Concrete Stairs Need No Repairs Easy to Build and Last Forever

NO matter how you view it wooden stairways can never be considered economical.

Wood deteriorates rapidly under ordinary usage, and requires frequent, and often extensive, repairs to keep it in good condition.

Concrete stairs will be as good fifty years later as the day they are first put up. Age, which proves so destructive to wood, serves only to intensify the strength and hardness of concrete. Needing no repairs or painting, concrete first cost is last cost.

Let us send you our new illustrated book free—"What the Farmer Can Do With Concrete." Photographs and diagrams show many examples of concrete work as applied to the construction of farm utilities. Much of this work you'll find you can do in your spare time. Write for the book today. It may save you dollars, though it only costs a cent.

MARTIN KELLY KILLED BY TRAIN

Day Express Struck Him at
Chapel Crossing Monday
Evening.

Monday evening while the day express from St. John was entering the town it struck a man near the H. Quail factory siding at the lower end of the town. The train was stopped, the body picked up and conveyed to the station. Later it was identified as that of Martin Kelly of Teagouche. Deceased had been working here for the past two or three years, and was well and favorably known and it is hard to understand how the accident occurred as the engine electric headlight was well and favorably known and it is hard to understand how the accident occurred as the engine electric headlight was burning and the train was making considerable noise.

Dr. Martin held an examination but did not deem an inquest necessary. The body was sent to Bathurst for interment.

BLACK CAPE

Miss Hazel Christie left on Tuesday for Portland to resume her duties after spending a well earned visit with relatives and friends in Black Cape.

Our enterprising merchant Mr. Alfred McWhirter paid Campbellton a business trip last week. He informs us that the town of Campbellton is fast building up again.

A number of young people spent a very enjoyable time at the home of Mr. and Mrs. Robert McNair's on Friday evening the 18th.

Mr. Hastie Henderson has also been to Campbellton lately on business.

Mr. Felix Carey, one of our enterprising citizens is going into the meat business and has the best wishes of the whole community for success and prosperity.

Mr. Eastwell Pritchard has left for Ont. where he has accepted a position in railway works.

Mr. W. J. Godfrey has purchased the property formerly owned by Mr. Donald Anderson of this place but now of New Carlisle the price paid we understand is in the vicinity of \$200.

Rev. A. A. Barker of Point La Garde occupied the pulpit in the church here on Thursday evening and delivered a very interesting address on Corae. Mr. Barker has been appointed missionary to that place and his many friends wish him and Mrs. Barker success in their new field of labor.

Mr. and Mrs. Dr. Beverley Sproul left today for their home in Campbellton.

Rev. J. M. McLeod of New Mills who occupied the pulpit in the Presbyterian church at New Carlisle on Sunday paid Black Cape a visit this week on his way home.

THOMAS HOBEN

His many friends regret to hear of the death, Sunday night, in Chicago, at the home of his son, Rev. Dr. Hoben, of Thomas Hoben, late Superintendent of the Fredericton branch of the I. R. C. Mr. Hoben had been superannuated but a few weeks and had been in Chicago only three weeks. He is survived by four children, Rev. Allan, Professor in Chicago University; Mrs. (Rev.) W. R. Robinson, Mrs. Harry Hopper, St. John, and Mrs. Dr. Coburn of South Dakota. Mr. Hoben was Supt. of the Canada Eastern many years and was universally respected.

HOCKEY

Just arrived a full line of Hockey Skates, all prices. Hockey Boots for Men, Women and Children. Hockey Sticks and Pucks at S. M. MCORES.

NOTICE

All collectors and other officials of the County of Restigouche, having county moneys in their hands, are hereby notified to hand in their returns to the Secretary-Treasurer of the Municipality not later than the 31st day of December, A. D. 1910.

County Auditor.

DR. COOK IS NOT SURE

Dr. Frederick A. Cook, the Brooklyn explorer, in an article which will be published in Hampton's Magazine, confesses that he does not know whether he reached the North Pole or not. Dr. Cook will return to the United States with his wife and children Dec. 22 in order to spend Christmas. He says that at the time he convinced himself he had discovered the pole he was half mad. He had spent two years in his quest and during that time endured hunger and privation that, he says, would unbalance any mind.

How To Tell If Your Hair Is Diseased.

Even if you have a luxuriant head of hair you may want to know whether it is in a healthy condition or not, 98 per cent of the people need a hair tonic.

Pull a hair out of your head; if the bulb at the end of the root is white and shrunken, it proves that the hair is diseased, and requires prompt treatment if its loss would be avoided. If the bulb is pink and full, the hair is healthy.

We want every one whose hair requires treatment to try Rexall's "43" Hair Tonic. We promise that it shall not cost anything if it does not give satisfactory results. It is designed to overcome dandruff, relieve scalp irritation, to stimulate the hair roots, tighten the hair already in the head, grow hair and cure baldness. It is because of what Rexall's "43" Hair Tonic has done and our sincere faith in its goodness that we want you to try it at our risk. Two sizes, 50c and \$1.00. Sold only at our store—The Rexall Store, T. Wran.

OBITUARY

The death took place at Montreal on Tuesday, Nov. 29th of Daniel McMillan, a well-known resident of Chatham Station.

Mr. McMillan had proceeded to Montreal to undergo an operation. The operation was performed and for a time Mr. McMillan seemed to gain strength, but suffered a relapse and expired Tuesday.

The body was brought to his home at Chatham and the funeral was held on Friday. It was very largely attended. Rev. Mr. McLeod conducted the services, a wife and two brothers, James of New Mills and Ebenezer of Black Point survive. Deceased was a surveyor and was 69 years old.

MARRIED AT DAWSONVILLE

The home of Mr. William Cooling, Dawsonville was the scene of a happy event on Wednesday evening Dec. 1st, at 7 p. m. when his daughter Christina Maude, was united in marriage to W. E. Wallace Adams of Glenview. Rev. C. A. Hardy officiated. The house decorated for the occasion, was full of guests. After a sumptuous repast and a joyful evening the guests went away wishing the new couple many happy days.

COMMERCIAL MAN CHARGED WITH ARSON

D. M. Ferguson Formerly, of Chatham, is Charged With Burning of His Store at Amherst.

A sensation was caused in Amherst by the arrest on Wednesday of Duncan M. Ferguson on the charge of setting fire to his premises in Amherst in October.

Mr. Ferguson is well known in Chatham where he was engaged in business for some years with Mr. Thornton under the name of Ferguson & Thornton. They occupied the Creaghan building where Yerxa's store is at present, and sold out and went to Amherst about seven years ago, at the time when the pulp mill closed for its two years' shut down. About eighteen months ago the firm dissolved partnership and Mr. Thornton went into business for himself.

Mr. Ferguson protests his innocence and says the charge of arson is probably fostered by some one who wishes to throw suspicion off himself.—Chatham Gazette.

TEACHERS PENSIONED

The board of education met Friday morning and favorably considered a number of applications for teachers' pensions under the act of last session. Following is a list of those who will receive pensions together with the length of service as teachers:—

Charlotte M. Caswell, Millerton, 47 years; Thos. Stothart St. John, 46 1-2; Jerome Boudreau, Petit Roche, 44; Eliza Cuples, 43; Alfred S. Baxter, 41 1-2; Alfred MacDonald, 39 1-2; Olivia J. Moore, 39 1-2; Susie S. Gerrard, Restigouche Co., 39 1-2; Margaret S. Cox, 39; James Sugrue, St. John, 38 1-2; Hippolyte LeBlanc, 38 1-2; Peter Girwood, 37; William Barnes, 36; Sarah A. Algar, 35. A large number of teachers have been disappointed.

LOBSTER PACKER'S PROTEST

At a meeting of lobster packers at Moncton, on the 28th, resolutions were unanimously passed urging the government to delay for at least a year the enforcement of the new regulations regarding lobsters. A delegation composed of O. M. Melanson, Shediac; J. Kerr Loggie, Chatham; Geo. Windsor, Bathurst; Fred Magee, Port Elgin, with the following substitutes: R. O'Leary, Richibucto; James Anderson, Bant Church, were named to go to Ottawa, interview the government and present the case of the packers.

SMALL POX AMONG THE INDIAN

The small pox epidemic in the county has spread to the Indian reserve at Eel Ground. Thos. Sannifas returned on Wednesday from the Indian reserve, near the Big Hole, and it was found he suffered from small pox. Prompt measures were taken and Sannifas was placed under quarantine. The Indian department has ordered that all the Indians be vaccinated immediately.

Owes His Recovery

TO "FRUIT-A-TIVES"

Vancouver, B.C., Feb. 1st, 1910.

I am well acquainted with a man, known to thousands in Vancouver, Victoria and New Westminster, who for nearly a year was practically a cripple from rheumatism. He was so troubled with the disease that he found it difficult to even turn over in bed. His heart appeared so weak that he could hardly get upstairs. Last June, he received a sample of "Fruit-a-tives." He used them and dates his recovery from that time. To-day there is no other man in Vancouver enjoying better health. He was building a house this fall and shingled a good part of the roof in a driving rain storm without suffering any bad effects.

NOT GOOD POLITICS

Speaking of the Naval question
now being fought out at Ottawa
between the three political parties
Liberals, Conservatives, and the
Quebec Nationalists—the TORON-
TO WORLD (owned and edited
by W. F. McLean, the most inde-
pendent, fearless and radical of the
Conservative members of the
House of Commons) has this to
say of the Conservative contention
that nothing should be done in the
way of building a Canadian navy
until an appeal to the people has
been made:

"The Conservatives at Ottawa
have had two cracks at defining
their position in regard to the
duty of Canada to herself and to
the mother country in connection
with naval defence. First of all
they joined with the ruling Lib-
erals in a unanimous declaration
for a Canadian navy. This was
at the opening of last session. Be-
fore the end of the session they
withdrew from this position and
substantially declared for an im-
mediate vote for battleships and a
reference of the question of a navy
to the people. They are now de-
claring that nothing be done in
the way of a navy until an appeal
to the country has been made."

"This switching of position and
this declaration to do nothing but
consult the people is an instance
of misguided policy. Political
parties must keep their faith as
individuals must, although if you
find yourself wrong there is nothing
like confessing it."

"But on the other point it is
altogether contrary to the ideas of
responsible government for a party
to say that they can do nothing
until the people have been con-
sulted. The party in opposition
can always say that they decline
to propound any policy, and that
they cannot express any opinion
other than to negative the govern-
ment one. But in a matter of
supreme importance such as the
defence of the country or the de-
fence of the empire for a party
to say that they desire to put the
responsibility upon the people, is
to our mind impolitic and an im-
possible proposal; because to our
mind the defence of the country
must always rest upon the coun-
try's best men and the ones who
are trained to politics and who are
supposed to know the situation
better than the ordinary citizen.
Parliament is for that purpose.
The ordinary citizen is not com-
petent in a general way to frame
up a war policy or to declare war
should it be in order."

"We do not believe that any
country could remain in existence
whose policy in regard to its de-
fence was left to vote of the peo-
ple. If there are any cases in point
we would like to see them stated.
For a party that has the reputa-
tion of being conservative and pro-
British, and that assumed the re-
sponsibility of establishing a mili-
tia service for this country to say
that it has not a policy in regard
to its defence other than what the
people of the country may decide
on any referendum, is a confession
of weakness or it may be the
straining after the somewhat
doubtful object of putting the
other fellow in a hole. But it is
not good politics for Conservatives
or those who believe in responsible
government."

government over the opposition in
the parliamentary struggle on the
naval policy by a heavy majority,
and the defeat of the resolution
declaring that there should be an
appeal to the people before the
creation of the Canadian navy was
proceeded with further, means that
contracts for the construction of
vessels will be let shortly. The
contract will call for the construc-
tion of four cruisers of the im-
proved Bristol class, and six tor-
pedo boat destroyers of the im-
proved river class. They are all
to be built in Canada, and as there
are no yards at present capable of
doing the work negotiations are
in progress with several firms of
British shipbuilders for the estab-
lishment of such yards.

It is calculated here that it will
take a year for the establishment
of a yard in Canada, and that it
will be three years before the first
vessel is completed. The last of
the ten will be in the water at the
end of six years.

The plans were prepared by the
British authorities.

Both the cruisers and the de-
stroyers, it is understood, will use
oil exclusively as fuel.

It is estimated that the comple-
tion of the present naval pro-
gramme will involve an expendi-
ture of \$10,000,000.

The main estimates for the next
fiscal year were presented to the
commons today. The total amount
which parliament is asked to vote
on both revenue and capital ac-
counts is \$138,863,200, an increase
of \$6,035,575 over the total vote of
last session.

Of the total amount asked, \$38,-
188,575 is on capital account, in-
cluding \$27,000,000 for the Nation-
al Transcontinental Railway, \$2,-
000,000 for the Quebec bridge and
\$250,000 for the Trent canal and
\$1,000,000 for the St. Lawrence
ship channel.

On consolidated account the vote
is \$100,674,527, an increase of
\$5,095,717 over the current year.
The principal items of increase are:
Census, \$1,000,000; railways and
canals (collection of revenue),
\$630,754; post office, \$626,080; na-
val service, \$155,000; public debt,
including sinking funds, \$989,525;
ocean and river service, \$303,500.

Some of the items are: Increased
militia grants of \$502,201, includ-
ing \$150,000 more for annual dri-
ll, \$50,000 for cadet corps and the
carrying out the scheme of phys-
ical and military training in schools;
\$100,000 more for militia clothing,
etc. and \$25,000 more for Royal
Military College.

\$20,000 for experimental farms;
\$30,000 more for exhibitions;
\$10,000 more to encourage growth
of tobacco.

For dredging in Maritime pro-
vinces, \$675,000; and new dredg-
ing plant, \$146,000.

St. John Harbor, \$450,000.
St. John river bridge St.
Leonards to Van Buren, Maine,
\$22,000.

I. R. C., \$9,500,000, including
\$150,000 for Campbellton, \$300,-
000 for Chatham diversion, \$25,-
000 for Fredericton, \$262,500 for
Moncton, and \$25,600 for St. John.

For Public buildings Campbell-
ton gets \$30,000; Chatham \$12,-
000; and several other towns are
remembered. Tracadie get \$5,000
for lazarette house.

WHARFS, DREDGING, ETC.

Among the N. B. wharf and
river items are:
Miramichi Bay—Dredging ship
channel at Grande Dune flats, the
the Horse Shoe and the Lump,
\$150,000.

Miscou—Extension to wharf,
\$17,500.

Neguac—Repairs to and exten-

have you heard the Edison Phonograph play an Amberol Record?

You can do this at the store of any Edison dealer.
When you go, note the longer playing time of
Amberol Records (playing twice as long as the
Standard Edison Records); note the Amberol se-
lections, not found on any other record of any
kind; note also the reproducing point of the
Edison Phonograph that never wears out and
never needs changing; the motor, that runs as
silently and as evenly as an electric device, and
the special horn, so shaped that it gathers every
note or spoken word and brings it out with start-
ling fidelity. It is these exclusive features, vital
to perfect work, that should claim your attention.

DOING MUCH WORK
The Restigouche Boom Co. is doing a large amount of work on their new boom on the Quebec shore. Work on the blocks has been carried along until a short time ago. Ice is now needed to complete them. A large cook house has been erected with accommodation for about one hundred men.

BEDS AND BEDDING
For values in beds of all kinds in both White Enamel and Brass, we would appreciate your inspection. We take off our hats to no firm or corporation for quality of goods and prices. F. G. Kerr, Furniture Warerooms, Queen Street, East End.

BUILDING RINK
The Campbellton Curling Club has awarded the contract for a new two rink to D. A. Stewart. The rink is being erected on the old site, which is a very central one. Exceptionally fine rooms will be provided, which will be heated by a furnace, and will always be comfortably furnished and made pleasant so that members can spend their leisure time therein.

KILLED IN WOODS
Alex. Ross of Miscou Centre was so severely injured at one of Richard's camps on the International railway last week that he died the next day. He was assisting in the loading of a load of logs when the chain broke and the logs rolled on him. He did not think he was seriously injured and it was not until the evening that Dr. Martin was summoned, but the unfortunate man died at 7 o'clock next morning. The body was forwarded to his home for interment.

PRIVATE SCHOOL
Mrs. William J. Duncan will open a Private School for Grades 1 and 11 in Church of England Hall at the beginning of the term. Application for admission will be received up to and including January 1st. Terms, \$2.50 per month per pupil. Payable monthly. Dec. 6 - 1st.

DIED SUDDENLY
The death of Lemuel Carmichael of Cabano, Ont., P. Q., took place under sad and tragic circumstances on Saturday, Nov. 19th. Mr. Carmichael, who was a lumberman carrying on considerable operations was returning from a visit to his various camps. He was making the journey in a canoe, when it is supposed he expired of heart failure. When found he was still in the canoe. The remains were conveyed to his home and forwarded to Escuminac for burial. Deceased was son of Mrs. Duncan Carmichael of Escuminac. A wife and one son survive, who have the sympathy of all in their sad bereavement. Deceased was 43 years of age.

MADE ROUND TRIP
Dr. Martin is the first Campbellton citizen to make the round trip from Campbellton via St. Leonard's and Riviere du Loup. Friday morning he left at 8 o'clock on the International train for Richard's siding. He made a professional call at Guimond's mill while the train waited, and at Richard's and St. Onge's mill held a short investigation into the death of Alex. Ross. He again boarded the train, with the body, proceeded to St. Leonard's. At St. Leonard's he had sufficient time to go to Van Buren and purchase a coffin and shell for the body, transferred same to C. P. R. station, thence to Edmundston and from Edmundston to Riviere du Loup, and home, arriving here at 5.15 next morning.

BLEED TO DEATH
John Savoy of Upper Charlo died suddenly at his home at Upper Charlo a week ago. He had been out during the evening and came home under the influence of liquor. During the evening he had a dispute with a couple of men and on entering his home he thought he saw them outside the window, and drove his fist and arm through window and storm window. A piece of the glass severed the artery of his arm and he bled to death in twenty minutes. There was no one in the house except his wife. Deceased was a brother of I. C. R. Policeman Savoy.

LOST
From Carleton one Galvanized Iron Gasoline Launch, two drums of gasoline and one half barrel motor engine oil.
Frank J. Allard,
Carleton, P. Q.
Dec. 9-1st.

DANIEL McMILLAN
In the death of Daniel McMillan which occurred in the hospital at Montreal on Nov. 29th, Charlo has lost one of its most respected citizens. In early life he taught school and afterwards became a civil engineer, whose services were of great value in the construction of the C. P. R. For several years he was Government Surveyor in Restigouche Co. and performed his work efficiently. He was of a modest retiring disposition but exceedingly kind and charitable. He was a faithful member and liberal supporter of the Presbyterian church. The community mourns the loss of one of its best citizens and sympathizes with his wife and relatives in their sad bereavement. His funeral was largely attended and interment was made in New Mills cemetery. After an illness of a few weeks he passed away at the age of 69 years, having worn "the white flower of a blameless life."

DEAFNESS CANNOT BE CURED
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.
We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

GRAND ENTERTAINMENT
No. 3 Camp Hillyard Siding was the scene of a grand entertainment Saturday evening last. Some of the best talent in the province helping to make up the lengthy programme which took upwards of three hours to dispose of. The chair was filled by Mr. Stevenson, the author of "Campbellton Fire". After a few pointed remarks in reference to the protection of the forests concerning the manner in which they were being protected along with the action taken by the present government, he opened the entertainment by calling upon Mr. A. Dobson for song. The young man sang "Dear old Canada" and was assisted in the chorus by 12 other voices. Mr. S. Wilson followed with a recitation "The face on the bar room floor. Stanley Irwin in his latest hit I couldn't help laughing it tickled me so. The chairman Mr. Stevenson in an eloquent manner recited the death of an Irish soldier. Tommy Goodie was the next to acquit himself by singing, The pride of Glen Coe, after which an intermission took place. The second part of the program was carried out with every consideration when H. Mann, J. Styles, and W. Walsh came in for their share of appreciation for their singing, witty payings and recitations. It was at this point where J. Stevenson covered himself with glory by singing his own ocean song, I've got my little band box packed. Messrs. A. Falls and P. Barnard gave a grand exhibition of high kicking which could not be surpassed by Kelly and Moore. The evening's entertainment was brought to a close with an exhibition of the manly art between Murray Nichol and L. Falls both showing tact and cleverness which elected great applause from the on-lookers.

Many visitors from the several camps in the close vicinity were loud in their praise of the manner in which things were conducted and on reaching the open three cheers was given for Bill Nichol and camp No. 3.

Reduce the Cost of Living

LET us look into this problem of high cost of living. Let us see if we can whittle it down a bit and extract some of its fangs.

We all agree that the cost of living has gone up. Eggs have gone up, butter has gone up, meat and poultry and vegetables have gone up. Everything we put on our tables has advanced in price from 30 to 50%. Except one item—Flour. Most of us have known this in a way some time but have we ever for a moment realized that 10 cents spent in good bread buys more real value than fifteen times that amount spent in Eggs, Beef or Mutton. Just glance at the tables above showing the comparison made by the U. S. Government bulletin. From a food

Ogilvie's Royal Household Flour

point of view—bread is the most important in our whole bill of fare. Test after test by various Governments has proved that first class bread is in itself almost a complete food and provides most nourishment to the body.

It is a fact that the best bread made from OGILVIE'S ROYAL HOUSEHOLD FLOUR is richer in real food value than anything you may eat. It furnishes more all round food in the shape of carbohydrate than either beef, veal, lamb,

pork, fish or vegetables. The only element of sustenance that it lacks is fat and that you provide for by using butter. Bread is the one item of food that has not advanced in price, and has advanced in quality. Modern first-class bread made from ROYAL HOUSEHOLD FLOUR is vastly superior to the crude bread of our olden times. It is not only better in taste but vastly richer in food elements. It is the result of scientific study and scientific methods of milling. "ROYAL HOUSEHOLD" is the highest perfection of flour. No ordinary flour is comparable with Royal Household for quality and uniformity. One way to reduce household expenses is to eat more bread and pastry made from Royal Household Flour.

Let us make good, clean, fresh, home-made products from ROYAL HOUSEHOLD FLOUR—bread and pastry and cookies and muffins and rolls for the youngsters and in that way we will all get better food and be healthier and wealthier in the long run.

If you send in your address and the name of your dealer you will receive a copy of "Ogilvie's Book for a Cook" containing 125 tried and tested recipes.

A STARTLING STATEMENT

It has been said by those who have investigated the matter carefully that, although at the age of 45 fully 80 per cent of men are established in whatever pursuit they follow and are in receipt of incomes in excess of their expenditure, at the age of 60 it has been found that 95 per cent are dependent upon their daily earnings, or upon their children for support. Many, no doubt, read the despatch from Detroit which recently appeared in the Canadian papers, and which described the condition of a man who but a little more than forty years ago was a "financial power" in that city, who had a "palatial home" on one of the most fashionable thoroughfares, entertained lavishly, and to whom every person, high and low, was prepared to pay homage. But, the fates were against him. He suffered serious financial losses, and when he began to go down hill he found it was properly greased for the occasion. His friends deserted him like rats from a sinking ship, and now at 80 years of age, after his day's labour, he wends his way to the city with the bent, broken down old men who have influence enough to have their names on the city's pay roll.

The Moral is that out of your abundance something should be laid aside for declining years, and invested where thieves cannot reach it, and where one cannot be deprived of it in any possible way. This means is afforded you under the Canadian Government Annuities Act which the Parliament of Canada passed in the Session 1908, and which received the unanimous support of both sides of the House.

You may get all information by applying at the Post Office, or by addressing the Superintendent of Annuities, Ottawa.

CAPLIN RIVER

It is quite a while since we have seen any news in the Graphic so I thought I would drop a few notes.

Mr. and Mrs. E. Kerr have returned from down the coast where Mr. Kerr has just completed a contract for the new Canadian Co.

Mr. and Mrs. Malcolm McLellan are receiving congratulations of their many friends on the arrival of a daughter.

Mr. and Mrs. George Willet are also being heartily congratulated by their many friends on the arrival of a boy.

Mr. Gold of the Bonaventure and Gaspé Telephone Co. was in Caplin River last week on business.

Mr. Samuel McEwan left for Campbellton where he has accepted a position.

Mr. John Burton is lumbering on the Bonaventure River for the Casca pulp manufacturing and trading Co.

We record the death of N. Burdick which sad event occurred at his home on Oct. 22nd after a long illness. The deceased was 21 years of age and was much liked. The funeral took place on Monday the 24th and was largely attended. The family have the sympathy of the community.
