OFFICE OF THE GOVERNOR GENERAL'S SECRETARY, CANADA,

OTTAWA, 14th March, 1918.

SR,—I have the honour to inform you that His Excellency the Governor General will proceed to the Senate Chamber to open formally the Session of the Dominion Parliament on Monday, the 18th March, at Three o'clock.

I have the honour to be, sir,

Your obedient servant,

H. G. HENDERSON, Lieut.-Colonel, Governor General's Secretary.

The Honourable

The Speaker of the House of Commons, Ottawa.

A Message was delivered by Lieut.-Colonel Ernest John Chambers, Gentleman Usher of the Black Rod:—

MR. SPEAKER.

His Excellency the Governor General desires the immediate attendance of this Honourable House in the Chamber of the Honourable the Senate.

Accordingly, Mr. Speaker, with the House, went up to the Senate Chamber, and then Mr. Speaker spoke to the following effect:—

MAY. IT PLEASE YOUR EXCELLENCY:

The House of Commons has elected me their Speaker, though I am but little able

to fulfil the important duties thus assigned to me.

If, in the performance of those duties, I should at any time fall into error, I pray that the fault may be imputed to me, and not to the Commons, whose servant I am, and who, through me, the better to enable them to discharge their duty to their King and Country, humbly claim all their undoubted rights and privileges, especially that they may have freedom of speech in their debates, access to Your Excellency's person at all seasonable times, and that their proceedings may receive from Your Excellency the most favourable consideration.

The Honourable the Speaker of the Senate then said:-

Mr. SPEAKER,

I am commanded by His Excellency the Governor General to declare to you that he freely confides in the duty and attachment of the House of Commons to His Majesty's Person and Government, and not doubting that their proceedings will be conducted with wisdom, temper and prudence, he grants, and upon all occasions will recognize and allow their constitutional privileges.

I am commanded also to assure you, that the Commons shall have ready access to His Excellency upon all seasonable occasions, and that their proceedings, as well as your words and actions, will constantly receive from him the most favourable construction.

And the House being returned,-

Mr. Speaker reported that the House had been in the Senate Chamber, and that he had, in their names and on their behalf, made the usual claim of privileges, which His Excellency had been pleased to confirm to them.

Sir Robert Borden introduced a Bill No. 1, An Act respecting the administration of Oaths of Office, which was read the first time.

Mr. Speaker reported His Excellency's Speech from the Throne, and read a copy thereof to the House, which is as follows:-

Honourable Gentlemen of the Senate:

Gentlemen of the House of Commons:

You have been summoned to the first session of a new Parliament in the midst of a world-wide struggle which vitally concerns the liberties, the institutions, and the destiny of our country, and of the whole world. Thus the responsibilities and duties imposed upon you are even greater and more far-reaching than in the ordinary course of public affairs. Bearing with you a new mandate from the people, and animated by the unfaltering spirit which has inspired them during the long and anxious years of effort and sacrifice, I am confident that you will bring to the discharge of your public duties, an unflinching resolve to sustain the high cause in which our country has already borne so splendid a part.

After nearly four years of war the issue still remains undecided. The effort which yet lies before us demands our sternest resolve, but we shall not shrink from it if our hearts are as firm and our courage as undaunted as those of our countrymen who hold our battle line beyond the seas. The Canadian Expeditionary Force still sustains its unbroken record of distinguished achievement to which it has notably

contributed since the close of the last session.

Notwithstanding a greater delay than was anticipated in the operation of the Military Service Act, the necessary reinforcements to keep our forces at full strength

have been provided and this purpose will be maintained in the future.

In order to extend the principle of the present Civil Service Act to the Outside Service, and thus to provide that all appointments to the Public Service shall be made upon the sole standard of merit, further enabling legislation will be necessary. In the meantime, the principle thus adopted has been carried into effect, as far as possible, by an Order in Council which will be placed before you.

My advisers are impressed with the necessity of a strong and progressive policy of immigration and colonization, accompanied by suitable provisions to induce settlement upon the land, to encourage increased agricultural production and to aid in the development of agricultural resources. In pursuance of this purpose, the Ministry of Immigration and Colonization has been established by Order in Council, and

necessary legislation to confirm this action will be laid before you.

In connection with the demobilization of our Forces, my advisers recognize the urgent necessity of provision for the care and vocational training of returned soldiers. Organized effort to provide such training, to assist them in obtaining employment and to aid in establishing them in the activities of civil life is not only important but essential. A department of the Government for this purpose has been constituted and has been invested with necessary powers and duties. Legislation to confirm this action will be submitted to you.

Measures which have been taken by Order in Council to prevent excessive profits in certain industries, to stimulate and increase the production of food and to encourage and develop the ship-building industry will be communicated to you, and any relevant legislation which may be found necessary will be submitted to you.

A Bill for extending the franchise to women, with suitable provisions respecting naturalization, will be submitted and commended to your consideration.

Your attention will also be invited to a Bill to consolidate and amend the Acts relating to railways; a Bill relating to Daylight Saving; Bills relating to taxation of war profits and of incomes, and other measures.

In order to insure the fullest co-operation with the Government of the United States and to assist in securing the most effective utilization of the resources of both countries for war purposes, a Canadian War Mission has been established at Washington, and a War Trade Board has been constituted at Ottawa.

In view of the need for conserving to the fullest extent all national resources during the war and in furtherance of provincial enactments, action has been taken under the War Measures Act, 1914, to prohibit the importation and manufacture of intoxicating beverages and to forbid the transportation thereof into any community where their sale is contrary to law.

My advisers having reached the conclusion that a complete registration of the manhood and womanhood of Canada above the age of sixteen years is not only important but essential under present conditions, the necessary authority has been provided under the War Measures Act, 1914.

The Orders in Council embodying the foregoing provisions will be laid before you. The appalling disaster at Halifax resulting in the loss of many hundred lives, and the destruction of a considerable portion of the city, and of the adjacent town of Dartmouth, has evoked universal sympathy for those who have suffered. My advisers will submit to you proposals for relieving the distress and loss thus occasioned.

Notwithstanding the critical and trying conditions through which the country has passed during the last three years, the commercial, industrial and financial stability of Canada has been well maintained. The volume of foreign trade greatly exceeds that attained during any corresponding period in previous years and the favourable balance of trade has also vastly increased.

Gentlemen of the House of Commons:

The accounts for the last and the estimates for the next fiscal year will be submitted to you without delay and you will be asked to make the necessary financial provision for the effective conduct of the war.

Honourable Gentlemen of the Senate:

Gentlemen of the House of Commons:

Notwithstanding disappointments in the Eastern theatre of war, there is no reason to doubt the ultimate triumph of our cause. The effort of the nations included within the British Commonwealth is still unabated and will so continue to the end. Equally earnest and resolute is the spirit of all the allied nations and especially of the great neighbouring and kindred Commonwealth whose enormous power and vast resources are now beginning to make themselves felt in the determination of the issue.

I commend your deliberations to the Divine guidance in the confident expectation that they will be worthy of the supreme purpose to which our national endeavour is dedicated.

On motion of Sir Robert Borden, the Speech of His Excellency the Governor General, to both Houses of Parliament of the Dominion of Canada, was ordered to be taken into consideration this day.

On motion of Sir Robert Borden, it was Resolved, That the Order for the consideration of the motion for an Address to His Excellency the Governor General, in reply to his Speech at the opening of the Session, have precedence over all other business, except introduction of Bills, until disposed of.

Mr. Speaker laid before the House,—The Report of the Joint Librarians of Parliament, which is as follows:-

LIBRARY OF PARLIAMENT.

OTTAWA, 18th March, 1918.

"o the House of Commons:

The Joint Librarians of Parliament have the honour to report as follows for the year 1917.

The purchases for the Library during the year have been somewhat limited in

character.

The range of books on the war has been wide, and probably no volume of any

value has been overlooked.

In addition to the books, a large number of pamphlets has been published, of which copies (sometimes several copies) have been purchased. These are being bound for preservation.

The law books relating to the war, and to international law, have been numerous.

In consequence of the great number of war-books, pamphlets and legal works, the cost of which has necessarily increased, it has been deemed advisable to economize in the purchase of books of lighter literature.

The official publications of the British Government and the United States have been procured and have been at the service of Members and of the various Commissions during the year. These publications have been numerous and have necessarily entailed much expense.

Considerable delay has, during the year, been occasioned by want of transportation, and it has been found necessary to use more frequently the cables and the mails. No purchases have been made this year to supply the place of books lost in the fire

as there would be no shelf-room for them under existing circumstances.

The Librarians understand that some space for the use of the Library will be spared in the new building. As the crowded state of the Library has long been known, and has been reported on yearly for many years, it is hoped that the space to be supplied will be, at least temporarily, sufficient.

The usual provision will be made for the rapid supply of books to Members

during the Session.

Among the donations received during the year, the most notable and useful is one from the Smithsonian Institution, consisting of eighty volumes of their annual reports, to replace the set lost in the fire of 1916.

The Catalogue of accessions during the year has been prepared, and will be pre-

sented as soon as it is printed.

The list of copyrights has been prepared as usual and will be found according to custom among the Sessional Papers when printed.

All of which is respectfully submitted.

A. D. DE CELLES, General Librarian. MARTIN J. GRIFFIN. Parliamentary Librarian.

(For Appendix to this Report, see Sessional Papers No. 40.)

The Order for the consideration of the motion for an Address to His Excellency the Governor General, in reply to His Speech at the opening of the Session, being read.

Mr. Mowat moved, seconded by Mr. Chabot:-

That the following Address be presented to His Excellency the Governor General, to offer the humble thanks of this House to His Excellency for the gracious Speech which he has been pleased to make to both Houses of Parliament; namely:—

To His Excellency the Most Noble Victor Christian William, Duke of Devonshire, Marquess of Hartington, Earl of Devonshire, Earl of Burlington, Baron Cavendish of Hardwicke, Baron Cavendish of Keighley; Knight of the Most Noble Order of the Garter; one of His Majesty's Most Honourable Privy Council; Knight Grand Cross of the Most Distinguished Order of Saint Michael and Saint George; Knight Grand Cross of the Royal Victorian Order; Governor General and Commander-in-Chief of the Dominion of Canada.

MAY IT PLEASE YOUR EXCELLENCY:

We, His Majesty's most dutiful and loyal subjects, the House of Commons of Canada, in Parliament assembled, beg leave to offer our humble thanks to Your Excellency for the gracious Speech which Your Excellency has addressed to both Houses of Parliament.

And a Debate arising thereon, the said Debate was, on motion of Sir Wilfrid Laurier, adjourned.

Mr. Glass—On Tuesday, 2nd April next—Proposed Resolution—That, in the opinion of this House, in view of constant rural depopulation in Canada during a period of some years past impairing the efficiency of our agriculturists in the production of sufficient foodstuffs to meet the enormous and steadily increasing demands, a condition which is becoming daily more pronounced and in a large measure further developed by enlistment throughout the Dominion in Canadian Overseas Forces of so many men experienced in agriculture, any further call to Military Service of this class of men cannot result other than diminution in the production of foodstuffs vitally essential to the sustenance of our fighting forces as well as to the needs of our Allies and our people at home, and further whereas Mr. Justice Duff in December last laid down as indisputable the propositions: 1st., That there should be no diminution in agricultural production, and 2nd., That the supply of competent labour for the purpose is deficient, that therefore National interests will be better served by retaining for service on the farms all experienced agricultural labour.

Therefore, having in view the near approach of the season for spring work and seeding, without which the insistent world demand for production cannot be achieved, and further in view of the fact that farmers, to a large extent, will necessarily regulate their plans for production in proportion to the labour available, it is of the utmost importance that all Leave-of-Absence Boards under the direction of the Department of Militia and Defence should promotly dispose of and give favourable decision to

appeals of men experienced in agriculture.

Mr. Kan—On Tuesday, 2nd April next—Proposed Resolution—That, in the opinion of this House, it is of the greatest importance that all measures tending to increase agricultural production or for conserving agricultural labour, should be taken by the Government in the interests of the Allies and of Canada's whole-hearted participation in the winning of the war, and that as a means to this end, all exhibitions and fairs throughout the country should be prohibited for the present year.

Mr. Archambault—On Tuesday, 2nd April next—Proposed Resolution—That, in the opinion of this House, the Hansard should be sent to all Canadian citizens asking for it, on condition that they pay a fee of fifty cents for each session.

Your obedient servant,

The Clerk of the Crown in Chancery for Canada.

DOMINION OF CANADA, GENERAL ELECTIONS, 1917.

Special Return of General Returning Officer to Clerk of the Crown in Chancery for Canada, pursuant to Order in Council P. C. 477 of 26th February, 1918, concerning the election of a Candidate to serve in the House of Commons for the YUKON TERRITORY.

I, the undersigned General Returning Officer for Canada do hereby certify and return to the Clerk of the Crown in Chancery for Canada that—

1. The writ of election for the electoral district of the Yukon Territory to which writ this is annexed was received by the returning officer named therein the 28th day of November, 1917, was endorsed by him with the number of votes polled for the respective candidates under Part III of the Dominion Elections Act and so endorsed was received by me from said returning officer on the 30th day of March, 1918.

2. That on the 10th day of December, 1917, pursuant in all respects to Section 94 of the said Act Alfred Thompson of Ottawa in the Province of Ontario, Physician, was nominated as a candidate at the election directed by said writ to be held, and his nomination paper is hereunto annexed. That on the 29th day of December, 1917, Frederick Tennyson Congdon of 219 Second Avenue, Dawson, Yukon Territory, (no addition or description being given) was nominated as a candidate at said election and his nomination paper is likewise annexed.

3. The day fixed pursuant to Section 89 of Part III of said Act, as amended by Section 7 of Part IV of said Act, for the nomination of Candidates in all electoral districts except the Yukon Territory, was the 19th day of December, 1917. The day fixed pursuant to Section 36 of said Part III of said Act for the nomination of Candidates for the Yukon Territory was the 31st day of December, 1917. The day for the holding of the poll except in the Yukon Territory under said Part III of said Act, Section 131, was the 17th day of December, 1917, and the day for holding the poll in the Yukon Territory under said Part III of said Act was the 28th day of January, 1918. Section 58 of Part III. The day for holding the poll under Part IV of said Act within Canada for all electoral districts to which Section 7 of Part IV thereof applies was the same as that for holding the poll (except in the Yukon Territory) under Part III thereof. The day for holding the poll within Canada Under Part IV of said Act for the election of a member to represent the Yukon Territory is not specifically denominated by said Act but I have assumed it to have been the intention of Parliament that in the case of a general election, in which case only does Part IV of said Act at all apply, (see Section 1) polling ought to, as it could, proceed for all electoral districts, including the Yukon Territory, on one and the same day. Accordingly polls under that part were organized and held throughout Canada for all electoral districts, including the Yukon Territory on the one and the same day, being the ordinary day of polling under Part III of said Act—the 17th day of December, 1917. The days for holding the poll without Canada under Part IV of said Act in all electoral districts to which the Act applies are denoted by Section 8 of said Part IV and no exception or distinction is made as affecting the Yukon Territory. These days, constituting a voting period, conclude on "the day for holding the poll within Canada" and that day is the one which is, pursuant to Section 7 of Part IV of said Act, the 28th after the "one and the same day" whereon candidates are nominated for all electoral districts except the Yukon Territory. The Act provides no special machinery for operating a deferred election. The Yukon Territory is not specifically or at all excepted from the application of any of the provisions of Part IV. Section 16 of Part IV authorizes polling in special cases therein identified at any time after issue of the writ of election.

- 4. Polling under Parts III and IV of said Act proceeded within Canada for all electoral districts including the Yukon Territory on the 17th day of December, 1917, and, under Part IV, Section 16 of said Act polling proceeded within Canada on various days from the 23rd of November, 1917, to the 17th of December inclusively. Polling under Part IV of said Act proceeded without Canada for all electoral districts, including the Yukon Territory, from the 1st to the 17th day of December, 1917, inclusively.
- 5. On the 5th day of January, 1918, the Clerk of the Crown in Chancery for Canada published in the Canada Gazette pursuant to Section 12 subsection (5) of Part IV of said Act official recognition of the Candidate Alfred Thompson by the Government Party, and of the Candidate Frederick Tennyson Congdon by the Opposition Party, and previously notified by telegraphic cable the Assistant Clerk of the Crown in Chancery of Canada at London, England, and myself as General Returning Officer for Canada, of such official recognitions.
- 6. On the 7th and 16th days of February, 1918, I was, on behalf of the candidate Frederick Tennyson Congdon, served with the notices herewith produced and marked respectively "A" and "B" with my initials.
- 7. The contentions of said candidate having been by me notified to the Governor General in Council said Order in Council P. C. 477 of the 26th day of February was on that day made.
- 8. On the 28th day of February, 1918, said candidate demanded a recount of the votes polled under Part III of said Act, which recount being held before Territorial Judge Macauley the count of 776 votes polled for said candidate under said Part III and of 666 votes polled for his opponent Alfred Thompson under said Part III, as made by the returning officer, on addition of such votes pursuant to Section 183, was confirmed. Herewith produced and marked "C" with my initials is the report of said Judge as to such recount proceedings and their result.
- 9. On the 6th day of March, 1918, I received from said Candidate Frederick Tennyson Congdon the telegram herewith produced and marked "D" with my initials, which telegram I answered in the terms of the copy of such answer which is herewith produced and marked "E" with my initials.
- 10. The Special Returning Officers and their Clerks at Paris, France, London, England, and Ottawa, Canada, have respectively complied with the provisions of Section 12, subsection (4) Part IV of the Dominion Elections Act but I have not declared any candidate to have been elected to represent said electoral district of the Yukon Territory. Produced herewith and marked respectively "F," "G" and "H" with my initials are the official statements received by me pursuant to Section 12, subsections (4) and (9) of said Part IV of said Dominion Elections Act.
- 11. The result of the polling under Parts III and IV of the Dominion Elections Act for a member to serve in the House of Commons for the Electoral District of the Yukon Territory is as follows:

	es polled for Congdon.	Votes polled for Thompson.
(a) Under Part III of the Act	. 776	666
(b) Under Part IV of the Act within North America	a 4	37
Within the United Kingdom	. 18	171
On the Continent of Europe	. 10	85
Totals of Votes Polled	. 808	959

- 12. Said Candidate Frederick Tennyson Congdon caused to be instituted at London, England, recount proceedings under Section 15 of Part III of the Dominion Elections Act which have terminated, as I am unofficially advised, in the confirmation of the statements of polling made by the Special Returning Officers and the Clerks at Paris and London respectively. Said advice proceeded to me direct from the Assistant Clerk of the Crown in Chancery for Canada at London and he informs me that official notification will follow forthwith. The same should proceed from the High Commissioner of Canada. Section 15 subsection (4) of Dominion Elections Act. For the purposes of this return, however, in accordance with my understanding of the directions of said Order in Council P.C. 477 of 26th February, 1918, I disregard all purported recount proceedings and return to the Clerk of the Crown in Chancery for Canada the result of the polling as disclosed by the certificate of the returning officer and the several statements of the special returning officers and their clerks as made pursuant to Part IV Section 12 subsections (4) and (9) of the Dominion Elections Act.
- 13. On the 30th day of March, 1918, I received by mail from said Candidate Frederick Tennyson Congdon the letter, copy of telegram, notarial certificate and copy of order for recount within the Yukon Territory under Part III of the Dominion Elections Act which documents are herewith produced and marked respectively "I," "J," "K" and "L" with my initials.
- 14. I further produce herewith and mark as hereunder noted, with my initials, the following other documents received from the returning officer: "M," The Writ of Election; "N," the nomination paper of Candidate Congdon; "O," the nomination paper of Candidate Thompson; "P," the returning officer's oath of office, the commission and oath of office of the election clerk and oaths of messengers; "Q," the returning officer's recapitulation sheet of the polling under Part III of the Dominion Elections Act; "R," the returning officer's receipt for ballot boxes; "S," the printer's affidavit under said Part III; "T," the report of the returning officer under said Part III.

Dated at Ottawa this 2nd day of April, 1918.

WILLIAM F. O'CONNOR, General Returning Officer for Canada.

- By this mail I am sending you two sacks registered,— (a) Sack No. 1 containing the stamp furnished to the Returning Officer, and returns of Deputy Returning Officers, the return for each polling division being in a
- (b) Sack No. 2 containing surplus ballots and stationery. different envelope;

W. F. O'Connor, Esq., K.C., Ottawa.

Polling Division No. 9-A, Mayo.

The communication between Dawson and this place is by stage or dog team. The usual time to make the trip is from 5 to 7 days. Your telegram of 25th January, 1918, containing the instructions with regard to Section 62, did not reach me in time to permit me to notify the Enumerator of the Mayo District of its contents before election day, 28th January, 1918. That Enumerator apparently thought that Section 62 applied to the Yukon. Two persons voted at the said poll on certificates furnished by the Enumerator, obviously under the provisions of Section 62. Two persons are entered on the poll book as having voted under such certificates. The number of ballots in the box coincides with the number of persons in the poll book. The votes of these two persons were thus counted with the other votes by the Deputy Returning Officer and by the Judge in the recount.

Polling Division No. 7-A, Upper Dominion.

The Deputy Returning Officer did not fill in the oath of office in the poll book.

Polling Division No. 1, Forty Mile.

One ballot was enclosed in an envelope, which was marked "challenged." This ballot was apparently put in the envelope under the misapprehension that Section 62 applied to the Yukon.

A number was put on the envelope. The number is the number that is opposite the name of the voter on the voters' list, and immediately after this voter's name on the voters' list is written the word "challenged." This voter was on the certified voters' list as compiled by the Enumerator, and was not placed there under an Enumerator's certificate issued under Section 62. This ballot was not counted by the Deputy Returning Officer, nor by the Judge and the Recount. The envelope was not opened by the Judge.

Polling Division No. 9-B, Minto Bridge.

This polling division is about the same distance from Dawson as No. 9-A, Mayo. It was thus impossible to communicate to the Enumerator before election day the instructions contained in your telegram, 25th January, 1918. The instructions contained in that telegram were that Section 62, subsections 1, 2 and 3 did not apply to the Yukon. Two voters whose names were on the certified voters' list as compiled by the Enumerator, and whose names were not so placed there by certificates issued by the Enumerator under Section 62, were challenged apparently under the provisions of subsection 4 of Section 62. Their ballots were placed in envelopes, which were marked "challenged." On each of these envelopes was written a number. The number in each case was the same number that was written opposite the name on the voters' list. Immediately after each of the said two names was written on the voters' list the word "challenged."

These ballots were not counted by either the Deputy Returning Officer or by the Judge on the recount. The envelopes were not opened by the Judge.

Subject to the above, the duties of the Enumerators and Deputy Returning Officers were well discharged by these officials respectively.

BALLOTS.

I received from the King's Printer 6,500 blank ballots. Of these 6,400 were printed. The remaining 100 were mutilated either in transit from Ottawa or in the printing and binding.

RECOUNT.

The recount made no change in the counting of votes made by the Deputy Returning Officers respectively. The only change in the recount was that some ballots that were in envelopes marked "rejected" were considered as having been spoiled ballots instead of rejected ballots. The judge making the recount ruled that he had no authority to open the above envelopes referred to in the report on P.D. No. 1, Forty Mile, and P.D. No. 9-B, Minto Bridge, as marked "challenged", and containing one and two votes respectively.

I have the honour to be, Sir Your obedient servant,

J. C. PHILIP
Returning Officer for Yukon.

MR. SPEAKER: "This motion is made under Rule 39, and I shall take the liberty of adding that fact to the motion. Under Rule 39, subsection 4, it is my duty to determine as to whether, in the first instance, a motion so proposed is in order. It does seem to me that in view of all the circumstances the motion of the Hon. Member is peculiarly within the meaning and scope of this rule and, in my judgment, it is in order. Having so ruled, my responsibility ends. There is a further question as to the propriety, or perhaps I had better say the desirability, of discussing a matter of such grave importance. That is for the House, and I shall submit the question to the House as to whether it is their wish that the hon. gentleman should proceed."

MR. SPEAKER:— "In view of the extremely severe financial pressure due to the present war, I have thought it proper to endeavour to effect such economies in connection with the management of the business of the House as may be secured without injuriously affecting the prompt and satisfactory conduct of its business. To this end I appointed a Committee of three of the senior officers of the House to look into the question of the Parliamentary printing. This Committee has made a report recommending that the Votes and Proceedings and the Journals should be consolidated. I beg to suggest, therefore, that the House appoint a small committee of three experienced Members to consider whether this proposal should be adopted. It is not proposed to make any change this Session, but during the coming recess to work out the details of the scheme, and begin the new arrangement next Session. P.C. 919.

AT THE GOVERNMENT HOUSE AT OTTAWA.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

Whereas there is an immediate and urgent need of reinforcements for the Canadian Expeditionary Force and the necessity for these reinforcements admits of no delay;

And Whereas it is deemed essential that notwithstanding exemptions heretofore granted a substantial number of men should be withdrawn forthwith from civil life for the purpose of serving in a military capacity;

And Whereas, having regard to the number of men immediately required and to the urgency of the demand, time does not permit of examination by exemption tribunals of the value in civil life, or the position, of the individuals called up for duty;

Therefore His Excellency the Governor General in Council, on the recommendation of the Right Honourable the Prime Minister, and under and in virtue of the powers conferred on the Governor in Council by The War Measures Act, 1914, and otherwise, is pleased to make the following regulations which shall come into force as soon as approved by resolution of both Houses of Parliament, and the same are hereby made and enacted accordingly:—

- 2. Class 1 under the Act shall, in addition to the men included therein as in the said Act mentioned, include all men who,—
 - (a) Are British subjects; and
 - (b) Are not within the classes of persons described in the exceptions mentioned in the schedule to the Act; and

- 4. The words "In any theatre of actual war" in the fifth exception in the schedule to the Act shall not include the high seas or Great Britain or Ireland and the said exception shall be interpreted accordingly.

- 5. The Governor in Council may direct orders to report for duty to issue to men in any class under the Act of any named age or ages or who were born in named years or any named year or part of a year and any exemption theretofore granted to any man of any such named age or year of birth shall cease from and after noon of the day upon which he is ordered so to report and no claim for exemption by or in respect of any man shall be entertained or considered after the issue to him of such order, provided, however, that the Minister may grant leave of absence without pay to any man by reason of the death, disablement or service of other members of the same family while on active service in any theatre of actual war.
- 6. The age stated in any claim for exemption made by or on behalf of any man or in any other document signed by the man shall be conclusive evidence as against him of his age and year of birth.

- 8. - Mr. Molloy moved in amendment thereto,—That all the words after "That" be struck out and the following substituted therefor:—
- "the House regrets that the proposed Order in Council departs entirely from the principle of the Order in Council of December 3, 1917, allowing the exemption of those whose services are 'essential for promoting agricultural production;'
- "And the House therefore declares that the proposed Order in Council should be amended so that it shall provide for the exemption of those who are now actually and effectively engaged, and so urgently needed in the production of foodstuffs upon the farms of Canada."

And the question being put on the amendment; it was negatived, on the following division:—

of ways and means necessary to further increase the production of these fibres and to generally lend such co-operation as may be required to permanently establish the industry in this country on a stable basis, to the end that its full economic value in its many and varied uses, may as far as possible be conserved within the Dominion."

VOTES AND PROCEEDINGS

OF THE

HOUSE OF COMMONS

OTTAWA, TUESDAY, 7TH MAY, 1918.

Eleven O'clock, A.M.

PRAYERS.

Mr. Mowat, from the Select Standing Committee on Standing Orders, presented the First Report of the said Committee, which is as follows:—

In accordance with the provisions of Rule 96, Section 2, Your Committee have had under consideration the Petition of the Protective Association of Canada for an Act to increase their corporate powers, also the Eighth Report of the Examiner of Petitions for Private Bills thereon, that the provisions of Section (B), Subsection 2 of Rule 91 which requires that, in cases of this kind, the Notice shall also be published at the place where the Head Office of the Company is situated, has not been complied with.

Your Committee find that the powers asked for by the Petitioners are of such a nature as will affect the interests of the shareholders only, and as satisfactory documentary evidence has been submitted proving that the shareholders are fully aware that this legislation is being asked for, and have in fact formally authorized the application therefor, and as the Notice of application has since been published in the local newspapers for a period of at least one week, Your Committee feel that the object of the Rule has been fully attained, they therefore recommend that the Notices as published be deemed sufficient.

Owing to the late period of the session Your Committee further recommend that the time required under Rule 103 for posting the Bill be reduced from one week to three days.

On motion of Mr. Mowat, the said Report was concurred in.

The Clerk laid on the Table the following Private Bill:-

NOTICES OF MOTIONS.

Mr. Murphy -On Wednesday next-Inquiry of Ministry-Referring to the

following item in John Bull, of March 2, 1918:-

"There is serious discontent among the Quartermaster ranks in the Canadian Army Medical Corps. A number of the men who have been in the Army since war broke out are still Honourary Lieutenants-whereas fresh men from Canada, who have never seen Service, arrive with the rank of Honourary Captain or Honourary Major. This is grossly unfair, and we are taking the matter up with Ottawa."

1. Have any representations been made to the Government regarding the alleged

discontent in the Canadian Army Medical Corps?

2. If so, what action has been taken in the matter?

3. Has the Government received any other complaint regarding the Overseas Medical Service?

Mr. Boyce-On Wednesday next-Inquiry of Ministry-1. What are the names of the parties who have Connaught Rifle Range rented for pasturing cattle?

Mr. Brouillard-On Wednesday next-Inquiry of Ministry-1. Was a letter written by H. H. Stevens, Esq., M.P. for Vancouver Centre, to Hon. N. W. Rowell in the following terms:-

House of Commons,

OTTAWA, April 23, 1918.

Hon. N. W. Rowell, President of the Privy Council, Ottawa, Ont.

DEAR MR. ROWELL,-Referring to the attached questions and answers in the Hansard of March 20th, you will observe that Colonel Labatt is in receipt of a total disability pension and also is in receipt of a salary of \$5,000 a year as a

member of the Pensions Board.

I cannot conceive that such a condition should be allowed to exist with the knowledge of the Government and I feel that it is but necessary to bring it to your attention to have it remedied. I am writing you as Chairman of the Pensions Committee of the House of Commons, and I not only ask that that case be considered and rectified, but that the Pensions Committee should recommend such amendments to the regulations as would prevent the occurrence of any such cases as this. Briefly, I may state that in my view, either Colonel Labatt is in

receipt of his pension by virtue of misrepresentations or undue favour through powerful influences, as it is clear that he is not suffering from Total Disability at all and if the Pensions Board is to be swayed by influences from the outside in the granting of pensions, I warn you as a prominent member of the Cabinet, that it will result in destroying your influence as a Government because such injustice will not be tolerated by the people.

I prefer to place this before you in this way rather than take it up on the floor of the House and cause undue embarrassment. I think, as a final word, I would point out that Colonel Labatt is reported to be both brother-in-law to the

Minister of Railways and Canals and the Minister of Militia.

I am.

Yours very truly.

(Sgd.) H. H. STEVENS. Member for Vancouver Centre.

2. Was receipt of the said letter acknowledged by the Minister's Assistant Private Secretary in the terms following:-

OTTAWA, April 26, 1918.

DEAR MR. STEVENS,-Mr. Rowell is in receipt of your letter of the 23rd of

April in regard to the question of Pensions.

As Mr. Rowell is working now every day on the Pensions Committee this matter is receiving careful consideration. He has had your letter with him in the Committee, and I am writing you merely to acknowledge it.

Yours very truly.

Assistant Private Secretary.

H. H. STEVENS, Esq., M.P., House of Commons. Ottawa.

3. Do the above quoted letters form part of the printed record of the proceedings

now in progress before the Pensions Committee of the House of Commons?

4. Have the statements contained in Mr. Steven's letter been inquired into, and will the Committee make an interim report thereon prior to the conclusion of its labours?

Mr. Stevens-On Wednesday next-Inquiry of Ministry-Referring to a Return of this House dated Thursday, April 11, 1918, and now known as Sessional Papers No. 89, and referring to the Staff, etc., of Military Hospitals in British Columbia;

1. Has the attention of the Government been drawn to a public statement by Commanding Officer Major Harvey, in the Vancouver World, May 3, 1918, in which he

charges that said return is in error?

2. In the said return it is stated, that only 50 of the staff have seen active service. In Major Harvey's statement he declares that all the male members of the staff, excepting thirty-five have been overseas. Which statement is correct?

3. In the return the number of men under care of Military Hospitals is given as 1,080 on March 22nd. In Major Harvey's statement he declares that on that date there were 1,323 patients in care of the Military Hospitals. Which statement is correct?

4. In the return a statement is made that the sum of \$21,527.68 was spent in

1917-18 for publicity. Is the Government continuing this expenditure?

5. Has the Government taken any steps to re-organize this work in order to minimize the costs, especially in regard to overhead charges occasioned by duplication? Mr. Archambault*—On Wednesday next—Inquiry of Ministry—1. Who are the members of the Government who will go to London this spring to take part in the Conference with the Imperial Authorities?

2. When will this trip be made?

3. What are the reasons for this trip?

2. If so, what are his duties?

3. What is his salary?

Resolutions to be reported.	

Report to be received and Committee of Supply to sit again at the next sitting of the House.

TUESDAY, 21st May, 1918.

By unanimous consent of the House, Mr. Maclean (Halifax) moved, That the House do return to Presenting Reports by Standing and Select Committees, under Routine Proceedings; which was agreed to. Mr. Rowell then presented the following Report:-

The Special Committee, appointed to consider and report upon the Pension Board, the Pension Regulations, and the sufficiency or otherwise of the relief afforded thereunder, the Pension lists in force in Canada for disabled and other soldiers and the dependents of those killed while on active service, and any other matters relating thereto or connected therewith, presented their Third and Final Report, which is as follows :-

1. That the recommendations herein contained apply only to members of the Canadian Expeditionary Force and the members of the Canadian Naval Force, who are hereinafter described as "members" or "member"; and that the word "pension" herein used includes, where necessary, the words "allowance" and "gratuity".

2. That the Board of Pension Commissioners be considered and developed as a

civil, rather than as a military, organization.

3. That the Commissioners should devote the whole of their time to the performance of their duties.

4. That the approval of the Commission to the award of any pension be evidenced by the personal signature of at least one of the Commissioners.

5. That the members should promptly be notified by the Commission of their deci-

sion.

6. That as far as possible the examining medical boards should be composed of a civilian physician or surgeon of wide experience, an overseas member with actual experience of war conditions and cases, and an experienced representative of the Canadian

Army Medical Corps.

7. That it should be impressed, by those in authority, upon the examining medical boards, before whom members appear for examination for the determination of disability, that the relationship between them is that of doctor and patient; that every facility should be granted a member to give an account of the facts of his condition from his point of view; and that the pension forms now in use should be altered to make provision for a record of such statement being taken and forwarded to the Commission for consideration; that such statement, after being read over to the member, as well as a statement as to the number of doctors who were present and made the examination, should be signed by him.

8. That the system formerly in vogue be restored, whereby the examining medical boards reported to the Commission their estimate of the percentage of disability as based upon the disability table of the Commission; and in the event of the estimate of the medical officers of the Commission differing more than ten per cent from the estimate of the examining boards, that the examining boards be advised of such difference and requested to furnish reason to the Commission for their conclusion. To prevent misunderstanding, care should be taken by the examining boards to refrain from giving the members any information regarding the percentage of disability as estimated

by them.

9. That no deduction should be made from the pension of any member who has served in a theatre of actual war, other than the United Kingdom. On account of any disability or disabling condition existing prior to enlistment, provided that the preenlistment disability or disabling condition had not been wilfully concealed by the said member, or was not obviously apparent in said member at the time of enlistment.

10. That pensions should be awarded for disability in accordance with the rank or acting rank of the member at the time the disability was incurred; that no variation in rank after such disability is incurred should affect any pension. The word "disability" as used in this paragraph means such a disability as unfits a member for service in a theatre of actual war, other than the United Kingdom; and that any award heretofore made should be reviewed and determined for the purpose of future payments in accordance with the provisions herein mentioned.

11. That pensions should be discontinued upon the re-enlistment of a pensioner as a member in the Expeditionary or Naval Forces; and that his case upon re-discharge should be considered anew as if his services had been continuous from his first enlistment: provided, however, that after discharge no pension shall be awarded in respect

of any disability incurred while the member was in civil life.

12. That if a medical board, consisting of a physician or a surgeon appointed by the Commission, a physician or surgeon appointed by the member, and, if these two do not agree, a third physician or surgeon appointed by them, is of opinion that the member should undergo medical or surgical treatment in a sanatarium, hospital, convalescent home, or otherwise, for any purpose, for the period during which the said board is of opinion that such treatment is necessary and in his interest, and the said member refuses to abide by such decision, the pension awarded, or to be awarded, may be reduced by not more than fifty per cent; that if the member is unable or neglects or refuses to appoint a physician or surgeon, the Commission shall make the appointment; and, that the reasonable expenses of said board should be paid by the Commission.

13. That whenever a pensioner is required to be medically re-examined he shall be entitled to be paid a reasonable amount for travelling expenses and subsistence or

loss of wages.

14. That the Commission should have discretion to refuse to award a pension whenever a member has been dismissed from the service, or has been discharged dishonourably or for bad conduct.

15. That pensioners above the rank of lieutenant and who are totally helpless may, in the discretion of the Commission, be awarded a total sum by way of pension and allowance not in excess of that which a totally disabled and helpless lieutenant might

be awarded.

16. That in the discretion of the Commission, a pensioner need not be paid any instalment of his pension which has remained unclaimed by or for him for more than six years from the date such instalment became due; and the balance of any pension payable to or for a deceased person should not be deemed to be part of the assets of the estate of such deceased person, but may be paid to the widow, children, or dependents of such deceased person as the Commission may direct. The Commission should have authority to apply such money, or a portion thereof, toward the payment of the expenses of the deceased pensioner's last sickness and burial.

17. That a woman who has been divorced or legally separated from a deceased member, and who at the time of her divorce or separation was granted alimony or any alimentary allowance, should be entitled to the same recognition for pension as his widow would have received, but in no case should a pension be awarded to her in excess of the amount of alimony or alimentary allowance which was awarded her.

18. That when a member is married, and his wife does not live with him and is not maintained by him, the additional pension for a married member may, in the discretion of the Commission, be refused, or if awarded may be paid to the member's, wife.

19. That when a member has no wife, but is wholly or to a material extent maintaining one or both of his parents, an amount equivalent to an additional pension for a married member may be paid to him.

20. That the Commission should be given authority to refuse a pension to the widow of a deceased member who has been separated from him, and was not supported

by him for a reasonable time prior to enlistment and during his service.

21. That the Commission should have power to suspend or cancel the pension of any female pensioner who is a common prostitute, or who openly lives with any man

as his wife without being married to him.

22. That the Commission may, in its discretion, award a pension, not in excess of the rate for an orphan child, to any child of a member who is not being maintained by and does not form part of the family cared for by the widow, divorced wife, unmarried wife, or parent of the member. Any such award shall be subject to review at any time, and the pension may be continued at the rate provided for children who are not orphans.

- 23. That no allowance should be paid to or in respect of a child who, if a boy, is over the age of sixteen years, or if a girl, is over the age of seventeen years, except when such child and those responsible for its maintenance are without resources and the child is unable, owing to physical or mental infirmity, to provide for its maintenance, in which case the allowance may be continued until such child has attained the age of twenty-one years.
- 24. That the pension to any parent, or person in the place of a parent, should be subject to revision from time to time, and should be awarded in amounts necessary to provide maintenance for such parent or person; but in no case should such pension exceed the amount of pension provided for parents in schedules "C" and "D" of the present Pension Regulations.
- 25. That the regulations now in force with regard to the awarding of pensions to dependents should be amended so as to provide that a parent, or a person in the place of a parent, who was not wholly or materially maintained by a member at the time of his death, and who at a subsequent time becomes dependent, may be awarded a pension provided he or she is incapacitated, either mentally or physically, from earning a livelihood, and if in the opinion of the Commission the member would wholly or to a material extent have maintained such parent or person had the member not died.
- 26. That a dependent should not be entitled to an allowance when the widow or any children of the member are alive and entitled to a pension or allowance; provided that when the widow of a member is not alive, or is not entitled to a pension, and his children have been living with and have been in the care of a dependent, and such dependent has been acting in the place of a parent with respect to such children, such dependent should be entitled to an allowance. So long as the relationship between such children and dependent continues the dependent's allowance should be paid, and the children should only be entitled to the allowance prescribed for children who are not motherless.
- 27. That the Commission should be given discretion to apportion a pension between several applicants of the same relationship to the deceased member.
- 28. The Committee further considered the question of the pension granted to Colonel R. H. Labatt, member of the Board of Pension Commissioners, the letter of Mr. H. H. Stevens, M.P., dated April 23rd, 1918, to the Chairman of the Committee, and the letter of Colonel Labatt, dated May 8th, 1918, to the Chairman of the Committee; and after hearing all evidence submitted, the Committee reports as follows:—
- (1) The Persion and Claims Board, who had charge of pensions prior to the formation of the Board of Pension Commissioners, adopted the principle that the disability of a pensioner was to be estimated by the extent to which his capacity had been lessened for earning a livelihood in the general labour market. This principle was accepted by the Parliamentary Committee and the House of 1916, and has been followed by the Board of Pension Commissioners ever since it was organized.
- (2) Pursuant to the policy laid down by the Parliamentary Committee of 1916, it was provided in the Order in Council of June 30th, 1916, constituting the Pension Board, that:—
 - "No deduction shall be made from the amount awarded to any pensioner owing to his having undertaken work or having perfected himself in some form of industry."
- (3) As pensions were awarded as of the date of discharge, it was the settled practice of the Pension Board to award pensions according to the rank held by the pensioner at the date of his discharge from the C.E.F.

(4) Colonel Labatt received his rank of temporary colonel in July, 1916, when taking command of the training camp at Niagara, and was appointed a member of the Pension Board in October, 1916, when he was seconded from the C.E.F. for duty without pay.

(5) He was discharged from the C. E. F. in October, 1917, and upon examination by the medical board in that month was found to be suffering from valvular disease of the heart, it being estimated that it was a case of full disability, and he was thereupon awarded a full pension for a period of six months, from October 16, 1917.

(6) On March 27, 1918, Colonel Labatt was again examined by a further medical board, who found that he was suffering from 100 per cent disability, and thereafter his pension was made permanent.

The Committee finds on the evidence:-

(a) That Colonel Labatt is suffering from valvular disease of the heart, and that he is totally disabled within the meaning of the pension regulations, and that he was not suffering from this disability at the date of enlistment.

(b) That Colonel Labatt was not granted a pension by misrepresentation or by

any influence, direct or indirect, on the part of any member of the Government.

(c) That Colonel Labatt gave able advice and assistance in the organization and development of the Pension Branch of the Public Service, and was in the performance

of his duty most efficient, to the full measure of his strength.

(d) That the growing number of pensioners and pension claimants and the increasing work and responsibility of the Pension Board, demand the whole time and energy of men full of physical vigour, and that the Committee is of the opinion that Col. Labatt's resignation contained in his letter to the Chairman of the Committee should be accepted by the Government.

29. That a Committee should be appointed as early as possible next session to give further consideration to such problems as may arise, and to prepare and submit to the

House for consideration an Act dealing with pensions for members.

30. Your Committee also begs to commend to the consideration of the Government those several recommendations of your Committee's report which affect rates of pen-

sions, pension allowances, and other expenditures of public money.

31. Your Committee further recommends that its reports, its proceedings and evidences submitted herewith, together with a suitable index to be prepared by the clerk of the Committee be printed forthwith for distribution, and also printed in the Appendix to the Journals of 1918, and that rule 74, in relation thereto, be suspended.

All of which is respectfully submitted.

N. W. ROWELL, Chairman.

(For Minutes of Proceedings and Evidence accompanying this Report, see Appendix to Journals No. 2).

On motion of Mr. Rowell, the said Report, together with the proceedings and evidence appended thereto, was ordered to be printed forthwith, and that Rule 74 be suspended in relation thereto.

By unanimous consent of the House,

(In the Committee.)

The following Resolution was adopted:-

Resolution to be reported.

The said Resolution was reported, read the second time and concurred in.

Mr. Maclean (Halifax) then presented a Bill No. 110, An Act respecting aged and infirm members of the Public Service, which was read the first time and ordered for a second reading at the next sitting of the House.

Speaker.

Mr. Currie presented the following Report:-

The Special Committee appointed to consider and report upon the question of consolidating the Votes and Proceedings and the Journals of the House of Commons beg to report that they have not had time to give full consideration to the matter. They beg to recommend, therefore, that the details connected with the work of such consolidation be worked out during the recess by the Chief Clerk of Journals, Votes and Proceedings and Orders, and that a special committee be appointed at the beginning of next Session to fully consider the matter.

Mr. Mowat, from the Select Standing Committee on Standing Orders, presented

the Second Report of the said Committee, which is as follows:-

Your Committee has had under consideration the Petition of William Louis Scott and others for an Act of incorporation under the name of the British Canadian Insurance Company—in Bill B2 of the Senate named United Canadian Insurance Company—and also the report, dated 18th May, 1918, of the Examiner of Petitions for Private Bills thereon, stating that the notice of application had only been published for three consecutive weeks in the Canada Gazette instead of five consecutive weeks as required by Rule 91.

As your Committee has informed itself on the matter and had explanations made and is of opinion that no interests, either public or private, will be prejudicially affected by the shortage of notice in this case, it recommends that the notice, as

published, be deemed sufficient.

On motion of Mr. Mowat the said Report was concurred in.

On motion of Mr. Clements, for Mr. Stevens, the Bill No. 107 (Letter E2 of the Senate), intituled: "An Act to incorporate the United Canadian Insurance Company," was placed on the Order Paper amongst Private Bills for a second reading this day.

On motion of Mr. Steele, it was ordered, That a Message be sent to the Senate to return to that House the evidence, etc., taken before the Standing Committee on Divorce, to whom were referred the Petitions on which the following Bills were founded:—

Bill No. 101 (Letter Z of the Senate), intituled: "An Act for the relief of Lillie Mabel Billing."

Bill No. 102 (Letter A2 of the Senate), intituled: "An Act for the relief of Emily Kathleen Cockrane Lackey."

Bill No. 103 (Letter B2 of the Senate), intituled: "An Act for the relief of Alfred Frank Scott."

Bill No. 104 (Letter C2 of the Senate), intituled: "An Act for the relief of Alonzo Jesse Chapman."

Bill No. 105 (Letter D2 of the Senate), intituled: "An Act for the relief of Margaret Bell Charlesworth."

On motion of Mr. Steele, it was ordered, That in accordance with the recommendation contained in the Eighth Report of the Select Standing Committee on Miscellaneous Private Bills, the additional charge paid on Bill No. 103 (Letter B2 of the Senate), intituled: "An Act for the relief of Alfred Frank Scott," be refunded.

The Order being read for the consideration of the Third Report of the Select Standing Committee on Privileges and Elections;

Mr. Guthrie moved, That the said Report be concurred in.

Mr. Devlin moved in amendment thereto,-That all the words after "That" to

the end of the question be struck out and the following substituted therefor:-

HOUSE OF COMMONS

OTTAWA, THURSDAY, 23RD MAY, 1918.

Eleven o'Clock, A.M.

PRAYERS.

Mr. Clark (Bruce), for Mr. Currie, from the Joint Committee of both Houses on the Printing of Parliament, presented the Second Report of the said Committee, which is as follows:—

The Committee desire to commend to the consideration of the Government the matters referred to in the following resolution adopted by the Committee:

Resolved, That in the opinion of this Committee, the building now occupied by

the Printing Bureau contains ample space for the work to be done;

That the policy of the King's Printer should not be to extend the premises, but to make a better selection in the character of the plant, by discarding obsolete machinery and replacing it by more up-to-date machines better suited for the character of work;

That the system of carrying a large amount of standing matter should be done

away with as far as possible, to save space and expense;

That a system of pension if necessary, to old employees whose services may warrant such action, should be adopted and the staff thereby reduced in number, which in the opinion of this Committee, would not interfere with, but would add to the efficiency of the plant.

In recommending the renewal of the plant it is the opinion of the Committee that fewer and more up-to-date machines would increase the product and reduce the number of men required for the operation of the plant, making a saving in the amount of wages paid.

 - "The Committee also recommend that thirty-five hundred copies of the Monthly Statement of Imports and Exports of the Dominion of Canada, compiled at the Customs Department from official returns, commencing on 1st July, 1900, be printed and distributed as requested by Customs Department."
- 4. The Committee has had submitted to it by the Right Honourable Sir George Foster, Chairman of the Advisory Committee of Council on Governmental Printing, Report No. 17 of the Editorial Committee. This report states that the Editorial Committee has given careful consideration to the question of grades and weights of the paper stock used in Parliamentary and Governmental printing, the object being to effect economy without impairing the durability or appearance of any blue-book or report. The paper used for ordinary departmental reports, the Official Debates and Routine Proceedings of both Houses, etc., is known as "Printing No. 1, Machine Finish." Of this grade the total quantity consumed last year was 1,511,254 pounds, the greater portion of which weighed 60 pounds per ream. Of No. 1 Book, Supercalendared, mostly used for the Year Book, and also weighing 60 pounds to the ream, there were used 531,658 pounds. After taking the advice of experts the Editorial Committee recommends a reduction in the weight of papers to be used for Parliamentary and Governmental reports and documents, and for the Year Book (Printing No. 1 and No. 1 Supercalendared), of ten pounds to the ream, in which recommendation the sub-Committee of Council concurs. An economy in expenditure of \$20,000 on the ordinary report paper, and of \$8,000 on the No. 1 Supercalendared will result, the Editorial Committee states, if Parliament approves of the suggested changes.

The Joint Committee on Printing recommends the adoption of the report of the Editorial Committee, to take effect after the present stock of paper of the two grades named has been used. It may be mentioned that the Joint Committee on Printing of the Congress of the United States has just taken action on similar lines as recommended above. The Committee would urge, in the words of the Editorial Committee,

that all departments of the Public Service co-operate with the King's Printer and regulate their paper needs by a determination to use the lightest weight and lowest grade paper possible, in the execution of the public printing of the Dominion.

5. The Committee recommend that in the event of there being no further meetings of the Committee, the Joint Chairmen be authorized to decide as to the printing or otherwise of any documnts that may be submitted to either House, and generally act until the end of the Session in all matters that come properly within the cognizance of the Committee.

MAY IT PLEASE YOUR EXCELLENCY:

The Commons of Canada have voted certain Supplies required to enable the Government to defray the expenses of the Public Service.

In the name of the Commons, I present to Your Excellency the following Bill:-"An Act for granting to His Majesty certain sums of money for the public service of the financial years ending respectively the 31st March, 1918, and the 31st March, 1919."

To which Bill I humbly request Your Excellency's assent.

To this Bill the Clerk of the Senate, by command of His Excellency the Governor General, did thereupon say:-

"In His Majesty's name, His Excellency the Governor General thanks His Loyal

Subjects, accepts their benevolence, and assents to this Bill."

After which His Excellency the Governor General was pleased to close the First Session of the Thirteenth Parliament of the Dominion of Canada, with the following Speech :-

Honourable Gentlemen of the Senate:

Gentlemen of the House of Commons:

In releasing you from further attendance at the present session, I am mindful of the diligence with which you have discharged the important duties devolving upon

you in these critical days.

A new campaign in the war having opened since you entered upon your labours, the enemy, now freed from threatened attack in the East, has struck with the force of vastly augmented numbers on the Western Front for the primary purpose of destroying the British armies and with the ultimate object of gaining a decision before reinforcements can arrive. In the face of tremendous odds the soldiers of our Empire gallantly supported by our Allies, have withstood this assault with a courage and tenacity which command our admiration and gratitude. It is anticipated that the attack will be renewed in still greater force and intensity during the coming summer

Portions of the Canadian forces, already engaged in meeting this attack, have rendered distinguished service.

The readjustments which you have authorized in the military service law will provide the reinforcements and reserves so urgently needed to support and maintain all arms of the service at full strength, without unduly interfering with the demands

of essential production.

Meanwhile arrangements for a national registration are being advanced, in order that the human power of the Dominion, especially such as is ineligible for military service, may be more effectively organized to maintain the productive capacity of the country which is exceeded in importance only by our military needs. For the like purpose, action has been taken as a war measure to enjoin and enforce upon all persons the duty of active employment in useful work. The assistance you have rendered towards the encouragement and co-ordination of the Provincial Labour Bureaux will assist materially in solving the important problems of employment and distribution of labour.

Measures you have adopted for increasing the revenues by further and wider taxation will doubtless result in a more equitable distribution of financial burdens among the people.

You have given your assent to enactments respecting the Public Service which will unquestionably promote its efficiency both at the seat of government and through-

out the Dominion.

In creating the Department of Immigration and Colonization and the Department of Soldiers Civil Re-establishment, you have provided the means for coping effectively with vital problems which will inevitably arise during and after demobiliza-

The extension of the franchise to women will notably broaden the basis and strengthen the stability of government; and we may justly anticipate that it will exercise an important and wholesome influence upon many vital social problems confronting the nation.

The Daylight Saving Act has already justified the expectation you entertained of its attendant benefits.

The trade of the country has maintained its already remarkable development, and my advisers anticipate that necessary financial arrangements to facilitate the continued exportation of surplus products will be consummated at an early date.

Gentlemen of the House of Commons:

I thank you in His Majesty's name for the liberal provision you have made for the needs of the Public Service and for the prosecution of the war.

Honourable Gentlemen of the Senate:

Gentlemen of the House of Commons:

The sinister purpose of the enemy has been still more clearly revealed by recent events and especially by the military domination which he has founded upon his success in the Eastern Theatre. The unmistakable menace to our national liberties and safety, thus disclosed and emphasized, cannot fail to strengthen the resolution of our people, who abide the issue with unshaken faith in their high cause, consecrated by the sacrifice of those who have died that freedom, faith and justice may endure. I pray that their strength may be sustained by Almighty God.

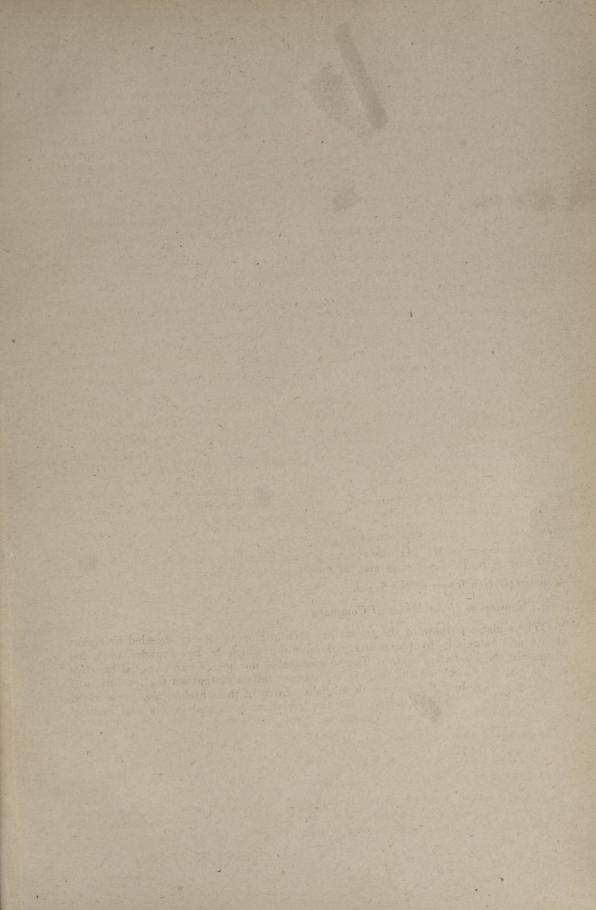

THE SPEAKER of the Senate then said:

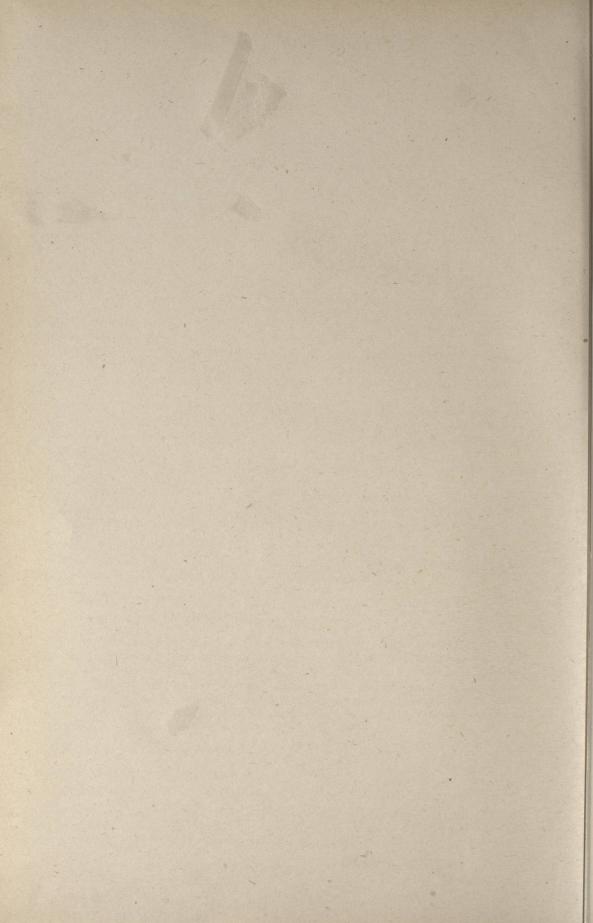

Honourable Gentlemen of the Senate:

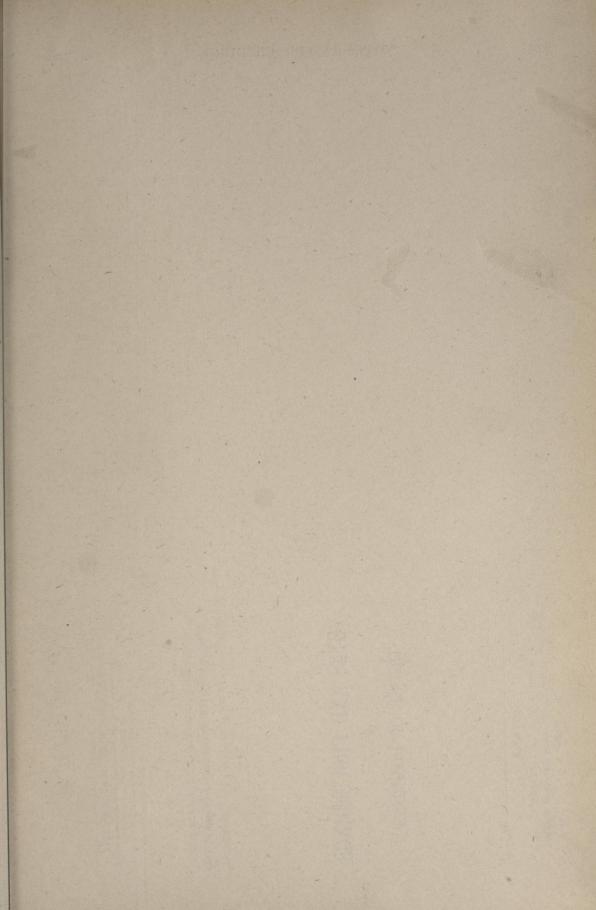

Gentlemen of the House of Commons:

It is HIS EXCELLENCY THE GOVERNOR GENERAL'S will and pleasure, that this Parliament be prorogued until Thursday, the 4th day of July next, to be here holden, and this Parliament is accordingly prorogued until Thursday, the 4th day of July next.

EDGAR N. RHODES.
