## A MARINE DISASTER

### FORMER BRIDGETOWN VESSEL ABANDONED

#### Sehr. Scotia Queen's Crew Rescued by a Passing Steamer

A Beverly Mass. despatch says:—The loss of the Danish schooner Scotia Queen off Cape Hatteras on December 19, and the rescue of Captain Richards of New York, and his crew of six by the steamer Gulfland, of the Gulf Refining Company's fleet became known on the arrival of that steamer.

The crew of the schooner had been clinging to the rigging of their water-logged craft for eighteen hours when they were seen by the lookout on the Gulfland. The volunteers from the steamer Oscar Anderson, accomplished the rescue at great peril to themselves, as the high seas threatened many times to swamp their small boat. Oil was pumped from the Gulfland's tanks to smooth the waves somewhat, and after several fruitless attempts, the dory, which was in charge of third officer Wheeler, of Philadelphia, was brought under the lee of the schooner time after time, until all the men had jumped into it.

The Scotia Queen was bound from Jacksonville, Fla., for Norwalk, Conn. with lumber. She ran into heavy gales on December 19, and started to leak, the pumps making no headway against the inrush of water. In a few hours the schooner was down to her deckload and the men had to take to the rigging.

On the way to Beverly, members of the Gulfland crew made up a purse of \$140, which was given to the rescued crew. With the exception of the captain all the men of the Scotia Queen are from Parrsboro, N. S., where she was formerly owned.

(The schooner Scotia Queen was built at Fox River, N. S., in 1903, was 108 tons register, and at one time was owned by J. H. Longmire & sons, of Bridgetown.)

### Married in Massachusetts

#### HAMILTON—BARNARD

Lois Helen Barnard, daughter of Mr. and Mrs. A. G. Barnard of 126 Allston street, was married to Eric Stuart Hamilton of 132 Boston avenue at the Baptist parsonage, West Medford, Mass., by Rev. E. F. Frances, Thursday, December 5. Miss Barnard has lived in West Medford for the last six years, formerly living in Somerville, where she attended the Somerville High School and later Mrs. Pearl M. Keating's School of Dramatics in Boston. She has also been very active in the West Medford Baptist Church and has been the captain of the Thistle Troop No. 1, Girl Scouts of West Medford. Mr. Hamilton is the son of Mr. and Mrs. James S. Hamilton and has always lived in West Medford. When the United States entered the war, Mr. Hamilton enlisted in the navy and was assigned to the America, formerly the German ship America, and made nine trips to France and was in it when at the Hoboken pier she was sunk. He has risen from Second Class Yeoman to the rank of Paymaster and will, when the America is once more afloat, go across to bring the soldiers home. Mr. and Mrs. Hamilton are located for the present in Hoboken, N. J. (The groom is the grandson of the late Rev. H. Hamilton, former rector at Manchester, N. S. and a nephew of Miss H. Hamilton of this town.)

## THE LATE MRS. L. R. FAIRN

### The List of Floral Offerings from Many Friends

We copy the following from the Halifax Herald concerning the late Mrs. Leslie R. Fairn a notice of whose death which occurred Dec. 16th, was reported in our last issue:

Mrs. Fairn was born at Bridgetown, N. S., in 1879, and was a daughter of Mr. and Mrs. William Tupper, and granddaughter of the late Miner Tupper, of Bridgetown, and of John Mills, of Granville Ferry, N. S. She was married on September 28th, 1897, to Leslie R. Fairn, who, with two daughters, Alice and Ardath, are left to mourn the loss of a loving wife and mother.

Mrs. Fairn was an energetic and helpful Christian worker, identifying herself with many good organizations, such as the Woman's Auxiliary of St. Mary's church, the Red Cross Society and the Woman's Christian Temperance Union, and was always ready to assist the village churches, regardless of name or creed. The many floral tributes from these societies and friends testified their sympathy with the bereaved family and their estimation of her beautiful character.

The following is a list of floral offerings:—

- Wreaths—Husband and daughter, Alice; Cliff and Mable; Nellie Byron; Rhodes, Carry Co., Ltd., Halifax; Woman's Auxiliary, St. Mary's church.
- Sprays—Daughter Ardath; Evelyn; Laura and Evelyn; Mr. and Mrs. L. A. Reade; Mr. and Mrs. Caldwell; Miss Healy; Miss Richards; Mr. and Mrs. LeMert P.erson; Aylesford Red Cross Society; Woman's Christian Temperance Union.
- Crosses—Doctor and Mrs. Rehfuss; Mrs. C. B. McIntyre.
- Crescent—Mr. and Mrs. C. M. Hoyt.
- Pillow—Mr. and Mrs. T. R. Lyons.
- Basket—Mrs. Rex. Davison.

### MARINE NEWS

D. Sproule & Co.'s arrivals at Digby: Mixed fish from boatmen, 20, 335 lbs.; shipped 574 boxes haddies, 12 boxes fillets.

Monday's Halifax Chronicle: The steamer Lady of Gaspe has cleared for St. John's Nfld., where she will discharge cargo and load for Halifax and New York.

According to the report of the Department of Marine and Fisheries for the fiscal year 1917-18, 45,280 men and boys, inclusive of masters, were employed on ships registered in Canada during that period.

Lunenburg Progress-Enterprise: The schooner B. B. Hardwick, commanded by Capt. Millego Corkum, has been in port at L'Anse-au-Loup the past two weeks. The vessel recently discharged a cargo of salt at Riverport and L'Anse-au-Loup.

It is stated that navigation in the St. Lawrence River will close later this year than any period in the history of the St. Lawrence. There are still some fifteen large ocean vessels to come down from Montreal and the lakes, and it is not expected that the last will leave Quebec for the open sea before January.

### Knew the Game Laws

A large bull moose was seen Wednesday, Dec. 18th, in H. N. Gesner's meadows, not over two hundred yards from the house. He walked across the meadow and stood admiring the landscape, then trotted off leisurely towards North Mountain jumping wire fences on route. Evidently the said moose was well acquainted with the Game Laws.

## WAR TOLL 20,000,000

### 6,000,000 DIED IN 3 MONTHS OF INFLUENZA

#### Recent Epidemic Proved to be Worst Since the Black Plague and Five Times Deadlier Than Cholera

LONDON, Dec. 26, via Montreal.—The Times' medical correspondent says it seems reasonable to believe, that throughout the world about six million persons perished from influenza and pneumonia during the last three months.

It has been estimated that the war caused the death of 20,000,000 persons in four and a half years. Thus, the correspondent demonstrates, influenza has proved itself five times deadlier than war, because in the same period, at its epidemic rate, influenza would have killed 100,000,000. Never since the black death has such a plague swept over the world, he says, adding that the need of a new survey of public health measures has never been more forcibly illustrated.

### Off To Siberia

Capt. M. Roscoe, R. C. B. who has been on duty at military headquarters, in the A. A. G.'s branch, leaves shortly for Siberia, to join the instructional staff of the "Snowball Brigade."

Capt. Roscoe's official appointment has been that of organizer and inspector of cadets M. D. 4, but recently an exchange of positions was made, and Major Griffith assumed the duties of Inspector of Cadets and Captain Roscoe went to the A. A. G.'s office.

Capt. Roscoe was formerly adjutant of the Royal School of Infantry at Halifax, and is a native of Kentville, Nova Scotia. He has been recognized as an authority on military law and especially experienced in court-martial procedure. Capt. Roscoe is at present enjoying a brief leave before sailing.

(We copy the above from the Montreal Star, Capt. M. Roscoe is Murray Roscoe of Kentville, son of Lieut. Col. W. E. Roscoe and a brother of Major Barry W. Roscoe, D. S. O.)

### The Week of Prayer at Lawrencetown

We are appealing again to the members of our respective congregations for their cooperation in the observance of the Week of Prayer. Some conditions exist this year which call for a special effort on the part of the churches. Please endeavor to attend all of the meetings as they will be held for one week only and prepare for participation by meditating upon the topics at home. Meetings open promptly at 7.30. The program is as follows:—

- Sunday, Jan. 5, 11 a. m. Rally in Baptist church.
- Sunday, Jan. 5, 7.30 p. m., Rally in Methodist church.
- Monday, Baptist church, "Some lessons from 1918 that should be helpful for 1919."
- Tuesday, Methodist church, "Some world need and how to meet them."
- Wednesday, Baptist church, "Some local needs and how to meet them."
- Thursday, Baptist church, "Volunteers from the ranks of the adults."
- Friday, Baptist church, "Volunteers from the ranks of the young people."

Make a good start for 1919.

# ATTENTION! Sick Women

To do your duty during these trying times your health should be your first consideration. These two women tell how they found health.

Hellam, Pa.—"I took Lydia E. Pinkham's Vegetable Compound for female troubles and a displacement. I felt all run down and was very weak. I had been treated by a physician without results, so decided to give Lydia E. Pinkham's Vegetable Compound a trial, and felt better right away. I am keeping house since last April and doing all my household work, where before I was unable to do any work. Lydia E. Pinkham's Vegetable Compound is certainly the best medicine a woman can take when in this condition. I give you permission to publish this letter."—Mrs. E. R. CRUMLING, R. No. 1, Hellam, Pa.

Lowell, Mich.—"I suffered from cramps and dragging down pains, was irregular and had female weakness and displacement. I began to take Lydia E. Pinkham's Vegetable Compound which gave me relief at once and restored my health. I should like to recommend Lydia E. Pinkham's remedies to all suffering women who are troubled in a similar way."—Mrs. ELISE HELM, R. No. 6, Box 88, Lowell, Mich.

## PHOTOGRAPHS OF VOICE TAKEN ON TELEPHONE

Multiplex System Means of Solving Problem of Many Conversations Over Circuit.

(New York Tribune.)

Immediate increase in the uses of the long-distance telephone were predicted yesterday by Bancroft Gherardi, acting general engineer for the American Telephone & Telegraph Company, who explained the workings of the newly invented "multiplex" system of using two wires for ten telephone conversations simultaneously.

Mr. Gherardi says that the system now in use between Baltimore and Pittsburgh was the result of numerous successive steps and as many inventions which had been used in conjunction to make it possible to keep the various currents separate as they traversed the same wire.

The engineer produced charts to show that actual photographs had been taken of the voice as it traversed a wire. Other photographs showed more than one current, representing as many voices, traversing the same wire. The problem then was to separate the voices and deliver them to the various persons to whom they had been addressed.

"It was just as if a composite photograph, representing, perhaps, five portraits of as many persons, had been handed to a photographer with instructions to separate them," said Mr. Gherardi.

"At first he would have said that it was impossible. But if shown that

the portraits of each had been printed with a different color of ink it would have become possible for him to look at the composite picture through colored glasses of varying shades and see each likeness separately.

"By giving each current that goes over these wires a distinctive character it is possible, when it comes to a certain point on the wire, to separate them and send each to its proper destination. That is what is being done today on the wire from Baltimore to Pittsburgh."

Mr. Gherardi was unable to predict a reduction in telephone tolls because of the new method of transmitting many messages simultaneously over one wire. But he said he was certain that it would broaden the scope of the long-distance telephone, and would bring it into much more general use.

Short speeches were then given by Mr. McCormick and Mr. J. S. Longley, then the exercise "Catching Santa" when Santa Claus entered and proceeded to distribute the candy, oranges and gifts from the Xmas tree. At the close "God save the King" was sung.

**UPPER GRANVILLE**

Miss Mailman is spending her holidays at her home in Albany.

To the Editor, staff and all readers far and near we wish a Happy New Year.

The "Winter Solstice" has brought us a Spring like day. Merry Christmas is upon us. Peace and good will to men still bears to us the same sweet message.

Miss Jennie P. Fellows, who is kindly remembered by many relatives and friends here and who has been a successful teacher in the first ward and New Brunswick, became the bride of Mr. Martin Snyder, of Detroit, on Dec. 6th. Congratulations are extended to the happy couple, for a long and peaceful married life.

The concert given in Upper Granville school house (east end) under the auspices of Miss Mailman, teacher, on the 20th inst, was well attended and a pronounced success. Tho' a short time had been spent in preparation the various pupils taking part acquitted themselves well. The program consisted of music, recitations and dialogues. A Christmas tree was a pleasing feature. At the close of the entertainment a veritable Santa Claus with assistants dispersed gifts to the happy children, whilst "sweets to the sweet" were given the grown ups. The amount realized by a small admission fee was about eight dollars which will be kindly donated to the brave "Sailors of our King." The school house was tastefully decorated for the occasion.

**THE LATE GR. THOMAS FREEMAN GILLIS**

**More Particulars About the Death of this Brave Soldier**

Mr. Eleanor Gillis, of Dalhousie, has received the following letters concerning the death of his son, a notice of which we published in a recent issue:

**RE SOLDIER FOUND DEAD**

Plain Clothes Constable Allan Campbell begs to report that at 10 a. m., on Wednesday, 20th November, 1918. No. 2163312, Genser Thomas Freeman Gillis, 4th Canadian Siege Battery, British Expeditionary Force, France, was found dead in bed in a bedroom in the "St. Albans" Hotel, 9, Rutland Square, Edinburgh.

The police were informed and they summoned Dr. Murdoch Brown, Acting Police Surgeon, who after examining the body pronounced life extinct and expressed the opinion that death was due to suffocation by gas poisoning.

It appears that the deceased soldier was on short leave from France and had resided in the "St. Albans" Hotel since 13th November. He had been sleeping in a small bedroom on the top flat which is lighted by means of ordinary gas and the opinion of the Police is that when the deceased soldier had been retiring to bed on the night of the 19th November, he had turned out the light and had afterwards inadvertently touched the thumb-screw on the gas bracket which is rather loose thus allowing the gas to escape. The door and window of the bedroom were both closed and there being no fireplace, little or no air would penetrate in to the room, consequently the unfortunate soldier would in a very short time be overcome and suffocated.

The Military Authorities were informed and arrangements were made by them for the funeral which took place at 11 a. m. on Monday, 25th November, 1918, with full Military honours. The remains are interred in Seafeld Cemetery, this cemetery being chosen as a number of other Canadian soldiers are buried there. Several Canadian soldiers on leave in Edinburgh followed the cortege to the grave.

A cross bearing his number and rank and name has been erected over the grave by some overseas soldiers with whom deceased had made friends during his stay in this city.

His property, consisting of £6-16-11½; 2 cigarette cases; 1 finger ring; 1 razor; post-cards and photos, was taken charge of by the Police and the Procurator-Fiscal desire it to remain with them until claimed by the next of kin.

The deceased's army paybook shows him to be a single man and his next of kin is given as Mrs. Minnie Gillis, Annapolis, Co., W. Dalhousie, N. S. and the Constable reporting respectfully begs to suggest that a copy of this report be forwarded to her.

Signature of Officer writing the Report.

**ALLAN CAMPBELL P. C.**

Edinburgh, Nov. 27, 1918.

Dear Mrs. Gillis: I take my pen in hand and will endeavour to express my sympathy to you which is very difficult to express in words. I must say that I did not know your son very long, as I met him while on leave in Edinburgh. I was with him in the early part of the night, he died, and we had our pictures taken the same night. I am sending them to you

**and am keeping one of them and hope you do not object.**

It was certainly a shock to me to hear of his death. He was buried in Seafeld Cemetery, Edinburgh, on Monday 25th, with Military honours. Eight of us boys were pall bearers. It was very sad though to think that so young a chap was taken away and especially after the war was finished. And I assure you that I sympathize with you in our sad bereavement. And if you wish any further news if you write me I will endeavour to let you know.

I remain yours in sympathy

**One Way Enticing People to Church**

An exchange says: "Three Days in a Submarine," as the subject of a sermon, proved irresistibly attractive to a country congregation which had been making itself conspicuous by its absence from church services. A good deal sadder and a good deal wiser set of people left the church at the close of that sermon than had entered it, for the submarine proved nothing but a person's trap to dis-course on Jonah."

We wonder if this parson got as big a crowd as usual at the next regular service. Barnum said "You can fool all the people sometimes, and some people all the time, but you cannot fool all the people all the time."

**Farmers Send for This Booklet**

We have received from the Department of Crown Lands a booklet entitled "The Farm Woodlot" in Nova Scotia" which is entitled to more than a passing reference. The aim of the pamphlet is to show in concise fashion the importance of the farm woodlot and to point out briefly, but as clearly as possible, ways and means of conserving and improving it. In view of the present prices that lumber is bringing and the deplorable ravages wrought year after year by preventable fires in our timber tracts this work is of timely interest and every farmer in Nova Scotia should send for a copy and read it from cover to cover. The booklet has been prepared in a readable manner, free from technical terms, and is suitably illustrated. Copies may be obtained free by application to the Department of Crown Lands, Halifax, and mentioning that this notice appeared in the MONITOR.

**A Letter From Pte. Guy Ruffee**

Mrs. C. A. Ruffee has received the following letter from her son who had been a prisoner of war in Germany:

Boulogne, Dec. 2nd, 1918.

Dear Mother: Just arrived here from Germany. Thank God. I hope to go to England to-morrow. But I do not know yet where. When I get there I will write at once. We had a hearty welcome, lots of food and good warm clothes.

Good Bye and God Bless you all.

Christmas Day in St. James Church

As is customary Divine service was held in St. James Church on Christmas morning at 11 o'clock. The sacred edifice was very tastefully decorated, the Sanctuary being adorned with the usual festive hangings so richly embroidered whilst across the chancel was stretched the delicately constructed screen trimmed with evergreens. The pulpit and lectern were similarly decorated. The green here being relieved with real English holly berries. The windows had the following words in red letters on a white ground edged with evergreens: West window: "The Prince of Peace." North windows: "Unto us a child is born, a son is given." South windows: "The Word made flesh." The musical portion of the service, whilst not as elaborate as usual, was eminently pleasing to the day and entered into heartily by the congregation. The Rector based his sermon on the Angelic Anthem recorded by St. Luke (II and 14) "Glory to God in the highest, and on earth peace, good will toward men and Isaiah's prophecy (IX and 6) "Unto us a child is born, unto us a son is given and his name shall be called Prince of Peace."

Christmas Trade in Bridgetown

As near as we can learn this season's Xmas trade was the best in the history of the town. Several of our advertisers have told us that this was largely due to the way the MONITOR, under its present management, has been booming Bridgetown as a good place in which to buy goods, and the interest the paper is taking in the welfare of its advertisers. We are pleased to know that our efforts are appreciated and we can assure our advertisers that it is certainly a pleasure to be able to send them business, and we never miss an opportunity to say a good word for them, either through the columns, or personally.

A Pleasant Christmas Party

Mr. and Mrs. Milne Buckler entertained all their family, which consists of five daughters and one son, at his home in Bridgetown, on Christmas. Two of the daughters being married their husbands were also present. An odd coincidence among the son-in-laws Mr. Frank H. Dodge, a member of a family of thirteen, all of whom were born in Bridgetown, was the only representative of his family in town during this reunion of Mr. Buckler's family.

An Old Jack Knife

The Editor was shown this week a pocket knife with a history. It was presented by Lawyer Parker's father to James Hedley Victor Longley, son of Robert and Clarence Longley. When its owner died March 6th, 1862, it became the property of his only brother, Mr. F. Longley, of Granville, who still has it in his possession.

Death of N. F. Moses

A Yarmouth despatch says: Nathan F. Moses, aged 37 years, died Friday. He survived by his wife and five children, six parents, six sisters and five brothers, one of whom is Joseph S. Moses, of Bridgetown. His father, Nathan H. Moses, was for a while in the home guards, stationed at Halifax.

War Tax Stamps

As shown by statistics of the inland revenues of the Dominion for the fiscal year 1917-18, the net war tax revenue from stamps, transportation tickets, etc., was \$2,241,162.83 during that year.

Local Happenings

Messrs Beeler & Peters have sold their entire timber cut for export purposes.

The Royal Bank of Canada has our thanks for one of their big office calenders.

King George does not intend to visit the United States, so it is reported from London.

The Bank of Nova Scotia will open a branch at Freeport, Digby county, at the beginning of the new year.

Some of us have more ups and downs than others, but when we get to the cemetery we will all be on the dead level.

A Masonic service, conducted by Rev. W. S. H. Morris, was held in the United Baptist church, Middleton, Friday evening.

We cannot understand why our village correspondents cannot send their items on Saturday, as requested, instead of Mondays.

A full attendance at Crescent Lodge, I. O. O. F., is especially requested for to-morrow (Thursday) night at eight o'clock.

The St. James church monthly social gathering usual to the first Wednesday in the month has been postponed until next Wednesday.

The British elections resulted in a sweeping triumph of the Lloyd George coalition government which has been returned to power with an overwhelming majority.

Xmas day was a very quiet one in town the disagreeable weather keeping people in their homes. The usual family gatherings were held, and a joyous Xmas spent by many.

Reserve Thursday, the 9th, inst. for "Mrs. Wiggs and the Cabbage Patch" to be put on the boards in Belleisle Hall on the evening of that day under the auspices of the W. A.

Owing to some freight cars being off the track near Windsor, yesterday's west bound express was two hours late, crossing the east bound express, which was on time, at Lawrencetown.

The following item was clipped from the Berkshire Evening Eagle. Mr. and Mrs. J. H. Loomis, of Bridgeport, Conn., are the parents, of a son, Elbert Halliday, born Dec. 6th, at the home of his grandparents, Mr. and Mrs. John Halliday of Nova Scotia.

A pie social was held by the Centrelea Red Cross Friday, Dec. 27. The proceeds amounted to \$27.50. A box of children's clothing for the Belgium, including 7 dresses, 13 sets of underclothing, 11 pairs mittens, 9 pairs stockings, 6 pairs socks, was shipped last week.

The officers and members of Rothsay Lodge, A. F. and A. M., attended divine worship in St. James church, Bridgetown, last Friday afternoon, and listened to a very appropriate sermon preached by Rev. T. C. Mellor, D. D. G. M. Mr. E. Underwood, rector of the parish, also assisted at the service, at which there was special music.

Newspaper Changes in the Valley

Several newspaper changes are taking place in the Valley to-day, between Digby and Kentville.

Mr. G. H. Chisholm, who has been editor and manager of the Digby Courier, for the last year and a half, severed his connection with that journal Saturday night and we understand, has based the Kentville Advertiser. Mr. Kenneth Parry, foreman of the Courier since last April, also goes to Kentville with Mr. Chisholm.

Mr. J. Wallace, recently of the Yarmouth Times, who has been connected with several daily and weekly papers in this province, being for a time manager of the MONITOR, takes charge of the Courier.

Mr. F. V. Young, for many years foreman of the MONITOR, as already announced in these columns, has accepted a position as advertising compositor in the Halifax Morning Chronicle office. His place on the MONITOR will be filled by Mr. Harry Carter, of Bridgetown, a returned soldier from France.

Mr. W. L. Hatfield, a former Yarmouth man, who was recently proprietor of the Plumus (Manatoba) Standard, will take charge of the Berwick Register. His former proprietor, John E. Woodworth, who has filled an important and honorable place in Annapolis Valley journalism for the past forty years, is moving next spring to Yarmouth where he has purchased a small farm.

We wish all these men every success in their new positions.

A Busy Place

Bridgetown is certainly in need of a Post Office building and now that the war is over, we hope that our federal representative will succeed in having a sufficient amount placed on the estimates for a suitable building in this town.

The death of Rev. Dr. George M. Campbell occurred at the Bethesda hospital, Hornell, N. Y., on Christmas morning. He held many positions of honor and trust whilst pastor of the Methodist church, St. John, N. B., was a native of Wallace, N. S., and was 66 years old. He was also principal of Mount Allison University for some years. He leaves a widow and one daughter.

When a husband and wife are of the same mind it is pretty safe bet that the mind belongs to the wife.

Our Readers are Always Satisfied

What is more annoying than starting to read a local or personal column and find amongst the items paid ads. We believe in system. In the MONITOR there is a place for ads. and a place for news. A paper which studies the reader's interests immediately gets a big circulation and that is what the advertiser is looking for—a good advertising medium. The advantage of advertising in a paper carrying a classified column for small ads, is that every advertisement is read, big or small. Try it and you will prove that our statement is correct.

THANKS

We wish to thank our many friends and customers for their patronage during 1918 and we wish you all a very happy and prosperous New Year.

Come to Bridgetown

Tuesday's Yarmouth Herald says:—Mr. Alex. Steen, of Steen Bros. & Co.'s corn mills, Water street, arrived from St. John last evening and is spending to-day in town. Owing to the great development of this concern's business through the Annapolis Valley the managers have decided to open a second mill in Nova Scotia and they will probably locate at Wolfville. Mr. Steen expects to leave to-morrow or Thursday to look over the possibilities of that town as a centre of manufacture and its transportation facilities.

FIRST TO AID—LAST TO APPEAL

The Salvation Army was the first of the strictly social organizations to follow the British Army to Belgium. On the 18th of August, 1914, its Officers and Soldiers appeared at Brussels ready to help the boys.

We all know how the Army has kept up with the fighting boys. Right to the front line with the coffee and sandwiches, and farther back huts for recreation and social purposes were established. They have 197 huts. Over 300,000 soldiers daily have received comfort and help and guidance from the lasses and the matrons who fight under the Blood-and-Fire Banner.

Till now the Salvation Army has not asked for money, except in small contributions on the street corners. Other agencies have appealed for help to carry on their good work with the soldiers. The Salvation Army is now asking for a million dollars to continue the good work which was begun on the battlefields. The request is reasonable. But it should not be left for a few to subscribe. This is a chance for everybody. Will you help?

LETTER FROM PTE. MURRAY

Written to His Mother, Mrs. Lennox M. Murray, Albany, N. S.

Branshot England, Dec. 7th, 1918. Dear Mother: I got a nice, long letter from you the other day, but I haven't had much time for writing, as we are so busy now in the Post Office sorting and re-directing Xmas mail. In two days 50 mail bags, containing boxes for soldiers and thousands of letters arrived.

Well, I sent you some cards and news from Scotland, also some heather. I hope you got them safely. I certainly have some task ahead of me to tell of my adventures while on my trip and I am not going into details in writing as I can tell you better when I get home. I have no idea just when that will be, but I hope before June 1st.

BRIEF OUTLINE OF MY TRIP

I left a week ago Wednesday night on a special train at 6 p. m., arrived in Edinburgh next morning. Had a wash, and breakfast at the Y. M. C. A. Then saw Scott's monument, went through St. Giles Cathedral, and "Edinburgh Castle". Came back and went through the Scottish artists' exhibit, and Great War Museum. I had previously looked for a visit to the American Fleet, so went with a small party in charge of an American officer, to the "Porth Bridge". The same as we have the picture in our stereoscopic views.

Got aboard a Steam Pinnace manned by American sailors. We passed under the bridge around the American fleet and part of the British. I also saw two British "Subs". We then went aboard the U. S. Battleship Nevada and each one was conducted separately over the ship from top to bottom (very interesting). Returned to Edinburgh and was given the address by a lady of a friend of hers in Sterling. Boarded the train for Sterling at 6.30 p. m. Arrived at the address O. K. to find a regular mansion of granite. And also a fine family consisting of the father, mother, and three daughters. They also have two sons in France and two in Canada, officers. I was treated like a prince and had every luxury, and they would not take a cent of pay. One of the girls took me to Doune Castle about thirty miles, by train. I also saw the battlefield of Bannockburn, stood on the bridge which crosses the "burn" (or stream).

It is a wonderful country and the scenery is magnificent. I left Monday morning for London. Had a nice giving by the family where I stayed. Came to London by the way of the Great North Bridge. Had a splendid dinner from the bridge of "destroyers" the Queen Elizabeth. Passed through Newcastle, York, and other "hated" cities. Arrived in London at 7.45 p. m. Put up at the Y. M. C. A. Hotel and next morning started out to see London.

I saw St. Paul's Cathedral, Westminster Abbey, and happened to take in a service at each place. I also saw the Tower of London, Parliament Buildings, Buckingham Palace, Trafalgar Square, The Strand and Piccadilly. I crossed London and Tower bridges and on the former I witnessed two German "Subs" being towed up the river Thames, the white Ensign flying above the German flag. They were the "U-95" and "U-96" two of the largest types.

I boarded the train at 6.40 p. m. for camp arriving there safe and satisfied. I will tell you more when I go home. I must write to some of my friends and I guess it will be an endless task to tell them all about my trip.

I have received several Xmas boxes, one from the "Flora Rebecca Lodge" of the I. O. O. F. of Saint Ste. Marie. Lots of goodies, socks, etc., in it. I had some pictures taken in Sterling and will send you some if they are all right.

I hope you have fully recovered from your illness and that you and father will spend a Merry Xmas even if I am not home. Will write again soon. Lots of love.

From your son,

ASBURY.

Mineral Requirements of Hogs

(Experimental Farms Note.)

Anyone familiar with the feeding of hogs knows that much crude or raw mineral matter is consumed by them, aside from that actually contained in the food eaten, and known technically as the ash content. While a general statement as to the mineral or earthy requirements of the hog may be made, certain abnormalities may appear at various stages of the animal's existence due to a definite lack of some vital constituent in an apparently perfectly balanced ration, this lack due, in turn, to the absence of the required mineral or salt, in the soil that grew the foods. Here, of course, specific feeding is required.

In general, pigs under summer or outdoor conditions supply their own wants in the foregoing connection, consuming earth, slate, weathered stones, ashes, wood etc. If they are pen-fed, some two or three of these easily available materials may be supplied. Even under out-door conditions, however, many large feeders provide supplemental mineral and corrective feed. Of these, charcoal in various forms, ground rock phosphate, ground limestone, slaked lime, bone meal, wood ashes, etc., are the most important. A readily accessible supply of a mixture of the above is advised as a general corrective of possible deficiencies in the mineral constituent as supplied by the regular ration.

General Recommendations:

For Breeding Stock in Winter: Soda, earth and ashes are easily supplied. Charcoal, may be purchased in various degrees of coarseness or may be supplied from charred corn-cobs, or wood. Aside from the value of its mineral constituent, charcoal is an excellent tonic and corrective. Where the spring litters lack evidence of strong, bony structure, a mineral deficiency of the dam's ration during gestation is often responsible, where other probable causes are difficult to ascribe. Hairless pigs at birth, a phenomenon difficult to explain definitely, would seem to have as one of the several probable causative conditions, some mineral lack in the blood flow of the dam. Feeding the pregnant sow a mixture containing charcoal, ground rock-phosphate, slaked lime, wood ashes, and salt will frequently prevent the condition. These constituents are cheap and easily procurable. Aside from their value as a natural food in winter, roots supply much mineral constituents in themselves and in the earth which usually accompanies them.

For the Sucking Pig: The winter farrowed litter should have access to earth, soda and ashes, as soon as they begin to run about. This with milk of a properly fed dam will usually suffice. Early spring litters should be similarly supplied and allowed to run outside at the first possible moment.

For the Fattening Pig: Fattening hogs, particularly if pen-fed, should be supplied with a general mixture. A box kept filled, or a self feeding device, will allow the hog to appease the demands of the system. Here, with the heavily-fed hog, charcoal in some form is particularly indicated both from the mineral and medicinal standpoint. Rock phosphate, bone meal, slaked lime and granulated charcoal would supply practically all of the necessary elements. Some doubt exists as to the necessity of salt for hogs. All domestic animals require it in great or lesser quantities. With the hog it is preferable to allow free choice rather than to force the consumption of definite quantities. Salt, therefore, should be added to all mineral or corrective mixtures.

To conclude, in most localities simple home-procured mineral foods, as mentioned, will prove sufficient. To the feeder who wishes to leave no stone unturned or in localities where there is evidence of a lack of necessary plant food a more diversified mixture would be indicated. The quantities consumed are so small, comparatively, that the cost will prove almost negligible. The growth and development of hogs, with rations so supplemented, cannot be injured and in most cases will likely be greatly benefited.

Pedigreed Seed

(Experimental Farms Note.)

When seed grain is advertised as pedigreed seed, it should mean two things: first, that the record of that particular strain is known from its origin; second, that it is rich in the qualities that make it superior to other selections of the same sort.

In order that the term pedigreed may have the proper significance to those who wish to purchase seed grain of high quality, the following outline is given of the essential methods in the primary selection work of pedigreed varieties or strains of grain. Before seed grain can be termed pedigreed it must be descended from a single plant; that particular plant must have been a superior plant to others of its kind and must have had the ability to transmit the high yield and the desirable characters for which it has been selected. This superiority can only be determined by careful observation at the time of the first selection and by a careful test under uniform conditions with the parent or other standard varieties. Also, this selected strain must be watched closely during the multiplication period for the appearance of false heads or the breaking up of the variety. This is the essential work in the propagation of pedigreed seed and unless it has been selected in accordance with the above methods, the word pedigreed should not be used.

Apart from those who are associated with the experiment stations are but few men in Canada who have the facilities and the knowledge essential to perform the primary selection work in the production of pedigreed grain. Any observant person can, however, obtain pedigreed seed and by the maintenance of a seed plot and the careful roguing out of false heads and chance impurities preserve the purity and quality of his seed grain that it may continue to rank as pedigreed seed. As the production of pedigreed strains and varieties is practically confined to the various Dominion and Provincial Experiment Stations, any so called pedigreed seed that does not trace back to these sources, or is not registered in the Canadian Seed Growers' Association should not be purchased as such, without careful inquiry into its origin.

Pedigreed seed bears the same relation to the grain growing industry as pedigreed breeds bear to the live stock industry, and its use is necessary if a grower desires to maintain the yield, purity and quality of his grain.

Watch Out For Him, Merchants

The following has been sent to the police throughout the Dominion: A crook representing himself as Henry Anderson, traveller for a firm which he calls the "Golden Gate Silk Mills," San Francisco, Cal., carries a line of very fine silk hose, and is putting over on the unsuspecting retail dealers a story to the effect that his firm has a shipment of hosiery on hand at Kenora (or perhaps some other point) C. O. D. \$360.00 which has been refused by the original consignee. This shipment he endeavors to sell on the understanding that he will have the shipment re-forwarded to the new purchaser C. O. D. for the amount, but before leaving he usually prevails upon the purchaser to advance him \$20 or more—giving as his reason that his expense money is running low—on the understanding that the amount advanced is to be deducted from the purchase price of the goods. But there are no goods, and the dealer is out his money.

To our knowledge this fraud has been perpetrated on four different people during the past few weeks.

Eaton's New Warehouse at Moncton

The T. Eaton Company of Toronto will, on February 1st commence in Moncton the construction of a reinforced concrete building, 250 feet wide by 260 feet long. It will be six stories in height. It is expected to be completed by the middle of the summer. The building will be used as a distributing warehouse for the Maritime Provinces and will employ between 500 and 600 people.

## EMPRESS'S WAR RECORD

(1) Captain Geo. S. Webster, R.N.R., of the "Empress of Britain."  
(2) Arthur E. Philp, Chief Engineer of the "Empress of Britain."  
(3) Six inch gun crew standing by the gun on the "Empress of Britain," at right Chief Officer F. H. Moore, who gave the gunners the range.

THE "Empress of Britain," which sailed from New York on Sunday afternoon with 150 officials of the British War Mission, Y.M.C.A. and Knights of Columbus workers, has already covered 173,100 miles since the outbreak of hostilities, when she was taken over by the British Government and has transported 110,000 troops overseas. She took thousands of Australians and Britishers to Gallipoli, and was one of the transports assigned to take them away. The Suez Canal being closed, she made a 16 months trip around the Cape of Good Hope with troops for German East Africa and also for Mesopotamia. She made eight trips with Canadian troops and for the first seven months of the war, patrolled the South Atlantic as an admiralty cruiser.

It was during one of the trips across the Atlantic with 5,000 troops aboard, that a German submarine launched two torpedoes, one of which, due to a lucky zig-zag, missed the bow by three feet, and the other passed a dozen feet astern. At least a dozen attacks were made upon the "Empress of Britain" during the war, by U-boats.

Captain George S. Webster, R.N.R., who is the present commander of the "Empress of Britain," has made 37 trips across the Atlantic since the outbreak of the war. When the "Empress of Britain" reached New York last Tuesday, she had aboard 2,450 U. S. troops, including 400 sick and wounded heroes, and she is returning to Liverpool for more. When this work of repatriating U. S. troops is finished, she will return to her home port, St. John, New Brunswick.

During the war, the C. P. O. S. ships have transported over a million troops and passengers on war bus-

### The Future of the Live Stock Industry

The arrival of peace has created new conditions in the export of meat and produce and some uncertainty in the minds of Canadian farmers as to future markets. Information in the hands of The Honourable T. A. Crerar, Minister of Agriculture, convinces him that the export market will continue to absorb at firm prices, as compared with the prices for all other agricultural products, every pound of beef, bacon and other animal products that Canada can supply. In discussing the situation the Honourable Mr. Crerar said: "In view of the great scarcity of cattle and live stock of all kinds in Europe, and because of the great demand for live stock and live stock products of all kinds sure to continue for some years at least, I am going to ask the farmers and live stock men of Canada to maintain their breeding operations on a war time scale, to properly finish all feeding stock, and to conserve all good breeding females, and to still further improve their herds flocks by using even greater care in the selection of the sire."

### Army Launch Big Drive for One Million

The Salvation Army is about to launch a campaign to raise One Million Dollars for war and demobilization purposes. The money-getting campaign will be from January 19 to 25.

The Duke of Devonshire, Governor-General of Canada; Sir Robert Borden, Sir William Hearst, Sir Wilfrid Laurier, and many other prominent citizens have endorsed the scheme, and strong committees have been formed for the purpose of boosting the objective.

The Salvation Army intends to use the money for three purposes:-

- (1) To establish hostels for returned soldiers who are discharged and in need until they are absorbed into industrial life.
- (2) To provide emergency receiving and maternity homes for soldier's wives, widows, and dependent children in need.
- (3) To continue during demobilization in England and France the equipments and comforts already provided by the Salvation Army for the Canadian soldiers overseas.

## Press Advertising Sold Victory Bonds

BEFORE the war, bond buyers were "marked men." In number they were 40,000 in March, 1917—this is shown by the number of purchasers of the Government War Loan of that date. But in the autumn of the same year, their number increased twenty times—to 820,000! This was the number purchasing the Victory Loan, 1917. Last month—November, 1918, over 1,000,000 persons purchased the Victory Loan, 1918!

These wonderful results were accomplished by Press Advertising.

Before the war one-half of one per cent. of our people bought bonds. Now quite twelve and one-half per cent of our people are bond buyers!

Before the stupendous amount of \$676,000,000 worth of bonds could be sold to our Canadian people in three weeks a most thorough and exhaustive campaign of education was necessary, and this campaign was carried through by advertising in the public press. The power of the printed word never had a more convincing demonstration.

By means of the printed word, through the medium of advertisements in the press of our country, the Canadian people were made to know what bonds are, the nature of their security, their attractiveness as an investment, and why the government had to sell bonds.

Every point and feature of Victory Bonds was illustrated and described before and during the campaign—in advertisements. No argument was overlooked. No selling point was neglected.

The result is that Canadians to-day are a nation of bondholders.

This complete transformation of the national mind and habits was brought about by advertising in the press of the nation. Press advertising has justified itself as the surest and speediest method by which a man's reason can be influenced and directed. The Minister of Finance acknowledges this. His own words are:

"The wonderful success of the Loan was due in large measure to their (the press of Canada) splendid and untiring efforts during the whole of the Campaign."

Mr. E. R. Wood, Chairman of the Dominion Executive Committee having oversight of the campaign to raise Victory Loan, 1918, said "The press publicity campaign will rank as one of the most remarkable and efficient publicity campaigns ever undertaken in any country." and Mr. J. H. Gundy, Vice-Chairman of the same committee said: "I have been selling bonds for a long time, but I never found it so easy to sell them as at this time. The reason is the splendid work the press has done. I take off my hat to the press of Canada."

The success of Victory Loan, 1918, and the knowledge which Canadians now possess of bonds are a straight challenge to the man who doubts the power of the printed word, in the form of advertisements, to sell goods—and this applies not to bonds alone but to the goods you are interested in selling.

### December Rod and Gun

The December issue of Rod and Gun from its first page to its last is replete with articles of interest to the sportsman and lover of the out of doors. Stories, articles, special departments are good of their kind and the magazine is well illustrated throughout "Birdland Reflections from an Old Camera" by Bonnycastle Dale; "The Open Places" by R. J. Fraser; "Snowbound Hills" by H. C. Haddon; "How Christmas Comes in the Northland" by Harry Laughey; "A December Afternoon with Buster" by Reginald Gourlay are some of the stories, while an article on the making of skis fully illustrated, Fishing Notes including an article on "Facts about Cotton Threading" and Guns and Ammunition with more dope for the gun crank, and material of interest to the trapper, are some of the other features. Rod and Gun is published by W. J. Taylor Limited, Woodstock, Ont., A. J. Burns, Bridgetown, being the local agent.

### Wolville's Hospital

(Wolville Acadian.)  
Dr. Avery DeWitt's new private hospital is now in full swing and already is filled with patients which proves how badly needed it has been for the last few years. The house, itself, built by the late W. F. Parker, is exceedingly well fitted up, and has two sun parlors large and commodious verandahs, and good ventilation. In addition special improvements have been made and the hospital, though as yet small, is thoroughly up to date. It is in charge of Miss Hart, a lady of very pleasing personality, who has earned an excellent reputation for her work at the Kentville Sanatorium. We heartily congratulate the doctor on the auspicious start he has made, and wish him every success in his work which we believe is capable of considerable extension.

The Macleod Pulp Company, Milton, are buying pulp wood in cord lots and are paying five dollars per cord, loaded on cars.

## GRANVILLE FERRY

Altogether a rather inconvenient time on Christmas Day our village was well represented when the 1,200 boat came bringing back to us one of our heroes Pte. Leander Oliver, formerly of 219th, but now of the 85th Battalion. Mr. Penney met him and extended to him a hearty welcome followed by the rest of us telling him of our appreciation of his services. Ralph Chisnold and the coach were waiting for him and his mother at the head of the slip to take him to his home.

Pte. Oliver enlisted three years ago this morning, in the 219th Battalion. During the summer of 1916 they were in training at Aldershot until October then were carried across to Bramshot Camp. On April 24, at Vimy Ridge, in his first battle he was wounded in the wrist and was sent back out of the line. When fully recovered from the shock and wounds he was again sent to France and was in the trenches until Aug. 1918. At Arras he received shrapnel wounds in both legs and had the whole front of his helmet completely off. This gave him a "Highly" and from then Canada, and home.

## Launching at Centreville, Digby Co.

A very successful launching took place at Centreville, Digby Co., last week when the new steamer Frances Boutlier went off the ways. This steamer has been built by A. Boutlier and Co., under the supervision of Norman Reinhardt, of Liverpool. The frame is of Digby Neck wood which is considered the most durable material in Canada. The cabin and house are finished with Douglas fir. She is equipped with 11x20 fore and aft engine, a large suitable boiler and up-to-date machinery built by the St. John Iron Works and installed by James McCulloch, of Annapolis Royal. The powerful machinery, combined with her easy lines, is expected to give her good speed.

The Frances Boutlier is much larger than the steamer Centreville, built by this firm some years ago, and operated between Centreville and St. John, proving an important factor in the fish business of A. Boutlier as well as a good convenience to the people of Digby Neck.

## Death of Mr. Archibald L. Raymond
