KENTVILLE NEWS

Pte. Arthur Lyons of the 85th Battalion, N. S. H., spent the week-end in Truro.

Leave your orders early for Easter Flowers, at the Agency, Advertiser Office.

Miss Eunice Curry of Wolfville spent Saturday in Kentville, guest of Miss Lois A. Porter.

The Latest Styles in Ready-to-Wear Hats and a very large stock of French Millinery is being shown at Miss Lockett's and Droops. Prices very low. 31

Lieutenant Bauld of the 112th Battalion, Windsor, was in Kentville, Monday paying the men of the detachment of the 112th stationed here and was given a cordial welcome.

Mrs. J. G. Stones left on Monday morning's express for her former home in Baddeck, C. B., to attend the funeral of her grandfather, the late Mr. A. McIvor, whose death occurred suddenly Sunday morning.

Miss Marguerite Woodworth will give a "MacDowell" programme in College Hall, Wolfville, Friday, afternoon, April 7th, at 4.30 p. m. Those from Kentville wishing to attend the recital, will thus have an opportunity to do so and return home on the evening train. Miss Woodworth is a member of the graduating class of Acadia.

Lieut. R. R. Layte, second in command of "D" Co., 219th N. S. Highlanders, who has the general supervision of the detachments at Kentville, Berwick and Canning, and has been spending a week in Kentville, left Saturday for Wolfville to spend some days with the detachment in that town.

Lt.-Colonel Percy A. Guthrie passed through Kentville last week. Colonel Guthrie has been making a recruiting tour of the South Shore in places not visited by Lt.-Col. Borden on his recent tour. Colonel Guthrie returned to Fredericton Monday to again take up his legislative duties in the House of Assembly at Fredericton.

A most enjoyable Pupils Recital was given in College Hall, Wolfville, Monday evening last before a very large and appreciative audience. Among those taking part were Miss Lois A. Porter, Kentville, who played with much artistic skill and a thorough mastery of the piano, the "Valse" by Rachmaninoff, and Mrs. J. D. Clark, who is taking a post-graduate course, and who played in her usual brilliant and very excellent manner, the "Impromptu" from Schubert. Mrs. Clark and Miss Porter are both members of the graduating class of Acadia-Seminary, 1916.

THIS WEEK'S PROGRAM AT THE NICKLET THEATRE

To-night—"THE HOUND OF THE BASKERVILLES" adapted from the celebrated novel by Sir Conan Doyle. A Pathe Gold Rooster Play.

Wednesday—Essenay Broadway feature "THE PLUM TREE," 3 parts, featuring the eminent actor Francis X. Bushman.

Thursday—The Big Musical Comedy "BRINGING UP FATHER." Matchless company of 35 people, beauty chorus, carload special scenery, elaborate electrical effects. Seats now on sale at Clark's Drug Store.

Friday and Saturday—First Episode "ROMANCE OF ELAINE," featuring Pearl White, Creighton Hale, Lionel Barrymore and the Mysterious Mr. X.

KENTVILLE NEWS

There will be service at Coldbrook Hall, Sunday afternoon at 3.30 o'clock.

Mr. Fred Lyons, of Canning, is in charge of the Meat Department of Mr. R. T. Coldwell's store, for the present. Mr. Lyons is a very competent meat cutter having had much experience in this line.

Private H. Clyde Harvey, of the 85th Batt., enjoyed a few days recently with his parents, Mr. and Mrs. Thad Harvey, Chipmans Corner. His many friends were glad to see him again.

The Full-Dress Parisian and New York Modes will be shown by Miss Troop after her return from Millinery centres in a few days. This firm buys the best class of millinery and aims to sell lower than others.

MILITARY NOTES

Master Harold Turner, aged five years, son of Mr. E. R. Turner, Kentville, has received the following letter in acknowledgement to the Xmas stocking sent to the Front:

France, 1/31, '16
My Dear Harold:
Just a line to let you know I received your stocking and want to thank you for all the good things in it. I sure enjoyed the smokes, we always enjoy Canadian smokes, and thanks to little boys like you, we get quite a few. I too hope the war will soon be over, and although I have not a little boy waiting for me, still I shall be pleased to be home in Canada once again.
Well, I think I will close, thanking you again for your kindness.

Believe me to be
Very gratefully yours,
Sergt. Henry S. Martin
I am at present in No. 2 Canadian Stationary Hospital, Boulogne, but hope soon to be at duty again.
H. M.

Hour For British Army May be at Hand

London, March 28.—The official communications having revealed the fact that the British armies have taken over a length of line previously held by the French, says Reuter's correspondent at the British Headquarters in France, "I am permitted to make reference to it."
"The new dispositions were carried out with great success and secrecy, and the result of them has been the release of large French forces who were manifestly of great value in another area. At present the British are probably holding something like one-fourth of the entire length of the Western front, extending in an unbroken line from the Yser to the Somme."
"Although the hour of the British army may be at hand, it is not yet. Nor is there any reason to believe that the Germans will succeed by their attacks on Verdun in upsetting the pre-arranged strategy of the great coming offensive."

Minard's Liniment for sale everywhere.

Maritime Men Return from the Battlefield.

Among the Maritime men who returned by the Allan liner steamer Sicilian Friday were W. J. Nelson of St. John who left here with the 55th Battalion but had to return home on account of illness. There was one member of the fighting 26th, Private G. F. Rossborough. He was wounded on the 13th day of October last in the famous crater fight. He was one of the riflemen who made the charge and while leaping over the German parapet he was shot across the shoulders. The man next to him got the Hun that put him out of business. He was paralyzed for about a month, but is feeling much better.

Private J. F. White, of Alberton, P. E. I., a member of the Princess Patricia's, was in the big fight of the 8th of May last when they lost the greater part of the battalion. He was wounded in that fight and has been in hospital ever since. Another Prince Edward Islander was Private W. Crosby, of Charlottetown, who was attached to the 1st Divisional Corps of Cyclers at Divisional Headquarters. He was suffering from shell shock. Private R. Smith, of Sydney Mines, C. B., a member of the Pioneers, was suffering concussion. Several members of the 4th Battalion were on board, returning on account of illness. Private C. B. Melanson, of Amherst; Private W. A. Fisher, Antigonish; Private C. Suttie, Yarmouth, and Private S. Dorey of St. Margaret's Bay.

Minard's Liniment Relieves Neuralgia.

TROOPS WELL LOOKED AFTER

Immense Variety of "Field Comforts"

One of the miracles of this war has been the immense and efficient organization which has been built up to supply the troops in the field with the various sinews of combat. A most surprising thing has been the efficiency of the volunteer organizations instituted by civilians to send comforts to the trenches. One expects a government service to be well organized. Similar perfection of system can only be got from volunteer workers when a whole country is inspired with a patriotic desire to render service.

An idea of the services rendered by our Canadian public in this regard can be gained from December Statement of the Canadian War Contingent Association, the chief medium for sending Canadian Field Comforts to the front. This statement contains a list of the various articles sent to the trenches in one month. Their variety is extraordinary and is good proof of the accurate knowledge the association has of the innumerable wants of thousands of men.

The list is headed by socks—17,450 pairs or a total of 70,000 pairs since October. This is a war of socks as well as of silver bullets. In the matter of clothing, 10,012 mitts, 2266 woollen helmets, 7,584 mufflers, 2,584 body belts, 2,000 shirts and 500 towels were also sent, to protect our men against the rigorous of winter.
To supplement the Government food ration, 140 lbs of cocoa, 615 lbs. of cake, 13 cases of curry powder, 1271 lbs. of confectionery, and oxo, milk-coffee, condensed milk, tea, gum and other edibles in like quantities were shipped to the kitchens of the various battalions.

An item of 4,200 cakes of soap brings vividly before one's mind the trench mud. The 184 candles on the list also recall another condition of warfare. Too much light is a dangerous thing in the trenches. The candles also are useful in trench cooking, although for this purpose the "Tommy's cookers" of which the C. W. C. A. sent 192, is the trench range par excellence.

The association also pays attention to the Soldier's need for recreation. Its December shipment included 14 footballs 98 games of draughts, 18 sets of quills, 9 sacks of newspapers, in addition to boxing gloves, gramophones, baseballs and playing cards.

In the way of smokes the society shipped 1,000,000 cigarettes and nearly 2,000 pounds of tobacco. It does not forget the soldiers' desire for personal neatness. It sent toothbrushes, tooth paste, cards, talcum powder, shaving sticks and brushes together with vaseline and razors.

The generous supply of toilet articles explains one of the chief differences between the French and English soldier. The French "pollu" lets his beard grow to record lengths. The English and Canadian privates have an almost religious cult of the razor.
These comforts and this evidence of the solicitude of our people at home are of great importance in keeping our troops in good condition and good spirits, and the supply of field comforts by contributing to the victory will have an appreciable effect on the duration of the war.

Persons wishing to send Field Comforts can do so thru innumerable societies in Canada—in fact any branch of any national organized woman's association. Those wishing to send direct, should ship their comforts to Reid's Wharf, St. John, N. B., addressed to the Canadian Contingent Association, and plainly labelled "Field Comforts." The C. W. C. A. will do the rest and have the goods in record time in the trenches where they are most needed.

—a FOUR with the Power and Flexibility of most Sixes!

With its big 3 7/8-inch bore x 5-inch stroke, FORTY horse power rivals most of the Sixes on the market both in POWER and in flexibility of operation. It has driving, brute power that masters any hill or the roughest going you ever met. And yet it is power so marvelously adapted to the car's weight that it is as economical of fuel as most cars with much less power.

It's a "Made in Canada" Car that surely is a wonder to drive, and we'd just like to have the opportunity of taking you for a trial run, anywhere you say, as long as you say, as HARD as you say. Come in today.

Shackleton Party Must Stay Another Year.

London, March 24—Lieut. Sir Ernest Shackleton arrived at his base on the Australian side of the Antarctic continent, apparently having achieved his purpose of crossing the South Pole. Reports from Sydney, N. S. W., announced the arrival of the expedition at the Ross Sea base. Later despatches, however, make it appear that expedition with most of the party will have to spend another year in the Antarctic regions because of an accident to the expedition's ship, the Aurora.

The Aurora, in command of Lieut. Aeneas MacKintosh, had been at Ross Sea awaiting Shackleton's arrival. Sydney reports that the Aurora has broken from her moorings and gone adrift. If this report is true, it is probable that Lieut. Shackleton and his party will have to remain at the Ross Sea base until a relief ship comes to their rescue. Whether Sir Ernest was at the base when the Aurora went adrift is not clear. Should the party be compelled to wait in the Antarctic for a relief ship it will probably be a year before it can begin the journey from Ross Sea to New Zealand.

Rev. Jabez Appleby, pastor of the Brunswick Street Methodist Church, Halifax, is now in the Halifax Infirmary, where he has successfully undergone a serious surgical operation, but is, happily, doing as well as can be expected.

Wanted—Every Wednesday morning at Waterville, also Thursday at Kentville, good fat dressed hogs, weighing from 100 to 180 lbs. Also hides and pelts. Highest market prices paid for same, Arthur Rockwell, Kinsman Corner, a t.

Anderson, on the West by lands formerly belonging to the Stephen Allen Estate, on the south by the Allen Road, so called, and on the East by lands of William Morine, containing thirty-three acres, more or less.

TERMS—Ten per cent at time of sale, balance on delivery of deed.

F. J. PORTER, High Sheriff in and for the County of Kings BARRY W. ROSCOE of Roscoe & Roscoe, Plaintiff's Solicitor. Kentville, N. S., March 13th, 1916.

FOLLY JOKES

Once upon a time there was an Indian named Big Smoke employed as a missionary to his fellow Smokes.

A white man, encountering Big Smoke, asked him what he did for a living.

Umph! said Big Smoke, me preach.

That so? What do you get for preaching?

Me git ten dollars a year.

Well, said the white man, that's damn poor pay.

Umph! said Big Smoke, me damn poor preacher.

WAREHOUSE, FACTORY, WHICH SHALL IT BE?

Every Western City and Town interested in This Question—Development of Communities

"Country Life in Canada," a farm journal published in Winnipeg, had an interesting article in a recent issue under the above heading. We quote the first three paragraphs which serve to put before the citizens of Western Canada, particularly those residing in our larger cities and towns, the clear cut distinction between the building up of a manufacturing centre and a purely distributing centre.

There is a certain comparison which can be made between a city of a town and a commercial enterprise. A city must be one of two things, in the wider aspect. It is either a manufacturing centre or a glorified distributing point. Did you ever compare a factory with a warehouse? In the factory, close-packed machines or crowded benches have their scores or hundreds of workers and operatives. The production in quantities of any class of goods requires a certain proportion of man-power and woman-power, even in this age of automatic and semi-automatic machinery. But let us leave the busy factory and enter a distributing warehouse. Here far fewer workers are in evidence; goods are received in crates and are repacked in smaller crates for transportation, or are stored by the efforts of one or two men with trucks. A shipper and a few helpers compose the staff; it is a case of only handling finished goods instead of manufacturing goods from the raw material.

How to Transform

Cities, therefore, become either manufacturing plants or distributing warehouses, and the city or town which develops its manufacturing resources is the centre that goes ahead, in wealth, in population and service to the adjacent territory. No city will willingly become a warehouse, that is a distributing centre, but modern developments and the action of the consumer may tend to diminish manufacturing and reduce population, at the same time reducing the market for the agricultural production of the surrounding territory. Purchasing imported goods received in bulk by direct selling organizations are direct means of transforming manufacturing centres into mere distributing points.

In the boom days in Western Canada the whole thought of Western Canadians was expansion. Little care was taken to inquire whether the expansion was on sound economic lines, or merely a transitory development. If we are to build permanently in the West we must develop well rounded communities in which there are busy factories which can afford congenial employment at fair wages to a substantial element of our population.

Uniform Development

We must not put all our eggs in one basket, as has been too much the tendency in the past. Better a slow but symmetrical development than an abnormal growth along certain lines. Canada's national policy for forty years has been to aim at a uniform development of all the resources of our country. Just as it would be a fatal mistake to establish industries unsuited to the country; by placing a prohibitive customs tariff against the products they make coming into Canada, so Western Canadians should consider carefully whether they would not be in danger of injuring industries, which are well suited to the country, by exposing them to the untrammelled competition of foreign producers, whose longer experience and larger output give them an undue advantage. What Canadians must aim at is a policy which will properly conserve the producing forces in agriculture as well as in manufacturing. The results of such a policy will be seen in well rounded communities, set down in fertile agricultural areas.

Avoid the Soup Line

Germany can deliver in Chicago, duty paid, for 40 cents an article costing 80 to 90 cents in a Cincinnati factory; a German woman can do for 75 cents the same work for which an American man is paid \$3.50; yet free trade invites them to rush in their cheap foreign labor products and let the American workman take his place in the soup line. Is it fair?

COMPARE MANITOBA WITH NEBRASKA

A Contrast and Example—How Manufacturing can be Developed in Agricultural Area—A Lesson to Heed

Nebraska has an area of 76,840 square miles compared with Manitoba's 247,852 square miles. Nebraska's population in 1900 was 1,066,200. The population of Manitoba is now under 500,000.

Omaha, the principal city of Nebraska, with a population to-day of about 163,000 last year, manufactured goods to the value of \$67,863,000, an increase of \$8,000,000 over the previous year. In the last four years this city has gained 11.5 per cent. In the volume of manufactured products. The amount of capital invested in manufacturing in Omaha is now \$51,264,000. Wages paid to workers have increased 30 per cent. in four years, and over \$19,000,000 worth of raw materials were used by Omaha factories during 1914. The six other cities in this state show what manufacturing has done. Lincoln has 49,000 population, Grand Island 13,000, Hastings 11,000, Beatrice 10,500 and Fremont 10,000. The figures given are on a very conservative estimate by the United States Bureau of Census at Washington.

Industries vs. Imports

It seems evident that Nebraska has developed her industries instead of developing her imports. Here cities have passed the "warehouse" stage. Surely self-interest would suggest to the Western Canadian that he buy the products of his own country, or goods made in the West for Western needs, if he can buy them of equal quality at equal price with anything else the market affords. These are stalwart, self-reliant times, and it is surely a better and broader Canadianism to face our problems of national development engaging in a common task and standing together. If we are to develop we must support our home industries, we must show a spirit of unity and good will to our country. If we give the foreign manufacturer and foreign worker an equal opportunity with the Canadian manufacturer and Canadian worker, it is evident that the foreigner gets the best of the deal because the Canadian producer is accorded no similar favor in the foreign market such as are granted foreign goods in the Canadian market.

Shall we have manufacturing centres or merely distributing centres? Shall we steadily reduce our population by driving the worker and his family to where factories are a part of the economic system? Shall we reduce the home market to the minimum and kill a close and ready demand for the product of our farms? These things are a result of importing goods instead of making them, or buying by mail instead of buying at home, of dragging down instead of developing our Western cities, towns and villages. The development of manufacturing, the purchasing of Canadian-made goods, and the patronizing of the home-town store are a vital element in the welfare and progress of both city and rural community. Let us learn a lesson from Nebraska!

Down to Realities

Canadians, and Western Canadians in particular, must take the Nebraska lesson to heart. The war has brought us all down to realities. If we are to be assured of a normal legitimate growth in Western Canada in the years to follow the war all of us will have to see to it that we do our share to stimulate this growth. We must give thought to where the goods we purchase come from; whether Canadian workmen are benefitting by our purchases as much as they should, and whether the policy we are supporting is one calculated to sustain on a reasonable basis the farming and manufacturing industries, which, in co-operation, are essential to national success.

Right Sort of Growth

While an increase in the number of persons who till the soil will not increase the value of a bushel of corn, increasing the factories increases the number of consumers who demand the bushel of corn.

AN OPEN LETTER

Results So Surprising That They Seem Marvelous Are Commending Mi-o-na The One Dependable Stomach Remedy

Mrs. J. A. Pillow of North St., Gananoque, Ont., says: "Mi-o-na is worth its weight in gold for quickly and permanently curing dyspepsia, I became so bad that I was unable to leave my bed. There was a constant burning in my stomach, I would belch up gas every few minutes and could eat but very little, as the food would quickly ferment and make gas that caused a serious depression of the heart. Perspiration would break out all over my body, I would become so weak that I could not stir and would often fall on the floor in a helpless state. The pains in my stomach were terrible. I could find no position in which to sit or lie without suffering and I was so nervous that the least noise affected me. Headaches were constant. I would become dizzy and spots would appear before my eyes, I had no ambition to get around and everything seemed to tire me. The first box of Mi-o-na gave me more relief than anything I had previously tried. The second box of Mi-o-na cured me. I am well and strong and I have not had an hour's suffering since. I will always feel grateful to Mi-o-na for the cure given me and glad to recommend."

In the face of such evidence it is easy to understand why J. D. Clark feels assured in saying to you, money back if Mi-o-na fails to relieve either trivial or serious stomach trouble.

Thirty Persons Killed and Forty or More Injured.

Cleveland, Ohio, March 29—With a toll of at least 30 persons dead and forty or more injured, Federal and State officials of the railroad company began today an investigation into the cause that led early this morning to one of the most disastrous wrecks that has occurred in this State in a dozen years, and one of the worst in the history of the New York Central system.

Three trains, including the Twentieth Century Limited, west-bound, the New York Central's palatial flyer, and two sections of No. 86, known as the Chicago-Pittsburg Limited, east bound, came together in collision near Amherst, Ohio, thirty-seven miles west of Cleveland. Reports generally credited were that the first and second sections of No. 86 were proceeding at a rapid rate, and at some points were nearly a mile or so apart, when the second section crashed into the first section. The Twentieth Century plowed into the wreckage of the first two trains, which bulged over the parallel tracks into an indescribable mass.

Allies May Strike Simultaneously on all the Fronts

London, March 29—Before the end of June the Allied armies will strike blows on all fronts designed to bring the Kaiser to his knees and end the war before Christmas.

This combined offensive, that was held in London today, is the certain result of the great war council of the Allies, which closed at Paris last night. The allied forces may begin to move before the Crown Prince ceases the offensive movement at Verdun. The allied drives may be preceded by other German attempts to break the Western front, it is believed here.

Paris reported today that despite the violence of the German attack yesterday, north-west of Verdun, large forces were not employed. There are persistent rumors that the Germans have used the long lull at Verdun to shift troops for a blow, at some other sector of the trench front.

KENTVILLE BOARD OF TRADE

A meeting of the Council of the Board of Trade was held on Friday afternoon at which a number were present. President Blair was in the chair and Mr. George E. Graham spoke of a delegation arriving on Tuesday next from the Annapolis Board of Trade and he thought it advisable that some steps should be taken looking to the co-operation of the different Boards of Trade of the Valley in working out the different objects which would be of benefit to the whole community. A general discussion followed in which Dr. Moore, Rev. Mr. Layton, E. B. Newcombe, G. C. Roy, Wm. Yould and others participated and on motion it was resolved that a committee be named to arrange for a meeting of the representatives of the different Boards between Digby and Windsor to be held on Tuesday evening April 4th at which matters relating to immigration, tourist business, agriculture and transportation were to be discussed and the formation of a co-operative board for the Valley considered.

Co-Operation Among Boards of Trade

Tonight the members of the Kentville Board of Trade will hold a meeting with representatives of the various Boards of Trade between Windsor and Digby. The home Board will give a dinner to the delegates of the visiting Boards and the visiting pressmen at Oddfellows Hall at 7 o'clock and members of the Kentville Board are asked to attend.

After the dinner a meeting of the delegates will be held at which the following will be discussed.

Immigration, by A. S. Barnstead, Halifax
Transportation, by Geo. E. Graham, Manager of D. A. R.
Tourist Business, by George E. Graham.

Agriculture, by Superintendent W. S. Blair.
A discussion will take place on all these subjects and the matter of cooperation of the Boards as regards the needs of the Valley will then be discussed.

RESIGNATION OF REV. J. D. SPIDELL

On Sunday Rev. J. D. Spidell tendered his resignation of the pastorate of the Kentville Baptist Church to take effect at once. The church had been expecting that it would lose his services as he has nobly answered to the call of duty of the Empire and now occupies the position of Lieutenant of the 219th Battalion enlisted for Overseas services.

After eleven years of faithful service, the church will regret the loss of such an eloquent preacher as Mr. Spidell. As a pulpit orator he has few superiors.

Mount Allison Has a Unique Debating Record

The recent success of the Mount Allison debating team over Dalhousie has rounded out a list of successes of which Mt. Allison may well be proud. She has the unique distinction of winning every inter-collegiate debate in which she has taken part during the past five years. In 1912 she won from Acadia; in 1913 from Kings; in 1914 from the University of New Brunswick; in 1915, from St. Francis Xavier; in 1916, from Dalhousie. This is a record to be proud of and one, the memory of which, will be an inspiration to succeeding generations of Mt. Allison students.

MILITARY NEWS

Private Edward Durlin Fletcher, son of Rev. M. E. Rietcher, St. John, N. B., is officially reported admitted to No. 1 casualty clearing station on March 24th, suffering from a gunshot wound in a leg. He is only 19 years of age, and enlisted three days after the declaration of war while a student at Acadia.

Capt. George D. Blackadar has received a commission as Lieutenant in the 219th N. S. Highlanders, Yarmouth Detachment. He has asked for leave of absence from his duties at the Academy of the School Board, which has been granted. With his knowledge and ability Capt. Blackadar will make a most efficient officer.

Says the Sydney Post: Amid the enthusiasm in matters military which has become the vogue in Cape Breton since the advent of the 185th Cape Breton Highlanders Battalion, nothing has appealed more to the boys in the public schools than the resurrection of interest in cadet circles. This has been very much intensified by the visit here of Capt. R. Robinson Black, who, as inspector of cadets, takes the place of Lieutenant Colonel Borden, who is now the brigadier of the Nova Scotia Highland Brigade, and who will undoubtedly be gazetted as such as soon as the brigade is up to strength and formed as such.

Zeppelin Raids on England

London, April 2.—With the exception of the big raids of January 31, when the casualties aggregated sixty-seven persons killed and 117 injured, the Zeppelin raids of Friday and Saturday nights caused greater loss of life than any previous aerial attack this year.

The total casualties for the 2 nights, according to an official report, were 59 persons killed and 166 wounded.

Raid on Northeast Coast

London, April 2.—At least sixteen persons were killed and about one hundred others injured by the explosion of bombs dropped in another raid of Zeppelin dirigible balloons over the northeast coast of England Saturday night.

The official version of the raid says:

"Two airships approached northeast coast Saturday night. Only one crossed the coast. The other turned back.

"For the present we know that sixteen persons were killed and about one hundred injured. Eight dwelling houses were demolished and a serious fire was caused in a French polishing shop."

MILITARY WEDDING

Williams-Barry

The home of Mrs. Edward Williams, Kentville, was the scene of a pretty wedding Monday evening, when her son, Private Edward Williams of the 112th Battalion was united in marriage to Mrs. Lena Barry of Wallbrook. The ceremony was performed by Rev. (Lieut.) J. D. Spidell.

The bride was becomingly gowned in a tailored suit of brown check, with hat to correspond. She was attended by Mrs. John Connors, who was gowned in brown silk. At the close of the ceremony a sumptuous repast was served and a social evening spent.

Private Williams is a son of the late Edward Williams who had the honor to serve his King as a member of the "40th Kings Own," British Imperial Service. The son is following the father's example in enlisting in the service of the Empire.

CORRESPONDENCE

Dear Mr. Editor:

The article in the Western Chronicle signed by Fred E. Wood calls for a reply from me. He admits he was opposed to the resolution asking for "an itemized account of all monies expended in connection with the poor of Cornwallis and published in one of the local papers." The public are entitled to that information. He does not deny that he voted to pay bills that were not legal and never should have been paid. He also admits that he always vigorously opposed every request of the Kings County Temperance Alliance.

The Alliance is composed largely of the most intelligent men we have in our County, who have made heavy sacrifices both of time and money, with no object in view only to make it easier to do right and harder to do wrong and they are backed unanimously by the clergyman of all denominations. Mr. Wood states I am willing to do whatever they want me to do, I appreciate his compliment.

He admits his charges against the municipality were in excess of any member of the Council, but justifies himself by stating that "Kings County does not want a cheap class of men." My! He has some insinuations to make about my account with the municipality. My charges last year were less than half what Mr. Wood's were, and this year I charged the same as I did last. The only time he has shown any zeal for economy in municipal matters was when the council was asked to assist in raising the "Patriotic Fund." He opposed the resolution. I fail to see how any loyal citizen could oppose a matter of such vital importance, but we do not all see alike. He might have condensed his cicer insinuations and stated the truth which is simply this, in 1902 the overseers of the poor for Cornwallis bought two gallons of cider. Cost fifty cents. In 1903 they bought two gallons more. Cost forty cents. The matron asked the overseers to get this to be used for making mince pies. She now states positively that it was not used for nothing else.

I made the statement that the three years I was overseer of the poor it cost only one thousand dollars on an average for the three years. I also stated that it has cost twenty-one hundred on an average ever since. Mr. Wood admits this last statement, so it is not necessary for me to prove it. The first year I was overseer I had the pleasure of having two colleagues to work with that were men of the highest character, and also possessing rare business ability. I refer to E. A. Lewis and H. H. Kinsman. We were also fortunate in having for our clerk, Asa Steel, one of the most honorable men I ever met. The year I refer to, 1901, there was two thousand dollars voted to maintain the poor. Ten dollars and seventy-nine cents received from the Clerk, who held the office the year previous, making a total, \$2010.79. I want the ratepayers to know what became of this money. We had to pay \$350.00 for bills contracted the year before. We had \$657.05 cash in the bank at the end of the year. \$272.92 due from collectors making a total of \$1270.43 that was not expended that year, \$2010.79 minus \$1270.43 leaves \$740.36, the exact amount used to provide and maintain the poor that year (1901). Quite a difference between \$740.00 what it cost in 1901, and \$2100.00 the amount it has cost on an average every year since. No wonder the ratepayers are dissatisfied with the machine, that is running the poor for Cornwallis. The poor have been gradually decreasing in numbers in Cornwallis the last twenty years until this last year or two the poor house is being filled up with children. These children should be not kept there, but should be provided with homes

and would be if the overseer had any interest in them. The following is the report of the overseers for that year 1901.

"We came into office under rather unfavorable circumstances. There were bills against the township of nearly \$500.00, however we have been able to pay all the debt, take care of the poor and pay all the bills so that up to date there is not a dollar chargeable against the township. The extra expense on account of Smallpox was about \$150.00, and still, we have on hand \$57.51 cash, \$272.92 due from collectors, 32 bbls flour on hand, 20 cords of good dry wood. When the present board commenced duties there was not a stick of wood on the place. The wood bill this year was \$160. (two years' wood). We have bound out six children. Signed C. R. Bill, E. A. Lewis, H. H. Kinsman."

The year that I was overseer the proceeds from sales of apples was very trifling as the orchard was just beginning to bear. Later since the young orchard has got to bearing, there has been received over one thousand dollars some years from sales of apples. Until the war started there was no increase in the cost of groceries, flour, wood or clothing. Beef and pork are all raised on the farm or should be. This extra expenditure cannot be justified on the plea of high cost of living.
C. R. BILL, Jr.
Biltown, April 1st, 1916.

BRINGING UP FATHER

Not even excepting the famous Floradora Sextette, has there ever been gathered together in one musical comedy company, such a galaxy of beautiful women, as is to be seen in Cus Hill's stage presentation of George McManus' newspaper cartoon piece, 'Bringing Up Father,' which is scheduled for appearance at the Nicklet Theatre, one night only, Thursday, April 6th. Their matchless beauty is augmented by costumes from the emporiums of Worth, Rhue of New York, who were given carte blanche to dress these women in the latest costume creations. This special feature of the production is calculated to attract the women, and place before their eyes the very latest sartorial wrinkles.

LETTER OF SYMPATHY

Mr. D. Sheffield,

Sir:

At the last meeting of our Red Cross Society it was noted that I should write you to express our high esteem of your late wife and our deep sympathy with you in the loss both you and we have sustained.

Her readiness to help in all our work and her smiling presence at our meetings gave her a large place in our affections and, as the weeks pass, we shall continue to miss her, but "Her works do follow her" and many a soldier in trench or hospital may be soothed or comforted by what she has done. Such a cheerful, helpful disposition even in declining years is an example for us all and we pray that when we shall have passed the three-score-and-ten our sympathies may be as broad and our ministrations as ready as were hers.

Our sympathies go out to you, your son and daughter, as we recognize how much larger a place she filled in your lives and how correspondingly larger is your loss; but we know "transplanted human worth will bloom to profit elsewhere" and in a Better Land she is enjoying a fuller life. She cannot come back to us but we may go to her and until that happy reunion may God bless and comfort you and yours.

Signed on behalf of the Red Cross Society of Lower Canada.
ANNIE CLARK PROSSER
"The Parsonage," Up. Canard.

Funeral of Miss Minnie Dickie

The funeral of Miss Minnie Dickie which took place on Sunday 26th. ult. from her father's residence, Canning, was very largely attended.

The services at the house were conducted by Rev. A. C. Borden, of the Canning Methodist Church, assisted by Revs. J. U. Bell, of Upper Canard, D. H. McQuarrie and F. Bone, of Canning, and J. D. Hull, of Church Street. A male quartette gave two very beautiful selections. Interment was made at the Methodist Cemetery, Hillaton, prayers being offered at the grave by Rev. Dr. Borden and Rev. Mr. Bell. The pallbearers were Messrs F. W. Dickie, A. W. Dickie, H. W. Crowe and H. S. Fellows.

The floral offerings were many and very beautiful, among them being:—Harp with a broken string, family; wreaths—W. C. Murray, St. John; Sir Frederick and Lady Borden, Mrs. H. M. Jacques, Mrs. R. C. Dickey, broken circle, members of Modern Priscilla Club; star, Dr. and Mrs. B. B. Loomer, Stellarton; cross, Mr. and Mrs. F. H. G. Clunn, Ottawa; cut flowers, Miss M. A. Woodworth; sprays, Mr. and Mrs. H. W. Crowe; Dr. and Mrs. W. S. Woodworth; Mrs. Murray, Springhill; Mrs. H. W. Redden, Mr. and Mrs. A. S. Burgess, Mr. and Mrs. Schafheitlin, Members of Oddfellows Lodge, Miss Brady, Miss Kennedy, Miss Francis Rand, Miss Blenus, Mrs. and Miss Barkhouse, Miss Manael, Messrs F. Lyons, B. Kirvin, H. R. Ellis, K. Porter, A. J. Bigelow, L. Lyons, Members of Methodist choir of which deceased was a member.

Lost—On my way to Kentville Saturday night, a Street Blanket. Finder please notify Henry Sweet, Billtown.

Canning to Have a New Store

Mr. L. M. Ward, of Canning, has made plans and arrangements for the opening up of a new store in Canning. Mr. Ward is a man well known all through Cornwallis having been a salesman for about twenty-four years, and sixteen of those years has been spent in the dry goods business. This certainly has given him a full measure of experience in all branches of the dry goods business and a knowledge of what the people of the vicinity require. He has been very prominent in all work for the betterment and advancement of Canning, especially as a member of the Band, an official of the Baptist Church and other societies and organizations, and is well known for his efficiency and integrity.

Mr. Ward has engaged the store in the Covert Block and will open in about two weeks, the date to be announced in our paper. He will carry a full stock of Dry Goods as well as a well selected stock of Gents' Furnishings, Boots and Shoes. The public will understand that Mr. Ward is taking the right step in opening business for himself and will give him a liberal patronage. I o&a

Annual Alliance Meeting.

The annual meeting of the Kings Co. Temperance Alliance will be held at Foresters' Hall, Berwick, on Friday, April 7th. Executive meeting at 11 a. m. General meeting at 12.30 o'clock p. m. Members of the Berwick W. C. T. U. will provide a fifty cent dinner for 25c. A large and representative attendance is requested.

Tourist—H. S. Fellows, L. F. Blenkhorn, Lt.-Colonel E. M. Beckwith.

Streets and Public Grounds—Messrs. H. E. Bennett, I. S. Blenkhorn, W. D. F. Smith.

Membership—Messrs. I. S. Blenkhorn, G. W. Parker, A. D. Payzant, I. B. Solomon.

Finances and Audit—R. W. North.

The above officers were elected at the annual meeting held in the Board of Trade rooms on March the 22nd and the President appointed the Committee to assist in every possible way to further the work of the Board for the ensuing year. Mr. G. W. Parker, the retiring President called attention to a number of improvements which he had hoped to see successfully carried out during the past year, but maybe the awful war and weather conditions and many demands upon our people all help to depress their spirits and it remained for the members to put forth a special effort, this year of 1916. Among the items were mentioned once more the rail or fence or protection along the main street sidewalk from J. E. Kennedy's store to A. S. Burgess' store or driveway and the owners or Street Commissioner should work together to remove the menace.

The sidewalks, streets and lighting had received considerable attention but there was yet much to be done.

The water commissioners had more than once offered the railway company free water for all time for drinking tap, basin and closet purposes at the station if they would install the same. The offer which had never been accepted might be renewed, and acted upon by the new manager to whom several suggestions might be made by the Board in the interest of the citizens.

F. J. Porter, Dealer, Wolfville and Kentville

A Canadian soldier in Belgium was one morning wending his way to camp with a fine rooster in his arms, when he was stopped by the Colonel to know if he had been stealing chickens. "No, Colonel," was the reply. "I saw the old fellow sitting on the wall, and I ordered him to crow for England, and he wouldn't—so I just took him."

Friday is the Day Don't Miss This Splendid Opening!

FRIDAY the SEVENTH we will be at home for the first time to the people of and about Kentville. It will be worth coming miles to visit our store which has been remodelled and fitted with a fresh, fine stock.

Here you will be able to see the Morris Player-Piano and listen to this instrument which is equally good for the finished player and the one who has never touched the keys of a piano. There will be a Heintzman also, a Morris and a Weber. An unusual opportunity will be an Everson Piano, priced \$258. We will also have a new model of the Thomas organ.

One big department will be devoted to Columbia Gramophones and Edison Diamond Disc Phonographs. Two magnificent models of each will be displayed and you will have a chance to listen to some of the latest and finest records, because we intend to carry a large list. Come Friday for sure—you will be welcome.

Croup

"I don't think there is a more anxious time for parents than when their children have croup. Without their being prepared with Chamberlain's Cough Remedy they must wait for the doctor and listen to the choking, metallic cough and watch their little one gasping for breath.

You know the great danger of croup is the formation of a false membrane in the larynx, and until this is expelled relief cannot be obtained, and the spasmodic choking continues. Give Chamberlain's Cough Remedy in frequent doses. It will loosen this membrane and cause the child to expect it by vomiting.

Chamberlain's Cough Remedy
 is an absolutely safe and certain remedy for croup, and if given as soon as the child becomes hoarse, or even after the croupy cough appears, it will prevent the attack."

WOMEN'S WIS
 Kentville Women Are Finding Relief at Last.

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up," must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing down pains; they must stoop over, when to stoop means torture. They must walk and bend and work with racking pains and many aches from kidney ills. Kidneys cause more suffering than any other organ of the body. Keep the kidneys well and health is easily maintained.

Read of a remedy for kidneys only that helps and cures the kidneys and is endorsed by people you know. Mrs. Howard Amburg, of Kentville, N. S. says: "I am very much pleased to recommend Booth's Kidney Pills for their quick relief and cure of very severe sick headaches and dizziness which made me miserable for days at a time. My back had troubled me greatly and I concluded this was all caused from kidney trouble. I tried numerous remedies and prescriptions but only received temporary relief. I then learned of Booth's Kidney Pills which were recommended to me and procured a box at J. D. Clark Pharmacy, and I am now convinced that they are all that is claimed for them as the terrible headache, with which I had suffered have not returned, the dizzy spells have left me and my back is as well and strong as it ever was." Sold by Dealers. Price, 50 cents. The R. T. Booth Co Ltd., Fort Erie Ont. Sole Canadian Agents.

URGES A COMMISSION
 New Toronto Board of Trade President Would Administer Tariff

At the annual meeting of the Toronto Board of Trade the retiring President, Mr. J. W. Woods, head of the Gordon Mackay Company, reviewed the general business conditions prevailing in Canada, and made a forecast of the future. An important feature of the address was his reference to the tariff. When it is known that Mr. Woods is head of one of the largest wholesale and importing houses in Canada which has Western branches in Brandon and Regina, and that he has always been regarded as a free trader in his sympathies, special significance is attached to his remarks.

Favors Existing Policy
 "Wholesalers and importers and agents for foreign manufactured products generally, whatever their sympathies may be in the matter of free trade, have come to the conclusion that the system under which Canada is at present raising its revenue is working out satisfactorily for all concerned, and are unanimous in the belief that in the years immediately following the war, Canada's revenue necessities will be such as to exclude any serious reductions being made in the tariff. President Woods' opinion in favor of the existing policy, with such modification as scientific study would make advisable, and his advocacy of a commission to administer the tariff, will commend themselves to all fair-minded citizens. Duties on imported goods cannot be wiped out or materially reduced without a disruption of the existing system of taxation, and those who advocate radical changes of this nature must remember that all parts of the country and all sections of the people must be considered.

Tariff
 There is a difference of opinion among our members as to the extent the Government is justified in shifting responsibility by appointment of special commissions. I am sure in certain directions, government by commission is the one and only way of getting permanence and stability, and a tariff commission similar to the Dominion Railway Commission, should, I believe, be appointed at an early date. The tariff should be taken out of politics—a scientific tariff, worked out by experts, should be put in force as soon after the cessation of hostilities as possible. The Government must have revenue. The farmer and the laboring class must be considered, and the manufacturer is entitled to protection. Here is work for a strong commission.

SHOULD NOVA SCOTIA FARMERS GROW MORE WHEAT IN 1916?

The amount of land plowed in Canada and especially in Western Canada last fall was considerably less than in the previous fall, as is evidenced by the following quotation from the November issue of the "Census and Statistics Monthly" published at Ottawa:

"For all Canada about 54 p.c. of the area intended for next year's crop is reported as ploughed by Oct. 31st, as compared with 61 p.c. last year and 64 p.c. in 1913. In the Northwest the percentages are as follows: Manitoba 36 against 92; Saskatchewan 27 against 77, Alberta 34 against 56."

In Ontario, 25 p.c. less land is reported to have been seeded to fall wheat, the principal wheat crop of that Province, than in the previous year. Moreover, agriculturists fear, that owing to an unusually open winter, the crop will not do as well as usual.

So far as fall preparations are concerned, everything points a reduced wheat crop from Ontario west. This shortage may or may not be made up in the Spring. Everything will depend upon the character of the weather then and also upon the nature of the growing season. In general, spring plowed land cannot be depended upon in the West to the same extent as fall plowed land. Should either Spring or Summer conditions fall, there is sure to be a shortage in the wheat crop from Ontario west.

On the other hand, it is estimated that the visible supply of wheat in United States and Canada is 41,000,000 bushels more than a year ago and an English authority estimates the world's supply is large enough to last until February, 1917.

Aside from agricultural consideration, one must remember that prices for wheat will be largely affected by the status of the war next fall, a matter in regard to which no one can at the present time make any certain prediction.

Summing up the whole situation, it seems to counsel farmers in Nova Scotia to prepare for the worst that can happen by growing just a little more wheat than formerly. Should next season be a favorable one, or should the war be successfully terminated, it is altogether likely that prices for wheat and flour will not go up. But the things may turn out otherwise and as no serious loss can be sustained by those who do grow a little more wheat, it should seem to be a wise provision to prepare for the worst that may happen.

It seems needless to advise farmers that wheat requires better soil conditions than oats, or in fact any other cereal crop and that accordingly it would be the height of folly to grow wheat on all kinds of land. An acre or two grown on well prepared lands may, however, be highly valued next fall. The methods of cultivation and varieties are discussed in the Annual Report of the Secretary for Agriculture which will be available for free distribution shortly.

Belgian Decoration For Premier Borden

Ottawa, March 27—Sir Robert is a guest of honor at a complimentary banquet tendered by Consul-General Goor, the Belgian representative in Canada, in commemoration of the occasion of the Prime Minister's being made a member of the Order of Leopold. The decoration which is being conferred upon the Premier, the Grand Cordon of the Order of Leopold, is one rarely given, and it reverts to the King of the Belgians on the death of the holder. It was given to Sir Robert in recognition of the great aid which Canada has given through him to the Belgian cause.

Kentville

Synopsis of Canadian North-West Land Regulations.

THE sole head of a family, or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. Applicant must appear in person at the Dominion Lands Agency or sub-Agency for the district. Entry by proxy may be made at any Dominion Lands Agency (but not Sub-Agency) on certain conditions.

Duties—Six months residence upon and cultivation of the land in each of three years. A homesteader may live within five miles of his homestead on a farm of at least 80 acres, on certain conditions. A habitable house is required except where residence is performed in the vicinity.

In certain districts a homesteader in good standing may pre-empt a quarter section alongside his homestead. Price \$2.00 per acre.

Duties—Six months residence in each of three years after earning homestead patent; also 50 acres extra cultivation. Pre-emption patent may be obtained as soon as homestead patent, on certain conditions.

Settler who has exhausted his homestead right may take a purchased homestead in certain districts. Price \$3.00 per acre. Duties—Must reside six months out of three years, cultivate 50 acres and erect a house worth \$300.

The art of cultivation is subject to reduction in case of rough, scrubby or tosy land. Live stock may be substituted for cultivation under certain conditions.

W. W. COREY, C.M.G., Deputy of the Minister of the Interior

NOTICE

All bills due me must be settled by Feb. 1st, 1916. After Dec. 31st, 1915 all blacksmith work will be strictly cash.

S. R. JACKSON, Canard, N. S.

Scarcity of Gasoline.

New York March 29—The production of gasoline in America is at its limit, and the output is taxed to the utmost by the demand, incidentally the price of this precious fuel is fluctuating upwards with such grim steadiness that the millions of automobiles and motorboat owners in Canada and United States are face to face with the solacing prospect of having to pay 40 cents per gallon before the first of June. This is not the worst, however. Oil syndicates and economists of universities follow up with the cold comforting theory that before the cessation of the war gasoline will be scarce at 50 cents a gallon.

Plainly the explanation for this rapid increase in price is the enormous increase in demand for gasoline, caused by the European war, as a few statistics will show.

In 1909 the total production of gasoline in United States was 12,900,000 barrels, of which 1,640,000 barrels was exported. The production in 1914 was nearly treble that of 1909, being 34,915,000 barrels, and there were in that year 5,000,000 barrels exported. In 1915 the production was 5,500,000 barrels.

The recent addition to the British navy of nearly 2000 submarine chasers, each carrying 400 to 800 horse power oil burning engines, will alone consume probably 13,000,000 barrels, which is one third the entire consumption of the United States. Along with this must be taken into consideration the tremendous consumption of the air fleet, and the thousands of motor trucks used at the front. In fact the Allies alone could use the entire output of the United States, if it were obtainable.

Prices will probably recede after the war, but till then there is very little hope of a stop being put to the present upward trend. Cheaper motor fuel may come from unexpected discoveries of new petroleum supplies, or from substitutes, but even in this case very small decrease can be hoped for until the end of the war. Notwithstanding the many new processes of refining which are being developed, and the improvements of scientific refining processes the oil syndicates and other authorities on the question venture the advice that the home consumer of the fuel must pay the price or forsake the comforts and enjoyment of motoring.

Few Farm Helpers Secured in States.

Chicago, March 27—Efforts of the Canadian Government to obtain thirty thousand farmhands in the United States have met with limited success, according to W. J. White, Inspector of Canadian Government Agencies in the United States.

Mr. White returned to Chicago today after a trip to agencies in Illinois and other Central Western states.

"Owing to the late Spring farm-laborers are already employed in their own localities for the most part," said Mr. White, "and as their wages are high we have been able to obtain only a few thousand of the large number needed."

PLOUGHING STARTS IN ALBERTA.

According to a telegram received in Montreal from Vice-President Bury, of the Canadian Pacific, who is out West, ploughing started on the south end of MacLeod subdivision and on the Crow's Nest subdivision last week end and should be general this week. Some ploughing has already been done at Taber, Alberta, and it is expected that ploughing will be general on Lethbridge subdivision about the twenty-fourth. There should be a great deal of ploughing done throughout southern Alberta next week.

None of the British Steamers Torpedoed Since New Submarine Policy Began Have Received Warning.

London, March 29—The British steamer Minneapolis, which was torpedoed without warning in the Mediterranean last Wednesday, remained afloat, according to a Reuter despatch from Malta, and attempts were being made to tow her into port.

About 200 of the crew of the Minneapolis were landed at Malta, and 10 men are missing. The captain of the steamer says the vessel struck a mine Tuesday afternoon.

London, March 29—The British steamer Berwindvale was attacked today, but not sunk.

The Berwindvale, a vessel of 5,232 tons, sailed from Galveston, February 24, and Newport News, March 2, or Avonport according to available shipping records.

London, March 29—British naval officials point out that none of the British vessels, armed or unarmed, torpedoed since the inception of the new German submarine campaign has received any warning, nor has the crew been removed, except where the torpedoed ship sank slowly.

A report, which has been made public, shows that four unarmed British merchantmen engaged in trade between British and American ports, have been sunk without warning. They included the Englishman, from Avonmouth for Portland, Maine, and the Fenay Bridge and Manchester Engineer, both from Philadelphia for England. These vessels followed the general practice of British merchantmen engaged in trade with America in not even having a defensive armament.

THE GREEK MINISTRY IS CRUMBLING.

New York, March 28—A special cable to the world from Messina, Sicily, says:

"The treasury of Greece is absolutely empty. Athens merchants are refusing government orders without cash. Half the autos lack tires. One regiment at Kavala and another at Saloniki mutinied and returned home against orders. The ministry is crumbling.

Zaimis probably, will be the next premier, but Venizelos is expected to follow him. Venizelos is alone, in preventing a revolution. If Venizelos becomes premier Greece will enter the war. The dynasty is in danger in any event. Venizelos is determined to teach Constantine a lesson. Greece again is coming under Venizelos power.

Canada's New War Loan Was Oversubscribed

Ottawa, March 27—Subscriptions for the new \$75,000,000 Canadian war loan closed in New York today.

The announcement was made here tonight that the flotation had been a pronounced success, and that the loan had been oversubscribed. Although the loan was floated and is payable in New York, a number of subscriptions are understood to have been made by Canadians attracted by the favorable terms upon which the issue was taken. The Minister of Finance in going upon the New York market this time was able to take advantage of the opportunity, which might not be available again in the near future, especially in view of possible further complications in the international situation as affecting the United States.
