence.

Mr. Crerar would admit American fish into Canada free of duty. Would Mr. King? Mr. King of course is not very definite on the tariff but his platform declares that the principal articles of food should be free from customs duties and Mr. King, if he stands on anything, stands on this platform.

Experience has taught the Nova Scotia fishermen that they cannot rely on foreign markets. They must largely depend on the home market for their business. This is especially true regarding the manufacture of fish products.

### BLAMING THE TARIFF.

Mr. Crerar still seems to think that he makes a hit when he poses the question: "Has Protection made you prosperous?" He follows this with the assertion that Protection is stifling agriculture, and expects audiences of farmers suffering from extremely low prices for what they sell to join with him in blaming the tariff.

If Mr. Crerar and his campaign associates would make public the statistics that show Canada's growth of trade, production, commerce and finance in the last ten years, they would refute themselves. But they do not wish to put a fair case to the public. They want—as the Mail and Empire declares—to create the impression that all the ill agriculture is suffering from arise from duties on imports. It does not matter to them that our trade externally is today four times what it was ten years ago, that our agricultural production is about two and a half times as much in value, that our manufactures have more than doubled, that our bank deposits have almost trebled. At the peak of war inflation two years ago, the increase from the levels of our 1910-11 economic activity was much greater. In common with other countries, Canada sees her present day commercial activity lessened to a peace basis, but what is chiefly important is that we are retaining the bulk of the growth of the last ten years.

The tariff has enabled Canada to grow in all material respects. No country can show a more favorable set of living conditions for the average person. The United States today has a far less enviable domestic position than we have. Congressional records show a multitude of statements that American agriculture is perishing from low prices. Canada has not only these lower prices to combat in the export field, but the Young

Emergency tariff to bar such of our exports as we normally sent to the United States. Those conditions are not at all satisfactory, but they put a high light on the natural reaction from the effects of war finance. If this country holds steady, maintains the home market unimpaired, hustles for what foreign business is available, the natural recovery to normal activity will quickly bring its own cure. Then we shall have retained the larger part of war-time growth and increase of assets, and be on a fair path toward making new records in prosperity.

### MR. MACKENZIE KING AND THE RAILWAYS

The attitude of Mr. Mackenzie King, the Liberal leader, upon the Canadian railway question is most unsatisfactory, when taken in conjunction with the known and expressed views of his Quebec lieutenants whom in fact he does not lead but follows, upon this vital matter.

Mr. King is reported as saying that the Liberal party stood for giving public ownership a fair chance to make good which it had not done in the past, and that if, after such a fair trial, public ownership was found unsatisfactory, the Liberals would place the facts before the people and consult them.

This is no kind of leadership upon the railway question that the people of Canada will endure. The national ownership of the national railways is a simple unescapable fact in Canada's experience. It cannot succeed or fail except as any other ownership of any enterprise would succeed or fail, through dishonest control, incapable management, or because the economic resources do not exist in the territory the railways serve.

If the country is lacking in economic resources then the railways must fail whether they are publicly or privately owned, and because they are publicly owned now as a fact, will either continue to be operated at the expense of the people of Canada, or cease to be operated altogether. There is no magic about either the public ownership or private ownership to bring about economic impossibilities.

The objection to public ownership is that it is apt to permit the introduction of graft and sabotage into the administration of the roads. The argument in favor of private ownership is that anxiety to make money leads to purity and economy of administration, and to skill and eagerness in the development of business.

As to this, it altogether depends on whether the money-making field developed is the stock market or the business territory of the railroad. Nobody has ever heard the late Grand Trunk cited as a bright and shining example of the virtues of private ownership.

Apart from this discussion as to the merits or demerits of the two systems of railroad ownership and operation, the Canadian people have to deal with actual conditions and present facts. One of the facts which does not greatly appeal to them is that the leader of a political party should, in talking about an experimental "fair trial" in connection with the national railways, begin by casting doubt either upon the integrity or efficiency of his party if returned to power, or upon the capacity of the resources of the country to support the railways which this very party was instrumental in building.

This will not do for the practical hard common-sense of the Canadian people. If Mr. Mackenzie King imagines that in this matter he is dealing with children who are tired of an expensive toy, he is very much mistaken, or he interprets the purpose of Canada by the known desires of his colleagues in Quebec.

### THE TRUTH AT LAST.

The Hon. Mackenzie King is reported as having told his audience at Chesley, Ont., on Friday, that the Progressives were not going to draw from the Tories, because the Progressive policies were very much along the line of the Liberal policies. "Indeed they are Liberal policies when you come down to the principle whatever their result is," said Mr. King. In view of the fact that the Progressive policy is avowedly one of free trade, Mr. King's statement is of more than usual interest. It is about the first definite pronouncement the country has had from him.

In addressing the annual meeting of the Children's Aid Society at Belleville, Judge Mott, of the Toronto Juvenile Court, is quoted as saying: "We must not allow unfit parents to marry." We agree with the Toronto Telegram, that whatever differences of opinion there may be as to the wisdom of crystallizing into law the principle of eugenics, most people will admit that parents should be married.

 Newsboy going past. Exter enter all about the boy stopping a runaway train and saving 609 lives indooding wimmim and children, enter exster.  
 Frank Ferrot. Aw heck.  
 The end.

### WHAT OTHERS SAY

**Reciprocity Again.**  
 Mr. Crerar has formally announced that, if put into office, he will immediately begin negotiations with Washington for another reciprocity pact. Thus there comes to the front again the issue of 1891 and 1911 that most people thought had been finally laid to rest. The Kansas-Fielding agreement was for reciprocal free admission of a large group of natural products, but Mr. Crerar wants not only this; he likewise proposes to reduce materially the Canadian tariff on manufactured goods.

In 1911, the Liberals sought to argue that the Fielding agreement did not touch duties on the general run of manufactured goods, but the people refused to accept the view that reciprocity in "natural products" did not threaten economic invasion in the whole field of Canadian industry. Today the Progressive group denounces Protection as unjust and immoral, and proposes another Knox-Fielding pact along with slashing cuts at industries whose capital in Canada is \$400,000,000, who employ 380,000 people normally, and who are responsible for perhaps one-third or one-fourth of all Canadian industrial activity. For these reasons, there are about ninety farm implement manufacturers in Canada. They produced in 1919 implements valued at \$37,715,000. Under "free" implements, what will happen to them?

A few companies, such as the Massey-Harris Company, have admitted that they could survive, given free raw materials, but that is because 80 per cent. of their output goes to foreign markets. How many of the 86 companies have a relatively large foreign market? Few, if any. These companies would be virtually put out of business by the competition of American companies with foreign markets. Canada would be one of the "foreign markets," and the main business of manufacturing implements would be transferred from Ontario to the Middle Western States.

Thus at one stroke, the Progressive group would open Canadian markets to a large list of American products, and encourage importations that ought to be discouraged, and cut down home industries that make markets for our own food producers.

**A Moral.**  
 (Montreal Herald, Lib.)  
 The officers of the United Farmers of Ontario Co-operative Association permit large losses in connection with the concern placing it around \$300,000. Mr. Burnaby contends that a political dodge to injure the farmers, but his admission of losses, undetermined as yet, coupled with the financial record of the Farmers' Government of Ontario, will not tend to inspire confidence in the ability of the farmers to manage the affairs of the Dominion.

**A General Feeling.**  
 (Baltimore Sun.)  
 As a last, desperate means of getting back to normal almost every good citizen is willing to have the other fellow take smaller profits.

### UNITED STATES DOCTOR MAKES STARTLING OFFER

Will Send Hand-to-Me Spectacles on Trial to Anyone.

Everyone who wears glasses or suffers from eye strain will be interested in the remarkable offer of Dr. Ritholz, the famous eye-strain specialist, Canadian Dept. CD17, Madison and Laffin streets, Chicago, Illinois, U. S. A., to send a pair of his handsome extra large size "True Vision" Tortoise Shell Spectacles Free on trial, to any reader of this paper who writes him. These splendid glasses will enable anyone to read the smallest print, thread the finest needle, see far or near, and prevent eyestrain or headaches. These Spectacles are said to be equal to any sold at retail at from \$12.00 to \$15.00 a pair, are very handsome in appearance and will last a lifetime. They are very becoming and your friends are sure to compliment you on your improved appearance. Don't send any money. Simply your name, address, and age, and state the length of time you have worn glasses (if any). He will send the glasses at once by Prepaid Parcel Post, for you to wear, examine and inspect for ten days in your own home absolutely free. If you are satisfied in every way and want to keep them, you are then to pay the small charge of \$4.49, otherwise return the glasses and you are out nothing. If you accept his offer at once, he will enclose the glasses in a beautiful velvet-lined, leatherette, springback, pocket-book, gold-lettered Spectacle Case, which is to be yours, free of all cost.

**Formal Opening of Cathedral High Tea**

Large Number Attracted—Booths and Lardy Evening—Booths and Games All Well Patronized

The Cathedral High Tea got away to a splendid start on the occasion of its formal opening in the Y.M.C.I. Saturday night. The partiality of a large number of St. John citizens for wards roast turkey and cranberry sauce was demonstrated by the number attracted to the serving tables. Later in the evening the booths and wheels were equally well patronized.

The supper tables were in charge of ladies of the following societies: A.O.E. Auxiliary, Society of Immaculate Conception, Society of St. Anne, St. Vincent de Paul, Red Cross, Association of the Faithful, St. John's Y. Club, and others.

T. H. Estabrooke & Co. as caterers, supplied all the coffee and used at the least the employees of the company doing all the percolating. The cloak room was conducted by the Children of Mary, with Miss Madeline Kelly in charge.

Booths at the tea include the Y.M.C.I. candy booth, in which, with arch bearing the letters Y.M.C.I. A bouquet of white roses was suspended from the centre of the arch.

A Valentine booth with white arch and decorations of valentine hearts. A doll booth decorated in yellow and purple.

A large novelty booth conducted by the Children of Mary, dressed in blue and white, with the letters, C. of M. in large gold letters.

St. Vincent's Alumnae booth of fine bouquets with snow-covered roofs. A Tiffany game booth with a color scheme of green with trimmings of red and yellow.

The handkerchief booth with the A-Flash-Tower, a miniature replica of the Eiffel tower, banked with handkerchiefs.

The butterfly booth in pink and white of exceptional attractiveness and other pleasing booths are arranged about the hall.

The Catholic Women's League have a cooking and soft drinks.

Partial list of workers included: Mrs. Florence Dillon, coin booth; Mrs. H. J. Sheehan, Grace Holmes, Miss Gertrude Ryan, Y.M.C.I. booth; Misses Carmela, children of Mary; Floyd, Tiffany booth; Mrs. N. Donovan, ice cream; Miss K. Lavelor and Miss K. Cotter, Tower booth; Miss Anna McCarthy, Children of Mary booth; Miss M. Marie Corbery, St. Vincent's Alumnae booth; Mrs. M. Bohan, home cooking; Mrs. D. P. Chisholm, refreshments; Mrs. Frances Connolly, ice cream; Mrs. D. Dwyer, butterfly booth; Mrs. A. C. D. Wilson, doll booth.

No one succeeded in identifying the "Mysterious Young Lady" at the Cathedral High Tea Saturday night. She was announced at the turkey supper and remained in the hall for hours at her last decided necessary; she open headquarters for this contest and her description will be placed in various parts of the hall. She is sure to be there tonight. Watch for her.

The prize winners Saturday were: Door prize, load of hand wood, taken by No. A-10; second prize, a miniature handkerchief booth, to the nearest guesser of the number of hankies of the A-Flash-Tower, won by Miss E. McCourtney, 151 Germain street, Guess no. 130; correct number 131.

Peasant booth, pair of chickens, Miss Grace Holmes, 139 Robson avenue.

Valentine booth, barrel of apples ticket No. 60, uncalled for.

Tonight's door prize, load of coal.

**DAMAGED BY FIRE.**

The fire department was called on Saturday morning to extinguish a fire in the house of Thomas Murray, 257 Brussels street, where damage is estimated at about \$25.

**Funerals**

The funeral of William H. Cotwell took place Saturday afternoon at 2:30 o'clock from his residence, 14 Douglas avenue, following service by Rev. S. S. Poole. Interment in Cedar Hill.

The funeral of Mrs. Adeline Linnam, 173 Erin street, took place Saturday afternoon following service by Rev. A. L. Tedford. Interment at Fernhill.

**HEADS THAT ACHE AND PAIN**

It is hard to drag along with a head that aches and pains all the time. In nine cases out of ten, persistent headaches are due to poisoned blood. The blood being rendered impure through some derangement of the stomach, liver or bowels, but no matter which organ is to blame the cause must be removed before permanent relief can be obtained.

**BURDOCK BLOOD BITTERS**  
 which has been on the market for the past forty-five years, removes the cause of the headache by starting the organs of elimination acting freely and when the impurities are carried off from the system, purified blood circulates in the brain cells, and the aches and pains vanish.

Miss Clara Murphy, Centre Dumfries, Ont., writes:—"My blood was greatly run down and my system out of order. I suffered a great deal from severe pains in my head, which made me feel very miserable. After having tried other remedies I purchased a bottle of Burdock Blood Bitters, and was very glad to notice a decided improvement in my health. I took another bottle and it has done me an enormous amount of good. I have recommended it to some of my friends who were in similar condition and they all say it is a wonderful remedy."

Weddings

Brown-Brown.

At the Victoria street Baptist parsonage Saturday morning, Theodore Brown, son of Mr. and Mrs. James Brown, of Queens county, N. B., was united in marriage to Miss E. D. Brown, daughter of Mr. and Mrs. Daney Brown, of Lawfield, Queens county, N. B. The ceremony was performed by Rev. E. D. Hudson. They were attended by Mr. and Mrs. Stanley Hawhurst, of this city, after a dainty luncheon Mr. and Mrs. Brown left on the Valley train for Queens county, where they will reside. Many beautiful gifts were received. Mr. and Mrs. Brown will have the best wishes of a host of friends.

Obituary

Fred. J. Coughlan.

The death of Fred. J. Coughlan occurred at noon Saturday, the 25th inst. He was employed with the London Life Insurance Company. He is survived by his wife, formerly Miss Maud Daly, four children, Gerald, Francis, Ursula and Philip; one brother, Daniel; one sister, Mrs. P. O'Neill, of Montreal. The funeral will be held on Tuesday morning from his late residence, 97 Millidge avenue. Many friends will be sorry to learn of his death.

Mrs. M. F. Tompkins

Throughout the province the death of Mrs. Tompkins, wife of Mr. M. F. Tompkins, General Freight Agent of the C. N. R., at Moncton, will be grieved by a vast number of friends. The funeral took place yesterday afternoon at Moncton and was very largely attended.

The death of Mrs. Tompkins occurred very unexpectedly and under exceptional and circumstances at her home, 230 Highfield Street, Moncton, about 7:30 on Thursday evening; and was due to child birth.

Mrs. Tompkins during her little more than four years residence in Moncton had made a wide circle of friends to whom she had greatly endeared herself by her many womanly virtues. She was a member of St. John's Presbyterian Church and was a devoted worker in the Women's organization at Moncton, among the members of which she was held in the highest esteem and by whom her memory will be lovingly cherished.

Mrs. Tompkins was a daughter of the late Geo. W. Kerr, of New Glasgow, and besides her husband, she is survived by her mother, who has been residing in Moncton with her daughters, one sister, Mrs. C. S. Pughle, of Moncton, and two brothers, Con. William F. Kerr, of Stellarton, N. S., and Vernon C. Kerr, of Boston.

Mrs. Electra Atherton

Special to The Standard. Frederick, N. B., Nov. 27.—Miss Electra J. Atherton, a well known resident of Frederick, died Saturday night at her home, 223 Queen Street, after a lingering illness. Miss Atherton was a native of Frederick and a daughter of the late Thomas Atherton. She is survived by a sister, Mrs. Amelia Ingraham, with whom she made her home, and by two brothers, Barry Atherton, of Brockton, Meas., and Bert Atherton of this city.

Robert Vanbuskirk

Frederick, Nov. 27.—Robert Vanbuskirk died today at his home, Aberdeen St., aged 68 years. He had been ill for some time. Two brothers John, of Jemseg, and J. P. Vanbuskirk, of this city, and one sister, Miss Vanbuskirk, survive. The deceased had made his home in this city for some years. The body will be taken to Jemseg, Monday for interment.

Mrs. Ann Elizabeth Abbott

Digby, Nov. 25.—Mrs. Ann Elizabeth Abbott, widow of the late Joseph Abbott, of Marchallow, died at the home of her daughter, Mrs. Arno, in this town on Wednesday morning, aged 77 years. She had been ill about ten weeks with heart trouble and dropsy. Besides the one daughter, Mrs. Arno, in Digby, she leaves one son, John, in Boston. The funeral took place this afternoon.

W. Edward Dunn

Digby, Nov. 25.—W. Edward Dunn, a native of Lunenburg in which place he lived until two years ago when he moved to Digby, died quite suddenly yesterday while the nurse was administering a dose of medicine. He was while for about a week, but was not considered seriously ill, and had been getting up a little every day. He was almost ninety years old, and was the last of the family of the late William Dunn. He leaves no immediate relatives although there are a number of nephews and nieces. The funeral will take place tomorrow, and interment will be at River.

Major W. C. deBainhard

Digby, Nov. 25.—Major W. C. deBainhard, a former resident of Digby, died a few days ago at Yorkton. He has had a distinguished career and was a "pioneer" in every sense of the word, and played his part worthily in those walks of life to which he has been called. He served his country during the Crimean war and through the Fenian Raid, and did a great part towards the development of the Great West. He was 87 years old, having been born on October 23, 1834, at Great Barr, West Bromwich, Staffordshire, England. He was granted a commission in the 4th Lancashire Regiment and took a draft of non-commissioned officers and men to the Crimea in 1854. He was invalided from the Crimea to Malta, and after the war returned to England with his regiment. In 1861 he left England for Canada with his regiment and led the advance on Bideaway Hill, and in the Fenian raid. He was stationed in Canada until 1869 and returned with his regiment to Wolsol, being transferred to the Depot Battalion in the following year. In 1873 he retired from the army after nineteen years' service and three years later returned to Canada with his family and settled in Digby. In 1880 they moved west to Russell, Manitoba, and squatted on what is now known as section 9-31-27 W. 1. In 1888 he was appointed Indian agent at Sasseo Reservations, Calgary, and moved to Edmonton in

Mrs. Edgar F. Steeves

Hillsboro, N. S., Nov. 25.—News has been received here of the death of Mrs. Edgar F. Steeves, who passed away at her home, Moncton, N. B., on Thursday evening, November 24th. The late Mrs. Steeves had been a resident of Hillsboro up until three years ago, and enjoyed a large circle of friends who have learned with much regret of her death. Deceased was 83 years of age. She was a member of the First Hillsboro Baptist church. Beside a husband three daughters survive, Isabelle, graduate Nurse at Moncton, Ellen and Della at home. Two sisters, Mrs. Arch Tarriss of Springhill, N. S., and Miss Elizabeth McDonald of Halifax, N. B., and one brother, Angus McDonald, now at Moncton, to whom much sympathy is extended.

Miss Florence Mackay

Numerous friends in this city will learn with most profound regret of the sudden and unexpected death of Miss Florence Mackay, daughter of the late Capt. and Mrs. W. H. Mackay in New York city. Miss Mackay left for the United States about one week ago last Saturday, and was accompanied by her brother, W. H. C. Mackay, City Passenger Agent of the Canadian Pacific Railway. She was survived by one brother, W. H. C. Mackay and one sister, Miss Louise Mackay, who mourn their loss. The funeral will take place today on arrival of the Boston train at 1:10 p.m. to Fernhill Cemetery.

A VERY OLD TRICK

Drawing a herring across the scent to distract attention.

SADIE MCAULEY MURDER TRIAL

WAS CONTINUED ON SATURDAY

More Witnesses from Truro Testified Regarding Date Paris Was in Nova Scotia Town—Magnifying Glass Used on Entry Book—Trial Resumes This Afternoon.

Saturday's session of the McAuley murder trial was marked by a series of dramatic episodes which would have done credit to a Sherlock Holmes novel or the latest movie detective thriller.

The entire afternoon session was taken up with the evidence of Stanley Nichols, a Truro garage man, and a book produced by him in which he contends on Aug. 2 he made an entry of five gallons of gas purchased by him from Paris on that day. The Crown contended that the book was tampered with, and a magnifying glass was brought into play Saturday afternoon to show alleged alterations. The witness was suddenly confronted with a telegram reading, "Bought four or five gallons of gas on Aug. 2 or 3, sent to Sergeant-Detective Power, and asked if he had sent it. He did not remember doing so."

Under a grilling examination he refused to admit the figure 4 had been changed to a 5 in another entry, and on being given the magnifying glass to look at it more closely, would concede nothing further than it was blurred.

Just as the session concluded the witness was called upon to make a number of entries on a sheet of paper which was retained by the attorney-general after identification by the court.

In the morning a clerk in the Eastern Hat & Cap Company swore he had paid Paris ninety cents on the afternoon of the 2nd, and that the money was given him by the bookkeeper who entered the transaction in the company's office. The young lady bookkeeper swore that she recorded the transaction. The clerk said he had never seen Paris before, but was sure he was the man, and going to the prisoner's lock, identified him by large freckles on his face.

The court adjourned at 5 o'clock Saturday to 2:30 this afternoon. The trial will resume on Monday at 10 o'clock in the Hotel in the custody of the constables.

Morning Session. Jas. W. McNaught, of the Eastern Hat & Cap Co., was the first witness called in the morning. He remembered Aug. 2 by the Chataqua parade. On that day, at between 1:30 and 2:30 in the afternoon he remembered the accused came to the company's office and wished to be paid \$1.35 for some work. Witness was told to give him ninety cents, which he did.

Cross-examined, McNaught stated he remembered no other man coming in that day. He took particular notice of Paris because he was so light, and commented on the fact. He had on a dark suit and cap. There were two girls in the office. Christina McKenzie was one; he could not say who the other was. He got a receipt for the money. Paris did not sign it, but made his mark. He did not know who the receipt was. He gave it to Mr. Ogilvie. He had tried to find the receipt for the trial, but failed. The bill presented by Paris was thrown away by Mr. Ogilvie. He said it done. The bill was written, but could not find him he could not write. The payment was entered on the books as made to Mr. Paris. Miss McKenzie made the entry under his direction. He was certain Paris was the man. Shown a photograph, the witness said the features were the same, but did not show the marks on the face, large freckles.

Going to the end of the table, witness looked closely at the prisoner's face and said he recognized the spots. Miss Christina McKenzie was called to the stand. She remembered the Chataqua parade, but not the date. She had seen the accused in the company's office and saw him paid by Mr.

IMPERIAL THEATRE TODAY

PRICES: Matinee—Orch. 50c., Balcony 25c. Evening—Orch. 50-75c., Balcony 50c., 25c.

NIGHT SEATS RESERVED—10 a.m. to 9 p.m.

Byrne glass and after examining the book admitted he could see the alteration but he could not say how long after the making of the original entry the alteration had been made. He did not remember making it but was sure no one else had.

Mr. Byrne asked Nichols how he could swear to the date if he did not remember the alteration. Nichols answered because he entered the day. He admitted the figure 3, the date, could have also been changed, but denied that it had.

At the direction of the judge the book was submitted to the jury for examination. The cross examination was continued and Nichols said he had from his memory a recollection of the date. It was a 2. Mr. Byrne asked if he had not sworn substantially that the date or the alteration. The witness contended and Nichols said he had from his memory a recollection of either the date or the alteration. Also that it was possible that the figure four could be changed to a 2.

The Imperial Oil Co. slip was handed to the witness by Mr. Vernon, Nichols said he could identify the slip as having been received on the same day as the purchase from Paris.

Mr. Byrne held that the slip was irrelevant, that the company's books should have been submitted.

Mr. Vernon said there were not funds enough for that and Mr. Byrne retorted there were funds enough to buy the magnifying glass and admitted it, subject to the objection raised by the crown.

Nichols read the date, August 2nd, the amount purchased was 150 gallons at 39 cents. The slip was initialed by the Oil Company's driver.

He said the slip was received on the same day as he bought the gas from Paris. The jury examined the slip, Nichols said there was less than 5 gallons in the can he bought from Paris, it was between 4 and 5. He had never changed the date of the entry. Looking at it carefully he said there was no alteration in it and that the date, the figure 5 over the 4, and the amount were the same as the day Paris was arrested or the day the book was first shown to Mr. Vernon.

Nichols said he did not buy gas from Paris on the 11, 3rd or 4th. The gas he bought from Paris was the only small quantity he bought in August or July. All purchases of gas were entered in the book.

To Mr. Byrne Nichols said he did not know John McNaught, who also passed as John Paris. He knew John Paris, the accused, since he was a boy. After Paris was taken up, Mr. Vernon came to him and asked about the gas, in September, he thought he did not remember seeing Paris in July. He had seen him off and on every year.

Assisted by Mr. Byrne Nichols remembered the gasoline was stolen in July, and that Paris was arrested in that connection in August.

He said he had known Louis Byrd five years. He had seen him with Paris the day he bought the gasoline but had not told that in court before because he wasn't asked.

He knew Byrd was also accused of the theft. He had seen him with Paris the 2nd of August but did not remember if Paris was with him. He thought it was from 20 to 25 gallons of gasoline that were stolen from the Imperial Oil Co. He knew Byrd was arrested for the theft but was cleared because of lack of evidence.

To Mr. Byrne, Nichols admitted that he had seen Paris on the 1st and 2nd, and at the trial said it was the 2nd or 3rd. Mr. Byrne suddenly confronted the witness with a telegram reading: "Bought 4 or 5 gallons on 2nd or 3rd of August," and asked him if he had sent it. (The telegram was received by Detective Powers last August.) Nichols said he did not remember sending it. At the trial he said he did not look at his books, it was after looking at his books that he knew the date was the 2nd. As to the alteration he knew nothing of it till Dr. Wallace showed it to him at the first murder trial.

Nichols said he bought the gas from Paris 4 or 5 hours after he bought the gas from the company, but did not think it was stolen. The gas he bought from the company cost 39 cents plus the war tax, which was a half a cent, or a cent and a half. He paid Paris \$2.

At the last trial he admitted the can was not big enough and some spilled over. He paid Paris more than the company because Paris gave him a hard luck story that he needed the money. Paris, he said, asked him if he wanted to buy ten gallons of gas, and he said "That's not ten gallons of gas, there's not five there."

Nichols said the reason he made the alteration he supposed was because there were nearer five gallons than four but he did not remember doing it. Mr. Byrne submitted another entry to Nichols and asked if he could not see that a five had been changed to a four. Nichols said no, it was the same five, although somewhat blurred. He would not admit the entry to be seen. He explained the appearance of the figure by the possibility that the pen had gone dry, and he dipped his pen in the ink again and crossed over it.

He was ready to swear that the gas purchased on that entry had been bought and marked on the 4th and then changed to the fifth.

Mr. Byrne got the witness to make the figures 2, 4 and 5 several times on a sheet of paper, which he then had marked by the court for identification. Judge Chandler announced that he had decided to admit the sales book and the two entries as evidence. As the hour was five o'clock the court was adjourned over the week-end and the trial will be resumed this afternoon at 2:30.

PILES

Do not suffer another day with PILES. Do not let them irritate you. No surgical operation required. A simple, safe, and effective remedy. Dr. Chase's Ointment will relieve you at once and afford lasting benefit. See a box at all drug stores. Send six for full particulars. Name and address to: Dr. Chase, 111 Charlotte St., St. John.

SAVE YOUR EYES

If your vision is impaired—if your eyes won't stand the strain of hard, constant work—you owe it to yourself to make up the deficiency by wearing glasses.

We grind our own lenses making you prompt accurate service.

D. BOYANER, Optometrist, 111 Charlotte St., St. John.

# FOR WOMEN

## Vital Interest In Child Welfare Work

Normal Home Conditions and Happy Family Life Are Ideal for Children.

Every woman finds a vital interest in child welfare work, and she needs no professor of psychology to explain the deepest needs of the child nearer the heart hunger that is there when a child needs a home.

Normal home conditions and happy family life are the ideal surroundings for every child, and the importance of securing such an environment for all neglected and homeless children is emphasized by every welfare institution.

Personality Adjustment. Then, again, there is the question of adjustment of personality. A child coming from a peculiar, early home environment may be unable, and also unwilling, to fit into another totally different and often peculiar home environment.

During this three months of adjustment from their past home life, these children are dependent upon the home mother and her helpers for all the affection and personal care that comes into their lives.

To supply more of the personal consideration and attention that these children need, the normal family work and play, the board of the shelter have opened a kindergarten room this month under the direction of Miss Mary Dingle for the smaller children of the home.

The chief difference between the human hand and that of the higher apes lies in the thumb, which is always shorter in the ape.

## Eat Less And Take Salts For Kidneys

Take a Glass of Salts if Your Back Hurts or Bladder Bothers.

The American man and woman must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish, the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

Two Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

## Daily Fashion Hint

A striking effect is gained in this coat dress of fine black silk serge. It is a favorite because it is both simple and practical. The long-sleeved tunic blouse has an inset vest of self-material trimmed with bands of black and silver braid.

THE COAT DRESS PREDOMINATES

Household Hints. With flour, lard and sugar very much cheaper it is again possible for all to have good pies, not why not bake enough for several days at one time.

## Novel Supper For Halloween

For the hostess who wants her Halloween dinner to be something out of the ordinary, this is just a little late, but it's worth while saving for next fall, when every woman is trying to make something out of the ordinary during Halloween.

Country Apple Pie. 1 quart apples, after being pared and quartered. 1/2 cup sugar. 3/4 teaspoon butter substitute. 1 cup flour. 1 teaspoon shortening. 1/4 teaspoon salt.

Prune Pie. 3 cups prunes. 2 cups water. 1 tablespoon cornstarch or flour thickening. 2 tablespoons sugar or sugar to taste. 1/4 level teaspoon salt.

Mince Pie. 3 cups flour. 1/4 cup shortening. 1 level teaspoon salt. 1/2 cup butter. 2 1/2 cups mince meat. Sift flour and salt into bowl; add shortening and rub in very lightly with tips of fingers.

## Canadian Women Create Sensation

"Across the Seas" Matrimonial Bureau Creating Talk in London.

Mrs. Nellie McClung has become a well known personage during her present visit to England and her suggestion of establishing an "across the seas" matrimonial bureau is creating much talk in London.

Another Canadian woman who has created a sensation in London is Frances Nickawa, the Cree lecturer, who appeared in costume recital in Central Hall, Westminster, in connection with the large missionary gathering at the same Methodist Ecumenical conference to which Mrs. McClung was the solo woman delegate.

Household Hints. With flour, lard and sugar very much cheaper it is again possible for all to have good pies, not why not bake enough for several days at one time.

During this three months of adjustment from their past home life, these children are dependent upon the home mother and her helpers for all the affection and personal care that comes into their lives.

## Novel Supper For Halloween

## Corsetry Is The Charm of Mystery

The Lightest Materials Are Planned to Lure Women Back to Corsets.

The art authority, Millet, has said that "Technique should hide itself modestly behind the thing to be expressed." The chief danger nowadays lies not so much in our failing to appreciate art's little aids but in being too lavish with them.

The mystery of the modern corset lies in its ability to adapt to the natural lines of the figure. Its self-effecting artistry enhances a woman's points of beauty, hides her disharmonies and creates the impression of graceful reality.

Such fabrics as silk and a light grade of suede are used for this purpose. It is in the latter especially that is gradually taking the place of the rubberized webbing that has been so popular.

Creating types of corsets has always been the aim of the expert, so that nowadays there is a distinct type to fill the needs of any figure. The important aid of the work of the organization among the poor people of the city.

Adjustable Girdles Popular. A good business in the newest elastic girdles is reported. The distinctive feature of these girdles is an adjustable back. Lacings are set in a coil looking front for a dress or suit.

French Corset Styles Moderate. Moderate corsets, cut low at the top and made with fairly long hip-lines prevail in Paris. Several are practically topless, while others curve up in back.

Two cups powdered sugar, 1/3 cup butter, 1/2 cup sweet milk, 3/4 cups flour, 2 teaspoons baking powder, 1/4 teaspoon salt, 1 teaspoon vanilla, whites 4 eggs.

To Gain Weight. Rose Drug Co. guarantees Hitro-Phosphatol to replace weakness with strength, to add body weight to thin folks and rekindle ambition in tired-out people.

## Teas And Sales Held Saturday

The Trinity Young Women's Guild held a tea and sale in the upper Sunday school room Saturday afternoon.

A sale of Christmas goods and a supper was held Saturday afternoon in the Exmouth street Methodist church by the Mission Circle of the church.

The Excelsior Club of St. Andrew's church held a tea in the vestry of the church Saturday afternoon.

## Political Meetings in the Interests of Hon. J. B. M. Baxter, Col. Murray MacLaren.

Candidates supporting Rt. Hon. Arthur Meighen will be held as follows:

Monday, Nov. 28---Tonight---Pleasant Point Hall Miford---

Col. MacLaren, Lt.-Col. W. H. Harrison, D. S. O.; R. G. McInerney, A. E. Richard.

Tuesday, Nov. 29---Gardiner's Creek--- F. L. Potts, S. W. Palmer and J. Starr Tait.

Greer Settlement--- David Hipwell and W. H. Davidson.

Wednesday, Nov. 30---St. Martins--- Major E. C. Weyman, Lt.-Col. W. H. Harrison, D. S. O., Major C. F. Inches, D. S. O. and D. Hipwell.

Wednesday, Nov. 30---Carleton City Hall--- Hon. Dr. J. B. M. Baxter, Colonel MacLaren, F. A. Dykeman and others.

Thursday, Dec. 1---Fairfield--- S. W. Palmer, David Hipwell, W. H. Davidson.

Men and Women Electors Invited to Attend These Meetings. L. P. D. TILLEY, General Chairman.

## REINSMEN WHO RACES DUR

Thomas W. Murphy Leads That Total He Finished Four Being Credited

Of the reinsmen who won over races during the racing season of 1921, Thomas W. Murphy leads with a total of 46. To make that total he finished in front with 14 horses, four of which were credited with 36 victories.

The Canadian bred gelding, Graitan, was the most consistent performer in the Murphy stable. He led the races. Peter Day was second on the list with seven. This he failed to show in front until the suit stables reached Hartford.

The three-year-old gelding, Rose, and Enrico Belli, Ed considered the winners of the Poultice stable. Early in the season the Volo filly scored three victories in successive weeks and then failed.

The New England reinisman, E. Bruste, stands second on the list with 40 races to his credit. They were with 16 horses, of which the 4-year-old filly Guiveta landed Charles Direct, Mauna Loa, and Gill four each, while three first winners appear on his books as having won with Etabella, Miss Rico, Peter Star.

Bruste started his 1921 campaign at the Toronto winter meeting, where he won with Prince Abino and Belle Vando. His next win was at a Conn. with Etabella. The following week he sprang a surprise when he defeated Sylvia Brooks and Belle Vando. His next win was at a Conn. with Etabella.

Edman also drove Whip Cord to a record of 2:13 1/2 over the Cran Driving Park at Cleveland. This was sold out of the army at Char. N. C. in 1918. He was taken to Maine, looking for a more active life for his training operations. He died at Combination Park, Mass.

Edman pulled in front of his last victory being in the time of Lexington Stakes with Fayette. During the season Edman won races with this colt, one of them the Brooders' Futurity at Reading where he defeated Rose Scott. He also won six races with Jay Brook each with Dorothy Day, and Stout, and three each with Julius Direct and Legal J.

Few reinisman ever made a campaign with a stable that Johnson was credited with in 1907 couple of years ago this young like Dustin and Elbert, moved Maine, looking for a more active life for his training operations. He died at Combination Park, Mass.

THE STANDARD'S SPORTING SECTION

REINSMEN WHO WON OVER TWENTY RACES DURING SEASON OF 1921

Thomas W. Murphy Leads With a Score of 45—To Make That Total He Finished in Front With Four Horses, Four Being Credited With Twenty Victories.

Of the reinmen who won over 20 races during the racing season of 1921, Thomas W. Murphy leads with a score of 45. To make that total he finished in front with four horses, four being credited with twenty victories.

The Canadian bred gelding, Gray, was the most consistent winner in the Murphy stable. He led in nine races. Peter Day stands second on the list with seven. This horse failed to show in front until the circuit stables reached Hartford.

The three-year-old filly, Rose Scott and Danica Belle, added considerably to the winnings of the Poughkeepsie stable. Early in the season the Peter Volo filly scored three victories in consecutive weeks and then failed.

The New England reinman, Harry Brusie, stands second on the list with 40 races to his credit. They were won with 18 horses, of which the three-year-old filly, Gaiety, landed five.

Notwithstanding a broken collar bone which put him on the side line for about a month, Givens won seven races with Almond Onward, four with Labe Riddell and three with Harkness E. Whitehead won five races with Dr. Douglas, four with Miss Zola Zambro.

A week's illness at Columbus during the September meeting resulted in Cox being placed third instead of second in the list of 1921 winning drivers.

Edman also drove Whip Oped to his record of 21 1/2 on the Cranford Driving Park at Cleveland. This horse was sold out of the army at Charlotte, N. C. in 1918.

Outsider Won At Manchester

Blue Dun, Four Year Old, Quoted 7 to 2 Against, Captured November Handicap.

London, Nov. 27.—(Canadian Press Cable)—Blue Dun, the four-year-old chestnut filly owned by F. Straker, and quoted at seven to two against, yesterday won the Manchester November handicap, the last of the important races to be run on the English turf this year.

The weights as given in the list of occupations were: Blue Dun, 117 pounds; Air Balloon, 101 pounds, and 113 pounds.

BETTER WITH OR WITHOUT THE STYLE CLOTHES?

Slight Difference of Opinion Between Irene Castle and Gilda Gray of B'way.

New York, Nov. 28.—Between Miss Irene Castle and Miss Gilda Gray there seems difference as to whether one should wear many or almost no habiliments for the somewhat intimate contract one has with one's audience while dancing in a cafe on 42nd street.

After several years' absence from the cabarets, Miss Castle is back again, at the New Knickerbocker Grill in Times Square, dancing these same peculiarly proper steps that made her famous long skirts and maintaining at all times a gap of six-and-a-half inches between herself and her dancing partner.

Miss Gilda Gray has never been away from Broadway at all since she discovered the importance of undressed knees in relation to the figure of the dotted line in a cabaret contract.

With five other young women of surprising shapeliness, Gilda Gray presides as a spectacle of Tahiti in the new "Six Appeal" but labelled the Fibberias leave off there Gilda Gray and the five deputy Gildas went to begin to portray the wild, frank delight of the Tahitian maiden on the coral rocks at dawn greeting the rise of a white man's boat over the shell-pink horizon.

This is no entertainment for the early-rising, punch-the-clock, time-and-a-half-for-over-time element of New York, but rather an element of spectacle for visiting buyers from Toledo or Trenton and highly moneyed young sons of our best munitions families. It costs too much and it happens too late for our set. In fact, we might never hear much about it but for this matter of what's nice and what isn't, what's worn and what is to speak, ah!

Miss Castle, an intimated hertofore, dresses with extreme propriety and dances ever more so. She began her season with an announcement disapproving ten check-to-check and middle-middle figures of our everyday dances and her very costume was a rebuke to Tahiti and everything south of ten degrees north and everything west of ninth avenue.

"But history falls! This is art," the manager of the exclusive rendezvous insists, flicking some gold leaf from the lapel of his dress suit. "You know who helped us get up this dance for Miss Gray? Frederick O'Brien, the South Sea explorer did. You know who interpreted the symbolism for us? Mr. and Mrs. Jerome Blume, the South Sea artists did. And we paid them a lot of money, though of course you needn't mention that if you don't want to. It's true, Miss Gray only wears some robes and some coral but this is a South Sea dance. Do you think these Tahitian girls go around wearing mother-of-pearls and lace and buttons sleeves? No, this dance is wild and unrestrained."

"You mean it's sort of free, huh?" "Free" said the manager. "I said wild and unrestrained. What means that word, 'free'?"

Robert Carlin was arrested Saturday night for refusing to move on for the police and also for creating a disturbance at the corner of Mill and Main streets. Five protectionists were taken in Saturday night. No arrests were made yesterday and four protectionists were housed last night.

National Hockey League Annual

Frank Calder Re-Elected President—Race for Championship Starts December 17.

Montreal, Nov. 27.—After an all-day session today the National Hockey League wound up its annual meeting at the Windsor Hotel with the unanimous re-election as President of Frank Calder, of this city, and decided that the annual race for hockey championship honors should commence Saturday night, December 17 and continue until March 15th.

Amendment to the playing rules as proposed by Ottawa and seconded by Toronto at the meeting held there a fortnight ago, were all ratified. They call for a schedule of 48 games with the play-off between the two teams which finish first and second. This play-off is to be decided by a home and home series in which the majority of the goals will count.

Amendments to the penalty rules were also carried whereby all offenders must serve their time on the penalty bench while their teams play without their services. Minor penalty is two minutes, major five, and double major ten. Match fouls are for the balance of the game with the stipulation that the offending team may substitute for the penalized player at the expiration of 30 minutes. In no case will a player who disables an opponent be allowed to resume until the injured player returns to the game.

The pass out from the goalkeeper to the first red line—forty feet—was also adopted. A board of referees was appointed and power given to Frank Calder to add to their number. They are: Cooper Toronto, Montreal; Lou Marsh, Toronto; Harvey Sproule, Toronto; and Charlie McKinley, Ottawa.

Newly Laidoff was announced as captain of the Canadian Red Sox will lead Toronto and Eddie Gerard will command Ottawa.

Malone is manager for the Hamilton team (captain not given).

Earth Solid And Getting More So

K. O. to the Nebular Hypothesis Dealt by Prof. Chamberlain of Chicago.

Chicago, Nov. 28.—New doctrines of geology, based on a new theory of the origin of the earth, were outlined today by Prof. Thos. G. Chamberlain, emeritus head of the department of geology of the University of Chicago.

Chamberlain's theory that there are 2,000,000 of armed men in Russia and Germany to guard against, is expressed by the Epoca.

"There is only one threatening army in Europe, namely, the French," says the paper. "It is well to remember that France has the monopoly of iron in Europe. She has taken mines from Germany and given them to the Poles and has also forced Germany to enter into a Franco-German combine controlled by the French."

Some, however, goes to qualify the more liquidable substances, but these are squeezed out about as fast as they reach appreciable volumes. They thus leave the interior solid.

Under the new view, this is merely the pulling together of a solid body by its own attraction. The earth grows more and more solid as the work goes on, he said. Much of the energy goes to make up more compact bodies, namely, the Poles, and the earth grows more and more solid as the work goes on, he said.

Some, however, goes to qualify the more liquidable substances, but these are squeezed out about as fast as they reach appreciable volumes. They thus leave the interior solid.

Under the new view, this is merely the pulling together of a solid body by its own attraction. The earth grows more and more solid as the work goes on, he said.

Naval Academy Won From West Point

Played in Driving Rain on Mud-Covered Field—Many Notables Present.

New York, Nov. 27.—The Naval Academy eleven yesterday defeated West Point seven to nothing in the annual football clash of the service teams. The entire game was carried on in a driving rain and on a field inch-deep in mud.

The midshipmen's touchdown came in the second quarter on a series of set runs and short line bucks. The army by virtue of its star back, French, carried a desperate attack in the fourth period to the Navy's eight yard line, where the soldiers were held.

A gay assemblage of notables, including the Secretaries of the Army and Navy, high naval and army officers and members of foreign diplomatic corps attended.

THE BERLIN AND ROME PAPERS HIT AT FRANCE

"Vorwarts" and "Epoca" Say U. S. Is Giving Her Hegemony of Europe.

Berlin, Nov. 27.—The reactionary forces in Germany, says Vorwarts, the Socialist organ are being strengthened by France's military policy and "constant heckling of Germany." The newspaper asserts that it fears a monarchistic or nationalist revival which will overthrow the country's hard won democracy.

"The only real disarmament," the newspaper continues, "must be of spirit, and this applies particularly to the French. The Washington conference cannot do it, for the eyes of the Americans will be turned toward the Far East and not toward Europe. Chaos came with America's help to Europe and order cannot be restored without American assistance. But the United States seems to have lost interest, giving the French nationalists an opportunity to extend their influence over the whole of Europe."

"What is needed is not a disarmament conference, but a new peace conference. The French nationalists never want to see war again, but justice and a search for vengeance is a false foundation upon which to build a peace structure."

Rome, Nov. 27.—(Associated Press)—"The hope that Americans 'are not so ignorant and deluded as to take serious M. Briand's fantasy that there are 2,000,000 of armed men in Russia and Germany to guard against," is expressed by the Epoca.

"There is only one threatening army in Europe, namely, the French," says the paper. "It is well to remember that France has the monopoly of iron in Europe. She has taken mines from Germany and given them to the Poles and has also forced Germany to enter into a Franco-German combine controlled by the French."

Some, however, goes to qualify the more liquidable substances, but these are squeezed out about as fast as they reach appreciable volumes. They thus leave the interior solid.

SEAGRAM HORSES PRESSED ROSS FOR CANADIAN TRACK SUPREMACY

My Dear Headed the List of Winning Horses—Second Thoughts Was the Best Juvenile—English Horses Also Did Well.

New York, Nov. 27.—As a first of racing Canada produced only 149,930 more for owners in 1921 than it did in 1920. In fact, had it not been that the racing organizations of British Columbia resumed operations there would have been a decrease of \$10,000.

A capital filly, the best King James has sent to the races so far, F. Musante's My Dear, reaped the honor of leading the list of Canadian money-earning horses. Her distinction was hard earned and, as a rule, in conflict with the best horses engaged in Canadian racing. She was fleet, game and willing, and the best of them could take no liberties with her. It was due almost entirely to her that Musante figured so prominently among the winning owners in Canada.

Next in money won was Commander Ross' sturdy campaigner Boniface. On the whole he showed some falling away from his best form of the year before, but still was, and as a dangerous antagonist for the best handiwork horses of the time. Grey Lag was not far behind him in money won, and the result of his bit-ripped contest race with Black Star was a dangerous antagonist for the best handiwork horses of the time. Grey Lag was not far behind him in money won, and the result of his bit-ripped contest race with Black Star was a dangerous antagonist for the best handiwork horses of the time.

Ross Horses Earn \$106,000. It was great out early that the devoted J. K. L. Ross stable would devote the main part of its racing in 1921 to the Canadian courses. This determination of the rich Canadian owner was carried out. It gave the Canadian courses all the attraction naturally attendant on the presence and participation of horses which had won great fame on courses of the United States. At the same time this patriotic patriotism was not without its due recompense. The Ross stable led all others by a wide difference in the sum total of its earnings. The closed to its \$106,699 was the speed which delight our northern neighbors this year were such as Billy Kelly, Best Pal, Bygone Days, Yorkist, Star Realm Lous, Lucky B., Edler, the Reckenbacker, Guy, Diadema, Terminator, Dream of Allah, Incessant Sailing B., Milkmaid, Registra, Baby Grand, Dodge, and others well worthy of mention.

Hamilton Tigers Defeat Westmount. Hamilton, Nov. 27.—Tiger intermeated won from Westmount here yesterday in the final minute of the game when Galbraith, Tiger halfback, broke away after being tackled at mid-field and ran through the Westmounts team for a touchdown, which was not converted. The play had been very even up to that time although Tigers made mistakes early in the last period that spoiled their chances of good points. The final score was—Tigers 7, Westmount 2.

McTigue and Smith Fight in New York. Halifax, N. S., Nov. 27.—Mike McTigue and Jeff Smith were matched to fight at Madison Square Garden, New York, on December 2, according to a message to Alderman Buckley here. It is understood the proposed bout in Montreal is off.

## Brisk Inquiry For Rails Stimulates Stock Market

The Whole List on New York Exchange Took on Greater Activity.

New York, Nov. 27.—Trading on the stock exchange during today's short session was attended by greater activity, breadth and strength than on any previous day of the week, the movement deriving most of its impetus from another brisk inquiry for rails.

Conspicuous features of the group included high-grade Pacific and points, also coalers and shares of secondary or re-organized properties traversing southwestern sections of the country.

Equipments and steels were stimulated by the buying of rails, oils, particularly Standard Oil of New Jersey, Mexican and California petroleum, Mexican and California petroleum, Mexican and California petroleum.

In the varied list of specialties, American Woolens, also dry goods common and first preferred, American Can were outstanding features, though yielding moderately on profit-taking. Sales amounted to 475,000 shares. Equal strength was shown today in the bond market in which the Liberty series again were dominant, the 3 1/2's first and second 4 1/2's and all of the 4 1/4's attaining new high records for the year at net gains of 10 to 16 cents per share. Total sales, par value, aggregated \$11,675,000.

Despite the week's heavy shifting of funds, the clearing house statement showed an actual decrease of \$23,250,000 in loans and discounts. The only other noteworthy change was a contraction of about \$15,000,000 in cash, with consequent reduction of excess reserves to \$14,536,000.

## Strength Shown All Along The Line On Montreal Market

Montreal Power Led the List, Closing With Net Gain of 3-8.

Montreal, Nov. 27.—Saturday's trading on the local stock exchange exhibiting strength all along the line, every stock in which sales were made showing advances of fractions to 5 points. Not a single decline was recorded throughout the list. Montreal Power led the market and after selling up to 37 closed with a net gain of 3/8 at 86 1/2. Breweries ran a close second selling 3/4 up at 57 1/2. Common closed 3/4 higher at 68 1/2. Wayagamack gained a point to 42 and Abitibi was up 1/4 higher at 21 1/4.

Steels Strong The steels were also strong. British Empire second preferred gained 2 points to 26 while Dominion common advanced 3/4 to 27 with the preferred 1/2 higher at 65 1/2. Steel of Canada was the most active and sold up 1/2 to 91.

C. P. R. A Feature The appearance of C. P. R. on this exchange was an unusual feature. At 1.30 it sold 5 points above its last sale here in June last. The advance reflects the advance the stock has had in New York in the last few days in sympathy with other high class railroad stocks. Other features were an advance of a point to 60 in Canadian Car preferred, the common selling 3/4 up at 20. Canada Cement preferred showed a 1/2 gain at 90.

Bank Stocks In the bank stocks Nova Scotia sold three points up at 255 and a National was made at 169 which is ten points below the last board lot of the stock last February, though broken lots have sold at high as 180.

Bond business was less active and government securities showed a fair percentage of small losses. 1937 war loan however, was at a high point at 102 with a gain of 60.

## Reorganize I. O. G. T. Lodge At Albert

Temperance Workers Addressed by Grand Chief Templar and Others.

Albert, N. B., Nov. 23.—A public meeting was held in the Lodge room of Oulton Hall on Tuesday evening for the purpose of organizing the old Shepody Lodge I. O. G. T. and was largely attended.

Mr. J. W. Fillmore, one of the old charter members of Shepody lodge, was elected to fill the position of Lodge Deputy and the following officers were elected for the ensuing quarter.

- Chief Templar—Silas C. Wright
- Vice Templar—Dawley Sulles
- Organist—Her. I. B. Colwell
- Secretary—Miss Helen Terries
- Asst. Secy.—Miss Joan Calhoun
- Financial Secy.—Chas. W. Downie
- Trustee—Chas. E. Bermond
- Marshal—Cecil Tingley
- Dep. Marshal—J. Berryman
- Guard—W. B. Terries
- Singer—Temple Fullerton

## Wheat Market Remained Weak Throughout Day

Some Scattered Liquidation in Early Session in Effort to Take Profits.

Winnipeg, Nov. 27.—Weakness, which was apparent to the opening of today's local wheat market, was maintained throughout the session and close was unchanged to 1 cent lower.

During the early part of the session there was some scattered liquidation in an effort to take profits on long wheat, and while there was little evidence of an important buying support, the market was firm.

The amalgamation will give the company one of the most complete machine shops in the Dominion, namely, the plant of the Canadian Motor & Machine Company, Limited, Quebec City, and also a distributing centre and show rooms for Eastern Canada. The Quebec plant will start immediately producing dies, while the Montreal factory will be for assembling purposes.

## FOREIGN DEBT TALK BARRED BY PRES. HARDING

Cancellation Questions Not to Enter Proceedings of Arms Conference.

Washington, D. C., Nov. 26.—Foreign debts and other financial questions are to remain in the background during the arms conference.

It was authoritatively stated today that the Administration will not allow that to be injected into the discussions. President Harding and his Cabinet have encountered strong pressure from practically all the foreign groups represented that financial issues be raised and settled, if possible.

Other suggestions have also emanated from the foreign groups that the United States Government will call a world financial conference to be attended by the principal powers.

These proposals have been made to Secretary Mellon and Secretary Hoover, who in turn have communicated them to the State Department.

President Harding's policy will be to postpone all discussions of financial matters until the conference has gone through with its programme. The Administration's belief is strong that if the arms conference evolves practical limitations, then financial problems can be approached.

Discussion Would Be Useless. If the conference fails to accomplish the objects now sought by President Harding and America's delegates, then in the opinion of the President and his advisers, an international financial conference would avail nothing.

Secretary Mellon said that the policy of this Government is unchanged on the question of foreign debt funding. He has announced he will be ready to negotiate adjustments with foreign financial representatives as soon as Congress passes the funding legislation.

Secretary Mellon further declared that the Government will not allow cancellation of foreign debts. In this view of this Administration does not differ from the views held by the preceding one. Secretary Mellon recently indicated that debt discussions may proceed soon with each nation separately. There are to be no group discussions.

Secretary Hoover is said to believe that an international financial conference may be necessary, possibly soon after the arms meeting. But he is said to have discouraged introducing fiscal discussions into the party, as he thinks they might embarrass the conference.

## Italy Seeks To Take Part In China Consortium

Senator Albertini Says Participation Would Remove Some Objections.

Washington, Nov. 27.—The desire of Italy to participate in the consortium dealing with Chinese fiscal affairs was made known today during an interview accorded to the press by Senator Albertini and Ambassador Ricci, at the Italian Embassy.

Senator Albertini said, might remove some of the objections indicated by China to the plan as a whole Italian views in the matter have been discussed privately with some delegates, he added, but have not yet come up in the conference formally.

Predicting that it would be more difficult to fix a standard of the limitation of land and naval armaments, the Italian delegate said that to reach an understanding over the reduction of land armaments the conference must discuss the reasons mitigating in favor or against the maintenance of the reduction of land armaments.

The naval ratios of France and Italy will be settled by experts, Senator Albertini told the correspondents. "I can only say that our strategic position was modified after the war," he said. "Before that we were faced with the dilemma of having to fight either France or Austria. Now we must try to get such a reduction of armaments which will not deprive us of the forces necessary to defend our sea communications. From this point of view Italy is almost an insular power. We receive coal, wheat, iron, almost all the other raw materials from across the seas. If our sea communication were cut off, we would starve and be obliged to surrender in a few weeks. We have two seas where war may be fought. This is the strategic position which our naval experts will study and submit to the conference for the decision to be taken as to naval limitation of armaments."

INSPECTION POSTPONED. The scheduled inspection Saturday of the power development at Musquash by the St. John Branch, Engineering Institute of Canada, was called off on account of the road conditions, and the inspection will be held next Saturday, weather permitting.

NOTICE N. B. Institute of Chartered Accountants Examinations for Membership will be held in the City of St. John, commencing Wednesday, December Twenty-first next. Applications will be received by the undersigned not later than 11th of December.

W. A. LOUDOUN, Secretary. Fredericton, N. B. November, 24, 1921.

PARIS BOURSE Paris, Nov. 26.—Prices were firm on the Bourse today. Three per cent. Exchange on London, 57 francs 83 centimes, 100 francs, 20 francs, 20 centimes. The United States dollar was quoted at 14 francs 52 centimes.

LONDON OILS London, Nov. 26.—Close: Calcutta Lintseed—£16 15s.; linsed oil, 26s. 8d.; sperm oil, 23s. Petroleum—American refined, 1s. 4d.; spirits, 1s. 5d. Turpentine—Spirits, 70s. 6d. Rosin—American strained, 16s. 6d.; type G, 17s.

MONTREAL QUOTATIONS Montreal, Nov. 26.—Oats, Canadian western, No. 2, 56 to 57. Oats—Canadian western, No. 3, 55 1/2 to 56. Manitoba spring wheat patents, firsts, \$7.50. Rolled oats—Bag 90 pounds, \$2.80 to \$2.85. Flour—Cheese—Finest eastern, 18 to 13 1/2. Butter—Chocfest creamery, 39 1/2 to 39. Eggs—Selected, 52.

Rye, No. 2 c.w. 83 3/4.

## Bands of Jobless Plunder Shops In Germany

Strike Fever Making Rapid Progress in Industrial Districts of Country.

Berlin, Nov. 26.—Berlin has had three days of local disturbances and isolated cases of plundering, despite sharper police control. Butcher shops and bakeries have been demolished by gangs of so-called unemployed demanding food, but composed mostly of juveniles. More than a hundred arrests have been made. The police declare that the plundering is instigated by Communists. Open air meetings and processions through the streets have been forbidden by a special ordinance, and the police hope to be able to handle the problem of protecting shops.

There were two encounters between the unemployed and the police, when crowds tried to enter the town halls in Pankow and Neu-Koelin, in the districts where the workers live. The police visited several hundred shops looking for evidence of profiteering, and made a hundred arrests after comparing wholesale and retail prices. One hundred Communist hunger strikers in whose behalf demonstrations before the Reichstag and Landtag were organized have now been removed to hospital, where it is said that all except thirty have resumed taking food.

The beginning of disturbances at this early stage of an inevitable rising price is causing great anxiety as to what may develop with still greater intensity.

Italy has not and will not take a secondary place in the conference, Ambassador Ricci said, and added that he has the greatest confidence in the "practical results of the conference."

The naval ratios of France and Italy will be settled by experts, Senator Albertini told the correspondents. "I can only say that our strategic position was modified after the war," he said. "Before that we were faced with the dilemma of having to fight either France or Austria. Now we must try to get such a reduction of armaments which will not deprive us of the forces necessary to defend our sea communications. From this point of view Italy is almost an insular power. We receive coal, wheat, iron, almost all the other raw materials from across the seas. If our sea communication were cut off, we would starve and be obliged to surrender in a few weeks. We have two seas where war may be fought. This is the strategic position which our naval experts will study and submit to the conference for the decision to be taken as to naval limitation of armaments."

## DELEGATES NOW REACHED STAGE FOR DRAFTING

British Editor Warns of Premature Conclusions as to Findings.

Washington, Nov. 27.—(Times)—Statements, counter statements and corrections seem likely to form the substance of conference news for the next few days. On both its main issues the conference has now reached a position in which much discussion of detail and drafting of suggestions will necessarily precede any definite agreement.

What may be called for short the naval question and the Chinese question are undergoing the treatment. It is completely reliable view of the situation will be possible. Meanwhile the public should be on its guard against partial statements, some of which may be the outcome of an artistic desire on the part of newspaper men to provide readable "stories," and others may be attributable to the wish of some delegates to stand a march upon their competitors for public favor.

The naval question seems to be under a cloud. It is estimated that the Japanese fleet is 70 per cent. of the strength as compared with the United States and the British Empire.

These flutters are likely to recur at intervals during the conference. The question of replacement is serious, both intrinsically and because it is intimately connected with the project for a ten year naval holiday.

When the Chinese question is approached this fluidity is accentuated. The American public are less familiar with the complexities of the Chinese puzzle than with the main data of the naval question. On Tuesday, for instance, the committee on the Far East dealt with the Chinese tariff issue and took into consideration what would appear to be some thoroughly misleading arguments in regard to the Chinese maritime customs.

## Steamer "City of New York" Sinks With All of Crew

Commander and All of His Family Among Those Drowned.

Kingston, Ont., Nov. 27.—Captain Harry Randall, his wife and two children, one aged one year and the other twelve; mate, Wesley Warren, engineer Dorcy and deckhand H. Dorcy, all of Seely's Bay, and fireman Joseph G. Gallagher and deckhand Frank Gallagher, of this city, lost their lives Friday afternoon when the steamer City of New York went down ten miles off Stony Point, near Oswego. Five bodies, one woman and four men, were picked up by the schooner Isabella and taken to Oswego, Friday night.

The vessel was owned by Captain Harry Randall. Last year Captain Randall lost his vessel, the John Randall, off the Main Docks, thirty miles west of here and he and his crew were marooned on Main Duck Island for a week during which time they were given up for lost by their friends.

## Braves The Gale To Get Injured Cook Ashore

Injured Man Caught in Gear of Windlass—Died After Reaching Hospital.

Pictou, N. S., Nov. 27.—(Times)—A fight between a man and a windlass gear on the steamer City of New York, resulted in the death of a man named Cassar Cloney, of Annapolis, Cape Breton, and rushed him to the hospital here, in the hope of saving his life. Cloney, however, was too far gone and shortly passed away.

At New York two divers sent into the submerged parts of the Atlantic Fruit liner Tanamo by the Merritt and Chapman Wrecking Company reported that the fire still is smoldering in her cargo. They estimate that it will take at least a week to raise the vessel, which was sunk at Pier 7, North River, to extinguish the flames.

**APPLES TO ENGLAND** Canadian and United Kingdom friends in the United Kingdom will be pleased to know that the Canadian National Express Company has completed arrangements whereby they can ship at a moderate charge, direct to the folks at home, some of the wonderful apples grown in Canada this fall.

Every car will be taken in packing and handling, Canadian National Express officials say, and the flat rate per box, delivered in any part of the United Kingdom, will be \$4.00, for a barrel weighing 170 lbs. \$10.00.

Far more important is a statement that Mr. Root, in the name of the American delegation, has advanced the principle that, since the Powers have recognized the independence and the sovereignty of China, they must also recognize the validity of the treaties concluded by China with various Powers.

**Vessel Is Total Loss** The American two-masted schooner Maude S., an old vessel and wellknown for her coastal trade as a lumber carrier from ports at the head of the Bay of Fundy, is a total loss on Deer Island, Me.

**Has Left New York** Steamer McKeesport, Captain C. E. Hilton, (Yarmouth), sailed from New York on Friday for Havre and Dunkirk.

**Strike At New Orleans** New Orleans, Nov. 27.—The port of New Orleans was completely tied up today by a strike of between 15,000 and 16,000 cargo loaders and handlers who walked out in sympathy with the

Sun. 2.43 2.53 8.57 9.23

**Will Inaugurate Port Season** C. P. O. S. liner Tunisian, from Glasgow, is due to arrive in port this morning at eight o'clock. It is expected yesterday morning that she would reach here last evening; but, owing to a storm which prevailed on Sunday, the liner's arrival was delayed.

**Is Loading For Cuba** S. S. Harold arrived yesterday from New York and is loading for Liverpool with a general cargo.

**To Sail On Dec. 14** S. S. Canada Explorer will sail on December 14 for Liverpool with a general cargo.

**Due At Halifax** The R. M. S. P. liner Caraque, from Demerara, the British West Indies and Bermuda, via St. John, N. B., was due at Halifax yesterday.

**En Route For Porto Rico** Steamer Cayo Mambi, Captain Division (Hantsport), sailed from New York on Friday for Porto Rico.

**Arrived At Jamaica** The steamer Bernard M., formerly on the Halifax-Yarmouth coastal route, arrived at Kingston, Jamaica, after a passage of seven days from New York.

**Cargo Still Burning** At New York two divers sent into the submerged parts of the Atlantic Fruit liner Tanamo by the Merritt and Chapman Wrecking Company reported that the fire still is smoldering in her cargo.

**Effecting By Charter Market** The tug F. W. Roehling, Captain Thomas Ormiston, left on Friday morning for Lunenburg, instead of towing the ton-masted schooner Governor Parr and A. F. Davidson to Shelburne, she may only take the latter there and returning bring the Governor Parr to Lunenburg.

**To Be Sold By Admiralty** H. M. S. Charabdis, now at Bermuda is to be disposed of by the Admiralty. During the war, she was fitted as a temporary freight and passenger craft and was operated by Furness, Withy and Company between New York and Bermuda.

**Restored Something That Cannot Be Called, But Will Be** China, suggestions of this kind serve only to give the impression that the Chinese delegation really represent anything but themselves.

**Far more important is a statement** that Mr. Root, in the name of the American delegation, has advanced the principle that, since the Powers have recognized the independence and the sovereignty of China, they must also recognize the validity of the treaties concluded by China with various Powers.

**The value of an international agreement** for the limitation of naval armaments would be seriously diminished were any foreign delegation to put forward a plan which, if accepted, might serve as a pretext for influences inimical to the conference to claim that foreigners had "put over" a scheme radically at variance with the original American suggestion.

**Since the authorities of the United States** took the initiative in convening the conference and in proposing the plan for the replacement of naval armaments, they must necessarily take the responsibility of suggesting any fundamental change.

**It should never be forgotten that the** whole history of the conference is the history of the United States Senate, if not indeed of the American people, to assume definite international responsibilities. It is not a question of what the American Statesmen may in their heart of hearts, believe to be expedient, but a question of what they may think the Legislature and the public will support in the circumstances, the atmosphere of the conference is inevitably very fluid.

**When the Chinese question is** approached this fluidity is accentuated. The American public are less familiar with the complexities of the Chinese puzzle than with the main data of the naval question. On Tuesday, for instance, the committee on the Far East dealt with the Chinese tariff issue and took into consideration what would appear to be some thoroughly misleading arguments in regard to the Chinese maritime customs.

**Gayly Ignores Facts.** The form in which these arguments are put before the public by some American writers today makes it seem as though all that is needed to ensure the prosperity of China would be to substitute Chinese for the foreign personnel in the customs administration and to abolish restrictions upon Chinese freedom to raise the tariff to any desirable height.

**The statistics would not say which** of the remaining nine "sins" the wickedest co-ed denied.

**The average for the hall was 60** per cent. Miss Day found, which means five average co-eds confessed to four of the ten misdemeanors named.

**S.S. Welshman** Rescues Crew of Sshr. Stanley Joseph

The Schooner Was Stripped of Sails and Rudder in Heavy Northwest Gale.

Halifax, Nov. 27.—The British steamer Welshman rescued the captain and four members of the crew of the schooner Stanley Joseph, of St. John's, Nfld., in latitude 46.08 north, longitude 53.02 west, according to a message received by the Intelligence Department of the Canadian Naval Service here last night.

After effecting the rescue with much difficulty, the Welshman was unable, in the heavy seas running, to take her lifeboat aboard again and had to cast it adrift.

After effecting the rescue with much difficulty, the Welshman was unable, in the heavy seas running, to take her lifeboat aboard again and had to cast it adrift.

The public cotton warehouse and ten private warehouses were closed.

THE WEATHER

Toronto, Nov. 27.—A disturbance now developing over the Middle States is likely to move to the Atlantic coast and thence northeastward towards the Maritime Provinces. The weather has become much milder in the Western Provinces, while from Ontario to Nova Scotia it has continued cold.

Forecast: Maritime—Winds increasing to gales from northeast and east with snow and sleet.

AROUND THE CITY

WILL BRING REMAINS. C. H. Townshend left on Saturday evening for Boston and is expected to return today with the body of his son, F. E. Townshend, who died suddenly on Friday.

SLIGHT DAMAGE. An alarm was rung in from box 125 about 6.40 last night for a fire in the house of William Colwell on Main street. The fire started from a fuse in the upper flat, but was checked before much damage was done.

WEATHER PREVENTS WORK. Paving operations on the Marsh road have been shut down for the winter. It was stated at City Hall Saturday. The job could have been finished within less than a week had the weather been fair.

BROKE A SHAFT. The ferry steamer Governor Carleton, while in the stream yesterday afternoon about 3.30, broke a shaft and reached the Carleton slip with difficulty. The Ludlow has been placed in service until repairs are made on the other boat.

NO HALF HOLIDAYS. According to official word received recently from the Post Office Department at Ottawa there will be no half holidays on the 17, 24, and 31 of December, and the 7 of January. On these days the postmen will make their afternoon rounds as usual.

STORY-TELLING HOUR. W. Frank Hatheway entertained forty children during the story-telling hour at the Public Library Saturday morning. Mr. Hatheway told the old Norse story about Thor and his hammer and the story of Isabel and the Butterfly.

AN OBJECTION. The N. B. Power Company have sent a notice to the city objecting to being called upon to contribute towards an overhead at the approach of the bridge over the reversing falls. They maintain they are already paying the government \$4,000 a year for the use of the bridge over the falls, and have no revenue for further expenditures in that line.

INDUCTION SERVICE. The Rev. Peter Jackson, minister-elect of the parish of Rothesay, Hampton and Hammond River, will be inducted tonight in the Rothesay Presbyterian church. The induction service begins at 7.30. The Rev. R. M. Leate, interim moderator of sessions, will preside and induct. The Rev. F. S. Qwelling, B. A., will address the minister and the Rev. Dr. J. A. Morison will speak to the people.

HERE FOR FUNERAL. Mrs. Edward Smith, of Alltown, Mass.; Rev. W. J. Buchanan, of Woodhaven, New York city, and Geo. G. Gay, of St. Stephen, arrived in the city Saturday to attend the funeral of Colonel James Buchanan. The Rev. C. H. Buchanan, of Odon, Indiana, will arrive by the Boston express this morning. The funeral service will be held at 3.30 o'clock this afternoon.

VITAL STATISTICS. The births in the city during the week numbered twenty-eight, fifteen girls and thirteen boys. There were only four marriages performed during the week. There were ten deaths in the city for the week from the following causes: Senility and cerebral hemorrhage, two each; infantile, myocarditis, heart disease, broncho-pneumonia, natural causes, duodenal ulcers, one each.

PERSONALS. Ottawa Citizen: Mrs. Robert F. Low, her daughter, Miss Helen, and Mrs. J. A. Macdonald, were called to Sydney, N. S., owing to the sudden illness of their mother, Mrs. Hearn. Frank Doherty, William Prizelle and Timothy Poy, C. P. R. shipping staff, arrived in the city from Montreal Saturday afternoon. Mrs. Edward Morrissey, West Side, returned from Montreal Saturday. Miss Hortense Maher, Douglas avenue, returned Saturday afternoon from a visit of several weeks to Montreal.

Pins His Faith On Meighen Policy

Mr. Raleigh Trites, Sackville, Declares Premier's Attitude on Railways Meets General Approval.

Mr. Raleigh Trites, barrister of Sackville, was a caller at The Standard today. Mr. Trites was one of the candidates for nomination at the convention in Moncton. Coming from the railway centre of the Province, Mr. Trites is in a position to gauge the attitude of the railway men in connection with the railway policies of the two parties. He says that nobody quite knows what the policy of the Liberal Party is, owing to the divergence of opinion among the leaders. It would take a mind-reader to figure out where Macdonnell King stands, even after his meeting in Moncton. Lemieux, they know, is in favor of handing them over to the C.P.R. and Gouin, the real leader of the Liberal Party, is satisfied that the railways will never pay under Government ownership. In other words, it is a direct insult to the railway men of the C.N.R. System that they are not as efficient or conscientious as the railway men of other systems. They seem to have placed more faith in Mr. Meighen's policy as it is definite and his ideas are already being carried out.

Where Laurier Blundered.

As to the Globe's and Telegraph's contention that the Government is to blame for the shipment of grain to Portland, Mr. Trites agrees with The Standard that this unfortunate circumstance is due entirely to the Laurier Policy inaugurated in 1905, and until the Government has complete control of the Grand Trunk Railway, it will not be possible to route the freight except as the shipper directs. Some improvements have been made, as previous to the taking over of the Grand Trunk, the Grand Trunk maintained a separate office in Moncton for traffic purposes; this is now combined under one head and the efforts of that office are directed to obtaining freight for the C.N.R. As these systems become consolidated throughout Ontario, the Traffic Department will make a greater effort to have the freight routed over Canadian railways and through Canadian ports. This has always been the policy of the Conservative Party, while the policy of the Liberal Party has been to trade as much as possible with the country to the south of us. An example of this Mr. Trites mentions the treaty made with the British West Indies by Sir George E. Foster in 1911, and renewed in 1921, whereby a great impetus in trade between the countries involved under the treaty took place. St. John and Halifax directly received the benefit of this agreement. As business conditions become settled through the policy of the Conservative Party, St. John and Halifax can look forward to a big improvement in their shipping facilities and a great increase in the trade going through their ports.

May Get Surprise.

Speaking of Westmorland, Mr. Trites says that those who consider the election of Mr. Copp in Westmorland as a foregone conclusion may be due for a surprise. The railway men realize that, at the end of the new power, the views of Mr. Copp and Mr. Logan on railway matters as affecting the counties of Westmorland and Cumberland and the Maritime Provinces generally will be unheeded in the clamor of the real Liberal leaders and their backers for control of the government railways by private corporations and interests.

Help To Fill The Empty Stockings

The Standard Empty Stocking fund is growing slowly and unless the Standard readers and others help to fill the empty stockings many little children will have no gift in memory of Him who came as a gift to all humanity. Don't forget the little unfortunates this Christmas. Don't let them go without full stockings. They need your help in these times. Give it without stint. Make all donations by cheque, registered letter, Post Office or money order, or currency gifts can be made at the Standard business office by day, or Editorial rooms by night. Estimates show that needs of poor children will be great, so young and old show that somebody cares and send in a contribution of money.

ST. DAVID'S CHURCH BADMINTON CLUB

The annual meeting of the St. David's Church Badminton Club was held Saturday and took the form of a supper meeting. A. R. Crookbank's retiring president was in the chair and after a tempting repast had been served there was a round of songs and brief addresses. The following officers were elected: Harold Fowler, President. Miss Annie E. V. Parks, Vice President. Miss Helen Hannah, Secretary Treasurer. Miss Hazel Danlop, Chairman Competition Committee. The Club looks forward to a very interesting season.

St. Andrew's Society Scouts Paraded To Divine Service

Eloquent Sermon Preached by Rev. R. Moorhead Legate, Chaplain-Elect.

The members of St. Andrew's Society assembled at Orange Hall, Geomains street yesterday morning at 10.30 when headed by the pipers, and in charge of Marshals Charles W. Bell and Major John T. Macdowan, they marched to Knox church where they listened to an eloquent sermon by the Rev. R. Moorhead Legate, B.D., chaplain elect.

The decorations and music were all appropriate to the occasion, and a new feature was introduced this year, at the suggestion of the chaplain elect in having two officers of the society assist him in the service, as is customary in Scotland. Accordingly the first Scripture lesson was read by S. Rutherford Jack, president-elect, while the second Scripture lesson was read by Alexander Wilson, historian of the society. Mr. Legate preached from the text 2 Chron. 15:12: "And they entered into a covenant to seek the Lord God of their fathers, with all their heart and with all their soul."

He said the Covenant was more than a protest against Episcopacy in favor of Presbyterianism. What the Covenanters stood to repel was arbitrary dictation by their forefathers through foreign bishops and a foreign liturgy.

He told of the founding of civil and religious liberty for the islands by the act of James Geddes, the Scottish woman who hung her stool at the head of Bishop Lindsay, in St. Giles Cathedral, Edinburgh, when he attempted to introduce the liturgy ordained by Charles I. In the same church, February 28, 1638, the National Covenant of 1638 was produced and read, and after additions had been made, out in the graveyard, before the face of heaven, the people signed the document, some with their own blood. From there the Covenant was carried throughout the country, and was signed far and wide. King Charles admitted his defeat and assented to the calling of the General Assembly of the Kirk of Scotland, where the spiritual independence of the church was asserted. Mr. Legate urged on his hearers as their privilege and duty to show the same undaunted spirit for what science taught to be the true and right, and to be ever ready to participate in the evidence of their Scottish nationality. To take pride in their tartans, their clans, and their national dances and customs. To remember Scotland's greatest glory, loyalty to the cross, and to the cross, and to regard for all that is solid and real in human welfare.

The Byng Boys At The Manor House

Gerald C. Foster and Col. A. C. Lawson Were Guests of Honor.

The Byng Boys held their fortnightly gathering at the Manor House last Saturday night where Gerald C. Foster and Col. A. C. Lawson were the guests of honor. Mr. Foster is going to Halifax on a six month's leave of absence from the N. B. Construction Co., and Col. Lawson is being transferred to Winnipeg. The "O.C." J. R. Gale presided at the festive board, and after dinner toasts were proposed to both the guests of the evening, to which they replied expressing their regret at being obliged to sever their connections with the Byng Boys. The chairman also called upon A. D. Wymbs, of the Soldiers' Settlement Board, who is being transferred shortly to Ottawa, and on Gerald Anglin, lately returned to the city. Address were also delivered by John Kimball, the sole representative of the silent navy, and C. W. Good. There were about thirty members in attendance. Major Gambin and Col. H. C. Sparling were elected to membership. After dinner the evening was spent at bridge.

HELD CONFERENCE.

A conference was held at C. P. R. headquarters Saturday morning by J. M. Woodman, general superintendent of the C. P. R. New Brunswick district; J. H. Boyle, superintendent at Brownville Junction; J. R. Gilliland, superintendent at Woodstock, and D. H. Ryan, assistant superintendent of the N. B. district. Matters in connection with operations were discussed.

SENT TO KINGSTON.

Peter Withers, who was taken to Montreal lately in connection with the theft of goods from the C. P. R., was sentenced to two years in Kingston by Judge Bazant, of Montreal. Withers was formerly a member of the C. P. R. police. He was arrested by the local police. He was formerly a member of the city police force.

AN OFFICERS' CLUB.

It is the intention of the officers of the active militia here to restore interest in the officers' mess and to make the mess room what has been well furnished, an officers' club. The first step in this direction will be a smoking concert on Dec. 7. Lieut.-Colonel H. C. Sparling, D. S. O., Major N. T. McLeod, C. J. Moran, A. G. Raimle, and E. J. Mooney and Capt. J. A. McCarthy and a committee are to make all arrangements.

Service Conducted by Chaplain Rev. Dr. J. A. Morison at "Kirk," West St. John.

The 4th Troop Boy Scouts, W. W. Allingham, scoutmaster; J. S. Williamson, assistant scoutmaster; Keith Young, secretary; Rev. Dr. J. A. Morison, chaplain, paraded to divine service at the "Kirk," West St. John, on Sunday morning, and the Scouts in their new uniforms presented an attractive and smart appearance. The service conducted by the chaplain was specially arranged as a Boy Scout service, the minister taking as the subject of his address, "The Bee-keeper Proficiency Badge," as described on page 62, official Boy Scouts' Handbook.

The Boy Scout movement, said the chaplain, is essentially an educational movement. For what constitutes an educated person? Not that one whose mind is stored with the greatest number of facts, but rather that individual whose powers and faculties are drawn out—developed—matured—so that to whatever purpose he may apply himself he attacks his problem or his work with ability and exactness. This meaning of the word education Dr. Morison reminded the Scouts is as old as the Latin tongue referring to the derivation of the word from two Latin words, e—prefix meaning out and duco—I lead. The Latin language helps a whole lot, said Dr. Morison to the Scouts, to get at the root meaning of many things and amongst other things the Apatist's art. Elizabeth Lee in her famous work, "The Wives of the Prime Minister," tells of Lady Peel. It appears that one day this lady who was a lover of gardening confided to a rustic neighbor that she contemplated keeping an apiary. To this the neighbor replied, "Lord, Ma'am, where will you get the bees?" For my part I never could hide a monkey," continued Dr. Morison the Boy Scouts know that an apiary has nothing to do with monkeys except so far as here and there a boy takes as his ideal of greatness a monkey rather than a man and acts like a monkey, much to the hurt of the discipline of the troop and the discouragement and irritation of the officers. The Scouts know that the Latin word "Apis" means a Bee. There are many kinds of bees, but the bee that Boy Scouts are interested in is the Apis Mellifica. This scientific name of the honey bee comes from three Latin words that every Scout knows or ought to learn: "Apis," a Bee; "Mel," Honey, and "Facio," I make. And hence means the honey-making bee.

Bees have been kept for many hundred years and the story of the evolution of apiculture is more romantic than that of Robinson Crusoe. Classical writers tell us of bee keeping before sugar was invented; honey was the principal kind of sweetening the people used, and long before people knew how to saw boards and make hives they made them out of braided straw which they called "skeps." It has been estimated that in the United States last year three quarters of a million to a million of people engaged in bee-keeping and some twenty million dollars worth of honey was produced with an additional two million dollars worth of wax. The Dominion apiarist, Mr. Sladen, insists that, notwithstanding the longer winters throughout our Dominion, those who have learned how to properly care for their bees find no difficulty in their culture. Here in New Brunswick we have a live Bee-keepers' Association with members scattered all over the province, and it is the duty of every Scout to give them the benefit of his presence and every practical assistance to those who would learn to take up this absorbing and profitable line of work. The Presbyterian church also has endeavored to interest the boys and girls of the Sunday schools in bee-keeping, having devoted a splendid descriptive article by Morton McMichael to this important subject in a number of the "King's Own."

Dr. Morison brought a most useful and interesting address to a close by speaking briefly of the wax, the honey, and the pollen. Speaking of the manure in which the bee prepared its food for the young, Dr. Morison took occasion to pay a high compliment to the Provincial Government for its splendid health act with the great saving of the lives of babies by teaching proper methods of nursing and nutrition.

A SETTLEMENT.

Representatives of the local unions of Ship Carpenters and Coal Handlers met representatives of the shipping houses Saturday morning and a satisfactory settlement of wage scales and working conditions was arrived at. The ship carpenters will receive 50c an hour by day and 75c by night. The coal handlers will get 65c an hour by day and 85c by night. A few minor changes were made in the working conditions. The ship carpenters were represented by D. B. Webster and Mr. Morrissey, president and secretary of the union; and the coal handlers by William Mattison and William Ely, president and secretary of that union.

ALL RETURNED SOLDIERS

are invited to attend an open meeting for discussion of the plebiscite on disarmament, to be held at W. V. A. Monday, Nov. 28th, at 8 p.m.

The postponed Annual Meeting of the Commercial Club will be held at the Club Rooms, 64, Prince William street, on Monday evening, November 28th, at 8 o'clock.
