

FOURTEEN VALUABLE HORSES DESTROYED THROUGH EARLY MORNING BLAZE THAT WIPED OUT WALTON BOARDING STABLES

Building on Ridout Street Was Completely Guttred,
Entailing a Loss of Eight Thousand Dollars—
Fire Is Thought to Have Been Caused by De-
fective Wiring.

FIREMAN SWEET, NO. 1 STATION, INJURED BY FALLING BOARDS

Fire, thought to have been caused by defective wiring, although the cause is not certain, completely gutted the large brick boarding stable of Mr. Clemus Walton, 490 Ridout street, at about 5 o'clock this morning. Twelve valuable horses, the property of various business and professional men of this city, were destroyed. Four horses were rescued with difficulty from the burning building, but two were so badly burned that they had to be destroyed, making a total of fourteen. The building was owned by Mrs. Ann Higby, of 492 Ridout street. She places her loss at about \$3,000, partly covered by insurance. Mr. Walton lost a valuable pair of saddle horses, one of which he valued at \$400, and the other at \$200. The building contained three tons of hay and a quantity of other feed valued at about \$100. Mr. Walton carried no insurance. Fireman Samuel Sweet, of No. 1 station, was slightly injured.

Heavy Loss in Horses.

The greater part of the loss will be borne by those who owned horses which were boarded at the stable. They belonged respectively to Dr. George Wilson, Dr. Thompson, Dr. D. H. Hogg, Dr. Abbott, Dr. Niven, and Messrs. R. H. Dignan, Robert Green, George C. Gunn, Marshall Bros. & Co., lost two, as did Mr. Clem. Walton. Those rescued belonged to Messrs. W. J. Teeple, George Hiscox, Mr. McLean and Mr. Stewart. Those belonging to Mr. Stewart and Mr. Hiscox were too badly burned to recover and will be destroyed.

The total loss will be in the neighborhood of \$8,000.

Fireman Injured By Falling Board

Samuel Sweet, a fireman of No. 1 Company, was injured when the left of the stable fell on him and three companions who had gone into the building. His face was badly scratched by falling boards, and his shoulder was also slightly hurt. His injuries are not of a serious nature.

The fire was discovered about 4:55 by Mr. Clem Walton, whose house on Fullarton street overlooks the courtyard and stable at the rear. He was arising to commence the day's work, when he noticed the reflection of the flames on the windows, and looking out, discovered that the stable was burning. Neighbors living in the surrounding apartments, next door to the scene of the fire, were also aroused by the trampling of the horses, and Dr. Westland sent in the alarm.

Brave Mrs. Baker Attempts to Save

Mrs. E. Baker, who also lives in the apartments, was the first to attempt to enter the burning structure, displaying great pluck in attempting to save the frightened steeds. She succeeded in forcing open the front door, but the fire had gained headway in the front portion of the building and she was driven back.

Mr. Walton and Mr. Charles Baker then made their way to the rear of the building, and from a window, made an opening through which it was possible to bring out four of the horses. The rapid progress of the fire and the plunging of the horses made it impossible to save the rest.

Good Work Prevents Spreading of Fire

One of the horses succeeded in getting loose from its stall, only to run further into the flames instead of to safety. The others were unable to break their halters and were burned in their stalls. The fire was contained by the halter rope between his teeth as though he tried to bite it asunder. Several of the carcasses were untouched by the flames, having been the result of suffocation. Occupants of the house of Mrs. Ann Higby spent an anxious time while the fire was at its height. The house is less than 50 feet from the stable, but good work on the part of Chief Aitken's men prevented the fire from spreading. A brick carriage shed adjoining the stable was saved, with its contents, but two carriages and a sleigh in the front part of the building were destroyed.

THE WEATHER.

TOMORROW—FINE AND COOL.

Forecasts.

Today—Freshly westerly to southwesterly winds; generally fair and cooler.

Wednesday—Fine and comparatively cool.

Temperatures.

The following were the highest and lowest temperatures during the 24 hours previous to 8 a.m. today:

Stations.	High.	Low.	Weather.
LONDON	63	38	Clear
Victoria	63	38	Clear
Calgary	50	24	Clear
Winnipeg	42	22	Clear
Port Arthur	64	32	Cloudy
Parry Sound	72	44	Cloudy
Toronto	84	52	Cloudy
Ottawa	84	52	Cloudy
Montreal	84	50	Cloudy
Quebec	84	50	Cloudy
Father Point	62	40	Cloudy

Weather Notes.

A shallow depression which passed over the Lake Region during the night is now situated in the Ottawa Valley, while a pronounced high area covers the West. The weather has been fine throughout Canada, except that a few local showers have occurred in Ontario.

Earth of Breakwater For Private Property

It was discovered that the material that was being taken from the West London breakwater recently was being carried to the property of a citizen, who was using it to fill up his lot.

When the matter was brought to the attention of the authorities at the city hall it was traced to the parks authorities, and discovered that there authority had been given to use the material.

The parks officials stated that they were under the impression that the material was being used outside the boulevard.

After the publication of an item in The Advertiser concerning the removal several wagons which were carrying earth away stopped work.

Lost by Actress.—The police are looking for a number of small articles and some pictures which were taken from the Star Theatre on Monday night, which belonged to a woman who is playing there this week. The articles are of no value to anyone except the owner, and the police are hopeful that the person who took them will return them to the station.

SCENE at ruins of early morning fire in Ridout street boarding stable, in which twelve valuable horses were killed and two so severely burned that they were destroyed.

FRIEDMANN IN LONDON TO SEE HIS PATIENTS

Fourteen, Treated at First Visit, Receive a Second Injection, But There Were No New Cases Treated—Says London May Have Institution For Inoculating Purposes.

Dr. F. F. Friedmann, accompanied by Dr. Dwinell, of Providence, R. I.; Dr. Porter and Dr. Adams, of Toronto, and Mr. V. G. Arnold, his secretary and legal adviser, arrived in London at 11:30 from Toronto this morning.

At 2 o'clock this afternoon he held a clinic at the Institute of Public Health, and the fourteen patients who received an injection of his serum when he last visited the city were given a second injection.

No other patients were treated. Dr. Friedmann and his party will stay in London tonight and leave for Niagara Falls tomorrow morning. Hon. Adam Beck and two reporters were the only ones to greet Dr. Friedmann on his arrival in the city, but when he crossed to the Tecumseh House a large crowd gathered to get a view of him.

Wouldn't Answer Criticism. Dr. Friedmann cannot talk English fluently, but through an interpreter he told the Advertiser representative that he would not answer any of the criticisms that have been levelled at him and his treatment by medical men all over the United States and Canada.

"All you have to do is to read the Ottawa and Toronto papers of the last few days, in which eminent physicians of those places, who have studied the patients treated by Dr. Friedmann say that considerable improvement has been noted," said Mr. Arnold, who acted as spokesman. "We know what the serum will do, and all we ask for is time. We are not answering any criticisms; only doing what we know to be right and we feel sure that the public will, in time, come to realize the greatness of the cure which Dr. Friedmann has discovered."

"Some of the patients treated by Dr. Friedmann during his last visit to Canada have shown improvement have

GOLD MEDALLIST at Western Medical College this year—Thornley Bowman, of this city.

SILVER MEDALLIST at Western Medical College this year—Lee Elliott, of St. Thomas.

DR. HILL EXPERIMENTS ON TURTLES WITH TUBERCULOSIS GERMS, BUT HASN'T YET SECURED ANY RESULTS

For some time Dr. H. W. Hill, director of the Institute of Public Health, has been experimenting with tuberculosis germs on turtles received from Chicago. His object has been to discover the action of the germ upon the turtle, but the time has not been sufficient to make known any results that have been secured.

Not After a "Cure."

"Are you seeking a turtle cure?" Dr. Hill was asked.

"Oh, not exactly that," he replied. "We have had the turtles here for some time, and it has been interesting for the staff to study the effect of germs taken from patients upon them. It differs from Dr. Friedmann's experiments, because he used germs from

turtles, which had been inoculated with tuberculosis. We have been putting the germ into the turtle direct."

Not Opposing Friedmann.

Dr. Hill is not setting up in opposition to Dr. Friedmann. He was anxious to study the effect of the germ upon cold-blooded animals, and while, as he says, nothing definite has been ascertained, the experiments have been interesting, and will be followed to a conclusion.

One shipment of turtles recently came from Chicago, being secured from a dealer in that city. When a number of persons learned that Dr. Hill was anxious to secure turtles they volunteered to give him all he could care to, away from their ponds.

COURT'S DECISION ON SUNDAY CARS WIDELY POPULAR

Thousands of Persons in All Walks Had Signed Petition Asking for Them.

Hourly Service To Be Resumed Next Sunday by L. and L. E. Company.

The cars of the London and Lake Erie Transportation Company will be run on an hourly service next Sunday following the unanimous decision of the five judges in the appellate division that the company could operate seven days in the week.

That the decision was a popular one may be understood when it is known that thousands of persons in the district traversed by the line signed their names to petitions to the Governor-General asking that the Sunday service be resumed in the interests of the public at large. The names included practically the entire city councils of London and St. Thomas, the Trades and Labor Councils of both places, and numerous other organizations such as lodges and labor organizations. Hundreds of individuals signed their names, men and women, and those who circulated the petitions had scarcely a refusal.

Government May Be Liable. Even though the appeal court had refused to allow the appeal the company would have taken the suit to the Dominion Government, and the assurance of practically every member in Western Ontario, including Major Peattie and Hon. Thomas Crothers, was given that they would do everything in their power to have Sunday cars on the line allowed.

It is nearly one year since the decision of Chancellor Boyd stopped the operation of the cars. The action was brought by William Kerley, since deceased. Representing the Lord's Day Alliance, he succeeded in inducing the Ontario Government to guarantee the costs of the action. The appeal has been allowed with costs, and in case the Ontario Government is held liable there will be a bill of several thousand dollars to be met.

Heavy Law Costs. In the event that the company is unable to get satisfaction from the Government, it will figure in its loss through the decision more than a thousand dollars in law costs. The loss of Sunday business for one year will reach a large sum, but the company has no redress in this matter.

The company sees no reason why it should not proceed with the re-establishment of the service. It has obeyed the mandate of one court for one year, and now feels free to operate under the mandate of another.

Whether the case will be carried to a higher court by the Lord's Day Alliance is not known.

Steamers Grounded Owing to Heavy Fog

[Special to The Advertiser.] Sarnia, May 6.—The heavy fog on Lake Huron put three vessels ashore. The steamer Indus, of the Interlake Steamship Company, went ashore on Scott's Point in the straits, and the Fleetwood went on ten miles east of Detour Point. The steamer Cherokee and large Gary, aground at Sturgeon Point, are being lighted. The Great Lakes tug Favorite has gone to the assistance of the Indus.

REPORT WHITEWASHES BOTH THE PREMIER AND MR. HANNA

Greatest Secrecy Was Maintained, and All Except Those on the Committee Were Excluded From the Proceedings.

[Special to The Advertiser.] Toronto, May 6.—There was much secrecy this forenoon about the presentation of the report of the committee on privileges and elections. The public and the press, as well as all members of Parliament not on the committee, were excluded, the proceedings being strictly in camera.

After over an hour's discussion, the chairman, Mr. G. H. Ferguson, submitted a lengthy report, which first had to have the sanction of the Prime Minister before it could be released.

Both Whitewashed.

After reciting the circumstances surrounding the Taylor-Scott case the majority report, which was expected "whitewashed" Sir James Whitney and Hon. W. J. Hanna, reviews the fact that the Deputy Attorney-General (Cartwright) exercised his own unbiased and calm judgment, and that "the flat was granted entirely upon his own responsibility." Also that he had no suggestion from or talk with either Sir James Whitney or Hon. W. J. Hanna or any minister of the crown, or any envoy of any of them, or Taylor, Scott & Co., or anyone on their behalf.

In fact as he puts it, states the report, "he heard nothing from any source except what the papers filed with him disclosed."

Nothing Improper. He stated emphatically that any suggestion that the flat was procured by any impropriety on the part of Sir James Whitney or the provincial secretary is absolutely untrue.

"L. E. C. Thorne," it is pointed out, "stated clearly that he was in no way approached or improperly influenced by anyone in connection with the matter, and that his award was honestly made according to his best judgment."

Taylor's Evidence. Continuing, the report says: "George C. Taylor, the contractor himself, was the last witness called on behalf of Mr. Proudfoot. His evidence clearly negatives any allegation that there was anything corrupt, illegal or improper in the procuring of the flat, the reference to Thorne or the award by Thorne."

It was admitted that in the interview with the Premier he had made certain statements of a threatening nature, but these so far as he knew had no foundation in fact. Sir James Whitney and the Hon. W. J. Hanna both gave evidence before the committee.

"They emphatically denied any improper or corrupt influence or suggestion made by themselves or on their behalf in connection with the issue of the flat, the agreement or the making of the award."

Montgomery's Statement. In corroboration of their statement, Mr. J. D. Montgomery, who acted as counsel for Taylor, Scott & Co., in the Continued on Page Eleven.

LIBRARY ACT WAS AMENDED

Protests From All Over Province Made Department Reconsider Decision.

CLAUSE ENDS TROUBLE

[Special to The Advertiser.] Toronto, May 6.—A clause which was inserted in the statement of the law amendment act this afternoon to provide that the changes to the library act, which has caused so much protest, will come into effect only on proclamation.

Representations have been made to the Minister of Education by members from all parts of the province, and the department has been forced to reconsider its position.

Among the protests received was one sent by the local library board.

Culebra Cut Blocks Progress in Digging of Panama Canal

Mr. Frank Sheehy, who has been in Porto Rico for five years engaged in railroad work, is spending a few weeks with his relatives at 274 Hamilton road.

Mr. Sheehy is located a few hours run to Panama, and has been frequently in the canal district.

He says that although most of the people are expecting that the canal will be opened this year, there is no prospect of it.

"By the time they get through with Culebra Cut a good many years will be passed," he said. "There are many people who think that they can never prevent great landslides, such as occurred at this point, merely warning her to be careful she did not get her feet wet. Laughingly disregarding the warning, she stepped out onto an apparently innocent stretch of moist ground, and began to pick her way across to the river's edge. Suddenly she felt a peculiar sensation in the sand under her feet, and cried to the others that she was sinking."

Both Badly Mired. Before her husband, who was only a few yards away, reached her she had sunk about two feet into the yielding soil. Her husband lifted her to safety on the edge of the bog, but in the act he himself was badly mired. Floundering about for a minute, and the other young man, not realizing the seriousness of his companion's danger, he stepped into a particularly treacherous spot with one foot, sinking waist-deep into the sand, and falling forward on his face, he pulled himself cat-fashion to safety. Luckily he did not step on the dangerous spot with both feet, or his adventure would probably have been very much more serious.

The clothes of the couple were ruined, and the young woman was very much frightened.

People living in the neighborhood remember similar narrow escape, and think that the city authorities ought to erect "danger" signboards at the edge of the bog.

Special Officers To Watch Trains For the Customs

Special efforts will be made by the Canadian customs authorities this summer to diminish the practice of smuggling on the part of Canadians returning from Detroit and other American points. All excursion trains will be closely watched by special officers.

London merchants have recently held several meetings to impress upon the Canadian Government the desirability of making more drastic attempts to stop the free entrance of dutiable goods at Canadian ports. It is generally known that leading Detroit stores have special waiting-rooms for the use of Canadian customers in which the latter may discard old shoes and clothing and don their new purchases.

Had Aid From Institute. This is the first year when the Medical School has been assisted by the Institute of Public Health, and the experience to be derived in the extensive laboratories will be of great assistance in the future.

Many graduates are leaving to fill positions as house surgeons in the large American hospitals in New York

and Buffalo, and other American cities. It has been a striking tribute to the school's high character that in competitive examinations for house surgeons in several large cities, not one of the graduates has failed to secure one of the posts, and a number of them have already secured places.

Many To Go West. Many of the graduates will go to the growing towns and cities of the west. The convocation will be held on Thursday, May 8, at 4 o'clock, at the Auditorium, when the 25 degrees will be presented.

LIST OF GRADUATES. Archie D. Laird,.....Blenheim Frederick H. Bowen,.....City Geo. A. Smith,.....Toronto Thomas W. Moore,.....Listowel Lorne Faunt Jones,.....City (Continued on Page Ten)

THORNLEY BOWMAN AND LEE ELLIOTT ARE WINNERS OF GOLD AND SILVER MEDALS RESPECTIVELY—ONLY THREE FOURTH-YEAR MEN FAIL—MANY FOR HOSPITALS.

London gave 25 doctors to the world today.

Out of a class of 28 fourth year men in the medical department of the Western University all but three were successful. The percentage of passes among the 110 students registered is exceedingly large, and the college has had one of the most satisfactory years in its history.

Thornley Bowman, son of Prof. J. H. Bowman, is the gold medallist, and Lee Elliott, of St. Thomas, is the silver medallist.

LONDON, TUESDAY, MAY 6.

THE VOICE OF THE CHIEF.

In the Tory city of Toronto last night eight thousand people heard the voice of the chief as he spoke for Canada and the Empire. And the telegraph has carried his burning words of patriotism all over the Dominion and across to the mother land. Around him on the platform, loyally upholding his hands, and endorsing his words, were the voices of young Canada, from the Hon. Mackenzie King and the Hon. George P. Graham; of Irish Canada from the Hon. Charles Murphy, and of the British-born, from the clarion cry of that Rupert of the Deeds from the western prairies, Dr. Michael Clark. And every appeal to the patriotism of Canadians; every attack upon the little colonialists; every protest against the gag on free speech; every assault on the unholiness of jingoism and nationalism; every appeal for loyalty to Canada and the Empire; met with a burst of applause that will echo from the Atlantic to the Pacific.

The message of Sir Wilfrid to the people last night but crystallized the naval debates of the past few months. Four years ago, the patriotic alliance of Conservative and Liberal in Parliament in favor of a Canadian navy; now discord and division brought about by partisan politicians. Four years ago, Nationalist denunciations of Borden and Laurier; now a sacrifice of principles for peace and power. Four years ago, Conservatives joining Liberals for a navy built in Canada, manned by Canadians, supported by Canadians, and the Empire by defending Canadian shores; now a contribution of money to the richest nation on earth six months ago, an emergency that could only be met by giving money to build ships for the North Sea; now an emergency that may be met by sending the ships built with Canadian money on a pleasure trip from Gibraltar around the world. And through all these varying changes, Liberalism standing true to its national policy of Canadian money for Canadian ships; and Canadian men for Canada's defence.

It was a day of humiliation for Canada, when her Premier proposed a return to the ancient European colonial policy of tribute, and declared that "Canada was too feeble to do what Australia and New Zealand are doing. It was a day of humiliation to the Empire when a Conservative Government undertook to force a policy of tribute through the Canadian Parliament by gagging its members, and denying the right of free speech. Shamed in our own land; shamed before the sister Dominions; shamed at home; disgraced abroad; such are the results of our Government's hybrid policy.

The story is not new. It has been told in Parliament many a day. But Sir Wilfrid's trumpet call to Canadian patriotism last night brings it before us with a freshness that no time nor repetition can stale. It encouraged the loyal; it cheered the humiliated; it warmed the cold-hearted; it stimulated the patriot. It was an appeal from a Parliament dominated by a disloyal alliance to the free people of Canada. And it will not be in vain. Parliamentary debates long drawn out may become wearisome. But the words of the Canadian chief direct to the ears of the Canadian people sink deep in their hearts, with resistless power. They strike the death-knell of the "little colonial" policy of Canada's discredited Government.

THE ANTI-JAPANESE LEGISLATION IN CALIFORNIA.

The tension between Japan and the United States over the California legislation against Japanese farmers will probably be eased by the amendment now made to the bill. The original measure specified that no aliens in California could hold land in possession or on long lease for agriculture, except they were eligible to citizenship. As the Chinese and Japanese are the only such aliens there, and as the Japanese alone turn to farming, it is they who were directly attacked. The amended bill reads that all aliens shall be excluded from possession or from longer than three years lease of agricultural or horticultural land. This discriminates only indirectly against the Japanese, who, of course, cannot change their status as aliens.

The Detroit News-Tribune thinks it likely that Secretary of State Bryan, who has been in California negotiating for the Washington Government, may be responsible for this drastic move. If Mr. Bryan has been able at any rate by such means to keep the peace, saving to Japan her honor, if not her economic advantages, he will be living up to his professions.

By a treaty of 1911, the citizens of both Japan and the United States have the right to reside in the territories of the other power, to carry on trade,

own, lease, and occupy houses and shops, lease land for residential and commercial purposes, etc., upon the same terms as native subjects. The new law cannot interfere with the ownership of urban property, in the face of this treaty, but seems to be constitutional in making a distinction between commercial and residential and agricultural land.

So far, then, as the Japanese have been exclaiming against treaty-violation, there seems to be no letter of law for them to stand on. So far as their national honor is concerned, that is mainly saved by the amendment now adopted, the only slur upon them coming from the older law, which declares them ineligible for citizenship.

The Japanese in California numbered, according to the census of 1910, 41,355, out of a total population of 2,377,549. It is not thought that they have increased much since that time. They own only about 17,000 acres in a state with 12,000,000 acres of agricultural land, but lease 170,000 acres besides. They have developed lands which white men had declined to touch, and owing to the scarcity of white labor they have secured the rent of many lands which the proprietors could not utilize.

The complaint against them is that white men retire from a region once settled by the Japs. At the same time many of the Californians themselves do not seem to be alarmed over the conditions and do show some concern as to what effect too hostile legislation may produce in Western America's trade with the awakening Orient. Boycotting and ill-nature can be played at by two parties. Certainly a war with Japan would be ruin to California, whichever side won.

Economic conditions are at the bottom of this phenomenon of Japanese farming. The white labor is not forthcoming. Shall the white Californian play dog in the manger? Shall other aliens be inconvenienced or frightened away in order that a blow may be struck at the Japanese? And how will the law ultimately prevent the regular renewal of three-year leases to those who, though non-citizens, are willing to work the land? It may be that an economic law will be too much for a statute.

SOME CONSERVATIVE OPINIONS.

Toronto Telegram, Conservative: The upholders of the Proudfoot charges have been given a chance to fix upon the Whitney Government responsibility for an inquiry in which the Liberals were gagged by Hon. Wallace Nesbitt's objections, and tied hand and foot by Chairman Ferguson's rulings. The Proudfoot inquiry developed a legal comedy and a moral tragedy. Legal tricks and technicalities dominated the inquiry.

Ottawa Citizen, Conservative: It is of good promise that other Conservative papers besides the Citizen should have expressed the idea that the Proudfoot investigation was but a political farce. Ontario, and especially Ontario Conservatives, cannot understand why Sir James Whitney refused to have an independent and impartial hearing of the case. He must have known that no verdict of such a committee as was appointed would have received any credence from the public. It is all too apparent that every possible exception would be taken to evidence adduced, and every doubt settled in favor of the defendants.

London Free Press, Conservative: The whole proceeding that Mr. Proudfoot was unduly hampered in his attack upon these ministers. It is an absolute misstatement of the facts.

CLOSE SHAVE AT THAT.

[Boston Transcript.]
Bix—So you are now living in the suburbs?—No, you have to walk to the train.
Dix—No, run.

DARK TIMES.

[London Mail.]
"How are you getting on?"
"Oh! just keeping my neck above water."
"H'u, so I should think by the color of it."

RAINY SEASON REFLECTIONS.

[Sidney Lanier.]
It is not raining rain to me,
It's raining daffodils;
In every dimpled drop I see
Wild flowers on the hills.

The clouds of gray engulf the day,
And overwhelm the town;
It is not raining rain to me,
It's raining roses down.

It is not raining rain to me,
But fields of clover bloom,
Where any buccaneering bee
May find a bed and room.

SHORT STEPS.

[Washington Herald.]
"I wish to march with the suffragettes in the inaugural parade."
"Very well."
"To which section shall I report?"
"That depends on how fast you can march. Shall you wear a harem or a hobble?"

DENIAL.

[Louis C. Glasgow.]
The flower that bloomed on the little hill,
By the roadside dusty and bare,
He longed to pluck, with his heart of dew,
Such a sweet rare flower of wondrous hue,
He leaned for its breath with a tender care.
Then came a blinding glare,
But the perfume lived in his soul.

MRS. PANKHURST'S HUSBAND.

[K. L. B. in Toronto Star.]
The reason you don't hear anything of Mrs. Pankhurst's husband is that he is dead. He was a chancery barrister, and an active supporter of various reforms. Mrs. Pankhurst married him in 1879. She was then a young and pretty girl, with a super-abundance of spirit. She threw herself earnestly into the struggle for free speech and socialism. In 1888 Dr. Pankhurst died, and his widow was left with three girls and a

boy to bring up on a small income. She pluckily determined to work, and found employment as registrar of births and deaths at Chorton-on-Medlock, a district close to Manchester. This position she afterwards resigned, on being rebuked by the registrar-general for taking an active part in political movements while holding a public office.

THE REAL RULER.

[Jean Blewett.]
"Tis Woman rules this old world still,
Though faults the critics say she has;
She smiles her smile, and works her will,
'Tis just a little way she has."

A MOTHER'S CANDID CRITICISM.

[Paris Correspondence London Express.]

When the new president of the republic returned to his house in the Rue Commandant Martin after his election his mother, neglecting the official personages present, kissed her son in front of them all, and then, patting his cheek, remarked clearly and distinctly: "I only hope, Raymond, that you will not undertake too difficult a job. You were never quite so clever as you thought yourself, you know."

IN AFTER DAYS.

[Austin Dobson.]
In after days when grasses high
O'er the stone that I shall lie,
Though ill or well the world adjust
My slender claim to honored dust,
I shall not question or reply.

I shall not see the morning sky;
I shall not hear the night-wind sigh;
I shall be mute, as the men must
In after days!

But yet, now living, fair were I
That someone then should testify,
Saying—"He held his pen in trust
To art, not to the lust."
Will none?—Then let my memory die
In after days!

MUZZLED WITNESSES.

[Toronto Star.]
There was nothing for Mr. Proudfoot to do but to walk out with his counsel yesterday from the so-called inquiry into the charges he had preferred against Sir James Whitney and Hon. W. J. H. Murray. Either that, or he had to remain and lend countenance to a sham inquiry.

When those men walked out the investigation ended and a white-washing was joined in by all present, and a nice time was had by all. The investigation really ended at the moment when Mr. Wallace Nesbitt, counsel for Sir James Whitney and Hon. W. J. H. Murray, and the chairman of the committee, and the committee itself, made it quite clear that the investigation was not going to be allowed to investigate.

NEW ZEALAND AGAINST CONTRIBUTIONS.

[Winnipeg Free Press.]
The New Zealand minister of defence in a statement made at Halifax, said that the permanent naval policy for New Zealand would not be one of contributions. The stars in their courses are fighting against the centralists.

ALL'S WELL WITH CHRISTIANITY.

[Woodstock Sentinel.]
It is said that a large proportion of the younger members of the ministry accept for themselves a strictly liberal view of the history of the Bible, yet they are not lacking in the religion or spiritual Christianity. Christianity seems to be in no more danger today than it was fifty years ago, and there is no evidence that the Bible is losing ground in regard to either popularity or respect. Neither the fears of the friends of old religion nor the hopes of its enemies—if there be any such—have been realized.

NO RECOGNITION NOW.

[Boston Globe.]
From below the Rio Grande comes the most amusing news item of the week, namely, the announcement that the Mexican republic will not recognize the republic of China at present, because conditions in the latter country are too unsettled.

WHY SOCIALISM GROWS.

[Montreal Herald.]
A 17-year-old boy in this city stole some scrap iron from the city store. When he was prosecuted it developed that he had turned the proceeds of his theft over to his mother to help feed the seven other children of the family. His mother swore that he had been in the habit of giving her his small salary as a carter with perfect regularity. The court thereupon released the boy, but fined his mother, who had been deserted by her husband some years ago, one dollar. And yet some wonder how socialism grows.

POLITENESS.

[Tribune.]
She was only sixteen stone and three-quarters, so that when she trod on a banana skin she subsided very gently. A polite shopkeeper came out to assist her to rise from a box of his best new-laid eggs.

"Oh, I do hope I have not broken them," cried the lady.
"Not at all, madam," said the polite one, "they are only bent."

RHEUMATISM FOR THIRTY-FOUR YEARS.

Cured by Two Boxes of Dodd's Kidney Pills.

Quebec Man Tells How He Found Quick Relief and Permanent Cure When He Got to the Root of the Disease.

St. Faustin Station, Quebec, May 5.—(Special.)—"I suffered from rheumatism for thirty-four years. Two boxes of Dodd's Kidney Pills cured me." That is the statement of Joseph Boileau Charteau, of this place, and his neighbors are satisfied that the statement is a true one.

Pressed for further details of his cure, Mr. Charteau said: "I had rheumatism, sciatica, and pains in my back. My memory was failing, and I was always tired and nervous. I perspired freely with the least exertion, and my perspiration had an unpleasant odor."

"I was also troubled with heart flutterings, my limbs were heavy, and I had a dragging sensation across the loins."

These symptoms tell just why Dodd's Kidney Pills cured Mr. Charteau so quickly and completely. They are even ones of them, symptoms of kidney disease. Mr. Charteau's rheumatism was caused by the diseased kidneys failing to remove the uric acid from the blood.

Dodd's Kidney Pills cured his kidneys, the cured kidneys strained the uric acid out of the blood, and the rheumatism disappeared.

CALL EXTENDED TO REV. DR. SMITH.

London Presbytery Approves Gleace Church's Request for Services.

\$35,000 FOR MISSIONS

Financial Reports Show That the Congregations Have Been Giving More Than Formerly.

The regular May meeting of the Presbytery of London was held in First Presbyterian Church Tuesday Tuesday forenoon. Rev. D. MacKay was in the chair. The attendance was large. The report on systematic giving was presented by Mr. Thomas Alexander. The amount allocated to the Presbytery of London for the missionary budget for the past year was \$35,000. The amount raised by the presbytery was \$30,830, the largest percentage of any presbytery in the synod. The congregations increased their stipends the past year by \$2,750. The augmented charges are actually giving more per family than the self-sustaining congregations.

Call For Dr. Smith.

A very hearty and unanimous call from Burns Church to Rev. Dr. Fraser Smith was presented by Rev. George Weir, of Glenora. The stipend is \$1,250, with manse, glebe and four weeks' vacation. Mr. James Douglas, George Munro and Duncan Walker were heard in support of the call. On motion of Rev. Dr. MacKay the call was sustained. He spoke in the highest terms of the ability and consecration of Dr. Smith, and the fine spirit of the congregation of Burns in making such a splendid increase in the stipend.

Rev. Dr. McDonald seconded, and contended that Moss was the finest country charge in Ontario. It was very compact, and did not involve the big drives made in other charges. The induction will take place on Tuesday afternoon, April 20, at 2:30 o'clock. The moderator will be Dr. Galbraith will preach; Dr. Ross will address the minister, and Mr. St. John the people.

Another Call.

A call from Wardsville and Newberry was presented. It was in favor of Rev. Joseph McNeil, of Toronto. The stipend is \$1,000 and manse, glebe and four weeks' vacation. Mr. Wm. Atkinson, of Wardsville; Mr. J. G. Hutchison, Mr. Wm. Bayne, and Mr. Duncan Fletcher, of Newberry, appeared to support the call. The call was sustained, and the induction if it is accepted will take place on Thursday, May 22, at Wardsville, at 2:30 o'clock. The moderator will be Dr. McDonald. The induction will take place on Thursday afternoon, April 20, at 2:30 o'clock. The moderator will be Dr. Galbraith will preach; Dr. Ross will address the minister, and Mr. St. John the people.

Methodists Discuss Ways to Progress.

At the meeting of the Methodist Ministerial Association held in Wesley Hall on Monday morning and afternoon, a committee was appointed to look over conditions in the London district and offer any suggestions that will enable the church to make more progress in this section of the province.

The committee is composed of Rev. G. N. Hazen, Rev. Manning, W. Harvey, D. McCamus and J. E. Millard, and the report will be considered at the annual meeting of the London district in Askin Street Church on May 21 and 22. From this meeting the report and suggestions will be forwarded to the London Conference, which meets in this city in June.

During the discussion the statement was made that the work of the ministers would be helped greatly if the terms were lengthened, and the feeling of the meeting was in support of this statement. No definite action was taken.

The meetings on Monday were the closing ones of the season of 1912-13, and the paper was free and animated. The reports received showed that the work of the Methodist Church was in a prosperous condition, and the feeling prevailed that the church in Western Ontario was more than holding its own.

Unveil Tablet To Father of Aviation.

[Canadian Press.]
Washington, D. C., May 6.—Seventeen years ago today the first heavy-lift flying machine was launched from a secluded spot on the Potomac, and after a short flight, fell to destruction, while its inventor, the late Professor Samuel P. Langley, looked on and the world laughed. No long afterward he died from a broken heart, many of his friends say, from ridicule heaped upon him because he thought he could invent a "flying machine."

But today the Smithsonian Institute a group of scientists, whose names are known to the world, gathered to unveil a tablet to his memory as the father of advanced aviation, and to present medals to Glenn Curtis and Gustave Eiffel, who have carried on the work Langley left off. Curtis was present, but Ambassador Jusserend refused the medal for Eiffel. Later at the army college an exhibition of flying boats was given.

NA-DRU-CO LAXATIVES

EDUCATION SHOULD BE COMPULSORY FOR ALL WOMEN

Speakers at National Council Urge Vital Importance of Proper Schooling.

Trade and Technical Training for Two Years Urged by Miss Derick.

[Canadian Press.]
Montreal, May 6.—The vital importance to women of compulsory education, because of its necessity in properly equipping those who have to earn a living for entering the various employments, and the great hardships and the shortening of lives of many mothers, because of the impossibility of getting domestic servants, were two of the subjects discussed today at the National Council of Women's convention here today.

At the outset the announcement was made that Mrs. Plumptre, of Toronto, had been called home on account of the illness of one of her children.

Miss Derick, Montreal, said that one of the reasons why the council should press for compulsory education was because it would equip women to earn a higher wage. She favored compulsory education up to 15 years, the last two years to be trade and technical schooling.

Mrs. Adam Shortt, of Ottawa, discussing the servant problem, gave instances of where women with children actually had the means to be helped, but the help could not get help. In one case a woman in the west had to feed, clothe and care for five children and also six men. This woman died.

Mrs. Shortt also deplored the character of some of the immigrants coming to this country. Some of the girls going into domestic service were of bad character and should not be allowed to come in contact with the young children in a family.

One ex-cerbar paper in the old country," said Mrs. Shortt, "was telling outrageous stories of what happens in this country to working girls, and this deters the better class from coming here. An advertisement stated that 5,000 men were waiting here for wives, and some girls came out in the hope of getting married."

Need Proper Training.
The subject should be discussed thoroughly, with a view of finding a solution. A proper training should be provided for the girls going into domestic service.

Turning to compulsory education, Mrs. Shortt said they wanted to broaden out as much as possible the skilled businesses, in which women could be employed, and to encourage them to thinking in order to compete with men and become properly trained.

Rev. Dr. F. McRae Dead at Portage La Prairie

[Canadian Press.]
Portage La Prairie, May 6.—Rev. Dr. F. McRae, one of the oldest and best-known Presbyterian ministers in Manitoba, died at his home here Monday after a long illness. He was well advanced in years, and for the past two years has been living in retirement at his home here. He came to Portage from Ontario in 1891.

Blame Suffragettes for Burning of Church

[Canadian Press.]
London, May 6.—St. Catherine's Church, the parish church of Hatcham, in the southeast of London, was gutted by fire this morning, and the outrage is placed by the police to the account of the militant suffragettes. The edifice, which belongs to the Episcopal Church, and whose vicar is the Rev. Howard J. H. Truscott, was well before the fire was discovered, and the roof crashed in soon after the arrival of the firemen.

France Must Raise Near \$160,000,000

[Canadian Press.]
Paris, May 6.—Analyzing the report of the budget committee of the French senate, prepared by Senator Almond, the deficits in 1912 and 1913, to France's deficits in 1912 and 1913, to \$32,000,000, due in June and September, compel the Government to find \$160,000,000 more than the receipts to meet the obligations of 1912, in which are included \$20,000,000, made necessary by the projected three years' army service.

Then, deficits, the newspaper says, are in spite of the increased tax receipts and fresh taxes, totalling \$189,000,000, and the Government's net income from the tobacco monopoly in 1912, amounting to \$101,000,000.

SOLD FOR \$2,400.
[Canadian Press.]
London, May 7.—A first edition of Robert Browning's "Pauline," very few copies of which are known to exist, was sold yesterday at Sotheby's to Mr. Einstein, a dealer, for \$2,400. A copy sold in 1911 brought \$320, which was then a record price.

The copy sold is in its original boards and label.

Blame Suffragettes for Burning of Church

[Canadian Press.]
London, May 6.—St. Catherine's Church, the parish church of Hatcham, in the southeast of London, was gutted by fire this morning, and the outrage is placed by the police to the account of the militant suffragettes. The edifice, which belongs to the Episcopal Church, and whose vicar is the Rev. Howard J. H. Truscott, was well before the fire was discovered, and the roof crashed in soon after the arrival of the firemen.

INCOME TAX CAUSES DISCUSSION IN HOUSE

Feature of the New Tariff Bill Is Puzzling Many of the Members.

MAY MAKE CHANGES

Those Who Differ Hope That the Senate Will Take Matter Up.

[Canadian Press.]
Washington, D. C., May 6.—The administrative and income tax features of the tariff bill caused the discussion of today when the House convened. Both sections are important portions of the bill with many pages of details that puzzle new members, but their adoption virtually intact was confidently counted upon by Democratic leaders.

The preferential of five per cent upon foreign goods brought in America, cottons, and to the strenuous opposition of insurance companies against provisions of the income tax on the ground that policyholders would be ultimately burdened with greater premiums. The issue was avoided when the bill was taken up.

All on the Democratic side were not entirely agreed upon the details of the income tax, though there is no difference of view as to the principle. Those who differ count upon the Senate to make some minor changes.

One change to be urged in the Senate is to provide that the income taxes shall be levied upon the income of the calendar years after 1912, but to apply this year only from the date of the ratification of the constitutional amendment. The idea is to avoid any possible litigation over collection of a tax that would include as a basis the time between Jan. 1, the present proposed basis of the levy, and the time of the two-thirds ratification, which was on Feb. 2. Those favoring the change have conferred at the capitol and the White House and expect it to be made.

HAS BROTHER HERE

[Special to The Advertiser.]
Embro, May 6.—Mrs. Daniel McLeod, of concession 2, lot 15, West Zorra, is dead at her home, after an illness extending over two weeks. Besides her husband, she leaves one son, Ward. Mrs. McLeod was 45 years old.

Messrs. William and Robert Geddes, of Embro; Harry Geddes, of London, and John Geddes, of Guelph, are brothers, and Mrs. Boshall, and Mrs. Peter Smith, of Embro, sisters.

SHILOH
quickly stops coughs, cures colds, and heals the throat and lungs. 25c.

ALL YOU NEED IS A CASCARET TONIGHT

No Headache, Sour Stomach, Biliousness or Constipation By Morning.

Turn the rascals out—the headache, the biliousness, the indigestion, the sick, sour stomach and foul gases—turn them out tonight and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a clogged liver, clogged bowels or an upset stomach.

Don't put in another day of tress. Let Cascarets cleanse and regulate your stomach; remove the undigested and fermenting food that misery-making gas; take the excess bile from your liver and get out of the system all the constipation waste matter and poison in the testines and bowels. Then you feel great.

A Cascaret tonight will straighten you out by morning while you sleep. A 10c box from any drug store means a healthy liver and bowel in 24 hours. Children love to take Cascarets, because they never gripe or sicken.

LOCAL W.F.A. CLUB WILL BE
FASTEST CITY CAN PRODUCELocal Club Confident of Winning Cup This Year—Manager
Hollins Will Attend Meeting in Stratford Tonight,
When Teams Are Grouped.

Manager Charles Hollins, of the local W. F. A. team, was appointed London's representative at tonight's W. F. A. meeting in Stratford by the local W. F. A. executive committee at a meeting held last evening. Last night's meeting was called for the purpose of arranging details in connection with the local W. F. A. team and also arranging a practice game between two picked teams from the City Soccer League in order to pick players for the W. F. A. club.

Tonight's meeting at Stratford has been called for the purpose of arranging the grouping of the local district. A convenor will be appointed and a schedule of meetings arranged. The group will consist of four teams. The group will consist of Woodstock, Stratford, London and Tavistock. A meeting of the local W. F. A. executive committee will be called for next Monday evening for the purpose of choosing the W. F. A. team.

Judging from the material there is to pick from and the strength of the other teams, the local W. F. A. executive believe that London stands an excellent chance of winning the cup. Woodstock,

MONTREAL ROYALS
LOSE TO PROVIDENCEGreys Scored Four Runs in the
Fourth and Were Never
Headed.

SKEETERS BEAT NEWARK

Newark Could Only Get Four Hits Off
Manser, and Failed to
Score a Run.

Montreal, May 5.—Providence outplayed Montreal easily in the opening game here today. Portland's two errors and Shean's double gave Providence a lead in the fourth. Burke was wild and was hit hard. Ludette was wild but effective. Bauman's error, Providence's only misplay, gave Montreal two runs. Ens and Allen retired with slight injuries. Allen wrenched a tendon running to first and Ens was struck on the face by a batted ball.

St. Thomas Grandstand Burned Down

St. Thomas, May 5.—Within two days of the opening of the season the St. Thomas Canadian League Baseball Club sustained a severe loss today, when the grandstands at Pinafora Park went up in flames. The game between the locals and the Cuban Giants was in progress when fire broke out underneath the stand. The blaze had gained much headway before it was noticed, but attempts to check it were futile.

The stands had just been enlarged and improved by the addition of shower baths, dressing-rooms, etc., and \$2,000 will be needed to replace them. The stands are owned by the city, who furnished the grounds to the ball team. It will now be necessary for the team to play for a time at the athletic grounds' park, recently given to the city by the St. Thomas Athletic Association. Today's game was not finished owing to the fire.

WASHINGTON WON OUT
AFTER TWELVE INNINGSWalter Johnson Finished Game and
Was Not Scored Upon, Allowing
Only Four Hits.

Boston, May 5.—Washington defeated Boston, 5 to 3, in a twelve-inning contest today. The locals led up to the eighth, when the visitors scored three runs on an error by Janvrin, singles by Shean and Schaefer, followed by Moeller's double, which cleared the bases. Johnson relieved Engle in the eighth and held the locals to four hits and no score. Johnson has pitched 42 2-3 innings without being scored upon.

BROOKLYN SCORED
IN TENTH AND WONDefeated Boston By One Run After
Going Hitless For Six Innings.

Brooklyn, May 5.—James held Brooklyn hitless for six innings today and runless for seven, after which the locals got busy with his offerings and won a spirited ten-inning game by 3 to 2. Moran's muff and wild throw in the seventh let in a brace of tallies for Boston. In the ninth Ragan was called to the rescue of Curtis and retired the visitors in quick succession in the final two innings.

CHAMPION GOLFERS
TO PLAY MATCH GAMEImportant Golf Event To Be Played
Next Week.

[Canadian Press.]
New York, May 6.—A golf match of unusual interest is being arranged for next week, when Jerome D. Travers and Oswald Kirkby will meet Fred Herreshoff and Walter J. Travis in a four-ball event at Garden City, L. I. They will play 36 holes. These four were to have met a few weeks ago, but parlous prevailed on the players to wait until they had a chance to reach top form through practice. Travis is naturally at home on the Garden City course, and is always hard to beat there or elsewhere. Herreshoff makes an effective partner. Travers, however, is one of the best match players in the country, and Kirkby is a good man in four-ball events. The contest promises some fine golf.

STATE LEGISLATORS
WILL ATTEND BOUTIn Order to Prove Argument in Favor
of Boxing in Illinois.

[Canadian Press.]
Chicago, May 6.—Members of the Legislature will be guests tonight at a boxing exhibition in Springfield, staged as an argument in favor of the boxing bill pending in both Houses. No admission will be charged.

A large number of state officials have said they will attend. Gov. Dunne accused himself, stating that while he had no objection to clean boxing, he does not think it proper for him as governor to be present at the matches tonight.

Senator Carroll, who introduced the bill and is promoting the demonstration, left today for the state capital with a dozen boxers and their trainers. Senator Carroll asserted that he believed "boxing" will be legal in Illinois within a week.

Third Year Team Champions
of First Series of the LeagueDefeated Second Year and Commercial Yesterday By
Score of 6 to 4—Fotheringham Struck Out
Eleven Men, While Logan Fanned Four.

By defeating the Second Year and Commercial team by a score of 6 to 4 yesterday afternoon, the Third Year team won the championship of the first series of the Collegiate League without sustaining a defeat.

Yesterday's game was a good one, and the result was in doubt until the last minute. Both Fotheringham and Logan pitched good ball, the former having a little the better of the argument. He struck out eleven men while Logan struck out four. Logan received better support, however, and held the Third Year team to six hits. Fotheringham let his opponents down with five hits.

Broadsheet Hit a Homer.

One of the features of the game was a home run by Tom Broadsheet. Owing to the contest drill on Thursday night, the game scheduled for then will be played Friday instead. The First Year and Upper School will meet, and the game will be the last in the first series of the schedule. It will make little difference to the standing of the teams.

On Saturday afternoon next, a team of Collegiate players will journey to Ilderton to play the Meadow Larks of that place. The Meadow Larks are a fast aggregation and a strong team will be taken down from the Collegiate.

HIGHLANDERS LOSE
ANOTHER TO ATHLETICSThe Game Went Along Nicely Until
the Eighth and Ninth Innings.

New York, May 5.—The New York Americans closed their first home stay without winning a game on the local grounds. They were beaten again by the Athletics today, the score being 8 to 1. Fotheringham and Logan pitched a battle until the eighth inning, when the Highlanders crumpled up and the visitors scored four runs. Plank held the Highlanders to two hits, one a home run by Sweeney. Cree made a wonderful catch on Oldring in the third, fielding the ball while lying on the ground.

SENIORS

BY GEORGE FITCH, Author of "At Good Old Siwash."

At this time of the year the senior becomes an important institution in our colleges. A senior is like a president in the last gasps of office. He is a great man, who is about to become a common citizen. After the senior has delivered his oration and received his diploma, he takes off his cap and gown and becomes a humble struggler at the foot of the ladder, with everybody's feet. But just before commencement he is so large that it takes a freshman or sophomore several minutes to walk entirely around him. Nothing is more interesting than to see a senior—unless it is to watch the same senior a few months later, looking up to an office boy, and asking him how he got his job.

A senior is a man who is completing his education in science, philosophy, languages, and arts, and is about to begin it in work, worry, and the earning of a living. Being a senior is more fun than almost anything else, because a senior has had all that is coming to him in college, and doesn't know what is coming to him in life. A great many seniors are very wise, and have more knowledge than most men of fifty. A senior can sit down and instruct a captain of the industry in metaphysics and aesthetics, and can read Latin faster than a railroad president. Some seniors carry this knowledge away from the college with them and try to peddle it in the whole district while others take a check for it and leave it in a cool dry place, where it will not be disturbed.

[Copyrighted by George Mathew Adams.]

"It takes a freshman or sophomore several minutes to walk entirely around him."

RANK INJUSTICE OF BORDEN COURSE KEENLY RESENTED

Rousing Addresses by Hon. George P. Graham, Hon. Chas. Murphy and Dr. Clarke.

Story of Insults to Sir Wilfrid Laurier Brought Ringing Protest From Crowd.

Toronto, May 5.—With Sir Wilfrid Laurier tonight were Hon. George P. Graham, Hon. Chas. Murphy, Dr. Clarke (of Red Deer), and F. E. P. Pardee. Hon. W. L. Mackenzie King presided.

Hon. Charles Murphy, who spoke first, declared that he had a great deal to say about the Borden-Rogers course, the insult to his illustrious leader. "It is fitting," said he, "that this first great protest against this new attack by the Tories on responsible government and freedom of speech should be made in this city—this city which was the theatre for the deeds of men whose sacrifices in the cause of the people will live in public memory long after the inscriptions on that granite shaft in the Necropolis will have ceased to tell the story of the simple lives and the heroic death of Samuel Lount and Peter Matthews."

Brute Force. "It is true that we Liberals today are not threatened with firearms or the scaffold. Work no less deadly to the liberties of the people can be done by a brutal majority in Parliament, aided by a complacent Speaker and closure by guillotine. "How comes it that the fight in 1837 has to be fought all over again?" asked Mr. Murphy. "The answer is contained in the records of the Tory party. On March 29, 1909, the House of Commons unanimously passed a resolution in favor of a Canadian navy as against an imperial navy. The Right Hon. R. B. Bennett, Hon. Mr. Foster supported it. They spoke on the question in London, Halifax and Toronto, but when Mr. Borden came to Toronto he met Mr. Rogers, then minister of public

DIZZY HEADACHES CURED IN ONE NIGHT

If Troubled With Head-Fullness, Ringing Noises, Specks Before the Eyes, the Stomach is at Fault. Quick Relief and Certain Cure Came From Dr. Hamilton's Pills.

"I had terrible pains in my head. My appetite faded away, and when I did eat anything it disagreed and made me very sick for hours after each meal. The pains in my stomach and the dizzy headaches I had to endure almost set me wild. Sometimes attacks came on so severely that I had to go to bed. I would feel so worn, depressed and utterly miserable that for hours I wouldn't speak to my family. My system was poisoned with wastes and nothing helped me till I used Dr. Hamilton's Pills. Without doubt still be sick, but each day brought me better health and spirits. I was cured and made strong, ruddy, and healthy, and will always use and recommend Dr. Hamilton's Pills."

MRS. E. C. CURRAN, "Westport, P. O."

Thousands who are in an ailing, low state of health need nothing else but Dr. Hamilton's Pills. 25 cents per box, or five boxes for \$1, at all druggists and storekeepers, or the Catarrh-gone Company, Buffalo, N. Y., and Kingston, Ont.

Do You Feel All Tired Out?
Do You Feel Dull and Listless?
Have You That All-Gone, No-Ambition,
Don't-Care-to-Work Feeling
If So You Have Spring Fever

BURDOCK BLOOD BITTERS

Is Without a Doubt

The Best Spring Medicine

It Has Been Used by Thousands Every Spring for Over Thirty Years as A SPRING MEDICINE

soothing to the nerves of one who was nearly branded as one of the criminal classes." Dr. Clark referred to the occasion on the night of the 15th of March, 24 hours after he had spoken in Toronto, when the Speaker of the House of Commons took the chair while the House was in committee.

"My curiosity was aroused at that," he continued, "and being curious, I asked a question: 'What are you doing there?' I asked it again, and the Speaker said, 'I name you.' Dr. Clark said that the emergency present taking one of their periodical rests. The Borden naval policy, he said, was lame, and had not long to live. It was undergoing change. Mr. White and Mr. Borden had both said that in the first place they had never said that this was to be the first of a number of contributions. In the second place, they never said there would not be a Canadian navy. "Neither of these statements is absolutely accurate," Dr. Clark said, "but that is not an uncommon thing in Tory speeches."

To Save Their Faces. "You may say to me: Why did they persist in this contribution? To save their faces. That's all. My opinion of the faces of the present cabinet is not that they are worth anything like thirty-five millions. "They are the apostles of the empire, the great exponents of imperial unity. I want to ask if they had any regard for imperial unity would they have allowed this question to become the question of political strife? It has already been their undoing, and it will very soon be their death. An alliance of which Tories of Toronto cannot be proud. I call that an immoral alliance which comes to Quebec to win by waging that flag. Our policy is now theirs. We and the Senate above that policy. They are afraid to avow it."

Closure Not Passed Yet. Referring to the closure, Mr. Graham asked what would the ladies think of rush a rule. (Laughter.) He asked Sir Wilfrid Laurier to sit down in order that Hon. Mr. Hazen could take the floor. The Government had excused his motion because they thought Sir Wilfrid might move an amendment. "And that amendment," said Mr. Graham, "was simply calling for the revision of the rules to a special committee of the House."

"What is the tribunal that should decide this?" asked Mr. Graham. "The people," was the quick response from all parts of the House. "When should the closure be applied?" he asked again. "Never," came the response.

Dr. Clark's Address. Greeted with cheers, amid which was heard, "Tell it to them, Red Michael!" Dr. Michael Clark, M. P. for Red Deer, arose. "I want to assure you," said Dr. Clark, when the cheers had subsided, "that the warmth of your reception is

himself had been born in the County of Northumberland in England, where he lived for forty years. His grandchildren (a promising crop) would be born in Canada. He objected to the suggestion that his grandchildren as being British-born, what about my distinguished leader?" said Dr. Clark, pointing to Sir Wilfrid Laurier. "You tell me he is French, but there is not a Tory among them that can talk English like him, and he not only talks British, but he thinks British."

The Anti-British. "They speak about his anti-British spirit," said Dr. Clark, continuing his tirade. "What do you think of this? The Empire so very British? Where are they on the trade question? Are they British there? (A voice: No, sir.) Why, they still believe in tariff reform. The thing is as dead as a door nail in Britain. In Britain they go for freedom. Were they British when they linked the fortunes of their party with the followers of Mr. Bourassa, some of whom said you had in this country to spot holes in the British flag before you could breathe freedom."

"I am told I follow an anti-British leader. He has been honored in London by royalty itself. (Cheers.) Isn't pluck a British attribute? Did you ever see a plucky man take a licking like him? (Cheers.) He is the kind of Britisher that I believe in, not the Britisher that waves the flag and uses the flag as a party football, but the Britisher that develops British characteristics and stands for them at all times, and makes no immoral alliance with those opposed to them. (Cheers.) There was not much pluck about the way they treated him in the House of Commons. They know how he talks. They were so frightened to hear him speak that they put a muzzle on him."

The Closure. "That brings me to the closure," said Dr. Clark, "which I was nearly forced to put in the matter of pluck? Worried in argument, beaten in their first crude attempt to put us down by physical force, they stopped the game in the middle to alter the rules. (Loud and long-continued cheers.) "You have got a name in this country which I have learned in my twelve years' residence among you as much pluck, and very expressive it is. You have a name for men who fight the game, whether in football or the higher field of Parliament. 'Cheap sports,' you call them. (Loud laughter.) We have made them cheap sports in argument, and it will be 'dead sports,' (Laughter and cheers.)

Neuralgic Condition of the Nerves

In this age of nervous disorders neuralgia is fearfully common. The first thought is of neuralgia in the head or splitting headache, but neuralgia may affect any part of the body in which there are sensitive nerves.

The teeth are often blamed and extracted in error, when the cause of the trouble is in the impoverished condition of the blood and the starved nervous system.

While neuralgic pains are usually sharp and shooting, and consequently difficult to locate, the seat of trouble is usually sore and tender under pressure.

Neuralgia is pain, and as such is the symptom of a disease—nervous exhaustion. The nerves must be re-

stored before cure can possibly be effected. In many cases neuralgia is easily curable by the use of Dr. Chase's Nerve Food. The patient is thin and bloodless and needs tonic treatment to form new, rich blood.

The application of cloths ringed from hot water will afford relief from the suffering, and the regular use of Dr. Chase's Nerve Food for a few weeks will completely overcome the neuralgic condition.

Powerful drugs are to be avoided, because of their injurious effect in further weakening the nervous system. The Nerve Food cures by building up the feeble, wasted nerve cells, and for this reason is of lasting benefit.

Dr. Chase's Nerve Food

This Hair-Remover Works Like Magic

[Toilet Talks.]

A paste made with water and powdered delectable and applied to the skin will banish hair or fuzz. The paste should be left on two or three minutes, then removed and the surface washed. This leaves the skin hairless, firm and white. If the growth is thick or stubborn, it may require a second application. You can get a small, original package of delectable from your druggist, and all the time, and makes no immoral alliance with those opposed to them. (Cheers.) There was not much pluck about the way they treated him in the House of Commons. They know how he talks. They were so frightened to hear him speak that they put a muzzle on him."

Long Service and satisfaction are assured if you purchase knives, forks, spoons and serving pieces bearing the trade mark.

Detailed Review of Council Proceedings

GUELPH MAN GETS PUBLICITY JOB

R. D. McDonald Appointed Local Commissioner by City Council.
AT SALARY OF \$2,000

Considerable Discussion Occurred and Several Objections Were Made to Appointment and System.

Mr. R. D. McDonald, publicity commissioner for Guelph, was appointed local commissioner of industries by the city council Monday night. Mr. McDonald was recommended for the appointment by the manufacturers' committee, which met in the afternoon but the appointment of an out-of-town man, and indeed the continuance of the department as it exists at present, met with considerable opposition and criticism, which made Mr. McDonald's appointment appear in serious jeopardy during a lengthy and animated discussion. His term of office will begin May 15, his salary will be \$2,000 a year, he will have a telephone installed in his residence at the city's expense, and he will get two weeks' vacation, all of which Mr. McDonald stipulated as the terms under which he would accept the position, which he remains for a second year, which none of his predecessors in office have ever done, he will require a salary of \$2,000.

Some Objections.

Ald. Stein moved that the name of Mr. H. B. Archer be substituted for that of Mr. McDonald. His motion was not seconded.

Ald. Richter then moved that the matter be referred back to the manufacturers' committee. He contended that it was not a matter with which the city council had properly to do. He said ending this amendment, Ald. Richter personally disapproved of the department as constituted. It required too much money. It might be better to bonus the citizens to secure new industries.

"Mr. McDonald may be the right man," said Ald. Richter, "but the board of trade is the natural body to deal with the matter." Ald. Richter did not object to the city contributing towards the salary of the commissioner, or even paying his salary, but communications from prospective manufacturers were usually addressed to the board of trade.

Ald. Bennett's Amendment.

Ald. Bennett pointed out that the board of trade had a representative on the manufacturers' committee. He moved a second amendment that the position of publicity commissioner be abolished for this year. He was in any case opposed to the appointment of an out-of-town man. There ought to be capable men in London for the position, men able to do better work than the last commissioner.

Ald. Spittal declared that the abolition of the department would be a height of folly. True, the matter was expected to do, but the cost of the department levied on the city as a whole was a mere trifle, and as a result property values might be increased 10, 20 and 30 per cent.

Ald. Saunders, in seconding Ald. Bennett's amendment, thought there had been very little accomplished by the department last year. He was spent on buying land for factory sites on the city would have something to offer manufacturers. "The prospects all look pretty light to me," he said.

Mayor Graham said he would be glad to drop the matter now after so much money had been spent on it. "Me and Bill."

"If the other members of the council knew as much about it as the mayor and Ald. Spittal know, they would think differently. No one has felt the disappointments and difficulties, or has been more heartless than we have; but there are some aldermen who criticize what they have never studied. Then they say, 'I believe in a London man,' and get the applause of the gallery."

Ald. Glass thought the department had justified its existence, and he pointed out that a real estate boom had been coincident with the revival of the department. Ald. Moore favored continuing it, at least for another year. Ald. Ashurst would have liked to vote for a local man.

Not Playing to Gallery.

Ald. Bennett said he had no intention to knock the department. "I have been accused of playing to the gallery," he said, "because I favored the appointment of a local man. A native Londoner knows more about the advantages of London than an outsider knows."

Mayor Graham rather lengthily

stated that Chelsea Green land had been bonded by the chairman of the manufacturers' committee, the city solicitor advising that the city had no power to embark in the real estate business, and that several manufacturers were about to locate there.

All of which things we did not know before, said Ald. Saunders, calling for the vote.

The two amendments were supported by their respective movers and one or two others. On the yeas and nays being taken on the original recommendation of the manufacturers' committee the vote stood 7 to 5.

For Mr. McDonald's appointment.

Ald. Moore, Spittal, Johnston, Ashurst, Robinson, Glass, White, Bennett, and Saunders.

At the meeting of the committee in the afternoon H. A. Britton and E. E. Sexsmith appeared before the committee urging their own candidates for the position.

Ald. Stein moved that the names of all the candidates go before the council. Ald. Spittal thought it the business of the committee to select one man. Ald. Johnston moved that Mr. McDonald be appointed.

J. H. Bastia nominated E. A. Poole and Ald. Saunders nominated H. B. Archer.

Ald. Johnston's motion was put and received five votes, with only one in its favor. The vote was then carried by Chairman Spittal, which some of the members contended that they had thought the names were to be voted upon.

GARBAGE CONTRACTS LET BUT NONE FOR THE WALKS; TENDERS FOR DEBENTURES

Only One Offer for the Work of Cement Walks, Gutters and Curbs; Which Council Considers Too High—Contractor Wants Five Years' Contract for Collection of Garbage.

The city council last night did not award the contracts for cement walks, gutters and curbs. There was only one tender, that from W. H. Barney, who wanted 11 cents per square foot for cement walks, being regarded as too high. New tenders will be called for, James Wright & Co. alone submitted a tender for hardware supplies. It, too, was regarded as too high, and the contract was not awarded.

Garbage Contract. Mr. W. J. Ross was awarded the contract for horses and men for the garbage collection service at the following rates: One man and one horse, \$5.50 a day; two men and one horse, \$7 a day. The city solicitor will be asked, on the motion of

Ald. Richter, whether the city has power to enter into a five-year contract, which Mr. Ross asks for.

Tenders for Debentures. A discussion arose over the recommendation of the board of works that no action be taken on the request of Hyman street residents, to close that street, from Richmond to Wellington, to heavy traffic. Ald. Richter held that as it was not a main thoroughfare their request might reasonably be granted. Ald. Saunders and Mayor Graham contended that as the street was ungraded it was not a main thoroughfare and that the general rate, and everybody had a right to use it.

Tenders for the purchase of debentures, amounting in round figures to \$770,000, will be called for.

And the Ontario Legislature having refused to confirm it, it would have to be voted on again.

The 1913 regulations, he pointed out, made no provision for boards of control appointed by city councils, so that London would be without any alternative choice in selecting an executive board of control, proposed that the vote on the bylaw be taken at the same time as some of the other municipal questions, to be voted upon, thus saving the expense of a separate vote being taken.

Some Objections.

Ald. Stein moved that the name of Mr. H. B. Archer be substituted for that of Mr. McDonald. His motion was not seconded.

Ald. Richter then moved that the matter be referred back to the manufacturers' committee. He contended that it was not a matter with which the city council had properly to do. He said ending this amendment, Ald. Richter personally disapproved of the department as constituted. It required too much money. It might be better to bonus the citizens to secure new industries.

Mr. McDonald may be the right man," said Ald. Richter, "but the board of trade is the natural body to deal with the matter."

Ald. Richter did not object to the city contributing towards the salary of the commissioner, or even paying his salary, but communications from prospective manufacturers were usually addressed to the board of trade.

Ald. Bennett's Amendment.

Ald. Bennett pointed out that the board of trade had a representative on the manufacturers' committee. He moved a second amendment that the position of publicity commissioner be abolished for this year. He was in any case opposed to the appointment of an out-of-town man. There ought to be capable men in London for the position, men able to do better work than the last commissioner.

Ald. Spittal declared that the abolition of the department would be a height of folly.

True, the matter was expected to do, but the cost of the department levied on the city as a whole was a mere trifle, and as a result property values might be increased 10, 20 and 30 per cent.

J. GRANT'S BILL JUST A "TRIFLE"

Turns in Account of \$65.15 for Three Days' Trip to Windy City.

IT WON'T HAPPEN AGAIN

Even if Late Publicity Commissioner is Willing to Sacrifice Private Interests in Favor of London.

A modest little account for \$65.15 evoked a modest amount of discussion at the meeting of the manufacturers' committee on Monday. J. Grant Henderson, late publicity commissioner for London, went to Chicago to interview a glove manufacturing company for a year past, had their eyes on London as a desirable location for a branch of their company. An inquiry addressed to the London publicity department was forwarded to Mr. Henderson, who returned it to Mr. Henderson himself would if the manufacturers' committee so desired it, leave the Eversham Pencil Company to worry along by itself for a day or two, and then undertake to hear the rigors of a railroad journey to the Windy City to confer with the president of the glove company on the advantages of London.

Mr. Henderson himself would if the manufacturers' committee so desired it, leave the Eversham Pencil Company to worry along by itself for a day or two, and then undertake to hear the rigors of a railroad journey to the Windy City to confer with the president of the glove company on the advantages of London.

Mr. Henderson himself would if the manufacturers' committee so desired it, leave the Eversham Pencil Company to worry along by itself for a day or two, and then undertake to hear the rigors of a railroad journey to the Windy City to confer with the president of the glove company on the advantages of London.

Mr. Henderson himself would if the manufacturers' committee so desired it, leave the Eversham Pencil Company to worry along by itself for a day or two, and then undertake to hear the rigors of a railroad journey to the Windy City to confer with the president of the glove company on the advantages of London.

LITTLE BOY BLUE FINE LITTLE CHAP

Savage Operetta, at Grand on Monday Night, One of Best in Recent Years.

The presentation of "Little Boy Blue," given by the Henry W. Savage company at the Grand on Monday evening was one of the best musical plays presented in recent years in this city. Unlike many of the New York successes the operetta does not depend upon its metropolitan success, and would score a success without any description of its previous runs.

As is customary with Mr. Savage's offerings, the production was beautiful and striking, while the scenery and chorus were above the average. The plot follows the love affair of a poverty-stricken nobleman, whose creditors have organized a company, and sold him to the highest bidder. This is the Earl of Goherdene, who wishes a title for his American ward. The marquis has fallen in love with Daisy, maid at the Earl's Tabernacle, but before the Earl can marry her, he must first accept the marquis and his liabilities for better or worse. The ward also marries the man of her choice.

Otis Harlan Good. Otis Harlan, as the detective, who acted for the marquis, and who also round the missing heir of Goherdene, is a comedian of the first water, and his continual laughter, he was particularly amusing in the duet, "Two Cocks," with Miss Maud Odell, and his beginning of the evening, "Annie Laine," with Miss Annie Vane, was a delightful surprise.

Miss Kathleen Clifford appeared as Daisy, and while not the possession of a strong voice, her way into the hearts of her auditors by her impersonation of Little Boy Blue. Her first number, "King of the Boudoir," was a song about the evening, and her duet with Mr. Farnum, "Love Never Dies," will be whistled for some time in these parts.

Miss Maud Odell, Kathryn Stevenson, John Dunsmore, Franklin Farnum and Charles Hines were all good in their respective parts.

A New Feature. A new feature in musical plays was introduced in the second act, the scene of which was laid in Goherdene Castle. It was a musical comedy, and was rendered, and also selections on the bagpipes. The best music of the evening, both solo and choral, was at the beginning of the act, "Annie Laine," sang "Comin' Thro' the Rye" in a delightful soprano voice, while Miss Claire Chisholm rendered "Annie Laine" in a contralto voice, the like of which has not been heard in similar plays for some time.

The costumes were beautiful, numerous, ever-changing, but best of all, were fresh and clean. The members of the chorus were young and good-looking, and appeared to take pleasure in their work, which cannot be said about some other choruses that have appeared in this city of late.

Gold medalist—J. Thornley Bowman, City.
Silver medalist—Lee Elliott, St. Thomas.
Third year scholarship—Charles Cornish, Crampton.
Second year scholarship—Gerald Pearson, City.
First year scholarship—Paul Andrus, City.

FOURTH YEAR HONORS.
Bowman, Elliott, Turner, Wright, S. Jones.

THIRD YEAR HONORS.
Cornish, Campbell, McPherson.

SECOND YEAR HONORS.
Pearson, J. S. Young, Fisher.

FIRST YEAR HONORS.
Andrus, Ferguson, Denny.

FOURTH YEAR.
Medicine.
First-Class Honors—Turner, Bowman, Muterer, S. Jones, Wright, Elliott.

Second-Class Honors—Bretton, Lutton, Harris, Avery, Bowen, Overholt, Smith, Yates, Laird, Cuddy, McDonald, Woodford, Scott, McAllister, Aiken.

Pass—L. Jones, Aikenhead, Edmunds.

Surgery.
First-Class Honors—Elliott, Bowman, Wright, Bretton, Muterer.

Second-Class Honors—S. Jones, Turner, Aiken, Avery, L. Jones, McAllister, Bowen, Laird, Aikenhead, Overholt, Cuddy.

Pass—Lutton, McDonald, Edmunds, Smith, Harris, Moore, Yates, Woodford, Scott, McKie.

Obstetrics.
First-Class Honors—Muterer, Elliott, Bowman, Turner, Overholt, Wright, Aikenhead, Aiken, Avery, Lutton, P. Jones, Bretton, McAllister.

Second-Class Honors—Bowen, Harris, S. Jones, Yates, Scott, Cuddy, McDonald, Smith, Laird, Woodford.

Pass—Edmunds, McKie, Moore.

Therapeutics.
First-Class Honors—Turner, Elliott, Poyntz, Bowman, Muterer, Bretton.

Second-Class Honors—Bowen, Aiken, Lutton, Smith, McAllister, Avery, Harris, Cuddy, Aikenhead, S. Jones, Woodford.

Pass—Wright, Yates, Collier, Overholt, Scott, Laird, McKie, L. Jones, Moore, McDonald.

Pathology.
First-Class Honors—Bowman, Elliott, Turner, Muterer, McAllister, Bretton, Wright, Aiken, Yates, Smith, Avery, Aikenhead, Cuddy, S. Jones, F. Jones, Laird.

Second-Class Honors—Harris, Scott, Bowen, Moore, Lutton.

Pass—Overholt, McKie, Woodford, McDonald.

Clinical Medicine.
First-Class Honors—S. Jones,

Bowman, Elliott, Wright, Harris, Turner, Muterer.

Second-Class Honors—Aikenhead, Bowen, Aiken, Lutton, Smith, Overholt, Avery, Laird, L. Jones, McAllister, Yates, Cuddy, Poyntz.

Pass—Bretton, McDonald, Scott, Moore, Edmunds.

Diseases of Children.
First-Class Honors—Turner, Elliott, Bowman, Harris, Wright, Avery, Overholt, Cuddy, Aiken, Collier, Muterer, Aikenhead, Lutton.

Second-Class Honors—Woodford, Scott, Smith, Overholt, Bretton, Yates, S. Jones, Bowen.

Pass—Edmunds, McAllister, Moore, McDonald, L. Jones, McKie.

Gynaecology.
First-Class Honors—Turner, Bowman, Wright, Aikenhead.

Second-Class Honors—Aiken, Bowen, Harris, Avery, McAllister, Cuddy, Laird.

Pass—Lutton, Bretton, S. Jones, Elliott, Smith, Overholt, Yates, L. Jones, Woodford, Muterer, McDonald, Collier, McKie, Scott, Edmunds, Moore.

Clinical Surgery.
First-Class Honors—Muterer, Aiken, Bowen, Wright, Bowman, Poyntz, S. Jones, Turner.

Second-Class Honors—Bretton, Harris, F. Jones, Smith, Aikenhead, McDonald, Avery, Edmunds.

Pass—Scott, Yates, Cuddy, Lutton, McAllister, Woodford, Laird, Moore, Overholt.

Eye, Ear, Nose, Throat.
First-Class Honors—Turner, Aiken, Elliott, Wright, Smith, Muterer, Bowman, Aikenhead, Yates, Bowen, Overholt, Smith.

Second-Class Honors—Laird, Overholt, Cuddy, Collier, Woodford, McAllister, McDonald, Lutton, S. Jones, Avery, F. Jones, Harris, Moore, McKie, Edmunds.

THIRD YEAR.
Sanitary Science.

First-Class Honors—Hudson, Second-Class Honors—Cornish, Bean, Mason, Aiken, Campbell, Leatherdale, Guest, Jones, Guilfoyle, Allison, Loney, Anderson, Bainer, Wilson, Steele.

Pass—McPherson, Doupe, Nixon, Phelps, Siddell, White, Sorrenson, Freeman, McBain, Poisson, Graves, McArthur, Scott, McBaine, Wright.

First-Class Medicine.
First-Class Honors—Hudson, Freeman, Leatherdale, McPherson, Wilson, Campbell, White, Bean, Loney, Jones, Steele, Mason, Anderson, Allison, K. McBaine, Collier, Doupe, Kellor.

Second-Class Honors—Aiken, Ingham, Guest, Guilfoyle, McCormick, Polson, Phelps, Wright, Sorrenson, Orr, Wisner, McArthur, Bainer.

Pass—McFarlane, McBain, Nixon, Martin, Graves, Scott, Siddell, Witlick.

Pathology.
First-Class Honors—Cornish, McPherson, Bean, Jones, Aiken, Polson, Campbell, Wilson, Guest, Hudson, Steele, Phelps, Allison, Loney, Nixon, Sorrenson, McBain.

Second-Class Honors—Anderson, Freeman, McArthur, Wisner, K. McBaine, Wright, Mason, McCormick, Baines, Kellor, Guilfoyle, White, Doupe, Martin.

Pass—Leatherdale, Siddell, Orr, Graves.

Toxicology.
First-Class Honors—Campbell, Cornish, Hudson, Loney, K. McBaine, Aiken, Siddell, Guest, Phelps, Wisner, Nixon.

Second-Class Honors—Freeman, Bean, Guilfoyle, Mason, Ingham, Baines, Kellor, White, Allison, McKie, Polson, Anderson, Doupe, McFarlane, Sorrenson, Wilson.

Pass—Steele, Graves, McArthur, Martin, Jones, Wright, Leatherdale, McCormick, Orr, Scott.

Medicine.
First-Class Honors—Jones, Nixon, Anderson, Cuddy, McPherson, Aiken, Cornish, Guilfoyle, Allison.

Solar Observations Will Be Systematized

[Canadian Press.] Nelson, N. Z., May 5.—The mission of linking together solar observation throughout the world by Miss Mary Proctor, a daughter of the great English astronomer, Richard A. Proctor, who died in New York in 1888, has been brought to a successful conclusion after five years of work, started in 1908. The establishment of a solar physics observatory in New Zealand was assured today by the donation of \$50,000 by Thomas Cawthron, of Nelson, N. Z.

Surgical Anatomy.
First-Class Honors—Cornish, Campbell, Hudson, Bean, Guilfoyle, Wilson, McArthur, McPherson, Steele, White, Loney, Nixon, Aiken.

Second-Class Honors—Poisson, Ingham, Mason, Siddell, Wittick, McFarlane, Anderson, E. McBain, Guest, Freeman, Baines, McCormick, Phelps, Wright.

Pass—Graves, McBain, Doupe, Scott, Sorrenson, Wisner, Kellor, Jones, Martin.

Bacteriology.
Second-Class Honors—Cornish, McPherson, Aiken, Campbell, Bean, Jones, Allison, Loney.

Pass—Hudson, Anderson, Ingham, Wilson, Poisson, Baines, Phelps, Guilfoyle, Doupe, Leatherdale, K. McBaine, W. McBain, Siddell, Sorrenson, Guest, McFarlane, Wisner, Steele, Siddell, Wright, Mason, Graves, Nixon, Martin, McCormick, Scott, Wittick, Kellor.

Clinical Surgery.
First-Class Honors—Cornish, Jones, Doupe, Freeman, Hudson, Ingham, Aiken, Nixon.

Second-Class Honors—Bean, Campbell, Guilfoyle, Leatherdale, Loney, Martin, Mason, E. McBain, Phelps, Siddell, Wright, Allison, Anderson, Graves, McArthur, McFarlane, McPherson, Orr, Poisson, Scott, Steele, Wilson, Baines, Guest, Kellor, K. McBain, McCormick, Sorrenson, White.

Pass—Wisner, Wittick.

Surgery.
First-Class Honors—Guest, Campbell, Bean, Anderson, Cornish, Loney, Sorrenson, Mason, Wilson.

Second-Class Honors—McPherson, McFarlane, Jones, McArthur, Nixon, Poisson, Allison, Mason, Guilfoyle, Steele, Baines, Leatherdale, Doupe, Martin, Aiken, E. McBaine, Wright, White, Phelps, Freeman, Siddell, Graves, Wisner, Kellor, Hudson, Wittick.

Pass—K. McBaine, McCormick, Orr.

Clinical Medicine.
First-Class Honors—Cornish, Wilson, Allison, McPherson, Poisson.

Second-Class Honors—Loney, Sorrenson, Aiken, Campbell, Freeman, Nixon, Anderson, Bean, Hudson, Wisner, Siddell, Steele, Mason, Wright.

Pass—Ingham, Guilfoyle, Doupe, Jones, Kellor, Leatherdale, Guest, E. McBain, McFarlane, K. McBaine, White, McArthur, Phelps, Scott, Martin, Baines, Graves, McCormick.

Descriptive Anatomy.
First-Class Honors—Pearson, J. S. Young.

Second-Class Honors—Fisher, Teifer, McTaggart, McFarlane.

Pass—Taylor, D. R. Young, Scott, Milton, Renton, Walker, Simpson, Wildfang, Phoenix, Stewart.

Practical Anatomy.
First-Class Honors—Fisher, Teifer, McTaggart, McFarlane.

Second-Class Honors—D. Young, Wildfang, Taylor, Phoenix, Walker, McFarlane, Renton, Stewart, Simpson.

Pass—Simpkins, Renton, Stewart, Scott, Milton.

Physiology.
First-Class Honors—Fisher, Pearson, J. Young.

Second-Class Honors—McTaggart, J. S. Young, Teifer, McFarlane, Milton, Phoenix, D. R. Young, Scott, Wildfang, Simpson, Renton, Stewart, Taylor, Walker.

Pass—Scott, Stewart, McFarlane, Wildfang, Simpson, Taylor.

Material Medicine.
First-Class Honors—Fisher, Pearson, J. Young.

Second-Class Honors—Phoenix, Teifer, Walker, McTaggart, D. R. Young, Milton, Renton, Stewart, Taylor, Simpson.

Pass—Taylor, Stewart, McFarlane, Wildfang, Simpson, Taylor.

Practical Chemistry.
First-Class Honors—McTaggart, Phoenix, J. Young, Milton, Pearson, Renton, Saunders, Taylor, Teifer, Wildfang, D. R. Young.

Second-Class Honors—McFarlane, Scott, Simpson, Walker, Mason, Pass—Fisher, Ross.

Chemistry.
First-Class Honors—Pearson, Fisher, J. Young.

Second-Class Honors—Phoenix, D. R. Young, Teifer, Ross.

Pass—Wildfang, Milton, Stewart, McFarlane, Renton, Taylor, Walker.

First Year.
Zoology.
First-Class Honors—Foncar, Ferguson, Shore, Nelson, Penwarden, Andrus, R. S. Murray, McKillop, Ballantyne, Denny, Ecker, McKay, McKillop.

Second-Class Honors—Jones, Renwick, T. H. Murray, Shiell, McNulty, McGuffin, Pollock.

Pass—Pollock.

Botany.
First-Class Honors—Ferguson, Andrus, Foncar, Nelson, R. S. Murray, Penwarden, Denny, Shore.

Second-Class Honors—Mitchell, Renwick, McKay, Ross, Shiell, Ecker, McKillop, T. H. Murray, Jones, McGuffin, Pass—McGuffin, Mitchell, Stewart, McNulty.

Physics.
First-Class Honors—Andrus, Denny, Murray, Ferguson, Shore, Foncar, Renwick.

Second-Class Honors—Penwarden, McKillop, Ballantyne, McNulty, McKay, R. S. Murray, Nelson, Shiell, Ecker, McKay, Pass—McGuffin, Mitchell, Jones, McGuffin.

Material Medicine.
First-Class Honors—Ferguson, Renwick, Denny.

Second-Class Honors—Ross, Shore, Andrus, McNulty, Foncar, Jones, Penwarden, T. H. Murray, Hawking, Ecker, McGuffin, McKillop.

Pass—R. S. Murray, Nelson, Shiell, Ballantyne, Pollock, Saunders, Pollock, Mitchell.

Physiology.
First-Class Honors—Andrus, Ferguson, Denny, Hawking, Ross.

Second-Class Honors—McGuffin, Nelson, Shore, McKillop, Ballantyne, Foncar, Renwick, McKay, Mitchell, R. S. Murray, Pollock, Ecker, Saunders, T. J. Murray, Jones, McNulty.

Practical Anatomy.
First-Class Honors—Foncar, Andrus, Denny, R. Murray, Ferguson, Ross.

Second-Class Honors—Shore, Renwick, Hawking, Shiell, Nelson, McKillop, Ballantyne, Ecker, McKay.

Pass—Jones, McGuffin, Mitchell, Penwarden, McNulty, Mitchell, T. J. Murray, Jones, Saunders.

Descriptive Anatomy.
First-Class Honors—Denny, Andrus, Foncar, Ross, McKay, McKillop, Ballantyne, R. S. Murray.

Second-Class Honors—Ferguson, Shiell, Nelson, Ecker, Renwick.

Pass—McGuffin, Pollock, Hawking, Penwarden, McNulty, Mitchell, T. J. Murray, Jones, Saunders.

LONDON AND DISTRICT

His Wheel Damaged.—A collision occurred between a cyclist and a milk wagon belonging to Mr. Wm. Phoenix at Waterloo and Hyman streets about noon Monday. The cyclist was uninjured, but his wheel was badly damaged.

To Test Ice.—Extra samples of the water from which ice was cut for this season's consumption were taken by Dr. Hutchinson, medical officer of health, on Monday. They will be submitted to the local Institute of Public Health for analysis.
A Cradle Roll.—A meeting of the mothers of children three years of age and under who are connected with Memorial Church will be held this afternoon at 2 o'clock in a cradle roll in connection with the Sunday school. The new department will be in charge of Mrs. Charles Lutz.

Good for Students.—Mr. Parnell Morris, in bringing for recital Thursday night in the Auditorium, Madame Sibyl Sammis MacDermid, had particularly in mind the benefit such recitals are to students. To hear a great artist sing a program of the best songs is worth many lessons to the serious student, and London has too few opportunities of listening to the best singers. Much interest is being shown in this recital and a large audience is assured.

Officers Installed.—The installation of the recently-elected officers of the Epworth League of Memorial Church was held Monday evening in the schoolroom of the church and there was a large number of the members of the league and their friends present. An address "Coming to Christ" was given by Mrs. L. Griffin, and it was much appreciated by those present. The treasurer's report stated that during the past year the league had raised \$53 for missionary purposes.

Shiloh
"The Family Friend for 40 years." A never failing relief for Croup and Whooping Cough.
Upper Lakes Navigation Via Canadian Pacific Steamships.

The Canadian Pacific, commencing May 10th northbound, and May 11th southbound, will operate Great Lakes Steamship Express trains between Toronto and Port McNicoll on the following schedule, with first-class coach and parlor car running through without local stops.
Northbound—Leave Toronto 12:45 p.m.; arrive Port McNicoll 4 p.m., each Monday, Tuesday, Wednesday, Thursday and Saturday, connecting with the Palatial C. P. R. Upper Lakes Steamships leaving Port McNicoll on above days for Sault Ste. Marie, Port Arthur and Port William.
Southbound—Leave Port McNicoll each Sunday and Thursday at 8:45 a.m., arriving Toronto 12 noon, and leaving Port McNicoll Mondays, Tuesdays and Saturdays at 11:45 a.m., arriving Toronto 3:15 p.m. Until Steamship Express goes into commission, connection is made with Upper Lakes Steamships by leaving Toronto 9:45 a.m.

Full particulars from any C. P. R. agent, or write M. G. Murphy, district passenger agent, Toronto; W. Fulton, city agent, corner Dundas and Richmond streets.

Judge Gives Order In Shaw-Wood Case
Toronto, May 5.—Judge Falconbridge today in single court gave an order declaring that Richard Johnson Shaw-Wood and Isabella Johnson Shaw-Wood are entitled to be paid their shares on or before June 1, 1913, out of the portions of cash and mortgages held by the London and Western Company and of investments made by the company, notwithstanding that they have not attained the age of 20 years. G. W. Mason appeared for the applicants and J. Meredith, London, for the plaintiff company.

SHORT \$50,000
Investigation Into School Board Affairs Is Being Held at Vancouver.

[Canadian Press.]
Vancouver, B. C., May 6.—Investigation into Vancouver's school board affairs is drawing to a close. Magistrate Alexander, who is presiding over the court of inquiry, placed the shortage at forty thousand dollars. Two trustees, W. E. Pomeroy and George J. Dyke, did not appear when the magistrate called for their attendance.

Cure Your Sore Throat
Nerviline Will Do It

Blessed Relief Comes Quick, You Get Comfort, Every Pain Disappears.
"Experience has taught me that the quickest way to cure a sore throat is with Nerviline," writes Mrs. Enoch P. Maclean. "My children always seem to get wet feet and stay out in the cold and in consequence I have to keep a good household remedy handy. I rub in Nerviline almost every hour, give the children say twenty drops in hot sweetened water, and make them gargle with it. I have yet to see the cold this won't break up quickly."
From the La Have Islands, N. S., Mrs. John Waddell writes: "We have been using Nerviline for about nine years, and find it excellent. When we find any of us getting a cold we take Nerviline in hot water. It is a sure relief for it, and is also an instant relief for internal pains. I have the remarkable pain-subduing power of Nerviline and its ability to check colds, influenza and sore throat is unequalled. Every home should have Nerviline handy on the shelf for sudden illness at night, like cramps or internal pains. Large family size, 50c; trial size, 25c; at all storekeepers or druggists, or the Catarrhzone Company, Kingston, Ont.

LEAVING IVAN
Mr. and Mrs. Archibald Graham Were Pleasantly Surprised.

[Special to The Advertiser.]
Ivan, May 6.—Mr. Arch J. Graham, who has sold his farm and is going west, was tendered a farewell by his friends and neighbors recently. Guests were present from Stratford, London and other places.

Mr. Graham was presented with a handsome secretary, and Mrs. Graham with a beautiful music cabinet. A program of music and speeches, including a banquet lunch furnished by the ladies.

Rev. John McGugan is building a new barn, and has the frame nearly ready to raise.

Scour fever has closed the Poplar Hill School, and one of the churches, owing to the family of the minister being affected.

Measles have been epidemic in Ilderton and vicinity for the past two weeks.

Mr. I. B. Whale, county representative, was here recently, calling on the leading fruit growers. He was accompanied by his deputy, Mr. Stark, of Chatham. It is the intention of Mr. Whale to give lessons and demonstrations on the best packing of apples some time during the season.

PRACTICALLY GIVEN UP TO DIE

"Fruit-a-tives" Cured Kidney and Bladder

Williamstown, Ont., July 27, 1910.
"I have much pleasure in testifying to the almost marvellous benefit I have derived from taking 'Fruit-a-tives.' I was a lifelong sufferer from Chronic Constipation, and the only medicine I ever secured to do me any real good was 'Fruit-a-tives.' This medicine cured me when everything else failed. Also, last spring, I had a severe attack of Bladder Trouble, coupled with Kidney Trouble, and 'Fruit-a-tives' cured these complaints for me, when the physicians attending me had practically given me up.
I am now over eighty years of age and I can strongly recommend 'Fruit-a-tives' for Chronic Constipation and Bladder and Kidney Troubles."
JAMES DINGWALL.

"Fruit-a-tives" is the only medicine in the world made of fruit juices—and is the most potent kidney, bladder and liver medicine ever put on the market.
50c a box, 6 for \$2.50, trial size 25c. At dealers or sent postpaid on receipt of price by Fruit-a-tives, Limited, Ottawa.

Apparatus Which Caught Titanic Message Burned

[Canadian Press.]
St. John's, Nfld., May 6.—The fire which destroyed the wireless station at Cape Race last night started through a spark from the sending apparatus situated on the side of the wooden building in which the apparatus was installed. The blaze spread so quickly that the operators had no time to save the equipment, and the building was consumed with all the contents. The aerial was not damaged.

The station is one of the best known on the North Atlantic coast, and the company will install a temporary equipment at \$10,000. The loss is placed at \$10,000.

It was through the Cape Race station that the first news of the collision with the iceberg which resulted in the loss of the steamship Titanic reached the world a little over a year ago.

ALTRUISM URGED AS RIGHT IDEA FOR YOUNG PEOPLE

Annual Convention of Presbyterian Societies Hear Stirring Addresses.
Reports Show the Association To Be in a Flourishing Condition—Monday's Session.

Monday afternoon and evening the young people of the Presbytery of London met in annual convention in the King Street Presbyterian Church. In the afternoon Mr. L. Summers, president of the King Street Guild, welcomed the delegates to the church and the city. Rev. J. Hosie, president of the presbytery, replied for the delegates. Reports were received from 22 societies in the local union, showing marked increase for the past year. An address was given on "The Future Union in Missions of the Presbyterian Church" by Rev. J. C. Robertson, conducted a discussion on the standard of excellence for Young People's Societies. He advised that the society should make an annual canvass for new members, and have an installation service at the beginning of each year. Throughout the program several selections were sung by the choir of the church.

The Evening Session.
At the evening session Rev. J. G. Stuart led in the devotional exercises after which the business of the city union was transacted. Rev. J. C. Robertson spoke on "A Missionary Policy for the Individual Society." As a motto he gave the convention the words "Something Better." He said that the right way to get young people interested in the missions of the church was to work along the lines of natural interest. "Appeal to the altruistic spirit of young people, appeal to all that is unselfish in their nature, and you will be following the lines of natural interest. It is the difficult task that appeals to the young man and woman. The society will fail if they do not work along the natural interest principle. Money should not be the plea to make to the young people; the appeal to the altruistic spirit is more potent. Real missionary activity is telling the love of Christ to someone else."
At the close of Mr. Robertson's address an appeal was made to the convention to raise \$5,000 for missions this year.

"Belong to the Kingdom."
Rev. J. A. Wilson, of Hamilton, gave an address entitled "Belonging to the Kingdom." In the course of his talk Mr. Wilson said: "Don't think that religion is something to get you into heaven when you die. You must do what you can on earth to advance God's kingdom. We should give to others the chance to get to heaven that we have ourselves. The world wants heroes who have the courage of their convictions, who stand foursquare to the winds that blow; who can say 'no' when evil confronts them in its most alluring form. Christians today, too, often haul down their colors in the presence of the enemy. Even the rat will come from its hole sometimes, surely we have more self-assurance than that."

FATAL TYPHOID.
[Canadian Press.]

Winnipeg, May 6.—Albert S. Wallis, formerly of the T. Eaton Company, Toronto, and recently transferred here, died in the hospital Monday after a short illness from typhoid fever. His funeral will be held Tuesday.

KILLED BY AN AUTO.
[Canadian Press.]
Winnipeg, May 6.—Clara Pritchard, aged 6, was run down by an automobile while playing in front of her home, Pritchard avenue, and died in ten minutes.

100 PERSONS CURED OF ECZEMA

Within the past few months over 100 persons have written to the Zam-Buk Co. reporting their cure of eczema, rashes and skin diseases by Zam-Buk!

Does this not prove that Zam-Buk is something different?

Don't you need it in your household?

Miss Mary McCaig, 913 St. Catherine Street W., Montreal, says: "I do not know words powerful enough to express my gratitude to Zam-Buk. Eczema broke out on my scalp and hands. The irritation of the scalp was so bad that I could not sleep or rest, and I feared I should have to have my hair cut off. On my hands the disease appeared in sore patches, the burning and itching of which drove me many times to spells of weeping. I went to the dispensary, but they referred me to a skin specialist, who said that mine was as bad as a case of eczema as he had seen. He gave me some ointment, and then a second lot, but neither gave me any relief."

"I was in a very bad condition when Zam-Buk was introduced, but I soon found that it was different from all the other remedies. I persevered with the Zam-Buk treatment, and much to my surprise and joy, the irritation and smarting soon disappeared, then the sores began to heal, fresh skin grew over the parts which had been sore, and I am now quite free from all traces of eczema, both on head and hands. My hair has now grown again."

Zam-Buk is also a sure cure for piles, eruptions, itching, eczema, and all skin diseases. It is sold by all druggists and dealers, or Zam-Buk Co., Toronto, by post. Refuse substitutes.
