

5TH YEAR. NO. 23033

THE LONDON ADVERTISER, LONDON, ONTARIO, THURSDAY EVENING, MAY 26, 1921. 96 COLUMNS

ONT. GOVT. OFFERS REWARD FOR CAPTURE OF GARFIELD

JAIL OFFICIALS KEEPING CLOSE WATCH ON THE MURRELL BOYS

Will Not Have Chance To Emulate Norman Garfield.

IN FINE CONDITION

Wrestle With Each Other Every Day To Keep in Shape.

After having been at loggerheads for a week, William and Sidney Murrell, prisoners in the county jail, who are charged with murder, have patched up their differences with Henry Jack Williams, who is also to face a murder charge when the fall assizes commence.

Some time ago Williams objected to the treatment that he was receiving from his cell-mates, and asked to be put in a separate cell. Since that time the brothers have decided to accord him better treatment, and he has returned to their ward. The trio are charged with the murder of Russell Campbell at Meibourne on April 11.

Although the three men are in the pink of condition from daily wrestling and boxing, officials at the jail promise that they will not be allowed to follow Garfield's example and escape. Garfield, it is said, is not in good condition, for he has taken little exercise since his confinement first began.

The three local prisoners are not so boisterous as they were when Murphy and Wafer, who are serving two years each at Burwash for their part in an auto theft, in which the Murrell brothers participated, were with them. The officials say that the departed prisoners were responsible for much of the mischief. Murphy, it was said, was not unlike a circus clown, for he had a habit of practicing all kinds of acrobatic stunts.

ATTEMPT MADE TO KILL KING OF BULGARIA

Bomb Thrown From Window Injures School Children.

Sofia, Bulgaria, May 26.—A bomb was thrown from the window of a house near the royal palace today as King Boris stood on the balcony of the palace reviewing a procession composed largely of school children. The explosion injured ten of the schoolboy paraders.

Attributing the outrage to Communists, a mob ransacked the Communist Club and set the building afire.

LET ALD. DRAKE RAVE, SAYS ALD. W. WILSON

"We Shall Not Touch Street Railway Tracks On Stanley Street," He Declares.

WILL PAVE THE STREET

Up To Street Railway To Take Care of Own Property.

"We shall not touch the tracks of the street railway on Stanley street," declared Ald. W. A. Wilson, chairman of No. 2 committee, emphatically today. "No matter how much Ald. G. B. Drake may rave about it, we have no money to do it, and secondly, we are certainly not going to take any chances on a lawsuit."

"We will go ahead with the paving of the street on both sides of the curb to 18 inches on each side of the curb, and it will be up to the street railway company to take care of their own property. I don't suppose that they have any money to spend on paving their tracks, but they can fill in with gravel properly packed."

"I have no doubt at all that the company would be only too pleased to see us do their work for them. We shall certainly not interfere with the tracks. We have no money to buy rails, and we are not going to take the risk of claims for damages which might follow any accident that might happen after we had changed the rails, as Ald. Drake would have us do."

The tracks belong to the street railway, and they are responsible for the keeping of them in proper condition, and on the company lays all responsibility for any accidents. If we interfered with the tracks all these responsibilities would be shifted onto our shoulders, a condition that we are not prepared to accept."

Ald. Wilson added that another piece of paving which would have to be done this summer was that on Richmond street north, which had been held up pending the construction of the sewers. This has been completed and the paving can now be done.

EXONERATED FROM RESPONSIBILITY IN MOTOR ACCIDENT

[Special To The Advertiser.]

Lucan, May 26.—James Ward, of this village, was exonerated from all responsibility in connection with the death of Mrs. Walter Sovereign, also of this village, who died as a result of being struck by a motor car driven by him on the evening of May 19. Twelve eyewitnesses were heard and after their testimony had been taken the jury rendered the following verdict:

"That Edith Sovereign came to her death from injuries sustained by being struck by a motor car on the evening of May 19, 1921, on Main street, Lucan, said car being driven by James Ward of Lucan, and from the evidence submitted we are agreed that the accident could not have been avoided, and that the driver of said car, James Ward, was in no way to blame for the accident."

Crown Attorney J. B. McKillop, of London, conducted the case for the crown.

WESTERN UNIVERSITY ANNUAL CONVOCATION DINNER

Flashlight photo of members of the graduating class in arts and medicine of Western University, with speakers, taken in the Tecumseh Hotel on Wednesday evening. The graduates in arts are in the foreground, while the medical students are arranged on the left side of the table in the background. Dr. J. E. Saunders of Ottawa and Prof. W. D. Henderson of the University of Michigan, who addressed the guests, are seated at the left centre of the table.

BUYS B. C. TOWN; WILL CONVERT IT INTO MODEL PLACE

Nikola, B. C., May 26.—The town of Nikola has been sold to Major Charles Sydney Goldman, former member of the British Parliament, and a well-known South African capitalist.

It is shortly to be converted into a model English town, a perfect village green to replace the present business section. The purchaser is living in the court house, and among the other large properties taken over by him are the postoffice building, the entire A. E. Howes estate and the store buildings.

Major Goldman in addition has secured upwards of 20,000 acres surrounding the town, and among other projects under contemplation is an up-to-date summer resort for tourists, to be located along the Nicola Lake. Some thousands of acres of land will be put under cultivation at once, an irrigation system to be installed from the several small lakes on an elevation some distance from the town. These will be dammed, and a storage has been provided. On the remainder of the outside land several thousand head of cattle will be allowed to run.

Major Goldman is well known in Canada and the United States through his many publications.

WINS GOVERNOR-GENERAL'S MEDAL

CATHERINE M. SABINE, London girl, graduating in Arts at Western University this week, who captured the Governor-General's medal for fourth year English and History.

EXONERATED FROM RESPONSIBILITY IN MOTOR ACCIDENT

[Special To The Advertiser.]

Lucan, May 26.—James Ward, of this village, was exonerated from all responsibility in connection with the death of Mrs. Walter Sovereign, also of this village, who died as a result of being struck by a motor car driven by him on the evening of May 19. Twelve eyewitnesses were heard and after their testimony had been taken the jury rendered the following verdict:

"That Edith Sovereign came to her death from injuries sustained by being struck by a motor car on the evening of May 19, 1921, on Main street, Lucan, said car being driven by James Ward of Lucan, and from the evidence submitted we are agreed that the accident could not have been avoided, and that the driver of said car, James Ward, was in no way to blame for the accident."

Crown Attorney J. B. McKillop, of London, conducted the case for the crown.

BELIEVE GARFIELD SPENT NIGHT IN CLUBHOUSE OF LONDON ROWING CLUB

Caretaker William Giles Accosted by Stranger in the Growing Darkness—Positive That Man Was Escaped Murderer—Door Broken Open During the Night and a Bed of Towels and Jerseys Prepared.

That Norman Garfield spent the night in London after his spectacular daylight escape from the Woodstock jail, and not unlikely had breakfast at a certain house on Bathurst street, is the firm conviction of William Giles, caretaker of the London Rowing Club.

Speaking to The Advertiser today Mr. Giles stated that he was so impressed by the actions of a strange visitor to the clubhouse last evening that he acquainted the police with the details.

"I was working quite late last evening," says Mr. Giles, "and it was nearly dark when I heard some person approaching from the direction of the bowling green. I was on my knees at one of the flower beds, and merely turned my head to see who it was, but did not rise to my feet. The man passed me after a slight hesitation, as though he was somewhat confused by finding any person around the building. He volunteered the explanation hurriedly, however, that he was 'expecting a call,' and continued to the extreme west end of the grounds and seated himself on one of the benches."

"In a short time, as it was rapidly growing dark, I had decided to leave the premises when a member of the club noticed the stranger, and asked me who he was. We talked the matter over for two or three minutes while we were on the front lawn of the club. When determining to ask him his business we turned toward the rear of the building only to discover that the man had disappeared. A thorough search of the outbuildings and grounds failed to reveal his presence, and as he did not pass out by the front entrance, and could not cross the river he must have hid himself along the bank."

Arriving at the clubhouse this morning, Mr. Giles discovered that a door had been broken open by some individual, who evidently spent the night there. Towels and jerseys, the property of the club members, had been removed from the lockers to prepare a comfortable resting place on the floor, while a pair of shoes also removed from a cupboard had apparently been tried on and discarded as useless.

Mr. Giles does not know Garfield by sight, and as he was afforded only a fleeting glimpse of the stranger, over his shoulder, he did not get a full view of his face. His clothes, however, he says fitted the description given, and he wore a soft hat. Mr. Giles did not know at that time that Garfield was at liberty.

The police are inclined to believe that the latter would hardly dare to return to London, but the fact that a certain woman acknowledged as a friend of his, and not unlikely to aid in his escape, with money and clothes, has for three or four nights past maintained a lonely vigil on the riverbank in the vicinity of the clubhouse, lends considerable weight to Mr. Giles' story.

FIVE OUT OF SEVEN BUILDING PERMITS WERE FOR DWELLINGS

Total For Month Now Stands At \$317,625.

Seven building permits were issued Wednesday by Building Inspector Piper, no less than five of them being for dwellings ranging in stated values from \$5,000 to \$15,000. The average for each of the seven permits was \$1,700. These permits bring the total issued to date this month to 129, with a stated value of \$317,625, as compared with 180 permits valued at \$266,655, for the whole of May, 1920.

The permits issued were as follows: C. Hodgins, 11 Walnut, garage, \$100; J. H. Chalmers, Rahut, bridge, \$5,000; W. C. Giles, Hamilton road, frame dwelling, \$2,000; E. Grant, St. Julien, frame dwelling, \$1,500; F. J. Spettigue, 184 Simcoe, frame dwelling, \$1,600; Mrs. Jacobs, Chester, stone dwelling, \$1,000; John Wilson, 176 Richmond, frame shop, \$200.

WILL OPPOSE REDUCTION

Ottawa, May 26.—At a mass meeting of over 1,200 members of the different unions engaged in the building trades industry, held here last evening, a resolution was adopted expressing determination to oppose to the limit any movement to bring about a reduction in existing wage scales. The meeting also went on record as being ready at any time to enter into negotiations with the contractors in order to bring about a settlement of the strike, which has now been in effect since the first of the month. Several Montreal and Hamilton men were among the speakers.

FACING FAMINE BUT STILL GAY LIFE PREVAILS

Constantinople, May 26.—Although gay life prevails in nearly all the cities of the Caucasus region, the people are said in advice received here to be literally dancing on the edge of a volcano. Famine is expected in June or July, and under the surface there is a deadly fear of a reign of terror.

Theatres, concerts, lectures, dancing parties and other places of amusement are wide open everywhere, but bread is costing 6,000 rubles per pound, while 12,000 rubles is required to purchase a pound of sugar.

M. Pankrakov, who was installed as commissary at Baku by the Bolsheviks, and who is alleged to have been responsible for a veritable reign of terror, has been transferred to Batum.

REV. B. H. ROBINSON IS PRESENTED WITH A PURSE OF GOLD

Annual Report Shows Church To Be In Flourishing Condition.

A pleasant feature of the annual meeting of the Memorial Methodist Church, held on Wednesday evening, was the presentation of a substantial purse of gold to Rev. B. H. Robinson, the pastor, who leaves the latter part of June to take up a charge at Leamington. Mr. Robinson having filled his four-year term at the Memorial Methodist Church. The purse was accompanied by an address read by John Francis, R. T. Hardy made the presentation.

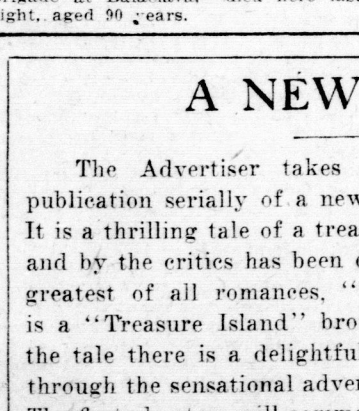

Mrs. Robinson was also presented with a lovely bouquet of roses on behalf of the ladies of the congregation by Mrs. J. Scandrett.

Regret was expressed at the departure of Mr. and Mrs. Robinson from London, the church having flourished exceptionally well during Mr. Robinson's pastorate. A new organ is one of the many improvements to the church during the four years. Refreshments were served afterwards by the ladies of the congregation. Excellent reports of all the departments of the church were submitted, showing the church to have improved financially as well as in membership.

GENERAL WRANGEL TO LIVE IN JUGO-SLAVIA

Belgrade, May 26.—Gen. Baron Peter Wrangel, former anti-Bolshevik leader in the Crimea, is expected here by the end of next week with his staff. He will take up his residence at Karlovo, on the Danube, 30 miles from Belgrade. The Belgrade Government recently gave Gen. Wrangel and his staff permission to reside in Jugo-Slavia.

LONDON STUDENT WINS EDWARD BLAKE PRIZE

CECIL C. CARROTHERS, of this city, a member of the graduating class in Arts at Western University, who has been awarded the Edward Blake prize.

POLICE IN ALL PARTS OF PROVINCE ON WATCH FOR ESCAPED MURDERER

HOW GARFIELD SUCCEEDED IN GETTING AWAY

Overpowered Guard and Took Keys From Him.

MINISTER'S EXPLANATION

Declares He Was Dumb-founded—Forgot To Raise Alarm.

[Special To The Advertiser.]

WOODSTOCK, May 26.—Norman Garfield, murderer of Ben Johnston, condemned to die on June 2, is tonight a free man. He made his escape from the local jail at 5:35 this afternoon, and at a late hour had not been located, although the country has been scoured by police and auto parties for miles around. The escape was effected in a comparatively simple manner when it is considered that Garfield was a condemned man, under guard continuously.

The story, as told by officials and others tonight, runs as follows: This afternoon, Rev. Mr. Gaetz, Garfield's spiritual adviser, was paying the condemned man his usual afternoon visit. About 5:20 the minister decided to go,

NORMAN GARFIELD, who made a sensational getaway from Woodstock jail on Wednesday afternoon.

and called to the guard at the end of the corridor to come and let him out. Guard Ball went into the top corridor, and making his way to Garfield's cell unlocked the door and let the minister out. They had retraced their steps only a short distance when the minister remembered leaving his hat in Garfield's cell. The guard went back into the cell and secured the hat. Rev. Mr. Gaetz then walked down the corridor, leaving the guard standing just inside the cell door. He had reached the bottom floor and was waiting for the guard to come and let him out. Soon he heard footsteps approaching through the corridor. He looked around, and there, just behind him, stood Garfield.

The minister exclaimed: "Have you gone crazy, Norman?" The latter did not answer, but proceeded to the main door, about fifteen feet away. Here he took the keys he had taken from the guard and was in the act of unlocking the door, when the minister again approached him. "Have you gone clean crazy, Norman?" he repeated. The answer was "Stand back" and with a sudden swing of his arm Garfield pushed Mr. Gaetz away.

Before the pastor could recover himself the murderer had unlocked the door and was away across the plot of Continued on Page Eleven.

INDICATIONS OF OIL

Calgary, May 26.—An oil seepage of some extent has been uncovered on the Highwood River, 35 miles south of Calgary. The seepage shows oil of a high grade. It is in the same field as that in which the Dingman wells are located, and in which the Imperial Oil Company is now drilling.

CRIMEAN VETERAN DIES

St. Catharines, May 26.—William Richardson, a Crimean veteran and an eyewitness of the "charge of the Light Brigade" at Balaclava, died here last night, aged 90 years.

A NEW STORY

The Advertiser takes pleasure in announcing the publication serially of a new story, "Spanish Doubloons." It is a thrilling tale of a treasure hunt in the South Pacific, and by the critics has been declared a close second to that greatest of all romances, "Treasure Island"; in fact, it is a "Treasure Island" brought up to date. Throughout the tale there is a delightful vein of humor, and weaving through the sensational adventures is a charming love story. The first chapters will commence tomorrow and daily thereafter will appear in liberal installments that will be in all editions.

Dragnet Has Been Spread For Miles In All Directions—Garfield Was Last Seen Driving the Stolen Ford Car Through Hickson Village At a High Rate of Speed—Spiritual Adviser, Rev. Mr. Gaetz, Relates the Circumstances in Connection With Getaway—Inspector Dunlop Opens Probe At Woodstock Jail.

Toronto, May 26.—The Government decided today to offer a reward of \$1,000 for the capture of Norman Garfield, who made the sensational escape from his death cell at Woodstock last night. The cabinet council met this morning to deal with the case, and arrived at its decision towards noon.

The attorney-general decided also to apply for a postponement of the hanging, which was to have taken place next week.

Previous to the meeting of the council the provincial police marked time. Commissioner Elliott had had no report on the case and waited instructions.

Afterwards, however, the attorney-general called the commissioner to his office, where they had a long conference. One inspector then left for the scene of the hunt, though his name was not given.

[Special To The Advertiser.]

Woodstock, May 26.—Notwithstanding the fact that a police dragnet has been spread for miles in all directions, there is no trace of Norman Garfield, the condemned murderer, who escaped from Woodstock jail yesterday afternoon. Garfield was last seen driving at high speed through Hickson, eight miles north of here, in a Ford car stolen from Elmer Hossack of this city. The tank of the car contained five gallons of gasoline, enough to carry Garfield at least 100 miles.

The investigation into the circumstances surrounding the escape was opened this afternoon by Inspector Dunlop.

REV. WILFRED GAETZ SAYS HE ACTED AS HE THOUGHT BEST

Woodstock, May 26.—Rev. Wilfred Gaetz, spiritual adviser to Norman Garfield, escaped convict, was interviewed today concerning the action he took yesterday when he witnessed Garfield go out the door at the jail without following him and giving the alarm to the people who were across the street on the park. Mr. Gaetz said: "I was not Garfield's guard. It was not my place to follow him out on the street and give the alarm. In fact, after Norman knocked me back, I had not fully recovered before he had unlocked the door, was outside and had slammed the gate shut again. I did what I thought was my duty and ran back to find the guard, for whose safety I was concerned. I did not know what might have happened him. When I reached the stairs I yelled to him, and hearing his voice above, went to him. I found the cell key in the door, unlocked it and released the imprisoned man. I think I took the proper course, and believe the jail officials will bear me out in the action I took."

"I believed Norman Garfield's story that he did not intend to kill Ben Johnston" was his answer to a question as to why he had intervened himself in trying to secure a reprieve for a man convicted of murder in the first degree.

"I thought him guilty of the lesser crime of manslaughter, but surely not of murder."

One 'Call Down' Is Permitted

Jefferson City, Mo., May 26.—Telephone subscribers have a right to use abusive language at least once to telephone operators when connections are not satisfactory. The state public service commission so ruled today in ordering the Carlow Telephone Company to restore service to George H. Oxford, a Davies County farmer. Oxford's telephone had been removed following an altercation with a young man in charge of the exchange at Carlow.

In making the ruling the commission stated that a single instance of abusive language was not grounds for discontinuance of service.

LOYALISTS ELECTED

Belfast, May 26.—Thomas Moles was the first member elected to the new Ulster Parliament for South Belfast. The return of three other loyalists in that section is practically certain.

THE WEATHER

LOCAL TEMPERATURES.

Following are the highest and lowest temperatures recorded in London during the 24 hours previous to 8 o'clock last night: Highest, 69; lowest, 57.

The official temperatures for the 12 hours previous to 8 a.m. today were: Highest, 66; lowest, 49.

TOMORROW—TURNING WARMER.

Toronto, May 26—8 a.m. Forecasts.

Light to moderate winds; generally fair today and on Friday, with a little higher temperature in some localities.

Temperatures.

The highest and lowest temperatures during the 24 hours previous to 8 a.m. today were:

Station	High	Low	Weather
Victoria	56	44	Clear
Calgary	50	40	Fair
Winnipeg	50	40	Fair
Port Arthur	70	48	Cloudy
Perry Sound	66	48	Foggy
Toronto	65	48	Cloudy
Kingston	51	44	Clear
Haze	51	44	Clear
Ottawa	56	38	Clear
Montreal	56	48	Clear
Quebec	74	44	Clear
Father Point	56	40	Cloudy
St. John	55	40	Fair
Halifax	64	49	Fair

Weather Notes.

Pressure is highest on the British Columbia and United States North Pacific coast, while shallow depressions are centered in Saskatchewan, Iowa and off the New England coast.

Showers have occurred in many parts in Saskatchewan and more locally in Ontario, Quebec and the Maritime Provinces.

WESTERN "U" EXAM RESULTS; CATHERINE M. SABINE WINS GOVERNOR-GENERAL'S MEDAL

Cecil C. Carrothers Captures Edward Blake Prize, While
Rose Sanders Wins the Alumnae Scholarship — All
Members of Graduating Classes Successful.

Final examination results at Western University, which includes Medicine, Arts, Public Health, Assumption College, Sandwich, and Brescia Hall of this city, the latter two being affiliated Roman Catholic institutions, were announced for publication today. The Governor-General's medal for fourth-year honor English and history has been awarded to Catherine Mary Sabine, while Cecil C. Carrothers captured the Edward Blake prize. Both these students are Londoners and members of the graduating class in arts.

Several other scholarships and prizes, including the Typographical Union gold medal for second-year English composition, won by G. A. Wright, are announced by Dr. K. P. R. Neville, registrar at Western. He states that in a few isolated instances, the papers written in special subjects have not been read in time to incorporate the results in this report. But these results as well as the detailed reports of all the examinations will be mailed from the registrar's office to the candidates concerned within the next two or three weeks.

All members of the graduation classes in arts and medicine passed their examinations successfully. The three faculties of Western University, Arts, Medicine and Public Health, met yesterday afternoon and recommended to the senate that the following candidates receive their respective degrees:

DOCTORS OF MEDICINE.
Walter Graham McEwen.
Grant Weldon Duffin.
Andrew Wilfred Harding.
Sebert Guest Henry.
Kenneth Harry Johnston.
James Reginald McGeech.
Elmore Leonie McIntosh.
Percy Claine Finlay.
Mantley Gustaf Peever.
George Victor Simpson.
John Henry Wallace.
Russell Ambrose Waud.

DIPLOMA OF PUBLIC HEALTH.
Thomas James McNally, M.D.
CERTIFICATE OF PUBLIC HEALTH NURSE.
Florence Wraugh.
Constance Alexandra Fraser.
Bertha Margaret McIntosh.
Catherine Elizabeth Irwin.

BACHELOR OF DIVINITY.
Henry Charles Light, B.A.
BACHELOR OF LAWS.
Frank Hartley Curran, B.A.
BACHELORS OF ARTS.
Edward William Allor.
Helen Gordon Baker.
Kathleen Braithwaite.
Frances Mary Brownlee.
Cecil Cyril Carrothers.
William Thomas Laverne Churchill.
Joseph Aylward Francis Cook.
Hugh Gustin Emrick Crosby.
Percy Claine Finlay.
Wilfrid Francis Garvey.
Margaret Allan Gemmell.
Ruth Clara Hicks.
Edith Clare James.
Kathleen Margaret James.
Margaret Anne McIntosh.

COLLEGE OF ARTS—THIRD YEAR.
Catherine Campbell.
Helen I. Carrothers, C. W. Chapman.
H. W. Dalgleish, W. E. Dillon, W. Dwyer, J. J. Hall, W. J. Hodder, F. J. James, R. LaPorte, W. W. Priddle, W. R. Parson, Rose Sanders, Blanche Tancock, Geraldine Webster.

COLLEGE OF ARTS—HONOR COURSES.
The details of the results of the examinations in the honor courses are as below. The standard for Class I is 75 per cent; for Class II, it is 65 per cent; and for Class III, it is 50 per cent.

First Year.
English—Class I, W. K. Ferguson, Helen Allison; II, Mary Case and Jessie MacFarlane (equal), Eleanor W. Barrow, W. H. H. Crump, Jean Bartram.
French—Class I, Helen Allison, W. K. Ferguson; II, Jessie MacFarlane; III, Mary Case, Eleanor W. Barrow, Jean Bartram.
German—Class I, Helen Allison.
Spanish—Class I, Jean Bartram, Jessie MacFarlane, Mary Case.
Latin—Class I, W. H. H. Crump.
History—Class I, W. K. Ferguson; II, W. H. Crump, Helen Allison and Jessie MacFarlane (equal), Jean Bartram.
Mathematics—Class I, H. James, Miss Scanlan, Miss Nugent.
Geology—Class I, Miss Scanlan, T. H. James; II, Miss Scanlan.
Physics—Class I, Gladys Ruett, Edith Jones, H. H. A. Epplert, H. H. Epplert, Beryl Attridge, R. E. Linton.
Chemistry—Class I, T. H. James; II, Miss Scanlan, Miss Nugent.
Commercial Economics—Class I, N. Bailey, K. W. Totten, W. C. Beamer; II, A. G. Talbot, B. D. Nimmo, K. Braithwaite, A. D. McWilliam, H. C. A. Houghton, R. Harper, J. Dockstead, Miss Hill, G. R. Dean, A. B. Baker, T. W. Cowley.
Second Year.
English—Class I, Miss McIntosh, Jean Waud, H. H. H. Crump, Miss A. Epplert, H. H. Epplert, Beryl Attridge, R. E. Linton.
French—Class I, Miss McIntosh; II, Miss Scanlan, Miss Walker.
German—Class I, Miss McIntosh; II, Miss Walker.
Spanish—Class I, Miss McIntosh; II, Miss Scanlan.
Latin—Class I, Miss McIntosh; II, Miss Scanlan.
History—Class I, Miss Battle, Miss Berdan, C. MacCallum.
Geology—Class I, Miss Battle, Miss Berdan, C. MacCallum.
Physics—Class I, Miss Battle, Miss Berdan, C. MacCallum; II, C. Smith, K. Thomson; III, Miss Berdan, C. MacCallum.
Mathematics—Class I, Miss Dwyer, K. Thomson; II, C. Smith.
History—Class I, C. A. Wright, Miss McIntosh, F. A. McHardy-Smith; II, Miss Walker, Miss Kilbourne, M. F. Gladman.
Economics—Class I, C. A. Wright; II, C. Beamer, A. D. McWilliam and T. W. Cowley (equal), R. Harper and F. A. McHardy-Smith (equal), A. B. Baker, B. D. Nimmo; III, D. Lewis, M. F. Gladman.

**DRUG STORE
DEPENDABILITY**

In no other form of buying do you have to depend upon the sincere honesty and integrity of a person or firm as you do in Drug Store purchasing.

**WHEN
PURE DRUGS
ARE WANTED**

almost everyone in London and vicinity instantly think of Cairncross.

We appreciate this, and reciprocate, by selling nothing but the best.

Spanish—Class I, Jean Bartram, Jessie MacFarlane, Mary Case.
Latin—Class I, W. H. H. Crump.
History—Class I, W. K. Ferguson; II, W. H. Crump, Helen Allison and Jessie MacFarlane (equal), Jean Bartram.
Mathematics—Class I, H. James, Miss Scanlan, Miss Nugent.
Geology—Class I, Miss Scanlan, T. H. James; II, Miss Scanlan.
Physics—Class I, Gladys Ruett, Edith Jones, H. H. A. Epplert, H. H. Epplert, Beryl Attridge, R. E. Linton.
Chemistry—Class I, T. H. James; II, Miss Scanlan, Miss Nugent.
Commercial Economics—Class I, N. Bailey, K. W. Totten, W. C. Beamer; II, A. G. Talbot, B. D. Nimmo, K. Braithwaite, A. D. McWilliam, H. C. A. Houghton, R. Harper, J. Dockstead, Miss Hill, G. R. Dean, A. B. Baker, T. W. Cowley.

Second Year.
English—Class I, Miss McIntosh, Jean Waud, H. H. H. Crump, Miss A. Epplert, H. H. Epplert, Beryl Attridge, R. E. Linton.
French—Class I, Miss McIntosh; II, Miss Scanlan, Miss Walker.
German—Class I, Miss McIntosh; II, Miss Walker.
Spanish—Class I, Miss McIntosh; II, Miss Scanlan.
Latin—Class I, Miss McIntosh; II, Miss Scanlan.
History—Class I, Miss Battle, Miss Berdan, C. MacCallum.
Geology—Class I, Miss Battle, Miss Berdan, C. MacCallum.
Physics—Class I, Miss Battle, Miss Berdan, C. MacCallum; II, C. Smith, K. Thomson; III, Miss Berdan, C. MacCallum.
Mathematics—Class I, Miss Dwyer, K. Thomson; II, C. Smith.
History—Class I, C. A. Wright, Miss McIntosh, F. A. McHardy-Smith; II, Miss Walker, Miss Kilbourne, M. F. Gladman.
Economics—Class I, C. A. Wright; II, C. Beamer, A. D. McWilliam and T. W. Cowley (equal), R. Harper and F. A. McHardy-Smith (equal), A. B. Baker, B. D. Nimmo; III, D. Lewis, M. F. Gladman.

Third Year.
Class A, Ruth Davis, Winifred Guinan, Inez Arosemena, Helen Battle, Helen Berdan, Blanche Brabazon, K. E. Cook, H. Coughlin, J. W. C. Crawford, Helen Dwyer, Ruth Davis, Christine M. Dawson, A. J. Denomy, J. G. Epplert, Winifred Guinan, Virginia Harper, F. W. Hitchens, E. J. Lajeunesse, S. Lynch, C. MacCallum, F. A. McHardy-Smith, Helen E. McIntosh, W. J. Murphy, C. Smith, K. Thomson, W. A. Thomson, Jun. K. Waddick, Jean W. Walker, C. A. Wright.

Fourth Year.
Class A, Ruth Davis, Winifred Guinan, Inez Arosemena, Helen Battle, Helen Berdan, Blanche Brabazon, K. E. Cook, H. Coughlin, J. W. C. Crawford, Helen Dwyer, Ruth Davis, Christine M. Dawson, A. J. Denomy, J. G. Epplert, Winifred Guinan, Virginia Harper, F. W. Hitchens, E. J. Lajeunesse, S. Lynch, C. MacCallum, F. A. McHardy-Smith, Helen E. McIntosh, W. J. Murphy, C. Smith, K. Thomson, W. A. Thomson, Jun. K. Waddick, Jean W. Walker, C. A. Wright.

Special Students.
Of the students who were not carrying a full year's work of eighteen or more credits, these have secured credit for all the courses taken:
General Commercial Economics—W. C. Beamer, J. Dockstead, R. Harper, A. D. McWilliam, B. D. Nimmo.
General Course—Miss Shirley White (Class A); K. G. Crawford (Class B); Eleanor Thirsk (Class C).

Miss Lee Expected to Make Statement to Inspector Today
Palmerston, May 26.—Interest in the baffling case of Miss Edna Lee, the Knox Church choir leader, after eight days of excitement, has now focused entirely on the Lee home at Newmarket, where Miss Lee is progressing slowly since her removal from the Nairn home, instead on Monday, Miss Lee's statement to Inspector Boyd is looked forward to with eagerness, and should be made today.

Mr. Lee states that his daughter has told those who have nursed her back to her present health all she will be able to recall in connection with the affair, and that he does not anticipate further developments.

A CITY BUDGET, WHY AND WHEN?
ISSUED BY CITIZENS' RESEARCH INSTITUTE OF CANADA.

The following open letter, dealing with a city budget, has been issued by the Citizens' Research Institute of Canada. The members of the London advisory committee are: Lieut.-Col. W. J. Brown, A. J. Mitchell, Lieut.-Col. L. Leonard, D.S.O., and A. E. Silverwood.

WHY?
It seems ridiculous to raise the question why a city should have a real budget—merely routine estimates—giving effective control of current and capital expenditures. In fact, however, most cities prepare their estimates largely as a matter of custom and without an adequate conception of their value in financial control and administration. The lack of important information and the unstandardized form of many budget estimates prove this to be true.

WHEN?
Many municipalities act without a budget for four to six months of each year. That is, they spend money without definite plan or on the scale of the preceding year. This means that during the first of the year some departments may be operating on a scale larger than that finally adopted, and that, consequently, some money is laid out against the final judgment of the city fathers, or, worse still, that so much of the year is past before the time comes to adopt an estimate that it is thought not worth while, or impracticable to make the desired changes at all.

Again, the city's expenditures begin on the first of January, while the main revenue does not begin to come in until some time after the adoption of the estimates, and the striking of the tax rate. As most cities are without working capital, this means the creation of a temporary debt, which is thought not worth while, or impracticable to make the desired changes at all.

SCHOOL CHILDREN KILLED BY BOMB
SOPHIA, Bulgaria, May 25.—A bomb thrown into a procession of school children who were observing the national holiday today caused 13 casualties. Several of the wounded are expected to die. All those hurt were women or children.

Continuists who had expressed hostile sentiments with regard to the parade are accused by the population of having been responsible for the outrage. Many of the communist leaders have been arrested, and a mob has burned the communist club to the ground.

ALD. WENIGE AGAIN ON THE TRAIL OF WESTERN FAIR BOARD
Would Throw Racetrack Open to City's Young Athletes.

The slight of young amateur athletes of the city training themselves for the forthcoming sports at the city schools' playing of boys and girls on the track of Ald. G. A. Wenige against the Western Fair board today.

"This is a disgrace to any city," declared the alderman, "and especially as the track at Queen's Park. But, apparently, the horses are of more account than our boys and girls. It is all a farce to suggest that the running of the city's track would do any harm to it, and surely these young athletes would be safer doing their training there than on the crowded thoroughfares, where the chance of their being hit by an auto are daily becoming more numerous."

Complaint is made that the people do not patronize Queen's Park, is it any wonder that this is so when the city boards adopt such a dog-in-the-manger policy. What are these public places for, if not for the use of the people? The assertion that these boys and girls have the public playgrounds to go to is a shabby charge. Any boy knows that these grounds are not adequate for boys who want to train for long-distance running, and as a matter of fact, only intended for the smaller children."

TWO NEW LAVATORIES AT SPRINGBANK PARK
Will Be Centrally Located and in Charge of Caretaker.

Following the receipt of a letter from a country visitor commenting on the great lack of lavatory accommodation for women at Springbank Park, the Advisory Board made inquiry about the matter of General Manager E. V. Buchanan of the P. U. C.

Mr. Buchanan stated that the parks committee had "recognized this lack of accommodation" two or three years ago, and plans had been prepared for giving proper modern lavatory accommodation. In fact the preparations for the work advanced so far that the necessary plumbing equipment was purchased two years ago, but money for the completion of the scheme was unavailable, and a stop had to be called.

"But this work is to be proceeded with right away," said Mr. Buchanan. "In fact, if you go into the drafting-room you will find the plans all ready for the immediate carrying on of the work."

The reporter took Mr. Buchanan's hint and visited the drafting-room, where he was shown plans for the construction of two modern lavatories, one for men and one for women. The buildings will be of brick, and will be located south of the main driveway, south of the pavilion. The equipment will be of the latest sanitary type, and a caretaker will be in constant attendance. These lavatories will drain into two septic tanks on the river bank.

ONE GOOD ALDERMAN COULD DO THE WORK OF PRESENT TWELVE
"The Council Is No Good Anyway," Declares Ald. Wenige.

"BILL" WILSON PEEVED
City Dads Have No Right to Gad Away the Summer, He States.

ONE GOOD ALDERMAN COULD DO THE WORK OF PRESENT TWELVE

"The Council Is No Good Anyway," Declares Ald. Wenige.

"BILL" WILSON PEEVED
City Dads Have No Right to Gad Away the Summer, He States.

No matter what their differences of opinion as to the efficiency or otherwise of the board of works department, Ald. W. A. Wilson and Ald. G. A. Wenige are in accord in regard to the uselessness of the present city council, but after having reached this minute point of contact they immediately begin again to diverge, their ideas of how the present members of the council should be replaced showing a considerable difference.

Ald. W. A. Wilson's grievance with the council is the recent decision to adjourn the meetings of the council for the months of June, July and August.

"We were all elected to attend to the city's business and not to go gadding around on our own pleasure," declared Ald. Wilson today. "How can we expect the affairs of the city, the work in hand and other matters to proceed whilst we are not on the job? The city council should meet at least once a month during the holiday season to satisfy itself that the work for which we are paying out good money is being done properly."

It is not right that the responsibility should be shifted on to the committees," continued the alderman. "And aldermen who think the council can afford to lay off the job of supervising the committees and the work of the departments for three whole months should hand in their resignations right away."

Ald. Wenige, when asked by an Advertiser reporter whether he agreed with Alderman Wilson, replied: "Sure, I do. The council is no good anyway. Two good men could attend to the work of seven or eight men. If paid an adequate salary could do the work, and do it better, more efficiently and more to the satisfaction of the people than the whole bunch of aldermen."

TECHNICALITY MAY DELAY ENFORCEMENT OF PROHIBITION

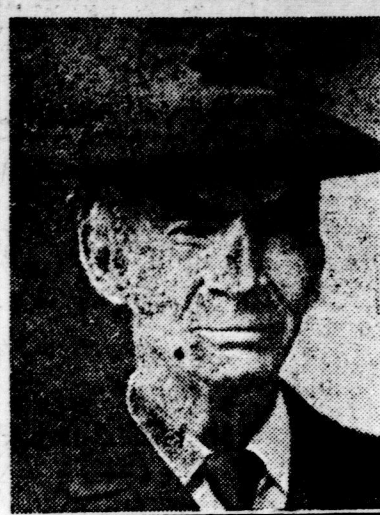

Important Legal Point Is Being Considered At Ottawa.

OTTAWA, May 25.—An important legal point has arisen in connection with the Toronto all-dry plebiscite, official returns of which were announced this afternoon. According to one interpretation placed on the Canada Temperance act, although the chief electoral officer has issued his certificate, the cabinet cannot determine when complete prohibition shall come into force in Ontario till 60 days after the taking of the vote, in other words, till June 17. If this interpretation of the act is correct, it will then be at least 30 days later, or the middle of July, before prohibition of importation into Ontario actually comes into effect.

The point did not arise in connection with previous provincial plebiscites held under the act. In these cases, owing to greater difficulties in making complete returns, more than 60 days elapsed after the vote before the chief electoral officer was able to issue his certificate. It is probable that legal opinion will be sought.

STROKE RESULTS FATALITY.
WINNIPEG, May 25.—Alex. McLaren, aged 55, pioneer Winnipeg hotelman, died today following an illness extending over a year. Death was due to a stroke of paralysis, which he suffered last October.

EX-MAYOR WM. WEIR

Lifelong resident of St. Marys, and prominent business man who is dead.

DAYLIGHT SAVING IS CAUSE OF STRIKE

FREDERICTON, N.B., May 25.—Differences between the city council and the city's employees on the construction of permanent streets over whether they should work on daylight saving time, which had been officially ordered into effect by the council, reached a climax this afternoon, when the whole crew quit work after being ordered by City Engineer McDowell that they must observe the new time.

The men, it appears, had signed an agreement not to recognize daylight saving time.

SAYS CANADA CAN DEPEND ON VETERANS

Would Be Stabilizing Factor in Social Or Economic Unrest.

NEW OFFICERS ELECTED

Soldiers Will Ask Government To Amend the Pensions Regulation.

[Special to The Advertiser.]

BRANTFORD, May 25.—Tomorrow, if Canada or the British Empire required it, the G. W. V. A. would be the stabilizing factor in any social or economic unrest in the country. Such was the assertion of Sergt.-Major Macnamara, M.L.A., of Riverdale, at a civic banquet tendered to the delegates at the annual convention of the provincial command, G. W. V. A. The member for Riverdale declared that "though we fight and squabble amongst ourselves, it is because we are a democracy." He believed the hearts of the people of Canada were right, and that the returned men would be treated properly. As long as returned soldiers lived their just rights would never die.

Tells of North.
Malcolm Lamb, Liberal M. L. A. for Cochrane, outlined the riches of the north country, as yet but partly developed. There was certainly sufficient wealth, and some to spare, to provide for adequate compensation and pensions for veterans. He appealed to clear thinking and boasting for development in Northern Ontario.

President O'Flynn again thanked his comrades for their support in re-electing him as their head for another year. He was given a hearty ovation by the delegates.

M. MacBride, M. L. A. for Brantford, made an attack on the war profiteers who were holding out against granting veterans compensation.
Support Executive.
Despite talk of "dry rot" the Great War Veterans' Association provincial command, in convention here today, gave support to the old executive, returning President E. D. O'Flynn of Belleville, and Dominion Command Representative Rev. C. E. Jenkins to office, among others on the executive. The full executive slate, which was cut from sixteen last year to nine this year to save expenses, as elected today, follows: President, E. D. O'Flynn, Belleville; first vice-president, Dr. W. D. Sharpe, Brantford; second vice-president, provincial representative on Dominion command, Rev. C. E. Jenkins, Brantford; executive, J. Armstrong, Mount Dennis; Rev. S. E. McKerny, Clinton; A. Smees, Hamilton; A. Peart, Hamilton; E. G. McFeat, Ottawa.

A Strong Weapon.
In his address on re-election, President O'Flynn declared that he thought it a mistake to take the question of compensation to the people; for it would be a strong weapon in the hands of the Government. He declared that he was backing the compensation plan to the limit.

Comrade Laughan of Ottawa declared that adequate compensation would not come until there was a Canadian Legion, an amalgamation of all the veterans' societies.

A resolution on pension regulations was carried as follows:
"That the pensions regulation be so amended as to permit continuance of all allowance paid on account of the wife of a pensioner with children, where such pensioner suffers the loss of his wife by death."

To Meet in Ottawa.
Ottawa was selected as the meeting place for 1922. Belleville put up a strong battle for this honor.

The resolution from Montreal, calling for a \$1 a day compensation was incorporated with only one dissentient, Dr. C. E. Wilson of Toronto Central.

A resolution was passed asking that in the Chippewa Canal development work by the Ontario Hydro-Electric Power Commission, all things being equal, veterans be given the preference.

Another resolution called upon the Ontario Government to "fulfill its pre-election promises" in the appointment of a purchasing agent, and in this connection the name of Comrade Challenger of Toronto Central, was mentioned as being qualified for the position.
The convention went on record as in favor of all men who served in the Canadian Expeditionary Force uniform for three months or over, even if they did not go overseas, being given the general service medal, and not a special Canadian medal, as had been suggested. It was claimed that it would be unfair to these men not to receive such a medal when men called up under the military service act who left Canada just previous to the armistice were entitled to it.

YOUTHS ARE HELD ON SERIOUS CHARGE

Plead Not Guilty and Are Remanded At Amherstburg.

[Special to The Advertiser.]

AMHERSTBURG, May 25.—Charles Goodchild and Ben Triolet, who, with two others, Russell and Oriol Kett, fled the country after taking part, it is alleged, in beating up Chief of Police Wharton of Amherstburg on the night of April 15, were arrested this morning after an exciting chase by Chief Wharton and Constables McManemy and Philip. They came up for a preliminary hearing before Judge Magistrate McCormick this afternoon. Both pleaded not guilty, and were remanded to Sandwich jail for eight days.

FATHER OF 13 IS VICTIM OF H. C. OF L.

QUEBEC, May 25.—A constable, the father of thirteen children, which included triplets, gave evidence before the wage arbitration board inquiring into the salaries of the city police today, that he earned \$22.50 a week, and had actual expenses of \$27 a week.

Farmer Declares Spread in Wheat Prices Is Too Great

Interesting Evidence At Western Grain Inquiry—Witness Says He Would Favor Canada Wheat Board For Fair Prices.

GRETNA, May 25.—The first witness heard at the grain inquiry today was a farmer named Shallenberg, who had farmed in the Gretna district for 42 years. In his opinion the spread between street prices for the farmer who had 500 bushels to sell and the track price was too much. He said he had no complaint to make on grading. The witness declared he was in favor of the Canada Wheat Board as under it "a farmer knew he was going to get a fair price and what grain was worth."

There was a slight clash between counsel, when Mr. Bonar for the commission asked witness if he knew why there should be a difference between street and track prices. Mr. Pitblado, counsel for the Winnipeg Grain Exchange, objected, stating that the commission was understood to be out after facts, not opinions. After Mr. Staples had smoothed matters over, witness had no further information to offer.
Charles Peiper, another witness, told the board all wheat should be cleaned before being graded, as it helped the price. Only one elevator out of 24 out at Gretna could clean grain. He was not altogether in favor of the grain pool idea and thought well of an open market. "I got \$2.70 for my wheat last fall and have no kick," he said.
"You sold early," said Mr. Pitblado. "Yes, a week after I got wheat threshed."

BAIL REFUSED FOR MORAND AT WINDSOR

Charge of Conspiracy Will Be Heard On Monday.

WINDSOR, May 25.—Louis Morand was refused bail by Magistrate Gundy in police court this afternoon pending his trial Monday on a charge of conspiracy in connection with the robbery of William H. Martin, paymaster for McEachern Bros., contractors, at Amherstburg, of \$2,700 in November last.

Ralph Fox and Madge Betting, who are directly charged with carrying out the hold-up, are held for trial Monday under bail of \$2,000 each. Their trial has been pending for over four months. All have pleaded not guilty.

Merchants Summoned.
For violations of the Lord's Day act, a number of Windsor merchants will be summoned to appear before Magistrate Gundy in police court. Offenders who make other than legal sales on Sunday will be vigorously prosecuted in future, it is stated.

Edward Hess, St. Thomas, charged with entering the home of David Trombley, deck-hand of the S.S. Ontario, was convicted by Magistrate Gundy today, and remanded until Saturday for sentence. Trombley stated that a trunk had been forced open and two razors, several shirts and other wearing apparel to the value of \$25 had been stolen.

Leo Melochie and Wilfrid Dorie, both of McGregor, were committed to stand trial at the criminal assizes by Magistrate Gundy this afternoon on charges of seduction. According to testimony submitted at the preliminary hearing, the offence was committed against a fourteen-year-old girl. They pleaded not guilty.
Harold Sharron, Windsor, was found guilty by Magistrate Gundy this afternoon on a charge of being implicated in the theft of liquor valued at \$150 from the home of Arthur Trombley, Harold's "sister" Drago, who was similarly charged in connection with the same theft, was acquitted. A week ago Earl Campeau was found guilty, and Arthur Decaire acquitted on the same charge. The complainant alleged that Campeau and Sharron had entered the home, showed department badges to make a liquor seizure. Two other men were stationed outside, and three bags of liquor were handed out to them to be placed in an automobile. Sharron and Campeau will be sentenced Saturday.
Frank Gowanlock pleaded guilty to having liquor in his possession illegally this afternoon, and was fined \$500 and costs or six months in jail. He said Felix Marzhesky, Sandwich West, used a fish net without first securing a license, and was fined \$5 and costs today.

Carpenters Agree To Wage Reduction

Minimum Scale of 77 1-2 Cents An Hour Is Agreed Upon.

GUELPH, May 25.—After several consultations the carpenters, contractors and journeyman employees of Guelph have agreed on a minimum scale of 77 1-2 cents an hour for a year from June 1. Both parties were satisfied that a reduction from the previous minimum of 85 cents an hour was warranted by the reduced costs of living. Building prospects are brightening. The Ontario Veterinary College and the new dairy buildings at the O. A. C. are the most important local buildings in sight. Tenders have been advertised for in both cases.

OFFICIAL MAJORITY FOR 'DRYS' 166,385, DECLARES OTTAWA

Chief Electoral Officer's Figures Add To Prohibition Gains.

OTTAWA, May 25.—(Canadian Press.)—The final certificate of the result of the Canada temperance act vote in Ontario on the 18th of April last shows 166,385 affirmative, and 87,338 negative votes, a majority for the affirmative of 166,385, it was officially announced this afternoon.

This is according to chief electoral officers' certificate given this afternoon and which will appear in Saturday's issue of Canada Gazette. The certificate does not give the number of names on the lists. The names are being counted, but the results will not be available for some time. Owing to the form in which, under the special act, the lists were prepared, the names upon them were not numbered, and it is therefore necessary to count them one by one, which is a very long process. The figures by districts were:

District.	Yes.	No.	Yes	No
Algoma E.	4,127	4,152	61	61
Algoma W.	4,220	3,552	368	368
Brant	4,184	1,862	2,322	2,322
Brantford	6,785	4,030	2,755	2,755
Bruce N.	6,114	1,537	4,577	4,577
Bruce S.	6,176	3,105	3,071	3,071

IMPLES AND ERUPTIONS

Due to Bad Blood Which Must Be Purified.

Many people, both men and women, suffer from skin troubles, such as eczema, blotches, pimples and irritations. It is a great mistake for those suffering from troubles of this kind to smear themselves with greasy ointments. Often they could do no better, for the greasy clogs the pores of the troubled skin and the condition becomes actually worse.

When there are pimples or eruptions, or an irritating or itching rash, a soothing boracic solution may help to allay the irritation, but, of course, that does not remove the trouble. Skin complaints come from an impure condition of the blood and will continue until the blood is thoroughly purified. It is well known that Dr. Williams' Pink Pills have had splendid results in many forms of skin disorders and blemishes. This is due to the fact that these pills enrich the blood and this new blood attacks the impurities that give rise to skin troubles and disperses them. Among those who have found relief through the use of this medicine is Mr. Charles Hedge, South Woodstock, Ont., who says: "I was a great sufferer from boils for almost a year. I tried several remedies, but they did not help me, and I was becoming thin and looked worn out. I was advised to try Dr. Williams' Pink Pills, and after taking five boxes the boils disappeared, and I have not been troubled with them since. In other ways, too, I felt better."

You can get these pills through any dealer in medicine or by mail postpaid at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Company, Brockville, Ont.

VICTIM OF PNEUMONIA

Mrs. J. D. Martin Died Very Unexpectedly Following Short Illness.

ST. MARYS, May 25.—Mrs. J. D. Martin, wife of J. D. Martin, died very unexpectedly at her home here today following a brief illness with pneumonia, which developed from an attack of tonsillitis. She was 45 years old and was born at Medina, and had been a lifelong resident of this district. She was a member of the Baptist Church, and took a very active interest in all branches of the women's work. Besides her husband she is survived by two daughters, Tena at home, Mrs. Odette of Toronto, three brothers, William Taylor of Dunnville, Sask., Robert of Medina, John of St. Marys, and one sister, Mrs. Samuel Switzer of Medina.

Lieut.-Col. W. A. McCrimmon, Inspector of cadet corps in Military District No. 1, will inspect the Windsor High School Cadets on June 2. Near 500 are expected to parade.

As he looked from his office window and saw idle men on enforced holidays, he realized the value of preparedness for "lean years." Then and there he determined to save against such a possibility in his own life. A Huron & Erie Savings Account has given him the courage to fight—the incentive to win. It will pay you to own a Savings Account here!

BRICKLAYERS WILL GET \$1.15 PER HOUR

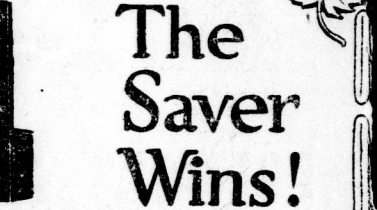

Small Increase Is Granted by Arbitration Board At Windsor.

WINDSOR, May 25.—The board of arbitration appointed to consider the question of a permanent wage for bricklayers of the Board of Cities has fixed the rate of pay at \$1.15 an hour up to March 31, 1922. The bricklayers are receiving \$1.12½ an hour until the end of May.

C. Desrosiers, 613 Janette avenue, whose home was reported broken into by liquor burglars on Saturday night, pleaded guilty to a charge of keeping for sale the liquor which it had been claimed was stolen, and was fined \$2.00 by Magistrate Gundy today.

No evidence was taken, but license department officers reported that the liquor had not been stolen.
Formation of an association for the erection of a large rooming and recreation building was effected by local businessmen this afternoon. A four-story structure is planned, to cost \$40,000. The building would contain a cafeteria, large gymnasium, dance hall, billiard and other recreation rooms. A committee was appointed to investigate the proposal and to report at a later meeting.

Lieut.-Col. W. A. McCrimmon, Inspector of cadet corps in Military District No. 1, will inspect the Windsor High School Cadets on June 2. Near 500 are expected to parade.

WELLS near Septic Tanks Should Be Made of SUPER CEMENT

WELLS in proximity to weeping tile pipe—the pipe that carries the sewage from the septic tank into the ground—should be made of SUPER CEMENT concrete or at least lined with SUPER CEMENT plaster, as a prevention against sewage entering wells and contaminating the water supply.

**Sanitary
Well Walls**

SUPER CEMENT makes a concrete well wall or a plaster lining that is absolutely waterproof, damp-proof and non-absorbent.

Tests made by unbiased authorities have shown that water, and even gasoline, cannot be forced at high pressure through a plaster wall of SUPER CEMENT even as thin as seven-eighths of an inch.

SUPER CEMENT will prevent sewage from filtering through the walls of a well, and keep the water from leaking out through the walls.

**SUPER CEMENT
for Foundations**

Foundation walls of buildings that are in the

proximity of sewage disposal systems should be built of SUPER CEMENT so that water from the weeping tile pipe does not find its way into the buildings.

**Concrete for
Sewage Systems**

SUPER CEMENT should also be used for the concrete work in sewage disposal systems and for cess pools. From the standpoint of sanitation, SUPER CEMENT is one of the greatest and most helpful discoveries of the age.

**SUPER CEMENT
is Best**

Wherever Cement is needed, SUPER CEMENT will be found to be better, more reliable, stronger, denser, non-absorbent, damp-proof—waterproof absolutely.

Write for Proofs

Full particulars about SUPER CEMENT, copies of record-breaking, waterproofing tests made in England and Canada, opinions and endorsements of noted authorities, details of jobs where SUPER CEMENT has been used, will be gladly furnished you.

SUPER CEMENT

Waterproof—Absolutely

CHARGES GOVT. IS UNFAIR TO THE DAIRYMEN

Oxford Member Declares They Are Not Getting Protection.

OLEO BILL IS DISCUSSED

Measure Has Only Three Supporters On the Government Side.

OTTAWA, May 25.—(By Canadian Press.)—The House discussed oleomargarine today from the afternoon until late in the evening; and, as the debate drifted on and on, hope of prorogation this week slipped gradually away. The debate at times was keen and cut straight through party lines. Since 1917 when oleomargarine was first admitted, its importation and manufacture has been permitted from year to year. Today's bill, as introduced by Dr. Tolmie, minister of agriculture, proposed to continue importation and manufacture indefinitely. But, pressed from both sides of the House, Dr. Tolmie early in the debate intimated his willingness to make the bill applicable again for one year only. S. W. Jacobs of George, Etienne Carlier, who is the only member of Jewish faith in the House, created some merriment by his reference to the constituent of "oleo." He cited hard as one of them.

Mr. Jacobs' View.

"I should be the only person in the House to object," Mr. Jacobs exclaimed, "but I am broad enough to consider the matter from a purely Christian standpoint. If I am willing to put my soul in danger by eating oleomargarine what business is it of any other person in Canada?"

J. J. Dennison of Joliette eventually moved the six months' bill, but his motion met with an overwhelming defeat. On the Government side of the House Sutherland (South Oxford), T. H. Thompson (Hastings) and E. E. Fraser (Wellington). On the Opposition side, Hon. W. L. Mackenzie King and about half his following, including Hon. T. A. Cresser and all the National Progressives, voted against it. And it was defeated by 130 to 35, a majority against of 95.

The bill was then read a second time without further division and went into committee.

Amendment Lost.

An amendment by Donald Sutherland (Oxford South) to prohibit the use of milk, cream or butter in the manufacture of oleomargarine, was defeated by a majority of 61; yeas, 17, nays, 78. John Best (Dufferin), H. R. Morphy (Perth), J. W. Edwards (Frontenac), Hon. William Smith (South Ontario) and Donald Sutherland (Oxford South) voted against the Government.

R. J. Manion (Fort William) moved an amendment to permit the sale of oleo until March 1, 1923. This carried without division.

The bill as amended was reported from committee after a motion by J. A. Robb (Chateauguay-Huntingdon) that the ingredients of every package of oleo should be plainly marked on the package, was refused.

When Dr. Tolmie moved the second reading the members immediately began registering their objections to the measure.

Mr. Robb (Huntingdon). Mr. Sinclair (Guysboro), Dr. Edwards (Frontenac), John Best (Dufferin) all opposed the bill, as interfering with the dairy industry.

Clark Opposes.

Dr. Michael Clark took the opposite side from a free trade standpoint. S. F. Glass (East Middlesex) held that people had become reconciled to the oleo industry, and wished to see it kept within certain restrictions. He quoted from a circular issued by the National Dairy Council, expressing the view that margarine should not be presented in such shape, appearance and color as to induce people to believe they were getting something like butter.

Mr. Glass declared that the Government should make up its mind what it was going to do, and do it. The people were tired of having this subject shelved.

W. D. Euler (North Waterloo) declared the bill should be allowed to go through as it was presented to the House. It was not reasonable to say that if a person wished to purchase oleo he should be refused that right. If it was a proper article of commerce, and apparently the Government was satisfied that it was, so there was no justification in interfering with its manufacture and sale.

Supported by Euler.

Mr. Euler had no particular objection to prohibiting the importation of margarine, but he could see no justification for interfering with its manufacture at home. He would support the bill.

Donald Sutherland (South Oxford) said that though the manufacture and importation of oleomargarine had been permitted for three years now, the public had never been informed as to what it contained. The consumer had a right to know what he was paying for, and the Government department responsible for the inspection of oleo manufacture should give out that information. There was a great deal of reason to believe that a large amount of oleo was actually sold as butter, and there was no article of food about which there was so much fraud and deception.

Mr. Sutherland criticized the Government for being unfair to the dairy industry. Protection was essential in Canada. Farmers and manufacturers should be protected alike. Mr. Sutherland announced his intention to move an amendment in committee, prohibiting the use of dairy produce in the manufacture of oleomargarine, and that oleo should only be admitted to Canada under a duty.

Mr. Sutherland moved an amendment prohibiting the use of milk or butter in the manufacture of oleo.

Deputy Speaker Bovin ruled this out of order, on the ground that only one amendment could be considered at one time.

Mr. Sutherland said his amendment was an amendment to the amendment. It was adopted on this understanding.

**MELBOURNE U. F. O. IS
PLANNING PICNIC**

Melbourne, May 25.—Arrangements are well under way for a U. F. O. picnic to be held here on June 22. A fine program is being prepared and it is expected there will be a large attendance. The U. F. O. has been handling a considerable quantity of supplies lately, including a carload of flour and a car of feed. A car of coal may arrive shortly. The recent showers have been most beneficial to the crops all through the district. Rain was very badly needed.

TO HEAD GOVERNMENT RAILWAYS

SIR JOSEPH FAVELLE, Bart., who is expected to be chairman of the Canadian National Railway board of directors.

ASK STATEMENT OF CHARGES IN WAGE SCHEDULE

Railway Employees Are Preparing For Commencement of Negotiations.

OTTAWA, May 25.—Representatives of the employees of the Canadian National Railways have asked for a statement of the changes in the wages and working conditions schedules which the management recently gave notice they would endeavor to secure this year, according to an announcement today of the brotherhood officials. In previous years when the request for schedule adjustments had gone from the workers to the management the latter asked for a complete statement before entering into negotiations. "Now that the shoe is on the other foot, I think we are entitled to the same provision," A. R. Mosher, grand president of the Canadian Brotherhood of Railway Employees stated this evening. "It would be unfair to expect the employees' representatives to enter a discussion affecting wages and working conditions without having an opportunity of discussing the proposed changes beforehand."

ALL ESTIMATES MUST BE CUT

British Government Orders Twenty Per Cent Reduction in All Departments.

LONDON, May 25.—All the government departments have been instructed imperatively to cut the estimates for next year's supply service 20 per cent. A circular issued by the treasury to the various departments instructs the departmental chiefs to "forthwith undertake any procedure desirable," and to make a searching examination of their expense bills, so as to enable them to present for the next fiscal year adequately reduced requisitions.

EVANGELIZATION IS NEED OF MASSES

Presbyterian W. M. S. Discusses Important Problems of Church.

TORONTO, May 25.—Intensive effort was urged upon the delegates to the annual meeting of the executive of the Women's Missionary Society of the Presbyterian Church at the opening session here this afternoon to light the fires of devotion and worship among the non-Christian peoples of the Orient, and to serve the spiritual needs of the people of the far-off frontiers of Canada.

Mrs. John McGillivray stated that the membership of the Women's Missionary Society had increased in the last two years from 60,000 to 80,000. Rev. Dr. R. Drummond of Hamilton, Ont., chairman of the general board of the Presbyterian Church, spoke on the relation of the Women's Missionary Society to the general work of the church, and Mrs. J. S. Mackay spoke of the foreign work of the church and its outlook.

Mrs. Mackay made a strong appeal for the women of foreign lands. Evangelization was the great need for the masses, she said. She said there was now a great door of opportunity open for this.

DEEP WATERWAYS WILL HELP SARNIA

President O. E. Fleming Reviews Advantages of St. Lawrence Project.

SARNIA, May 25.—The deep waterway project was lauded here tonight by O. E. Fleming, K.C., president of the association, who was the chief speaker at a joint meeting staged by the Chamber of Commerce and the city council. During his address President Fleming stated that the St. Lawrence project was a great aid to this city, and in his review of the project he lauded the work. About 40 industrial chiefs here composed the audience.

FRACTURED HER ARM.

BLENHEIM, May 25.—While riding on a horse yesterday with a couple of her sisters, the 8-year-old girl of Bryan Parker of Harwich fell off and fractured her arm.

BOY EXPERIMENTS WITH FIREWORKS; IS SHOT IN SIDE

Put Explosive Charge in Barrel of Old Gun—Stood Too Close.

INJURY IS NOT SERIOUS

Hon. Manning Doherty Will Speak At Blenheim On Monday Evening.

BLENHEIM, May 25.—Joseph Cox, a local lad, was injured in the fireworks celebration yesterday. He was experimenting, boy-like, and had an explosive charge in the barrel of an old shotgun. When the explosion took place he was too much in line with the end of the gun barrel, with the result that a "BB" shot in the mixture in its line of flight entered his side, and a physician had to be called. It was found that his wound was as serious a nature as at first feared.

BANDITS HOLD UP WINDSOR CITIZEN

H. A. Cail Loses \$18 When Attacked by Robbers.

WINDSOR, May 25.—Three armed bandits held up and robbed H. A. Cail, 757 London street west, of \$18 last night on the third concession east of the city. Cail, according to a report made to the police today, said that the men stepped from behind a clump of trees on the side of the road and ordered him to "come across." Claiming that they were duped into paying \$24 for four cases of water, which was represented to be imported liquor, two Windsor residents laid information against Herve Robinet, wine merchant, Sandwich, today. Robinet, a resident of Ottawa, general manager of the Canadian Government Merchant Marine, will not address the members of the local chamber of commerce until June 15.

Dennis Mahoney, a former patrolman of the Ford police force, has been appointed chief of police for the new municipality of Riverside. George Rube-Deneau has been appointed assistant chief.

SUPT. W. G. STRONG DIES AT BRANTFORD

BRANTFORD, May 25.—The death occurred at his residence this evening of W. G. Strong, superintendent of organization of the Canadian Order of Foresters for the past fifteen years. He was in his 62nd year. He was a keen exponent of Forestry, and was also active in community affairs. He leaves a widow, two daughters, Annie and Bessie.

PILES Are Generally Caused by CONSTIPATION

There are few, if any, complaints more common than hemorrhoids, or piles, as they are commonly called, and yet very many which cause more trouble, annoyance and misery.

Ninety per cent are troubled with them at some time or other, owing to allowing the bowels to become in a constipated condition.

Piles are caused under three headings, i.e., itching, bleeding and protruding, and the excruciating pains which accompany them cause misery which is beyond description.

Ointments and suppositories may help and relieve for a while, but to get rid of them, it is necessary to have a free, easy and natural motion of the bowels, at least once or twice a day, and by doing this the cause will be quickly removed.

Milburn's Laxa-Liver Pills regulate the flow of bile to act properly on the liver and bowels, thus relieving the constipation and all its allied troubles.

They contain no calomel or drastic mineral ingredients, being purely vegetable. They are small and easy to take, and do not grip, weaken or sicken.

Milburn's Laxa-Liver Pills are 25c a vial at all druggists or dealers, or mailed direct on receipt of price by The T. Milburn Company, Limited, Toronto, Ont.

Use Coconut Oil For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with.

Don't use prepared shampoos or anything else, that contains too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulsified coconut oil (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in with your fingertips. It will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get mulsified coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

PAINTFULLY INJURED WHEN AUTO UPSET

GUELPH, May 25.—While returning from Breslau by motor late last night, Edward Bahen and Leo Pearson, two well-known local young men, received a severe shaking up when the car in which they were riding left the road and turned turtle just outside Breslau.

Bahen, who was pinned underneath the overturned machine, sustained severe injuries about the head and one hand, while Pearson, who was more fortunate, escaped with a few minor cuts and bruises. Pearson was driving the machine when the accident occurred, and in making the curve near the Breslau

hill went too far to one side of the road, causing the car to topple into the ditch.

APPOINTED MODERATOR.

LONDON, May 25.—(By Canadian Press.)—Dr. L. McClymont of Edinburgh has been appointed moderator of the Scottish General Assembly.

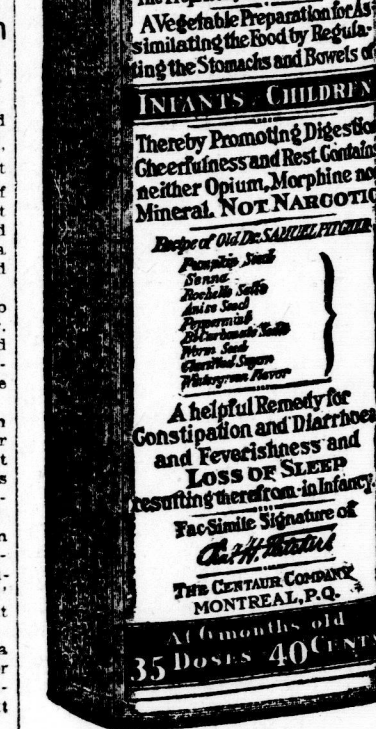

Some More Truths.

WOULD you use a steam shovel to move a pebble? Certainly not. Implements are built according to the work they have to do.

Would you use a grown-up's remedy for your baby's ills? Certainly not. Remedies are prepared according to the work THEY have to do.

All this is preliminary to reminding you that Fletcher's Castoria was sought out, found and is prepared solely as a remedy for Infants and Children. And let this be a warning against Substitutes, Counterfeits and the Just-as-good stuff that may be all right for you in all your strength, but dangerous for the little babe.

All the mother-love that lies within your heart cries out to you: Be true to Baby. And being true to Baby you will keep in the house remedies specially prepared for babies as you would a baby's food, hairbrush, toothbrush or sponge.

Exact Copy of Wrapper.

which they were riding left the road and turned turtle just outside Breslau. Children Cry For Fletcher's CASTORIA

Your Friend, the Physician.

The history of all medicines carries with it the story of battles against popular beliefs: fights against prejudice: even differences of opinion among scientists and men devoting their lives to research work; laboring always for the betterment of mankind. This information is at the hand of all physicians. He is with you at a moments call be the trouble trifling or great. He is your friend, your household counselor. He is the one to whom you can always look for advice even though it might not be a case of sickness. He is not just a doctor. He is a student to his last and final call. His patients are his family and to lose one is little less than losing one of his own flesh and blood.

Believe him when he tells you—as he will—that Fletcher's Castoria has never harmed the littlest babe, and that it is a good thing to keep in the house. He knows.

MOTHERS SHOULD READ THE BOOKLET THAT IS AROUND EVERY BOTTLE OF FLETCHER'S CASTORIA

Dr. Zauner and Associates

Invites Every Ailing Man for Free Examination, Consultation, Advice

If you are suffering with a Nervous, Blood or Skin Disease you should call at my office at once for a thorough examination. My treatment will help you. No power of words can describe the wonderful benefits my Direct Method Treatment has given to hundreds of ailing men. If you have Pimples, Eruptions, Blisters, Acne, Eczema, Bad Color, Boils, Itching or Burning of Skin, or any symptoms of Blood Disorders, Skin Diseases or Nervous Ailments you should call at once and let me explain to you—prove to you—the wonderful benefits I am rendering every day in all such conditions. The fact that you may have been treated elsewhere without benefit should not discourage you. In the least. Hundreds of patients are being restored to a sound basis of health after they had tried numerous doctors and other treatments in vain. My charges are reasonable, and no more than you can afford to pay. A visit will convince you. Call today. No discount on Canadian money.

I Have a Safe and Certain Treatment for Every Man Suffered to His Case

Do you feel tired in the morning and easily exhausted? Is your back weak? Is your memory failing? Do you have difficulty in fixing your thoughts? Are you losing ambition? Do you feel that you are not the man you once were? Do you have flashes up and down your spine, or sudden weak spells, especially after eating? Have you palpitation of the heart? Dull headaches, pain at the base of the brain, sudden spells like fright from no apparent cause? Are you very restless or sleepless at night? Are you nervous and irritable, with a feeling that you want to be alone? Are you gloomy, with a sense of some great oppression upon you? If you need my treatment, a visit will tell. Call today.

Certain and Safe Methods for a Reasonable Fee. BY MY ADVANCED METHODS OF TREATMENT, THE WEAK, DISEASED BODY TAKES ON DAY BY DAY NEW POWER.

NO MAN should suffer the loss of health, which renders life worth living, or allow himself to become less than nature's endowment. When there is at hand a certain relief for his Debility. Most of the PAINS, most of the DEBILITIES of the DIS-EASES OF MEN from which men suffer are due to an early loss of Nature's reserve power. You need not suffer from this. Why not be alleviated and enjoy perfect HEALTH? The very element which you have lost you can get back, and you may be as happy as any man. YOU CAN BE ALLEVIATED BY ME AT A REASONABLE COST. WHAT FAIRER PROPOSITION COULD ANY MAN ASK? HONORABLE, SCIENTIFIC TREATMENT IS WHAT YOU WILL GET HERE. A VISIT WILL TELL. Call today and talking things over. This does not obligate you to begin treatment.

Don't Let False Pride or Money Matters Keep You From Getting Well—Act Now—Call today. I Treat Each Case Scientifically According to Your Needs.

Now, Reader, If You Are an Unfortunate, Don't Trifle Away Your Time, Money or Health Further—You'll Do It One Day Too Long, and Get So Bad Nothing Can Help You, So Come to Me at Once! Advice Free.

CONSULTATION EXAMINATION FREE.

Every ailing man is urged to call at my office for a free treatment and a careful examination. The experience of many years is at your service.

SEEKING FRESH MARKETS.

Hon. Duncan Marshall, minister of agriculture for Alberta, expresses the opinion that the Young emergency tariff bill, which now awaits the signature of President Harding, will be a disastrous thing for the American agriculturist. Mr. Marshall considers that not only will the measure be of no benefit to the American farmer, but that it will stir up bad feeling and work incalculable harm. He declares it is the old story of "going to the government when business is bad." Before the presidential election the American farmers undoubtedly did "go to the government"; at least, they went to the presidential candidates and demanded pledges that something would be done to stop the exodus from the farms, and to remedy the great depreciation that has taken place in American farm values. Of course, pledges were readily forthcoming; the support of "the backbone of the nation" must be secured at all hazards, and protection is the panacea resorted to. But protection is a double-edged sword, which cuts both ways. It is also a boomerang which frequently hits back in the most unexpected manner, and, therefore, a weapon to be warily used.

As the Alberta minister of agriculture declares, the bill will affect the cattle trade between the United States and Canada, but he does not think that it will affect the Canadian exportation of wheat to any appreciable extent. "American millers have got to have that wheat," he says, "tariff or no tariff."

In regard to the cattle trade, there is no doubt that the bill will cause Canada to seek fresh markets. The British people as a people would welcome the lifting of the cattle embargo or the passing of any measure that gives them cheaper and more abundant food, and there is no country in the world to which they look more expectantly than to Canada, but there are interests in Britain which oppose the removal of the embargo on the ground that they would suffer. So there again we have protection, pure and simple, but not protecting the many, but safeguarding the few.

The British authorities, as Mr. Marshall points out, were prepared to admit that Canadian cattle had a clean bill of health, but imposed the embargo with Canada's free trade relations with the United States as one of the strongest reasons for its necessity. The Young emergency tariff, however, does away with this argument hitherto used by the British protectionists, and may be a big step towards the free entry of Canadian live cattle into British ports.

A LESSON FROM LOBO.

Lobo has been described as a "township without a town"; but, nevertheless, it possesses all the attributes and advantages of a city without its disadvantages. This is principally owing to the true community spirit which prevails in Lobo. The people in the township believe in "pulling all together" when any project is at foot for the benefit of the community, and when they once take a thing in hand they never desist from their efforts until they see it through. It is owing to this spirit of prudent enterprise and perseverance that the people of the township have been able to accomplish so much, for, notwithstanding the fact that the grass grows green right up to their picket fences, and that railroads give the township a wide berth, the inhabitants appear to want for none of those things which tend to make life worth living.

This is probably to a large extent owing to their possessing the faculty of doing things without wasting too much time in useless talk. They have also fostered the spirit of good-will to such an extent that the good ship of progressive co-operation goes sailing ahead in smooth water without encountering the sunken reefs of jealousy and carping criticism. This is the reason why they have at Poplar Hill one of the finest recreation parks in Western Ontario, a park which, when the need of it became evident, they themselves purchased without waiting for any of the red tape preliminaries which might have delayed the project for an indefinite time. Not only is this a recreation park where all sorts of healthful exercises may be engaged in, but it is a splendid memorial to the men of Lobo who gave their lives for the Empire in the Great War, the names of those heroes being inscribed on the ornamental gateway.

The people of Lobo have also in their own way made use of their fine park for the promotion of church union, for last summer they had combined services in the evenings, which were attended by large congregations. The Anglican, Methodist, Baptist and Presbyterian ministers each conducted the services in turn, and the collections, which amounted to ten times what either of the churches had previously taken, were handed over to the Canadian Bible Society and the County Sick Children's Hospital.

In their regard for the social welfare of the community, the people of Lobo do not lose sight of the younger generation, and the union school picnic, which is to be held in the Memorial Park, Poplar Hill, on June 8, promises to be one of the biggest functions of the kind ever held in Lobo. Combined with the picnic will be the Old Boys' reunion of Lobo Township, and about 5,000 people from the district are expected to attend. A comprehensive program of sports has been prepared, and a feature of the day will be the grand parade of the school children.

Other townships in Western Ontario might well take an example from Lobo in the fostering of the

community spirit, and in providing wholesome recreation for mind and body. In this way the attractions of the crowded cities will lose their glamor, and a race of healthy men and women be retained where they are of the greatest service in the upbuilding of the country.

BRITISH COMPANIES INCREASE CAPITAL.

Official figures issued by the British Board of Trade show that 149 companies in Great Britain increased their nominal capital £5,397,286 during the month of March. The number was slightly less than the February number, but the amount of capital increase was less than one-half of the February amount.

The comparative figures in detail, which have just been received by the Bankers' Trust Company of New York, from its English Information Service, are as follows:

1921.	No. of Companies.	Total Increase of Capital.
January	138	£10,720,418
February	159	13,407,936
March	149	5,397,286
	506	£29,525,700

The average increase per company in March was £36,223; in February, £85,401; in January £54,497. Companies engaged in the metal industries had aggregate increases of £626,152; oil, £506,007; financial, £475,500. There was one £1,000,000 increase in the case of a large store.

THE UNITED STATES AND SILESIA.

When the crisis developed in the summer of 1914 between Serbia and Austria, the diplomacy of Great Britain was directed to "localizing" the dispute. The failure of this attempt was due primarily to the military ambition of the German Kaiser, but also in some measure to the conditions of modern life, which tend against the localization of anything.

It must be just as hard to localize the Silesian question as the Serbian. The Balkan problem was, of course, old and inveterate, but the only reason why the Polish question seems fresh and less full of danger is that it was for a century and a half smothered out of sight by the triple confederation which Frederick the Great arranged. Silesia, like Macedonia, is a mixture of several hostile nationalities. Ireland is bad enough with two races at handgrips, but in Silesia, Czech, Pole, German, and perhaps a few others, have long scores of mutual hatred to settle. Just as the Balkan question seems to have been disposed of by the practical expulsion of the Turk from Europe, and the restraints put upon his first cousin, the Bulgar, Poland rises again like a young, reborn giant, between her enemies, and the future is full of trouble unless a just settlement is soon effected of her boundaries.

Here is the clearest call for a League of Nations to officiate. The Harding administration at Washington, which has agreed to take some part in the discussions on reparations, has also announced that it will not involve the United States in the boundary disputes that have arisen in Europe since the war. But why this distinction between reparation and boundary questions? Millions of Europeans, including probably most of the Germans, would welcome the settlement of all outstanding difficulties by a League of Nations that included the United States, and a settlement so welcomed would be both peaceful and permanent. The moral weight and the power of the United States would give the league's decisions a binding force. Why should the United States refuse to complete its good work? It helped materially to win the war, to make the peace, to convince Germany that the reparations must be paid. The logical conclusion of such activities is participation in a pacific League of Nations, for the sake of general security and to safeguard the future of America as well.

EDITORIAL NOTES.

The main idea of psycho-analysis seems to be to "Pack up your troubles in your old kit-bag and smile, smile, smile."

The bombing and burning of the custom house in Dublin shows that there is not even method in the madness of the Sinn Feiners.

The athletic women of England are up in arms against the doctrine of "less muscle and more sense," claiming that the ancient aphorism of "a sane mind in a sound body" still holds good.

According to Comrade Lauchman of Ottawa G. W. V. A., "dry rot" is a more serious malady than "cobwebs in the cranium." Now we know what is the matter with the Meighen Government.

Motor cars are apparently making people more and more independent of the railroads, judging from the traffic returns of Empire Day. Perhaps the absence of the cheap fares of the good old days before the war has also something to do with it.

A minister of North Bergen, New Jersey, has established a record in long-distance preaching, his sermon occupying 6 hours, 22 minutes and 11 seconds. How many of this congregation had afterwards to be operated on for sleeping sickness is not stated.

EVERYTHING

GOVERNMENT BY WOMEN.

[Kingston Whig.] There is a small town in the State of Kansas, the town of Thayer, which will be the center of much attention for the next year, for it has the unique distinction of having a town council which, including even the mayor, is composed entirely of women. At the recent municipal election, in spite of the determined and well-organized opposition of the former occupants of these offices, the entire women's ticket, including the mayor, police, judge and five councilwomen, were elected by a four-to-one vote over the men's ticket.

PUTTING WEALTH INTO AGRICULTURE.

[Vancouver Sun.] Raising the standard of excellence in the grain, fruit and vegetable, and in the live stock on a farm, is one great factor working towards putting wealth into agriculture.

It takes more land space to grow low-grade produce than it does to grow high-grade produce, because the low-grade produce gives a smaller yield per plant or per hill than the high-grade. For live stock actually costs more to feed and pasture than high-grade stock, when you realize the actual truth that you have to feed more poor-grade animals to get an equal amount of product for market.

In Ontario the farmers themselves have come to a complete realization of these facts, and are carrying on an immense amount of experimental and recording work by means of their own voluntary experimental union.

"I SEE BY THE PAPER."

[Bay City Times.] About 28 million copies of newspapers are now sold daily in the United States. Practically everybody reads a newspaper.

Hence the average paper is read by four persons. In many communities the popular paper has an average of five readers for every paper sold.

That should interest advertisers. Incidentally, we wonder how many times a paper is read after you throw it into your waste basket and before it reaches the machine which makes it into pulp that in turn becomes strawboard or wrapping paper.

For who, except a rag-picker, can resist glancing at the headlines of a newspaper, no matter how old it may be or where it is discovered. Housewives who, in changing newspapers on pantry shelves, stop to read the headlines or look at the pictures, will vouch for that.

WHAT DO YOU KNOW ABOUT CANADA?

ANSWERS TO YESTERDAY'S QUESTIONS.

- 1—The Mandans were a tribe of Indians of the Mississippi valley whom La Verendrye visited in 1739. He reported that many of them were of a fair complexion and their civilization more advanced than that of the surrounding tribes.
- 2—Dr. R. P. Bowles is president of Victoria College, Toronto.
- 3—The Senate has six Alberta members.
- 4—The first Roman Catholic convent was established at Quebec in 1639.
- 5—Canada's new coat-of-arms bears the device, "A Mari Usque ad Mare," meaning "From sea to sea."
- 6—Toronto is 128 years old.
- 7—The House of Commons and the Senate are the two houses of the Dominion Parliament.
- 8—Sir Alexander Mackenzie was the first European to cross the continent and find a pass through the Rocky Mountains.
- 9—The first Christian service among the Indians was held by the Fran-

ciscan missionaries to the Hurons in 1615 in the presence of Champlain.

10—Sir Francis Drake visited the west coast of America in 1578.

TODAY'S QUESTIONS.

- 1—What game did La Verendrye call the Saskatchewan?
- 2—Who is president of the Canadian Artillery Association?
- 3—How many House of Commons members has Alberta?
- 4—Who was the first white navigator to enter the Straits of Juan de Fuca?
- 5—How many canals are built on the water system between Montreal and Lake Superior?
- 6—Name the three belts of the Rocky Mountains.
- 7—What is the motto of the National Council of Women of Canada?
- 8—When was the boundary line fixed between Alaska and British Columbia?
- 9—Where is Canada's national park on the St. Lawrence River?
- 10—What is a bronco?

POETRY

A SHADOW OF DANTE.

[C. Field, in Westminster Gazette.] So Stromboli retreated in the gloom,

Flaming red flame and molten lava high. A glaring portent: We, who passed it by. Carry that lurid memory to the tomb; Yet round its crater living flowers bloom. The vine, fig, olive, grow and fructify. Above it laughs the blue Italian sky. A paradise upon the verge of doom. As fiery as that red volcanic blast. Through years he wrestled with his unseen foe. Waiting in pain, "I will not let Thee go. Until Thou bless me who have held Thee fast."

And so our Dante from his hell of woe Arose to paradise and peace at last.

BEFORE THE CITY WAS.

[Hilda Morris, in New York Times.] When the world with dusk is drowsy, and the city's lights flare out. Like yellow-petaled flowers against the gray. Then when beauty stoops to cover garish street and building over. And the earth and sky are sleepy as the day—

Do they dream, the earth beneath us and the misty sky above. Of the time when once our paven city waives upon the verge of doom.

Were but weed and field and forest, where the dryads danced and chorused. And there was not any clamor in the days?

Do they dream and hear the sighing of old trees that long are mold? Do they hear the singing sound of little brooks?

Do they scent again the blooming and the woody sweet perfuming Of hidden flowers in quiet, leaf-bound nooks? Perhaps they are the wraiths of birds

and wild things scurry by. Perhaps the sky may dream the touch again. Of delicate tree-fingers, whose gentle pressure lingers. Remembered as the touch of love and pain.

Oh, earth and sky are verities, and all that lies between. Is space whose trimming once was fine and fair.

There was green along the byways that are changed to paven highways. And there once was breath of spring upon the air.

When the sky with dusk is drowsy, and the earth is covered up. With a misty mantle tremulous and deep.

Then I'm sure they're dreaming, dreaming, that the city's just a seeming— And the forest whispers to them as they sleep!

Mr. and Mrs. Linn Milton of Ridgeway and their daughter were guests in the city for over the 24th.

Miss Mary Shuttleworth of Hamilton is a guest with Mr. and Mrs. J. R. Shuttleworth, Princess avenue.

Mr. James Morrison and Mr. Ferguson Murphy, who spent the 24th in the city, have returned to Toronto.

Mr. A. W. Varley was the guest of his sister, Mrs. Ernest C. Bessford, Arundell street, over the holiday.

Mrs. O'Meara of St. George street, and Miss Florence Crummer, spent the week in Buffalo and Niagara Falls.

Mrs. R. E. Davis of Wortley road is receiving this afternoon in honor of Mrs. Evans Davis and Miss Gwen Davis of Ottawa.

Miss Jeanet Raymond of Sault Ste. Marie, Mich., is a guest at the home of her cousins, Mr. and Mrs. George Raymond, 727 Eglar street.

Mrs. (Rev.) Ashton, 155 Wellington street, will be at home today and Friday of this week, from 3 until 6 o'clock, to the ladies of the congregation and friends in the city.

Mr. and Mrs. W. H. Chittick of 601 Hamilton road announce the engagement of their daughter, Clara Victoria, to Robert A. Burns, of Calgary, Alta., the marriage to take place quietly next month.

Mr. and Mrs. C. Hodgins, 165 Ridout street, announce the engagement of their daughter, Edith Marion, to Mr. J. Harold Duplan of this city, son of Mr. and (late) Mrs. C. H. Duplan of Liddon, Ont., the marriage to take place in June.

Mrs. A. Jones, Maitland street, entertained in honor of Mrs. Ching, 481 street, on Wednesday afternoon. A number of friends of Mrs. Ching took this opportunity of bidding her bon voyage to England, where she will in future make her home. Mrs. Ching was a valued member of the Wellington Street Methodist Church, and will be missed by a large circle of friends.

Mr. and Mrs. O'Donnell recently entertained at a delightful dinner party in honor of their son, the Rev. Father Ambrose O'Donnell, ordained to the

wash it off again after two hours, every night for a week. It sets up a mild inflammatory reaction, and when the skin has become slightly inflamed the lotion should be discontinued.

Crying Baby.

Can a boy baby be ruptured from crying? (Mrs. R. J.)

ANSWER—No, nor a girl baby. If there is a rupture (breach or hernia) present at birth—and most ruptures are congenital—it may not become manifest until weeks or months after birth, when it is noticed while the child is straining or crying. But the straining or crying is not to be considered the cause. The cause is congenital defect of closure of naturally weak places (as at the navel, or in the groin), and no one can explain why such a defect occurs in certain instances, any more than we can explain why certain infants are born with one or both feet incompletely developed (club foot). In many cases congenital groin hernia does not manifest itself until young or adult life. (Copyright National Newspaper Service)

Advertiser Patterns
Owing to the pattern manufacturers increasing the price of patterns to us, all patterns advertised from this date will be 15 CENTS EACH.

A Smart and Attractive Dress.

Pattern 3306 is portrayed in this model. It is cut in seven sizes, 34, 36, 38, 40, 42, 44 and 46 inches bust measure. A 38-inch size will require 5 yards of 36-inch material. The width of the skirt at the lower edge is 2 yards with pleats extended.

Black taffeta, braided or embroidered, also linen, serge, duvetyne, tricot, or any other suitable material for this model.

A pattern of this illustration mailed to any address on receipt of 15 cents in silver or stamps.

Name.....

Town.....

Province.....

Age (if child's or misses' pattern).....

Measurement: Bust..... Waist.....

CAUTION: Be careful to inclose the above illustration, and send size of pattern wanted. When the pattern is sent, you need only mark 38, 40, 42, 44, or whatever it may be. When in waist measure, 22, 24, 26, or whatever it may be. If a skirt, give waist and length measure. When misses' or child's pattern, write only the figure representing the age. It is not necessary to write "inches" or "years." Patterns cannot reach you in less than one week from the date of application.

The trouble with a lot of these poor little underlings, pale, sickly, nervous, irritable kids is that they don't get enough sleep. It beats all how some parents and uncles and aunts and things seem to think a kid can be up half the night and still keep well and strong. There ought to be a heavy fine exacted from any group who keeps a kid under six years of age up after 8 o'clock at night. Dad says half of the so-called nervousness in young children is directly due to late hours and insufficient sleep. He always took pains to see that I was punctilious about hitting the hay. My wassail ditty was "Yay, Hay, Hay, and a Bottle of Milk!" And there's nothing nervous about me but the neighbors.

The degree of cruelty involved in keeping a baby in arms up after sundown at night is about equivalent to sitting at a group's bedside and shooting firecrackers every ten minutes all night. Kids grow chiefly while asleep. Give 'em time.

A tired mother is a cross one. Let the kids hit the hay right after supper, and keep mother young, healthy and pretty, so she can be pals with them when they are growing up. Night-hawking is a mighty bad habit for everyone concerned.

The natural, healthful and most restful time to sleep is right after you have filled your stomach with good food. Dad and I and our dog Bob can prove that any time. So eat, sleep and be happy.

The time a kid passes in oblivion in the hay is building time. What's your building program this year?

Here is my sleeping schedule to date, and it is a good one, for father says I have always slept according to Holt, and Holt, father thinks, still understands kids pretty well while they're asleep:

First 48 hours of my life: Constant semi-coma, rousing only occasionally to cry a bit.

Next three weeks: Sleeping 21 hours out of every 24, waking only from hunger, discomfort or pain.

Up to age of six months: Sleeping 17 hours out of each 24, waking intervals being only half an hour to one and one-half hours long.

At age of one year: Sleeping 15 hours out of each 24, about 12 hours at night and two naps of 1½ hours each in the day time.

At age of two years: Sleeping 14 hours daily. Naps forenoon and afternoon.

At age of four years: Sleeping thirteen hours. One good nap each afternoon.

At age of six years: Sleeping twelve hours. Afternoon nap discontinued when I entered school.

I am now seven years old, and still doing a 12-hour turn in the hay. Father says we will make it 11 hours when I become 9 years old, and 10 hours when I become 12 years old. Ten it will remain until I am 18.

QUESTIONS AND ANSWERS.

Twin Beds for Health.

FOR LOVE OF BETTY

(BY MAY CHRISTIE.)

(Copyright, 1920, by the McClure Newspaper Syndicate.)

XIV.—A TELLING THREAT

Miss Crowell did not pause in the fanning process.

April knit her brows.

How on earth came this woman to know about the money end of the situation?

She put a bold face on it as she replied:

"I tell you I haven't the least idea as to the contents of those packets."

"Easily answered!" Miss Crowell was looking straight into the girl's eyes, as though she would read all the plots and machinations that were hatching in her brain. "I was one of the witnesses to Mr. Trevor's will."

"But about the money?" April interrupted sharply.

"Yes—go on," April breathed. Things were looking graver now.

"Among his memoranda was a scrap of paper indicating that he had twenty-five hundred dollars in notes in an envelope in his lodgings."

"I don't think I'd break the seal, did you?" These words of April's to turn the tables on her only served to entertain her vastly.

"Then," answered April shrilly, "how do you know what the packet actually contained?"

Surely the prying woman was cornered now, she complacently reflected! Surely she had been speaking at random!

"When Mr. Trevor had his accident," began the nurse slowly, "I was told to run through the contents of his coat before it was locked away, and place all the papers and memoranda in safe keeping."

"Yes—go on," April breathed. Things were looking graver now.

"Among his memoranda was a scrap of paper indicating that he had twenty-five hundred dollars in notes in an envelope in his lodgings."

"I don't think I'd break the seal, did you?" These words of April's to turn the tables on her only served to entertain her vastly.

"Then," answered April shrilly, "how do you know what the packet actually contained?"

Surely the prying woman was cornered now, she complacently reflected! Surely she had been speaking at random!

"When Mr. Trevor had his accident," began the nurse slowly, "I was told to run through the contents of his coat before it was locked away, and place all the papers and memoranda in safe keeping."

"Yes—go on," April breathed. Things were looking graver now.

"Among his memoranda was a scrap of paper indicating that he had twenty-five hundred dollars in notes in an envelope in his lodgings."

"I don't think I'd break the seal, did you?" These words of April's to turn the tables on her only served to entertain her vastly.

"Then," answered April shrilly, "how do you know what the packet actually contained?"

ARENA CAMPAIGN WILL BE ORGANIZED NEXT THURSDAY

CLUBS HAVE JUSTIFIED FURTHER ACTION

London Made It Three Out of Four On Vehics

Quinn Would Have Blanked Flinters 5-0 But For Wild Pitch in Ninth, Which Let in Run.

London took the last game of the series from Flint yesterday afternoon, completing three in a row, by a score of 5 to 1. Lefty Quinn pitched the fine brush work on the Flinters, and allowed them but six hits during the afternoon. He would have blanked them but for a wild pitch in the ninth. The Londoners gathered eight knoxes off the delivery of Ainsmith, Shay getting a triple, Briggs a two-run homer and Kuhn one double.

The Londoners didn't get anything but a single to centre in the first two frames. Joe Briggs opened the third with a double to left. Quinn sacrificed him along and Stutz was safe on a belding choice. Shay's sacrifice fly to centre scored Joe, and Vandyke's single to right scored Stutz. Vandyke's single third and came in when Kuhn knocked one to the mound, which Ainsmith muddled. Ainsmith allowed the Tribesmen only two hits in the next three stanzas. Joe Briggs started things again in the seventh, when he was safe on Dugray's boot and took second on a wild pitch. Quinn came along with a nice little sacrifice tap that put Joe on third, from where he scored on Stutz's single to left. Stutz pitched second, and was brought in when Shay bled, Vandyke fouled out and Kuhn fled out to left to close the inning.

The Flinters never really threatened, except in the eighth. At this juncture, with two runs, Hunter and Ainsmith both singled, and Kuhn followed through Shay's boot. Newell lifted a high fly which dropped right into Crich's glove and Quinn was out of that hole.

In the ninth, Dugray, first up, singled, took second on Kell's choice and third while Shay, Malmquest and Kuhn were killing off Kell and Ainsmith in one killing. He came in when Quinn let a wild pitch slip out.

KITCHENER DIVIDED SERIES WITH LEADERS										
Port Huron-Sarnia Nine Took Last Game, But Had To Catch Up in Doing.										
KITCHENER, May 25.—Port Huron-Sarnia split even on the four-game series against Kitchener by winning this evening's fixture by 3 to 2. The Beaver gained a lead of two runs in the first inning, but the visitors came from behind and scored the winning run in the seventh on two hits and two errors. Kirby started to pitch, but retired at the end of the third, owing to lack of control. Glynn finished the game, but the breaks were against him. Doc Bullard pitched a steady game for the league leaders.

INDIANS MADE IT THIRD STRAIGHT

Winning Run Scored With Two Gone in Ninth—Mackmen's Rally Beat Tymen.

CLEVELAND, May 25.—Cleveland made it three straight over Boston today, taking this afternoon's game by a score of 3 to 2. The winning run was scored in the ninth inning after two men were retired. Pitcher Jess Pats, a southpaw, was released by Cleveland to Indianapolis today.

The score: R.H.E. Boston..... 002 000 000-2 Cleveland..... 011 020 001-3

Umpire—Russell and Walters; Uhl and O'Neill.

MACKMEN RALLY

DETROIT, May 25.—Philadelphia won the series from Detroit by taking today's game, 5 to 3. A ninth-inning rally broke a tie score.

The score: R.H.E. Philadelphia..... 200 000 102-5 Detroit..... 000 000 000-3

Umpire—Perkins; Ehmke and Bessley.

BREAK EVEN

CHICAGO, May 25.—Washington broke even on the series with the White Sox by winning today's game, 10 to 5.

The score: R.H.E. Washington..... 011 030 212-10 Chicago..... 110 020 100-5

Umpire—McGriff and Gharney; Wilkinson, Pence, Hodge and Tarsan.

BROWNS RALLY

ST. LOUIS, May 25.—St. Louis rallied in the ninth inning today, scoring two runs after two were out, and defeating New York 7 to 6. Ruth made a home run in the seventh with Mitchell and Ferguson on base. It was one of the longest hits ever made at the local park.

The score: R.H.E. New York..... 000 002 300-6 St. Louis..... 200 020 102-7

Umpire—Ferguson, Quinn and Schang; Shocker and Severid.

ENGLISH CRICKET

LONDON, May 25.—The first all-English test game against the Australians in the match to be played at Nottingham next Saturday, was completed today by the inclusion of Jupp, Sussex; E. Tidy, Lancashire; Strudwick, Surrey; and Makepeace, Lancashire.

In addition to the above the team is as follows: Knight, Surrey; Rhodes, Yorkshire; Hendon, Middlesex; Woolley, Kent; Hodges, Yorkshire; H. Howell, Warwickshire; and Richmond, North.

The captain of the English team is Douglas.

BLENHEIM PATCHED UP TEAM BEATEN 10-9

BLENHEIM, May 25.—With five of their regular players seeing the sights elsewhere at Detroit, Leamington and Chatham, Blenheim baseball players yesterday met Dresden, who came over strong, with the result that the visitors, after a hard-fought and interesting game, went home victors by a score of 10 to 9. Jackman, who was expected to be called upon to pitch for Blenheim, threw his arm out in the ninth, and had to be relieved by Hawgood. Blenheim made 18 hits and Dresden 13. Dresden team put up a good all-round game and are a good line-up.

Blenheim management started in much discouraged that so many of their players had seen fit to leave when badly needed, and had much trouble in getting a line-up at all, while the visitors were fifteen strong.

Kitchener umpired very satisfactorily. Rumble, Speed and Jackson for the home team started. Blenheim has the make up of a good ball team, but there seems to be a lack of concerted action, and it is hoped yesterday's situation will result in a get together move. That five of Blenheim's players would be away yesterday was most lamentable, and it clearly showed owing to the fact that the management was not aware of the situation until arrival at the grounds that there is no unity that should be.

Holiday Sport.
In a well-played game the public school team defeated the high school with a good lead.

In the morning a school team went over and played Merlin school team at Merlin, coming back with a report that they had won by a good margin.

The foot races and kite flying were interesting features of the day here.

The following were the winners of the races:
Miss Putnam's Class—Raymond Butler, Albert Siddles, Fred Prouty.
10 and Under—John Sherrah, Robert Moore, Sidney Clunie.
12 and Under, Girls—Grace Butler, Ella Rumble, Emma Riseborough.
12 and Under, Boys—Arch von Gunten, Ernest Stover, Robert Moore.
15 and Under—Arch von Gunten, Roy Sturk, Robert Moore.

Complete Organization of Arena Campaign Due For Next Thursday

Clubs' Efforts Justify More Action

The reports coming from the social clubs of the city were so encouraging that the meeting of the arena committee yesterday afternoon at the chamber of commerce rooms decided that a campaign would be instituted next Thursday, regularly organized and ready to make a thorough canvass of the city.

The definite amounts subscribed by the clubs were not made public, but they were sufficiently impressive to warrant further plans for the campaign being made.

The Alerts have done particularly well in this respect, and the amount they have raised would in itself be sufficient guarantee of the feeling behind the proposal.

J. C. Watt was also able to show a comfortable subscription list raised from a few enthusiasts who might not be touched by a general campaign.

Tom Jones, in a few pungent remarks, took the meeting away from generalities into cold hard business facts and the campaign, when it is instituted, will be a business proposition pure and simple. Adam Taylor of Guelph of the Taylor-Forbes firm gave the experience of the Guelph campaign, which was illuminating.

Altogether, the arena is a good many feet nearer completion than it was a few weeks ago. The arena committee feel now they have something to go on instead of mere fancies and dreams, and next Thursday should see things whipped into such shape that a campaign may be started immediately after.

Wretched Attendance At Interscholastic Meet May Mean Removal From City

City Is Geographically Proper Center, But the St. Thomas Claims Are Almost As FAVORABLE—LONDON NEEDS To Wake Up.

If London were to lose the interscholastic meet next year to one of the other cities in Western Ontario, it would be well deserved after the rather wretched attendance last Saturday.

It is not for the fact that geographically this city is the logical center for the meet, reducing expenses of the teams to a minimum. However, St. Thomas is almost as central, and it would not be surprising if the meet went there next year.

Certainly London did not show any appreciation of the scope the meet embraces. Attendance, after all, is a pretty fair indication of interest—about the surest.

It must be admitted that there are many features attached to the usual track meet which makes it slow and uninteresting, but on the other hand, these features, or at least many of them, were eliminated in the interscholastic meet, and this objection certainly was not pressing.

It comes back pretty well to London as a supporter of sport. London will support two games, baseball and hockey, and all other sports have to take pot luck and a lot of indifference. It will be unfortunate if the Western University Athletic Association finds it advisable to move the annual interscholastic meet somewhere else, but London doesn't deserve in all fairness more than another chance.

Posties Shut Out Foundrymen 2-0

Play Fastest Game Yet in Mrs. League—Tailors Meet Bolt-Hosiery Tomorrow.

Civil Service and McClary's staged a fast game, the Posties shutting the foundrymen out, 2 to 0. Andrews, who pitched for McClary's, was found for four hits in the first inning. A Watts hit for three sacks, Reilly and Down both singled, scoring him. Southcott and Hosie both popped out, and Armstrong was tagged going home. One run, four hits.

Barry Clark for McClary's in the first landed on one of Nopper's shoos for two sacks, but was left stranded. The Civil Service put another across in the third. Reilly walked, Down sacrificed and McClary's saved a high fly to catch Reilly going to third and he got home. McClary's got to Nopper for three hits in the fifth, but could not score. Bud Kelly was caught going to second after Campbell had singled to right. Down making a quick return of the ball McWain fled out to short and Andrews whiffed. The game was played in the fastest time of the season.

Score: R.H.E. McClary's..... 000 000 0-0 Civil Service..... 101 0X-2 5-2

Andrews and R. Campbell; Nopper and Armstrong.
Umpire—Game Friday.

June 7—Windham Centre at La Salette.

THORNDALE BEATS TIGERS OF POTTERSBURG 12-10

THORNDALE, May 25.—The Pottersburg Tigers were defeated here this evening by a score of 12 to 10 by the Thorndale nine. The battles were Voltaire and McRoberts; Rider and Hazlewood; Umpire—S. Faircloth.

SPANIARD WINS.
HENDON, Eng., May 25.—Manuel Alonzo of Spain defeated F. Gordon Lowe in three straight sets in the singles of the Davis Cup tennis series here today. The Spaniard won by 6-6, 6-1, 6-6.

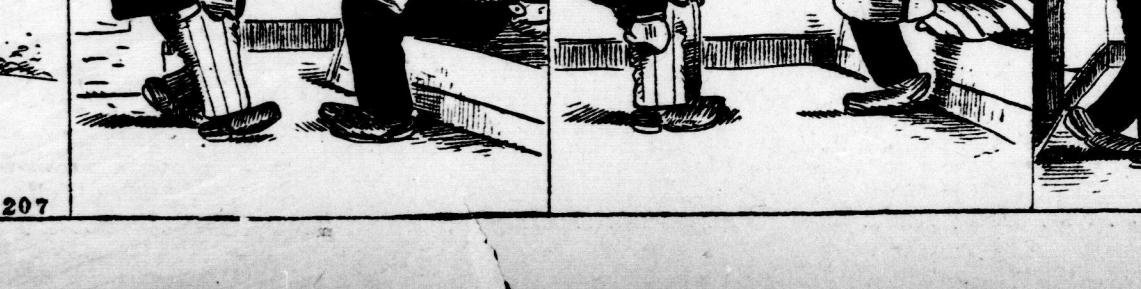

LUCAN ST. PATS BEAT ST. PETER'S, LONDON, 4-3

The second game of the Holy Name Baseball League was played at the league's diamond, Sunshine Park, on Monday evening between St. Patrick's of Lucan and St. Peter's, London. It resulted in a victory for the visiting team by a score of 4 to 3. The line-up: St. Patrick's (Lucan)—Ward, catcher; Wheelahan, first base; Hodgins, shortstop; Blake, pitcher; Lamy, right field; Guttridge, second base; McLaughlin, left field; Parsons, centre field; Darcy, third base.

St. Peter's—Conner, second base; Crissey, right field; H. Nopper, left field; E. Killingsworth, centre field; J. Nopper, first base; Q. Henry, third base; Gardener, catcher; Harper, pitcher; A. Nopper, left field and pitcher.

Harper was taken out at the end of the second inning and A. Nopper put in his place. Three runs off Harper; one off Nopper.

LARRY DOYLE DIRECTS LEAFS FROM STANDS

Toronto Leader Suspended For Three Days—Orioles Take Sixth Straight.

TORONTO, May 25.—Manager Doyle directed today's game between Rochester and Toronto from the grandstand, under three days' suspension for his dispute with Umpire Cleary at Buffalo, Sunday. The Leafs won, 3 to 2. The weather was chilly and the crowd small. Blackburn was at third base and Gonzales at second.

R.H.E. Rochester..... 000 010 010-2 Toronto..... 101 000 01X-3

Umpire—Wagner and Mattox; Snyder and Sanborn.

ORIOLES WIN SIXTH.

BALTIMORE, May 25.—The champion Orioles won their sixth straight game from Newark today, 5 to 2. Bunching their hits, the locals did all their scoring in the first two innings off Perryman. Score: R.H.E. Baltimore..... 320 000 00X-5 Newark..... 000 010 001-2

Umpire—Tomas and Egan; Perryman, Singleton and Withrow.

VETERAN BRITISH GOLFER PUTS OUT DOUGLAS OF U. S.

HOYLAKE, Eng., May 25.—J. H. Douglas, Jun., Chicago, was beaten by the veteran John Ball, Royal Liverpool, in a match which went one extra hole. Ball is 58 years old and has won the British amateur title seven times. He was strongly supported locally today as one of the finalists.

MIDDLE IV. BEAT V. BY A 6-5 SCORE

Middle IV. defeated Middle V. in a fast game of ball yesterday by a score of 6 to 5. The winners had ten hits and also three errors chalked up against them. Lawrence had 14 strikeouts, against 8 by Gray. The batteries were: Middle IV., Lawrence and Killingsworth; Middle V., Gray and Fogler.

SOUTHERN ASSOCIATION.

At Atlanta 2; Birmingham 10.
At Chattanooga 3; Birmingham 19.
At Nashville 9; New Orleans 3.
At Little Rock 5; Mobile 11.

HARROW NINE WIN AND LOSE ON THE HOLIDAY

HARROW, May 24.—A big crowd greeted the Harrow baseballers today when the local boys played two games with the M. Macs, and the Royals of Windsor, winning the first by two runs, and losing the latter by four runs. This was simply a preliminary to Harrow's first County League game with Leamington on Friday, and showed the local boys in good form. McAdoo faced fourteen batters. Gough an old Cleveland big leaguer, pitched in the latter part of the second game. Abbot made the best all-round play today, both at the bat and fielding.

PEACE WILL BE DELAYED DUE TO BURNING OF DUBLIN CUSTOMS

Several Raiders Believed To Have Perished in Fire.

ARCHIVES DESTROYED

Troops Are in Control of Situation Following Conflagration.

Dublin, May 25.—Smoking ruins customs today the site of the historic customs house of Dublin, which was burned yesterday afternoon by a raiding party of civilians. During the night sullen bursts of flame in the twisted mass of stone and steel lighted up the scene, about which British armed forces kept vigilant guard. Fifty men, arrested by crown forces after a pitched battle in the city, were taken to the city, and the bodies of upwards of a dozen persons killed during the struggle reposed in morgues. It was believed that some of the raiders had perished in the fire. The exact number of wounded had not been learned early today.

The customs house was completed in 1791 and was one of the chief architectural ornaments of the city, although a railroad bridge built across the river Liffey detracted from its beauty to some extent. The building, which housed the local government, the boards of trade, and public works and other local bodies, was situated on the left bank of the river.

Priceless Documents Lost.

The side facing the water was of Portland stone, while the other three sides were of granite. It was of the Doric style of architecture and was crowned with a dome, surmounted by a statue of Henry VII. The building was a masterpiece of architecture, and the loss of the priceless documents which were stored in the building was a great loss to the government. The documents, which were of great historical value, were destroyed by the fire. The building was a masterpiece of architecture, and the loss of the priceless documents which were stored in the building was a great loss to the government. The documents, which were of great historical value, were destroyed by the fire.

The Freeman's Journal said: "It may be a noble thing to rise to higher things on the stepping-stones of our dead selves, but when the stepping-stones are the corpses of our dead countrymen, the achievement is not noble."

CIVILIANS SENTENCED.
Dublin, May 25.—Four civilians, Joseph Hughes, James Keenan, James Lanyon and Joseph Mulken were today sentenced by court-martial to fifteen years' penal servitude for an attack on crown forces at the Custom House on May 12 last. The crown forces, at the time of the attack, were proceeding to the assistance of the police in the Camhough barracks, who were being besieged.

EINWOHNERWEHR MUST DISBAND.
London, May 25.—Decision that the Bavarian citizens' guard, known as the Einwohnerwehr, must submit to disarmament was reached by the Bavarian council of ministers, says a Berlin dispatch to the London Times. The council deliberated for two days before reaching its decision.

GREAT LAKES CRUISES.
A voyage over Lakes Huron and Superior, those great fresh water seas, makes one of the most popular of vacation trips. The fleet of the Northern Navigation Company (Grand Trunk route) sailing from Sarnia to Sault Ste. Marie, Port Arthur and Duluth, offers the maximum in comfort, service and safety. From Toronto special Grand Trunk steamboat trains make direct rail connection with the vessels at Sarnia, Ont. The round trip over the Great Lakes occupies six days. The traveler finds each hour filled with ever-changing interest. There is the charm of the daily life on shipboard, the thrilling experience of passing through the locks at Sault Ste. Marie, the day ashore at the famous Twin Cities, Fort William and Port Arthur, and the visit to Duluth, the city built upon the mountainside. For all information apply to Grand Trunk agents or to C. E. Horning, D. P. A., Toronto, Ont.

BLACKHANDERS AT

WORK IN HAMILTON

Attempt to Blow Up Residence After Sending Letter Demanding \$1,000.

HAMILTON, May 25.—Blackhanders attempted to blow up the residence of Monaco Natale of this city, to whom they sent a letter recently, demanding \$1,000, and threatening the death of himself and family. Dynamite was placed under the front of the house between the windows and the explosion from the dynamite blew out the windows and otherwise damaged the house. No person was injured. 32c

NEW FAIR GROUNDS

FOR AMHERSTBURG

AMHERSTBURG, May 25.—The Union Fair Society of Amherstburg has purchased the Gibb farm of 20 acres on the Pike road, adjoining the town and is having the place fitted up as a first-class fair grounds. The famous old Fox racetrack is located on this property, and the society has appointed a special committee to look after race meets throughout the year. The committee comprises W. S. Falls, manager Molsons Bank; Reeve, Crimmins and Ralph Langlois, a prominent farmer of Malden, and son of Theodore Langlois, known throughout the county as an old-time racing man. The ground has been laid out by Lennox T. Bray, C. E., and other proposed improvements are completed, ought to be the most modern in the county. The fair will be held three days, October 10, 11 and 12.

Amherstburg, May 25.—A meeting together with the board of trade, Daughters of the Empire and other civic organizations, decided to put on a monster Dominion Day celebration at the Amherstburg town square. Active committees were struck and all are working overtime to put the celebration across.

SARNIA CHARGE

MAY BE PROBED

Friends of Chief Forbes Intimate Conspiracy May Exist.

SARNIA, May 25.—When the police commission resumed the hearing of testimony in connection with complaints and charges against Chief of Police James Forbes by Sgt. Keith and Constable Fournis this afternoon, the latter was called to submit evidence as co-complainant, and was on the stand all afternoon. While some of his evidence was similar to that submitted by Sgt. Keith, the previous week, he also introduced some new complaints, which were investigated. After a four-hour session, the commission decided an adjournment was necessary and the hearing will be resumed Monday afternoon.

It is intimated by friends of Chief Forbes that the complaints against the chief were the result of a conspiracy by certain members of the council to oust Chief Forbes. It was stated that the commission and police board of the council may be asked to probe the entire issue.

STRONG APPEAL BY MISSIONARIES FOR THE CHINESE FIELD
Teachers in Honan College Address Women's Auxiliary of Huron Diocese.

"Pray, give and go must be the intended watchword of the church," declared Miss Macintosh, Anglican missionary to China, addressing the delegates to the annual conference of the Women's Auxiliary, Diocese of Huron, at Chong Hall last evening. For the past five years Miss Macintosh has been teaching in the St. Mary's School for Girls in Honan, China, returning to Canada in February last.

"Why must we pray?" continued the speaker, "Because from my experience in China I am convinced that your prayers are heard by Him. Furthermore, our girls believe in prayer. In your duty to uphold them and your missionaries, as well as by a strict devotion to prayer."

"Why must one go to China? Because the Diocese of Honan has a population of some thirty-five million, and the Canadian Church of England has assumed full responsibility for this great mass. It is not altogether the question of money."

We must have volunteers and must have them at once, and the issue confronting us is whether Jesus Christ meant you, when he said "Go ye into the world and preach the gospel." Who shall go? He means you, with the gifts and qualifications, and it may be startling for you to learn that not one new applicant has been yet accepted to enter into training this fall for the foreign missions. The speaker spoke of the momentous issue and we need right at this moment those of intellectual and executive ability who are willing to give up all for work in that distant land. Mothers do not stop your older children who express a fervent desire to take up this work. It is because of you that today we find ourselves without the adequate number to properly carry on. Do not keep these young people from the great joy of their service, coupled with the privilege of bringing happiness and light where before reigned wretchedness and misery."

Rev. Mr. Simmons Speaks.
Rev. G. E. Simmons, also of Honan, China, delivered an interesting review of his activities among the boys at the St. Andrew's School, of which institution in Honan he has been principal for the past five years. The speaker spoke glowingly of the splendid progress made in his district and throughout heathen China despite almost overwhelming odds—ignorance and superstition, scourge, famine and civil revolution. It had become necessary, he said, in his own school to prepare for double accommodation to meet the increase in applicants for admission.

Speaking of the effect of Christian teaching and education upon the Chinese boys, Mr. Simmons was of the opinion that the latter now converted to the faith would put to shame by their exemplary conduct and general demeanor, the children here. "Having a knowledge," he said, "of the shortcomings of both I can say that the Chinese compare very favorably to our own in Canada. Adopting Christianity themselves, they go out among their people and gain new converts, and when I say that these boys in the majority are drawn from the best homes where the teaching of Confucius multiplied the value is as represented, prices are low, and quality is the best obtainable. This store is "Johnston's" 417 Richmond Street. "The store with a conscience."

mission field of the East. "I have been asked," he explained, "what is our greatest need? I answered that we must have personal service, especially in the medical department. But we are looking forward to great things from now on. I can only tell you that the gates are open and the barriers down. It is for you to decide if we are to enter therein."

Right Rev. David Williams, bishop of Huron, presided, and spoke briefly of the splendid work being accomplished by the missionaries in those places far afield. The bishop touched on the utmost importance of a concentrated effort being made to Christianize China, that great country, wherein the masses slowly but surely are drifting from their old gods and groping for the new truth.

WESTERN PROFESSOR STRONG SUPPORTER OF DR. JOHN B. DEEVER
Declares Antivivisection Activity Due to Lack of Scientific Knowledge.

Following a paper read before the Western Ontario Academy of Medicine on Tuesday on "The Perverse Activities of Anti-vivisectionists," by Dr. John B. Deever, M.D., D.S.S., LL.D., professor of surgery at the University of Pennsylvania, Dr. F. R. Miller, M.B., chief of the department of physiology at Western Ontario Medical School, said:

"I feel we are all very much indebted to Dr. Deever for coming here from the University of Pennsylvania and giving us this admirable defence of animal experimentation. Coming from such an eminent authority as himself, his words carry added weight."

"Scientific medicine will doubtless continue to make important advances through purely bedside studies. Nevertheless, there will always be an important class of problems which can only be solved by an appeal to actual experiment. Here alone it is possible to control the variables and to reduce conditions to the simplicity required by the scientific method."

"The existence of the anti-vivisection movement depends, in my opinion, on the appalling lack of scientific knowledge among otherwise well-educated persons. Intelligent persons are well versed in literature and history, but know little or nothing of physics, chemistry and biology. The opinions of many people depend not on logic or reasoning, but rather on emotional sympathies and the desire to simulate their friends and associates."

"The cultivation of a wise and sane public opinion on medical matters can, I think, be encouraged by means of newspaper articles on public health, such as are being published by Dr. H. W. Hill, director of the Institute of Public Health."

"Scientific investigations of the kind referred to have received the official sanction of the British Government. Licenses for the purpose are issued to qualified doctors by the home secretary."

"The researches are carried on under adequate anaesthesia; indeed, as Dr. Deever said, the conditions are exactly those of a surgical operation on a human being. Surgery was invariably under the supervision of the professor of a medical school like that at Oxford, Cambridge or London."

"I take great pleasure in moving a sincere vote of thanks to Dr. Deever for his splendid address."

KAWARTHA LAKES.
"Kawart'ha," to the Indian, means "bright waters and happy lands." The Kawart'ha chain constitutes one of the most popular of Ontario's summer playgrounds. The lakes are six hundred feet above the level of Lake Ontario, and the climatic conditions are most agreeable and healthful. Every form of outdoor recreation may be indulged in there being unlimited opportunities for sailing, canoeing and motor-boating, for bathing and for fishing. Bass, muskies and salmon trout are caught in the large lakes, while there is good fishing for speckled trout in the smaller lakes in the district. The region is easy of access, being within 125 miles of Toronto on the Grand Trunk Railway System.

Write for illustrated descriptive literature to any Grand Trunk ticket agent, or C. E. Honning, D. P. A., Toronto, Ont.

Perhaps you want a domestic in a hurry. Then use The London Advertiser's classified columns and you will be quickly supplied because everybody reads The London Advertiser.

ALL REPORTS READ AT W. A. CONVENTION TELL OF PROGRESS

Membership in Diocese Now 2,680, With 113 Senior Branches.

Yesterday afternoon's session of the W. A. was spent in the reading of reports of the diocesan officers, all of which showed the auxiliary to be growing in finance, membership and work undertaken. The W. A. membership now stands at 2,680, with 113 senior branches, according to the report of the recording secretary, Mrs. Nash. Thirty new life members have been received during the year. The memorial scholarship fund, the objective of which is \$2,000, has reached the \$1,500 mark, and the interest is being used to help a young Chinese girl. This was an interesting item from the report of the treasurer, Miss Adelaide Smith, \$1,063.49 is the amount for voting on this year towards appeals, which, together with a generous proportion of the splendid thank offering of \$1,550, will amount to a goodly sum.

Dorcas Report Read.
The Dorcas society's report read by Miss A. H. Gover is always an interesting one. During the past year 77 bales have been sent to Northwest missions, containing quantities of new clothing, old clothing, quilts, material, carpets, sheets, pillow cases, towels, blankets and many other articles, as well as groceries, dried apples, canned fruit, outfits for 56 pupils, and contributions to the uniform and boot fund. Bales have also been sent to overseas mission fields.

Mrs. Shore reported for the girls' work, which is going ahead splendidly, except for the lack of leadership, and a diocesan girls' committee is to be appointed at this annual meeting to discuss the situation regarding leaders. There are now 24 girls' branches, an advance from 2 of last year. The membership has increased from 312 to 325, and their giving has increased \$170.35, the total amount being \$1,625.35.

The Junior branches number 50 with a membership of 1,325. All Saints, Windsor, according to the report of Mrs. Bowen, the junior secretary, read yesterday.

Zenana Branch Report.
Mrs. Battersby, reporting as the Zenana secretary, said that eight children were now supported by the W. A. in Kangra, besides which four girls were supported in Miss Strickland's school in Tarn Taran, and two in Miss Cammichael's nursing, making the total number of children supported to be 14. Mrs. Waller, the educational secretary, reported that four missionaries' children were being supported through the efforts of Zenana. Mrs. Waller, the educational secretary, reported that four missionaries' children were being supported through the efforts of Zenana. Mrs. Waller, the educational secretary, reported that four missionaries' children were being supported through the efforts of Zenana.

Three to Foreign Field.
Mrs. Gahan, the diocesan candidates' secretary, had no new candidates to report this year. During the past year, however, several candidates have been sent to the foreign field. Miss Francis Hawkins of Hamilton to Mid-Japan; Miss Ruth Jenkins of Ottawa and Miss G. Trivett to Honan, China. Others are in training. Several women have also been sent to do missionary work in Canada. Other reports were read by the recording secretary, Miss Kate Elliott:

Little Helpers by Miss Harriet Priddis.
Literature by Miss S. J. Moore, lectured by Mrs. Anderson, deaconess work by Mrs. Dolf, and prayer partner by Mrs. Gahan. The resolution committee was also appointed yesterday afternoon, and included Mrs. Newton, Samia, convener, Mrs. Wrong, Aymer, Mrs. McDonnell, Stratford; Mrs. Perkins, Chatham; Mrs. Robinson, Stratford; Miss Sutton, Dorchester; Mrs. McCall, Simcoe; Mrs. Rice, London, and Miss Dikes, Galt. The president's address completed the program for the afternoon.

Perhaps you want a domestic in a hurry. Then use The London Advertiser's classified columns and you will be quickly supplied because everybody reads The London Advertiser.

DR. SAUNDERS TELLS STORY OF MARQUIS WHEAT

Professor Henderson, Ann Arbor, Also Speaks At Western Convocation Dinner.

150 GUESTS ARE PRESENT
Next Twenty-Five Years Is Crucial Time in World, Says Michigan Scholar.

Good fellowship between members of the faculty, graduates and undergraduates of Western University prevailed at the convocation dinner held at the Tecumseh Hotel Wednesday evening. There were about 150 guests present, and members of the graduating classes occupied places of honor at the head of the banquet table, wearing a gown. Undergraduates were seated about the banquet hall, and during the evening enlivened things with class yells, and a sing song, while music was provided by the Cortez Orchestra.

The principal speakers were Dr. Charles E. Saunders of Ottawa, a former Londoner, who related his experiences in research work, leading up to the discovery of Marquis wheat, and Prof. W. D. Henderson, head of the extension department of the University of Michigan, who took for his subject "The University and the People." Other features included a very satisfactory report by Miss Margaret Gemmel, and the medical valedictory, by Manley G. Peever. The former referred to the growth of the graduating class in arts, due to the return of students whose academic work was interrupted by war service, and the new Western University, stating that her class had passed through the crucial period of her alma mater.

Tribute To the Late Dean.
Dr. Peever paid a tribute to the late Dr. H. A. McCallum, Dean Emeritus of Western University Medical School, who had passed away during the course of the graduating class. He also referred to the transformation of training facilities provided in the acquisition of a new and up-to-date equipped medical school. His remarks and humorous stories kept his audience in an uproar during the delivering of the Medical valedictory.

Dr. Saunders began his address by presenting three questions to those present, namely: "How Did Marquis Wheat Come to be? How Was It Discovered, and What Good Has It Been?" He then proceeded to answer these queries himself, and in this manner related the history of the great cereal. He declared that the true origin of Marquis wheat, which has proven a boon to the Canadian and United States western districts, was at his former home in Canada, since he, when as a boy he observed his father crossbreed grapes. Later, when the latter was appointed director of experimental farms at Ottawa, in 1886, he acquired success in crossbreeding other fruits.

Was Father's Idea.
The idea of performing the same experiment with cereals came to Dr. Saunders' father, but was rejected by the latter. He was converted to it in 1910. Owing to pressure of work, Dr. Saunders and his brother were delegated to this task by their father.

"It is easy to crossbreed fruits," declared Dr. Saunders, "but with cereals, which are annuals, first thing you know, you have not got it, as it is only temporary. Plant by plant was systematically selected for six to ten years for varieties, and here the work stopped for ten to fifteen years. Father was busy, and I was left an immense amount of material, 98 per cent of which was rubbish, and 2 per cent treasure. In 1920 I studied certain plants, many of which were extremely promising. The starting point of new varieties was here, and my system of testing was very novel. This was by chewing the heads, and studying their chewing gum qualities to determine the value of the baking qualities. Baking tests confirmed them."

Leading Wheat of West.
"Marquis wheat was found to be a new variety in the substance of it was discovered in 1903 and in 1906 passed the baking tests well. It was sent to Indian Head Experimental Farm, and was 2½ times better than the other varieties. This attracted considerable attention, and in 1915 it was the leading wheat of the West. There was one plant in 1903. In 1915, in the United States and Canada, there were 300,000 bushels, and today 10 per cent of the Central and Western Canada wheat grown is Marquis, and in the North-western States is 50 per cent of the wheat grown there."

"It is not a question of how much it is worth," he continued, "but its value."

When all is said and done, it is pretty well admitted that there was a toothsome and flavor to the foods cooked by the old-fashioned wood stove that are absolutely missing when the cooking is done by gas. The steak or roast wasn't dried out, the juices became delicious gravy and all that makes a meal worth while was to be found in the dinner.

But cooking the meals on a wood stove was torture for the housewife in ordinary weather and a nightmare in summer. Moreover, as time went on, wood cooking, and even coal cooking, became too costly, and gas, no cheaper, but more convenient and cooler, became the general fuel for preparing meals.

Then hydro came, and the cheap white coal of Niagara brought with it emancipation for the housewife, lower fuel costs for the home and better and more appetizing meals for the family.

MOFFAT ELECTRIC RANGES make the ordinary housewife into a jewel of a cook! Nothing is left to chance, and the man who expects cakes, pies or bread like mother used to make, and a roast that tastes like it used to when he was a boy, will never be disappointed when hydro does the cooking.

Hydro has all the advantages of cooking by wood and none of its disadvantages. It is infinitely cheaper, cooler and more up-to-date. Hydro will cook the meals for a third the cost of gas, which it has relegated to the discard with wood and coal.

Quick heat for frying or boiling. No dirt, smoke, fumes or grease. Just turn the button and the Moffat Electric Range does the rest. Demonstrations every day.

over other wheat grown. During the war, in Manitoba, Saskatchewan and Alberta, Marquis wheat annually put thirty million dollars in the pockets of the farmers while otherwise would not have come by other varieties. The Government spends not more than \$50,000 annually on cereal research work, so this is a very good business return. I have heard much of the thirty millions, and am tired of it, not having had much of it myself. I have produced many small varieties of wheat, also barley and peas.

Applied Science Pays.
"I am trying to point it out to the heads of the public," concluded Dr. Saunders, "that applied science pays, and Marquis wheat is a striking example. Science is its own reward. London will not be known by what it produces or manufactures commercially, but by its men and women, and the graduates of Western should have a great influence on the progress of the community." The speaker varied his address with several humorous remarks which entertained those present.

Speaking of "The University and the People," Prof. Henderson began: "Canada is the land of my birth, and 49 years ago, when I was 6 years of age, my parents passed through London en route from Ingersoll to the State of Michigan. The people on the other side of the river look upon Canada with a feeling of sisterhood. The war did two things: 'The United States were very proud of Canada. Every victory won by the Canadian soldiers counted to them as victory for North America, and they rejoiced, and were sad when Canada had sorrows. The war brought us closer together than some of you suspect, and I think has given to all English-speaking nations of the world, and especially America, Austria and New Zealand, a feeling of solidarity never had before."

Next 25 Crucial Years.
"The next 25 years will, in my opinion, be the most crucial in the world's history, and the character of the civilization of tomorrow is going to depend upon the English-speaking people, other than those of Europe, not regarding those of Europe, as their children, and their children's children will bow their heads to pay the debt biologically and economic. It will depend upon the English-speaking peoples and how they regard and feed to each other."

"The shaping of the world is in the things that come from universities and colleges. Where can a nation get without science? Look at China. During the last 100 years science has turned the world upside down. In my extension work I have spoken in every town, hamlet and village in the State of Michigan. Our schools and university compare similarly to those of Ontario, and Canadian students coming to us are well prepared, or else have been picked ones."

Must Go to People.
"Your strong recognition at Western has been similar to ours. If the people support a university there are certain responsibilities, and that is where extensions comes in. There are great possibilities in it. If the people are going to give to us we have got to get very close to the people. The university must go to the people. They will not come to it. They get the notion that the university is for a select few separated from themselves, and that is a bad thing. You have the problem to keep in touch with the province, to go ahead."

The speaker who interspersed his remarks with funny stories, concluded by explaining extension work with its free lectures, credit courses, debating clubs and library extension, and declared it to be "a most fascinating task." He warned Western not to make the same mistake as the University of Michigan in providing the new buildings, the latter institution having failed to acquire sufficient land to build for the future. He also urged that Western be not carried to the opposite extreme in having the new buildings too widely separated. "You cannot tell how far Western will go," he said.

During the evening Hugh Fletcher, Meds '23, and Leon Adams, Arts '24, entertained the guests with songs.

DELINQUENT TAXPAYERS

None Have Had To Be Brought Into Court as Yet, State Income Officials.

Contrary to expectations of a few days ago, the officials of the income taxation department have not as yet been compelled to actually bring any of the delinquent taxpayers into the courts. Quite a number of citizens, it was discovered after the office closed for collection, had either neglected or disclaimed to forward their respective amounts due.

Naturally it was fully expected that in these instances it would be necessary to institute drastic proceedings and have the offenders brought before the authorities.

It has developed fortunately for everyone involved, the tax officials say, that in every case the individual has recognized his own position apparently and to avoid possible unpleasantness has "paid his shot." This includes also the additional penalty charges laid down which, in a few instances, were said to be fairly large.

APPOINTMENT OF NEW POSTMASTER CONFIRMED
Thomas C. Duncan, Deputy for Nine Years, To Succeed Dr. MacDonald.

His appointment as postmaster for London officially confirmed, Thomas C. Duncan will succeed the present incumbent of that office, Dr. Peter MacDonald on July 1. Who will succeed Mr. Duncan has not yet been made known, but it is expected that a member of the local office will be chosen. Appointed as deputy postmaster in

July, 1902, Mr. Duncan has held that position for nineteen years. The retiring postmaster succeeded John Cameron in 1909.

Mr. Duncan intimated that he was not contemplating any changes in the local office at the present time.
