# INTRODUCTORY.

---

**PHYSICIANS** and Scientists, Chemists and Bacteriologists have for years been applying themselves to the task of discovering something to relieve and cure that most distressing and torturing group of Diseases,—Rheumatism, Sciatica, Lumbago, Gout and Neuralgia. Their investigations have not been altogether in vain, for to-day we have as the product of patient, scientific research and experiment, a remedy which is positively *guaranteed to relieve and cure* these Diseases,—**MILBURN'S RHEUMATIC PILLS.**

They come to the relief of twisted muscles, swollen limbs and distorted joints. They make the pains and aches vanish, unloose the stiffened joints and give back the use of helpless limbs.

Your past experience with Rheumatic Cures may not have been satisfactory, and has nothing to do with Milburn's Rheumatic Pills, as they act on an entirely different principle from any Rheumatic Cure ever presented to the public. We make no statements regarding the merits of this remedy which cannot be borne out by experience, and the testimony of reputable persons which we print in this book, we ask you to consider carefully,

Write these parties, ask them if their cure was not genuine, find out all you can about Milburn's Rheumatic Pills, and we are confident you will come to the conclusion that they are the one remedy for Rheumatism and kindred diseases.

**GUARANTEE.**—In order that sufferers may have an opportunity of testing for themselves the remarkable curative properties of Milburn's Rheumatic Pills, we authorize all druggists to sell the first box, *and the first one only*, on the understanding and with the guarantee, that if the person for whom it was intended takes the remedy according to directions and *derives no benefit whatsoever* from its use, they may return the empty box and wrapper to the druggist from whom they made the purchase and have their money refunded. This gives sufferers an opportunity of testing Milburn's Rheumatic Pills without the slightest risk of loss, and ascertaining if they are likely to prove of benefit in their special case.

# THE WHY AND WHEREFORE.

Before you buy a remedy you want to know something of what it proposes to do—some explanation of how it is going to act.

**MILBURN'S RHEUMATIC PILLS** are composed of Tonic, Alterative, Diuretic and Laxative ingredients, combined and blended with Specific Anti-Rheumatic Medicines.

Their method of acting, therefore, is to dissolve and neutralize the Uric Acid which is circulating in the blood, and becoming deposited in the joints and muscles; to allay the inflammation of the membranes and tissues affected; and to set the kidneys and bowels acting, so that this poisonous acid may be rapidly and thoroughly eliminated from the system, and at the same time, the blood is being enriched and purified, and the general health and strength, which have been wasting away under the baneful influence of these diseases, is being built up and restored, and the system so fortified that they will have difficulty in again finding a lodgment.

Remember, Milburn's Rheumatic Pills are a Constitutional Remedy in the broadest sense of the term, and cure Rheumatism and allied complaints by **clearing away all the poisonous accretions from the system, allaying inflammation, enriching the blood and building up the health.** They do not act as if by magic,—they do not eradicate diseases of long standing in an hour; but, as dose after dose of the remedy is taken, improvement is evident, the disease gradually subsides, until not a vestige remains and you rejoice in emancipation from suffering.

## **ACUTE AND CHRONIC RHEUMATISM.**

This northern climate, with its extremes of heat and cold, with its rainy spring and fall season, coupled with the fact that the occupations of most of its inhabitants cause them to be exposed to the inclemency of the weather, renders it a fit breeding ground for that most agonizing of diseases—Rheumatism. Sometimes, however, persistent dyspepsia, excessive indulgence in intoxicants, or any condition that interferes with kidney action, brings on an attack.

The suffering endured by some of those afflicted, beggars description. The joints become swollen, red and inflamed, the slightest movement produces the most intense pain; when the acute stage passes off there is left behind stiffened, distorted, painful joints—a life-long heritage of suffering.

The usual mode of treatment is to apply liniments, embrocations, or fomentations to the painful part. These, no doubt, give some relief, but seldom have they been known to produce a cure, alone and unaided.

Rheumatism, whether in the acute or chronic stage, is a constitutional disease, and requires such a remedy as MILBURN'S RHEUMATIC PILLS, which go right through the system, neutralize and destroy the rheumatic poisons, and clear them out by way of the bladder and bowels.

The effect of the pills is soon evident, the pain becomes less acute, the swelling subsides, the joints become more limber, to get up and sit down is easier, sleep is obtained, and work that could not be attempted can now be performed with ease.

If you've suffered for years and tried all sorts of remedies, and obtained but little relief, these statements may seem to you incredible. All we ask you to do is read the testimonials published, and you will be convinced that MILBURN'S RHEUMATIC PILLS can and will do all that is claimed for them.

---

## **SCIATICA.**

The Sciatic Nerve is about the size of the little finger, and is the largest nerve trunk in the body. It and its branches are distributed along the back part of the leg right down to the foot; hence, when there is anything wrong with the nerve the pain is felt from the hip to the toes.

Having a clear idea of this nerve, we can readily understand how the suffering is so intense when it is diseased.

The old method of treating Sciatica by searing the leg with a red hot iron was cruel and barbarous, and worse than the disease itself, yet ineffectual in producing a cure.

The modern mode of treatment by MILBURN'S RHEUMATIC PILLS is thoroughly rational, simple and always effectual. They act on the inflamed nerve tissue with a soothing and quieting influence, remove the source of irritation and soon give much desired relief.

In no instance where the directions have been followed do we know of a failure, and their reliability and efficacy are attested by the many sciatic sufferers whom they have cured, and who are only too glad to tell others how they were freed from pain.

---

## **GOUT.**

Although this disease is not so prevalent here as in the older lands, still, during the last few years, it has been considerably on the increase. Over-eating and indulgence in alcoholic beverages, especially beer, dyspepsia, and hereditary predisposition, all tend to produce it. But the direct and immediate cause of the attack is an excess of Uric Acid circulating in the blood, which becomes deposited in the form of Urate of Soda in the joints, more particularly the first joint of the great toe. Then the agonizing pain starts, the joints become swollen, hot and shiny, and the suffering is almost beyond endurance. When this attack passes off, that is not the end of it. Unless you begin treatment with MILBURN'S RHEUMATIC PILLS another attack follows, and so on till the joints become deformed.

If you have the least symptom or indication of Gout, we would advise you to begin a course of Milburn's Rheumatic Pills at once, and thus ward off an attack. If you have had one attack, get the system thoroughly under the influence of this remedy, so that you may prevent a repetition of this terrible disease.

Don't be a life-long invalid. You can rid yourself of this disease if you will. MILBURN'S RHEUMATIC PILLS will not only take away every trace of the Gout from your system—if used in the early stages—but will cure the Dyspepsia which accompanies it, and give you renewed health and vigor.

The famous Sydenham once said that "More wise men than fools were the victims of Gout." Still, wise men, no more than fools, care to suffer. Your wisdom should indicate to you that the reasonable and reliable remedy is MILBURN'S RHEUMATIC PILLS, and that they are worthy of a trial.

---

## **LUNBAGO.**

This is practically a rheumatism of the muscles of the loins. It comes on as the result of cold or exposure, sitting in a draught, or becoming chilled after heavy exertion. In many cases the attack is so severe that the person may be unable to turn in bed or rise from the sitting posture. Any attempt at movement produces the most excruciating pain, and the poor victim is utterly powerless to help himself.

The relief brought by MILBURN'S RHEUMATIC PILLS to such sufferers is most welcome. They make the pain subside and take out the stiffness and soreness. They unlimber the bent back so that walking erect causes no ache, and no twinge passes through the small of the back when arising or sitting down. They put you in such condition that your usual occupation may soon again be pursued without inconvenience or discomfort. The blood-building, blood-purifying, strength-giving ingredients of MILBURN'S RHEUMATIC PILLS, build up your health and make you fit for any duty; while the specific ingredients take away every trace of the painful disease.

## **NEURALGIA.**

There is no one whose life seems less worth living than the victim of Neuralgia. Exposure to cold, lowered vitality, or even slight excitement often is sufficient to precipitate an attack.

The pain is of the most lancinating and persistent character, and while it lasts there is no thought of food or sleep. Thus the person rapidly loses strength and looks careworn and haggard.

There have been hundreds of remedies suggested for this disease, but many, if not all, have failed to do more than give temporary relief.

MILBURN'S RHEUMATIC PILLS not only give relief, but they do more. They act on the disordered nervous system, promoting its nutrition, and causing a healthy action of the nerve trunks and filaments; they build up the health, remove all morbid elements from the blood,—that irritate the nerves and cause pain, and thus, getting at the source of the disease, they eradicate it completely from the system.

## JOINTS SWOLLEN. PAIN INTENSE.

---

A severe case of SCIATICA AND INFLAMMATORY RHEUMATISM promptly cured by Milburn's Rheumatic Pills, after various remedies and physicians failed.

TORONTO, Nov. 1st, 1897.

Messrs. T. MILBURN & CO., Toronto.

Dear Sirs,—In justice to you and the public, I wish to make known the benefits I received from your now well-known remedy—I refer to Milburn's Rheumatic Pills. In April of the present year I was afflicted with Sciatica and Inflammatory Rheumatism in its worst forms, and for three months I was confined to my room; my joints were all swollen, and the pain I suffered was most intense. I tried remedies of different kinds recommended to me, but none of them gave relief. My husband called in the services of a physician, who prescribed for me, but the remedies were far from effective. I had almost given up all hope of a permanent cure when I was persuaded to try MILBURN'S RHEUMATIC PILLS. I did so, but with very little faith in their efficacy. However, I acted according to directions, and the result is most gratifying to me. I started to take the pills on the twentieth of July, and had not quite finished one box when I felt relief, and the swelling of my joints disappeared. I have taken in all five boxes of the above pills, and desire to thank God that, through the efficacy of this most valuable remedy, I am entirely free from Rheumatism and have the use of my limbs. I have recommended your remedy to others afflicted as I was, and can safely do so knowing its curative powers in my own case. You may use this testimonial if you so desire for the benefit of others. Milburn's Rheumatic Pills will always have a place in my home."

Yours respectfully,

MRS. WM. J. WADSWORTH,

82 Hoskin Avenue, Toronto Junction, Ontario.

### ALL THE INGREDIENTS FOCUSSED ON ONE SET OF DISEASES.

---

**I**T has long since been the practice to advertise a remedy to cure all the ills to which man is subject. Such claims are as unscientific as they are untrue, and a moment's reflection will convince you this is so. We desire to repeat and impress on you the fact that MILBURN'S RHEUMATIC PILLS are not a "cure-all," but a specific for these diseases of the Rheumatic group,—Rheumatism, Sciatica, Lumbago, Gout and Neuralgia. It is because of their ingredients being potent and concentrated medicines, combined with a view to curing these diseases,—and these diseases alone, that they have met with such wonderful success.

MILBURN'S RHEUMATIC PILLS are 50 cents a box, or 3 boxes for \$1.25, at all drug stores. If your druggist does not keep them, and will not get them for you, don't squander your money on substitutes—write to us direct, enclosing price, and we will send you the Pills by return mail, post paid:
