Local and General

Mrs. Rowson and son of Lyn are visiting at the home of Mr. and Mrs. D. Thompson.

Mrs. S. Hinds and two daughters of Ionia, Michigan, are visiting the former's sister, Mrs. Frank Blancher.

Mrs. G. E. Judson and son Lyman are this week visiting friends in Brockville and Iroquois.

Mrs. Wm Wells of Montreal and Miss Webster of Brockville are guests at the home of Mrs. Charles Rowsome.

Mrs. A. McGhie and daughter, Miss Mercy, attended the funeral of the late Dr. G. S. McGhie at Elgin on Sunday.

Tomatoes are a poor crop in this section and retail at 5c per lb. in the groceries.

Fire originating from an engine on the farm of Alex Lapointe, Glen Buell, destroyed the ice house and damaged the kitchen adjoining.

Rev. W. Warren Giles, now at Charleston Lake, has received a call to one of the leading churches in East Orange, N.J., and will probably accept.

On Monday William Stewart of Spring Valley, in attempting to jump from a beam to a scaffolding in his barn, fell to the floor and was quite seriously injured, being unconscious for several hours.

Complaint is again made to the Reporter of the fact that the noxious weeds growing on the streets and on private property in the corporate limits have not been cut. The duty of the council and of individual citizens in this respect is clearly defined, and the weeds certainly should receive prompt attention.

The board of the Athens High School this morning completed their staff by engaging Miss Annie May of Toronto for the Classics and English department of the school. Miss May is an honor graduate of Toronto University, an experienced teacher, and comes to this school very highly recommended.

Mrs. Greer and Miss Laura Greer of Harlem were on Tuesday guests of Mrs. Chas. Rowsome.

Nine Honors in the Junior Leaving class reflect credit on the staff and students of the A.H.S. Seven girls and two boys achieved this distinction.

Mr. J. E. Burchell, principal of the public and model school, arrived here from Spencerville with his household goods on Tuesday evening.

The St. Lawrence at Brockville these summer evenings presents an inspiring sight. From 6 to 8 a steady procession of put-puts rush up the river, all making more or less noise, with the odds in favor of the rowing skiffs that have been fitted with little single-barrel kickers. Mingling with these are a few rowboats and canoes, the latter predominating. The river is Brockville's best asset, viewed from a business or pleasure standpoint, and a proposal that would secure to the town a river park and a first-class wharf and waiting rooms should be heartily endorsed. Perhaps some of the town's wealthy men might be moved to immortalize their names in this way. A little rivalry among them in a race to see who could confer the most popular institution on the town would be wholesome and beneficial.

AT THE BIG

Summer Sale

The goods and not the talk about them, makes this sale. It isn't because of large type and big space in the newspapers, it isn't because of persuasive argument, it isn't because of any special public preference for this store. It isn't for any of these reasons that this sale is in records of sale far beyond anything in our history. It is because of the high quality of the goods and the extreme low prices that the chief July activity centres here.

THE GLOBE CLOTHING HOUSE
BROCKVILLE

THE STAR WARDROBE

Why should a man wear clothes of indifferent fit, that always look "slouchy" after a week or two, when for practically the same money he can get something made to his measure that is made right?

Our prices range from \$15.00 up.

M. J. KEHOE - - - Brockville

In default of other action being taken in respect to the much discussed South ward drain, wouldn't it be a good idea for those most directly interested to follow the example set by Mr. Downley and the owners of the Holmes Movement parsonage property? They have boxed in and covered in a substantial way the part of the drain adjoining their land, and the results of their labors appear to be very satisfactory.

The new law which requires twenty-four hours' notice before performing a marriage ceremony has resulted in greatly diminishing business in this line in Kingston, says a dispatch from that city. Heretofore many couples were accustomed to come by one of the boats connecting with a port of the New York shore and have the marriage ceremony performed by a local clergyman. These were mostly run away couples.

—There is no investment will give better returns for the time and money than that expended in procuring a Modern Business Course at the Frontenac Business College, Kingston, Ontario. A young man who graduated one year ago, informs us he is now drawing \$850.00 a year. Send us the names of six young people in your locality who may be interested in our work, and we will mail you free a large book of views of Kingston and the Thousand Islands. Fall term opens Sept. 3. T. N. Stockdale, Principal.

The social at Glen Buell on Friday evening last proved to be a very enjoyable event. It was well attended and every feature was a success though the weather prevented a full enjoyment of the first part of the programme. The entertainment in the church was of a very meritorious character. The musical and literary selections were excellent and the address by Rev. T. H. Billings was both interesting and instructive. The proceeds go to church improvements.

Examine the Voters' Lists

As this is the time when the voters' lists are being issued, politicians should look to it to see that all the names of their friends who are entitled to vote should appear on the lists. Examine the lists carefully and also count over the number of your missing friends and see that no names of your opponents are improperly inserted. There is a period of thirty days after the list is first posted up in the clerk's office, to examine it and appeal against any names wrongly inserted or omitted. Lodge your appeal with the clerk within the time specified and the law says it must be attended to.

The lists made out by the municipal clerks from the last revised assessment roll are those upon which both federal and provincial elections are held, and in all probability both a Dominion and a Provincial election will be held on the lists of this year, so it is necessary on that account to exercise vigilance.

Nearly every one likes a fine hair dressing. Something to make the hair more manageable; to keep it from being too rough, or from splitting at the ends. Something, too, that will feed the hair at the same time, a regular hair-food. Well-fed hair will be strong, and will remain where it belongs—on the head, not on the comb!

THE LATE JOHN HUDSON

John Hudson died at his home, Charleston, on Tuesday morning. His illness dated back for several years, but he was able to be around until about three months ago, when he found it necessary to remain in his room the greater part of the time. All that willing hands could do was done, but to no avail, and he passed away at the age of 68 years.
Of a kind and gentle disposition, he made many warm friends who will be sorry to hear of his demise. About forty years ago he married Jane Ann Leeder, who predeceased him about twenty years ago. Deceased leaves five sons and four daughters to mourn the loss of a kind and loving father. The sons are John on the homestead, Michael of Charleston, Robert of Watertown, Thomas Brewer's Mills, and James of Athens. The daughters are Sarah, Julia, Nellie, and Frances E., all at home.
A large concourse of people followed the remains to Trevelyan on Wednesday, where High Mass was sung for the repose of his soul, after which interment was made in the cemetery. The deepest sympathy is expressed for the sorrowing family. The floral tributes included a pillow bearing the word "Father," from his daughters, a cross from Mrs. Lev. Southworth, and a casket bouquet from the five sons.

A Pleasant Evening

Dr. and Mrs. Lillie very pleasantly entertained the campers at Charleston Lake Friday night. A good program was given by the talent at the lake, but the feature of the evening was Mr. Clow's gramophone. Refreshments were served, and all left feeling that an enjoyable evening had been spent.

Death of Dr. G. S. McGhie

Dr. G. S. McGhie of Elgin, well and favorably known throughout Leeds County, departed this life at his home in Elgin on Friday last, aged about 47 years. He was affected with Bright's disease but was able to attend to his large practice until a few days before his death.
He leaves to mourn his death his wife (nee Miss Leggett of Newboro) and four sisters, namely, Mrs (Dr.) McAmmon and Miss Angela of Scottsville, Mrs Charles Smith, Elgin, and Mrs Gershom W. Earl of Elgin.
Deceased was a member of the Delta Masonic and I.O.O.F. lodges, and a funeral on Sunday was attended by a very large number of members of those orders.

A Correction

Editor Reporter.
Dear Sir,—I read with interest Mr. Aden Wilts's letter respecting the pioneers of this section. His reference to the chronological and genealogical history of the Slack family may be correct, but I wish to say that he is in error in respect to the Phillips family. The James Phillips he speaks of was a nephew of Philip Phillips and Deorma was a son of James.

Marriage Declared Void

A marriage which has attracted much attention and created a great deal of interest of late is that of Ellen Maria Faaken, aged 17 and Henry Park, aged 18, both of Elora, Wellington county, though the ceremony was performed on April 19th, 1906. This is the case where the boy and girl courted on the way home from Sunday School and were married at the house of a minister at Elora, the bride leaving her youthful lord at the door of the minister's house. The two were married without the consent of their parents. And now under the New Ontario marriage law justice Maybee on Friday declared the marriage void, ordering that the marriage certificate be delivered up to be cancelled.

VOTERS' LIST NOTICE

NOTICE IS HEREBY GIVEN that I have transmitted or delivered to the persons mentioned in sections five and six of "The Voters' Lists Act," the copies required by said section to be so transmitted or delivered of the list, made pursuant to said Act, of all persons appearing by the last revised Assessment Roll of the said Municipality to be entitled to vote in the said Municipality at elections for members of the Legislative Assembly and at Municipal Elections; and that said list was posted up at my office, at Athens, on the 20th day of August, 1907, and remains there for inspection. Electors are called upon to examine the said list, and if any omissions or other errors are found therein, to take immediate proceedings to have said errors corrected according to law. Dated this 20th day of August, 1907.

You have Not One Reason for Not Using Zutoo

Some people think that all headache cures are alike—that they all undermine the health, even if not perceived at the time of taking them.
Well, we'll admit that some cures do this, those, for example, which contain opium, morphine, antipyrine or chloral. But this is no reason why you should not use Zutoo.
Zutoo Tablets do not contain one iota of any of the drugs above mentioned. They do not contain a single ingredient that does not come from Old Mother Earth herself.
One ingredient is soda—just old-fashioned soda that our grandmothers used to take to settle the stomach when they had sick headache.
There is not one ingredient in Zutoo tablets that is not approved by both the British and American Pharmacopoeias. And the world has no higher authority in medicine than these.
Your family physician, even if a personal friend, would approve of and prescribe every ingredient.
There is absolutely no reason why you should not use Zutoo.
If you suffer from headache there is every reason why you should.
Taken in time, two tablets will ward off a headache. Taken later, they will stop it in twenty minutes, and leave you feeling bright and well in both mind and body.

Guaranteed to Cure Lame Back or money refunded!

An excellent remedy for Rheumatism, Lame Back, Etc., Etc. Read the following testimonial from a man you all know:

Mr. W. A. Singleton, Crosby, Ont. Dear Sir—Being laid up with lame back, I thought I would drop you a line to tell you that your St. Regis Lumbago cure will do all you claim for it, as I have only used part of the bottle and I feel no returning symptoms of the disease. I may say I have been troubled with lame back for the last ten years, and tried several other patent medicines but without results. I can heartily recommend it to any troubled with lame back, and I feel safe in saying that it's the cheapest medicine on the market. Yours Truly, JAMES McCUR

Death of Mrs. Richard Arnold

News of the death of Mrs. Richard Arnold caused sincere sorrow to a very wide circle of friends, and particularly to the people of this village, by whom she was best known and most highly respected. Since the death of her husband a few months ago, Mrs. Arnold has resided with her son, Mr. Omer P., at Addison. She had been very ill for several weeks, so that when the final call came on Friday night it was not unexpected.

Here and at Addison Mrs. Arnold spent the greater part of her long life—a life filled with faithful service to the Master, both in church and social circles, and with the due performance of those home duties which make for the betterment of the family and the good of society. It was in the promotion of the cause of Temperance reform that deceased, with her husband, was always most active, and her home was never the rallying place of those engaged in the struggle for prohibition. At the good old age of eighty years, Mrs. Arnold has departed the trials and triumphs of earth, leaving to her friends the memory of a life fragrant with good deeds.

She is survived by a family of five children, viz.: R. M. and Frank in the West; H. H., Athens; O. P., Addison; and Mrs. (Rev.) Rilance, Quebec.

The funeral service was conducted in the Methodist church, Athens, on Sunday morning and it was attended by a great concourse of people from village and country. The sermon was delivered by Rev. C. J. Curtis of Addison, who was assisted in the service by Rev. S. J. Hughes, and both spoke in feeling terms of the worthy life of the deceased.

The ladies of the local branch of the W.C.T.U. occupied seats with the mourners and the casket bore a tribute from that body. Interment was made in the family plot in the Athens cemetery.

GIRVIN—BULLIS

We clip the following notice from the Winnipeg Free Press of August 7. As a resident of Athens the bride was highly esteemed and will be pleasantly remembered.

A quiet but pretty wedding was solemnized on Tuesday afternoon at the residence of the bride's mother, Mrs. E. M. Bullis, 493 Talbot avenue, when Lucy M. Bullis formerly of Athens, Ont., became the wife of D. Arthur Girvin, a prominent young merchant of Govan, Sask., and son of J. A. Girvin of this city.

The ceremony was performed by Rev. Mr. Armstrong of the Elmwood Methodist church in the presence of about thirty of the most intimate friends of the contracting parties. The bride who was given away by her brother-in-law N. H. Ferguson, of Ada, Minn., was beautifully attired in a Princess gown of cream silk mull over taffeta trimmed with valenciennes lace and insertion, and carried a large bouquet of shower roses. She was attended by Miss May Girvin, sister of the groom who wore a gown of blue collienne and silk lace, with a bouquet of pink carnations. The wedding march was played by Miss Ada Girvin, also sister of the groom, and the house was beautifully decorated with ferns and cut flowers for the occasion. The groom was ably supported by his brother, Fred Girvin.

After the ceremony the wedding party partook of a dainty luncheon at the home of the bride's mother where the happy couple received the congratulations of their many friends. Mr. J. A. Garvin proposed the toast to the bride and groom and also tendered the good wishes of their many friends. The young couple were the recipients of a large number of handsome presents in testimony of the high esteem in which they are held. They left on the evening train for the west and will take up their residence in their new home in Govan immediately. The bride's going away gown was of fawn broadcloth, trimmed with tan velvet, with picture hat to match. Among the guests from a distance were Mr. and Mrs. H. H. Ferguson, Ada, Minn.; Miss H. M. Bullis and Mrs. E. W. Earl, Brockville; Mrs. Arthur, grandmother of the groom, Glasston, North Dakota; and Mr. and Mrs. J. Arthur, also of Glasston, North Dakota.

BROCKVILLE'S BIGGER FAIR

The Brockville Fair this year is spreading itself as never before and the management promise one of the greatest shows in the history of Eastern Ontario. The prize list has been immensely increased and buildings improved.

A three thousand dollar race program will be spread over Sept. 11th, 12th, and 18th, and numerous side attractions have been booked. The live stock parade will be a strong feature and the specialties before the grand stand daily include the famous Zingerella spiral ascensionist, and the Kitimura troupe of seven performing Japanese.

Four bands will provide music and the Fair will be opened with great eclat on Sept. 11th by Hon. Nelson Monteith, Minister of Agriculture.

Elaborate preparations are being made to accommodate the immense entry list of horses, cattle, sheep and swine, and the dairy building promises to be full to overflowing. Probably the greatest and best exhibit of poultry yet seen in Eastern Ontario will be in the enlarged building.

LYNDHURST FAIR

The managers of Lyndhurst Fair have arranged for a great show this year, to be held on September 19 and 20. Under the efficient direction of the President, Mr. W. W. Hancock of Seely's Bay, the board of directors have worked faithfully in revising the prize list and in obtaining the largest and best list of special prizes ever offered. Not a single detail of the Fair has been overlooked and its success is assured. The increase in the amount of the prizes offered, particularly in live stock, and the fine special prizes will be sure to draw a large exhibit of the best that the country can produce.

The entertainment feature has not been forgotten, and an interesting all-day programme will be presented under competent management. Besides the speeding contests and foot races, etc., there will be a great baseball match for a silver cup, valued at \$25, given by R. W. Copeland of Brockville. The match will be between Lyndhurst team and a team to be challenged.

Lyndhurst has beautiful fair grounds, situated right in the village, on the bank of the river, and a delightful day's outing is assured to all who attend the Fair on Sept. 19 and 20. Write the Secretary, Ziba Jackson, Lyndhurst, for a prize-list. Bills will shortly be issued giving entertainment programme in full.

DIED AT WILLIAMSTOWN

Many in Athens learned with regret of the death of Mrs. E. R. Witheril, which occurred at Williamstown on August 9, following a long illness from anemia.

Her husband and one daughter, Lottie, survive, together with three sisters and four brothers, as follows:—Mrs. John Cawley of Brockville, Mrs. G. E. Rathwell of Newboro, Mrs. Buttman of Buffalo, Edward Foster of Lansdowne, George and Herbert of Newboro and William of Winnipeg. The remains were taken to Newboro for interment.

Recuperative Effect

Considered with reference to its recuperative effect, there is not so much good in the ordinary vacation as there is in a single bottle of Hood's Sarsaparilla. The latter costs \$1; the former, well, that depends; how much did yours cost last year! Hood's Sarsaparilla refreshes the tired blood, sharpens the dulled appetite, restores the lost courage.

DISASTROUS AND FATAL FIRE
SWEEPED OLD ORCHARD, MAINE.

Two Lives Lost, Five Persons Hurt, 17 Summer
Hotels and 60 Cottages Burned.

Old Orchard, Me., Aug. 19.—Two lives were lost, and five persons were injured, three seriously, as a result of the fire which swept through this sea resort last night, causing a loss of from half a million to three-quarters of a million dollars. The dead: Philip Partridge, of Kennebec, killed by locomotive while crossing track on way to fire; and an unidentified man. Rev. Rufus Jones, pastor of Trinity Church, Saco, seriously hurt by explosion of soda tank. Newton Merrill, Salem, Mass., Boston & Maine engineer, seriously hurt by same explosion. Mr. Emerson, father of proprietor of Hotel Emerson, hurt by same explosion; also an unidentified man, probably fatally injured. Masana Marand, of Kennebec, badly bruised by being thrown from carriage in which she was riding with Partridge. The injured are being treated at hospitals in Biddeford. RAILROAD TELEGRAPHERS
WILL NOT BE CALLED OUT.

Will Subscribe \$60,000--Situation in Toronto and
Montreal--Woman at Bottom of it.

New York despatch: Up to noon today the order for a general strike of all commercial telegraph operators which was issued by President Small, of the union, last night, had met with no response from the men at work in either the Western Union or the Postal Telegraph Companies, or those in the Associated Press. The officials of the two big companies said this forenoon that they had failed to discuss the strike order with any effect on the situation. The extension of communication to the more remote and small towns was proceeding rapidly, and business was being moved expeditiously.

Both Sides Confident. Toronto despatch: The third day of the strike of telegraph operators employed in Toronto by the Great North-Western Company closed with both sides confident, and each claiming to be absolutely satisfied with the trend of events. Both the company and their employees appeared to be settling down for a struggle that might last for weeks. The information that the company would only pay the employees for July yesterday afternoon, the regular monthly pay day, was received with some delight by the strikers, they believing that the company had not yet come to a final decision not to meet them in conference and consider them discharged. There has been no disorder during the strike, the men having decided not to interfere with the company doing business in any way they may see fit.

Mr. Arthur Hood, for years a business solicitor for the G. N. W. Company, was discharged yesterday for refusing to go to the operating room and take charge of a wire. Mr. Hood said yesterday that he would seek employment elsewhere in another line of business, as he did not care to return to telegraphing, even if the strike were a thing of the past.

THE G. N. W. How the Lemieux Act Will be Applied if Necessary. An Ottawa despatch says: The fact that the Great North-Western Telegraph Company has not yet applied to the Labor Dept for the application of the Industrial Disputes Act to the present strike of telegraph operators in Toronto and Montreal is considered here to be an indication that the company is not so far seriously inconvenienced by the strike. The remedy for the existing condition is plainly provided in the act. It is stated on good authority that if the operators of the company here go on strike or if any outside agitator attempts to incite to a strike, the department will be at once asked to apply the penalties provided in the act. Clause 60 provides as follows: "Any person who incites, encourages or aids in any manner any employees to declare or continue a lock-out, or any employee to go or continue on strike, contrary to the provisions of the act, shall be liable to a fine of not less than fifty dollars nor more than one thousand dollars."

WOMAN AT BOTTOM. Cause of Telegraphers' Strike a Female Operator. Oakland, Cal., despatch: Bearing out the truth of the old saying which ungalantly seeks to impose on woman's shoulders the responsibility of being the creator of all trouble that has involved man since the old days of the Garden of Eden, is the discovery that a woman is at the bottom of the telegraphers' strike which now involves some 20,000 operators in 96 cities, and hinders the transmission of business to an extent that means a loss of millions to the commercial interests of the United States and Canada. In this instance "the woman at the bottom of it" is Mrs. Sadie Nichols, a Western Union operator here who, the

PLOT DISCOVERED.

JAPANESE SCHOONERS COMBINE TO
LOOT ROOKERIES.

They Are Carrying Machine Guns—
Cruiser Buffalo Will Be Despatched
to Protect Sealing Grounds Against
Molestation.

Seattle, Wash., Aug. 19.—An organized plot to loot not only the rookeries of the Pribiloff Islands and the St. Paul and St. George Islands, but also the salt houses, where the North American Trading and Transportation Company have a large number of pelts salted awaiting shipment, has been discovered, with the result that the United States Government has decided to dispatch the cruiser Buffalo to Bering Sea. The news was brought here by the sealing schooner Vera, which has returned from a hunting cruise in the North Pacific. She reported that an arrangement had been reached by a number of Japanese sealing schooners, each of which carried, besides the usual armament used in hunting, one or more machine guns on board, to unite in making a concentrated raid on the islands, the guards on which are too weak to resist such an invasion. The Vera spoke the Japanese sealer Kinsei in northern waters and learned from her that she would take part in the raid. The sealers on board said that thirty-three schooners were to come to the Behring Sea this winter, and would make a dash on the islands, club the seals on the rookeries and loot the salt houses. A raid on Copper Island was also contemplated.

HAD TWO APPENDICES.

Cincinnati Surgeons Startled by a Woman's
Over-Supply of Trouble.

Cincinnati, Aug. 19.—A freak case of appendicitis was discovered here, when Mrs. Charles Geiser and H. C. Robinson, operating on Mrs. Annie Grooms, found that the woman had the disease in two places, because she had two appendices instead of one.

One was in its proper place, being attached to the large intestine at a point near its connection with the stomach. The other hung from the wall of the abdomen, but was as perfect in form as the first. They were connected by a small membranous tissue, which, when they were cut together, although not making a continuous tube.

The physicians removed both appendages and Mrs. Grooms rallied from the operation in a wonderful manner. She rapidly gained strength and the physicians say that she can be sent home in a few days.

NECK BROKEN IN ELEVATOR.

Domestic Attempted to Use a Hoist for
Coal.

Moncton despatch: Attempting to ride down stairs in an elevator, a woman, for freight, twenty-year-old Laura Mitchell, employed as a domestic by Dr. O. B. Price, had her neck broken this morning. A little girl who was passing down stairs saw the face of the dead girl protruding through the hole between the elevator box and immediately gave the alarm.

The girl had been there probably half an hour, life being entirely extinct, and a medical examination proved that her neck was broken. No inquest will be held, as no one saw the affair and the circumstances point to a pure accident. The girl belonged to Beausville.

CAN'T KILL MORENGO.

The African Chief Harassing the Ger-
mans Continuing.

Cape Town, Aug. 19.—The Germans are threatened with a revival of the insurrection in their Southwest African territory. Jakob Morengo, the chief, who has caused them more trouble than all the others combined and who has been in the custody of the British since he sought refuge in Cape Colony after the last hostilities, escaped yesterday, joined with another chief from the German colony, and with 400 followers returned swiftly to German Southwest Africa. The Cape police followed, but the difficulties of the country prevented their intercepting the fugitive chief.

Morengo has repeatedly killed twenty to thirty Germans in ambush, and the German authorities have five times joyfully announced his death, but they have never succeeded in killing or capturing him.

DIED HUNTING A WOLF.

Farmer, While Riding Across Prairie,
Fell into a Hole.

Winnipeg, Man., Aug. 19.—Chris. Kunzelman, a young farmer of Parkdale, north of the city, died from injuries received while hunting a wolf. Deceased was drawing a load of hay into the city Tuesday when a wolf crossed the road. Kunzelman, keen for the hunt, unhitched one horse and started across the prairie in pursuit. It was growing dark, and the young man did not notice a deep hole, into which horse and rider plunged. The depth of the fall was six feet, sufficient to break the animal's neck, and it died in a short time. Kunzelman sustained internal injuries, and had a number of bones fractured. He was taken home by a neighboring farmer, but his case was hopeless from the first.

QUIET ON PERSIAN FRONTIER.

Turkish Troops Not Advancing Into
Disputed Territory.

Washington, Aug. 19.—The situation improving on the boundary between Persia and Turkey according to the report to the State Department from Ambassador Lelshman, dated Constantinople today. He says: "British telegraphic advices are to the effect that the Turkish troops have not advanced further in the disputed territory. Urumiah district now comparatively quiet. The United States consul at Tabriz is leaving unofficially for Urumiah."

POLICY IS TO

All Roads Would be Harriman's
if He Could Control Them.

Time Not Come for Federal Own-
ership of Railways.

Agitation Hurts Both the Public
and the Roads.

Renov, N. H., Aug. 19.—"All of the railroads in the country would be mine if I could get control of them," said Edward H. Harriman to a reporter for the State Journal on his arrival at Sparks, Nev., the divisional terminal, yesterday. "I have been quoted seriously for an expression made jocularly to the effect that I would manage the railroads for the Federal Government; that I would turn my holdings over to the United States as a fair compensation and act then as a commissioner," Mr. Harriman continued. "But I am misunderstood. The time has not come for Federal ownership. Personally, with all the lines in my possession, I would be a fair compensation. "What is your policy concerning the management of the railroads that are not yours?" he was asked. "It is to pay dividends," came the decisive answer. "Since 1898 we have spent \$300,000,000 for improvements. We will make a dash on the island, club the seals on the rookeries and loot the salt houses. A raid on Copper Island was also contemplated. "Agitation of the abuse on the railroads makes harder the accomplishment of local improvements. Facts that in themselves are insignificant are magnified and distorted by the public mind until they become harassing to the interests of the public and to us. It is the spirit of the age—and the newspapers—so what can we do?" "Why did you not answer the questions put to you by the Inter-State Commerce Commission, and will you answer them when the proceedings commenced by the Department of Justice force you to appear for the second time?" the reporter asked. "I refused to toll what I knew about the Chicago & Alton purchase because it was a financial matter, and I dealt with matters of policy," Mr. Harriman replied. "Some of them I could not answer any more than you could if asked from whom you bought your suspenders or how much you paid for your shirt. I could not, to be specific, answer all the questions, in justice to my associates in the purchase. "But now that the proceedings have been started to get these replies, I will not refuse again. Inquiries directed to me in regard to the Chicago & Alton case will perhaps result in the answers desired by the Inter-State Commerce Commission. It was a business principle involved that prevented me from answering questions. I may answer when the matter comes up again."

SNAKE STARTLED EXPRESSMEN.

It Escaped From a Box in a Car at
Montreal.

Montreal, Aug. 19.—Men at work about the Canadian Pacific depot are still talking of the peculiar coincidence that came through Montreal yesterday on its way to Toronto. It should have been transferred at North Bay, but someone blundered, and so came as far as Montreal. A couple of expressmen stepped into the car in which the consignment lay, and proceeded to clear it out.

Suddenly one of them gave a yell, and with his hair on end and his eyes popping out, jumped for the door. His companion started a question after him and turned to do the work alone, when he, too, stared intently for a brief and fleeting second into a corner of the car, after which he emitted a yell worse than the other one and tried to climb up the side of the car in his terror.

The fact of the matter is, the men saw a snake. The snake had escaped from the box in the course of its trip to Toronto, where it is to be used for exhibition purposes.

MUST SUPPORT BOTH WIVES.

Court Makes Novel Order When Two
Women Plead for Bigamist.

New York, Aug. 19.—The rare spectacle of two wives pleading that mercy be shown a bigamous husband in Justice Foster's branch of the Court of General Sessions this morning led to the unusual action of the Court in ordering that the offender support both women, the imposition of sentence being deferred for the present.

Lillian Kuehn, who said she married Herman Kuehn 15 years ago in Austria, and has several children, told the Justice that she was the first wife. His second wife was Sadie Rottenberg, and he married her in November, last year. "I'll have to go to the poorhouse if you send him to jail," said Sadie, when the jury returned a verdict of guilty. "So will I," said the other woman.

Justice Foster remarked that Solomon himself would be puzzled what to do in such a case. Then he released Kuehn on condition that he would provide for both wives.

Kuehn left court with Sadie. Before doing so, however, he asked Justice Foster whether he could live with both wives as well as support them. The Justice replied that he must live only with his legal wife.

Brooklyn Woman Ill From Eating Canned
Beans.

Brooklyn, Aug. 15.—Mrs. Eisseman, a Brooklyn woman, who, with her husband, has been camping with a party of friends about Butternut Bay, was taken ill after eating canned beans, which had been warmed up and left aside to cool. For a time little hope was held out for her recovery, but after being brought here for treatment in the hospital she rallied, and is now said to be out of danger.

MAIMED BABY'S DYING WAIL.

"Oh, Mamma, My Legs Hurt So!" Moans
Car's Tiny Victim.

Reading, Pa., Aug. 19.—While playing in front of his father's house, Frank Stank, a 2-year-old boy, rolled from a pile of dirt upon the trolley tracks in front of a passing car. The baby was so badly injured that his legs had to be amputated, and death resulted from exhaustion soon thereafter.

When his horror-stricken mother picked him up after the accident, the child cried: "Oh, mamma, my legs hurt so! That big car has killed me."

PLAINTIFFS SEEK TO PROVE THAT

Speculation or Delusion—Christian
Science Not a Religion, But a System
of Medicine, Says Counsel.

Concord, N. H., Aug. 19.—The hearing before the Masters who are to determine the mental competency of Mrs. Mary Baker G. Eddy, head of the Christian Science Church, was adjourned this afternoon, to permit the Masters and counsel to investigate the aged subject at 2 p. m.

The term "general insanity," as applied to the condition of Mrs. Mary Baker G. Eddy, by Dewitt C. Howes, counsel for the plaintiffs, in the accounting suit brought against Mrs. Eddy, was formally withdrawn by Mr. Howe at today's hearing before the Masters, who are considering the question of the Christian Science leader's competency. Mr. Howe explained that while the courts of this and other States use this phrase repeatedly to describe such a condition, it is not the technical term used by the Alienists.

At this point Judge Aldrich, for the Masters, asked that the question to be determined is one of competence to manage property, not one of insanity, general delusion or religious delusion.

"We will show your Honors," declared Mr. Howe, "not a monomania on the part of Mrs. Eddy, but a condition of insanity which influences every action of her life."

Judge Aldrich asked if the Masters had any more right to decide against Christian Science as a religion than against Catholicism or spiritualism.

"Christian Science is a system of medicine, not a religion," replied Mr. Howe. "In so far as Christian Science is speculation, it cannot be called a delusion, but when it is based upon supposed facts, which can be proved not to be facts, then it is a delusion."

Judge Aldrich asked how this matter of delusion was to be connected with business capacity. He spoke of the widespread belief in the efficacy of prayer to alter natural conditions, and asked if that was not as much a delusion as a prayer in the cure of disease by prayer.

"Not at all," replied Mr. Howe. "The former is entirely a matter of speculation; the latter is susceptible of proof."

As a step in the proof that her alleged delusions affected Mrs. Eddy's feelings toward her relatives, Mr. Howe claimed it is competent to show how these delusions affected her feeling toward her most intimate friends and first supporters.

"Can you connect these isolated cases of prejudice with her feelings toward George W. Glover?" asked Judge Aldrich.

"I think we can," said Mr. Howe. He quoted a letter from Mrs. Eddy, written in 1890, affirming her belief that her son would endeavor to break her will after her death, and asking for the best advice as to conveying her copyrights so that they would be beyond his reach.

RAILWAY SMASH.

Canadian Woman Hurt in a Wreck
and May Die.

Des Moines, Ia., Aug. 19.—A special to the Register and Leader says a fast Burlington train from Denver to Chicago, was wrecked a mile east of Russell yesterday, injuring eleven persons, two of whom may die.

The derailment of the front truck of the first mail coach, was the cause of the wreck. The severely hurt include: Mrs. James B. Rydel, New Brunswick, Canada, internally injured. May die.

Weston, Ia., Aug. 18.—A Burlington passenger train, southbound, was derailed yesterday by a broken flange. Louis N. Wilson, of Kansas City, was killed and several persons were severely hurt.

Faithful to Land of Their Adoption.

The Hague, Aug. 19.—To all intents and purposes, as a result of yesterday morning's sitting of the committee the throwing of explosives from balloons and airships is forbidden.

M. Bernart left this afternoon for Brussels, whither he goes holding highly pessimistic views concerning the peace conference, and believing that the American proposition for the establishment of a permanent international court of arbitration is doomed.

The British delegates have received instructions to act with vigor, and are doing so. They are pushing forward the American proposition and also arranging which can only be put forward as a wish at the closing session.

A feature of the opening of the Zionist Conference here this morning was a grand speech by Dr. Max Nordau. Among other things, he said that Zionism was the Hebrew reply to anti-Semitism and the persecution of the Hebrew race throughout the world. It was a vital question for Hebrews either to accept Zionism or submit to national disgrace or bankruptcy.

The Anglo-Jerusalem scheme, he declared, was progressing favorably and would become the banner under which Hebrews would fight, showing the world the power of their civilization. Every Hebrew had two countries—that his adoption of the Holy Land, and he must be faithful to both.

The United Mine Workers Losing
Their Members.

Wilkesbarre, Pa., Aug. 19.—President Mitchell of the United Mine Workers, arrived here yesterday from Chicago and held a long conference with three district presidents of the anthracite regions. The conference was a secret one, but it is understood that the main subject under discussion is the loss of membership in the union in the anthracite field.

The conference will continue to-day after which a statement will be given out as to what course of action will be pursued toward reclaiming those mine workers who have dropped out of the union.

SERIOUS RIOT AT REVIVAL.

Fight Started as Doroology is Being
Sung Leads to Many Injuries.

Richmond, Va., Aug. 19.—Just as the Doroology was about to be sung during a great revival meeting in Petersburg, Negro Baptist Church in Buckingham County, trouble began. Whiskey, which had been circulated pretty freely, though the district is "dry," is said to have been at the bottom of the trouble, which started as the large number of converts were being lined up in front of the pulpit. Someone yelled "fight," and then followed a wild rush for the door. Men were cut, stabbed and beaten into insensibility, and several were seriously hurt. A number of the rioters are under arrest.

WOMEN PLEAD FOR BIGAMIST.

Court Makes Novel Order When Two
Women Plead for Bigamist.

New York, Aug. 19.—The rare spectacle of two wives pleading that mercy be shown a bigamous husband in Justice Foster's branch of the Court of General Sessions this morning led to the unusual action of the Court in ordering that the offender support both women, the imposition of sentence being deferred for the present.

Lillian Kuehn, who said she married Herman Kuehn 15 years ago in Austria, and has several children, told the Justice that she was the first wife. His second wife was Sadie Rottenberg, and he married her in November, last year. "I'll have to go to the poorhouse if you send him to jail," said Sadie, when the jury returned a verdict of guilty. "So will I," said the other woman.

Justice Foster remarked that Solomon himself would be puzzled what to do in such a case. Then he released Kuehn on condition that he would provide for both wives.

Kuehn left court with Sadie. Before doing so, however, he asked Justice Foster whether he could live with both wives as well as support them. The Justice replied that he must live only with his legal wife.
